## RM 3-PA: Physical Activity Inventory

This Physical Activity Inventory is intended to assist students in identifying activities that they would like to include in their physical activity practicum. Students may choose physical activities based on the type of activity, the health-related fitness component(s) to which the activity contributes, the level of risk involved in the activity, or a combination of these factors.

A Physical Activity Safety Checklist is available for each of the activities listed. These checklists contain information about managing risk, under the following risk factors:

- level of instruction
- level of supervision
- facilities/environment
- equipment
- clothing/footwear
- personal and other considerations

## Reference

For copies of the Physical Activity Safety Checklists, refer to the following resource:
Manitoba Education, Citizenship and Youth. OUT-of-Class Safety Handbook: A Resource for Grades 9 to 12 Physical Education/Health Education. Winnipeg, MB: Manitoba Education, Citizenship and Youth, 2008. Available online at <www.edu.gov.mb.ca/k12/cur/physhlth/curriculum.html>.

## Codes for Physical Activity Inventory

The following codes are used in the Physical Activity Inventory.

| Code for Risk Factor Rating (RFR) |  |
| :---: | :--- |
| RFR | Level of safety concerns; recommended <br> instruction and supervision. |
| 1 | There are few safety concerns for this physical <br> activity; little or no qualified instruction or adult <br> supervision is required. |
| 2 | There are some safety concerns for this physical <br> activity; quality instruction is recommended, and little <br> or no adult supervision is required. |
| 3 | There are several safety concerns for this physical <br> activity; qualified instruction is required, and adult <br> supervision is recommended. |
| 4 | There is a high level of safety concern for this physical <br> activity; qualified instruction and adult supervision are <br> required. |

| Code for Health-Related Fitness Component |  |
| :---: | :--- |
| $\checkmark$ | Indicates that the activity contributes to the specific health-related fitness component. |
