The University of Victoria operates under the authority of the University Act (RSBC 1996 c. 468) which provides for a Convocation, Board of Governors, Senate and Faculties. The University Act describes the powers and responsibilities of those bodies, as well as the duties of the officers of the University. Copies of this Act are held in the University Library.

The official academic year begins on May 1. Changes in Calendar regulations take effect May 1, September 1, and January 1 of each academic year unless otherwise approved by the Senate. Nevertheless, the University reserves the right to revise or cancel at any time any rule or regulation published in this Calendar or its supplements. The Calendar is published three times per year in the spring (effective May 1), summer (effective September 1) and winter (effective January 1) by the Office of the Registrar, Student Affairs, under authority granted by the Senate of the University.

Welcome to UVic!

The University of Victoria is a great place for learning. It’s not surprising that Maclean’s magazine consistently ranks UVic as one of the top comprehensive universities in Canada. With over 20,000 students, UVic combines the best features of both small and large universities.

If you are a new student, you probably have a lot of questions about student life at UVic. Here are some answers to get you started.

**How Do I Apply for Admission?**

The easiest way to apply is through our website at <www.uvic.ca/apply>. You can link to other information you’ll need, like program requirements, deadlines, course descriptions and all the other services at UVic. If you don’t have internet access, please contact Undergraduate Admissions.

Keep in mind that as well as completing an application form and paying application fees, you’ll have to provide your marks and/or official transcripts from secondary school and any post-secondary institutions you’ve attended. See “Undergraduate Admission” (page 29) for further details.

**How Do I Choose What to Study?**

Your choice of courses will depend on your academic goal. Most programs at UVic lead to a degree, but there are also many diploma and certificate programs. You’ll find a list of these in “Programs Offered” (page 28).

If you’re planning to begin a degree at UVic, you’ll first have to qualify for admission to a faculty or school offering that degree; these include the Peter B. Gustavson School of Business, the faculties of Education, Engineering, Fine Arts, Human and Social Development, Humanities, Law, Science, Social Sciences and Graduate Studies. You’ll find a list of the degrees offered in “Programs Offered” (page 28). See specific minimum admission requirements in “Undergraduate Admission” (page 29).

In most faculties, you will also enter a department. Departments specialize in different fields of study. (The Faculty of Science, for example, includes the Departments of Biology and Chemistry, as well as others.) Use the table of contents to locate information about the faculty, school or department you plan to enter. Use the index to find information about a particular field of study (for example, nursing or computer science).

Each faculty and department entry in the Calendar includes information on the degree programs available and their course requirements. To learn more about particular courses, check the individual course descriptions in the Courses section of the Calendar.

**Where Can I Get Advice About My Studies?**

If you are still trying to settle on your academic goal or decide what you want to do after university, UVic Counselling Services can help. Visit their website at <www.uvic.ca/services/counselling/> to get an idea of the services available, or drop by their office in the University Centre, room B270.

For help with choosing a program of studies, contact the advising service in the faculty or program you’re planning to enter. Academic advisers are a great resource for students. Advisers can help you plan your program, decide which courses to take and find out which courses you can transfer to UVic. Advising services for each faculty and program are listed at <www.uvic.ca/current-students/home/academic-advising/index.php>.

**How Do I Register for Courses?**

Once you have received an offer of admission and paid your acceptance deposit, you will register online for courses through “My page” at <www.uvic.ca/mypage>. You can also visit <web.uvic.ca/reg101> for registration tips and tutorials.

**How Much Will It Cost?**

The total cost of your education depends on several factors such as the number of classes you take, your means of transportation and your living arrangements.

For an estimate of typical costs, please visit the “Tuition fee estimator” at <www.uvic.ca/current-students/home/finances/index.php>.

**What Financial Help Can I Get?**

For most students, a university education requires considerable financial planning. The Student Awards and Financial Aid office is the place to get information and advice about funding your studies. Visit their website at <www.uvic.ca/registrarsafa/>.

Here are some of the options worth exploring.

**Student loans:**

The provincial and federal governments offer loans to students who need help funding their education. To qualify for a loan, you must be taking at least 4.5 units of courses each term and show that you need financial assistance. Students with a permanent disability must be taking 3.0 units of courses for credit each term.

**Work study:**

This program provides jobs on campus to students requiring financial assistance.

**Scholarships:**

Scholarships, medals and prizes are awarded to students for excellence in their academic studies. They do not have to be repaid. The scholarships website is <www.uvic.ca/registrarsafa/>.

**Bursaries:**

Bursaries provide assistance to students who need financial help. They do not have to be repaid. There are bursaries for students entering UVic from secondary school or college, and for students who are already attending UVic.

You’ll find complete information on all of these sources of financial help at the Student Awards and Financial Aid website at <www.uvic.ca/registrarsafa/>.

**What Is Co-op Education?**

Co-op education allows students to combine their academic studies with paid work experience related to their field of study. Co-op is one of the best ways of gaining competencies (skills, knowledge and attributes) and experience so that you’re well prepared for the job market after graduation.

UVic’s Co-op Education Program is one of the largest in Canada. Co-op programs are available in all faculties and offer everything from Chemistry to Women’s Studies. Visit the Co-op Programs website at <www.uvic.ca/coopandcareer> for a list of all the Co-op programs at UVic and for information on becoming a Co-op student.

**How Do I Get My Student Card?**

You must wait at least 24 hours after you register, then visit the Photo ID and Information Centre in the University Centre to have your photo taken for your student ID card. For information, go to <www.uvic.ca/photoid>.

**How Do I Find My Way Around Campus?**

UVic’s new Welcome Centre is the best place to get directions, information or take a tour of our stunning campus. Friendly staff and
student guides provide an overview of UVic’s student support services, share their experience and answer your questions about everything "UVic." To find out more about our services and campus visits, please visit <www.uvic.ca/welcome>.

The New Student Orientation Program is another great way to prepare for life at UVic. The program gives you exclusive access to important UVic services before classes begin. Tour the campus, meet friendly people and find out about UVic’s many student services. For more information about the New Student Orientation Program, please visit our website: <www.uvic.ca/orientation>.

During the first week of September, look for the ASK ME sign in the lobby of the University Centre where you can get answers to any questions you have about UVic.

Get a free handbook/calendar from the UVic Students’ Society (UVSS) in the Student Union Building (SUB). The handbook contains a daily planner to help you get organized, a guide to services at UVic and a phone directory.

The UVSS also sponsors Weeks of Welcome (WOW) during September. This is a fun way to make friends, join clubs and find out about services available in the SUB. Find out more about WOW events at <www.uvss.ca> or <web.uvic.ca/gss>.

Good luck with your studies.

And again, welcome to UVic!
# Academic Year Important Dates

In recognition of the fact that the University of Victoria is a diverse community, the Office of Equity and Human Rights has compiled a list of high holy days available at their website. Faculty and staff may wish to refer to this list in responding to requests from members of religious groups for variations in examination schedules due to religious observances.

### February 2018

| 2  Friday Senate meets            |               |
| 6  Tuesday Last day for 50% reduction of tuition fees for standard courses. 100% of tuition fees will be assessed for courses dropped after this date. For non-standard courses see www.uvic.ca/course-registration/add-drop |               |
| 12 Monday Family Day              |               |
| 12-16 Monday-Friday Reading Break for all faculties |               |
| 15 Thursday Faculty of Graduate Studies deadline to apply to graduate for Spring Convocation (students completing in the Spring term only) |               |
| 28 Wednesday Last day for withdrawing from full year and second term courses without penalty of failure |               |

### March 2018

| 2  Friday Senate meets            |               |
| 30 Friday Good Friday             |               |

### April 2018

| 2  Monday Easter Monday           |               |
| 6  Friday Senate meets            |               |
| 9  Monday Examinations begin for all faculties, except Faculty of Human and Social Development |               |
| 24 Tuesday Examinations end for all faculties |               |
|                                   | End of Winter Session |               |

### May 2018

| 4  Friday Senate meets            |               |
| 7  Monday May-August courses begin for all faculties |               |
| 14 Monday May and May-June courses begin |               |
|                                   | Last day for course changes (Faculty of Law only) |               |
| 21 Monday Victoria Day            |               |
|                                   | Last day for graduate students to register in a personal leave in summer |               |
| 24 Thursday Senate Committee on Academic Standards meets to approve Convocation lists |               |
| 31 Thursday Fees deadlines for summer (see “Add and Drop Dates for Standard Summer Courses” on page 73) |               |

### June 2018

| 6  Wednesday May courses end      |               |
| 7  Thursday June courses begin    |               |
| 11-15 Monday-Friday Spring Convocation |               |
| 29 Friday May-June and June courses end |               |

### July 2018

| 1  Sunday Canada Day              |               |
| 2-3 Monday-Tuesday Reading Break May-August sections only |               |
| 4  Wednesday July and July-August courses begin |               |
| 15 Sunday Deadline to apply to graduate for Fall Convocation (all faculties) |               |
| 26 Thursday July courses end      |               |
| 27 Friday August courses begin    |               |
| 27, 30, Friday, Monday Supplemental and deferred examinations for Winter Session 2017-2018 (except for Business courses) |               |
| 31 and Tuesday                    |               |

### August 2018

| 3  Friday May-August classes end for all faculties |               |
| 6  Monday British Columbia Day        |               |
| 7  Tuesday May-August examinations begin for all faculties |               |
| 17 Friday May-August examinations end for all faculties |               |
| 20 Monday July-August and August courses end |               |

### Winter Session - First Term

### September 2018

| 3  Monday Labour Day                |               |
| 4  Tuesday First year registration and opening assembly for Faculty of Law |               |
| 5  Wednesday First term classes begin for all faculties |               |
| 13 Thursday Last day for course changes in Faculty of Law |               |
September 2018
18 Tuesday  Last day for graduate students to register in a personal leave in first term
Last day for 100% reduction of tuition fees for standard first term and full year courses. 50% of tuition fees will be assessed for courses dropped after this date.
21 Friday  Last day for adding courses that begin in the first term.
30 Sunday  Last day for paying first term fees without penalty

October 2018
5 Friday  Senate meets
8 Monday  Thanksgiving Day
9 Tuesday  Last day for 50% reduction of tuition fees for standard courses. 100% of tuition fees will be assessed for courses dropped after this date.
17 Wednesday  Senate Committee on Academic Standards meets to approve Convocation lists
31 Wednesday  Last day for withdrawing from first term courses without penalty of failure

November 2018
2 Friday  Senate meets
11 Sunday  Remembrance Day
12-14 Monday-Wednesday  Reading Break (except Faculty of Law)
13&14 Tuesday and Wednesday  Fall Convocation
15 Thursday  Faculty of Graduate Studies deadline to apply to graduate for Spring Convocation (students completing in the Fall term only)

December 2018
5 Wednesday  Last day of classes in first term except Faculty of Law and Faculty of Human and Social Development National Day of Remembrance and Action on Violence Against Women. Classes and exams cancelled from 11:30 am – 12:30 pm.
6 Thursday  Last day of classes in the first term for Faculty of Law
7 Friday  Senate meets
8 Saturday  First-term examinations begin, except Faculty of Human and Social Development and Faculty of Law
10 Monday  First term examinations begin in the Faculty of Law
15 Saturday  Undergraduate deadline to apply to graduate for Spring Convocation
22 Saturday  First term examinations end for all faculties
25 Tuesday  Christmas Day
26 Wednesday  Boxing Day
25-1 Tuesday-Tuesday  University closed

Winter Session - Second Term
January 2019
1 Tuesday  New Year's Day
7 Monday  Second term classes begin for all faculties
11 Friday  Senate meets
17 Thursday  Last day for course changes for Faculty of Law
20 Sunday  Last day for graduate students to register in a personal leave in second term
Last day for 100% reduction of second term fees for standard courses. 50% of tuition fees will be assessed for courses dropped after this date. For non-standard courses see www.uvic.ca/course-registration/add-drop

February 2019
1 Friday  Senate meets
10 Sunday  Last day for 50% reduction of tuition fees for standard courses. 100% of tuition fees will be assessed for courses dropped after this date. For non-standard courses see www.uvic.ca/course-registration/add-drop
11 Monday  Family Day
11-15 Monday-Friday  Reading Break for all faculties
15 Friday  Faculty of Graduate Studies deadline to apply to graduate for Spring Convocation (students completing in the Spring term only)
28 Thursday  Last day for withdrawing from full year and second term courses without penalty of failure

March 2019
1 Friday  Senate meets

April 2019
5 Friday  Senate meets
Last day of classes in second term except Faculty of Human and Social Development
8 Monday  Examinations begin for all faculties, except Faculty of Human and Social Development
19 Friday  Good Friday
22 Monday  Easter Monday
27 Saturday  Examinations end for all faculties
End of Winter Session

1. Classes are cancelled on all statutory holidays and during reading breaks. Administrative offices and academic departments are closed on statutory holidays. Holidays that fall on a weekend are observed on the next available weekday, normally on a Monday. The UVic Libraries are normally closed on holidays; exceptions are posted in advance.
2. Faculty of Human and Social Development dates to be announced.
3. See also Faculty of Law for more details regarding Summer 2018, and Summers 2018 Important Dates for law courses.
4. For non-standard courses see <www.uvic.ca/current-students/home/course-registration/look-up-courses/index.php>.
Undergraduate Application and Documentation Deadlines

The deadlines below are fixed dates. If a fixed date falls on a holiday, a Saturday or a Sunday, the nearest following day of business will be considered the deadline. The University reserves the right to make changes as necessary.

* These programs require supplemental materials; please contact the faculty/department directly.
Terms Used at UVic

Academic Drop Date:
Last day for dropping courses without penalty of failure.

Associated Section:
See Linked Section. Normally, a laboratory or tutorial that accompanies a lecture. Also called Linked Section.

Auditor:
A student who pays a fee to sit in on a course without the right to participate in any way. Auditors are not entitled to credit.

Award:
See list of definitions under Scholarships and Awards.

CAPP:
(Curriculum Advising and Program Planning) a degree audit which outlines the program requirements needed for degree completion and matches a student's course record against those requirements.

Confirmation of Registration:
A confirmation of registered courses, including courses that are wait-listed, is available via "My page".

Co-operative Education:
A program of education which integrates academic study with work experience.

Corequisite:
A specific course or requirement that must be undertaken prior to or at the same time as a prescribed course, or a course required by a department for a degree program but offered by another department.

Course:
A particular part of a subject, such as English 135.

Department:
In academic regulations, this covers any academic administrative unit, including a department, school, centre or faculty as the context requires.

Discipline:
A subject of study within a department.

Former Student:
A person who has been admitted to the University and has enrolled in at least one credit course, and who is not enrolled in the current session.

Full-Time Student:
An Undergraduate registered in 12 or more units of study in the Winter Session (September to April) or 6 or more units in a single Winter Session term or in the Summer Session (May to August). Registration in a Co-op work term also constitutes full-time attendance. The requirements for full-time studies used for scholarships, bursaries, students loans and external providers may differ from the minimum UVic requirements for a full-time student.

General Program:
A program which requires 9 units at the 300 or 400 level in each of two disciplines.

Grade Point:
A numerical value given to an alphabetical letter grade used in assessment of academic performance.

Graduate Student:
A student who has received a Bachelor's degree or equivalent and who is enrolled in a program leading to a Master's or Doctoral degree.

Honours:
A program which involves a high level of specialization in a discipline and requires 18 or more units in that discipline at the 300 or 400 level.

Letter Grade:
Any of the letters used in the grading system.

Linked Section:
Normally, a laboratory or tutorial that accompanies a lecture. Also called Associated Section.

Lower Level Courses:
Courses numbered from 100 to 299.

Mailing Address:
The one address to which selected communications from the Office of the Registrar (OREG) or other University offices will be sent. This address should be updated by the student through "My page" (Address Change).

Major Program:
A program that involves specialization in a discipline and requires 15 or more units in that discipline at the 300 or 400 level.

Minor Program:
An optional program that allows students to study in an area outside of their Honours, Major or General Program areas; requirements vary and are prescribed by each department.

Mutually Exclusive Courses:
Courses with a different course/number and the same course content. Students will not receive credit for courses identified as mutually exclusive.

“My page”:
Web access to student records online at <www.uvic.ca/mypage>.

NetLink-ID:
A unique personal identifier which is used as your "username" for various services provided by the University of Victoria.

Non-Standard Course Dates:
Fee reduction and drop deadlines are based upon a percentage of the duration of a course. The duration of a course is end date minus start date plus 1 (i.e. the first day counts as 1). A table of non-standard date courses for Winter Session can be found under "Non–Standard Courses". All tuition fee reductions are subject to retention of the acceptance deposit (new students). Please see <finance.uvic.ca/tuition>.

Non-Standard Course Table:
The start and end dates are different than standard course dates for a section offered in the current Winter Session. The fee reduction and academic drop dates are calculated based on this variation of dates. Check <www.uvic.ca/course-registration> or the appropriate registration guide for the "non-standard courses" list.

Online Registration:
Registration via <www.uvic.ca/mypage>.

Online Timetable:
Provides students with current course timetable information via the Web, including current information on open sections and the number of wait-listed students: <www.uvic.ca/timetable>.
Part-Time Student:
An undergraduate student undertaking fewer than 12 units of study in the Winter Session or fewer than 6 units in Summer Session.

Permission:
Registration in some courses requires permission from the Department. Registration is done through the Department. See also: Registration Restriction.

Plagiarism:
A form of cheating by means of the unacknowledged, literal reproduction of ideas and material of other persons in the guise of new and original work.

Prerequisite:
A preliminary requirement which must be met before registration is permitted in a prescribed course.

Primary Section:
Normally a lecture section.

Probation:
An academic standing assigned when minimum GPA requirements are not met and academic conditions apply.

Program:
The courses of study organized to fulfill an academic objective, such as a BSc Major Chemistry program.

Registered Student:
A person enrolled in at least one credit course at this university.

Registration:
The process of formally enrolling in courses.

Registration Restriction:
Registration in a course or section that is limited based on factors such as program, year and degree.

Regular Student:
A student who is registered as a candidate for a University of Victoria degree, or in credit courses leading to a University of Victoria diploma or certificate.

Section:
The division of a course, e.g., Section A01 of History 101.

Session:
The designated period of time during which courses of study are offered (Winter Session, September to April; Summer Session, May to August).

Special Status:
A status assigned to a student who is admitted to register in credit courses but who is not a candidate for a University degree, diploma, or certificate program. This status includes Non-degree, Exploratory, and Visiting (students attending on the basis of a Letter of Permission from another institution).

Standard Course Dates:
The start and end dates correspond to the published first and last day of classes for a section offered in the Winter Session or Summer Session.

Student:
A person who is enrolled in at least one credit course at this University.

Term:
A period of time within an academic session. The Winter Session is divided into two terms: First or Fall, from September through December; Second or Spring, from January through April. The Summer Session is divided into seven terms: May - August; May; May - June; June; July; July - August; August.

Term Grade Point Average
Effective 2016 Winter Session, a term grade point average (GPA) is displayed on the administrative transcript for each term of the Winter Session when all final grades have been received. The term GPA is based on all courses taken or challenged in that term and which have a unit value. The first half of a year-long course and courses bearing the grade COM, INP, N/X, or F/X are excluded from the term GPA calculation. Term GPA is not used in the determination of academic standing and does not appear on the Official Transcript.

Transcript:
A copy of a student’s permanent academic record.

Transfer Credit:
Credit assigned to the academic record for courses successfully completed at another recognized institution.

Unclassified:
Refers to the year in which certain students are registered. Normally applied to non-degree, visiting or diploma students.

Undergraduate Student:
A student registered in an undergraduate faculty or in a program leading to a Bachelor's degree or an undergraduate diploma.

Unit:
Positive numerical value used in assigning the value of a course, such as English 135 (1.5 units). See also: Term.

Upper Level Courses:
Courses numbered from 300-499.

Visiting Status:
A student who is not formally admitted to a UVic degree program but is permitted to enrol in credit courses for a specified period on the basis of a Letter of Permission from another institution.

Year:
The level within a program of study, or the level of the course. For example, First-year student, First-year course (Physics 102).

Year Level Determination:

Special Students are unclassified as to year.
Known for excellence in teaching, research, and service to the community, the University of Victoria serves over 20,000 students. It is favoured by its location on Canada’s spectacular west coast, in the capital of British Columbia.
Information for All Students

Academic Sessions

1. The Winter Session is divided into two terms: the first, September to December; the second, January to April. The period May through August is the Summer Session.
2. Credit courses offered in the Summer Session period (May-August) are listed on the Summer Session website at <www.uvic.ca/summer> in late February. Off-campus courses, courses offered at the Bamfield Marine Sciences Centre and summer travel study programs are also listed on the website. Academic rules and regulations published in the main University Calendar apply to students taking courses in the Summer Session period.

The University reserves the right to cancel courses when enrolment is insufficient.

Calendar Changes

The official academic year begins on May 1. Changes in calendar regulations normally take effect with the beginning of the Summer Session on May 1. Nevertheless, the University reserves the right to revise or cancel at any time any rule or regulation published in the Calendar or its supplements.

The Calendar does not include information on when courses will be offered. Up-to-date timetable information is available from individual department offices and from the Office of the Registrar (OREG) website <www.uvic.ca/timetable>. Amendments to the timetable are incorporated into the Class Schedule Search, which is accessible at the website: <www.uvic.ca/timetable>.

Course Values and Hours

Each course offered for credit has a unit value. A full-year course with three lecture hours per week through the full Winter Session from September to April normally has a value of 3 units. A half-year course with three lecture hours per week from September to December or from January to April normally has a value of 1.5 units. A 3-unit course (3 hours of lectures per week throughout the Winter Session) approximates a 6 semester-hour or a 9 quarter-hour course. A course of 1.5 units approximates a 3 semester-hour or a 4.5 quarter-hour course.

Course Experience Survey (CES)

Towards the end of every course at the University of Victoria, all students will have the opportunity to complete a brief, anonymous, online survey on their experience as a student in the course. The purpose of the CES is to provide feedback to the instructor, the department and the university as a means to improve and sustain the quality of teaching, course design, and program development. The University regards it as a student’s responsibility to provide such feedback in order to support the constant improvement of programs for future students. Instructions to students will be provided for each course to obtain access to the survey via laptop, tablet, or mobile device.

Student Cards

All students require a current University of Victoria Identification Card. The card is the property of the University and must be presented upon request as proof of identity at University functions and activities. The electronic/digital records of the student card may be used for administrative functions of the University, including but not limited to, examinations, instruction, and campus security. Photo ID cards can be obtained, 24 hours following registration, at ONECard, University Centre Lobby.

Limit of the University’s Responsibility

The University of Victoria accepts no responsibility for the interruption or continuance of any class or course of instruction as a result of an act of God, fire, riot, strike or any cause beyond the control of the University of Victoria.

Program Planning

Students are responsible for the completeness and accuracy of their registrations and for determining the requirements of their program at UVic. Please read the Calendar for information about programs and courses. Further information about program regulations or requirements is available from the appropriate faculty advising service or department.

Protection of Privacy and Access to Information

All applicants are advised that both the information they provide and any other information placed into the student record will be protected and used in compliance with the BC Freedom of Information and Protection of Privacy Act (1992). Disclosure of personal information to vendors, systems or services storing or accessing that information outside of Canada without consent is restricted by s. 30.1 of FIPPA.

Instructors may use a variety of educational technology in a course including internet-based technologies, web-based applications, cloud services and social media. The use of technology is intended to enhance and/or deliver students’ education and is part of a student’s engagement at the University. Some of these technologies may collect, use, disclose, and store student and instructor personal information outside of Canada.

In some courses, instructors may require students to use educational technology and social media which stores personal information outside of Canada, in such cases, instructors will try to provide options (such as using an alias or nickname to register).

If students do not want their personal information stored or accessed outside of Canada, in certain rare instances, courses may not be available to them. If the course is required for the completion of a degree, alternatives will be provided.

Notification of Disclosure of Personal Information to Statistics Canada

Statistics Canada is the national statistical agency. As such, Statistics Canada carries out hundreds of surveys each year on a wide range of matters, including education.

It is essential to be able to follow students across time and institutions to understand, for example, the factors affecting enrolment demand at postsecondary institutions. The increased emphasis on accountability for public investment means that it is also important to understand ‘outcomes’. In order to conduct such studies, Statistics Canada asks all colleges and universities to provide data on students and graduates. Institutions collect and provide to Statistics Canada, student identification information (student’s name, student ID number, Social Insurance Number [where on file]); student contact information (address and telephone number); student demographic characteristics; enrolment information, previous education, and labour force activity.

The federal Statistics Act provides the legal authority for Statistics Canada to obtain access to personal information held by educational institutions. The information may be used for statistical purposes only, and the confidentiality provisions of the Statistics Act prevent the information from being released in any way that would identify a student.

Students who do not wish to have their information stored or accessed outside of Canada may request that the information be kept confidential. Please contact the Statistics Canada Data Protection Officer at: 1-800-267-0156.

Students who do not wish to have their personal information stored or accessed outside of Canada, in certain rare instances, can request that the information be kept confidential. They should contact the Statistics Canada Data Protection Officer at: 1-800-267-0156.

To make such a request, please contact us:
The University of Victoria is committed to providing an environment that protects a positive, supportive and safe learning and working environment for all its members. The Policy prohibits discrimination and harassment, including sexual harassment, on grounds protected by the British Columbia Human Rights Code. Prohibited grounds for discrimination are race, colour, ancestry, place of origin, political belief, religion, marital status, family status, physical or mental disability, sex, sexual orientation, gender identity or expression, age, or conviction of a criminal offence when unrelated to employment. The Policy also addresses personal harassment.

The Policy also addresses personal harassment.

It is with the goodwill and collaboration of postsecondary institutions that we will reach our goal of providing reliable postsecondary education information required to plan for our future.

**Schedule of Classes (Timetable)**

The schedule of graduate and undergraduate classes for the Winter Session is available from the Web Time-Table, which is accessible at the website <www.uvic.ca/timetable>.

**University’s Right to Limit Enrolment**

The University reserves the right to limit enrolment and to limit the registration in, or to cancel or revise, any of the courses listed. The curricula may also be changed, as deemed advisable by the Senate of the University.

**General University Policies**

Students should check the Calendar entries of individual faculties for any additional or more specific policies.

**Policy on Human Rights, Equity and Fairness (GV0200)**

The University of Victoria is committed to promoting, providing and protecting a positive, supportive and safe learning and working environment for all its members.

**Discrimination and Harassment Policy (GV0205)**

The University of Victoria is committed to providing an environment that affirms and promotes the dignity of human beings of diverse backgrounds and needs. The Policy prohibits discrimination and harassment and affirms that all members of the University community—its students, faculty, staff, and visitors—have the right to participate equally in activities at the University without fear of discrimination or harassment. Members of the University community are expected to uphold the integrity of the Policy and to invoke its provisions in a responsible manner. All persons within the University who are affected by the Policy, particularly the parties to a complaint, are expected to preserve the degree of confidentiality necessary to ensure the integrity of the Policy, the process described in the Policy, and collegial relations among members of the University community. The Policy is to be interpreted in a way that is consistent with these goals, with the principles of fairness, and with the responsible exercise of academic freedom.

The Policy addresses discrimination, including adverse effect discrimination, and harassment, including sexual harassment, on grounds protected by the British Columbia Human Rights Code. Prohibited grounds for discrimination are race, colour, ancestry, place of origin, political belief, religion, marital status, family status, physical or mental disability, sex, sexual orientation, gender identity or expression, age, or conviction of a criminal offence when unrelated to employment. The Policy also addresses personal harassment.

**Creating a Respectful and Productive Learning Environment**

The University of Victoria is committed to promoting critical academic discourse while providing a respectful and productive learning environment. All members of the university community have the right to experience, and the responsibility to help create, such an environment. In any course, the instructor has the primary responsibility for creating a respectful and productive learning environment in a manner consistent with other university policies and regulations. Instructors or students who have unresolved questions or concerns about a particular learning environment should bring them to the Chair or Director of the unit concerned (or Dean, in the case of undepartmentalized faculties).

Graduate students are encouraged to familiarize themselves with the Responsibility in the Supervisory Relationship Policy available at <https://www.uvic.ca/graduatestudies/research/home/oursupervisor/relationship/>.

**Student Discipline**

A student or former student may be reported to the President for disciplinary action and may be suspended, subject to appeal to the Senate, for misconduct, including but not limited to such matters as a breach of University regulations or policy, for example, Acceptable Use of Electronic Information Resources (Policy IM7200), Discrimination and Harassment Policy (and Associated Procedures) (GV0205), Violence and Threatening Behaviour Policy (SS9105), a breach of a provision in the University Calendar, or a violation of provincial law or a law of Canada. In particular, a student may be reported for unlawfully entering a building or restricted space on University property, providing false information on an application for admission, reregistration, or other University document, submitting a falsified transcript or other document or participating in hazing, which is prohibited by University regulation.

**Academic Services**

**Academic Advising**

Each undergraduate faculty provides academic advising services for students contemplating studies at the undergraduate level. Students are encouraged to read the appropriate Calendar entries for the faculty, department and program they wish to enter in order to determine prerequisites and other program requirements.

Students planning graduate studies at UVic should contact the Graduate Adviser in the department they wish to enter.

**Co-operative Education Program and Career Services**

The Co-operative Education Program and Career Services offers an integrated career-related service to students, employers, faculty and staff.

For Career Services, our mission is to support student success through career development expertise and by facilitating connections among students, alumni, employers and other community members.

**Services Offered**

- individual coaching and group sessions on exploring career options, connecting with career and work opportunities and managing career
transitions are available to all current students, new graduates and alumni
• tips on résumé, CV and cover letter preparation; interviews and work search
• online postings for part-time, summer, career and on-campus opportunities
• career resource library
• career fairs, career forums and employer information sessions
• registration in the casual job registries
• use of computers for work search purposes
Career Services’ information is also displayed on notice boards around campus and on the Career Services’ website.
Campus Services Building
Hours: Mon-Fri 8:30-4:30
Phone: 250-721-8421
Web: <www.uvic.ca/coopandcareer>

ENGLISH AS A SECOND LANGUAGE
The English Language Centre offers a number of programs to assist non-native speakers to improve their English language proficiency and participate in an English-speaking academic setting with confidence. For students planning to continue into Undergraduate credit programs, the ‘ELC-conditional admission’ is available for qualified students. For details, visit https://www.uvic.ca/elc/. Additionally, the Department of Linguistics offers a non-credit course in English for admitted students whose native language is not English. For details, see LING 099 in the course listings of the undergraduate Calendar.

THE LEARNING AND TEACHING CENTRE
The Learning and Teaching Centre’s mission at the University of Victoria is to inspire, support and promote excellence in learning and teaching university-wide in order to enhance the educational experience for everyone. Core activities include academic unit program curriculum design/redesign and learning outcomes development; support for instructors and faculty at all career levels; professional development for TAs and graduate students; innovative instructional methods; advocacy for fair, effective, transparent and developmentally-focused teaching assessment for instructors, and learning assessment for students; and administration of the Jamie Cassels Undergraduate Research Awards (JCURA), the Centre for Academic Communication (which includes the former Writing Centre), the Math and Stats Assistance Centre and a variety of grants for instructional improvement.

Support for student academic success includes:

The Centre for Academic Communication (CAC)
Learning Commons,
McPherson Library
Phone: 250-853-3675
Web: <www.uvic.ca/learningandteaching>

The CAC, formerly the Writing Centre, supports undergraduate and graduate students in developing their academic communication skills. These skills include writing and reading in an academic environment as well as understanding the expectations of academic work and presenting that work verbally or in writing. We provide free programming through one-on-one appointments, workshops, and drop-in zones. Whether you are just getting started or nearly done your assignment, paper, or award application, our staff can provide valuable guidance. We can also provide individual learning consultations to help you maximize your use of CAC supports and services. Please see our website for more information: <www.uvic.ca/learningandteaching/home/home/centre>.

The Mathematics and Statistics Assistance Centres
Whether you are a Math whiz or a student struggling with a required math course for your major, the Mathematics and Statistics Assistance Centres (AC) are available to enhance and support your learning in the mathematical sciences. At the Centres you will find free, high quality, one-on-one drop-in support for all UVic first and second year Mathematics and Statistics courses. Each Centre hosts a team of skilled graduate and undergraduate student tutors ready to help you on a first-come-first-served basis. The Centres (jointly run in partnership with the Department of Math and Stats) currently have two permanent locations on campus: the McPherson Library Learning Commons, Room 129 and in the David Turpin Building, DTB A202. Schedules for each term, along with additional information about the Centres may be found at <www.uvic.ca/science/math-statistics/current-students/undergraduate/msac>.

UVic Libraries
UVic Libraries support teaching, learning and research at the University of Victoria by providing expert and innovative access to the world’s recorded knowledge.

The UVic Libraries website at <www.uvic.ca/library> provides access to print and online resources, including electronic journals, indexes and databases. UVic Libraries’ website also offers a wide range of online user services, such as renewal and recall of items, reference help and interlibrary loans. The website is available at over 200 workstations in the libraries and can be accessed from home and the office 24 hours a day.

Facilities include individual and group study seating for over 1,500 students. Wireless Internet access is available in the Meffs Centre for Learning–McPherson Library, the Priestly Law Library and the Curriculum Library. Facilities are provided for the use of audio-visual, microform and CD-ROM materials, and a Learning Commons includes workstations with word-processing, spreadsheet and presentation software. Friendly and knowledgeable staff are available to assist students and faculty in taking fullest advantage of UVic Libraries’ resources. Individual or group instruction is available upon request. An Infoline Service is available for students enrolled in Distance Education credit courses who are located off campus.

Collectively, UVic Libraries house over 2.1 million print volumes, 1.4 million microform items, 21,000 cartographic items, 137,000 serial subscriptions, 41,000 sound recordings, 33,000 music scores, 11,000 films and videos and 1,600 linear metres of manuscripts and archival material.

Mears Centre for Learning–McPherson Library: Contains all of the library collections (except Law and Curriculum resources), as well as reserve materials, cartographic materials, music and media materials, microforms, Special Collections and the University Archives.

Diana M. Priestly Law Library (Fraser Building): Contains over 170,000 books, journals and federal and provincial parliamentary and legislative materials, and over 250,000 microform items of primary and secondary historical legal materials, as well as access to online database services.

Curriculum Library (Maclaurin Building): Primarily serves the learning, teaching and research needs of Education students. Resources include print materials, media materials, and specialized collections.

University of Victoria Legacy Art Galleries
UVic is home to one of Canada’s largest university art collections, with nearly 20,000 artworks including decorative and applied arts with a European emphasis and Canadian art with a West Coast emphasis. The collections are showcased at the Legacy Art Gallery, located downtown at 630 Yates Street, at the Legacy Maltwood in the Mears Centre for Learning in the McPherson Library, and in a range of locations across campus and in the community. These collections provide a rich resource for teaching and research. Further information on Legacy Art Galleries
and its collections is available online at <legacy.uvic.ca> or from the Legacy Art Gallery at 250-721-6562.

**LEGACY ART GALLERY, DOWNTOWN**

630 Yates Street  
Hours: Wed-Sat 10:00-4:00; Free admission  
Phone: 250-721-6562  
web: <legacy.uvic.ca>  
email: legacy@uvic.ca

Situated off-campus in downtown Victoria, the Legacy offers a welcoming contemporary art gallery. UVic’s galleries include the Legacy Maltwood -McPherson Library (Mearns Centre for Learning) and the Legacy Downtown. Both spaces feature innovative exhibit projects and programming with campus and community partners and often show work from UVic’s permanent collection of over 19,000 objects. Our downtown gallery space was Michael Williams’ gift to the University of Victoria along with an art collection focusing on the Pacific Northwest region. Our staff will give you a warm welcome and introduce you to the current exhibits.

**UNIVERSITY PUBLICATIONS**

**Graduate Student Viewbook**

Provides information about UVic graduate programs offered and the procedures to follow to apply for admission. Available at <www.uvic.ca/assets/documents/pdfs/UVicGraduateViewbook.pdf>.

**Undergraduate Student Viewbook**

Designed for undergraduate students both domestic and international. Provides an overview of UVic, including student profiles, international opportunities, services for students, athletics, recreation and clubs, finances, programs, admission requirements and application procedures.

**Continuing Studies Calendar**

Lists non-degree programs; issued in the fall and spring. Available at <www.continuingstudies.uvic.ca>.

**Indigenous Student Handbook**

Provides an overview of programs and services that may be of particular interest to Indigenous applicants, including student and faculty profiles.

**Distance Learning and Immersion Course Guide for Off Campus Students**

Lists credit and certificate offerings available to off campus students. Available at <www.uvic.ca> under “Academic Calendars”.

**Student Health 101**

A monthly e-magazine, coordinated by Health Services, that covers a variety of topics related to health and wellness. Registered students are alerted by email for access to the monthly issue.

**E-News Bulletin**

A bulletin announcing changes in admission regulations or procedures, new programs and items of general interest. The E-News Bulletin is distributed to Canadian schools and colleges 6 to 8 times a year.

**Pre-professional Guide**

A guide for students who plan to complete some studies at UVic before transferring to another institution in order to complete a professional program such as dentistry, medicine, optometry, etc.

**Malahat Review**

An international quarterly of contemporary poetry, short fiction, creative nonfiction, and reviews, edited by John Barton. For information about contests, submissions, and subscriptions, visit <www.malahatreview.ca>.

**UVIC UNDERGRADUATE CALENDAR JANUARY 2018**

**The Ring**

The Ring is UVic’s community newspaper, distributed on campus eight times each year, free of charge. The Ring website features regular updates at <ring.uvic.ca>.

**The UVic Torch Alumni Magazine**

Published biannually by the Division of External Relations and the UVic Alumni Association, and mailed to alumni free of charge.

**UNIVERSITY SYSTEMS**

University Systems(Systems) provides technology and support for UVic students. Your NetLink ID, created during your application to UVic, is your key to accessing computing services at UVic such as:

- My page: Register for courses <uvic.ca/mypage>
- Email: Your @uvic.ca email account <uvic.ca/email>
- CourseSpaces: Online learning systems <coursespaces.uvic.ca>
- Online Academic Community: Courses, clubs, and other community pages <oac.uvic.ca>
- UVic wireless network: Wireless Internet access <uvic.ca/airnet>
- Computer labs: Windows or Mac workstations <uvic.ca/systems/facilities>

If you have forgotten your NetLink password, you can reset it at <uvic.ca/accounts>.

The Computer Help Desk is your single point of contact for assistance with services offered by University Systems. There are Computer Help Desks located in the Clearihue, Business & Economics, and Human & Social Development buildings equipped with Windows and Mac workstations for student use, pay-for-printing facilities, scanners, photocopiers, and a vast software library to support your coursework. There are also Computer Help Desks in the McPherson Library, the UVic Bookstore, the Technology Solutions Centre in Clearihue C143, and in Clearihue A037. The Help Desk can help you to solve technology problems including issues with UVic services such as your NetLink ID or UVic wireless, software assistance with products such as Microsoft Office, and computer hardware repair such as data recovery or in-warranty repair of Apple products by our Apple-certified technicians. See <uvic.ca/systems> for our Service Catalogue and more information.

**Computer Help Desk**

Phone: 250-721-7687  
Toll free: 1-844-721-7687  
Web: <www.uvic.ca/systems>  
Twitter: @uvichelpdesk

**Student Affairs**

These administrative units of the university help students maintain their physical, social, emotional, spiritual and financial health while they pursue their academic and career goals at UVic.

**ACADEMIC ADVISING CENTRE (FACULTIES OF HUMANITIES, SCIENCE AND SOCIAL SCIENCES)**

University Centre Building A205 Hours: Mon, Wed, 8:30-4:00; Tues, Fri, 8:30-12:00  
Phone: 250-721-7567 ext. 6  
Email: advising@uvic.ca  
Web: <www.uvic.ca/advising>

The Academic Advising Centre provides support for undergraduate students in the Faculties of Humanities, Science and Social Sciences at all stages of their degree.
Frontline advisers can answer many questions about academic programs and procedures - as well as more general enquiries about processes or requirements of the university.

Frontline advising will connect you with an academic adviser or refer you to your academic unit if you require more in-depth assistance. Completed forms can also be dropped off with frontline advising.

Academic advisers can discuss academic plans; review transfer credit and explain how it applies to a chosen degree; help students select courses and plan for degree completion; clarify and interpret university policies and procedures; and provide informed referrals.

Academic advisers also develop programming and provide targeted advising for specific student groups, including:

- Indigenous students
- International students
- Vikes varsity athletes
- UVic students participating in an international exchange

More information and planning resources for students can be found on the Academic Advising Centre website at: <www.uvic.ca/advising>

**Athletics and Recreation**

Centre for Athletics, Recreation and Special Abilities (CARSA)

Phone: 250-472-4000

Vikes Athletics and Recreation provides a comprehensive program of sports and recreation for UVic students.

**Athletics**

The Vikes varsity programs are available to full-time students at UVic. Athletically gifted student-athletes are provided with high-quality coaching and high levels of competition that permit them to pursue athletic excellence while studying at UVic. Sports currently offered for men and women include: basketball, cross country & track, field hockey, golf, rowing, rugby, soccer and swimming. UVic teams participate in U SPORTS nationally, Canada West at the conference level, as Independents in the National Association of Intercollegiate Athletics (NAIA) and in various high-level leagues in southwest British Columbia. Visit <www.govikesgo.com> for details.

**Recreation**

An active, healthy living with the Vikes can be the key to balancing your school workload. Quality and variety of facilities and programs are designed to meet the needs of students throughout the year. Enjoy a vast selection of programs and services, including: a two-floor fitness weight centre, intramural sports leagues, the tallest University climbing center and bouldering wall in Canada, convenient aquatics lessons and programming, a variety of fitness classes including yoga, spin, TRX, martial arts and dance, various sports and recreation clubs and outdoor activity equipment rental through Vikes Outdoors. Visit <www.vikesrec.ca> for more information.

**Vikes Facilities**

Use of CARSA facilities and participation in the programs of Athletics and Recreation is open to students and faculty and staff with a Vikes Recreation membership or by drop-in rates. Visit <www.vikesrec.ca/membership> for more details.

The UVic campus offers several playing fields, including grass, multi-purpose and water-based artificial fields, Centennial Stadium, and miles of jogging trails through the woods and along Cadboro Bay. The Simpson Property and the Elk Lake Rowing Centre are also available.

CARSA, which opened May 2015, offers over 190,000 sq. ft. of floor space and includes a 2,100-seat performance gym, a large multi-purpose fieldhouse, a two-level fitness weight training area, the Peninsula Co-op Climbing Centre, dance space, dedicated TRX and spin studios, yoga studio, squash and racquetball courts, a dedicated rowing ergometer space, a sports therapy clinic and Half Time café, a convenient snack and refreshment facility. CARSA is also home to CanAssist, who are dedicated to helping people with disabilities improve their independence in daily living and their overall quality of life.

The McKinnon Building includes a gymnasium, dance studio, smaller weight-training room, 25-metre L-shaped pool, squash courts, and change room and shower facilities. The Ian H. Stewart Complex includes beach volleyball courts as well as an ice rink.

**Vikes Sports Therapy Clinic**

The Vikes Sports Therapy Clinic is available to students, staff, faculty and community. Physiotherapy treatment is available by appointment Mon-Fri 7:30am-2:30pm. Referrals are not required for treatment, but may be required by extended health care plans for reimbursement of visit charges. Treatments have a fee payable at each visit for all patients. The clinic can be reached by phone at 250-472-4057 or by email at <physio@uvic.ca>. The Clinic has metered parking and a separate entrance in CARSA accessible via Vikes Way off McKenzie Ave.

**Bookstore**

Campus Services Building

Summer hours: (May-August)

Mon-Fri: 8:30-5:00

Saturday: 11:00-5:00

Winter hours: (Sept-April)

Mon-Fri: 8:30-5:30

Saturday: 11:00-5:00

Phone: 250-721-8311

Web: <www.uvicbookstore.ca>

The UVic Bookstore is owned and operated by the University, operates on a break-even basis and provides a variety of items essential to academic success. All course materials requested by faculty are stocked in the store. Textbook listings are available in-store and online, three weeks prior to the beginning of each term. At the beginning and end of each term, the Bookstore buys back used textbooks for up to 50% of the new book retail price if they’re in demand.

The Bookstore’s general book department carries a comprehensive selection of both academic and general titles and can special order any book in print. The Bookstore houses Blink Print, a wide format print shop and has a laser engraver for custom engraving and handles regalia rentals for grads.

The Bookstore offers a wide selection of contemporary UVic crest clothing and giftware, school and stationery supplies and has a unique gift section.

The Computer Store sells computer systems, cables and a large variety of accessories.

**Finnerty Express**

Campus Services Building

Summer hours: (May-August)

Mon-Fri: 7:30am-5:00pm

Saturday: 11:00-5:00

Winter hours: (Sept-April)

Mon-Fri: 7:30am-7:00pm

Saturday: 11:00-5:00

Phone: 250-472-4594

Located on the lower level of the Bookstore, Finnerty’s sells organic, fair-trade coffee and locally baked goods.

**Chapel**

Hours: Mon-Fri 8:00-5:30
Counselling for Personal Concerns

Individual counselling is available to undergraduate and graduate students who find that personal problems are interfering with their quality of life and university performance. If you have any academic or personal concerns, don’t wait until they grow into crises. Please come see us as soon as you are aware of a problem to receive support.

Counselling Services offers individual counselling to help you:

- Improve your well-being
- Develop self-awareness
- Explore your academic and career directions
- Increase your personal and academic resilience
- Overcome problems that are holding you back
- Address mental health concerns (i.e. anxiety, depression)
- Develop better relationships
- Heal from traumatic experiences

Wellness Groups and Workshops

In addition to individual counselling, we offer an extensive range of groups and workshops. Topics and issues covered may include:

- Anxiety
- Assertion/self-esteem
- Depression
- Mindfulness
- Personal Growth
- Relationships
- Religion
- Sleep
- Social confidence
- Stress
- Thesis Completion

See our website for the complete list of current group offerings.

Counselling for Indigenous Students

Individual and group counselling is available for Indigenous students through collaboration with UVic’s Office of Indigenous Affairs and Talking Circles are available through collaboration with Elders Voices (INAF). Support can address a wide variety of issues such as: strengthening and maintenance of Indigenous identity, processing of colonial trauma, navigating the university environment as an Indigenous learner, and regaining balance and harmony in all aspects of life. Indigenous students are welcome to access all services available through Counselling Services, including groups, workshops and Career Exploration counsellors and supports.

Counselling for International Students

Individual and group counselling is available for currently registered UVic international students on a wide variety of issues such as culture adjustment, relationships, communication, navigating the academic system, and managing student/supervisor relationships.

Career Exploration and Planning

Career Counselling can assist students to develop self-awareness and skills for making effective decisions about their academic and career directions. Resources for research, assessment tests, and individual and group career counselling and exploration are all available. Career exploration groups are offered in partnership with Cooperative Education and Career Services.

For specific course advising, students are directed to their faculty’s advising office.

Family Centre

Student Family Housing
39208-2375 Lam Circle
Hours: Please check our website or Facebook page for hours and programs
Web: <web.uvic.ca/family-centre>
Email: familyc@uvic.ca

The Family Centre serves the families of UVic students living on and off campus. Conveniently located in Student Family Housing, the Family Centre co-ordinates family-initiated activities and programs, and offers support to new and experienced families. The Family Centre offers a wide variety of programs that include: morning drop-in programs for the under-fives, after school club for children aged six to twelve, book club, a library, clothing share, community newsletter various workshops as well as monthly community building events. Check our Facebook page for up-to-date info. Facebook.com/UVicFamilyCentre
GENERAL INFORMATION

UNIVERSITY FOOD SERVICES

University Food Services
Carroll Residence Building
Hours: Mon-Fri 8:30-4:30
Phone: 250-472-4777
Web: <uvic.ca/food>

University Food Services provides a wide range of food and beverage services, from full meals to snacks and everything in between, at the following locations:

- Arts Place (Fine Arts Building)
- Village Market (Lower Commons next to Cap’s)
- Village Greens (Lower Commons)
- Cadboro Commons Dining Room (Upper Commons)
- Cap’s Bistro (Lower Commons)
- Cadboro Commons Dining Room (Upper Commons)
- Arts Place (Fine Arts Building)
- Mystic Market (University Centre)
- SciCafé (Ocean, Earth and Atmospheric Science Building)

Following locations:
- Village Greens (Lower Commons)
- Cadboro Commons Dining Room (Upper Commons)
- Cap’s Bistro (Lower Commons)
- Mac’s (MacLaurin Building)
- Nibbles & Bytes Café (Engineering Lab Wing)
- Court Café (Fraser Building)
- BiblioCafé (McPherson Library)
- Halftime (CARSA)
- Mystic Market (University Centre)
- SciCafé (Ocean, Earth and Atmospheric Science Building)

Features specialty coffees and teas, alternate beverages, salads, sandwiches and wraps, pastries, cakes and other sweets.

Full-menu food facility—grill, hot entrees, soup, salad bar, sandwiches, desserts, hot and cold beverages.

Deluxe coffees, pizza, pasta, custom-made sandwich deli, gourmet desserts.

Vegetarian entrees, soups and chili, sushi, stir-fry bar, fruit smoothie bar, organic coffees.

Pizza, sandwiches, baked goods, hot and cold beverages.

Sauces, soup, hot and cold beverages.

Organic coffee, calzones, paninis, salads and wraps.

Check Food Services’ website <uvic.ca/food> for hours of operation.

In addition to the above, UFS operates Degrees Catering, a full service catering department on campus. Degrees is well equipped with 7 distinct dining venues in the Cadboro Commons Conference Centre. Degrees also delivers free of charge to any UVic location. Call 250-721-8603 or visit <www.degreescatering.ca>.

ONECard Dining Discount

Flex funds offer students, staff and faculty a 5% discount on all purchases at University Food Services outlets. The UVic ONECard is used much like a debit card: users pay money into an account established with Food Services and receive a discount on all purchases.

To learn more about dining card options, contact University Food Services’ office at 250-472-4777 or visit their website: <www.uvic.ca/food>.

GLOBAL ENGAGEMENT

University Centre Building, room B202
Phone: 250-853-3586
Email: world@uvic.ca
Web: <www.uvic.ca/international>

A unit in the Division of Student Affairs, Global Engagement is responsible for operationalizing and supporting the university’s internationalization objectives by collaborating with institutional and external stakeholders.

Responsibilities include:
- developing and managing international partnerships, networks and alliances that support the international objectives of the institution and individual faculties;
- collaborating with university partners to develop, support and monitor strategic university-wide and faculty-specific agreements with international institutions that foster international and intercultural teaching, research and learning opportunities at UVic;
- coordinating and promoting specialized international mobility programs and scholarship/award competitions;
- organizing inbound and outbound delegations and providing assistance to international visitors at UVic;
- providing administrative support to field school/international group study directors;
- providing support regarding international risk management matters in collaboration with Risk Management and Safety;
- organizing events that showcase international and intercultural education and research at UVic;
- sharing best-practices and data regarding internationalization topics and global engagement with various internal and external stakeholders.

HEALTH SERVICES

Petersen Health Centre
Hours: Mon-Fri 8:30-4:30 + Wed eve (Sept-April)
Phone: 250-721-8492 (An on-call physician is available at this number after hours, week-ends and holidays)
Web: <www.uvic.ca/services/health>

Primary Health Clinic:

Health Services offers confidential and comprehensive medical care to students and urgent care to the campus community.

For new patients: If you have an existing health condition, it is helpful to bring a copy of your previous medical record. Your previous vaccination record is also useful, or be immunized before you arrive to campus.

Access to Care includes:
- Rapid-access appointments - for patients who need a same-day quick appointment for one issue
- Regular booked appointments - for patients who need care continuity to address medical problems

The team of physicians, nurses, office/admin staff, and specialized practitioners use a shared-care approach to carry out health screening, medical assessments, self-care education, pharmacology, treatments and therapy, care coordination, and referral to on-site psychiatry or other community specialists.

Practitioners address a range of student concerns including common and chronic illnesses and injuries, mental health, psychiatry and substance use, contraceptives and sexual health, immunization and...
travel advice, and wellness education. Group medical visits are provided for a few specific health issues. Please see our website for information.

We collaborate with and refer students to campus and community resources and to Island Health for specialized programs and hospital care.

Healthy student campus:

Health Services coordinates and partners with others to offer clinical and population health programs relevant to students:

- living healthy and well - education materials and programs and campus engagement
- mental health and substance use - group medical clinics, social norms education, and harm reduction
- public health and immunization - flu season, communicable illness, emergency preparedness
- sexual health and healthy relationships - contraception, healthy sexuality and self-care
- injury prevention and assessments - specialist clinic referral, concussion prevention, and education

See our website for the SHAPE Health and Wellness Program for 2017-18.

The Student Health Ambassadors and Peer Educators SHAPE program is a dynamic team of trained student volunteers who provide valuable health and wellness resources and programs to the university community. The SHAPE team plans events and activities, offers workshops and education, and connects students to campus and community services, such as the harm reduction cupboard.

- Student Health 101 is a monthly e-magazine, coordinated by Health Services, that covers a variety of topics related to health and wellness. Registered students are alerted by email for access to the monthly issue.

Medical Coverage and Eligibility

To see a physician, students must have a valid Provincial Health Care Card or international healthcare coverage, or will be billed directly.

British Columbia Residents

British Columbia students must have current enrolment in the BC Medical Services Plan. A valid medical insurance identification number (BC Care Card) must be provided for a physician visit at Health Services.

Residents of Other Provinces

Students from other provinces may continue their provincial medical coverage and provide their medical insurance identification number when they visit Health Services. All Canadian provincial/territorial plans (except Quebec) are accepted. Students from Quebec can apply to BC Medical Services Plan, or can pay for services at the time of their visit then seek reimbursement from their Quebec plan.

Non-residents of Canada

Students without provincial core medical insurance* will be billed directly at the time of a physician visit and provided a receipt for possible reimbursement. Students who are not residents of Canada should arrange for interim medical insurance coverage for the first three months until the student is eligible for the BC Medical Services Plan. The BC Medical Services enrolment should be started upon arrival to BC as the process takes approximately three months.

Application forms for Interim private medical insurance can be found at <www.uvic.aon.ca>.

For application to the BC Medical Services Plan go to <www.healthservices.gov.bc.ca/msp>.

* Core medical insurance (for physician and hospital directed care) is NOT the same as the GSS or UVSS extended medical coverage (that covers some paramedical and prescription costs).
**Undergraduate Admissions**

Undergraduate Admissions facilitates the applicant experience from the point of submitting an application to receiving an admission offer to UVic. Our staff review and evaluate all incoming domestic and international undergraduate applications and documents to determine admissibility, status of the Academic Writing Requirement, and potential transfer credit. We also field inquiries from applicants, parents, counsellors and other external stakeholders, as well as campus colleagues, related to admission requirements and all aspects of the application process.

**Graduate Admissions and Records**

Graduate Admissions and Records provides services and responds to inquiries related to admissions and records management to the Faculty of Graduate Studies. When an application for admission to a graduate program is submitted to UVic, the application and all required documents are reviewed, and evaluated by this office. Once the student has been admitted, Graduate Admissions and Records maintains the integrity of the student record, helps with course registration, provides administrative advising, and ensures that all requirements have been met for graduation.

**Student Awards and Financial Aid**

Student Awards and Financial Aid awards undergraduate scholarships on the basis of academic merit. In addition, this office awards bursaries and emergency funding for undergraduate and graduate students who demonstrate financial need. Student Awards and Financial Aid also administers the work study program and plays a significant role in the government student assistance programs for Canadian and American students. Student Awards and Financial Aid also provides information about other funding sources, expected costs and strategies for balancing a budget.

**Student Support Services**

Student Support Services can answer many questions about academic life, whether they are about academic regulations and procedures, or enquiries about processes and requirements of the university. Completed forms can be dropped off with at our front counter.

**Undergraduate Records**

Undergraduate Records provides services and responds to inquiries related to undergraduate student academic records. This office helps with the administration of academic standing, admission for current students to selective programs, transfer credit and registration, and processing applications to graduate.

**Graduation Services**

Graduation Services produces degree parchments (diplomas) and other types of graduation documentation.

**Curriculum and Calendar**

The Curriculum and Calendar unit publishes three editions (May, September, January) of the undergraduate and graduate Calendars annually. The Calendar provides official information regarding academic dates, policies, regulations, fees, courses, and programs, which is authorized by Senate and/or Board of Governors and forms a contract between the University and students.

**Registrar Information Systems**

Registrar Information Systems provides support for student-related information systems, staff training and facilitates course scheduling and timetabling.

**Office Of Student Life**

University Centre B202
Hours Mon-Fri 8:30am to 4:30pm
Phone: 250-472-5617
Email: studentlife@uvic.ca
Web: <www.uvic.ca/studentlife>

The Office of Student Life (OSL) works to create and enhance a safe and inclusive campus community in support of fairness, responsibility and respect for all. The OSL proactively addresses key issues impacting the student experience at UVic such as student mental health, sexualized violence awareness and prevention, responding to non-academic student misconduct allegations and coordinating supports for high-risk student issues.

The Office of Student Life works with the university community to implement initiatives such as the Bystander Intervention Training Program and the Student Life Leadership Program to support students in taking an active role on campus on issue important to students.

The University’s Resolution of Non-Academic Misconduct Allegations (AC1300) policy provides students, faculty and staff a safe way to report student conduct concerns, while protecting student rights and ensuring fair, respectful treatment through the resolution process. Non-academic misconduct includes behaviour that interferes with the maintenance of a safe, inclusive, and respectful university community (e.g., theft or vandalism; health and safety risks; violence, disruptive behaviour, etc.). If you have witnessed or been affected by non-academic misconduct, contact the Office of Student Life at conduct@uvic.ca.

For more information on Non-Academic Misconduct or the Office of Student Life visit www.uvic.ca/studentlife

**Residence Services**

Craigdarroch Office Building
Winter Hours: Mon-Fri 24 hours
Sat-Sun 8am-6am
Summer Hours: Sun-Sat 24 hours
Phone: 250-721-8395
Web: <www.uvic.ca/residence/>

**On-Campus Accommodation**

The University offers four types of on-campus accommodation for students: Dormitory Housing, Cluster Housing, apartments and Family Housing.

**Dormitory Housing**

- Dormitory Housing provides room and board accommodation in single and double rooms for 1766 students in co-educational, non-smoking dormitories.
- All rooms are furnished with a desk, chair, wardrobe and bed for each student. Cable television, telephone and internet hook-ups are available. Washrooms are centrally located on each floor. Cable television is provided in each floor lounge. Laundry facilities are also available.
- Dormitory Housing is community oriented. A variety of programs are offered which encompass academic, personal, recreational and social development.
- A meal plan must be taken with Dormitory Housing.

**Cluster Housing**

- Cluster Housing provides accommodation for 472 students in 118 self-contained units.
- Each unit includes four bedrooms with individual locks. The living room, dining area, kitchen and bathroom are shared by the four occupants.
- Each bedroom is furnished with a bed, desk, chair, dresser and closet. Living-room furniture, a kitchen table and chairs, stove and fridge. Dishes, cutlery and cooking utensils are the resident’s responsibility. Cablevision, telephone and internet hook-ups may be arranged by the resident.
- Cluster Housing is completely self-contained; meal plans are not required. Optional meal plans are available.

### Bachelor and One-Bedroom Apartments
UVic has 45 bachelor and one-bedroom apartments with priority given to full-time graduate students. Apartments are furnished with a bed, desk, living-room furniture, kitchen table and chairs, stove and fridge. Dishes, cutlery and cooking utensils are the resident’s responsibility. Cablevision, telephone and internet hook-ups may be arranged by the resident.

### Family Housing
- Family Housing provides accommodation for families in 181 self-contained units.
- Family Housing offers 48 one-bedroom apartments, 12 two-bedroom apartments, 115 two-bedroom townhouses, and 6 three-bedroom townhouses. Some accessible units are available.
- Units are unfurnished. Utilities are paid for by the tenant. Cablevision, telephone and internet hook-ups are available.
- Units are available to families with or without children; the tenant must be a full-time student at UVic.

### Housing Rates
Rates for 2017/2018 are:

#### Dormitory Housing
- Single room with standard meal plan $5032/term
- Double room with standard meal plan $4405.50/term

#### Cluster Housing
- Individual rate (no meal plan) $3091/term
- Bachelor and one-bedroom apartments
  - Bachelor $3104/term
  - One-bedroom $3876/term

#### Family Housing
Rates from September 2017 to August 2018
- 1-bedroom apartment $856/month
- 2-bedroom apartment $1019/month
- 2-bedroom townhouse $1141/month
- 3-bedroom townhouse $1270/month

### Applying for Campus Housing
Students apply for campus housing through the UVic Residence Services website. The electronic application form for entry in September 2017 is active on the Residence website. To apply, a student must have a UVic Student ID number.

First-year students entering the University in the same year they graduate from high school are guaranteed an offer of off-campus accommodation provided they have completed all of the following steps before June 30:
- submitted an application to Residence Services
- paid the $50.00 (non-refundable) residence application fee
- been admitted to the University
- accepted the offer of admittance to UVic and paid the acceptance deposit to UVic

Every effort is made to meet applicants’ preferences; however, because of the limited availability of campus housing, not all preferences can be met.

### Wait List
Once all rooms have been assigned, a wait list is created. As vacancies occur, assignments are made from this list. It is the applicant’s responsibility to ensure that their email address and contact information is updated in the University Record at <www.uvic.ca/mypage>.

### Payment Procedure for Dormitory and Cluster Housing
#### Acceptance Payment
All residents are required to pay a $250 security deposit and a $500 acceptance payment to confirm acceptance of an offer of dormitory or cluster housing. This payment is applied to first-term fees and is due within the deadline outlined in the room offer. Refunds will be made only if the student is subsequently denied admission to UVic or is unable to attend for medical reasons.

### Payment Due Dates
The remaining accommodation payments are due by the following dates:
- August 1 balance of first-term fees
- October 1 $500 second-term deposit
- November 15 balance of second-term fees

A room assignment will be cancelled if the student fails to meet an acceptance or payment deadline.

### Payment Procedure for Family Housing
To confirm acceptance of a family housing unit, students must sign a tenancy agreement and pay a security deposit ($500).

### Moving In
Dormitory and cluster housing rooms are available as per the date indicated in the contract. Accommodation before this date may be available under special circumstances. Written approval must be obtained from the Residence Services Office. Approved early arrivals are charged an additional fee per night for room only. In addition, early arrivals must accept a special contract to cover the early arrival period.

Students who are unable to move in by the first day of classes must notify Residence Services in writing before that date or their housing assignment will be cancelled.

### Residence Contract
Students must choose one of two contract options: the 8-month (Sept-April) contract; or the 4-month (Jan-April) contract. Graduate students have the option to choose a 12-month (Sept-Aug) contract. The contract must be signed online to accept the room offer.
Cancellations prior to Move-in Date (from date of room acceptance until Thursday, August 31, 2017) will result in the forfeiture of the $500 room acceptance deposit. From Friday September 1 until Sunday September 3, cancellations will result in the forfeiture of both room acceptance and security deposit ($750). After this period a charge of sixty days of accommodation and a $250 cancellation fee are applied to all contract cancellations, withdrawals and evictions.

**Summer Housing**

Dormitory accommodation is available throughout the summer months (May-August) for students, families, visitors and groups. Contact Residence Services at 250-721-8395 for rates and further details.

**Accommodation for Parents and Visitors to the University**

A limited number of full-service hotel-style suites are available throughout the year in Craigdarroch House. Contact the Residence Services Office at 250-721-8395 for rates and further details.

**Off-Campus Housing Registry**

The Residence Services Office has partnered with Places4Students.com to provide off-campus listings for renters and landlords. A link to the off-campus service provider is available on the Residence Services website.

**MULTIFAITH SERVICES**

Multifaith Services Centre
Located at the Interfaith Chapel, Parking Lot #6
Hours: Mon-Fri 9:00-2:30pm
Phone: 250-721-8338
Web: <www.uvic.ca/multifaith>

Multifaith Services is a campus resource for UVic students interested in spiritual learning, practice, service and community. The Service is predicated on the conviction that active spirituality strengthens the student experience and contributes to wellness. We draw upon the resources of diverse spiritual traditions and foster a strong network of relationships that includes participation from Bahá’í, Buddhist, Christian, Jewish, Muslim and Unitarian communities and those who do not connect to any one tradition, but are simply seeking spiritual identity, learning and support.

Learning about spiritual wisdom is facilitated through workshops, discussion circles, speaker series, special events and study groups. Developing a spiritual practice is made possible through groups on meditation, healing touch, prayer, worship and ritual. Opportunity for Service is facilitated by mentoring student volunteerism in non-profit service and social activism agencies. Community amongst students is supported through retreats, student religious clubs and social events.

Join others on the spiritual journey through Multifaith Services. Find a community for spiritual learning, support, fun and friendships that will last a lifetime.

**CENTRE FOR ACCESSIBLE LEARNING (CAL)**

Campus Services Building
Phone: 250-472-4947
Web: <www.uvic.ca/cal>
Email: info@cal.uvic.ca

As a unit within the Division of Student Affairs, the Centre for Accessible Learning (CAL) is responsible for providing a comprehensive student-focused accessible learning model and delivers training and education to faculty to further the University’s commitment to provide equal access to all academic programs. CAL is a core academic support unit for both students and faculty and contributes to academic and personal success for students.

CAL supports registered students in credit-courses by:

- Assessing documentation and coordinating academic accommodation plans
- Assistive Technology consultation and use of a lab with a variety of cutting-edge software and hardware for students to explore.
- Alternate Text Support Centre production and coordination of accessible and usable textbooks.
- Coordination of more than 12000 accommodated university exams per year
- Sign language interpreters and transcribers for in-class interpreting.

Students do not need to self-identify when they are applying or being admitted to the University. Students must submit medical and/or psychological documentation if they choose to register with the CAL in order to request academic accommodations. Students should register with the CAL as early as possible to avoid delay in services.

An IEP from a previous school is not sufficient documentation. A diagnosis of disability alone does not guarantee academic accommodations.

See the FAQ section of the CAL website <www.uvic.ca/cal> for info on documentation.

CAL has deadlines for registering, and for requesting test and exam bookings. Students who have recent diagnoses or require a change in their academic accommodations may still request accommodations after the deadlines:

- The deadline for requesting academic accommodations for the September term is October 31st
- The deadline for requesting academic accommodation for the January term is February 28th

Exam requests must be received a minimum of two weeks before the scheduled exam, and for finals, two weeks before the first day of the final exam session.

There are federal and provincial grants for qualified students that can help fund services, programs and technology.

**Learning Assistance Program (in the Centre for Accessible Learning)**

Campus Services Building
Web: <www.uvic.ca/services/cal/assistance>
Email: learning@uvic.ca

Provides one-on-one learning strategist/tutor matches for students, whether or not they are registered with the Centre for Accessible Learning. These are fee-based programs.

Tutors and learning strategists are trained to help students develop personalized learning tools for their academic journey. In the LAP, students set the goals, and decide what’s important. Contact us to learn more about how students can work with one of our staff to develop:

- Personalized study skills
- Subject specific content help
- Effective goal setting
- Reading and writing strategies
- Help with time management, planning and organization, and more!

**THE WELCOME CENTRE**

University Centre
Phone: 250-721-8949
Fax: 250-721-8924
Email: welcome@uvic.ca
Web: <www.uvic.ca/services/welcome>
The Welcome Centre is your first point of contact in navigating the University of Victoria. The centre coordinates Campus Tours and is a key centre for community engagement focused events.

Student Groups and Resources

**GRADUATE STUDENTS’ SOCIETY**
Room 102, Halpem Centre for Graduate Students
Phone: 250-472-4543
Email: gsscomm@uvic.ca
Web: <gss.uvic.ca>

All graduate students at the University of Victoria are members of the Graduate Students’ Society, which exists to represent the interests of UVic’s 3000-plus graduate students and to address issues in the larger community that concern students.

Grad students democratically elect a five-member executive that works with the staff to advocate for and provide services to students. Grad students also select departmental representatives to sit on Grad Council, a body that meets monthly to discuss current events and provide direction to the executive. The Society strives to ensure graduate student representation on all university decision-making bodies.

The services provided by the Society include the Extended Health and Dental Plans, Universal Bus Pass, boardroom and lounge space in the Grad Centre, child care bursaries (administered through Financial Aid), the annual handbook/daytimer, the Weekly Bulletin List-serve, department grants to support academic and social grad student initiatives, and special events planning. These services are funded by membership fees, collected by the university on behalf of the Society. Grad students are eligible to use rooms in the Grad Centre free of charge for academic-related meetings and events. The Society, in collaboration with the Faculty of Graduate Studies, funds a travel grant program to help graduate students attend professional meetings and conferences. The GSS also operates the Grad House Restaurant, which provides excellent food at great prices in a friendly, accessible environment open to all. For more information please visit the General Office (room 102) in the Halpem Graduate Student Centre, or call 250-472-4543.

Being an active member of the Society is one way to ensure that students’ interests are represented and to work towards a better future for students in Canada.

**UNIVERSITY OF VICTORIA STUDENTS’ SOCIETY**
Student Union Building
Phone: 250-472-4317
Web: <www.uvss.ca>

All undergraduate students at the University of Victoria are members of the UVic Students’ Society (UVSS). The UVSS is a social justice based nonprofit run by students, it is separate from the University, and it runs a successful social enterprise that includes nine unique businesses. The students’ society exists to provide advocacy, representation, services and events for its members. The UVSS works on issues affecting students, such as post-secondary funding, public transit, sexualized violence, campus sustainability, student employment, and affordable housing.

Through their students’ society, students can participate in political advocacy campaigns, clubs and course unions, events, conferences and other activities that take place regularly in the SUB and in the community. Being an active member of the UVSS is one of the most important ways students can contribute positively to their experiences on and off campus. Other ways to get involved include voting in elections, attending general meetings of the Society, getting involved in one of the many committees such as Campaigns, Events, Finance & Operations, or running for a position on the UVSS Board of Directors, Senate or UVic Board of Governors. By becoming an active member of the UVSS, students help create a fuller educational experience for themselves and others and a better future for students at UVic and across Canada.

The UVic Students’ Society operates the Student Union Building (SUB) – which houses nine unique businesses run by students for students. These businesses, are social enterprises (businesses run for a social good) and all profits that they make go back to students in the form of advocacy, events and services. These businesses are:

- **Health Food Bar** (wraps, smoothies, and veggie/vegan cuisine)
- **International Grill** (dahls, curries, burgers & more)
- **Bean There Coffee Shop** (grab & go food and coffee)
- **Munchie Bar** (best coffee on campus)
- **Felicita’s Campus Pub** (taps, food, events)
- **Cinecenta Movie Theatre** (inde, foreign, and Hollywood films + amazing popcorn)
- **Zap Copy – Digital Print Centre** (7 cent copies)
- **SUBText – Books & Things** (consign your books here)
- **Catering & Conference Services**

Besides running businesses, the UVSS also runs three centres that provide information, services, and assistance to students:

- **UVSS Students’ Society Centre** (student director offices, info centre, and student handbooks)
- **SUB Info Booth** (info centre, Universal Bus Pass ‘U-Pass’ & the Student Health and Dental Plan)
- **SUB General Office** (info centre, Clubs and Course Union space and equipment booking)

The UVSS also leases space to business tenants such as:

- **Victoria Health and Wellness Clinic**
- **Campus Medicine Centre Pharmacy & Canada Post outlet**
- **On the Fringe Hair Design**
- **Travel CUTS**
- **Campus Dental Centre**

A democratically elected student board of directors carries out the activities of the UVSS. The Board consists of eleven volunteer directors-at-large, an international student rep, five advocacy group representatives, and five full-time executive directors- the Director of External Relations, the Director of Student Affairs, the Director of Finance and Operations, the Director of Events, and the Chairperson. Elections for these positions take place in March, with the exception of reps for the Women’s Centre, the Pride Collective, the Native Students’ Union, the Students of Colour Collective and the Society for Students with a Disability (SSD). These groups elect their reps at the general meetings of each advocacy group. The Board meets twice each month throughout the year and all students are welcome to attend.

**Native Students Union**
Student Union Building B023
Phone: 250-472-4394
Email: nsu@uvss.uvic.ca
Web: <uvicnsu.ca>

The Native Students Union (NSU) works towards empowering aboriginal students to benefit from their education, while at the same time providing an outlet to maintain strong cultural and spiritual ties with other aboriginal students involved in higher education. The NSU offers support and encouragement in the form of regular meetings and social events. Students interested in participating should contact the NSU for more information.

**Society for Students with a Disability (SSD)**
Student Union Building B111
The UVSS Women’s Centre is a collectively run drop-in centre open to all self-identified women, non-binary and gender fluid folx. The centre seeks to provide a space to organize, access resources, attend workshops and relax. The Women’s Centre is committed to education and activism around racism, heterosexism, ableism and colonialism. The Centre offers many volunteer opportunities, such as office and library assistance and committee organizing. The Women’s Centre also publishes an anti-racist, intersectional feminist zine, Thirdspace. Collective members and volunteers are encouraged to organize around personal areas of interest, such as sex and sexuality, health, body image, environment, colonization, globalization and the practice of intersectional feminist theory. For more information, drop by the Centre, get involved, and be a part of the movement!

**CFUV 101.9 FM**

**Student Union Building B006**

- **Hours:** Mon-Fri 10:00-5:00
- **Phone:** 250-721-8702
- **Email:** volunteer@cfuv.ca
- **Web:** <cfuv.ca>

CFUV 101.9 FM is Victoria’s campus/community radio station, broadcasting from the basement of the Student Union Building. CFUV’s focus is to provide a space for underrepresented voices on the airwaves and to support our local music and arts community.

CFUV provides opportunities for students to learn skills in broadcast, production, interviewing and sound engineering. Volunteers produce all of CFUV's programming which includes various music, spoken word and multi-cultural/language programs. No previous broadcast experience is necessary and all training is provided. Any students who are interested in getting involved should contact the Coordinator of Volunteers at volunteer@cfuv.ca or sign up to volunteer at http://cfuv.ca.

**The Martlet**

- **Student Union Building B011**
- **Phone:** 250-721-8360
- **Business inquiries:** 250-721-8359
- **Email:** business@martlet.ca
- **Web:** <martlet.ca>

The Martlet is UVic’s independent student newspaper, available online through <martlet.ca> and in print. New issues are distributed every Thursday on campus and throughout Greater Victoria. The Martlet is written by students and is editorially and financially independent. Students interested in volunteering are invited to visit or call the Martlet Office.

**Vancouver Island Public Interest Research Group (VIPIRG)**

- **Student Union Building B120 & B122**
- **Phone:** 250-721-7285
- **Email:** info@vipirg.ca
- **Web:** <www.vipirg.ca>

VIPIRG is an autonomous, non-profit, non-partisan organization dedicated to research, education, and action in the public interest. All undergraduate and graduate students are members of VIPIRG.

VIPIRG provides opportunities for students and community members to work towards positive social and environmental change. By becoming active members, students can be exposed to new ideas, meet new friends, learn new skills, and find an outlet for social and environmental justice activism and research. VIPIRG offers an extensive alternative library with a wide range of magazines, books, videos and DVDs, and research reports. VIPIRG conducts research and undertakes action projects on a wide range of social justice and environmental issues. There are also many volunteer-driven, issue-based working groups working out of VIPIRG at any given time. Students interested in being part of any of these projects, or with ideas for one, are invited to drop by or contact us.

---

**GENERAL INFORMATION**

**Students of Colour Collective**

**Student Union Building B020**

- **Phone:** 250-472-4697
- **Email:** socc@uvss.uvic.ca
- **Web:** <www.uvss.uvic.ca/socc>

All students of colour are invited to become active in the Students of Colour Collective. The constituency group represents all self-identified students of colour, Indigenous, and mixed race students within the UVic community and is committed to the elimination of racial discrimination, anti-racist education and activism on campus while also providing support, community, and resources. All students are welcome to drop by the office and find out how they can get involved.

**UVic Pride Collective**

**Student Union Building B010**

- **Phone:** 250-472-4393
- **Email:** pride@uvic.ca
- **Web:** <uvicpride.ca>

The UVic Pride Collective holds space and advocates for queer, trans, and intersex students, staff, faculty, alumni, and community members. UVic Pride promotes sexual, romantic, gender, and sex diversity and seeks to build safer communities. We aim to be fully inclusive in our support of all members and their multiple lived identities and experiences. UVic Pride seeks not only to end gender and sexual minority based oppression, but to promote social justice and act in solidarity with all marginalized groups. The Pride Centre is open for drop-in most days during the school year. Some of our services include free safer sex and harm reduction supplies, gender affirming resources, peer support, social events, a kitchen, a lending library, and many others. Interested people are welcome to contact us by phone, email, in person, or visit our website for more information.

**Ombudsperson**

**Student Union Building B205**

- **Phone:** 250-721-8357
- **Email:** ombuddy@uvic.ca
- **Web:** <www.uvicombudsperson.ca>

The Ombudsperson is an independent and impartial resource to assist with the fair resolution of student issues. A confidential consultation can help you understand your rights and responsibilities. The Ombudsperson can also clarify information, help navigate procedures, assist with problem-solving, facilitate communication, provide feedback on an appeal, investigate and make recommendations.

**The Women’s Centre**

**Student Union Building B107**

- **Phone:** 250-721-8353
- **Email:** wcentre@uvss.ca
- **Web:** <www.womenscentreuvic.com>

The SSD is the UVSS constituency group that represents the interests of students with disabilities to the UVic community. Our Purpose is to advocate for the full and equal participation of students with a disability in all aspects of the UVic community; raise awareness of the barriers and challenges faced by students with a disability and make recommendations to the UVic community on how to remove these barriers; actively collaborate with all stakeholders of the UVic community to further the interests of students with disabilities on campus; prevent, expose, and eliminate institutional discrimination; and work to create anti-oppressive spaces where students with disabilities can relax, socialize and share experiences. All are Welcome!
UVic Alumni Association
Phone: 250-721-6000 or 1-800-808-6828
Web: <alumni.uvic.ca>

All graduates of UVic automatically become members of the alumni association. The alumni association, with the support of the UVic Alumni Relations staff, enhances the quality of life on campus through:

• support for students, from first-year orientation through to convocation
• grants for student and department projects
• sponsorship of the UVic Student Ambassadors
• Excellence in Teaching Awards

After graduation, the alumni association encourages a lifelong relationship among alumni and the university. The UVic Torch Alumni Magazine is published twice a year and mailed free of charge to all alumni. Networking opportunities are provided worldwide. The alumni association also offers:

• Alumni Week (each February)
• Distinguished Alumni Awards
• Alumni ONECard discounts
• Corporate affinity partnerships

The UVic Alumni Association is incorporated under the Societies Act of British Columbia and governed by an elected board of directors. The association encourages all alumni, regardless of location, to stay and support UVic.

Indigenous Student Services

First Peoples House
Dr. Robina Thomas, Executive Director
Carly Cunningham, First Peoples House Secretary

The First Peoples House was built (2009) intentionally to support Indigenous students. We welcome and encourage others to come in and be a part of creating a welcoming and supportive environment for Indigenous students at the University of Victoria. It is asked that all those who enter this place do so with respect for the ancestors, the original care-takers of this land, and for each other.

The First Peoples House has spaces available for booking. All room usage in the First Peoples House must meet the objectives of Indigenous education and/or Indigenous cultural resurgence. For more information about the First Peoples House and booking inquiries please contact the First Peoples House Secretary (fph@uvic.ca and 250-853-3601).

Office of Indigenous Academic and Community Engagement
Dr. Robina Thomas, Executive Director, Indigenous Academic and Community Engagement

The Office of Indigenous Academic and Community Engagement (IACE) promotes, supports and facilitates UVic’s comprehensive Indigenous initiatives including: academic programs, student support services and protocol activities. The office also provides advice to university departments, faculty members, staff and administrators to expand UVic partnerships with First Nations, Métis and Inuit communities and organizations.

The Executive Director work closely with the President, Vice-Presidents, Deans, Chairs, Academic and Research Units and Student Affairs and ensures a coordinated and proactive approach to Indigenous initiatives, both on and off campus. The Director has an influential role in developing policy related to Indigenous education.

UVic Undergraduate Calendar January 2018

- Dr. Robina Thomas (iacedir@uvic.ca and 250-472-4877)

The Office of Indigenous Academic and Community Engagement (IACE) has an expanded role and mandate in keeping with the University’s goal to be the University of choice for Indigenous students and implement the goals in the Indigenous Plan. The office is located in the First Peoples House, General Office (iace@uvic.ca and 250-472-4913).

Other staff serving Indigenous students include:

- Interim Manager, Lalita Kines (iacemgr@uvic.ca and 250-472-4618)
- LE, NONET Academic Coordinator, Rob Hancock (rola@uvic.ca and 250-472-4231)
- LE, NONET Mentorship and Financial Aid Coordinator, Nadita Beauchamp (lenonet@uvic.ca and 250-472-5982)
- Coordinator of Indigenous Student Support, Crystal Seibold (iaceiss@uvic.ca and 250-853-3599)
- Indigenous Plan Initiatives Coordinator, Stephanie Peter (iaceipic@uvic.ca) and 250-472-4125
- Cultural Protocol Liaison, Deb George (iaceev@uvic.ca and 250-472-4106)
- Indigenous Community Liaison and Outreach Coordinator, Shane Hartman (iaceclo@uvic.ca and 250-853-3729)
- Indigenous Co-op Coordinator (indgcoop@uvic.ca)
- Indigenous Counsellors:
  - Roger John (indigcoun1@uvic.ca and 250-721-8341)
  - Marcey Louie (indigcoun2@uvic.ca and 250-721-8341)

Faculty of Education
- Indigenous Education Adviser and Coordinator (ied advis@uvic.ca and 250-721-8389)

Faculty of Law
- Cultural Support Coordinator, Darcy Lindberg (lawcs@uvic.ca and 250-472-4761)

Faculty of Human and Social Development

Indigenous Student Support Centre
- Administrative Assistant (hsdissc@uvic.ca and 250-721-6005)
- Indigenous Adviser, Shauna Underwood (hsdia@uvic.ca and 250-472-5431)
- Graduate Student Academic Support, Tracy Underwood (acissc@uvic.ca and 250-472-5342)

NATIVE STUDENTS UNION

The Native Students Union (NSU) works toward empowering students to benefit from technical and academic learning available at UVic while maintaining strong cultural and spiritual ties with other Indigenous students involved in higher education. Activities include regular meetings, as well as social and cultural events.

The (NSU) (250-472-4394) is located in the basement of the Student Union Building, 8120. There is also dedicated space in the First Peoples House for the NSU.
Programs Offered

The University offers the following degrees, diplomas and certificates. Descriptions of the programs and degree requirements are included in the faculty and department entries of the Calendar.

Most students complete only one degree program at a time. With a careful choice in course selection, it is possible, however, for a student to complete a program of study that will result in the awarding of a double degree, a joint degree, or a major/minor degree at convocation.

Degrees Awarded

**Faculty of Education**
- Bachelor of Arts
- Bachelor of Education
- Bachelor of Science
- Master of Arts
- Master of Education
- Doctor of Philosophy

**Faculty of Engineering**
- Bachelor of Engineering
- Bachelor of Science
- Bachelor of Software Engineering
- Master of Applied Science
- Master of Engineering
- Master of Science
- Doctor of Philosophy

**Faculty of Fine Arts**
- Bachelor of Arts
- Bachelor of Fine Arts
- Bachelor of Music
- Bachelor of Science
- Master of Arts
- Master of Fine Arts
- Master of Music
- Doctor of Philosophy

**Faculty of Graduate Studies**
- The Faculty of Graduate Studies administers all programs leading to master's or doctoral degrees

**Faculty of Human and Social Development**
- Bachelor of Arts in Health & Community Services
- Bachelor of Child and Youth Care
- Bachelor of Science
- Bachelor of Science in Nursing
- Bachelor of Social Work
- Master of Arts
- Master of Nursing
- Master of Nursing and Master of Science in Health Informatics: Double Degree
- Master of Public Administration
- Master of Public Health
- Master of Science
- Master of Social Work
- Doctor of Philosophy

**Faculty of Humanities**
- Bachelor of Arts
- Bachelor of Science
- Master of Arts
- Doctor of Philosophy

**Faculty of Law**
- Juris Doctor
- Master of Laws
- Doctor of Philosophy

**Faculty of Science**
- Bachelor of Science
- Master of Arts
- Master of Science
- Doctor of Philosophy

**Peter B. Gustavson School of Business**
- Bachelor of Commerce
- Master of Business Administration
- Master of Global Business
- Doctor of Philosophy

**Diploma Programs**
- Applied Linguistics
- Business Administration*
- Canadian Studies*
- Cultural Resource Management*
- Entrepreneurship***
- Evaluation***
- French Language*
- Humanities*
- Indigenous Community Development and Governance**
- Indigenous Language Revitalization
- Intercultural Education*
- International Child and Youth Care for Development***
- Local Government Management**
- Public Health***
- Public Relations*
- Public Sector Management**
- Restoration of Natural Systems*
- Secondary Teacher Education
- Social Justice Studies*
- Special Education

**Certificate Programs**
- Aboriginal Language Revitalization*
- Adult and Continuing Education*
- Business Administration*
- Computer Based Information Systems*
• Cultural Heritage Studies*• Digital Humanities***
• Environmental and Occupational Health*
• Entrepreneurship***
• Evaluation***
• Foundations in Indigenous Fine Arts*
• General Studies*
• Health Terminology Standards***
• Indigenous Language Revitalization***
• Indigenous Nationhood***
• Language and Cultural Proficiency
• Learning and Teaching in Higher Education***
• Medical Physics***
• Restoration of Natural Systems*

Professional Specialization Certificates
• Collections Management*
• Ecological Restoration*
• Information Communication Technology
• Local Government Management**
• Performance Management**
• Population Health Data Analysis*
• Public Policy and Governance**
• Public Sector Management**
• Special Education
• Teaching English as a Foreign Language*
• Teaching French Immersion*
• Voluntary and Non-profit Sector Management**

* See "Division of Continuing Studies" (page 329).
** See "School of Public Administration" (page 173).
*** Offered by the Faculty of Graduate Studies

Island Medical Program
• See "Division of Medical Sciences" (page 333).

Undergraduate Admission
The University welcomes applications from Canadian and international students. The application for admission is available online at <uvic.ca/apply>. New students must apply for admission, receive an offer of admission to the University and pay the acceptance deposit before registering in courses.

Undergraduate Admissions
Main Floor, University Centre
Front counter hours:
M, T, Th, F: 8:30-4:00
W: 9:30-4:00
Phone 250-721-8121
Fax: 250-721-6225
Web: <www.uvic.ca/apply>

Categories of Students
Each student who has been authorized to register in a faculty or program is designated as one of the following:

• Regular student: A student admitted to credit courses as a candidate for a degree, diploma, or certificate.
• Special student: A student admitted to credit courses but not a candidate for a degree, diploma, or certificate.
• IEX: A visiting student who is attending UVic on an International Exchange Program.
• OEX: A UVic student who is attending another institution on an International Exchange Program.

For categories of graduate students, see the UVic Graduate Calendar.

Classification of Undergraduates by Year
Classification of regular students by year is normally based on the number of units awarded, as follows:

Below 12 units First Year
12 to 26.5 units Second Year
27 to 41.5 units Third Year
42 units or above Fourth Year (4-year programs)
42 to 56.5 units Fourth Year*
57 units or above Fifth Year*

* Five year programs only
Special students are not classified by year. Students should be aware that up to 30 units of transfer credit will normally be applied toward degree requirements and considered in determining year standing.

Important Application Information
Requirement to Disclose Information
Applicants are required to provide the information necessary for the University record. This includes disclosing all secondary and post-secondary institutions (if applicable) where any course registrations were made, and arranging for all official transcripts to be sent directly to Undergraduate Admissions.

Penalties for failure to disclose studies elsewhere prior to attending UVic
Failure to disclose attendance at other institutions or to submit transcripts from those institutions may result in one or more penalties. Penalties are:

• the denial or cancellation of an application for admission
• the rescinding of an offer of admission and a ban on any new applications for at least one term
• the cancellation of current registration (due to undisclosed studies elsewhere)
• the denial of transfer credit from institutions where attendance was not disclosed
• the placement of the students’ name on the national institutional listserv, as appropriate
• the display on the official transcript of all penalties assigned
• placement on disciplinary probation

The appropriate penalty will be determined by the Registrar after consideration of any statement from the applicant and is subject to appeal. Students who believe they have grounds for appeal as noted in “Appealing Admission/Reregistration Decisions” (page 30) may appeal to the Senate Committee on Admission, Reregistration, and Transfer, stating why the penalty assigned should be reconsidered. Applicants should note that any UVic course credit accumulated before the Failure to Disclose is determined will not be considered in the re-assessment of admissibility.
**University’s Right to Refuse Applicants**

The University reserves the right to refuse applicants for admission on the basis of their overall academic record, even if they technically meet the published minimum admission requirements.

**University’s Right to Limit Enrolment**

The University does not guarantee that students who meet the published minimum requirements will be admitted to any faculty, program or course. In cases where the number of qualified applicants exceeds the number that can be accommodated, the University reserves the right to set enrolment limits in a faculty or program and to establish admission criteria beyond the minimum published requirements set out in this section.

---

## Documentation Required for Admission

<table>
<thead>
<tr>
<th>Category</th>
<th>Requirement</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Current BC Secondary School Students</strong></td>
<td>Applicants must self-report their grades to receive an early offer.</td>
</tr>
<tr>
<td></td>
<td>Applicants should complete the Post-Secondary Institution Selection (PSI) form through the Ministry of Education website and designate UVic as a receiving institution for interim and final grades. The Ministry will send interim grades to the University in May and final grades in July. Applicants with transfer standing in any grade 12 course must have an official transcript sent to Undergraduate Admissions from the school at which the courses were originally taken.</td>
</tr>
<tr>
<td><strong>Current Secondary School Students from Other Regions of Canada</strong></td>
<td>A final official transcript confirming graduation must be received by Undergraduate Admissions no later than August 1st. Applicants from Ontario who provide an OUAC number will have their grades sent electronically via the Ontario Universities’ Application Centre and do not have to send transcripts.</td>
</tr>
<tr>
<td><strong>Current Secondary School Students from the United States</strong></td>
<td>Applicants must have their secondary school forward in-progress transcripts showing all courses completed in grade 11 and term 1 of grade 12, as well as a list of 2nd term courses. A final official transcript confirming graduation must be received by Undergraduate Admissions no later than August 1st.</td>
</tr>
<tr>
<td><strong>All Secondary School Graduates</strong></td>
<td>Applicants must submit an official transcript, showing all courses taken and confirming graduation, sent from the secondary school or issued by the Ministry of Education to Undergraduate Admissions.</td>
</tr>
<tr>
<td><strong>Expanded Qualifications</strong></td>
<td>To be considered for admission under the Expanded Qualifications category, applicants must complete the personal information profile for the faculty to which they are applying. See Expanded Qualifications. Information concerning documentation is available at <a href="http://www.uvic.ca/future-students/undergraduate/admissions/high-school/expanded-qualifications/index.php">http://www.uvic.ca/future-students/undergraduate/admissions/high-school/expanded-qualifications/index.php</a>.</td>
</tr>
<tr>
<td><strong>Transfer Students</strong></td>
<td>Applicants must provide in-progress transcripts to receive a conditional offer. Official final transcripts of both secondary and post-secondary education must also be sent from the issuing institutions to Undergraduate Admissions.</td>
</tr>
<tr>
<td><strong>International Transfer Students</strong></td>
<td>In addition to official transcripts as indicated above, applicants must arrange for detailed course syllabus/ outlines to be sent to Undergraduate Admissions to determine potential transfer credit.</td>
</tr>
<tr>
<td><strong>Visiting Students</strong></td>
<td>Visiting students must submit a Letter of Permission from their home institution indicating the session to which the permission applies and, if possible, the courses to be taken. Visiting students must submit a new letter of permission prior to further registration.</td>
</tr>
<tr>
<td><strong>Degree Holders</strong></td>
<td>Applicants must have official transcripts of all post-secondary work, including proof of conferral of the degree, sent by the issuing institution to Undergraduate Admissions.</td>
</tr>
</tbody>
</table>

---

**Official Transcripts**

An official transcript is one that has a current date and is issued directly to Undergraduate Admissions from the institution previously attended. The student’s copy, a photocopy or an unsealed transcript is considered unofficial. No final decision regarding admission will be made until final official transcripts have been received directly from the originating institution. Transcripts in languages other than English must be submitted together with notarized translations into English.

Applicants submitting falsified documentation or failing to disclose attendance at other institutions and provide transcripts from those institutions will be subject to the penalties detailed under “Penalties for failure to disclose studies elsewhere prior to attending UVic” (page 29).

---

**Appealing Admission/Reregistration Decisions**

Applicants who have been denied admission or reregistration to the University and who can prove extenuating circumstances or provide information that was not presented initially should forward a completed Notice of Appeal Form and supporting documentation to the Senate Committee on Admission, Reregistration and Transfer, c/o Admission Officer (new students), or Records Officer (returning students), Office of the Registrar, University Centre. Note that there are no personal appearances before the Committee. Should the Office of the Registrar deem that the appeal lacks sufficient supporting documentation, the appellant will be notified and provided the opportunity to supplement the appeal before it goes to the Committee.

Normally, grounds for appeal are limited to:
Dissatisfaction with University regulations, or disagreements concerning deadlines will not be considered grounds for appeal. Evaluation of admissibility (for example, calculation of grade point average, evaluation of English proficiency) or failure to meet published deadlines will not be considered grounds for appeal.

The Senate Committee on Admission, Reregistration and Transfer will consider all the documentation presented and will make a final decision on the application. The decision may be appealed to the Senate Committee on Appeals on the grounds of specific procedural error (see “Appeals”, page 54).

A student who has a marginal record upon admission may be placed on probation by the Senate Committee on Admission, Reregistration and Transfer.

Applicants Whose First Language is Not English

As English is the primary language of instruction at the University of Victoria, all applicants, regardless of country of origin or citizenship status, will be required to demonstrate competence in the English language prior to admission in one of the following ways:

- completion of four years of secondary and/or post-secondary full-time academic studies in which all language of instruction is English, in one of the following countries: Anguilla, Antigua, Australia, Bahamas, Barbados, Belize, Bermuda, Botswana, British Virgin Islands, Cameroon, Canada, Cayman Islands, Dominica, Gambia, Ghana, Grenada, Guyana, Ireland, Kenya, Jamaica, Lesotho, Liberia, Malawi, Mauritius, Montserrat, Namibia, Nigeria, New Zealand, Singapore, South Africa, Swaziland, St. Kitts and Nevis, St. Lucia, St. Vincent, Tanzania, Trinidad and Tobago, Turks and Caicos Islands, Uganda, United Kingdom, United States, U.S. Virgin Islands, Zambia, Zimbabwe
- completion of a recognized degree program from an accredited university in which all language of instruction is English, in one of the countries listed in the paragraph above
- completion of Grade 12 English or its equivalent in Canada with a final grade of 86% or higher within the last three years prior to admission
- a score of 86% or higher on the BC Provincial Grade 12 English Examination within the last three years prior to admission
- completion of 1.5 or more units of transfer credit for university-level English courses (excluding ENGL 181 and 182)
- Test of English as a Foreign Language (TOEFL)* with a score of 575 or higher on the paper-based test, or a score of 90 or higher on the internet-based test — with no less than 20 out of 30 in any of the reading, listening, writing, or speaking sections
- Michigan English Language Assessment Battery (MELAB)* with a score of 90 or higher
- International English Language Testing System (Academic IELTS)* with a score of 6.5 or higher (with no part less than 6.0)
- Canadian Academic English Language Assessment (CAEL)* with a score of 70, with no subtest result below 60
- University of Victoria University Admission Preparation (UAP) course with a score of 80% or higher

- a score of Level 6 on the BC Language Proficiency Index (LPI)
- score of 4 or higher on the Advanced Placement Exam in English Language and Composition
- a score of 4 or higher on IB Higher Level -English

* Tests taken more than two years prior to application will not be considered.

English Proficiency: Exchange Students

Applicants participating in a formal exchange program must demonstrate English language proficiency adequate for successful participation in the program. The level of proficiency and the manner in which it will be demonstrated will be stated in the exchange agreement approved by the University.

Students in exchange programs who later apply for regular admission to the University must at that time meet all admission requirements and demonstrate English language proficiency as outlined above.

English Proficiency: Visiting Students

Visiting students whose first language is not English and who have not studied in Canada or another English-speaking country for four recent academic years in an acceptable program from a recognized secondary or post-secondary institution must demonstrate English language proficiency as outlined above.

Applying for Admission

There are a number of steps to be followed when submitting an application. All of the details are outlined at <uvic.ca/apply>.

Admission Requirements

The standards outlined in this section are the minimum requirements for admission to the University. Individual programs may have set higher standards for entry than the minimum stated here; students should consult the individual faculty and department descriptions or Undergraduate Admissions for their regulations.

NOTE: Possession of the minimum admission requirements does not guarantee admission to any faculty, program or courses at the University. In those instances where the number of qualified applicants exceeds the number that can be accommodated, the admission cutoffs will be higher than the published minimum requirements.

Applicants from Secondary School

The academic qualification from secondary school is high school graduation with a competitive average. The admission average is calculated using all required grade 12 courses. Each faculty determines their cutoff and it changes on an annual basis due to limits on enrollment and the competitiveness of the selection process for certain programs. As determined by Senate, at no point will the cutoff be below 67% (73% for Bachelor of Engineering/Software Engineering, 80% for Business or 70% for Elementary Education).

1. British Columbia/Yukon and other Canadian Provinces

The “Year 1 Admission Requirements: BC/Yukon Secondary School Graduate” table (page 32) shows the requirements for admission to Year 1 for each faculty. These are the minimum requirements for graduates of secondary schools in British Columbia. BC students must have written provincial examinations in any subject where it is mandatory in order to meet BC Graduation Program requirements. In years where students could elect to write optional grade 12 provincial exams, the higher of the school mark or the blended grade (school mark and provincial exam result combined) will be used in the admission average calculation.

Approved Grade 11 and 12 Courses

For an up-to-date list of approved courses visit <www.uvic.ca/apply>.
Year 1 Admission Requirements: BC/Yukon Secondary School Graduate

The academic qualification from secondary school is high school graduation with a competitive average. The admission average is calculated using all required grade 12 courses. Each faculty determines their cutoff and it changes on an annual basis due to limits on enrollment and the competitiveness of the selection process for certain programs. Cutoffs generally range from 75 to 90%. Further information is listed at <www.uvic.ca/apply>.

</table>
### 2. Other Provinces/Territories Except Ontario and Quebec

Applicants from secondary schools in Alberta, Saskatchewan, Manitoba, New Brunswick, Prince Edward Island, Nova Scotia, Newfoundland and Labrador, Northwest Territories and Nunavut must meet the same admission requirements and present equivalent secondary courses at the appropriate level as those prescribed for graduates of BC secondary schools.

### 3. Ontario

Applicants from Ontario must have completed the Ontario Secondary School Diploma (OSSD), including English 4U and five additional 4U/4M courses.

Transfer credit will not be awarded for OAC or Grade 13 courses.

All applicants from Ontario require qualifications equivalent to those subjects shown in the table for students from British Columbia secondary schools.

### 4. Quebec

Applicants must have completed at least one full year of an approved program at a CEGEP with an overall average of at least 70%. No transfer credit will be granted for courses used to qualify for admission to Year 1. Completion of grade 11 (Secondaire V) is not sufficient for admission. Applicants require qualifications equivalent to those shown in the table for students from British Columbia secondary schools.

Applicants from Quebec high schools following the Ontario curriculum must meet the Ontario requirements as outlined above.

Applicants who have completed more than one year of a CEGEP program should refer to “CEGEPs” (page 36).

### 5. Expanded Qualifications

Academic performance is the main criterion for admission and is used exclusively in the majority of cases.

However, the University recognizes that some candidates have other attributes that demonstrate an ability to succeed at university.

This admission category is currently available in the Faculties of Humanities, Social Sciences, Human and Social Development (Child and Youth Care only), and Engineering.

Faculties may select a limited number of new first-year students who are in their graduation year at a Canadian secondary school, taking into account these expanded qualifications in order to recognize other indicators of likely academic success. The decisions of the faculties are final.

To be considered for admission under this policy, applicants must complete the personal information profile for the faculty to which they are applying.

This policy applies only to candidates who may be below the current cutoff, but still meet the published minimum admission requirements.

### 6. General Education Diploma (GED)

Applicants with a GED are considered for admission on an individual basis. Applicants must have a minimum standard score of 585 on the GED to be considered for admission.

### 7. International Baccalaureate Diploma

Applicants may be considered for admission on the basis of a completed International Baccalaureate Diploma with a minimum of 24 points (excluding additional points). Actual cutoffs in a given year will vary by program. For transfer credit, see “International Baccalaureate Credit” (page 36).

### 8. Accelerated Entry for Distinguished Secondary School Students

Distinguished senior secondary school students may apply for special admission to the University before they graduate if they meet the following criteria:

1. The student is recommended for admission by the secondary school principal.
2. The student has normally completed grade 10 and is maintaining a minimum 80% average in all academic subjects with a minimum
90% average in the field of study the student plans to undertake at the University. If the student is not currently able to take courses needed to prepare for the planned field of study, the school principal must make a special recommendation, in writing, stating the student’s particular aptitudes.

3. The University department(s) concerned support(s) the student’s application, which may require a personal interview with the department Chair(s).

4. The student is completing the full range of grade 11 and grade 12 courses required to gain regular admission to the University. If the student is currently in grade 10, then a list of expected grade 11 and 12 courses is required.

Students who meet the above criteria are admitted to the University as ‘special students’ and may register in no more than 6 units of courses in any given academic session.

The University will grant credit towards a degree for courses successfully completed when the student is authorized to register in a degree program.

Except in special circumstances, students must be at least 16 years of age to be admitted under this category.

9. BC Adult Graduation Diploma

Applicants with a BC Adult Graduation Diploma (the Adult Dogwood) may apply for admission if the following minimum requirements are met:

1. The applicant is at least 19 years of age.
2. Successful completion of English, Mathematics (academic), a laboratory Science, and Social Studies 11 or equivalent at the advanced or grade 11 level. Courses done through the secondary system must each be worth 4 credits.
3. Successful completion of English plus three approved academic subjects at the grade 12 level. Courses done through the secondary system must each be worth 4 credits, and provincial examinations must be written. All courses presented for admission must be graded. Regular cutoffs will apply.

All applicants must have the appropriate prerequisites for the program to which they have applied. Admission requirements for the Faculty of Engineering, the Faculty of Science and the Health Information Science program parallel those for BC secondary school graduates.

10. Credit for Secondary School Calculus

All prospective UVic students who have completed or are registered in a secondary school calculus course are eligible to write a Calculus Challenge Examination. Students who pass this examination will be able to obtain credit for MATH 100 at UVic.

Application must be made to the Mathematics department hosting the Calculus Challenge Examination. (Each year one of BC’s four universities hosts the examination.) Only one attempt is permitted. After completing the Calculus Challenge Exam and registering at UVic, a student may contact Undergraduate Records to receive credit for MATH 100. The student’s transcript will then show challenge credit for MATH 100 and the grade obtained.

Enquiries regarding application deadlines, fees, course syllabus, sample examinations with solutions and related matters should be directed to:

Math Challenge 151
Department of Mathematics
Simon Fraser University
Burnaby BCVSA 156
Telephone: (778) 782-3332
Fax: (778) 782-4947

Students already eligible for transfer credit because of high AP or IB scores will keep this eligibility regardless of their examination score, and can waive the examination score and/or credit.

11. College Board Advanced Placement Credits

Applicants who have passed the Advanced Placement examination with a grade of 4 or 5 in selected subjects will receive transfer credit. Refer to the BC Transfer Guide at <www.bctransferguide.ca> for further information.

Applicants who pass an AP examination with a grade of 3 will be granted advanced standing for the purpose of meeting a prerequisite but no transfer credit. Applicants should consult with the department concerned for course advice.

12. Home-Schooled Applicants

UVic welcomes applications from individuals with varying academic backgrounds. Home-schooled applicants should be aware of the following:

- It is an admission requirement to be a secondary school graduate. Therefore, home-schooled applicants must be able to present proof of completion of a program that has met graduation requirements from a recognized educational jurisdiction and also faculty-specific minimum subject and academic average requirements.
- All applicants are required to take provincial exams, or equivalent, for all courses in which they are mandatory. Therefore, if a home-schooled student is participating in a program with provincial examinations, or equivalent, those courses with mandatory examinations must be taken.

In cases where applicants do not meet the above-mentioned requirements, they must submit an appeal letter documenting the reasons for not being able to meet these requirements and provide SAT scores and/or any other relevant documentation for consideration by the Senate Committee on Admission, Reregistration and Transfer.

OTHER APPLICANT CATEGORIES

Special Access

The University of Victoria is interested in extending university-level learning opportunities to residents of British Columbia who are at least 23 years of age and may not qualify under the regular categories of admission.

The number of applicants admitted under this category is limited by the availability of University resources. Admission under the Special Category is not automatic.

An applicant for admission under the Special Category must meet the following criteria:

- the applicant is at least 23 years of age by the beginning of the session applied for, and
- the applicant's academic achievements have been significantly and adversely affected by health, disability, or family or similar responsibilities.

The Senate Committee on Admission, Reregistration and Transfer selects candidates for admission in the Special category on the basis of:

- their educational history
- non-educational achievements that indicate an ability to succeed at university

Applicants in this category must submit two Special Access Reference forms from persons specifically able to assess the applicant's potential for academic success. References from relatives will not be accepted. Applicants must be able to document the nature and extent of their circumstances, and demonstrate the impact these have had on their educational achievements.

Note: Applicants who have attempted a full year or equivalent of university-level courses are not eligible to apply under this category.

Applicants under this category must also meet the prerequisites for the program they wish to enter.
Special Access Pathway

Applicants who satisfy the academic requirements for admission, including the requirements to enter a specific degree program, who do not meet the minimum English language proficiency requirements and who have a minimum IELTS score of 5.5 or a minimum TOEFL score of 71 may enrol in the 12 month Pathway Program in order to enhance their language skills while undertaking coursework for academic credit. Upon satisfaction of both the English language proficiency requirements and achievement of the required minimum GPA of 2.0 (or higher if required by the relevant Faculty) in all credit courses attempted, the student may progress into a regular program.

Students who do not meet these requirements will not be eligible to progress into a regular program, however, a record of the Pathway Program studies, including all academic credit awarded, will be retained as part of the academic record and will appear on the official transcript.

First Nations, Métis and Inuit

The University welcomes applications from Aboriginal peoples of Canada, including those of First Nations, Métis and Inuit ancestry (including Non-Status Aboriginal).

During the admission application process, students are given the opportunity to self-declare their Aboriginal status. The voluntary declaration will NOT be used for admission decisions. Documentation of Indigenous ancestry is not required. You are encouraged to self-identify in order to receive announcements of special events organized by the Office of Indigenous Academic and Community Engagement (IACE) as well as information on academic, personal and cultural support services offered at the First Peoples House. For more information, see the Office of Indigenous Academic and Community Engagement website or contact Dr. Robina Thomas, Executive Director of IACE, at iacedir@uvic.ca.

Applications from Aboriginal peoples of Canada who do not qualify under the other categories of admission will be considered on an individual basis by the Senate Committee on Admission, Reregistration and Transfer.

The committee will consider each applicant’s:
- educational history
- non-educational achievements that indicate an ability to succeed at university.

Applicants who choose to apply under the “Special Access – First Nations, Métis and Inuit” category must submit two reference forms from persons specifically able to assess the applicant’s potential for academic success. If possible, one reference should be from a recognized Aboriginal organization. References from relatives will not be accepted. Applicants must also submit a personal letter outlining their academic objectives.

Discovery Studies

Students, who wish to take individual credit courses for personal or professional interest without first being admitted to a degree program, may apply as a special access student through Discovery Studies. Applicants must be at least 21 years of age prior to the first day of classes and provide a letter of introduction outlining their reason for wishing to take courses. No transcripts or other documentation are required, except to establish English Language Proficiency when necessary.

Discovery Students are classified as “non-degree” students and will be permitted to register in no more than 3 units of courses per term, to a maximum of 12 units overall. After completion of 12 units, students who wish to take further courses must apply to be admitted as a regular degree student. Discovery Students who wish to change their status from non-degree to regular upon or prior to reaching 12 units, must provide all relevant documentation and meet regular admission requirements for entry to the degree program requested.

Courses offered at the 100 and 200 level that have no prerequisite requirements or program restrictions are generally available. Discovery

University Transfer Programs

Students requesting a course with a prerequisite will be required to present official transcripts to demonstrate satisfaction of the prerequisite listed. Registration dates are assigned to ensure that regular degree students have the opportunity to register first.

The University reserves the right to limit the number of students admitted under this category. Applicants who have already been refused admission, or those who have been required to withdraw from any post-secondary institution during the previous three years, are not eligible for consideration.

Please note that this category is not currently available for admission to the Faculties of Education and Law.

Auditor

See “Registration as an Auditor” (page 39), for instructions on how to audit courses.

Applicants for Transfer

The general requirements listed below apply to transfer applicants from recognized institutions wishing to enter the Faculties of Humanities, Science, and Social Sciences. Admission requirements for other faculties are stated in the appropriate faculty section in the Calendar.

Note that applicants who have failed their previous year or who have a weak overall academic record may be refused permission to transfer, even if they meet the minimum admission requirements. See “University’s Right to Limit Enrolment” (page 30).

Note: Transfer Applicants to the Faculty of Science

In addition to the requirements set out below, transfer applicants to the Faculty of Science must:
- meet the Year 1 subject and minimum math grade requirements for admission to the Faculty of Science directly from secondary school, or
- have transfer credit for at least 9 units of science courses including at least 3 units of Mathematics selected from MATH 100, 101, 102, 151.

Transfer Credit

Transfer credit granted in a degree program is limited. Students who plan to begin their studies at another institution and transfer to UVic should ensure that the courses they take are eligible for transfer credit in their planned program at UVic.

If a student’s performance warrants a review of transfer credit granted on admission, the University reserves the right to require the student to make up any deficiencies (without additional credit) before proceeding to studies at a higher level. These decisions are normally made at the department level.

Transfer credit from BC colleges will be assigned according to the equivalencies listed on the BCCAT website at <www.bctransferguide.ca> for the year in which the courses were completed. Transfer credit from other recognized institutions is determined by the relevant academic department and Undergraduate Admissions according to the categories outlined below. Visiting and non-degree students are not assigned transfer credit.

University Transfer Programs

Applicants require successful completion of at least 12 units of transferable courses with a minimum average equivalent to 2.0 (C) at UVic; the average is calculated from the grades for the most recent 12 units of university-level courses attempted and includes repeated and failed courses. Applicants with less than 12 transferable units must have a minimum GPA of 2.0 (C) on any post-secondary record and also meet the secondary school requirements for admission to Year 1. See "Year 1 Admission Requirements: BC/Yukon Secondary School Graduate" (page 32).
Associate of Arts or Science Degree from a BC Post-secondary Institution

Applicants who have been granted an Associate of Arts or Associate of Science degree from a recognized BC post-secondary institution will be granted 30 units of transfer credit if admitted to a degree program. Note that students receiving 30 units of transfer credit for completion of the associate degree are still obliged to fulfill all prerequisites in the degree program to which they are admitted.

Institutes of Technology

Applicants who have completed one full year of a diploma program at an institute of technology with a cumulative average of A- are eligible for admission. Credit is considered on a course-by-course and case-by-case basis.*

Applicants who have completed in excess of one full year at an institute of technology with a minimum cumulative average of B are eligible for consideration. Credit is considered on a course-by-course and case-by-case basis.*

*Block credit agreements have been established for some specific diploma programs to transfer to specific UVic degree programs. Normally, 30 units of block credit is granted to those admitted under such agreements.

Colleges of Applied Arts and Technology (CAAT)

Applicants who have completed one full year of a diploma program at a CAAT with a cumulative average of A- are eligible for admission but no transfer credit.

Applicants who have completed a two-year diploma program (or two years of a three-year diploma program) with a minimum cumulative average of B are eligible for consideration. Up to 7.5 units of credit may be granted upon admission.*

Applicants who have completed a three-year diploma program, with a minimum cumulative average of B, are eligible for consideration. Up to 15 units of credit may be granted upon admission.*

Certificate programs are not considered for admission or transfer credit.

*Credit is determined on a case-by-case basis, but where block credit agreements have been established for specific diploma programs to transfer to specific UVic degree programs, credit may exceed the amounts indicated, but may not exceed a maximum of 30 units.

CEGEPs

Applicants with more than one full year completed of an approved CEGEP program, with a minimum overall average of 70%, may be granted up to 15 units of transfer credit at the first- or second-year level.

Canadian Bible Colleges

Admission and transfer credit for applicants from recognized bible colleges are considered on an individual basis. Courses can be considered for admission and transfer credit if the institution where they were taken is chartered as a degree or diploma granting institution in its home province, appears in the British Columbia or Alberta Transfer Guide or is a member of one of the following: the Association of Universities and Colleges of Canada, the Association of Canadian Community Colleges, the Association for Biblical Higher Education or a U.S. regional accrediting body. For more information contact Undergraduate Admissions.

International Baccalaureate Credit

Applicants who have been granted admission based on the International Baccalaureate Diploma are normally eligible for up to 15 units (one academic year) of transfer credit. The diploma must contain at least three subjects at the Higher Level and three subjects at the Standard Level. Subjects completed with a score of less than 4 are not eligible for transfer credit.

Applicants who have completed individual Higher Level certificates without completing the full diploma are eligible for 3 units of transfer credit for each Higher Level subject completed with a grade of at least 4*.

*Individual Standard Level subjects are not eligible for transfer credit.

Second Bachelor’s Degree

Students with a bachelor’s degree from a recognized institution may be admitted to a second bachelor’s degree program if they meet the following conditions:

1. The student must meet the admission requirements for the program of the second degree.
2. The principal areas of study or academic emphasis of the second degree must be distinct from that of the first degree.

Initially, students will be admitted as unclassified. Once approved for a specific degree program, students should contact their advising centre to confirm what courses from their first degree they will be able to include in their second degree program.

Students must apply for admission to a second bachelor’s degree by the usual procedure for admission as appropriate.

The University may limit the number of students admitted to complete a second bachelor’s degree.

Visiting Students

Applicants who wish to take courses for credit at their home university or college may be admitted on the basis of a Letter of Permission issued by their home institution. Such study is normally limited to a total of 15 units at UVic.

The Letter of Permission must be sent directly by the home institution to Undergraduate Admissions. The letter must include the session for which permission is given. Transcripts may be required as determined by Undergraduate Admissions.

Visiting students whose first language is not English must meet the requirements outlined in “Applicants Whose First Language is Not English” (page 31).

Visiting students who wish to reregister for a future session must submit an up-to-date Letter of Permission to Undergraduate Records.

Visiting students who later wish to apply for regular degree status at UVic must submit an application for status change to Undergraduate Records.

Visiting International Research Studies

Visiting international students currently registered at another recognized institution who wish to participate in research under the supervision of UVic instructors may be considered for admission as research-only students. An application for admission is required, however regular admission processes and requirements do not apply. This admission does not include the option of taking courses for credit outside of the specific VIRS research course.

Visiting Research students must have a plan to conduct research for a period of not less than one month and no more than twelve months and are required to provide proof of funding for the research period. A written letter of agreement between the visiting research student, the home institution faculty member and the UVic host supervisor, that has been approved by the UVic Department, Program or School prior to the visiting international research admission to the university and references matters such as intellectual property, stipend and benefits, travel costs, access to research equipment and supplies, research ethics, space etc.

If visiting research students wish to take additional courses for credit outside of their research course, they must apply through the regular admission process as Non-Degree students. Visiting research students will be registered in VIRS 301-309, Visiting International Research Studies.
The University of Victoria invites academically qualified students from around the world to study in any one of its outstanding undergraduate faculties. International applicants can find detailed information on application procedures at <www.uvic.ca/apply>.

**International Applicants: Admission Requirements**

The minimum admission requirements for consideration to Year 1 can be found online at: <www.uvic.ca/apply>.

Additional requirements and/or subject prerequisites may be needed, depending on the specific faculty and department.

Students who have completed university-level work at a recognized post-secondary institution may be eligible for admission at the Year 2 level or above, depending upon the published general/specific faculty and department requirements and transferability of courses.

Please note that only those applicants who have attained a high level of academic achievement will be offered admission, regardless of year level.

**International Exchange Programs**

Students who would like to participate in an international exchange program at UVic should apply through their home university. Information for incoming exchange students is available at <www.uvic.ca/international>.

**English Language Centre Programs**

Applicants who are unable to demonstrate minimum English language proficiency, but meet all other current admission requirements for their faculty, may still be considered for entrance to UVic once they complete the University Admission Preparation (UAP) course with a grade of at least 80%. This course is offered a number of times during the year by the University of Victoria's English Language Centre.

