PROJECT SUPERHERO

WRITTEN BY E. PAUL ZEHR ILLUSTRATED BY KRIS PEARN

* "The most important thing I could learn from Nicole is how to be prepared. Being in space means having to think of EVERYTHING in advance. There's no way to change what you brought with you or what's on the space station once you're up there. Prepare for the hardest and hope for the best!" – Jessie *

* Join 13-year-old Jessie as she keeps a diary of her class's yearlong research project on superheroes, which culminates in the Superhero Slam: a head-to-head debate battle! *

* PROJECT SUPERHERO combines science facts, lively illustrations, and comic book trivia with actual correspondence from superhumans including Nicole Stott, NASA astronaut who spent more than three months on the International Space Station and has been in space six times. *

PROJECT SUPERHERO is available in bookstores everywhere.
