

NOWCAM 2000 — Program
Western Washington University, June 2-3, 2000

FRIDAY, 2 June

11:45-12:00 Opening remarks

12:00-01:25 Paper Session I: Memory I (Haggard Hall 353)

12:00 - 12:20 Anna-Lisa Cohen, Roger A. Dixon, D. Stephen Lindsay, & Michael E. Masson: *Prospective memory and aging: The effect of perceptual salience*

12:20 - 12:40 Christian C. Ruff, Todd S. Woodward, & Peter Graf: *Prospective memory in schizophrenia: An exploratory neurocognitive analysis*

12:40 - 01:00 J. Newman, R. Izvorski, K. Ozawa, H. Neville, & M. T. Ullman: *Neural localization of syntactic and semantic processing using event-related fMRI*

01:00 - 01:20 Cindy M. Bukach, Michael Masson, D. Stephen Lindsay, & Daniel Bub: *Category-specific effects: Interaction of form and meaning in normal episodic recall*

01:25-01:45 Coffee, Tea, etc.

01:45-03:05 Paper Session II: Memory II (Haggard Hall 353)

01:45 - 02:05 John B. Bulevich, Ayanna K. Thomas, & Elizabeth F. Loftus: *I kissed a frog: Effect of elaborated imagination on memory for usual and unusual actions*

02:05 - 02:25 Daniel Bernstein: *Dissociating illusions of knowing from illusions of familiarity*

02:25 - 02:45 Vincenza Gruppuso & D. Stephen Lindsay: *I'd know that face anywhere!*

02:45 - 03:05 Michelle Arnold & D. Stephen Lindsay: *Remembering remembering*

03:05-03:30 Coffee, Tea, etc.

03:30-05:00 Keynote Address, Jonathan Schooler (U Pittsburgh): *Meta-consciousness* (Haggard Hall 353)

05:30-07:00 Dinner at various restaurants (downtown)

07:30-10:00 Reception (Ira Hyman's residence)

SATURDAY, 3 June

09:30-10:50 Paper Session III: Perception, Priming, and Representation (Haggard Hall 353)

09:30 - 09:50 Erin Harley: *A universal contrast effect in information-acquisition tasks*

09:50 - 10:10 Glen E. Bodner & Michael E. J. Masson: *Masked priming reveals an unconsciously adaptive reading system*

10:10 - 10:30 An T. Tran & Miriam Bassok: *Adding planes, trains, & automobiles: Taxonomic priming of addition facts*

10:30 - 10:50 Katja Borchert & Miriam Bassok: *Two sides of the same coin: Linking procedural and representational knowledge in algebra*

10:50-11:20 Coffee etc.

11:20-12:00 Paper Session IV: Implicit Cognition (Haggard Hall 353)

11:20 - 11:40 Eric Elhmann: *Everybody hates somebody: Skin color based prejudice among*

Hispanics

11:40 - 12:00 Lora Park: *Implicit associations and women's commitment to math, science, and engineering*

12:00-02:00 Lunch (provided by NOWCAM) **and Poster Session** (Science Lecture Hall Lobby)

(9:00 - 12:00 Poster set up in Science Lecture Hall/Science Complex Lobby)

1. Cory Van Alstine & Bob Uttl: *Only geniuses will volunteer for psychology studies in 2050*
2. Christopher Heaps & Jenna Verby: *Mechanisms underlying the imagination inflation effect*
3. Mark Rempel and D. Stephen Lindsay: *Effects of trial-by-trial feedback on cued-recall*
4. Lani Ignacio & Catherine Crain-Thoreson: *The influence of assessment expectation on students' reading comprehension strategies*
5. Jason Groepper, Betsy Kluh, David Baggenstos & Scott Ottaway: *Direct and indirect measures of snake phobias*
6. David Baggenstos, Scott Ottaway, Saera Khan, Phil Gerrity, Paul Michael Herman, Tyler Bain, Heather Thornton, & David Stewart: *Implicit racism: Two new measures of affective and trait attitudes*
7. Michael Berg, Eric Uhlmann, & Nilanjana Dasgupta: *Implicit attitudes toward lesbians and gay men and its relationship to perceivers' sexual identity*
8. Rachel Murray, George Cvetkovich & Sarah Tragresser: *Effects of new information on trust in food suppliers*
9. Lyle Leritz and Scott Ottaway: *Non-analytical category learning*
10. Benjamin Egbers, Shannon Wilhelm, Jennifer Loren, Meghan Pierce, Christina Byrne, & Ira Hyman: *Comparisons of memories for traumatic and positive experiences*
11. Eylul Wintermeyer: *Subliminal priming and the misinformation effect*

02:00-03:20 Paper Session V: Suggestibility and False Memories (Haggard Hall 353)

02:00 - 02:40 Jason Chun-Kit Chan: *Fact or fiction: Effects of thematic similarity of misleading postevent information on eyewitness suggestibility*

02:20 - 02:40 Kimberley Wade & Maryanne Garry: *Could it be that a picture is truly worth a thousand words?*

02:40 - 03:00 Heather R. Collins, Jacqueline E. Pickrell, & Elizabeth F. Loftus: *Consequences of implanted memories: Possible differences between real and created childhood events*

03:00 - 03:20 Jacqueline E. Pickrell, Sarah Leigh Martin, & Elizabeth F. Loftus: *Childhood memories: An advertiser's playground*

03:20-03:50 Coffee, tea, etc.

03:50-04:30 Session Discussion Activities

05:30 Dinner (various restaurants)