Information on the application, program dates and cost can be obtained by contacting the English Language Centre:

- **Phone**: 250-721-8469
- **Email**: elc@uvics.uvic.ca
- **Web**: <continuingstudies.uvic.ca/elc>

---

**Undergraduate Reregistration**

Students who have questions about their registration status should contact Undergraduate Records. For contact details and office hours, refer to the Office of the Registrar contact page: <www.uvic.ca/registrar/home/contact>

**Current Students**

Undergraduate students who are eligible to continue their studies at UVic and who have taken courses in any of the previous two sessions (Winter and Summer) are considered to be current students and are authorized automatically for registration in the next academic session.

**Returning Students**

Undergraduate students who did not register at UVic in either of the most recent Winter or Summer Sessions are returning students and must apply to reregister using My UVic application: <www.uvic.ca/application>.

An application to reregister fee is required (see "Miscellaneous Fees", page 58). Applications received after the published deadline (see "Undergraduate Application and Documentation Deadlines", page 8) will be charged a late application for reregistration fee (see "Miscellaneous Fees", page 58). Off-campus and Division of Continuing Studies students will not be charged the late fee.

**Registration At Another Institution**

Students who have registered at other post-secondary educational institutions since their admission to UVic are required to inform Undergraduate Records of all post-secondary educational institutions attended (including in-progress, withdrawals, incomplete and failed studies) and to submit official transcripts of their academic records at these institutions. See "Penalties for failure to disclose studies elsewhere while attending UVic".

Returning students should indicate this information on their reregistration application and provide transcripts to Undergraduate Records by the due date shown in "Undergraduate Application and Documentation Deadlines" (page 8).

Current students should provide transcripts to Undergraduate Records as soon as courses completed elsewhere have been completed.

A document evaluation fee (see "Miscellaneous Fees", page 58) will be charged to assess studies elsewhere, except where these studies were authorized by a Letter of Permission (see Letters of Permission for UVic Students to Undertake Studies Elsewhere, page 41). The fee is not refundable and cannot be applied to tuition.

**Penalties for failure to disclose studies elsewhere while attending UVic**

Failure to disclose attendance at other institutions or to submit transcripts from those institutions may result in one or more penalties. Penalties are:

- the denial or cancellation of an application for reregistration
- the rescinding of an offer of admission and a ban on any application for at least one term
- the cancellation of current registration (due to undisclosed studies elsewhere)
- the denial of transfer credit from institutions where attendance was not disclosed
- the display on the official transcript of all penalties assigned
- placement on disciplinary probation
- recommendation to the President of suspension for a minimum of one year

The appropriate penalty will be determined by the Registrar after consideration of any statement from the student and the decision of penalty assigned is subject to appeal. Students who have grounds for appeal as noted in "Appealing Admission/Reregistration Decisions" (page 30), may appeal to the Senate Committee on Admission, Reregistration, and Transfer, stating why they should be considered for an adjustment to the penalty assigned.

Applicants for reregistration who have completed studies at another post-secondary institution since they last attended UVic will be assessed a document evaluation fee (see "Miscellaneous Fees", page 58). This fee is not required from visiting students or from students who obtained a Letter of Permission from UVic to study elsewhere. The fee is not refundable and cannot be applied to tuition.
REREGISTRATION FOLLOWING REQUIRED WITHDRAWAL

Students who have been required to withdraw from UVic in the past because of unsatisfactory progress or standing and who wish to be considered for reregistration must submit an Application for Reregistration. Students who are required to withdraw will not be permitted to register until they have met the conditions outlined under “Minimum Sessional Grade Point Average and Academic Standing” (page 51). Students who have not met the conditions for reregistration but who do meet the criteria to appeal may submit a letter of appeal to the Senate Committee on Admission, Reregistration and Transfer. Grounds for appeal to the Committee are limited. Letters should be sent to the Senate Committee on Admission, Reregistration and Transfer, c/o Records Officer, Undergraduate Records. The Committee’s decision regarding the student’s application is subject to review by the Senate Committee on Appeals only on the grounds of specific procedural error. See “Appealing Admission/Reregistration Decisions” (page 30).

APPEALING REREGISTRATION DECISIONS

Applicants who are denied permission to reregister and who can prove extenuating circumstances or provide information that was not presented initially have recourse under “Appealing Admission/ Reregistration Decisions” (page 30). Appeals from returning students should be directed to the Senate Committee on Admission, Reregistration and Transfer, c/o Records Officer, Undergraduate Records. The Committee’s decision regarding the student’s application is subject to review by the Senate Committee on Appeals only on the grounds of specific procedural error. See “Appealing Admission/Reregistration Decisions” (page 30).

Undergraduate Registration

Information on how to register as well as the day, time, place and instructor for courses is provided at <www.uvic.ca/course-registration> or through “My page” at <www.uvic.ca/mypage>.

GENERAL REGISTRATION INFORMATION

- Access to course registration is limited to students who have been approved by either Undergraduate Admissions or Undergraduate Records.
- Admission to the University or authorization to reregister does not guarantee entry to a particular program, course or section.
- Because enrolment in all courses is limited, admitted students may not be able to register in their chosen courses or sections.
- Letters of Admission or Authorizations to Reregister are valid only for the term and session to which they apply.
- Students who are required to withdraw or denied reregistration will not be permitted to register until they have met the conditions outlined in the section “Minimum Sessional Grade Point Average and Academic Standing” (page 51).
- A department may cancel the registration of a student who cannot demonstrate that all course prerequisites have been met or who fails to attend a course within the following period:
  - Winter Session courses
    - first 7 calendar days from the start of the course
  - May-August courses
    - first 7 calendar days from the start of the course
  - May-June courses
    - first 2 class meetings
  - July-August courses
    - first 2 class meetings
  - Not all department instructors will choose to exercise the option to drop classes. If you do not attend classes, do not assume that you have been dropped from a course by a department or instructor. Courses that are not formally dropped will be given a failing grade. You may be required to withdraw, and you will be required to pay the tuition fee for the course.
- A student who registers in and then drops courses repeatedly over several consecutive terms may have access to course registration blocked. When a registration block is to be instituted, the Registrar will issue an email notice to the student and will copy the Dean, or designate, of her or his Faculty of registration offering an opportunity for the student to respond, in writing and within 14 calendar days, to explain this registration history. The Registrar and the Dean or designate will review the student’s explanation and will determine if the registration block should be imposed. If upon review of the explanation, a registration block is imposed, the student may submit an appeal to the Senate Committee on Admission, Reregistration and Transfer (c/o Undergraduate Records).

A student who for medical or compassionate reasons is unable to attend a course during the required period should contact the department within that time to confirm registration in the course.

Course Selection Responsibility

Students are responsible for:

- choosing courses that conform to their individual program requirements and University regulations;
- ensuring there is no discrepancy between the program they are following and that recorded by Undergraduate Records;
- taking only those courses in which they are registered;
- checking the calendar description for prerequisites, restrictions and references to duplicate, mutually-exclusive or cross-listed courses. Credit will not be assigned more than once unless it is specifically noted that the course may be taken more than once for credit.

Students who have credit for courses taken at UVic must consult the calendar course descriptions to ensure they do not duplicate courses that now have a different number. See also “Duplicate and Mutually Exclusive Courses” (page 41), “Credit Limit—Beginning Level Statistics Courses” (page 42), and “Repeating Courses” (page 42). These regulations also apply to transfer credit received for courses completed elsewhere.

In some courses, instructors may require students to use educational technology including internet-based technologies, web-based applications, cloud services and social media, which stores or accesses personal information outside of Canada. While a general notice will appear at the time of registration, details of the service storing information outside of Canada will be provided in the course outline.

It is instructors’ responsibility to inform students if personal information may be stored outside of Canada and to try to provide options (such as using an alias to register with the educational technology). If students do not want their personal information stored or accessed outside of Canada, in certain rare instances, courses may not be available to them. If the course is required for the completion of a degree, alternatives will be provided.

Registration for Both Terms in Winter Session

Students planning to undertake studies in both terms of the Winter Session are advised to register for all courses they intend to take, including single-term courses that begin in January.

Registration for One Term Only

If suitable single-term courses are available, students may register for a program of courses to be taken in the first or second term.
Adding and Dropping Courses

The regulations for adding and dropping courses are stated in the appropriate Registration Guide or at <www.uvic.ca/course-registration>.

You may add “standard date” courses by using online registration until the last day to add courses for each term. After the last day to add courses a request to add a course must be submitted on an Undergraduate Course Change Form to the Office of the Registrar; approval is not automatic. An Undergraduate Course Change Form must be accompanied by a written explanation of the circumstances that prevented registration prior to the last day for adding courses and a memo from the course instructor stating that you have attended classes. Approval is determined by the Dean or designate of the faculty of the program in which you are registered.

Please note that the deadlines and timetable for adding and dropping courses are not the same as those for fee reductions. See the “Academic Year Important Dates” (page 6).

- Students may drop first-term courses until the last day in October and full-year and second-term courses until the last day in February without receiving a failing grade.
- A student who has a grade of E or F in a first-term course may reregister in the course if it is offered in the second term, provided that the student will be registered in not more than 9 units in the second term. A student who has an E in a first-term course may take a second-term course which lists the first-term course as a prerequisite only with the permission of the department concerned.
- An undergraduate student who drops all courses and does not intend to register in any other credit course in the session is withdrawing from the University and must notify Undergraduate Records. See “Withdrawal” (page 52).

Concurrent Registration at Another Institution

Normally a student may not be registered concurrently at UVic and at another post-secondary educational institution. New students must notify Undergraduate Admissions of their plan to attend another institution. Current students must obtain a Letter of Permission from the Dean or designate of their faculty appropriate academic advising centre if they plan to enrol concurrently at another institution to ensure that transfer credit is recognized.

Letters of Permission for UVic Students to Undertake Studies Elsewhere

A student who wishes to take courses at other approved post-secondary institutions must receive prior approval from UVic in the form of a Letter of Permission (LOP) from the appropriate faculty advising centre at UVic.

To be eligible for a Letter of Permission, a student must have completed, or be registered in, at least 6 units of course work at UVic. For information about other specific requirements, contact the faculty advising centre.

Transfer credit will be assigned upon receipt of an official transcript from the institution visited and evaluation of all coursework. No grades are assigned for transfer credit course work; however, grades will be considered if necessary to meet a specific grade requirement and to assess academic standing.

Some faculties require a minimum grade in courses taken elsewhere before transfer credit will be granted. Check the faculty sections in this calendar for regulations.

Applications for Letters of Permission by students must be accompanied by payment. See “Miscellaneous Fees” (page 58). If a student did not obtain the required Letter of Permission to undertake studies elsewhere, a document evaluation fee (see "Miscellaneous Fees", page 58) will be assessed for the review of transfer credit.

Registration in Graduate Courses by Undergraduates

Students in their final year of a bachelor's degree program at the University of Victoria who have a grade point average of at least 6.0 (B+) in the last 15 units of course work attempted, or who would otherwise be admissible as a non-degree graduate student, may be permitted to register in a maximum of 3 units of graduate courses on the recommendation of the department concerned and with the consent of the Dean of Graduate Studies. Such courses cannot be used for credit in a subsequent undergraduate or graduate program at the University of Victoria if this work is used to satisfy the requirement for another credential.

No application for admission or supporting documentation is required; the graduate adviser of the department in which the courses are to be taken must send a recommendation to the Dean of Graduate Studies, specifying the courses selected. When written permission is received from the Dean, the approved graduate courses will be added to the undergraduate record.

Registration as an Auditor

Registered students and members of the community may be permitted to audit up to 3 units of undergraduate courses in a session. Registration as an auditor is subject to the following conditions:

- The individual must receive permission from the department concerned.
- Permission to audit a course is dependent upon the class size and other factors that the instructor and the department establish. Permissions are checked against the class registration the first week of classes to determine if there is room in the course, and students are notified by email at that time. If a waitlist exists or if the class has reached the maximum room capacity, registration as an auditor is not allowed.
- The degree of an auditor’s participation in the course is at the discretion of the department.
- Attendance as an auditor does not grant entitlement to an academic record and official transcripts of such attendance and will not be considered as meeting admission, prerequisite or course requirements for any University credit program.
- Graduate courses are normally open only to students who are registered in the Faculty of Graduate Studies; see the faculty regulations in the UVic Graduate Calendar.
- Law courses are normally only open to students who are registered in the JD or law graduate program. On occasion, auditing is permitted with the express permission of the instructor and the Associate Dean, Academic and Students, to a maximum of one course per year.

Auditor class entry forms are available from Undergraduate Records.

Individually Supervised Studies

Individually supervised studies may be undertaken during the Winter Session; such studies will normally consist of Directed Studies courses. Students interested in pursuing such studies should contact the Teacher Education Advising Office in the Faculty of Education or the appropriate department Chair in the other faculties. The availability of such courses will be determined by the department concerned.

For individually supervised studies in the Summer Session, see the Summer Session Calendar, available online late February at <www.uvic.ca/summer>.

Undergraduate Academic Regulations

Students should check the Calendar entries of individual faculties for any additional or more specific regulations.
**Academic Writing Requirement**

Strong reading, writing, and research skills are essential to academic success. Regardless of whether they are native speakers of English or have learned English as an additional language, all students need to develop these skills so that they are able to meet the expectations of advanced literacy associated with university-level academic studies.

To ensure that students are prepared to meet these expectations, the university requires all undergraduate students enrolled in a degree program to satisfy one of the following two requirements.

1. Successful completion of a minimum 1.5 unit AWR-designated course (ENGL 135, 146, 147, ENGR 110).
2. One of the following qualifications.
   - A score of at least 86% on the B.C. English 12 Provincial Examination, or English 12 First Peoples Provincial Examination, within the three years immediately prior to admission.
   - A final grade of at least 86% in an approved English 12 equivalent course from other Canadian provinces within the three years immediately prior to admission.
   - A minimum 1.5 units of transfer credit for ENGL 135, 146 or 147, ENGR 110, or AWR-designated level credit (ACWR transfer credit).
   - A degree from a recognized English-speaking university.

**Selecting an AWR-Designated Course**

All students who have been admitted to the university may register in the first-year English course of their choice. The English department offers four courses that satisfy the AWR.

- ENGL 135 Academic Reading and Writing (1.5 units).
- ENGL 146 The Literature of Our Era (1.5 units).
- ENGL 147 Great Moments in English Literature (1.5 units).
- ENGR 110 Design and Communication I (2.5 units), for Engineering students only.

To increase their proficiency, students may also benefit from registering in one or both of the following preparatory courses prior to receiving credit for an AWR-designated course.

- ENGL 099 Remedial English Composition (0.0 units).
- ENGL 101 Fundamentals of Academic Literacy (1.5 units).

**Timeline for Completing the AWR**

To gain the greatest benefit to their degree studies, students who have not yet satisfied the AWR are expected to register in a minimum 1.5-unit, AWR-designated course as soon as possible. For most students, this will be before the end of the third term of registration or prior to completing 30 units of credit.

Transfer students who are admitted to UVic for the first time as third-year students must complete the AWR during their first Winter Session. Nursing and block-transfer students should consult their academic advisers for information about their deadline for completing the requirement.

**The Former Undergraduate English Requirement**

Students who were admitted and registered at UVic for the January-April 2012 term or earlier, and who had satisfied the former Undergraduate English Requirement prior to May 1st, 2012 (through UVic courses, transfer credit, or by exemption) are considered to have already satisfied the Academic Writing Requirement.

**Attendance**

Students are expected to attend all classes in which they are enrolled. An academic unit may require a student to withdraw from a course if the student is registered in another course that occurs at the same time.

In some courses students may be assigned a final grade of N or debarred from writing final examinations if they have failed to satisfy a minimum attendance requirement set by an instructor for lectures, laboratories, online course discussions or learning activities, tutorials, or other learning activities set out in the course outline. Instructors in such courses must inform students in the course outline of any minimum attendance requirement and the circumstances under which they will be assigned a final grade of N or debarred from final examinations. Students who are absent, late or cannot attend an entire class because of illness, an accident or family affliction should report to their instructors as soon as possible. (For more information, refer to “Academic Concessions”, page 46).

An instructor may refuse a student admission to a lecture, laboratory, online course discussion or learning activity, tutorial or other learning activity set out in the course outline because of lateness, misconduct, inattention or failure to meet the responsibilities of the course set out in the course outline. Students who neglect their academic work may be assigned a final grade of N or debarred from final examinations.

Students who do not attend classes must not assume that they have been dropped from a course by an academic unit or an instructor. Courses that are not formally dropped will be given a failing grade, students may be required to withdraw and will be required to pay the tuition fee for the course.

**Course Load**

**Minimum Course Load**

Some programs require students to be enrolled in a minimum number of units during the Winter Session. Students should refer to the calendar entries of individual faculties for information.

Students should note that Canada Student Loans require enrolment in at least 4.5 units for credit (3 units for students with a permanent disability), excluding duplicate and/or mutually exclusive course work, in each term of the Winter Session.

Course load requirements for scholarships are outlined under “Undergraduate Scholarships, Awards, Medals and Prizes” (page 59).

**Maximum Course Load**

Except with the written approval of the Dean, the following maximum course loads apply to individual sessions and terms and do include studies taken elsewhere.

<table>
<thead>
<tr>
<th>Session/Term</th>
<th>Maximum course load</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Winter Session:</strong></td>
<td></td>
</tr>

<tr>
<td>January- April</td>
<td>9 units</td>
</tr>
<tr>
<td><strong>Summer Session:</strong></td>
<td></td>
</tr>
<tr>
<td>May-August</td>
<td>9 units</td>
</tr>
</tbody>
</table>

**Final Year Studies**

Normally, a student should complete the final 15 units of courses at the University of Victoria. A student may, however, take the final year of study at another university, subject to the regulations mentioned under “Graduation” (page 52) and with the prior consent of the Dean of the faculty concerned.

A student authorized to attend another institution who accepts a degree from that institution gives up any right to a UVic degree until the student...
has satisfied the University’s requirements for a second bachelor’s degree. See “Second Bachelor’s Degrees” (page 53).

**Course Credit**

**Accumulation of Credit**

All course credits earned are recorded on the student’s academic record. Whether credit for a course applies toward a degree or diploma is determined by the regulations governing the program. In the case of a course taken more than once, the unit value will be shown on the student’s record in each instance, but units are awarded only once unless the course is designated as one that may be repeated for additional credit.

**Advanced Placement or Exemption Without Unit Credit**

In exceptional circumstances, undergraduate students may qualify for an exemption from a required course or for advanced placement in a program through independent study or other experience.

Students requesting advanced placement or exemption should apply to the department offering the course or program.

Advanced placement or exemption from a required course carries no unit credit.

**Completing Program Requirements**

A student who has not met the course requirements for the lower years of a program may only proceed to courses in a higher year if the student concurrently takes all courses required to clear any requirements.

**Credit by Course Challenge**

Course challenge is intended to allow registered undergraduate students to receive credit in undergraduate courses on the basis of knowledge or experience acquired outside the University. A student challenging a course must undertake a special examination or other form of assessment administered by the department in which the course is offered.

Course challenge is not offered by all departments. Where not specifically referenced in the departmental calendar entry, a student should consult the department directly to determine if course challenge is permitted. Where it is offered, the following regulations apply:

- Students who are unclassified or have non-degree status may not challenge a course.
- A course challenge examination/evaluation normally must be completed before the end of the period for adding courses in both Winter Session and Summer Session, at a time determined by the department.
- Credit by course challenge is limited to 15 units or, for students in a diploma program, a maximum of 3 units.
- A student may not challenge any course whose equivalent appears on the student’s secondary school, college or university transcript, whether or not the student successfully completed the course.
- A student who receives credit in a course at one level may not challenge its prerequisite in the same subject.
- A specific course may be challenged only once with the exception of variable-content courses approved by the department for challenge.
- The result of the course challenge examination or assessment will be entered on the student’s academic record whether or not the challenge is successful. The grade received will be used in determining the student’s sessional standing.

For more information, or a course challenge application form, contact Undergraduate Records.

Students are urged to complete challenge examinations before the end of the period for adding courses, so that they can make any course changes needed for that session.

**Duplicate and Mutually Exclusive Courses**

A course may be taken only once for credit unless the course description states that it may be taken more than once for credit.

Students are solely responsible for checking calendar descriptions, including those for assigned transfer credit, prior to and after registration, for any reference to duplicate, mutually-exclusive or cross-listed relationships.

Duplicate (DUP-same course) or mutually exclusive courses (M/X-different course/number, same content as another course) will be identified and recorded on a student’s academic record.

Students should note that for Canada Student Loan purposes, courses identified as duplicate/mutually exclusive will not be counted toward the minimum required course load of 4.5 units per term. Students should contact Student Awards and Financial Aid for information about their student loan status.

The grade received for a duplicate or mutually exclusive course will be used in calculating a student’s sessional and cumulative grade point average, but credit for the course will not be granted a second time.

In the case where a course registration has been partially duplicated by transfer credit, the partial transfer credit will be deleted from the student’s record on completion of the “duplicate” course. The student will be assigned full credit for the course at UVic. Transfer credit that is a DUP or M/X of course work previously awarded by UVic will be reduced to 0 units on the student’s record.

**Credits in Established International Exchange Programs**

UVic students may receive exchange credit to a maximum of 15 units (7.5 units per exchange term), or other limit as approved by a faculty and the Senate, for course work completed on an exchange program established by a signed agreement between the University and another institution.

The exchange credits are treated as UVic course credits in determining academic standing and whether the student has met the minimum requirements for graduation and the student’s standing at graduation.

Students who participate in an exchange program should be aware that normally 18 units of the required minimum 21 senior units should be completed at UVic.

Courses completed on approved exchange programs are entered on the student’s UVic academic record as exchange credit. Letter grades are not assigned; a “COM” (for courses with a passing grade) or a “F” (for courses with a failing or incomplete grade) is recorded for each recognized exchange course. In instances where no direct UVic equivalent course exists, non-specific level credit will be assigned and recorded on the transcript. The UVic transcript will also indicate that the courses were completed on an exchange program at another institution. Exchange credit may not be recognized for all courses.

Students interested in applying for a UVic International Exchange Program should complete the UVic International Exchange Program application, the Proposed Study Plan form and the Budget Worksheet, which are available at <www.uvic.ca/international>. Information sessions are held throughout the year to accommodate the February and August application deadlines.

Before leaving on an exchange program, each student must complete the Offical Exchange Contract, Liability Waiver and Emergency Contact Information form. Students should be aware that they could be unable to register in some or all of the exchange courses they plan to take at the exchange institution due to timetable conflicts or course cancellation.

On completion of the exchange, students must request the host institution forward an official transcript directly to UVic International Student Services. It is the student’s responsibility to obtain all course descriptions, course outlines and syllabuses, including the contact hours per course. In addition, a notarized translation of documents issued in a language other than English will be required for all but language courses.

To complete exchange course evaluations, students may be requested to
submit additional supplementary documentation (e.g., completed assignments, course texts). The determination of UVic course equivalencies will not proceed until the above-noted official transcript and documentation are received. Exchange credit is not guaranteed for all courses.

Policies and procedures may differ for exchange programs administered by individual academic units. Students in the Faculty of Business, the Faculty of Human and Social Development and the Faculty of Law should consult their faculty.

Credit Limit—Beginning Level Statistics Courses
Students may receive credit for a maximum of 3 units of beginning level statistics courses chosen from the following: ECON 245 (or 240); GEOG 226 (or 321); PSYC 300A; SOCI 271 (or 371A or 371); Statistics 100-level or 200-level transfer credit; STAT 252, 254, 255, 260 (or 250).

REPEATING COURSES
This regulation applies to students in all courses except Law.

A student who fails a required course must repeat the course or complete an acceptable substitute within the next two sessions the student attends the University. A student who fails to do so will normally be refused permission to register again in the required course.

A student may not attempt a course a third time without the prior approval of the Dean of the faculty and the Chair of the department in which the course is offered unless the calendar course entry states that the course may be repeated for additional credit. A student who has not received this approval may be deregistered from the course at any point and may be asked to withdraw from his or her declared or intended program.

Note: When a course is repeated, both the original grade and the grade assigned for the repeated course will remain on the student’s record.

PROGRAM REQUIREMENT CHANGE
1. Subject to paragraphs 3 and 4, students’ programs will normally be governed by the regulations of the faculty in effect at the date of their first registration in the faculty.
2. Where faculty regulations change program requirements before the student has completed her or his degree, diploma or certificate, the student, with the approval of the faculty, may elect to be governed by the new regulations.
3. Where an academic unit does not propose to provide access to courses necessary to satisfy previous program requirements for at least five years, that unit must provide a transition program for any student registered in the faculty at the date of the program change who demonstrates that satisfying the new program requirements will extend the length of time (number of terms) that the student requires to complete her or his current program within the faculty.
4. An academic unit has no obligation to provide access to courses necessary to satisfy previous program requirements or to provide transitional programs for more than five years after the date of the program change.
5. Where a student believes that a program requirement change has unfairly prejudiced her or him due to special circumstances, and that these regulations do not apply to the student’s situation, the student may request the Chair or Director or Associate Dean (in a faculty without schools or departments) to establish a transition program. A student may appeal a negative decision to the Dean or the Dean’s designate. The decision of the Dean or designate is final.

POLICY ON ACADEMIC INTEGRITY
Principles of Academic Integrity
Academic integrity requires commitment to the values of honesty, trust, fairness, respect, and responsibility. It is expected that students, faculty members and staff at the University of Victoria, as members of an intellectual community, will adhere to these ethical values in all activities related to learning, teaching, research and service. Any action that contravenes this standard, including misrepresentation, falsification or deception, undermines the intention and worth of scholarly work and violates the fundamental academic rights of members of our community. This policy is designed to ensure that the university’s standards are upheld in a fair and transparent fashion.

Students are responsible for the entire content and form of their work. Nothing in this policy is intended to prohibit students from developing their academic skills through the exchange of ideas and the utilization of resources available at the university to support learning (e.g., The Centre for Academic Communication). Students who are in doubt as to what constitutes a violation of academic integrity in a particular instance should consult their course instructor.

Definitions
In this policy:
• “work” is defined as including the following: written material, laboratory work, computer work, computer code, assignments, research materials, research results, musical or art works, oral reports, audiovisual or recorded presentations, lesson plans, and material in any medium submitted to an instructor for grading purposes.
• “Dean” is defined as the Dean of a student’s faculty and, in the case of graduate students, is defined as the Dean of Graduate Studies.
• “Chair” is defined as including the Chair or Director of a unit or, in the case of non-departmentalized faculties, the Dean.
• “instructor” is defined to include instructors and graduate supervisors.
Academic Integrity Violations
Academic integrity violations covered by this policy can take a number of forms, including the following:

Plagiarism
A student commits plagiarism when he or she:
• submits the work of another person in whole or in part as original work
• gives inadequate attribution to an author or creator whose work is incorporated into the student’s work, including failing to indicate clearly (through accepted practices within the discipline, such as footnotes, internal references and the crediting of all verbatim passages through indentations of longer passages or the use of quotation marks) the inclusion of another individual’s work
• paraphrases material from a source without sufficient acknowledgment as described above

The university reserves the right to use plagiarism detection software programs to detect plagiarism in essays, term papers and other work.

Unauthorized Use of an Editor
An editor is an individual or service, other than the instructor or supervisory committee, who manipulates, revises, corrects or alters a student’s written or non-written work.

The use of an editor, whether paid or unpaid, is prohibited unless the instructor grants explicit written authorization. The instructor should specify the extent of editing that is being authorized.

Review by fellow students and tutoring that do not include editing are normally permitted. In addition to consulting with their instructors, students are encouraged to seek review of and feedback on their work that prompts them to evaluate the work and make changes themselves.

Multiple Submission
Multiple submission is the resubmission of work by a student that has been used in identical or similar form to fulfill any academic requirement at UVic or another institution. Students who do so without prior permission from their instructor are subject to penalty.

Falsifying Materials Subject to Academic Evaluation
Falsifying materials subject to academic evaluation includes, but is not limited to:
• fraudulently manipulating laboratory processes, electronic data or research data in order to achieve desired results
• using work prepared in whole or in part by someone else (e.g., commercially prepared essays) and submitting it as one’s own
• citing a source from which material was not obtained
• using a quoted reference from a non-original source while implying reference to the original source
• submitting false records, information or data, in writing or orally

Cheating on Work, Tests and Examinations
Cheating includes, but is not limited to:
• copying the answers or other work of another person
• sharing information or answers when doing take-home assignments, tests or examinations except where the instructor has authorized collaborative work
• having in an examination or test any materials or equipment other than those authorized by the examiners
• accessing unauthorized information when doing take-home assignments, tests or examinations
• impersonating a student on an examination or test, or being assigned the results of such impersonation
• accessing or attempting to access examinations or tests before it is permitted to do so

Plagiarism
A student commits plagiarism when he or she:
• submits the work of another person in whole or in part as original work
• gives inadequate attribution to an author or creator whose work is incorporated into the student’s work, including failing to indicate clearly (through accepted practices within the discipline, such as footnotes, internal references and the crediting of all verbatim passages through indentations of longer passages or the use of quotation marks) the inclusion of another individual’s work
• paraphrases material from a source without sufficient acknowledgment as described above

The university reserves the right to use plagiarism detection software programs to detect plagiarism in essays, term papers and other work.

Unauthorized Use of an Editor
An editor is an individual or service, other than the instructor or supervisory committee, who manipulates, revises, corrects or alters a student’s written or non-written work.

The use of an editor, whether paid or unpaid, is prohibited unless the instructor grants explicit written authorization. The instructor should specify the extent of editing that is being authorized.

Review by fellow students and tutoring that do not include editing are normally permitted. In addition to consulting with their instructors, students are encouraged to seek review of and feedback on their work that prompts them to evaluate the work and make changes themselves.

Multiple Submission
Multiple submission is the resubmission of work by a student that has been used in identical or similar form to fulfill any academic requirement at UVic or another institution. Students who do so without prior permission from their instructor are subject to penalty.

Falsifying Materials Subject to Academic Evaluation
Falsifying materials subject to academic evaluation includes, but is not limited to:
• fraudulently manipulating laboratory processes, electronic data or research data in order to achieve desired results
• using work prepared in whole or in part by someone else (e.g., commercially prepared essays) and submitting it as one’s own
• citing a source from which material was not obtained
• using a quoted reference from a non-original source while implying reference to the original source
• submitting false records, information or data, in writing or orally

Cheating on Work, Tests and Examinations
Cheating includes, but is not limited to:
• copying the answers or other work of another person
• sharing information or answers when doing take-home assignments, tests or examinations except where the instructor has authorized collaborative work
• having in an examination or test any materials or equipment other than those authorized by the examiners
• accessing unauthorized information when doing take-home assignments, tests or examinations
• impersonating a student on an examination or test, or being assigned the results of such impersonation
• accessing or attempting to access examinations or tests before it is permitted to do so
Deans who receive an appeal of the decision of a Chair should attempt to make a finding with respect to the appeal within 21 business days. In the case of a successful appeal, any penalty will be rescinded.

Penalties

Penalties for First Academic Integrity Violation

In situations where a determination is made that a student has committed a first academic integrity violation, the following penalties will normally be imposed. The penalties for violations relating to graduate dissertations, theses or final projects are different than those for other violations.

Plagiarism

Single or multiple instances of inadequate attribution of sources should result in a failing grade for the work. A largely or fully plagiarized piece of work should result in a grade of F for the course.

Unauthorized Use of an Editor

Unauthorized use of an editor should result in a failing grade for the work.

Multiple Submission Without Prior Permission

If a substantial part of a piece of work submitted for one course is essentially the same as part or all of a piece of work submitted for another course, this should result in a failing grade for the assignment in one of the courses. If the same piece of work is submitted for two courses, this should result in a grade of F for one of the courses. The penalty normally will be imposed in the second (i.e., later) course in which the work was submitted.

Falsifying Materials

If a substantial part of a piece of work is based on false materials, this should result in a failing grade for the work. If an entire piece of work is based on false materials (e.g., submitting a commercially prepared essay as one's own work), this should result in a grade of F for the course.

Cheating on Exams

Any instance of impersonation of a student during an exam should result in a grade of F for the course for the student being impersonated, and disciplinary probation for the impersonator (if he or she is a student). Isolated instances of copying the work of another student during an exam should result in a grade of zero for the exam. Systematic copying of the work of another student (or any other person with access to the exam questions) should result in a grade of F for the course. Any instance of bringing unauthorized equipment or material into an exam should result in a grade of zero for the exam. Sharing information or answers for take-home assignments and tests when this is clearly prohibited in written instructions should result in a grade of zero for the assignment when such sharing covers a minor part of the work, and a grade of F for the course when such sharing covers a substantial part of the work.

Collaborative Work

In cases in which an instructor has provided clear written instructions prohibiting certain kinds of collaboration on group projects (e.g., students may share research but must write up the results individually), instances of prohibited collaboration on a substantial part of the work should result in a failing grade for the work, while instances of prohibited collaboration on the bulk of the work should result in a grade of F for the course.

In situations where collaborative work is allowed, only the student or students who commit the violation are subject to penalty.

Violations Relating to Graduate Dissertations, Theses or Final Projects

Instances of substantial plagiarism, falsification of materials or unauthorized use of an editor that affect a minor part of the student's dissertation, thesis or final project should result in the student being placed on disciplinary probation with a notation on the student's transcript that is removed upon graduation, and being required to rewrite the affected section of the dissertation, thesis or final project. While the determination of the nature of the offence will be made by the Chair, this penalty can only be imposed by the Dean.

Instances of plagiarism, falsification of materials or unauthorized use of an editor that affect a major part of the student's dissertation, thesis or final project should result in the student being placed on disciplinary probation with a notation on the student's transcript that is removed upon graduation, and rejection of the dissertation, thesis or final project, and the student being required to rewrite the work in its entirety. While the determination of the nature of the offence will be made by the Chair, this penalty can only be imposed by the Dean.

The penalties for violations relating to graduate dissertations, theses or final projects may apply where a violation occurs in submitted drafts, as well as in the final version of a dissertation, thesis or final project.

Particularly Unusual or Serious Violations

In the case of a first-time violation that is particularly unusual or serious (e.g., falsification of research results), the Chair may refer the case to the Dean, with a recommendation for a penalty more severe than those normally imposed for a first violation.

Penalties for Second or Subsequent Academic Integrity Violation

Repeat Violations

Any instance of any of the violations described above committed by a student who has already committed one violation, especially if either of the violations merited a grade of F for the course, should result in the student being placed on disciplinary probation. Disciplinary probation will be recorded on the student's transcript. The decision to place a student on disciplinary probation with a notation on the student's transcript that is removed upon graduation can only be made by the Dean.

In situations where a student commits two or more major academic integrity violations, the student may be placed on disciplinary probation with a permanent notation on the student's transcript. The decision to place a student on disciplinary probation with a permanent notation can only be made by the Vice-President Academic and Provost (or delegate), upon recommendation of the Dean. In making this decision, the Vice-President Academic and Provost will consider factors such as the nature of the major violations, and whether there has been an interval between violations such that learning could have taken place.

If a student on disciplinary probation commits another violation, this should result in the student's permanent suspension. This decision can only be taken by the President, on the recommendation of the Dean.

In situations where a graduate student who has been placed on disciplinary probation after a first offence commits a second offence, the student should be subject to permanent suspension. This decision can only be taken by the President, on the recommendation of the Dean.

Non Course-Based Penalties

If a student has withdrawn from a course or the university, or is not registered in a course associated with a violation, this policy must still be followed. If a determination is made that compelling information exists to support the allegation against a student, a letter of reprimand and, if appropriate, a more serious penalty in this policy should be imposed, although no course-based penalty may be imposed.
Records Management

Violations of academic integrity are most serious when repeated. Records of violations of this policy are kept to ensure that students who have committed more than one violation can be identified and appropriately sanctioned. Access to these records is restricted to protect students’ right to privacy.

Records

Records relating to academic integrity violations will be stored in the Office of the Registrar. Chairs, Directors and Deans (whichever is responsible for imposing the penalty) will report academic integrity violations and will forward all documentation relating to a violation to the Office of the Registrar once the decision regarding a violation has been made. Records will only be kept in cases where it is determined that compelling information exists to support an allegation. In the case of a successful appeal, the record maintained by the Office of the Registrar will be removed.

Access to Records

Only Deans, the Registrar and the Directors of Undergraduate and Graduate Records will have access to student records regarding academic integrity violations, and normally only to check for repeat violations. Access to records will not normally be granted to instructors, Chairs, or other staff. Chairs may contact the Office of the Registrar to determine if the student's record contains any confirmed academic integrity violations.

i. In some special circumstances, there may be reasons why Deans or faculty members need to have access to this information (e.g., character attestation for purposes of professional accreditation). If a faculty intends to request access to students’ records for any such purpose, that purpose must be disclosed by the faculty to students.

ii. Deans and Chairs may request aggregate information from the Office of the Registrar on numbers of violations for purposes of analysis, but in this case the information is to be provided without revealing personal information.

Records Retention

The following retention periods apply to records relating to academic integrity violations:

i. First violations - 5 years after the final decision regarding the violation has been made.

ii. Second or subsequent violations where no permanent notation has been made on a student’s transcript - 5 years after the final decision regarding the violation has been made.

iii. Second or subsequent violations where a permanent notation has been made on a student’s transcript – permanent retention.

Notations on a student’s transcript will be removed upon graduation or maintained permanently, in accordance with the penalty imposed under this policy.

A student who has had a permanent notation imposed on his or her transcript may make an application to the Vice-President Academic and Provost to have the notation removed. This application may be made 10 years after the final decision regarding the violation has been made and must include compelling evidence to explain why the notation should be removed.

Evaluation of Student Achievement

An important purpose of evaluation and grading is to further effective teaching and learning. Any practices that assign a predetermined percentage of students a specific grade—that is, a certain percentage get A, another percentage get B and so on—without regard to individual achievement are prohibited.

Assessment Techniques

Each department will formally adopt the techniques for evaluating student performance which it considers appropriate for its courses and which allow instructors within the department some options.

Assessment techniques include: assignments; essays; oral or written tests, including midterms; participation in class discussions; seminar presentations; artistic performances; professional practica; laboratory examinations; “open book” or “take home” examinations; and examinations administered by the instructor or the Office of the Registrar during formal examination periods. Students may be asked to reflect critically on their own work or the work of other students; however, in all courses, instructors are responsible for the determination of grades. Instructors may not assign this responsibility, in whole or in part, to students, other than students appointed as teaching assistants or laboratory assistants under the terms of their appointments.

- Final examinations, other than language orals or laboratory examinations, will be administered during formal examination periods.
- Tests counting for more than 15% of the final grade may not be administered:
  - in any regular 13-week term, during the last two weeks of classes or in the period between the last day of classes and the first day of examinations;
  - in any Summer Session course, during the three class days preceding the last day of the course.
- neither the department nor the instructor, even with the apparent consent of the class, may set aside this regulation.
- An instructor may not schedule any test that conflicts with the students’ other courses or any examination that conflicts with the students’ other examinations in the official examination timetable.
- An instructor may not schedule any test during the last two weeks of classes in a regular 13-week term unless students in the course have been given notice at least six weeks in advance.
- An instructor may not assign a weight of more than 60% of the overall course grade to a final examination without the consent of the Dean of the faculty.

Correction and Return of Student Work

Instructors will normally return all student work submitted that will count toward the final grade, except final examinations.

Instructors are expected to give corrective comments on all assigned work submitted and, if requested to do so by the student, on final examinations.

Where appropriate and practical, instructors should attempt to mark students' work without first determining the student’s identity.

Course Outline Requirement

Instructors are responsible for providing the departmental Chair and the students in the course with a written course outline at the beginning of the course. The outline must state the course content and/or objectives and the following information:

- a probable schedule with the due dates for important assignments and tests
- the techniques to be used to assess students’ performance in the course
- how assignments, tests and other course work will be evaluated and the weight assigned to each part of the course
- the relationship between the instructor’s grading method (letter, numerical) and the official University grading system

Instructors who use electronic media to publish their course outline should ensure that students who do not have access to the electronic
outline are provided with a printed version. They must file printed versions of their outlines with their department or school.

Instructors should attach the university’s "Policy on Academic Integrity" (page 42) to the course outline. In addition, instructors who plan to use a plagiarism detection software program to detect plagiarism in essays, term papers and other assignments should include a statement to that effect in the course outline provided to students.

Instructors requiring the use of educational technology for delivery of the course and/or course assignments that stores personal information outside of Canada must include a statement in the course outline listing the name of the service, and providing the location of the service’s privacy policy and terms of use.

It is instructors’ responsibility to inform students if personal information may be stored outside of Canada and to try to provide options (such as using an alias to register with the educational technology).

If students do not want their personal information stored or accessed outside of Canada, in certain rare instances, courses may not be available to them. If the course is required for the completion of a degree, alternatives will be provided.

**Duplicate Essays and Assignments**

A student may submit the same essay or assignment for two courses when both instructors have been informed and have given their written permission to the student.

If a student submits an essay or assignment essentially the same in content for more than one course without prior written permission of the instructors, an instructor may withhold partial or total credit for the course work.

**English Deficiency**

Term essays and examination papers in any course will be refused a passing grade if they are deficient in English. When an instructor has reasonable grounds for believing a student lacks the necessary skills in written English, the instructor, in consultation with the English department’s Director of the Division of Academic Writing, can require the student to write an English Deficiency Examination, administered by the English department, the results of which will be binding, regardless of any credit the student has accumulated at UVic or elsewhere.

**Laboratory Work**

In any science course which includes laboratory work, students will be required to achieve satisfactory standing in both parts of the course. Results for laboratory work will be announced by the department prior to the final examinations. Students who have not obtained a grade of at least D will not be permitted to write the examination and will not receive any credit for the course. If a student obtains satisfactory standing in the laboratory work only and repeats the course, the student may be exempted from the laboratory work with the consent of the department. The same rules may, at the discretion of the department concerned, apply to non-science courses with laboratory work.

**Term Assignments and Debarment from Examinations**

In some courses students may be assigned a final grade of N or debarred from writing final examinations if the required term work has not been completed to the satisfaction of the department concerned. Instructors in such courses must advise students of the standard required in term assignments and the circumstances under which they will be assigned a final grade of N or debarred from examinations.

**ACCOMMODATION OF RELIGIOUS OBSERVANCE**

The University recognizes its obligation to make reasonable accommodation for students whose observance of holy days might conflict with the academic requirements of a course or program.

Students are permitted to absent themselves from classes, seminars or workshops for the purposes of religious or spiritual observance.

In the case of compulsory classes or course events, students will normally be required to provide reasonable notice to their instructors of their intended absence from the class or event for reasons of religious or spiritual observance. In consultation with the student, the instructor will determine an appropriate means of accommodation. The instructor may choose to reschedule classes or provide individual assistance.

Where a student’s participation in a class event is subject to grading, every reasonable effort will be made to allow the student to make up for the missed class through alternative assignments or in subsequent classes. Students who require a rescheduled examination must give reasonable notice to their instructors. If a final exam cannot be rescheduled within the regular exam period, students may request an academic concession.

To avoid scheduling conflicts, instructors are encouraged to consider the timing of holy days when scheduling class events.

For further information, including a list of days of religious observances, please contact the Equity and Human Rights Office or visit their website: <web.uvic.ca/eqhr>.

**ACADEMIC CONCESSIONS**

**Academic Concession for work that will be completed before course grades are submitted by the instructor.**

A student whose academic performance is affected by injury, family or personal affliction, or illness should immediately consult with a health professional, and may request, directly from the course instructor, deferral or substitution of a mid-term test or examination, or of other work which is due during the term. This request must be accompanied by supporting documentation.

All work for which a Concession is approved must be completed before course grades are submitted by the instructor.

If the request for deferral or substitution of term work is denied, a student may appeal as described under “Appeals” (page 54).

**Academic Concession for work that will be completed after course grades are submitted by the instructor.**

A student whose academic performance is affected by injury, family or personal affliction, or illness, should immediately consult with a health professional and, where the due date for the work is after course grades are submitted by the instructor, must submit a formal Request for Academic Concession (RAC). A RAC must always be accompanied by supporting documentation.

An academic concession may be:

- a Deferral of a final examination, test, or other course work;
- an Extended Deferral of this work;
- an Aegrotat (AEG) notation added to a course grade in cases where injury, affliction, or illness affected performance in a completed course, or will prevent completion of a course, and a Deferral is not viable;
- a WE excluded registration status in cases where withdrawal from a course is approved due to extenuating circumstances.
- a Drop of courses without academic penalty — and possibly without fee penalty — after the published Last Day for Withdrawing.

All RACs, along with supporting documentation, must be submitted to the Office of the Registrar. For Deferrals, Aegrotats and Drops this must normally be done within ten working days of the end of the examination period of the term in which the course is taken. For Extended Deferral this must normally be done no later than the deadline set for completion in the initial Deferral.
If a Deferral is granted, any required course work (including exams) must be completed at the latest by a date set by the instructor which is to be not later than the end of the term immediately following the course:

- courses ending in December: completion by the end of the following April;
- courses ending in April: completion by the end of the following August;
- Summer Session courses: completion by the end of the following December.

If deferred work is not completed by the deadline, the final grade for the course reverts to the grade calculated and submitted originally by the instructor on the basis of the work that was completed. A Deferral may be extended beyond the above deadlines only in exceptional circumstances and only with the written permission of the Dean (or designate) of the student’s Faculty of Registration. An additional RAC is required, asking for an Extended Deferral.

If a Request for Academic Concession is denied, a student may appeal as described under “Appeals” (page 54).

A student who completes all course requirements is not eligible for an academic concession. Exceptions will only be considered by the Dean (or designate) of the student’s Faculty of Registration if there is supporting documentation that the student was not medically or otherwise fit to make a decision on whether or not to complete the work. The RAC must be submitted to the Office of the Registrar as soon as possible after completion of the work and before the results are known.

**Students Writing Deferred Examinations**

Students who are assigned a deferred (DEF) standing in one or more courses will have their sessional standing withheld until their final grade(s) is available. Depending upon academic status, i.e. probation, and projected GPA, registration may be blocked until a sessional average has been determined to be satisfactory.

**Examinations**

Examinations in the Winter Session are held in December and April and full term or end of term Summer Session exams are held in August. Timetables are posted at the Office of the Registrar website [www.uvic.ca/exams] by the end of October for first-term exams (December), and by the end of February for second-term exams (April) and end of June for August exams. Students should wait until the final examination timetable is posted before making travel or work plans. Students who require accommodation during an examination should contact the Centre for Accessible Learning (CAL) in advance.

**Regulations Governing Administration of University Examinations**

Each faculty assumes complete responsibility for the invigilation of its own examinations.

- The invigilator is responsible for ensuring that the academic integrity of the examination is maintained in the examination environment for the benefit of the institution and students. The maintenance of academic integrity will be accomplished through methods that may vary by faculty, instructor and discipline.
- Students are subject to supervision at all times while in the examination environment during the entire timeframe of the examination.
- The examination environment includes the room in which the examination is being written as well as the hallways and washrooms adjacent to the examination room.

**Identification, entering and exiting the examination**

- Students must bring their UVic OneCard to their examination.
- Students may not enter the examination room until invited to do so by the invigilator in charge.

**Permitted/Restricted materials**

- Students should not bring valuables (e.g. laptops, tablets) to the examination environment as the university is not responsible for theft of personal items. Cell phones must be turned off and left with students’ personal belongings at the location instructed.
- Students may not have any materials nor equipment (e.g. calculator, translator) that are not provided by the invigilator or authorized, in advance, by the instructor in charge of the course or have any mobile electronic devices (e.g. cell phones, wearable technology) in their possession. All materials or equipment are subject to inspection.
- Students may bring food and drink to consume during the examination provided they are in a container that has had all labels removed prior to entering the examination environment.
- The invigilator may inspect containers.

**Communication during the examination**

- Students may not communicate in any way with each other.
- Students who wish to speak to the invigilator should raise their hand.
- Students should report possible instances of cheating to the invigilator.
- Students should report distractions, such as repetitive or excessive noise, to the invigilator without delay.
- Students may request a washroom break or report illness.
- If there are other complaints with the examination, the student should communicate their concern to the academic unit within 24 hours of the conclusion of the examination.
- In cases of extreme misconduct, such as disruptive behaviour, the invigilator is empowered to expel students from the examination room. Under such circumstances, an investigation surrounding the misconduct will be initiated and a penalty imposed, where appropriate, that may include the student’s requirement to withdraw from the university.

**Illness or family affliction**

- Students who fall ill or suffer an accident or family affliction before an examination should report the circumstances immediately to the Office of the Registrar and submit a Request for Academic Concession form.
- A student who completes all course requirements, including writing the final examination, is not eligible for an academic concession. Exceptions may only be considered by the Dean (or designate) of the student’s faculty if there is supporting documentation that the
Deferred Status
A student who becomes ill during a final examination, or misses a final examination because of injury, family or personal affliction, or illness may be eligible for an Academic Concession resulting in a Deferral of the examination, or an Aegrotat (AEG) notation. For Academic Concession relating to coursework other than final examinations, see “Academic Concessions” (page 46).

A student should immediately consult a health professional, and must apply for a Deferral of the examination, or an Aegrotat (AEG) notation, by completing a formal Request for Academic Concession (RAC). The RAC must be accompanied by supporting documentation, and must be submitted to the Office of the Registrar. Normally within ten working days of the end of the examination period of the term in which the course is taken.

The Office of the Registrar will ask the instructor to consider the request. If a Deferral is not approved, the instructor will submit a final grade. A student may appeal as described under “Appeals” (page 54).

Where the instructor does not give a deferred examination but assigns a final grade based on an assessment of the student’s performance on the completed course work, the grade will appear on the student’s record with an Aegrotat (AEG) notation. See “Grading” (page 49).

If a Deferral is granted, the final examination must be completed at the latest by a date set by the instructor which is to be no later than the end of the term immediately following the course:
- courses ending in December: completion by the end of the following April;
- courses ending in April: completion by the end of the following August;
- Summer Session courses completion by the end of the following December.

For courses ending in December that are prerequisite to courses starting in January, deferred final examinations are normally held by the end of the first two weeks in January.

For courses ending in April, deferred final examinations may be scheduled either by the department or by the Office of the Registrar. Deferred final examinations scheduled by the Office of the Registrar are held on the last three (3) working days of July. The Office of the Registrar will notify qualifying students by email, with a link to the Application to Write Undergraduate Deferred Examinations. The student must complete the application online and submit it to the Office of the Registrar, accompanied by the necessary fees, by the end of the second week in June. Deferred final examinations organized through the Office of the Registrar may be written at the University as well as at various centres inside and outside of British Columbia (locations are restricted to universities or colleges). A non-refundable administration fee of $60 is charged for each off campus deferred examination. There is no fee for deferred examinations written on campus.

If deferred work is not completed by the deadline, the final grade for the course reverts to the grade calculated and submitted originally by the instructor on the basis of the work that was completed.

A Deferral may be extended beyond the above deadlines only in exceptional circumstances and only with the written permission of the Dean (or designate) of the student’s Faculty of Registration. An additional RAC is required, asking for an Extended Deferral. See “Academic Concessions” (page 46).

Students in their graduating year must, upon approval of a Deferral for a final examination, contact the Records Office for their Faculty of Registration (c/o Undergraduate Records) immediately to discuss the timing of the final grade submissions in relation to the dates of Faculty degree approval and their graduation eligibility.

Student Access to Final Examinations
All final examinations are stored in the departmental office or by the Office of the Registrar for 12 months after the official release of grades, except when a review of an assigned grade or an appeal to the Senate Committee on Appeals is in progress. In the case of a review of an assigned grade, the relevant material will be kept for a further six months. In the case of an appeal to the Senate, the relevant material will be kept for six months after a final decision has been reached.

Students are permitted access to final examination questions and their own answers on request to their instructor, departmental Chair, or the Office of the Registrar, after the grades have been submitted to the Office of the Registrar by the department. This access to the final examinations does not constitute a request for a review of an assigned grade. Students wishing to have grades reviewed should follow the procedure outlined under “Review of an Assigned Grade” (page 49).

Undergraduate Supplemental Examinations
The following regulations apply to students in all programs except BCom, JD, master’s and doctoral programs (see regulations of the Faculties of Business, Law or Graduate Studies, as appropriate).

Supplemental examinations are not offered by all departments. Students will be advised whether a supplemental examination will be offered when assessment techniques are announced at the beginning of a course.

Where supplemental examinations are permitted by a department, they are governed by the following regulations:

- Students may be eligible to write a supplemental examination in a course only if they have written a final examination and have received a final grade of E in the course.
- Students taking 15 or more units in the Winter Session will be eligible to write supplemental examinations only if they have passed at least 12 units of courses in that session. The maximum number of units of supplemental examinations allowed is normally 3. However, the Dean of the student’s faculty may authorize supplemental examinations in an additional 3 units if the student will complete a degree by passing all the supplemental examinations granted.
- Students enrolled in Summer Session courses or taking fewer than 15 units in the Winter Session may be eligible to write supplemental examinations for no more than 3 units; each case will be judged on the basis of the student’s overall standing by the Dean of the student’s faculty.
- A student in the final year of a degree program who obtains a failing grade in a supplemental examination may be granted a second such examination, at the discretion of the Dean of the student’s faculty, if a passing grade in the second examination will complete the student’s degree requirements.
- A student who obtains a grade of E in a course completed in December may, if eligible, either repeat the course in the second term if it is offered or write a supplemental examination in late July.
- Any passing grade obtained on a supplemental examination will be shown in the student’s academic record with a grade point value of 1, corresponding to a D, and will be taken into account in determining
the student’s graduating average and standing at graduation, but will not affect the student’s sessional grade point average.

- Supplemental examinations cover only the course work covered by written final examinations. If there was no written final examination in the course, or if a passing grade in a supplemental examination will not yield an overall passing grade in the course, a supplemental examination will not be provided.

- Supplemental examinations for courses ending in December or taken during the Summer Session are scheduled by the department.

- Supplemental examinations for courses ending in April are scheduled either by the department or by the Office of the Registrar.

- Supplemental examinations organized through the Office of the Registrar are held on the last three (3) working days of July. The Office of the Registrar will notify qualifying students by email with a link to the Application to Write Undergraduate Supplemental Examinations. The student must complete the application online and submit it to the Office of the Registrar, accompanied by the necessary fees, by the end of the second week in June.

- Supplemental examinations organized through the Office of the Registrar may be written at the University as well as at various centres inside and outside of British Columbia (locations are restricted to universities or colleges).

- If organized through the Office of the Registrar, a non-refundable administrative fee is charged for each supplemental examination as follows:
  - $50 on campus
  - $60 off campus

- Students who fail to write a supplemental examination at the scheduled time forfeit both their eligibility and any fees paid for the examination.

**Grading**

A primary purpose of evaluation and grading is to further effective teaching and learning. Any practices which assign a predetermined percentage of students a specific grade, that is, a certain percentage get A, another percentage get B and so on, without regard to individual achievement are prohibited.

The table on the next page shows the official grading system used by instructors in arriving at final assessments of student performance. For letter grades authorized for use in the Faculty of Law, see the entry under that faculty.

**Grade Submission Deadlines**

Excluding the University Christmas closure period and the Easter closure period (if applicable)

Seven (7) calendar days after the end of classes for courses that do not have a final examination as noted in the calendar.

Seven (7) calendar days after the examination is written for those courses that have a final examination.

In cases where there is no final examination and the due date for the last assignment is after the last day of classes, the grades should be submitted seven (7) calendar days after the due date for the assignment.

**Release of Grades**

Instructors are permitted to release final grades informally to students in their classes, on request, as soon as the grades have been forwarded to the Office of the Registrar by the school or department.

Student records are confidential. Instructors may release grades only to the student concerned, unless they have the student’s permission to release the grades to a third party. Where grades are posted, only student numbers will be shown. Students are given the option at the beginning of a course to not have their grades posted.

Students’ grades are available through “My page” <www.uvic.ca/mypage>.

First-term results for full-year courses are released by instructors, not by Undergraduate Records.

**Review of an Assigned Grade**

Reviews of assigned grades, for either part of or all of a course, are governed by the following regulations, subject to any specific procedures established by individual faculties. Students should visit their faculty website or their faculty Dean’s office to obtain those procedures concerning grade reviews.

Please refer to “Evaluation of Student Achievement” (page 45), “Student Access to Final Examinations” (page 48), and Release of Grades, above.

- Before applying for a formal review of a grade as outlined below, students should make every effort to discuss and/or submit a written appeal about the assigned grade with the instructor (see individual faculty procedures).

- If the instructor or Chair/Director does not agree to a review of the grade, then a formal request for review of a grade, including the grade review fee of $25, may be submitted to Undergraduate Records, normally within 21 days of the release of grades.

- Students must keep all written work returned to them by the instructor during the term and make any work available that forms part of the grade to be reviewed. The Office of the Registrar will make available completed final examinations when necessary.

- The Office of the Registrar will send all materials involved in the grade review to the department Chair/Director, who will then arrange an independent evaluation of the grade (see individual faculty procedures).

</tbody>
</table>
Regarding how a sessional GPA is calculated.

The sessional GPA is based on the results of all final grades at the end of the session. The term GPA is calculated excluding those courses completed prior to the granting of the first degree or entry to the JD program. Excluded courses are those with grades of COM, F/X, N/X; courses taken on exchange since 2003 Summer; undergraduate supplemental grades.

Cumulative Grade Point Average

Undergraduate, excluding Law:

Since September 1992 the cumulative grade point average, which normally appears at the end of a transcript, is based on courses taken in session(s) where a final sessional grade point average has been determined. Excluded courses are those with grades of COM, F/X, N/X; courses taken on exchange since 2003 Summer; undergraduate supplemental grades.

Law:

The Law cumulative grade point average, which normally appears at the end of a transcript, is based on courses taken in sessions where a final sessional grade point average has been determined except where a revised grade point average exists. In these cases the revised GPA is used. Excluded courses are those with grades of COM, F/X, N/X.

Undergraduate, including Law:

If a student takes courses beyond a first undergraduate degree, or transfers to the JD program, a further cumulative grade point average will be calculated excluding those courses completed prior to the granting of the first degree or entry to the JD program.

Minimum Sessional Grade Point Average and Academic Standing

The following regulations apply in all faculties and all sessions, including the Summer Session.

Undergraduates must maintain a sessional grade point average of at least 2.00 (or equivalent if a UVic student takes courses elsewhere for credit towards a UVic program).

University Probationary Status

Students who fail to obtain a sessional grade point average of at least 2.00 (or equivalent if a University of Victoria student takes courses elsewhere for credit towards a University of Victoria program) are considered to have unsatisfactory standing and will be placed on academic probation for the next session attended.

Undergraduate Records will notify students that they have been placed on academic probation through the addition of a notation to their academic record. Students on academic probation should contact the appropriate Advising Centre for learning related assistance, or may contact Counselling Services for personal concerns or assistance.

Students who are on academic probation and who achieve a sessional grade point average of 2.0 or above at UVic will clear their probation.
Students who are on academic probation, or whose standing is withheld in their most recent session because of deferred status, are not eligible for registration until their sessional grade point average for the latest/deferred session has been determined as satisfactory, except as noted below. If a student’s projected sessional grade point average for the latest/deferred session, including a grade of 0 for all deferred courses or outstanding grades, was determined to be above the minimum by the faculty concerned, the student will be authorized to register. The projected grade point average does not appear on a student’s academic record. Depending upon a student’s performance during the period of probation, the Dean may at any time either remove the student from probation for the remainder of the session or, acting on a decision of the faculty, require that the student withdraw from the University. See “Withdrawal,” (page 52).

Requirement to Withdraw from the University

Students who are on academic probation and whose Winter Sessional or Summer Sessional grade point average falls below 2.00* (or equivalent if a University of Victoria student takes courses elsewhere for credit towards a University of Victoria program) will have failed to clear their probation period and will be required to withdraw, normally for one academic year. If a student has started courses in the current session before receiving notice of unsatisfactory standing in the most recent session, registration for courses in the current session will remain on the student’s record, but the student will be required to withdraw following completion of the course(s), normally for one academic year. Registration in courses that have not started at the time the required to withdraw standing is determined will be dropped automatically.

A student who is required to withdraw a second time will not normally be permitted to register for credit courses at the University for at least three academic years. All students who have been required to withdraw must apply to reregister if they wish to resume studies at the University. Permission to reregister will normally be granted to students who have:

1. completed the required withdrawal period; and
2. since their last registration at UVic, completed a minimum of 6 units of transferable non-duplicate or mutually exclusive course work with a C+ (3.0) average in ALL transferable courses attempted, including currently in-progress course work. All students returning after a requirement to withdraw will be placed on probation for the next session attended.

Students who have grounds for appeal as noted under “Appealing Admission/Reregistration Decisions” (page 30), may appeal to the Senate Committee on Admission, Reregistration, and Transfer, stating why they should be considered for reregistration.

A student who is permitted to reregister following a requirement to withdraw will be on academic probation for the duration of the session in which UVic studies are resumed.

BEng/BSEng students who have been required to withdraw and who wish to return to the BEng or BSEng program must, in addition to the above, satisfy specific faculty requirements which are outlined in the Faculty of Engineering calendar section.

Accumulation of Failing Grades

An email notice will be issued when five failing grades are accumulated throughout a student’s entire undergraduate academic record. The notice is for information only and carries no academic penalty. The notice contains information that may assist students in avoiding assignment of further failures.

Withdrawal

A student may be suspended or required to withdraw from the University at any time for failure to abide by the University’s regulations. (For the regulations of individual faculties concerning mandatory withdrawal, refer to the Calendar entry for the faculty.)

Withdrawal for Unsatisfactory Progress

Undergraduate students who have been placed on probation and whose progress is considered unsatisfactory may be required by their faculty to withdraw from the University for the remainder of the session. Students required to withdraw for unsatisfactory progress will be notified by Undergraduate Records. Students may request a review by the Senate Committee on Admission, Reregistration and Transfer by lodging a written appeal with the Committee, c/o Records Officer, Undergraduate Records.

Voluntary Withdrawal

An undergraduate student who after registration decides to withdraw from the University may benefit from discussing this decision with Undergraduate Records. Students are encouraged to visit Counselling Services to discuss their decision and their Faculty Advising Centre to discuss their academic status and prospects before dropping their courses online. Also, see “Academic Concessions” (page 46). Students in the Faculty of Law should speak with the Dean.

Note: A sessional grade point average and academic standing are assigned at the end of the session and are based on final grades awarded (including N grades) in the session or term attended. Please see the calendar entry “Minimum Sessional Grade Point Average and Academic Standing” (page 51), for information regarding minimum sessional grade point average standards.

Graduation

Application for Graduation

The University Senate grants degrees in October and May each year prior to the awarding of degrees at convocation ceremonies in November and June, respectively. Students for a degree, diploma or certificate must submit a formal application for graduation when registering in the final Summer or Winter Session before their anticipated graduation. The application deadlines are July 15 for October graduation (November convocation) and December 15 for May graduation (June convocation). The application for graduation is available at www.uvic.ca/graduation. Because of the delay in obtaining official transcripts, students completing their degree requirements at another institution during the second term of the Winter Session (January-April) are not eligible to graduate at June convocation. They must apply for a succeeding convocation.

Please note that once a degree, diploma or certificate has been awarded by the University Senate, no changes can be made to the programs that constitute that credential nor can the degree, diploma or certificate be rescinded at the request of the student. For instance, a student may not undertake completion of additional course requirements to qualify for a different credential, such as adding a Minor program to an awarded degree or changing an awarded BA in Geography to a BSc degree in Geography, or changing an awarded BA Major to a BA Honours.

Minimum Degree Requirements for Graduation

Each candidate for a first bachelor’s degree (in a faculty other than Law) is required:

• to have satisfied the “Academic Writing Requirement” (page 40).
• to present credit in a minimum of 60 units of university level courses numbered 100 and above*, at least 21 of the units must be numbered
at the 300 or 400 level; at least 18 of the 300 or 400 level units must be UVic courses, and at least 30 of the units must normally be UVic courses. Students should be aware that up to 30 units of transfer credit will normally be applied toward degree requirements. Nursing students are advised to refer to the regulations specific to the School of Nursing; see “Minimum Degree Requirements” (page 171).

- to meet the specific degree and program requirements prescribed by the undergraduate faculty in which the candidate is registered.
- to have a graduating grade point average of at least 2.0. The graduating grade point average in Honours programs is higher and does vary by department and program; see individual program requirements.

* Important: Credit awarded for a co-op work term cannot be used in satisfaction of the minimum degree requirements of 60 overall/30 UVic/21 senior units. Co-op work term credit is recognized ONLY in fulfillment of the co-op program work-term requirement.

**Standing at Graduation**

**Graduating Average**

The graduating average of a student in a bachelor’s degree program (other than BEng, BSEng, and Law) will be determined as the weighted average of the grade values assigned to 300 and 400 level (and in Education 700 level) courses (other than COM-graded courses) taken or challenged at UVic. Courses at the 500 level may be included in the graduating average if they are accepted as credit towards the undergraduate degree.

A course which has been used to satisfy the requirements for one degree, or which has been used in the calculation of the student’s graduating average for one degree, cannot be used for credit towards another degree.

**With Distinction**

The notation “With Distinction” will appear on the degree parchment, the convocation program and the transcript for each student whose graduating average GPA is in the top 20% of those graduating in her or his academic unit (“the 20% threshold GPA”).

The “With Distinction” designation is not available in the Faculty of Law, his academic unit (“the 20% threshold GPA”)

The graduating average of a student in a bachelor’s degree program shall normally be used for the subsequent spring convocation; a separate 20% calculation is not normally performed, but the University reserves the right to conduct a separate calculation for fall convocations.

In the Faculty of Education, calculations are performed separately for each of the following programs:

- a) BA Recreation and Health Education;
- b) BSc Kinesiology;
- c) BEd (Elementary Curriculum);
- d) BEd Elementary Post-Degree Professional Program;
- e) BEd (Secondary Curriculum);
- f) BEd Post-Degree Professional Program (Secondary);
- g) BEd Post-Degree Professional Program (Middle Years).

Where the total number of students graduating in an academic unit (and, where applicable, in a degree type) in the spring convocation is less than 20, the “With Distinction” designation is awarded on the basis of a 20% threshold GPA calculated including all units in the faculty.

For students enrolled in a general, double or combined program (Honours and Major, Double Major, Combined Major, Joint Programs), the achievement of “With Distinction” in one program shall be sufficient for the award of the designation.

**Graduation Ceremonies**

The formal conferral of degrees takes place at a convocation ceremony in the fall and spring each year.

To qualify as candidates for graduation in the fall (November) convocation, students must have finished all UVic program requirements by the end of August to be considered for fall convocation.

To qualify as candidates for graduation in the spring (June) convocation, students must have completed all UVic program requirements by the end of April. Students completing final requirements in the May sequence of the Summer Session cannot be considered for spring convocation.

Graduates become members of the Convocation of the University as soon as their degrees are granted by the Senate, which generally occurs several weeks before the convocation ceremony.

Students who require proof of degree completion before degrees have been conferred by the Senate can obtain a Degree Completion Letter from Undergraduate Records. Order forms are available on “My Page”.

**Second Bachelor’s Degrees**

Students with a bachelor’s degree from UVic or another recognized institution may be admitted to a second bachelor’s degree program if they meet the admission requirements, and the following conditions:

- At least 30 units of credit must be completed in addition to the units required for the first degree; normally, 21 of these 30 must be UVic courses at the 300 or 400 level. If the first degree was completed elsewhere, all 30 units must be completed at UVic.
- The student must meet all program and graduation requirements for the second degree beyond those required for the first degree.

Students who complete their degree requirements within the designated timeframe will be able to include these courses in their second degree program.

**Surplus Credit Allocation with Dean’s Permission**

Students who have completed or plan to complete more than the minimum upper-level requirements for their first degree with the intention of applying the additional course work towards the requirements of a second degree, must seek the permission of the Dean of their faculty or their faculty advising centre at least two months before graduating from their first degree program to confirm that they will be able to include these courses in their second degree program.

**Concurrent Bachelor’s Degrees**

In certain cases, it may be possible for a student to complete the requirements of two UVic degrees concurrently, subject in all cases to the
requirements for a second bachelor’s degree (see Surplus Credit Allocation, above).

APPEALS

Students who have grounds for believing themselves unjustly treated within the University are encouraged to seek all appropriate avenues of redress or appeal open to them.

Academic Matters

Academic matters are the responsibility of course instructors, departments, faculties and the Senate.

Depending on the nature of the academic matter of concern to the student, the order in which the student should normally try to resolve the matter is: first, the course instructor; second, the Chair of the department; third, the Dean of the faculty; and finally, the Senate. In addition, the student may wish to consult the “Ombudsperson” (see page 24). A student seeking a formal review of an assigned grade should consult the regulations under “Review of an Assigned Grade” (page 49).

Appeals to the Senate

Once all the appropriate recourses have been exhausted, a student may have the right of final appeal to the Senate Committee on Appeals.

The Senate Committee on Appeals is an impartial final appeal body for students at the University of Victoria. In accordance with the University Act, the Senate has delegated to the Senate Committee on Appeals the authority and responsibility to decide, on behalf of the Senate, all final appeals from students involving the application of academic regulations and requirements. The Senate Committee on Appeals has no jurisdiction to consider a decision where the sole question in a student’s appeal turns on a question of academic judgment. Prior to filing an appeal with the committee, a student must have pursued and exhausted all other reviews, appeals or remedies provided by the University of Victoria’s undergraduate and graduate calendars or by the policies or regulations of the student’s faculty.

The deadline for filing an appeal before the Senate Committee on Appeals is two months from the final decision, action or treatment being appealed. Students who wish to file an appeal with the Senate Committee on Appeals must complete a Notice of Appeal form available from the Office of the University Secretary or online at <www.uvic.ca/universitysecretary/senate/appeals>. Students are encouraged to consult the UVic Office of the Ombudsperson for assistance prior to filing an appeal.

For more information on submitting or responding to a student appeal to Senate, please refer to the Senate Committee on Appeals’ Terms of Reference and the Procedural Guidelines available at <www.uvic.ca/universitysecretary/senate/appeals> or contact the Office of the University Secretary at this address:

Office of the University Secretary
Room A138,
Michael Williams Building
Phone: 250-721-8101
Email: usec2@uvic.ca
Website: <www.uvic.ca/universitysecretary>

Petitions

Students whose circumstances are such that an academic regulation appears to cause them undue hardship are encouraged to consult their faculty advising centre or departmental Chair to determine whether the regulation is subject to waiver by the Dean of the faculty on petition by a student. The Dean’s decision in such matters is final, subject to review by the Senate Committee on Appeals on grounds of specific procedural error (see above).

---

Undergraduate Tuition and Other Fees

Students, parents and sponsors are advised that the following tuition fees were approved by the Board of Governors in March 2017 for the 2017-2018 academic year. Please note, however, that ancillary fees may still change.

GENERAL REGULATIONS

Students should note that the University reserves the right to change fees without notice. The University will give notice of any changes as far in advance as possible by means of a Calendar Supplement.

Student Responsibilities

- Students become responsible for their course or program fees upon registration. These fees may be adjusted only if a student officially drops courses, withdraws, cancels registration or changes status.
- Students are responsible for knowing in which courses they are registered. Students are required to formally drop courses, most often by using <www.uvic.ca/mypage>, rather than rely upon instructors to drop them due to non-attendance.
- Students waitlisted for courses are responsible for monitoring their registration status with both instructors and “My page”. Using “My page”, students should recheck their registration. The courses listed on the system are those for which the student will be assessed fees.
- Students are also responsible for determining their fees, either from the Calendar and any calendar supplements or through the UVic website (see address below).
- See also “Duplicate and Mutually Exclusive Courses” (page 41).

Fee Accounts

The fees for a term comprise:

1. full tuition for term courses taken that term
2. one half tuition for full year courses/programs taken that term
3. any other fees assessed for that term

Statements of account are not mailed to students. Students may view their account balances at <www.uvic.ca/mypage>.

Students unable to obtain their tuition fee information from “My page” may call 250-721-7032 or 1-800-663-5260.

Proceeds of undergraduate awards received or granted by the University are credited to fee accounts.

First-term overpayments and other credits in excess of term fees are applied to unpaid accounts or to the next term if a student is registered in the following term. Any remaining credit balance for a term is refunded on request.

Tuition fees for credit courses are exempt from the Goods and Services Tax (GST), but GST may be required on other fees.

Payment Due Dates

Fees are due by the following dates:

- Fall term: September 30
- Spring term: January 31
- Summer term: May 31

Any additional fees owing as a result of changes in a student’s registration are due by the end of the month in which the changes are made.

Payments must be received by the Accounting Services office by 4:00 pm on the due dates (or on the preceding work day if the due date falls on a holiday or weekend). Students should note that web banking payments will be accepted until midnight on due dates.
Students are responsible for making their payment by the due date whether or not they received a statement of account.

Students who have not paid their full fees by October 31 in the first term and February 28 in the second term may have their course registrations cancelled and be denied other services.

**Making Payments**

Students are asked to make their payments by Internet or telephone banking, or debit card. Due to commission rates, tuition fee payments cannot be made by credit card.

Students paying through Internet or telephone banking should allow at least 48 hours for funds to be transferred to Accounting Services. Students may also send their payment by mail, with the cheque or money order (do not mail cash) made payable to the University of Victoria to: University of Victoria Accounting Services, Tuition Fees Box 3040 STN CSC Victoria BC V8W 3N7

Students may pay in person at the Tuition Fees Counter, first Floor, University Centre, but are reminded that queues will be long just before due dates. Students should ensure that their student number is written on the face of their cheque.

**International Students:** please visit www.uvic.ca/tuition for payment options.

**Overdue accounts**

A service charge of 1.5%, annualized at 19.56% is added to accounts not paid by their due date, at each month end.

Students with overdue tuition or other accounts will only be contacted by UVic at their preferred email address as shown on <www.uvic.ca/mypage>. Students are responsible for keeping their information on My Page up to date at all times.

Students with overdue tuition or other accounts may be denied services, including: registration; the addition of courses through “My page”; the use of libraries and athletic and recreation facilities; access to classes and examinations; and receipt of loans, awards, grades, transcripts, degrees and documents certifying enrolment or registered status.

**Tuition receipts**

Tuition receipts (T2202As) are issued in February for the preceding calendar year. These forms are available online through <www.uvic.ca/mypage>.

**Fee Reductions**

To obtain fee reductions, students must drop courses through “My page” or by submitting written notice of changes in registration to Undergraduate Records when they take place.

Where fee reductions are granted, they will be based on either the date recorded in the “My page” registration log, or the date on which written notice is received.

Students should not rely upon instructors to drop them from courses. Students are strongly urged to recheck their course registration status through “My page” before the full fee reduction deadlines, particularly if they have made course changes or been waitlisted.

Please note that deadlines for obtaining fee reductions are different from course drop deadlines for academic purposes.

**Add and Drop Dates for Standard 2017-2018 Winter Session Courses**

The following fee reductions apply to undergraduate students and auditors enrolled in undergraduate courses. Please note that acceptance deposits are not refundable.

For first-term courses and the first half of full-year courses:

On or before:

- September 19: 100%
- October 10: 50%

For second-term courses and second half of full-year courses

On or before:

- January 16: 100%
- February 6: 50%

**Add and Drop Dates for Standard 2017 Summer Session Courses**

</tbody>
</table>
**Non-Standard Course Dates**

Check Online Timetable: <www.uvic.ca/timetable>

NOTE: The table below is used in calculating refund dates for non-standard date courses. The duration of a course is end date - start date + 1 (i.e. the first day counts as 1).

<table>
<thead>
<tr>
<th>100% Reduction Deadline and Add Deadline</th>
<th>50% Reduction Deadline</th>
<th>Academic Drop Deadline</th>
</tr>
</thead>
<tbody>
<tr>
<td>15% of duration of course</td>
<td>38% of duration of course</td>
<td>66% of duration of course</td>
</tr>
</tbody>
</table>

After the Add Deadline (same date as the 100% Reduction Deadline) a request to add a course must be submitted on an Undergraduate Course Change Form to Undergraduate Records; approval is not automatic.

After the Academic Drop Deadline, to drop a course a Request for Academic Concession (RAC) form must be submitted to Undergraduate Records; approval is not automatic.

A failing grade will be assigned to any course that is not formally dropped by the date specified and a standing of Required to Withdraw will be assigned if the sessional GPA falls below the minimum.

Undergraduate tuition fee reduction deadlines - fee reductions are NOT the same as academic drop deadlines.

**Other Fee Reductions**

Please note that Ancillary Fees are not reversed when courses are dropped in the 50% drop period.

**Fee Reduction Appeals**

Students who believe a course drop has not been properly entered in their student record should contact Undergraduate Records. Students who believe a fee reduction has not been correctly entered in their fee account should contact Accounting Services. In extenuating circumstances involving Academic Concessions, such as illness, family affliction or accident, appeals should be made at the appropriate Advising Centre. If, following such action, a fee reduction issue remains unresolved, the student may submit an appeal, with appropriate documentation, to the Fee Reduction Appeals Committee, c/o Manager, Tuition Fee Assessments, Accounting Services, 1st Floor, University Centre.

**FEES FOR UNDERGRADUATE PROGRAMS**

The Tuition fee estimator (http://www.uvic.ca/current-students/home/finances/index.php) provides estimates for students enrolled in full time studies.

**Acceptance Deposit**

To confirm acceptance of an offer of admission, all undergraduate students who are admitted for the first time to take credit courses at the University of Victoria, must submit an acceptance deposit of $200.

- Access to online registration requires payment of the acceptance deposit to the Tuition Fees office at least 24 hours in advance to permit access on-line registration.
- Failure to submit the acceptance deposit by the specified deadline may result in cancellation of the admission offer.
- The $200 acceptance deposit is required from all new undergraduate students only, regardless of any loan, scholarship or sponsorship arrangements.
- The acceptance deposit will be applied to the student’s tuition fee account, but is forfeited if the student withdraws or does not register.

- If the deposit payment is returned NSF, the student’s registration will be cancelled.

**Faculty of Education: Teacher Education Programs (Elementary and Secondary)**

An acceptance fee of $150.00 is required from all students upon their acceptance of a place in the teacher education programs. This fee will be credited towards student fees at the beginning of the program. A student who withdraws from the program more than 30 days before the start date of the program will be refunded $100.00 of the acceptance deposit. A student who withdraws from the program within 30 days of the start date of the program will receive no refund.

Co-op program fee per term for 8 terms
Domestic ............................................................... $344.60
International ...................................................... $585.60

Note: BEng/BSc students admitted prior to September 2012 are exempt from the Co-op fee installment plan and will be assessed the work term upon registration in each work term. Students who opt to complete extra work terms outside of the Co-op fee installment structure should refer to “Undergraduate Tuition—Co-op program, per work term” above. All Co-op fee installment fees are non-refundable and non-transferable.

UVic Undergraduate Students’ Society Extended Health and Dental Plans
The UVSS provides a mandatory extended health and dental plan for undergraduate students, voted in by student referendum. The fee is:

3.0 or more credit units in the first term – Coverage between Sept 1, 2017 and Aug 31, 2018
Health Coverage ...................................................... $144.00
Dental Coverage ...................................................... $144.00

3.0 or more credit units in the second term
AND not assessed this fee in the first term – Coverage between Jan 1 and Aug 31, 2018
Health Coverage ...................................................... $96.00
Dental Coverage ...................................................... $96.00

The coverage offered by the UVSS Health & Dental Plan is supplementary to that provided by provincial medical services. It does not replace coverage provided by provincial medical plans.

Students who are members of the University of Victoria Students’ Society and who are registered in at least 3 units of classes in September or

UVIC UNDERGRADUATE CALENDAR JANUARY 2018

January are automatically assessed for the UVSS Health & Dental Plan. Students who carry acceptable alternative coverage may opt out of the Plan and receive a credit to their student account. For students beginning their academic year in September, the Change-of-Coverage Period is August 22 to September 22, 2017. For new students beginning their academic year in January, the Change-of-Coverage Period is December 22 to January 22, 2018.

To opt out of the UVSS Health & Dental Plan, students must complete the opt-out process at <www.studentcare.ca>. They will be asked to provide proof of other equivalent health and/or dental coverage. Details on what constitutes acceptable proof of coverage is available at <www.studentcare.ca>. It is the student’s responsibility to check their Tuition Fee Statement to confirm reversal of fees up to and including the deadline. Students who wish to opt out again next year must renew their opt out directly through <www.studentcare.ca>.

More information about the plan is available at <www.studentcare.ca>, by calling the Member Services Center at 1-877-789-8714, dropping by the SUB Info Booth or by calling the UVSS info booth at 250-721-8355.

UVic Undergraduate Students’ Society Universal Bus Pass Plan (U-Pass)
The UVSS provides a mandatory bus pass plan for all undergraduate and graduate students. The U-Pass was approved by student referendum in 1999.

The U-Pass fee is $81.00 per term. The U-Pass provides students unlimited access to all Greater Victoria BC Transit buses and HandyDart services. Only the following students may opt-out from the U-Pass plan:

- students with a BC Bus Pass
- students with mobility disabilities which prevent them from using BC Transit or HandyDart services
- students taking both Camosun College and UVic courses

The deadline for opting-out is September 30 (for first term) and January 31 (for second term).

New students can obtain their UVic ID cards at the University Centre. Returning students can validate their student card at the University Centre, Student Union Building or Graduate Student Society.

More information about the plan is available at the SUB Info Booth (250-721-8355).

OTHER UNDERGRADUATE FEES
All Students, per term:
- UVic Students’ Society Fee
  - Less than 4.5 units ................................................. $38.30
  - 4.5 units or more .................................................. $76.60
- Education Students’ Association
  - Domestic ............................................................... $7.50
  - International ...................................................... $12.50
- Engineering Students’ Society
  - Domestic ............................................................... $30.00
  - International ...................................................... $50.00
- Commerce Students’ Society
  - Domestic ............................................................... $50.00
  - International ...................................................... $100.00

Students taking on-campus courses
- Athletics and Recreation fees
  - U-Pass ................................................................. $81.00

Students applying to graduate:
Graduation fee (includes $10.00 for UVSS graduating class fee) .................................................. $50.00
Late Graduation fee (includes $10.00 for UVSS graduating class fee) $60.00

All graduation application fees are non-refundable and non-transferable

1. Students may request a refund of the EdSA fee by applying to the EdSA Executive during the first two weeks of classes of each term.
2. Students may request a refund of the ESS fee in November and March by applying directly to the appropriate professional development union.

FEES FOR INTERNATIONAL STUDENTS

International students (those not holding Canadian citizenship or permanent residency at the beginning of the session) are required to pay international tuition fees for undergraduate and graduate programs and courses. Fees will be adjusted for the term in which documentation is submitted for students who show official documentation of citizenship or permanent resident status before the last day of the term.

Undergraduate international students are required to pay an international student application fee of $117.00.

FEES FOR AUDITORS

Audit fees per credit unit:

Under age 65

MISCELLANEOUS FEES

Note: All fees listed below are non-refundable unless stated otherwise

Undergraduate Admission application fee if all transcripts come from institutions in Canada $74.75
Undergraduate Admission application fee if any transcripts come from institutions outside Canada $122.00
Undergraduate Law (Domestic) Admission application fee for Winter Session $93.75
Undergraduate Law (Domestic) Admission application fee for Summer Studies $37.25
Document evaluation (applies to transfer credit assessment for returning/continuing students only) $46.00
Late application for admission/reregistration $37.25
Application to reregister $19.50
Returned cheque $25.00
Supplemental examination, per paper on campus $50.00
off campus $60.00
Transcripts, per copy $10.00
Transcripts (priority), per copy $17.00
Language 11 Equivalency Test $162.00
Graduation certificate:
Certified copy of degree $15.00
Photocopy - per page $3.00

Final grade review fee (refundable if grade review successful) $25.00
Application for second degree or for change of degree status $10.00
Degree completion letter $10.25
Degree completion letter (priority) $17.00
Miscellaneous letters $10.00
Letters of Permission to undertake studies elsewhere, per application, per institution $10.00

* These fees are effective September 1, 2016

Undergraduate Financial Aid

All UVic undergraduate scholarships, bursaries, medals and prizes adjudicated by the University of Victoria are administered by the Senate Committee on Awards.

Financial aid in the form of bursaries, grants, loans and work-study positions is available to students based on financial need.

Detailed information on financial aid awards and application procedures is available through the Student Awards and Financial Aid website at <www.uvic.ca/registrar/safa>.

GENERAL REGULATIONS

- Except where a donor directs otherwise, the proceeds of awards issued by or through the University are applied towards a student’s total fees for the academic year. If the financial aid a student receives exceeds this amount, the balance will be paid to the student.

- An award of financial aid may be withheld or cancelled if there is a lack of suitable candidates or a donor withdraws the award, or if the student receiving the award withdraws from UVic or fails to meet the terms and conditions of the award.

- If for any reason the original recipient becomes ineligible for an award, the funds may be reassigned to other students.

- Unless otherwise noted, all financial aid available through the University is limited to Canadian citizens and permanent residents.

Undergraduate Bursaries

Bursaries are non-repayable awards based on financial need and reasonable academic standing, as determined by the Senate Committee on Awards. Bursaries are available for students entering UVic and for students already attending the University. Information about the online bursary application is available on the Student Awards and Financial Aid website: <www.uvic.ca/registrar/safa>.

- General bursaries for undergraduates attending UVic require application by October 15. A number of bursaries are awarded on the recommendation of Student Awards and Financial Aid and/or the student’s academic unit. Students should contact their faculty, school or department for information on nomination procedures.

- To be eligible for a bursary, students must maintain registration in a minimum of 60% of a full course load (4.5 units or more) for credit in each term for which they receive a bursary. Students with a permanent disability must maintain registration in a minimum of 40% of a full course load (3.0 units or more) for credit in each term to qualify for bursary assistance.
Grants

Grants are non-repayable awards based on financial need as determined by the office or agency contributing the award. Grants are administered by Student Awards and Financial Aid.

Grants are available for part-time students, for students with permanent disabilities and for students with dependents.

Loans

Loans are repayable and are based on financial need. Both the federal and provincial governments offer student loans. Only one application is needed to be considered for both types of loans. BC students apply to StudentAid BC both for BC student loans and for Canada Student Loans. An online application for StudentAid BC is available at <www.studentaidbc.ca>.

Students should submit their loan applications by August 1 in order to have their loans processed in time to meet fee payment deadlines. To qualify for Canada Student Loans and most provincial student loans, students must be enrolled in at least 4.5 units for credit (3 units for students with a permanent disability), excluding duplicate and/or mutually exclusive course work, in each term of the Winter Session.

Work Study

Work study positions are subsidized jobs on campus, which are allocated on the basis of financial need. The work study program is administered by Student Awards and Financial Aid.

Students apply online for the work study program through UVic MyPage. Full instructions are available on the SAFA website www.uvic.ca/registrar/safa/work-study/index.php.

The number of work study positions is limited; eligible students are not guaranteed a placement. Final decisions on hiring are made by the project supervisors.

Undergraduate Scholarships, Awards, Medals and Prizes

Scholarships, awards, medals and prizes are awarded to students on the basis of academic merit. Scholarships and awards for undergraduate students are administered by Student Awards and Financial Aid. Detailed information on undergraduate scholarships and awards including application procedures are available through the Student Awards and Financial Aid website at <www.uvic.ca/registrar/safa>.

General Regulations: Undergraduate Awards

Recipients of all undergraduate scholarships and awards adjudicated by the University of Victoria are approved by the Senate Committee on Awards. The following regulations apply to both entrance and in-course scholarships and awards.

- Students with disabilities, including those who are on a reduced course load, are eligible to be considered for scholarships and awards. Students must identify themselves to the Student Awards and Financial Aid office.
- Students who enroll as a full-time student and subsequently withdraw from courses, so that they fall below 12 academic units in the Winter Session (September to April), will have their scholarship or award withdrawn.
- The University reserves the right to limit the amount of money awarded to any student, and, if necessary, to reassign scholarships and awards to other students.
- Except where the terms of reference for the scholarship or award state otherwise, the proceeds of the scholarships or awards issued by or through the University will be applied towards the student’s assessed fees for the next Winter Session. If the scholarship or award exceeds this amount, the balance will be paid to the student if they maintain full time registration (12 academic units).
- A scholarship or award may be withheld or cancelled if there is a lack of suitable candidates, if a donor withdraws the scholarship or award, or if the student receiving the scholarship or award withdraws from UVic or fails to meet the terms and conditions of the award.

Entrance Scholarships and Awards

Entrance scholarships and awards are offered to students entering UVic directly from secondary schools and Canadian colleges and universities. Detailed information about entrance scholarships and awards including application procedures are available on the Student Awards and Financial Aid website: <www.uvic.ca/registrar/safa/entrance-scholarships>.

To be eligible for any scholarship offered by UVic, an undergraduate student must normally be a full-time student registered in a minimum of 12 academic units of study, of which 10.5 units are graded using the standard nine point scale, in the two academic terms in the 12 month period (May to April) immediately preceding the adjudication of the scholarships and awards.

Except where the terms and conditions of an undergraduate scholarship or award specifically state otherwise, award winners must normally register and maintain enrolment as a full-time student in a minimum of 12 academic units in their first Winter Session to receive the scholarship or award.

Deferral of a scholarship or award for up to one year may be granted upon written request to Undergraduate Admissions.

In-Course Scholarships

Undergraduate students who attend UVic in the Winter Session are eligible for a number of scholarships and awards made available through contributions from donors or from the University’s operating budget. The majority of these scholarships and awards do not require an application; they are assigned on the basis of merit or by department nomination. Others require an application. Detailed information about in-course scholarships and awards including application procedures are available on the Student Awards and Financial Aid website: <www.uvic.ca/registrar/safa/in-course-scholarships>.

Undergraduate Co-operative Education

Co-operative Education is a process of education which formally integrates students’ academic and career studies on campus with relevant and productive work experience in industry, business, and government.

The accumulation of up to two years of varied and program related work experience enhances students’ intellectual, professional, and personal development; by providing opportunities for applying academic theories and knowledge, evaluating and adjusting career directions, and developing confidence and skills in working with people.
Co-operative Education Programs Offered

Undergraduate Co-operative Education programs are currently offered in the following faculties and departments:

- Faculty of Education
  - School of Exercise Science, Physical and Health Education: Recreation and Health Education, Kinesiology
- Faculty of Engineering
  - Biomedical Engineering
  - Civil Engineering
  - Computer Engineering
  - Computer Science
  - Electrical Engineering
  - Mechanical Engineering
  - Software Engineering
- Faculty of Fine Arts
  - Humanities and Fine Arts Co-operative Education Program (available in all programs)
- Faculty of Human and Social Development
  - Health Information Science
  - Minor in Public Administration
- Faculty of Humanities
  - Humanities and Fine Arts Co-operative Education Program (available in all programs)
- Faculty of Law
- Faculty of Science
  - Biochemistry/Microbiology
  - Biology
  - Chemistry
  - Earth and Ocean Sciences
  - Mathematics and Statistics
  - Physics and Astronomy
- Faculty of Social Sciences
  - Anthropology
  - Economics
  - Environmental Studies
  - Geography
  - Political Science
  - Psychology
  - Restoration of Natural Systems
  - Sociology
  - Minor in Geographic Technologies
- Peter B. Gustavson School of Business
  - Commerce
  - Minor in Business
- Continuing Studies
  - Cultural Resource Management
  - Intercultural Education

Combined, minor and interdisciplinary Co-operative Education Programs are available. Please see calendar entries in these areas for further information.

Admission

Admission, retention, and graduation requirements for Co-operative Education Programs are determined by the individual departments. Consult the calendar entries in these areas for further information.

Students must apply to the appropriate department for admission to the Co-op Program. All students in the Co-operative Education Program are required to read, sign, and abide by the Terms and Conditions of Participation as articulated by their Co-op Program. In general, Co-op students are required to achieve an above-average academic standing, and to demonstrate the motivation and potential to pursue a professional career.

Work Terms

As an integral component of Co-operative Education Programs, students are employed for a number of work terms, which are arranged and evaluated by the individual departments. Co-op program coordinators must review all potential Co-op positions and evaluate their suitability for work term credit. Coordinators may determine some positions as unsuitable.

Work terms, normally of four months’ duration, begin in January, May, and September. Normally, the expected number of weeks per work term is 15 and the expected number of hours per week is 35. The minimum number of weeks per work term is 12 and the minimum number of hours per week is 35. Work terms generally alternate with full-time academic terms on campus, and provide productive and paid, full-time work experience that is related to the student’s program of studies and individual interests. In special circumstances, approval may be granted for a work term to be undertaken on a more flexible schedule, as long as it does not exceed eight months and the total time worked is equivalent to a four-month term of full-time work. Students are expected to end their program on an academic term.

In limited situations, students may be admitted on a provisional basis into a co-operative education program pending formal admission into the related academic program; such students may, with special authorization by the Executive Director, Co-operative Education, on the recommendation of the academic director responsible for admission to the academic program, undertake a first Co-op work term.

In such cases, the Co-op work term will be recorded on the student’s transcript as COOP 001 and the program as COOP, and, if successfully completed, will be accepted as one of the required work terms for the student’s Co-op program.

Students registered for work terms are considered to be enrolled in a full-time course of studies.

4.5 units of academic credit are awarded for each approved work term successfully completed according to the requirements of the various faculties and their Co-op programs. These credits may only be applied to completion of the work term requirement of an approved Co-op program. These work term credits may not be applied towards the graduation requirements for any degree or program except in fulfillment of the Co-op work term requirement as noted above.

Introduction to Professional Practice

Co-op and work experience students are expected to complete successfully a Professional Practice course, consisting of seminars and workshops (typically one hour per week), prior to undertaking their first work term. This course is designed to prepare students for the work term by exploring learning outcomes related to experiential and work-integrated learning. The following topics will be covered: Co-op program objectives and expectations, job seeking skills, competencies self-assessment, transferring skills to the workplace, learning objectives, job performance progress, competencies development and evaluation, and career management and development. Additional topics will be determined by the individual co-op programs. Students should consult with their co-op program area for additional course information.
course is a corequisite for students participating in the placement process prior to their first work term.

**Work Term Credit By Challenge**

Certain Co-op programs allow students to challenge a work term on the basis of relevant work experience undertaken prior to their first work term. Normally a work term challenge should be made prior to commencing the first work term. Students should discuss any potential challenge with the Co-op Coordinator for their program. Not all programs permit Work Term Challenge; where it is permitted, it is subject to the following regulations:

1. Students must be registered in the session in which the work term challenge is to be recorded.
2. Application forms for Work Term Challenge may be obtained from and submitted to the Co-op Program Coordinator for approval to challenge, after which the Challenge fee is assessed.
3. Normally, work term credit by Challenge is limited to one work term; exceptions require recommendation by the Program coordinator and the approval of the Executive Director of the Co-operative Education Program.
4. Assessment of Work Term Challenge will be carried out by the appropriate Co-op Program, based on the following:
   a) an aggregate of relevant work experience that is similar in length and scope to that of a registered work term and not previously counted toward work term credit. Normally, the expected number of weeks per work term is 15 and the expected number of hours per week is 35. The minimum number of weeks per work term is 12 and the minimum number of hours per week is 35
   b) where possible, written confirmation of employment and evaluation of performance from the employer
   c) an outline by the student of the prior work experience, providing evidence that he/she has acquired professional and personal knowledge, skills and attributes appropriate to the discipline or interdisciplinary field
   d) a work term submission appropriate to the discipline or interdisciplinary field
5. Once the assessment has been administered, the result will be entered on the student’s academic record.

**General Regulations: Undergraduate Co-op**

1. Students must register for each work term by completing the Work Term Registration form, which is provided by the Co-op Coordinator and which is normally completed when the student accepts an offer of employment for the work term and must be completed prior to start date. Students must be registered for the entire duration of the work term employment and, once registered, are not permitted to withdraw from the work placement without penalty of failure, unless specific written permission has been granted by the department/Director. Where permission is granted, an entry of WNF (Withdrawn No Fault) will be entered on the transcript. Students must contact the appropriate Coordinator for recommendation on procedure.
2. Each work term is evaluated on the basis of the student’s performance of assigned work term tasks and a final work term submission as defined by the individual department. The work term period and evaluation (grading: COM, F/X, or N/X) are recorded on the student’s official academic record. A failing grade (F/X or N/X) will be assigned if a student fails to complete satisfactorily the requirements for the work term. The requirements for a passing grade (COM) in a work term normally include the completion of all of the following:
   • the Co-op program’s satisfactory assessment of the work term,
   • the employer’s satisfactory evaluation of the student,
   • the satisfactory completion of the final work term submission (such as report, performance review, log book, journal) as submitted according to the deadlines defined by the individual department.
3. A failed work term will normally result in the student being required to withdraw from the Co-op Program, subject to review by the department.
4. The Co-op Program tuition, which is nonrefundable, is due in the first month of each work term and is subject to the Fees "General Regulations" on page 54.
5. In the undergraduate programs, students are required to complete satisfactorily the number of work terms specified by the academic program; normally at least four work terms are required, and in the Peter B. Gustavson School of Business, the Faculty of Fine Arts, the Faculty of Humanities, the Faculty of Law, the Faculty of Social Sciences, the School of Health Information Science and the BSc Major in Kinesiology there will be no less than three, and in the Faculty of Law there will be no less than two. After admission to the program, students are required to register for all Co-op work terms.
6. Work terms are normally of four months duration and alternate with academic terms. Students are expected to end their program on an academic term. For continuous Co-op work experience of eight months or longer with the same employer, credit for more than one work term will only be granted if the requirements for an equivalent number of individual work terms are met. For example, the student must register for a second work term, pay additional tuition assessments, complete a second work term report and receive a second performance evaluation. Normally the second work term should also incorporate an increase in the student’s responsibilities at the work place. For programs requiring a minimum of four work terms, normally at least three of the required work experiences must be separated from each other by at least one academic term.
7. Work term reports are normally due during the first month following each work term, at a time established by the department, for evaluation as part of the assessment of the work term.
8. In the event of a work stoppage (e.g., strike, lay-off) within the first nine weeks of a work term, an attempt will be made to arrange an alternative work placement, to enable the student to complete the work term. If the work stoppage occurs after nine weeks, the work term will be accepted for credit providing all other work term requirements are met.
9. The transferability of work terms from other institutions which offer Co-op programs is determined by individual Co-op departments on the merits of each completed work term. The number of work terms accepted for transfer or combined transfer and challenge must be not more than 50% of the total number required for completion of the Co-op Program.
10. Students who are taking double or combined major degrees, or a major and the Professional Writing Minor (where each area offers a Co-op program) may, if eligible, enroll in and undertake work terms in both Co-op programs or may, if eligible, enroll in and undertake work terms in only one Co-op program. Students enrolled in combined major degrees where a minimum of four work terms are required in each program who complete at least two work terms in each area will have the combined nature of their program noted as part of the Co-op designation on their official records. Students enrolled in combined major degrees where a minimum of three work terms in one or both programs are required must complete at least one work term in each department and at least three work terms in total.
11. To graduate from a Co-operative Education Program, students must complete satisfactorily the minimum number of work terms and maintain the academic standing required by individual departments.
12. Students registered for work terms are considered to be enrolled in a full-time course of studies and may not take university level credit
courses without the permission of the appropriate department. Co-op students on a work term who wish to enrol in a course should contact their Co-op Coordinator.

13. Students enrolled in Co-op programs may be allowed to complete a 3 unit course commencing in September over a 16 or 20 month period, provided the department concerned consents. Students must obtain written permission from the department involved when registering in the course. In such cases, a temporary grade of CIC (Co-op Interrupted Course) will be entered into the student’s December transcript. The CIC grade is used only when a 3 unit course is interrupted by a work term. Unless there is formal withdrawal from the course, the temporary CIC grade will be changed to N (a failing grade) if the course is not completed within 20 months.

**Work Experience Program**

Students participating in Work Experience Programs will complete one or two work experience terms, that is, four to eight months of full-time, discipline-related work under the supervision of the appropriate Co-operative Education Program. Not all Co-op programs participate in the Work Experience Program; where it is permitted, regulations are determined by the individual Co-operative Education Programs. These work experience terms are subject to the general regulations for Undergraduate Co-op programs in the University Calendar, with the exception that “Work Term Credit By Challenge” (page 61), is not permitted. Work Experience students may transfer to a regular Co-op program, subject to approval from the Co-op Coordinator. Admission, retention, and graduation requirements for Work Experience Programs are determined by the individual Co-operative Education Programs. Participation in this program is limited. Students should contact the appropriate Co-op office to discuss entry into this program. Consult the calendar entries in these areas for further information.

**Undergraduate Post-Study Internship Program**

The Undergraduate Post-Study Internship Program is intended for students who are enrolled in full-time studies, leading to a baccalaureate degree. Students must declare their intention to participate in this program at least one term prior to completing all academic coursework. Students participating in the Post-Study Internship Program will complete internship placements, that is, full-time, discipline-related work under the supervision of the appropriate Co-op Program. Internships are only available after all academic coursework has been completed and prior to graduation. Internships are normally of four months duration. In the undergraduate programs, students are required to complete satisfactorily at least one internship placement; no more than three consecutive internship placements. Not all Co-op programs participate in the Post-Study Internship Program; where it is permitted, regulations are determined by the individual Co-operative Education Programs where appropriate. These internship placements are subject to the general regulations for Undergraduate Co-op programs in the University Calendar, with the exception that “Work Term Credit By Challenge” (page 61) is not permitted. Admission, retention, and graduation requirements for Post-Study Internship Programs are determined by the individual Co-operative Education Programs. These internship placements may not be applied toward the graduation requirements for any co-op or work experience program. Participation in this program is limited. Students should contact the appropriate Co-op office to discuss entry into this program. Consult the calendar entries in these areas for further information.

**Student Conduct and Competence on Work Terms**

While on a work term, students are responsible for acting in an ethical and professional manner, and should adhere to the Policy on “Principles of Academic Integrity” (page 55). Academic integrity violations covered by this policy can take a number of forms, including the following:

- plagiarism, multiple submission, falsifying materials subject to academic evaluation, cheating on work, tests, and examinations, and aiding others to cheat.

Where there are reasonable grounds to believe that the conduct or lack of competence of a student enrolled in the Co-operative Education Program has adversely affected or may adversely affect the interests of an employer, the Program, or the University, a student may be requested to withdraw temporarily from a work term or from the Program pending the receipt of a report on the conduct or lack of competence of the student. Upon receipt and review of the report, the student may be reinstated or, if the student’s conduct or lack of competence has adversely affected or may adversely affect the interests of an employer, the Program, or the University, the student may be requested to withdraw permanently from a work term or from the Program.

Where a student has been requested to withdraw temporarily from the Program and has not been reinstated within a reasonable period of time, the student may be granted an opportunity to be heard.

Where a student has been requested to withdraw permanently from the Program, and is not satisfied with the decision, the student should refer to the Student Appeal Procedures.

Where a student is requested to withdraw from a work term, a grade of F/X or N/X shall be entered on the student’s academic record and transcript.

**Student Appeal Procedures**

1. Students who are not satisfied with the decision of the Co-op coordinator should attempt to resolve their concerns at the Co-op program level.

2. If a student is not satisfied with a decision at the program level, the student may appeal the decision in writing to the Dean of the relevant faculty and the Executive Director of Co-operative Education, with a copy to the Co-op coordinator who made the decision or ruling being appealed. The Co-op Coordinator may file a written response to the appeal to the Dean and the Executive Director, with a copy to the appellant. The Dean and the Executive Director will consider the appeal. The Dean and the Executive Director may request additional written submissions from the student and the coordinator and may invite the student and the coordinator to make oral submissions. The Dean and the Executive Director shall communicate their decision in writing to the student and the coordinator in a reasonable time.

3. If the student is not satisfied with this decision, the student may appeal to the Senate Committee on Appeals. This appeal process is governed by the Regulations on “Appeals” (page 54). Decisions of the Senate Committee on Appeals are final and may not be appealed to the Senate. In cases that do not fall under the jurisdiction of the Senate Committee on Appeals, the decision of the Dean and the Executive Director of Co-operative Education is final.

**Criminal Records Check**

UVic students employed in co-operative work terms, placed in practica, placed in community service learning voluntary work or enrolled as student members in their professional organizations may be required to undergo criminal records reviews by legislation (e.g., BC Criminal Records Review Act), or because of the risk management policies of the organization with which the student will be associated. Students are responsible for providing authorization for the review to the employer, practice agency or professional organization upon request and cooperating in the conduct of the review as needed. Without this authorization or cooperation, an organization may revoke its offer of employment or placement. Usually, the student must pay for the review, although some employers will absorb the costs. Some units on campus, where students are frequently placed in situations requiring a review, may have standard information or practices regarding the procedure. However, the University has no responsibility to involve itself in this
process. Students should check the administrative office in their own unit for any discipline-specific information.
Studies in Education lead students toward an understanding of the nature of knowledge, its interpretations and how it is shared. Through individual and group work, instruction, and supervised experiences in the field, students in the Faculty develop their professional knowledge and skills as well as their ability to share their knowledge and experience. In this way, students learn how to be leaders not only in the classroom but in the community as well. Students in the Faculty may pursue bachelor programs in elementary or secondary education, Indigenous Language Revitalization, kinesiology or recreation and health education. The Faculty also offers graduate programs at the master's and doctoral levels.
FACULTY OF EDUCATION

Faculty Members
Ralf St. Clair, Dipl (Moray House), MSc (Heriot-Watt), PhD (UBC), Dean of the Faculty
Catherine McGregor, BEd (UVic), MEd, PhD (Simon Fraser), Associate Dean Graduate and Research
James Nahachewsky, BA, BEd, MEd (Sask), PhD (U of A), Associate Dean Undergraduate Programs

Department of Curriculum and Instruction

#### 1.1 UNDERGRADUATE DEGREE PROGRAMS

The Faculty of Education comprises the Department of Curriculum and Instruction, the Department of Educational Psychology and Leadership Studies and the School of Exercise Science, Physical and Health Education. The faculty offers programs leading to the degrees of Bachelor of Arts in Recreation and Health Education, Bachelor of Education (Elementary Curriculum), Bachelor of Education Post-Degree Professional Program (Elementary), Bachelor of Education Post-Degree Professional Program (Middle Years), Bachelor of Education (Secondary Curriculum), Bachelor of Education Post-Degree Professional Program (Secondary) and Bachelor of Science in Kinesiology.

Indigenous Education contributes courses to the teacher education programs, offers university-wide electives and delivers a two-year community-based Diploma in Indigenous Language Revitalization which leads into a Bachelor of Education in Indigenous Language Revitalization.

#### 1.2 CO-OPERATIVE EDUCATION PROGRAMS

Please refer to "Undergraduate Co-operative Education" (page 59) at the University of Victoria.

In the Faculty of Education, the School of Exercise Science, Physical and Health Education offers Co-operative Education Programs in Kinesiology and Recreation and Health Education. Admission to and completion of co-operative education programs are governed by the individual program requirements. Refer to "18.0 School of Exercise Science, Physical and Health Education" (page 115) for more information.

#### 1.3 INTERFACULTY PROGRAMS

##### Recreation and Health Education Program (BA)

An undergraduate student enrolled in this program may complete courses prescribed in the UVic calendar for another faculty. A Major or Honours program in another faculty is not an option. Students interested in completing an interfaculty Minor should refer to "8.2 BA Recreation and Health Education Honours" (page 74) and consult the adviser in the Exercise Science, Physical and Health Education Advising Office.

##### Kinesiology Program (BSc)

An undergraduate student enrolled in this program may also complete courses prescribed in the UVic calendar for a Minor program in another faculty. A Major or Honours program in another faculty is not an option. Students interested in completing an interfaculty Minor should refer to "9.2.4 Interfaculty Minor, Double Honours or Major" (page 77) and consult the adviser in the Exercise Science, Physical and Health Education Advising Office.

##### Diploma in Secondary Teacher Education

Students enrolled in a Bachelor of Science degree in Mathematics or a Bachelor of Arts degree in French may apply to the Faculty of Education to take the Diploma in Secondary Teacher Education concurrently. Consult an academic adviser for information about the admission requirements and application procedures.

#### 1.4 MINOR IN EDUCATION

The Minor allows students enrolled in any UVic undergraduate baccalaureate program to study teaching and learning for informal and non-formal education environments (non K-12). The program is 9.0 units, of which the selected courses must include at least 6.0 units of coursework at the 300 and 400 level. The selected courses must not form part of the requirements of a Honours or Major or General or Option Program. Any course at the 200-level or above is disqualified from the Minor Program if it overlaps with the requirements of the Honours or Major or General or Option Program. Overlapped course must be replaced by another course at the same level or higher with permission of the department. Only one Minor may be declared on any degree program. The Minor is not available for students currently enrolled in the Faculty of Education.

#### 1.5 CERTIFICATE AND DIPLOMA PROGRAMS

##### Professional Specialization Certificate in Information Communication Technology

This Professional Specialist Certificate provides important background and training for teachers and other educational professionals to gain knowledge, skills, and experience in incorporating new communication technologies for instructional purposes. The certificate will be delivered through a combination of face-to-face and distance delivery.

##### Professional Specialization Certificate in Teaching French Immersion

Teachers will gain the methodology and fluency to be highly effective in the French immersion environment. This new credit certificate consists of four courses – two offered online and two offered face to face. Courses to complete the certificate are EDI 475, 476, 477, and FRAN 475. Students interested in this program should contact the Division of Continuing Studies.

##### Professional Specialization Certificate in Special Education

The Department of Educational Psychology and Leadership Studies offers a Professional Specialization Certificate (PSC) in Special Education. This 7.5 unit program is designed for teachers who have an undergraduate degree and teacher certification. Normally, students entering the program will also have two years teaching or equivalent experience. Using a variety of course delivery methods, the certificate courses are designed and scheduled to be completed part-time.

The general foci of the certificate program are: high and low incidence special needs and their effect on development, learning, and behaviour; legal and ethical issues in the delivery of services to students with special needs; BC Ministry of Education Policies and Procedures; collaboration and consultation in special education; special education assessment (Level B) and identification of learning needs; and individualized education program (IEP) design, delivery and evaluation.

##### Diploma in Special Education

The Department of Educational Psychology and Leadership Studies offers a Diploma in Special Education. This is a 15-unit program that combines the first 7.5 units found in the Professional Specialization Certificate Program in Special Education with coursework in the advanced treatment of developmental disabilities, behaviour problems, assistive technologies, inclusive education and effective consultation skills.
Diploma in Intercultural Education

This 15-unit program is designed for students and professionals working or planning to work in a multicultural or cross-cultural environment. It may be taken on a part-time or full-time basis. Students interested in this program should consult the Division of Continuing Studies.

Diploma in Indigenous Language Revitalization

The Diploma in Indigenous Language Revitalization aims to assist people who want to build on their Indigenous language skills, better understand the contexts in which Indigenous languages can be successfully taught and gain some basic teaching skills. This may include people who are interested in a credential that will allow them to teach a First Nations language in a First Nation administered school or a BC public school. (A First Nations Language Certificate must be sought from the BC Ministry of Education through the support of the student’s local Language Authority).

Diploma in Secondary Teacher Education

This program is designed for degree holders interested in working as a secondary school teacher. The diploma ladders into the Bachelor of Education Post-Degree Professional Program (Secondary). Students enrolled in a Bachelor of Science degree in Mathematics or a Bachelor of Arts degree in French may apply to the Faculty of Education to take the Diploma in Secondary Teacher Education concurrently. Consult an academic adviser for information about the admission requirements and application procedures.

1.6 GRADUATE PROGRAMS

Graduate degrees in education are offered through the Faculty of Graduate Studies. Inquiries about graduate degrees should be directed to the Dean of the Faculty of Graduate Studies or the education departmental graduate advisers. Students seeking teacher certification should refer to the descriptions of the post-degree professional programs.

2.0 Academic Advice

Teacher Education

Students needing advice about the teacher education courses or programs offered in the Faculty of Education (including the post-degree professional programs) should consult an academic adviser in-person at the Advising Office, Room A250 MacLaurin Building, by telephone at 250-721-7877 or email adve@uvic.ca.

Advising Officers

Mel Castillo, BA (UVic)
Nicole Underwood, BSc (UVic)

Kinesiology, Recreation and Health Education

Students needing advice about the Kinesiology and Recreation and Health Education programs offered by the School of Exercise Science, Physical and Health Education (EPHE) should consult the EPHE Academic Adviser, Room 115, McKinnon Building, 250-721-6554, or email <epheadv@uvic.ca>.

Advising Officer

Brad W. Temple, BA (Monash), MA, PHD (RMIT)

Indigenous Education

Students needing advice about Indigenous Education courses or programs offered in the Faculty of Education should consult the Indigenous Adviser/Coordinator, Room A263 MacLaurin Building, 250-721-8389, or email <iedadvis@uvic.ca>.

Indigenous Adviser/Coordinator

Glenda Haynes, BA (VIU), MBA (SFU)

3.0 Indigenous Advisory Board

Programs in the Faculty of Education have the benefit of advice and guidance from the Indigenous Education Advisory Board whose members are stakeholders in the field of Indigenous Education. The members are from the local First Nations, urban Aboriginal, and Métis communities as well as the Faculty of Education and university community. Further information is available from the Indigenous Education Office.

4.0 Availability of Courses to Students in Other Faculties

Faculty of Education courses required for an undergraduate degree program offered by the faculty are normally restricted to students admitted to one of these programs.

A student who is not enrolled in the Faculty of Education may register for any course or section of a course that is not restricted to Faculty of Education students provided that the student has the prerequisites for the course and there are places available in the course when the student attempts to register.

Students in other faculties who propose to take courses in the Faculty of Education are responsible for determining if the courses can be used in their degree program.

In certain cases, other students may be registered as non-degree students to provide them with the opportunity to establish their qualifications for entry or re-entry to a program offered by the faculty or to re-establish their qualifications with the BC Ministry of Education.

5.0 Limitation of Enrolment

The University of Victoria reserves the right to limit enrolment in the Faculty of Education and to refuse admission to the various programs of the Faculty. Such factors as available space and facilities, teaching positions available in the schools, academic qualifications, general suitability of the applicant for teaching, physical abilities and fluency in English will be taken into account.

6.0 Faculty Admissions

Each program offered by the Faculty of Education has specific admission criteria that applicants must meet. Refer to each program entry for detailed information.

Entry to the Faculty of Education is in September for each year.

6.1 GENERAL FACULTY ADMISSION REQUIREMENTS

The general requirements for admission to the Faculty of Education are:

a) at least 12 units of credit\(^1\), including 3 units of English\(^2\)

b) a sessional grade-point average of at least 3.0 on the most recent session, and if that session is less than 12 units, a grade-point average of at least 3.0 on the most recent 12 units\(^3\)

c) an admission interview, if required by program (see 6.3)

1. The Faculty of Education also accepts applications from high school students for the four-year Bachelor of Education (Elementary Curriculum) program. See “Undergraduate Admission” (page 29).

2. The University of Victoria accepts a grade of W or WU for US and Canadian transfer work. Any other grade is considered a fail. Grades of A, B, C, D are accepted.

3. The grade-point average must be calculated on the most recent 12 units. If the applicant has attempted more than 12 units, the most recent 12 units must be used.
All requirements for admission must be completed by April 30 and documented by May 31, except where otherwise specified.

### Application and Document Submission Deadlines

Applications for admission to the faculty, transcripts and all other related documentation must be received by the dates displayed in the table "Undergraduate Application and Documentation Deadlines" (page 8) under the Faculty of Education heading.

#### 6.1.1 Indigenous Admissions

The Faculty of Education is committed to increasing the number of students with First Nations, Inuit and Métis ancestry in our programs and therefore encourages applications from Indigenous people. In recognition of the BC Ministry of Education’s mandate to increase access for Indigenous students, the Faculty of Education has developed distinct access initiatives:

1. **Reserved Seats:** 5% of the positions in all the faculty’s undergraduate programs will be held for Indigenous applicants who meet the Faculty of Education’s minimum program entrance requirements and Indigenous application requirements.1
2. **Exceptional Admission:** Exceptional students who do not meet the standard faculty requirements may be eligible for admission through a case-by-case review process.

### Eligibility for Distinct Access

To be eligible for a reserved seat and/or exceptional admission, an applicant will need to submit the applications admission form for Indigenous students (available from teacher education advising or the School of Exercise Science, Physical and Health Education) in addition to the general admissions application or application to the School of Exercise Science, Physical and Health Education. Applicants will be considered for placement in the programs on an individual basis, taking into account such factors as Indigenous identity, academic performance, employment history, relevant experience with young people, evidence of participation within an Indigenous community and a letter of reference.

#### Admission Interview Requirement

Following the review of an application, an interview (in addition to the program interview) may be required. This interview will be conducted by the Indigenous Education Coordinator and Adviser. The interview process will take into account geographic distance of the applicant from the campus, and an alternative interview process may be considered.

#### Appealing Admission Decisions

A candidate who is not recommended for admission may appeal to the dean of education or to the Senate Committee on Admission, Registration and Transfer. See the university’s first-year admission requirements pertaining to First Nations, Métis and Inuit applicants (page 35).

1. **For the purpose of application and admission to the Faculty of Education, and in accordance with the Constitution Act of 1982, Part II Section 35(2), “Aboriginal peoples of Canada” refers to the Indian, Inuit and Métis peoples of Canada.**
2. **If the 5% quota of seats is not filled by July 1, the seats will first be offered to Indigenous students from outside of Canada, then be offered to general students on the waiting list.**

### 6.3 Admission Interview Requirement

An interview may be required prior to admission for some programs within the Faculty of Education. For information about interviews, applicants should consult an academic adviser in the Faculty of Education.

