Students' Society

"On behalf of graduate students at the University of Victoria: thank you! Your contributions give the ability to many students to be able to focus on their education and research, without many of the financial burdens that are associated with a graduate degree. With your generous donation you are transforming minds and skills in significant ways. Thank you for your support."

"On behalf of the University of Victoria Students' Society, I would like to thank you for your kind donations. With education costs continuing to rise, your generous support allows students to have access to University that they would not have otherwise."