### 7.0 Faculty Academic Regulations

#### 7.1 Student Responsibility

Students are responsible for ensuring that their courses have been selected to satisfy the requirements of their chosen program within the Faculty of Education.

Students are advised to review the university’s "Undergraduate Academic Regulations" (page 39) as well as the academic regulations that apply to their chosen program within the Faculty of Education.

#### 7.2 Professional Conduct

Students enrolled in a Faculty of Education program are expected to behave in an ethical and professional manner.

Faculty members, students and staff of the Faculty of Education work together to promote professionalism and integrity. These are attributes that prepare our students for leadership roles and create an environment of professionalism in the faculty.

Students in a teacher education program will find the guidelines for professional conduct in "18.1 Code of Professional Conduct" on page 89.

Students in the kinesiology and recreation and health education programs should refer to "18.0 School of Exercise Science, Physical and Health Education" regarding professional conduct for students in the School of Exercise Science, Physical and Health Education.

#### Academic Integrity

Students should refer to the University "Policy on Academic Integrity" (page 42) and the penalties for violating the university policy (See "Penalties", page 44).

#### 7.3 Course Regulations

##### Practicum Courses

All courses that have a practicum component are governed by the practica regulations, section 18.3. No course containing field experience practica may be challenged. Students who wish to repeat any practica courses must obtain permission from the manager of field experience.

##### Prerequisites

It is the responsibility of all registrants to ensure that all prerequisites for the courses in which they register have been met. Prerequisites may be waived if the student has completed equivalent work, or in other exceptional cases. Consult an academic adviser in the Faculty of Education for more information.

##### Registration Restrictions

Registration in all 300-level courses is normally restricted to students having second-year standing or higher. Courses numbered 400 or above are reserved for students registered in third or following years.

### 7.4 Credit Regulations

#### Credit for Courses Undertaken at Other Institutions

A student who has been admitted to the Faculty of Education may not take courses at another institution without the prior written approval, in the form of a letter of permission. A student must have completed, or be registered in, at least 6 units of course work at UVic to be eligible for a
letter of permission. Students may request a letter of permission from an academic adviser in the Faculty of Education.

Students are responsible for ensuring that official transcripts for all attempted course work undertaken at other institutions are submitted to Undergraduate Records. See "Minimum Sessional Grade Point Average and Academic Standing" (page 51) for the minimum sessional grade-point average regulations that apply to all UVic students. See also Faculty of Education minimum sessional grade-point average regulations, below.

Transfer credit is assigned upon receipt of an official transcript from the institution visited; letter grades are not included on the UVic transcript.

Credit for Skill Performance and Analysis Courses
Skill Performance and Analysis course credit is limited as indicated below:

BEd Degrees (Secondary Curricula)
- physical education secondary teaching area program: units specified in the degree
- non-physical education teaching area: 3 units

7.5 STANDING
7.5.1 Sessional Grade-Point Average
See "Standing" (page 51) for an explanation of how a grade-point average is calculated.

7.5.2 Minimum Sessional Grade-Point Average and Academic Standing
Students should refer to "Standing" (page 51) for the minimum sessional grade-point average and academic standing regulations that apply to all UVic students.

Teacher Education Programs

Probationary Status: Students registered in 3.0 units or more whose sessional grade-point average is 2.00 to 2.99 will be placed on faculty probation for the next session attended.

Students who are on faculty probation and achieve a sessional grade-point average of 3.0 or better on a minimum of 6 units will clear their probation status at the end of the session.

Students who fail to obtain a sessional grade-point average of at least 3.0 on a minimum of 6 units during the probationary session will be required to withdraw from the faculty.

Requirement to Withdraw: Students whose sessional grade-point average is less than 2.0 on 3.0 units or more will be required to withdraw from the faculty. If the grade-point average is less than 2.0, further sanctions will be imposed by the university.

Re-admission: Students who complete a minimum of 6 units of course work while outside the program and achieve a minimum sessional GPA of 3.5 will be re-admitted to the program. Students will not be permitted to register in programmatically reserved courses.

Students who have been readmitted to Kinesiology or Recreation and Health Education after having been required to withdraw and whose sessional GPA again falls below 3.5 will be required to withdraw from the program and the Faculty of Education for at least three academic years.

An appeal process is available to address student concerns about the application of any of the above procedures. Please refer to "7.9 Appeals" (page 72).

Non-degree students

Probationary Status: Students registered in fewer than 4.5 units and whose sessional GPA is less than 3.0 will be placed on faculty probation for the next session attended.

Students who are on faculty probation and achieve a sessional grade-point average of 3.0 or better (regardless of registered course load) will clear their probation status at the end of the session.

Requirement to Withdraw: Students whose sessional grade-point average is less than 3.0 on 4.5 units or more may be required to withdraw from the faculty. If the GPA is less than 2.0, further sanctions will be imposed by the university.

Re-admission: To re-enter the faculty, students must complete a minimum of 6 units of course work with grade-point average of 3.0 or better.

Professional Specialization Certificate in Special Education and Diploma in Special Education

Probationary Status: Students registered in fewer than 4.5 units and whose sessional GPA is less than 3.0 will be placed on faculty probation for the next session attended.

Students who are on faculty probation and achieve a sessional grade-point average of 3.0 or better (regardless of registered course load) will clear their probation status at the end of the session.

Students who fail to obtain a sessional GPA of at least 3.0 (regardless of registered course load) during the probationary session will be required to withdraw from the faculty.

7.6 CURRENCY REQUIREMENT FOR DEGREE AND PROGRAM COMPLETION

The Faculty of Education reserves the right to impose currency requirements for degree/program completion. Course work more than
10 years old will be subject to a review to determine whether its content is outdated. Students whose course work is considered outdated by the Program Leads, in consultation with the departments or the school, or by the director of the School of Exercise Science, Physical and Health Education, will be required to replace or update the course work concerned.

7.7 Declaring a Program
All undergraduate students registered in the faculty are required to make a commitment to a particular program. Students may request a record of degree program (CAPP) from a Faculty of Education academic adviser following admission to the faculty. The purpose of the CAPP report (Curriculum Advising and Program Planning) is to ensure that proposed courses will meet the requirements for the degree program selected.

CAPP reports will be based on current faculty regulations. All previously completed course work will be considered in relation to the student’s choice of program and, in the case of students in a secondary teacher education program, teaching areas. The faculty reserves the right to review any program or course work that is deemed to be outdated.

Students may confirm program requirements with an academic adviser before registering in any session.

7.8 Graduation
7.8.1 Minimum Degree Requirements for Graduation
Students should refer to “Graduation” (page 52) for the graduation regulations that apply to all UVic students.

Students registered in a teacher education program should also refer to “18.5 Graduation Requirements for Bachelor of Education Degree Programs” (page 90).

7.8.2 Standing at Graduation
Graduating Average
The graduating average of a student in the Faculty of Education will be determined as the weighted average of the grade point values of the letter grades (other than COM) assigned to 300-, 400- and 700-level courses taken at the university and acceptable within the degree program.

7.9 Appeals
Students should refer to the university regulations regarding appeals (see “Appeals”, page 54).

Academic Matters
The first level of appeal concerning a course is normally the instructor of the course; the second level is the director or chairperson of the academic unit concerned; and the third level is the dean of the faculty concerned.

Admission Decisions
Applicants who are denied admission to a program offered within the Faculty of Education, and who can prove extenuating circumstances, may submit a written request to have their application re-considered by the faculty appeals and adjudication committee (FAAC). Appeals addressed to this committee should be submitted to the kinesiology and recreation and health education programs adviser or to a teacher education program adviser as applicable.

Fee Reduction
The first level of appeal should be made to an academic adviser in the Faculty of Education. The adviser will determine the next step in the process; i.e., program manager, associate dean, chair, director or fee reduction appeals committee (FRAC).

Required Withdrawal from Program
A student whose sessional grade-point average falls below his/her program’s minimum requirement and is required to withdraw from his/her program and the Faculty of Education may appeal to the chair or the director of the School of Exercise Science, Physical and Health Education. Appeals of the manager’s or director’s decision are taken to the faculty appeals and adjudication committee (FAAC). Appeals of the FAAC decision are taken to the dean of the Faculty of Education.

8.0 Bachelor of Arts (BA) - Major in Recreation and Health Education Co-operative Education Program
The Recreation and Health Education (RHED) program is an interdisciplinary program and prepares students to enter the fields of recreation, wellness and health promotion, leadership and administration primarily in the public and not-for-profit sectors. It provides preparation in the planning, implementation, evaluation and supervision of recreation, leisure, fitness, wellness and health promotion policies and programs that support social changes.

The Recreation and Health Education program is a minimum of a 4.5 year degree leading to the degree of Bachelor of Arts. It is available only on a co-operative model basis. Please refer to the general description of the Co-operative Education concept and general regulations governing all co-operative education students (page 59).

The School of Exercise Science, Physical and Health Education accepts approximately 30 students each year into the BA Recreation and Health Education Major program.

Admission Requirements:

The requirements for admission to the BA Recreation and Health Education program are:

1. at least 12 units of credit, including 3 units of English (ENGL 135 and one of 146, 147)
2. an interview by the School of Exercise Science, Physical and Health Education
3. academic preparation which includes the following:
   • EPHE 143 (1.5)
   • a minimum grade point average of 4.0 (on a 9-point scale) on the most recent session. For students currently registered in less than 12 units, the GPA will be determined by using a combination of the GPA achieved in the current session and the GPA from the previous session applied to the number of units required to reach the 12 unit minimum. Achieving the minimum GPA for the program does not ensure acceptance.
4. all requirements for admission must be completed by April 30 and documented by May 31

All students should follow the academic guidelines described in section 18.2.1. With a high grade point average, applicants to the Co-op program in Recreation and Health Education may be provisionally admitted into a Co-operative Education work term prior to formal admission into the RHED program. Such students, with authorization from the Office of the Executive Director, Co-operative Education, may undertake a first Co-op work term. In such cases, the Co-op work term will be recorded on the transcript as COOP 001 and, if successfully completed, will be accepted as one of the required work terms for the student’s Co-op program. Subsequent work terms must be done as part of the Recreation and Health Education program. Authorization to take a Co-op work term does not guarantee admission to the School of Exercise Science, Physical and Health Education.
Application and Document Submission:
New UVic applicants transferring from college or university should refer to "Undergraduate Admission" (page 29) and apply online at <uvic.ca/apply>.

Continuing and returning UVic applicants apply online using My UVic application <http://www.uvic.ca/application>.

Applications must be submitted no later than January 31.

Students should refer to the School of Exercise Science, Physical and Health Education’s website for application instructions and supplemental document requirements: <www.uvic.ca/education/exercise>.

Academic Standing:
Students are reminded of their responsibility to maintain the minimum academic performance required for the Recreation and Health Education program (see section 7.5.2). If a student is on probation, then no units of credit will be allowed during the work term. Students who have been required to withdraw from the program will not be eligible to participate in the next scheduled Co-op work term.

Work Terms:
Students must complete four work terms. Normally, the expected number of weeks per work term is 15 and the expected number of hours per week is 35. The minimum number of weeks per work term is 12 and the minimum number of hours per week is 35. Each work term is noted on the student’s academic record (grading: COM, F/X or N/X). A student who does not complete a work term satisfactorily will normally be required to withdraw from the program, but the Recreation and Health Education Committee may, upon review, authorize a further work term.

Students registered for work terms are considered to be enrolled in a full-time course of studies and may not take university-level credit courses while on a work term. Under extraordinary circumstances, students may submit, in writing to the Co-operative Education Coordinator, School of Exercise Science, Physical and Health Education’s website for application instructions and supplemental document requirements: <www.uvic.ca/education/exercise>.

Students are reminded of their responsibility to maintain the minimum academic performance required for the Recreation and Health Education program (see section 7.5.2). If a student is on probation, then no units of credit will be allowed during the work term. Students who have been required to withdraw from the program will not be eligible to participate in the next scheduled Co-op work term.

Work Terms:
Students must complete four work terms. Normally, the expected number of weeks per work term is 15 and the expected number of hours per week is 35. The minimum number of weeks per work term is 12 and the minimum number of hours per week is 35. Each work term is noted on the student’s academic record (grading: COM, F/X or N/X). A student who does not complete a work term satisfactorily will normally be required to withdraw from the program, but the Recreation and Health Education Committee may, upon review, authorize a further work term.

Students registered for work terms are considered to be enrolled in a full-time course of studies and may not take university-level credit courses while on a work term. Under extraordinary circumstances, students may submit, in writing to the Co-operative Education Coordinator, School of Exercise Science, Physical and Health Education, a request to register in a maximum of 1.5 units of university level course credit. Students should not expect to complete all their work terms in the summer months, nor should they expect to complete their program on a work term or series of work terms.

Students must sign a current Terms and Conditions document as provided by the Co-operative Education Coordinator, School of Exercise Science, Physical and Health Education in order to be eligible to participate in the placement process.

Participation in EPHE 200 Co-op Seminar is a mandatory requirement for all School of Exercise Science, Physical and Health Education Co-op students. This course is a corequisite for students participating in the placement process prior to their first work term. EPHE 200 is offered in the September to December academic term. Students will be provided more information regarding the content and requirements for completion of this seminar upon admission to the RHED program.

Students are expected to participate fully in the placement process. While every attempt will be made to ensure that all eligible students are placed, the School of Exercise Science, Physical and Health Education is under no obligation to guarantee placement. Students are only permitted to decline one valid Co-op job offer, any more than that and they will be deemed ineligible to participate in the placement process for the remainder of that term. Students should be prepared to spend at least one work term outside the Greater Victoria area.

The Co-op Program Coordinator, School of Exercise Science, Physical and Health Education reserves the right to approve any employer that provides placements for students and to withdraw a student from any placement assigned to a student. The student, however, has the right to be informed in writing of the reasons for any withdrawal and can follow the student appeal procedures as outlined in the Co-operative Education Program section of the calendar. Students may not withdraw from a placement without approval from the Co-op Coordinator. Failure to obtain permission will result in the student receiving a grade of F/X on the work term.

Students must be officially registered for the work term by completing the Work Term Registration Form, which is provided by the School of Exercise Science, Physical and Health Education Co-op office, and provide any other required documentation prior to the start of the work term. A Co-op Program tuition fee, which is non-refundable, is due in the first month of each work term and is subject to the University’s general fee regulations.

Ethical and Professional Behaviour:
While on co-operative education work terms students are responsible for acting in an ethical and professional manner.

Attendance:
While on co-operative education work terms students are expected to have regular attendance, be punctual at the work place and to notify their co-operative education coordinator whenever work term requirements cannot be kept.

Denial of co-operative education placement:
Students will be denied a co-operative education placement if their preparation in required course work and/or EPHE 200 is deemed unsatisfactory by their instructor(s) and/or the Director of the School of Exercise Science, Physical and Health Education.

Withdrawal from co-operative education placement:
Students may be required to withdraw from the co-operative education placement with a failing grade if their performance in the workplace or their workplace preparation is considered unsatisfactory by the work site supervisor, co-operative education coordinator and the academic program coordinator.

Voluntary Placement Withdrawal:
Students seeking voluntary withdrawal during a placement must receive permission to do so from the co-operative education coordinator and program coordinator. Their request must be in writing and contain the reasons for the request. Students whose performance is deemed unsatisfactory at the time of withdrawal will receive a failing grade.

The performance of students in the Recreation and Health Education Co-operative Education Program will be reviewed after each campus term and each work term. Students whose performance is deemed unsatisfactory by their instructor(s) and/or the Director of the School of Exercise Science, Physical and Health Education are only permitted to decline one valid Co-op job offer, any more than that and they will be deemed ineligible to participate in the placement process for the remainder of that term. Students should be prepared to spend at least one work term outside the Greater Victoria area.

### Year Five

#### September-April:
- EPHE 445 1.5
- EPHE 454 1.5
- Three Electives 4.5
- **Total** 7.5
- **Total Units for Degree** 60.0

---

1. Students must complete three skill performance and analysis courses from EPHE 104-137.

---

2. Of the 18.0 units of electives, normally 7.5 units must be any 300- or 400-level course for which you have the prerequisites.

### 8.2 BA Recreation and Health Education Honours

Students in the Recreation and Health Education program seeking an Honours degree normally apply at the start of their third year by downloading an application form from the EPHE website, completing Section 1 and submitting it to the EPHE academic adviser. Students who meet the Honours eligibility requirements will need to find a supervisor for their Honours theses before being accepted into the program. Instructions for finding a supervisor are available on the application form.

To be eligible to apply for Honours, applicants require a minimum 7.0 grade point average in all EPHE courses (excluding EPHE 104-137 courses).

An Honours degree will be awarded to students who obtain:
- a graduating average of at least 7.0;
- a grade of at least A- in EPHE 499.

A student who achieves a grade lower than A- in EPHE 499 will graduate with a Major provided all requirements for the Major program are fulfilled.

Students accepted into the Honours program follow the same course sequence requirements, with the following modifications:
- addition of EPHE 357 Research Methods (1.5 units) and EPHE 499 Honours Thesis or Tutorial (3.0 units);
- reduction of 3.0 units of 300-400 level electives;
- resulting in total units for degree being increased by 1.5 units.

### 8.3 Interfaculty Minor

A student who completes the requirements for the RHED program, and also completes the courses prescribed for one of the academic units listed under the General Program or the courses prescribed in the Calendar for a Minor program offered in another faculty, will receive a Minor in that academic unit. The Minor will be added to the student’s academic record only if the courses taken for the Minor are not part of the core requirements for the RHED program, and only if the student formally declares the Minor program through the EPHE Adviser. Only one Minor may be declared. Students interested in pursuing an Interfaculty Minor should discuss this program with the EPHE Adviser. Note that a Minor in Kinesiology is not available.

### 9.0 Bachelor of Science (BSc) Kinesiology

The School of Exercise Science, Physical and Health Education offers a Bachelor of Science Kinesiology degree, which includes the option of studying under a co-operative education model. An Honours degree is also available to those students seeking research experience. The BSc, Kinesiology program requires a degree of specialization in the last two years of study. This degree may permit students to proceed to a professional position in the various fields associated with Kinesiology, or to proceed towards graduate studies, or professional studies (including chiropractic, physiotherapy, occupational therapy, speech language pathology, recreation therapy and teacher education).

Students should note that many of the required Biology, Chemistry, Math and Physics courses in the Kinesiology degree have secondary school prerequisites. Biology 12, Chemistry 12, Physics 12, and Principles of Mathematics 12 or Pre-Calculus 12 are recommended and best prepare students to succeed in the Kinesiology program. However, students who do not have grade 12 level in the math and sciences can take additional courses at UVic or another institution in order to fulfill their Kinesiology degree requirements. Details of the secondary school prerequisite requirements for Biology, Chemistry, Math and Physics courses in the Kinesiology degree are provided in the associated University Calendar course descriptions, and for key courses, on the School’s website as part of notes associated with the description of the recommended sequence.
in Kinesiology <www.uvic.ca/education/exercise/undergraduate/kinesiology/sequence>.

The School of Exercise Science, Physical and Health Education accepts approximately 60 students each year into the BSc Kinesiology program.

9.1 Admission Requirements

The requirements for admission to the BSc Kinesiology program are:

1. at least 12 units of credit, including:
   • a minimum of 6 units of science (from BIOL, CHEM, MATH, PHYS, STAT 255, EPHE 141, 241, 242)
   • 3 units of English (ENGL 135, and one from 146, 147, 225)
   • EPHE 143
2. a minimum grade point average of 5.0 ("B" average) on the most recent session. For students currently registered in less than 12 units, the GPA will be determined by using a combination of the GPA achieved in the current session and the GPA from the previous session applied to the number of units required to reach the 12 units. Achieving the minimum GPA for the program does not ensure acceptance.
3. all requirements for admission must be completed by April 30 and documented by May 31.

Application and Document Submission:

New UVic applicants transferring from college or university should refer to “Undergraduate Admission” (page 29) and apply online at <uvic.ca/apply>.

Continuing and returning UVic applicants apply online using My UVic application <http://www.uvic.ca/application>.

Applications must be submitted no later than January 31.

Students should refer to the School of Exercise Science, Physical and Health Education’s website for application instructions and supplemental document requirements: <www.uvic.ca/education/exercise>.

Academic Standing

Refer to “7.5.2 Minimum Sessional Grade-Point Average and Academic Standing” for the minimum academic standing regulations for the Kinesiology program.

Further details on electives can be found on the School of Exercise Science, Physical and Health Education website: <www.uvic.ca/education/exercise/undergraduate/kinesiology/electives>.

Science electives must be selected from courses offered by the following departments: Biochemistry and Microbiology, Biology, Chemistry, Computer Science, Mathematics and Statistics, and Physics and Astronomy. Courses in these departments designated for non-science students WILL NOT be accepted as science electives. In addition, approved courses offered by the Departments of Psychology and Anthropology, and the Division of Medical Sciences are designated as science electives. A complete list of approved science electives can be found on the School of Exercise Science, Physical and Health Education website: <www.uvic.ca/education/exercise/undergraduate/kinesiology/electives>.

Approved discipline related electives (300 or higher) must be selected from courses offered by the Faculty of Science, the Department of Anthropology, the Department of Psychology, the Department of Computer Science, the
9.2 Kinesiology – Co-operative Education Program

The Kinesiology Co-operative Education program is a year-round program, which enables students to integrate their academic experiences with workplace learning. Please refer to the general description of the Co-operative Education concept and general regulations governing all co-operative education students (page 59).

All students should follow the academic guidelines described in section 18.3.4.

With a high grade point average, applicants to the Co-op program in Kinesiology may be provisionally admitted into a Co-operative Education work term prior to formal admission into the Kinesiology Co-op program.

Students, with authorization from the Office of the Executive Director, Co-operative Education, may undertake a first Co-op work term. In such cases, the Co-op work term will be recorded on the transcript as COOP 001 and, if successfully completed, will be accepted as one of the required work terms for the student’s Co-op program. Subsequent work terms must be done as part of the Kinesiology program. Authorization to take a Co-op work term does not guarantee admission to the School of Exercise Science, Physical and Health Education.

Work term credit by challenge is not permitted in the BSc Kinesiology Co-op program.

Academic Standing:

Students are reminded of their responsibility to maintain the minimum academic performance required for the Kinesiology program (see section 7.5.2). If a student is on probation, then no units of credit will be allowed during the work term. Students who have been required to withdraw from the program will not be eligible to participate in the next scheduled Co-op work term.

Work Terms:

Students must complete three work terms. Normally, the expected number of weeks per work term is 15 and the expected number of hours per week is 35. The minimum number of weeks per work term is 12 and the minimum number of hours per week is 35. Please note that participation in the co-operative education program adds to the length of time required for successful degree completion.

Each work term is noted on the student’s academic record (grading: COM, N/X or F/X). A student who does not complete a work term satisfactorily will normally be required to withdraw from the program but the Kinesiology Committee may, upon review, authorize a further work term.

Students registered for work terms are considered to be enrolled in a full-time course of studies and may not take university level credit courses while on a work term. Under extraordinary circumstances, students may submit, in writing to the Co-operative Education Coordinator, School of Exercise Science, Physical and Health Education, a request to register in a maximum of 1.5 units of university level course credit. Students should not expect to complete all their work terms in the summer months, nor should they expect to complete their program on a work term or series of work terms.

Students must sign a current Terms and Conditions document as provided by the Co-operative Education Coordinator, School of Exercise Science, Physical and Health Education in order to be eligible to participate in the placement process.

Participation in EPHE 200 Co-op Seminar is a mandatory requirement for all School of Exercise Science, Physical and Health Education Co-op students. This course is a corequisite for students participating in the placement process prior to their first work term. EPHE 200 is offered in the September to December academic term. Students will be provided more information regarding the content and requirements for completion of this seminar upon admission to the KINE co-op program.

With permission of the Program Coordinator, Kinesiology Co-op students may voluntarily withdraw from Co-operative Education and remain enrolled in the Kinesiology degree program.

Students are expected to participate fully in the placement process. While every attempt will be made to ensure that all eligible students are placed, the School of Exercise Science, Physical and Health Education is under no obligation to guarantee placement. Students are only permitted to decline one valid Co-op job offer, any more than that and they will be deemed ineligible to participate in the placement process for the remainder of that term. Students should be prepared to spend at least one work term outside the Greater Victoria area.

The Co-op Program Coordinator, School of Exercise Science, Physical and Health Education reserves the right to approve any employer that provides placements for students and to withdraw a student from any placement assigned to a student. The student, however, has the right to be informed in writing of the reasons for any withdrawal and can follow the student appeal procedures as outlined in the Co-operative Education Program section of the calendar. Students may not withdraw from a placement without approval from the Co-op Coordinator. Failure to obtain permission will result in the student receiving a grade of F/X on the work term.

Students must be officially registered for the work term by completing the Work Term Registration Form, which is provided by the School of Exercise Science, Physical and Health Education Co-op office, and provide any other required documentation prior to the start of the work term. A Co-op Program tuition fee, which is non-refundable, is due in the first month of each work term and is subject to the University’s general fee regulations.

Ethical and Professional Behaviour:

While on co-operative education work terms students are responsible for acting in an ethical and professional manner.

Attendance:

While on co-operative education work terms students are expected to have regular attendance, be punctual at the workplace and to notify their co-operative education coordinator whenever work term requirements cannot be kept.

Denial of co-operative education placement:

Students will be denied a co-operative education placement if their preparation in required course work and/or EPHE 200 is deemed unsatisfactory by their instructor(s) and/or the Director of the School of Exercise Science, Physical and Health Education.

Withdrawal from co-operative education placement:

Students may be required to withdraw from the co-operative education placement with a failing grade if their performance in the workplace or their workplace preparation is considered unsatisfactory by the work site supervisor, co-operative education coordinator and the academic program coordinator.

Voluntary Withdrawal:

Students seeking voluntary withdrawal during a placement must receive permission to do so from the co-operative education coordinator and program coordinator. Their request must be in writing and contain the reasons for the request. Students whose performance is deemed unsatisfactory at the time of withdrawal will receive a failing grade.

The performance of students in this program will be reviewed after each campus term and each work term. Students whose performance is deemed unsatisfactory will be so informed and will be advised of the conditions they are to satisfy in order to remain in the program.
9.2.1 Recommended Sequence of Required Courses for the BSc Kinesiology, Co-operative Education program

Years 1 and 2 are the same as the non-Co-op Major except the addition of EPHE 200 at the start of Year Two. See 18.3.2 and notes 1, 2, and 3. At the end of Year Two:

Work Term #1

Year Three

Work Term #2

EPHE 341\textsuperscript{1} .................................................................................................................. 1.5
EPHE 344\textsuperscript{1} .................................................................................................................. 1.5
EPHE 359 (summer).................................................................................................................. 1.5
EPHE 360\textsuperscript{1} .................................................................................................................. 1.5

Total Units for Degree .................................................................................................................. 60.0

9.2.2 BSc Kinesiology Honours

Students in the BSc Kinesiology non-Co-op or Kinesiology Co-op programs seeking an Honours degree normally apply at the start of the third year of the program by downloading an application form from the EPHE website, completing Section 1 and submitting it to the EPHE academic adviser. Students who meet the Honours eligibility requirements will need to find a supervisor for their Honours thesis before being accepted into the program. Instructions for finding a supervisor are available on the application form.

To be eligible to apply for Honours, applicants require a minimum 6.0 grade point average in all EPHE courses (excluding EPHE 104 to 137 courses) and a grade point average of 5.0 in non-EPHE courses.

All requirements should be completed within five academic years. An Honours degree will be awarded to students who obtain:

1. a graduating average of at least 5.0
2. a grade point average of at least 5.5 for 300- and 400-level Exercise Science, Physical and Health Education courses
3. a grade of at least B in EPHE 499

A student who achieves a grade lower than B in EPHE 499 will graduate under the Major program, providing all other requirements for the degree are fulfilled.

9.2.3 Recommended Sequence of Required Courses for the BSc Kinesiology Honours program

Years 1 and 2 are the same as for the BSc Kinesiology non-Co-op. See 18.3.2 and notes 1, 2, and 3.

Note: BSc Kinesiology Coop students must plan to take EPHE 359 (summer) and are not eligible to take EPHE 447.

9.2.4 Interfaculty Minor, Double Honours or Major

Students interested in pursuing an Interfaculty Minor or an Interfaculty Double Honours or Major should discuss this program with both the Program Coordinator and the EPHE Adviser.

10.0 Bachelor of Education in Indigenous Language Revitalization

10.1 General Information

The Bachelor of Education in Indigenous Language Revitalization is a community-based, cohort-driven program that is designed for BC Indigenous community members who want to learn their language and become teachers of their language, and would like to study in their home community. The Bachelor of Education in Indigenous Language Revitalization is targeted towards those who want to become professional K-12 teachers in hopes of teaching in either a First Nations administered or public school. Students will continue building their language capacity to ensure they are qualified to teach in an immersion context if desirable. Students enter this program after completing a Diploma in Indigenous Language Revitalization or equivalent coursework approved by the Director of Indigenous Education.

Admission Requirements

The Diploma in Indigenous Language Revitalization (see section 19.5) ladders into the Bachelor of Education in Indigenous Language Revitalization. Normally, students will enter the BED program after completing the Diploma, provided they meet the following admission requirements:

1. Admissibility to the university (including completion of English 12 and Math 11);
2. At least 30 units of coursework that includes:
   • Approved English (3.0 units);
   • Indigenous language studies (22.5 units, including 12.0 units focused on indigenous language proficiency);
• ED-D 301 (1.5 units)
• EDCI 302 (1.5 units)
• IED 371 (1.5 units)

3. A sessional grade point average of at least 3.0 (C+) on the most recent session; if that session is less than 12 units, a grade point average of at least 3.0 on the most recent 12.0 units.

Students who have completed the Diploma in Indigenous Language Revitalization should contact UVic Undergraduate Records for information on how to apply to the Bachelor of Education in Indigenous Language Revitalization. There will be no fee associated with the application.

Transfer possibilities will be dealt with on a case by case basis. Up to 22.5 units of transfer credit for Indigenous language courses and 3.0 units of approved English may be granted, as negotiated by cohort through individual community partnerships. At least 12.0 units must be focused on proficiency in an Indigenous language. Provided they have met all other program admission requirements, students will be conditionally admitted to the Bachelor of Education in Indigenous Language Revitalization on the basis of the 25.5 units of transfer credit described above and must then complete ED-D 301, EDCI 302, and IED 371 in their first year of study.

10.2 PROGRAM CURRICULUM

The majority of the course work in the program will be adapted slightly to the needs of each cultural and linguistic cohort. The Indigenous language courses will have to be adapted more extremely than other courses, due to the varied nature of each language in BC. The students in the program must move through the program together in the pre-determined set of courses to be offered in their community. Program exceptions for the Bachelor of Education in Indigenous Language Revitalization must be approved by the Director of Indigenous Education.

The order of the course offerings will vary from partnership to partnership due to the differing community scheduling needs and instructor availability. This program runs through the summer session.

Year One and Year Two

Diploma in Indigenous Language Revitalization (See 19.5 Diploma in Indigenous Language Revitalization)

Year Three

Approved Math course ................................................................. 1.5
Approved Science course ............................................................ 1.5
ED-D 407 Evaluating and Reporting Student Progress .................. 1.5
EDCI 303 Historical and Philosophical Foundations of Canadian Education ................................................................. 1.5

IED 475 Immersion Language Teaching Methodologies ............ 1.5
LING elective, one of 405 Wakashan, 401 Salish, 403 Dene (Athabaskan), 450 Seminar in Language ........................................ 1.5

Year 4 Total ................................................................................. 13.5

On successful program completion, students are eligible for recommendation to the BC Teacher Regulation Branch for Professional Teaching Certification.

Program Notes

• In year three, one of LING 401, 403, 405 or 450 will be offered, depending on the community partnership request.
• IED 358, 458 or IED 356, 456 can be used in substitution of IED 359, 459.

11.0 Minor in Education

11.1 GENERAL INFORMATION

The Department of Curriculum and Instruction offers a 9.0 unit undergraduate Minor in Education. The goal of the program is to provide students from all disciplines to succeed as non K-12 Educators (volunteers and paid staff) of social agencies and/or businesses who have an instructional component to their organization. Graduates of the program will have a basic foundation of learning, teaching, assessment, and instructional design to meet the needs of informal and non-formal education environments.

11.2 APPLICATION TO THE PROGRAM

Admission to the program will normally be after the student’s second year of study. The program is not available for students currently enrolled in Teacher Education Programs in the Faculty of Education.

11.3 PROGRAM REQUIREMENTS

EDUC 100 (1.5) Introduction to Education
EDCI 335 (1.5) Learning Design
ED-P 301 (1.5) Internship/Community Experience

4.5 units of electives chosen from EDCI 338, 339, 456, 496, ED-D 300, 305, 417, 423, EPHE142, 252, 253, 270, IED 371, 372, AE 322, 330, and other electives upon approval of the department.

A minimum of 6.0 units of the program must be at the 300 or 400 level.
12.0 Teacher Education Admissions

See "Undergraduate Application and Documentation Deadlines" (page 8).

Bachelor of Education (Elementary Curriculum)

The Faculty of Education admits students into the first or second year. Each admission point has specific admission criteria that applicants must meet.

High school applicants applying for first year should refer to "Undergraduate Admission" (page 29) for further details. Students who are not admitted directly from high school are encouraged to complete year one requirements in another faculty at UVic and to apply for year two entry.

Applicants applying for second year entry should refer to "13.0 Bachelor of Education (Elementary Curriculum)".

Bachelor of Education (Elementary Curriculum) – East Kootenay Teacher Education Program

The Faculty of Education offers only year two admission to college/university transfer students. Applicants should refer to "13.0 Bachelor of Education (Elementary Curriculum)".

Bachelor of Education in Indigenous Language Revitalization

The Faculty of Education offers year three admission to students who have completed the Diploma in Indigenous Language Revitalization. Applicants must follow the admission procedures outlined in section 10.0.

Bachelor of Education (Secondary Curriculum)

The Faculty of Education offers year two entry to UVic and college/university transfer students who wish to teach at least one of art or physical education. Applicants must follow the admission procedures outlined in section 16.0.

Entry to this program does not require specific secondary school prerequisites but the following courses are recommended:

• English Literature 12 and
• for those wishing to become secondary art education teachers, Art 12
• for those wishing to become physical education teachers, Biology 11, Biology 12, Chemistry 11, Physical Education 11 and Physics 11

Bachelor of Education Post-Degree Professional Program (Elementary)

Degree holders will follow the admission procedures outlined in section 14.0.

Bachelor of Education Post-Degree Professional Program (Middle Years)

Degree holders will follow the admission procedures outlined in section 15.0.

Diploma in Secondary Teacher Education

Degree holders will follow the admission procedures outlined in section 19.6.

12.1 Written English Competency Requirement

Students must obtain a C+ grade or higher in each of two approved English courses (3.0 units). This is normally satisfied in one of the following ways:

1. One approved English composition course and one approved English literature course each with a C+ grade or higher; for example, one of ENGL 135 and ENGL 146 or 147; or approved 200-level English courses.

2. Two approved English literature courses each with a C+ grade or higher: for example, ENGL 146 and 147.

Students who have not yet satisfied this requirement, must consult a faculty of education adviser about the English Equivalency Test (EET).

Students must satisfy the written English competency requirement prior to admission with the following exceptions:

• Bachelor of Education (Elementary Curriculum) Degree program students, must do so prior to year two.
• Bachelor of Education (Secondary Curriculum) Degree program students must do so prior to year five.
• Students taking the Diploma in Secondary Teacher Education concurrently with a BA in French or BSc in mathematics must do so prior to year five.

12.2 Acceptance Deposit

An acceptance fee of $150.00 is required from all students upon their acceptance of a place in a teacher education program. This fee will be credited towards student fees at the beginning of the program. A student who withdraws from the program at least 30 days before the start date of the program will be refunded $100.00 of the acceptance deposit. A student who withdraws from the program within 30 days of the start date of the program will receive no refund.

12.3 Teacher Applicants

Qualified teachers, whose initial preparation led to teacher certification but not to an undergraduate degree, who now wish to complete a Bachelor of Education degree at the University of Victoria should consult an academic adviser.

Existing programs can be modified on the basis of previous university-level course work and experience. The Program Lead will determine what credit, from UVic or other institutions, may be applied to the degree program. Those whose studies commenced more than 10 years ago are also referred to Limitations of Credit for Certificated Teachers.

Applications must be made in the normal manner to UVic Undergraduate Admissions or Records.

12.4 Criminal Record Check

While not a requirement for admission, students must complete a Criminal Record Check in compliance with the BC Criminal Record Review Act before they can be placed in a field experience. Students are responsible for providing authorization for the review to the Field Experience Office upon request. Students who do not complete the review will not be permitted to undertake field experience. Costs related to the review are the responsibility of the individual student. Contact the Field Experience Office for more information.

Students with criminal convictions are advised to contact the manager of field experience and the BC Ministry of Education for clarification of their status before undertaking a teacher education program.

13.0 Bachelor of Education (Elementary Curriculum)

13.1 General Information

This elementary degree program provides course work and practicum experience designed to produce a well-qualified elementary school teacher. The program has been designed as a co-ordinated, sequenced balance of course work, integrated school observations, and three practica experiences.

The Bachelor of Education (Elementary Curriculum) degree program admits students into the first or second year. Students take core education courses commencing in the second year. The program format
requires that students have completed at least 12 units of approved course work to the standards outlined below before registering in the core year two courses.

Students are eligible for a professional teaching certificate and the Bachelor of Education (BEd) degree upon successful completion of this program.

13.1.1 Off-Campus Programs

East Kootenay Teacher Education Programs

The Bachelor of Education (Elementary Curriculum) degree program is also offered at the College of the Rockies in Cranbrook, BC. Consult an academic adviser for more information.

13.2 Program Admission

Each admission point has specific admission criteria that applicants must meet.

Year One - Admission from High School

Year one admission requirements are listed under “Undergraduate Admission” (page 29). Applicants must submit an application to UVic Undergraduate Admissions no later than February 28. Students wishing to apply for dual admission with College of the Rockies should consult an adviser at the College of the Rockies. Applicants must also submit supplementary supporting documentation. Refer to “13.2.1 Supplementary Supporting Documents”.

Year Two Admission and Deadlines

Year two admission requirements are listed in “13.2.2 Year One”. Refer to the faculty website at <www.uvic.ca/education> for more detailed information including transfer credit.

Information on how to apply for year two is provided on the Faculty of Education website at <www.uvic.ca/education/home/home/apply/ugapply>. Applications, transcripts and other supporting documents (see “13.2.1 Supplementary Supporting Documents”) must be received by February 28. Final transcripts are due by May 31.

13.2.1 Supplementary Supporting Documents

Please submit the following documents to the Faculty of Education Teacher Education Advising Office.

1. A one page letter of intent that describes the reasons you wish to become a teacher.
2. A one page résumé that outlines volunteer and/or work experiences particularly those related to working with children.
3. Two reference letters, submitted directly to the advising office by the referees.

13.2.2 Year One

The requirements for continuation or entry to year two of the BEd (Elementary Curriculum) program are:

1. at least 12 units of credit that include:
   a) 3.0 units of approved English
   b) 3.0 units of approved Canadian studies
   c) 3.0 units of approved laboratory science
   d) 3.0 units of approved mathematics with a minimum grade-point average of 3.0 (C+)
2. 3.0 units of approved elective, normally not from the Faculty of Education, to be completed in year one or a subsequent summer session. The electives must be completed before entry to year four.
3. demonstrated competency in written English (refer to “12.1 Written English Competency Requirement”)
4. a sessional grade-point average of at least 3.0 (C+) on the most recent session and, if that session is less than 12 units, a grade-point average of at least 3.0 on the most recent 12 units.
5. participation in an interview may also be required.

Additional information about the admission requirements can be found online at <www.uvic.ca/education>.

Notes:

Approved courses include:

1. Two of ENGL 135, 146, 147.
2. Select from CS 102, 201, ECON 100, HSTR 230A, 230B, POLI 101, 201, SOCI 103.
3. Select from ASTR 101, 102, BIOL 184, 186, EOS 110, 120, one of EPHE 141 or 241, GEOG 103 and PHYS 102. EOS 120 is recommended as it includes a lab designed for prospective teachers. GEOG 103 is not open to students with credit in any of GEOG 110, 120, EOS 110, 120 if taken prior to May 2011. Courses completed more than ten years ago are not normally accepted.
4. Two of MATH 100 or 101, 151, 161, 162, MATH 161 and 162 are recommended. An average of C+ is required to demonstrate competency in mathematics. Courses completed more than ten years ago are not normally accepted.
5. Choose courses related to subjects taught in BC schools. For example, computer science, environmental studies, French, Indigenous Studies. From the Faculty of Education, a student may take EPHE 141 or 155. Consult an adviser before registering in any other Faculty of Education course.

Consult an academic adviser if you have completed English, Canadian studies, laboratory science or mathematics courses other than those listed above.

13.2.3 Admission to Year Two

Admission to year two of the Bachelor of Education (Elementary Curriculum) program is subject to limited enrolment. The number of new students admitted to year two will depend on the number of eligible Bachelor of Education (Elementary Curriculum) students continuing from year one.

Admission from high school to year one of the Bachelor of Education (Elementary Curriculum) program guarantees continuation to year two provided that students complete at least 12 units of specified courses with a GPA of 3.0 (C+) or higher, 3.0 units of mathematics with a GPA of 3.0 (C+) or higher and demonstrate competency in written English by April 30. Refer to “13.2.2 Year One”. Students must formally declare their program by February 28.

Bachelor of Education (Elementary Curriculum) students who fail to satisfy the requirements needed to continue on to year two will remain in the program, unless minimum GPA requirements are not met (refer to “7.5 Standing”), but will not be permitted to register in any core education course.

### Eligible for BC Professional Teaching Certificate

Total units for degree ........................................ 61.5

Note: Information about the approved English, Canadian studies, mathematics and laboratory science requirements can be found at 13.2.1.

### French Immersion Specialization

With approval, the Professional Specialization Certificate (PSC) in Teaching French Immersion (6 units) may be taken concurrently with the BEd (Elementary Curriculum) program. Three of the courses may be used as upper-level education electives (refer to year four).

The certificate consists of four courses: two offered online in the winter session and two offered on-campus in the summer session (normally in July). If admitted to the PSC, elementary teacher education students may begin taking courses in the summer session following year two. The final course must be taken in the fall term of year four.

Refer to the Division of Continuing Studies’ website for full information about the PSC at <https://continuingstudies.uvic.ca/education-learning-and-development/programs/professional-specialization-certificate-in-teaching-french-immersion>.

Students must meet with a teacher education adviser before applying to the PSC.

Refer to 18.3.1 for information about French Immersion practicum placements.

### 14.0 Bachelor of Education Post-Degree Professional Program (Elementary)

#### 14.1 GENERAL INFORMATION

This second degree program provides course work and practicum experience designed to produce a well-qualified elementary school teacher. The program has been designed as a co-ordinated, sequenced balance of course work and integrated school observational and practica experiences. In addition to school visits, there is a six-week practicum at the end of the first year and a nine-week practicum in the final term. The program is designed to be taken over four terms. Normally this takes place over 16 months.

Students are eligible for a BC teaching certificate and the Bachelor of Education (BEd) degree upon successful completion of this program.

#### 14.1.1 Off-Campus Program

**East Kootenay Teacher Education Programs**

Subject to enrolment, the Bachelor of Education Post-Degree Professional Program (Elementary) is also offered at the College of the Rockies in Cranbrook, BC.

The off-campus program is offered on a part-time basis and typically takes two to three years to complete.

Students interested in the East Kootenay Teacher Education Program should contact an academic adviser in the Faculty of Education for more information.

#### 14.2 PROGRAM ADMISSION

Initial admission to the Bachelor of Education Post-Degree Professional Program (Elementary) may be granted only after completion of an undergraduate degree at an accredited university and 3.0 units of approved course work in each of English, Canadian studies, laboratory science and mathematics.

#### 14.2.1 Admission Requirements

The requirements for admission to this program are:
1. admissibility to the university
2. a degree from an accredited university
3. 3.0 units of approved English
4. demonstrated competency in written English (see "12.1 Written English Competency Requirement")
5. 3.0 units of approved Canadian studies
6. 3.0 units of approved mathematics with a minimum grade-point average of 3.0 (C+)
7. 3.0 units of approved laboratory science
8. a sessional grade-point average of at least 3.0 (UVic C+) on the most recent session (if that session is less than 12 units, a grade-point average of at least 3.0 on the most recent 12 units) and on the most recent two years (30 units) attempted to December 31.
9. Participation in an interview may also be required.

Other requirements
1. A one page letter of intent that describes the reasons you wish to become a teacher.
2. A one page resume that outlines volunteer and/or work experiences particularly those related to working with children.
3. Two reference letters.

Additional information about the admission requirements can be found online at <www.uvic.ca/education>.

All requirements for admission must be completed by April 30 and documented by May 31.

Maximum enrolments have been established; therefore the faculty cannot guarantee that all qualified candidates will be accepted. Accepted candidates will be notified as early as possible, but final acceptance may not be until late June.

Notes:
Consult an academic adviser if you have completed English, Canadian studies, mathematics and laboratory science courses other than those listed here. Mathematics and laboratory science courses completed more than ten years ago are not normally accepted.

1. Approved courses include ENGL 135, 146, 147. At least 1.5 units of literature must be included. Teacher Certification regulations do not allow us to accept creative writing, journalism or technical writing courses. The faculty requires students to demonstrate competency in written English. For full information, see "12.1 Written English Competency Requirement"
3. Acceptable courses include MATH 100 or 102, 101, 151, 161, 162. MATH 161 and 162 are recommended. A C+ average is required to demonstrate competency in mathematics.
4. Acceptable courses include ASTR 101, 102, BIOL 184, 186, EOS 110, 120, one of EPHE 141 or 241, GEOG 103 and PHYS 102. EOS 120 is recommended as it includes a lab designed for prospective teachers. GEOG 103 is not open to students with credit in any of GEOG 110, 120, EOS 110, 120 if taken prior to May 2011.

14.2.2 Application and Document Submission Deadlines

An application package is available online at <www.uvic.ca/education> by mid-October. The application(s), applicable application fees and all supporting documents must be received at Undergraduate Admissions and Records by January 2. Transcripts showing courses attempted to December 31 must be received by January 31. Transcripts showing courses attempted to April 30 must be received by May 31.

14.2.3 Conditional Offers of Admission

Students offered admission prior to April 30 who drop required courses or whose grade-point average during the January to April term subsequently drops below the minimum will lose their eligibility and the offer will be withdrawn.

14.3 PROGRAM FORMAT

BEd Post-Degree Professional Program (Elementary)

This program is designed to be taken in four terms over 16 months: normally September to December; January to May; July and August; and September to December.

Students attend this program in a cohort group and are provided with a course schedule for each session.

ED-D 301 Learners and Learning Environments .................................................. 1.5
ED-D 407 Evaluating and Reporting Student Progress ..................................... 1.5
ED-D 408 Promoting Prosocial Behaviour ......................................................... 1.5

Total units for degree .......................................................... 30.0

Eligible for Certification and Degree

Refer to 18.3.1 for information about French Immersion practicum placements.

15.0 Bachelor of Education Post-Degree Professional Program (Middle Years)

15.1 GENERAL INFORMATION

This second degree program provides course work and practicum experiences designed to produce a well-qualified middle years school teacher. The program has been designed as a co-ordinated, sequenced balance of course work and integrated school observational and practica
experiences. In addition to school visits, there is a six-week practicum at the end of the first year and a nine-week practicum in the final term.

The program is designed to be taken over four terms. Normally this takes place over 16 months.

Students are eligible for a BC teaching certificate and the Bachelor of Education (BEd) degree upon successful completion of this program.

15.2 PROGRAM ADMISSION

Initial admission to the Bachelor of Education Post-Degree Professional Program (Middle Years) may be granted only after completion of an undergraduate degree at an accredited university.

15.2.1 Admission Requirements

The requirements for admission to this program are:

1. admissibility to the university
2. a degree from an accredited university
3. 3.0 units of approved English
4. demonstrated competency in written English (see “12.1 Written English Competency Requirement”)
5. 3.0 units of approved Canadian studies
6. 3.0 units of approved mathematics with a minimum grade-point average of 3.0 (C+)
7. 3.0 units of approved laboratory science
8. a sessional grade-point average of at least 3.0 (UVic C+) on the most recent session (if that session is less than 12 units, a grade-point average of at least 4.0 on the most recent 12 units) and on the most recent two years (30 units) attempted to December 31.
9. Participation in an interview may also be required.

Other requirements

1. A one page letter of intent that describes the reasons you wish to become a teacher.
2. A one page résumé that outlines volunteer and/or work experiences particularly those related to working with children.
3. Two reference letters.

Additional information about the admission requirements can be found online at <www.uvic.ca/education>.

All requirements for admission must be completed by April 30 and documented by May 31.

Maximum enrolments have been established; therefore the faculty cannot guarantee that all qualified candidates will be accepted. Accepted candidates will be notified as early as possible, but final acceptance may not be until late June.

Notes:

Consult an academic adviser if you have completed English, Canadian studies, mathematics and laboratory science courses other than those listed here. Mathematics and laboratory science courses completed more than ten years ago are not normally accepted.

1. Approved courses include ENGL 135, 146, 147. At least 1.5 units of literature must be included. Teacher Certification regulations do not allow us to accept creative writing, journalism or technical writing courses. The faculty requires students to demonstrate competency in written English. For full information, see “12.1 Written English Competency Requirement”.
3. Acceptable courses include MATH 100 or 102, 101, 151, 161, 162. MATH 161 and 162 are recommended. A C+ average is required to demonstrate competency in mathematics.
4. Acceptable courses include ASTR 101, 102, BIOL 184, 186, EOS 110, 120, one of EPHE 141 or 241, GEOG 103 and PHYS 102. EOS 120 is recommended as it includes physics.

15.2.2 Application and Document Submission Deadlines

An application package is available online at <www.uvic.ca/education> by mid-October. The application(s) and any applicable application fees must be received at Undergraduate Admissions and Records by January 2. Transcripts showing course work completed to December 31 must be submitted by January 31. Transcripts showing course work completed to April 30 must be submitted by May 31.

15.2.3 Conditional Offers of Admission

Students offered admission prior to April 30 who drop required courses or whose grade-point average during the January to April term subsequently drops below the minimum will lose their eligibility and the offer will be withdrawn.

15.3 PROGRAM FORMAT

BEd Post-Degree Professional Program (Middle Years)

This program is designed to be taken over 16 consecutive months: normally September to December; January to May; July and August; and September to December.

16.0 Bachelor of Education (Secondary Curriculum)

16.1 General Information

This is a five-year program for students who wish to teach art, physical education or trades technology education in a secondary school. Students normally enter this program in year two after completing at least 12 units of approved university-level courses.

Alternatively, students preparing to teach art may choose to complete a visual arts degree before applying for the Diploma in Secondary Teacher Education. Refer to “19.6 Diploma in Secondary Teacher Education” for information about the diploma program.

This is the only program available to prospective secondary physical education teachers.

Those who wish to teach subjects other than art, physical education or trades technology education must complete a degree in another faculty and apply for the Diploma in Secondary Teacher Education. Information about the diploma can be found at 19.6.

16.1.1 Program Details

This program provides coursework and practicum experience designed to produce a well-qualified secondary school teacher.

Students are eligible for a professional teaching certificate and the Bachelor of Education (BEd) degree upon successful completion of this program.

Teaching Areas

Art

Students may take art as a single teaching area (expanded art) or in combination with another approved teaching area.

Physical Education

Physical education must be taken in combination with an approved second teaching area.

Trades Technology Education

Students may take trades technology education as a single teaching area but will take at least 12 units of coursework towards a second approved teaching area.

16.2 Program Admission

Note: New admissions to this program will be suspended effective September 2018. For more information about Post-Degree Professional program (PDPP) options contact teacher education advising (adve@uvic.ca). Students interested in teaching physical education at the secondary level are also advised to visit the School of Exercise Science, Physical and Health Education website for more information and options. (http://www.uvic.ca/education/exercise).

16.2.1 Admission Requirements

Art Teaching Area

The requirements for admission to the secondary program with an art teaching area are:

1. admissibility to the university
2. at least 12 units of credit that include
   a) 3.0 units of approved English that include ENGL 135, 146, 147
   b) AE 103A and 103B with a minimum grade point average of 5.0 (UVic B)
3. a sessional grade-point average of at least 3.0 on the most recent session and, if that session is less than 12 units, a grade-point average of at least 3.0 on the most recent 12 units.
4. Approval of the School of Exercise Science, Physical and Health Education. Note that an admission score, based 30% on an interview and 70% on GPA, is used when admitting students to this teaching area.

Physical Education Teaching Area

The requirements for admission to the secondary program with a physical education teaching area are:

1. admissibility to the university
2. at least 12 units of credit that include
   a) 3.0 units of approved English that include ENGL 135, 146, 147
   b) EPHE 143
3. a sessional grade-point average of at least 3.0 on the most recent session and, if that session is less than 12 units, a grade-point average of at least 3.0 on the most recent 12 units.
4. Approval of the School of Exercise Science, Physical and Health Education. Note that an admission score, based 30% on an interview and 70% on GPA, is used when admitting students to this teaching area.

Trades Technology Education Teaching Area

The requirements for admission to the secondary program with a trades technology education teaching area are:

1. Admissibility to the university.
2. A Red Seal Endorsement in a trade approved by the Faculty of Education.
3. Five-years of work experience as a tradesperson.

All requirements for admission must be completed by April 30 and documented by May 31.

Maximum enrolments have been established for each of the teaching areas; therefore, the faculty cannot guarantee that all qualified candidates will be accepted. Accepted candidates will be notified as early as possible, but final acceptance may not be until mid-June. Students are selected for entry into the program for the following September.

16.2.2 Application and Document Submission Deadlines

New UVic applicants transferring from college or university should refer to “Undergraduate Admission” (page 29) and apply online at <uvic.ca/application>.

Continuing and returning UVic applicants apply online using My UVic application <uvic.ca/application>.

Applications must be submitted no later than January 31.

Students applying for a physical education teaching area should also refer to the School of Exercise Science, Physical and Health Education’s
website for application instructions and supplemental document requirements: <www.uvic.ca/education/exercise>.

16.3 SECONDARY PROGRAM REQUIREMENTS AND FORMAT

Students normally attend this program over five winter sessions. The first year may be taken at UVic in another faculty or at another post-secondary institution. Students planning to take courses elsewhere should consult an education adviser to ensure that they will carry credit to this program.

Students with a trades technology education teaching area will enter the program at year three. Two years of block credit will be awarded for the Red Seal.

Years One to Five (Art and Physical Education Area Requirements)

ENGL 135, 146, 147\textsuperscript{1} ................................................................. 3.0
ED-D 401, 406 ............................................................... 3.0
EDCI 336, 352 .............................................................. 3.0
EDCI 431 or 432 ........................................................... 1.5
IED 373 ........................................................................... 1.5
ED-P 498 ........................................................................ 1.5
Teaching area(s)\textsuperscript{2} and electives ........................................... 48.0
Professional year (year five)\textsuperscript{3} ............................................ 13.5

Total units for degree .............................................................................. 75.0

1. Other English courses may be acceptable. Consult an academic adviser. At least 1.5 units of English literature must be taken.

2. Students must achieve a grade-point average of at least 4.00 (UVic B+) on all upper-level course work required for their teaching areas. In some cases, 200-level course work will be accepted. Refer to regulation "16.3.2 Professional Year (Art and Physical Education)" admission requirements.

3. Professional year admission requirements are specified in "16.3.2 Professional Year (Art and Physical Education)".

Years One to Five (Trades Technology Education Area Requirements)

ENGL 135, 146, 147\textsuperscript{1} ................................................................. 3.0
ED-D 401, 406, 407, 410, 420 .................................................. 7.5
EDCI 336, 352, 487, 780 ................................................... 7.5
EDCI 431 or 432 ........................................................... 1.5
IED 373 ........................................................................... 1.5
ED-P 498, 798 ................................................................. 4.5
Teaching area(s)\textsuperscript{2} and electives ........................................... 49.5
Total units for degree .............................................................................. 75.0

1. Other English courses may be acceptable. Consult an academic adviser. At least 1.5 units of English literature must be taken.

2. The trades technology education teaching area requirements (30 units) are completed prior to entry.

French Immersion Specialization

With approval, the Professional Specialization Certificate in Teaching French Immersion (6 units) may be taken concurrently with the BEd (Secondary Curriculum) program. It may also be possible to use these courses as electives towards the BEd.

The certificate consists of four courses: two offered online in the winter session and two offered face-to-face in the summer session (normally in July). If admitted to the PSC, secondary teacher education students may begin taking courses in the summer session following year two. The final course must be taken in the fall term of year four.

Refer to the Division of Continuing Studies’ website for full information about the PSC at <https://www.uvcs.uvic.ca/aspnet/Program/Detail/?code=PSCTFI>

Students must meet with a teacher education adviser before applying to the PSC.

Refer to 18.3.1 for information about French Immersion practicum placements.

16.3.1 Art and Physical Education Area Requirements

A recommended sequence of teaching area, education and elective courses is available from the faculty website or an academic adviser.

Art

</tr>
</tbody>
</table>

ART 150 or 151 1.5
AHVS 120 or 121 1.5
Total .......................................................... 21.0

Not all art education courses can be offered each year. Students should take 100- and 200-level courses before 300- and 400-level courses.

A second teaching area is required.

The number of units required for each teaching area varies from 15 to 24 units. If the combined units of the chosen teaching areas are less than 48, the student will take additional electives to make up the difference. Students wishing to combine art with physical education should consult an adviser.

ART 150, 151 and HA120, 121 are also recommended electives.

Art education (any level)* 7.5
Upper-level art education* and/or Art History and Visual Studies 9.0
ART 150 or 151 1.5
AHVS 120 or 121 1.5
Total .......................................................... 37.5

* EDCI 491A and 495A are also acceptable.

A second teaching area is not required. Students with an expanded art teaching area will take 10.5 units of electives. ART 150, 151 and AHVS 120, 121 are recommended.

Upper-level visual arts courses may be substituted in the area with the approval of the art adviser.

Up to 3 units of additional work may be required if a student's background is considered to be inadequate for teaching art in the public school system.
Not all art education courses can be offered each year. Students may complete courses in a sequence of their own choice since there are no prerequisites. To avoid timetable conflicts, students are advised to take 100- and 200-level courses before 300- and 400-level courses. Students should consult with the art adviser.

Physical Education
To avoid timetable conflicts in years three and four, students should follow the recommended sequence of courses shown below.

Year 1
Four of EPHE 104-137\(^1\) ........................................................................................................ 2.0
EPHE 141, 143 ............................................................................................................ 3.0

Year 2
Three of EPHE 104-137\(^1\) ........................................................................................................ 1.5
EPHE 201, 241, 245, 246, 250 ........................................................................................ 7.5

Year 3
Two of EPHE 104-137\(^1\) ........................................................................................................ 1.0
EPHE 344, 346, 352, 360 ........................................................................................ 6.0

Year 4
EPHE 361, 443, 452 ........................................................................................................... 4.5
One of EPHE 342, 347, 348, 351, 355, 357, 441, 445, 449, 455 ........................................ 1.5
Total .................................................................................................................................. 27.0

1. Students should note that each skill performance and analysis course (EPHE 104-137) is scheduled for 24 hours of instruction. Students should also refer to Credit for Skill Performance and Analysis Courses. Students should make every effort to take EPHE 106, 107, 120 and 122 before third year.

Students must take:
- EPHE 106, 107, 120, 122, and
- One of EPHE 109 or 114, and
- One of EPHE 116 or 117, and
- One of EPHE 121, 123, 124, 125, and
- One of EPHE 113, 119, 126, 134, 135, 137, and
- EPHE 105 or one course from EPHE 104-137
2. Students who possess a Bronze Medallion will take one course from EPHE 104-137 in lieu of EPHE 105. Bronze Medallion Certificates must be provided to the teacher education advising office.

The recommended sequence of EPHE courses can also be found under section 18.1.

A second teaching area is required.

The number of units required for each teaching area varies from 15 to 30.5 units. If the combined units of the chosen teaching areas total less than 48, the student will take additional electives to make up the difference. Students wishing to combine art with physical education should consult an adviser.

Trades Technology Education
The requirements for this teaching area are completed prior to admission to the B. Ed. (Secondary Curriculum) program. Students are awarded 30 units of credit in the area of trades technology education for the Red Seal.

Students will complete at least 12 units of approved coursework towards a second teaching area. Students will have their courses approved by an academic adviser in the Faculty of Education.

Approved Second Teaching Areas Requirements
The teaching areas must be taken in conjunction with art, physical education or trades technology education.

Art
Restricted admission; see “16.2 Program Admission” (on page 84). The course work required for this teaching area is listed at the beginning of this section (“16.3.1 Art and Physical Education Area Requirements” on page 85).

Biological Sciences
BIOL 184, 186 .................................................................................................................. 3.0
CHEM 101, 102, 231 ....................................................................................................... 4.5
MATH 100, 102 or 151 .................................................................................................... 1.5
BIOC 299 or 300A ......................................................................................................... 1.5
BIOL 215, 225, 230 ....................................................................................................... 4.5
BIOL 365, 366 ............................................................................................................... 3.0
BIOL 400 or 489 ......................................................................................................... 1.5
Approved upper-level biology* ..................................................................................... 1.5
Total ................................................................................................................................ 21.0

*L* BIOL 334 is not approved.

It is assumed that all applicants for this area will have completed BIOL 11 and 12; if not, BIOL 150A and 150B must be taken in addition to the above.

Chemistry
MATH 100 and one of 101, 122 ...................................................................................... 3.0
CHEM 101, 102 ............................................................................................................. 3.0
CHEM 222, 231, 232, 245 ............................................................................................ 6.0
Approved upper-level chemistry courses\(^1,2\) ................................................................ 6.0
Total ................................................................................................................................ 18.0

1. MATH 200 is prerequisite to some upper-level chemistry courses.
2. CHEM 300A cannot be accepted.

English
200-300-, or 400-level writing: May choose from ENGL 215, 225, 301, 302, 400 or other approved courses ................................................................................................. 3.0
Upper-level Shakespeare: May choose from ENGL 360, 366B, 366C, 366D, 366E ................................................................................................................................. 1.5
Upper-level literature in English before 1900* ................................................................... 3.0
Upper-level literature in English before 1900* ................................................................... 3.0
Upper-level literature in English after 1900* ..................................................................... 3.0
Lower or upper-level Canadian literature .......................................................................... 3.0
Adolescent literature: May choose from EDCI 355 or 356 or another course approved by
the language and literacy adviser ..................................................................................... 1.5
Total .................................................................................................................................. 15.0

*May not be Canadian literature.

*FRAN 380, 385 and higher are approved. Recommended are FRAN 385, 395, 400, 402, 404, 405, 406, 410, 411, 412, 415, 417, 470.

Depending on student’s background in French, additional courses may be required to meet the French departmental prerequisites.

It will take at least four years to complete the courses listed here. 100- and 200-level courses must be completed before 300- and 400-level courses.

Students must demonstrate French language proficiency prior to admission to year five (the professional year). Students must complete FRAN 350 with a minimum grade of A- and obtain a score acceptable to the Faculty of Education on the Test de français international (TFI).

UVIC UNDERGRADUATE CALENDAR JANUARY 2018
**Spanish**

Spanish 408A, 408B, 450A, 483C, 485A, 485B, 490B or 490C \(^1\) .......................... 1.5

**Total** .......................................................................................... 15.0

Refer to "Prerequisites" (page 208) for information about prerequisites for upper-level Spanish courses.

1. Other 400-level courses may be considered. Consult an academic adviser in the Teacher Education Advising Office for approval. All courses must be taken in Spanish.

Students should note that an oral competency examination in Spanish is required before admission to the professional year. This exam must be completed to the satisfaction of the Faculty of Education, or admission to professional year will be denied.

**Total** .......................................................................................... 18.0

* The drama institute EDCI 487 is offered in summer session and may be taken more than once for credit in different topics. With the consent of the faculty drama adviser, students may take 1.5 units of EDCI 487 and 1.5 units of approved theatre.

Students must obtain permission to take any of THEA 331, 332 and 335 from the theatre department.

**16.3.2 Professional Year (Art and Physical Education)**

Art and physical education students will take courses that are directly related to their professional preparation. Normally, all courses required for this year are taken as a co-ordinated program during one full winter session. Because of the professional involvement required during this year, students are not normally permitted to take courses in addition to those specified. Any exceptions must be approved by the manager of teacher education programs.

Students will undertake a 12-week practicum, normally in the spring term. A required observation period will precede the practicum.

Students must be prepared to travel anywhere in British Columbia to take the practicum.

**Professional Year Admission Requirements**

The requirements for admission are:

1. All courses specified for years one through four of the program must be complete.
2. Candidates presenting a second language teaching area must pass an oral competency examination.
3. Successful completion of the faculty’s written English competency requirement. Students should refer to “12.1 Written English Competency Requirement”.
4. The candidate must have obtained either:
   - a grade-point average of at least 4.0 (UVic B-) on the upper-level courses required for each of the two teaching areas. Where fewer than 9 units of upper-level work has been completed in any one area, the grade-point average will be calculated on the upper-level courses plus one or more of the 200-level courses in that area, to a total of 9 units. For the general science teaching area, the grade-point average will be calculated on 4.5 units of 200, 300 or 400-level science courses and 4.5 of 100-level biology, chemistry, earth and ocean sciences, and physics courses; or
   - a grade-point average of at least 4.0 (UVic B-) on the upper-level courses of the art expanded teaching area (Note: where fewer than 18 units of upper-level work have been completed in the area, the calculation will include area courses at the 200-level to a total of 18 units).
5. A grade-point average of at least 3.0 (UVic C+) must have been obtained on:
   - the most recently completed session; and
   - the most recent two years of at least 30 units

Normally all of the above requirements must be complete by April 30 of the year in which an applicant wishes to begin the professional year. Any applicants unable to meet this deadline who wish to complete course requirements during the summer session must apply to the manager of teacher education programs, indicating why they believe their circumstances to be unusual, and requesting permission to be considered for admission on the basis of the results of their work during the summer period.

Applicants for the professional year should be aware that the Faculty of Education has maximum enrollment limits and that therefore all qualified applicants are not guaranteed acceptance. Applicants will be notified regarding their admisssibility as soon as possible.

Details regarding start and end dates are available on the Faculty of Education’s website at <www.uvic.ca/education>.

**Professional Year Application and Document Submission Deadlines**

An application is available online at <www.uvic.ca/education> normally by the end of October. The application must be completed and submitted to the Teacher Education Advising Office no later than January 2.

Students taking course work elsewhere during the September to December term must submit official transcripts, showing final grades to December 31, to Undergraduate Records no later than January 31. Students taking course work elsewhere during the January to April term must submit official transcripts, showing final grades to April 30, to Undergraduate Records no later than May 31.

**Year Five Professional Year Courses**

**a) For students admitted prior to September 2014**

Approved second area curriculum and instruction course \(^1\) .......................... 1.5
1. Students with an Expanded Art teaching area will take an approved upper-level education course. Eligible for professional teaching certificate and Bachelor of Education degree.

---

### 17.0 Bachelor of Education Post-Degree Professional Program (Secondary)

#### 17.1 General Information

This program is designed for students registered in the Diploma in Secondary Teacher Education program. Diploma students may transfer to the BEd program before or after qualifying for a BC teaching certificate. Information about the diploma program can be found in section 19.6.

The courses needed to obtain the Bachelor of Education degree must be completed within a ten year period following completion of the diploma.

To qualify for the BEd, students will take 6 units of thematically related course work relevant to the BC secondary curriculum. To facilitate degree completion within a sixteen-month period, courses are normally scheduled during the summer session. Students wishing to complete the BEd on a part-time basis must consult an academic adviser.

#### 17.2 Program Admission

Admission to this BEd program is restricted to those students enrolled in the Diploma in Secondary Teacher Education program. Refer to "19.6 Diploma in Secondary Teacher Education" for information regarding admission to the Diploma in Secondary Teacher Education.

#### 17.3 Program Formats

Refer to "19.6 Diploma in Secondary Teacher Education" to view the courses required for the Diploma in Secondary Teacher Education.

---

### 18.0 Teacher Education Program Regulations

#### 18.1 Code of Professional Conduct

Students in the faculty are expected to adhere to the Faculty of Education’s Code of Professional Conduct as the basis of their relationship with peers, faculty members, teachers and the students they serve. In a field setting, students are subject to the provisions of the Faculty of Education’s Code of Professional Conduct.

The Faculty of Education’s Code of Professional Conduct requires:

- The exercise of self-discipline, accountability and judgement in academic and professional relationships;
- Acceptance of personal responsibility for continued academic and professional competency and learning;
- Acceptance that one’s professional abilities and personal integrity, and the attitudes one demonstrates in relationships with others, are measures of professional conduct;
- Ability to communicate effectively with members of faculty, peers, practising professionals, parents and students;
- Ability to write, speak and present well.

#### 18.1.1 Unprofessional Conduct

Students enrolled in a teacher education program are responsible for understanding the provisions of the BC School Act, the BC Teachers’ Federation’s (BCTF) Code of Ethics, the Teacher Regulation Branch Standards for the Education, Competence and Professional Conduct of Educators in BC, as well as the Faculty of Education’s Code of Professional Conduct. A student may be required to withdraw from the Faculty of Education for violation of any part of these.

#### 18.2 Withdrawal from Teacher Education

The Faculty of Education reserves the right at any time to require any student to withdraw from the Faculty of Education when, after consideration of scholarship and/or professional conduct, it concludes that the student is unsuited for the teaching profession.

- a) The faculty expects students to complete satisfactorily all required courses and practica as evidence of scholarship.
- b) Students in the faculty are expected to adhere to the Faculty of Education’s Code of Professional Conduct. Students should refer to "18.1 Code of Professional Conduct".

Concerns about a student’s suitability for the profession should be brought to the attention of the Program Lead and/or the manager of field experience. The manager(s) shall review the information and, if warranted, make a recommendation to the associate dean of undergraduate programs that the student be required to withdraw from the Faculty of Education.

The associate dean of undergraduate programs shall notify (in-person and in writing) a student whom he/she considers unsuitable for the profession of the reasons for that decision and the case against him/her. The student shall be informed of the right of appeal to the faculty appeals and adjudication committee (FAAC) and that he/she may wish to consult the Ombudsperson to prepare the appeal. The appeal should be written and delivered to the Manager of undergraduate programs within two weeks of the decision.

Upon appeal the FAAC shall inform the student of the date, time and place of the hearing. Students will have the option to appear in-person to support their case.

The FAAC shall make a decision in a fair and unbiased manner. It may:

- approve the recommendation for withdrawal
- deny the recommendation

Where it approves withdrawal, FAAC shall inform the student of the right to appeal to the dean of the Faculty of Education who shall make an independent decision. The appeal should be written and submitted to the dean’s office within two weeks of the FAAC decision.

Where the dean of the faculty denies the appeal he/she shall inform the student of the right of an appeal to the UVic senate.

#### 18.3 Practica Regulations

**18.3.1 General**

The practicum experience is a cooperative venture between mentor teachers, schools, and the university.

Students should be aware that all arrangements for field experience and student teaching are made through the Field Experience Office, located in the MacLaurin Building.

Through the Faculty of Education, the university reserves the right to approve any agency or school that provides placements for student practica, and to change any placement assigned to a student. The student, however, has the right to be informed in writing of the reasons for any change in placement.

While the university accepts a responsibility to provide a sufficient number of practicum opportunities to serve the needs of all registered students, a student may be required to withdraw from a practicum course if none of the available practicum school sites will accept the student, or the student refuses to accept the assigned placement.

Students undertaking practica must be prepared to travel. Extra expenses will be involved; students should budget accordingly.
French Immersion Placements

Students who wish to complete a practicum in French Immersion must:

a) demonstrate French language proficiency by obtaining a total score of 815 (395 oral and 420 written) on the Test de français international (TFI) within the last two years.

b) complete a French Immersion methodology course such as UVic's EDCI 476 Organization and Instruction in French Immersion.

Students whose total TFI score falls between 670 and 815 may retake the TFI after completing EDCI 476 and FRAN 475 Modern French.

Students whose total TFI score falls below 670 will not be permitted to register in either EDCI 476 or FRAN 475.

Secondary teacher education students who wish to teach FSL and/or français langue must also satisfy the French teaching area requirements outlined in 17.6.4.

Note: Prospective Elementary Post-Degree Program students who are interested in a French Immersion placement should speak with the Field Experience Office before May 15.

18.3.2 Practica Dates

The dates of practica will be established for each program and will be announced to the students involved at the beginning of each term.

18.3.3 Attendance

Full-time attendance is required during a practicum. Students are expected to notify the school administrator, mentor teacher(s) and their university supervisor if they need to be absent. Failure to do so may result in a student being withdrawn from the practicum.

18.3.4 Unethical or Unprofessional Behaviour

Students should refer to “18.1 Code of Professional Conduct”.

Students in the Faculty of Education's teacher education programs are responsible for understanding the provisions of the BC School Act. Students who are placed in schools for practica are required to adhere to the BC School Act, the BC Teachers’ Federation’s (BCTF) Code of Ethics, the Teacher Regulation Branch Standards for the Education, Competence and Professional Conduct of Education in BC, as well as the Faculty of Education’s Code of Professional Conduct. A student may be required to withdraw from a practicum at any stage for violation of any part of these codes or upon a written order from a school administrator or the board of school trustees of the district in which the student is placed.

Mentor teachers, school administrators and/or university supervisors, who terminate a student’s practicum for misconduct or repeated absences, or where the learning environment of the school’s students is in jeopardy, must immediately discuss the matter with the manager of field experience. The manager will then either inform the student of the conditions under which he or she may resume participation in the practicum or require the student to withdraw from the practicum.

18.3.5 Practicum Denial and Withdrawal

a) Practicum Denial

Students will be denied the practicum experience if

• they violate the faculty’s Code of Professional Conduct (Section 18.1), or

• any course work is deemed unsatisfactory by their instructor(s), or

• their practicum preparation is considered unsatisfactory by the mentor teacher, university supervisor, or the manager of field experience.

b) Required Withdrawal

Students may be required to withdraw from the practicum if

• their ongoing practicum preparation or performance is considered unsatisfactory by the mentor teacher, university supervisor, school Administrator or manager of field experience, or

• they violate the faculty’s Code of Professional Conduct, the BCTF Code of Ethics and/or the Teacher Regulation Branch Code of Professional Standards, or

• the teaching and learning environment in the classroom is at risk as determined by the mentor teacher(s), school administrator, university supervisor or manager of field experience.

c) Voluntary Withdrawal

Students seeking temporary or permanent withdrawal from a practicum must notify the manager of field experience in writing, including the reasons for the request.

Students who have withdrawn from a practicum for whatever reason, who later wish to re-enter the practicum, must apply for readmission to the practicum and should not assume that readmission is guaranteed.

18.3.6 Obtaining Permission to Retake a Practicum

Students who are denied a practicum, are required to withdraw from a practicum, or voluntarily withdraw from a practicum must apply in writing to the manager of field experience if they wish a second attempt. Approval for a second attempt at a practicum is not guaranteed. When approved, a practicum will normally be retaken within the next year when the practicum is normally scheduled.

If students do not successfully complete a second practicum experience, they may be required to withdraw from the Faculty of Education.

Students will not normally be granted a third practicum attempt.

18.4 Limitations of Credit for Certificated Teachers

Applicants for admission or acceptance in a degree program who have completed basic professional training may be granted up to 18 units of credit for that professional training towards the Bachelor of Education degree. This is granted at the discretion of the Program Lead, in consultation with the departments or school of the faculty.

All accepted candidates are referred to the regulation concerning currency of course work in “7.6 Currency Requirement for Degree and Program Completion”.

Teachers who have not taken any courses applicable to their programs in the last 10 years must submit the following for consideration:

1. a résumé of all teaching experience including dates, locations and grade levels, and indicating whether full time, part time, or substitution. A résumé of teaching experience form is available at room A250, MacLaurin Building.

2. copies of the most recent superintendent’s and/or principal’s reports

3. letter(s) from principal(s) attesting to teaching effectiveness in substitution roles if applicable

4. a copy of their teaching certificate

18.5 Graduation Requirements for Bachelor of Education Degree Programs

Students should refer to “Graduation” (page 52) for university regulations concerning graduation.

To be eligible for a Bachelor of Education degree, the candidate must normally have earned:

1. a passing grade in each of the courses in the degree program

2. 21 units of courses at the 300 and 400 levels*
19.0 Certificate and Diploma Programs

19.1 Professional Specialization Certificate in Information Communication Technology

This Professional Specialist Certificate provides important background and training for teachers and other educational professionals to gain knowledge, skills, and experience in incorporating new communication technologies for instructional purposes.

The certificate will be delivered through a combination of face-to-face and distance delivery

19.3 Certificate and Diploma Programs in Special Education

19.3.1 Professional Specialization Certificate in Special Education

The Department of Educational Psychology and Leadership Studies offers a Professional Specialization Certificate (PSC) in Special Education. This 7.5 unit program is designed for teachers who have an undergraduate degree and teacher certification. Normally, students entering the program will also have two years teaching or equivalent experience. As a condition of admission to all Special Education programs, students must undergo a Criminal Record Check in compliance with the BC Criminal Records Review Act. Using a variety of course delivery methods, the certificate courses are designed and scheduled to be completed part-time. The general foci of the certificate program are: high and low incidence special needs and their effect on development, learning, and behaviour; legal and ethical issues in the delivery of services to students with special needs; BC Ministry of Education Policies and Procedures; collaboration and consultation in special education; special education assessment (Level B) and identification of learning needs; and individualized education program (IEP) design, delivery, and evaluation.

* Students wishing to pursue an M.A. or M.Ed. following completion of the certificate may, subject to approval, apply 1.5 units of their certificate course work toward their graduate degree in Special Education.

No transfer credit from outside institutions can be used for credit in the Professional Specialization Certificate in Special Education. ED-D 402, 405 or 415 can be used for credit when taken outside the requirements of a previous degree, certificate or diploma, and completed within 5 years of the date of application to the Certificate program.
Program Fee
Upon entry, students in the PSC in Special Education pay a non-refundable fee of $350.00.

19.3.2 Diploma in Special Education
The Department of Educational Psychology and Leadership Studies offers a Diploma in Special Education. This is a 15-unit program that combines the first 7.5 units found in the Professional Specialization Certificate Program in Special Education with coursework in advanced intervention with students who have developmental disabilities and behavior challenges; the application of assistive technologies, differentiating instruction and interpersonal communication. Normally students can only enter the Diploma following the completion of the Professional Specialization Certificate in Special Education at UVic; however, a comparable post-Bachelor of Education Certificate in Special Education from an approved post-secondary institution may be accepted. All certificate credits are eligible to be transferable into the Diploma. Up to 1.5 units of approved transfer credit will be accepted to the Diploma in Special Education, providing prior approval has been received from the departmental Special Education Committee. Students who have entered the Diploma Program with a certificate from elsewhere will receive a block of up to 7.5 units of transfer credit and will not be eligible for any additional transfer credit.

19.4 Diploma in Intercultural Education
This is a 15.0 unit interdisciplinary program for students and professionals working or planning to work in a multicultural or cross-cultural environment. Students should refer to “Diploma Program in Intercultural Education” on page 326 for more information. Students should consult the Division of Continuing Studies regarding program details and regulations. Information is also available online at <www.continuingstudies.uvic.ca/culture-museums-and-indigenous-studies/topics/intercultural-education>.

19.5 Diploma in Indigenous Language Revitalization

19.5.1 General Information
The Diploma in Indigenous Language Revitalization aims to assist people who want to build on their Indigenous language proficiency. It better understands the contexts in which Indigenous languages can be successfully taught and gain some basic teaching skills. This may include people who are interested in a credential that will allow them to teach a First Nations language in a First Nation administered school or a BC public school. (A First Nations Language Certificate must be sought from the BC Ministry of Education through the support of the student’s local Language Authority). The Diploma in Indigenous Language Revitalization ladders into the Bachelor of Education in Indigenous Language Revitalization (see “10.0 Bachelor of Education in Indigenous Language Revitalization”).

19.5.2 Admission Requirements
Option (a) Students may enter the Diploma once they have completed the Certificate in Aboriginal Language Revitalization (CALR). Students who have completed the CALR should contact UVic Undergraduate Records for information on how to apply to the Diploma in the Faculty of Education. There will be no fee associated with the application.

Option (b) Students may also begin the Diploma in year one, entering directly into the Faculty of Education, but would not receive the CALR credential.

This program is delivered in partnership format only, and therefore, generally, students would go through the program as a cohort. When a new cohort is ready to be admitted, Indigenous Education will work with the Indigenous community sponsoring the program, UVic Undergraduate Admissions, and if entering via Option a) the CALR program to admit the students to the program. The application process and timelines will be determined when the partnership is formed between Indigenous Education and the partner Indigenous community. Students would apply to UVic as regular students, and if necessary, then be considered through Special Access. Certain students may need special accommodation as they work towards regular admission requirements such as English 12 or Math 11.

Course transfer possibilities will be dealt with on a case-by-case basis. Students may receive up to 1.5 units of transfer credit towards the Diploma. To be admitted to year two of the Diploma, at least 4.5 units of transfer credit must be focused on proficiency in an Indigenous language. Exceptions will be considered on a case-by-case basis by the Director of Indigenous Education.

19.5.3 Program Curriculum
The majority of the course work in the program will be adapted slightly to the needs of each cultural and linguistic cohort. The Indigenous language courses will have to be adapted more extremely than other courses, due to the varied nature of each language in BC. The students in the program must move through the program together in the predetermined set of courses to be offered in their community.

Program exceptions may be considered for the Certificate in Aboriginal Language Revitalization courses, and must be approved by the Academic Advisor to the CALR. Program exceptions for the Diploma courses must be approved by the Director of Indigenous Education.

 Program Notes

 - While the Certificate in Aboriginal Language Revitalization requires 4.5 units of electives, students planning to transfer into the Diploma in Indigenous Language Revitalization must take 4.5 units of IED 156, 158, 159 or LING 158 or 159.

 UVIC UNDERGRADUATE CALENDAR JANUARY 2018

- Exceptions to language course requirements can be made at the discretion of the program Director.
- Students who do not plan to continue into the Bachelor of Education program may substitute the following approved electives: IED 157 Learning to Learn (unless credit has already been granted); IED 199, 2999 Special Studies in Indigenous Education; IED 187, 287 Special Topics in Indigenous Education; IED 258, 358, 458 Indigenous Language Mentorship; IED 359, 459 Indigenous Language III & IV, or IED Self-directed Immersive Language Learning 156, 256, 356, 456, for the following pre-requisites for the BEDILR: IED 371, EDCI 302, ED-D 301 and approved English courses.

19.6 DIPLOMA IN SECONDARY TEACHER EDUCATION

19.6.1 General Information

The diploma program, designed for degree holders, provides the education courses needed to obtain a teaching certificate in British Columbia. This program may be taken concurrently with UVic’s Bachelor of Science in Mathematics or Bachelor of Arts in French. Students wishing to take the concurrent programs should consult an academic advisor for admission requirements and application procedures.

Degree holders may apply the courses taken for the diploma towards the Bachelor of Education degree. See “17.0 Bachelor of Education Post-Degree Professional Program (Secondary)”.

Students with other teaching areas take 24 units of specified courses offered in three terms over a 16-month period. A six-week practicum takes place at the end of the second term and an eight-week practicum takes place in the final term.

All students must be prepared to travel anywhere in British Columbia for the practicum.

Upon satisfactory completion of the diploma program, a student will be eligible to apply to the BC Ministry of Education for a teaching certificate. Satisfactory completion means achieving a grade-point average of at least 3.00 (UVic C+) on the required course work and successful completion of all practica requirements.

19.6.2 Program Details

Because of the professional demands of this program, students are not normally permitted to take courses in addition to those specified. Usually all specified course work must be taken in the order assigned. The practicum will be denied or delayed if the requisite course work is not completed to satisfactory standard.

19.6.3 Program Admission

Initial admission to the Diploma in Secondary Teacher Education may be granted only after completion of an undergraduate degree and academic preparation in two teaching concentrations or in one teaching Major.

Additional information about the admission requirements can be found online at <www.uvic.ca/education>.

There is a quota on each of the teaching subject areas of this program.

19.6.4 Admission Requirements

The requirements for admission are:

1. a degree from an accredited university
2. a sessional grade-point average of at least 3.0 on the most recent session, and, if that session is less than 12 units, a grade-point average of at least 3.0 on the most recent 12 units, and on the most recent two years (30 units) (to December 31)
3. 3.0 units of approved English
4. demonstration of written English competency; for full information see “12.1 Written English Competency Requirement”.

FACULTY OF EDUCATION
5. academic preparation in two teaching concentrations or in one teaching Major listed below.

6. participation in an interview may also be required.

Other requirements
1. A one page letter of intent that describes the reasons you wish to become a teacher.
2. A one page résumé that outlines volunteer and/or work experiences particularly those related to working with children.
3. Two reference letters.
   1. Approved courses include UVic’s ENGL 135, 146, 147. At least 1.5 units of English literature must be included. Teacher Certification regulations do not allow us to accept creative writing, journalism or technical writing courses.
   2. Normally, 9 units (18 semester hours) of approved upper-level credit with a minimum B- average (UVic 4.0). See specific teaching concentrations for details.
   3. Normally, 15 units (30 semester hours) of approved upper-level credit with a minimum B- average (UVic 4.0). See specific teaching Majors for details.

   Computer science, technology innovation in education, theatre and second languages other than French are not available as teaching Majors nor may they be combined with one another.

Teaching subject areas
Students with any one of the following teaching subjects: Computer science, technology innovation in education, Japanese, Mandarin, Russian, Spanish or theatre must meet the requirements for a second approved teaching Major from outside this list.

Additional information about the course work required for the teaching subject areas described below can be found on the Faculty of Education website: <www.uvic.ca/education>.

   a) Art: Major or Concentration
      Content is approved by the faculty art education adviser.

   b) Biology: Major or Concentration
      - 1.5 units approved mathematics or logic; 1.5 units history or philosophy of science, medicine or technology; and 1.5 units organic chemistry.
      - at least one course in at least 4 of the following 5 areas: cell biology, genetics, botany, zoology, environmental studies.
      - at least 12 units of biological sciences course work of which at least 9 units are upper-level.

   c) Chemistry: Major or Concentration
      - 1.5 units approved mathematics or logic; 1.5 units history or philosophy of science, medicine or technology; and 1.5 units of astronomy, biology, earth science or physics.
      - at least one course in at least 3 of the following 4 areas: organic chemistry, chemical analysis, reaction chemistry, applications of chemistry.
      - at least 12 units of chemistry of which at least 9 units are upper-level.

   d) Computer Science:
      Concentration only: A computer science or related degree with at least 12 units of approved computer science, software engineering or computer engineering course work, or 12 units of course work that include: one of CSC 105 or DHUM 150; CSC 130; CSC 106; CSC 167; CSC 110 or 111; CSC 115; CSC 230; CENG 460 or SENG 265. Other course work may be approved by the faculty educational technology adviser.

   e) English:
      Major: A four-year English Major or Honours degree or UVic’s Combined English and French (Canadian Literature) degree. Three-year degrees will be reviewed by the faculty adviser.
      Concentration: 15 units of course work that include: 3 units of 200, 300 or 400-level business, creative, expository, or technical writing; 1.5 units of upper-level Shakespeare; 3.0 units of upper-level English literature before 1900 (not Canadian); 3.0 units of upper-level English literature after 1900 (not Canadian); 3.0 units any level Canadian literature; 1.5 units any level adolescent literature.

   f) French: Major or Concentration
      Applicants must obtain a score acceptable to the Faculty of Education on the Test de français international (TFI) to demonstrate French language proficiency.
      Major: Completion of UVic’s French Honours, Major, combined Major in English and French (Canadian Literature) program or equivalent.
      Concentration: Completion of UVic’s French General or Minor program or equivalent.

   g) General Science: Major or Concentration
      - 1.5 units approved mathematics or logic; 1.5 units history or philosophy of science, medicine or technology.
      - at least 13.5 units of approved science course work of which at least 10.5 units are upper-level. Approved science include astronomy, biochemistry, biology, chemistry, earth and ocean sciences, microbiology, microchemistry, physics.

   h) Japanese: Concentration only
      - 9 units of upper-level Japanese language and/or literature courses. Courses taught in English are not normally accepted.
      Applicants must pass an oral competency examination. An approved teaching Major must be combined with Japanese.

   i) Mandarin: Concentration only
      - 9 units of upper-level Mandarin language and/or literature courses. Courses taught in English are not normally accepted.
      Applicants must pass an oral competency examination. An approved teaching Major must be combined with Mandarin.

   j) Mathematics:
      Major: A degree with a math Major or Honours or 15 units of upper-level mathematics.
      Concentration: A degree with a math Minor, Major or Honours, 9 units of upper-level mathematics or the Mathematics Teaching Concentration as outlined on page 87.

   k) Music: Major
      UVic Bachelor of Music with a Major in music education (secondary) or an equivalent degree from elsewhere determined by the faculty music education adviser.

   l) Physics: Major or Concentration
      - 1.5 units approved mathematics or logic; 1.5 units history or philosophy of science, medicine or technology; and 1.5 units of astronomy, biology, chemistry or earth science.
      - at least one course in at least 4 of the following 5 areas: optics, quantum mechanics, mechanics, electromagnetic theory, applications of physics.
      - at least 12 units of physics of which at least 9 units are upper-level.

   m) Social Studies:
      Major: 1.5 units approved geography; 1.5 units approved history; 1.5 units approved Canadian studies; 15 units approved upper-level social studies-related courses
      Concentration: 1.5 units approved geography; 1.5 units approved...
history; 1.5 units approved Canadian studies\(^1\); 12 units of approved social studies-related courses\(^2\). At least 9 units must be upper-level. Courses must be related to the BC social studies curriculum to be approved. Consult an academic adviser.

1. A 1.5 unit Canadian history course will satisfy both the Canadian studies and history requirements; a 1.5 unit Canadian geography will satisfy both the Canadian studies and geography requirements.

2. Social studies-related courses from economics, geography, history, political science and sociology will be accepted. Courses from Asian studies, Canadian studies, environmental studies, Indigenous studies, urban studies and women’s studies may be accepted if related to economics, geography, history, political science and sociology.

3. Anthropology, criminology, Greek and Roman studies, international relations, law and religious studies courses will be considered on a case-by-case basis. Normally, no more than 1.5 units from any one of these disciplines will be accepted.

Students wishing to teach grade 12 geography or history should complete a degree with a Major or Minor in geography or history.

\( n \) Spanish: Concentration only

- 9 units of upper-level Spanish language and/or literature courses. Courses taught in English are not normally accepted. Applicants must pass an oral competency examination. An approved teaching Major must be combined with Spanish.

\( o \) Trades Technology Education: (with special permission)

- A Red Seal Endorsement in a trade approved by the Faculty of Education and a minimum of five years of work experience as a tradesperson.

\( p \) Technology Innovation in Education: Concentration only

- 12 units of course work that include 6 units of core courses EDCI 335, 337, 338, 339 and 6 units of electives from one of CSC 100, 105, 167 or DHUM 150; one of CSC 130 or ENGL 401; two of AE 322, 422, ART 106, 261, 262, EDCI 340, 410, ED-D 425, DSST 441, ENGL 407, POLI 430, 456, TS 200, 300, 320, 400. Other course work may be approved by the faculty educational technology adviser.

\( q \) Theatre: Concentration only

- A degree in applied theatre or 18.0 units of course work that include: THEA 101 or 111 and 112, 120 or 102 and 122, 132, 331, 332, 335 and 3.0 units of EDCI 487* Special Topics in Education: Drama Education in different topics.

* The faculty drama adviser may consider accepting 1.5 units of EDCI 487 and 1.5 units of approved theatre in lieu of the 3.0 units of EDCI 487.

1. Because these languages are not taught in every BC secondary school, it may not be possible to find a suitable practicum placement. In that event, the practicum placement will be made based on the teaching Major.

**19.6.5 Application and Document Submission Deadlines**

An application package is available online at <www.uvic.ca/education> after October 15. Applications and all applicable fees are to be submitted to Undergraduate Admissions and Records no later than January 2.

Transcripts showing course work completed to December 31 must be submitted by January 31. Transcripts showing course work completed to April 30 must be submitted by May 31.

**19.6.6 Conditional Offers of Admission**

Students offered admission prior to April 30 who drop required courses or whose session grade-point average at April 30 falls below the minimum of 3.00 will lose their eligibility and the offer will be withdrawn.

**19.6.7 Program Formats**

\( a \) Diploma in Secondary Teacher Education

On completion of this program, students are eligible to receive a Diploma in Secondary Teacher Education and a BC teaching certificate.
The Faculty of Engineering offers undergraduate programs in the fields of Engineering and Computer Science. Programs leading to the degree of Bachelor of Engineering are in the fields of Biomedical, Civil, Computer, Electrical, and Mechanical Engineering and a Bachelor of Software Engineering is offered. Programs leading to a Bachelor of Science are in Computer Science and can be combined with programs in Geography, Health Information Science, Mathematics, Music, Physics, Psychology, Statistics, and Visual Arts. Co-operative Education is mandatory for all Engineering degree programs, Health Information Science and Computer Science combined program and optional for the other Computer Science programs.

Thomas Tiedje, BASc (Toronto), MSc, PhD (British Columbia), PEng, Dean of the faculty and Professor
LillAnne Jackson, BSc (Alberta), MSc (Lethbridge), PhD (Calgary), Associate Dean (Undergraduate Programs) and Assistant Teaching Professor
Hausi A. Müller, Dipl El Eng (ETH Zürich), MSc, PhD (Rice), PEng, Associate Dean (Research) and Professor

Student Information:
Bachelor of Engineering and Bachelor of Software Engineering 250-721-6023
Bachelor of Science 250-472-5700

Website: www.uvic.ca/engineering
**General Information**

**DEGREES AND PROGRAMS OFFERED**

See the table below for a listing of the Faculty of Engineering undergraduate degree offerings. The Co-operative Education Program is mandatory for all Bachelor of Engineering and Software Engineering programs and the Combined program in Health Information Science and Computer Science and optional for other Computer Science programs. All students in these programs graduate with the Coop designation on their academic documents. The Co-operative Education Programs within the Faculty of Engineering are described in "Engineering Co-operative Education Programs" (page 126).

</table>

1. Major programs only
2. General may be BA or BSc. Combined Visual Arts and Computer Science, Combined Music & Computer Science may be BFA or BSc
3. See program website for current specializations and details.

**AVAILABILITY OF COURSES**

Generally, courses offered in the Faculty of Engineering are open to students in other faculties who have satisfied any prerequisite courses. However, some courses or sections are open only to students in the Faculty of Engineering or to students in specific programs. Faculty of Engineering program students are given registration priority in some
courses. Courses and applicable restrictions are listed at <www.uvic.ca/engineering/courseaccess.php>.

Students in other faculties who propose to take courses offered in the Faculty of Engineering are responsible for determining if the courses can be used for credit in their degree program.

**Minors**

Minor degree programs are offered by the Computer Science, Electrical and Computer Engineering, and Mechanical Engineering departments within the Faculty of Engineering. Students should refer to the specific departmental entry for further details. Students should consult the appropriate advising centre for the development and approval of the Minor. Courses that fulfill requirements for a Minor cannot form part of the requirements for the degree.

**LIMITATION OF ENROLMENT**

Enrolment in any course or degree program may be limited by the availability of staff and resources. Applicants who meet the minimum academic requirements are not guaranteed admission to any program.

### Computer Science Programs

#### UNDERGRADUATE PROGRAMS

The Department of Computer Science offers the following programs leading to the degree of Bachelor of Science:

- Major and Honours in Computer Science
- Honours with Software Engineering option
- Major in Computer Science (Computer Communications & Networks Option)
- Major in Computer Science (Computer Graphics and Gaming Option)
- Major and Honours in Computer Science (Software Engineering Option)
- Major in Computer Science (Theory Option)

Students who plan to pursue one of these programs and who meet the qualifications set out below should apply to the Undergraduate Admissions Office and should indicate that they wish to register in the Faculty of Engineering for their first year of study.

Students may complete a combined degree program in the following areas offered by the faculties indicated:

- Faculty of Fine Arts
  - Music and Computer Science
  - Visual Arts and Computer Science
- Faculty of Human and Social Development
  - Health Information Science and Computer Science
- Faculty of Science
  - Computer Science and Mathematics
  - Computer Science and Statistics
  - Physics and Computer Science
- Faculty of Social Sciences
  - Geography and Computer Science (Geomatics)
  - Psychology and Computer Science

Students undertaking a combined degree program normally register in the faculty offering the degree as indicated above. Students are advised to consult the specific degree requirements for the combined program, particularly regarding admission requirements, application and possible enrolment limitations.

Students may also undertake a BSc or BA General degree program.

Students undertaking a General degree in Computer Science normally register in the faculty offering the second specialization area of their degree in their first year.

Students may also complete a Minor in Computer Science.

### Computer Science Co-operative Education Programs

Please refer to “Computer Science and Math Co-op Program” (page 109).

### Computer Science/Mathematics Work Experience Program

Please refer to the “Computer Science/Math Work Experience Program” (page 110).

### Graduate Programs

The Department of Computer Science offers the following graduate degrees: MA, MSc, PhD. For information, please see the UVic Graduate Calendar.

### ADMISSION REQUIREMENTS

All applicants are advised to carefully review the section on "Undergraduate Admission" (page 29).

#### Graduates of Secondary Schools

Applicants who are seeking admission to the Faculty of Engineering to follow a BSc in Computer Science program based on graduation from a BC/Yukon secondary school should refer to "Undergraduate Admission" (page 29).

Applicants seeking admission based on graduation from secondary schools elsewhere in Canada or abroad require equivalent qualifications to those specified as admission requirements for BC/Yukon secondary school graduates (see "Year 1 Admission Requirements: BC/Yukon Secondary School Graduate", page 32). Applicants are advised to contact Admission Services for further information regarding requirements.

#### Transfers from Other Faculties

A student in another faculty who wishes to transfer into a BSc program in the Faculty of Engineering must have completed 12 units of courses including CSC 110 and MATH 100 or MATH 109. Transfer applicants must also have a minimum C+ average on the most recent 12 units of courses at the time of transfer.

#### Transfers from Other Institutions

To be eligible for admission to a BSc program in the Faculty of Engineering on the basis of work completed at another postsecondary institution, a student must be eligible for transfer credit for at least 12 units of courses and have at least a C+ average on their most recent 12 units of courses. Transfer students must also have completed the equivalent of CSC 110 and MATH 100 or MATH 109.

### Admission to Specific Computer Science Programs

On admission, students are normally placed in the BSc Major Program.

Applications for admission to Computer Science Co-op programs are normally completed at the end of the student’s first term of studies but are accepted until the beginning of a student’s third year. Application deadlines are September 15 and January 15. Detailed information is available at the Computer Science and Math Co-Op Office.

Applications for admission to the Honours Program in Computer Science are normally made at the end of the student’s second year of studies.

On admission to a Major or Honours Program in Computer Science, a student from outside the faculty must register in the Faculty of Engineering.
Credit for Courses Offered by Other Faculties or Institutions

All courses in other faculties are acceptable for use as elective credit for Major and Honours Programs in Computer Science, if the regulations of the department offering the courses permit and prerequisites are met.

Students already enrolled in a BSc degree program who plan to undertake work at another institution must receive prior written approval from the department of Computer Science if they wish such courses to be credited towards the BSc degree. A Letter of Permission to take courses elsewhere is provided by the Computer Science Advising Office. Credit for courses completed elsewhere will only be granted for courses in which a grade of 55% or higher, or the equivalent, was awarded. For some courses a higher minimum grade may be required as specified in the letter of permission.

Students authorized to attend another university who accept a degree from that institution give up the right to a University of Victoria degree until they have satisfied the University's requirements for a second bachelor's degree (see "Second Bachelor's Degrees", page 53).

Interfaculty Programs

Students planning to complete a Double Major or Double Honours Program in Computer Science and another discipline may choose to register in the Faculty of Engineering or the faculty of the other discipline. Students can arrange for an Interfaculty Double Honours or Major program through the Computer Science Advising Office. Such programs involve satisfying the Honours or Major requirements of two disciplines in two different faculties. Agreement to details of all such programs must be signed by the student and by representatives of the academic units involved. Students undertaking an interfaculty program will be subject to the regulations of the faculty in which they are registered.

Only one BSc degree with a Double Major or a Double Honours or a Joint Major/Honours will be awarded on the recommendation of the faculty in which the student is registered.

Students in a Major or Honours Program may also arrange to undertake a Minor offered in another discipline.

Academic Regulations

Academic Performance

Students in a BSc degree program are subject to the University regulations on academic performance (See "Standing" page 51).

Graduation Standing

The graduation standing for students in a BSc Major or Honours Program is determined in accordance with University regulations (See "Standing" page 51).

BSc Program Requirements

Requirements Common to All BSc Degrees

Each candidate for a BSc degree is required:

1. to have satisfied the "Academic Writing Requirement" (page 40)
2. to include in the first 15 units presented for the degree not more than 9 units in Computer Science and at least 3 units from each of two other departments
3. to include in the next 15 units presented for the degree at least 3 units of courses other than Computer Science and Software Engineering
4. to include in the remaining units presented for the degree at least 21 units of courses numbered at the 300 or 400 level (this is a general University regulation); 18 of these units must be taken at UVic including
   • at least 13.5 of the 19.5 units at the 300 or 400 level required for the Honours Program; or
   • at least 12 of the 150 units at the 300 or 400 level required for the Major Program
5. to satisfy the requirements of a Major or Honours program in Computer Science as specified below
6. to present credit in a minimum of 60 units of university-level courses numbered 100 and above; at least 30 of these 60 units must normally be completed at UVic

Academic Advice

Students considering or enrolled in a Major or Honours Program in Computer Science should seek academic advice through the Computer Science Advising Office. Students considering or enrolled in a combined BSc in Computer Science should seek academic advice from the Computer Science Advising Office and advisers for the second discipline.

Availability of Courses to Students in Other Faculties

All undergraduate courses offered by the department of Computer Science are open to all undergraduate students at the university if the regulations of their degree program permit and prerequisites are met.

Academic Writing Requirement

Students taking a Major or Honours degree program in Computer Science must take ENGL 135. Please see Academic Writing Requirements (AWR) for Combined programs on pages 104-109. See "Academic Writing Requirement" (page 40) for more information.

Limitation of Enrolment

Students are advised that because of limited staff and facilities, it may be necessary to limit enrolment in certain courses. Course enrolment limits will be listed during registration.

Advanced Placement

Students who demonstrate to the department that they have mastered the material of a course may be granted advanced placement.

Course Challenge for CSC 110

The CSC 110 course challenge exam is intended to allow registered undergraduate students to receive credit on the basis of knowledge or experience acquired outside the University. A student may challenge CSC 110 one time only by taking this special examination. The grade received will be entered into the student’s academic record, further determining the student’s sessional standing. See "Credit by Course Challenge" (page 44) for regulations about taking a challenge exam.

In order to take the exam, the student must first apply through Undergraduate Records using the Course Challenge form <www.uvic.ca/registrar/assets/docs/record-forms/course-challenge.pdf>, which will be forwarded to the Department of Computer Science for approval, and the student will be informed of the time of the exam, held once a term, normally within the first week of the term. The Course Challenge fee must be paid before the challenge examination is undertaken. Once the results have been approved by the Chair, a report of the grade awarded will be sent to both the student and to Undergraduate Records, and become part of the student’s academic record.

Course Credit Restriction

Students may obtain credit for only one Computer Science course in each of the following pairs:

<table>
<thead>
<tr>
<th>CSC 110 or CSC 111</th>
<th>CSC 106 or CSC 212</th>
</tr>
</thead>
<tbody>
<tr>
<td>CSC 115 or CSC 160</td>
<td>CSC 250 or CSC 355</td>
</tr>
<tr>
<td>CSC 370 or CSC 470</td>
<td>CSC 425 or CSC 420</td>
</tr>
<tr>
<td>CSC 448A or CSC 445</td>
<td>CSC 448B or CSC 446</td>
</tr>
</tbody>
</table>
## Major and Honours Programs

Students planning to complete a Major or Honours program in Computer Science must register in the Faculty of Engineering. Students registered in another faculty may transfer into a BSc program in the Faculty of Engineering. See “Transfers from Other Faculties” (page 99).

All students planning to complete a Major or Honours Program in Computer Science must file a Degree Declaration form before registering for third year in the Faculty of Engineering. Computer Science Degree Declaration forms are submitted to the Computer Science Advising Office.

### Admission to the Honours Program

Students who wish to be admitted to the Honours Program should apply to the Honours Advisor on completion of their second year. Entry requires a GPA of at least 6.0 calculated over all required second-year CSC, SENG, MATH and STAT courses.

Students may be admitted to the Honours Program upon completion of their third year provided they have a GPA of at least 6.0 calculated over all CSC and SENG courses taken in their third year based on a minimum of 12 units of course work for that year.

A GPA of 6.0 in third year is needed to progress to fourth year in the Honours Program. Students who do not achieve this GPA will be required to transfer to the Major Program.

1. ENGL 225 can be substituted for ENGR 240.
2. The statistics course can be taken as early as the second term of the first year.
3. Recommend CSC 461, 462.
## Major in Computer Science (Software Engineering Option)

### Year 1
- **CSC 106, 110, 115** .......................................................... 4.5
- **MATH 100 or 109, 101, 122** ............................................ 4.5
- **ENGL 135, 146 or 147** .................................................. 1.5
- Electives ................................................................. 4.5
- **Total** .............................................................................. 15.0

### Year 2
- **CSC 225, 226, 230** ........................................................ 4.5
- **SENG 265** ................................................................. 1.5
- **MATH 201 or 202 or 204** ............................................ 1.5
- **MATH 211** ................................................................. 1.5
- **ENGR 240** ............................................................... 1.5
- **STAT 252 or 255 or 260** ........................................... 1.5
- Electives ................................................................. 3.0
- **Total** .............................................................................. 15.0

### Year 3
- **CSC 320, 360, 370** ........................................................ 4.5
- **SENG 310 or 321** ....................................................... 1.5
- **6.0 units of CSC 300-level** ...................................... 6.0
- **Electives** ................................................................. 3.0
- **Total** .............................................................................. 15.0

### Year 4
- **4.5 units of SENG 400-level** .................................... 4.5
- **Electives** ................................................................. 10.5
- **Total** .............................................................................. 15.0

---

1. **ENGL 225 can be substituted for ENGR 240.**
2. **The statistics course can be taken as early as the second term of the first year.**
3. **MATH 222 is strongly recommended.**
4. **Recommend CSC 322, 349A. Further suggested: MATH 322, 423.**

## Major in Computer Science (Theory Option)

This program is for students who wish to acquire a strong background in the Theory of Computer Science.

### Year 1
- **CSC 106, 110, 115** .......................................................... 4.5
- **MATH 100 or 109, 101, 122** ............................................ 4.5
- **ENGL 135, 146 or 147** .................................................. 1.5
- Electives ................................................................. 4.5
- **Total** .............................................................................. 15.0

### Year 2
- **CSC 225, 226, 230** ........................................................ 4.5
- **SENG 265** ................................................................. 1.5
- **MATH 201 or 202 or 204** ............................................ 1.5
- **MATH 211** ................................................................. 1.5
- **ENGR 240** ............................................................... 1.5

---

## Combined Programs in Computer Science and Mathematics, and Computer Science and Statistics

For a Combined BSc degree in Computer Science and Mathematics, or Computer Science and Statistics, students may take a Major or Honours Program. These programs are not joint degrees in Computer Science and Mathematics, but a single degree program composed of a selected combination of courses from each of the departments. Students opting for any of these combined programs are registered in the Faculty of Science and must contact the Computer Science and Mathematics and Statistics departments.

### Admission to the Combined Honours Programs in Computer Science and Mathematics or Computer Science and Statistics

Students who wish to be admitted to one of the Combined Honours Programs should apply in writing to the Honours Advisers of both departments on completion of their second year. Normally a student will be admitted to the Combined Honours program only if the student has:

1. **completed CSC 110, 115, 106 or 212, 225, 230,** and **SENG 265**
2. **completed at least 10.5 units of the Mathematics and Statistics courses required for the degree**
3. **attained a grade of at least B+ in all 200-level Computer Science and SENG courses**
4. **attained a GPA of at least 6.5 in all 200-level Mathematics and Statistics courses**

Students may also be admitted to one of the Combined Honours Programs upon completion of their third year providing they have at least 4.5 units of 300/400 level credit from each department with a minimum GPA of 6.0 in all courses completed at the 300/400 level in the two departments.

Combined Honours students are expected to maintain a GPA of at least 5.0 in their third year to remain in the program.
### BSc Honours: Combined Program in Computer Science and Mathematics

#### Year 1
- CSC 106, 110, 115 .................................................. 4.5
- MATH 100 or 109, 122 ............................................. 4.5
- MATH 211 or STAT 260 .......................................... 1.5
- Electives\(^1\) ................................................................................................................ 4.5
- Total ................................................................................................................................. 15.0

#### Year 2
- CSC 225, 226, 230 .................................................. 4.5
- MATH 200, 204, 222 ............................................. 4.5
- MATH 212 or 236 .................................................. 1.5
- SENG 265 ........................................................................ 1.5
- Electives\(^3\) .................................................................................................................. 1.5
- Total ................................................................................................................................. 15.0

#### Year 3
- CSC 320 .................................................................................. 1.5
- Two of CSC 305, 322, 330, 350, 360, 361, 370 .................................................. 3.0
- MATH 212 or 236 .................................................. 1.5
- Two of MATH 301, 311, 322, 335, 342, MATH 352 or STAT 350, MATH 377, STAT 359 .................................................. 3.0
- CSC 349A or MATH 348 ............................................. 1.5
- Electives\(^4\) ................................................................................................................ 4.5
- Total ................................................................................................................................. 15.0

#### Year 4
- Two of CSC 422, 423, 425, 426, 429, 445, 446, 449, 482A ...................................................... 3.0
- CSC 499 or MATH 498 .................................................. 1.5
- Two of MATH 422, 423, 442, 446, 447, 449, 451, 452 .................................................. 3.0
- Electives\(^4\) ................................................................................................................ 7.5
- Total ................................................................................................................................. 15.0

---

1. Students who have not satisfied the Academic Writing Requirement must choose 1.5 units from ENGL 135, 146, 147.
2. MATH 211 can be replaced by MATH 110.
3. Students planning to take STAT 350 in third year should register for STAT 261.
4. Electives should include at least 9 units of 300/400 level courses to be chosen with at least 3 units from each department.

### BSc Major: Combined Program in Computer Science and Mathematics

#### Year 1
- CSC 106, 110, 115 .................................................. 4.5
- MATH 100 or 109, 122 ............................................. 4.5
- MATH 211 or STAT 260 .......................................... 1.5
- Electives\(^1\) ................................................................................................................ 4.5
- Total ................................................................................................................................. 15.0

### Year 2
- CSC 225, 226, 230 .................................................. 4.5
- MATH 200, 204, 222 ............................................. 4.5
- SENG 265 ........................................................................ 1.5
- STAT 260, 261 .................................................. 3.0
- Electives\(^1\) ................................................................................................................ 1.5
- Total ................................................................................................................................. 15.0

---

1. Students who have not satisfied the Academic Writing Requirement must choose 1.5 units from ENGL 135, 146, 147.
2. MATH 211 can be replaced by MATH 110.
3. Students planning to take STAT 350 in third year should register for STAT 261.
4. Electives should include at least 9 units of 300/400 level courses to be chosen with at least 3 units from each department.
### Year 3

2. MATH 211 can be replaced by MATH 110.
4. Courses should include at least 3.0 units comprising 300/400 level courses from either CSC or MATH or SENG or STAT.

### Combined Program in Geography and Computer Science (Geomatics)

The Department of Geography and the Department of Computer Science have designed a program leading to a combined BSc Major Degree. The Geomatics program is aimed at students whose interests span the fields of cartography, Computer Science, Geographic Information Systems, remote sensing, spatial analysis and surveying.

Students intending to pursue this combined program must consult the Undergraduate Adviser in either Geography or Computer Science after completing all of the first-year requirements.

### Geography/Computer Science Co-op

Students in the Geography/Computer Science Combined Program who wish to participate in Co-op may, if eligible, enrol in and undertake work terms in one or both of the Geography and/or Computer Science Co-op programs. The Co-op degree requires successful completion of three Co-op work terms. Completion of a minimum of one work term in each area adds the combined nature of their Co-op degree to the official record.

### Geography and Computer Science (Geomatics) Program Requirements

1. Students can replace MATH 102 with MATH 100 or MATH 109.
2. "Academic Writing Requirement" (page 40) must be completed.
3. Recommended courses include CSC 423, 426, 446, 471, 472, 473, SENG 474.
4. Electives may also include CENG 420

**Combined Major Program in Health Information Science and Computer Science**

Students must apply for the combined program through the School of Health Information Science office. This is a mandatory Co-op program.

Students with a previous degree in Computer Science or a related degree are not eligible for this combined program (see Second Bachelor’s Degree). Students who have failed a work term or do not maintain a GPA of 4.0 or better in each academic term will normally be required to withdraw from the School for at least one calendar year. This is a full-time program only.

**Health Information Science/Computer Science Co-op**

Health Information Science/Computer Science Students admitted to the Combined Program in Health Information Science and Computer Science are required to take part in the Co-op Program. In addition to their academic requirements, they must successfully complete a minimum of three work terms in at least one in each area, and be enrolled in a minimum of 6.0 units of course work each campus term. The granting of work term credit by challenge is not permitted in this program.

1. Students without grade 12 Biology must replace this elective by one of EPH 141, BIOC 102, BIOC 150A or BIOC 150B.
2. ENGL 225 can be substituted for ENGR 240.
3. One of these courses may be SENG at the 400 level.
4. These 6.0 units of other courses must be at the 300 level or higher, and must include at least 3.0 units chosen from Health Information Science, Computer Science or SENG.

**Combined Major in Music and Computer Science**

The School of Music and the Department of Computer Science have designed a combined program leading to either a Bachelor of Fine Arts or a Bachelor of Science degree.

Enrolment in this program is limited. Applicants must complete the usual procedures for admission to the University. See "Undergraduate Admission" (page 29). The application deadline for September entry is March 31. The School requires applicants to also submit a supplemental form. See <finearts.uvic.ca/music/csmusic/form/>.

**Music/Computer Science Co-op**

Students in the Music/Computer Science Combined Program who wish to participate in Co-op may, if eligible, enrol in and undertake work terms in one or both of the Music and/or Computer Science Co-op programs. The Co-op degree requires successful completion of three Co-op work terms. Completion of a minimum of one work term in each area adds the combined nature of their Co-op degree to the official record.

**Year 1**

<td>1.0</td>
</tr>
</tbody>
</table>
Electives

1. Students who have not satisfied the Academic Writing Requirement (AWR) should choose 1.5 units from ENGL 135, 146, 147.
2. MUS 270A/B must be taken concurrently with MUS 201A/B.
3. ELEC 407 and 484 are only offered in the summer term. Strongly recommend CSC 475 and ELEC 484.

Combined Programs in Physics and Computer Science

For a Combined BSc degree in Computer Science and Physics, students may take a Major or Honours Program. These programs are not joint degrees in Computer Science and Physics, but a single degree program composed of a selected combination of courses from each of the departments. Students opting for any of these combined programs are registered in the Faculty of Science and must contact the Computer Science and Physics departments.

Physics/Computer Science Co-op

Students in the Physics/Computer Science Combined Program who wish to participate in Co-op may, if eligible, enrol in and undertake work terms in both Co-op programs or may, if eligible, enrol and undertake work terms in only one Co-op program. They must successfully complete four work terms in order to complete their Co-op degree requirements. Students who complete at least two work terms in each area will have the combined nature of their program noted as part of the Co-op designation on their official records.

BSc Honours: Combined Program in Physics and Computer Science

Admission to the Honours Program requires permission of both the Department of Physics and Astronomy and the Department of Computer Science. Students should apply upon completion of second year.

1. Students can replace MATH 151 and 102 with MATH 100 or 109 and 101.
2. 1.5 units of these 400-level CSC electives may be replaced by 1.5 units of 400-level SENG.

**Combined Major Program in Visual Arts and Computer Science**

The Department of Visual Arts and the Department of Computer Science have designed a combined program leading to either a Bachelor of Fine Arts or a Bachelor of Science degree.

Enrolment in the program is limited. Students may be admitted directly from the Advanced Diploma Program in Fine Arts or a Bachelor of Science degree.

Students in the Visual Arts/Computer Science Combined Program who wish to participate in Co-op may, if eligible, enrol in and undertake work terms in one or both of the Visual Arts and/or Computer Science Co-op programs. The Co-op degree requires successful completion of three Co-op work terms. 1. Students who have not satisfied the Academic Writing Requirement (AWR) should choose 1.5 units from ENGL 135, 146, 147.
2. Complete the set of courses listed below.
3. One of these courses may be SENG at the 400 level.

### General Degree (BA or BSc - Faculties of Humanities, Science and Social Sciences)

**Admission to the General Program**

Students intending to complete a General degree in Computer Science will normally register in the faculty of the second area of specialization required in the degree.

Completion of the following set of courses satisfies the requirements for a BA or BSc General Degree in Computer Science as offered by the Faculties of Humanities, Social Sciences and Science. Students wishing to complete a General Program should register in whichever of these three faculties is appropriate based on their second area of specialization.

### Years 3 and 4

A total of 9.0 additional units of Computer Science courses numbered 300 or higher. Two of these CSC courses can be replaced by SENG courses at a similar level. 9.0

### Minor in Computer Science

Students in other departments may complete a Minor in Computer Science by completing the Major or Honours requirements of that department, in conjunction with either the Computer Science General Program requirement or by completing the set of courses listed below.

### Computer Science and Math Co-op Program

Co-operative Education is optional in Computer Science and Math Co-op programs with the exception of the combined Health Information and Science program, for which it is mandatory. Students who successfully complete four work terms will receive the Co-op designation for their degree. Admission into these programs requires a separate application.

Additionally, Work experience is optional in the Computer Science and Math programs. Students who successfully complete two or three work terms will receive the work experience designation for their degree. Admission to this program requires a separate application.

### Co-op Admission and Retention

Students are normally admitted to a program in January after their first term on campus; application for admission should be made before the end of the first term. However, a student may be admitted to a program up to the end of his or her second year. A student will be admitted to a Co-op Program only if there is a satisfactory schedule of academic terms and work terms that will enable the student to complete all Co-op requirements.

The normal requirements for admission of students to a Computer Science/Statistics Co-op Program are the completion of CSC 110, MATH 100 or MATH 109 and the following:

- the completion of at least 4.5 units on their last academic term
- a minimum grade of C+ in any Computer Science courses and a minimum grade of C in any Mathematics or Statistics courses taken on their last academic term
- no grades of F, E or N in courses taken on their last academic term

Students registered in a Co-op Program must normally be enrolled in at least 6.0 units of course work during each academic term. Students who fail to achieve satisfactory completion of a work term may be required to withdraw from the program. Each work term is recorded on the student’s academic record and transcript. Please refer to the general regulations pertaining to Undergraduate Co-operative Education Programs (page 59) of the University of Victoria governing all co-operative education students.

### Computer Science, Computer Science/ Mathematics and Computer Science/Statistics Co-op

Students admitted to one of these programs who wish to participate in Co-op must successfully complete four work terms in order to complete...
their Co-op degree requirements, and satisfy the course requirements of their specific degree program.

Health Information Science/Computer Science Students admitted to the Combined Program in Health Information Science and Computer Science are required to take part in the Co-op Program. In addition to their academic requirements, they must successfully complete a minimum of three work terms with at most two in one department, and be enrolled in a minimum of 6.0 units of course work each campus term. The granting of work term credit by challenge is not permitted in this program.

Work Term Sequence
CSC/Math students’ work terms are normally of four months’ duration and alternate with academic terms. Upon approval, work terms of 4 months can be combined to 8-, 12-, or 16-month periods of employment.

Work term prerequisite
The CSC Work Placement Preparatory Course is a mandatory requirement for Computer Science/Math Co-op and Work Experience students. Students normally must have completed the preparatory course before undertaking their first work term but in all cases must complete it before taking the second work term.

Students with significant work experience may complete a “Prior Learning Assessment”. Advance placements or waivers for a course will be considered on this basis only.

Students normally must complete the “Academic Writing Requirement” (page 40) before undertaking their first work term but in all cases must complete this requirement before their second work term.

Co-op Program Fee
The university assesses a Co-op Program Fee for each work term, which is non-refundable, that is due in the first month of each work term and is subject to the University’s general fee regulations.

A fee is also assessed for work term challenges but no fee is assessed for work term transfer credits.

Work Term Credit/Reduction
Students must pass four work terms in order to qualify for the CSC/Math Co-op degree and two work term to qualify for the CSC/Math Work Experience degree.

There are, however, several clearly defined situations where this requirement may be reduced by one term. A student with extensive technical work experience completed prior to admission to the program may apply to challenge for credit one work term. No challenge credit will be granted in the combined CSC/Health Information Science programs.

Computer Science/Math Work Experience Program
The Computer Science/Mathematics Work Experience program is intended for students who are enrolled in, or have completed, at least 3 units of 300- or 400-level courses in Computer Science, Software Engineering, Mathematics or Statistics in any Major, Honors or Option degree program in either the department of Computer Science or the department of Mathematics and Statistics, or in any combined degree program offered entirely within these two departments. Students participating in the Work Experience program must pass two Co-op work experience terms, that is, a total of eight months of full-time, discipline-related work under the supervision of the Engineering and Computer Science/Mathematics Co-op Program. These work experience terms are subject to the General Regulations: Undergraduate Co-op, with the exception that work experience credit by challenge is not permitted. Students passing the required two work experience terms will receive a designation of Work Experience on their academic record and transcript.

Students should contact the Engineering and Computer Science/Mathematics Co-op Office to discuss entry into this program.

Engineering Programs

PROGRAM ADMISSIONS
Students admitted to the BEng or BSEng degree program normally begin first-year Engineering courses in the September-December term each year. Students who wish extended time to complete first year can begin in the May to August term.

Completed applications must be submitted to Undergraduate Admissions and Undergraduate Records. For September admission, the application must be submitted by the preceding April 30 and all documentation must be received by May 31. For May admission, the application must be submitted by the preceding December 31 and all documentation must be received by January 31.

Graduates of Secondary Schools
Requirements for admission to the BEng and BSEng degree program for graduates of BC Secondary Schools are presented in “Year 1 Admission Requirements: BC/Yukon Secondary School Graduate” (page 32).

Graduates of secondary schools other than British Columbia’s and Yukon’s require qualifications in mathematics, physics and chemistry equivalent to those specified as admission requirements for BC and Yukon secondary school graduates (see “Year 1 Admission Requirements: BC/Yukon Secondary School Graduate”, page 32). Applicants are advised to contact Undergraduate Admissions and Undergraduate Records for further information regarding requirements.

Engineering Transfer Programs
Institutions throughout British Columbia offer first-year engineering transfer programs. Students who successfully complete one of these programs are eligible for admission to second year engineering at UVic if they have attained an overall standing of at least C+ (65%) with no individual grades less than C.

Applicants Transferring from University
Applicants who have completed transferable studies while registered in other faculties at UVic or elsewhere are eligible to be considered for admission. Applicants will be evaluated on a course-by-course and student-by-student basis. Applicants in this category should normally have taken at least 12 units of courses that transfer to the following UVic courses: CSC 110 or 111, CSC 115 or 116, MATH 100, 101, and 211, PHYS 110 and 111, ENGL 135, CHEM 101 and ENGR 240 or ENGL 225.

In all cases, transfer applicants must present Physics, Mathematics and Chemistry prerequisites (or equivalent) to meet minimum program requirements. To be considered applicants must have a minimum C+ (65%) average with no individual course grade less than C (60%).

Applicants from a Technology Diploma
On successful completion of the Engineering Bridge Program offered at Camosun College, students with two-year diplomas in Electronics or Mechanical or Computer Engineering Technology may be admitted to the third year of a BEng program. Acceptance into the Bridge and BEng Programs is decided on an individual basis and must be obtained from the Faculty of Engineering before registration in any of the bridge courses or senior-level courses will be approved.

Approved Substitutions for Courses Taken at UVic
Substitutions may be permitted, on a course-by-course basis, for students in the BEng and BSEng program, when the substitute course is taken at the University of Victoria. See the table “Substitutions for BEng and BSEng.”

<table>
<thead>
<tr>
<th>Substitutions for BEng and BSEng</th>

</tr>
</tbody>
</table>
Readmission to the BEng or BSEng program

Students who have withdrawn from the BEng or BSEng degree programs must reapply for admission by the deadlines listed in “Undergraduate Application and Documentation Deadlines” (page 8) and will be considered in competition with all other applicants at the time of re-application.

Applications from students who were required to withdraw for academic reasons will not be considered until the required withdrawal period has been completed (see Undergraduate Information under “Requirement to Withdraw from the University” (page 52). In addition to satisfying the Undergraduate requirements for re-admission to the University, it is expected that before re-applying to the program, students will successfully complete transferable courses that demonstrate improved academics (with all grades C+ (65%) or higher) in relevant subject areas. A student who was required to withdraw will be placed on academic probation upon re-admission to the BEng or BSEng program and must obtain Satisfactory Standing at the next standing review (See “Standing”, page 51).

ACADEMIC REGULATIONS

Common 1st Year

All students with less than 12 units of applicable (i.e., courses in BEng/ BSEng 1st year) credit are admitted as undeclared students to the common 1st year of the program.

Declaration into Programs

Undeclared students (with at least 12 units of applicable coursework, including transfer credit) are given the opportunity to declare their chosen Engineering program (discipline). All students with a minimum GPA of C+ and no applicable courses with grades less than C will be considered for available seats in the disciplines. Students with grades below this threshold can contact an admissions advisor to create a plan, improve grades, and re-apply for program declaration at a future date.

Academic Terms and Co-operative Education

The academic schedule for the BEng and BSEng degree programs consists of eight academic terms and six work/other terms.

The academic terms are scheduled from September to December, January to April, and May to August. After the start of second year, students normally alternate between academic terms and co-operative work terms. The typical path through the programs is shown in the table “Academic and Work/Other Term Schedule.” Four of the six work/other terms are normally used to satisfy the co-operative education requirements. The remaining two terms (8 months) may be used for other academic work (completion of an option or a Minor), gaining additional work experience, or any other activity. In some programs it is possible to interchange the two terms of 4th year. Please refer to the appropriate program entry for more information.

Each student in a BEng or BSEng degree program will be assigned to a graduating class, which at any point in time will determine the student’s current academic term or work/other term for the purposes of other regulations.

Co-op Work Term Requirement

The Co-operative Education requirement of the BEng/BSEng degree programs is a minimum of 4 terms of guided (co-operative) work. Students work with the Engineering/CSC/Math Co-operative Education office to apply for, obtain, complete, and assess 4 work terms in order to graduate from the programs. This requirement cannot be avoided or replaced.

Program Change Requests

Students who have completed at least one term of full-time studies in the BEng or BSEng programs who wish to alter their program or take a leave of absence should meet with their program adviser to map out plans for program completion. Although every effort will be made to detect problems during this review process, students are solely responsible for difficulties resulting from prerequisite and timetable conflicts.

Readmission to the program after a leave will depend on a seat being available at the time of re-entry and the student’s academic status at the time of the readmission request. Approval of a leave does not guarantee the absence of timetable conflicts upon the student’s reregistration. The faculty reserves the right to require that relevant course work be repeated if deemed necessary.

</tbody>
</table>

Academic Performance
Students in the BEng and BSEng programs are subject to the University regulations on academic performance (See "Standing", page 51). In addition, declared students on probation are normally undeclared from the disciplines and must re-qualify for available seats. These students will be moved into the general "Engineering BEng. Undeclared" group and will work with Advisors to re-qualify for program declaration. See "Declaration into Programs" (page 111).

Grading
The grading system used for the BEng and BSEng degree programs is the same as that specified by the University (see "Grading", page 49).

Academic Concessions
A student whose academic performance is affected by injury, family or personal affliction, or illness may qualify for "Academic Concessions" (page 46).

Review of an Assigned Grade in BEng and BSEng Program Courses, Work Terms, and Work Term Modules
- Any request for a review of a final grade must normally reach the Engineering Undergraduate Office within 21 days after the release of the assigned grades.
- The review of a final grade is restricted to grade components contributed by a final examination and to any other grade components released to the student within the last 21 days before the end of classes.
- In the case of a work term or work term module evaluation, the review will be restricted to the component on which a failing grade was assigned.
- The grade determined by means of a review will be recorded as the final official grade, regardless of whether it is identical to or higher or lower than the original grade.
- Before requesting a review, students should make every reasonable effort to discuss the assigned grade with the instructor. Mathematical marking errors will be rectified without recourse to the review procedures.

Course Equivalents and Course Withdrawals
Approval may be given, at the discretion of the Associate Dean, Undergraduate Programs for a student to replace one or more BEng or BSEng degree program courses with other acceptable courses. Written approval must be obtained in advance. Normally, such replacement courses will be taken at UVic. When a replacement course is to be taken at another institution, the student must obtain a Letter of Permission from the Engineering Undergraduate Office prior to undertaking the studies (see "Letters of Permission for UVic Students to Undertake Studies Elsewhere", page 41).

Examinations
Deferred Examinations
- Where a student has been unable to write an examination owing to illness, family crisis or other similar circumstances, the faculty may authorize a deferred examination.
- For academic regulations regarding deferred status, please see "Deferred Status" (page 48).
- Requests for Academic Concessions for Extended Deferred Exams should normally be submitted prior to the scheduled exam and in no instance later than 10 working days after the scheduled date of the Deferred Exam.

Supplemental Examinations
- The Faculty of Engineering does not usually offer supplemental examinations. If it is offered, information will be provided on the course outline that the students will receive at the beginning of the course. See "Undergraduate Supplemental Examinations" (page 52).

Credit for Courses Offered by Other Faculties or Institutions
The Faculty of Engineering may grant credit to applicants to the BEng or BSEng degree program for courses taken at UVic or at other post-secondary educational institutions. A Letter of Permission must be obtained from the Engineering Undergraduate Office prior to undertaking studies at another institution for credit towards the UVic degree program (see "Letters of Permission for UVic Students to Undertake Studies Elsewhere", page 41). Credit will be considered only for courses that are equivalent to courses in the BEng or BSEng degree program and in which satisfactory performance has been achieved. For courses with prefixes BME, CIVE, CENG, ELEC, ENGR, MECH and SENG, detailed documentation supporting the credit request may be required; students should contact the Engineering Undergraduate Office for specific instructions before beginning studies in the faculty. Credit for courses completed while outside the Faculty of Engineering will only be granted for courses in which a grade of C (60%) or higher has been awarded on the official transcript. For some courses a higher minimum grade may be required. For courses taken prior to admission to the program, the student must initiate all requests for course credit in the first term (four months) of registration in the BEng or BSEng program.

Course Challenges
The Faculty of Engineering does not offer course challenges with the exception of CSC 110.

Graduation Requirements
Students must meet the normal University "Minimum Degree Requirements for Graduation" (page 52) including a graduating average of at least 2.0, as well as:
1. Successful completion of the full set of courses specified for the degree program.
2. Successful completion of four work terms (as defined by the student's registered program) as specified below.

The graduating average of a student in the BEng or BSEng program will be the weighted average of the grade values (other than COM, N, F and E) assigned to 300- and 400-level courses taken or challenged at UVic and used within the student’s degree program. Courses taken at the 500 level may be included in the graduating average if they are used to meet degree requirements. If the total unit value of such courses does not exceed 30 units, then all such courses will be included in the average. If the total exceeds 30 units, then the average will be taken on a maximum of 30 units of such courses, chosen so as to give the highest average. In the case where those 30 units include a fraction of a course, then the calculation will be based on the 30 units plus the remaining fraction of
that same course. A course that has been used to satisfy the requirements for one degree or in the calculation of the student’s graduating average for one degree cannot be used for credit towards another degree. Senior level courses used to complete a Minor in some other area are excluded from the graduating average computation.

**First Year Schedule**

All Bachelor of Engineering and Software Engineering programs have their first year courses in common which are typically completed in fall and Spring terms. Alternative schedules are available. Students seek admission to specific programs prior to second year.

**Biomedical Engineering**

This program is accredited by the Canadian Engineering Accreditation Board (CEAB) of the Canadian Council of Professional Engineers. Accreditation ensures that graduates of the program satisfy the academic requirements for registration with the provincial Association of Professional Engineers.

Consistent with all BEng programs, the curriculum consists of the common set of first year courses, six terms unique to the degree and four Co-operative Education terms.

**Program Requirements**

Many courses are offered only one time per year. Refer to the Faculty web site for course scheduling information. Consult with a program adviser for schedule planning advice.

In addition, students must complete four Co-op work terms (ENGR 001, 002, 003, 004) as per the Faculty of Engineering “Academic and Work/Other Term Schedule” (page 111).

1. Not acceptable if student presents credit in ELEC 365.
2. A Complementary Studies Elective course deals with central issues in humanities or social sciences. The chosen course must be approved, prior to registration, by the Faculty of Engineering. Consult the Faculty website for a current list of approved courses.
3. CSC 115 may be substituted in a term when CSC 116 is not offered. CSC 116 is strongly recommended.

*One of these electives may be replaced by a 300-level CENG, CSC, ELEC, MECH or SENG course if the course is a prerequisite for a 400-level technical elective. Also, additional BME electives may be used to replace technical electives from this list.

**Additional prerequisites required**

### Electrical Systems Minor

An Electrical Systems Minor provides additional electrical engineering knowledge and skills, and is open to BME students. See “Minor in Electrical Systems” (page 119) for requirements.

### Mechanical Systems Minor

A Mechanical Systems Minor provides additional mechanical engineering knowledge and skills, and is open to BME students. See “Minor in Mechanical Systems” (page 123) for requirements.

### Business Minor

A Business Minor develops business skills that are frequently required by practicing Engineers. See “Business Minor Program” (page 320) for requirements.

### Civil Engineering

This new program is designed to be accredited by the Canadian Engineering Accreditation Board of the Canadian Council of Professional Engineers and accreditation will be sought at the earliest opportunity. Accreditation ensures that graduates of the program satisfy the academic requirements for registration with the provincial Associations of Professional Engineers.

Consistent with all BEng programs, the curriculum consists of the common set of first year courses, six terms unique to the degree and four Co-operative Education terms.

### Program Requirements

Many courses are offered only one time per year. Refer to the Faculty web site for course scheduling information. Consult with a program adviser for schedule planning advice.

In addition, students must complete four Co-op work terms (ENGR 001, 002, 003, 004), as per the Faculty of Engineering “Academic and Work/Other Term Schedule” (page 111).

1. A Complementary Studies Elective course deals with central issues in humanities or social sciences. The chosen courses must be approved, prior to registration, by the Faculty of Engineering. Consult the Faculty website for a current list of approved courses.

A Business Minor develops business skills that are frequently required by practicing Engineers. See “Business Minor Program” (page 320) for requirements.
Computer Engineering

This BEng program is accredited by the Canadian Engineering Accreditation Board (CEAB) of the Canadian Council of Professional Engineers. Accreditation ensures that graduates of the program satisfy the academic requirements for registration with the provincial Association of Professional Engineers.

Program Requirements

Many courses are offered only one time per year. Refer to the Department web site for course scheduling information. Consult with the program adviser for schedule planning advice.

In addition, students must complete four Co-op work terms (ENGR 001, 002, 003, 004), as per the Faculty of Engineering “Academic and Work/Other Term Schedule” (page 111).

Computer Engineering (Biomedical Option)

Students are admitted to the Biomedical Option at the completion of their 1B term. Enrolment is limited and students are cautioned that they must apply for admission and be admitted before registering in any of the option-required courses. In addition to the standard Computer Engineering program courses, the Biomedical Option requires completion of the following four courses:

- CHEM 150
- MATH 200
- PHY 200
- PHY 201

Computer Engineering (Computer Music Option)

Enrolment in the Computer Music Option is limited. Students must apply for admission before registering in any of its required courses. In addition to the standard Computer Engineering program courses, the Computer Music Option requires completion of the following courses:

- MUS 306
- MUS 307
- Plus a total of 3.0 units from the following list:
  - CSC 475 (1.5)
  - ELEC 484 (1.5)
  - MUS 401C (1.5)
  - MUS 406B (1.5)
  - Two of ELEC 435, 445, 446
  - Three of MUS 401A, 407
  - Four of MUS 401B-C

Note: A course in this option may be replaced with another course relevant to this option with the permission of the Department.

Computer Engineering (Quantum Physics Option)

Enrolment in the Quantum Physics Option is limited. Students must apply for admission before registering in any of its required courses. Students interested in this option should notify the Department before the Term 3A. Bridging students may also be able to take this option with appropriate scheduling. Students will be required to have a minimum cumulative GPA of 6 to enrol in the program and obtain a grade of B+ in PHYS 323. In addition to courses required for Computer Engineering, the Quantum Physics Option requires completion of the following courses:

- PHYS 215
- PHYS 323
- PHYS 423
- PHYS 432
- PHYS 435
- Plus any one of:
  - PHYS 321A
  - PHYS 328
  - MATH 342

Note: A course in this option may be replaced with another course relevant to this option with the permission of the Department.
Fast Track Master's Option

The department of Electrical and Computer Engineering offers outstanding undergraduate students an opportunity for a head start in a master's program. Qualified students will be permitted to enrol in graduate-level courses during their fourth year. These courses will be in addition to any undergraduate requirements and thus can be transferred to the MASc or MEng degree program. All of the admission and transfer credit regulations of the Faculty of Graduate Studies must be met. For more information, please contact the Chair or the Graduate Adviser of the department.

Business Minor

A Business Minor develops business skills that are frequently required by practicing Engineers. See "Business Minor Program" (page 320) for requirements.

Minor in Computer Systems

A Computer Systems Minor is open to students outside of the programs in Electrical Engineering and Computer Engineering. Students must have a minimum cumulative GPA of 5. The minor requires 9 units of ELEC and CENG designated courses with a minimum of 4.5 units at the 300 level or above. For an Electrical Systems Minor, 3 or more of these units at the 300 level or above must be ELEC. For a Computer Systems Minor, 3 or more of the units at the 300 level or above must be CENG.

Courses that fulfill requirements for a Minor cannot form part of the requirements of the other program.

Graduate Programs

For information on studies leading to the MEng, MASc and PhD degrees, see the UVic Graduate Calendar.

Program Requirement Notes

Refer to the "Academic Schedules Notes" on page 118.

Technical Electives

The program requires completion of seven technical electives (10.5 units) to be chosen from the lists below. Students who complete three courses (4.5 units) in one of the specialization areas listed below can request a letter from the Electrical and Computer Engineering Office confirming this; the area will not be shown on the transcript.

Students who entered the program via a bridge program must take at least two courses (i.e., 3.0 units) from the Special Bridge Students' Elective List. A printable PDF version of the electives is available at <www.uvic.ca/engineering/ece/current/undergraduate/advising/bridge-electives>.

Note that some courses appear under more than one category. Not all technical elective courses will be offered every year. Please check the department course schedule website for planning.

Communications

CENG 460 Communication Networks
ELEC 404 Microwaves and Fiber Optics
ELEC 405 Error Control Coding and Sequences
ELEC 417 Software Defined Radio
ELEC 450 Communications Theory and Systems II
ELEC 456 Mobile Communications
Directed studies, selected topics, or thesis courses

Computational Intelligence

CENG 420 Artificial Intelligence
CENG 421 Computer Vision

Computer Systems

CENG 448 Hardware Security
CENG 450 Computer Systems and Architecture
CENG 453 Parallel and Cluster Computing
CENG 455 Real Time Computer Systems Design Project
SENG 422 Advanced Software Architecture
SENG 426 Software Quality Engineering
Directed studies, selected topics, or thesis courses

Digital and Embedded Systems

CENG 441 Design of Digital and VLSI Systems
CENG 448 Hardware Security
CENG 450 Computer Systems and Architecture
CENG 455 Real Time Computer Systems Design Project
ELEC 466 System-on-Chip Engineering for Signal Processing
SENG 440 Embedded Systems
Directed studies, selected topics, or thesis courses

Digital Signal Processing

ELEC 403 Engineering Design by Optimization
ELEC 407 Digital Signal Processing II
ELEC 417 Software Defined Radio
ELEC 435 Medical Image Processing
ELEC 459 Applications of Digital Signal Processing Techniques
ELEC 483 Digital Video Processing: Algorithms and Applications in Media
ELEC 484 Audio Signal Processing
ELEC 486 Multiresolution Signal and Geometry Processing with C++
Directed studies, selected topics, or thesis courses

Electrical Energy Systems

ELEC 410 Power Electronics
ELEC 482 Electrical Drive Systems
ELEC 488 Electrical Power Systems
Directed studies, selected topics, or thesis courses

Electromagnetics and Photonics

ELEC 404 Microwaves and Fiber Optics
ELEC 434 Biophotonics
ELEC 452 Optical Communication Technology
ELEC 453 Antennas and Propagation
ELEC 454 Engineering Components for Wireless Systems
Directed studies, selected topics, or thesis courses
Technical Elective Notes
1. Not all technical electives will be offered every year. Please check the department course schedule website for planning.
2. Other 400-level or graduate courses may be considered as a Technical Elective with the permission of the department and Dean of Graduate Studies as required, refer to “Registration in Graduate Courses by Undergraduates” (page 41).
3. Courses other than those listed may be counted for credit towards a specialization with the permission of the Department.
4. Can be used for only one specialization letter, when deemed related to the specialization area by the course instructor.

**Academic Schedule: Computer Engineering Technical Elective Courses**

A list of available courses, and the terms in which they are normally offered, can be found at: <www.uvic.ca/engineering/ece/current/undergraduate/advising/schedule>.

Not all technical electives will be offered every year. Not all courses are offered in the terms listed. Please check the department course schedule website (www.uvic.ca/engineering/ece/current/undergraduate/courses).

**Academic Schedules Notes**

1. Deviation from the standard program schedule requires submission of a Program Planning Worksheet and approval by the Department before commencement of term.
2. Students normally must successfully complete ENGR 130 (Introduction to Professional Practice) before undertaking their first work term.
3. CSC 115 may be substituted in a term when CSC 116 is not offered. CSC 116 is strongly recommended.
4. A course in natural science as required by CEAB guidelines. A current list of acceptable courses may be obtained from the ECE Office.
5. A Complementary Studies Elective course dealing with central issues in humanities or social sciences, as required by CEAB guidelines for complementary studies, and as approved by the Faculty of Engineering. A current list of acceptable replacement courses may be obtained from the Engineering Undergraduate Office.
6. Or acceptable replacement.
7. MUS 407 is a two-term course taken in the fall and spring.
8. Alternate first year schedules for spreading the first year course load over three terms may be available, see “First Year Schedule” (page 113).
9. Students normally take ENGR 446 in the term preceding the final term of their academic programme (academic or work term.)

### Electrical Engineering

This BEng program is accredited by the Canadian Engineering Accreditation Board (CEAB) of the Canadian Council of Professional Engineers. Accreditation ensures that graduates of the program satisfy the academic requirements for registration with the provincial Engineering Association of Professional Engineers.

**Program Requirements**

Many courses are offered only one time per year. Refer to the Department web site for course scheduling information. Consult with the program adviser for schedule planning advice.

² Students in Computer Engineering must take a total of seven Technical electives.

**Electrical Engineering (Biomedical Option)**

Students are admitted to the Biomedical Option at the completion of their 1B term. Enrolment is limited and students are cautioned that they must apply for admission and be admitted before registering in any of the option-required courses. In addition to the standard Electrical Engineering program courses, the Biomedical Option requires completion of the following courses:

- BME 200 (1.5) Molecular and Cellular Physiology for Engineers
- BME 201 (1.5) Quantitative Human Physiology
- ELEC 335 (1.5) Biosensors and Instrumentation
- ELEC 435 (1.5) Medical Image Processing

This option also requires completion of one of the following courses as one of the Technical Electives:

- ELEC 434 (1.5) Biophotonics
- PHYS 432 (1.5) Medical Physics

Notes: Students in this option may take EPHE 141 and BIOL 225 in lieu of BME 200 and 201, but must then take BIOL 190A as their Science Elective. BIOL 190A and BIOL 225 cover prerequisite material necessary for admission to the medical program at UBC. Please refer to the UBC medical program requirements at <mdprogram.med.ubc.ca/admissions/admission-requirements>.

- This option is offered subject to resources.

- A course in this option may be replaced with another course relevant to this option with the permission of the Department.
**Electrical Engineering (Computer Music Option)**

Enrolment in the Computer Music Option is limited. Students must apply for admission before registering in any of its required courses. In addition to the standard Electrical Engineering program courses, the Computer Music Option requires completion of the following courses:

- MUS 306 Recording Techniques
- MUS 307 Introduction to Computer Music

**Plus a total of 3.0 units from the following list:**

- CSC 475 (1.5) Music Retrieval Techniques
- ELEC 484† (1.5) Audio Signal Processing
- MUS 401C (1.5) Acoustics
- MUS 406A (1.5) Advanced Sound Recording Techniques
- MUS 406B (1.5) Sound Recording Seminar
- MUS 407 (3.0) Computer Music Seminar

*Note: A course in this option may be replaced with another course relevant to this option with the permission of the Department.*

**Electrical Engineering (Quantum Physics Option)**

Enrolment in the Quantum Physics Option is limited. Students must apply for admission before registering in any of its required courses. Students interested in this option should notify the Department before the Term 3A. Bridging students may also be able to take this option with appropriate scheduling. Students will be required to have a minimum cumulative GPA of 6 to enrol in the program and obtain a grade of B+ in PHYS 323. In addition to courses required for Electrical Engineering, the Quantum Physics Option requires completion of the following courses:

- PHYS 215 Introductory Quantum Physics
- PHYS 323 Quantum Mechanics I
- PHYS 423 Quantum Mechanics II

**Plus any one of:**

- PHYS 321A Classical Mechanics
- PHYS 328 Solid State Physics I
- MATH 342 Intermediate Ordinary Differential Equations

*Note: A course in this option may be replaced with another course relevant to this option with the permission of the Department.*

**Fast Track Master’s Option**

The department of Electrical and Computer Engineering offers outstanding undergraduate students an opportunity for a head start in a master’s program. Qualified students will be permitted to enrol in graduate-level courses during their fourth year. These courses will be in addition to any undergraduate requirements and thus can be transferred to the MASc or MEng degree program. All of the admission and transfer credit regulations of the Faculty of Graduate Studies must be met. For more information, please contact the Chair or the Graduate Adviser of the department.

**Business Minor**

A Business Minor develops business skills that are frequently required by practicing Engineers. See “Business Minor Program” (page 320) for requirements.

**Minor in Electrical Systems**

An Electrical Systems Minor is open to students outside of the programs in Electrical Engineering and Computer Engineering. Students must have a minimum cumulative GPA of 5. The minor requires 9 units of ELEC and CENG designated courses with a minimum of 4.5 units at the 300 level or above. For an Electrical Systems Minor, 3 or more of these units at the 300 level or above must be ELEC. For a Computer Systems Minor, 3 or more of the units at the 300 level or above must be CENG.

Courses that fulfill requirements for a Minor cannot form part of the requirements of the other program.

**Graduate Programs**

For information on studies leading to the MEng, MASc and PhD degrees, see the UVic Graduate Calendar.

**Program Requirement Notes**

Refer to the “Academic Schedules Notes” on page 121.

**Technical Electives**

The program requires completion of seven technical electives (10.5 units) to be chosen from the lists below. Students who complete three courses (4.5 units) in one of the specialization areas listed below can request a letter from the Electrical and Computer Engineering office confirming this; the area will not be shown on the transcript.

Students who entered the program via a bridge program must take at least two courses (i.e., 3.0 units) from the Special Bridge Students’ Elective List. A printable PDF version of the electives is available here: [www.uvic.ca/engineering/ece/current/undergraduate/advising/bridge-electives](www.uvic.ca/engineering/ece/current/undergraduate/advising/bridge-electives).

*Note that some courses appear under more than one category. Not all technical elective courses will be offered every year. Please check the department course schedule website for planning.*

**Communications**

- CENG 460 Communication Networks
- ELEC 404 Microwaves and Fiber Optics
- ELEC 405 Error Control Coding and Sequences
- ELEC 417 Software Defined Radio
- ELEC 450 Communications Theory and Systems II
- ELEC 456 Mobile Communications

Directed studies, selected topics, or thesis courses

**Computational Intelligence**

- CENG 420 Artificial Intelligence
- CENG 421 Computer Vision
- ELEC 435 Medical Image Processing
- ELEC 485 Pattern Recognition

Directed studies, selected topics, or thesis courses

**Computer Systems**

- CENG 450 Computer Systems and Architecture
- CENG 448 Hardware Security
- CENG 453 Parallel and Cluster Computing
- CENG 455 Real Time Computer Systems Design Project
- SENG 422 Advanced Software Architecture
- SENG 426 Software Quality Engineering

Directed studies, selected topics, or thesis courses

**Digital and Embedded Systems**

- CENG 441 Design of Digital and VLSI Systems
- CENG 448 Hardware Security
- CENG 450 Computer Systems and Architecture
Digital and Embedded Systems

- CENG 455: Real Time Computer Systems Design Project
- ELEC 466: System-on-Chip Engineering for Signal Processing
- SENG 440: Embedded Systems

Directed studies, selected topics, or thesis courses.

Digital Signal Processing

- ELEC 403: Engineering Design by Optimization
- ELEC 407: Digital Signal Processing II
- ELEC 417: Software Defined Radio
- ELEC 435: Medical Image Processing
- ELEC 459: Applications of Digital Signal Processing Techniques
- ELEC 483: Digital Video Processing: Algorithms and Applications in Media
- ELEC 484: Audio Signal Processing
- ELEC 486: Multiresolution Signal and Geometry Processing with C++

Directed studies, selected topics, or thesis courses.

Electrical Energy Systems

- ELEC 410: Power Electronics
- ELEC 482: Electrical Drive Systems
- ELEC 488: Electrical Power Systems

Directed studies, selected topics, or thesis courses.

Electromagnetics and Photonics

- ELEC 404: Microwaves and Fiber Optics
- ELEC 434: Biophotonics
- ELEC 452: Optical Communication Technology
- ELEC 453: Antennas and Propagation
- ELEC 454: Engineering Components for Wireless Systems

Directed studies, selected topics, or thesis courses.

Electronics

- CENG 441: Design of Digital and VLSI Systems
- ELEC 410: Power Electronics
- ELEC 412: Electronic Devices II
- ELEC 420: Nanotechnology
- ELEC 481: Analog VLSI Systems

Directed studies, selected topics, or thesis courses.

Mechatronics

- CENG 455: Real Time Computer Systems Design Project
- ELEC 460: Control Theory and Systems II
- ELEC 482: Electrical Drive Systems

Each of the following courses, which will require additional prerequisites and permission from the offering department:

- MECH 458: Mechatronics
- MECH 464: Mechatronics Design Project
- MECH 466: Microelectromechanical Systems
- SENG 466: Software for Embedded and Mechatronics Systems

Mechatronics

Directed studies, selected topics, or thesis courses.

Networks, Security, and Privacy

- CENG 448: Hardware Security
- CENG 461: Design and Analysis of Computer Networks
- ELEC 456: Mobile Communications
- SENG 460: Practice of Information Security and Privacy
- SENG 461: Network Security
- SENG 468: Software System Scalability

Directed studies, selected topics, or thesis courses.

Other Technical Electives

- CENG 412: Human Factors in Engineering
- CENG 496: Selected Topics in Computer Engineering
- ELEC 461: Dynamics and Control of Switched Mode Power Supplies
- ELEC 462: Motor Drive Dynamics
- ELEC 496: Selected Topics in Electrical Engineering
- SENG 410: Media Applications
- SENG 475: Advanced Programming Techniques for Robust and Efficient Computing

Each of the following courses, which will require additional prerequisites and permission from the offering department:

- MECH 410: Computer Aided Design
- MECH 460: Computer Aided Manufacture

Directed studies, selected topics, or thesis courses.

Topics and Thesis Courses

- CENG 490: Directed Studies
- CENG 496: Selected Topics in Computer Engineering
- CENG 498: Honours Thesis
- ELEC 490: Directed Studies
- ELEC 496: Selected Topics in Electrical Engineering
- ELEC 498: Honours Thesis

Technical Elective Notes:
1. Not all technical electives will be offered every year. Please check the department course schedule website for planning.
2. Other 400-level or graduate courses may be considered as a Technical Elective with the permission of the department and Dean of Graduate Studies as required, refer to “Registration in Graduate Courses by Undergraduates” (page 41).
3. Courses other than those listed may be counted for credit towards a specialization with the permission of the Department.
4. Can be used for only one specialization letter, when deemed related to the specialization area by the course instructor.

Academic Schedule: Electrical Engineering

<table>

Students in Electrical Engineering must take a total of seven Technical Electives.

**Academic Schedule: Electrical Engineering Technical Elective Courses**

A list of available courses, and the terms in which they are normally offered, can be found at: <www.uvic.ca/engineering/ece/current/undergraduate/advising/schedule>.

Not all technical electives will be offered every year. Not all courses are offered in the terms listed. Please check the department course schedule website for planning: <www.uvic.ca/engineering/ece/current/undergraduate/courses>.

**Term 2A**
- CENG 241
- CENG 255
- CSC 116
- ELEC 250
- MATH 200
- STAT 254

**Term 2B**
- ELEC 216
- ELEC 220
- ELEC 260
- ELEC 299
- MECH 295
- MATH 204

**Term 3A**
- CSC 349A
- ELEC 300
- ELEC 310
- ELEC 320
- ELEC 330
- ELEC 340

**Term 3B**
- CENG 355
- ELEC 350
- ELEC 360
- ELEC 370
- ELEC 380
- ELEC 399

**Term 4A**
- ELEC 499
- ECON 180
- ENGR 297

**Term 4B**
- ENGR 446
- 1 Natural Science Elective
- 1 Complementary Studies Elective
- Technical Electives

**Mechanical Engineering**

This program is accredited by the Canadian Engineering Accreditation Board (CEAB) of the Canadian Council of Professional Engineers. Accreditation ensures that graduates of the program satisfy the academic requirements for registration with the provincial Association of Professional Engineers.

**Graduate Programs**

Please refer to the UVic Graduate Calendar for information on studies leading to the MEng, MASc and PhD degrees.

**Program Requirements**

**Year 1**
- CHEM 150 ..................................................... 1.5
- CSC 111 .................................................... 1.5
- ENGR 110, 120, 130, 141 .............................. 7.0
- MATH 100 or 109, 101, 110 .......................... 4.5
- PHYS 110 or 122, 111 or 125 ......................... 3.0
- Total ......................................................... 17.5

**Year 2**
- CSC 116 .................................................... 1.5
- ELEC 216, 250 ............................................ 3.0
- ENGR 297 ................................................ 1.5
- MATH 200, 204 ............................................. 3.0
- MECH 200, 220, 240, 242, 285 ...................... 7.5
- STAT 254 ................................................ 1.5
- Total ......................................................... 18.0

**Year 3**
- CSC 349A ................................................. 1.5
- ELEC 385 ................................................ 1.5
- ECON 180 ................................................ 1.5
- MECH 320, 330, 335, 345, 350, 360, 380, 390, 395 13.5

*Students in Electrical Engineering must take a total of seven Technical Electives.

**Academic Schedules Notes**

1. Deviation from the standard program schedule requires submission of a Program Planning Worksheet and approval by the Department before commencement of term.
2. Students normally must successfully complete ENGR 130 (Introduction to Professional Practice) before undertaking their first work term.
3. CSC 115 may be substituted in a term when CSC 116 is not offered. CSC 116 is strongly recommended.
4. A course in natural science as required by CEAB guidelines. A current list of acceptable courses may be obtained from the ECE Office.
5. A Complementary Studies Elective course dealing with central issues in humanities or social sciences, as required by CEAB guidelines for complementary studies, and as approved by the Faculty of Engineering. A current list of acceptable replacement courses may be obtained from the Engineering Undergraduate Office.
6. Or acceptable replacement.
7. MUS 407 is a two-term course taken in the fall and spring.
8. Alternate first year schedules for spreading the first year course load over three terms may be available, see “First Year Schedule” (page 113).
9. Students entering the Electrical Engineering program through the Engineering Bridge program must take MECH 295 as their Natural Science Elective.
10. Students normally take ENGR 446 in the term preceding the final term of their academic programme (academic or work term.)
In addition, students must complete four Co-op work Terms (ENGR 001, 002, 003, 004), as per the Faculty of Engineering "Academic and Work/Other Term Schedule" (page 111).

1. CSC 115 may be accepted as a substitute; students need to see Mechanical Engineering for approval

### Mechanical Engineering Technical Electives

The Department of Mechanical Engineering offers a large number of technical electives; the program requires completion of eight technical electives (12.0 units) to be chosen from the lists below. Students who complete 6 units in one of the specializations listed below can request a letter from the Mechanical Engineering undergraduate office confirming this; the specialization will not be shown on the transcript.

Note that some courses appear under more than one category and can be used for more than one specialization, with a maximum of 3.0 units shared between specializations. Up to two specializations will be acknowledged by the Department of Mechanical Engineering.

#### Computer Aided Engineering and Advanced Manufacturing

- MECH 410 Computer-Aided Design and Engineering
- MECH 411 Planning and Control of Production Systems
- MECH 420 Finite Element Applications
- MECH 450 Special Topics: Pulp and Paper Technology
- MECH 455 Instrumentation
- MECH 459 Fundamentals of Hybrid Vehicles
- MECH 460 Computer Aided Manufacturing
- MECH 462 Small Business Startup and Organization
- MECH 466 Microelectromechanical Systems
- MECH 495 Computational Fluid Dynamics and Heat Transfer
- MECH 450A-F Special Topics
- MECH 497 Green Vehicle Technology Project
- MECH 498 Honours Thesis
- MECH 499 Technical Project

Topic, thesis or project courses *

#### Advanced Materials

- MECH 423 Engineering Ceramics
- MECH 472 Introduction to Electron Microscopy
- MECH 473 Ferrous and Non-Ferrous Metals
- MECH 481 Biomaterials & Tissue Engineering

Topic, thesis or project courses *

#### Biomedical Engineering

- ELEC 434 Biophotonics
- ELEC 435 Medical Image Processing

#### Thermo-Fluids and Aerodynamics

- MECH 443 Advanced Thermodynamics
- MECH 444 Wind Power Systems
- MECH 446 Introduction to Ocean Engineering
- MECH 447 Energy Systems
- MECH 449 Fuel Cell Technology
- MECH 459 Fundamentals of Hybrid Vehicles
- MECH 493 Design of Thermo-Fluid Systems
- MECH 494 Thermofluids and Introduction to Mass Transfer
- MECH 495 Computational Fluid Dynamics and Heat Transfer

Topic, thesis or project courses *

#### Energy Systems

- ENGR 400 Sustainable Energy Systems Design Project
- MECH 443 Advanced Thermodynamics
- MECH 444 Wind Power Systems
- MECH 446 Introduction to Ocean Engineering
- MECH 447 Energy Systems
- MECH 449 Fuel Cell Technology
- MECH 459 Fundamentals of Hybrid Vehicles
- MECH 493 Design of Thermo-Fluid Systems
- MECH 494 Thermofluids and Introduction to Mass Transfer
- MECH 497 Green Vehicle Technology Project

Topic, thesis or project courses *

#### Mechatronics

- MECH 421 Mechanical Vibrations
- MECH 430 Robotics
- MECH 455 Instrumentation
- MECH 458 Mechatronics
- MECH 459 Fundamentals of Hybrid Vehicles
- MECH 464 Mechatronics Design Project
- MECH 466 Microelectromechanical Systems
- MECH 485 Mechanism and Manipulator Synthesis

Topic, thesis or project courses *

#### Topics, Thesis or Projects Courses

* Can be used for only one specialization letter, when deemed related to the specialization area by the course instructor.

- MECH 450 Special Topics Courses
- MECH 498 Honours Thesis (3.0 units)
- MECH 499 Technical Project (1.5 units)
Courses from Other departments
With the permission of the involved departments, students may take a limited number of upper-level courses as technical electives from other departments.

MECH 500-level Courses
With the permission of the department, students may select courses as technical electives, from the list of 500-level Mechanical Engineering graduate courses.

Business Minor
The Faculty of Engineering in conjunction with the Peter B. Gustavson School of Business offers a Business Minor. See “Business Minor Program” (page 320) for requirements.

Minor in Mechanical Systems
A Mechanical Systems Minor is open to all students outside the Mechanical Engineering program. It requires 9 units of MECH-designated courses, with a minimum of 4.5 units at the 300 level or above. Permission of the department is required. Courses that fulfill requirements for a Minor cannot form part of the requirements for the degree. In order to accommodate students from different backgrounds, as much flexibility as possible is given in course selection (consistent with course prerequisites). A suitable choice of fourth-year courses can lead to any areas of specialization given above in the Mechanical Engineering Technical Elective list.

| MECH 458 | MECH 472 |
| MECH 475 | MECH 481 |
| MECH 493 | MECH 495 |
| MECH 498 | MECH 499 |

| September-December Term |
| MECH 459 | MECH 497 |
| MECH 499 |

Academic Schedules Notes

1. Deviation from the standard program schedule requires submission of a Program Change Form and approval by the Department before commencement of term. Students with third- and fourth-year standing will have registration priority for 300- and 400-level courses.
2. Alternate first year schedules for spreading the first year course load over three terms may be available. See “First Year Schedule” (page 113).
3. ENGR 130 (Introduction to Professional Practice) is mandatory for BEng students. Students normally must successfully complete ENGR 130 before undertaking their first work term.
4. Students entering Mechanical Engineering through the Engineering Bridge Program must take ENGR 297 in place of one technical elective.
5. Students normally register in this course in the term preceding the final term of their academic program (academic or work term).
6. Must be a course dealing with central issues in humanities or social sciences, as required by CEAB guidelines for complementary studies, and as approved by the
Software Engineering

This program is accredited by the Canadian Engineering Accreditation Board (CEAB) of the Canadian Council of Professional Engineers. Accreditation ensures that graduates of the program satisfy the academic requirements for registration with the provincial Association of Professional Engineers.

Co-operative Education is mandatory in the BEng degree program. Please refer to the Faculty of Engineering Co-operative Education Programs General Regulations (page 126).

BEng Program Requirements 1,2

Please refer to table under “Academic and Work/Other Term Schedule” (page 111) for information on standard academic term and work term sequencing.

Five Technical electives | 7.5 |
One Complementary Studies elective | 1.5 |
One Natural Science elective | 1.5 |
**Total** | **18.0**

In addition, students must complete four Co-op work terms (ENGR 001, 002, 003, 004), as per the Faculty of Engineering “Academic and Work/Other Term Schedule” (page 111).

**BEng 4th Year Technical Electives**

The Software Engineering Program offers a large number of technical electives; the program requires completion of five technical electives (7.5 units) normally chosen from the set of 400-level courses offered within the Faculty.

Students who transferred from other programs or post-secondary institutions must choose their electives in consultation with the Software Engineering Program Office. Their choice of electives requires pre-approval by that office.

¹ Deviation from the standard program schedule requires submission of a Program Change Form and approval by the Program Office before commencement of term.
² Alternate first year schedules for spreading the first year course load over three terms may be available. See "First Year Schedule" (page 113).
³ CSC 116 can be substituted for CSC 115.
⁴ Students normally must successfully complete ENGR 130 (Introduction to Professional Practice) before undertaking their first work term.
⁵ Students must successfully complete the Academic Writing Requirement before undertaking their second work term.
⁶ When both courses are offered in the same term, only one of them may be open to BEng students.
⁷ CHEM 150 can be substituted for CHEM 101.
⁸ Offered in Term 3B to students with an approved modified program.
⁹ A complementary studies elective course dealing with central issues in humanities or social sciences, and as approved by the Faculty of Engineering’s BEng/BSEng Student Programs Committee. A current list of acceptable courses may be obtained from the BEng Program Office (1.5 units).
¹⁰ A course in natural science as required by CEAB guidelines. A current list of acceptable courses may be obtained from the BEng Program Office (1.5 units).
¹¹ A course in natural science as required by CEAB guidelines. A current list of acceptable courses may be obtained from the BEng Program Office (1.5 units).

¹² A course in natural science as required by CEAB guidelines. A current list of acceptable courses may be obtained from the BEng Program Office (1.5 units).
11. On the recommendation of the BSEng Program Office and with the permission of the ECE Department, credit for ENGR 400 may be applied in lieu of SENG 499 as the term 48 program requirement.
12. ENGR 297 can be substituted for SENG 401.

Minior in Software Development
A Software Development minor is open to students outside of the Bachelor of Software Engineering Program and Computer Science Programs.

The minor requires 10.5 units of courses as follows:

- CSC 110 or 111 ............................................................. 1.5
- CSC 115 or 116 ............................................................. 1.5
- SENG 265 and 350 ........................................................ 3.0
- Three SENG courses at 300 or 400 level ......................... 4.5

Note that 200 level and higher courses that fulfill requirements for a Minor cannot form part of the requirements for the Major or Honours degree. Any such course in the Minor program may be replaced by another suitable course at the same level or higher after consultation with the Software Engineering Program Office.

Engineering Co-operative Education Programs

Engineering students are automatically admitted to the Engineering Co-op program. See general Engineering program regulations for retention.

Work Term Sequence

Work terms are normally of four months’ duration and alternate with academic terms. Upon approval, work terms of 4 months can be combined to 8-, 12-, or 16-month periods of employment. Bachelor of Engineering and Bachelor of Software Engineering students need to submit a modified program request to their respective departmental office for approval of work terms longer than 4 months.

Work term prerequisite

ENGR 130 (Introduction to Professional Practice) is prerequisite to ENGR 001. See Engineering course listing for work term prerequisite sequencing.

Co-op Program Fee

The university assesses a Co-op Program Fee for each work term, which is non-refundable, that is due in the first month of each term for eight (8) terms and is subject to the University’s general fee regulations.

Note: students admitted to BEng/BSEng programs prior to September 2012 will be assessed a work term fee upon registration in each work term as per tuition regulations under “Engineering Tuition.”

Advance Credit

Students must pass four work terms in order to qualify for the BEng or BSEng Co-op degree. There are, however, several clearly defined situations where this requirement may be reduced by one or at most two work terms. Please note that the total work term credits/reductions that can be accumulated under this section is limited to a maximum of two. A student with extensive technical work experience completed prior to admission to the program may apply to challenge for credit one or two work terms.

Engineering and Computer Science/Math Co-operative Education Programs General Regulations

The University regulations with respect to "Undergraduate Co-operative Education" (page 59) are applicable to the BEng, BSEng and Computer Science/Math degree program students except to the extent that they are modified by regulations adopted by the BEng, BSEng or Computer Science/Math Co-op programs.

The faculty and departments will endeavour to inform students who appear to be at risk of violating any of these requirements. Failure to do so, however, in no way obligates the faculty or the departments to waive a requirement at a later date.

The Engineering and Computer Science/Math Co-op office is responsible for overseeing and evaluating work placements, and the assignment of the work term grades.

Students must sign a current Terms and Conditions document as provided by the Engineering and Computer Science/Math Co-op Program in order to be eligible to participate in the placement process.

Work Term Credits/Reductions

A student with Co-op work terms from another post-secondary institution may apply for transfer credit (to a maximum of two) toward the four required work terms if they have at least 12 units of academic credit which transfers from that institution towards the CSC/MATH Co-op degree. Detailed documentation supporting the credit request may be required.

A student with at least four months related work experience may apply for Work term credit by challenge. Students must apply in writing to the Engineering and Computer Science/Math Co-op office for challenges and transfer credits. Applications must be made within the first four months of attendance in the BEng, BSEng or CSC/Math programs at the University of Victoria. Complete documentation in accordance with University of Victoria guidelines must be submitted within four months after making the application.

A student undertaking continuous Co-op work experience longer than four months must be registered in a separate work term for each 4 month period and may be granted credit for additional work terms provided the basic requirements for each individual work term are met. Additional work terms should incorporate increased responsibility. For any period of work beyond 4 months for which there are no additional registrations, the student will lose Co-op status and full-time standing at UVic.

Work Term Application and Registration

Students must be registered for the work term by completing the Work Term Registration Form.

Students are expected to participate fully in the placement process. While every attempt will be made to ensure that all eligible students are placed, the Engineering and Computer Science/Math Co-op office is under no obligation to guarantee placement.

Students should be aware that they may be required to spend work terms outside the greater Victoria area.

The Engineering and Computer Science/Math Co-op Program reserves the right to approve any employer that provides placements for students and to withdraw a student from any placement assigned to a student. The student, however, has the right to be informed in writing of the reasons for any withdrawal and can follow the student appeal procedures as outlined in the Co-operative Education Program section.

Students must be registered for the entire duration of the work term placement and, once registered, are not permitted to withdraw from the placement without penalty of failure, unless specific written permission has been granted by the Dean. Where permission is granted, an entry of WNF (Withdraw No Fault) will be entered on the transcript.

Work Term Assessment

Students are required to write a report for each four-month work term. The report is expected to follow the guidelines as outlined by the Engineering and Computer Science/Math Co-op program.
Within six months of completion of the work term. Failing grades are submitted for work term reports not handed in by the due date.

Each work term is evaluated on the basis of the student’s performance of assigned work term tasks and a final work term submission as defined by the individual department. The work term period and evaluation (grading: COM, F/X, or N/X) are recorded on the student’s official academic record. A failing grade (F/X or N/X) will be assigned if a student fails to complete satisfactorily the requirements for the work term.

The requirements for a pass grade in a Co-op work term include:

- The Co-op program’s satisfactory assessment of the work term,
- the employer’s satisfactory competency assessment of the student,
- the satisfactory completion of the final work term submission (such as work term report, competency assessment) as submitted according to the deadlines defined by the Engineering and Computer Science/Math Co-op Office.

Students who are assigned a grade of F/X or N/X for a work term that carries 4.5 units will have a 0 grade point assigned for that work term; however, the grade is excluded from the calculations of all grade point averages. For the minimum sessional grade-point average regulations that apply to all UVic students, see “Minimum Sessional Grade Point Average and Academic Standing” (page 51). An appeal of an F/X or N/X grade awarded for a work term will only be considered if it is submitted within six months of completion of the work term.

Status of Students on Work Terms

Students registered for work terms are considered to be enrolled in a full-time course of studies and may not take university-level credit courses without the permission of the Program Manager of the Engineering/CSC/Math Co-op program for BEng/BSEng and CSC/Math students.

Students who are not registered in academic terms or in work terms should make themselves aware of the implications of their lack of full-time status.

Faculty Members

DEPARTMENT OF CIVIL ENGINEERING

Professors

Thomas Froese, BSc, MASc (Brit Col), PhD (Stanford), PEng
Christopher Kennedy, BEng (Imp Col), MASc., PhD (Waterloo), MBA (Toronto), PEng

Associate Professors

Caetano Dorea, BEng (Brasilia), MSc , PhD (Surrey), MSc (LSHTM)
Tom Gleeson, BSc (Victoria), MSc (SFU), PhD (Queen’s), PEng, Director of the Graduate Program
Rishi Gupta, BEng (Pune), MASc, PhD (Brit Col), PEng, Director of the Undergraduate Program
Phalgunti Mukhopadhya, BTech (Nat’l Instit Tech), MSc (City), PhD (Sheffield), PEng

Assistant Professors

David Bristow, BSc (Waterloo), MASc, PhD (Toronto), PEng
Heather Buckley, BSc Hon., MASc (Brit Col), PhD (Cal. Berkeley)
Ralph Evins, MEng (Imperial College), EngD (Bristol), CEng
Cheng Lin, BS, MS, (Hohai), PhD (Kansas), PEng
Min Sun, BSc (Tongji), MEng, PhD (Toronto)
Lina Zhou, BS, MS (Tongji), PhD (New Brunswick)

DEPARTMENT OF COMPUTER SCIENCE

Professors Emeritus

Byron L. Ehle, AB (Whitman), MS (Stan), PhD (Wat)
John A. Ellis, BSc, MSC (Lond), MS (Ill Inst of Tech), PhD (Northw)
Daniel M. Hoffman, BA (SUNY), MS, PhD (N Car, Chapel Hill), PEng
R. Nigel Horpwood, BA (Canlab), MSc, PhD (Tor)
Eric G. Manning, BSc, MSc (Wat), PhD (Ill), FIEEE, PEng
D. Michael Miller, BSc (Winn), MSc, PhD (Man), PEng
Jon C. Muzio, BSc, PhD (Nott)
D. Dale Olesky, BSc, MSC (Alta), PhD (Tor)
Frank D.K. Roberts, MA (Canlab), MSc, PhD (Liv)
Mary Sanseverino, BSc, MSC (UVic)
Micaela Serra, BSc (Man), MSc, PhD (UVic)
Gholamali C. Shoja, BSEE (Kan St), MSE (Northw), D Phil (Sus), PEng
Maarten van Emden, MSc (T.H. Delft), PhD (Amsterdam)
William W. Wadge, BA (Brit Col), PhD (Calif, Berk)
Sue Whitesides, MSc (Stanford), PhD (Wisconsin)

Professors

Yvonne Coady, BSc (Gonzaga U), MSc (Simon Fraser), PhD (Brit Col)
Daniela E. Damian, BSc (Babes-Bolyai U of Cluj-Napoca), MSc, PhD (Calgary), PEng
Bruce Kapron, BMath (Wat), MSc, (Simon Fraser), PhD (Tor)
Valerie King, AB (Prin), JD, PhD (Calif, Berk)
Hausi A. Müller, Dipl El Eng (ETH Zürich), MS, PhD (Rice), PEng, Associate Dean Research, Faculty of Engineering
Wendy J. Myrvold, BSc (McGill), MMath, PhD (Wat)
Jiangping Pan, BE, PhD (Southeast Univ., Nanjing)
Frank Ruskey, BA, MA, PhD (Calif, San Diego)
Margaret-Anne Storey, BSc, MSc (Uvic), PhD (Simon Fraser), BSEng Program Director, Canada Research Chair in Human and Social Aspects of Software Engineering (Tier 1)
George Tzanevakis, BSE (U of Crete), MA, PhD (Princeton), Canada Research Chair in Computer Analysis of Audio and Music (Tier 2)
Jens H. Weber, Dr rer Nat (Paderborn), PEng
Kui Wu, BSc, MEng (Wuhan), MM (Alberta), Engl, Graduate Adviser
Brian Wyvill, BSc (London), PhD (Bradford)

Associate Professors

Sudhakar N.M. Ganti, BTech (INTU), MTech (IIT), PhD (U of Ottawa)
Ulrike Stege, Dipl Math (Albert-Ludwigs-Universität Freiburg), PhD (ETH Zürich), Chair
Venkatesh Srinivasan, BE, MSc (Birla Inst. of Technology), PhD (Tata Inst. of Fundamental Research)
Alex Thomo, BSc (U of Praeaus), MSc, PhD (Concordia), PEng

Assistant Professors

Mantis H. M. Cheng, BM, MMath, PhD (Waterloo)
Neil A. Ernst, BSc, MSC (Victoria), PhD (Toronto)
Alona Fyshe, BSc, MSC (Alberta), PhD (Carnegie Mellon)
Nishant Mehta, BSc, PhD (Georgia Tech)
Andrea Tagliasacchi, BSc, MSc (Politecnico di Milano), PhD (Simon Fraser)  
Kwang Moo Yi, BSc, PhD (Seoul National)  

Assistant Teaching Professors  
Jason Corless, BSc, MSc (UVic)  
Lilianne Jackson, BSc (Alberta), MSc (Lethbridge), PhD (Calgary), Associate Dean Undergraduate Studies, Faculty of Engineering, PEng  
Michael Zastre, BSc (Simon Fraser), MSc, PhD (UVic), EngL  

Lab Instructors  
Bette Bultena, BSc, MSc, PhD (UVic)  
Victoria Li, BSc (Wuhan), MSc (Simon Fraser)  

Professional Staff  
Susan Butler, BA (UVic), Undergraduate Advising Officer  
Erin Robinson, Administrative Officer  
Duncan Hogg, BSc, MSc (UVic), Co-operative Education Co-ordinator  

Adjunct Appointments and Cross Listed Professors  
Ian Barroadale, BSc (Wales), MA (Brit Col), PhD (Liv), Adjunct Professor (2011-17)  
Alexandra Branzan Albu, BSc, MSc, PhD (Bucharest), PEng, Cross-Listed Assistant Professor, Dept. of Computer & Electrical Engineering (2012-18)  
Peter Driessen, BSc, PhD (Brit Col), PEng, Cross-Listed Professor, Dept. of Computer & Electrical Engineering (2012-18)  
Brian Gaines BA, MA, PhD (Cambridge), Adjunct Professor (2010-19)  
David G. Goodenough, BSc (Brit Col), MSc, PhD (Tor), FIEEE, Adjunct Professor (2011-17)  
Maia Hoeberechts, BSc, PhD (West. Ont.), Adjunct Professor (2012-18)  
Dimitrios Marinakis, BSc (UVic), PhD (McGill), Adjunct Professor (2012-18)  
Patrick McGee, BSc (SFU), MMath (Waterloo), PhD (Calif, Berk), Adjunct Professor (2010-19)  
Morgan Price, BSc (UVic), MD (Calgary) CCFP (Brit Col), Adjunct Professor (2011-17)  
W. Andrew Schloss, BA (Bennington Coll), PhD (Stanford), Cross-Listed Professor Dept. of Music (2012-18)  
Pauline van den Driessche, PhD (Wales), Adjunct Professor (2012-18)  

Department of Electrical and Computer Engineering  

Professors Emeritus  
Andreas Antoniou, BSc, PhD (Lond), Doctor Honoris Causa (Metsovia, Greece), LFIEEE, FIET, CEng, PEng  
Wolfgang J.R. Hoefner, Dipl-Ing (Aachen), Dr-Ing (Grenoble), Dr-Ing, h.c. (Munich), LFIEEE, FRSC, FCAE  
R. Lynn Kirlin, BS, MS (Wyo), PhD (Utah State), FIEEE  
Eric G. Manning, BSc, MSc (Wat), PhD (Ill), FIEEE, FEIC, ISP, PEng  
Maria A. Stuchly, BSc, MSc (Warsaw Tech U), PhD (Polish Acad of Sciences), FIEEE  
Adam Zielinski, BEng, MSc, PhD (Wrocław), PEng  

Professors  
Panagiotis Agathoklis, Dipl Eng (Athen), Dr Sc Tech (Swiss Fed Inst of Tech), FEIC, PEng  
Amirali Baniasadi, BS (Tehran), MS (Sharif), PhD (Northwestern), PEng  
Ashoka K.S. Bhat, BSc (Mys), BE, ME (Indian Inst of Sci), MASc, PhD (Tor), FIEEE, PEng  
Jens Bornemann, Ing (Hamburg), Dipl-Ing, Dr-Ing (Bremen), FIEEE, FCAE, PEng  
Lin Cai, BEng (Nanjing U. of Sci. & Tech.), MASc, PhD (Wat)  
David W. Capson, BScEng (New Brunswick), MEng, PhD (McMaster), PEng, Dean of Graduate Studies  

Thomas E. Darcie, BSc (Wat), MASc, PhD (Tor), FIEEE, FOSA, PEng, Tier I Canada Research Chair in Optical Systems for Communications, Imaging and Sensing  
Nikitas J. Dimopoulos, BSc (National and Kapodistrian U of Athens), MSc, PhD (Maryland), FEIC, PEng, Lansdowne Chair in Computer Engineering  
Xiaodai Dong, BSc (Xian Jiaotong), MSc (Nat'l U of Singapore), PhD (Queen’s), PEng, Tier II Canada Research Chair in Ultra-wideband Communications  
Peter F. Driessen, BSc, PhD (Brit Col), PEng  
Fayez Gebali, BSc (Cairo), BSc (Ain Shams), PhD (Brit Col), PEng  
Reuven Gordon, BASc, MASc (Tor), PhD (Cambridge), PEng, Tier II Canada Research Chair in Nanoplasmonics  
T. Aaron Gulliver, BSc, MSc (New Brunswick), PhD (UVic), FEIC, FCAE, PEng, Tier I Canada Research Chair in Advanced Wireless Communications  
Harry H. L. Kwok, BSc (Calif, LA), PhD (Stan), PEng  
Kin Fun Li, BEng (Concordia), MBA (UVic), PhD (Concordia), PEng, Computer Engineering Program Director/Undergraduate Advisor  
Wu-Sheng Lu, BSc (Fudan), MASc (E China Normal), MSc, PhD (Minn), FIEEE, FEIC  
Thomas Tiedje, BASc (Tor), MSc, PhD (UBC), FRSC, PEng, Dean of Engineering  
Issa Traoré, Aircraft Engineer (Ecole de l’Aér, Salon de Provence), MEng in Aeronautics and Space Techniques, MEng in Automatics and Computer Engineering (Ecole Nationale Supérieure de l’Aéronautique et de l’Espace, Toulouse), PhD (Institut National Polytechnique, Toulouse), PEng, Graduate Adviser  
Hong-Chuan Yang, BE (Jilin), MSc in Applied Mathematics, MSc in Electrical Engineering, PhD (Minn), PEng  

Associate Professors Emeritus  
Warren D. Little, BASc, MASc, PhD (Brit Col), PEng  

Associate Professors  
Michael D. Adams, BASc (Wat), MASc (UVic), PhD (Brit Col), PEng  
Alexandra Branzan Albu, BSc, MSc, PhD (Bucharest), PEng  
Tao Lu, BSc (Man), MSc (Queen’s), PhD (Wat)  
Michael L. McGuire, BEng, MASc (UVic), PhD (Tor), PEng, Chair  
Stephen W. Neville, BEng, MASc, PhD (UVic), PEng  
Christo Papadopoulos, BASc, MASc (Tor), PhD (Brown), PEng, Electrical Engineering Program Director/Undergraduate Advisor  
Daler N. Rahmatov, BSc (Rochester), MSc, PhD (Arizona), PEng  
Mihai Sima, BEng, MEng, PhD (Bucharest), PhD (Delft), EURIng, PEng  
Poman P.M. So, BSc (Tor), BASc, MASc (Ontt), PhD (UVic), PEng  

Professional Staff  
Ashley Senini, BA (UVic), Electrical Engineering Cooperative Education Coordinator  
Rhonda Korol, BASc (Tor), MASc (UVic), Electrical Engineering Co-operative Education Coordinator  
Duncan Hogg, BASc, MASc (UVic), Computer Engineering, Co-operative Education Coordinator  
Dan Mai, BSc (Man), Administrative Officer  
Alejandra Montenegro, BBA (Mexico), Academic Advisor  

Cross-listed Appointments  
George Tzanetakis, BSE (Crete), MA, PhD (Princeton), Cross-listed Associate Professor, Dept. of Computer Science (2014-17)  

Adjunct and Limited Term Appointments  
Mostafa I.H. Abd-El-Barr, BSc (Cairo), PhD (Tor), 2017-20  
Ehsan Atoofian, BSc, MASc (Tehran), PhD (UVic), (2017-20)  
Leonard Bruton, BSc (Lond), MEng (Carleton), PhD (Newcastle Upon Tyne), FRSC, FIEEE, PEng, (2017-20)
James S. Collins, BSc (Dal), BEng, MEng (Dal/NSC), PhD (Wash), PEng, (2015-18)
M. Wattheq El-Kharashi, BSc, MSc (Ain Shams), PhD (UVic), (2015-18)
H. El Miligi, B.Eng, M.Eng (Al-Azhar), PhD (UVic), (2017-20)
Morteza Esmaeili, MSc (Teacher Training University, Tehran), PhD (Carleton), (2015-18)
Mazen O. Hasna, BSc (Qatar), MSc (USC), PhD (Minn), (2016-19)
Atef A. Ibrahim, PhD (Cairo) (2014-17)
T. Ilampanthi, BE (Anna), M.Tech (Indian Institute of Technology), PhD (UVic) (2017-18)
Frank Nianhua Jiang, BEng, MEng (U. of Electronics Science and Technology, Chengdu), PhD (Tohoku), (2015-18)
Wei Li, BEng, MEng (Beijing U. of Posts and Telecom), PhD (UVic), (2017-20)
Yanguo Liu, BE (Harbin Institute of Technology), MASc, PhD (UVic) (2016-19)
Wyatt H. Page, BE (Auckland), PhD (Massey), (2015-18)
Darshika Perera, BSc, MSc (Royal Institute of Technology), PhD (UVic), (2017-20)
Hari C. Reddy, BE (Sri Venkateswara), ME (Baroda), PhD (Osmania), LFIEEE, (2016-19)
Dale J. Shpak, BSc, MEng (Calg), PhD (UVic), PEng, (2017-20)
Isaac Woungang, MSc in Mathematics (Aix-Marseille II), MSc in Telecommunications (Quebec at Montreal), PhD (Toulon & Var, Toulon, France), (2016-19)
Hao Zhang, BSc in Electronics Eng, BSc in Industrial Mgmt (Shanghai Jiaotong), MBA (New York Inst of Tech), PhD (UVic), (2016-19)
Jun Zhu, BS (SEU), MASc (UVic), PhD (UBC) (2017-20)

DEPARTMENT OF MECHANICAL ENGINEERING

Professor Emeritus
David S. Scott, BSc, MSc (Queen’s), PhD (Northw), PEng
Yury Stepanenko, DipEng (Moscow Inst of Machine Tool Eng), Candidate of Science (Moscow Eng Res Inst), DSc (Academy of Science, USSR)
Geoffrey W. Vickers, DipEng (Birm), MSc, PhD (Manc), PEng, CEng

Assistant Teaching Professor Emeritus
Scott Iverson, BS (California), MS (San Jose), MSc (Trinity), PhD (Colorado)

Professors
Colin H. Bradley, BASc (Brit Col), MS (Heriot-Watt), PhD (Victoria), PEng
Nedjib Djilali, BSc (Hatfield Polytech), MSc (Lond), PhD (Brit Col), PEng, Canada Research Chair in Energy Systems Design and Computational Modelling
Zuomin Dong, BSc (Beijing U of Tech), MSc, PhD (SUNY Buffalo), PEng
Sidak Dost, DipEng (Karadeniz Tech U), PhD (Istanbul Tech U), PEng, Canada Research Chair in Semiconductor Crystal Growth
Andrew M. Rowe, BASc (RMC Kingston), MASc, PhD (Victoria), PEng
Ron P. Podhorodeski, BSc, MSc (Man), PhD (Tor), PEng
Yang Shi, BS, MS (NPU, China), PhD (Alta), PEng
Henning Struchtrup, Dipl.-Ing, Dr.-Ing (Tech Univ Berlin), PEng
Afzal Suleman, BSc, MSc (Imperial Coll U of Lond), PhD (Brit Col), PEng, Canada Research Chair in Computational and Experimental Mechanics
Caterina Valeo, BSc, BASc (Tor), MEng, PhD (McMaster), PEng
Peter M. Wild, BASc (Brit Col), PhD (Victoria), PEng, Chair

Associate Professors
Bradley J. Buckham, BEng, PhD (Victoria), PEng
Daniela Constantinescu, BASc (Transylvania), MASc, PhD (Brit Col), PEng, Director of the Undergraduate Program
Curran Crawford, BEng (Victoria), MSc (MIT), PhD (Cambridge), PEng, Director of the Graduate Program
Nikolai Dechev, BASc, MASc, PhD (Tor), PEng

Rodney A. Herrell, BASc, MASc (Windsor), PhD (Birm), PEng
Ben Nadler, BS, MS (Tech Israel Inst), PhD (Cal. Berkeley), PEng
Peter Oshkai, BA/Math, MS, PhD (Lehigh)
Stephanie Willerth, SB (MIT), MS, PhD (Wash. St. Louis), PEng, Canada Research Chair in Biomedical Engineering

Assistant Professors
Keivan Ahmadi, BSc (Amirkabir), MSc (Iran U of Sci and Tech), PhD (Waterloo)
Mohsen Akbari, BSc, MSc (Sharif U of Tech), PhD (SFU)
Rustom Bhiladvala, BTEch (Indian Inst of Tech), MS (Iowa), PhD (Yale)

Senior Lab Instructors
Patrick A. Chang, Dip Electronics Eng’g; Dip Computing Tech, Laboratory Instructor
Rodney M. Katz, Laboratory Instructor
Minh Hi Ly, BEng (Ho Chi Minh Polytech), Laboratory Instructor
Arthur Makosinski, BA (Newark St Coll), Laboratory Manager

Professional Staff
Susan Fiddler, BMus (Victoria), Cooperative Education Coordinator
Calvin Tripp, BASc (Waterloo), Cooperative Education Coordinator

Adjunct and Limited Term Appointments
Bryson Robertson, BEng (Victoria), MASC (Queens), PhD, (Guelph)
Barbara Sawicki, BSc, PhD, DSc (Jagiellonian)
Martin Byung-Guk Jun, BASc, MASc (Brit Col), PhD (Illinois), PEng

BACHELOR OF SOFTWARE ENGINEERING (BSENG) PROGRAM
Program Director: Margaret-Anne Storey, PhD (Simon Fraser University), Professor
Cassandra Petrachenko, Program Coordinator
Belinda de Jong, BA (UVic), Academic Advisor
Imen Bourguiba, PhD (Hamilton), Co-operative Education Coordinator
Leo Spalteholz, MASc (UVic), Co-operative Education Coordinator

ENGINEERING AND COMPUTER SCIENCE/MATH CO-OPERATIVE EDUCATION PROGRAMS

Professional Staff
Meeta Khurana, MSc (Western), Engineering and Computer Science/Math Co-op and Career Services, Program Manager
Susan Fiddler, BMus (UVic), Mechanical Engineering Co-operative Education Coordinator
Duncan Hog, BASc, MSc (UVic), Computer Science Co-operative Education Coordinator
Imen Bourguiba, PhD (Hamilton), Software Engineering Co-operative Education Coordinator
Leo Spalteholz, MASc (UVic), Civil Engineering and Software Engineering Co-operative Education Coordinator
Rhonda Korol, BASc (Toronto), MSc (UVic), Electrical Engineering Co-operative Education Coordinator
Calvin Tripp, BASc (Wat), Mechanical Engineering Co-operative Education Coordinator
Cheryl Beaumont, BSc Eng(Queens), Vancouver, Co-operative Education Coordinator
Ashley Senini, BA (UVic), Electrical and Biomedical Engineering Co-operative Education Coordinator
The Faculty of Fine Arts offers students a wide range of courses in writing, theatre, music, visual arts and art history and visual studies.

Applied and theoretical instruction enables students to acquire a sound foundation of knowledge and skills while they explore their own creativity.
General Information

**DEGREES AND PROGRAMS OFFERED**

The Faculty of Fine Arts comprises the Departments of Art History and Visual Studies, Theatre, Visual Arts, Writing and the School of Music. The faculty offers programs leading to the degrees of Bachelor of Arts, Bachelor of Fine Arts, Bachelor of Music and Bachelor of Science. The faculty also offers interdisciplinary programs in Film Studies, Arts of Canada, Technology and Society, as well as diploma and certificate programs in several subdisciplines of Fine Arts.

**Graduate Programs**

Graduate studies are offered in Music, Art History and Visual Studies, Theatre, Visual Arts and Writing. For information on graduate programs, please refer to the UVic Graduate Calendar.

---

### Co-operative Education Programs

Please refer to "Undergraduate Co-operative Education" (page 59) for a general description of Co-operative Education. In the Faculty of Fine Arts, the Humanities and Fine Arts Co-operative Education program is offered. For information, please see “Humanities and Fine Arts Co-operative Education Program” (page 134). Details of the program in the Department of Writing are outlined under the “Minor in Professional Writing in Journalism and Publishing Co-op Option” (page 151).

Admission to and completion of co-operative education programs are governed by individual departmental requirements. As a required part of the program, students are employed for specific work terms. Normally, the expected number of weeks per work term is 15 and the expected number of hours per week is 35. The minimum number of weeks per work term is 12 and the minimum number of hours per week is 35. This employment is related as closely as possible to the student’s course of studies and individual interest. Students may withdraw from the Co-operative Education Program at any time during an academic term and remain enrolled in a degree program offered by their department.

---

### Academic Advice and Program Planning

Students entering the faculty for the first time should consult the Faculty of Fine Arts Advising Centre in Room 119 of the Fine Arts Building for advice about course planning.

Students entering the School of Music should consult the School of Music for advice about course planning. If possible, this should be done before registration.

Students registered in the Faculty of Fine Arts who intend eventually to enter the teaching profession should note the admission requirements of the programs of the Faculty of Education. These requirements should be...
kept in mind when choosing academic electives in undergraduate degree programs.

**Pre-Architecture Planning**

Since Canadian Architectural programs vary widely in their prerequisites for admission, undergraduates interested in future careers in architecture, urban planning or landscape architecture are urged to request this essential information from the School of Architecture they are interested in entering.

For advice on course selection, students planning an architectural degree should consult the Fine Arts Advising Centre or the Advising Centre for the Faculties of Humanities, Science and Social Sciences.

**Availability of Courses to Students in Other Faculties**

All courses in the Faculty of Fine Arts carry unrestricted credit in the Faculties of Humanities, Science and Social Sciences.

Students in the Faculty of Education may register for credit in any course offered by the Faculty of Fine Arts, provided space is available and they have the prior approval of the Teacher Education Advising Centre.

**Limitation of Enrolment**

Because of limited space and resources in some programs, not all qualified candidates can be admitted; early application is therefore highly recommended.

Students from other faculties should note that enrolment in certain courses may be limited and preference given to students registered in the Faculty of Fine Arts. Consult the department or school concerned for specific information.

---

**Faculty Admissions**

**Admission Requirements**

Applicants seeking admission to the Faculty of Fine Arts should refer to “Admission Requirements” (page 33). Additional requirements for admission to the Departments of Music, Theatre, Visual Arts and Writing are included in each department’s entry.

**Admission to a Second Bachelor’s Degree**

Students wishing to complete a second bachelor’s degree should proceed as outlined under “Second Bachelor’s Degrees” (page 53).

**Credit for Courses Offered by Other Institutions**

Students who plan to undertake work at other universities must receive prior approval from the Fine Arts Advising Centre. To be eligible for a Letter of Permission to take courses elsewhere, the student must have completed, or be registered in, no less than 6 units at UVic. Upon successful completion of such work, the student must request the registrar of the other university to send an official transcript of record to Undergraduate Records at UVic.

Candidates for a bachelor’s degree must normally complete at UVic a minimum of 30 units at the 100 level or above, including at least 18 of the minimum 21 upper-level units required for all degree programs. Students may take at another institution:

- no more than 3 of the 9 upper-level units required for the Minor Program
- no more than 6 of the 15 upper-level units required for the Honours Program
- no more than 3 of the 15 upper-level units required for the Major Program

Applications for Letters of Permission to undertake studies elsewhere must be accompanied by $10.00 payment per application, per institution.

**Faculty Academic Regulations**

**General Regulations**

Calendar regulations governing registration, fees, and academic advancement apply to all students registered in the Faculty of Fine Arts. Special regulations are set out under the department entries.

**Faculty of Fine Arts Degree Requirements**

Each candidate for a Bachelor’s degree in the Faculty of Fine Arts is required:

1. to have satisfied the “Academic Writing Requirement” (page 40).
2. to present credit in a minimum of 60 units of university-level courses numbered 100 and above; at least 30 of these 60 units must normally be UVic courses.
3. to include in these 60 units a minimum of 21 units of courses numbered at the 300 and 400 level; at least 18 of the 21 upper-level units should normally be UVic courses.
4. to meet the specific program requirements prescribed by the faculty for the student’s declared degree program (see individual department and school listings for details).

**Record of Degree Program**

All students in the Faculty of Fine Arts are required to complete a Record of Degree Program form in consultation with the Fine Arts Advising Centre (or, in the case of Music students, with the School of Music office) preferably near the beginning of their third year of studies. The purpose of this form is to ensure that proposed courses will meet the requirements for the degree program selected.

**Faculty Degree Programs**

**Honours and Major Programs**

Details of Honours and Major programs in the faculty are presented under the entries of the individual departments offering the programs.

**Interfaculty Programs**

It may be possible for students to arrange for an Interfaculty Double Honours, Joint Honours and Major or Double Major Program. Students must contact the Advising Centre for the Faculties of Humanities, Science and Social Sciences for further information and are strongly urged to do so before registering in courses which they wish to count for credit on an Interfaculty Program. Such programs involve satisfying the Honours and/ or Major requirements of two disciplines, both leading to the same degree, in two different faculties. Agreement to details of all such programs must be signed by the student and by representatives of the academic units involved. Students in an Interfaculty Program will be subject to the regulations of the faculty in which they are registered.

Only one Bachelor’s degree with a Double Honours or a Joint Honours/ Major or a Double Major will be awarded on the recommendation of the faculty in which the student is registered.

It may be possible for students to arrange to undertake an Interfaculty Minor in the Faculties of Humanities, Science and Social Sciences. Students must contact the Advising Centre for the Faculties of Humanities, Science and Social Sciences for further information, and are
strongly urged to do so prior to registering in courses which they wish to count for credit on an Interfaculty Minor.

**INTERDEPARTMENTAL DOUBLE HONOURS OR MAJOR**

A student in one department in the Faculty of Fine Arts may concurrently satisfy the requirements of a program in a second department by completing the program requirements in the second area with the permission of both departments. Only one degree will be awarded. For example, a student majoring in Art History and Visual Studies may concurrently satisfy the requirements for the program in Visual Arts and thereby qualify for a BA with a Double Major in Art History and Visual Studies and Visual Arts. Conversely, a student majoring in Visual Arts may concurrently satisfy the requirements for the program in Art History and Visual Studies and thereby qualify for a BFA with a Double Major in Visual Arts and Art History and Visual Studies. Students interested in taking a Double Honours or Major Program should consult the Fine Arts Advising Centre.

In any case where two different classes of degree result, each class will be tied to the respective discipline instead of the degree, and will be shown in the student’s academic record.

**MINORS**

The Faculty of Fine Arts offers Minors in:

- "Arts of Canada Program" (offered jointly with the Faculty of Humanities; see page 323)
- "Minor Program In Digital And Interactive Media In The Arts" (see page 134)
- "European Studies" (offered jointly with the Faculties of Humanities and Social Sciences; see page 325)
- "Film Studies Program" (offered jointly with the Faculty of Humanities; see page 323)
- "Minor Program in Art History and Visual Studies" (see page 137)
- "Minor in Music" (see page 143)
- "Minor in Professional Writing in Journalism and Publishing" (see page 151)
- "Minor Program in Visual Arts" (see page 150)
- "Technology and Society" (offered jointly with the Faculties of Social Sciences, Humanities, Engineering, Human and Social Development, and Education; see page 328)

A student may also complete a General Program that combines one of the above areas of study with one of the General Programs in Humanities or Social Sciences. The degree will be a BA awarded by the faculty offering the General Program.

Only one Minor can be declared on a student's program.

**MINOR PROGRAM IN DIGITAL AND INTERACTIVE MEDIA IN THE ARTS**

To acquire a Minor in Digital and Interactive Media in the Arts, students are required to complete successfully:

1. FA 101, 1.5 units
2. FA 346, 1.5 units

At least 9.0 units have to be at the 300 or 400 level. No more than 3.0 units can be taken from AE 322, 422, ANTH 303, 304, 309, CSC 106, 110, 167, 371, DHUM 250, 350, TS 300, 320, 400.

Please check the calendar for individual course prerequisites.

Courses taken for the Minor cannot be used to complete requirements for a Major or Honours program.

A student may also complete a General Program that combines a Minor in Digital and Interactive Media with one of the General Programs in Humanities or Social Sciences. The degree will be a BA awarded by the faculty offering the General Program.

**HUMANITIES AND FINE ARTS CO-OPERATIVE EDUCATION PROGRAM**

*Allison Benner, BA (Mt Allison), PhD (UVic), Co-operative Education Coordinator*

The Humanities and Fine Arts Co-operative Education Program is a year-round program which, through work terms of employment in a variety of organizations, enables students to combine work experience with an education in the Fine Arts and/or Humanities.

Applications and further information about the Humanities and Fine Arts Co-operative Education Program are available from the Co-op Coordinator, Room D128, Clearihue or at <www.uvic.ca/coopandcareer/co-op/info-by-program/other-programs/index.php/>.

**Program Requirements**

Any student registered in a BA, BFA, BSc, BMus, MA, MFA or PhD degree in the Faculty of Fine Arts or the Faculty of Humanities or registered in the Cultural Resource Management Program, the English Minor in Professional Communication, the Minor in Professional Writing in Journalism and Publishing or the Diploma Program in Intercultural Education will be admitted to the Humanities and Fine Arts Co-operative Education Program.

Prior to seeking their first Co-op work term, students must:

1. be registered in a full course load (at least 6 units of course work per term)
2. have achieved at least a 5.0 GPA in a full course load in the previous term
3. complete satisfactorily the Work Term Preparation Seminars
4. submit an acceptable résumé and cover letter stating their Co-op goals

To continue in the program, a student must:

1. be enrolled full time in a program leading to a BA, BFA, BSc, BMus, MA, MFA or PhD degree in a discipline offered in the Faculty of Humanities or the Faculty of Fine Arts or a Diploma in the Cultural Resource Management Program, the English Minor in Professional Communication, the Minor in Professional Writing in Journalism and Publishing or the Diploma Program in Intercultural Education
2. maintain a GPA of at least 5.5 in the courses in the degree area
3. maintain a GPA of at least 5.0 overall

To receive the Co-op designation upon graduation, undergraduate students must perform satisfactorily in each of the three required work terms.

The Humanities and Fine Arts Co-op Program is designed to provide students with an academic background as well as core- and discipline-specific competencies appropriate to a wide range of careers.

Students who are taking double or combined Major degrees, or a Major and a Minor (where each area offers a Co-op program) may, if eligible, enrol in and undertake work terms in both Co-op programs or may, if eligible, enrol in and undertake work terms in only one Co-op program. Students who complete at least two work terms in each area will have the combined nature of their program noted as part of the Co-op...
designations on their official records. Students enrolled in combined degrees where a minimum of three work terms are required must complete at most two work terms in one department.

General regulations pertaining to Co-operative Education Programs of the University of Victoria are found under “General Regulations: Undergraduate Co-op” (page 61). Students are advised that a Co-op Education Program tuition fee is charged.

**Fine Arts Work Experience Program**

The Fine Arts Work Experience Program is intended for students in the Faculty of Fine Arts who are enrolled in at least 3 units of courses in the Fine Arts. Students who are not in the Faculty of Fine Arts, but are in interdisciplinary studies with the Faculty of Fine Arts, and enrolled in at least 3 units of courses in the Faculty of Fine Arts, may be considered for the Work Experience Program. Students participating in the Fine Arts Work Experience Program will complete one or two work experience terms, that is, four to eight months of full-time, discipline-related work under the supervision of the Humanities and Fine Arts Co-op Program. These work experience terms are subject to the general regulations for Undergraduate Co-op programs in the University Calendar, with the exception that “Work Term Credit By Challenge”, page 61, is not permitted. Work Experience students may transfer to a regular Co-op program, subject to approval from the Co-op Coordinator. Participation in this program is limited. Students should contact the Humanities and Fine Arts Co-op office to discuss entry into this program.

**Fine Arts Post-Study Internship Program**

The Fine Arts Post-Study Internship Program is intended for students who are enrolled in fulltime studies, leading to a baccalaureate degree. Students participating in the Post-Study Internship Program will complete internship placements, (full-time, discipline-related work) under the supervision of the Humanities and Fine Arts Co-op Program. Internships are only available after all academic coursework has been completed and prior to graduation. Internships are normally of four months duration. In the undergraduate programs, students are required to complete satisfactorily at least one internship placement, but no more than three consecutive internship placements. These internship placements are subject to the general regulations for Undergraduate Co-op programs in the University Calendar, with the exception that “Work Term Credit By Challenge”, page 61, is not permitted. These internship placements may not be applied toward the graduation requirements for any co-op or work experience program. Participation in this program is limited. Students should contact the Humanities and Fine Arts Co-op office to discuss entry into this program.

**Diplomas and Certificates**

The faculty offers the following diploma and certificate programs:

- “Diploma in Fine Arts” (see below)
- “Diploma in Cultural Resource Management” (see page 137)
- “Certificate Program in Foundations in Indigenous Fine Arts” (see below)
- “Professional Specialization Certificate in Heritage Conservation Planning” (see page 138)
- “Professional Specialization Certificate in Collections Management” (see page 138)

**Diploma in Fine Arts**

Note: The Diploma in Fine Arts program is being discontinued and therefore we are no longer accepting applications. We encourage you to look at other Faculty of Fine Arts <www.uvic.ca/finearts> or Division of Continuing Studies programs <www.continuingstudies.uvic.ca/programs>.

The Fine Arts Diploma Program is designed for persons who wish to pursue a personal interest in the fine arts through part-time study. Its focus, structure, content, and flexibility are well suited to active people who may also be balancing jobs, families, and community responsibilities. While the diploma program may have some career benefits, its primary purpose affirms the traditional university value of learning for its own sake. Applicants must be admissible to the University of Victoria and have demonstrated interest in the fine arts.

The Program offers students the opportunity to take selected courses from the Departments of Art History and Visual Studies, Music, Theatre, Visual Arts, and Writing, based on themes of study that are selected and approved at the time of application. A total of 15.0 units, made up of the core course FA 101 Creative Being (1.5 units), and elective courses from the Faculty of Fine Arts that enable the student to pursue themes of particular interest, are required for the Diploma. Up to 3.0 units of credit may be taken outside the Faculty of Fine Arts with the approval of the Associate Dean. As this program is primarily intended for students pursuing a personal rather than a professional interest in the arts, studio or performance courses are not normally emphasized.

Students may apply to obtain up to 6.0 units of transfer credit to be used towards their Diploma for equivalent UVic courses, as long as the credits have not been used in a previous credential.

Credit obtained within the Fine Arts Diploma Program may be transferable to a regular undergraduate degree program. However, such transferability of credit is always subject to the specific requirements of the degree program.

The Fine Arts Diploma Program is offered by the Faculty of Fine Arts in cooperation with the Division of Continuing Studies. Admission is subject to the approval of the Associate Dean of Fine Arts. For further information about the Program, please contact Continuing Studies at 250-721-8457 or by email at <fadp@uvic.ca>.

**Certificate Program in Foundations in Indigenous Fine Arts**

In co-operation with the En’owkin International School of Writing and Visual Arts in Penticton, BC, the faculty offers a Certificate in Foundations in Indigenous Fine Arts. This Certificate is only available for students who complete course requirements at the En’owkin Centre. All courses meet the academic standards of the University of Victoria, but emphasize Indigenous peoples’ perspectives and cultural content.

Students take a total of 13.5 units of courses, including 3 units of core courses and 10.5 units of electives in visual arts and/or writing. Course work completed at the En’owkin Centre will be identified by the letter E following the course number; e.g., CW 150E, ART 101E.

The Certificate Program is designed primarily for mature Indigenous students who wish to develop specialized skills in creative writing and/or visual arts in an Indigenous context. Students may complete the program on a part-time basis but must successfully complete at least 13.5 units of course work over a period of two to six years.

**Admission Requirements**

Students wishing to be admitted to the Certificate in Foundations in Indigenous Fine Arts should contact:

- Director, En’owkin Centre
- RR#2, Site 50, Comp. 8
- Penticton BC V2A 6J7
- Phone: 250-493-7181
- Email: enowkin@vip.net
- Web: www.enowkincentre.ca

Admissions to the Certificate Program are made through the En’owkin International School of Writing and Visual Arts. As part of the En’owkin admission process, students complete a University of Victoria application form which will be forwarded to the University of Victoria Undergraduate
Admissions by the En’owkin School no later than September 30 for entry into the Winter Session. Transcripts will be required at this point only to identify course credits that satisfy the University of Victoria Academic Writing Requirement.

Please note that students will be admitted through the En’owkin School for the Certificate Program only. Students who wish to continue their studies in any other University of Victoria courses or programs must apply to reregister through UVic Undergraduate Records and provide complete transcripts of all prior academic work. Credit obtained within the Certificate Program may be transferable to a regular UVic degree program. Transferability of credit is, however, subject to the specific requirements of the degree program. Students who wish to pursue a BA or BFA in Visual Arts or Writing at the University of Victoria must re-apply to UVic Undergraduate Records and fulfill all normal admission, program and course requirements. Students are strongly advised to consult the Chair of the appropriate department as early as possible.

**University of Victoria Academic Writing Requirement**

All students wishing to complete the Certificate must satisfy the “Academic Writing Requirement” (page 40). The En’owkin Centre normally provides the English Placement Essay and required course work to satisfy this requirement.

**Core Courses**

Students must choose 3.0 units of core courses from the following:

- ART 100E (1.5) Studio Foundation
- ART 150 (1.5) Introduction to Contemporary Art Theory
- CW 210E (3.0) Introduction to Creative Writing

**Elective Courses**

Students may select either Creative Writing or Visual Arts courses to complete the required 13.5 units.

- ART 100E (1.5) Studio Foundation
- ART 101E (1.5) Drawing
- ART 130E (1.5) Printmaking
- ART 150 (1.5) Introduction to Contemporary Art Theory
- ART 211 (1.5) Painting
- ART 221 (1.5) Sculpture
- CW 100E (3.0) Introduction to Creative Writing
- CW 150E (1.5) Writing for Children from a First Nations’ Perspective
- CW 155E (1.5) Critical Process and World View
- CW 156E (1.5) Critical Process, Symbolism and Oral Tradition
- CW 160E (1.5) First Nations’ Non-Fiction
- CW 212E (1.5) Structure in Cinema and Television Drama

Note: Students wishing to apply to a degree program in Visual Arts at the University of Victoria must complete both ART 100E and ART 101E.

**En’owkin Centre Courses**

Descriptions for most En’owkin courses are in the Calendar under the departments that offer equivalent courses on campus. The following courses are offered only through the En’owkin Certificate Program: ART 100E, 101E, 130E, CW 150E, 155E, 156E, 212E.

**ART HISTORY AND VISUAL STUDIES PROGRAMS**

**For Humanities and Fine Arts Co-operative Education information, please see “Humanities and Fine Arts Co-operative Education Program” (page 134). For Cultural Resource Management Co-op Option information, please see “Cultural Resource Management Co-op Option” (page 138).**

**Honours Program**

**Admission**

The Honours Program provides the possibility for more intensive study in the field of Art History and Visual Studies, and is intended for those who wish to continue on to graduate studies in Art History and Visual Studies or related professional disciplines.

Students may apply to enter the Honours Program after completion of a minimum of 9 units of course work in Art History and Visual Studies with a GPA in these courses of 6.0 (B+) or better.

**Program Requirements**

In addition to the general “Minimum Degree Requirements for Graduation” on page 52, students taking a BA Honours in Art History and Visual Studies must satisfy the following requirements:

1. AHVS 120, AHVS 121
2. 3 units of AHVS at the 200 level
3. AHVS 499
4. 19.5 units of AHVS at the 300- or 400-level that must include 3 units in each of the following four areas of study which encompass ancient through to contemporary unless otherwise stated:
   - Europe, Mediterranean before the modern period
   - Islam, Asia
To obtain a Minor in Art History and Visual Studies, students are required to complete the following requirements:

1. 7.5 units of core courses: AHVS 200, AHVS 202, AHVS 386 and 3.0 units from: AHVS 486A, AHVS 486B, AHVS 491B, AHVS 493
2. 7.5 units, of which no more than 3.0 units may be non-AHVS courses, selected from the following: AHVS 264, AHVS 300B, AHVS 300C, AHVS 310A, AHVS 310B, AHVS 310C, AHVS 486A (if not taken as core), AHVS 486B (if not taken as core), AHVS 491B (if not taken as core), AHVS 493 (if not taken as core), course offerings in the AHVS 488 and 489 series, ANTH 240, ANTH 303, ANTH 305, ANTH 393 (when offered as "Communities and Collections"), ART 105, ART 106, ART 141, ART 380, FRAN 325, GMST 489, GRS 395, GRS 495, HSTR 389A, HSTR 489A, MEDI 451.

At least 9.0 units have to be at the 300 or 400 level.

Courses taken for the Minor cannot be used to complete requirements for a Major or Honours Program. However, they can be used to satisfy co- or prerequisites.

A student may also complete a General Program that combines an Art History and Visual Studies Minor with one of the General Programs in Humanities or Social Sciences. The degree will be a BA awarded by the faculty offering the General Program.

**Minor in Museum Studies**

To obtain a Minor in Museum Studies, students are required to complete successfully:

1. 3 units of AHVS at the 200 level
2. 9 units of AHVS at the 300 or 400 level

Courses taken for the Minor cannot be used to complete requirements for a Major or Honours Program. However, they can be used to satisfy co- or prerequisites.

A student may also complete a General Program that combines an Art History and Visual Studies Minor with one of the General Programs in Humanities or Social Sciences. The degree will be a BA awarded by the faculty offering the General Program.

**Cultural Resource Management Program**

**Program Description**

The Cultural Resource Management Program offers a Diploma in Cultural Resource Management and a Professional Specialization Certificate in Collections Management. The program serves those who are currently involved professionally in museums, art galleries, historic sites, building conservation and related cultural stewardship activities. Students in related disciplines may also participate in program courses.

**Diploma in Cultural Resource Management**

The curriculum of the Diploma Program in Cultural Resource Management features three areas of specialization: museum studies, cultural management and heritage conservation. Candidates may register for courses in one or more areas for credit toward the diploma.

Courses are offered at the third- and fourth-year undergraduate level. Applicants who do not hold a bachelor’s degree will normally be expected to have completed a minimum equivalent of two years of post-secondary education. In addition to academic background, applicants should normally have prior involvement in the cultural, museum or heritage sector to provide a context for studies.

The normal period of completion is two to three years of part-time study. The normal period of completion is two to three years of part-time study.

Credit obtained within the Diploma Program may be transferable to a regular undergraduate degree program, subject to the specific requirements of the degree program. Students may apply course credit to both a degree and the Diploma when the programs are completed concurrently, or when the diploma is completed first.
The program requires completion of 15.0 units through the following courses:

1. **Core courses**: AHVS 486A, 486B and 487A.
2. **Elective courses**: 10.5 units selected from AHVS 386, AHVS 488A-V, 489A-L, 486A, 486B, 487A, 491A, 491B.

Applicants who have previously received credit in a degree program for any of these core courses will be allowed to substitute up to 4.5 units of courses with the approval of the Academic Adviser.

Students may apply to obtain up to 4.5 units of transfer credit for equivalent courses.

Diploma students who fail to maintain a GPA of at least 5.0 may be asked to withdraw from the program.

Other students may register in individual courses in the diploma program as enrolment allows.

**Cultural Resource Management Co-op Option**

Cultural Resource Management Co-op Option and to apply for the Co-op program, visit the Co-operative Education Program website at: <www.uvic.ca/coopandcareer/co-op/info-by-program/other-programs/index.php/>

Conservation Planning and Collections Management to:

Co-operative education students within the Diploma Program in Cultural Resource Management will normally be required to complete all their program requirements within a 24-month period in order to maintain the full-time status required for participation in the Co-operative Education Program. General regulations pertaining to Co-operative Education Programs of the University of Victoria are found on “General Regulations: Undergraduate Co-op” (page 61). For further information on the Co-operative Education Option and to apply for the Co-op program, visit the Co-op website at: <www.uvic.ca/coopandcareer/co-op/info-by-program/other-programs/index.php/>

**Professional Specialization Certificate in Heritage Conservation Planning**

**Note**: We are no longer accepting applications for the Professional Specialization Certificate in Heritage Conservation Planning program. Instead, interested applicants may consider our Graduate Professional Certificate in Heritage Studies: <www.continuingstudies.uvic.ca/culture-museums-and-indigenous-studies/topics/heritage-studies>.

This four-course (6.0 unit) Professional Specialization Certificate provides heritage specialists and other professionals with skills and knowledge to support conservation planning and decision making. To be considered for this certificate program, applicants must have completed a University of Victoria bachelor’s degree or its equivalent and have a minimum of two years’ work experience in the museum or heritage sector. The program requires the completion of the following:

- Core courses: AHVS 488B, 488D, 488J.
- An elective course selected from AHVS 488A-V series in consultation with the Academic Adviser.

Students who complete a Professional Specialization Certificate in Collections Management are able to transfer four courses (6.0 units) upon admission to the Diploma in Cultural Resource Management.

Courses taken to satisfy the Professional Specialization Certificate in Collections Management cannot be used to complete the Museum and Material Studies Concentration requirements for an Honours or Major in Art History and Visual Studies.

**Inquiries**

Please direct inquiries regarding the Diploma in Cultural Resource Management and the Professional Specialization Certificates in Heritage Conservation Planning and Collections Management to:

- Cultural Resource Management Program
- Division of Continuing Studies
- University of Victoria
- Phone: 250-721-8457
- Fax: 250-721-8774
- Email: crmcoord@uvic.ca
- Website: <www.uvic.ca/cultural>

**University of Victoria Art Collections**

An important resource for the Department of Art History and Visual Studies is the University of Victoria Art Collections. The UVAC administers the Maltwood Collection (an international collection of decorative arts including special emphasis on the Arts and Crafts movement from William Morris to the 1920s) and the University Collection (an extensive collection of western Canadian contemporary art in all media).

The specialized museological library, study gallery and varied exhibition programs give students a chance to work directly with materials and gain first-hand experience in the operations of a university museum. The primary exhibition and teaching spaces are located at the Legacy Art Gallery, downtown Victoria, 604 Yates Street <uvacuvic.ca>. The Maltwood Prints and Drawings Gallery in the MacPherson Library also provided exhibition and teaching spaces.

**School of Music**

Dániel Péter Biró, MFA (Würzburg), MFA (Frankfurt), PhD (Princeton), Associate Professor (composition, theory)

Anita Bonkowski, BM, MM (UVic) (music appreciation, theory, aural skills)

Patrick Boyle, BM (Memorial), MA (York), DMA (Tor), Associate Professor (Jazz Ensemble, theory, jazz history, business of music, improvisation)

Benjamin Butterfield, Lic. Mus (McGill), Professor (voice, lyric diction, vocal pedagogy)

Christopher Butterfield, BM (UVic), MA (SUNY, Stony Brook), Associate Professor (composition, theory)

John A. Celona, BM, MA (San Fran St), PhD (Calif, San Diego), Professor (composition)

Wendell Clanton, BM (UVic), MM (Northwestern) (saxophone, Vocal Jazz)

Clausius, Katharina, BM (Western), MA (Columbia), PhD (Cambridge), Assistant Professor (musicology)

David Cleman, ARCCO (Organ perf), ARCT (aural skills, theory)
ADMISSION REQUIREMENTS

Enrolment in the Bachelor of Music program is limited at the present time to approximately 200 students.

Applicants from Secondary School

Applicants to the BMus program must apply to Undergraduate Admissions for acceptance to the University and must audition for acceptance to the School of Music. The School requires that all prospective students demonstrate ability in an accepted performance area (instrument or voice). For this purpose a personal audition is recommended; if an in-person audition is not possible, a recording may be submitted instead. All applicants must submit two letters of recommendation from qualified musicians. Auditions are held each year beginning in February. Students are urged to apply as early as possible; places cannot be guaranteed for qualified applicants once positions are filled. Applicants to the Combined Major in Music and Computer Science must apply to Undergraduate Admissions for acceptance to the University and must submit a supplemental application. <www.finearts.uvic.ca/forms/music/csc/).

Current high school students should apply by February 28 for early admission. See <www.uvic.ca/future-students/undergraduate/apply>.

Audition appointments and further information may be obtained from:

School of Music
University of Victoria
PO Box 1700 STN CSC
Victoria BC V8W 2Y2
Phone: 250-721-7904
Fax: 250-721-6597
Email: michalsk@uvic.ca
Web: <www.finearts.uvic.ca/music>

Transfers from Other Institutions

Students transferring from other institutions follow the application procedure described in the preceding paragraph. Applicants from BC colleges and universities may consult the BC Transfer Guide (online at <www.bctransferguide.ca>) for information on the transferability of specific courses to UVic. Credit earned outside BC will be evaluated on a course-by-course basis when the student is admitted. This credit and School admission procedures will determine into which year of studies the student will be accepted. Students intending to major in Music Education must first take either MUS 131 or MUS 231 and then be interviewed by Music Education Faculty in March of that academic year to determine admissibility. A special performance audition is required for transfer into the Performance Program. Depending on the area, this may be scheduled at the regular spring audition, but it must take place no later than the first two weeks of the fall term. Students should contact the Head of Performance or the Professor of their instrument for details. (No recommendation from qualified musicians. Auditions are held each year beginning in February. Students are urged to apply as early as possible; places cannot be guaranteed for qualified applicants once positions are filled. Applicants to the Combined Major in Music and Computer Science must apply to Undergraduate Admissions for acceptance to the University and must submit a supplemental application. <www.finearts.uvic.ca/forms/music/csc/).

Current high school students should apply by February 28 for early admission. See <www.uvic.ca/future-students/undergraduate/apply>.

Major Program Requirements

Acceptance into the Major Program of the student’s choice and continuance in that Major must be approved by the appropriate division of the School. A student whose progress is judged to be unsatisfactory may be refused permission to continue in the chosen original Major. A student who fails to achieve a grade of 65% or better in individual tuition (MUS 140-440) or Seminar in Performance (MUS 245-445) will have his or her status re-evaluated by a committee consisting of the student’s teacher, the student’s adviser, the head of the performance section, and the Director of the School. In some cases the committee may determine that the student should be required to withdraw from the BMus program. Students who are required to withdraw, or who choose to withdraw, from an individual tuition (MUS 140-440) or seminar in performance course (MUS 245-445) will be required to re-audition in order to remain in or return to a BMus program.

## Combined Major in Music and Computer Science

The School of Music and the Department of Computer Science have designed a combined program leading to either a Bachelor of Fine Arts or a Bachelor of Science degree.

Enrolment in this program is limited. Applicants must complete the usual procedures for admission to the University. See "Admission Requirements" (page 33). The application deadline for September entry is March 31. The School requires applicants to also submit a supplemental form. See [finearts.uvic.ca/forms/music/csc](finearts.uvic.ca/forms/music/csc).

<td>0.5</td>
</tr>
</tbody>
</table>

One of MUS 180A-G ....................................................... 2.0  
300/400 MUS electives ................................................ 9.0  

Substitutions to the above can be made only with the approval of the School. Students must declare the Minor through the Advising Centres of their own faculties.

A student may also complete a General Program that combines a Music Minor with one of the General Programs in Humanities or Social Science. The degree will be a BA awarded by the faculty offering the General Program.

Computer Music Option

A Computer Music Option is offered by the Department of Electrical and Computer Engineering. See “Electrical Engineering (Computer Music Option)” (page 119).

Department of Theatre

Conrad Alexandrowicz, BA (York), MFA (Alta), Associate Professor  
Warwick Dobson, BEd (Newcastle-upon-Tyne), MA (Lancaster), MA (Ed), PhD (Sussex), Associate Professor  
Patrick Du Wors, MFA (Alberta), Assistant Professor  
Bryn Finer, National Theatre School of Canada, Senior Academic Assistant  
Simon Farrow, BFA (UVic), Senior Academic Assistant  
Fran Gebhard, MFA (UBC), Assistant Teaching Professor  
Sandra Guerreiro, BFA (UVic), Senior Academic Assistant  
Linda Hardy, BA (Brack), MA (Tor), Assistant Professor  
Adrienne Holterhoek, BA Honours (Western Ontario), Cert. PR (UVic), Senior Academic Assistant  
Mary Kerr, BFA (Man), Doctor of Canon Law (honoris causa) (Man), Professor  
Allana Lindgren, BA (UVic), MA (York), PhD (Tor), Associate Professor, Chair  
Peter McGuire, MFA (UVic), Assistant Teaching Professor  
Tim O’Gorman, Dip in Arts (Camosun), Senior Academic Assistant  
Charles A. Procure, BA (Dal), Senior Academic Assistant  
Brian Richmond, MA (Tor), Professor  
Kirsten Sadeghi-Yekta, BA, MA (Utrecht), PhD (Manchester), Assistant Professor  
Carla D. Stout, BA (McG), LLB (York), Senior Academic Assistant  
Gysbertus A. Timmermans, BFA, MFA (UVic), Senior Academic Assistant  
Anthony Vickery, BA (UVic), MA (Tor), PhD (UVic), Assistant Teaching Professor  
Jan Wood, BFA (Alta), Assistant Professor

Adjunct, Emeritus and Visiting Faculty

Sarah Blackstone, PhD (Northwestern)  
Giles Hogy, PhD (Northwestern)  
Alan Hughes, PhD (Birmingham)  
John Krich, MFA (Yale)  
Juliana Saxton, BA (Toronto)  
Allan Stichbury, BFA (Alberta)  
Michael Whitfield, MA (Villanova)  
Jennifer Wise, BA, MA, PhD (Tor), Associate Professor

Theatre Programs

For Humanities and Fine Arts Co-operative Education information, please see “Humanities and Fine Arts Co-operative Education Program” on page 134.

The degree programs in Theatre are intended for students who wish to prepare for a career in professional, educational or community theatre or
who wish to continue their studies in graduate or professional schools. The philosophy of the Theatre department is that the theatre should be studied in all its aspects and that it is best approached through a curriculum that leads to performance.

Through all courses and productions, students are encouraged to focus on fundamental creative, interpretive, performative and technical skills as they study the historical, contemporary and educational theories and practices of the theatre arts.

The department offers undergraduate students two programs: a BA Honours Program in Theatre History and a BFA program with a major in Theatre. In the latter program, students select one of seven Focus options. A Co-op program is also available.

Students will be required to take part in rehearsals and performances. No student may register in an evening course without the permission of the department.

**BA Honours in Theatre History**

Students may enter the Honours Program with a minimum third-year standing, having completed at least 7.5 units of Theatre with a minimum GPA of 6.0 in Theatre History courses.

A third-year Honours student whose GPA falls below 3.5 in that year, or below 6.0 in designated Theatre History courses, will normally be required to withdraw from the Honours Program.

A fourth-year student whose graduating GPA is lower than 3.5, but who otherwise meets the University’s requirements for graduation, will receive an A in the Theatre History Focus if the BFA requirements have been met.

**BFA in Theatre**

Theatre students must select one of the seven Focus options:

- Applied Theatre
- Design
- Directing
- Performance
- Production and Management
- Self-Directed
- Theatre History

With the exception of the Self-Directed Focus, students must normally have an average of 5.0 (B) in Theatre courses of their focus option to be admitted and advanced.

Acceptance and continuance in a Major Program is subject to approval by the department.

**Applied Theatre Focus**

Students may enter the Applied Theatre Focus after completing the first-year Theatre requirements. The Applied Theatre program aims to teach the art of the theatre with effective pedagogy to build upon the growing recognition of theatre as an educative methodology in matters of social, political, economic and therapeutic concerns. The program provides the theoretical and experiential foundations that will serve those who wish to examine the use of theatre forms as they apply to teaching and/or non-theatrical settings, such as cultural, recreation and community centres, historic and environmental sites, museums, prisons, hospitals, social service and health agencies.

Students considering careers in elementary, middle or secondary schools are urged to consult with the Teacher Education Advising Office early to plan their undergraduate programs.

**Design Focus**

Students may enter the Design Focus after completing the second-year Theatre courses required for this focus.

**Directing Focus**

Students may enter the Directing Focus after completing the second-year Theatre courses required for this focus. The Directing Focus is a preparatory program only. The foundation of its philosophy is that emerging directors must first secure a strong liberal arts education, as well as experience in all aspects of theatre production, before moving on to an in-depth study of directing. Students seeking entry into this option should secure the advice of the department on all required and elective courses before the end of their first year of the Theatre Program.

**Performance Focus**

Students may enter the Performance Focus after completing the first-year Theatre requirements. Enrolment is limited. Admission is by audition and interview only and permission of the department is required.

**Production and Management Focus**

Students may enter the Production and Management Focus after completing the second-year Theatre courses required for this focus. Enrolment is limited. Selection is by interview. Permission of the department is required.

**Self-Directed Focus**

Students may enter the Self-Directed Focus after completing the first-year Theatre requirements. Students who wish to pursue a greater scope in their Theatre studies, or who wish to combine their studies with a wide range of other liberal arts disciplines, should select the Self-Directed Option.

**Theatre History Focus**

Students may enter the Theatre History Focus after completing the second-year Theatre requirements.

**PROGRAM ADMISSIONS**

**Applicants from Secondary School**

Students must apply separately to the Department of Theatre and to Undergraduate Admissions for acceptance to the University. The deadline for applications to the Department of Theatre and to Undergraduate Admissions is February 28. There is a Questionnaire and Admissions Package to be submitted as part of the Theatre application. Details can be obtained on the website at <finearts.uvic.ca/theatre/admission>.

Transcripts in progress should be sent to Undergraduate Admissions as soon as possible. Final transcripts are due in Undergraduate Admissions by May 31. Details may be obtained from the Secretary of the Department of Theatre.

Deferred enrolment is not permitted. Any student who declines admission and wishes to enter the department at a later date must re-apply following the above-stated admission procedures.

**Transfers from Other Universities and Colleges**

Applicants transferring from other institutions should follow the admission procedure described in the preceding paragraph. Transfer students may be requested to attend an interview and/or audition (and therefore make a campus visit). These visits usually take place during a weekend in March or April.

Transfer credit from BC community colleges will be assigned according to the equivalencies set out on the BCCAT website at <www.bccat.bc.ca> for the year in which the courses were completed. Transfer credit for Theatre courses completed at other accredited institutions is determined by the department and Undergraduate Admissions. This credit and the department admission procedures will determine into which year of studies the student will be accepted.
Acceptance into the Department of Theatre by either of the above routes is subject to an annual review of the student's progress by the department Chair in consultation with the appropriate advisory committee.

**PROGRAM REQUIREMENTS**

**BA Honours in Theatre History**

To graduate with a BA Honours in Theatre History, students require a minimum of 30 units of Theatre; at least 18 units must be in designated upper-level Theatre History courses, and 6 units in approved, related disciplines.

**First Year**

</tbody>
</table>

*Of these electives, a minimum of 1.5 units must be Theatre courses (at any level) to satisfy the degree requirement of 30 Theatre units.

6 units of these electives must be in approved, related disciplines. Consultation with the BA Honours Advisor will be necessary to determine these courses.

**BFA in Theatre**

To graduate with a BFA in Theatre, students must complete 60 units of course work, of which at least 36 units must be in Theatre and no fewer than 15 units must be outside electives. The one exception to this requirement is the Performance Focus. This program requires no fewer than 12 units of outside electives. At the upper-level, students must take at least 21 units, 15 of which must be in Theatre.

Students planning to go into Education should check with the Teacher Education Advising Office regarding requirements.

Required courses for all Department of Theatre programs are outlined below.

**Admission to Specific Courses**

The number of students who are eligible for Theatre courses may exceed the places available. Students should understand that eligibility does not guarantee them admission into specific courses. To gain entry into courses, students must be prepared to meet departmental attendance regulations, must not be overenrolled and must pay any fees or fines that may affect university standing. Students must attend all classes including the first. If they do not attend the second class in a course with a limited enrolment, they may be deregistered.

Students Please Note: If you do not attend the second class in a course you must contact the instructor to get permission to remain in the class. If you do not get permission from the instructor, you may be removed from the course.

**Work Outside the Department**

All Theatre students are strongly advised to consult the Chair before accepting any theatre, film, television or other media work outside the department.

**First Year Program Requirements for Theatre Major**

All Theatre Major students, regardless of intended Focus Option, are required to take a common first-year program.

**First Year**

NOTES:

- All courses should be taken in the sequence indicated. Failure to follow the course listings suggested for each year and for each Focus may jeopardize the ability to complete the BFA degree within four years.
- THEA 120B is strongly recommended for students interested in pursuing the Performance Focus.
- THEA 132B is strongly recommended for students interested in pursuing the Applied Theatre Focus.
- The decision to take 120B and 132B may require some students to complete more than 60 units to complete their Focus requirements.
- Electives*: English 135 and an additional 1.5 units of English electives must be taken before 30 units are completed.

**Applied Theatre Focus**

Students considering careers in elementary, middle or secondary schools are urged to consult with the Teacher Education Advising Office early to plan their undergraduate program.

*Electives*: Of these electives, a minimum of 7.5 units must be Theatre courses (at any level) to satisfy the degree requirement of 36 Theatre units.

### Minor in Theatre

To obtain a Minor, students are required to complete a minimum of 15 units of Theatre courses at least 9 of which must be at the upper level. Students must ensure that they have the necessary prerequisites to register in upper level courses. No more than 3 units of the upper-level course work required for the Minor can be taken outside the department.

Courses taken for the Minor cannot be used to complete requirements for an Honours or Major Program. However, they can be used to satisfy prerequisites.

A student may also complete a General Program that combines a Theatre Minor with one of the General Programs in Humanities or Social Sciences. The degree will be a BA awarded by the faculty offering the General Program.

Students intending to pursue a Minor in Theatre should consult with the Fine Arts Undergraduate Advisor to develop a structured, coherent program.

### Directed Studies

Directed Studies may, with permission of the department, be taken more than once.

Students wishing to pursue a course of directed studies must, with a faculty member who is willing to supervise such a course, formulate a proposal accurately describing the course content, the intended method and extent of supervision, and the method by which work will be evaluated. The proposal must then receive the approval of the Chair of the department.

Proposals will normally be subject to the following limitations:
1. The student must achieve a minimum GPA of 7.0 (A-) in courses directly related to the proposed directed studies.
2. No more than 9 units of directed studies credit will count for credit towards the BFA.
3. No more than 6 units of directed studies will be approved in any single winter session.

Department of Visual Arts

Vikky Alexander, BFA (NSCAD), Professor Emeritus (Photography)

Mowry M. Baden, BA (Pomona College), MA (Stanford University), Professor Emeritus (Sculpture, Public Art)

Cedric Bamford, BFA (ECUAD), MFA (Lund University), Assistant Professor (Photography)

Megan Dickie, BFA (Calgary), MFA (Saskatchewan), Assistant Professor (Sculpture, Video)

Lynda Gammon, BA (Simon Fraser), MFA (York), Professor Emeritus (Sculpture, Drawing, Installation)

Daniel L Laskarin, BA (Simon Fraser), MFA (UCLA), Associate Professor (Sculpture)

Sandra Meigs, BFA (NSCAD), MA (Dal), Professor Emeritus (Painting, Drawing)

Lynda Gammon, BA (Simon Fraser), MFA (York), Professor Emeritus (Sculpture, Drawing, Installation)

Daniel L Laskarin, BA (Simon Fraser), MFA (UCLA), Associate Professor (Sculpture)

Sandra Meigs, BFA (NSCAD), MA (Dal), Professor Emeritus (Painting, Drawing)

Lynda Gammon, BA (Simon Fraser), MFA (York), Professor Emeritus (Sculpture, Drawing, Installation)

Department of Visual Arts

For Humanities and Fine Arts Co-operative Education information, please see “Humanities and Fine Arts Co-operative Education Program” (page 134).

The department offers an undergraduate program leading to the degree of BFA, Visual Arts Honours or Visual Arts Major. A Visual Arts Minor is also offered. A portfolio is not required for a Visual Arts Minor. In addition, students may complete a BFA or BSc combined degree program in Visual Arts and Computer Science. The department also offers a two-year graduate program leading to an MFA in Visual Arts.

The academic emphasis of the department is on contemporary art practices, rather than applied or craft training. The program is designed to provide intensive studio experience in a critical setting pertained to the pursuit of art in our culture. Studies are enriched by visiting artists and critics, and the presence of graduate students from Canada and abroad. In addition to the regular program, the department may offer courses each summer which are staffed by notable visiting artists.

PROGRAM ADMISSIONS

Applicants from Secondary School

Applicants from secondary schools must complete the usual procedures for admission to the University (see “Undergraduate Admission”, page 29) and must select the BFA, Visual Arts degree program option. Application deadline is February 28. The department further requires that the following materials be submitted directly to the Visual Arts department (deadline March 9) for review by the selection committee:

- a Visual Arts questionnaire (completed as part of the online submission at finearts.uvic.ca/visualarts/prospective_students/undergrad)
- a portfolio of still images or a combination of images and video. (Consult the Visual Arts website for details regarding portfolio submission.)

Transcripts in progress should be sent to Undergraduate Admissions on application. Final transcripts are due by May 31.

Transfers from Other Institutions

The application procedure is generally the same as that specified for applicants from secondary school (see above).

Transfer credit will be assigned as listed in the BC Transfer Guide, or evaluated as necessary. Final transcripts for transfer students are due in Undergraduate Admissions by May 31.

Note: Students will normally not be admitted into third- and fourth-year studio courses until their out-of-department elective requirements for the first and second year have been met. Transfer students must take ART 102 in their first year in the Visual Arts Department.

Transfers from Other UVic Faculties

Transfer applicants from other faculties should complete the usual procedures for re-registration as specified under “Undergraduate Reregistration” (page 37). Portfolio and questionnaire submissions are the same for all applicants as described above.

PROGRAM REQUIREMENTS

All Visual Arts studio courses involve a minimum of three hours of out-of-class studio time. Department facilities are available for completion of studio projects.

Honours Program

Students must normally complete 37.5 units of Department offerings as specified below. Of the total of 60 units at least 21 units must be chosen from outside the Department of Visual Arts, including 6 units of Art History and Visual Studies (AHVS) or 4.5 units of Art History and Visual Studies and 1.5 units of ART 151.

Normally no more than 3 units of other course work may be taken concurrently with the combination of ART 406 or ART 495 and ART 401. ART 401 must be taken concurrently with ART 406 or ART 495.

To qualify for the Honours Program students must have:

1. Completed 9.0 units of ART courses at the 300 level including ART 306 or 395
2. Have a minimum GPA of 7.0 (A-) in the ART courses at the 300 level
3. Permission of the Department

Standing at Graduation

Fourth year students whose graduating GPA does not meet a minimum of 3.5 and whose GPA in ART courses at the 300 and 400 level is below 7.0 or A-, but who otherwise meet the University requirements for graduation, will receive a BFA with a Major in Visual Arts.

Please note: All students have to satisfy the Academic Writing Requirement (see ‘Academic Writing Requirement’ (page 40).

First-year Visual Arts Courses

Combined Major Program in Visual Arts and Computer Science

The Department of Visual Arts and the Department of Computer Science have designed a combined program leading to either a Bachelor of Fine Arts or a Bachelor of Science degree.

Enrolment in the program is limited. Students may be admitted directly to the program. Please see “Program Admissions” above or the website: <finearts.uvic.ca/visualarts/prospective_students/undergrad/>.

Year 1
ART 103, 104, 105, 106 .......................................................... 6.0
MATH 100 or 109, 101, 122 ...................................................... 4.5
CSC 106, 110, 115 ................................................................. 4.5
Elective* ....................................................................................... 1.5
Total .......................................................................................... 16.5

Year 2
6.0 units of ART 201, 202, 211, 212, 221, 222, 241, 242, 261, 262, 271, 272 ...................................................... 6.0
MATH 211 ................................................................................ 1.5
CSC 225, 226, 230 .............................................................. 4.5
SENG 265 ................................................................................ 1.5
ART 150 ....................................................................................... 1.5
Total .......................................................................................... 15.0

Year 3
6.0 units of ART at the 300-level .................................................. 6.0
The Department of Writing offers the following program options:

- Major (in playwriting, screenwriting, fiction, poetry, creative nonfiction)
- Professional Writing Minor in Journalism and Publishing
- Film Studies Minor (interdisciplinary, various departments; see “Film Studies Program” description on page 323)

**PROGRAM ADMISSIONS**

**Applicants from Other Institutions**

Transfer credit in writing courses does not necessarily satisfy UVic’s Writing requirements. The prerequisite for all second-year workshops is WRIT 100 with a minimum of B (73-76). Few are given permission to bypass this course, but students with a minimum of 12 post-secondary units may apply for Advanced Standing by submitting a portfolio of written work, a list of relevant courses completed, and a letter outlining their suitability. Only portfolios received between January 15 and April 15 will be considered. (See the Department of Writing website <finearts.uvic.ca/writing/admission.html> or contact the departmental office for more details.) Recipients of Advanced Standing are advised that they must meet all the University’s admission requirements. Advanced Standing does not guarantee acceptance to the University or to any of the department’s classes.

Transfer credit for courses expressed in the BC Transfer Guide as WRIT 100-level does not satisfy WRIT 100.

**Admission to Specific Courses**

Although the programs offered by the Writing department are mainly intended for students who have shown some ability as writers, a number of lecture courses are also included which may be of interest and value to all students.

Since the number of candidates who meet the minimum requirements for eligibility exceeds the places available, students should understand that eligibility does not guarantee them admission into specific courses or programs in Writing. To gain entry into courses students must attend all classes, including the first. If they do not attend the second class in a course with a limited enrolment (e.g., all workshops), they will be deregistered.

**Second, Third and Fourth Year Workshops**

Students require a grade of B or higher in WRIT 100 to advance into second-year workshops. These are minimal standards and do not guarantee admission.

No student will be permitted to take more than 1.5 units of workshops in a single genre per term, or more than 3.0 units of workshops in any given term. Special and Directed Studies courses are designed for those teaching situations which cannot be covered in regular workshops. No writing projects which might be covered in a regular workshop will be permitted within such special courses.

**PROGRAM REQUIREMENTS**

**Major Program**

Students in the Writing Major program are required to take:

1. WRIT 100 with a grade of B or better
2. FA 101
3. 6.0 units from WRIT 201, 202, 203, 204 or 218
4. 15.0 units of 300- or 400-level Writing, including 4.5 units of workshops in a single genre. Only 1.5 units of WRIT 320 or 325 can be used towards the workshop requirement.

WRIT 215 may not be counted as part of a Writing Major.

and 440 may count toward either a Major in Writing or a Minor in Professional Writing in Journalism and Publishing, but not both.

Students are advised to work toward a Double Major, since enrollment in workshops is limited, and spaces are not guaranteed. Without a concentration of courses in a separate discipline, students may find themselves delayed in graduating.

If at least 9 units of electives are chosen from courses offered by other departments within the Faculty of Fine Arts, the degree awarded may be either the BFA or the BA of the Faculty of Fine Arts. If fewer than 9 units of electives from the Faculty of Fine Arts are chosen, the degree awarded will be the BA of the Faculty of Fine Arts.

**Minor in Professional Writing in Journalism and Publishing**

The Department of Writing offers a Minor in Professional Writing emphasizing journalism, media studies and publishing.

Please note that the Minor in Professional Writing in Journalism and Publishing is a separate program from the Minor in Professional Communications offered by the English Department.

**Prerequisite Courses**

Before declaring a Professional Writing Minor, students must take 3.0 units from the following options, with a grade of B or better in each course: WRIT 100, 102, 120, 140, ENGL 135, 146, 147, ECON 225, ENGR 240.

**Program Requirements**

To obtain a Professional Writing Minor in Journalism and Publishing, students are required to take:

1. WRIT 215
2. WRIT 315
3. 4.5 units from WRIT 306, 314, 316, 320, 321, 322, 326, 330, 335, 336, 340, 416, 417, 420, 440

Students who intend to use Professional Writing courses from the English Department as electives must ensure that they acquire the necessary ENGL prerequisites.

Courses taken for the Minor cannot be used to complete requirements for a Major or Honours Program. However, they can be used to satisfy co- or prerequisites.

A student may also complete a General Program that combines a Writing Minor with one of the General Programs in Humanities or Social Sciences. The degree will be a BA awarded by the faculty offering the General Program.

While participation in the Professional Writing Co-op (see below) is not mandatory, it is highly recommended.

**Writing/Theatre Focus**

Students wishing to pursue a double Major in Writing and Theatre must be accepted into both departments. Students must apply to Writing by March 31 and to Theatre by February 28 for a September start. Please visit each department’s website to determine what is required for admission. Students should contact Fine Arts Advising to obtain assistance with planning their program.

**Minor in Professional Writing in Journalism and Publishing Co-op Option**

General regulations pertaining to Co-operative Education Programs of the University of Victoria are found under “General Regulations: Undergraduate Co-op” on page 61.
The Faculty of Human and Social Development has six different professional schools under the auspices of one faculty. The faculty is unique both at UVic and in Canada. It includes the Schools of Child and Youth Care, Health Information Science, Nursing, Public Administration, Public Health and Social Policy, Social Work and a program in Indigenous Governance.

The Faculty of Human and Social Development focuses on the health and social well-being of children, families and communities. In addition to high quality teaching, the Faculty has a reputation for excellence in innovative programs of research that are responsive to community needs. Additional features of our Faculty are equitable working and learning environments, with a strong emphasis on social responsibility.
Faculty Members
Patricia Marck, BSN (Edmonton), MN, PhD (Edmonton), Professor and Dean
Esther Sangster-Gormley, BSN, MS, (Florida), PhD (Dalhousie), Associate Professor and Associate Dean Academic
Susan C. Boyd, BA (California, Santa Cruz), MCP (Antioch), PhD (Simon Fraser), Professor
Marie L. Campbell, BA, MA (British Columbia), PhD (Toronto), Professor Emeritus
Pamela Moss, BA (Indiana), MA (British Columbia), PhD (McMaster), Professor
Michael J. Prince, BA (Carleton), MPA (Queen’s), PhD (Exeter), Lansdowne Professor of Social Policy
Marjory Reitsma-Street, BSW, MSW (McGill), PhD (Toronto), Professor

Visiting, Adjunct and Cross-listed Appointments
Penny Cash, BEd, MEd, PhD (Australia), Adjunct Associate Professor

General Information
DEGREES AND PROGRAMS OFFERED

Undergraduate Programs
The Faculty of Human and Social Development offers undergraduate studies in Child and Youth Care, Health Information Science, Nursing, Public Administration, Public Health and Social Policy, and Social Work. The faculty also offers diploma and certificate programs as shown in the table below.

Graduate Programs
The faculty offers graduate studies in Child and Youth Care, Health Information Science, Indigenous Governance, Nursing, Public Administration, including Community Development and Dispute Resolution, Public Health and Social Policy, and Social Work. For information, please refer to the UVic Graduate Calendar.

Co-operative Education Program
Please refer to “Undergraduate Co-operative Education”(page 59) for a general description of Co-operative Education at UVic.

In the Faculty of Human and Social Development, a Co-operative Education Program is offered by the School of Public Administration at both the undergraduate (minor) and graduate level, by the School of Health Information Science at both the undergraduate and graduate level, and by the School of Child and Youth Care and the School of Nursing at the graduate level.

Admission to and completion of Co-operative Education Programs are governed by individual School requirements. As a required part of the program, students are employed for specific work terms. Normally, the expected number of weeks per work term is 15 and the expected number of hours per week is 35. The minimum number of weeks per work term is 12 and the minimum number of hours per week is 35. This employment is related as closely as possible to the student’s course of studies and individual interest.

Students in the undergraduate (minor) program in Public Administration may withdraw from the Co-operative Education Program at any time during an academic term and remain enrolled in their degree program.

For details of the undergraduate (minor) program in Public Administration see “Minor in Public Administration”(page 179). For details of the undergraduate programs in Health Information Science, see “Health Information Science Programs”(page 164). For details of the graduate program(s) in Public Administration, Health Information...
Science, Nursing, and Child and Youth Care, see the UVic Graduate Calendar.

Academic Advice
Academic advice about the professional schools in the Faculty of Human and Social Development is available from advisers or faculty members of individual Schools on an appointment basis.

Advisory Committees
Programs in the Faculty of Human and Social Development have the benefit of advice and guidance from advisory committees whose members are professionals engaged in various private agencies or government departments. Further information is available from individual Schools.

Collaborative Approach
All of the Schools have developed a distinctive curriculum in response to the needs of their respective professions. However, some clients of the human services cannot be neatly classified by professional boundaries, and hence a major objective of the Faculty of Human and Social Development is to develop opportunities for students who will work together as professionals to learn together while in university. Such opportunities include courses covering common content as well as workshops and conferences. In addition, faculty members in the Faculty of Human and Social Development are encouraged to undertake research projects on an interdisciplinary basis including collaboration with colleagues in other faculties.

Limitation of Enrolment
Admission to UVic and this faculty is not a guarantee of placement in particular programs or courses. Schools may limit enrolment for a variety of reasons, and admission requirements may be raised.

Faculty Admissions
The requirements for admission to programs within the Faculty of Human and Social Development are presented under the entries for the individual Schools.

Probability and Statistics 12 is recommended for undergraduate admission to the faculty.

Mature students who do not have Mathematics to the Grade 11 level are encouraged to take a refresher course before beginning their studies. See additional requirements under each program.

Applicants for the Schools in the Faculty of Human and Social Development must complete two separate applications: one for admission to the School of interest, and one for admission to the University.

Courses Offered Through the Faculty
The following courses are occasionally offered through the Faculty of Human and Social Development and are open to HSD students in their third and fourth years.

- HSD 400 (1.5) Policy in the Human Services
- HSD 401 (1.5) Women in the Human Services
- HSD 425 (1.5) Qualitative and Quantitative Analysis
- HSD 460 (1.5) Special Topics in Human and Social Development
- HSD 464 (1.5) Introduction to Disability Studies
- HSD 490 (1.5) Directed Studies

Faculty Academic Regulations

Limitation of Enrolment
Admission to UVic is not a guarantee of admission to particular Schools or programs within the Faculty. Applicants should be aware that admission to Schools and programs is competitive and subject to limited enrolment. Meeting minimum requirements is not a guarantee of admission. The Faculty of Human and Social Development recognizes that many factors contribute to a person’s chances of success in professional programs and therefore in addition to academic requirements (GPA), professional suitability for the selected program will be considered.

Credit for Courses Offered by Other Institutions
Students who plan to undertake upper-level course work at another university must normally receive prior approval from the Dean and the Director of the School in which the student is registered if they wish such course work to be credited toward a degree program or diploma program in the Faculty of Human and Social Development. Upon successful completion of such course work, it is the student’s responsibility to request the Registrar of the other university to send an official transcript of record to the Records Office of the University of Victoria.

Course Challenge
For course challenge availability see schools’ specific entry.

Guidelines for Professional Conduct
The Faculty of Human and Social Development expects students to develop and adhere to a professional code of conduct. The faculty supports models for professional conduct based on the following guidelines:

- submission of oneself to a professional code of ethics
- exercise of personal discipline, accountability and judgement
- acceptance of personal responsibility for continued competency and learning
- willingness to serve the public, client or patient and place them before oneself
- ability to recognize the dignity and worth of all persons in any level of society
- willingness to assist others in learning
- ability to recognize one’s own limitations
- maintenance of confidentiality of information (including all electronic communication) appropriate to the purposes and trust given when that information was acquired
- acceptance that one’s professional abilities, personal integrity and the attitudes one demonstrates in relationships with other persons are the measure of professional conduct

Unprofessional Conduct
Students in the Faculty of Human and Social Development are subject to the provisions of the code of ethics of their respective professions, and may be required to withdraw from their School for violating these provisions. Students may also be required to withdraw from their School when ethical, medical or other reasons interfere with satisfactory practice in their respective disciplines.

Minor
Students registered in a degree program in the Faculty of Human and Social Development may declare a Minor Program in another faculty with written permission from their School and the department offering the
Minor, and the Deans of the respective faculties. The Minor will be added to the student’s academic record upon completion of program requirements in Human and Social Development and the general degree or Minor requirements in the other faculty.

REGULATIONS CONCERNING PRACTICA

General Practicum Policies

The faculty reserves the right to approve any agency or institution that provides placements for student practica, and to change any placement assigned to a student. The student, however, has the right to be informed in writing of the reasons for any change in placement. The faculty accepts responsibility to provide sufficient practicum placements within a student’s program. Availability of practicums requires a signed Practicum Placement Agreement. Access to practicums is competitive and may be limited based on availability, geographic location and specialization. A student may be required to withdraw from a practicum course if none of the available practicum agencies will accept the student.

It is the responsibility of the course instructor to inform students of the criteria by which unprofessional conduct will be judged in the practicum setting.

Practica Dates

The dates of practica will be established by each School or program, and will be announced to the students involved at the beginning of each term.

Attendance

Attendance at practicum activities is required. Students are expected to notify the placement agency whenever practicum appointments cannot be kept, and also to inform the course instructor. Failure to do so may result in a student being withdrawn from the practicum setting.

Denial and Withdrawal

Denial

Students will be denied the practicum experience if their preparatory work is considered unsatisfactory by the Director of the School in the Faculty of Human and Social Development.

Temporary Withdrawal of Students Pending Report

The Director may require a student to withdraw temporarily from a practicum if, during the course of a term, there are reasonable grounds to believe that the conduct or lack of competence of a student enrolled in the practicum has adversely affected or may adversely affect:

- clients or pupils, or
- personnel, including students associated with the practicum.

The student will be required to withdraw temporarily pending the receipt of a report on the conduct and lack of competence of the student. This written report from the course instructor will normally be provided to the student within 10 business days of the withdrawal.

Withdrawal

After giving the student an opportunity to be heard, the Director may require a student to withdraw from the practicum if the Director is satisfied that the student’s conduct or lack of competence may adversely affect members of any of the groups identified in the paragraph above.

Voluntary Withdrawal

Students seeking voluntary withdrawal from a practicum, whether permanent or temporary, must receive permission to do so from their faculty supervisor in Human and Social Development.

Termination of Practicum by Placement Agency

In situations where a practicum is terminated by the agency, the student will be informed in writing of the reasons for termination, by the Instructor of Record within 15 business days of the termination. After giving the student an opportunity to be heard, the Director or designate will determine appropriate action: 1) withdrawal from the School; 2) additional preparatory work; 3) placement in a different practicum setting.

Practicum Evaluation Documentation

All practicum related evaluation documentation will be retained within the student’s file. These materials may be accessed by faculty and staff for the purpose of supporting student progression and specifically will be used by those making decisions about the student’s practicum progress.

If a student withdraws from practicum or is required to withdraw from practicum by their School, all practicum evaluation materials to date of withdrawal will remain on their student file and may be taken into account in determining whether their preparatory work is satisfactory to enter a subsequent practicum.

Notification of Undergraduate Records

Students who withdraw temporarily from a practicum must notify Undergraduate Records in writing. Students who are required to withdraw from a practicum will be withdrawn from any course involved by written notification from the Director to Undergraduate Records.

Readmission

Students who have withdrawn from a practicum for whatever reason who later wish to reenter the practicum must apply for readmission to the course and should not assume that readmission is guaranteed.

Appeals

The normal avenues of final appeal are available to students who have been required to withdraw from a practicum. Students in the Faculty of Human and Social Development may follow regular appeal procedures within the faculty. Please refer to “Appeals” (page 54).

Faculty Programs

DEGREE AND DIPLOMA PROGRAMS

Details of degree and diploma programs in the faculty are presented under the entries for the individual Schools offering the programs.

Indigenous Governance

Melvin Peters, BSW (Calgary) MSW (Carleton) Academic Administrative Officer
Marla Sampson, Program Assistant and Graduate Secretary

PROGRAM PHILOSOPHY

Indigenous Governance is committed to teaching and research that respects both western and Indigenous traditions, methods and forms of knowledge. Through these programs, students will gain an understanding of the philosophical, administrative, and political dimensions involved in governing Indigenous communities, as well as a background in the theory, methods and tools appropriate for and useful to research among Indigenous people. The program aspires to educate students who are grounded in a diverse body of knowledge to assume leadership and policy-making roles, or to continue their academic careers in a variety of fields.

UNDERGRADUATE COURSES

Indigenous Governance offers a number of undergraduate courses for students who wish to gain a stronger understanding of governance in the context of Indigenous theory and practice. Courses challenge students to look at alternative forms of governance and leadership outside the structures and processes of colonization.

Courses are:
- IGOV 381 Indigenous Leadership and Governance
- IGOV 382 Indigenous Resurgence
- IGOV 383 The Indigenous-State Relationship
- IGOV 384 Special Issues in Indigenous Governance
- IGOV 400 Indigenous Research Methods

MASTER’S OF ARTS IN INDIGENOUS GOVERNANCE

The Master of Arts in Indigenous Governance is an interdisciplinary program that provides students with a strong foundation of basic and applied scholarly research and a path to understanding government and politics among Indigenous peoples, with a special emphasis on the nature and context of Indigenous governments in Canada. For more information on the MA in Indigenous Governance, please see the UVic Graduate Calendar.

Thom Garfat, BA, MA (Lakehead), PhD (UVic), Adjunct Assistant Professor
Kiaras Gharabaghi, BA, MA (Guelph), PhD (Dalhousie), Adjunct Assistant Professor
**GENERAL INFORMATION**

**School Mission Statement**

The School of Child and Youth Care provides education, training, professional development and research for the care and support of children, youth, families and their communities. The work of the School of Child and Youth Care is grounded in the principles of inclusion, social justice and ethical practice.

**A Professional Education Program for Practicing Professionals**

The School of Child and Youth Care offers professional education to human services practitioners working with children, youth and their families. Graduates of the program are employed in front-line, supervisory and leadership positions in ministries and agencies throughout British Columbia and across North America. Employment opportunities exist in child welfare and child protection, social and mental health services, child day care centres, hospitals, schools, youth corrections agencies, infant development programs, child and youth advocacy programs, and a range of other community-based settings.

**CHILD AND YOUTH CARE PROGRAMS**

Students in the degree program in Child and Youth Care will integrate theoretical perspectives on human growth and development, behavioural change, and understanding and use of self and relationship with applied practice skills. Field-based practicum placements are a requirement during the second, third and fourth years of the program.

At the undergraduate level, the School of Child and Youth Care offers the degree of Bachelor of Child and Youth Care (BCYC) and, through partnerships with Indigenous communities, can also offer a Diploma in Child and Youth Care in Indigenous Communities.

**Graduate Program**

The School offers an MA and PhD in Child and Youth Care. For more information about this program, see the UVic Graduate Calendar.

**Program Options for Students**

The School of Child and Youth Care offers distance, blended and/or campus-based course delivery options for the BCYC degree program. Our distance and distributed education option supports learners to remain in their home communities and continue their employment while participating in interactive distance courses. Our courses blend web-classrooms with video and other communications technologies to create effective learning environments that allow students to work both collaboratively and independently. Some courses will require scheduled online sessions.

In addition to the collegial virtual classroom environment, students may also choose to participate in the SCYC web-community. This community provides all students with the opportunity to build new relationships and understandings outside the walls of the classroom.

Distance delivery is available throughout Canada and may be available to students in other countries by special arrangement. Students participating in the CYC degree program through distance education are required to attend one 10-day seminar on campus.

**SCHOOL OF CHILD AND YOUTH CARE ADMISSIONS**

Students are selected on the basis of academic standing as well as personal and professional suitability. An interview may be required as part of the application process. Paid or volunteer experience with children and/or youth is considered in the admission decision. Application information is available on the SCYC website starting in September: [http://www.uvic.ca/hsd/cyc/index.php](http://www.uvic.ca/hsd/cyc/index.php). Application deadline is February 28.

**School Admission Requirements**

**Secondary School Graduates**

Admission requirements for applicants from secondary school are the same as those outlined for the Faculty of Social Sciences (see "Year 1 Admission Requirements: BC/Yukon Secondary School Graduate", page 32).

All secondary school applicants must submit an Application for Admission to the university to Undergraduate Admissions which includes required supplementary materials of a Cover Letter and Professional Resumé.

**Applicants Transferring from Other Institutions**

Students wishing to apply to the School of Child and Youth Care from other colleges or universities must either have completed a minimum of 12 units of university transfer courses or have completed a human services diploma from an accredited institution with an overall GPA of B.

All new to UVic transfer applicants must submit an Application for Admission to UVic Admissions using "My UVic Applications." The application includes Child and Youth Care supplementary requirements.
Students returning to UVic from other institutions must submit a reregistration through "My UVic Application" which includes Child and Youth Care supplementary application requirements.

Applicants Transferring from other University of Victoria Faculties

Students wishing to transfer from other faculties at the University of Victoria must submit an Undergraduate Faculty/Program Change Request to Undergraduate Records which includes Child and Youth Care supplementary application requirements using "My UVic Applications."

Successful applicants must satisfy the program requirements as stated in the calendar of the year they enter the program and may be required to complete 100- and 200-level courses.

Special Category Applicants (Distributed Learning Only)

The School of Child and Youth Care is interested in extending university-level learning opportunities to residents of BC and other regions who wish to do their courses by distributed learning and who may not qualify under the normal categories of admission.

"Special Access" (page 36) applicants admitted in the PRE CYC admissions category are advised to complete 12 units of coursework before applying to the degree program. Upon successful completion of these courses, students may apply to the Child and Youth Care degree program.

Those who qualify for consideration in the Special Category will be selected by the School of Child and Youth Care for admission in the Special Category on the basis of educational history and non-educational achievements that indicate an ability to succeed at university.

Discovery Studies

Students, who wish to take individual credit courses for personal or professional interest without first being admitted to a degree program, may apply as a special access student through Discovery Studies. Applicants must be at least 21 years of age prior to the first day of classes and provide a letter of introduction outlining their reason for wishing to take courses. No transcripts or other documentation are required, except to establish English Language Proficiency when necessary. See also "Other Applicant Categories" in Undergraduate Admissions (page 36).

Transfer Credit

Students who have completed a human services professional academic program at an accredited institution with an overall GPA of B (5.0) or higher may be eligible to receive block credit upon admission to the SCYC (15 units for a one-year certificate and 30 units for a two-year diploma). This does not include vocational or continuing studies certificates or diplomas. The School of Child and Youth Care is a member of the BC Child and Youth Care Education Consortium.

School Academic Regulations

Overview

In addition to the regulations described below, the School of Child and Youth care follows the UVic and HSD faculty academic regulations including those concerning practica and professional conduct (page 155).

Criminal Record Checks

Criminal record checks are required of students before they commence practicum placements. Students are responsible for completing this process but the requirements vary from province to province. All BC students MUST complete their criminal record check through the Ministry of Justice. Please see the CYC website for complete information and application forms.

Program Completion Limit

The SCYC program at the University of Victoria must normally be completed within seven years from the date of admission to the School of Child and Youth Care. The School may require students to reapply for admission and stipulate conditions if the program is not completed within the designated time limits. Students seeking readmission to the School may be required to repeat CYC courses previously completed if, in the judgement of the Director or designate, curriculum changes or the length of interruption are sufficient to render the applicant inadequately prepared for the courses.

Prior Learning Assessment

Prior Learning Assessment (PLA) uses a range of flexible assessment procedures, including course challenge, to evaluate for credit within the Child and Youth Care program learning that is gained through non-credit education, training or experience.

Learners may receive recognition for demonstrated learning that is consistent with the achievement levels and learning outcomes appropriate to selected courses. The assessment of prior learning will be completed within a special course section dedicated specifically to this function.

A maximum of 10.5 units of academic credit may be obtained through PLA. No course whose equivalent already appears on a student’s transcript may be completed by PLA.

Only students who have been admitted to the School of Child and Youth Care and are registered at UVic can apply for course challenge. Please refer to the SCYC website for specific process, course challenge application forms and information on deadlines. Access to flexible assessment in any particular year is dependent upon the availability of resources within the School.

No fourth-year courses may be completed by prior learning assessment.

Standing

Students whose sessional GPA falls below 3.0 or who fail to receive a C+ in any core CYC or other required course may be required to withdraw from the program.

Availability of Courses to Students Outside the School

If space permits, some third- and fourth-year courses may be taken by students not admitted to the School, with the permission of the Director, if space permits. Students are required to make a written request to the CYC Admissions Coordinator to be considered for such courses. Students may be permitted to take up to 3 units of Child and Youth Care courses at the third and fourth year level.

Information Sharing

The University of Victoria School of Child and Youth Care is committed to supporting students to become capable, professional child and youth care practitioners. Evaluative feedback about student progress may be shared amongst instructors and staff in the School in order to promote student success or to address concerns about professional conduct.

Program Requirements

Child and Youth Care Course Information

The following requirements apply to students entering the School of Child and Youth Care degree program in the year governed by this calendar. For students previously admitted to the program, please refer to the calendar for the year of their initial admission.

- Students require a minimum of 60 units of university credit to graduate; a minimum of 30 of these must be granted by UVic.

- Required courses may be waived if equivalent courses are completed prior to admission to the degree program.

- Students granted the BCYC must complete 46.5 units of CYC required courses and must meet the university Academic Writing Requirement (AWR).
Degree in Child and Youth Care Required Courses

CYC 100A (1.5) Introduction to Professional Child and Youth Care Practice Part One
CYC 100B (1.5) Introduction to Professional Child and Youth Care Practice Part Two
CYC 152 (1.5) Introduction to Helping Skills in Child and Youth Care Practice
CYC 166A (1.5) Lifespan Development (Conception to Late Childhood)
CYC 166B (1.5) Lifespan Development (Adolescence to Late Adulthood)
CYC 171 (1.5) Introduction to Families: Issues, Patterns, and Processes
CYC 205 (3.0) Applying Change Theory in Child and Youth Care Practice
CYC 210 (1.5) Supervised Practicum I
CYC 230 (1.5) Introduction to CYC Practice in Indigenous Contexts
CYC 240 (1.5) Ethical Decision-Making in Child and Youth Care Practice
CYC 250 (1.5) Law, Indigenous People and the TRC Calls to Action
CYC 265 (1.5) Introduction to Group Work in Child and Youth Care Practice
CYC 310 (4.5) Supervised Practicum II
or
CYC 310A (4.5) Child and Youth Care Practicum by Prior Learning Assessment (PLA)
CYC 338 (3.0) Applying Developmental Theory in Child and Youth Care Practice
CYC 350 (1.5) Applying Law in Child Protection and Child and Youth Care Practice
CYC 356 (1.5) Child and Youth Care Practice with Families
CYC 364 (1.5) Attending to Disability in Child and Youth Care Practice
CYC 370 (1.5) Applying Assessment and Case Planning in Child and Youth Care Practice
CYC 410 (4.5) Advanced Supervised Practicum
or
CYC 410A (4.5) Advanced Supervised Block Practicum
CYC 423 (1.5) Research Methods in Child and Youth Care
CYC 424 (1.5) Qualitative and Quantitative Analysis in Child and Youth Care
CYC 470 (1.5) Child and Youth Care Practice in Mental Health Settings
CYC 471 (1.5) Addictive Behaviours in Children, Youth and Families
CYC 475 (3.0) Advanced Child and Youth Care Practice with Families and Groups

Specialization Streams

The School of Child and Youth Care offers a number of specialization streams that students may choose as part of their degree.

A student may satisfy the requirements for two specialization streams by completing the necessary coursework and a CYC 410 practicum in a setting relevant for both specialization streams.

Child Protection Stream

The following course must be completed to meet the requirements for the Child Protection stream:

CYC 410A* (4.5) Advanced Supervised Block Practicum

* Must be completed in a Ministry of Children and Family Development or delegated First Nations child welfare setting.

Early Years Stream

The following courses must be completed to meet the requirements for the Early Years stream:

CYC 380 (1.5) Practices for Young Children and Families: Historical and Contemporary Perspectives
CYC 381 (1.5) Leadership, Advocacy and Policy for the Early Years
CYC 481 (1.5) Assessment and Evaluation in Contemporary Early Years Settings

Early Years Stream

The following courses must be completed to meet the requirements for the Early Years stream:

CYC 380 (1.5) Practices for Young Children and Families: Historical and Contemporary Perspectives
CYC 381 (1.5) Leadership, Advocacy and Policy for the Early Years
CYC 480 (1.5) Advanced Applied Capacity Building for the Early Years
CYC 481 (1.5) Assessment and Evaluation in Contemporary Early Years Settings

Early Years Stream

The following courses must be completed to meet the requirements for the Early Years stream:

CYC 380 (1.5) Practices for Young Children and Families: Historical and Contemporary Perspectives
CYC 381 (1.5) Leadership, Advocacy and Policy for the Early Years
CYC 480 (1.5) Advanced Applied Capacity Building for the Early Years
CYC 481 (1.5) Assessment and Evaluation in Contemporary Early Years Settings

Indigenous Stream

This stream is open to all Child and Youth Care students. The following courses must be completed to meet the requirements for the Indigenous stream:

CYC 230 (1.5) Introduction to CYC Practice in Indigenous Contexts
CYC 330 (1.5) Applied Practice in Indigenous Contexts
CYC 430 (1.5) Research Practice in Indigenous Contexts

NOTE: Students interested in pursuing this stream should consult the SCYC undergraduate academic adviser.

* Must be completed in a relevant setting.
International Exchange Program

The International Exchange Program (INTEP) provides the opportunity for eligible CYC students to spend approximately four months studying at the University College Copenhagen (Carlsberg Campus) in Denmark and receive full course credits for one term pending successful completion of the International Course at UCC Carlsberg. On successful completion of the program with C+ or better in each course, a CYC student will receive 6 units of CYC 200-level credit and 1.5 units of HSD elective credit applicable to the BCYC degree and will have satisfied the following core CYC degree requirements: CYC 210, 240, and 265. Students will also have satisfied course requirements for CYC 280 and HSD 390. Normally, studies overseas are conducted in the English language; however, some exceptions do apply.

INTEP Admissions Requirements:
Successful completion of the following 100-level CYC courses: CYC 100A, 100B, 152, 166A, 166B and 171 with a minimum C+ in each course and an overall minimum GPA of 6.0.

NOTE: This program comes into effect in May of 2015. No retroactive credit for those who may have completed this program prior to the start date can be granted. Students are required to arrange for official transcripts to be sent directly to UVic Undergraduate Records from UCC Froebel on completion of the program.

Professional Specialization Certificate in International Child and Youth Care

The School of Child and Youth Care has been able to respond to child international development needs through a 9.0 unit, post-degree Early Childhood Development Virtual University (ECDVU) program. This one-year program is only available on a distributed learning, special delivery basis in international development regions and contexts (for example Africa and Middle East). The students participating in these deliveries are identified on a group basis through a country nomination process (not through self-application). Typically, students have a minimum of seven or more years of leadership experience in the field and have completed an initial professional diploma or degree. Upon successful completion of the 9.0 unit program, a Professional Specialization Certificate in International Child and Youth Care for Development is awarded. See the ECDVU website: <www.ecdvu.org>.

Students wishing to complete the BCYC degree following completion of the Professional Specialization Certificate must apply to the degree program. Students who hold a Professional Specialization Certificate in International Child and Youth Care for Development may, with the approval of the Director, transfer the six courses (9.0 units) from the Certificate into the BCYC degree program upon admission to the program.

Diploma in Child and Youth Care in Indigenous Communities

The School has responded to the child and youth care needs of specific cultural groups through the development of community-based, culturally sensitive course work. Specific admission criteria apply to applicants in this program. The School recognizes the successful completion of the 30-unit program with a Diploma in Child and Youth Care. The Diploma ladders into the 60-unit degree program in CYC. Students wishing to complete the CYC degree following diploma completion must apply to the degree program. Students may follow one of two options to complete their diploma: Option One: 30 CYC required 100- and 200-level units and CYC 101, 130, 131, 132, 260 (x2), CYC 356 OR Option Two: 30 CYCB units. NOTE: Option Two is only available through specific agreement with sponsoring communities.

Option One (Distance Learning)

Students pursuing their diploma through the first option must be recommended by the appropriate Indigenous community review body for admission. The course work will normally include:

1. May be delivered as a six day lab-based course with pre- and post-work (numbers permitting).
2. Must be taken twice in different topics.

Option Two (Community Partnership)

Students following option two will follow those criteria specified in a Memorandum of Agreement with each Indigenous organization. This course work is available only through specific Indigenous community partnerships; courses with the prefix CYCB (see course listings) are not available to students outside of community partnerships, neither on campus nor via distance education.

Completion of the two years CYCB course work also allows the student to apply to the BC provincial government for certification and registration as an Early Childhood Educator, having met the requirements for Basic and Post-Basic Certificates in Early Childhood Care and Education (ECCE) in BC. For more information, please contact the Director of the School.
Admission Requirements for Options One and Two

Students who have been recommended by the appropriate Indigenous community review body for admission to the Indigenous community-based diploma have the option to apply for restricted UVic admission (contact the School of Child and Youth Care for details). Such students must complete a UVic Application for Admission. Students wishing to be admitted to UVic under the regular admission procedures should refer to "Undergraduate Admission" requirements (page 29).

Under the restricted admission procedure, students will be admitted to the Child and Youth Care Indigenous community-based course work only, and students wishing to pursue or to continue their studies in any other UVic programs must apply to reregister through UVic Undergraduate Admissions & Records.

Credit obtained from the Child and Youth Care Indigenous community-based course work may be transferable to a UVic degree program. Students who wish to pursue a Bachelor of Child and Youth Care at UVic must reapply to UVic Undergraduate Admissions and fulfill all normal admission and program requirements of the School of Child and Youth Care.

School of Health Information Science

André Kushniruk, BA (Brock), BSc (Brock), MSc (McMaster), PhD (McGill), Professor and Director

Bruno Zubebuhler, MD (Zurich), FEBO (Paris), PhD (City University, London), Adjunct Assistant Professor

Health Information Science Programs

Health Information Science is the study of the nature of information and its processing, application and impact within a health care system. Health Information Science integrates organizational studies, computing and communications technologies, and information systems within the formal study of health care systems.

The School of Health Information Science offers programs leading to a Bachelor of Science in Health Information Science, a four-year Co-operative Education program. Students have the option of choosing either part-time or full-time studies.

The program is normally full-time but under special circumstances, with special permission of the director, part-time entry may be possible. Typically, to be considered for the part-time option an applicant will have a minimum of one year experience working in a related field. This part-time option is not available through the Combined Major in Computer Science and Health Information Science.

Students are required to apply for either the full-time program or the part-time option. Students in the full-time program will normally be allowed to move to the part-time option. Students in the part-time option will be required to be registered for courses or a work term in every term.

The admission criteria for the part-time option will be the same as listed below. Students who have failed a work term or do not maintain a GPA of 4.0 or better in each academic term, both overall and in Health
Information Science courses, will normally be required to withdraw from the School for at least one calendar year.

Unless stipulated otherwise, all students in the part-time option will be bound by the School’s academic regulations and program requirements.

**SCHOOL ADMISSION REQUIREMENTS**

Admission to the School of Health Information Science is limited. Students are selected on the basis of grades. All students upon admission to the School are required to attend a one-hour orientation seminar.

The School of Health Information Science has two entry dates for admission. Deadlines for the submission of applications are found in "Undergraduate Application and Documentation Deadlines" (page 8).

Applications may be accepted past deadlines at the discretion of the School.

Possession of the minimum admission requirements does not guarantee admission to the School of Health Information Science. Where the number of qualified applicants exceeds the number that can be accommodated, the admission cut-offs will be higher than the minimum published requirements.

**Secondary School Graduates**

All new applicants must submit an Application for Admission to the University to Undergraduate Admissions. Admission requirements for applicants from secondary school are presented in the “Year 1 Admission Requirements: BC/Yukon Secondary School Graduate” (page 32) section of the Calendar.

**Applicants Transferring from Other Faculties or Institutions**

All new applicants must submit an Application for Admission to the university.

Credit for previous post-secondary studies may be granted as appropriate. Applicants seeking advanced placement are advised to refer to "Minimum Degree Requirements for Graduation" (page 52).

Students wishing to transfer to the School of Health Information Science from other faculties at the University of Victoria or other colleges or universities, must either:

- meet the admission requirements for secondary school graduates ("Year 1 Admission Requirements: BC/Yukon Secondary School Graduate”, page 32) and have completed fewer than 12 units of university-level courses with a GPA of at least 4.0; OR
- have completed 12 units of university-level courses with a GPA of at least 4.0 and meet the minimum secondary school math requirement or equivalent (see "Year 1 Admission Requirements: BC/Yukon Secondary School Graduate”, page 32).

**UVic students: transfer and re-registration**

Current UVic students (those seeking admission from another faculty) must apply to the Health Information Science program using a Faculty Program Change Form within My UVic Application. Returning UVic students who have not registered in the most recent winter or summer session must submit a Reregistration Application using My UVic Application.

**ACADEMIC REGULATIONS**

**Course Regulations**

Health Information Science students must normally have successfully completed all first, second and third year HINF requirements prior to taking 400-level HINF courses.

Students from other schools or departments may take 400-level courses with the permission of the Director and their respective Director or Chair.

If enrolment restrictions are necessary, preference will be given to students registered in the School of Health Information Science.

**Leave of Absence**

Students must request, in writing, permission from the Director for a leave of absence. Unless given written permission by the School of Health Information Science to take a leave of absence, students who are not reregistered will be considered to have withdrawn. Students on leave of absence are considered outside the program and will not be granted work term credit for experience gained during the leave.

**Readmission**

Students required to withdraw will be considered for readmission only after achieving a GPA of 4.0 or higher on a minimum of four courses in one academic term. The School of Health Information Science is under no obligation to readmit students who have been required to withdraw.

To be readmitted to the School, students may be required to repeat Health Information Science courses previously completed if, in the judgement of the Director, curriculum changes or the length of interruption is sufficient to render the applicant inadequately prepared for the subsequent courses.

**Standing**

Students who have failed a work term or do not maintain a GPA of 4.0 or better in each academic term will normally be required to withdraw from the School for at least one calendar year. Students will normally have completed at least one co-op term prior to beginning the third year of the program.

A graduating GPA of 4.0 or higher is required for graduation. Students who do not meet this requirement will be placed on probation and must take additional, appropriate, 300- or 400-level courses in order to raise their graduating GPA to 4.0 or higher.

All students in the School of Health Information Science are required to follow the “Guidelines for Professional Conduct” (page 155), and may be required to withdraw from the School for violating these provisions.

**Course Challenge**

The School does not permit students to gain credit by course challenge.

**PROGRAM REQUIREMENTS**

To meet the requirements of the degree in Health Information Science, students must complete:

1. 60 units comprising core, elective, and senior elective courses, and
2. a minimum of three Co-op work terms. The granting of work term credit by challenge is not normally permitted.

Work term placements are across Canada and students must be prepared to accept placements outside Victoria. All students are expected to attend the health informatics Co-op course: Introduction to Professional Practice.

First Year

Electives (3.0 or 4.5)\(^1\)

1. Students with credit for Biology 12 will take 4.5 units of electives. Students without credit for Biology 12 will take 3.0 units of electives and one of the following:

- EPHE 141 (1.5) Introductory Human Anatomy
- BIOC 102 (1.5) Biochemistry and Human Health
- BIOL 150A or 150B (1.5) Modern Biology

Second Year: First Term

- HINF 200 (1.5) Principles of Health Database Design
- HINF 230 (1.5) Organizational Behaviour and Change Management
- STAT 252 (1.5) Statistics for Business
- OR
- STAT 255 (1.5) Statistics for Life Sciences I
- OR
- STAT 260 (1.5) Introduction to Probability and Statistics I
- Electives (3.0)

Second Year: Second Term

- HINF 201 (1.5) Database Management and Development for Health Care Systems
- HINF 265 (1.5) Health Care Delivery Organization
- HINF 280 (1.5) Biomedical Fundamentals
- Electives (3.0)

Second Year: May-August

Co-op work term

Third Year: First Term

- CSC 375 (1.5) Introduction to Systems Analysis
- HINF 320 (1.5) Project Management
- HINF 335 (1.5) Health Information Standards
- HINF 350 (1.5) Human Aspects of Healthcare Information Systems
- HINF 381 (1.5) Epidemiology, Population Health and Public Health

HINF 450 (1.5) Health Information System Design
HINF 461 (1.5) System Evaluation and Quality Improvement
HINF 470 (1.5) Trends in Health Informatics

Fourth Year: May-August

Electives (7.5)

Senior Electives

Students are required to select a minimum of 7.5 units from the following courses to complete their degree. Students wishing to take 300- and 400-level courses not listed below must receive prior written permission from the Director.

List of Approved Senior Electives

Please note that some of these courses may require prerequisites.

- ADMIN 310 Public Sector Economics
- ADMIN 311 Introduction to Public Administration
- ADMIN 312 Managing in Public and Non-Profit Organizations
- ADMIN 314 Public Sector Research and Analysis
- ADMIN 316 Written Communications in the Public and Non-Profit Sectors
- ADMIN 407 Managing Service Delivery
- ADMIN 411 Public Sector Project Management
- ADMIN 420 The Public Policy Process
- ADMIN 421 Financial Management

Combined Major Program in Computer Science and Health Information Science

Students must apply for the combined program through the School of Health Information Science. This is a mandatory Co-op program.

Students with a previous degree in Computer Science or a related degree are not eligible for this combined program (see Second Bachelor’s Degree). Students who have failed a work term or do not maintain a GPA of 4.0 or better in each academic term will normally be required to withdraw from the School for at least one calendar year. This is a full-time program only.

Year 1

HINF 130, 140 ____________________________ 3.0
MATH 100 or 109, 101, 122 ____________________________ 4.5
CSC 106, 110, 115 ____________________________ 4.5
ENGL 135, 146 or 147 ____________________________ 1.5
Elective1 ____________________________ 1.5

Year 2

HINF 200, 201, 280 ____________________________ 4.5
1.5 units of HINF at the 200 level ____________________________ 1.5
One of STAT 252, 255 or 260 ____________________________ 1.5
CSC 225, 226, 230 ____________________________ 4.5
SENG 265 ____________________________ 1.5
ENGR 2402 ____________________________ 1.5

Year 3

4.5 units of HINF at the 300 level ____________________________ 4.5
CSC 375 ____________________________ 1.5
3.0 units of CSC 320, 322, 330, 355, 360, SENG 321 ____________________________ 3.0
Electives ____________________________ 6.0

Year 4

3.0 units of HINF at the 400 level ____________________________ 3.0
4.5 units of CSC at the 400 level3 ____________________________ 4.5
CSC 497 ____________________________ 1.5
Electives4 ____________________________ 6.0

1. Students without grade 12 Biology must replace one elective with one of EPHE 141, BIOC 102, BIOL 150A, 150B.
2. ENGL 225 can be substituted for ENGR 240.
3. One of these courses may be SENG at the 400 level.
4. These 6.0 units of other courses must be at the 300 level or higher and must include at least 3.0 units chosen from Computer Science or SENG.

Co-operative Education

Please refer to this page of the Calendar for the general description of Co-operative Education.
During work terms, students are employed in full-time, health care related jobs in either the public or private sector. For all practical purposes, Co-operative Education students on work terms are regular employees and receive salary and benefits in accordance with the employer’s policy. Both the employer and the University evaluate the student’s performance on each work term. Each work term is recorded on the student’s Official Transcript of Academic Record (as COM, F/X or N/X).

Students registered for work terms are considered to be enrolled in a full-time course of studies and may not take university-level credit courses without the prior written approval of the Director.

The distinguishing feature of the Co-operative Education approach is the inclusion, as an integral part of the degree, of three work terms. Normally, the expected number of weeks per work term is 15 and the expected number of hours per week is 35. The minimum number of weeks per work term is 12 and the maximum number of hours per week is 35. These work terms begin after the student’s second year (all courses listed under first and second year must normally be completed before a student goes on a work term) and normally alternate with formal academic terms in Health Information Science. The granting of work term credit by challenge is not usually permitted.

Students with a GPA below 4.0 in an academic term will not be eligible to participate in the next scheduled co-op work term.

Students are expected to participate fully in the placement process. While every attempt will be made to ensure that all eligible students are placed, the School of Health Information Science is under no obligation to guarantee placement. Students who decline a valid co-op job offer are ineligible to participate in the placement process for the remainder of that term. Work terms in Victoria are not guaranteed.

Work Term Assessment

The work term performance of each student will be assessed on the basis of:

1. the employer’s evaluation of the student
2. the submission of a work term report by the specified deadline as follows:
   - Fall Work Term Report January 15*  
   - Spring Work Term Report May 15*
   - Summer Work Term Report September 15*
3. an evaluation made by the coordinator based on discussion with the student and the employer

*If the due date falls on a holiday or weekend, the report will be due the next business day.

Students admitted to the Combined Major Program in Health Information Science and Computer Science are required to take part in the Co-operative Education Program. In addition to completing their degree requirements, they must complete a minimum of three work terms and be enrolled in a minimum of six units of course work each campus term in order to graduate in this program. Work terms are to be distributed between the two programs, with no more than two work terms being taken in one program.

School of Nursing

Anne Bruce, BSN (Victoria), MSN, PhD (Brit. Col), Professor and Associate Director, Graduate Education  
Gweneth A. Doane, BSN, MA, PhD (Victoria), Professor

Deanne Buchanan, Acting Practica Coordinator, Post Diploma BSN Students  
Carolyn Hammond, BSN (Brit Col), MN (Victoria), Practica Coordinator  
Deanna Hutchings, RN, MN (Victoria), Sessional Instructor Support Coordinator  
Lori Klear, BA (Victoria), Coordinator, Student Affairs  
Doreen McConachie, RN, BSN (Victoria), Practica Coordinator, Post Diploma BSN Students (on leave)  
Cindy MacDonald, Program Coordinator, Distance Education & Student Advisor  
Diane McLeod, BSN (St. Francis Xavier), Practica Coordinator  
Paul Meier, BA, BEd. (Victoria), Admissions Liaison Officer and Student Advisor  
Jill Nichol, Acting Administrative Officer, School of Nursing

Adjunct Appointments

Elizabeth Borycki, RN, HBScN (Lakehead, MN (Man), PhD (Toronto), Adjunct Professor
Leanne Rowand, BSN (Univ. of Brit. Col.), MSN (Victoria), Adjunct Assistant Professor
Kara Schick-Makaroff, (BScN (Univ. of Sask), MN, PhD (Victoria), Adjunct Assistant Professor
Marion Shumay, BScN (Univ. of Sask), MN (Victoria), Adjunct Assistant Professor
Mary Smith, RN, MScN (York Univ), NP, PhD, Adjunct Assistant Professor
Carolyn Taylor, RN, BN, MSA, CON ®, Adjunct Assistant Professor

**SCHOOL OF NURSING PROGRAMS**

**Bachelor of Science in Nursing (BSN)**

The School of Nursing offers a number of undergraduate education opportunities leading to a Bachelor of Science in Nursing (BSN) include the following:

- **BSN Partnership**
  - The College-University Transfer
  - The Joint Degree Program in Nursing (JDPN)
- **Post-Diploma BSN**

The School of Nursing offers the BSN Partnership program at four campuses:

- Victoria campus, located at Camosun College and the University of Victoria, Victoria, BC
- Cranbrook campus, located at College of the Rockies, Cranbrook, BC
- Castlegar campus, located at Selkirk College, Castlegar, BC
- Yellowknife campus, located at Aurora College, Yellowknife, NT

All four campuses offer students the opportunity to complete the BSN through full-time, on-campus study. A current list of program transfer partner institutions is available on the School of Nursing website.

The purpose of these programs is to educate nurses to work with individuals, families, groups or communities from a health promotion perspective and an ethic of caring. The curriculum is based on a philosophy which reflects a commitment to implement a phenomenological and socially critical curriculum which considers the changing health care needs of our society. The philosophy is considered to be alive and evolving. Emerging from the philosophy is the metaconcept of caring. Caring is understood as the attitude and activity of nursing, and is considered in every nursing course.

Emerging from this philosophical orientation is a health promotion perspective that has been used as a conceptual framework to organize the curriculum. This framework acknowledges the need for a socio-ecological perspective with a multidisciplinary focus. This shift in focus from illness to health represents a deliberate move away from a medical model to an understanding of nurses’ work as focusing on people and their experiences with health and healing. Inherent in this orientation is the use of innovative teaching methodologies which encourage the development of critical thinking, discovery of personal meaning and empowerment.

Another unique feature of this curriculum is the emphasis on nursing practice as the foundation of nursing theory and the recognition that nurses’ work requires thoughtful, reflective action as defined by the concept of praxis. To assist in actualizing the concept of praxis, nursing practice experiences have been planned and integrated throughout the program of studies.

**College-University Transfer BSN Program**

**Cranbrook, Castlegar and Yellowknife Campuses**

This option requires completion of the program of studies in its entirety, leading to the degree of BSN. Students choosing this option enter the program at a designated program transfer partner institution. On
Completion of five terms and two consolidated practice experiences, students, if admitted, may transfer to the University of Victoria School of Nursing in order to complete four additional terms to graduate with a BSN degree. It is expected that students enrolled in this option will remain onsite at the partner institution of origin to complete the UVic degree. Due to changes in the admissions process, excluding exceptional circumstances, students transfer into the program beyond term six at the Victoria campus, Victoria, BC, will no longer be available.

Registration priority in distance education courses is normally granted to post-diploma program distance students.

If there is a discrepancy between the scheduled dates for reading break in the UVic, College of the Rockies, Selkirk and Aurora calendars, the College of the Rockies, Selkirk and Aurora dates will be considered correct for students attending on those campuses only.

**Joint Degree Program in Nursing in Partnership with Camosun College**

The University of Victoria’s School of Nursing, Faculty of Human and Social Development, in joint partnership with Camosun College’s Department of Nursing, School of Health and Human Services offers a joint degree program in Nursing (JDPN) leading to a Baccalaureate of Science in Nursing Degree.

This option requires completion of the program of studies in its entirety, leading to the degree of Bachelor of Science in Nursing. Students choosing this program apply once to the University of Victoria and Camosun College and begin the program at Camosun College. To be eligible for the joint admission program, applicants must be deemed qualified for admission by both the University of Victoria and Camosun College. Joint admission program opportunities are available to both BC and Yukon students currently attending high schools in their graduating year. On completion of five terms and two consolidated practice experiences, students will continue to the University of Victoria School of Nursing from Camosun College in order to complete four additional terms to graduate with a BSN degree.

**Post-Diploma Program (Distance Education)**

**Please Note: No new students will be admitted**

The BSN program will be available to currently registered post-diploma students through December 2022. Students will have up to six years from their first admission date to complete the program. Distance education courses are offered according to a pre-planned schedule. Most core courses are offered three terms per year, and advanced nursing electives are usually offered once a year. Due to the program’s indeterminate suspension, there will be increasingly less flexibility in course selection (see <nursing.uvic.ca> for course schedule). Students should contact the program student advisor to discuss a program completion plan to facilitate program completion within the six-year time limit.

Courses are delivered over a 13-week period using online course management systems and will be offered, should they be required, to assist students to graduate within their six-year program time limit. Students are required to participate throughout the course in individual and group learning activities and discussion groups.

Registration priority in on-campus core nursing courses and nursing elective courses is granted to on-campus College-University Transfer BSN program students. Post-diploma students may apply to register in on-campus courses, space permitting, on a case-by-case basis.

**ADMISSION REQUIREMENTS**

**General**

Initial inquiries regarding undergraduate programs should be addressed to the Undergraduate Advisor, School of Nursing. Application materials may be obtained from the School of Nursing website <nursing.uvic.ca>.

Applicants for the degree of Bachelor of Science in Nursing (BSN) must meet all general requirements for admission to the University of Victoria, as well as the specific requirements of the School of Nursing.

Applicants to the Joint Degree Program in Nursing must meet the admission criteria for both educational institutes and programs. Application information is available online at <nursing.uvic.ca>.

Completed applications and supporting documents must be available for consideration on, or prior to the published deadline dates.

**Entry Dates**

Students admitted to the College-University Transfer BSN Program are accepted for a January entry, at Semester 6. The School accepts students into the Joint Degree in Nursing Program in first year, which is a September entry only.

**Deadlines**

The deadline for submitting an application to the College-University Transfer BSN Program is September 30 of each year. For the Joint Degree in Nursing Program applicants the deadline is determined annually and posted on the School of Nursing website.

**Admission to the College-University Transfer BSN Program**

**Cranbrook, Castlegar and Yellowknife Campuses**

Please note that acceptance to and completion of the college portion of the program does not ensure a place in the University of Victoria School of Nursing; students are admitted to the program as resources permit in accordance with a selection process developed by the School of Nursing.

Students continuing from program transfer partner institutions must:

1. Meet UVic admission requirements (including the UVic Academic Writing Requirement) when entering the School of Nursing at UVic.
2. Successfully complete all courses in Terms 1-5, and the two consolidated practice experiences, with a cumulative GPA equivalent to 3.0 (C+) on the UVic 9.0-point scale. (Please note that college and UVic GPAs may not be equivalent. UVic includes repeated and failed courses in the GPA calculation for all required term 1-5 courses, including the required English, Biology and elective courses). Students who fail any required course(s) in terms 1-5 must successfully repeat the course prior to acceptance to UVic.
3. Complete a University of Victoria Application for Admission to the University of Victoria to Undergraduate Admissions (new applicants) or an Undergraduate Faculty/Program Change Request Form to Undergraduate Records (returning UVic students).

* Students at the Cranbrook, Castlegar, and Yellowknife campuses should contact the faculty member responsible for practice placements regarding local practice and health authority regulations and requirements at their respective site.

**Admission to the Joint Degree Program in Nursing (JDPN)**

The Joint Degree Program in Nursing admits students on an annual basis for September entry into year 1, with limited enrolment as delineated by the admission requirements for the JDPN.

Applicants must meet all of the admission requirements of both educational institutions (Camosun College & the University of Victoria) for entry into the JDPN.
Admission to the Post-Diploma Program

Please Note: No new students will be admitted at this time.

PROGRAM REQUIREMENTS

Students are required to have access to high-speed internet for the duration of the program. Students should check the School of Nursing website <nursing.uvic.ca> for current technical specifications required.

Program information will be provided by email. All School of Nursing students are required to use their UVic email address as their primary email contact in the student records system while enrolled in the BSN program. This is to ensure continuity and consistency of information received. The School of Nursing is not responsible for providing missed information if students do not use their UVic email address.

It is the responsibility of students transferring to UVic part-way through years 3 or 4 to contact an academic advisor for information regarding admission procedures, residency requirements and course sequencing. Students transferring mid-program may be required to repeat course work to meet graduation requirements.

Visiting students who are completing courses on a letter of permission at UVic must also complete a School of Nursing application form, and provide official copies of all post secondary transcripts and practice appraisal forms.

Program core course enrolment is guaranteed for students who follow the program course sequence as identified online at <nursing.uvic.ca>. Students who fall "out of sequence" for any reason should contact the academic advisor at the institution they are intending to re-enter to discuss course planning in further detail. Please be advised that BSN core and option specific courses are offered once a year. Enrolment for out of sequence students is based upon course space, instructor, and practice placement availability.

SCHOOL ACADEMIC REGULATIONS

Professional Conduct and Student Progression

Student Progress and Information Sharing

Within the University of Victoria School of Nursing, we are committed to open, transparent processes of evaluation. This means that we encourage students to be proactive in approaching their instructors about past progress and challenges as each new course starts. Faculty and staff at the School of Nursing work as a team to maximize learning opportunities and enhance the quality of instruction. Evaluative feedback about current and past student progress is shared by course instructors with other faculty or staff in the School of Nursing as needed in order to promote student success.

All students in the School of Nursing must follow the faculty's "Guidelines for Professional Conduct" (page 155), and "Regulations Concerning Practica" (page 156) and be aware of the consequences of unprofessional conduct, and are subject to the provisions of the Canadian Nurses' Association (CNA) Code of Ethics for Registered Nurses and the College of Registered Nurses of British Columbia (CRNBC) professional and/or practice standards (or the equivalent in the province/territory/state in which the student practises). In addition to the above, the following School of Nursing practice regulations apply:

1. Where a student is enrolled in a Nursing Practice course (including NURS 345, 351, 370, 431, 456, 470, 475, 491, 495) and there are reasonable grounds to believe that the conduct or lack of competence of a student enrolled in a nursing practice course has adversely affected or may adversely affect, those associated with the practice placement including:
   a) clients and/or their families;
   b) student peers; or
   c) health care professionals, agency volunteers or others in health related fields liaising with the UVic BSN program

   OR

   The student has breached the HSD Faculty Guidelines for Professional Conduct and Regulations Concerning Practica, the Canadian Nurses' Association (CNA) Code of Ethics for Registered Nurses or the College of Registered Nurses of British Columbia (CRNBC) professional and/or practice standards (or the equivalent in the province/territory/state in which the student practises), the course instructor may then:
   a) restrict activities of the student in the course in such a manner as the instructor deems appropriate and/or
   b) suspend the student's continued participation in the course prior to the course end date and/or
   c) assign a failing grade (grade of F or N) to the student's performance in the course and report the failure to the designated committee.

2. The School of Nursing designated committee will review a student's enrolment in a nursing practice course (including review of practice appraisals) and/or the nursing degree program where:
   a) failing grade (F or N) has been assigned to the student's performance in a course;
   b) a report has been received that a student has breached the HSD Faculty Guidelines for Professional Conduct and the Regulations Concerning Practica, the Canadian Nurses' Association (CNA) Code of Ethics for Registered Nurses or the College of Registered Nurses of British Columbia (CRNBC) professional and/or practice standards (or the provincial/territorial state equivalent where the student's practicum is taking place).

After receiving a written request from the student and giving the student an opportunity to be heard by telephone conference call, or in person, the designated committee may permit a student to retake a course in which a student has been assigned a failing grade (with or without additional requirements/conditions) OR require the student to withdraw from a nursing program in which the student is enrolled.

Practice courses, and the corequisite theory course where applicable, in deferred status must be completed prior to starting a subsequent practice course. Normally, a student must pass both theory and practice corequisites (e.g. NURS 350 & 351, 430 & 456 or 430 & 456) in the same term to advance to the next academic session.

Program Completion Time Limit

The nursing program at the University of Victoria must normally be completed:

- College-University Transfer: within seven years from the date of admission to the School of Nursing at the designated program transfer partner institutions
- Joint Degree Program in Nursing (JDNP): within seven years from the original date of admission into year one of the program
- Post-Diploma: within six years

The School may require students to reapply for admission and stipulate conditions if the program is not completed within the designated time limits. Students seeking re-admission to the School may be required to repeat nursing courses previously completed if, in the judgement of the Director or designate, curriculum changes or the length of interruption are sufficient to render the applicant inadequately prepared for the courses.

Standing

All students must maintain a cumulative GPA of 3.0 and a grade of C or higher in any core nursing course or other required course to proceed through the program and graduate. If the student receives a final grade of less than C in any core nursing course or other required course the student will be required to repeat the same course before advancing to the next academic session. A minimum final grade of C is required for all BSN program elective courses. Students who fall below this level will be
required to discuss their program with the Director of the School or designate, and may be required to withdraw.

Students who do not meet the minimum GPA standard required for progression in the School of Nursing may at the discretion of the Director or designate be placed on faculty probation.

Normally, all students registered in any nursing practice course must pass each course before proceeding further through the program. Students may, with permission of the designated committee, repeat a failed nursing practice course and will be placed on nursing practice probation for the remainder of the program. The privilege to repeat a failed nursing practice course is allowed only once in the program (Years 1 to 4 for continuing students and years 3 and 4 for post-diploma students). (See also “Professional Conduct and Student Progression”, above).

Students who have failed two practice courses in the program will be required to withdraw. All failed or incomplete course grades are permanently recorded on official transcripts, including notations of probationary status and required-to-withdraw status. Students may follow the UVic appeal procedures regarding failed grades and required-to-withdraw status. The first step in any appeal is the Director, School of Nursing, followed by the Dean of the Faculty, HSD, then the Senate Committee on Appeals.

Course Challenge
The School of Nursing does not permit students to gain credit by course challenge.

Nursing Practice Requirements
Nursing practice experiences are essential in the nursing program. It may not be possible to arrange nursing practice experiences in the location and at the time preferred by students. Students must arrange their own transportation. Travel and accommodation arrangements and costs associated with practice experiences are the responsibility of the student. Students are not permitted to transport clients, field guides, instructors, etc. when using their own vehicles for practice.

Agency Orientation/Instruction
If not already completed, or as mandated by the agency prior to or at the start of a practice experience, students must fulfill the requirements for student orientation, access to health records and medication management instruction.

Code of Ethics and Standards of Practice
All students must adhere to the Canadian Nurses’ Association (CNA) Code of Ethics for Registered Nurses and to the professional and practice standards (or equivalent) of the Registered Nurses’ licensing organization in the jurisdiction in which they are undertaking their practice experience. Students are not permitted to transport clients, field guides, instructors, etc. when using their own vehicles for practice.

Agency Orientation/Instruction
If not already completed, or as mandated by the agency prior to or at the start of a practice experience, students must fulfill the requirements for student orientation, access to health records and medication management instruction.

Fitness to Practice
Students enrolled in a School of Nursing BSN program at the University of Victoria are required to meet the standards for fitness to practice as defined by the College of Registered Nurses of British Columbia (CRNBC) document, “Fitness to Practice: The Challenge to Maintain Physical, Mental and Emotional Health” available at <www.crnbc.ca>. Students must notify their instructor(s) of any absence from a scheduled practice experience and complete the missed practice hours within the official scheduled course dates.

Practica Dates
The dates of practica will be established by each School or program, and will be announced to the students involved at the beginning of each term.

Attendance
Attendance at practicum activities is required. Students are expected to notify the placement agency whenever practicum appointments cannot be kept, and also to inform the course instructor. Failure to do so may result in a student being withdrawn from the practicum setting.

Denial and Withdrawal

Denial
Students will be denied the practicum experience if their preparatory work is considered unsatisfactory.

Temporary Withdrawal of Students Pending Report
A student may be required to withdraw temporarily from a practicum if, during the course of a term, there are reasonable grounds to believe that the conduct or lack of competence of a student enrolled in the practicum has adversely affected or may adversely affect:

• clients or pupils, or
• personnel, including students associated with the practicum

The student will be required to withdraw temporarily pending the receipt of a report on the conduct and lack of competence of the student. This written report from the course instructor will normally be provided to the student within 10 business days of the withdrawal.

Withdrawal
After giving the student an opportunity to be heard, the Instructor may require a student to withdraw from the practicum if the Instructor is satisfied that the student’s conduct or lack of competence may adversely affect members of any of the groups identified in the paragraph above.

Voluntary Withdrawal
Students seeking voluntary withdrawal from a practicum whether permanent or temporary, must first speak with the academic adviser.

Termination of Practicum by Placement Agency
In situations where a practicum is terminated by the agency, the student will be informed in writing of the reasons for termination, by the Instructor of record within 15 business days of the termination. After giving the student an opportunity to be heard, the Director or designate will determine appropriate action: 1) withdrawal from the School; 2) additional preparatory work; 3) placement in a different practicum setting.

Practicum Evaluation Documentation
If a student withdraws from practicum or is required to withdraw from practicum by their School, all practicum evaluation materials to date of withdrawal will remain on their student file and may be taken into account in determining whether their preparatory work is satisfactory to enter a subsequent practicum.
Readmission
Students who have withdrawn from a practicum for whatever reason who later wish to reenter the practicum must apply for readmission to the course and should not assume that readmission is guaranteed.

Appeals
The normal avenues of final appeal, (see "Appeals", page 54) are available to students who have been required to withdraw from a practicum. Students in the Faculty of Human and Social Development may follow regular appeal procedures within the faculty.

Criminal Record Reviews
The BC Criminal Record Review Act (the “CRRA”) requires that every registered student who will work with children and/or vulnerable adults undergo a criminal record check completed through the B.C. Ministry of Justice. This is a very specific type of criminal record check, and an RCMP or local police detachment check is not sufficient.

The Ministry of Justice is the authorized body under the Act to review offences and make a determination of risk.

Any student found to be at risk by the Ministry will not be able to participate in a work integrated learning experience (e.g. clinical placement, practicum, internship, work experience, co-op, job shadow observational, some in-class practice exercises, etc.) and other aspects of a program and may therefore be unable to participate in or complete the work integrated learning experience. If the work integrated learning experience is required for the student’s program, this means that the student may not be able to complete the program and may not graduate. Therefore, students should carefully consider this requirement before applying to, or continuing in, this program.

The check must be newly authorized every 5 years. Under the CRRA, registrants must provide to the UVic School of Nursing a new CRRA check every five years. The UVic School of Nursing is under a legislated duty to obtain every student’s new Criminal Records check, before the anniversary of five years from their last check. The UVic School of Nursing is legally bound to remove the student from a practicum (work integrated learning experience) if they fail to provide a required CRRA check.

Most practice agencies require the completion of a Criminal Record Review Act check prior to accepting the student's placement in the agency. Some community practice agencies may require, in addition to the CRRA, a municipal or RCMP records check prior to engaging with the population at that agency. The School of Nursing will therefore, require, a RCMP criminal record check or other local police detachment criminal records check to be on file prior to entering into the program.

Registered nurses in BC have a Criminal Record Review Act check completed with their CRNBC registration. Registered nurses undertaking practice experiences in a jurisdiction outside BC are responsible to ensure they have a Criminal Record Review or equivalent if required by their practice experience agency.

All costs related to this are the responsibility of the individual student.

Registered nurses applying to, or registered in, the program with criminal convictions are advised to contact the appropriate registered nurses’ association with regard to specific questions involving criminal convictions and ability to register as a nurse in the jurisdiction in which they are undertaking their practice experience.

College-University Transfer students should contact the Student Adviser about the current process to follow, and are required to provide documentation upon application to the UVic portion of the BSN program.

Please see the UVic School of Nursing website <uvic.nursing.ca> for further information regarding the criminal records check.

Current Basic Life Support Certificate
All students must provide evidence of successful completion of a basic life support level-C course or higher. Current CPR level-C certification or higher must be on file in the School of Nursing for students to remain registered in the program. CPR certification is valid for two years beginning from the date of issue. All costs and responsibilities associated with this are the responsibility of the individual student. All BSN Partnership unlicensed students must ensure that the CPR certificate is valid through completion of a BSN program at the University of Victoria.

Health Insurance Coverage
All students must maintain basic and extended health care insurance coverage throughout the duration of the program.

Immunizations
All individuals working in health care (Health Care Staff) should be protected against vaccine preventable diseases. All students and faculty visiting health service delivery sites for clinical placements are considered Health Care Staff and must follow provincial and Receiving Agency immunization guidelines and policies. Such policies are based on the Communicable Diseases and Immunization Guidelines from the BC Centre for Disease Control and the Canadian Public Health Agency.

All students must keep immunizations updated and provide documentation of current immunizations to practice agencies when required.

Costs and responsibilities associated with this in its entirety are the responsibility of the individual student.

Oath of Confidentiality
Some agencies may require students to take an Oath of Confidentiality.

Personal Respirator Fit Testing
Students must be fit-tested before initial use of their personal respirators and annually thereafter while in the BSN program, and they must provide evidence of a personal respirator quantitative fit-test prior to attending any practice placement and to remain registered in the program.

Practicing Registration (Post-Diploma students only) and Malpractice Insurance (Post-Diploma USA students only)
In addition to the above requirements, all post-diploma students must have active practising registration as a Registered Nurse or the equivalent registration for the jurisdiction in which they are undertaking their practice experience. Periodically, information provided by students will be checked. Please note that students studying outside of BC are required to submit verification of active practising registration to the School of Nursing annually. Students studying in the US must also provide proof of current malpractice insurance, annually, for the duration of the program.

Post-diploma students may complete practice requirements in their place of work during paid working hours if arrangements have been negotiated with the workplace according to School of Nursing guidelines. Appropriate documentation must be submitted to the School of Nursing prior to practice commencement. Contact the Practica Coordinator for further information and guidelines.

BSN Graduation Requirements
Minimum Degree Requirements
A minimum of 21 units of course work must be done through the University of Victoria by all students, although students are encouraged to complete as much of their course work as possible from the University of Victoria.
To meet University of Victoria graduation requirements, at least 21 units must be numbered at the 300 or 400 level (see "Minimum Degree Requirements for Graduation" on page 52). Candidates for the BSN degree must meet the minimum degree requirements for a bachelor's degree outlined under "Minimum Degree Requirements for Graduation" (page 52). Students should note in particular the "Academic Writing Requirement" (page 40).

College-University Transfer BSN Program students must complete 31.5 units of course work of which no more than 1.5 units may be transfer credit. Post-diploma students must complete 24 units of course work of which no more than 1.5 units may be transfer credit.

**Advanced Standing and Transfer Credit**

**Post-Diploma**

Students who have completed a Nursing diploma program at a recognized post-secondary educational institution are eligible to receive block credit upon admission to the BSN program (30 units for a two year nursing diploma). This does not include non-credit vocational or continuing studies certificates or diplomas. The School does not provide course challenge credit.

Students may be permitted, with the approval of the Director or designate, to present up to 1.5 units of transfer credit from institutions other than the University of Victoria. Course work can be completed college or university level post-basic certificate/diploma programs and/or approved university-level nursing and/or non-nursing courses. Students are advised to ensure the acceptability of such courses by the School of Nursing before enrolling in them.

**Limitations of Additional Credit for Post-Diploma Students**

Students accepted into the Post-Diploma BSN program who have completed post-basic professional training may be granted 1.5 units of credit for that professional training towards the Bachelor of Science in Nursing degree. This is granted at the discretion of the Director or designate in consultation with Faculty within the department.

Registered nurses who have taken post-basic nursing speciality programs are eligible for consideration for credit for a period of ten years from the date of completion. Additional criteria required to consider individual requests after this ten-year period include confirmation that the applicant has consistently been working in the area of specialty since completion of the post-basic speciality program (demonstrating continuing competency). The School of Nursing reserves the right to deny transfer credit for any coursework/certificate.

**BSN Partnership**

BSN Partnership students who have successfully completed terms 1-5 with an overall GPA of 3.0 (C+) or higher on the UVic scale of 9.0 at one of our College-University Transfer BSN Program partner sites receive 30.0 units of block credit upon admission.

**Limitations of Additional BSN Partnership Students**

A total maximum of 7.5 units of transfer credit (applied to English, Anatomy, Physiology, Philosophy 250 or the non-Nursing electives) may be awarded from a previous undergraduate degree from a recognized post-secondary educational institution or university transfer courses towards terms 1-5 of the BSN program. The awarding of transfer credit towards course equivalents in term 1-5 does not preclude the additional 1.5 units of transfer credit that may be awarded in terms 6-8 of the four year BSN program.

Students who have completed the entire first year coursework in a nursing program (excluding electives) at their resident educational institute or more are considered "relocation students" and therefore, transfer credit limitations are not applicable. (Note: BSN program completion timelines normally apply; see Program Completion Limit - UVic Undergraduate calendar.)

**Time Limit**

A seven year time limit will be applied to the following nursing core courses: Anatomy, Physiology, Pathophysiology and Biomedical Ethics (NURS, BIOL and PHIL). These courses must have been completed within 7 years prior to the first day in term one (at our partner sites) of the BSN program start to be applied towards the BSN degree. Should a student delay the start of their program, the applicability of the transfer credit will be reassessed at the point of entry to the BSN program.

**Note:** the course credit time limit does not apply to English (or courses designated as fulfilling the Academic Writing Requirement (AWR) or courses used toward fulfilling the non-Nursing elective requirements.

**University Academic Writing Requirement (AWR)**

All students must meet the “Academic Writing Requirement” (page 40). Completion of an AWR-designated course may satisfy the non-nursing elective requirement in the program, if needed. Early completion of the Academic Writing Requirement will facilitate writing academic papers. Post-diploma students who do not meet the University of Victoria’s Academic Writing Requirement upon admission to the program are advised to register in 1.5 units of an AWR-designated course (ENGL 135, 146, 147, ENGR 110) during their first or second term of study in the program. Please consult the appropriate online timetable for registration information, or contact the School of Nursing Adviser.

UVIC UNDERGRADUATE CALENDAR JANUARY 2018

College-University Transfer Curriculum Course Sequence

Term 6

NURS 341 (1.5) Professional Practice IV: Nursing Inquiry
NURS 342 (1.5) Health and Healing VI: Global Health Issues
NURS 350 (1.5) Health and Healing VII: Promoting Community and Societal Health
NURS 351 (1.5) Nursing Practice VI: Promoting Health of Communities and Society
Non-nursing or nursing elective1 (1.5)

1. A non-nursing elective may be a 100- to 400-level university transferrable course in any discipline other than nursing. This elective BSN program requirement is waived on admission for students with a previous degree from a recognized post-secondary educational institution.

NURS 370 (4.5) Consolidated Practice Experience III
NURS 470 (4.5) Consolidated Practice Experience IV

Term 7

NURS 360 (1.5) Professional Practice VI: Nursing Research
NURS 430 (1.5) Professional Practice V: Leadership in Nursing
NURS 431 (1.5) Nursing Practice VII: Engaging in Leadership
Nursing elective2 (1.5)
chosen from the list of electives below

2. 400-level nursing course offered at UVic (exceptions will only be made for students accepted into the Emergency Department (ED) program in Victoria or in rural partner sites upon approval of the Director or designate)

Term 8

NURS 475 (4.5) Consolidated Practice Experience V
NURS 491 (4.5) Nursing Practice VIII: Transitions

Note: Due to curriculum changes student transfer into the program beyond term six at the Victoria campus, Victoria, BC will no longer be available.

Post-Diploma Students: Curriculum Course Sequence

Please Note: No new students will be admitted

NURS 325, 341 and 345 must be successfully completed prior to commencing practice courses.

300 Level

NURS 3251 (1.5) Explorations of Nursing Knowledge and Practice
NURS 341 (1.5) Professional Practice IV: Nursing Inquiry
NURS 3422 (1.5) Health and Healing VI: Global Health Issues
NURS 345 (3.0) Family Nursing
NURS 350 (1.5) Health and Healing VII: Promoting Community and Societal Health
NURS 351 (1.5) Nursing Practice VI: Promoting Health of Communities and Society
NURS 360 (1.5) Professional Practice VI: Nursing Research
Non-nursing elective3 (1.5)

NURS 325 is normally the required first course in the BSN program.
NURS 342 to satisfy a nursing elective BSN program course requirement.

School of Public Administration

Lindsay Tedds, BA Political Science (Carleton), BA Economics, MA (UVic), PhD (McMaster), Interim Director, School of Public Administration, Associate Professor
Herman Bakvis, BA (Queen’s), MA, PhD (UBC), Professor
J. Barton Cunningham, BA (Brigham Young), MPA, PhD (USC), Professor
Budd L. Hall, BA, MA (MI), PhD (UCLA), Professor
J. Barton Cunningham, BA (Brigham Young), MPA, PhD (USC), Professor
James C. McDavid, BA, MA (UofA), MA, PhD (IN), Professor
Emanuelli Brunet-Jailly, LLB (Aix-en-Provence), MA (Virginia Polytechnic Institute), MA (Carborne), PhD (UWO), Professor
Tara Ney, BA, MA (UVic), PhD (Southampton), Associate Professor
Lynda Gagné, BA, MA (SFU), PhD (UBC), Assistant Professor

1. A 100- to 400-level university transferrable course in any discipline other than nursing. This non-nursing elective BSN program requirement is waived on admission for students with a previous degree from an accredited post-secondary educational institution.

400 Level

NURS 430 (1.5) Professional Practice V: Leadership in Nursing
NURS 431 (1.5) Nursing Practice VII: Engaging in Leadership
NURS 4951 (1.5-3.0) Nursing Practice Synthesis
Nursing elective2 chosen from the list of electives below
(4.5-6.0)

1. May be taken more than once for credit to a maximum of 3.0 units.
2. 400-level nursing electives offered at UVic

Nursing Electives*

NURS 400 (1.5) Academic Writing for Nurses
NURS 405 (1.5) Statistics for Evidence-Based Practice
NURS 425 (1.5) Qualitative and Quantitative Analysis
NURS 450 (1.5) Nursing Leadership and Management
NURS 481C (1.5) Nursing Practice in Hospice Palliative Care
NURS 482 (1.5) Pharmacological Knowledge for Nursing Practice
NURS 483 (1.5) Teaching and Learning in Nursing Practice
NURS 484 (1.5) Nursing With Aboriginal Peoples in Canada
NURS 487 (1.5) Health Care Law
NURS 488 (1.5) Gendering Health Care Practices in Nursing
NURS 493A (1.5) Community Health Nursing
NURS 493C (1.5) Lived Experience of Health in Aging
NURS 496 (1.5) Nursing with Childbearing Families
HSD 4001 (1.5) Policy in the Human Services
HSD 4011 (1.5) Women in the Human Services

* Nursing elective courses may not be offered each year
Credit for a non-University of Victoria Nursing elective requires permission of the department.

1. May be used to satisfy either a Nursing or non-Nursing elective.
FACULTY OF HUMAN AND SOCIAL DEVELOPMENT

Richard T. Marcy, BA (Buffalo), MS, PhD (Oakland), Assistant Professor

Undergraduate Course Availability
Courses in the School’s undergraduate Diploma, Professional Specialization Certificate and Minor in Public Administration Programs are offered subject to availability based on enrolments and funding.

Advanced Standing and Transfer Credit
The School may allow up to 4.5 units of transfer credit or waivers towards Diploma requirements (see programs for specific details).

Course Challenge
The School does not provide course challenge credit.

Graduate Programs
For information on studies leading to the MPA Degree, see the UVic Graduate Calendar.

Diploma in Public Sector Management
Diploma in Public Sector Management and Diploma in Local Government Management should enroll in ADMN 316 early in their program.

Admission
Courses are taught at a level which is consistent with other third- and fourth-year undergraduate courses offered at the University of Victoria; applicants will be required to demonstrate that they possess the academic proficiency necessary to benefit fully from the program. Students without a bachelor’s degree will normally be expected to have completed the equivalent of at least the first two years of post-secondary studies at a recognized college or university. Admission is conditional upon successful completion of 11 courses or 16.5 units, with an overall GPA of at least 2.0.

Diploma in Public Sector Management
The School of Public Administration offers a part-time, off-campus program of studies leading to the Diploma in Public Sector Management, which is available via distance education plus (in some courses) workshops. The program is intended for practicing or prospective managers in the public and non-profit sectors who wish to acquire the skills and background necessary for effective and responsible management, and who are interested in broadening their understanding of the administrative process. The Diploma will be awarded upon successful completion of 11 courses or 16.5 units, with an overall GPA of at least 2.0.

Academic Writing Requirement
Diploma and Professional Specialization Certificate students are not required to meet the UVic Academic Writing Requirement unless they subsequently enter a degree program. However, students enrolled in the
students, with continuation in the program subject to performance in the first three courses with a grade of C+ or better.

In addition to academic background, all applicants should have a minimum of three years' experience in dealing with issues characteristic of the public sector and/or non-profit sector. A limited number of students not formally admitted to the program may register for individual courses with the permission of the Director of the School of Public Administration. Inquiries about the program should be forwarded to:

Program Manager
Diploma in Public Sector Management
School of Public Administration
University of Victoria, Box 1700 STN CSC

Email: hkirkham@uvic.ca

Admission to the Diploma in Public Sector Management from UVic's Certificate in the Administration of Indigenous Governments

Students who have completed the CAIG may apply for admission to the Diploma in Public Sector Management. To meet the DPSM requirements, students must complete ADMN 310, 314, 420 and 431A. The Diploma's requirement of ADMN 316 will be waived if a student has credit for IGOV 380.

Note: Students who completed the (former) Certificate in Administration of Aboriginal Governments (CAAG) must, upon admission to the DPSM, complete ADMN 310, 311, 312, and one of ADMN 314, 420 or 431A.

Transfer Credit and Waivers

Students may be permitted to complete up to 4.5 units of credit towards the Diploma in Public Sector Management by taking appropriate courses offered through other Departments of the University of Victoria or at other universities. Prior approval must be obtained from the Director of the School of Public Administration. If a Diploma student holds a UVic degree that included ADMN courses, up to 4.5 units (three courses) of credit may be waived towards a DPSM.

Students may be granted approval to exceed 4.5 units of transfer credit in cases where the credit has been (or will be) obtained for graduate-level courses taught through the School of Public Administration at the University.

At the discretion of the Director, block transfer credit of up to 4.5 units may be allowed for other post-secondary certificates or diplomas if the program covers appropriate topics.

Some courses in this program may be applied to a Diploma in Local Government Management (see below).

Transfer from UVic's Certificate in Public Management

Upon completion of UVic's eight-course Certificate in Public Management, students may be admitted to the DPSM Program with advanced standing in five courses (7.5 units). Students must complete ADMN 310, 312, 316, 420, 431A and one other ADMN course. The following courses are waived towards their DPSM requirements and students are not permitted to take these courses for further credit towards the DPSM: ADMN 311, 314, 421, 422 and 437.

Transfer Credit from the School’s Professional Specialization Certificates

Upon admission to the Diploma in Public Sector Management Program, students who hold a Professional Specialization Certificate from the School may transfer four courses (6 units) into the DPSM. Students will be required to meet the Diploma requirements by completing at least seven 1.5 unit ADMN courses (not duplicating courses already taken in the Certificate). The combination of the PSC and Diploma must include ADMN 310, 311, 312, 314, 316, 420, 421 and 431A.

Transfer Credit from Capilano University and Camosun College

Students who have successfully completed (with grade averages of C+ or better) Capilano University’s (formerly Capilano College) Professional Certificate Program in Local Government Administration or Camosun College’s Diploma in Public Administration or Certificate in Local Government Administration may apply for block transfer credit to the DPSM. Students will be allowed transfer credit of three courses (4.5 units), which will be counted towards their Diploma in Public Sector Management elective requirements.

Transfer to UVic Degree Programs

Credit obtained within the Diploma in Public Sector Management program, less any credit transferred to the DPSM from a Certificate or Certificates in Administration of Indigenous Governments, Public Management, or Professional Specialization may be transferable to a regular undergraduate degree program. However, such transferability of credit, including transfer credit recognized from another institution, is always subject to the specific requirements of the degree program.

Program Requirements

The Diploma in Public Sector Management program is available on a part-time study basis. The course delivery methods include study guides (texts and/or selected articles), plus the following methods:

• computer-mediated instruction and conferencing
• intensive workshops
• tutoring by phone or email

Completion of the 11 courses will normally take three to four years. Some courses will be run as intensive summer institutes in residence at UVic.

The following is a typical program of studies:

1. 12 units of required core courses from
   • ADMN 310 (1.5)
   • ADMN 311 (1.5)
   • ADMN 312 (1.5)
   • ADMN 314 (1.5)
   • ADMN 316 (1.5)
   • ADMN 420 (1.5)
   • ADMN 421 (1.5)
   • ADMN 431A (1.5)

2. 4.5 units chosen from the following areas as appropriate to the students’ needs and interests:

   Managerial Theory and Practice

Courses in this program will be available as enrolment warrants.
Program Requirements for Students Enrolled Prior to Fall 2004

Students enrolled in the Diploma in Public Sector Management program prior to Fall 2004 may opt into the new program by declaring their intention in writing to the Program Manager. They must meet the new program requirements (see above) to qualify for the DPSM.

Local Government Option

The Local Government Option within the Diploma in Public Sector Management program requires the completion of four courses: ADMN 312, ADMN 445, ADMN 452 (or equivalent) and ADMN 420 or 465.

The Local Government Option has been identified by the Provincial Board of Examiners, in consultation with the Local Government Management Association of BC, as a mandatory educational requirement for the following credentials:

- Certificate in Local Government Administration
- Certificate in Local Government Statutory Administration
- Certificate in Local Government Executive Management

With these courses, in combination with other educational qualifications and relevant work experience in local government in British Columbia, local government employees may apply to the Board of Examiners for certification.

For further certification information contact:

Administrator, Board of Examiners
Ministry of Community, Sport and Cultural Services
Parliament Buildings
Victoria BCV8V 1X4
Phone: 250-387-4085

or

Executive Director, Local Government Management Association of BC

Victoria BCV8W 1J6
Phone: 250-387-7032
Email: lgma@lgma.ca

Diploma in Local Government Management

Students employed or seeking employment in local government may opt to enrol in the Diploma in Local Government Management. This is a part-time, off-campus program of studies leading to the Diploma in Local Government Management and is offered via distance education plus (in some courses) workshops. The program is intended for practicing or prospective managers in local government who wish to acquire the skills and background necessary for effective and responsible management, and who are interested in broadening their understanding of the administrative process.

The Diploma will be awarded upon successful completion of 11 courses or 16.5 units, with an overall GPA of at least 2.0. Courses in this program are applicable towards professional certificates awarded by the Board of Examiners of the British Columbia Ministry responsible for local government. (See Local Government Option, above).

Admission

Courses are taught at a level which is consistent with other third- and fourth-year undergraduate courses offered at the University of Victoria; applicants will be required to demonstrate that they possess the academic proficiency necessary to benefit fully from the program.

Students without a bachelor’s degree will normally be expected to have obtained the equivalent of at least the first two years of post-secondary education at university or at institutions such as BCIT, community colleges or recognized professional associations.

Candidates without formal post-secondary qualifications but with demonstrable appropriate experience may be admitted as conditional students, with continuation in the program subject to performance in the first three courses with a grade of C+ or better.

In addition to academic background, all applicants should have a minimum of three years experience working in local (municipal or regional) government. (Experience in other levels of government and/or the non-profit sector may be considered.)

A limited number of students not formally admitted to the program may register for individual courses, with the permission of the Director of the School of Public Administration.

Inquiries about the program should be forwarded to:

Program Manager,
Diploma in Local Government Management
School of Public Administration
University of Victoria, Box 1700 STN CSC
Victoria BCV8W 2Y2
Phone: 250-721-8074
Email: hkirkham@uvic.ca

Transfer Credit and Waivers

Students may be permitted to complete up to three courses (4.5 units of credit) towards the Diploma in Local Government Management by taking appropriate courses offered through other Departments of the University of Victoria, other universities or university colleges. Prior approval must be obtained from the Director of the School of Public Administration. If a Diploma student holds a UVic degree that included ADMN courses, up to 4.5 units (three courses) of credit may be waived towards a DLGM.

Students may be granted approval to exceed 6 units of transfer credit in cases where the credit has been (or will be) obtained for graduate-level courses taught through the School of Public Administration at the University.

At the discretion of the Director, block transfer credit of up to 4.5 units may be allowed for other post-secondary certificates or diplomas if the program covers appropriate topics.

Transfer Credit from the School’s Professional Specialization Certificates

Upon admission to the Diploma in Local Government Management Program, students who hold a Professional Specialization Certificate from the School may transfer four courses (6 units) into the DLGM. Students will be required to meet the Diploma requirements by completing ADMN 316 (1.5 units), plus at least six 1.5 unit ADMN courses (not duplicating courses already taken in the Certificate). The combination of the PSC and Diploma must include ADMN 310, 312, 316, 423, 445, 448 (or 421), 452 and 465.

Transfer Credit from Capilano University and Camosun College

Students who have successfully completed (with grade averages of C+ or better) Capilano University’s (formerly Capilano College) Professional Certificate Program in Local Government Administration or Camosun College’s Diploma in Public Administration may apply for block transfer credit to the DLGM. Students will be allowed transfer credit of three courses (4.5 units), which will be counted towards their Diploma in Local Government Management elective requirements.

Transfer to UVic Degree Programs

Credit obtained within the Local Government Management program, less any credit transferred to the DLGM from a Certificate or Certificates in Administration of Indigenous Governments, Public Management, or Professional Specialization may be transferable to a regular undergraduate degree program. However, such transferability of credit,
including transfer credit recognized from another institution, is always subject to the specific requirements of the degree program.

Program Requirements

The Diploma in Local Government Management program is available on a part-time study basis. The course delivery methods include study guides and readings (texts and/or selected articles), plus the following methods:

- computer-mediated instruction and conferencing
- intensive workshops
- tutoring by phone or email

Completion of the 11 courses will normally take three to four years. Some courses may include intensive workshops at the University of Victoria or, if enrolment permits, at other BC locations.

The following is a typical program of studies:

1. 12 units of required courses or the equivalent in transfer credit:
   - ADMN 310 (1.5)
   - ADMN 312 (1.5)
   - ADMN 316 (1.5)
   - ADMN 423 (1.5)
   - ADMN 445 (1.5)
   - ADMN 421 (1.5)
   - ADMN 452 (1.5)
   - ADMN 465 or ADMN 420 (1.5)

2. 4.5 units (three courses) chosen from other School of Public Administration undergraduate courses:

Courses in this program will be available as enrolment warrants.

Local Government Option

For a description of the Local Government Option, see the Diploma in Public Sector Management, above. The option is also available to Diploma in Local Government Management students.

Program Requirements for Students Enrolled Prior to Fall 2004

Students enrolled in the Diploma in Local Government Management program prior to Fall 2004 may opt into the new program by declaring their intention in writing to the Program Manager. They must meet the new program requirements (see above) to qualify for the DLGM.

Diploma in Indigenous Community Development and Governance

Note: Delivery of this program is subject to enrolment and funding. Please visit <publicadmin.uvic.ca/dfnga> for full application and program details.

The School of Public Administration offers a part-time 12-course Diploma in Indigenous Community Development and Governance program. The program is designed for learners who are employed or seeking employment in Indigenous governments or organizations. Courses are delivered online, plus six intensive on campus sessions in the third week of each term.

Learners will acquire the skills and background necessary for effective and responsible management and will broaden their understanding of the administrative process. Program delivery will take into account multiple learning styles and circumstances - on-line distance education, lectures, hands on applied learning, guest speakers, and face to face/interactive sessions that encourage peer support and cross learning.

The learning will be applicable to the students' workplaces and the program requirements will include a capstone project that will deal with a real life issue or problem of relevance to the learners' organizations.

The Diploma will be awarded upon successful completion of the program with an overall GPA of at least 2.0.

Admission Requirements

- English 12 or equivalent,
- Plus, at least one year of post-secondary education at a university, college, or technical institute with a minimum of C+ average,
- Letter of intent and resume,
- Two years' experience working in Indigenous governments or organizations. Experience in other levels of government and/or the non-profit sector may be considered

Applications from Indigenous peoples of Canada who do not qualify under the other categories of admission will be considered for Special Access - First Nations, Métis and Inuit. Candidates without formal post-secondary qualifications but with demonstrable appropriate experience may be admitted as conditional students, with continuation in the program subject to performance in the first three courses with a grade of C+ or better. To apply to the program under this special access category, please see: http://www.uvic.ca/future-students/undergraduate/admissions/other/indigenous/index.php

Application Deadline

One cohort per year will be admitted to the Program with a usual starting date of September, subject to enrolment and funding.

For students new to Uvic:
- May 31 for application, letter of intent and resume to Undergraduate Admissions.
- June 15 transcripts

For former Uvic students:
- May 31 for application to re-register, letter of intent and resume to Undergraduate Records.
- June 15 transcripts

A limited number of students not formally admitted to the program may register for individual courses, with the permission of the Director of the School of Public Administration.
Inquiries about the program should be forwarded to:
Program Manager,
Diploma in Indigenous Community Development and Governance
School of Public Administration
University of Victoria, Box 1700 STN CSC
Victoria BC V8W 2Y2
Phone: 250-472-4391
Email: Diploma_ICDG@uvic.ca

Transfer Credit
The 1.5 unit courses may be transferred to other UVic undergraduate programs and will also count towards degrees through Thompson Rivers University, including the TRU Bachelor of Public Administration.

Program Requirements
Completion of the program will normally require 6 academic terms over a 2.5 year period. Program Requirements are: ICDG 300, 301, 302, 303, 304, 305, 306, 307, 308, 400, 401, and 402.
The following is a typical program of studies:

### Year One
- ICDG 300 (1.0) Skills Workshop 1: Program Orientation
- ICDG 301 (1.5) Governance in Indigenous Communities
- ICDG 302 (1.5) Communications in Indigenous Governments and Organizations
- ICDG 304 (1.5) Strategic Planning and Implementation
- ICDG 305 (1.5) Research and Project Management in Indigenous Organizations
- ICDG 308 (1.5) Financial Management in Indigenous Governments and Organizations

### Year Two
- ICDG 306 (1.5) Human Resource Management in Indigenous Organizations
- ICDG 307 (1.5) Managing Change for Effective Social and Community Development
- ICDG 303 (1.5) Lands, Resources and Economic Development
- ICDG 400 (1.5) Leadership in Indigenous Communities and Governments
- ICDG 401 (1.5) Capstone Project for Indigenous Governments and Organizations
- ICDG 402 (1.5) Intergovernmental Relations: Working with Others

**PROFESSIONAL SPECIALIZATION CERTIFICATES**
The School of Public Administration offers the following Professional Specialization Certificates:
- Local Government Management
- Voluntary and Non-profit Sector Management
- Public Policy and Governance
- Public Sector Management
- Performance Management

### Admission Requirements
The Professional Specialization Certificates are intended for students who already hold a bachelor's degree and have at least two years' work-related experience. In exceptional circumstances, students may be admitted to a Professional Specialization Certificate if the School finds they have sufficient academic background equivalent to a bachelor's degree.

### Admission Procedure
These are credit certificates, so students would:
1. Apply for admission to the University (or permission to reregister if they are former UVic students); and
2. Apply for admission to the Certificate Program through the School of Public Administration.

### Program Requirements
The requirements for each Professional Specialization Certificate are:
1. Four ADMN 300- or 400-level courses (1.5 units each).
2. No transfer credit will be allowed, but course substitutions will be permitted if a student already has taken a required course (or equivalent). A course may not be counted towards more than one Professional Specialization Certificate.

The following are the required courses for Professional Specialization Certificates. Course substitutions at the ADMN 300 and 400 level may be allowed by the School. In addition to the courses listed below, the following courses may be used towards any Professional Specialization Certificate if the topic is relevant to the particular specialization:
- ADMN 470: Contemporary Topics in Administration
- ADMN 490: Directed Studies

#### Local Government Management
**Required:** one of:
- ADMN 312 ........................................... 1.5
- or ADMN 423 ........................................... 1.5

**Plus, choice of three of:**
- ADMN 312 (if ADMN 423 chosen as required) ........................................... 1.5
- ADMN 421 ........................................... 1.5
- ADMN 422 ........................................... 1.5
- ADMN 423 (if ADMN 312 chosen as required) ........................................... 1.5
- ADMN 445 ........................................... 1.5
- ADMN 446 ........................................... 1.5
- ADMN 452 ........................................... 1.5
- ADMN 465 or ADMN 420 ........................................... 1.5

**Note:** to meet the Provincial Board of Examiners requirements for the Certificates in Local Government Administration and Local Government Statutory Administration, students should take: ADMN 312, 445, 452, 465 (or ADMN 420). ADMN 422 is also required for the Certificate in Local Government Executive Management.

#### Performance Management
**Required:**
- ADMN 437 ........................................... 1.5

**Plus, choice of three of:**
- ADMN 314 ........................................... 1.5
- ADMN 407 ........................................... 1.5
- ADMN 411 ........................................... 1.5
- ADMN 421 ........................................... 1.5
- ADMN 477 ........................................... 1.5

#### Public Policy and Governance
**Required:**
Three required courses (4.5 units):
ADMN 311 ................................................................. 1.5
ADMN 420 ................................................................ 1.5
or
ADMN 465 ................................................................. 1.5

Plus two of:
ADMN 314 ................................................................. 1.5
ADMN 407 ................................................................. 1.5
ADMN 422 ................................................................. 1.5
ADMN 437 ................................................................. 1.5
ADMN 462 ................................................................. 1.5
ADMN 477 ................................................................. 1.5

Choice of four of:
ADMN 407 ................................................................. 1.5
ADMN 411 ................................................................. 1.5
ADMN 421 ................................................................. 1.5
ADMN 422 ................................................................. 1.5
ADMN 437 ................................................................. 1.5
ADMN 462 ................................................................. 1.5
ADMN 477 ................................................................. 1.5

Three elective courses (4.5 units), selected from:
ADMN 314 ................................................................. 1.5
ADMN 465 ................................................................ 1.5
ADMN 420 ................................................................ 1.5
ADMN 311 ................................................................ 1.5

Transfer Credit to the School’s Diploma Programs
Upon admission to either the Diploma in Public Sector Management or the Diploma in Local Government Management Program, students who hold a Professional Specialization Certificate from the School may transfer up to four courses (6 units) into the DPSM or DLGM. Students may not duplicate courses already taken in the Certificate. The combined courses in a student’s PSC and Diploma program must include all the required courses in the Diploma program.

MINOR IN PUBLIC ADMINISTRATION
The School of Public Administration offers a Minor in Public Administration to students enrolled in other undergraduate programs at UVic. The Minor in Public Administration will be awarded upon completion of six 1.5 unit courses (9 units). The minor will give students a range of topics relevant to the public and/or non-profit sectors, including public policy and public sector management. The program can be completed via distributed (distance) learning methods, but some courses are available on campus.

Program Requirements:
Three required courses (4.5 units):
ADMN 311 ................................................................ 1.5
ADMN 312 ................................................................ 1.5

and one of
ADMN 420 ................................................................ 1.5
ADMN 465 ................................................................ 1.5
POLI 351 ................................................................ 1.5
POLI 364 ................................................................ 1.5

Note: An ADMN elective may be substituted for a policy course if a student uses POLI 351 or 364 towards a Political Science major.

Three elective courses (4.5 units), selected from:
ADMN 200 ................................................................ 1.5
ADMN 310 ................................................................ 1.5
ADMN 314 ................................................................ 1.5
ADMN 316 ................................................................ 1.5
ADMN 407 ................................................................ 1.5
ADMN 409 ................................................................ 1.5
ADMN 411 ................................................................ 1.5
ADMN 421 ................................................................ 1.5
ADMN 422 ................................................................ 1.5
ADMN 423 ................................................................ 1.5
ADMN 431A ............................................................. 1.5
ADMN 431B ............................................................. 1.5
ADMN 437 ................................................................ 1.5
ADMN 445 ................................................................ 1.5
ADMN 446 ................................................................ 1.5
ADMN 462 ................................................................ 1.5
ADMN 470 ................................................................ 1.5-3.0
ADMN 477 ................................................................ 1.5
ADMN 478 ................................................................ 1.5
ADMN 479 ................................................................ 1.5
POLI 365 ................................................................ 1.5
POLI 462 ................................................................ 1.5

CO-OPERATIVE EDUCATION OPTION
Students registered in a Major that allows for a Public Administration Minor, and undertaking a Public Administration Minor, and also registered in the UVic Co-operative Education Program in their originating department, may, with permission from their originating Co-op program, elect to complete ONE work term through the School of Public Administration Co-op program. Students in this situation must have completed one of the following in order to be eligible for a Public Administration work term:

1. Successful completion of a registered Co-op work term in their originating Co-op program, OR
2. Completion of the UVic Co-op curriculum, through either their originating Co-op program or the School of Public Administration Co-op program.

Please refer to the general regulations pertaining to “Undergraduate Co-operative Education” (page 59) of the University of Victoria governing all co-operative education students.

School of Public Health and Social Policy
Natalie Frandsen, BSc, BN, MN (Victoria) Assistant Teaching Professor
Trevor Hancock, BSc, MHS, MB BS (London), Professor (Limited Term)
Michael Hayes, BA, MSc, PhD (McMaster), Professor and Director of the School of Public Health and Social Policy
The School of Public Health and Social Policy offers flexible undergraduate programming designed to provide students with a strong foundation for understanding the complex and dynamic relationships between people, health, illness and organizations in contemporary society.

GENERAL INFORMATION

The School of Public Health and Social Policy offers flexible undergraduate programming designed to provide students with a strong foundation for understanding the complex and dynamic relationships between people, health, illness and organizations in contemporary society.
the PHSP website: <www.uvic.ca/publichealth>. Application deadline is April 15.

All new applicants to the university must submit the following to Undergraduate Admissions: an online Application for Admission to the University; a résumé of work and volunteer experience, as well as a personal statement of intent.

UVic students (those seeking admission from another faculty) must submit an Application for Re-registration, résumé of work and volunteer experience, as well as a personal statement of intent to Undergraduate Records.

Students who have completed a recognized health and/or human services related professional academic program with an overall grade point average of 8 (5.0) or higher may be eligible to receive block credit upon admission to PHSP (15 units for a full-time one-year certificate and 30 units for a full-time two-year diploma). Full-time equivalent academic certificates of less than one year will be considered for limited block PHSP credit on a case-by-case basis only. This does not include vocational, continuing studies or professional development certificates or diplomas.

Policies and procedures for granting transfer credit at the University of Victoria and the Faculty of Human and Social Development are described in the University Calendar.

The School of Public Health and Social Policy does not offer course challenges or prior learning assessment.

All students must meet UVic’s “Academic Writing Requirement”, page 31.

Required Documentation

In addition to the application to UVic Undergraduate Admissions, applicants should submit to the Program Coordinator an application to the Program, along with a letter of intent and a résumé. Special admission categories outlined below may also require specific documentation, such as references.

Admission Criteria

Applicants will usually meet general admission criteria as set out by the University. However, the following principles will be considered: maximizing accessibility and the willingness to review applications on a case-by-case basis. Two additional distinct processes exist to facilitate entrance for those who do not meet the regular admission criteria.

Potential applicants are encouraged to meet with the Program Coordinator to determine which admission category (general, special access or Aboriginal) best applies.

1. Special Access

The University of Victoria is interested in extending university-level learning opportunities to residents of British Columbia who may not qualify under the regular categories of admission.

The number of applicants admitted under this category is limited by the availability of University resources. Admission under the Special Category is not automatic.

• An applicant for admission under the Special Category must meet the following criteria:
  • The applicant is at least 23 years of age by the beginning of the session applied for and
  • The applicant’s academic achievements have been significantly and adversely affected by health, disability, or family or similar responsibilities.

The Senate Committee on Admission, Reregistration and Transfer selects candidates for admission on the basis of:

• Their educational history
• Non-educational achievement that indicate an ability to succeed at university

Applicants in this category must submit two Special Access Reference forms from persons specifically able to assess the applicant’s potential for academic success. References from relatives will not be accepted. Applicants must be able to document the nature and extent of their circumstances, and demonstrate the impact these have had on their educational achievements.

Note: Applicants who have attempted a full year or equivalent of university-level courses are not eligible to apply under this category.

Applicants under this category must also meet the prerequisites for the program they wish to enter.

2. First Nations, Metis and Inuit

The University welcomes applications from Aboriginal peoples of Canada, including those of First Nations, Metis and Inuit ancestry (including Non-status Aboriginal).

Applications from Aboriginal peoples of Canada who do not qualify under the other categories admission will be considered on an individual basis by the Senate Committee on Admissions, Reregistration and Transfer.

The committee will consider each applicant’s:

• Educational history
• Non-educational achievements that indicate an ability to succeed at university

Applicants who choose to apply under the “Special Access” or “First Nations, Metis and Inuit” category must submit two reference forms from persons specifically able to assess the applicant’s potential for academic success. If possible, one reference should be from a recognized Aboriginal organization. References from relatives will not be accepted. Applicants must also submit a personal letter outlining their academic objectives.

A limited number of students not formally admitted to the program may register for individual courses (if enrolment permits), with the permission of the Program Coordinator.

ACADEMIC REGULATIONS

Academic Performance

Students in the School of Public Health and Social Policy must maintain a sessional GPA of 3.0 (C+) and receive a minimum of 2.0 (C) in any core PHSP or other required course; otherwise they may be required to withdraw from the School.

Limitation of Enrolment

Admission to UVic is not a guarantee of admission to particular Schools or programs within the Faculty. Applicants should be aware that admission to Schools and programs is competitive and subject to limited enrolment. Meeting minimum requirements is not a guarantee of admission. The Faculty of Human and Social Development recognizes that many factors contribute to a person’s chances of success in professional programs and therefore in addition to academic requirements (GPA), professional suitability for the selected program will be considered.
Professional Conduct

All students in the School of Public Health and Social Policy must follow the Faculty of Human and Social Development’s (HSD) Guidelines for Professional Conduct. Please refer to the faculty’s “Guidelines for Professional Conduct” on page <OV>.

General Practicum Guidelines

Many agencies have specific requirements for students prior to practicum placement (ie. oath of confidentiality, current immunization and basic life support certification, extended health care insurance coverage). All costs and responsibilities associated with these requirements are the responsibility of the individual student.

Criminal Record Reviews

While not a requirement for admission, UVic students placed in practica must be required to undergo criminal records reviews by legislation or because of the risk management policies of the organization with which the student will be associated. Students are responsible for providing authorization for the review to the practice agency upon request and/or cooperating with the conduct of the review as needed. Usually, students must pay for the review, although some agencies will absorb the costs. Students undertaking practice experiences jurisdiction outside of BC are responsible to ensure they have a criminal records review or equivalent if required by their practice experience agency.

Practica Placements

Students must have completed all core, area of focus and elective courses in the BA program prior to commencing practicum and project (HLTH 430, 435).

The Faculty reserves the right to approve any agency or institution that provides placements for student practica, and to change any placement assigned to a student. The student, however, has the right to be informed in writing of the reasons for any change in placement.

While the Faculty accepts a responsibility to provide a sufficient number of practicum opportunities to serve the needs of all registered students, a student is responsible to ensure they have a criminal records review or equivalent if required by their practice experience agency.

Practica Dates

The dates of practica will be established by each School or program, and will be announced to the students involved at the beginning of each term.

Attendance

Attendance at practicum activities is required. Students are expected to notify the placement agency whenever practicum appointments cannot be kept, and also to inform the course instructor. This may result in a student being withdrawn from the practicum.

Denied and Withdrawal

Denial

Students will be denied the practicum experience if their preparatory work is considered unsatisfactory by the Director of the School or if all core, area of focus and elective courses in the BA program are not completed prior to commencing practicum and project (HLTH 430, 435).

Temporary Withdrawal of Students Pending Report

The Director may require a student to withdraw temporarily from a practicum if, during the course of a term, there are reasonable grounds to believe that the conduct or lack of competence of a student enrolled in the practicum has adversely affected or may adversely affect:

- clients or pupils, or
- personnel, including students associated with the practicum

The student will be required to withdraw temporarily pending the receipt of a report on the conduct and lack of competence of the student. This written report from the course instructor will normally be provided to the student within 10 business days of the withdrawal.

Withdrawal

After giving the student an opportunity to be heard, the Director may require a student to withdraw from the practicum if the Director is satisfied that the student’s conduct or lack of competence may adversely affect members of any of the groups identified in the paragraph above.

Voluntary Withdrawal

Students seeking voluntary withdrawal from a practicum, whether permanent or temporary, must receive permission to seek withdrawal from their faculty supervisor in Human and Social Development.

Termination of Practicum by Placement Agency

In situations where a practicum is terminated by the agency, the student will be informed in writing of the reasons for termination, by the instructor of record within 15 business days of the termination. After giving the student an opportunity to be heard, the Director or designate will determine appropriate action: 1) withdrawal from the School; 2) additional preparatory work; 3) placement in a different practicum setting.

Practicum Evaluation Documentation

If a student withdraws from practicum or is required to withdraw from practicum by their School, all practicum evaluation materials to date of withdrawal will remain on their student file and may be taken into account in determining whether their preparatory work is satisfactory to enter a subsequent practicum.

Notification to Undergraduate Records

Students who withdraw temporarily from a practicum must notify Undergraduate Records in writing. Students who are required to withdraw from a practicum will be withdrawn from any course involved by written notification from the Director to Undergraduate Records.

Readmission

Students who have withdrawn from a practicum for whatever reason who later wish to reenter the practicum must apply for readmission to their faculty supervisor in Human and Social Development.

Students seeking voluntary withdrawal from a practicum, whether

Appeals

The normal avenues of final appeal are available to students who have been required to withdraw from a practicum. Students in the Faculty of Human and Social Development may follow regular appeal procedures within the faculty.

Program Completion Limit

The Health and Community Services full-time program must normally be completed within five years from the date of admission. Upon completion of one or more years in the School of Public Health and Social Policy, students may apply in writing to the School for a one-year leave of absence. The deadline for such a request is normally March 31.

Program Requirements

BA in Health and Community Services

Required Courses

<table>

Required Courses
HLTH 321 (1.5) Human Resource and Fiscal Management in Community Health Systems
HLTH 350 (1.5) Introduction to Health Research
HLTH 351 (1.5) Practice of Evaluation Research
HLTH 360 (1.5) Health Literacy and System Navigation
HLTH 425 (1.5) Quantitative and Qualitative Methods
HLTH 401 (1.5) Health Policy and Health Governance
HLTH 402 (1.5) Health and Community Supportive Technologies
HLTH 403 (1.5) Community Development and Capacity Building
HLTH 404 (1.5) Inter-Professional Practice
HLTH 430 (3.0) Practicum
HLTH 435 (3.0) Culminating Major Paper
Elective (1.5)

1. The intent is for students to select electives that enhance their Bachelor of Health and Community Services course work. The electives can be courses at UVic or transferable to UVic, at the 200 level or above.

Applied Areas of Focus (4.5 units)
Students select one of the following four areas:

Disability Studies
DSST 440 (1.5) Introduction to Disability Studies
DSST 441 (1.5) Enabling Technologies
HLTH 405 (1.5) Challenges in Advocacy: Ageing & Disability in Canadian Society

Indigenous Peoples’ Health
INGH 452 (1.5) Traditional Healing in Indigenous Communities
INGH 453 (1.5) Wise Practices in Indigenous Community Health
HLTH 406 (1.5) Indigenous Global Health

International and Global Health and Human Development
INTS 460 (1.5) Foundations in International and Global Health and Human Development
INTS 462 (1.5) The Role of Knowledge in Global Health
HLTH 406 (1.5) Indigenous Global Health

Ageing
AGEI 472 (1.5) Healthy Ageing
AGEI 473 (1.5) Chronic Disease and Ageing
HLTH 405 (1.5) Challenges in Advocacy: Ageing & Disability in Canadian Society

Marian Simmonds, BSW (British Columbia), Academic Adviser

General Information
Mission Statement
The emerging vision of the School of Social Work commits us to social justice and anti-racist, anti-oppressive social work practices, and to promoting a critical theory that respects and values diversity and knowing and being.

Our educational mission is to prepare generalist social work practitioners skilled in critical self-reflection and in working with individuals, families, groups and communities. In particular, we endeavour to prepare Indigenous social workers and child welfare practitioners and we emphasize structural, feminist, Indigenous and anti-oppressive analyses.

Our scholarly mission is to share and create collective knowledge and understanding through engaging in critical enquiry and by supporting research and innovative curriculum development at the undergraduate and graduate levels.

Our practice mission is to act on social justice issues through community change initiatives and anti-oppressive social work. Our political and social responsibility is to participate in and reflect community experiences in our efforts to challenge oppressive societal structures.

In all our activities, we aspire to create a supportive environment that promotes equity, respect, responsibility, curiosity, collaboration, flexibility, risk taking and creativity. We support interdisciplinary collaboration. We seek to provide accessible and flexible social work education and are committed to working across differences such as gender, age, race, ethnicity, class, ability and sexual orientation.
Social Work Programs
Bachelor of Social Work

The School of Social Work offers a program of studies leading to the degree of Bachelor of Social Work (BSW) that is fully accredited by the Canadian Association for Social Work Education. Graduates are employed in a wide range of government and voluntary organizations such as family and children’s services, residential care facilities, community centres, mental health clinics, home health care, hospitals, women’s services, corrections and Indigenous social services.

Students may complete their BSW through distance education (web based delivery). Please note that all distance education students must attend a five day required face-to-face component as part of SOCW 312 and that on line/distance courses are available only to students residing in Canada.

Alternatively, students may complete their 3rd year courses on-campus with 4th year courses via distance education. Please note that SOCW 356 is only available through distance education and some 4th year courses may be available on campus depending on enrolment/resources. The School works with students to facilitate completion of field placements in geographic areas of their choice, provided suitable placements are available (please see HSD “Regulations Concerning Practica” on page 156).

All students admitted to the BSW program or taking social work courses must have computer and internet access for the duration of their program of studies in order to participate in web based learning, and for program administration purposes. Students require a UVic Netlink ID with a UVic e-mail address. A high speed internet connection is highly recommended for students participating in web-mediated courses.

The School has the same expectation for participation in web based learning activities as they have for participation in face-to-face learning activities. An 80% attendance level is required for a student’s “presence” in web based learning, as it is for a student’s presence in face-to-face based learning.

BSW Specializations

Students may elect to choose one of the Specializations offered in the Social Work program. All students receive BSW degrees, and, for those students who complete a Specialization, the Specialization will be noted on the student’s transcript only.

Indigenous Social Work Specialization

This specialization is a concentration within the BSW program and provides opportunities for Indigenous BSW students to focus their undergraduate program on preparing for leadership roles as helpers and healers in Indigenous communities and various Indigenous organizations. Students will co-create learning environments with other Indigenous students and faculty in the School.

The intent of this specialization is to provide Indigenous students an opportunity to develop helping and healing practice frameworks that centralize Indigenous knowledges, peoples, nations and communities.

Admission to the specialization is limited to Indigenous Peoples of North America.

Child Welfare Specialization

This specialization is intended to prepare students for child welfare work, with an emphasis on protection work in government and other mandated child welfare settings. A non-child protection option is available for students who do not intend to practise in mandated settings after graduation.

Indigenous (Child Welfare) Specialization

The intent of this specialization is similar to the Indigenous Specialization with an emphasis on the well-being of Indigenous children, families and communities. Admission to the specialization is limited to Indigenous students of North America.

School Admission Requirements

Application packages are available on the School of Social Work website December 1st of each year. The deadline for application submission is January 31st for both the May and September entry points. Official transcripts, UVic Undergraduate Admissions applications or Undergraduate Records re-registration forms must be received by the January 31st document deadline.

In addition to choosing either the May or September entry points, applicants must also select how they would like to complete their studies: on-campus/distance education combination or by distance education. Those students applying to distance education must attend a mandatory five day face-to-face component as part of SOCW 312.

Admission to the BSW program requires:

1. Completion of a minimum of the first two years (30 units) of an undergraduate program at UVic, with an overall average of at least 4.0 (on the UVic 9.0 point scale) or better, or the equivalent at another university or community college on the last 12 units of university-transfer course work at the time of application (up to and including December).

2. Within the required 30 units, completion of SOCW 200A and 200B or their equivalents. 24 units should be completed from within general education subject areas.

3. For the May entry point only, applicants will be considered for admission with 27 units of credit in order to then complete SOCW 200A and 200B in this session.

Students are also required to meet UVic’s “Academic Writing Requirement”, page 31.

The number of applicants admitted will depend on the resources available to the School and the number of qualified applicants. An initial screening for admission will be based on sufficient number of units and grade point average as stated above. Provided applicants meet these criteria, they will be evaluated for admission to the School of Social Work based on grade point average, and a written submission.

Transfer Credit for Social Service Certificate or Diploma Students

Students who have completed a social services certificate or diploma program at a college may be eligible to receive discretionary credit from the School. This is normally 3 units for a completed certificate (1 year in length with at least 1 practicum), and 6 units for a completed diploma (2 or 3 years in length with at least 2 practicums). University transfer courses will be calculated separately.

School Academic Regulations

Academic Performance

Students in the School of Social Work must maintain a sessional GPA of 4.0 in both third and fourth years; otherwise they may be required to withdraw from the School. Students are required to follow the professional conduct guidelines below, and may be required to withdraw from the School for violating these provisions.

Information Sharing

The University of Victoria School of Social Work is committed to supporting students to become capable, professional Social Workers. Evaluative feedback about student progress may be shared amongst instructors and staff in the School in order to promote student success or to address concerns about professional conduct.

Professional Conduct

All students in the School of Social Work must adhere to the Faculty of Human and Social Development’s “Guidelines for Professional Conduct”
FACULTY OF HUMAN AND SOCIAL DEVELOPMENT

and “Regulations Concerning Practica”, page <OV>. In addition, students are subject to the provisions of the Social Work Code of Ethics in the province or territory in which they reside as well as the Canadian Association of Social Work (CASW) Code of Ethics.

A student who has breached these provisions may be:

a) required to engage in a course of action to address concerns; and/or
b) suspended from continued participation in a course prior to the course end date; and/or
c) assigned a failing grade (grade of F or N) for a course; and/or
d) asked to withdraw from the Social Work Program.

Appeals

For those who decide they have reason to contest the decision, the normal avenue of appeal is available.

Availability of Courses to Students Outside the School

Some third- and fourth-year courses may be taken by students not admitted to the School, with the permission of the Director, if space permits. Students are required to make a written request to the BSW Admissions Coordinator to be considered for such courses. Students may be permitted to take up to 3 units of Social Work courses. Prerequisites are completion of 30 units of credit including SOCW 200A and 200B.

Practica

Students are referred to the Faculty of Human and Social Development’s “Regulations Concerning Practica”, page <OV>.

Students may be required to complete their practica in an agency requiring:

- proof of immunization;
- a criminal record check;
- an administration fee;
- identification badges;
- other agency specific requirements.

All costs related to these are the responsibility of the student.

All students completing a practicum in BC will be required to complete a criminal record check through the relevant Ministry.

Prior Learning Assessment

Students admitted to the program who have significant social work or social justice experience may be eligible for Prior Learning Assessment for the first practicum. Initial inquiries about eligibility for PLA should be directed to the Field Education Co-ordinators at the School of Social Work. The Director will make the final decision regarding eligibility.

Minor

Students registered in a degree program in the Faculty of Human and Social Development may declare a Minor program in another faculty with written permission from their school and the department offering the Minor, and the Deans of the respective faculties. The Minor will be added to the student’s academic record upon completion of program requirements in Human and Social Development and the general degree requirements in the other faculty.

Course Challenge

The School of Social Work allows course challenges for up to 9 units of course work with permission of the School. These units will be comprised of SOCW 200A and 200B plus six units of third and fourth year courses excluding SOCW 311, 312, 413, 402, 404 and 404A. Students may complete a Prior Learning Assessment for SOCW 304.

PROGRAM REQUIREMENTS

Minimum Degree Requirements

Candidates for the BSW degree must meet the minimum degree requirements for a bachelor’s degree outlined on page 41. Students should note in particular the “Academic Writing Requirement”, page 31. Students entering the BSW program can transfer in up to 33 units of previous credit, of which a maximum of 60 units can be senior Social Work and HSD courses.

BSW degree students should have a minimum of 24 units of liberal arts/social sciences/humanities courses to fulfill program requirements.

Practicum Requirement

Students should be aware that two practicum courses are required in order to complete the course of study for a BSW.

NOTE: Students must submit an application for practicum approximately 2 terms in advance of registration in order to ensure adequate time is available for planning and organizing their practicum. Newly admitted students who plan to do their initial practicum within the first 2 terms of their study must apply upon accepting their offer of admission.

Course Requirements: First and Second Years

SOCW 200A and 200B are required for entry into the BSW program. It is recommended that potential BSW applicants complete SOCW 200A and 200B prior to applying to the program; however, SOCW 200A and 200B are not required to be completed or in progress at the time of BSW application.

In addition to SOCW 200A and 200B, students are advised to take a variety of courses in the liberal arts, social sciences and humanities.

Course Requirements: Third and Fourth Years

A minimum of 27 units must be third- or fourth-year Social Work courses (includes HSD courses, except HSD 425).

Non-Social Work electives may include any UVic courses at any year level, including English, if required.

Prerequisites for all Social Work courses: 30 units including SOCW 200A and 200B. See the course descriptions for pre- or corequisite of Social Work courses.

* Students admitted to the School of Social Work prior to September 2009 may use SOCW 323 in lieu of SOCW 311, 312, and 413. Students who take SOCW 323 cannot receive credit for SOCW 311 and 312.
1. General elective (if required).
The Faculty of Humanities comprises the Departments of English, French, Gender Studies, Germanic and Slavic Studies, Greek and Roman Studies, Hispanic and Italian Studies, History, Linguistics, Pacific and Asian Studies and Philosophy, and Programs in Latin American Studies, Medieval Studies and Religious Studies. The many disciplines in the Humanities foster knowledge of history, philosophy, language, literature, culture, society and the arts, often in international contexts. By developing students’ skills in critical enquiry, research and communication, programs in the Humanities provide excellent preparation for many careers as well as advanced academic study.
The Faculty of Humanities offers programs of varying levels of specialization leading to the degree of Bachelor of Arts (BA).

The faculty also offers programs leading to the degree of Bachelor of Science (BSc) through the Department of Linguistics.

- The Honours Program involves a high level of specialization in one discipline, and requires from 18 to 24 units of credit in that discipline at the 300 or 400 level.
- The Major Program requires 15 units at the 300 or 400 level.
- The General Program requires 9 units of 300 or 400 level credits in each of two disciplines.

The faculty also offers Double Honours, the Joint Honours and Major program, and the Double Major program.

</table>

1. Offered jointly with the Faculty of Human and Social Development.
2. Offered jointly with the Faculty of Fine Arts.
3. Offered jointly with the Faculties of Fine Arts and Social Sciences.
4. Offered jointly with the Faculties of Education, Human and Social Development and Social Sciences.
5. Offered jointly with the Faculties of Human and Social Development and Social Sciences.
6. Offered jointly with the Faculties of Fine Arts and Social Sciences, and the Division of Continuing Studies.
7. Offered jointly with the Faculties of Education, Engineering, Fine Arts, Human and Social Development and Social Sciences.
8. Offered jointly with the Faculty of Education and the Division of Continuing Studies.

The Faculty of Humanities also offers a Diploma in Intercultural Education and Training.

The Faculty of Humanities also offers a Diploma in Applied Linguistics, a Diploma in Canadian Studies, a Diploma in Humanities, and a Diploma in Intercultural Education and Training.
A student may also combine a program offered in the Faculty of Humanities with a program offered in another faculty. See “Interfaculty Program” on page 194.

**ACADEMIC ADVICE AND PROGRAM PLANNING**

Advice about the Faculty of Humanities is available through the Academic Advising Centre, A203, University Centre.

**Associate Dean, Academic Advising**  
Cindy Holder BA (McGill), MA (Dal), PhD (Arizona)

**Director**  
Susan Corner, BFA, MA (UVic)

**Academic Advisers**  
Amanda Alfaro, BA, BEd (UVic)  
Devin Arnold, BSc (UVic)  
Kelly Colby, BA (Whitman), MSc (Ithaca)  
Larissa Fielding, BA (TWU)  
Shu-Min Huang BA, MA (UVic)  
Jessica MacLean, BA (UVic)  
Melana Mar, BA, BEd (UVic)  
Janine Meyers, BA (UVic)  
Jennifer Oakes, BA (Athabasca), MA (UVic)  
Lori S. Olson, BSc, MPA (UVic)  
Patricia Perkins, BSc (UVic)  
Sherri Williams, BA, Dipl. Applied Linguistics (UVic), MEd (Memorial)

**Administrative Officer**  
Daisy Williams

**Assistant to the Associate Dean**  
Cat Price  
Lara Hannaford

**Advising Assistants**  
Bosa Dosenovic  
Ashleigh Lakas

In addition, each department has one or more advisers who can provide information about courses and programs in that department.

Students who require advice during the summer months should contact the department concerned for an appointment with an adviser.

Students who may eventually go on to graduate studies should consult faculty members in their department before deciding whether to pursue an Honours or Major program.

Students who plan to enter the Faculty of Education from the Faculty of Humanities should seek advice from the Education Advising Centre.

**AVAILABILITY OF COURSES TO STUDENTS IN OTHER FACULTIES**

Students in other faculties may register in any section of any course offered in the Faculty of Humanities, so long as prerequisites have been met. Individual departments may limit enrolment in required courses to those taking Honours or Major Programs, or to students who require them to complete their programs.

**LIMITATION OF ENROLMENT**

Admission to UVic and the Faculty of Humanities is not a guarantee of placement in particular programs or courses. Departments may limit enrolment for a variety of reasons, and admission requirements may be raised.
**DECLARING A PROGRAM**

All students registered and continuing in the Faculty of Humanities may file a Request to Declare Program (RDP) or an exploratory option once they have attained second-year standing (credit for at least 12.0 units). Students must submit a RDP to the Academic Advising Centre after completion of 27.0 units (normally at the end of their second year) and before registering for subsequent courses. Other program options are available (see below).

The Academic Advising Centre will review the RDP and update the student’s record. Once this process has been completed the student will have access to an online degree audit (Curriculum Advising and Program Planning [CAPP] report).

Students who satisfactorily complete the program of courses outlined in their CAPP report and who meet all University graduation requirements will be eligible to be granted their degree, upon submission of an Application to graduate. Students should be aware that some combinations of requested programs may not be possible or permitted.

Students may change their program at any time by submitting a Program Change Request to the Academic Advising Centre.

**Students who are visiting** from another institution are not required to declare a program. This includes incoming exchange students.

**Transfer students** who enter the University with 27.0 or more units of transfer credit must declare a program before the end of their first term at UVic. Transfer students may file a RDP once they have attained second year standing (credit for at least 12.0 units). Transfer students who enter the University with fewer than 27.0 units of transfer credit must declare a program after completion of 27.0 units of combined UVic and transfer credit.

**Students who intend to declare an Honours program** must do so by following the requirements outlined in the Calendar entry for that program. Until an application to an Honours program has been approved by the unit offering the program and submitted to the Academic Advising Centre, the student must declare a Major program.

**Students seeking to complete a Certificate or Diploma** must declare their program in accordance with program instructions.

**GUIDELINES FOR ETHICAL CONDUCT**

The Faculty of Humanities expects students to adhere to a code of ethical conduct. The faculty supports models of ethical conduct based on the following guidelines:

- exercise of personal discipline, accountability and judgement
- acceptance of personal responsibility for continued competency and learning
- the duty to recognize the dignity and worth of all persons in any level of society
- the duty to recognize one’s own limitations
- maintenance of confidentiality of information appropriate to the purposes and trust given when that information was acquired

**REGULATIONS CONCERNING PRACTICA**

**General**

The faculty reserves the right to approve any institution that provides placements for student practica, and to change any placement assigned to a student. The student, however, has the right to be informed in writing of the reasons for any change in placement.

**Attendance**

Attendance at practicum activities is required. Students are expected to notify the host institution whenever practicum appointments cannot be kept, and also to inform the course instructor.

**Denial and Withdrawal**

**Practicum Denial**

Teachers or administrators who refuse a student’s continued participation in a practicum for misconduct or repeated absences, or where the educational progress of the institution’s students is in jeopardy, must immediately discuss the matter with the Chair of the department. The Chair will then either inform the student of the conditions under which he or she may resume participation in the practicum or require the student to withdraw from the practicum and inform the student in writing of the reasons. Students will be denied the practicum experience if their preparatory work is considered unsatisfactory by their instructors and by the Chair of the department in the Faculty of Humanities.

**Temporary Withdrawal of Students Pending Report**

The Chair may require a student to withdraw temporarily from a practicum if, during the course of a term, there are reasonable grounds to believe that the conduct or lack of competence of a student enrolled in the practicum has adversely affected or may adversely affect:

- students or clients, or
- personnel, including students associated with the practicum

The student will be required to withdraw temporarily pending the receipt of a report on the conduct and lack of competence of the student.

**Required Withdrawal**

After giving the student an opportunity to be heard, the Chair may require a student to withdraw from the practicum if the Chair is satisfied that the student’s conduct or lack of competence may adversely affect members of any of the groups identified in the paragraph above.

**Voluntary Withdrawal**

Students seeking voluntary withdrawal from a practicum, whether permanent or temporary, must receive permission to do so from their faculty supervisor in the department.

**Notification of Undergraduate Records**

Students who withdraw temporarily from a practicum must notify Undergraduate Records in writing. Students who are required to withdraw from a practicum will be withdrawn from any course involved by written notification from the Chair to Undergraduate Records.

**Appeals**

The normal avenues of final appeal (see “Appeals”, page 54) are available to students who have been required to withdraw from a practicum, at every stage of the process. Students in the Faculty of Humanities may follow regular appeal procedures within the faculty.

---

**Faculty Program Requirements**

**REQUIREMENTS COMMON TO ALL BACHELOR’S DEGREES**

Each candidate for a bachelor’s degree must complete:

1. the “Academic Writing Requirement” (page 40);
2. at least 1.5 units from each of three areas of study in the following list:
   - Arts of Canada
   - Canadian Studies
   - Digital Humanities
   - English
   - European Studies
   - Film Studies
Continuation in an Honours Program requires satisfactory performance as dictated by the department. If, in the opinion of the department, a student’s work at any time is not of Honours standard, the student may be required to transfer to a Major or General program.

Normally, a student should complete the requirements for an Honours Program in four academic years (five years for those students enrolled in the Co-operative Education Program). Students who are undertaking a degree on a part-time basis, and who wish to be considered as candidates for Honours, should discuss the options with the department(s) concerned.

**Honours Programs**

- Applied Linguistics
- English
- French
- Gender Studies
- Germanic Studies
- Greek and Latin Language and Literature
- Greek and Roman Studies
- Hispanic Studies
- History
- Latin American Studies (Literary and Cultural Studies or Interdisciplinary Studies)
- Linguistics (BA and BSc)
- Mathematics
- Medieval Studies
- Mediterranean Studies
- Pacific and Asian Studies, Chinese Studies, Japanese Studies and Southeast Asian Studies
- Philosophy
- Religious Studies
- Slavic Studies
- Social Justice Studies
- Statistics

**Combined Honours Programs**

Combined English Honours and Medieval Studies Minor

**Double Honours Program**

With the joint approval of the departments concerned, a student may be permitted to meet the requirements for an Honours Program in each of two departments in the Faculty of Humanities.

The degree received will be a BA, unless one of the two programs followed leads to a BSc in Linguistics, in which case the student will have the option of receiving a BA or a BSc degree, depending on which of the two programs is listed first.

**Interfaculty Double Honours Program**

If a student elects to complete an Honours Program in the Faculty of Humanities and a second Honours Program in another faculty, with one program leading to a BA and the other leading to a BSc, the program leading to the degree selected (BA or BSc) must be listed first on the student’s Curriculum Advising and Program Planning (CAPP) form. If the second department listed offers both a BA Honours Program and a BSc Honours Program, the requirements of the program leading to the degree selected (BA or BSc) must be met in the department offering the option.

Students completing an Interfaculty program will be subject to the regulations of the faculty in which they are registered.
Joint Honours and Major Program

A student may elect to complete an Honours Program in one area of study together with a Major Program in another area of study, both within the Faculty of Humanities. The Honours Program will be listed first on the student’s Curriculum Advising and Program Planning (CAPP) form.

The degree received will be a BA, unless the Honours Program followed leads to a BSc in Linguistics, in which case the degree will be a BSc.

Interfaculty Joint Honours and Major Program

A student may elect to complete an Honours Program in one faculty together with a Major Program in another faculty. The Honours Program will be listed first on the student’s Curriculum Advising and Program Planning (CAPP) form, and students will be subject to the regulations of the faculty in which they are registered.

If one of the two departments concerned offers a BA Program while the other offers a BSc Program, the student will receive either a BA or a BSc depending on which is specified by the Honours Program. If the department offering the Major Program offers both a BA and a BSc program, the requirements of the program leading to the degree selected (BA or BSc) must be met in the department offering the option.

Major Program

The Major Program requires specialization in one discipline in the last two years of a degree program and may permit a student to proceed to graduate study if sufficiently high standing is obtained. The Major Program generally is also a good preparation for a professional or business career.

Requirements of the Major Program

A student in a Major Program must satisfy the requirements common to all bachelor’s degrees in the Faculty of Humanities, listed above.

Each department has its own requirements for its Major Programs, which include the specification of 15 units, and not more than 15 units, of 300- and 400-level course work. At least 12 of these 15 units must be completed at UVic. A department may also specify and require up to 9 units of courses offered by other departments at the 300 or 400 level.

Major Programs

- Applied Linguistics
- English
- French
- Gender Studies
- Germanic Studies
- Greek and Latin Language and Literature
- Greek and Roman Studies
- Hispanic Studies
- History
- Italian Studies
- Latin American Studies (Literary and Cultural Studies or Interdisciplinary Studies)
- Linguistics (BA and BSc)
- Mathematics
- Medieval Studies
- Mediterranean Studies
- Pacific and Asian Studies
- Philosophy
- Religious Studies

- Slavic Studies
- Statistics

Combined Major Programs

- Combined Major in English and French (Canadian Literature)
- Combined Major in Hispanic and Italian Studies

Double Major Program

A student may complete the requirements for a Major Program in each of two disciplines in the Faculty of Humanities.

The degree received will be a BA, unless one of the two programs followed leads to a BSc in Linguistics, in which case the student will have the option of receiving a BA or a BSc degree, depending on which of the two programs is listed first.

Combined Major with a Major Program

A student can complete one of the Combined Major Programs listed above with another Major Program (in this faculty or in another faculty), but the discipline of the Major Program must not be either of the disciplines of the Combined Major Program.

Interfaculty Program

A student may elect to complete an Interfaculty Double Major or a Joint Honours and Major Program. In a Double Major Program, if one of the two departments concerned offers both a BA Major Program and a BSc Major Program, the requirements of the program leading to the degree selected (BA or BSc) must be met in the department offering the option.

In a Joint Honours and Major Program, the Honours Program will be listed first on the student’s Curriculum Advising and Program Planning (CAPP) form, and students will be subject to the regulations of the faculty in which they are registered. If one of the two departments concerned offers a BA Program while the other offers a BSc Program, the student will receive either a BA or a BSc depending on which is specified by the Honours Program. If the department offering the Major Program offers both a BA and a BSc program, the requirements of the program leading to the degree selected (BA or BSc) must be met in the department offering the option.

BA Major in Environmental Studies

A Major Program in Environmental Studies can only be taken as one component of a Double Major or Joint Honours and Major Program.

BA in Mathematics or Statistics

Students who wish to obtain a BA in Mathematics or Statistics should register in either the Faculty of Humanities or the Faculty of Social Sciences, and complete the requirements common to all bachelor’s degrees in that faculty.

General Program

The General Program provides students with the opportunity to study broadly in two disciplines in the last two years of a degree program. It is not intended to prepare students for graduate study, although some graduate schools may accept graduates of a General Program if they have achieved sufficiently high standing.

Requirements of the General Program

A student in a General Program must satisfy the requirements common to all bachelor’s degrees in the designated faculty determined by the first subject area listed on the Curriculum Advising and Program Planning (CAPP) form.

The General Program requires:

- Completion of 9 units of course work at the 300 and 400 level in each of the two disciplines, as specified in the General Program requirements of the departments concerned
• At least 6 of the 9 units in each discipline must be completed at UVic.
A student may complete a General Program in any two of the following or by completing one of the following and one of the Generals offered in another faculty. The degree awarded will be a BA.

Chinese Studies  
English  
French  
Gender Studies  
Germanic Studies  
Greek and Roman Studies  
Hispanic Studies  
History  
Italian Studies  
Japanese Studies  
Latin American Studies  
Linguistics  
Medieval Studies  
Mediterranean Studies  
Pacific and Asian Studies  
Philosophy  
Religious Studies  
Slavic Studies  
Southeast Asian Studies

A student may also complete a General Program that combines one of the above disciplines/areas of study with one of the following. The degree awarded will be a BA.

"Arts of Canada Program" (see page 323)  
"European Studies" (see page 325)  
"Film Studies Program" (see page 323)  
"Health and Society" (see page 325)  
"Human Dimensions of Climate Change" (see page 327)

"Social Justice Studies" (see page 327)  
"Technology and Society" (see page 328)

MINOR PROGRAM
A Minor is an optional program that allows students to study in an area outside their Honours, Major or General Program areas. Requirements vary and are specified in the Minor requirements of the department concerned. Where not specified, the requirements for a Minor follow the requirements for the department General Program in one area only.

• No more than 3 units of the 300- and 400-level course work required for the Minor can be taken elsewhere, and at least 6 of the units required for the Minor must be completed at UVic.
• If the Minor requires 9 units of 300- and 400-level course work, these 9 units cannot form part of the 300- and 400-level department requirements for a student’s Honours or Major Program. Corequisite courses in other programs may be counted toward the Minor.
• If the Minor requires less than 9 units of 300- and 400-level course work, no courses at the 300 or 400 level can form part of the requirements for a student’s Honours, Major or General Program or Option. Required or corequisite courses at the 200 level or higher in other programs or options may not be counted toward the Minor.

Only one Minor can be declared on a student’s program.

In addition to department Minors, the following Minors are offered:

Interdisciplinary Minors
"Applied Ethics" (see page 327)  
"Arts of Canada Program" (see page 323)  
"European Studies" (see page 325)  
"Film Studies Program" (see page 323)  
"Health and Society" (see page 325)  
"Human Dimensions of Climate Change" (see page 327)  
"Indigenous Studies Program" (see page 325)  
"Social Justice Studies" (see page 327)  
"Technology and Society" (see page 328)

Student-Designed Minor
Students may undertake an interdisciplinary Minor that is not listed in the Calendar. In addition to the requirements of the Minors listed above, this student-designed Minor must:

• include courses from at least two departments, with a minimum of 3 units from each department
• consist of courses taken only at UVic
• have structure, coherence and theme; it cannot consist of unrelated courses
• be approved by the Chair/Adviser of the departments concerned
• be approved by the Associate Dean of Academic Advising of Humanities, Science and Social Sciences
• be declared by the end of the student’s third year

Students must discuss their proposed Student-Designed Minor with department Chairs/Advisers before submitting their request to the Associate Dean of Academic Advising. The Student-Designed Interdisciplinary Minor form is available from the Academic Advising Centre, A205, University Centre.

HUMANITIES AND FINE ARTS CO-OPERATIVE EDUCATION PROGRAM
Allison Benner, BA (Mt Allison), PhD (UVic), Co-operative Education Coordinator

The Humanities and Fine Arts Co-operative Education Program is a year-round program which, through work terms of employment in a variety of organizations, enables students to combine work experience with an education in the Fine Arts and/or Humanities.

Applications and further information about the Humanities and Fine Arts Co-operative Education Program are available from the Co-op Coordinator, Room D128, Clearihue building or at <www.uvic.ca/hufacoop>.

Program Requirements
Any student registered in a BA, BFA, BSc, BMus, MA, MFA or PhD degree in the Faculty of Fine Arts or the Faculty of Humanities or registered in the Cultural Resource Management Program, the Intercultural Education Program, the English Minor in Professional Communication, the Minor in Professional Writing in Journalism and Publishing, or the Diploma
Program in Intercultural Education and Training will be admitted to the Humanities and Fine Arts Co-operative Education Program.

Prior to seeking their first Co-op work term, students must:
1. be registered in a full course load (at least 6 units of course work per term)
2. have achieved at least a 5.0 GPA in a full course load in the previous term
3. complete satisfactorily the Co-op course: Introduction to Professional Practice
4. submit an acceptable resumé and cover letter stating their Co-op goals

To continue in the program, a student must:
1. be enrolled full time in a program leading to a BA, BFA, BSc, BMus, MA, MFA or PhD degree in a discipline offered in the Faculty of Humanities or the Faculty of Fine Arts or a Diploma in the Cultural Resource Management Program, the English Minor in Professional Communication, the Minor in Professional Writing in Journalism and Publishing, or the Diploma Program in Intercultural Education
2. maintain a GPA of at least 5.5 in the courses in the degree area
3. maintain a GPA of at least 5.0 overall

To receive the Co-op designation upon graduation, undergraduate students in Humanities must perform satisfactorily in each of the three required work terms.

The Humanities and Fine Arts Co-op Program is designed to provide students with an academic background as well as core- and discipline-specific competencies appropriate to a wide range of careers.

Students who are taking double or combined Major degrees, or a Major and a Minor (where each area offers a Co-op program) may, if eligible, enrol in and undertake work terms in both Co-op programs or may, if eligible, enrol in and undertake work terms in only one Co-op program. Students who complete at least two work terms in each area will have the combined nature of their program noted as part of the Co-op designation on their official records. Students enrolled in combined degrees where a minimum of three work terms are required must complete at most two work terms in one department.

Please refer to the general regulations pertaining to "Undergraduate Co-operative Education" (page 59) of the University of Victoria governing all co-operative education students.

Students are advised that a Co-op Education Program tuition fee is charged.

The Humanities Work Experience Program

The Humanities Work Experience Program is intended for students in the Faculty of Humanities who are enrolled in at least 3 units of courses in the Humanities. Students who are not in the Faculty of Humanities, but are in interdisciplinary studies with the Faculty of Humanities, and enrolled in at least 3 units of courses in the Faculty of Humanities, may be considered for the Work Experience Program.

Students participating in the Humanities Work Experience Program will complete one or two work experience terms, that is, four to eight months of full-time, discipline-related work under the supervision of the Humanities and Fine Arts Co-op Program. These work experience terms are subject to the general regulations for Undergraduate Co-op programs in the University Calendar, with the exception that "Work Term Credit By Challenge" (page 61) is not permitted. Work Experience students may transfer to a regular Co-op program, subject to approval from the Co-op Coordinator. Participation in this program is limited. Students should contact the Humanities and Fine Arts Co-op office to discuss entry into this program.

HUMANITIES DIPLOMA PROGRAM

Faculty Coordinator, TBA

New admissions and reregistrations to this diploma are currently suspended. For more information contact Maxine Reitsma, Program Coordinator, Division of Continuing Studies; email: maxiner@uvic.ca.

The diploma program in the humanities is designed primarily for mature students who wish to explore possibilities for study in the humanities without committing themselves to a full degree program. Candidates must have sought and obtained admission to the university. Students are admitted to the diploma program on the recommendation of the faculty coordinator and/or the chair of the program steering committee.

Students may complete the program on a part-time basis, but must complete successfully at least 18 units of course work over a period of two to six years. Diploma students, with the guidance and assistance of a faculty coordinator, will arrange a program of courses organized around a particular theme or period. Students may select courses from faculties and divisions other than the Faculty of Humanities, but such selection will be subject to the permissions of the departments involved and to the approval of the faculty coordinator.

In the first year of their program students must take HUMA 100, a credit seminar, and HUMA 010, a brief non-credit orientation seminar. To remain in the program and to graduate in the program, diploma candidates must maintain a grade point average of at least 4.0.

Credit obtained within the Humanities Diploma Program may be transferable to a regular undergraduate degree program. However, such transferability of credit is always subject to the specific requirements of the degree program.

The program is administered jointly by the Faculty of Humanities and by the Division of Continuing Studies. All inquiries concerning details and regulations of the program should be addressed to Maxine Reitsma, Program Coordinator, Division of Continuing Studies; email: maxiner@uvic.ca.

Harbinder Sanghara, BA (UVic), MA (UBC), PhD (UVic), Sessional Lecturer
Valerie A. Warder, BA, MA (Saskatchewan), Sessional Lecturer

English Programs
The Department of English offers Honours, Major and General programs leading to the degree of Bachelor of Arts. The department also offers a Combined Major in English and French (Canadian Literature). The department encourages its students to take elective courses that support their General, Major or Honours Program. In making their choice of electives, students may wish to give special consideration to relevant courses in:

- Anthropology (e.g., ANTH 200)
- Courses in the literature of other languages
- Greek and Roman Studies (e.g., GRS 100, 200)
- History (e.g., HIST 220A, 220B)
- Art History and Visual Studies (AHVS) (e.g., AHVS 120, 221)
- Linguistics
- Music (e.g., MUS 120A, 120B)
- Philosophy (e.g., PHIL 100, 238)
- Political Science
- Psychology
- Sociology
- Theatre (e.g., THEA 100)
- Writing

Directed Reading Courses
ENGL 490 is a tutorial intended primarily for students in the Honours Program, and must be approved by the instructor, the Honours Adviser and the Chair of the department. ENGL 493 is a tutorial intended primarily for English students taking a graduate course with a reduced workload. Students registering for this course must first obtain the approval of the instructor, the Graduate Adviser and the Chair of the department.

Variable Content Courses
The English department offers a number of variable content courses, with topics advertised annually (ENGL 353, 360, 362, 372, 385, 388, 391, 392, 393, 394, 395, 406, 413, 425, 426, 438, 439B, 448, 449, 462, 471).

Where content differs, such courses may be taken more than once for credit, to a maximum of 3 units.

Preparation for Graduate School
Major and Honours students planning graduate study are reminded that graduate schools generally require competence in at least one language other than English, and some schools require credits in Old English and/or History of the Language.

Honours Program
The Honours Program allows students of proven ability to study English language and literature more intensively than is possible in the Major or General Programs. While enjoying a comprehensive course structure,
Honours students also participate in special seminars and receive the guidance of individual faculty members in connection with ENGL 490 and 499. Students who take a special interest in English language or literature, or who are contemplating graduate work in English, are strongly advised to enrol in Honours rather than in the General or Major Program.

An Honours degree requires a graduating GPA of at least 3.5 with at least B+ in ENGL 499.

Program Approval

The programs of Honours students are subject to the approval of the Honours Program Adviser, and the choice of electives is subject to modification in light of the student’s entire program. Special counselling for students entering the Honours Program, as well as for those already enrolled in it, is available from the Adviser, who should be consulted as early as possible.

Second Language Requirement

English Honours students must demonstrate a reading knowledge of a language other than English by passing, with a grade of C or higher, 1.5 units of a 200-level language course. FRAN 180 and 300-level reading courses are also acceptable. Alternatively, a student who already has the required level of reading knowledge may fulfill the requirement by passing a special translation examination administered by the Department of English.

Honours Program Requirement

By the end of their second year, students must complete 6.0 units from the following list:
  - 1.5 units from ENGL 146, 147;
  - 3.0 units from ENGL 200A, 200B, 200C;
  - 1.5 additional units from ENGL 135, 146, 147, 200A, 200B, 200C,
    201, 202, 203, 207, 208, 209.

Honours students must present at least 24 units of English courses numbered 300 and above, to be distributed according to the following course structure:
  - ENGL 310 (Practical Criticism, 3.0 units)
  - ENGL 467 and either 468 or 460 (1.5 units each)
  - ENGL 499 (Fourth-year Honours course, 1.5 units)
  - ENGL 344A or 344B (1.5 units)
  - 1.5 units from ENGL 360, 366B, 366C
  - at least 1.5 units from the period 1660-1800: ENGL 372, 373, 374, 375, 376A, 376B
  - at least 1.5 units from Canadian or American literature from the period 1800-1900: ENGL 379, 380, 381, 382, 383, 385, 386, 387, 427, 428A, 428B, 479
  - at least 1.5 units of Canadian literature: ENGL 448, 450, 451, 452, 453, 455, 456, 457, 458, 459, 476 (Students with 202 may apply for a waiver of this requirement.)
  - electives to make up 24 units of upper-level literature English courses.
  - LING 390 may be counted towards the 24 units of senior English courses required for an Honours degree.

Course Sequence

Students are advised to take ENGL 310 in their second year along with some upper-level courses selected from the requirements listed above. However, students admitted to Honours in their second year will take ENGL 310 in their third year. Students are admitted to ENGL 467 in their third or fourth year upon successful completion of ENGL 310; it may be followed by ENGL 468. (As an alternate to 468, ENGL 460 may be taken at any time.) ENGL 490 (optional) and 499 are taken in the student’s final year. For admission to third and fourth year Honours courses, Honours students are required to maintain an average of at least B+ in their English courses. The approval of the department is also required.

At the end of the fourth year, there will be an interview at which students will defend their project undertaken for ENGL 499.

Note: Students are strongly encouraged to take at least one of the following courses: ENGL 340, 341, 409, 410, 460, GRS 200, LING 390.

Combined English Honours and Medieval Studies Minor

Students in the Medieval Studies Program who are also enrolled in the English Honours Program may earn a Combined English Honours and Medieval Studies Minor degree. To do so they must complete:
  - 3.0 units of MEDI 301, 302, 303, or 304
  - 1.5 units from MEDI 401, 402, 451, 452
  - 1.5 units selected from the courses (apart from English courses) in the list of eligible courses for the Medieval Studies Program.
  - 1.5 units selected from the period before 1660: ENGL 340, 341, 342, 343, 344A, 344B, 348, 350, 353, 359, 360, 362, 364, 365, 366B, 366C, 369
  - 1.5 units selected from the following list: ENGL 340, 341, 353, 410

English Honours (Professional Communication Option)

This program is designed for students completing an English Honours program and who wish to combine their study of literature with courses that teach the writing skills valuable in the high-technology workplace, including the ability to use new media to solve the problems of professional communication.

Students who wish formally to declare this program must submit a Record of Degree Program form to the Advising Centre after the minimum grades in the 4.5 units of first- and second-year English courses have been obtained.

The following requirements are in addition to those of the Honours Program Course Sequence, above.

First Year
  - 3 units chosen from ENGL 135, 146, 147, with a minimum grade of B in each

Second Year
  - 1.5 units chosen from ENGL 215, 225, ECON 225, ENGR 240, with a minimum grade of B

Third and Fourth Years
  - ENGL 303
  - 4.5 units chosen from ENGL 301, 302, 305, 306, 401, 406, 407, 412, 417A, 417B, 418, 492

NOTE: Students who have credit for courses in English not included in the current Calendar should see the Literature or Professional Communication Adviser for information.

Major Program

The department strongly recommends that students undertaking a Major in English have a reading knowledge of a second language or take courses in literature in translation of another culture.
Third and Fourth Years

Majors are required to take a total of 15 units of English (excluding Professional Communication courses) at the senior level:

1. 7.5 units chosen from the following Course Structure:

2. 7.5 additional units of courses numbered 300 and above

At least 12 of these 15 units must be completed at the University of Victoria.

Combined Major in English and French (Canadian Literature)

The Combined Major in English and French (Canadian Literature) is not a Double Major in English and French, but a single BA degree program composed of selected courses from each department. The term “Canadian Literature” will be formally recognized on the transcript. Students should consult either department about their choice of courses.

First and Second Years

1.5 units from ENGL 135, 146, 147 .................................................. 1.5
4.5 units from ENGL 200A, 200B, 200C, 201, 202, 203, 207, 208, 2091 .......................................................... 4.5
FRAN 280 .................................................................................... 1.5
FRAN 275 with a minimum grade of C+ or equivalent language skill ........................................................ 1.5
HSTR 230A, 230B (may be taken in any year) ........................................ 3.0

Third and Fourth Years

FRAN 310 .................................................................................... 1.5
FRAN 3752 or one of FREN 302, 302A, 302B, 302C .......................... 1.5
1.5 units of FRAN courses numbered 325 to 340 or 4053 .................................................. 1.5
1.5 units of FRAN courses numbered 420 to 470 .................................................. 1.5
At least 1.5 units of courses in literature before 16604 ........................................ 1.5

Third and Fourth Years

At least 1.5 units of courses in literature 1660-19004 ........................................ 1.5
At least 1.5 units of courses in literature before 1660 or between 1660-19004 ........................................ 1.5
At least 1.5 units from 20th Century American, British or Postcolonial literature5 ........................................ 1.5
FRAN 417 (ENGL 458) ........................................................................ 1.5
9.0 units of Canadian Literature courses (4.5 units from each department): ENGL 448, 451, 452, 453, 455, 456, 457, 459, 476; FRAN 410-4196 .................................................. 9.0

1. ENGL 202 strongly recommended.
2. Students with a DEC from a francophone CEGEP, a baccalauréat from France, or equivalent may substitute 1.5 units of courses numbered 390 or above for FRAN 375.
3. Students must obtain the permission of the program adviser in order to take one of these courses for credit toward the program: there must be French-Canadian or Quebec content.
4. Courses selected as specified under the English Major Program Course Structure.
5. Courses selected as specified under the English Major Program Course Structure, excluding ENGL 450-458, 476.
6. Students with credit for FREN courses numbered 400 and above should consult the department in order to apply them to this requirement.

General and Minor Programs

Students wishing to take English as one of the fields of concentration in their General program or as a Minor must complete the following:

• 1.5 units from ENGL 135, 146, 147;
• 3.0 units from ENGL 200A, 200B, 200C, 201, 202, 203, 207, 208, 209;
• 1.5 additional units from ENGL 135, 146, 147;
• 3.0 units from ENGL 200A, 200B, 200C, 201, 202, 203, 207, 208, 209;
• 9 additional units of English numbered 300 and above (excluding Professional Communication courses).

Minor in Professional Communication

The Department of English offers a Minor in Professional Communication. The program provides students from all disciplines with the advanced communication skills required for careers in the private, public, and not-for-profit sectors. Students will learn and practice the essential processes and skills of professional communication for both digital and print media, including writing and editing, copy editing, oral presentations, research methods, audience analysis, visual and digital design, usability testing, digital-media production, and best practices for all media.

As part of their professional communication courses, students will produce professional documents and content for both print and digital media using the latest and most appropriate technologies and practices.

The program is open to students who concurrently pursue any Honours, Major or General degree. Students who do not wish to complete the Minor program are welcome to register in individual courses.

More information about the program is available at <web.uvic.ca/pwengl>.

Program Requirements

Students must take 3 units from the following courses, with a grade of B or better in each course: ENGL 135, 146, 147, 181, 182, 215, 225; ECON 225; ENGR 240, WRIT 204, 215, or permission from the Professional Communication Adviser.

Students must complete ENGL 303: Copy Editing (1.5 units) and an additional 7.5 units of courses from those listed below for a Minor in Professional Communication.
ENGL 301  Report Writing for Business
ENGL 302  Writing for Government and the Public Sector
ENGL 305  Visual Rhetoric for Professional Writers
ENGL 306  Technical Communication
ENGL 401  Web Design
ENGL 406  Special Topics in Professional Communication
ENGL 407  Social Media and Electronic Communication
ENGL 412  Research for Professional Writers
ENGL 417A  Digital Audio Production for Professional Writers
ENGL 417B  Digital Video Production for Professional Writers
ENGL 418  Print Media Genres and Techniques for Professional Communication
ENGL 492  Directed Reading: Advanced Topics in Professional Communication

Minor in Professional Communication Co-operative Education Program
Students accepted into the Minor in Professional Communication Program may apply to enter the Humanities and Fine Arts Co-op Program. The Humanities and Fine Arts Co-op Program offers paid employment to students who are working towards careers as professional writers in high-technology sectors. The Co-op is open to students admitted to the Minor in Professional Communication.

Please refer to the general regulations pertaining to "Undergraduate Co-operative Education" (page 59) of the University of Victoria governing all co-operative education students. For information on the "Humanities and Fine Arts Co-operative Education Program", please see the Faculty of Humanities entry, on page 195.

FRENCH PROGRAMS
The Department of French offers Honours, Major and General and Minor programs leading to the degree of Bachelor of Arts. The department also offers a Combined Major in English and French (Canadian Literature) as well as an Undergraduate Certificate in French Language and Cultural Proficiency.

Students interested in pursuing a program in French should consult with a departmental adviser as early as possible (see the department’s website).

Diploma in Secondary Teacher Education
Students enrolled in a Bachelor of Arts degree in French may apply to the Faculty of Education to take the Diploma in Secondary Teacher Education concurrently. Consult a Faculty of Education or French academic adviser for information about the admission requirements and application procedures.

See “Humanities and Fine Arts Co-operative Education Program” (page 195).

ACADEMIC REGULATIONS
Entry Levels
Students must consult the department website for information about placement, and contact the department for further information and testing, if necessary.

Language Course Exclusion
Once the language skills program requirement has been satisfied, no student may receive credit for courses numbered FRAN 100 to 275 (220 excluded) except with permission of the department.

Course Challenge
The department does not offer course challenges.

Francophone Students
A francophone is defined for the purposes of these regulations as a person who has spoken French since childhood and who has received sufficient secondary instruction in French to be literate in French.

Francophone students may not obtain credit for FRAN 100, 120, 160, 180, 300 or 350. They should consult the department about placement.

Limitation on First-Year Credit (Including Transfer Credit)
The department places the following limitations on first-year credit:
• 12 units for students with no knowledge of French
• 10.5 units for students with less than French 12
• 7.5 units for students with French 12
• 4.5 units for students with Français 12

Transfer Credit
Students are encouraged to study at Francophone universities; the department recognizes a broad variety of courses in language, literature, cultural studies and French linguistics for transfer credit. The faculty regulation for the Major Program that at least 12 of the 15 units numbered 300 or 350. They should consult the department website for further information and procedures.

Students must obtain a Letter of Permission (see Letters of Permission for UVic Students to Undertake Studies Elsewhere, page 41) before undertaking courses at a Francophone university or elsewhere. To ensure that the correct transfer credit is granted for courses taken elsewhere, students also MUST consult with the department’s transfer credit adviser (see the department’s website) BEFORE applying for a Letter of Permission.
## Program Requirements

### Language Skills

Access to courses numbered 350 and above and offered in French is restricted to students who have C+ or higher in FRAN 275, or equivalent skill in the French language. Prior or concurrently to 275, students must take 200.

### Literature Requirement

One of the following qualifications or the equivalent is required for all programs in French, and is also the prerequisite for FRAN 390 and all 400-level literature courses:

- completion of one of FRAN 280, FREN 286, 287, 288;
- DEC from a francophone CEGEP;
- French baccalauréat or equivalent.

### Experience Requirement for Honours and Major Programs

One of the following is required for all Honours and Major programs in French:

- a minimum of 1.5 transferrable units from a francophone university obtained through a UVic International Exchange Program;
- a minimum of 1.5 transferrable units from a francophone university obtained through a Letter of Permission;
- a minimum of one Co-op work term in a francophone environment through the Humanities Co-operative Education Program;
- completion of FRAN 250 or 360.

### Honours Program

#### First and Second Years

See Program Requirements, above.

3 units of a language other than English or French (Latin recommended); may be taken in a later year.

All FRAN courses must be completed with a minimum GPA of 6.0 before admission to the Honours Program.

#### Third and Fourth Years

Admission to the third-year Honours program requires the approval of the Chair of the department. The programs of Honours students are subject to the approval of the Honours Adviser. Admission to the fourth-year Honours Tutorial (FRAN 499) requires a minimum grade of B in FRAN 390.

### General and Minor Programs

#### First and Second Years

See Program Requirements, above.

#### Third and Fourth Years

FRAN 375 or one of FREN 302, 302A, 302B, 302C | 1.5
FRAN 280 | 1.5
FRAN 275 with a minimum grade of C+ or equivalent language skill | 1.5
HSTR 230A, 230B (may be taken in any year) | 3.0

### Combined Major in English and French (Canadian Literature)

The Combined Major in English and French (Canadian Literature) is not a Double Major in English and French, but a single BA degree program composed of selected courses from each department. The term “Canadian Literature” will be formally recognized on the transcript. Students should consult either department about their choice of courses.

Third and Fourth Years
At least 1.5 units of courses in literature before 1660\(^7\) ........................................ 1.5
At least 1.5 units of courses in literature 1660-1900\(^7\) .................................................... 1.5
At least 1.5 units of courses in literature before 1660 or between 1660-1900\(^7\) .............. 1.5
At least 1.5 units from 20th Century American, British or Postcolonial literature\(^8\) .......... 1.5
FRAN 417 (ENGL 458) ................................................................................................. 1.5
9.0 units of Canadian Literature courses (4.5 units from each department): ENGL 448, 450, 451, 452, 453, 455, 456, 457, 459, 476; FRAN 410-419\(^3\) ............................................................... 9.0

1. Students with a DEC from a francophone CEGEP, a baccalauréat from France, or equivalent may substitute 1.5 units of courses numbered 390 or above for FRAN 375.
2. For students with 3 units of FREN 302, 302A, 302B, 302C, only 6 units numbered 350 and above are required.
3. Students with credit for FREN courses numbered 400 and above should consult the department in order to apply them to this requirement.
4. Students must obtain the permission of the program adviser in order to take one of these courses for credit toward the program: there must be French-Canadian or Quebec content.
5. No more than 3.0 units may be chosen from courses offered in English (FRAN 325, 335, 340).
6. ENGL 202 strongly recommended.
7. Courses selected as specified under the English Major Program Course Structure.
8. Courses selected as specified under the English Major Program Course Structure, excluding ENGL 450-458, 476.

Undergraduate Certificate in Language and Cultural Proficiency: French (10.5 units)
- FRAN 265 (1.5 units)
- 6.0 units of language at a level suitable to the student’s ability chosen from FRAN 100, 120, 150, 160, 180, 275, 350, 375
- 3.0 units of literature, culture or intercultural proficiency (these may include additional language courses if not already taken in the 6.0 units of language) chosen from FRAN 280, 290, 325, 335, 360, 404, 405, 470.

Students cannot complete both a Certificate in French Language and Cultural Proficiency and an Honours, Major, General or Minor in French.

Gender Studies Programs
Gender Studies offers Honours, Major and General programs leading to a Bachelor of Arts (BA). The Gender Studies program examines the complex and fascinating ways power circulates through the lives of individuals and groups. In both teaching and research, it explores how gender as a social construction intersects with other categories of difference, such as race, nation, citizenship, geographical location, class, sexuality, sex, ability and age, in the contexts of colonization, capitalism, globalization and transnationalism. Gender Studies, a discipline previously identified as Women’s Studies, continues to highlight historical and contemporary feminist scholarship, but also broadens this established approach with courses inclusive of queer and trans perspectives as well as the production of masculinities. Underlying all Gender Studies courses is the active pursuit of social justice enabled by critical analyses that expose inequalities and interrogate their systemic foundations in Canada and across the globe.

Students interested in pursuing a program in Gender Studies should consult the department Chair or Student Adviser at an early stage in their undergraduate studies. See “Declaring a Program” (page 192) for more information. Students must have declared their Gender Studies program to be eligible for Gender Studies bursaries and scholarships.

See "Humanities and Fine Arts Co-operative Education Program" (page 195).

Graduate Program
While the Gender Studies department does not have a graduate program, it occasionally offers courses under the auspices of the Faculty of Graduate Studies. See the UVic Graduate Calendar for details, or contact Gender Studies, 250-721-7378.

Program Requirements
Admission to Courses
Gender Studies courses are open to all University of Victoria students. In all required courses, registration priority will be given to students with:
1. A declared Major or Honours in Gender Studies
2. A declared Minor or General Program in Gender Studies
3. Previous courses in Gender Studies

Honours Program
Students interested in the Honours Program should consult with the Honours Adviser during their third year. All terms of acceptance must be met no later than June 30 of the term preceding their enrolment in GNDR 499.

Terms of acceptance for the Honours Program:
- A GPA of at least 6.5 in five upper-level Gender Studies courses
- A minimum GPA of 4.5 in all other courses
- Written permission of their proposed GNDR 499 supervisor

Honours Program Requirements
- GNDR 100
• 3 units of 200-level GNDR courses
• 21 units of GNDR courses numbered 300 and above, which must include GNDR 300, 400A, 499 and one of GNDR 309, 320, 322, 324, 325, 330, 331, 332, 333, 334, 335, 336. May NOT include GNDR 400B

Students may take more than the required units of Gender Studies courses as electives.

**Major Program**

Students may combine the requirements of a Major Program in Gender Studies and a Major in another discipline to obtain a Double Major.

**Major Program Requirements**
- GNDR 100
- 3 units of 200-level GNDR courses
- 15 units of GNDR courses numbered 300 and above, which must include GNDR 300, 400A, 408 and one of GNDR 320, 322, 325, 330, 331, 332, 333, 334, 335.

Students may take more than the required units of Gender Studies courses as electives.

**General and Minor Programs**

A General Program leading to a BA is also offered. Students may obtain a Minor degree in Gender Studies by combining the General Program requirements in Gender Studies with a Major or Honours in another department or faculty.

**General Program Requirements**
- GNDR 100
- 3 units of 200-level GNDR courses
- 9 units of GNDR courses numbered 300 and above; 300 recommended

Students may take more than the required units of Gender Studies courses as electives.

**Course Index**

*Course prerequisites are specified under individual course descriptions.*

**First Year**

- GNDR 100 (1.5) Gender, Power and Difference

**Second Year**

- GNDR 200 (1.5) Popular Culture and Social Media
- GNDR 201 (1.5) Gender, Food and Power
- GNDR 202 (1.5) Globalization and Resistance
- GNDR 203 (1.5) Indigenous Women in Canada
- GNDR 204 (1.5) Gender, Health, Power and Resistance
- GNDR 205 (1.5) Girlhoods in Film and Popular Culture
- GNDR 206 (1.5) Monstrous Women
- GNDR 207 (1.5) Gender, Globalization and the Love Industry
- GNDR 209 (1.5) Families, Intimacies and Nationhood
- GNDR 210 (1.5) The Zombie in Popular Culture
- GNDR 219 (1.5) Topics in Gender Studies

**Third Year**

- GNDR 300 (1.5) Gender Studies Seminar
- GNDR 301 (1.5) Women, Race and Empire
- GNDR 302 (1.5) Sex Work, Trafficking and Human Rights
- GNDR 304 (1.5) Imagining India from Empire to Bollywood
- GNDR 305 (1.5) Gender and International Human Rights
- GNDR 306 (1.5) Gender and International Development
- GNDR 307 (1.5) Sexuality and the Body in International Development
- GNDR 308 (1.5) Indigeneity, Gender and Land
- GNDR 309 (1.5) Masculinities
- GNDR 319 (1.5) Topics in Economies, States and Global Issues
- GNDR 320 (1.5) Queer Desire
- GNDR 321 (1.5) The Medicalization of Sex
- GNDR 322 (1.5) Girl Power and Feminisms
- GNDR 323 (1.5) Women in Contemporary India
- GNDR 324 (1.5) Gender, Nation and War
- GNDR 325 (1.5) North American Asian Feminist Thought and Action
- GNDR 329 (1.5) Topics in Power, Identities and Difference
- GNDR 330 (1.5) Feminist Thought, Past and Present
- GNDR 331 (1.5) Queering the Undead
- GNDR 332 (1.5) What’s Race Got to Do with It?
- GNDR 333 (1.5) Anti-Racist Feminisms and Democratic Futures
- GNDR 334 (1.5) Bodies Out of Bounds
- GNDR 335 (1.5) Border Crossing, Migration and Gender
- GNDR 339 (1.5) Topics in Theories and Activism
- GNDR 340 (1.5) Indigenous Cinema Decolonizing the Screen
- GNDR 341 (1.5) Indigenous Women's Autobiographies
- GNDR 342 (1.5) Queer Literature
- GNDR 343 (1.5) Indigenous Women Writing Resistance
- GNDR 344 (1.5) Queer Film
- GNDR 349 (1.5) Topics in Film, Literature and Cultural Production

**Fourth Year**

- GNDR 400A (1.5) Critical Research Practices
- GNDR 400B (1.5) Research Seminar for Independent Project
- GNDR 450 (3.0) Practising Feminism in the Field
- GNDR 480 (1.5) Advanced Seminar in Gender Studies
- GNDR 490 (1.5) Directed Studies
- GNDR 499 (3.0) Honours Graduating Essay

**Department of Germanic and Slavic Studies**

*Helga Thorson, BA (Earlham College), MA (U of Minnesota), PhD (U of Minnesota), Associate Professor, Chair of the Department*

*Serhy Yekelchyk, BA (Kiev U), MA (Ukrainian Academy of Sciences), PhD (Alberta), Professor*

*Peter Gölz, BA (Mannheim), MA (Wat), PhD (Queen’s), Associate Professor*

*Charlotte Schallié, BC (Bright Col), MA (Bright Col), PhD (Bright Col), Associate Professor*

*Ulf Schuetze, Staatsexamen I und II (Kiel); PhD (Bright Col), Associate Professor*
GERMANIC STUDIES PROGRAMS

The Department of Germanic and Slavic Studies offers a full complement of courses leading to a Bachelor of Arts degree in Germanic Studies in the General, Major or Minor Programs as well as a Certificate in German Language and Cultural Proficiency.

All students planning a program in the Department of Germanic and Slavic Studies should consult the departmental adviser concerning their selection of courses both within and outside of the department. Students declaring a program in the Department will find that they have sufficient room in their University degree requirements to enable them to undertake studies in a second discipline. A wise selection of courses is therefore important, particularly to those students who may wish to enter graduate school, teaching, library work or government service.

Language course waivers will only be considered for 100- and 200-level courses. In the event that all four 100- and 200-level courses are waived, two must be made up with culture courses at any level in the Department.

Language of Instruction

Unless indicated in the course listing, GMST courses are offered in English.

Course Challenge

The Department of Germanic and Slavic Studies does not permit students to gain credit by course challenge. Students with prior knowledge of German may, however, apply to the Chair of the department for a waiver of lower-level program requirements.

Native Speakers

Native speakers of German may not obtain credit for first- or second-year language courses. A native speaker is defined in this context as a person who has spoken German since childhood and/or has received sufficient instruction in the language to be literate in it. The department will assign students with previous knowledge to the appropriate level.

Transfer Credit

Students are encouraged to take courses at universities in German-speaking countries; the department recognizes a broad variety of courses in German language, literature and cultural studies for transfer credit. The faculty regulation for the Major Program that at least 12 of the 15 units numbered 300 or 400 are required to be taken at UVic may be lowered to 9 units for students who complete at least 12 units of German courses at a university in a German-speaking country, or to 10.5 units for students who complete at least 7.5 units of German courses at a university in a German-speaking country, and who in either case have completed 3 units of 200-level courses at UVic.

Students must obtain a Letter of Permission (see “Letters of Permission for UVic Students to Undertake Studies Elsewhere”, page 41) before undertaking studies at universities in German-speaking countries. To ensure that the transfer credit is granted for courses taken elsewhere, students MUST consult with the Advising Centre for the Faculties of Humanities, Science and Social Science BEFORE applying for a Letter of Permission.

See “Humanities and Fine Arts Co-operative Education Program” (page 195).

Program Requirements

Honours Program

The aim of an Honours program in Germanic Studies is to provide qualified students the opportunity to study German language and literatures and cultures more intensively than in other programs. Additionally, the program develops advanced analytical competence, sharpens writing, research and presentation skills, and deepens students’ understanding of the chosen Honours paper topic. The program as a whole also prepares students for graduate studies.

Admission to the Honours Program normally requires a GPA of at least 5.5 in a minimum of 7.5 units of introductory courses (must include GMST 100) and the permission of the department. Applications for admission are usually made at the end of the second year of studies; students interested in pursuing an Honours program in Germanic Studies should consult the department at an early stage in their undergraduate studies.

The Honours Program requires a minimum of 21 units of upper-level courses, including GMST 300, one of 301 or 302, one of 401 or 402, and 499. An Honours degree requires a graduating GPA of at least 3.5 and at least a B- in 499.

Major Program

The Major program consists of 7.5 units of introductory courses (must include GMST 100) and 15 units of upper-level courses, including GMST 300; one of GMST 301, 302; and one of GMST 401, 402.

Students interested in pursuing a Major in Germanic Studies are advised to consult the department very early during their undergraduate studies, preferably in their first year of studies.

General and Minor Programs

Students wishing to take Germanic Studies in one of these programs must take 7.5 units of introductory courses (must include GMST 100) and 9 units of upper-level courses, including GMST 300 and one of GMST 301, 302.

Undergraduate Certificate in Language and Cultural Proficiency: German (10.5 units)

- 6.0 units of German language courses suitable to the student’s ability chosen from GMST 101, 102, 105, 201, 202; or upper-level language courses chosen from GMST 301, 302, 401, 402, 405 with the permission of the department.
- 4.5 units of courses related to cultural and intercultural proficiency including GMST 100 (1.5 units) plus 3.0 units chosen from GMST 180, 210, 261, 300, 350, 351, 352, 353, 355, 362, 365, 380, 382, 410, 450, 452, 453, 454, 455, 460, 461, 465, 480, 481, 484, 488, 489.
Students cannot complete both a Certificate in German Language and Cultural Proficiency and an Honours, Major, General or Minor in Germanic Studies.

Course Index

Courses in German language
GMST 101 Beginning German I
GMST 102 Beginning German II
GMST 105 Business German
GMST 201 Intermediate German I
GMST 202 Intermediate German II
GMST 301 Advanced German I
GMST 302 Advanced German II
GMST 401 Popular Culture (in German)
GMST 402 Film (in German)
GMST 405 Reading, Grammar, and Translation

Courses open to all students: No knowledge of German required
GMST 100 Introduction to Germanic Studies
GMST 180 Myths, Fairy Tales, and Fantasy Fiction
GMST 210 Special Topics
GMST 261 Trends in Contemporary Germany, Switzerland, and Austria
GMST 300 Germanic Cultural Studies

GMST 465 Adorno, Benjamin and Frankfurt School Critical Theory
GMST 480 Major Writers
GMST 481 The Age of Goethe and Romanticism
GMST 484 Holocaust Testimony and Archival Practice
GMST 488 Performing German Drama

Slavic Studies Programs

The Department of Germanic and Slavic Studies offers a full complement of courses in Russian and in Slavic Studies, leading to the Bachelor of Arts degree in Major, Minor and General Programs in Slavic Studies, as well as a Certificate in Russian Language and Cultural Proficiency.

All students planning a program in the Department of Germanic and Slavic Studies should consult the departmental adviser concerning their selection of courses both within and outside of the department. Students declaring a program in the Department will find that they have sufficient room in their University degree requirements to enable them to undertake studies in a second discipline. A wise selection of courses is therefore important, particularly to those students who may wish to enter graduate school, teaching, library work or government service.

Language course waivers will only be considered for 100- and 200-level courses. In the event that all four 100- and 200-level courses are waived, two must be made up with culture courses at any level in the Department.

Language of Instruction

Unless indicated in the course listing, SLST courses are offered in English.

Course Challenge

The Department of Germanic and Slavic Studies does not permit students to gain credit by course challenge. Students with prior knowledge of Russian may, however, apply to the Chair of the department for a waiver of lower-level program requirements.

Native Speakers

Native speakers of Russian may not obtain credit for first- or second-year language courses. A native speaker is defined in this context as a person who has spoken Russian since childhood and/or has received sufficient instruction in the language to be literate in it. The department will assign students with prior knowledge to the appropriate level.

Transfer Credit

Students are encouraged to take courses in Russian at universities in the former Soviet Union; the department recognizes a broad variety of courses in Russian language, literature and cultural studies for transfer credit. The faculty regulation for the Major Program is that at least 12 of the 15 units numbered 300 or 400 are required to be taken at UVic. This regulation may be modified in the following circumstances:

- Where a student takes at least 12 units abroad, 6 units of courses taken at universities of the former Soviet Union may count towards the Major Program; 9 of the 15 units must be UVic.
- Where a student takes at least 7.5 units abroad, 4.5 units taken at universities of the former Soviet Union may count towards the Major Program; 10.5 of the 15 units must be UVic.

A student in a General or Minor Program may count no more than 3 units of non-Uvic courses towards the program.

Students must obtain a Letter of Permission (see ‘Letters of Permission for UVic Students to Undertake Studies Elsewhere’, page 41) before undertaking Slavic studies at universities of the former Soviet Union. To ensure that correct transfer credit is granted for courses taken elsewhere, students MUST consult with the Advising Centre for the Faculties of Humanities, Science and Social Sciences BEFORE applying for a Letter of Permission.

Program Requirements

Honours Program

The aim of an Honours program in Slavic Studies is to provide qualified students the opportunity to study Russian language and Slavic literatures and cultures more intensively than in other programs. Additionally, the program develops advanced analytical competence, sharpens writing, research and presentation skills, and deepens students’ understanding of the chosen Honours paper topic. The program as a whole also prepares students for graduate studies.

Admission to the Honours Program normally requires a GPA of at least 5.5 in a minimum of 7.5 units of introductory courses (must include SLST 100 or SLST 160) and the permission of the department. Applications for admission are usually made at the end of the second year of studies;
students interested in pursuing an Honours program in Slavic Studies should consult the department at an early stage in their undergraduate studies.

The Honours Program requires a minimum of 21 units of upper-level courses, including SLST 300; two of SLST 301, 303, 401 or 403; and 499. An Honours degree requires a graduating GPA of at least 3.5 and at least a B- in 499.

**Major Program**

The Major Program consists of 7.5 units of introductory courses (must include one of SLST 100, 160) and 15 units of upper-level courses, including SLST 300; and at least two of SLST 301, 303, 401, 403.

Students interested in pursuing a Major in Slavic Studies are advised to consult the department very early during their first year of studies.

**General and Minor Programs**

Students wishing to take a General or Minor in Slavic Studies must take 7.5 units of introductory courses (must include one of SLST 100, 160) and 9 units of upper-level courses including SLST 300; and at least one of SLST 301, 303, 401, 403.

**Undergraduate Certificate in Language and Cultural Proficiency: Russian (10.5 units)**

- 6.0 units of Russian language courses suitable to the student’s ability chosen from SLST 101, 102, 201, 202, 203 or upper-level language courses chosen from SLST 301, 303, 401, 403 with the permission of the department.
- 4.5 units of courses related to cultural and intercultural proficiency including one of SLST 100 (1.5), SLST 160 (1.5) and 3.0 units chosen from SLST 180, 300, 345, 360, 361, 362, 364, 365, 410, 450, 451, 452, 460, 461, 480, 481.

Students cannot complete both a Certificate in Russian Language and Cultural Proficiency and a Major, General or Minor in Slavic Studies.

**Course Index**

| Language Courses | SLST 101 | Beginning Russian I |
|                 | SLST 102 | Beginning Russian II |

|         | SLST 361 | Imperial Russia, 1689-1917 |
|         | SLST 362 | Soviet Union and Successor States, 1917-2000 |
|         | SLST 363 | Modern Ukraine and the Russian-Ukrainian Conflict |
|         | SLST 364 | Eastern Europe Through Western Eyes |

| 301, 303, 401, 403. |

Students wishing to take a General or Minor in Slavic Studies must take 7.5 units of introductory courses (must include one of SLST 100, 160) and 9 units of upper-level courses including SLST 300; and at least one of SLST 301, 303, 401, 403.

**Undergraduate Certificate in Language and Cultural Proficiency: Russian (10.5 units)**

- 6.0 units of Russian language courses suitable to the student’s ability chosen from SLST 101, 102, 201, 202, 203 or upper-level language courses chosen from SLST 301, 303, 401, 403 with the permission of the department.
- 4.5 units of courses related to cultural and intercultural proficiency including one of SLST 100 (1.5), SLST 160 (1.5) and 3.0 units chosen from SLST 180, 300, 345, 360, 361, 362, 364, 365, 410, 450, 451, 452, 460, 461, 480, 481.

Students cannot complete both a Certificate in Russian Language and Cultural Proficiency and a Major, General or Minor in Slavic Studies.

**Course Index**

**Department of Greek and Roman Studies**

Laurel M. Bowman, BA (Toronto), MA (British Columbia), PhD (University of California, Los Angeles), Assistant Professor
Brendan Burke, BA (Florida), MA, PhD (University of California, Los Angeles), Associate Professor
Ingrid E. Holmberg, BA (Vermont), MA, PhD (Yale), Associate Professor
Geoffrey Kron, BSc, MA, PhD (Toronto), Associate Professor
Cedric A. J. Littlewood, BA, MA, DPhil (Oxford), Associate Professor
Mark Nugent, BA (University of Victoria), MA, PhD (University of Washington), Assistant Teaching Professor
Gregory D. Rowe, BA (Michigan), DPhil (Oxford), Associate Professor
Alejandro G. Sinser, BA, MA, PhD (Barcelona), Assistant Professor

**GREEK AND ROMAN STUDIES PROGRAMS**

The Department of Greek and Roman Studies (formerly the Department of Classics) offers the student an opportunity to study Greek and Roman language, literature, history, archaeology and philosophical thought at any of three levels of concentration in the original languages or through English translations. The department offers the following programs leading to the degree of Bachelor of Arts:

- Greek and Roman Studies: General, Major and Honours programs
- Greek and Latin Language and Literature: Major and Honours programs

While a degree in Greek and Roman Studies can be focused to some extent on ancient art and archaeology, history, social history or literature in translation, the department strongly recommends that some courses in Greek and Latin language be taken for the Greek and Roman Studies degrees.

Study towards the degrees in Greek and Latin Language and Literature may be focused to some extent on either Greek or Latin, but the department strongly recommends that at least 6 units be taken in the second language.

It is assumed that students following the General or Major Programs will be taking advanced courses in other departments. Students following an Honours Program with the Department of Greek and Roman Studies should note that it may be possible for them to complete an Honours program in another field if they have the joint consent of that department and the Department of Greek and Roman Studies.

Students are welcome at any time to discuss their program with department and the Department of Greek and Roman Studies.

Many of the advanced courses in Greek and Roman Studies are open to second-year students, and a Major in Greek and Roman Studies may be completed in two years. Nevertheless, students are encouraged to plan their programs, since the lack of prerequisites may limit their choice of
courses. Greek and Latin courses above the 100 level require prerequisites.

See "Humanities and Fine Arts Co-operative Education Program" (page 195).

PROGRAM REQUIREMENTS

Course Regulations
- First-year students normally take Greek and Roman Studies courses above the 200 level only with departmental permission. Any student in second year may register for courses in Greek and Roman Studies at the 300 level.
- Appropriate credit in the Department of History may be given for GRS 331, 332, 333, 341, 342, 345, 346, 347, 480A or 480C. PHIL 301 and 303 are acceptable for credit in all programs in the Department of Greek and Roman Studies in lieu of any 300-level course in Greek and Roman Studies.

Course Requirements

Honours in Greek and Roman Studies
• 6 units of departmental offerings at the 100 or 200 level
• 24 units of departmental offerings at the 300 or 400 level, including GRS 499
Total 30 units

Honours in Greek and Latin Language and Literature
• 21 units of Greek and/or Latin
• 9 units of departmental offerings, including GRS 499
Total 30 units

Of these 30 units, at least 21 units must be at the 300 or 400 level.

Students applying to enter the Honours Program should have a GPA of at least 6.0 in departmental courses, and should normally have completed at least 6 units of departmental offerings. Students accepted into the Honours Program whose GPA in departmental courses falls below 6.0 may be required to transfer to the Major Program.

Major in Greek and Roman Studies
• 6 units of departmental offerings at the 100 or 200 level
• 15 units of departmental offerings at the 300 or 400 level
Total 21 units

Major in Greek and Latin Language and Literature
• 15 units of Greek and/or Latin
• 6 units of departmental offerings
Total 21 units

Of these 21 units, at least 15 units must be at the 300 or 400 level.

General and Minor Programs
• 3 units of departmental offerings normally at the 100 or 200 level
• 9 units of departmental offerings at the 300 or 400 level
Total 12 units

Department of Hispanic and Italian Studies
Beatriz de Alba-Koch, BA (ITESM), MA (Paris III), MA (Queen’s), MA, PhD (Princeton), Associate Professor and Chair of the Department
Maria Bettaglio, BA (Genova), MA (Ohio), PhD (New York-Buffalo), Associate Professor

Pablo Restrepo-Gautier, BA, MA, PhD (Brit Col), Associate Professor
Dan Russe, BA, MA (UNAM), PhD (Chicago), Associate Professor
Joseph Grossi, BA (Providence), MA, PhD (Ohio State), Associate Professor
Silvia Coldés Cardona, BA (Autónoma de Barcelona), MA, PhD (Calg), Associate Teaching Professor

Alicia Ulysses, BA, MA (UVic), Sessional Lecturer

Adjunct Appointments
Peter Fothergill-Payne, BA, MA (Oxford), Adjunct Associate Professor

Emeritus
Gregory Peter Andrachuk, BA, MA, PhD (Tor), Professor
Lloyd H. Howard, BA (Brit Col), MA, PhD (Johns H), Professor
Caroline Monahan, BA, MA (Brit Col), PhD (Lond)
Judith A. Payne, BA (Spalding), MA (U of Louisville), PhD (Penn St)
Elena Rossi, BA (Vassar), MA, PhD (Tor)
Daniela Lorenzo, BA (UVic), MA (UVic), Assistant Teaching Professor

HISPANIC AND ITALIAN STUDIES PROGRAMS

The Department of Hispanic and Italian Studies offers Honours, Major and General programs in Hispanic Studies, a Combined Major in Hispanic and Italian Studies, Major and General programs in Italian Studies and in Mediterranean Studies, as well as Certificates in Italian and Spanish Language and Cultural Proficiency.

Upper-level courses used in one Honours, Major, or General Program cannot be counted toward any other Honours, Major, or General Program within or without the department.

The department offers a graduate program. The program offers two streams leading to a Master’s degree: Hispanic Studies, and Hispanic and Italian Studies. For more information, please contact the department.

Native Speakers
For all programs, native speakers may not obtain credit for 100- or 200-level courses. A native speaker is defined as a person who has spoken Spanish, Italian, or Portuguese since childhood and/or has received sufficient instruction in the language to be literate in it. The department will assign students with previous knowledge to the appropriate level.

Near-Native Speakers
A near-native speaker is defined as a person who speaks, writes and understands Spanish, Italian, or Portuguese with few errors and only the occasional non-patterned mistake. The department will assign students with some knowledge of Spanish, Italian, or Portuguese to the appropriate level.

Course Challenge
The Department of Hispanic and Italian Studies does not permit students to gain credit by course challenge; students may, however, apply to the department for advanced placement to a higher language level.

See "Humanities and Fine Arts Co-operative Education Program" (page 195).

HISPANIC STUDIES PROGRAMS

The Department of Hispanic and Italian Studies offers Honours, Major, General and Minor Programs in Hispanic Studies, as well as a Combined Major in Hispanic and Italian Studies, and a Certificate of Language and Cultural Proficiency in Spanish.
Students pursuing an Honours or Major in Hispanic Studies will find that they have sufficient electives to enable them to concentrate in a second field (for example, Italian or another language, Greek and Roman Studies, English, History or Linguistics).

**Prerequisites**

Students wishing to take 300- and 400-level courses in Spanish must:

- complete SPAN 250A and 250B with a minimum average grade of B- and a minimum grade of C+ in each;
- complete one of SPAN 270, 280, or be completing SPAN 275;
- complete SPAN 350A as a pre- or corequisite, or have permission of the department.

**SPAN 370, 375, 380, 385**

- Students pursuing a General or Minor Program in Hispanic Studies must take two of these courses.
- Students pursuing a Major or Honours Program must take three of these courses.

Exceptions may be made under certain circumstances, after consultation with the department.

**Hispanic Courses in English**

Hispanic Studies courses conducted in English may be credited to an Honours, Major or General Degree in Hispanic Studies to a maximum of 3 units.

**Transfer Credit**

Students are encouraged to take courses at universities in Spanish-speaking countries. The department recognizes a broad variety of courses in Spanish language, literature and cultural studies for transfer credit. Students must obtain a Letter of Permission (see "Letters of Permission for UVic Students to Undertake Studies Elsewhere", page 41) before undertaking studies at universities in Spanish-speaking countries. To ensure that the transfer credit is granted for courses taken elsewhere, students must consult with the department chair before applying for a Letter of Permission.

**Study Abroad Program**

The department also offers a Study Abroad Program in Spain and Latin America. For further information contact the department.

**Program Requirements**

Students are advised to consult with the department in the selection of their courses.

**Honours Program**

Students wishing to enrol in the Honours Program must first obtain the approval of the department Chair. Admission to the Honours Program normally requires a minimum GPA of 7.0 in upper-level Hispanic Studies courses.

- First Year
  - SPAN 100A and 100B
- Second Year
  - SPAN 250A and 250B
  - One of SPAN 270, 275, 280
- Third and Fourth Years
  - SPAN 350A and 350B
  - SPAN 499
  - 4.5 units from SPAN 370, 375, 380, 385
  - 10.5 additional units of 400-level Hispanic Studies courses, with SPAN 491 recommended as one of these courses, which may include no more than 1.5 units of LAS 400

Graduation from the Honours Program requires a minimum graduating GPA of 6.0 in upper-level Hispanic Studies courses, and a minimum B+ in SPAN 499.

**Major**

- First Year
  - SPAN 100A and 100B
- Second Year
  - SPAN 250A and 250B
  - One of SPAN 270, 275, 280
- Third and Fourth Years
  - SPAN 350A and 350B
  - 4.5 units from SPAN 370, 375, 380, 385
  - 7.5 additional units of 400-level Hispanic Studies courses, with SPAN 491 recommended as one of these courses, which may include no more than 1.5 units of LAS 400

**General (Minor)**

- First Year
  - SPAN 100A and 100B
- Second Year
  - SPAN 250A and 250B
  - One of SPAN 270, 275, 280
- Third and Fourth Years
  - SPAN 350A and 350B
  - 3.0 units from SPAN 370, 375, 380, 385
  - 3.0 additional units of 400-level Hispanic Studies courses, with SPAN 491 recommended as one of these courses, which may include no more than 1.5 units of LAS 400

**Certificate of Language and Cultural Proficiency: Spanish**

(10.5 units)

- 6.0 units of Spanish language at a level suitable to the student's ability, chosen from SPAN 100A, 100B, 149, 249, 250A, 250B, 350A, 350B, 450A, 490A, 490B.
- 4.5 units of courses related to literature, culture and intercultural proficiency (these may include additional Spanish language), chosen from SPAN 108, 120, 150, 185, 204, 205, 208A, 208B, 255, 270, 275, 280, 305, 484C, 484D, MEST 300, 308, 310, 320 (must include one of SPAN 185, 208A, 208B or 280).

Students cannot complete both a Certificate in Spanish Language and Cultural Proficiency and an Honours, Major, General or Minor in Hispanic Studies.

**ITALIAN STUDIES PROGRAMS**

New declarations in all Italian Studies Programs are currently suspended. For more information contact the chair of the department.

The Department of Hispanic and Italian Studies offers Major, General and Minor Programs in Italian Studies, as well as a Combined Major in Hispanic and Italian Studies, and a Certificate of Language and Cultural Proficiency in Italian. Students pursuing a Major in Italian Studies will find that they have sufficient electives to enable them to concentrate in a second field.

**Prerequisites**

Students wishing to take courses in Italian Studies at the third- and fourth-year levels taught in Italian are reminded that they must have the prerequisites of the first two years, including ITAL 250A and 250B, with a minimum average GPA of 4.0 and a minimum grade of C+ in each. Exceptions may be made under certain circumstances after consultation with the department.
Transfer Credit

Students are encouraged to take courses at universities in Italy, particularly at the University of Urbino. The department recognizes a broad variety of courses in Italian language, literature and cultural studies for transfer credit. Students must obtain a Letter of Permission (see "Letters of Permission for UVic Students to Undertake Studies Elsewhere", page 41) before undertaking studies at universities in Italy. To ensure that the transfer credit is granted for courses taken elsewhere, students must consult with the department chair before applying for a Letter of Permission.

Program Requirements

Students are advised to consult with the department in the selection of their courses.

Major

First Year
- ITAL 100A, 100B

Second Year
- ITAL 250A, 250B

Third and Fourth Years
- ITAL 350 (1.5)
- ITAL 351 (1.5)
- 12 units of ITAL courses numbered 300 and above, with ITAL 491 recommended as one of these courses*

* Up to 4.5 units may be substituted from the supporting course list below. ITAL 265 is a strongly recommended optional course.

General (Minor)

First Year
- ITAL 100A, 100B

Second Year
- ITAL 250A, 250B

Third and Fourth Years
- ITAL 350 (1.5)
- ITAL 351 (1.5)
- 6 units of ITAL courses numbered 300 and above, with ITAL 491 recommended as one of these courses*

* Up to 3 units may be substituted from the supporting course list below.

Supporting Course List

Students combining an Italian Minor or Major with a second concentration may not count the same course for both concentrations.

GRS 341 (1.5) Roman History
GRS 342 (1.5) Roman Society
GRS 344 (1.5) The Fall of the Roman Republic
GRS 348 (1.5) The City of Rome
GRS 349 (1.5) Jews and Christians in the Greek and Roman World
GRS 372 (1.5) Roman Art and Archaeology
GRS 374 (1.5) Pompeii and Herculaneum
GRS 442 (1.5) Roman Law and Society
AHVS 321 (1.5) Late Antique and Early Christian Art
AHVS 326 (1.5) Early Medieval Art
AHVS 328 (1.5) Gothic Art and Architecture
AHVS 341A (1.5) Art in Renaissance Florence
AHVS 341C (1.5) Michelangelo and Leonardo

Undergraduate Certificate in Language and Cultural Proficiency: Italian (10.5 units)

- 6.0 units of Italian language at a level suitable to the student’s ability, chosen from ITAL 100A, 100B, 149, 250A, 250B, 350, 351.
- 4.5 units of courses related to literature, culture and intercultural proficiency (these may include additional Italian language), chosen from ITAL 150, 204, 273, 304, 305, 308, 306, 470, 472A, 472B, MEST 300, 308, 310, 320.

Students cannot complete both a Certificate in Italian Language and Cultural Proficiency and an Honours, Major, General or Minor in Italian Studies.

Combined Hispanic and Italian Studies Program

Combined Major in Hispanic and Italian Studies

First Year
- ITAL 100A and 100B
- SPAN 100A and 100B (3.0)

Second Year*
- ITAL 250A and 250B (3.0)
- SPAN 250A and 250B (3.0)
- SPAN 270 or 275 (1.5)

Third and Fourth Years
- ITAL 350 (1.5)
- SPAN 350A (1.5)
- 6 units of ITAL courses numbered 300 and above; up to 1.5 units may be substituted from the Italian Studies supporting course list
- 1.5 units from SPAN 370, 375, 380, 385
- 4.5 units of SPAN courses numbered 400 and above and conducted in Spanish

*ITAL 265 strongly recommended

Mediterranean Studies Programs

The Mediterranean Studies Program offers insight into Mediterranean culture from the perspective of two key cultures: those of Spain and Italy.

Programs in Mediterranean Studies

Major

Required Courses
- 3.0 units from MEST 300, 308, 310, 320
- A minimum of 3.0 units of courses from the Breadth Course List
- Up to 9.0 units of courses from the Supporting Course List, for a total of 15 units

Students are also required to demonstrate a reading knowledge of a language other than English relating to the Mediterranean region by
passing, with a grade of C or higher in each course, 3.0 units of 200-level language courses (FRAN 180 and 300-level reading courses are also acceptable), or by passing a special translation examination administered by the appropriate department.

RS 200A is recommended.

**General (Minor)**

**Required Courses**
- 3.0 units from MEST 300, 308, 310, 320
- A minimum of 3.0 units of courses from the Breadth Course List
- Up to 3.0 units of courses from the Supporting Course List, for a total of 9 units

RS 200A is recommended.

**Breadth Course List**
- ANTH 310, 400A, 400B, 402
- FRAN 420 (if focusing on North Africa), 422
- AHVS 323, 324, 348, 349, 351A, 352, 354, 355A, 355B, 357, 359, 392 (if focusing on the Mediterranean), 450
- HSTR 440, 442, 443, 444, 466
- MEDI 303, 402
- PHIL 305A
- RS 302, 303 (if focusing on Christianity, Judaism, and/or Islam)

**Supporting Course List**
- EUS 300, 301
- GREE (third- and fourth-year courses)
- GPS (third- and fourth-year courses, except 499)
- ITAL (third- and fourth-year courses)
- LATI (third- and fourth-year courses)
- PHIL 301, 303, 424, 425, 426
- POLI 300A, 379, 414
- SPAN (third- and fourth-year courses, if focusing on Spain)

**Department of History**

**Adjunct Appointments**

- John D. Belshaw, BA (UBC), MA (SFU), PhD (LSE), Adjunct
- Kathryn Bridge, BA, MA, PhD (UVic), Adjunct
- Harold Coward, BA, MA (Alta), PhD (McM), Adjunct
- Patrick Dunae, BA (UVic), PhD (Manchester), Adjunct
- Lorne Hammond, BA, MA (UVic), PhD (Ottawa), Adjunct

Wendy Wickwire, BMus (W Ont), MA (York), PhD (Wesleyan)

**History Programs**

The department offers Honours, Major, General and Minor programs leading to a Bachelor of Arts degree. A list of careers relevant for those with training in History is available on the History department website [www.uvic.ca/history](http://www.uvic.ca/history).

A brochure is available through the department office at the start of the advance registration period that includes any changes in scheduling made after publication of the Calendar, as well as additional information not available at that time.

See "Humanities and Fine Arts Co-operative Education Program" (page 195).

**Course Levels and Types**

Courses in History are designed for prospective History Honours, Major and Minor students, and are also suitable for students specializing in other disciplines. Introductory courses are at the 100 and 200 levels. The 100-level courses explore global and thematic histories. The 200-level courses are surveys of national and regional histories. Advanced courses, both by area and by theme, are at the 300 and 400 level. The 300-level courses consist of lectures or a combination of lectures and discussion. The 400-level courses are discussion seminars.

Courses are organized by area: American history, British history, Canadian history, European history, Asian history, World and comparative history. Students are strongly advised to complete introductory courses in a given area before undertaking advanced courses in the same area.

The department has academic advisers for Major and Honours students. At the start of each registration period students should consult the departmental website for additional course information and for any changes in scheduling made after publication of the Calendar.

Information about textbooks in all courses is available from the UVic Bookstore. Students are advised to consult the Faculty of Humanities' "Academic Regulations" (page 191) governing undergraduate degree programs.

**Three-Unit Courses Over Two Terms.**

In any 3-unit course that is offered over the First Term and the Second Term of Winter Session, students must register in and complete the course in the first term and the second term, respectively.

**Program Requirements**

**Breadth Requirements:** To ensure sufficient breadth in their programs of study, all Honours and Major students are required to take:

1. at least one 1.5-unit course at any level which meets the Early History breadth requirement;
2. at least one 1.5-unit course at any level which meets the Geographical breadth requirement by having a focus outside of Britain, Europe, or North America, and at least 1.5-unit course at any level with a focus within Britain, Europe, or North America.

Requirements 1 and 2 cannot be met by taking a single course.

**Seminar Requirement:** All Major students must also complete at least one seminar course (400-level). This course can qualify as meeting either requirement 1 or 2 above.

**Substitutions:** For Major and Honours programs a maximum of 3.0 units, and for all General and Minor programs a maximum of 1.5 units, may be substituted from GRS 314, 315, 331, 332, 333, 335, 336, 337, 341, 342, 344, 348, 349, 350, 376, 381, 442, 443, 461, 480A, 480C and MEST 308 for a course in European history. (Special topics courses in the various studies programs [CS, ES, EUS, GERS, GR, IS, MEDI, MEST, PAAS, RS, RUSS, GNDR] may only be considered on an ad hoc basis.)

**Honours Program**

In the Honours Program, students have the opportunity to study history more intensively and independently. The Program should be especially useful for students contemplating graduate work in history or careers in teaching, journalism, law, library science or government service.

Admission to the Program normally requires a minimum overall GPA of 6.0 as well as a minimum of 6.0 in 6 units of History courses, of which at least 3 units should be at the 100 or 200 level. Units in advanced courses meeting this minimum requirement are not counted towards the 18 units of upper-level credits in History required by the Program.

Application for admission to the Honours Program can be made as early as the spring of second year. Applications as late as the summer after third year will also be considered.

The Program requires students to complete the 3-unit Honours Seminar (HSTR 496), which explores historical theory and methods, and the 3-unit Honours Thesis (HSTR 499), a research project normally based on primary sources. HSTR 499 includes an oral examination conducted by a committee comprising the faculty supervisor of the paper and a second reader, as well as the departmental Honours Adviser (or the adviser’s representative) acting as chair. Together these are designed to expand understanding of both the content and the craft of history. Students in the Program may also choose to write a Third-Year Honours Essay (HSTR 497).

In addition to HSTR 496 and 499, students are required to take a minimum of 12 units of 300 or 400 level courses in History. Of these 12 units a maximum of 9 units may be selected from one area of interest. Honours candidates are required to have their program of courses approved by the Honours Adviser.

Students are also required to demonstrate a reading knowledge of a language other than English by passing, with a minimum grade of C in each course, 3.0 units of language courses at the 200-level or higher (FRAN 180 is also acceptable), or by passing a translation examination administered by the Department of History.

An Honours degree requires a graduating GPA of at least 5.0 and a GPA of at least 5.0 in Honours courses (HSTR 496, 497 if taken, 499). Candidates whose performance is unsatisfactory may be required to transfer from the Honours Program to the Major Program. Continuation in the fourth year of the Program is conditional upon satisfactory performance in the third year.

**Major Program**

Major students must complete 15 units of advanced courses (300 and 400 level) in History. Of these 15 units, a minimum of 6 and a maximum of 12 units should be selected from one area of interest. HSTR 301 is recommended.
Students interested in pursuing a Major in History are strongly advised to consult the departmental Majors’ Adviser as soon as possible, ideally in their first year. History Majors are also strongly encouraged to consult the Majors’ Adviser regarding their third- and fourth-year programs.

**General and Minor Programs**

History may be taken as one field of concentration in a General Program, or as a Minor. A student should complete:

1. 6 units of introductory History courses at the 100 or 200 level
2. 9 units of History courses at the 300 or 400 level

Students are strongly encouraged to take at least one course designated as “Early History” and listed above under Breadth Requirements.

---

**Latin American Studies Program**

**Director:** Dr. Beatriz de Alba-Koch, BA (ITESM), MA (Paris III), MA (Queen’s), MA, PhD (Princeton), Associate Professor of Hispanic and Italian Studies  
**Website:** [web.uvic.ca/latinamerican](http://web.uvic.ca/latinamerican)

Encompassing the enormous area of México to Tierra del Fuego, Latin America is home to an ethnically diverse and culturally vibrant population of over five hundred million. With a rich history extending over several centuries, Latin America is also a major player in the world economy.

The programs in Latin American Studies provide students with a broad interdisciplinary understanding of this important geopolitical area and a command of the Spanish language. Latin American Literary and Cultural Studies and Latin American Interdisciplinary Studies offer Honours, Major and General and Minor programs. Students are encouraged to develop specialized fields of expertise by combining these programs with concentrations in other disciplines such as Anthropology, Art History and Visual Studies, Business, Education, Geography, Hispanic Studies, History, Political Science, and others (See “Faculty Program Requirements”, page 192).

See “Humanities and Fine Arts Co-operative Education Program” (page 195).

**LATIN AMERICAN LITERARY AND CULTURAL STUDIES**

LAS 100 is recommended for all LAS programs and should be taken towards the beginning of the program.

**Prerequisites**

- Students wishing to take 300- and 400-level courses in Spanish must achieve a minimum GPA of 4.0 or higher in SPAN 250A, 250B, 270 or 275 (these courses should be taken in second year). Not required for native or near-native speakers of Spanish, who may not obtain credit for 100- or 200-level SPAN courses.
- For SPAN and Interdisciplinary Courses prerequisites, please see the various department and program course listings.

**Honours**

Students wishing to enrol in the Honours Program must first obtain the approval of the Program Director. Admission to the Honours Program normally requires a minimum GPA of 6.0.

SPAN 370, 380, 385 ................................................................. 4.5  
LAS 400 ........................................................................... 4.5  
At least 7.5 units from SPAN 350A, 408B, 482, 483A, 483B, 483C, 484A, 484C, 484D, 485B, 486, 495 ........................................ 7.5  
3.0 units from interdisciplinary courses .................................. 3.0  
**Total** ................................................................. 19.5  

Graduation from the Honours Program requires a minimum GPA of 6.0 in the 19.5 units of upper-level courses, and a minimum grade of B+ in LAS 499.

**Major**

SPAN 370, 380, 385 ................................................................. 4.5  
LAS 400 ........................................................................... 1.5  
At least 6.0 units from SPAN 350A, 408B, 482, 483A, 483B, 483C, 484A, 484C, 484D, 485B, 486, 495 ........................................ 6.0  
3.0 units from interdisciplinary courses .................................. 3.0  
**Total** ................................................................. 15.0  

**General and Minor**

SPAN 380, 385 ................................................................. 3.0  
LAS 400 ........................................................................... 1.5  
3.0 units from, SPAN 350A, 408B, 482, 483A, 483B, 483C, 484A, 484C, 484D, 485B, 486, 495 ........................................ 3.0  
1.5 units from interdisciplinary courses .................................. 1.5  
**Total** ................................................................. 9.0  

**Hispanic Courses in English**

Hispanic Studies courses conducted in English may be credited to an Honours, Major, General or Minor Program in Latin American Literary and Cultural Studies, to a maximum of 3.0 units.

**LATIN AMERICAN INTERDISCIPLINARY STUDIES**

LAS 100 is recommended for all LAS programs and should be taken towards the beginning of the program.

**Prerequisites**

- 3.0 units of SPAN or PORT language courses at the 100 or 200 level (further language study is highly recommended). Not required for native or near-native speakers of Spanish or Portuguese, who may not obtain credit for 100- or 200-level SPAN or PORT courses.
- For Interdisciplinary Courses prerequisites, please see the various department and program course listings.

**Honours**

Students wishing to enrol in the Honours Program must first obtain the approval of the Program Director. Admission to the Honours Program normally requires a minimum GPA of 6.0.

LAS 400, 499 ................................................................. 4.5  
15.0 units from the interdisciplinary courses below ........................................ 15.0  
**Total** ................................................................. 19.5  

Graduation from the Honours Program requires a minimum GPA of 6.0 in the 19.5 units of upper-level courses, and a minimum grade of B+ in LAS 499.

**Major**

LAS 400 ........................................................................... 1.5  
13.5 units from the interdisciplinary courses below ........................................ 13.5  
**Total** ................................................................. 15.0  

---
General and Minor

LAS 400 ....................................................................................................................... 1.5
7.5 units from the interdisciplinary courses below ................................................... 7.5
Total ........................................................................................................................... 9.0

Interdisciplinary Courses on Latin America

Students must take at least one course from a minimum of two departments or programs. Variable content courses require the permission of the program in advance.

- ANTH 325; if focusing on Latin America: ANTH 391, 392, 393, 394, 395 (permission of the program)
- GEOG 347B
- IED 372 (permission of the program)
- HSTR, 376A, 376B, 376C, 370, 470 (permission of the program)
- LAS 310, 320, 400 (second and subsequent times), 495
- MUS 319, 320 (permission of the program)
- POLI 372, 381, 317, 436 (permission of the program)
- SPAN 380, 385, 482, 483A, 483B, 483C, 484A, 484C, 484D, 484E, 485B, 486; 495 (permission of the program)

Department of Linguistics

John Archibald, BA, MA, PhD (OISE/Tor), Professor
Ewa Czykowska-Higgins, BA (Brit Col), MA (Tor), PhD (MIT), Professor
Hossein Nassaj, BA, MA (Isfahan U), PhD (OISE/Tor), Professor and Chair of the Department
Leslie Saxon, BA, MA (Tor), PhD (Calif, San Diego), Professor
Sonya Bird, BA (Brit Col), MA, PhD (U of Arizona), Associate Professor
Alexandra D'Arcy, BA (Brit Col), MA (MUN), PhD (Tor), Associate Professor
Li-Shih Huang, BA (York), MEd, PhD (OISE/Tor), Associate Professor
Hua Lin, BA (Lanzhou), MEd, PhD (UVic), Associate Professor
Martha McGinnis-Archibald, BA, MA (Tor), PhD (MIT), Associate Professor
Suzanne Urbanczyk, BSc, MA (UVic), PhD (U of Mass), Associate Professor

Sessional Lecturer Appointments

Sandra Kirkham, BA, MA, PhD (UVic), Sessional Lecturer
David A. McKecher, BSc (Calgary), BEd, MA (UVic), PhD (Stanford), Sessional Lecturer
Judith Nylvek, BA, MA, PhD (UVic), Sessional Lecturer

Adjunct Appointments

Marion Caldecott, BA (Honours), MA, PhD (Brit Col), Adjunct Assistant Professor (2015-18)
Suzanne Cook, BA (Honours), MA (UVic), Adjunct Assistant Professor (2017-20)
Sandra S. Fotos, BA (Berkely), MPhil (East Africa), MS (Hawaii), EdD (Temple, Japan), Adjunct Professor (2017-20)
Suzanne Gessner, BA (U of Regina), MA (Brit Col), PhD (Brit Col), Adjunct Assistant Professor (2015-18)
Brent McNeil, BA, MA (Western Wash), Adjunct Assistant Professor (2017-20)
Tadao Miyamoto, BA, MA, PhD (UVic), Adjunct Professor (2017-20)
Adam Werle, BA (Wash), PhD (U of Mass), Adjunct Assistant Professor, 2017-
Andrea Wilhelm, BA (Tübingen), MA, PhD (Calgary), Adjunct Assistant Professor (2015-18)

Emeritus

James Arthurs, BA (Durham), MA (UVic), PhD (Brit Col)
John H. Esling, BA (Northw), MA (Mich), PhD (Edin), FRSC, Professor
Thomas E. Hukari, BA (Ore), MA, PhD (Wash)
Joseph F. Kess, BSc (Georgetown), MA, PhD (Hawaii), FRSC
Lorna B. Williams, BA (SFU), PhD (U of Tennessee), Associate Professor and Canada Research Chair in Indigenous Knowledge and Learning

LINGUISTICS PROGRAMS

The Department of Linguistics offers the following degree and diploma programs:

- General, Major and Honours BA in Linguistics
- Major and Honours BA in Applied Linguistics (emphasis on teaching English as a Second Language)
- Major and Honours BSc in Linguistics
- Diploma in Applied Linguistics (emphasis on teaching English as a Second Language)
- Certificate Program in Aboriginal Language Revitalization (CALR)

Placement in ASL courses

Students who have successfully completed a college or university course in ASL and/or are fluent ASL signers may apply to the department for advanced placement to a higher language level. The department does not offer course challenges for ASL courses.

See "Humanities and Fine Arts Co-operative Education Program" (page 195).

PROGRAM REQUIREMENTS

Practicum Requirement

Students should be aware that a practicum is required in order to complete the course of study for a BA or Diploma in Applied Linguistics and is an elective in the Certificate Program in Aboriginal Language Revitalization.

Please refer to "Guidelines for Ethical Conduct" and "Regulations Concerning Practica" (page 192).

BA in Linguistics

Honours Program

Students who wish to pursue an Honours BA degree in Linguistics begin the program in the third year with the permission of the department. Normally, a GPA of 6.0 in all LING courses completed up to the time of application to the Honours Program is required for admission. In addition to the requirements for the Major, Honours students must:

1. Achieve a GPA of at least 6.0 (B+) in all 300- and 400-level LING courses;
2. Successfully complete LING 411, 412 and 499 (for a total of 21 units of upper-level LING coursework), and achieve a letter grade of at least B+ in 499;
3. Submit a proposal for Honours thesis research in the September-December term of the final year.

Major Program

Required Courses: First and Second Years
LING 100A or 181, and 100B ................................................................. 3.0
LING 200 ............................................................................................... 1.5
LING 203 ............................................................................................... 1.5
One of LING 204, 270, 272, 290, 295, 297 ........................................... 1.5

Required Courses: Third and Fourth Years
LING 309 ............................................................................................... 1.5
LING 311 .................................................................................................................. 1.5
LING 312 .................................................................................................................. 1.5
Research-focused course: One of 411, 412, 431, 461, 486, 495 .......................................................... 1.5
Language-focused course: One of 372, 401, 403, 405, 450 .......................................................... 1.5
LING courses numbered 300 and above ............................................................................. 7.5

Concentrations
The Department of Linguistics offers concentrations in the BA in Linguistics in the following areas: Language and Society; Language and Speech; Indigenous Languages. Students complete the required courses noted below within the Major and Honours program requirements in Third and Fourth Years.

Concentration in Language and Society:
• LING 395, 495.
• Two of 377, 390, 391, 392, 396, 398, 420.

Concentration in Language and Speech:
• LING 380, 381, 486.
• One of 300, 370A, 370B, 370C, 386, 470.

Concentration in Indigenous Languages:
• LING 431, 461.
• Two of 372, 377, 379, 401, 403, 405, 450 (if the topic is an Indigenous language).

General and Minor Programs
Students following a General or Minor Program in Linguistics are required to take LING 100A, 100B and at least 9 units of courses in Linguistics at the 300 or 400 level.

BA in Applied Linguistics
The BA in Applied Linguistics prepares students for teaching English as a second language in many foreign countries and in Canadian programs outside the public school system.

The BA in Applied Linguistics does not qualify students to teach in the schools of British Columbia. Those who wish to be teachers in the British Columbia school system must either hold an Education degree or have successfully completed the professional program for graduates offered by Education faculties in BC. For information, contact Education Advising.

Honours Program
Students who wish to pursue an Honours BA degree in Applied Linguistics begin the program in the third year with the permission of the department. Normally, a GPA of 6.0 in all LING courses completed up to the time of application to the Honours Program is required for admission. In addition to the requirements for the Major, Honours students must:

1. Achieve a GPA of at least 6.0 (B+) in all 300- and 400-level LING courses;
2. Successfully complete LING 312 as part of the 15 units required for the Major degree;
3. Successfully complete LING 411, 412 and 499 (for a total of 21 units of upper-level LING coursework), and achieve a letter grade of at least B+ in 499;
4. Submit a proposal for Honours thesis research in the September-December term of the final year.

Major Program
 Required Courses: First and Second Years
• LING 100A or 181, and 100B
• LING 200
• LING 203

• 1.5 units from LING 204, 270, 272, 290, 295, 297
• 3 units of English courses (excluding ENGL 101), of which at least 1.5 units must be numbered 200 or above
• PSYC 100A, 100B
• 4.5 units of second language courses, of which at least 1.5 units must be numbered 200 or above; students whose first language is not English may apply to the department for a possible waiver of this requirement

Required Courses: Third and Fourth Years
15 units:
• LING 309
• LING 311
• LING 312 or 338
• LING 373
• LING 374
• LING 388
• LING 475
• LING 476
• 3 units selected from LING 325 or 326, 370A, 377, 386, 387, 389, 390, 391 or 392, 395, 397 or 398, 473, 474, 495 (1.5 of these 3 units may also be selected from LING 396, 401, 403, 405, 450)

Corequisite Courses:
• 3 units selected from upper-level English or Writing

BSc in Linguistics
The BSc in Linguistics is a suitable preparation for post-graduate study in the Speech and Hearing Sciences and for advanced studies in Psycholinguistics and the Phonetic Sciences.

General and Minor programs leading to a BSc degree are not available.

Honours Program
Students who wish to pursue an Honours BSc degree in Linguistics begin the program in the third year with the permission of the department. Normally, a GPA of 6.0 in all LING courses completed up to the time of application to the Honours Program is required for admission. In addition to the requirements for the Major, Honours students must:

1. Achieve a GPA of at least 6.0 (B+) in all 300- and 400-level LING courses;
2. Successfully complete LING 311 and 312 as part of the 15 units of upper-level LING coursework required for the Major degree;
3. Successfully complete LING 411, 412 and 499 (for a total of 21 units of upper-level LING coursework), and achieve a letter grade of at least B+ in 499;
4. Submit a proposal for Honours thesis research in the September-December term of the final year.

Required Courses: Third and Fourth Years
• LING 309
• LING 311
• LING 312
• LING 370A
• LING 370B
• LING 380
• LING 381
• LING 411
• LING 412
• LING 486
• LING 499 (3.0)
• 3 additional units of upper-level Linguistics courses, selected from the following: LING 370C, 373, 386, 470, 482, 495

**Major Program**

**Required Courses: First and Second Years**

- LING 100A or 181, and 100B
- LING 200
- LING 203
- 1.5 units from LING 204, 270, 272, 290, 295, 297
- BIOL 150A or 184
- BIOL 150B or 186 or EPHE 141
- MATH 100 or 102 or 109 or 151*
- PHYS 102A and 102B, or 110 and 111, or 120 and 130
- PSYC 100A, 100B and 201

* Students are advised to take MATH 100, 102, 109 or 151 at the earliest possible opportunity.

**Recommended Electives**

- CSC 100, 110, 115
- EPHE 241 and 242 (prerequisite 141)
- PHYS 214
- PSYC 243, 260, 335, 338, 339
- MUS 306, 307
- Course(s) in a second language.

**Required Courses: Third and Fourth Years**

- LING 370A
- LING 370B
- LING 380
- LING 381
- LING 486
- 4.5 units selected from LING 309, 311, 312, 411, 412
- 3 additional units of upper-level Linguistics courses, selected from the following: LING 370C, 373, 382, 470, 495 and from the following not already selected: LING 309, 311, 312, 411, 412

**Corequisite Courses**

- PSYC 300A

**Diploma in Applied Linguistics**

**Program Admission and Regulations**

Applicants must have completed a University of Victoria Bachelor’s degree or its equivalent before admission to the program. Applicants must also complete at least 4.5 units of courses in English (excluding ENGL 101) and 4.5 units of second language courses, either upon admission or concurrently with the Diploma program.

Applicants whose previous instruction was given in a language other than English will be required to have a Major in English or permission of the Applied Linguistics Adviser.

Students who have completed the University of Victoria degree in Applied Linguistics or its equivalent may not register in the Diploma Program.

The program may be completed within one year of full-time study, but can also be taken part time. It must be completed within five years. For part-time students, LING 476 will normally be taken in the final year of study.

Courses taken for the Diploma program cannot be applied towards another degree.

Applicants who wish to be teachers in the British Columbia school system must either hold an Education degree or have successfully completed the professional program for graduates offered by Education faculties in the province. (For information, contact Education Advising.)

**Diploma Requirements**

The Diploma requires a minimum of 15 units of course work in addition to those credited towards a degree. Applicants who have received credit for some of these courses (or equivalent) previously will be allowed to substitute up to 6 units of courses recommended by the department.

Students whose degrees are from universities other than the University of Victoria must complete the entire 15 units at UVic. Students with a UVic degree may negotiate to have transfer credit from other universities apply to the Diploma program.

**Required Courses (15 units)**

- LING 100A or 181
- LING 200 or 203
- LING 373
- LING 374
- LING 388
- LING 475
- LING 476
- 4.5 units from LING 338, 370A, 377, 387, 390 or 392, 395, 397 or 398

*Note: Diploma students who wish to pursue the MA in Applied Linguistics should complete both LING 200 and 203.*

**Certificate in Aboriginal Language Revitalization (CALR)**

This program is offered by the Department of Linguistics in partnership with the Division of Continuing Studies and the En’owkin Centre of the Okanagan Nation. Admission is open to all those committed to the revitalization of Indigenous languages in Canada or anywhere on the globe.

It is possible to undertake coursework on the Certificate concurrently with progress toward a degree program (Bachelor’s, Master’s, or PhD). Please consult with program staff regarding this articulation.

The goal of the Certificate Program is to develop understanding of the complex dynamics of language loss, maintenance, and recovery while also providing practical strategies for work in Aboriginal communities to preserve and revitalize threatened languages. This program is designed to honour traditional knowledge and practices, to recognize and accommodate the realities and needs of diverse communities, and to provide a foundation for both language revitalization activities and for further study in linguistics, education, and/or cultural resource management.

**Certificate Requirements**

Participants in the Certificate Program in Aboriginal Language Revitalization must complete six core courses (9 units) and three elective courses (4.5 units). To ensure that students are themselves actively engaged in the process of learning an Aboriginal language, students must take an elective course in an Aboriginal language or demonstrate other comparable experience. Please see below under “Indigenous Language Requirement”.

The core courses are offered in Summer Institutes at the En’owkin Centre and the UVic Indigenous Language Centre, at the University of Victoria, or in community settings. It is possible to arrange transfer credits for elective courses from other programs or other colleges and universities; please consult program staff for details.
FACULTY OF HUMANITIES

Core Courses (9.0 units)

- LING 180A (1.5 units)
- LING 180B (1.5 units)
- LING 181 (1.5 units)
- LING 182 (1.5 units)
- LING 183A (1.5 units)
- LING 183B (1.5 units)

Elective Courses (4.5 units to be chosen)

- LING 158 or IED 158 Indigenous Language I: Mentorship
- LING 159 or IED 159 Indigenous Language I
- LING 184 Indigenous Language Materials Development
- LING 185 Indigenous Language Revitalization Practicum
- LING 186 Language in Indigenous Culture
- LING 187 Special Topics in Language Revitalization
- LING 258 or IED 258 Indigenous Language II: Mentorship
- LING 259 or IED 259 Indigenous Language II
- LING 272 Introduction to Indigenous Languages of British Columbia
- LING 358 or IED 358 Indigenous Language III: Mentorship
- LING 359 or IED 359 Indigenous Language III
- LING 379 Language and Land
- LING 458 or IED 458 Indigenous Language IV: Mentorship
- LING 459 or IED 459 Indigenous Language IV

For students who choose LING or IED 158, 185, 258, 358, 458, please consult program staff for procedures and requirements of these practicum courses. Also, please refer to “Guidelines for Ethical Conduct” and “Regulations Concerning Practica” (page 192).

Indigenous Language Requirement

Students must complete at least one course offered under LING or IED 158, 159, 258, 259, 358, 359, 458, or 459, or take a course in an Indigenous language at a college or university for transfer credit, in order to strengthen knowledge of processes associated with learning an Indigenous language.

For students who have already successfully completed a college or university course in an Indigenous language and/or are fluent speakers of an Indigenous language, consult with the Academic Adviser of the CALR program to transfer the credit or challenge this elective course requirement.

For more information, please contact:

Website: <continuingstudies.uvic.ca/calr>

Indigenous Language Course Challenge

The course challenge process is intended to allow you to receive up to 3 units of elective credit, based on your proficiency in an Indigenous language. If that proficiency has been gained through the completion of coursework at a local college or university, you can apply to transfer that credit to the University of Victoria. However, if your proficiency has been gained through life experience, you can apply to challenge LING 159 or IED 159 and/or LING 259 or IED 259 as described below.

To challenge a course, you are required to provide a letter from a local language authority certifying that you have achieved a degree of proficiency in that language. As well, you will be required to complete a course challenge application form and to submit a fee equivalent to 50% of the tuition assessed for a 1.5 unit course. Based on this application, the academic advisers to the Certificate in Aboriginal Language Revitalization will determine if the course challenge is successful, establish the equivalency to LING 159 or IED 159 and/or LING 259 or IED 259 and arrange for the credit to be entered on your academic record.

Please have your language authority complete and sign the LING 159 or IED 159 and/or LING 259 or IED 259 challenge form and return it to us with the course challenge application and fee.

You are urged to complete the course challenge process upon admission to the Certificate Program so that you can plan your elective requirements accordingly.

Please mail your course challenge materials to:

Medieval Studies Program

Director: Hélène Cazes, BA, MA, DEA (Paris Sorbonne, ENS Paris), PhD (Paris Ouest), Professor, Department of French

Medieval Studies Program Committee

Erin Campbell, Ph.D. (Toronto), Associate Professor, Art History and Visual Studies, Term expires July 1, 2018
Catherine Harding, PhD (University of London), Professor, Art History and Visual Studies Term expires July 1, 2019
Iain MacLeod Higgins, BA, MA (UBC), PhD (Harvard), Professor, Department of English, Term expires July 1, 2018
Erin Halstad McGuire, PhD (Glasgow), Assistant Teaching Professor, Anthropology, Term expires July 1, 2019
Website: <web.uvic.ca/medieval>

Office: Clearihue D264

Medieval Studies Programs

Medieval culture, which flourished in Europe from about CE 300-1500, and has analogues in many non-European cultures, lends itself well to interdisciplinary study. This Program seeks to train students in the principles, methods, and problems of Medieval Studies and to introduce them to the written, visual, and material sources required for a thoughtful, critical study of the medieval world.

Medieval Studies offers Honours, Major, General and Minor programs leading to the degree of Bachelor of Arts. Students may also undertake the Major in Medieval Studies together with a Major Program in another department (see “Double Major Program”, page 194) or with a Major in another faculty (see “Interfaculty Program”, page 194). By completing the requirements for the General Program together with a Major or Honours Program in another department or faculty, students may obtain a Minor (see “Minor Program”, page 195).

Students interested in pursuing a program in Medieval Studies should consult with the program Director.
Course Work By Education Students

Students applying to the Post-Degree Professional Program in the Faculty of Education may use up to 3 units of credit from the following Medieval Studies courses to fulfill a portion of the Social Studies (see History emphasis) teaching area requirements: MEDI 303, 304, 305, 360 and 401, 402 (MEDI 360 and 401, 402 with the approval of the Faculty of Education only). Students who wish to pursue this option should contact the Director of Medieval Studies.

See "Humanities and Fine Arts Co-operative Education Program" (page 195).

PROGRAM REQUIREMENTS

Honours Program

In the Honours Program in Medieval Studies, students have the opportunity to work more independently and intensively on a special research essay. The graduating essay will be done under the guidance of an individual tutor assigned in the final year of the degree.

Admission

Admission to the Honours Program normally requires a minimum overall GPA of 6.0 in 3.0 units of Program courses at the 300 and 400 level.

Normally a student applies for Honours at the end of the second year. Honours candidates are required to have their program of courses approved by the Director of Medieval Studies.

Third- and Fourth-year Requirements

MEDI 303 The Medieval World ......................................................... 1.5
MEDI 304 Encountering the Middle Ages ........................................ 1.5
MEDI 451 Reading, Writing and the Book in the Medieval World or MEDI 452 Special Topics in Medieval Manuscript Studies ........................................... 1.5
MEDI 499 Honours Graduating Essay .............................................. 1.5
15.0 units of courses numbered 300 or above selected from MEDI offerings and the list of Eligible Courses (with no more than 4.5 units selected from any one department) .......................................................... 15.0
Total .............................................................................................. 21.0

Students whose GPA in MEDI courses numbered 300 and above falls below 3.5 at the end of any session will be required to transfer to the Major Program. Students whose graduating average, or whose average in Program courses taken in MEDI at the 300 and 400 level, is below 3.5, but who otherwise meet the University requirements for graduation, will receive a BA with a Major in Medieval Studies.

Language Requirement for Honours

Students are required to demonstrate a reading knowledge of a language other than English. Latin and Greek are particularly recommended, although students may also choose French, German, Italian, Spanish, Old English, or Old Icelandic. A student may apply to the Program to substitute another language. Students will normally fulfill this requirement by completing successfully 3.0 units of 200-level language courses with a grade of C or higher in each course. This requirement may also be fulfilled by completing successfully FRAN 180, or GREE 101 and 102, or LATI 101 and 102, with a grade of C or higher in each course. In special circumstances, students already fluent in a language may request a translation examination administered by the Program.

Major Program

Admission

The Program strongly recommends that students undertaking a Major in Medieval Studies achieve a reading knowledge of a second language.

Introductory courses in Latin (LATI 101 and 102) and Greek (GREE 101 and 102) are particularly recommended for the study of Medieval culture.

HSTR 236: Medieval Europe (3.0), or HSTR 236A: The Creation of the Medieval World (1.5) and HSTR 236B: The European Middle Age (1.5), is suggested.

Requirements for the Major

MEDI 303 The Medieval World ......................................................... 1.5
MEDI 304 Encountering the Middle Ages ........................................ 1.5
3 units of the following: ................................................................. 3.0
MEDI 360 Selected Topics in Medieval Culture
MEDI 401 Seminar in Medieval Culture
MEDI 402 Cross-Cultural Encounters and Exchanges
MEDI 451 Reading, Writing and the Book in the Medieval World
MEDI 452 Special Topics in Medieval Manuscript Studies

9.0 units of courses, selected from MEDI offerings and the list of Eligible Courses numbered 300 or above (with no more than 3.0 units selected from any one department) ........................................... 9.0
Total .............................................................................................. 15.0

Double Major

Student pursuing a Double Major may select courses on the Eligible Courses list from their second field of concentration, but the same units cannot be used for both Majors.

General and Minor Programs

MEDI 303 ......................................................................................... 1.5
MEDI 304 ......................................................................................... 1.5
MEDI 360 or 401 or 451 or 452 .................................................... 1.5
4.5 units of course offerings numbered 300 or above, selected from MEDI offerings and the list of Eligible Courses list, to be approved by the Director of Medieval Studies ........................................ 4.5
Total .............................................................................................. 9.0

Combined English Honours with Medieval Studies Minor

Students in the Medieval Studies Program who are also enrolled in the English Honours Program may earn a Combined English Honours and Medieval Studies Minor degree. To do so they must complete:

• 3.0 units from MEDI 301, 302, 303, or 304
• 1.5 units from MEDI 401, 402, 451, or 452
• 1.5 units selected from the courses (apart from English courses) in the list of Eligible Courses for the Medieval Studies Program.
• 1.5 units selected from the period before 1660: ENGL 340, 341, 342, 343, 344A, 344B, 348, 350, 353, 359, 360, 362, 364, 365, 366B, 366C, 369
• 1.5 units selected from the following list: ENGL 340, 341, 353, 410

Eligible Courses

AHVS 321 (1.5) Late Antique and Early Christian History in Art
AHVS 322 (1.5) Byzantine Art
AHVS 324 (1.5) Ancient and Medieval Jewish Art
AHVS 326 (1.5) Early Medieval Art
AHVS 328 (1.5) Gothic Art and Architecture
AHVS 329 (1.5) Medieval Household
AHVS 352 (1.5) The Genesis of Islamic Art and Architecture
AHVS 354 (1.5) Medieval Islamic Art and Architecture
AHVS 357 (1.5) Arts of Mediterranean Islam, 13th-20th Centuries
Background and Comparative Courses

Students, especially those considering graduate studies in the field of Medieval Studies, are urged to take advantage of the Latin courses offered by the Department of Greek and Roman Studies. Since the study of ancient Greece and Rome provides an excellent background for Medieval Studies, and because medieval culture has a number of analogues in non-European cultures, the following background and comparative courses are useful electives. HSTR 236 (Medieval Europe) is also suggested.

Department of Pacific and Asian Studies

Michael H. Bodden, BA, MA, PhD (Wis, Madison), Professor
Richard King, BA, MA (Cantab), PhD (UBC), Professor
Andrew Marton, BSc (UBC), MA Interdisciplinary (UVic), PhD (UBC), Professor
M. Cody Poulton, BA, MA (U of T), PhD (U of T), Professor
Martin Adam, BA (Calgary), MA (Waterloo), PhD (McGill), Associate Professor
Timothy Iles, BA, MA (UBC), PhD (U of T), Associate Professor
Tsung-Cheng Lin, BA (FJU, Taiwan), MA (U of T), PhD (UBC), Associate Professor
Katsuhiko Endo, BA (SUNY Binghamton), MA (Cornell), PhD (NYU), Assistant Professor
Yasuko France, BA (Tokyo), MEd (UMass), Assistant Teaching Professor
Mika Kimura, BA, MA (UVic), Associate Teaching Professor
Karen Kai-Ying P. Tang, BA (National Taiwan Normal U), MA (UBC), Teaching Professor
Jun Tian, BA (Shaanxi Normal U, China), MA (NW Polytechnical U, China), MA (York), PhD (UVic), Associate Teaching Professor

Adjunct, Emeritus, Visiting and Cross-listed Appointments

James A. Boutiller, BA (Dal), MA (McM), PhD (Lond), Adjunct Professor
Hary Hsin-i Hsiao, BA (Tunghai), MA, PhD (Harv), Associate Professor Emeritus
David Chueryan Lai, BA, MA (HK), PhD (Lond), Adjunct Professor
For courses on China, Japan, Oceania, and Southeast Asia, please refer to PAAS in the course listings.

The Department of Pacific and Asian Studies offers BA programs that address a cross-regional, multi-disciplinary and multi-cultural approach to the study of the Asia-Pacific, with courses in three languages (Chinese, Japanese and Indonesian-Malay), four regions (China, Japan, Southeast Asia and Oceania) and a wide range of academic disciplines.

The department offers the following programs leading to the degree of Bachelor of Arts:

- Chinese Studies (General/Minor)
- Japanese Studies (General/Minor)
- Pacific and Asian Studies (Honours, Major, General/Minor)
- Southeast Asian Studies (General/Minor)

The department also offers the following Certificates in support of a student’s Bachelor degree:

- Certificate in Language and Cultural Proficiency: Chinese
- Certificate in Language and Cultural Proficiency: Japanese

For courses on China, Japan, Oceania, and Southeast Asia, please refer to PAAS in the course listings.

See "Humanities and Fine Arts Co-operative Education Program" (page 195).

**Admission to Courses**

Students are advised that because of limited staff and facilities it may be necessary to restrict enrolment in some courses.

Students proceeding toward a Major or General degree in Pacific and Asian Studies will be given priority over students in other programs. Students who wish to repeat a course at any level will be given lower priority than students taking the course for the first time.

For admission to most language courses numbered 121, 218 or 238 or above, a minimum grade of B, or in some cases higher, in the prerequisite course is required. As language courses are limited to 25 students per section, the department reserves the right to rank students according to their grades for the prerequisite course. Students are warned that all Pacific and Asian Studies degree programs include a language requirement; students who fail to complete the language requirement will not be permitted to graduate in the program.

Students who have completed any given level of courses in a language at UVic or through transfer credit will not be granted credit for subsequent courses at a lower level in the same language.

Students proceeding toward a Major or General degree in Pacific and Asian Studies will be given priority over students in other programs. Students who wish to repeat a course at any level will be given lower priority than students taking the course for the first time.

For admission to most language courses numbered 121, 218 or 238 or above, a minimum grade of B, or in some cases higher, in the prerequisite course is required. As language courses are limited to 25 students per section, the department reserves the right to rank students according to their grades for the prerequisite course. Students are warned that all Pacific and Asian Studies degree programs include a language requirement; students who fail to complete the language requirement will not be permitted to graduate in the program.

Satisfaction of the “Academic Writing Requirement” (page 40) is prerequisite to registration in all courses numbered 300 or higher.

**Placement Tests of Transfer Students**

Although transfer students may be given credit for language courses taken at their previous institution, they will not be guaranteed admittance to more advanced language courses in this department.

Students who may be considered native speakers of Indonesian, Japanese or any form of Chinese should consult the statements on “native speakers” at the head of the course listings.

Students who wish to continue their language studies should consult the department before registration and may be required to take a placement test to determine the level at which they should register. Transfer students who register in language courses without such consultation are advised that the department’s policies concerning minimum grades in prerequisite courses apply to them; if they register for a language course without consulting the department they may be required to drop the course or transfer to a different level once classes begin.

**Transfer Credit**

Students are encouraged to study at Universities in the Asia-Pacific region; the department recognizes a range of courses in language and other topics from these institutions for transfer credit. In specific circumstances, the faculty regulation for the Major Program that at least 12 of the 15 units numbered 300 or 400 are required to be taken at UVic may be lowered to 9 for students who complete at least 9 units at a university in the Asia-Pacific region.

**Pacific and Asian Studies Program Requirements**

**Honours Program**

Students interested in the Honours Program should consult with the Pacific and Asian Studies Undergraduate Adviser. Program requirements are the same as for the Major, with the addition of:

- 1.5 units of PAAS courses numbered 300 or higher;
- PAAS 499 (1.5)

Students may apply for admission to the Honours Program in the spring term of their second year or in the fall term of their third year.

Admission requires:

1. PAAS 100 (PACI 210 or 200A and 200B), PAAS 200 (PACI 290), any one of PAAS 300 (PACI 325), PAAS 301 (PACI 390), PAAS 302 (PACI 392) or PAAS 304, 400 (PACI 490A). A grade of at least B+ must be achieved in each course;
2. Written permission from a Pacific and Asian Studies faculty member willing to act as research adviser for the PAAS 499 essay;
3. Approval of the proposed program of courses by the Undergraduate Adviser.

Continuation in the Honours Program requires maintenance of a GPA of at least 6.0 in all upper-level PAAS courses.

The total number of units in the program is 27.

**Major Program**

The Major Program includes core courses required for all students, as well as courses of both an integrative and specialized nature, from which students may choose. The requirements provide for both breadth and specialization in terms of geographical or linguistic interest.

- PAAS 100 (1.5)
- PAAS 200 (1.5)
- One of PAAS 300, 301, 302, 304 (1.5)
- PAAS 400 (1.5)
- 9.0 units of PAAS courses numbered 300 or higher
- 9.0 units of Chinese or Japanese language, at least 3.0 units of which must be at the 300-level or higher; or 6 units of study in Indonesian/Malay language plus 3 units of upper-level courses related to Southeast Asia chosen from PAAS 307, 363, 364, 369, 370, 372, 373, 403, 406, 409, 464 to 467

The total number of units in the program is 24.

**General and Minor Program**

**Chinese Studies**

- one of PAAS 100, 150, 151, 152 (1.5)
- 9.0 units of PAAS courses chosen from 318, 351 to 358, 410, 412, 413, 418, 420, 451 to 459, 497

Language Requirement for Native Speakers of Chinese:
Students must complete the following 30 units of courses:

**Honours Program**

- 3.0 units of Japan-related courses, chosen from PAAS 180, 181, 202, 207, 209 (depending on the topic), 280, 386, 388, 393, 394, 397 (if the topic of the Field School is Japan), 399 (may include courses chosen from 235, 338, 340 to 345, 430, 432)

Students cannot complete both a Certificate in Japanese Language and Cultural Proficiency and an Honours, Major, General or Minor in Pacific and Asian Studies, or a General or Minor in Japanese Studies.

---

**Department of Philosophy**

Margaret Cameron, BA (Tor), MA (Dal), PhD (Dal), Associate Professor and Canada Research Chair in the Aristotelian Tradition

Cindy L Holder, BA (McGill), MA (Dal), PhD (Arizona), Associate Professor

Eike-Henner W. Kluge, BA (Calg), AM, PhD (Mich), Professor

Colin Macleod, BA (Queen’s), MA (Dalhousie), PhD (Cornell), Associate Professor and Chair

Michael J. Raven, BA (Reed College), MA (NYU), PhD (NYU), Associate Professor

Patrick W. Rysiew, BA (S Fraser), MA (Dal), PhD (Arizona), Associate Professor

David Scott, BA, MA (Memorial), PhD (Reading), Associate Professor

Scott Woodcock, BA (UBC), MA, PhD (Tor), Associate Professor

Audrey Yap, BA (UBC), PhD (Stingford), Associate Professor

James O. Young, BA (S Fraser), MA (Wat), PhD (Bast), Professor

**Assistant Teaching Professors**

Nina Belmonte, B.A. (Georgetown, summa cum laude), M.A. (Boston College), Ph.D. (Stony Brook).

Klaus John, B.A. (Ottawa), M.A. (Toronto)

Carrie Klett, B.A. & B.Sc. (McMaster), M.A. (University of Western Ontario), Ph.D. (University of Western Ontario)

**Continuing Sessional Appointments**

Allison Barnes, BA, MA (Ottawa), PhD (Waterloo)

Karen Leigh Brown, BA, (College of William and Mary), MA (Washington), PhD (Indiana)

Thomas Heyd, BA, MA (Calgary), PhD (W Ontario)

Angus McDonald Taylor, BA (Queen’s), MA (Toronto), MSc (Sussex), PhD (York)

Key Contact: Philosophy Chair, 250-721-7512

**Philosophy Programs**

The Department of Philosophy offers Honours, Major and General programs leading to the Bachelor of Arts degree. The department also offers courses toward an interdisciplinary Minor in “Applied Ethics” (see page 327).

**Program Planning**

Although PHIL 100 is not required for a Major or Honours degree in Philosophy, students planning to take a Philosophy degree are advised to take this course in their first year. They are strongly advised to satisfy the logic requirement (at least two of PHIL 201, 203, 370) by the end of their second year of study. Students are advised that some 200-level courses (PHIL 201, 203, 211, 220, 236, 240, 260) are prerequisites for advanced courses. Courses numbered 300 and above normally require 4.5 units of Philosophy courses. Students are advised to take, in their second year of study, the 200-level courses which are the prerequisites for the advanced courses they plan to take. Students intending to take a Major or Honours degree are strongly advised to discuss their plans with the department’s undergraduate adviser.

See the department website at <web.uvic.ca/philosophy>.

**See “Humanities and Fine Arts Co-operative Education Program” (page 195).**

**Program Requirements**

**Honours Program**

Students must complete the following 30 units of courses:
Religious Studies Program

Director: Shamma Boyarin, BA (Berkeley), PhD (Berkeley), Assistant Teaching Professor, Department of English

The program introduces students to the academic discipline of Religious Studies with a particular focus on the place and function of religions in society both today and in the past. Formal study of the religious traditions that one finds throughout the world and throughout history is widely considered to be an integral part of humanistic studies. The program reflects the growing diversity of belief systems within Canada and emphasizes the need to understand differences between religions in our increasingly interconnected world. Students will be introduced to the major world religions and contemporary religious issues, learn ways of understanding religion and develop their knowledge of specific religious subjects.

Religious Studies offers Major, General and Minor programs leading to the degree of Bachelor of Arts. Students may also undertake the Major in Understanding Religion and develop their knowledge of specific religious major world religions and contemporary religious issues, learn ways of understanding differences between religions in society both today and in the past. The Major Program introduces students to the academic discipline of Religious Studies with a particular focus on the place and function of religions in society both today and in the past.

**Major Program**

Students must complete the following 21 units of courses:

At least two of PHIL 201, 203, 370, 371 (if selected, neither 370 nor 371 can count towards upper-level requirements) .................................................. 3.0
One of PHIL 301, 303 .................................................................................. 1.5
One of PHIL 306, 308, 309, 314, 316 ............................................................. 1.5
One of PHIL 301, 303, 306, 308, 309 not selected above ........................................ 1.5
One of PHIL 352, 354, 362 ............................................................................ 1.5
One of PHIL 351, 356, 358 ............................................................................ 1.5
One of PHIL 335, 338, 339 ............................................................................. 1.5
9.0 units of Philosophy courses numbered 300 and above (excluding PHIL 321, 330, 331, 333) ............................................................. 9.0
3.0 units of Philosophy courses numbered 400 and above ........................................... 3.0
6.0 units of Philosophy at any level ........................................................................ 3.0

To obtain an Honours degree, a student must have a minimum 5.0 graduating GPA and a minimum 6.0 GPA in all credit courses taken in Philosophy.

**General and Minor Programs**

12 units of courses in Philosophy, of which 9 units must be numbered 300 or above.

**Required Courses**

To fulfill the requirements for the Minor in Religious Studies.

**Lower-Level:**

RS 201A Introduction to Judaism, Christianity and Islam ........................................ 1.5
RS 201B Introduction to Asian Religions ................................................................ 1.5
3 units of courses, selected from the list of Eligible Courses at the 100 or 200 level .................................................. 3.0

**Upper-Level:**

3 units of RS courses numbered 300-399 ................................................ 3.0
RS 401 Topics in Religious Studies or RS 403 Studies in Religion and Society .................................................. 1.5
RS 450 Capstone Seminar .............................................................................. 1.5
An additional 9 units of courses numbered 300 and above selected from RS offerings and/or from the list of Eligible Courses (no more than 4.5 units may be selected from any one other department or program) .................................................. 9.0

**Eligible Courses**

Eligible Courses at the 100 or 200 level .................................................... 3.0
3 units of courses, selected from the list of Eligible Courses to Asian Religions ................................................................................................... 1.5
RS 200B / PAAS 204 Introduction to Asian Religions .................................................. 1.5

**Program Requirements**

**Major Program**

The Religious Studies Major requires 6 units of courses at the 100 or 200 level and 15 units at the 300 or 400 level.

**Required Courses**

**Lower-Level:**

RS 200A Introduction to Judaism, Christianity and Islam ........................................ 1.5
RS 200B / PAAS 204 Introduction to Asian Religions .................................................. 1.5
3 units of courses, selected from the list of Eligible Courses at the 100 or 200 level .................................................. 3.0

**Upper-Level:**

3 units of RS courses numbered 300-399 ................................................ 3.0
RS 401 Topics in Religious Studies or RS 403 Studies in Religion and Society .................................................. 1.5
RS 450 Capstone Seminar .............................................................................. 1.5
An additional 9 units of courses numbered 300 and above selected from RS offerings and/or from the list of Eligible Courses (no more than 4.5 units may be selected from any one other department or program) .................................................. 9.0

**General and Minor Programs**

Religious Studies may be taken as part of a General Program or, as a Minor, together with an Honours or Major program in another department or faculty. If any upper-level course forms part of the student’s Honours, Major, or General program, it cannot be used to fulfill the requirements for the Minor in Religious Studies.

**Required Courses**

**Lower-Level:**

RS 200A Introduction to Judaism, Christianity and Islam ........................................ 1.5
RS 200B / PAAS 204 Introduction to Asian Religions .................................................. 1.5
3 units of courses, selected from the list of Eligible Courses at the 100 or 200 level .................................................. 3.0

**Upper-Level:**

3 units of RS courses numbered 300-399 ................................................ 3.0
6 additional units of courses numbered 300 and above selected from RS offerings and the list of Eligible Courses ........................................................................ 6.0

**Eligible Courses**
See <web.uvic.ca/rels/electivedepartments.htm> for a list of courses that are available each year.

The Faculty of Law is committed to teaching law within its wider social, political, historical and economic contexts. Our students are equipped with a foundation of knowledge and skills needed for the practice of law as well as for the many professional roles in which legal training is invaluable. Our program provides opportunities to explore a variety of specialities and to gain practical experience within a collegial learning environment that is progressive, intellectually challenging and personally enriching.
## Faculty and Other Officers

Elizabeth Adjin-Tettey, LLB Honours (Ghana), LLM (Queen’s), LLM (Calgary), DJur (Osgoode), Professor

John Borrows, BA, MA, JD, LLM (Toronto), PhD (Osgoode), FRSC, of the Bar of British Columbia, Canada Research Chair in Indigenous Law, Professor

Bradley Bryan, BA Honours (UBC), MA (McGill), LLB (UVic), PhD (California at Berkeley), LLMT (UBC), of the Bar of British Columbia, Assistant Professor

Gillian Calder, BA, LLB (UBC), Diploma in University Teaching (UNB), LLM (Osgoode), of the Bar of British Columbia, Associate Dean Academic and Student Relations, Associate Professor

James L. Cassels, QC, BA (Carleton), LLB (Western), LLM (Columbia), of the Bar of British Columbia, Professor. Serving as University President

Kathryn Chan, BMus Honours (McGill), JD (Toronto), LLM Honours (McGill), DPhil (Oxford), of the Bar of British Columbia, Assistant Professor

Patricia Cochran, BA Honours (McGill), MA (Toronto), LLB (UBC), LLM (UVic), PhD (UBC), of the Bar of British Columbia, Assistant Professor

Deborah L. Curran, BA Honours (Trent), LLB (UVic), LLM (California at Berkeley), of the Bar of British Columbia, Acting Executive Director, Environmental Law Centre, Associate Professor

Maneesha Deckha, BA (McGill), LLB (Toronto), LLM (Columbia), Director of the Graduate Program in Law, Lansdowne Chair in Law, Professor

Gerard A. Ferguson, BA (St Patrick’s), LLB (Ottawa), LLM (NY), of the Bar of Upper Canada, University of Victoria Distinguished Professor, Professor

Glenn Gallins, QC, BA (Wisconsin), MS (Wisconsin), LLB (UBC), LLM (London), of the Bar of British Columbia, Director of the Law Centre Clinical Legal Education Program, Associate Professor

Mark R. Gillen, BComm (Toronto), MBA (York), LLB (Osgoode), LLM (Toronto), Professor

Donna Greschner, BComm (Saskatchewan), LLB (Saskatchewan), BCL (Oxford), of the Bars of California and Saskatchewan, Professor

Robert G. Howell, LLB (Wellington), LLM (Illinois), of the Bar of New Zealand, Professor

Rebecca Johnson, BMus (Calgary), MBA (Alberta), LLB (Alberta), LLM (Michigan), Diploma in University Teaching (UNB), SJD (Michigan), of the Bar of Alberta, Professor

Asad Kiyani, BA Honours (Wilfred Laurier), LLB (Osgoode), LLM (Cambridge), PhD (UBC), of the Bar of Upper Canada, Assistant Professor

Freya Kodar, BA (McGill), LLB (UVic), LLM (Osgoode), of the Bar of British Columbia, Associate Dean Administration and Research, Associate Professor

Michelle Lawrence, BA (Western), LLB (UVic), LLM (Cambridge), MA (SFU), PhD (SFU), of the Bar of British Columbia, Assistant Professor

Colin MacLeod, BA (Queen’s), MA (Dalhousie), PhD (Cornell), Associate Professor

Theodore McDorman, BA (Toronto), LLB, LLM (Dalhousie), of the Bar of Nova Scotia, Professor

Jerry McHale, QC, BA (Saskatchewan), MSW (Toronto), LLB (Alberta), of the Bar of British Columbia, Professor

Val Napoleon, LLB, PhD (UVic), Law Foundation Professor of Aboriginal Justice and Governance, Associate Professor

Kim Nayyer, BSc (Alberta), LLB (Osgoode), MLIS (Alberta), Associate University Librarian

Andrew Newcombe, BSc Honours (King’s College), LLB (UVic), LLM (Toronto), of the Bar of British Columbia, Associate Professor

Sara Ramshaw, BA Honours (Toronto), LLB (UBC), LLM (UBC), PhD (Birkbeck), Associate Professor

D. Heather Raven, QC, BA, LLB (UBC), of the Bar of British Columbia, Assistant Teaching Professor

Tim Richards, BA (Carleton), LLB, BED (UVic), Legal Research and Writing Program Instructor, Assistant Teaching Professor

Supunya Routh, BA, LLB (North Bengal), LLM (West Bengal), LLM (Vanderbilt), PhD (UVic), Assistant Professor

Calvin Sandborn, of the Bar of British Columbia, Assistant Teaching Professor and Legal Director of the Environmental Law Centre

Chris Tollefsen, BA (Queen’s), LLB (UVic), LLM (Osgoode), of the Bar of British Columbia, Professor

Jeremy Webber, BA (UBC), LLB (McGill), LLM (Osgoode), FRSC, Dean of Law, Professor

### Staff

Jennifer Ambers, BBA (Camosun), MA (in progress)(UVic), Financial Aid Officer

Heather Chestnutt, BA (York), Research Facilitation Officer

Laura Dryburgh, Law Co-operative Education Assistant

Jordan Forbes, BA (UVic), Assistant to the Manager, Academic Administration and Student Services

Christina Friesen, Counsellor, Amicus Program

Tybring Hemphill, BSc (Toronto), LLB (UVic), Clinical Instructor, Law Centre Clinical Legal Education Program

Mario Ivanov, MSc (Sofia), PhD (Bulgarian Academy of Science), Desktop Support Analyst

Cheryl Lawrence, BSc (UVic), Assistant to the Associate Dean, Academic and Student Relations

Yvonne M. Lawson, BA (McGill), Manager of Academic Administration and Student Services

Darcy Lindberg, JD, LLM, PhD (in progress) (UVic), Cultural Support Coordinator, Amicus Program

Rosemary McCutcheon, BComm (UNBC), CPA, CMA, Manager of Finance and Administration

Molly McKay, BA (University of King’s College), Development Officer

Dailene O’Neill, BA (UVic), Admissions Assistant

Lisa Ouellette, Financial Assistant

Holly Pattison, BFA (UVic), Paralegal/Program Administrator, Environmental Law Centre

Stephen Perks, BA, LLB (UVic), of the Bar of British Columbia, Assistant Director of the Law Centre Clinical Legal Education Program

Janet L. Person, BBA (SFU), Admissions Officer

Laura Pringle, BA Honours (UVic), JD (Queen’s), of the Bar of British Columbia, Alumni Annual Giving Officer

Francine Proctor, BED (UBC), LLB (UVic), Law Co-operative Education Coordinator

Gail Rogers, Faculty Assistant

Julie Sloan, BA (UVic), Communications Officer

Hayley Stevenson, BA (UVic), Law Careers Assistant

Katharine Waring, BSc (Philippines), Assistant to the Dean

Heather Wiltse, LLB (Osgoode), of the Bar of British Columbia, Law Careers Officer

Abby Winograd, Assistant to the Manager, Academic Administration

### Visiting, Adjunct and Cross-listed Appointments

Oliver Brandes, BA Honours, MA (Queen’s), LLB (UVic), Adjunct Professor

Andrew Buck, BA Honours (Australia), MA, PhD (Australia), Grad Dip Jurisprudence (Australia), Adjunct Professor

Keith Carlson, BA, MA (UVic), PhD (UBC), Adjunct Professor
Barbara Carmichael, BBA Honours (SFU), LLB (UVic), Adjunct Professor
Joan Chambers, BComm (Alberta), LLB (UVic), of the Bar of British Columbia, Adjunct Professor, Chief Judge
Thomas Crabtree, BA (UBC), LLB (UVic), Adjunct Professor
Bradley Danks, BA (UBC), LL.B. (UVic), Adjunct Professor
Mary Falconer, BA Honours (Durham), LLB (UVic), LLM (Osgoode), of the Bar of British Columbia, Adjunct Professor
Stephen Ferance, BSc (Toronto), LLB (UVic), of the Bar of British Columbia, Adjunct Professor
Judy Fudge, BA Honours (McGill), MA (York), LLB (Osgoode), DPhil (Oxford), Adjunct Professor
Richard Fyle, QC, BComm (UBC), LLB (Alberta), MBA (UVic), of the Bar of British Columbia, Adjunct Professor
Peter Gal, BA (Manitoba), LLB (Osgoode), LLM (Harvard), of the Bar of British Columbia, Adjunct Professor
Jonas Gifford, BSc (UVic), LLB (UVic), Adjunct Professor
Kevin Gillee, BA (Alberta), LLB (Toronto, BCL (Oxford), Adjunct Professor
Mike Gills, LLB (Queen’s), Adjunct Professor
Hugh Gwillim, BA (Alberta), LLB (UVic), of the Bar of British Columbia, Adjunct Professor
Andrew J. Harding, MA (Oxford), LLM (Singapore), PhD (Monash), Adjunct Professor
Rod Hayley, BA Honours (UVic), PhD (London), LLB (Queen’s), of the Bars of British Columbia and Saskatchewan, Adjunct Professor
Kimberly Henders-Miller, BSc (UBC), LLB (UVic), of the Bar of British Columbia, Adjunct Professor
Samantha Hulme, BA Honours (Durham), LLB (UVic), LLM (Osgoode), of the Bar of British Columbia, Adjunct Professor
Lyman R. Robinson, QC, BA, LLB (Saskatchewan), LLM (Harvard), of the Bar of British Columbia, Professor Emeritus
Stephen Ferance, BSc (Toronto), LLB (UVic), of the Bar of British Columbia, Adjunct Professor
Justice Jeffrey Oliphant, QC, LLB (Manitoba), Adjunct Professor
Joel Oliphant, BA (Winnipeg), LLB (Kent), LLM (Manitoba), of the Bars of Manitoba, Upper Canada, Ontario and British Columbia, Adjunct Professor
Paul Pearson, BA, LLB (UVic), Adjunct Professor
Deanna Rivers, BA (BC Open University), LLB (UVic), of the Bar of British Columbia, Adjunct Professor
Kate Saunders, BSc Honours, LLB (UBC), of the Bar of Alberta and British Columbia, Adjunct Professor
Tamara Saunders, BA, LLB (UVic), of the Bar of British Columbia, Adjunct Professor
Jamal Seifi, LLB (National University of Iran), LLM, PhD (Hull, UK), Adjunct Professor
Daniel So, BA (Western), JD (UVic), of the Bar of British Columbia, Adjunct Professor
Theodore Sum, BSc, LLB (UBC), of the Bar of British Columbia, Adjunct Professor

The Faculty of Law offers a three-year program leading to the Juris Doctor (JD) degree. The faculty’s JD program qualifies students for articles and the practice of law in all provinces and territories except Quebec.

The faculty also offers the following programs:

- JD+MBA Double Degree Program
- JD+MPA Double Degree Program
- JD/BCL (Civil Law Degree Graduates)
- Concentration in Environmental Law and Sustainability

Please see "Law Co-operative Education Program", page 232.
LIMITATION OF ENROLMENT

Applicants for admission to the Faculty of Law should be aware that the number of applicants who meet the minimum requirements for eligibility far exceeds the number of places available. Candidates who meet admission requirements are not guaranteed admission to the faculty.

Faculty Admissions

APPLICATION FOR ADMISSION

Information concerning admission is available from the Law Admissions Office or our website at <uvic.ca/law>. The online application form is available via the website.

The application period opens September 1 and ends January 15. However, applicants are strongly encouraged to submit applications as early as possible, as offers will be made beginning in September.

All admissions to the Faculty of Law are at the discretion of the Admissions Committee.

Admission inquiries should be addressed to the Law Admissions Office:

Faculty of Law
University of Victoria
PO Box 1700 STN CSC
Victoria BCV8W 2Y2
Phone: 250-721-8151
Fax: 250-721-6930
Email: lclerk2@uvic.ca
Web: <uvic.ca/law>

ADMISSION TO THE FIRST-YEAR PROGRAM

Regular Applicants

To be considered for admission to the Faculty of Law, Regular applicants must:

• submit a completed application; and
• submit a personal statement; and
• write the Law School Admission Test (LSAT) within the previous five years; and
• present proof of having received, with standing satisfactory to the Faculty of Law, a degree from the University of Victoria or an equivalent degree from a recognized college or university; or
• present proof of having completed, with standing satisfactory to the Faculty of Law, at least the first three years (45 units) of a program leading to a degree at the University of Victoria, or the equivalent at a recognized institution.

In addition, each applicant may be required to satisfy other requirements that may be prescribed from time to time.

Determination of Admissibility

Admission decisions are primarily determined by an applicant’s pre-law academic record and Law School Admission Test (LSAT) score. An applicant’s personal statement may also be considered.

Special Access Applicants

To qualify under the Special Access category you must be able to provide evidence that your academic achievements have been significantly delayed, interrupted or adversely affected by:

• a medical condition or disability (physical, sensory, learning, addiction, mental illness, or similar condition or disability); or
• family or similar responsibilities and the consequent need to attend to these responsibilities or to maintain employment; or
• cultural, economic or other factors.

Selection from qualified Special Access applicants will be made on the basis of the applicant’s:

• achievements in occupational endeavours, and community, public service and cultural activities that indicate an ability to succeed in law school;
• academic performance in any educational or training programs or courses;
• reference letters; and
• LSAT score.

An applicant who has not completed the minimum academic requirements for admission in the Regular category should demonstrate why it would be unreasonable to expect the applicant to complete the minimum academic requirements prior to entering law school.

Applicants who have less than three years of post-secondary education at the university or college level are very rarely admitted. Any such applicant must demonstrate the ability to perform at a level that meets the academic standards of the law school.

Aboriginal Applicants

The Faculty of Law desires that the number of First Nations, Metis and Inuit peoples in the legal profession increase substantially and, accordingly, encourages inquiries and applications from Aboriginal people.

Applications from Canadian Aboriginal people will be considered on an individual basis, taking into account such factors as academic performance, results of the LSAT, employment history, letters of reference, and past, present and future connection with the Aboriginal community.

Applicants with less than three academic years of post-secondary education are rarely offered admission.

If an applicant’s academic background makes it appropriate, the Admissions Committee may make an offer of admission conditional upon successful completion of the Program of Legal Studies for Native People, conducted by the Native Law Centre at the University of Saskatchewan. The faculty fully endorses this program, and considerable weight is placed upon the evaluation submitted by its director. For more complete information concerning the Program of Legal Studies for Native People, please contact:

The Director
Program of Legal Studies for Native People
Native Law Centre
University of Saskatchewan
101 Diefenbaker Place
Saskatoon, Saskatchewan
Canada S7N 5B8
Phone: 306-966-6189
Email: native.law@usask.ca

Applicants must supply satisfactory evidence of their eligibility to apply in the Aboriginal category.

Applicants Whose First Language is Not English

Applicants whose first language is not English and who have not completed a minimum of three full academic years of post-secondary study that was taught and assessed in English, must write the Test of English as a Foreign Language (TOEFL). Applicants who have written the TOEFL iBT need a minimum score of 100, with no less than 25 on each of the individual components, whereas those who wrote the paper and pencil test need a score of 600 out of a possible 677. Students applying to the joint Common Law/Civil Law Degree Program are exempt from this requirement.
Part-Time Students

A limited number of positions in the faculty are available for part-time legal studies. Students must demonstrate to the satisfaction of the faculty that they are unable to attend on a full-time basis because of health reasons, physical disability or exceptional family or financial hardship.

Students must ensure that their part-time program conforms to the Law Society requirements in the province in which they wish to practice. Requests for part-time studies should be made in writing and submitted to the Law Admissions Office once an applicant has been admitted to the faculty.

Admission as an Upper-Level Student

Applications are considered from students in other Canadian law schools or with non-Canadian law degrees who wish to attend the Faculty of Law as upper-level students. The number of applicants accepted is determined each year by the number of available places in upper-year courses.

Applications for upper-level positions commencing in September should be submitted by April 30 (date subject to change.) Where appropriate, the faculty may consider applications for entry in January of the Winter Session or May of the Summer Session.

Transfer Student Applications

Applicants who wish to transfer to the Faculty of Law must complete a minimum of two years of legal education in the faculty in order to obtain a Juris Doctor (JD) degree from the University of Victoria. Applications must be accompanied by the following:

1. the applicant’s academic record from law school and all other post-secondary studies;
2. the applicant’s reasons for seeking to transfer to the Faculty of Law; and
3. LSAT score.

Applications will be considered if:

1. the applicant meets all of the eligibility requirements for admission to the first-year program of the Faculty of Law (including the LSAT); and
2. the law courses which have been completed by the applicant are compatible with the curriculum of the Faculty of Law.

Preference is given to students who are academically outstanding and who have the potential to make a unique contribution to the academic program of the Faculty of Law. While consideration is given to an applicant’s reasons for wanting to transfer, compassionate grounds for transferring will not compensate for less competitive law school grades. Students who have undertaken their previous legal education at a Canadian law school will be given preference over applicants whose previous legal training was undertaken outside Canada. Please note that applicants from non-Canadian law schools are rarely admitted under the transfer category.

Visiting Students

Applications from law students currently attending another university who wish to visit the faculty for one or two terms will be considered. A letter of permission from the student’s current law school is required prior to enrolment in UVic’s regular fall or spring terms as well as the summer session. If accepted, a visiting student’s course program must be approved by the Deans of both law schools or their designates.

Applicants with Canadian Civil Law Degrees

Please see section “JD for Civil Law Graduates” on page 232.

Applicants with Non-Canadian Law Degrees

The Faculty of Law will consider applicants who have credentials in law from universities outside Canada for Summer Session only. Such applicants should arrange to have their academic record evaluated by the National Committee on Accreditation before applying to the faculty. The National Committee is responsible for granting Certificates of Qualification, which are recognized by the various Canadian Law Societies for admission to the Bar. Decisions of the National Committee regarding requirements for the Certificate do not guarantee admission to the Faculty of Law. Admission to the faculty is competitive and subject to the availability of space. Normally the Law Faculty will only accept NCA applicants who have demonstrated competency in the core NCA subject areas that are equivalent to our first year curriculum. Information about the Certificate may be obtained by writing to:

National Committee on Accreditation

World Exchange Plaza

45 O’Connor, Suite 1810

Ottawa ON, CanadaK1P 1A4

Email: nca@flsc.ca

Web: <www.flsc.ca/en/nca>

Registration Information

Completion of Registration

In addition to completing the requirements for admission (see “Faculty Admissions” page 226), all students are required to register at the times announced by the Faculty of Law. All new students will be informed of the procedures for registration. Course registration for first year is handled by the faculty administration. First-year students are required to attend the opening assembly in September when they will receive their course schedules and other information.

All Letters of Admission or Authorizations to Reregister that are not used to register in the term or session to which they apply have no further validity.

Registration in any course is not confirmed until:

1. all course prerequisites have been met;
2. the required registration procedures have been completed;
3. all required fees have been paid (see “Payment Due Dates”, page 58); and
4. classes in the course have begun and the student is in attendance.

The faculty reserves the right to cancel the registration in a course of any student who fails to attend that course within seven calendar days of the commencement of the term, or of any student who is not able to demonstrate that all course prerequisites have been met.

A student who for medical or compassionate reasons is unable to attend a course during the first seven calendar days of the term may apply to the Associate Dean Academic and Student Relations within that time to confirm registration in that course, and the Associate Dean may confirm the registration. The exceptions are LAW 106 and LAW 350 where, for pedagogical reasons, students must be in attendance for the entire course.

Student Responsibility

Students are responsible for ensuring that:

• their courses have been chosen in conformity with Calendar regulations;
• their registration is complete and accurate;
• there is no discrepancy between the program they are following and the approved program recorded in the Associate Dean’s Office of the Faculty of Law; and
- any changes to their mailing address, email address or telephone number are promptly updated on their student record through "My page".

Students may not attend courses in which they are not registered unless they obtain the express permission of the Associate Dean. Students may not register in a course for which they have previously received credit without the consent of the Associate Dean Academic and Student Relations.

A letter or email sent to a student’s address as currently on record in the Associate Dean’s Office of the Faculty of Law or on the student’s record in “My page” will be deemed adequate notification to the student for all matters concerning the University.

**Registration For Both Terms in Winter Session**

Students planning to undertake studies in both terms of the Winter Session must register by September for all courses they intend to take, including single-term courses beginning in January.

**Changes in Registration**

Courses may not be changed after the designated add/drop period at the start of each term without permission of the Associate Dean Academic and Student Relations. Failure to drop a course which a student does not intend to take will result in a failing grade.

Please refer to the information under ‘Fee Reductions’, page 58, for dropped courses.

Any student who after registration decides to drop all courses is withdrawing from the University and must notify the Associate Dean’s Office of the Faculty of Law in writing, which will in turn notify Undergraduate Records.

**TEMPORARY WITHDRAWAL AND REREGISTRATION**

Upon successful completion of first year, a student may, with the permission of the Associate Dean Academic and Student Relations, stop out of the JD program for a single period not exceeding two academic years, or on more than one occasion not exceeding a cumulative total of two years.

When a student stops out part way through an academic year or session, the regulations that are normally applicable to an academic year, including regulations for achieving standing in a year, will be applied to a program consisting of the term completed prior to stopping out and the next term that the student completed after re-enrolment.

When a student stops out after the completion of an academic year and the student re-enrolls in the second term of Winter Session, regulations that are normally applicable to an academic year, including regulations for achieving standing in a year, will be applied to a program consisting of the next two academic terms completed by the student.

In no case may a student retain partial credit for a full-year course that has not been fully completed.

**Faculty Academic Regulations**

In addition to the specific regulations stated below, students registered in the Faculty of Law are subject to the general academic regulations of the University.

Notwithstanding anything contained in the following regulations, the faculty shall exercise an equitable discretion in a particular case so as to achieve a fair and reasonable result.

**GRADING**

**Review of an Assigned Grade**

Students are referred to the general University regulations (see “Undergraduate Academic Regulations”, page 39) and to the regulations adopted by the Faculty of Law. The following specific regulations apply to students in the Faculty of Law:

1. Any request for a review of a final grade must normally reach the office of the Associate Dean Academic and Student Relations within 21 days after the release of grades by the Associate Dean’s Office.

2. Where a final grade is based wholly or in part on any written materials other than an examination paper, such materials will, for the purpose of these procedures, be treated as if they are examination papers.

</table>
GRADUATION REQUIREMENTS FOR THE JD

To be awarded a JD, students must successfully complete the 15.0 units in the compulsory first year curriculum and a minimum of 29.0 upper year units. They must achieve standing in each of the three years of the law program, and must achieve standing in the program.

To be granted standing in first, second or third year, a student must:

1. Pass all of the courses in the student’s approved program for the year without any N, F, or DEF grades in any course; and
2. Obtain a GPA of at least 3.00 in the courses not graded on a pass/fail basis.

Standing in the program will be granted when a student:

1. Achieves standing in each of the first, second and third years; and
2. Completes a research paper of not less than 7,500 words (exclusive of footnotes, endnotes, bibliography and appendices) on an approved subject with a grade of C+ or better during the second or third year. The requirement may be satisfied within an existing course or through directed research, upon approval of the supervising faculty member.

3. Students who commenced first year of the JD program in September 2009 or earlier must successfully complete the two upper level courses that were compulsory for students at that time: LAW 307 Civil Procedure, and LAW 309 The Law of Evidence.

4. Students who commence the JD program in September 2012 or later must successfully complete the compulsory upper-level courses: LAW 301 The Administrative Law Process, LAW 315 Business Associations, and LAW 360 Legal Ethics and Professionalism, or equivalent courses approved by the Associate Dean Academic and Student Relations in advance of students enrolling in the course as a means of satisfying the Federation of Law Societies of Canada’s requirements.

The graduating GPA for law students will be calculated on all courses taken in the JD degree, including non-law electives and supplementals, regardless of course level.

Part-time Students

In addition to satisfying the above requirements, part-time students in second year or third year must satisfy the following requirements at the end of each academic session. In order to proceed to the next academic session, a part-time student must pass all of the courses in the student’s approved program for the academic session and attain a grade point average of at least 3.00 in the courses for the academic session.

**SUPPLEMENTAL EXAMINATIONS**

a) A full-time student who does not achieve standing as specified above, but attains a GPA of at least 2.00 will be permitted to write supplemental examinations in not more than two courses.
b) For the purpose of determining a student’s eligibility to write supplemental examinations, a grade of COM in LAW 350: Clinical Law Term, or in any approved exchange term graded on a COM/F basis will be deemed to have a grade point value of 3.00.

c) Where a student enrolled in a clinical program or other course exclusively for a term (15 weeks) fails to meet the grade required to be granted standing, the matter will be referred to the faculty or a committee thereof. The faculty, after considering the recommendation of any committee to which the matter has been referred may confirm the failing grade or may permit the student to undertake any one or more of the following:

• supplemental examinations;
• the completion of such assignments, papers or tests as may be appropriate; and
• remedial work designated by the faculty.

d) Where, in the opinion of the faculty, the student’s conduct or lack of competence in the clinical program or course may adversely affect members of the public or personnel including students associated with the program or course, the faculty may prohibit the student from re-enrolling in the program or courses, or the faculty may require the student to withdraw from the faculty.

e) Supplemental examinations may not be written in courses in which a student has attained a grade of C+ or better.

f) Supplemental examinations for the year are normally written in July.

g) The grade point value for supplemental examinations will be determined in accordance with the “Faculty of Law – Grading Scale” (see page 228). The original sessional grade point average, original letter grade and a revised sessional grade point average, taking into account the supplemental examination results, will be recorded on a student’s transcript.

**Special Examinations**

a) Subject to subsections (b) and (c), the faculty may authorize a student to write Special Examinations in order to achieve standing, where the faculty determines that a student’s ability to write or to complete an examination or other academic requirement has been affected by illness, family affliction or other special circumstances.

b) A request for a Special Examination under subsection (a) must be made in writing to the Associate Dean Academic and Student Relations within five days after the date on which the original examination was written or was to be written, or within five days after the date on which the other academic requirement was due, and the student must provide a physician’s report or other substantiating documentation as soon as possible.

c) For the purposes of providing evidence to the faculty as to the nature of the illness and the effect of that illness upon the student’s ability to complete an examination or other academic requirement, the physician’s medical report should be made on the form approved by the Faculty of Law for that purpose wherever possible. Where the form provided by the Faculty of Law is not used, the medical report should contain the kinds of information sought on that form.

d) Where a student has written an examination, a request for a Special Examination under (b) shall be confirmed or withdrawn by the student within 10 days after grades have been released by the Associate Dean’s Office. Where the request is not confirmed within that 10-day period, it will be deemed to have been withdrawn.

e) Special Examinations for the year are normally written in July.

f) Students will be advised in writing with respect to procedures to be followed in such cases.

g) The mark obtained on a Special Examination or other academic requirement written pursuant to this regulation will replace only the mark the student had or would have had on that component of the course.

**Credit for Courses Outside the Faculty**

Students may, in their second and third years, take courses in other departments and schools in the University of Victoria for credit in the Faculty of Law. Students may not take Summer Session courses for credit unless they are enrolled full-time in the Law Faculty academic summer term, in which case faculty regulations respecting approval and unit limit for those courses will apply as if the course were taken in a fall or winter term of the JD Program.

Students may take up to 3 units of such courses over the two academic years.

Students must obtain the approval of the Associate Dean Academic and Student Relations and the outside instructor in advance of registration for any such course. The approval of the Associate Dean is based upon criteria set out in faculty regulations.

Students enrolled in the JD+MPA Double Degree program may take an additional 3 units of ADMN 598 or ADMN 599 in lieu of 3 units of LAW 399. Please refer to “JD+MPA Double Degree Program” (page 231), for more information.

Students enrolled in the JD+MBA Double Degree program may take an additional 3 units of MBA 598 or MBA 596 in lieu of 3 units of LAW 399. Please refer to “JD + MBA Double Degree Program” (page 231), for more information.

**Repetition of a Year**

A student who fails to achieve standing in any year may apply to the faculty, through the Associate Dean Academic and Student Relations, for permission to repeat the year.

**Part-time Students**

A student who is admitted as a part-time student may not become a full-time student until the student has achieved standing in first year.

In order to continue as a part-time student after achieving standing in first year, a student must demonstrate to the faculty at the beginning of each academic session that he or she continues to be unable to attend on a full-time basis because of health reasons or physical disability, or exceptional family or financial hardship.

A student who achieved standing in first year as a full-time student may apply to continue his or her studies as a part-time student. The faculty may allow a limited number of these students to enrol as part-time students upon being satisfied that a student is unable to continue as a full-time student because of health reasons, physical disability, family or financial hardship.

**Regulations Concerning Student Conduct and Competence in Clinical Programs**

For the purposes of these regulations, clinical programs include:

- LAW 349 Business Law Clinic
- LAW 350 Law Centre Clinical Program
- LAW 353 Environmental Law Centre Clinic
- LAW 386A Environmental Law Centre Clinic Intensive: Legal Skills & Sustainability
- LAW 386B Environmental Law Centre Clinic Intensive: Problem Solving

Where, during the course of a term, there are reasonable grounds to believe that the conduct or lack of competence of a student enrolled in a clinical program has adversely affected or may adversely affect:

- clients of the program;
- personnel, including students, associated with the program; or
- the program’s relationship with the judiciary, members of the bar or other persons involved with or affected by the activities of the program;
the Director of that program may restrict the activities of the student as he or she deems advisable, and the Dean, upon the request of the Director, may require the student to withdraw temporarily from the program pending the receipt of a report on the conduct or lack of competence of the student.

After giving the student an opportunity to be heard, the faculty may reinstate a student who has been obliged to withdraw temporarily from a program or require the student to withdraw permanently from the program if the faculty is satisfied that the student’s conduct or lack of competence may affect members of any of the groups identified in the preceding paragraph.

Where the faculty requires a student to withdraw from a clinical program, a grade of N will be entered on the student’s academic record and transcript.

Law Program Requirements

FIRST YEAR PROGRAM

All courses in the first-year program are compulsory. Full-time students must enrol in all courses in the first-year program.

In the first academic year of attendance, part-time students must enrol in courses amounting to not fewer than 7 units of courses including:

- LAW 104 (1.5) Law, Legislation and Policy
- LAW 106 (1.0) The Legal Process
- LAW 110 (1.5) Legal Research and Writing

Part-time students must complete the remainder of the compulsory first-year program in the second academic year of attendance.

SECOND- AND THIRD-YEAR PROGRAMS

The Faculty of Law may designate courses as compulsory, prerequisite or recommended courses.

In each of the second and third years of the program, a student will enrol in a course program which has been approved by the Dean or the Dean’s nominee.

- An approved program for a full-time student is one in which a student is enrolled in courses totalling not fewer than 14.5 units and not more than 16.5 units over the academic session (that is, during the 30-week period).
- An approved program for a part-time student is one in which a student is enrolled in courses totalling not fewer than 7 units and not more than 14.5 units, over the academic session (that is, during the 30-week period).

Without the permission of the Dean or the Dean’s nominee, a full-time student may not carry fewer than 7 units or more than 8.5 units in one term per session (that is, during the 15-week period). Without the permission of the Dean or the Dean’s nominee, a part-time student may not carry fewer than 3 units or more than 7 units in one term per session (that is, during the 15-week period).

In order to complete the program requirements, a student must enrol in approved programs for the second and third years which amount to a total of not fewer than 29 units.

JD + MBA DOUBLE DEGREE PROGRAM

Students who apply and are accepted into both the Law Faculty JD and Business Faculty MBA programs may earn both degrees concurrently with modified requirements for each. The two degrees normally require five years of study, whereas double degrees may be completed in four years. For information on the MBA program requirements, please see the UVic Graduate Calendar.

To complete the JD portion of the program, a student must complete the entire first-year law curriculum. The first year of the program will devoted entirely to the first-year law courses. After that, the JD portion of the program requires a student to complete 29 units of law upper year courses, or law-approved courses as follows:

- 6 Units of MBA courses (MBA Foundation Courses - 3 units; and MBA 596 or MBA 598 – 3 units) in lieu of Law Faculty’s 3-unit non-law course option in other faculties and LAW 399 Supervised Research and Writing – 3 units). See the UVic MBA Calendar for details
- 23 Units Law Upper Year Courses including:
  - All Compulsory JD Courses, including the major paper requirement
  - LAW 315 Business Associations
  - LAW 345 Taxation
  - Plus 3 of the following courses:
    - LAW 312 Debtor and Creditor Relations
    - LAW 313 Securities Regulation
    - LAW 314 Commercial and Consumer Law
    - LAW 316 Secured Transactions and Negotiable Instruments
    - LAW 317 Real Property Transactions
    - LAW 326A The Individual Employment Relationship
    - LAW 326B Labour Law
    - LAW 346 Advanced Taxation: Corporations
    - LAW 346B Advanced Taxation: International Taxation
    - LAW 347 Intellectual Property
    - LAW 348 Business Law Clinic (once)
    - LAW 332 International Trade Law
    - Other courses with approval of the Associate Dean, Academic and Student Relations

Students enrolled in the JD+MBA double degree program are not eligible to enrol in the Law Co-op Program. Students admitted to the Law Co-op Program during first year law and subsequently enrol in the JD+MBA double degree program shall withdraw from the Law Coop Program. Students enrolled in the JD+MBA double degree program will be required to complete any mandatory work-terms as specified by the Faculty of Business. Students enrolled in the JD+MBA double degree program are subject to the Faculty regulations (modified where necessary) in regard to their JD course requirements. Grade point averages for the purposes of awarding Law Faculty prizes and scholarships will be calculated only on Faculty of Law courses.

Students enrolled in the JD+MBA double degree program must submit two formal applications for graduation when registering in their final Summer or Winter session. Graduation application forms are available on “My Page”. Application deadlines are July 15 for the October graduation (November convocation) and December 15 for the May graduation (June convocation). Both degrees must be conferred at the same Senate meeting, and be awarded at the same convocation.

JD+MPA DOUBLE DEGREE PROGRAM

Students who apply and are accepted into both the Law Faculty JD and School of Public Administration MPA programs may earn both degrees concurrently with modified requirements for each. For information on the MPA requirements, please see the UVic Graduate Calendar.

The two degrees normally require five years of study, whereas the concurrent degrees may be completed in four years.

- The first year of the program will be devoted entirely to the first-year Law curriculum.
- The second year of the program will be devoted to completion of Term 1 of the MPA program and subsequently a combination of Law

UVIC UNDERGRADUATE CALENDAR JANUARY 2018
Students in the program must complete, after first-year Law, 29 units of Law or Law-approved courses, including the following:

- 3 units of Public Administration courses in lieu of the Law Faculty’s 3-unit non-Law course option in other faculties; and
- ADMN 598 or ADMN 599 in lieu of 3 units of LAW 399 Supervised Research and Writing.

Students enrolled in the JD+MPA Double Degree program are subject to the Law Faculty regulations (modified where necessary) in regard to their JD course requirements. Grade point averages for the purposes of awarding Law Faculty prizes and scholarships will be calculated only on Faculty of Law courses.

Students enrolled in the JD+MPA double degree program will not be eligible to enrol in the Law Co-op Program. Students admitted to the Law Co-op Program during first year law who subsequently enrol in the JD+MPA double degree program shall withdraw from the Law Co-op Program. Students enrolled in the JD+MPA double degree program will be required to complete any mandatory work-terms as specified by the School of Public Administration.

Students enrolled in the JD+MPA double degree program must submit two formal applications for graduation when registering in their final Summer or Winter session. Graduation application forms are available on “My Page”. Application deadlines are July 15 for the October graduation (November convocation) and December 15 for the May graduation (June convocation). Both degrees must be conferred at the same Senate meeting, and be awarded at the same convocation.

**JD for Civil Law Graduates**

The Faculty of Law at the University of Victoria offers a program under which a limited number of Civil Law graduates from Quebec and Ontario may, through subsequent studies, be awarded the JD degree.

Applicants for this program must commence their studies at the University of Victoria within two years of completing their Civil Law degree. Students will be admitted at the discretion of the Admissions Committee. The following are the academic requirements:

- A student who has completed the requirements of a Civil Law degree at a Canadian law school may obtain a JD from the University of Victoria by successfully completing an aggregate total of 22.5 units of courses at the University of Victoria Faculty of Law.
- The Criminal Law Process;
- The Constitutional Law Process; and
- Law Legislation and Policy.

• Students in the program must also complete, or establish that they have taken the equivalent as part of their Civil Law degree, any upper-year courses that are designated as compulsory.

• Students in the program must complete the faculty’s major research paper requirement.

• Students in the program must not take courses towards their JD that substantially duplicate courses that they have taken towards their Civil Law degree.

**Concentration in Environmental Law and Sustainability**

The Concentration provides students opportunity to take more courses in environmental law and sustainability.

**Admission Requirements and Procedures**

The Concentration is open to all UVic JD students who have obtained an average of C+ or better in their previous year of legal studies. Students must apply for admission to the Concentration. See the Associate Dean’s website for details.

**Concentration Requirements**

Students accepted into the Concentration must fulfill requirements of the Concentration and also requirements of the JD Program. Students must obtain a grade of C+ or better in all required and elective courses for the Concentration. Students who successfully complete the Concentration requirements will receive a notation on their transcripts.

**Required Courses**

<table>
<thead>
<tr>
<th>Course Code</th>

<tr>
<td>LAW 386B (2.0)</td>
<td>Environmental Law Centre Clinic Intensive: Problem Solving</td>
</tr>
</tbody>
</table>

Other elective courses approved in writing by the Associate Dean, Academic and Student Relations, in advance of students enrolling in the course.

**Law Co-operative Education Program**

The University regulations with respect to Co-operative Education Programs (see “General Regulations: Undergraduate Co-op”, page 61) are applicable to the Faculty of Law Co-op Program except to the extent that they are modified by regulations adopted by the Faculty of Law, and approved by the Senate.
Admission to the Law Co-op Program

Students who are currently registered in first-year Law at the University of Victoria are eligible for admission to the Law Co-op Program.

Transfer students who have received advance standing credit at the University of Victoria for first year law may be eligible to enroll in Law Co-op and should contact the Law Co-op Coordinator for additional information.

Program Requirements

Unless permission has been granted by the Associate Dean, Academic and Student Relations, and the Law Co-op Coordinator, students who have not met the Faculty requirements for standing will not be eligible to participate in the next scheduled Co-op work term. First year December examinations may be considered when determining student eligibility to compete for a summer work term.

Unless permission has been granted by the Associate Dean, Academic and Student Relations, and the Law Co-op Coordinator, students with outstanding supplemental exams, special exams, or deferred assignments will not be eligible to participate in the next scheduled Co-op work term.

A student who enrolls in the Law Co-op Program must satisfactorily complete a minimum of two Co-op work terms in order to receive a Co-op designation on their transcript.

Co-op work terms shall normally alternate with academic terms. First-year students who have met the Faculty requirements for standing will be eligible to compete for a work term for the summer following completion of the first year of law school. With the permission of the Associate Dean, Academic and Student Relations and the Law Co-op Coordinator, a student may be permitted to enrol in a maximum of two consecutive Co-op work terms or two consecutive academic terms.

With the permission of the Associate Dean, Academic and Student Relations and the Law Co-op Coordinator, a student who has completed all degree requirements but who has not yet convocated may be permitted to enrol in a Law Co-op work term. A student who engages in such a work term is not eligible to convocate until after the work term has been completed.

Students may not obtain credit for any of their Co-op work terms on the basis of work experience obtained prior to their enrolment in the Law Faculty.

The performance of students registered in a Law Co-op work term shall be graded on the basis of COM, N/X or F/X.

The requirements for a pass grade in a Co-op work term include:

a) completion of at least 12 weeks of full-time employment. Normally, the expected number of weeks per work term is 15 and the expected number of hours per week is 35. The minimum number of weeks per work term is 12 and the minimum number of hours per week is 35;

b) a satisfactory evaluation of the student’s performance in the Co-op work term by the Law Co-op Coordinator; and

c) submission by the student of a satisfactory Co-op work term report.

A student who does not fulfill these requirements shall be given an F/X or N/X grade unless a COM grade has otherwise been approved by the Associate Dean, Academic and Student Relations, and the Law Co-op Coordinator.

Students who fail a work term will normally be required to withdraw from the Law Co-op Program.

Regulations Concerning Student Conduct and Competence on Co-op Work Terms

Where there are reasonable grounds to believe that the conduct or lack of competence of a law student enrolled in the Law Co-op Program has adversely affected or may adversely affect the interests of an employer or the Law Co-op Program, the Associate Dean, Academic and Student Relations or Law Co-op Coordinator may require a student to withdraw temporarily from a work term or from the Law Co-op Program pending the receipt of a report on the conduct or lack of competence of the student.

Where the Associate Dean, Academic and Student Relations or the Law Co-op Coordinator has required a student to temporarily withdraw and has not reinstated the student within a reasonable period of time, the faculty members of the Co-op Committee, after giving the student an opportunity to be heard, shall consider whether the temporary withdrawal should be lifted or made permanent.

The faculty members of the Co-op Committee may reinstate the student or, if they are satisfied that the student’s conduct or lack of competence has adversely affected or may adversely affect the interests of an employer or the Law Co-op Program, they may require the student to withdraw permanently from a work term or from the Law Co-op Program.

Where a student is required to withdraw from a Law Co-op work term, a grade of F/X or N/X shall be entered on the student’s academic record and transcript.

Voluntary Withdrawals from Law Co-op During a Co-op Work Term

Where a student is registered in a Law Co-op work term and the student has commenced employment with an employer, the student will only be permitted to withdraw from the work term with the consent of the Law Co-op Coordinator. Withdrawal from such a work term without the Law Co-op Coordinator’s consent will result in a failed grade and may result in the student being required to permanently withdraw from the Law Co-op Program. If the Law Co-op Coordinator consents to the withdrawal, the registration in that work term shall appear as a Withdraw No Fault (WNF) on the transcript. If the cause of the withdrawal is not attributable to the student, the Coordinator may recommend refund to the student of the fee for that Co-op work term.

Appeals

Students with concerns related to the Law Co-op Program or requests for authorization to change their program shall first consult with the Law Co-op Coordinator.

If a student is not satisfied with a decision of the Law Co-op Coordinator, the student may appeal the decision in writing to the faculty members of the Co-op Committee. The faculty members of the Co-op Committee shall consider appeals from students. The faculty members shall request written submissions from the student and the Coordinator and may invite the student and the Coordinator to make oral submissions to the Committee. The Committee shall communicate their decision in writing to the student and the Coordinator in a timely fashion.

If the student or the Law Co-op Coordinator is not satisfied with the decision of the faculty members of the Law Co-op Committee, the student or the Coordinator may appeal the decision of the Committee to the Executive Director, Co-operative Education Program and Career Services.

If the student is not satisfied with the decision of the Executive Director, Co-operative Education Program and Career Services, the student may appeal to the Senate Standing Committee on Appeals where the matter under appeal falls within that Committee’s jurisdiction. This appeal process is governed by the regulations outlined in “Appeals to the Senate” on page 57. Decisions of the Senate Committee on Appeals are final and may not be appealed to the Senate.
Faculty of Science

The Sciences encompass the various disciplines concerned with the study of the terrestrial and cosmic worlds and their phenomena. The study of science introduces students to methods of enquiry and approaches to learning that emphasize systematic observation, experimentation and critical thinking. Through the disciplines of Astronomy, Biochemistry, Biology, Chemistry, Earth and Ocean Sciences, Mathematics, Microbiology, Physics and Statistics, students have opportunities to engage in scientific discovery, to enhance their knowledge and comprehension of the universe, and to prepare themselves for a diverse range of stimulating careers.

Robert Lipson, BSc, MSc, PhD (Tor), Dean of Science
Robin G. Hicks, BSc (Dalhousie), PhD (Guelph), Associate Dean
Cindy Holder, BA (McGill), MA (Dal), PhD (Arizona), Associate Dean
Advising
General Information

DEGREES AND PROGRAMS OFFERED

The Faculty of Science comprises the Departments of Biochemistry and Microbiology, Biology, Chemistry, Mathematics and Statistics, and Physics and Astronomy, and the School of Earth and Ocean Sciences.

Each department in the faculty offers programs of varying levels of specialization in one or more disciplines leading to the degree of Bachelor of Science (BSc):

- an Honours Program which involves a high level of specialization in a discipline and requires 18 to 36 units in that discipline at the 300 or 400 level
- a Major Program which requires less specialization, usually 15 units in a discipline at the 300 or 400 level
- a General Program which requires 9 units at the 300 or 400 level in each of two disciplines

The disciplines in the faculty and the programs leading to the BSc are shown in the table below. Several of the disciplines may be taken in combination with each other. Details of the combinations offered are presented under the entries for the individual departments.

Students can also combine a program in the Faculty of Science with a program offered in another faculty (see “Interfaculty Program”, page 240). The Faculty of Science does not offer a Bachelor of Arts degree. However, students may combine a Science program with a non-Science program in an Interfaculty BA. This interfaculty BA degree is awarded by the non-Science faculty.

In most cases, it is possible for students to choose their courses for the first two years so that they can postpone to the end of second year their choice of the program they wish to follow.

Academic Advising Centre
Students who have been admitted to or plan to enter the Faculty of Science can seek academic advice or information about the programs in the faculty from the Academic Advising Centre, A203, University Centre.

Departmental Advising
Each academic department has advisers generally available throughout the year who can give advice about the courses and programs offered by their department.

Students who are not in attendance at the University when they want advice from a department should contact the Chair of the department for an appointment before coming to the campus.

Transfer Advising
Students planning to transfer to another faculty or university from the UVic Faculty of Science should consult with advisers in the other faculty
or university before they make their choice of courses in the Faculty of Science.

Students planning to enter the Faculty of Education from the Faculty of Science should seek advice from the Education Advising Centre.

Students planning to transfer to the Faculty of Engineering to complete a degree in Computer Science should seek advice from the Department of Computer Science.

**Record of Degree Program**

All students continuing in the Faculty of Science must file a Record of Degree Program with the Academic Advising Centre. Please see "Interfaculty Program" (page 240) for details.

**Availability of Courses to Students in Other Faculties**

Generally, courses offered in the Faculty of Science are open to students in other faculties who have satisfied any prerequisite courses. However, some courses or sections are open only to students in the Faculty of Science or to students in specific programs. Restrictions on enrolment are included under individual course descriptions.

Students in other faculties who propose to take courses offered in the Faculty of Science are responsible for determining if the courses can be used for credit in their degree program.

**Definition of a Science Course**

A science course is any one of the following:

- a course offered in the Faculty of Science;
- any course offered by the Department of Computer Science (CSC), all Software Engineering courses (SENG) and Medical Science (MEDS) courses
- a course that a student has taken at another institution for which the student has received transfer credit applicable to the categories defined above or for which the student has received transfer credit for a specified number of science units that are not equated to specific science courses

**Limitation on Enrolment**

Admission to UVic and the Faculty of Science is not a guarantee of placement in particular programs or courses. Departments may limit enrolment for a variety of reasons, and admission requirements may be raised.

**Student Responsibility**

Students are referred to the section "Course Selection Responsibility" (page 40).

---

**Faculty Admissions**

The requirements for admission to the Faculty of Science are presented in Undergraduate Admission (see "Admission Requirements", page 33). Applicants should note the following recommended courses for entry to faculty programs:

- Secondary school students who wish to study Biochemistry, Biology or Microbiology are strongly advised to include Biology 12 in their secondary school programs.
- All secondary school students planning to enter the Faculty of Science are advised to include Chemistry 12 in their secondary school programs and to achieve a score of at least 67% in one of Principles of Mathematics 12, Pre-calculus 12, or equivalent.
- Secondary school students who wish to study Astronomy, Chemistry, Earth and Ocean Sciences, or Physics are strongly advised to include Physics 12 in their secondary school programs.

- An approved Language 11 course (see "Year 1 Admission Requirements: BC/Yukon Secondary School Graduate", page 32) is strongly recommended.
- Other prerequisites may be required for entry into courses and programs in particular disciplines. Students should take note of individual program requirements listed under each departmental entry as well as course prerequisites, listed at the end of individual course descriptions. Some Science departments offer courses to help students meet requirements they may not have fulfilled prior to application to the Faculty of Science.

**Transfers from Other Faculties**

- Students in other faculties who wish to transfer into the Faculty of Science during their first session at UVic must have been eligible for admission to the Faculty of Science when they applied for admission to UVic.
- A student who wishes to transfer into the Faculty of Science after completing one or more sessions at UVic should have satisfactory standing as defined in the University regulations (see "Standing", page 51), and must either:
  - have been eligible for admission to the Faculty of Science from secondary school;
  - have credit for at least 9 units of Science courses including credit for at least 3 units of Mathematics selected from MATH 100, 109, 101, 102, 151.

**Transfers from Colleges and Universities**

To be eligible for admission to the Faculty of Science from a college or another university, a student must have transfer credit for at least 12 units of courses with an average, as determined by UVic, of at least 60% calculated on courses taken most recently (to a maximum of 15 units). This requirement includes repeated and failed courses.

The student should also:

- have been eligible for admission to the Faculty of Science from secondary school;
- be eligible for transfer credit for at least 9 units of Science courses including credit for at least 3 units of Mathematics selected from MATH 100, 109, 101, 102, 151.

**Other Applicants**

Applicants from institutions other than colleges and universities must satisfy the faculty admission requirements (see "Admission Requirements", page 33) and present work they have completed that is equivalent to that specified for transfers from other faculties, colleges and universities, above.

---

**Faculty Academic Regulations**

**Course Credit**

**Credit for Courses at Other Institutions**

Normally, to be recommended for a degree by the faculty, a student must complete a minimum of 30 units of courses at UVic, including at least 18 of the minimum 21 units at the 300 or 400 level required for all degree programs and including:

- at least 12 of the 15 units at the 300 or 400 level required for the Major Program; or
- at least 6 of the 9 units at the 300 or 400 level required in each discipline of the General program; or
- if the student is in an Honours Program, not more than 6 units at the 300 or 400 level in the discipline of the Honours Program taken at
another institution with the prior approval of the Chair of the relevant department.

Except as permitted by the regulations above, a student who has been admitted to the faculty may not take courses at another institution without the prior written approval, in the form of a Letter of Permission, of the Associate Dean of Academic Advising. To be eligible for a Letter of Permission, a student must have completed or be registered in no fewer than 6.0 units at the University of Victoria.

Students are solely responsible for checking the University of Victoria credit for courses to be taken elsewhere, prior to registration, to make sure that there will be no duplication of course credit already received (see also "Duplicate and Mutually Exclusive Courses", page 41.)

Upon successful completion of such work, the student must request the other institution to send an official transcript to Undergraduate Records at UVic.

Students who are considering completing their degree requirements at another institution should note that generally other institutions cannot send transcripts of their academic records to Undergraduate Records at UVic in time for Undergraduate Records to be able to determine a student's eligibility to graduate at the earliest convocation. Such students who complete their degree requirements in the Spring will generally graduate in the Fall and those who complete their degree requirements in the Fall will generally graduate in the Spring.

Students authorized to attend another institution who accept a degree from that institution surrender the right to a UVic degree until they have satisfied UVic’s requirements for a "Second Bachelor’s Degrees" (page 53).

Credit for Courses in Other Faculties

All courses in other faculties are acceptable for use as elective credit in the Faculty of Science, if the regulations of the department offering the courses permit and prerequisites are met.

Substitution of Elective Credit for Required Courses:

With the consent of the department offering the student’s degree, and with the permission of the Associate Dean of Academic Advising, a student may substitute up to 3 units of 300 or 400 level credit for required courses at the 300 and 400 level in a Faculty of Science degree program; such permission is invalidated if a student withdraws from the degree program of the department that provided the consent.

Students should review individual department entries for information on the use or substitution of elective credit.

Substitution of courses for MATH 100

MATH 109 may be used to replace MATH 100 in any program offered by the Faculty of Science. MATH 109 may be used to replace MATH 100 as a prerequisite in any course offered by the Faculty of Science.

Course Challenges

Course challenge is not offered by all departments. Where not specifically referenced in the departmental calendar entry, a student should consult the department directly to determine if course challenge is permitted.

Graduation Standing

The graduation standing of a student in the Faculty of Science is determined in accordance with the University regulations (see “Standing”, page 51) and, for a student enrolled in an Honours Program, in conjunction with any Honours requirements specified by the departments concerned.

In cases of plagiarism and cheating, the Faculty of Science reserves the right to recommend to Senate the withdrawal of the “With Distinction” (see page 56) designation in addition to the penalties outlined in the University "Policy on Academic Integrity" (page 42).

Once a degree, diploma or certificate has been awarded by the University Senate, no change can be made to the programs that constitute that credential (see “Application for Graduation”, page 55).

Declaring a Program

All students registered and continuing in the Faculty of Science must submit a Request to Declare Program (RDP) to the Academic Advising Centre after completion of 12.0 units (normally at the end of first year) and before registering for subsequent courses.

Students who have completed 12.0 units but who are still exploring program options may declare their program as Exploratory before registering for subsequent courses, in which case they will be required to identify two possible program areas. Students who declare their program as Exploratory must declare a specific program no later than after completion of 27.0 units (normally at the end of second year) and before registering for subsequent courses. Other program options are available (see below).

The Academic Advising Centre will review the RDP and update the student’s record. Once this process has been completed the student will have access to an on-line degree audit (Curriculum, Advising and Program Planning (CAPP) report). CAPP degree audit reports are not available for students who have selected an Exploratory or Preparatory program (Preparatory program is defined below).

Students who satisfactorily complete the program of courses outlined in their CAPP report and who meet all university graduation requirements will be eligible to be granted their degree, upon submission of an Application to Graduate.

Students should be aware that some combinations of requested programs may not be possible or permitted.

Students may change their program at any time by submitting a Program Change Request to the Academic Advising Centre.

Students who are visiting from another institution are not required to declare a program. This includes incoming exchange students.

Students who have completed 12.0 units and who have been conditionally accepted to another Faculty (excluding Humanities and Social Sciences) are not required to declare a program. Such students may indicate that their program is Preparatory before registering for subsequent courses. Students who indicate that their program is Preparatory and do not transfer to another Faculty or institution must declare a specific program no later than after completing 27.0 units.

Transfer students who enter the University with 12.0 or more units of transfer credit must declare a program before the end of their first term at UVic. Transfer students who enter the university with fewer than 12.0 units of transfer credit must declare a program after completion of 12.0 units of combined UVic and transfer credits.

Students who intend to declare an Honours program must do so by following the requirements outlined in the Calendar entry for that program. Until an application to an Honours program has been approved by the unit offering the program and submitted to the Academic Advising Centre, the student must declare a Major program.

Students seeking to complete a Certificate or Diploma must declare their program in accordance with program instructions.

Time Limit for Degree Completion

Although the Faculty of Science imposes no time limit for the completion of a General or Major program, a department in the faculty may, with the approval of the faculty, impose stated time limits for a General or Major program that it offers. Normally, students who have not completed their degree programs within five calendar years of first registration will be required to satisfy any revisions that may have been made to the program requirements since they first registered.
A student in an Honours Program is expected to complete the program in four years or, for a student in the Co-operative Education Program, in five years. A student who wishes to take longer to complete an Honours Program should seek prior approval from the Chair of the department concerned. Approval is not automatic.

Faculty Program Requirements

Requirements Common to All Bachelor’s Degrees

A student may proceed to a BSc degree, normally in one of three programs: Honours, Major or General. Combined Honours and Major programs are also offered (see below).

Each candidate for a Bachelor’s degree must:

1. complete at least 3.0 units from each of three areas of study on the following listing:
   - Astronomy
   - Biochemistry
   - Biology
   - Chemistry
   - Earth and Ocean Sciences
   - Marine Science
   - Mathematics
   - Microbiology
   - Physics
   - Statistics

2. have satisfied the “Academic Writing Requirement” (page 40).

3. have received credit for at least 21 units of courses at the 300 or 400 level, of which at least 18 units must have been taken at UVic.

4. have received credit for at least 60 units of university-level courses numbered 100 and above, of which normally at least 30 units have been taken at UVic.

5. have received credit for at least 33 units of science courses (“Definition of a Science Course”, page 237).

6. have satisfied the requirements specified in this Calendar by the department whose program the student has taken.

7. have a graduating grade point average of at least 2.0 (see “Graduating Average” under “Standing at Graduation”, page 56, for details).

Students may not combine the following program areas (Honours, Major, General, Minor), with the exception of designated Combined Programs (see page 239 and 240):

- Biochemistry and Microbiology
- Biochemistry and Chemistry for the Medical Sciences
- Chemistry and Chemistry for the Medical Sciences
- Mathematics and Statistics
- Microbiology and Chemistry for the Medical Sciences

Honours Program

The Honours Program requires specialization in one or more disciplines in the last two or three years of a degree program and is intended for students of higher academic achievement. Students who plan to undertake graduate studies are strongly advised to follow an Honours Program.

Admission to an Honours Program

Admission to an Honours Program is restricted to students who have satisfied the prerequisites and met the minimum GPA specified by the department(s) concerned, and who are judged by the department(s) to have the ability to complete the Honours Program. A student who wishes to be considered for admission to an Honours Program should apply to the Chair or Honours Adviser of the department (approval from both departments is required for admission to Combined Honours programs).

Requirements of the Honours Program

A student in an Honours Program must satisfy the requirements common to all bachelor’s degrees in the Faculty of Science, listed above.

Each department has its own requirements for its Honours Programs, which are specified in individual department entries elsewhere in the Calendar. Of the 300- and 400-level course units specified by the department concerned, not more than 6 may be taken at another acceptable post-secondary institution, and then only with the prior approval of the department’s Honours Adviser.

Continuation in an Honours Program requires satisfactory performance as dictated by the department. If, in the opinion of the department, a student’s work at any time is not of Honours standard, the student may be required to transfer to a Major or General program.

Normally, a student should complete the requirements for an Honours Program in four academic years (five years for those students enrolled in the Co-operative Education Program). Students who are undertaking a degree on a part-time basis, and who wish to be considered as candidates for Honours, should discuss the options with the department(s) concerned.

Honours Programs

- Astronomy
- Biochemistry
- Biology
- Chemistry
- Earth Sciences
- Mathematics
- Microbiology
- Physics
- Statistics

Combined Honours Programs

- Biology and Earth and Ocean Sciences
- Biology and Psychology
- Chemistry and Earth and Ocean Sciences
- Chemistry and Mathematics
- Computer Science and Mathematics
- Computer Science and Statistics
- Mathematics and Statistics
- Physical-Geography and Earth and Ocean Sciences
- Physics and Astronomy
- Physics and Biochemistry
- Physics and Computer Science
- Physics and Earth Sciences (Geophysics)
- Physics and Mathematics
- Physics and Ocean Sciences (Ocean-Atmosphere Dynamics)
Double Honours Program

With the joint approval of the departments concerned, a student may be permitted to meet the requirements for an Honours Program in each of two departments in the Faculty of Science, both leading to the BSc degree.

Interfaculty Double Honours Program

If a student elects to complete an Honours Program in the Faculty of Science and a second Honours Program in another faculty, with one program leading to a BA and the other leading to a BSc, the program leading to the degree selected (BA or BSc) must be listed first on the student’s Record of Degree form. If the second department listed offers both a BA Honours Program and a BSc Honours Program, the requirements of the program leading to the degree selected (BA or BSc) must be met in the department offering the option.

Students completing an Interfaculty program will be subject to the regulations of the faculty in which they are registered.

Joint Honours and Major Program

A student may elect to complete an Honours Program in one area of study together with a Major Program in another area of study, both within the Faculty of Science and both leading to the BSc degree. The Honours Program will be listed first on the student’s Curriculum Advising and Program Planning (CAPP) form.

Interfaculty Joint Honours and Major Program

A student may elect to complete an Honours Program in one faculty together with a Major Program in another faculty. The Honours Program will be listed first on the student’s Curriculum Advising and Program Planning (CAPP) form, and students will be subject to the regulations of the faculty in which they are registered.

If one of the two departments concerned offers a BA Program while the other offers a BSc Program, the student will receive either a BA or a BSc, depending on which is specified by the Honours Program. If the department offering the Major Program offers both a BA and a BSc program, the requirements of the program leading to the degree selected (BA or BSc) must be met in the department offering the option.

MAJOR PROGRAM

The Major Program requires specialization in one discipline in the last two years of a degree program and may permit a student to proceed to graduate study if sufficiently high standing is obtained. The Major Program is also a good preparation for a professional or business career.

Requirements of the Major Program

A student in a Major Program must satisfy the requirements common to all bachelor’s degrees in the Faculty of Science, listed above. Each department has its own requirements for its Major Programs, which usually include the specification of 15 units of 300- and 400-level course work. At least 12 of these 15 units must be completed at UVic. A department may also specify and require up to 9 units of courses offered by other departments at the 300 or 400 level.

Major Programs

- Astronomy
- Biochemistry
- Biology
- Chemistry
- Chemistry for the Medical Sciences
- Earth Sciences
- Mathematics
- Microbiology
- Physics
- Statistics

Combined Major Programs

- Biochemistry and Chemistry
- Biology and Earth and Ocean Sciences
- Biology and Psychology
- Chemistry and Earth and Ocean Sciences
- Chemistry and Mathematics
- Chemistry and Biochemistry or Microbiology
- Computer Science and Mathematics
- Computer Science and Statistics
- Financial Mathematics and Economics
- Mathematics and Statistics
- Physical Geography and Earth and Ocean Sciences
- Physics and Astronomy
- Physics and Biochemistry
- Physics and Computer Science
- Physics and Earth Sciences (Geophysics)
- Physics and Ocean Sciences (Ocean-Atmosphere Dynamics)

Double Major Program

A student may complete the requirements for a Major Program in each of two disciplines in the Faculty of Science, both leading to the BSc degree, except for the following combinations: Biochemistry with Microbiology; Biochemistry with Chemistry for the Medical Sciences; Chemistry with Chemistry for the Medical Sciences; Astronomy with Physics; and Mathematics with Statistics.

Combined Major with a Major Program

A student can complete one of the Combined Major Programs listed above with another Major Program (in this faculty or in another faculty), but the discipline of the Major Program must not be either of the disciplines of the Combined Major Program.

Interfaculty Program

A student may elect to complete an Interfaculty Double Major or a Joint Honours and Major Program. In a Double Major Program, if one of the two departments concerned offers both a BA Major Program and a BSc Major Program, the requirements of the program leading to the degree selected (BA or BSc) must be met in the department offering the option.

In a Joint Honours and Major Program, the Honours Program is listed first on the student’s Curriculum Advising and Program Planning (CAPP) form, and students will be subject to the regulations of the faculty they are registered in. If one of the two departments concerned offers a BA Program while the other offers a BSc Program, the student will receive either a BA or a BSc depending on which is specified by the Honours Program. If the department offering the Major Program offers both a BA and a BSc program, the requirements of the program leading to the degree selected (BA or BSc) must be met in the department offering the option.

BA Major in Environmental Studies

A Major Program in Environmental Studies can only be taken as one component of a Double Major or Joint Honours and Major Program.
BA in Mathematics or Statistics

Students who wish to obtain a BA in Mathematics or Statistics should register in either the Faculty of Humanities or the Faculty of Social Sciences, and complete the requirements common to all bachelor’s degrees in that faculty.

**GENERAL PROGRAM**

The General Program provides students with the opportunity to study broadly in two disciplines in the last two years of a degree program. It is not intended to prepare students for graduate study, although some graduate schools may accept graduates of a General Program if they have achieved sufficiently high standing.

**Requirements of the General Program**

A student in a General Program must satisfy the requirements common to all bachelor’s degrees in the designated faculty determined by the first subject area listed on the Curriculum Advising and Program Planning (CAPP) form.

The General Program requires:

- Completion of 9 units of course work at the 300 and 400 level in each of the two disciplines, as specified in the General Program requirements of the departments concerned
- At least 6 of the 9 units in each discipline must be completed at UVic

A student may complete a General Program in any two of the following or by completing one of the following and one of the Generals offered in another faculty. The degree will be a BA awarded by either the Faculty of Humanities or the Faculty of Social Sciences unless two Generals in the Faculty of Science are chosen, or one of the BSc Generals in Computer Science, Geography or Psychology is combined with a second BSc General in the Faculty of Science.

- Biochemistry or Microbiology
- Biology
- Chemistry
- Earth Sciences
- Mathematics or Statistics
- Physics

A student may also complete a General Program that combines one of the above disciplines/areas of study with one of the following. The degree will be a BA awarded by either the Faculty of Humanities or the Faculty of Social Sciences.

- "Arts of Canada Program" (see page 323)
- "European Studies" (see page 325)
- "Film Studies Program" (see page 323)
- "Health and Society" (see page 325)
- "Indigenous Studies Program" (see page 325)
- "Social Justice Studies" (see page 327)
- "Technology and Society" (see page 328)

**MINOR PROGRAM**

A Minor is an optional program that allows students to study in an area outside their Honours, Major or General Program areas. Requirements vary and are specified in the Minor requirements of the department concerned. Where not specified, the requirements for a Minor follow the requirements for the department General Program in one area only.

- No more than 3 units of the 300- and 400-level course work required for the Minor can be taken elsewhere, and at least 6 of the units required for the Minor must be completed at UVic.

- If the Minor requires 9 units of 300- and 400-level course work, these 9 units cannot form part of the 300- and 400-level department requirements for a student’s Honours or Major Program. Corequisite courses in other programs may be counted towards the Minor.
- If the Minor requires less than 9 units of 300- and 400-level course work, no courses at the 300- or 400-level can form part of the requirements for a student’s Honours, Major or General Program or Option. Required or corequisite courses at the 200 level or higher in other programs or options may not be counted toward the Minor.

Only one Minor can be declared on a student’s program.

In addition to department Minors, the following Minors are offered:

**Interdisciplinary Minors**

- "Applied Ethics" (see page 327)
- "Arts of Canada Program” (see page 323)
- "European Studies” (see page 325)
- "Film Studies Program” (see page 323)
- "Health and Society” (see page 325)
- "Human Dimensions of Climate Change” (see page 327)
- "Indigenous Studies Program” (see page 325)
- "Social Justice Studies” (see page 327)
- "Technology and Society” (see page 328)

**Student-Designed Minor**

Students may undertake an interdisciplinary Minor that is not listed in the Calendar. In addition to the requirements of the Minors listed above, this student-designed Minor must:

- Include courses from at least two departments, with a minimum of 3 units from each department
- Consist of courses taken only at UVic
- Have structure, coherence and theme; it cannot consist of unrelated courses
- Be approved by the Chair/Adviser of the departments concerned
- Be approved by the Associate Dean of Academic Advising
- Be declared by the end of the student’s third year

Students must discuss their proposed Student-Designed Minor with department Chairs/Advisers before submitting their request to the Associate Dean of Academic Advising. The Student-Designed Interdisciplinary Minor form is available from the Academic Advising Centre, A205, University Centre.

**CO-OPERATIVE EDUCATION PROGRAMS**

Refer to the general regulations pertaining to "Undergraduate Co-operative Education" Programs of the University of Victoria governing all co-operative education students (page 59).

Admission to, continuation in and completion of Co-operative Education Programs are governed by individual departmental regulations. In general, students participating in the Co-operative Education Program must maintain a GPA of at least 3.5 overall. As a required part of the program, students are employed for specific Work Terms. Normally, the expected number of weeks per work term is 15 and the expected number of hours per week is 35. The minimum number of weeks per work term is 12 and the minimum number of hours per week is 35. This employment is related as closely as possible to the student’s course of studies and individual interest.

Students who are taking double or combined Major degrees, (where each area offers a Co-op program) may, if eligible, enrol in and undertake work terms in both Co-op programs or may, if eligible, enrol in and undertake work terms in only one Co-op program. Students who...
complete at least two work terms in each area will have the combined nature of their program noted as part of the Co-op designation on their official records. Students enrolled in combined Major degrees where a minimum of three work terms are required must complete at most two work terms in one department.

In addition to the graduation requirements outlined in “Requirements Common to All Bachelor’s Degrees” (page 239), a student must have a graduating GPA of at least 3.5 in order to graduate with Co-operative Education notation.

Students may withdraw from the Co-operative Education Program at any time during an academic term and remain enrolled in a Major or an Honours Program.

The Faculty of Science offers Co-operative Education Programs in Biochemistry and Microbiology, Biology, Chemistry, Earth and Ocean Sciences, Mathematics and Statistics, and Physics and Astronomy. The details of the programs are provided under individual department entries.

**Science Work Experience Program**

The Science Work Experience Program is intended for full-time students in the Faculty of Science. Students participating in the Science Work Experience Program will complete one or two terms of full-time, discipline-related work under the supervision of the applicable Science Co-op program. These work experience terms are subject to individual departmental Co-op regulations as well as the general regulations for Undergraduate Co-op programs in the University Calendar, with the exception that work term credit by challenge is not permitted. Work Experience students may transfer to a regular Co-op program, subject to approval from the Co-op Coordinator. Participation in this program is limited. Students should contact the applicable Science Co-op office to discuss entry into this program. Students interested in the Math Work Experience Program should refer to “Computer Science/Mathematics Work Experience Program” (page 99).

**Department of Biochemistry and Microbiology**

Perry Howard, BSc (Waterloo), PhD (Toronto) Associate Professor and Chair of the Department

Juan A. Ausia, BSc, PhD (Barcelona), Professor

Alisdair Boraston, BSc, PhD (Brit. Col.), Professor

Christoph Borchers, BSc, MSc, PhD (Konstanz), Professor

Martin J. Boulanger, BSc, PhD (Brit. Col.), Professor

Caroline E. Cameron, BSc, PhD (Victoria), Professor

Stephen Evans, BSc, PhD (Brit. Col.), Professor

Caren C. Helbing, BSc (Hons) (Windsor), PhD (Western), Professor

Francis E. Nano, AB (Oberlin), MS, PhD (Ill), Professor

Paul J. Romanuik, BSc (Hons), PhD (McMaster), Professor

Christopher Upton, BSc, PhD (Lond), Professor

Brad H. Nelson, BSc (Hons) (Brit. Col.), PhD (Calif. Berkley), Professor (limited term)

Christopher Nelson, BSc, PhD (Brit. Col.), Associate Professor

John E. Burke, BSc, PhD (Calif. San Diego). Assistant Professor

Lisa A. Reynolds, BSc (Manchester), MSc, PhD (Edinburgh), Assistant Professor

Julian J. Lum, BSc, MSc, PhD (Ottawa), Associate Professor (limited term)

Douglas Bryant, BSc (Hons), MSC (Waterloo), PhD (Brit. Col.), Assistant Teaching Professor

Barbara Currie, BSc (Brit. Col.), Senior Microbiology Laboratory Instructor

Scott Scholz, Biotechnical Support Centre Manager

Rozanne Poulson, BSc, PhD (Wales), Co-operative Education Coordinator

Glen A. Pyshitka, BSc (Brit. Col.), Senior Biochemistry Laboratory Instructor

**Visiting, Adjunct and Cross-listed Appointments**

N. Leigh Anderson, BA, PhD (Cambridge), Adjunct Professor

Monica Palcic, PhD (Alberta), Adjunct Professor

Andrew Ross, BSc, PhD (Brit. Col.), Adjunct Assistant Professor

Peter H. Watson, BA, MA, MB BChir (Cambridge), FRCP (Manitoba), Adjunct Professor

John R. Webb, BSc, MSc, PhD (Western Ontario), Adjunct Associate Professor

**Biochemistry and Microbiology**

General Office: 250-721-7077
Fax: 250-721-8855
Email: biocmicr@uvic.ca
Web: <www.uvic.ca/science/biochem>

**Biochemistry and Microbiology Programs**

The department offers Honours, Major, General and Minor Programs in Biochemistry or Microbiology, a Combined Major in Biochemistry or Microbiology and Chemistry, and a Combined Honours and Major in Biochemistry and Physics.

See “Biochemistry and Microbiology Co-operative Education/Internship Program” (page 246).

**PROGRAM REQUIREMENTS**

**Notes on Course Requirements**

- Courses may be taken in different sequences and in different years from those indicated provided the corequisite and prerequisite requirements are satisfied. However, students must be extremely careful in planning programs that differ from the normal sequence and pay close attention to scheduling conflicts.

- Failure to take courses in the years indicated may delay graduation.

- Directed studies courses are normally only available to students with a minimum cumulative GPA of 5.0 and fourth-year standing in the Biochemistry or Microbiology programs.

- Students should consult the department concerning courses offered in a particular year.

- The department does not offer the E grade and supplemental examinations.

**Honours Programs**

Admission to the Honours program is by permission of the department. Students who wish to be admitted to one of the Honours programs should apply to the department on completion of their third year. The general requirement for admission is a GPA of at least 6.0 in BCMB 301A/B, BIOL 300A/B, MIRC 302, MIRC 303. The Biochemistry and Microbiology Honours program offers students an intensive, advanced experience in academic studies and research. Students normally begin their Honours program in the fall term and are expected to complete the final year requirements of the Honours program in two consecutive academic terms. However, students in the Honours Biochemistry and Microbiology Co-operative Education Program may begin in the spring term, undertake a work term during the summer months, and complete in the fall term to fulfill the final year requirements in three consecutive terms.

An Honours degree will be awarded to students obtaining a minimum GPA of 5.5 in 300- and 400-level department courses. Students must achieve a minimum grade of B+ in BCMB 499A and 499B.
If a student fails to meet the standards for the Honours degree, but does meet the Major degree requirements, the department may recommend the appropriate class of Major degree.

</table>

1. Chosen from Physics and Astronomy courses (or other approved courses) numbered 300 or higher. PHYS 432 is strongly recommended.
2. PHYS 460A and PHYS 460B are recommended for third- and fourth-year students.

### Co-op Education/Internship Program Requirements

Entry into the Biochemistry and Microbiology Co-operative Program is restricted to students who are enrolled in an Honours or Major Program offered by the department. To qualify for entry and continuation in the Co-operative Education Program, students must be enrolled on a full-time basis and must normally maintain a B average (4.5) in Biochemistry and Microbiology courses, and overall. Students are also required to satisfactorily complete four work terms. The first work term is undertaken in the Summer following the second academic year. After the first work term, academic and work terms alternate. Each work term will be recorded on the student's academic record and transcript (as COM, N/X, or F/X).

Students who are taking double or combined Major degrees programs, who wish to participate in a combined Co-op program, should refer to the Faculty of Science "Co-operative Education Programs" regulations (page 241).

A student may at any time during an academic term transfer from the Biochemistry and Microbiology Co-operative Education Program to a regular Biochemistry and Microbiology program.

The department also offers two optional Internship Programs. In the Co-op Internship Program, students are required to satisfactorily complete 12 or 16 months of consecutive work term placements, beginning in the Spring or Summer of the third academic year. In the Post-Study Internship Program, students are required to satisfactorily complete a minimum of four months of work beginning after completion of their academic coursework and before graduation; students should apply four to six months before completion of their academic coursework.

Applications and further information about the Co-operative Education Program and Internship options in Biochemistry and Microbiology are available from the department or at <www.uvic.ca/bioccoop>.

### Biochemistry and Microbiology Co-operative Education/Internship Program

See "Co-operative Education Programs" for the Faculty of Science (page 241). See also the general regulations pertaining to "Undergraduate Co-operative Education" Programs of the University of Victoria governing all co-operative education students (page 59).
UVIC UNDERGRADUATE CALENDAR JANUARY 2018

Biology Programs

Students have the opportunity to study Biology at one of the following levels of concentration: General, Minor, Major or Honours. BSc Honours and Major Programs are intended for those planning to become professional biologists. Both require a core of Biology courses, corequisite courses in the other sciences and a selection of upper-level courses suited to the interests of individual students. The Honours Program requires undergraduates to undertake a research project including the writing and defense of an Honours thesis. Students intending to pursue research or continue their studies for MSc or PhD degrees should consider the Honours Program. The distinctive character of BSc or BA General Programs is the variety of course options possible. Students in one or another science area (BSc) or an arts area (BA). Such interdisciplinary programs may be advantageous to students considering a postgraduate degree in the Health Sciences or Education.

Biology Courses for Non-Majors

Many Biology courses are suitable for students with interests that may not be in Biology. They are useful for students undertaking an interdisciplinary program to gain knowledge and skills from another science area (BSc) or an arts area (BA). Such interdisciplinary programs may be advantageous to students considering a postgraduate degree in the Health Sciences or Education.

Biology Courses Offered Through the Bamfield Marine Sciences Centre

Marine Science courses (MRNE courses in the course listings) are offered at the Bamfield Marine Sciences Centre, the majority during the summer months. Registration information for the Summer Program is available from the Biology department and our website: <www.bms.bc.ca>.

Biology Courses for Non-Majors

Many Biology courses are suitable for students with interests that may not be in Biology. They are useful for students undertaking an interdisciplinary program to gain knowledge and skills from another science area (BSc) or an arts area (BA). Such interdisciplinary programs may be advantageous to students considering a postgraduate degree in the Health Sciences or Education.

Adjunct Appointments

Joseph A. Antos, BS (N Ill), MA (Mon), PhD (Oregon St), Adjunct Professor
Barry W. Glickman, BSc, MSc (McGill), PhD (Leiden), Adjunct Professor and Emeritus Professor
Delano James, BSc (Brandon), PhD (West Indies), Adjunct Professor
Brad H. Nelson, BSc (UBC), PhD (Calif-Berk), Adjunct Professor
Thomas E. Reimchen, BSc (Alberta), PhD (Liverpool), Adjunct Professor
Henry Reiswig, BA, MA (Calif-Berkeley), MSc, PhD (Yale), Adjunct Professor
Rachael Scarth, BSc, MSc, PhD (Can), Adjunct Professor
David H. Turpin, BSc, PhD (UBC) FRSC, Adjunct Professor
Alan Burger, BSc, PhD (Cape Town), Adjunct Associate Professor
Lisheng Kong, BSc, MSc (Southwest-China), PhD (Calgary), Adjunct Associate Professor
J. Anthony Trofymow, BSc (Lethbridge), MSc, PhD (Colorado), Adjunct Associate Professor
Patrick B. Walter, BSc (SFU), MSc (UBC), PhD (Swiss Fed. Inst of Technology), Adjunct Associate Professor

Alvin Yanchuk, BSc, MSc, PhD (Alberta), Adjunct Associate Professor
Fabio De Leo, BSc, MSc (Sao Paulo), PhD (Hawaii at Manoa), Adjunct Associate Professor
Sarah Dudas, BSc (Guelph), PhD (UVic), Adjunct Assistant Professor
Andrew Edwards, BA (Oxford), PhD (Leeds), Adjunct Assistant Professor
Steven J. Insley, BA (SFU), MSc (UVic), PhD (Calif-Davis), Adjunct Assistant Professor
Simon R.M. Jones, BSc, MSc, PhD (Guelph), Adjunct Assistant Professor
R. John Nelson, BS (Calif-Davis), PhD (Wisconsin), Adjunct Assistant Professor
Inigo Novales-Flamarique, BSc (McGill), MSc, PhD (UVic), Adjunct Assistant Professor
Akash Sasani, BSc, MSc (Guelph), PhD (UVic), Adjunct Assistant Professor
Michael Stoehr, BSc, MSc (Lakehead), PhD (Toronto), Adjunct Assistant Professor
Marc M. Trudel, BSc, MSc (Montreal), PhD (McGill), Adjunct Assistant Professor

PROGRAM REQUIREMENTS

Notes on Course Requirements
- Biology 12 is normally required for entry into Major, Honours, General or Minor Programs. Students with Biology 11 only are required to take BIOL 150B to enter Majors, Honours or General Programs.
- The prerequisite for BIOL 184 is one of Biology 11, Biology 12, BIOL 150A, 150B, 186, or passing a placement exam. The prerequisite for BIOL 186 is one of Biology 11, Biology 12, BIOL 150A, 150B, 184, or passing a placement exam. The placement exam will be given in the first week of classes in each term.
- Major and Honours students are expected to participate fully in all aspects of laboratory work including handling live and preserved organisms. Laboratory work using animals is reviewed annually by the UVic Animal Care Committee and complies with guidelines established by the Canadian Council on Animal Care. Students who are unwilling to use animals and plants for educational purposes will not normally be able to complete a Major or Honours Program. The General Program provides an alternative for students in such a position. Students who have ethical or health concerns that interfere with normal program requirements should write to the Chair of the Biology department. This should be done at least six weeks before the beginning of the term in which the course of concern is being offered.
- Students from outside the Department of Biology wanting to take BIOL courses are encouraged to take BIOL 150A and B or BIOL 186 and 184, and as many as possible of BIOL 215, 225 and 230. Students who wish to take upper-level courses should contact the undergraduate adviser or instructor to determine which core courses are most suitable as prerequisites.
- Students considering going on to professional schools (e.g., Medicine, Dentistry, Veterinary Science) should include the Science, Math and English courses that are prerequisite to entry into these professional programs. Three units of PHYS are required for most first-year preprofessional programs. Students contemplating entry into Medicine after the third year should consult with the department.
- Students considering a teaching career are advised to consider the following programs:
  - for Senior Secondary level: a BSc Major or Honours
  - for Junior Secondary School and Elementary level: a BSc or BA General Program
  - for teacher certification: consult the Faculty of Education.
- Because of the importance of biometrics in most biological work, students in Biology programs should consider taking additional STAT courses.
- Students may be required to meet part of the expenses involved in required field trips.
- The department does not offer supplemental examinations.

Notes on Biology Upper Level Electives
Biology upper level electives should be chosen with the student’s full program in mind. Students cannot expect to be admitted to courses without the prerequisites.

Course Challenge
The Department of Biology does not permit students to gain credit by course challenge.

Honours Program
Honours students complete the program of required courses shown below and the Biology electives as described for the Major, and in addition take BIOL 460 (1.0) and BIOL 499A and 499B (3.0) in their fourth year. Of the remaining 9 units to complete the 61 unit degree requirement, at least 3 units must be from an additional course(s) in Biology chosen in consultation with the department.

Any prospective Honours students should first discuss proposed thesis research with a faculty member and obtain the member’s consent to serve as thesis supervisor. The student should then apply to the departmental Honours Adviser for admission to the Honours Program before May 1 in the third year of studies. However, applications will be accepted up to the end of fall registration in the fourth year of studies. The completed thesis will be examined by a small committee including the supervisor. Applicants should have and maintain a GPA of at least 6.0 in all department courses.

A student who obtains a minimum GPA of 5.5 and a minimum grade of A- in BIOL 499A and 499B, will receive an Honours in Biology. A student with a GPA of less than 5.5 will receive a Major in Biology, regardless of the grade obtained in BIOL 499A and 499B. The submission date for the thesis is the last day of lectures.

Proficiency in more than one language is often required in graduate studies. Students planning graduate work are encouraged to elect one or two language courses.

Concentration in Forest Biology
The Department of Biology offers a concentration in Forest Biology. Students have the option to declare this concentration, and must complete the courses noted below within the Bachelor of Science, Major and Honours programs. The chosen concentration will appear on students’ transcripts.

The concentration will require a minimum of 7 courses, including a capstone research or field experience, as follows:
- BIOL 324 and 366;
- One of BIOL 325, 362, 438;
- Three1 of BIOL 312, 325, 326, 329, 330, 415, 418, 438, 449, 457, 458;
- One of BIOL 418, 499B, 490J.

Note:
1. BIOL 499B credit may be counted toward the Forest Biology Concentration only if the thesis topic is approved by the department

Concentration in Marine Biology
The Department of Biology offers a concentration in Marine Biology. Students have the option to declare this concentration, and must complete the courses noted below within the Bachelor of Science, Major and Honours programs. The chosen concentration will appear on students’ transcripts.

The concentration will require a minimum of 7 courses as follows:
- One of BIOL 311, EOS 311, MRNE 435;
- One of BIOL 319, MRNE 430;
- One of BIOL 322, 335, MRNE 410, 412;

Note: Students may count only one of MRNE 400, 401, 402 in the Marine Biology Concentration.

Concentration in Neurobiology
The Department of Biology offers a concentration in Neurobiology. Students have the option to declare this concentration, and must complete the courses noted below within the Bachelor of Science, Major
or Honours programs. The chosen concentration will appear on students’ transcripts.

The concentration will require a minimum of 8 courses as follows:

- BIOL 365, 367
- Two of BIOL 404, 447, 448, 467
- Four of BIOL 345, 404, 498, 432, 447, 448, 467, 499B or 490H, MEDS 410, EPHE 380

Note: BIOL 499B credit may be counted toward the Neurobiology Concentration only if the thesis topic is approved by the department.

Recommended: BIOL 360, PSYC 345A, PSYC 451D.

### Combined Biology and Earth and Ocean Sciences

**Program Requirements**

1. Biology 12 is normally required for entry into the Combined Biology and Earth Science program. Students with Biology 11 only are required to take BIOL 150B.
2. Students should note that EOS 240 is a prerequisite for several upper-level EOS courses (EOS 316, 335, 403, 408, 416, 420, 425, 440, 450, 460).
3. EOS 300 is strongly recommended for all students.

**Notes on Course Requirements**

1. Biology 12 is normally required for entry into the Combined Biology and Earth Science program. Students with Biology 11 only are required to take BIOL 150B.
2. Science electives are courses at any level offered by the Departments of Biochemistry and Microbiology, Chemistry, Computer Science, Mathematics and Statistics, Physics and Astronomy, or the School of Earth and Ocean Sciences. Only one of EOS 350, 360, 370 may be taken for credit as a science elective.
3. Students are encouraged to seek advice regarding program requirements and prerequisites from an Undergraduate Adviser. MRNE courses are considered upper-level biology courses.
4. The 19.5 units of electives in third and fourth years must include 9 units of 300-level or above in second area of concentration for the General Program.

**Combined Honours Program in Biology and Earth and Ocean Sciences**

Admission to the Combined Honours Biology and Earth Sciences Program requires the permission of both the Department of Biology and the School of Earth and Ocean Sciences. To receive an Honours degree, a student must obtain: (1) a minimum graduating GPA of 5.5 overall; (2) a minimum GPA of 6.0 in SEOS or Biology courses at the 300 and 400 level; and a minimum grade of A- in BIOL 499A and 499B or EOS 499A and 499B.

Combined Biology and Psychology Program Requirements

Both Major and Honours BSc degrees are offered in the Combined Biology and Psychology Program. These are not joint degrees in Biology and Psychology, but single degree programs composed of a selected combination of courses from each of the departments. These programs are intended for students with interests and career goals in any area of neuroscience, including neuroethology, human biology, medicine, dentistry, or nursing. Students should consult with undergraduate advisers in both departments when planning their course schedules.

Other Requirements

- ENGL 135 | 1.5 |
- PSYC 300A and 300B, or STAT 255 and 256; or STAT 260 and 261 | 3.0 |

Other Courses of Potential Interest (Electives)

- BIOL 215, 230, 307, 321, 322, 335, 360, 361, 400
- BIOL 300A (required for BIOL 360, 361, medical school), 300B (required for BIOL 361, medical school)
- MATH 101, 377, or other MATH courses
- PHIL 100, 201, 203, 220, 460
- EPHE 141, 241B, 341

1. BIOL 184 (or 190B), 186 (or 190A) and 225 require a minimum grade of C+ in each.
2. Admission and Graduation Standing requirements for the Honours program are governed by the regulations for the department in which the Honours thesis is taken.
3. Students registering for BIOL 499A, 499B must also take BIOL 460 (Honours Seminar).
4. Students planning to do an Honours thesis or a graduate degree in Psychology are advised to take PSYC 300A and 300B. Students interested in a graduate degree in Psychology are advised to take PSYC 400A and/or 401 as electives.
5. At least 21 units of upper-level courses are required to satisfy university requirements.
6. Students planning to undertake graduate studies in biopsychology are advised to acquire experience in a research laboratory through paid, volunteer, or Directed Studies positions. Students registering for BIOL 499A/B must also take BIOL 460 (Honours Seminar).

Biology Co-operative Education Program

See "Co-operative Education Programs" for the Faculty of Science (page 241). See also the general regulations pertaining to "Undergraduate Co-operative Education" Programs of the University of Victoria governing all co-operative education students (page 59).

Biology Co-op Program Requirements

Entry into the Biology Co-operative Education Program is open to students who are enrolled in an Honours or Major Program offered by the Biology department. To qualify for entry and continuation in the Co-operative Education Program, students must be enrolled on a full-time basis and must maintain a B average (5.0) in Biology courses and overall. A minimum of four work terms is required to graduate with Co-op designation. The first work term is undertaken in the Winter or Summer of the second academic year. After the first work term, academic terms and work terms normally alternate. Each work term will be recorded on the student's academic record and transcript (as COM, N/X or F/X).

Students who are taking double or combined Major degrees programs, who wish to participate in a combined Co-op program, should refer to the regulations for the Faculty of Science "Co-operative Education Programs" found on page 241.

A student may transfer from the Biology Co-operative Education Program to a regular Biology program at any time during an academic term. Applications and further information may be obtained from the UVic website (Biology Co-operative Education Program: <www.uvic.ca/biocoop>) or by contacting the office directly at: 250-721-8637.

Department of Chemistry

Neil Burford, BSc (Wales), PhD (Calgary), FCIC, Professor and Chair of the Department
Cornelia Bohne, BSc, PhD (Sao Paulo), FCIC, PChem, Professor
Alexandre G. Brolo, BSc, MSc (Sao Paulo), PhD (Waterloo), PChem, Professor and Director of CAMTEC
David A. Harrington, BSc (Canterbury), PhD (Auckland), PChem, Professor
Robin G. Hicks, BSc (Dalhousie), PhD (Guelph), Professor and Associate Dean of Science
Fraser Hof, BSc (Alberta) PhD (Scripps), PChem, Professor
Robert Lipson, BSc, MSc, PhD (Toronto), FCIC, Professor and Dean of Science
J. Scott McIndoe, BSc, MSc, PhD (Waikato), Professor
Matthew Moffitt, BSc, PhD (McGill), Professor
Frank C.J.M. van Vegdal, MEng, PhD (Twente), Professor
Peter C. Wan, BSc, PhD (Toronto), FCIC, Professor
David J. Berg, BSc (Victoria), PhD (UC-Berkeley), PChem, Associate Professor
Natia Frank, BA (Bard), MSc (UW-Madison), PhD (UC-San Diego), Associate Professor
Dennis K. Hore, BSc (McMaster), PhD (Queens), Associate Professor
Irina Paci, BSc (Al.I.Cuza) BEd, PhD (Queens), Associate Professor
Lisa Rosenberg, BSc (Memorial), PhD (British Columbia), Associate Professor
Jeremy Wulff, BSc (Victoria), PhD (Calgary), PChem, Associate Professor
Katherine Elvira, MSc, PhD (Imperial), Assistant Professor
Lori Aasebo, Secretary
Sean Adams, Scientific Glassblower
Christopher Barr, BSc (Waterloo), MSc (Guelph), Senior Scientific Assistant
Sandra Baskett, BA (Vancouver Island), Graduate Secretary
David E. Berry, BSc (Liverpool), PhD (Bristol), Laboratory Supervisor
Jane Browning, BSc, PhD (Bristol), Scientific Assistant and Senior Laboratory Instructor
Sandra Carlson, BA (Victoria), Department Secretary
Arkady Futerman, BSc, MSc (Ben-Gurion, Israel), BMus (Alaska), Coordinator, Co-operative Education Program
Corrina Ewan, BSc (Victoria), Scientific Assistant
Kelli L. Fawkes, BSc (Victoria), Scientific Assistant and Senior Laboratory Instructor
Ori Granot, BSc, PhD (Tel Aviv), Senior Scientific Assistant
Shubha Hosalli, BEng (Mysore), Electronics Technician
Stanislaw Konorov, MSc, PhD (Moscow), Senior Scientific Assistant
Andrew Macdonald, Electronics Technician
Peter Mann, BSc, PhD (British Columbia), PChem, Senior Laboratory Instructor
Rosemary Pulez, BSc (Victoria), Administrative Officer
Monica Reimer, BSc (Calgary), Senior Laboratory Instructor
Alan W. Taylor, BSc, MSc (Victoria), PhD (British Columbia), Senior Laboratory Instructor
Adjoint Appointments

Christopher Gill, BSc (Acadia), PhD (British Columbia), Adjunct Associate Professor
Coreen Hamilton, BSc (McGill), PhD (Alberta), Adjunct Associate Professor
Jessie A. Key, BSc (Thompson Rivers), PhD (Alberta), Adjunct Assistant Professor
Eric Krogh, BSc (Toronto), PhD (Victoria), Adjunct Associate Professor
Jeffrey Paci, BSc, MSc (Toronto), PhD (Queens), Adjunct Assistant Professor
Emeritus Professors

Walter J. Balfour, BSc (Aberdeen), PhD (McMaster), DSc (Aberdeen), FCIC, Professor Emeritus
Penelope W. Coddling, BSc, PhD (Michigan State), Professor Emerita
Thomas W. Dingle, BSc, PhD (Alberta), Associate Professor Emeritus
Thomas M. Fyles, BSc (Victoria), PhD (York), FCIC, PChem, Professor Emeritus
Terence E. Gough, BSc, PhD (Leicester), FCIC, Professor Emeritus
Alexander D. Kirk, BSc, PhD (Edinburgh), FCIC, Adjunct and Professor Emeritus
Alexander McCauley, BSc, PhD, DSc (Glasgow), CChem, MRS Chem, FCIC, Adjunct and Professor Emeritus
Reginald H. Mitchell, BA, MA, PhD (Cambridge), FCIC, Professor Emeritus
Gerald A. Poulton, BA, PhD (Saskatchewan), Associate Professor Emeritus
Stephen R. Stobart, BSc, PhD (Nottingham), Professor Emeritus
Paul R. West, BSc, PhD (McMaster), FCIC, PChem, Associate Professor Emeritus

# Chemistry Programs

The Department of Chemistry offers a variety of programs leading to the BSc degree. These are intended to provide students with the opportunity of undertaking either specialized studies in Chemistry, or a broader program with Chemistry as a focal point supplemented by other disciplines. These programs provide preparation for a wide range of careers requiring a background in Chemistry.

The Honours and Major Programs are designed for those students wishing to embark on careers as professional chemists. In the Honours degree, a student undertakes an in-depth study of Chemistry with other supporting physical sciences. Each student will participate in a short research project in the final year of study. The Honours Program requires 30 units of Chemistry courses within a total of 60 units for the degree. 4.5 units of Mathematics, 3 units of Physics, 1.5 units of Biochemistry, and 1.5 units of another science are corequisites. On graduation as a chemist, the candidate may either enter employment in a variety of industries or proceed to graduate school and the higher qualifications of MSc and PhD.

The Major Program does not require a research project. The program therefore requires 27 units of Chemistry courses. 4.5 units of Mathematics, 3 units of Physics, 1.5 units of Biochemistry, and 1.5 units of another science are corequisites. The degree is sufficiently specialized to present an attractive background in Chemistry to a prospective employer and to provide the opportunity for students maintaining high averages to continue to graduate school. Both the Honours and Major programs are suitable for students intending to enter a career in teaching at the secondary level.

The Chemistry for the Medical Sciences Program is a BSc Majors Program for students who have a strong interest in Chemistry, but who ultimately plan on entering professional programs in the medical sciences – pharmacy, medical school, dentistry, veterinary medicine, etc. While still providing a rigorous training in Chemistry, the ChemMedSci BSc allows students to customize their degree program more than would be possible in the traditional Chemistry Majors stream. This allows students to better fit into their schedules the non-chemistry offerings that may be required to prepare them for the future professional program of their choice.

A student may complete a Minor in Chemistry by completing the first- and second-year requirements and the third-year Chemistry courses required for the General Program in Chemistry in conjunction with the requirements for an Honours or Major Program offered by another department (which need not be in the Faculty of Science).

The department also offers considerable scope for students wishing to include Chemistry as part of a BSc or BA General Program. Students with this training will frequently find career opportunities in industry, at both the technical and managerial levels, as well as in business, teaching and many other occupations. The influence of Chemistry in modern society is considered in CHEM 300A, a course intended for non-scientists who have successfully completed at least 15 units of university credit.

See “Chemistry Co-operative Education Program”, (page 257).

## Program Requirements

### Notes on Course Requirements

- Courses may be taken in different sequences and in different years than those indicated provided the corequisite and prerequisite requirements are satisfied. However, students must be extremely careful in planning programs that differ from the normal sequence. Students who do not take CHEM 213 in the second year might find it difficult to complete their program in the normal time period.

- Safety glasses or goggles must be worn by all students in laboratories. Chemistry department laboratory notebooks may be purchased in the University Bookstore.

---

**Course Challenge**

The Department of Chemistry does not permit students to receive credit by course challenge.

**Credit for Previously Offered Courses**

Students with credit in the following courses which are no longer offered may make the specified substitutions in any undergraduate program:

- CHEM 235 for CHEM 232
- CHEM 352 for CHEM 452
- CHEM 353 for CHEM 453

**Fourth-year Course Selection**

For up-to-date information on fourth-year course offerings, please see the Chemistry department’s website at <www.uvic.ca/science/chemistry> or contact the department at <chem@uvic.ca>.

**Honours Programs**

Students require the permission of the department to enter an Honours Program and should contact the department in their second year of studies (or later).

To graduate with an Honours degree in Chemistry, students must achieve a graduating GPA of at least 5.5.

**Chemistry Program Requirements**

3. CHEM 231 may also be taken in the second year. If CHEM 231 is taken in the second year, an additional 1.5 units of electives should be taken in the first year.
4. Physics requirement may also be satisfied by PHYS 120 and 130.
5. May be replaced by BIOC 300A.
6. This 0.75 unit laboratory course must be taken twice, over two terms in which the course content differs, for a total of 1.5 units.

## Major Program in Chemistry for the Medical Sciences

### First Year
- CHEM 091, 101, 102\(^1\), or 101, 102\(^2\) ........................................... 3.0
- BIOL 184, 186 ............................................................... 3.0
- MATH 100 or 109, 101 .................................................. 3.0
- PHYS 102; or 102A and 102B; or 110 and 111 or 120 and 130 .... 3.0
- One of ENGL 135, 146, 147\(^3\) ........................................... 1.5
- Electives ........................................................................ 1.5

### Second Year
- CHEM 213 ................................................................. 1.5
- One of CHEM 212\(^4\), 222, 245\(^5\) ........................................... 1.5
- CHEM 231, 232 ............................................................. 3.0
- BIOL 225 ................................................................. 1.5
- STAT 255 or 260 ....................................................... 1.5
- Two of ANTH 250, BIOL 230, ENGL 303, EPHE 141, 155, 241, 242, MICR 200A, 200B, PHIL 331, PSYC 251\(^5,6,7\) ............... 3.0
- Electives ........................................................................ 3.0

## Third and Fourth Years

- BIOC 300A and 300B\(^8\) ................................................ 3.0
- One of CHEM 212\(^4\), 222, 245\(^5\) ................................. 1.5
- Two of CHEM 361\(^9\), 362\(^9\), 363\(^9\), 364\(^9\) ....................... 1.5
- CHEM 337 and 437 .................................................... 3.0
- Three 300- or 400-level CHEM lecture courses ................. 4.5
- Two of ANTH 250, BIOL 230, ENGL 303, EPHE 141, 155, 241, 242, MICR 200A, 200B, PHIL 331, PSYC 251\(^5,6,7\) ............... 3.0
- Two of ANTH 352, BCMB 301A, 301B, BIOL 432, 436, 439, 447, MEDS 301, 325, 410, MICR 303, 402, STAT 355\(^5,6,10\) ............... 3.0
- Electives\(^{11,12}\) ............................................................. 10.5

### General and Minor Programs

#### First Year
- CHEM 091 and 101\(^1\), or 101\(^2\) ........................................... 1.5
- CHEM 102 ................................................................. 1.5
- MATH 100 or 109, 101 .................................................. 3.0
- PHYS 110 and 111\(^3\) ...................................................... 3.0
- Electives\(^4\) ................................................................. 6.0

#### Second Year
- CHEM 212, 213, 222, 231, 232, 245 ................................... 9.0
- Electives ........................................................................ 6.0

---

9. 0.75 unit laboratory courses. Two must be taken in which the course content differs for a total of 1.5 units.
10. In any given year, some of these courses may not be offered, or may be restricted to students in a specialized program of study. In this event, additional 300- or 400-level courses may be substituted, with the permission of the Chemistry Department.
11. A total of 21 units of 300- and 400-level courses are required for graduation.
12. Students planning on a career in chemistry involving additional graduate study or accreditation as a Professional Chemist are advised to take at least one additional 1.5 units of Chemistry courses numbered 300 or higher as part of their program electives in the third and fourth year.

---

7. PSYC 215A may be taken instead of PSYC 251.
8. BIOC 299 plus one of either BIOC 360 or 361 in lieu of BIOC 300A and 300B may be acceptable. Students planning on this option need to consult with the Program Adviser.
9. 0.75 unit laboratory courses. Two must be taken in which the course content differs for a total of 1.5 units.
10. For students with Chemistry 11 and Principles of Mathematics 12 or Pre-Calculus 12 or equivalents.
11. For students with Chemistry 12 and Principles of Mathematics 12 or Pre-Calculus 12 or equivalents.
12. Most medical schools require two first-year English courses; as a result, students are encouraged to take a second English course at some point of their degree.
Combined Major in Chemistry and Biochemistry Program Requirements

Students may obtain a Combined Major in Chemistry and Biochemistry or Chemistry and Microbiology.

2. For students with Chemistry 12 and Principles of Mathematics 12 or Pre-Calculus 12 or equivalents.
3. Physics requirement may also be satisfied by PHYS 120 and 130.
4. CHEM 231 may be taken in the second term of the first year, and 1.5 units of these electives postponed.
5. BIOL 225 may be taken in the second year as a corequisite to BIOL 300A and 300B. Alternatively, CHEM 245 may be deferred to the Fall term of the third year.

Combined Major in Chemistry and Mathematics Program Requirements

For a BSc degree in the Combined Chemistry and Mathematics Program students may take a Major or Honours Program. These programs are not joint degrees in Chemistry and Mathematics, but a single degree program composed of a selected combination of courses from each of the departments.

Students opting for either of these combined programs must contact the Departments of Chemistry and Mathematics and Statistics. Each student will be assigned an adviser from each of these departments. Students considering proceeding to graduate work in either Chemistry or Mathematics must consult with their adviser prior to making their final choice of courses.

Combined Chemistry and Earth and Ocean Sciences Program Requirements

Both Majors and Honours BSc degrees are offered in the Combined Chemistry and Earth and Ocean Sciences Program. This program exposes students to the fields of geochemistry and chemical oceanography while providing a firm basis in the principles of chemistry. Students considering this program must contact the Chemistry department and the School of Earth and Ocean Sciences where an adviser from each discipline will be assigned. Students considering graduate studies in either Chemistry or Earth and Ocean Sciences must consult with their adviser from the appropriate discipline before making their final choices of courses.

8. EOS 403, 408, 416, 420, 422, 425, 427, and 433 are normally offered in alternate years. Students are advised to consult with the department to determine when these courses are offered.

Chemistry Co-operative Education Program

See “Co-operative Education Programs” for the Faculty of Science (page 241). See also the general regulations pertaining to “Undergraduate Co-operative Education” Programs of the University of Victoria governing all co-operative education students (page 59).

Chemistry Co-op Program Requirements

To enter and remain in the Chemistry Co-operative Education Program, students must normally maintain a GPA of 4.5 in Chemistry courses and overall. Students are also required to complete satisfactorily a minimum of four work terms. A student may at any time during an academic term transfer from the Chemistry Co-operative Education Program to a regular Chemistry program.

Students in the Co-op program may commence work terms after one full year of course work, and normally will alternate terms of academic study and work experience, with the following conditions:

1. Students’ work terms should include work with at least three different employers.
2. Two consecutive work terms (totaling 8 months) may be included with permission.

3. Two of the work terms must be subsequent to the student passing all required 100- and 200-level chemistry courses and 3.0 units of third-year chemistry courses.

Students who do not take CHEM 213 in the second year might find it difficult to complete their program in the normal time period.

Each work term is recorded on the student’s academic record and transcript (as COM, N/X or F/X). Some employers keep work term reports confidential, but at least two work term reports must be evaluated as satisfactory by the department in order to complete the program.

Students who are taking double or combined Major degrees programs, who wish to participate in a combined Co-op program, should refer to the regulations for the Faculty of Science “Co-operative Education Programs” found on page 241.

Applications and further information about the Co-operative Education Program in Chemistry are available from the department or at <www.uvic.ca/chemcoop>.

Fax: 250-721-6200
Email: seos@uvic.ca
Web: <www.uvic.ca/science/seos>

**EARTH AND OCEAN SCIENCES PROGRAMS**

The School offers the following BSc degree programs:

- General, Minor, Major and Honours in Earth Sciences
- Combined Major and Honours in Physics and Earth Sciences (Geophysics)
- Combined Major and Honours in Physics and Ocean Sciences (Ocean-Atmosphere Dynamics)
- Combined Major and Honours in Chemistry and Earth and Ocean Sciences
- Combined Major and Honours in Physical Geography and Earth and Ocean Sciences
- Combined Major and Honours in Biology and Earth and Ocean Sciences
- Minor in Ocean Sciences

The Earth Sciences programs require a core of earth sciences courses, corequisite courses in the other sciences, and a selection of electives suited to the interests of individual students.

Combined Honours and Major programs offered in collaboration with the Department of Physics and Astronomy provide specialization in either Geophysics or Ocean-Atmosphere Dynamics and allow students to apply basic principles of physics and mathematics to fundamental global processes affecting the earth and oceans.

Combined Honours and Major programs offered in collaboration with the Department of Chemistry expose students to the fields of geochemistry while providing a firm basis in the principles of chemistry.

Combined Honours and Major programs offered in collaboration with the Department of Geography are aimed at students whose interests span the fields of physical geography and earth sciences.

Combined Honours and Major programs offered in collaboration with the Department of Biology offer students the opportunity to combine interests in both disciplines.

Students may take a Minor Program in Earth and Ocean Sciences along with a Major or Honours Program in another discipline. Such interdisciplinary programs may be advantageous to students considering a postgraduate degree in Environmental Studies, Geophysics, Geography, Oceanography, Atmospheric Sciences or Education. Students intending
to pursue research or continue their studies for MSc or PhD degrees should consider the Honours Programs.

The distinctive character of the BSc General Program is the breadth of course options possible. Students in this program combine a concentration in earth sciences with one in another science area (BSc) or an arts area (BA).

The Minor in Ocean Sciences is intended to provide students with a broad overview of oceanography, focusing on its essentially interdisciplinary nature.

**Professional Registration**

Completion of the Earth Science Honours or Major program, with an appropriate selection of courses (including a geomorphology elective), is intended to fulfill the academic requirements for designation as a Professional Geoscientist (P Geo) under the discipline of Geology from the Association of Professional Engineers and Geoscientists of BC (APEGBC). The Combined Physical Geography and Earth and Ocean Science program, with an appropriate selection of courses, is intended to fulfill the APEGBC academic requirements for PGeo designation under the discipline of Environmental Geoscientist. APEGBC has requirements of students beyond course work, and reserves the right to set standards and change requirements at any time. Therefore, the School of Earth and Ocean Sciences, Department of Geography, and University of Victoria assume no responsibility for students' acceptance into APEGBC during or after completion of their program. For more information, see the SEOS website <www.uvic.ca/science/seos/undergrad/programs/apeg> and the APEGBC website <www.apeg.bc.ca>.

See "School of Earth and Ocean Sciences Co-operative Education Program" (page 265).

**PROGRAM REQUIREMENTS**

**Course Availability and Information**

Students should consult the School concerning courses offered in any particular year. Some fourth-year courses are offered in alternate years.

The names of course instructors, together with the required and recommended texts for each course, are available from the School.

**Field Courses**

Earth Sciences 300 and 400 are scheduled outside of the normal term time at off-campus locations on dates specified by the School. Students are required to meet part of the expenses involved and will be advised of such expenses during the Fall term. Students should contact the School for further information.

**Honours Programs**

Students will normally apply for admission to the SEOS Honours Program at the end of the third year of their undergraduate Earth Sciences Program or combined program, although they may apply as early as the end of their second year and as late as the beginning of their last year. The general requirement for admission to the Honours Program is a cumulative GPA of 5.5 in 200-, 300-, and 400-level courses at the time of application.

**Honours Graduation Standing**

An Honours degree requires:

- a graduating GPA of at least 5.5
- minimum grade of B+ in EOS 499A and 499B

If a student fails to meet the standards for the Honours degree, while meeting the Major degree requirements, the student may graduate with the appropriate Major degree.

**Minor in Ocean Sciences**

A student may declare a Minor in Ocean Sciences when enrolled in an Honours, Major, or General Program offered by SEOS or another department or school (which need not be in the Faculty of Science), along with the following courses:

- EOS/GEOG 120 and one of EOS/GEOG 110, EOS 340, 365
- EOS 311, 312, 313, 314
- Two of EOS 315, 403, 408, 410, 425, 431, 433, 435; BIOL 319, 322, 335, 446; PHYS 426; EOS 490 or BIOL 490D or 3 units from a 400-level MRNE course offered through the Bamfield Marine Sciences Centre may be taken provided an appropriate oceans-related topic is chosen and with permission of department.

Students normally consult the School's Ocean Science Adviser before admission to the Ocean Science Minor Program at the end of the first or second year of their undergraduate program.

---

1. Students who have completed Biology 11 and 12 should take BIOL 184.
2. CHEM 150 may be taken instead of CHEM 101.
3. Physics requirement may also be satisfied by PHYS 102 and 110, or PHYS 102A and 102B and 110, or PHYS 120 and 130.
4. Students should consider taking BIOL 215 as one of their electives.
5. EOS 403, 408, 416, 420, 422, 425, 427, and 433 are normally offered in alternate years. Students are advised to consult with the department to determine when these courses are offered.

### General and Minor in Earth Sciences

The School of Earth and Ocean Sciences General and Minor Program is designed to offer a flexible program with maximum choice for students with a general interest in Earth Sciences. Students interested in a professional career or graduate studies in the field are strongly advised to take the Honours or Major Program.

**First Year**

</tbody>
</table>

1. CHEM 150 may be taken instead of CHEM 101.
2. In choosing electives, it is recommended that students consider the prerequisite requirements for EOS electives in Years 3 and 4.
3. EOS 403, 408, 416, 420, 422, 425, 427, and 433 are normally offered in alternate years. Students are advised to consult with the department to determine when these courses are offered.
4. Must include 9.0 units of 300 level or above in a second area of concentration for the General Program.

### Combined Physics and Earth Sciences (Geophysics) Program Requirements

Admission to the Combined Physics and Earth Sciences (Geophysics) Program requires the permission of both the Department of Physics and Astronomy and the School of Earth and Ocean Sciences.

## Combined Major in Physics and Earth Sciences (Geophysics)

### First Year
- **CHEM 101, 102**: 3.0
- **CSC 110 or 111**: 1.5
- **EOS 110, 120**: 3.0
- **MATH 100 or 109, 101**: 3.0
- **PHYS 120 and 130; or 110 and 111**: 3.0
- **Electives**: 1.5
- **Total**: 15.0

### Second Year
- **EOS 201, 202, 205**: 4.5
- **EOS 210 or PHYS 210**: 1.5
- **MATH 200, 204, 211**: 4.5
- **PHYS 216, 229, 248**: 4.5
- **Total**: 15.0

### Third Year
- **EOS 300**: 1.5
- **EOS 427 or PHYS 427 or electives**: 1.5
- **MATH 342, 346**: 1.5
- **PHYS 215, 317, 321A, 325, 326**: 7.5
- **Electives**: 1.5
- **Total**: 15.0

### Fourth Year
- **EOS 410, 480**: 3.0
- **EOS 427 or PHYS 427 or electives**: 1.5
- **MATH breadth electives**: 1.5
- **PHYS 323, 411**: 3.0
- **EOS or PHYS electives**: 4.5
- **Electives**: 1.5
- **Total**: 16.5

### Fourth Year
- **EOS 403, 408, 416, 420, 422, 425, 427, and 433**: 1.5
- **EOS 499A, 499B; or PHYS 429A, 499**: 3.0
- **PHYS 460A and 460B**: 0.0
- **PHYS 323, 325, 411**: 4.5
- **EOS or PHYS electives**: 6.0
- **Total**: 18.0

1. **CHEM 150** may be taken instead of **CHEM 101**.
2. In choosing these electives, it is recommended that students consider the prerequisite requirements for EOS or PHYS electives in Year 4.
3. **EOS 403, 408, 416, 420, 422, 425, 427, and 433** are normally offered in alternate years. Students are advised to consult with the department to determine when these courses are offered. One of **EOS 427** or **PHYS 427** is required in the program, and may be taken in either third or fourth year.
4. Chosen from courses listed in Note 7 in the Notes on Course Requirements in Physics and Astronomy's Program Requirements.
5. Chosen from EOS and PHYS courses numbered 300 and above.

### Combined Physics and Ocean Sciences (Ocean-Atmosphere Dynamics) Program Requirements

Admission to the Combined Physics and Ocean Sciences (Ocean-Atmosphere Dynamics) Program requires the permission of both the Department of Physics and Astronomy and the School of Earth and Ocean Sciences.

### Combined Honours in Physics and Ocean Sciences (Ocean-Atmosphere Dynamics)

#### First Year
- **CHEM 101, 102**: 3.0
- **CSC 110 or 111**: 1.5
- **EOS 110, 120**: 3.0
- **MATH 100 or 109, 101**: 3.0
- **PHYS 120 and 130; or 110 and 111**: 3.0
- **Electives**: 1.5
- **Total**: 15.0

#### Second Year
- **EOS 340**: 1.5
- **MATH 200, 204, 211**: 4.5
- **PHYS 215, 216, 229, 248**: 6.0
- **Electives**: 3.0
- **Total**: 15.0

#### Third Year
- **MATH 342, 346**: 3.0
- **MATH breadth electives**: 3.0
- **PHYS 317, 321A, 323, 325, 326**: 7.5
- **EOS electives**: 1.5
- **PHYS electives**: 1.5
- **Total**: 16.5

#### Fourth Year
- **EOS 410, 480**: 3.0
- **EOS 499A, 499B; or PHYS 429A, 499**: 3.0
- **PHYS 460A and 460B**: 0.0
- **PHYS 321B, 410, 411, 422, 426**: 7.5
- **EOS electives**: 1.5
- **PHYS electives**: 1.5
- **Total**: 16.5

1. CHEM 150 may be taken instead of CHEM 101.
2. For students with Chemistry 11 and Pre-Calculus 12 or equivalents.
3. For students with Chemistry 12 and Pre-Calculus 12 or equivalents.
4. Physics requirement may also be satisfied by PHYS 120 and 130.
5. EOS 202 and 300 are recommended for students interested in geologic field studies (202 is prerequisite for 300); EOS 260 and 460 are recommended for students interested in biosphere evolution (260 is prerequisite for 460).
6. May be replaced by BIOC 300A
7. This 0.75 unit laboratory course must be taken twice, over two terms in which the course content differs, for a total of 1.5 units.
8. EOS 403, 408, 416, 420, 422, 425, 427, and 433 are normally offered in alternate years. Students are advised to consult with the department to determine when these courses are offered.

---

1. CHEM 150 may be taken instead of CHEM 101.
2. Physics requirement may also be satisfied by PHYS 102 and 110; or PHYS 102A and 102B and 110; or PHYS 120 and 130.
3. GEOG 226, STAT 255 and 260: Students who already have credit for an introductory statistics course numbered 200 or above from another academic unit must consult with a Geography or SEOS Undergraduate Adviser before registering in either GEOG 226, STAT 255, 260. See “Credit Limit—Beginning Level Statistics Courses” (page 42).
4. EOS 403, 408, 416, 420, 422, 425, 427, and 433 are normally offered in alternate years. Students are advised to consult with the department to determine when these courses are offered.

---

**Combined Geography and Earth and Ocean Sciences Program Requirements**

Students intending to pursue this combined program must consult with the Undergraduate Adviser in either the School of Earth and Ocean Sciences or the Department of Geography after completing first-year requirements.

**Combined Honours in Physical Geography and Earth and Ocean Sciences**

Admission to the Combined Honours Geography and Earth and Ocean Sciences Program requires the permission of both the Department of Geography and the School of Earth and Ocean Sciences.
**Combined Biology and Earth and Ocean Sciences Program Requirements**

**Notes on Course Requirements**

1. Biology 11 and 12 are normally required for entry into the Combined Biology and Earth and Ocean Sciences program. Students without Biology 11 and 12 are required to take BIOL 150A and 150B.

2. Students should note that EOS 240 is a prerequisite for several upper-level EOS courses (EOS 316, 335, 403, 408, 416, 420, 425, 440, 450, 460).

**Combined Honours in Biology and Earth and Ocean Sciences**

Admission to the Combined Honours Biology and Earth and Ocean Sciences Program requires the permission of both the Department of Biology and the School of Earth and Ocean Sciences. To receive an Honours degree, a student must obtain: (1) a minimum graduating GPA of 5.5 overall; (2) a minimum GPA of 6.0 in SEOS or Biology courses at the 300 and 400 level; and a minimum grade of A- in BIOL 499A and 499B or EOS 499A and 499B.

School of Earth and Ocean Sciences Co-operative Education Program

Students intending to register in Earth Sciences Major or Honours Programs may wish to combine their academic programs with relevant and productive work experience in industry, business and government. See “Co-operative Education Programs” for the Faculty of Science (page 241). See also the general regulations pertaining to “Undergraduate Co-operative Education” Programs of the University of Victoria governing all co-operative education students (page 59).

Co-op Program Requirements

Entry into the SEOS Co-op Program is restricted to students enrolled in a Major or Honours Program in SEOS and attending UVic on a full-time basis. To qualify for entry and continuation in the Co-op Program a student must normally maintain a GPA of 3.0 in SEOS courses and a GPA of 4.5 overall. In addition to academic grades, acceptance will be based on individual interest, abilities and aptitudes, and a formal interview. A student is required to satisfactorily complete at least four Work Terms, each of which will be recorded on the student’s academic record and transcript (as COM, N/X or F/X).

Students who are taking double or combined Major degrees programs, who wish to participate in a combined Co-op program, should refer to the regulations for the Faculty of Science “Co-operative Education Programs” found on page 241.

A student may at any time during an academic term transfer from the SEOS Co-operative Program to a regular SEOS program. “Work Term Credit By Challenge” (page 61) is permitted in the SEOS Co-op Program.

Students transferring from other post-secondary institutions may apply to enter the Co-op Program when applying for admission to UVic. Co-op students interrupting their academic or work term program may apply for reinstatement in the Co-op Program upon return to UVic, but readmission is not guaranteed.

Applications and further information concerning the Co-op Program in SEOS may be obtained from the School or at <www.uvic.ca/eoscoop>.
Students interested in a Bachelor of Arts degree should register in the Faculty of Humanities or the Faculty of Social Sciences, complete the requirements common to all bachelor's degrees in that faculty, and satisfy the requirements for the General, Major or Honours Program in Mathematics or the General, Major or Honours Program in Statistics described below.

Students may also complete a Minor in Mathematics or Statistics. See "Mathematics and Statistics Co-operative Education Program" (page 271).

**PROGRAM REQUIREMENTS**

**Notes on Course Requirements**

1. Any student who has been awarded a UBC-SFU-UVIC-UNBC Calculus Examination Certificate can receive credit for MATH 100 with the letter grade corresponding to the examination score.

2. Credit by course challenge is not offered. Any students who demonstrate to the department that they have mastered the material of a course may be granted advanced placement. For this purpose a score of 4 or 5 on the AP Calculus test will constitute mastery of MATH 100.

3. The prerequisite for MATH 100 is a minimum grade of 73% in either Principles of Mathematics 12 or Pre-calculus 12; or a minimum grade of C+ in MATH 120; or a PASS on the MATH 100 pretest. The pretest will be given in the first week of classes each term.

4. All courses within the Department of Mathematics and Statistics which require a calculator will permit only the use of a specific department-selected calculator. Detailed information about calculator restrictions will be given at the beginning of these courses.

5. All students taking a Major or Honours in Mathematics are strongly advised to take at least one University course in Physics.

**Honours Programs**

Students who wish to be admitted to an Honours Program in the department should apply in writing to the Chair of the department on completion of their second year. Normally a student will be admitted to the third year of an Honours Program in the department only if the student has achieved a GPA of at least 6.5 in the second-year courses taken in the department. A student whose third-year work is not of Honours caliber may be required to withdraw from the program.

First and Second Years

CSC 110 ................................................................. 1.5
MATH 200, 204, 211, 212, 236, 248 ............................. 9.0
STAT 260 ............................................................. 1.5

Third and Fourth Years

MATH 222, 311 ...................................................... 3.0
STAT 350 ................................................................ 1.5
12 units of MATH or STAT courses numbered 300 or higher including
  - at least 7.5 units of MATH courses;
  - at least 3 units numbered 400 or higher;
  - at least 1.5 units of MATH courses numbered 400 or higher.

Note: STAT 261 is recommended.

General in Mathematics

MATH 100 or 109, 101, 122 ........................................ 4.5
MATH 200, 204, 211 ............................................... 4.5
9.0 additional units of MATH or STAT courses numbered 300 or higher ......................... 9.0

Minor in Mathematics

A student may declare a Minor in Mathematics by completing the requirements for an Honours Program or a Major Program offered by another department or school (which need not be in the Faculty of Science) in conjunction with either the Mathematics course requirements for the General in Mathematics or the following set of courses:

MATH 100 or 109, 101 ............................................... 3.0
One of MATH 200, 202 ........................................... 1.5
Two of MATH 204, 211, 212, 222, STAT 260 ............... 3.0
4.5 additional units of MATH courses numbered 300 or higher ........................................ 4.5

The selected courses must include at least 9.0 units numbered 200 or higher that do not form part of the requirements of the Honours or Major or General or Option Program. Any course disqualified from the Minor Program by overlap with the requirements of the Honours or Major or General or Option Program may be replaced by another MATH or STAT course at the same level or higher. See Faculty of Science “Minor Program” regulations (page 241). Only one Minor may be declared on any degree program.

Statistics Program Requirements

Honours in Statistics

MATH 100 or 109, 101, 122 ........................................ 4.5
CSC 110 ................................................................ 1.5
MATH 200, 204, 211, 236, 248 ................................... 7.5
STAT 260, 261 ..................................................... 3.0

MATH 301, 311 ...................................................... 3.0
STAT 350, 353, 450 ............................................... 3.0
Two of MATH 451, 452, STAT 354, 453, 454, 455, 456, 457, 458, 459 (454 can be taken more than once in different topics) ........................................... 3.0
9.0 additional units made up of MATH courses numbered 300 or higher, or STAT courses numbered 400 or higher ........................................................................ 9.0

1. Students must make course selections such that their program contains at least 6.0 units of MATH and/or STAT courses numbered 400 or higher.

Major in Statistics

MATH 100 or 109, 101 ............................................... 3.0
CSC 110 ................................................................ 1.5
MATH 200, 204, 211, 248 ........................................ 6.0
STAT 260, 261 ..................................................... 3.0
MATH 377 ................................................................ 1.5
STAT 350, 353, 354, 453 ........................................ 6.0
7.5 additional units made up of MATH courses numbered 300 or higher, and/or STAT courses numbered 400 or higher. Recommended courses include STAT 450, 454, 455, 456, 457, 458, 459
(454 can be taken more than once in different topics), MATH 452 ........................................................................ 7.5

General in Statistics

MATH 100 or 109, 101 ............................................... 3.0
MATH 200 (or 205), 211 ........................................... 3.0
STAT 260 (or 255), 261 (or 256) ................................ 3.0
STAT 353, 354, 453 ............................................... 4.5
4.5 additional units of MATH and/or STAT courses numbered 300 or higher. Recommended courses include STAT 350, 355, 357, 359, 450, 454, 455, 456, 457, 458, 459
(454 can be taken more than once in different topics), MATH 352, 377, 452 ........................................... 4.5

Minor in Statistics

A student may declare a Minor in Statistics by completing the requirements for an Honours Program or a Major Program offered by another department or school (which need not be in the Faculty of Science) in conjunction with the following set of courses:

MATH 100 (or 102 or 109), 101 (or 151) ......................... 3.0
MATH 211 ................................................................ 1.5
STAT 260 (or 255), 261 (or 256) ................................ 3.0
STAT 353, 354 ..................................................... 3.0
One of STAT 350, 355, 357, 359, 450, 453, 454, 455, 456, 457, 458, 459 (454 can be taken more than once in different topics) ........................................... 1.5

The selected courses must include at least 9.0 units numbered 200 or higher that do not form part of the requirements of the Honours or Major or General or Option Program. Any course disqualified from the Minor Program by overlap with the requirements of the Honours or Major or General or Option Program may be replaced by another MATH or STAT course at the same level or higher. Only one Minor may be declared on any degree program.

Combined Mathematics and Statistics Program Requirements

Honours: Mathematics and Statistics

MATH 100 or 109, 101, 122 ........................................ 4.5

- One of STAT 450, 454, 455, 456, 457, 458, 459 ................................. 1.5
- 3.0 additional units of MATH or STAT courses numbered 300 or higher ................................................................. 3.0

**Combined Chemistry and Mathematics Program Requirements**

For a BSc degree in Combined Chemistry and Mathematics, students may take a Major or Honours program. These programs are not joint degrees in Chemistry and Mathematics, but a single degree program composed of a selected combination of courses from each of the departments. Students opting for either of these combined programs must contact the Chemistry and Mathematics and Statistics departments. Each student will be assigned an adviser from each of these departments. Students considering proceeding to graduate work in either Chemistry or Mathematics must consult with their advisers prior to making their final choice of courses.

**Honours: Chemistry and Mathematics**

**First and Second Years**

- CHEM 091 and 101\(^1\), or 101\(^2\) ......................................................... 1.5

- STAT 355 or 359 ........................................................................................ 1.5

**Computer Science and Mathematics, and Computer Science and Statistics Program Requirements**

For a BSc degree in Combined Computer Science and Mathematics or Computer Science and Statistics, students may take a Major or Honours program. These programs are not joint degrees in Computer Science and Mathematics or Computer Science and Statistics, but a single degree program composed of selected courses from each of the departments. Students opting for any of these combined programs must contact the Computer Science, Statistics, and Computer Science and Statistics departments, and will be assigned an adviser from each of these departments. Students considering future graduate work in Computer Science, Mathematics or Statistics must consult with their advisers prior to making their final choice of courses.

Students who wish to be admitted to one of the Combined Honours programs should apply in writing to the Honours Advisers of the departments on completion of their second year. Normally a student will be admitted to the Combined Honours program only if the student meets the following conditions:

1. completion of CSC 106 (formerly 112, 212), 110, 115, 225, 230, and SENG 265
2. completion of at least 10.5 units of the Mathematics and Statistics courses required for the degree
3. a grade of at least B+ in all 200-level CSC courses
4. a GPA of at least 6.5 in all 200-level Mathematics and Statistics courses.

Students may also enter one of the Combined Honours programs upon completion of their third year provided they have at least 4.5 units of 300- or 400-level credit from each department with a minimum GPA of 6.0. This minimum GPA of 6.0 is in all courses completed at the 300- or 400-level in the two departments.

Honours students are expected to maintain a GPA of at least 5.0 in their third year to remain in the program.

1. Electives chosen from first-year Chemistry courses.
2. Some students may take MATH 211 and 212 in first year, and MATH 311 and 312 in second year.
3. PHYS 210, MATH 248, CSC 115, 225 and 230 are recommended.
4. Electives chosen from MATH courses numbered 300 or higher. These electives must be chosen in consultation with the Department of Mathematics and Statistics, and must include 3 units of courses numbered 400 or higher.
5. Elective chosen from Physics and Astronomy courses numbered 300 or higher. This elective must be chosen in consultation with the Department of Physics and Astronomy.

**Combined Major: Financial Mathematics and Economics**

This is a single degree program leading to a BSc in Financial Mathematics and Economics. Only a Major program is offered. Students are required to take a selected combination of courses from the Department of Mathematics and Statistics and the Department of Economics. Students may complete this program in either the Faculty of Science or the Faculty of Social Sciences. Those choosing a Science degree should consult the Faculty of Science “Requirements Common to All Bachelor’s Degrees”, page 239; those choosing a Social Science degree should consult the Faculty of Social Sciences degree requirements, (see “Requirements Common to All Bachelor’s Degrees”, page 284).

1. Satisfaction of the AWR (“Academic Writing Requirement” page 40) is a prerequisite for ECON 225. ECON 225 is a prerequisite for ECON 313 and a co-requisite for ECON 365. Students satisfy the ECON 225 course requirement if they have: i) received a minimum grade of B+ in ENGL 135, 146 or 147, or ii) passed ENGR 240.
2. A minimum grade of C in ECON 203 is the prerequisite for ECON 313. A minimum grade of B- in ECON 313 is the prerequisite for ECON 435 and 454.
3. At least 1.5 units of electives must be from ECON or MATH courses numbered 300 or above.

**Diploma in Secondary Teacher Education**

Students enrolled in a Bachelor of Science degree in Mathematics may apply to the Faculty of Education to take the Diploma in Secondary Teacher Education concurrently. Consult an academic adviser in Mathematics or Education for information about the admission requirements and application procedures.

**MATHEMATICS AND STATISTICS Co-operative Education Program**

See “Co-operative Education Programs” for the Faculty of Science (page 241).

**Co-op Program Requirements**

Students are normally admitted to the program in January, after their first term on campus, and application for admission should be made before the end of the first term. However, a student may be admitted to the program up to the end of his or her second year. A student will be admitted to a Co-op program only if there is a satisfactory schedule of academic terms and work terms that will enable the student to complete all Co-op requirements.

Students registered in the Co-op Program normally must be enrolled in at least 6 units of course work during each academic term. The performance of students will be reviewed after each academic term and each work term. Students who fail to achieve satisfactory standing on an academic term or satisfactory completion of a work term may be required to withdraw from the program.

Further information concerning the Co-operative Education Program may be obtained from the department.

**Computer Science/Mathematics Work Experience Program**

The Computer Science/Mathematics Work Experience program is intended for students who are enrolled in, or have completed, at least 3 units of 300- or 400-level courses in Computer Science, Software Engineering, Mathematics or Statistics in any Major, Honours or Option degree program in either the Department of Computer Science or the Department of Mathematics and Statistics, or in any combined degree program offered entirely within these two departments. Students participating in the Work Experience program must pass four work terms in order to complete their Co-op degree requirements, and satisfy the course requirements of their specific degree program.

Students should contact the Engineering and Computer Science/Mathematics Co-op Office to discuss entry into this program.

Notes on Course Requirements

PROGRAM REQUIREMENTS

See “Physics and Astronomy Co-operative Education Program” (page 280).

PHYSICS AND ASTRONOMY PROGRAMS

Undergraduate Degree Programs

The department offers the following BSc degree programs:
- General, Minor, Major and Honours in Physics
- Minor, Major and Honours in Astronomy
- Combined Major and Honours in Physics and Astronomy
- Combined Honours in Physics and Mathematics
- Combined Major and Honours in Physics and Earth Sciences (Geophysics)
- Combined Major and Honours in Physics and Computer Science
- Combined Major and Honours in Physics and Biochemistry

A student may complete a Minor in Physics by completing the requirements for the General Program in Physics in conjunction with the requirements for an Honours or Major Program offered by another department (which need not be in the Faculty of Science).

A BSc degree in Physics provides a sound basis for entry to graduate programs in fields such as Atmospheric Science, Geophysics and Oceanography.

Courses of General Interest

The courses ASTR 101, 102, 201 and PHYS 303 are intended for students who wish to increase their understanding of science and the physical world as part of their cultural development.

See “Physics and Astronomy Co-operative Education Program” (page 280).

PROGRAM REQUIREMENTS

Notes on Course Requirements

1. The course sequences below are designed for a four-year program. Students who anticipate taking longer than four years should consult the undergraduate adviser. Students in the Co-op program will take longer than four years and should consult the Co-op coordinator.

2. Physics 12 and Mathematics 12 are required for entry into the Physics and Astronomy undergraduate programs. For all sequences, PHYS 120 is intended for students planning a career in Physics or Astronomy and who have attained at least a B standing in each of Physics 12 and Mathematics 12.

3. Those with less than a B standing and planning a career in Physics or Astronomy, or those planning a career in some other Physical Science (such as Chemistry or Earth and Ocean Sciences), should take PHYS 110 and 111.

4. Students planning to take Honours programs should normally also have completed Chemistry 11 and 12. Advanced placement is available for students with high standing in both Mathematics 12 and Physics 12.

5. Students should consult the timetable or the department to confirm which courses are offered in any particular term.

6. Where consent of the department is specified as a course prerequisite, this consent must be obtained from the department Chair or the Chair’s nominee.

7. “MATH breadth electives” may be chosen from MATH 301, 311, 348, 352, 369, 371, 377, 379, 436, 442, 447, 449, 492, STAT 254, 260, 350. MATH 301 is strongly recommended for students considering graduate school.

Honours Programs: General Regulations

1. Admission to the third and fourth years of the Honours programs requires the permission of the department.

2. Admission to the Combined Honours Physics and Mathematics program requires the permission of both the Department of Physics and Astronomy and the Department of Mathematics and Statistics.

3. Admission to the Combined Honours Physics and Earth Sciences (Geophysics) Program, and the Combined Honours Physics and Ocean Sciences (Physical Oceanography) Program requires the permission of both the Department of Physics and Astronomy and the School of Earth and Ocean Sciences (SEOS).

4. Admission to the Combined Honours Physics and Computer Science Program requires the permission of both the Department of Physics and Astronomy and the Department of Computer Science.

5. Admission to the Combined Honours Physics and Biochemistry Program requires the permission of both the Department of Physics and Astronomy and the Department of Biology and -Microbiology.

6. Students in the Honours programs will be required to maintain a GPA of at least 3.5.

Major Programs: General Regulations

For any Major program in the department, the course grades used in calculating the GPA on which the type of degree is based must include those for all courses (including departmental electives) numbered 300 and above that are specified by the department.

## Minor Program in Physics

### Year 1

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>PHYS 120 and 130; or 110 and 111</td>
<td>3.0</td>
</tr>
<tr>
<td>PHYS 200-level or higher</td>
<td>4.5</td>
</tr>
<tr>
<td>PHYS 300-level or higher</td>
<td>4.5</td>
</tr>
</tbody>
</table>

The 9.0 units numbered 200 or higher cannot also be used to fulfill the requirements of a student’s Honours, Major or General program, or Option. Any course disqualified from the Minor program by such overlap may be replaced by another PHYS course at the same level or higher. Students should note that most PHYS courses have MATH pre- and corequisites. Students who believe they are appropriately prepared for a PHYS course without having completed the listed prerequisites, such as 3rd or 4th year BEng students who have completed MATH 204, may apply to the department for permission to take it. The combination PHYS 215, 317, 321A, 323, 325, 328 is recommended for students in Electrical Engineering. The combination PHYS 215, 321A, 323, 325, 326, 328 is recommended for students in Mechanical Engineering.

## Astronomy Programs: Course Requirements

### Honours Program in Astronomy

### Year 1

<table>
<thead>
<tr>
<th>Course Code</th>

</tr>
</thead>
<tbody>
<tr>
<td>ASTR 150</td>
<td>1.5</td>
</tr>
<tr>
<td>CHEM 101, 102</td>
<td>3.0</td>
</tr>
<tr>
<td>CSC 110 or 111</td>
<td>1.5</td>
</tr>
<tr>
<td>MATH 100 or 109, 101</td>
<td>3.0</td>
</tr>
<tr>
<td>PHYS 120 and 130; or 110 and 111</td>
<td>3.0</td>
</tr>
<tr>
<td>Electives</td>
<td>3.0</td>
</tr>
<tr>
<td>Total</td>
<td>15.0</td>
</tr>
</tbody>
</table>
### Year 2

<table>
<thead>
<tr>
<th>Course</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>ASTR 250, 255</td>
<td>3.0</td>
</tr>
<tr>
<td>MATH 200, 204, 211</td>
<td>4.5</td>
</tr>
<tr>
<td>PHYS 215, 216, 229, 248</td>
<td>6.0</td>
</tr>
<tr>
<td>Electives</td>
<td>1.5</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>15.0</strong></td>
</tr>
</tbody>
</table>

### Year 3

<table>
<thead>
<tr>
<th>Course</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>ASTR 329</td>
<td>1.5</td>
</tr>
<tr>
<td>ASTR Electives</td>
<td>1.5</td>
</tr>
<tr>
<td>MATH 301, 342, 346</td>
<td>4.5</td>
</tr>
<tr>
<td>MATH breadth electives</td>
<td>1.5</td>
</tr>
<tr>
<td>PHYS 317, 321A, 323, 325, 326</td>
<td>7.5</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>16.5</strong></td>
</tr>
</tbody>
</table>

### Year 4

<table>
<thead>
<tr>
<th>Course</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>ASTR Electives</td>
<td>4.5</td>
</tr>
<tr>
<td>PHYS 321B; 410; 422 or 423, 499</td>
<td>6.0</td>
</tr>
<tr>
<td>PHYS 460A, 460B</td>
<td>0.0</td>
</tr>
<tr>
<td>PHYS electives</td>
<td>6.0</td>
</tr>
<tr>
<td>Electives</td>
<td>1.5</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>18.0</strong></td>
</tr>
</tbody>
</table>

1. ASTR 210, MATH 122 are also recommended.
2. Electives chosen from Astronomy courses numbered 300 or higher.
3. Chosen from courses listed in Note 7 in the Notes on Course Requirements in Physics and Astronomy’s Program Requirements.
4. Electives chosen from Physics and Astronomy courses numbered 300 or higher.

### Minor Program in Astronomy

A student may complete a Minor in Astronomy by fulfilling the requirements of an Honours, Major, or General degree in another discipline together with the following:

<table>
<thead>
<tr>
<th>Course</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>ASTR 150</td>
<td>1.5</td>
</tr>
<tr>
<td>ASTR 250</td>
<td>1.5</td>
</tr>
<tr>
<td>ASTR or PHYS 200-level or higher</td>
<td>3.0</td>
</tr>
<tr>
<td>ASTR 300-level or higher</td>
<td>4.5</td>
</tr>
</tbody>
</table>

The 9.0 units numbered 200 or higher cannot also be used to fulfill the requirements of a student’s Honours, Major, or General program, or Option. Any course disqualified from the Minor program by such overlap may be replaced by another PHYS or ASTR course at the same level or higher. Students should note that most ASTR courses have PHYS and MATH pre- and corequisites. Students who believe they are appropriately prepared for an ASTR course without having completed the listed prerequisites may apply to the department for permission to take it.

</table>

1. CHEM 150 may be taken instead of CHEM 101.
2. In choosing these electives, it is recommended that students consider the prerequisite requirements for PHYS or EOS electives in Year 4.
3. EOS 403, 408, 416, 420, 422, 425, 427, and 433 are normally offered in alternate years. Students are advised to consult with the department to determine when these courses are offered. One of EOS 427 or PHYS 427 is required in the program, and may be taken in either third or fourth year.
4. Chosen from courses listed in Note 7 in the Notes on Course Requirements in Physics and Astronomy’s Program Requirements.
5. Chosen from EOS and PHYS courses numbered 300 and above. PHYS 460A and 460B are recommended for third- and fourth-year students.

</tbody>
</table>
**Combined Honours in Physics and Biochemistry Requirements**

**Combined Major in Physics and Computer Science**

**Year 1**
- CSC 106; 110 or 111; 115 .................................................. 4.5
- ENGL 135, 146, or 147 .................................................. 1.5
- MATH 100 or 109, 122 .................................................. 4.5
- PHYS 120 and 130; or 110 and 111 .................................. 3.0
- Electives ............................................................................... 1.5
- **Total .......................................................................................... 15.0**

**Year 2**
- CSC 225, 226, 230 .................................................. 4.5
- MATH 200, 201 or 204, 211 ............................................. 4.5
- PHYS 215, 216, 229, 248 ................................................. 6.0
- **Total .......................................................................................... 15.0**

**Year 3**
- CSC 349A, 360 .................................................. 3.0
- ENGR 240 .................................................. 1.5
- MATH 342, 346 .................................................. 3.0
- PHYS 317, 321A, 325, 326 ........................................ 6.0
- SENG 265 .................................................. 1.5
- **Total .......................................................................................... 15.0**

**Year 4**
- CSC 320, 497 .................................................. 3.0
- CSC 445 or 446 .................................................. 1.5
- PHYS 323 .................................................. 1.5
- CSC electives .................................................. 3.0
- PHYS electives .................................................. 6.0
- **Total .......................................................................................... 15.0**

1. It is recommended that students consider the upper-level PHYS courses they wish to take when choosing the order in which to take PHYS 317, 321A, 323, 325, 326.
2. These Computer Science electives must be at the 400 level. 1.5 units may be 400 level SENG courses.
3. These Physics electives must be at the 300 or higher level. PHYS 460A and 460B are recommended for third- and fourth-year students.

**Combined Major in Physics and Biochemistry**

**Year 1**
- BIOL 186 .................................................. 1.5
- CHEM 101, 102 .................................................. 3.0
- MATH 100 or 109, 111 .................................................. 1.5
- PHYS 120 and 130; or 110 and 111 .................................. 3.0
- Electives ............................................................................... 3.0
- **Total .......................................................................................... 15.0**

**Year 2**
- BIOL 225 .................................................. 1.5
- CHEM 231, 232 .................................................. 3.0
- MATH 200, 204, 211 .................................................. 4.5
- MICR 200A .................................................. 1.5
- **Total .......................................................................................... 15.0**

1. Chosen from courses listed in Note 7 in the Notes on Course Requirements in Physics and Astronomy's Program Requirements.
2. Electives chosen from Physics and Astronomy courses numbered 300 or higher. PHYS 432 is strongly recommended.

**Combined Physics and Biochemistry Program Requirements**

**Combined Honours in Physics and Biochemistry**

**Year 1**
- BIOL 186 .................................................. 1.5
- CHEM 101, 102 .................................................. 3.0
- MATH 100 or 109, 111 .................................................. 1.5
- PHYS 120 and 130; or 110 and 111 .................................. 3.0
- Electives ............................................................................... 3.0
- **Total .......................................................................................... 15.0**

**Year 2**
- BIOL 225 .................................................. 1.5
- CHEM 231, 232 .................................................. 3.0
- MATH 200, 204, 211 .................................................. 4.5
- MICR 200A .................................................. 1.5
- **Total .......................................................................................... 15.0**
Co-op Program Requirements

To qualify for entry to the Physics and Astronomy Co-op Program, a student must have satisfied the Academic Writing Requirement, be enrolled full time, be proceeding to an Honours or Major degree in the department of Physics and Astronomy, have at least a 4.5 GPA and have at least a B- in each Physics or Astronomy course taken. To remain in the program, a student must be enrolled full time and maintain an average of at least 3.5. A minimum of four Work Terms is required to graduate with Co-op designation. Successfully completed Work Terms will be recorded on the student’s record and transcript. ‘Work Term Credit By Challenge’ (page 61), is permitted in the Physics and Astronomy Co-op Program.

Honours students in the Co-operative Education Program are normally required to obtain credit for at least 7.5 units in each academic term, or 15 units in two successive academic terms which may be separated by a Work Term. The ninth academic term is not subject to this requirement.

Students who are taking double or combined Major degrees programs, who wish to participate in a combined Co-op program, should refer to the regulations for the Faculty of Science “Co-operative Education Programs” found on page 241.

A student may, at any time during an academic term, transfer from the Physics and Astronomy Co-operative Education Program to a regular Physics and Astronomy program.

Applications and further information concerning the Co-operative Education Program in Physics and Astronomy may be obtained from the department or at <www.uvic.ca/physcoop>.
Facility of Social Sciences

The Social Sciences encompass the systematic study of individual and group behaviour as people interact in and with their cultural, social, economic, political and biophysical environments. The disciplines in the Faculty, namely Anthropology, Economics, Environmental Studies, Geography, Political Science, Psychology and Sociology, enlarge their students’ understanding of themselves and the world.

Catherine Krull, MA (Alberta), PhD (Alberta), Dean of Social Sciences
Rosaline Canessa, BSc (McGill), MSc (Heriot-Watt), PhD (UVic), Acting Associate Dean Academic
Cindy Holder, BA (McGill), MA (Dal), PhD (Arizona), Associate Dean Advising
Wendy L.M. Major, Administrative Officer
General Information

**DEGREES AND PROGRAMS OFFERED**

The Faculty of Social Sciences offers programs leading to the degrees of Bachelor of Arts (BA) and Bachelor of Science (BSc). BA Honours, Major and General programs are offered by the Departments of Anthropology, Economics, Geography, Political Science, Psychology and Sociology. The Departments of Geography and Psychology also offer BSc Honours, Major and General programs. The Department of Economics offers BSc Honours and Major programs. See chart below.

1. Offered jointly with the Faculties of Fine Arts, Human and Social Development and Humanities.
2. Offered jointly with the Faculties of Education, Human and Social Development and Humanities.
3. Offered jointly with the Faculty of Humanities.
4. Offered jointly with the Faculties of Human and Social Development and Humanities.
5. Offered jointly with the Faculties of Education, Engineering, Fine Arts, Human and Social Development and Humanities.
6. Offered jointly with the Faculties of Fine Arts and Humanities, and the Division of Continuing Studies.
7. Offered jointly with the Division of Continuing Studies. May be taken with Co-op option.
8. Offered jointly with the Faculties of Human and Social Development and Humanities, and the Division of Continuing Studies.

The School of Environmental Studies offers a BA or BSc degree in either the Major or General Programs when the degree is taken concurrently with a BA Honours, Major or General Program, or a BSc Honours or Major Program, from another academic unit. See “School of Environmental Studies” (page 293). Students may obtain a “BA in Mathematics or Statistics” through the Faculty of Social Sciences. For information, see “BA in Mathematics or Statistics” (page 286).
Credit to the University of Victoria should refer to the section entitled "Students who wish to complete courses at other institutions for transfer equivalencies." Students who wish to complete their degree at another university should contact that institution regarding courses and transfer equivalencies. Students who wish to transfer into another faculty should contact that faculty information or advice regarding programs, courses or University and faculty regulations through the Advising Centre. All students should discuss their proposed programs with the Academic Advising Centre and/or with departmental advisers well in advance of registration.

Academic Advising Centre

Academic advice for the Faculty of Social Sciences is available through the Academic Advising Centre serving the Faculties of Humanities, Science and Social Sciences, A203, University Centre. Students proposing to enter the faculty, or who have been admitted to the faculty, may seek information or advice regarding programs, courses or University and faculty regulations through the Advising Centre.

Departmental Advising

Each academic department has advisers generally available throughout the Winter Session who can give detailed information regarding courses and programs. During the summer months, students should contact the department concerned for an appointment. Students wishing to transfer into the faculty from other programs should consult the department they entered with departmental advisers well in advance of registration.

Faculty Transfer Advising

Students who wish to transfer into another faculty should contact that faculty’s advisers as early as possible regarding the proposed transfer.

University Transfer Advising

Students who wish to complete their degree at another university should contact that institution regarding courses and transfer equivalencies. Students who wish to complete courses at other institutions for transfer credit to the University of Victoria should refer to the section entitled “Applicants for Transfer”, page 56.

Availability of Courses to Students in Other Faculties

Normally, a student who is not in the Faculty of Social Sciences may register for any section of a course offered in the faculty, provided that the student has the prerequisites for the course, there are places available in the course when the student attempts to register and the Calendar does not state that the registration in the course or in some sections of the course is restricted to students registered in the Faculty of Social Sciences.

Limitation of Enrolment

Admission to the University and faculty is not a guarantee of placement in particular programs and/or courses. Departments may limit enrolment for a variety of reasons.

Faculty Academic Regulations

Admission Requirements

The admission requirements for the Faculty of Social Sciences are presented in "Year 1 Admission Requirements: BC/Yukon Secondary School Graduate", page 32.

Credit and Courses

Credit for Summer Session Courses

Credit obtained in May-August courses may be combined with that obtained in Winter Session to complete degree requirements. The maximum credit for May-August work in any calendar year is 9 units. Further information about the Summer Session is published in the Summer Session Supplement to the Calendar, available in January.

Credit for Courses Offered by Other Faculties

Courses Acceptable for Elective Credit

All courses in other faculties are acceptable for use as elective credit in the Faculty of Social Sciences, if the regulations of the department offering the courses permit and prerequisites are met.

Substitution of Elective Credit for Required Courses

With the consent of the department offering the student’s degree, and with the permission of the Associate Dean of Academic Advising, students may substitute up to 3 units of 300- and 400-level elective credit or required courses at the 300 and 400 level in a Faculty of Social Sciences degree program. Such permission is invalidated if a student withdraws from the degree program of the department that provided the consent.

Students should review individual department entries in the Calendar for information on the use or substitution of elective credit.

Credit for Studies at Other Universities

Students who wish to take courses at other universities (excluding courses taken through approved International Exchange Programs at universities with which the University of Victoria has formal student exchange agreements) must receive prior written approval, in the form of a Letter of Permission, from the Associate Dean of Academic Advising. This applies particularly to courses at the 300 and 400 level and to courses which are included in the last 15 units of a degree program. To be eligible for a Letter of Permission to take courses elsewhere, the student must have completed, or be registered in, no less than 6 units at the University of Victoria.

Students are solely responsible for checking the University of Victoria credit for courses to be taken elsewhere, prior to registration, to make sure that there will be no duplication of course credit already received (see also "Duplicate and Mutually Exclusive Courses", page 41.)
Upon successful completion of such courses, the student must request the Registrar of the other institution to send an official transcript of record to Undergraduate Records at the University of Victoria.

Due to the delay in obtaining official transcripts from other universities, students completing their degree requirements at another institution during the second term of the Winter Session (January-April) are not eligible to graduate at spring convocation. This regulation does not apply to students completing degree requirements in a program offered in partnership between the University of Victoria and a regional college.

Students attending another institution who accept a degree from that institution abrogate their right to a University of Victoria degree until they have satisfied the University’s requirements for a second bachelor’s degree (see “Second Bachelor’s Degrees”, page 53).

Normally, the faculty requires all students qualifying for a University of Victoria degree to complete at UVic at least 12 upper-level units of the 15 required for a Major Program, or at least 6 of the 9 upper-level units required in each area of the General Program.

Students in Honours programs normally may take at another university no more than 6 upper-level units in the discipline in which they are taking Honours, and only with the approval of the department’s Honours Adviser. In addition, students should complete at UVic at least 18 of the 21 upper-level units required for all degree programs.

**Graduation Standing**

The graduation standing of students in the Faculty of Social Sciences is determined in accordance with the University regulations under “Standing at Graduation” (page 56).

In cases of plagiarism and cheating, the Faculty of Social Sciences reserves the right to recommend to Senate the withdrawal of the “With Distinction” (see page 56) designation in addition to the penalties outlined in the University “Policy on Academic Integrity” (see page 42). Once a degree, diploma or certificate has been awarded by the University Senate, no change can be made to the programs that constitute that credential (see “Application for Graduation”, page 55).

**Limit on Degrees Awarded**

A student proceeding towards a BA or BSc degree in a Double Honours, Joint Honours and Major, Double Major or Interfaculty program is entitled to no more than one bachelor’s degree upon completion of any of these programs. Students seeking second bachelor’s degree should consult regulations (see “Second Bachelor’s Degrees”, page 53).

**Declaring a Program**

All students registered and continuing in the Faculty of Social Sciences must submit a Request to Declare Program (RDP) to the Academic Advising Centre after completion of 12.0 units (normally at the end of first year) and before registering for subsequent courses.

Students who have completed 12.0 units but are still exploring program options may declare their program as Exploratory before registering for subsequent courses, in which case they will be required to identify two possible program areas. Students who declare their program as Exploratory must declare a specific program no later than after completion of 27.0 units (normally at the end of second year) and before registering for subsequent courses. Other program options are available (see below).

The Academic Advising Centre will review the RDP and update the student’s record. Once this process has been completed the student will have access to an online degree audit (Curriculum, Advising and Program Planning Report [CAPP Report]). CAPP degree audit reports are not available for students who have selected an Exploratory or Preparatory program (Preparatory program is defined below).

Students who satisfactorily complete the program of courses outlined in their CAPP report and who meet all university graduation requirements will be eligible to be granted their degree, upon submission of an Application for Graduation.

Students should be aware that some combinations of requested programs may not be possible or permitted.

Students may change their program at any time by submitting a Program Change Request to the Academic Advising Centre.

**Students who are visiting** from another institution are not required to declare a program. This includes incoming exchange students.

**Students who have completed 12.0 units** and who have been conditionally accepted to another Faculty (excluding Humanities and Science) are not required to declare a program. Such students may indicate that their program is Preparatory and do not transfer to another Faculty or institution must declare a specific program no later than after completing 27.0 units.

**Transfer students who enter the university with 12.0 or more units** of transfer credit must declare a program before the end of their first term at UVic. Transfer students who enter the university with fewer than 12.0 units of transfer credit must declare a program after completion of 12.0 units of combined UVic and transfer credit.

**Students who intend to declare an Honours program** must do so by following the requirements outlined in the Calendar entry for that program. Until an application to an Honours program has been approved by the unit offering the program and submitted to the Academic Advising Centre, the student must declare a Major program.

**Students seeking to complete a Certificate or Diploma** must declare their program in accordance with program instructions.

**Time Limit for Degree Completion**

The Faculty of Social Sciences imposes no time limit for the completion of a General or Major BA or BSc. However, a department in the faculty may, with the approval of the faculty, impose stated time limits for a General or Major program that it offers. Students who have not completed their degree programs within five years of being classified as a third-year student must complete the program requirements specified five years or less prior to the completion of their degree.

Honours degrees are normally completed within four years or, for students in the Co-operative Education Program, within five years. A student who wishes to take longer to complete an Honours Program should seek prior approval from the Chair(s) of the department(s) concerned. Approval is not automatic.

---

**Faculty Program Requirements**

**Requirements Common to All Bachelor’s Degrees**

A student may proceed to either a BA or BSc degree, normally in one of three programs: Honours, Major or General. Joint Honours and Major programs are also offered (see below).

All degree programs have the following requirements:

1. The “Academic Writing Requirement” (page 40)
2. A minimum of 60 units of courses numbered 100 and above, of which:
   - at least 30 must normally be completed at UVic
   - at least 21 units are numbered at the 300 or 400 level; 18 of these units must be taken at UVic
3. Students should take a variety of courses across departments or schools at the University.
4. A graduating grade point average of at least 2.0 (see "Graduating Average" under "Standing at Graduation"); page 56, for details.

For additional requirements for Honours, Major and General Degree Programs, refer to the individual program descriptions, below.

Departmental requirements for the degree program selected are specified under individual departments and schools.

**Honours Program**

The Honours Program requires specialization in one or more disciplines in the last two or three years of a degree program and is intended for students of higher academic achievement. In some Social Science disciplines, an Honours Program is an excellent preparation for graduate studies. Students who plan to undertake graduate studies are strongly advised to follow an Honours Program.

**Admission to an Honours Program**

Admission to an Honours Program is restricted to students who have satisfied the prerequisites and met the minimum GPA specified by the department(s) concerned, and who are judged by the department(s) to have the ability to complete the Honours Program. A student who wishes to be considered for admission to an Honours Program should apply to the Chair or Honours Adviser of the department (approval from both departments is required for admission to Combined Honours programs).

**Requirements of the Honours Program**

A student in an Honours Program must satisfy the requirements common to all bachelor’s degrees in the Faculty of Social Sciences, listed above.

Each department has its own requirements for its Honours Programs, which are specified in individual department entries elsewhere in the Calendar. Of the 300- and 400-level course units specified by the department concerned, not more than 6 may be taken at another acceptable post-secondary institution, and then only with the prior approval of the department’s Honours Adviser.

Continuation in an Honours Program requires satisfactory performance as dictated by the department. If, in the opinion of the department, a student’s work at any time is not of Honours standard, the student may be required to transfer to a Major or General program.

Normally, a student should complete the requirements for an Honours Program in four academic years (five years for those students enrolled in the Co-operative Education Program). Students who are undertaking a program in four academic years (five years for those students enrolled in the Co-operative Education Program) are strongly advised to follow an Honours Program.

**Honours Programs**

**Bachelor of Arts**

- Anthropology
- Economics
- Geography
- Mathematics
- Political Science
- Psychology
- Sociology
- Statistics

**Bachelor of Science**

- Economics
- Geography
- Psychology

**Combined Honours Programs**

- Biology and Psychology
- Geography and Earth and Ocean Sciences

**Double Honours Program**

With the joint approval of the departments concerned, a student may be permitted to meet the requirements for an Honours Program in each of two departments in the Faculty of Social Sciences, both leading to the same degree (BA or BSc).

**Interfaculty Double Honours Program**

If a student elects to complete an Honours Program in the Faculty of Social Sciences and a second Honours Program in another faculty, with one program leading to a BA and the other leading to a BSc, the program leading to the degree selected (BA or BSc) must be listed first on the student’s Curriculum Advising and Program Planning (CAPP) form. If the second department listed offers both a BA Honours Program and a BSc Honours Program, the requirements of the program leading to the degree selected (BA or BSc) must be met in the department offering the option.

Students completing an Interfaculty program will be subject to the regulations of the faculty in which they are registered.

**Joint Honours and Major Program**

A student may elect to complete an Honours Program in one area of study together with a Major Program in another area of study, both within the Faculty of Social Sciences and both leading to the same degree (BA or BSc). The Honours Program will be listed first on the student’s Curriculum Advising and Program Planning (CAPP) form.

If one of the two departments concerned offers a BA Program while the other offers a BSc Program, the student will receive either a BA or a BSc, depending on which is specified by the Honours Program. If the department offering the Major Program offers both a BA and a BSc program, the requirements of the program leading to the degree selected (BA or BSc) must be met in the department offering the option.

**Interfaculty Joint Honours and Major Program**

A student may elect to complete an Honours Program in one faculty together with a Major Program in another faculty. The Honours Program will be listed first on the student’s Curriculum Advising and Program Planning (CAPP) form, and students will be subject to the regulations of the faculty in which they are registered.

If one of the two departments concerned offers a BA Program while the other offers a BSc Program, the student will receive either a BA or a BSc, depending on which is specified by the Honours Program. If the department offering the Major Program offers both a BA and a BSc program, the requirements of the program leading to the degree selected (BA or BSc) must be met in the department offering the option.

**Major Program**

The Major Program requires specialization in one discipline in the last two years of a degree program and may permit a student to proceed to graduate study if sufficiently high standing is obtained. The Major Program generally is also a good preparation for a professional or business career.

**Requirements of the Major Program**

A student in a Major Program must satisfy the requirements common to all bachelor’s degrees in the faculty, listed above.

Each department has its own requirements for its Major Programs, which include the specification of 15 units, and not more than 15 units, of 300- and 400-level course work. At least 12 of these 15 units must be completed at UVic. A department may also specify and require up to 9 units of courses offered by other departments at the 300 or 400 level.
Major Programs

Bachelor of Arts
- Anthropology
- Economics
- Geography
- Mathematics
- Political Science
- Psychology
- Sociology
- Statistics

Bachelor of Science
- Economics
- Geography
- Psychology

Combined Major Programs
- Financial Mathematics and Economics
- Geography and Computer Science (Geomatics)
- Geography and Earth and Ocean Sciences
- Psychology and Biology
- Psychology and Computer Science

Double Major Program
A student may complete the requirements for a Major Program in each of two disciplines in the Faculty of Social Sciences, both leading to the same degree (BA or BSc).

If one of the two departments concerned offers both a BA Major Program and a BSc Major Program, the requirements of the program leading to the degree selected (BA or BSc) must be met in the department offering the option.

Combined Major with a Major Program
A student can complete one of the Combined Major Programs listed above with another Major Program (in this faculty or in another faculty), but the discipline of the Major Program must not be either of the disciplines of the Combined Major Program.

Interfaculty Program
A student may elect to complete an Interfaculty Double Major or a Joint Honours and Major Program. In a Double Major Program, if one of the two departments concerned offers both a BA Major Program and a BSc Major Program, the requirements of the program leading to the degree selected (BA or BSc) must be met in the department offering the option.

In a Joint Honours and Major Program, the Honours Program will be listed first on the student's Curriculum Advising and Program Planning (CAPP) form, and students will be subject to the regulations of the faculty in which they are registered. If one of the two departments concerned offers a BA Program while the other offers a BSc Program, the student will receive either a BA or a BSc depending on which is specified by the Honours Program. If the department offering the Major Program offers both a BA and a BSc program, the requirements of the program leading to the degree selected (BA or BSc) must be met in the department offering the option.

BA Major in Environmental Studies
A Major Program in Environmental Studies can only be taken as one component of a Double Major or Joint Honours and Major Program.

BA in Mathematics or Statistics
Students who wish to obtain a BA in Mathematics or Statistics and are registered in the Faculty of Social Sciences, must complete the requirements common to all bachelor's degrees in the Faculty of Social Sciences.

General Program
The General Program provides students with the opportunity to study broadly in two disciplines in the last two years of a degree program. It is not intended to prepare students for graduate study, although some graduate schools may accept graduates of a General Program if they have achieved sufficiently high standing.

Requirements of the General Program
A student in a General Program must satisfy the requirements common to all bachelor's degrees in the designated faculty determined by the first subject area listed on the Curriculum Advising and Program Planning (CAPP) form.

The General Program requires:
- Completion of 9 units of course work at the 300 and 400 level in each of the two disciplines, as specified in the General Program requirements of the departments concerned
- At least 6 of the 9 units in each discipline must be completed at UVic

A student may complete a General Program in any two of the following or by completing one of the following and one of the Generals offered in another faculty. The degree awarded will be a BA unless two Generals in the Faculty of Science are chosen, or one of the BSc Generals in Computer Science, Geography or Psychology is combined with a second BSc General in the Faculty of Science.

- Anthropology
- Economics
- Environmental Studies
- Geography or Coastal Studies
- Political Science
- Psychology
- Sociology

A student may also complete a General Program that combines one of the above disciplines/areas of study with one of the following. The degree awarded will be a BA.

- "Arts of Canada Program" (see page 323)
- "European Studies" (see page 325)
- "Film Studies Program" (see page 323)
- "Health and Society" (see page 325)
- "Indigenous Studies Program" (see page 325)
- "Minor Program in Art History and Visual Studies" (see page 137)
- "Minor in Music" (see page 143)
- "Minor in Professional Writing in Journalism and Publishing" (see page 151)
- "Minor Program in Visual Arts" (see page 150)
- "Social Justice Studies" (see page 327)
- "Technology and Society" (see page 328)

Minor Program
A Minor is an optional program that allows students to study in an area outside their Honours, Major or General Program areas. Requirements vary and are specified in the Minor requirements of the department.
concerned. Where not specified, the requirements for a Minor follow the
requirements for the department General Program in one area only.

- No more than 3 units of the 300- and 400-level course work required
  for the Minor can be taken elsewhere, and at least 6 of the units
  required for the Minor must be completed at UVic.
- If the Minor requires 9 units of 300- and 400-level course work, these 9
  units cannot form part of the 300- and 400-level department
  requirements for a student’s Honours or Major Program. Corequisite
  courses in other programs may be counted toward the Major.
- If the Minor requires less than 9 units of 300- and 400-level course
  work, no courses at the 300- or 400-level can form part of the
  requirements for a student’s Honours, Major or General Program or
  Option. Required or corequisite courses at the 200-level or higher in
  other programs or options may not be counted toward the Minor.
- If a student elects to add a Minor to an Honours, Major or General
  program in the Faculty of Social Sciences, and the Minor program is
  offered both as a BA and a BSc, the student must choose the Minor
  program (BA or BSc) that corresponds to the student’s Honours, Major
  or General degree (BA or BSc).

Only one Minor can be declared on a student’s program.

In addition to department Minors, the following Minors are offered:

**Interdisciplinary Minors**

- "Applied Ethics" (see page 327)
- "Arts of Canada Program" (see page 323)
- "European Studies" (see page 325)
- "Film Studies Program" (see page 323)
- "Global Development Studies" (see page 324)
- "Health and Society" (see page 325)
- "Human Dimensions of Climate Change" (see page 327)
- "Indigenous Studies Program" (see page 325)
- "Social Justice Studies" (see page 327)
- "Technology and Society" (see page 328)

**Student-Designed Minor**

Students may undertake an interdisciplinary Minor that is not listed in the
Calendar. In addition to the requirements of the Minors listed above, this
student-designed Minor must:

- Include courses from at least two departments, with a minimum of 3
  units from each department
- Consist of courses taken only at UVic
- Have structure, coherence and theme; it cannot consist of unrelated
  courses
- Be approved by the Chair/Adviser of the departments concerned
- Be approved by the Associate Dean of Academic Advising
- Be declared by the end of the student’s third year

Students must discuss their proposed Student-Designed Minor with
department Chairs/Advisers before submitting their request to the
Associate Dean of Academic Advising. The Student-Designed
Interdisciplinary Minor form is available from the Academic Advising
Centre, A205, University Centre.

**Social Sciences Co-operative Education Programs**

Barbara Fisher, MA (UVic), Coordinator
Helen Kobrc, BComm, MA (UVic), Coordinator

The Faculty of Social Sciences Co-operative Education Programs are year-
round programs that formally integrate an education in the social

**Admission to the Faculty of Social Sciences Co-operative Education Programs**

To qualify for admission into the undergraduate Co-operative Education Programs in Anthropology, Economics, Environmental Studies, Geography, Political Science, Psychology or Sociology, a student must be proceeding to an Honours or Major BA or BSc degree in one or two of these disciplines. Students should refer to the Co-op entry under the appropriate department entry and to the “General Regulations: Undergraduate Co-op” on page 61.

For Graduate Co-op, students are referred to the UVic Graduate Calendar.

Applicants to Co-op programs in Social Sciences must be registered in at
least 6 units of course work per term. Specific GPA requirements of
individual departments may vary; refer to the entries of individual
departments.

To continue in the program, students must continue to be enrolled full
time in a program leading to an Honours or Major BA or BSc degree in
one of the Social Science disciplines and must maintain the GPA set by
the department.

To receive the Co-op designation upon graduation, students must
complete satisfactorily the Work Term Preparation program, and
successfully complete a minimum of three work terms. Details of Co-op
work terms are recorded on the transcript.

A student may transfer from the Co-op program to the regular degree
program at any time during an academic term.

**Admission for Social Sciences Students in Double or Combined Majors**

Students who are taking double or combined major degrees, or a major
and the Professional Writing Minor (where each area offers a Co-op
program) may, if eligible, enrol in and undertake work terms in both Co-
op programs or may, if eligible, enrol in and undertake work terms in only
one Co-op program. Students who complete at least two work terms in
each area will have the combined nature of their program noted as part
of the Co-op designation on their official records. Students enrolled in
combined major degrees where a minimum of three work terms are
required must complete no more than two work terms in one
department.

**Social Sciences Work Experience Program**

The Social Sciences Work Experience Program is intended for students in
the Faculty of Social Sciences who are enrolled in at least 3 units of
courses in the Faculty of Social Sciences. Students who are not in the
Faculty of Social Sciences, but are in interdisciplinary studies with the
Faculty of Social Sciences, and enrolled in at least 3 units of courses in
the Faculty of Social Sciences, may be considered for the Work Experience
Program. Students participating in the Social Sciences Work Experience
Program will complete one or two work experience terms, that is, four to
eight months of full-time, discipline-related work under the supervision of
the Social Sciences Co-op Program. These work experience terms are
subject to the general regulations for Undergraduate Co-op programs in
the University Calendar, with the exception that “Work Term Credit By
Challenge”, page 61, is not permitted. Participation in this program is
limited. Students should contact the Social Sciences Co-op office to
discuss entry into this program.

**Department of Anthropology**

Ann B. Stahl, BA (Miami), MA (Calgary), PhD (Berkeley), Professor and Chair
Alexandrine Boudreault-Fournier, BA (Carleton), MA (Concordia), PhD (Manchester), Assistant Professor
Leslie Butt, BA (Trent), MA (SFU), PhD (McGill), Associate Professor
Melissa Gauthier, BA (U Laval), MA (U Laval), PhD (Concordia), Assistant Teaching Professor
Lisa Gould, BA, MA (Alberta), PhD (Wash U, St. Louis), Professor
Helen Kurki, BSc (Lakehead), MSc, PhD (Toronto), Associate Professor & Co-undergraduate Adviser
Yin Lam, AB (Harvard), BA (Alberta), MA (Stony Brook), PhD (Stony Brook), Associate Professor
Quentin Mackie, BA, MA (UVic), PhD (Southampton), Associate Professor
Margo L. Matwychuk, BA (Winnipeg), MPhil, PhD (CUNY), Assistant Professor & SJS Director
Erin Halstad McGuire, BA (UVic), MPhil, PhD (Glasgow), Associate Teaching Professor
Iain McKechnie, BA (UC Santa Cruz), MA (SFU), PhD (UBC), Assistant Professor
Lisa M. Mitchell, BA (Alberta), MA (McMaster), PhD (CWRU), Associate Professor & Graduate Adviser
April Nowell, BA (McGill), PhD (Pennsylvania), Professor
Eric A. Roth, BA (Missouri), MA, PhD (Toronto), Professor
Daromir Rudnyckyj, BA (U Chicago), MA, PhD (UC Berkeley), Associate Professor & Honours Adviser

Andrea N. Walsh, BFA (UVic), MA, PhD (York), Associate Professor
Rebecca (Becky) Wigen, BA (Washington State), MA (UVic) Senior Lab Instructor & Co-undergraduate Adviser
Margot E. Wilson, BA, MA (Toronto), MA, PhD (Southern Methodist), Associate Professor

Emeritus Faculty
William H. Alkire (Professor Emeritus; PhD, Illinois 1965)
Heather Botting, (Assistant Teaching Professor Emeritus; PhD, Alberta 1992)
N. Ross Crumrine (Professor Emeritus; PhD, Arizona 1965)
Nicholas Rolland (Professor Emeritus; PhD, Cambridge 1976)
Peter Stephenson (Professor Emeritus; PhD, Toronto 1978)

ANTHROPOLOGY PROGRAMS
The Department of Anthropology offers General, Minor, Major and Honours Programs leading to the degree of Bachelor of Arts.

PROGRAM REQUIREMENTS
Honours Program
Students normally apply for entry into the Honours Program at the end of their second year. Applications are made directly to the departmental Honours Adviser.

First Year
- ANTH 100

Second Year
- ANTH 200, 240, 250 and 260, with a minimum combined GPA of 6.5 in these four courses
- Permission of the department for entry into the third-year Honours program

Third and Fourth Years
Students must:
- secure a GPA of at least 6.0 in upper-level Anthropology courses and maintain a cumulative GPA of 5.5 to continue in the program in the fourth year
- fulfill the requirements of the Major Program as listed below (with the exception of 3 units at the 400 level), plus an additional 7.5 units as follows:
  - ANTH 400A or 400B, and 499; and
  - an additional 1.5 units of courses in Method and Theory (see list of courses under Major requirements)
  - an additional 1.5 units of 300- or 400-level ANTH courses in preparation for Honour's research, to be chosen in consultation with the Honours advisor
  - an additional 1.5 units of 300- or 400-level courses offered by the department.

Honours Graduating Standing
An Honours degree requires:
- a graduating GPA of at least 5.0
- a GPA of at least 5.5 in 300- and 400-level Anthropology courses

Students who do not meet these requirements may opt to receive the Major degree.

Major Program
First Year
- ANTH 100

Second Year
- ANTH 200, 240, 250, 260

Third and Fourth Years
- One of ANTH 317, 318, 319 (1.5 units)
Students who are taking double or combined major degrees, who wish normally alternate with study terms thereafter. To graduate with a Co-operative Education Programs, page 287.

To continue with the program, students must maintain a minimum GPA of 5.0 in Anthropology and 5.0 overall. To be considered eligible for the program, students must normally have and maintain a minimum GPA of 5.0 in Anthropology chosen from courses numbered 300 and above.

**Anthropology Co-operative Education Program**

See “Social Sciences Co-operative Education Programs” (page 287). See also the general regulations pertaining to "Undergraduate Co-operative Education" Programs of the University of Victoria governing all co-operative education students (page 59).

The Anthropology Co-operative Education option provides students with an opportunity to combine their academic studies with alternating periods of paid employment in Anthropology-related positions in the public, private or non-profit sectors. Normally, the expected number of weeks per work term is 15 and the expected number of hours per week is 35. The minimum number of weeks per work term is 12 and the minimum number of hours per week is 35.

**Admission to the Anthropology Co-op**

Entry into the Anthropology Co-op program is open to full-time students who are proceeding to an Honours or Major program offered by the department. Those who are taking fewer than 6 units per term should consult with the Co-op office. To be considered eligible for the program, students must normally have and maintain a minimum GPA of 5.0 in Anthropology and 5.0 overall.

Students interested in participating in the Co-op program should normally apply at the beginning of their second year of studies. Applications must be submitted to the Co-op office by the advertised deadlines in September and January. The first work term will normally start eight months after the application deadline. Work terms will normally alternate with study terms thereafter.

Students who are taking double or combined major degrees, who wish to participate in a combined Co-op, should refer to "Social Sciences Co-operative Education Programs”, page 287.

To continue with the program, students must maintain a minimum GPA of 5.0 in Anthropology and 5.0 overall. To graduate with a Co-operative Education designation, students must satisfactorily complete three work terms. Each work term is recorded on the student’s official transcript of academic record (as COM, N/X or F/X). A student may withdraw from the Anthropology Co-op program and graduate with the Anthropology BA degree without the Co-op designation at any time during an academic term.

"Work Term Credit By Challenge", page 61, is permitted in the Anthropology Co-op program.

Further information concerning the Anthropology Co-op program is available from the department and from the Co-operative Education office and at <www.uvic.ca/anthcoop>.

Jen Biggs, BA (Alberta), MA, PhD (UBC), Associate Professor, Cross-listed with Business (2016-2019)
Faculties of Social Sciences

Notes on Course Requirements

Program Requirements

Notes on Course Requirements

1. Mathematics requirements for Major and Honours programs should normally be completed by the end of the second year. Students who are considering the Financial Mathematics and Economics program must take MATH 100 or 109, and not 102.

Students who are considering the BSc Major or Honours are strongly recommended to take MATH 100 or 109, and not 102.

In place of MATH 208 students can substitute either: i) MATH 101, 200, and 211 or 110; or ii) discontinued courses MATH 140 or 103. ECON 350 has the following prerequisites: a minimum grade of B in MATH 208; or MATH 101 and 110 or 211.

2. The statistics requirements, ECON 245 and 246, or equivalent, for Major or Honours programs must be completed by the end of third year. Completing these courses in the second year allows for a wider choice of courses in subsequent years. Although the department prefers and recommends ECON 245 and ECON 246, STAT 260 and STAT 261 can be substituted, provided that the minimum grade requirements specified for ECON 245 and ECON 246 are satisfied. Students seeking admission to the BCom program who may be considering a major in Economics should take the sequence MATH 100 or 102 or 109, ECON 245 and 246. ECON 245 and 246 satisfy the Math/Statistics requirements for entry to the BCom program. MATH 151 and STAT 252 cannot be used to satisfy the program requirements for Economics. Students should note "Credit Limit—Beginning Level Statistics Courses" on page 42.

3. Students wishing to proceed to graduate studies in Economics are advised to include MATH 208, ECON 350, 351, 365, 366, 400, and 401 in their undergraduate program. Admission to ECON 400 and 401 is restricted to students in the BSc Honours program, or by permission of the department.

4. CSC 105 is intended primarily for students in Economics or the Business School.

5. ECON 225 is required for all programs in Economics. Prerequisites include 103 and 104, satisfaction of the "Academic Writing Requirement", page 40, and official declaration of an Honours, Major, General or Minor program in Economics. ECON 225 should normally be completed by the end of the second year and is a pre-or corequisite for many 300-level courses (including required courses ECON 313, 345 and 365) and all 400 level courses. Students satisfy the 225 course requirement if they have: i) received a minimum grade of B+ in ENGL 135, 146 or 147; or ii) passed ENGR 240. It is recommended that prospective Co-op and Honours’ students who satisfy the ECON 225 requirement with a minimum grade of B+ in ENGL 135, 146 or 147 take at least one course that has a major writing component, like ECON 410A or POLI 351.

BA Program Requirements

BA Honours

1. ECON 103 or 103C or 180 and 104, with normally at least a B in each course

2. MATH 100 or 102 or 109(see Note 1)

3. ECON 225, with normally at least a B+ (see Note 5)

4. 1.5 units of a Social Sciences course (other than a course in statistics or quantitative methods or ES 312) outside Economics; or PHIL 220 or 223

5. One of CSC 105, 110, 111 (see Note 4)

6. ECON 203, 204, and 313, with normally at least a B+ in each course.

7. ECON 245 and 246, with at least a B in 245 and at least a B- in 246 (see Note 2)

8. One of ECON 333, 401, 405B, 406, 410B, 453

10. ECON 345 or 365 (see Note 3); the sequence 365 and 366 is recommended

11. ECON 499

12. An additional 12 units of Economics courses numbered 300 and above of which at least 1.5 units are numbered 400 or above, or 10.5 units of Economics courses numbered 300 and above and SOSC 300

13. An additional 3 units of courses outside of Economics numbered 300 and above

Also see Other Requirements for BA and BSc Honours Programs, below.

BA Major

1. ECON 103 or 103C or 180 and 104
2. MATH 100 or 102 or 109 (see Note 1)
3. ECON 225 (see Note 5)
4. 1.5 units of a Social Sciences course (other than a course in statistics or quantitative methods or ES 312) outside Economics; or PHIL 220 or 223
5. ECON 203, 204, and 313, with a minimum grade of C in 203 and 204
6. ECON 245 and 246, with at least a C+ in 245 (see Note 2)
7. One of ECON 321, 327, 328, 337, 338, 407
8. ECON 345 or 365 (see Note 3)
9. An additional 10.5 units of Economics courses numbered 300 and above of which at least 1.5 units are numbered 400 or above, or 9 units of Economics courses numbered 300 and above and SOSC 300

**BA General**

A BA General degree requires completion of the General Program in two disciplines. A BA General degree where one of the disciplines is Economics requires ECON 103 or 103C or 180, 104, 225 (see Note 5), and 9 units of Economics courses numbered 300 and above.

**BSc Program Requirements**

**BSc Honours**

1. ECON 103 or 103C or 180 and 104, with normally at least a B in each course
2. MATH 100 or 109 and 208 or MATH 102 and 208 or MATH 100 or 109, 101, 200, and 211 or 110 (see Note 1)
3. ECON 225, with normally at least a B+ (see Note 5)
4. 1.5 units of a Social Sciences course (other than a course in statistics or quantitative methods, or ES 312) outside Economics; or PHIL 220 or PHIL 223
5. One of CSC 105, 110, 111 (see Note 4)
6. ECON 203, 204 and 313, with normally at least a B in each course
7. Econ 245 and 246, with normally at least a B in 245 and at least a B- in 246 (see Note 2)
8. ECON 350 and 351, with normally at least a B in 350 (see Note 1)
9. ECON 365 and 366
10. ECON 400 and 401
11. Three of ECON 405A, 450, 451, 452, 453, 454, 456, 457, 458, 468, 481, 482
12. ECON 499
13. An additional 3 units of Economics courses numbered 300 and above
14. An additional 3 units of courses outside of Economics numbered 300 and above
15. With permission of the department, a maximum of 6 units of courses numbered 300 and above in Mathematics, Computer Science or Statistics may be substituted for Economics courses numbered 300 and above

Also see Other Requirements for BA and BSc Honours Programs, below.

**BSc Major**

1. ECON 103 or 103C or 180 and 104
2. MATH 100 or 109 and 208; or MATH 102 and 208; or MATH 100 or 109, 101, 200, and 211 or 110 (see Note 1)
3. ECON 225 (see Note 5)
4. 1.5 units of a Social Sciences course (other than a course in statistics or quantitative methods, or ES 312) outside Economics; or PHIL 220 or 223
5. One of CSC 105, 110, 111 (see Note 4)
6. ECON 203, 204 and 313, with a minimum grade of C in 203 and 204
7. ECON 245 and 246, with at least a C+ in 245 (see Note 2)
8. ECON 350 and 351, with at least a C in 350 (see Note 1)

**Options Common to BA or BSc Major and Honours Programs in Economics**

The Department of Economics offers both a Business Option and a Finance Option. Students can complete both the Business Option and the Finance Option, and COM 240 can be counted towards both options. Students cannot combine the Business Option with the Business Minor offered by the School of Business. Students can combine the Finance Option with the Business Minor, but courses used in the Business Minor cannot be counted towards the Finance Option. Students who complete one or both of the Options (Business, Finance or Business and Finance) will have the designations noted on their official transcripts.

**Business Option**

This option is intended for students who wish to supplement studies in Economics with studies in Business, and consists of four courses:
- COM 220
- COM 240
- COM 250
- COM 202 or 270

**Finance Option**

This option is intended for students who wish to supplement studies in Economics with studies having a focus on Finance.

The Finance Option consists of five courses:
- ECON 305
- COM 240 or MATH 242
- ECON 435 or 454
- two courses chosen from:
  - ECON 405B International Monetary Theory and Policy
  - ECON 406 Monetary Economics
- ECON 413 Economics of Firm Strategy
- ECON 435 Financial Economics
- ECON 454 Theory of Corporate Finance
- ECON 468 Financial Econometrics
- COM 425 Taxation for Managers
- COM 426 Management Accounting II
- COM 445 Corporate Finance
- COM 446 Investments
- IB 417 International Finance
- MATH 348 Numerical Methods
- MATH 477 Stochastic Financial Modelling

Notes:
Both ECON 435 and 454 may be included in this option. Only one of COM 240 or MATH 242 can be included in this option.

Not all courses are available in each calendar year.
- For Faculty of Business courses, check course availability at <www.uvic.ca/gustavson/undergraduate/minor>. For courses numbered 400 and above, fill out a "Single Course Application" available on line. Students should check these courses for the necessary prerequisites. Credit will be granted for only one of ECON 435, COM 446, MBA 525. Credit will be granted for only one of ECON 454, COM 445, MBA 524.
- Students interested in an accounting career should consult the Careers section on the Department of Economics undergraduate web page.

Combined Major: Financial Mathematics and Economics
This is a single degree program leading to a BSc in Financial Mathematics and Economics. Only a Major program is offered. Students are required to take a selected combination of courses from the Department of Mathematics and Statistics and the Department of Economics. Students may complete this program in either the Faculty of Social Sciences or the Faculty of Science. Those choosing a Social Science degree should consult the Social Sciences "Faculty Program Requirements", page 284; those choosing a Science degree should consult the Science "Faculty Program Requirements", page 239.

First Year
CSC 110, 115 ...................................................................................................................... 3.0
ECON 103 or 103C or 180, 104 ................................................................................... 3.0
MATH 100 or 109, 121 .................................................................................................... 4.5
AWR1 and Electives3 ........................................................................................................... 4.5

Second Year
COM 240 and 202 or 270 ........................................................................................................ 3.0
ECON 2032; 204, 2251 ........................................................................................................... 4.5
MATH 200, 204, 211 ............................................................................................................ 4.5
STAT 260, 261 ...................................................................................................................... 3.0

Third Year
ECON 305, 3131, 2, 3651, 366, 4352 .................................................................................. 7.5
MATH 348, 377 .................................................................................................................... 3.0
STAT 350 ............................................................................................................................. 1.5
Electives3 ............................................................................................................................. 3.0

Fourth Year
ECON 4542; 468 .................................................................................................................. 3.0
MATH 452, 477 .................................................................................................................... 3.0
STAT 450, 457 ..................................................................................................................... 3.0
Electives3 ............................................................................................................................. 6.0

1. Satisfaction of the AWR ("Academic Writing Requirement", page 40) is a prerequisite for ECON 225. ECON 225 is a prerequisite for ECON 313 and a corequisite for ECON 365. Students satisfy the ECON 225 course requirement if they have: i) received a minimum grade of B+ in ENGL 135, 146 or 147; or ii) passed ENGR 240.
2. A minimum grade of C in ECON 203 is the prerequisite for ECON 313. A minimum grade of B- in ECON 313 is the prerequisite for ECON 435 and 454.
3. At least 1.5 units of electives must be from ECON or MATH courses numbered 300 or above.

Term Abroad
Students have the opportunity to spend a term, or a full academic year, abroad through an exchange program. The Department of Economics has student exchange arrangements with the City University of Hong Kong, Bocconi University (Italy), the University of Exeter (UK) and Nanyang Technology University (Singapore).

The university has additional exchange agreements with institutions in more than 20 countries that are open to Economics students. For more information please see <www.uvic.ca/outgoing-exchange>.

Applications for all exchange programs are made through the International Office – Student Experience <www.uvic.ca/international/students/incoming-exchange/apply-for-exchange>.

Interested students should attend an information session, and contact the International Student Adviser (Outgoing Exchanges) and the department’s exchange coordinator. Before they leave for university abroad, students should have declared their Major in Economics and have completed ECON 203, 204, 225, 245 and 246.

ECONOMICS CO-OPERATIVE EDUCATION PROGRAM
See "Social Sciences Co-operative Education Programs" page 287. See also the general regulations pertaining to "Undergraduate Co-operative Education" Programs of the University of Victoria governing all co-operative education students (page 59).

The Economics Co-operative Education option provides students with an opportunity to combine their academic studies with four 4-month periods of paid employment in Economics-related positions in the public, private or non-profit sectors. Normally, the expected number of weeks per work term is 15 and the expected number of hours per week is 35. The minimum number of weeks per work term is 12 and the minimum number of hours per week is 35.

Admission to the Economics Co-op
Entry into the Economics Co-op program is open to full-time students (those taking 6 or 6 units per term) who are proceeding to an Honours or Major program offered by the department. To be considered for admission to the program, students must normally have a minimum GPA of 4.5 overall as well as a minimum GPA of 4.5 in ECON 103 or 103C or 180, 104, 225, and 245 with a grade of not less than B- in any one of these courses. A grade of not less than B is required in one of CSC 105, 110, 111. A student who has taken ECON 203 and/or 204 must meet the grade requirements of those courses rather than of the corresponding introductory courses ECON 103 or 103C or 180 and/or 104.

Students will satisfy the ECON 225 Economics Co-op requirement if they have received a B+ or higher in ENGL 135, 146 or 147. However, students may still want to take ECON 225, or ECON 410A and/or POLI 351, to improve their technical writing abilities. The department recommends that Economics Co-op students take courses like ECON 410A and/or POLI...
351 before their 2nd Co-op term. These courses combine technical writing with policy analysis and provide skills that are highly valued by employers. Students should have technical writing abilities at least at the level of ECON 225 to be competitive in finding placements.

Students interested in participating in the Co-op program should normally apply at the beginning of their second year of studies. Students planning to select the Co-op education option should plan to complete the prerequisite courses outlined above by no later than their third full-time academic term. Applications must be submitted to the Co-op office by the advertised deadlines in September and January. The first work term will normally start eight months after the application deadline. Work terms will alternate with study terms thereafter.

To continue with the program, students must maintain a minimum GPA of 4.5 in Economics and 4.5 overall. To graduate with a Co-operative Education designation, students must satisfactorily complete three work terms. Each work term is recorded on the student's official transcript of record (as COM, N/X or F/X). A student may withdraw from the Economics Co-op program and graduate with the Economics BA or BSc degree without the Co-op designation at any time during an academic term.

Students who are taking double or combined major degrees, who wish to participate in a combined Co-op, should refer to "Social Sciences Co-operative Education Programs", page 287.

"Work Term Credit By Challenge", page 61, is permitted in the Economics Co-op program.

Further information concerning the Economics Co-op program is available from the department and from the Co-operative Education office and at <www.uvic.ca/econcoop>.

**School of Environmental Studies**

Natalie Ban, BA (McGill), MA (McGill), PhD (UBC), Associate Professor
Deborah Curran, LL.M. (U of California, Berkeley), Assistant Professor

ENVIRONMENTAL STUDIES PROGRAMS

Degree Programs

The School of Environmental Studies offers an interdisciplinary program, with courses that examine systemic aspects of environmental issues and explore solutions that cut across the boundaries of traditional disciplines. There is also the recognition that many aspects of local, national and international environmental problems are inextricably connected to our dominant cultural values, and attendant political, social, economic and educational institutions.

The intellectual strength of the School is supported by three distinctive, interdisciplinary research specialties: ethnoecology, ecological restoration and political ecology. Each professor in the School typically has a primary and at least one secondary specialty, which creates an even richer interdisciplinary setting. These specialties infuse the undergraduate curriculum, provide the primary subject areas for graduate studies and define the research activities of the School’s academic staff. Each of these three specialties corresponds to a theme, and together these form the motto of the School: Respect, Restore, Sustain (matching ethnoecology, restoration and political ecology, respectively).

Students are required to combine studies in a traditional discipline with their Environmental Studies program in order to obtain a degree notation that includes Environmental Studies. Students undertake the Major in Environmental Studies together with a Major in another department (a Double Major, see “Major Program”, page 285) or a Major with an Honours Program (Honours/Major, see “Honours Program”, page 285) or a Major in another faculty (see “Interfaculty Joint Honours and Major Program”, page 285). The degree received will be a BA unless the other program followed leads to a BSc and is listed first. A General Program leading to a BA is also offered. By completing the requirements for the General Program together with a Major or Honours Program in another department or faculty, students may obtain a Minor in Environmental Studies (see “Minor Program”, page 286).

Students considering a Major, Minor or General Program in Environmental Studies must take the introductory course, ES 200 (Introduction to Environmental Studies).

Many eligible courses in Environmental Studies are 300 and 400 level with prerequisites; students should therefore plan early to incorporate these prerequisites into their schedule and should be aware of the minimum grade requirement for entry into ES 301, 321 and 341: a B- in ES 200.

When choosing electives, students are also encouraged to include courses in languages and in areas other than those in which the student is majoring; e.g., a student majoring in Sciences, should choose electives from the Social Sciences or Humanities.

Diploma in the Restoration of Natural Systems

A Diploma in the Restoration of Natural Systems is also offered in co-operation with the Division of Continuing Studies. Students are admitted to the Diploma Program on the recommendation of the faculty Coordinator and/or Chair of the Program Steering Committee. Contact Continuing Studies for details. See the “Diploma in the Restoration of Natural Systems” section for a description of the program (see page 295).

Limitation of Enrolment

Students are advised that because of restricted facilities and staff, it may be necessary to limit enrolment in certain Environmental Studies courses. Access will be determined in the first instance by strict adherence to prerequisites. Preference is given to students completing Major and Minor degree programs in Environmental Studies. Academic standing may be taken into account in determining enrolment in third- and fourth-year courses.

PROGRAM REQUIREMENTS

Course Prerequisites

Students are advised to read course descriptions carefully to ensure that they have completed the necessary prerequisites.

Major Program

The Major program requires:

1. Completion of another Major or Honours program in the Faculties of Social Sciences, Science, or Humanities (only a Double Major or Honours/Major program is available). In consultation with the Director, students may apply for the Double Major “Interfaculty Program” (see page 286) which involves completing the Major in Environmental Studies and the appropriate degree program in another faculty.

2. A minimum grade of B- in ES 200 or permission of the Director, is a requirement of the Major program in Environmental Studies.

3. 1.5 units in quantitative concepts and methods will be required. To fulfill this requirement, both Majors and Minors need to take ES 240.

4. A minimum of 15 upper-level Environmental Studies units selected as follows:

i. 4.5 units of upper-level core courses to be taken in the third and fourth years, including:
   • ES 301 (1.5)
   • ES 321 (1.5)
   • ES 341 (1.5)

ii. 1.5 units of upper-level coursework with a strong emphasis on field or experiential learning.

   • ES Courses
     • ES 403 (1.5) Field Course in Environmental Law and Sustainability
     • ES 405 (1.5) Climate, Energy and Politics
     • ES 407 (1.5) Mindfulness, Sustainability and Social Change
     • ES 415 (1.5) Integral Systems Theory: Philosophy and Practice
     • ES 429 (1.5) Urban Ethnoecology
     • ES 431 (1.5) History, Science and Culture of Wine
     • ES 433 (1.5) Introduction to Permaculture Design
     • ES 470 (1.5) Advanced Field Study
     • ES 471 (1.5) Galiano Island Field Study

   • ER Courses
     • ER 312A (1.5) Field Study in Ecological Restoration I
     • ER 312B (1.5) Field Study in Ecological Restoration II
     • ER 390 (1.5) Environmental Restoration Project
     • ER 412 (1.5) Galiano Island Field Study

Advanced Topics Courses (ES 380, 381, 382, 441, 480, 481, 482), ES field courses, courses from other units on campus, or courses from other institutions may also be used to meet this requirement (subject to approval by the undergraduate adviser).

iii. 9.0 additional units chosen by the student
   • Although they are no longer offered, the following courses can also be used: ES 300B, 350, 352, 353, 400A-D, 410, 416, 420, 422, 424, 426, 432, 450.

Up to 3.0 units of upper-level courses from other departments and schools may be chosen. Up to 3.0 units can be taken from other accredited postsecondary institutions, subject to approval by the ES undergraduate adviser. The following is a list of approved courses. Other...
alternating periods of paid employment in Environmental Studies-related positions in the public, private or non-profit sectors. Normally, the expected number of weeks per work term is 15 and the expected number of hours per week is 35. The minimum number of weeks per work term is 12 and the minimum number of hours per week is 35.

Admission to the Environmental Studies Co-op Program

Entry into the Environmental Studies Co-op program is open only to full-time students (those taking 6 or more units per term) who are proceeding to the Major program offered by the School of Environmental Studies. To be considered for admission to the program, students normally require a minimum cumulative GPA of 5.0.

Students interested in participating in the Co-op program should normally apply in their second year of studies. Applications must be submitted to the Co-op office by the advertised deadlines in September and January. The first work term will normally start eight months after the application deadline. Work terms will normally alternate with study terms thereafter.

Students who are taking double or combined major degrees, who wish to participate in a combined Co-op, should refer to “Social Sciences Co-operative Education Programs”, page 287.

To continue with the program, students must maintain a minimum GPA of 5.0 in Environmental Studies and 5.0 overall. To graduate with a Co-operative Education designation, students must satisfactorily complete three work terms. Each work term is recorded on the student’s official transcript of academic record (as COM, N/X or F/X). A student may withdraw from the Environmental Studies Co-op program at any time during an academic term and proceed to graduate with a regular Environmental Studies Major or Minor program without the Co-op designation.

"Work Term Credit By Challenge", page 61, is permitted in the Environmental Studies Co-op program.

Further information concerning the Environmental Studies Co-op program is available from the School of Environmental Studies or the Co-operative Education office and at <www.uvic.ca/envicoop>.

DIPLOMA IN THE RESTORATION OF NATURAL SYSTEMS

The Restoration of Natural Systems is a diploma program offered by the School of Environmental Studies in co-operation with the Division of Continuing Studies.

The Diploma requires 18 units of course work. It may be taken on a full-time basis (two years required for completion) or on a part-time basis (with a limit of six years). Students are admitted to the Diploma Program on the recommendation of the Academic Administrator.

Normally, admission to the Diploma program will require completion of a minimum of two years of university transfer credit with the required standing for University admission, and is also available to post-baccalaureate students. Background preparation that includes basic sciences (biology, chemistry and physical geography) is strongly recommended, and may be considered in competitive admission. The preparation of each student is assessed on entry, and additional lower-level courses may be required.

Courses are offered at the third-year level and include offerings cross-listed with regular third-year UVic courses. Students should anticipate standards of written work and examinable material at this level. To remain in the program, and to graduate, diploma candidates must maintain a GPA of 4.0.

Credit obtained within the Restoration of Natural Systems Diploma may be transferable to a regular degree program. However, such transferability of credit is always subject to the specific requirements of the degree program.

courses may be accepted subject to approval by the ES undergraduate adviser.

- Sciences
  - BIOL 334 Plants and People
  - EOS 365 Climate and Society
- Social Sciences
  - ANTH 302 Globalization, Health, and the Environment
  - ER Courses listed 300 and above
  - GEOG 304 Coastal Conservation
  - GEOG 314 Global Environment Change and Human Response
  - GEOG 357 Parks and Protected Areas
  - GEOG 358 Landscape Ecology
  - GEOG 371 Water Resources Management
  - GEOG 450 Environment and Sustainability in Practice
  - GEOG 453 Field Studies in Coastal and Marine Resources
  - GEOG 456 Wildlife Conservation
  - GEOG 457 Marine Protected Areas
  - HDCC 300 Climate Change for Social Transformation
  - HDCC 390 Special Topics in the Human Dimensions of Climate Change
  - HDCC 400 Seminar on Human Dimensions of Climate Change
  - POLI 357 Canadian Environmental Politics
  - POLI 458 Topics in Environmental Politics (Seminar Course)
  - PSYC 325 Environmental Psychology
  - SOSC 300 Working in the Community
- Humanities
  - ENGL 478 Special Studies in Literature and Environment
  - HSTR 325 Environmental History of British Columbia
- Education
  - EDCI 454 Environmental Education

Note: None of the courses selected in 4(i) and 4(ii) will be counted toward the degree program.

Diploma Program Requirements
ER = Environmental Restoration; ES = Environmental Studies
1. 7.5 units of required courses:

   ER 311 .......................................................... 1.5
   ER 312A .......................................................... 1.5
   ER 312B .......................................................... 1.5
   ER 313 (ES 318 or 348) ........................................ 1.5
   ER 314 .......................................................... 1.5

2. 9.0 units selected from the following courses: ER 325, 326, 327, 328, 329, 331, 332, 334, 335A, 335B, 336, 338, 352, 411, 490 and other courses including transfer credit, if not previously used towards a degree, subject to the approval of the Academic Administrator.

3. The following courses:

   ER 390 (1.5) Environmental Restoration Project
   ER 400 (0) Seminar in Environmental Restoration

Co-operative Education Option
Diploma candidates who complete one or more work terms through the Co-operative Education Program will receive Co-op notation on their transcript.

Students who participate in the Co-operative Education Option are normally required to complete one work term after the completion of core courses except the independent project (ER 390).

Co-operative Education students within the Restoration of Natural Systems Diploma Program will normally be required to complete all their program requirements within a 24-month period in order to maintain the Co-operative Education Option. For further information on the Co-operative Education Program and to apply for the Co-op program, visit the Co-op website at: <www.uvic.ca/envicoop>.

Department of Geography
Johannes Feddema, BA, MS, PhD (Delaware), Professor and Chair of the Department
Philip Dearden, BA, MSc (MUN), PhD (UVic), Professor

Frank Duerden, BSc (Lond), MA (Man), Adjunct Professor (2015-2018)
Thomas W. E. Edwards, BSc, MSc (Queen’s), PhD (Wat) Adjunct Professor (2015-2018)
Hugh D. French, BA, PhD (Southampton), Adjunct Professor (2016-2019)
James S. Gardner, BSc (Alta), MSc, PhD (McGill), Adjunct Professor (2015-2018)
John J. Gibson, BSc, MSc, PhD (Wat), Professor, Limited Term (2016-2021)
Jim F. R. Gower, BA, PhD (Cambridge), Adjunct Professor (2015-2018)
John R. Harper, BSc (Mass), MSc PhD (Louisiana), Adjunct Professor (2015-2018)
Leslie A. King, BA (UBC), MEd (Tori), MES (York), PhD (Lond), Adjunct Professor (2015-2018)
Paul Paquet, BA (Santa Clara), BS (Arizona State), MS (Portland State), PhD (Alta), Adjunct Professor (2015-2018)
Michael R. Phillips, BSc (Glamorgan), PGCE (Cardiff), MSc (Glamorgan), PhD (West of England), Adjunct Professor (2014-2017)
Terry D. Prowse, BES (Wat), MSc (Trent), PhD (Cant), Professor, Limited Term (2014-2017)
Nancy Turner, BSc (UVic), PhD (UBC), Professor (Environmental Studies) (2014-2017)
G. Cornelis van Kooten, BSc, MA (Alta), PhD (Oregon State), Professor (Economics) (2014-2017)
Frederick J. Wrona, BSc, PhD (Calgary), Professor, Limited Term (2014-2017)
Michael Waldner, BA (Calgary), ME Des, PhD (Waterloo), Adjunct Professor (2014-2017)
S. Jean Birks, BSc (McMaster), MSc (Queen’s), PhD (Waterloo), Adjunct Associate Professor (2014-2017)
Charles Burnett, BSc (Alta), MSc (UVic), PhD (Tartu), Adjunct Associate Professor (2016-2019)
Stephen F. Cross, BSc, MSc (UVic), PhD (Stirling), Associate Professor, Limited Professor (2016-2019)
S. Jean Birks, BSc (McMaster), MSc (Queen’s), PhD (Waterloo), Adjunct Associate Professor (2014-2017)
Michael Wulder, BA (Calgary), ME Des, PhD (Waterloo), Adjunct Professor (2014-2017)
Frederick J. Wrona, BSc, PhD (Calgary), Professor, Limited Term (2014-2017)
G. Cornelis van Kooten, BSc, MA (Alta), PhD (Oregon State), Professor (Economics) (2014-2017)
Yonas Dibike, BSc (AWTI), MSc (IHE), PhD (Delft), Adjunct Associate Professor (2016-2018)
Mark Zacharias, BSc, MSc (UVic), PhD (Guelph), Adjunct Associate Professor (2016-2019)
Kevin Telmer, BSc (Western), PhD (Ottawa), Adjunct Associate Professor (2014-2017)
Douglas G. Maynard, BA, MSc (UBC), PhD (Sask), Adjunct Associate Professor (2014-2017)
Christiana Miewald, BA, MA (Nebraska), PhD (Kentucky), Adjunct Associate Professor (2014-2017)
Trisalyn Nelson, BSc, MSc (UVic), PhD (WLU), Adjunct Associate Professor (2016-2019)
Nathaniel K. Newlands, BSc (Waterloo), MSc (Calgary), PhD (UBC), Adjunct Associate Professor (2015-2018)
Christopher M. Pearce, BSc (UofN), MSc (Dalhousie), PhD (Laval), Adjunct Associate Professor (2015-2018)
Daniel L. Peters, BSc (Concordia), MSc, PhD (Trent), Associate Professor, Limited Term (2014-2017)
Clifford Robinson, BSc (UVic), MSc (Alta), PhD (UBC), Adjunct Associate Professor (2014-2017)
Rick Rollins, BSc (Alta), BA (UVic), MSc (Ore), PhD (Wash), Adjunct Associate Professor (2015-2018)
Tara E. Sharma, BSc, MSc (Gujarat), PhD (UBC), Adjunct Associate Professor (2014-2017)
Kevin Telmer, BSc (Western), PhD (Ottawa), Adjunct Associate Professor (2014-2017)
Stephen R. Tyler, BSc (Trent), ME Des (Calgary), PhD (Calif/Berkeley), Adjunct Associate Professor (2014-2017)
Mark Zacharias, BSc, MSc (UVic), PhD (Guelph), Adjunct Associate Professor (2015-2018)
Barrie R. Bonsai, BSc, MSc, PhD (Sask), Adjunct Assistant Professor (2015-2018)
Bruce K. Downie, BA (Winnipeg), MA (Waterloo), PhD (University of Victoria), Adjunct Assistant Professor (2015-2018)
Cosmin Filipescu, BSc, Dip Adv Studies (Transylvania), PhD (Alta), Adjunct Assistant Professor (2015-2018)
Sophia C. Johannessen, BSc (UBC), PhD (Dalhousie), Adjunct Assistant Professor (2015-2018)
Grant Murray, BA (Tufts), MEM (Duke), PhD (University of Michigan), Adjunct Assistant Professor (2015-2018)
Patrick D. O'Hara, BSc (UBC), PhD (SFU), Adjunct Assistant Professor (2015-2018)
Mark Seemann, BA, MSc (Alta), PhD (UVic), Adjunct Assistant Professor (2016-2019)
Janis Shandro, BSc, HSc (Lakehead), MSc (UNBC), PhD (UBC), Adjunct Assistant Professor (2014-2017)
Pamela Shaw, BA, MA (Alta), PhD (UVic), Adjunct Assistant Professor (2016-2019)
Ian J. Walker, BSc (Toronto), PhD (Guelph), Adjunct Associate Professor (2016-2019)

**GEOGRAPHY PROGRAMS**

The Geography department offers General, Minor, Major and Honours programs leading to BA and BSc degrees. The department also offers combined programs in Geography and Earth Sciences and in Geography and Computer Science (Geomatics) leading to a BSc Major or Honours. Information about course combinations suited to specific professional objectives and graduate programs is available from the department.

**Academic Advising**

Students with questions specific to their involvement in any of the departmental programs or courses may arrange to meet with a Geography Undergraduate Adviser through the Geography General Office in the David Turpin Building, Room B203. Arrangements to meet with the Geography Honours Adviser may also be made through the Geography General Office.

Arrangements to meet with an Academic Adviser may be made through the Advising Centre for Humanities, Social Sciences and Science, A203, University Centre.

**Limitation of Enrolment**

Students are advised that because of limited facilities and staff it may be necessary to limit enrolment in certain Geography courses.

**PROGRAM REQUIREMENTS**

**Notes on Course Requirements**

1. Students who do not have the stated prerequisite(s) but believe they possess knowledge and background sufficient to succeed in a course may apply to the instructor for a departmental prerequisite waiver, explaining the basis for the request. If a student is granted a waiver, the instructor may require the student to complete additional coursework. Any such additional coursework will be described in writing at the time the waiver is granted.

2. Either STAT 255 or STAT 260 are suitable substitutes for GEOG 226. Students who already have credit for an introductory statistics course numbered 200 or above from another academic unit must consult with a Geography Undergraduate Adviser before registering in GEOG 226 (see “Credit Limit—Beginning Level Statistics Courses”, page 42).

3. Credit by Course Challenge is not offered.

4. The “E” grade and supplemental examinations are not offered.

5. Students should complete the “Academic Writing Requirement”, page 40, by the end of their second year.

6. SOSC 300 can be substituted for 1.5 units of upper-level Geography.

**HONOURS PROGRAM (BA AND BSc)**

Graduating with Honours entails meeting more stringent GPA requirements than the Major degree as well as successfully completing a thesis project in the form of two 1.5 unit courses (GEOG 499A and 499B) supervised by a faculty member in the Department of Geography and presented and defended in an oral examination. Students interested in the Honours program should contact potential thesis supervisors well before the deadline for applying to the program.

Students must complete the requirements for either the BA Major or the BSc Major program as well as GEOG 499A and 499B.
Application to the Honours program must be made by December 1st to start in January, April 1st to start in May and August 1st to start in September preceding the student’s final full year of undergraduate studies. Prospective Honours students must submit an application form available from the Geography General Office (DTB B203). Successful applications include a written agreement from a faculty member in the department to serve as thesis supervisor, and a minimum GPA of 6.0 for all 300- and 400-level courses based on a minimum of 12 units of which 9.0 units or more must be Geography. Applicants must be eligible for fourth year standing (42 units completed).

Honours Graduation Standing
An Honours degree requires:
1. a graduating GPA of at least 6.0 (B+)
2. a GPA of at least 6.0 in 300- and 400-level Geography courses.
3. a grade of at least B+ in GEOG 499H

Students who do not meet these requirements may opt to receive the Major degree.

### Concentrations

The Department of Geography offers concentrations in the following areas: Coastal Studies; Environment and Sustainability; Geomatics; and Urban, Health, and Development Studies. Students complete the required courses noted below within the Bachelor of Arts, Major and Honours programs:

#### Concentration in Coastal Studies:

GEOG 252 or 352; 304, 353, 355; one of 303, 319, 357, 376; two of 420, 424, 438, 453, 457, 474.

#### Concentration in Environment and Sustainability:

GEOG 209; two of 301, 304, 353, 357, 371; two additional from 301, 303, 304, 314, 339, 352, 353, 357, 358, 371; two of 438, 450, 453, 456, 457.

#### Concentration in Geomatics:

GEOG 222, 226, 228; one of 319, 322; one of 328, 329; two additional from 319, 322, 323, 325, 328, 329; two of 418, 420, 422, 428.

#### Concentration in Urban, Health, and Development Studies:

GEOG 211 and 218; two of 332, 340, 347B; one of 346, 366; one additional from 332, 339, 340, 343, 344, 346, 347B, 355, 366, 386; two of 406, 407, 440, 441, 448.

### Concentrations

The Department of Geography offers concentrations in the following areas: Coastal Studies; Environment and Sustainability; Geomatics; and Physical Geography. Students complete the required courses noted below within the Bachelor of Science, Major and Honours programs:

#### Concentration in Coastal Studies:

GEOG 252 or 352; 304, 353, 355; one of 303, 319, 357, 376; two of 420, 424, 438, 453, 457, 474.

#### Concentration in Environment and Sustainability:

GEOG 209; two of 301, 304, 353, 357, 371; two additional from 301, 303, 304, 314, 339, 352, 353, 357, 358, 371; two of 438, 450, 453, 456, 457.

#### Concentration in Geomatics:

GEOG 222, 226, 228; one of 319, 322; one of 328, 329; two additional from 319, 322, 323, 325, 328, 329; two of 418, 420, 422, 428.
**Concentration in Physical Geography:**
GEOG 272, 274, 276, 358, 370, 373, 376; two of 424, 474, 476, 477, 484, 487.

**GENERAL AND MINOR PROGRAMS (BA and BSc)**
Students interested in the General Program should file a Record of Degree Program form with the Advising Centre. A General degree requires completion of the General Program in two disciplines. Students wishing to add a Minor in Geography to their program must ensure that it is included on their Record of Degree Program Form.

**BA General and Minor Programs**

| First Year |  |
|-----------|------------------|---|
| GEOG 101A, 101B | 3.0 |
| Electives | 12.0 |
| Total | 15.0 |

| Second Year |  |
|-------------|------------------|---|
| GEOG 222 | 1.5 |
| At least two courses from GEOG 209, 211, 218 | 3.0 |
| Electives | 10.5 |
| Total | 15.0 |

| Third and Fourth Years |  |
|------------------------|------------------|---|
| Six upper-level Geography courses | 9.0 |
| Electives | 21.0 |
| Total | 30.0 |

**BSc General and Minor Programs**

| First Year |  |
|------------|------------------|---|
| GEOG 101A, 103 | 3.0 |
| Electives | 12.0 |
| Total | 15.0 |

| Second Year |  |
|-------------|------------------|---|
| GEOG 222, 228 | 3.0 |
| At least two courses from GEOG 272, 274, 276 | 3.0 |
| Electives | 9.0 |
| Total | 15.0 |

| Third and Fourth Years |  |
|------------------------|------------------|---|
| At least four courses from GEOG 358, 370, 373, 376, 424, 474, 476, 477, 484, 487 | 6.0 |
| Two upper-level Geography courses | 3.0 |
| Electives | 21.0 |
| Total | 30.0 |

**General and Minor Program in Coastal Studies**
The Department of Geography offers a General and Minor program in Coastal Studies (BA and BSc). The goal of the program is to provide students from all disciplines with the skills required to better anticipate, mitigate and manage societal and environmental change in coastal areas.

Graduates of this program will be well positioned to be the agents of change, influencing policy, connecting local needs to international circumstances, watersheds to coastal oceans, living resources to environments, human well being to environmental quality, economic prosperity to environmental sustainability, all of which may be pursued through graduate school or employment with government, the private sector or NGOs.

Students cannot combine a General program in Coastal Studies with a General program in Geography.

| First and Second Year |  |
|-----------------------|------------------|---|
| GEOG 101A, 101B | 3.0 |
| GEOG 252 | 1.5 |
| Electives | 25.5 |
| Total Units | 30.0 |

| Third and Fourth Years |  |
|------------------------|------------------|---|
| GEOG 304, 353, 355 | 4.5 |
| At least three courses from GEOG 303, 319, 357, 376, 420, 424, 438, 453, 457, 474 | 4.5 |
| Electives | 21.0 |
| Total | 30.0 |

1. Students interested in a more science-oriented program are particularly encouraged to take GEOG 103, 222, 226, 228 and 274.
2. Students may substitute two courses from the following: ANTH 338, 449, BIOL 311, 319, 322, ECON 382, EOS 350, 408, 431, ES 446, ER 335B.

**Minor Program in Geographic Information Technology**
The Department of Geography offers a Minor program in Geographic Information Technology (BA and BSc). The goal of the program is to provide students from disciplines outside of Geography with knowledge on the theories and skills in spatial sciences.

Geographic Information Technology skills include Geographic Information Systems (GIS), Remote Sensing, Spatial Analysis, Cartography, Global Positioning Systems, and Surveying. Graduates from the minor in Geographic Information Technology will be well poised to use spatial technologies to answer applied research questions associated with people, the earth, and resource management. This minor would be ideal for students majoring, for example, in anthropology, biology, earth and ocean sciences, economics, and history.

| First and Second Year |  |
|-----------------------|------------------|---|
| GEOG 222, 226 (see Note 2), and 228 | 4.5 |

| Third and Fourth Year |  |
|-----------------------|------------------|---|
| One of GEOG 319, 322 | 1.5 |
| One of GEOG 328, 329 | 1.5 |
| At least one additional course chosen from: GEOG 319, 322, 323, 325, 328, 329, 418, 420, 422, 428 | 1.5 |

The 9 units of selected courses numbered 200 and higher cannot form part of the requirements of the student’s Honours, Major, General or Option. Any course disqualified from the Minor Program by overlap with the requirements of the Honours or Major or General or Option Program may be replaced by another GEOG course at the same level or higher.

**COMBINED PROGRAMS IN PHYSICAL GEOGRAPHY AND EARTH AND OCEAN SCIENCES**
The Department of Geography and the School of Earth and Ocean Sciences have designed two programs leading to a BSc Combined Major or Honours Degree.
The Department of Geography, the School of Earth and Ocean Sciences and the University of Victoria assume no responsibility for students' acceptance into the Association of Professional Engineers and Geoscientists of BC (APEGB) during or after completing the program. APEGB has more requirements beyond course work, and reserves the right to set standards and change their requirements at any time. For information, see their website at <www.apeg.bc.ca>.

Students intending to pursue the combined programs must consult with the Undergraduate Adviser in either the Department of Geography or the School of Earth and Ocean Sciences after completing all of the first-year requirements.

Admission to the Combined Honours in Geography and Earth Sciences Program requires the permission of both the Department of Geography and the School of Earth and Ocean Sciences.

### Combined Program in Geography and Computer Science (Geomatics)

The Department of Geography and the Department of Computer Science have designed a program leading to a combined BSc Major Degree. The Geomatics program is aimed at students whose interests span the fields of cartography, computer science, geographic information systems, remote sensing, spatial analysis and surveying.

Students intending to pursue this combined program must consult the Undergraduate Adviser in either Geography or Computer Science after completing all of the first-year requirements.

Fourth Year

Three CSC or SENG 400-level electives\(^3,4\) ........................................ 4.5  
CSC 497 ......................................................................................................................... 1.5  
Electives ....................................................................................................................... 4.5  
Total ............................................................................................................................. 15.0  

1. Students can replace MATH 102 with MATH 100 or MATH 109.  
2. The “Academic Writing Requirement”, page 40, must be completed.  
3. Recommended courses include CSC 423, 426, 446, 471, 472, 473, SENG 474.  
4. Electives may also include CENG 420.

Geography Co-operative Education Program

See “Social Sciences Co-operative Education Programs” (page 287). See also the general regulations pertaining to “Undergraduate Co-operative Education” Programs of the University of Victoria governing all co-operative education students (page 59).

The Geography Co-operative Education option provides students with an opportunity to combine their academic studies with alternating periods of paid employment in Geography-related positions in the public, private or non-profit sectors. Normally, the expected number of weeks per work term is 15 and the expected number of hours per week is 35. The minimum number of weeks per work term is 12 and the minimum number of hours per week is 35.

Admission to the Geography Co-op Program

Entry into the Geography Co-op program is open to full-time students (those taking 6 or more units per term) who are proceeding to an Honours or Major program offered by the department. To be considered for admission to the program, students normally require a minimum GPA of 5.5 in Geography courses as well as an overall GPA of 5.5. Admission will also be based on a student’s interests and abilities.

Students who are taking double or combined major degrees, who wish to participate in a combined Co-op, should refer to “Social Sciences Co-operative Education Programs”, page 287.

Students interested in participating in the Co-op program should normally apply at the beginning of their second year of studies. Applications must be submitted to the Co-op office by the advertised deadlines in September and January. The first work term will normally start eight months after the application deadline. Work terms will alternate with study terms thereafter.

To continue with the program, students must maintain a minimum GPA of 6.0 in Geography and 5.0 overall. To graduate with a Co-operative Education designation, students must satisfactorily complete three work terms. Each work term is recorded on the student’s official transcript of academic record (as COM, N/X or F/X). A student may withdraw from the Geography Co-op program at any time during an academic term and graduate with the Geography BA or BSc degree without the Co-op designation.

"Work Term Credit By Challenge" (page 61) is permitted in the Geography Co-op program.

Further information concerning the Geography Co-op program is available from the department or the Co-operative Education office and at <coop.uvic.ca/geocoop>.

Minor in Geographic Technologies Co-operative Education Option

Students registered in a Major that allows for a Geography Technologies Minor, and undertaking a Geography Technologies Minor, and also registered in the UVic Co-operative Education Program in their originating department, may, with permission from their originating Co-op program, elect to complete ONE work term through the Geography Co-op program. Students in this situation must have completed one of

UVIC UNDERGRADUATE CALENDAR JANUARY 2018
Honours Graduation Standing

Graduation with Honours in Political Science requires:

1. a graduating average of 5.5 or higher
2. an average of 5.5 or higher in the best 21 units of Political Science at the 300 and 400 levels
3. at least a grade of B in POLI 499

Major Program

To earn a major in Political Science, students are required to complete:

1. 7.5 units of Political Science courses at the 100 and 200 levels, including at least one of POLI 101 and 201, with a grade of at least C+ in each course. It is strongly recommended that these courses be taken during the first two years of a student’s program. Students should take a broad range of courses, including at least one on Canadian politics, one on comparative politics, one on international politics, and one in political theory. Some courses on offer will incorporate material from more than one of these fields.
2. 15 units of Political Science courses at the 300 or 400 level, including at least one of POLI 300A, 300B, or 300C, one course from each of the Groups II-V, and one 400 level course. A course on methods of political analysis (POLI 321, 338, 339, or 351) is strongly recommended. SOSC 300 and EUS 300 are each accepted in lieu of 1.5 units of upper-level POLI coursework.

Students should consult the department website for more detailed advice about program planning. In general, students should complete the 200 level course in a particular field before attempting any 300 level courses in that field.

All 400 level courses in Political Science are seminar courses. They are open only to students registered as Political Science Majors or Honours, or to non-Majors having permission of the department, which will depend on advice from the instructor offering the course.

General and Minor Programs

A General or Minor program in Political Science requires:

1. 6 units of courses at the 100 or 200 level
2. 9 units of courses at the 300 or 400 level

Major and Honours Programs (European Studies Concentration)

The Department of Political Science offers an interdisciplinary concentration in European Studies for Major and Honours students in Political Science. The concentration provides students with a specialized training in European politics, history, culture and languages as well as an educational or work experience in a European country. Students wishing to concentrate in European Studies must plan their program in consultation with the Director of European Studies.

Major and Honours students in Political Science who wish to graduate with a concentration in European Politics must complete:

1. POLI 211 and 311 with a grade of at least B in each
2. 4.5 units of approved courses on European Politics chosen from: POLI 300A, 300B, 300C, 340, 379, 414 and any of POLI 319, 349 or 433 on (approved) European topics. For other courses, students need permission from the Director of European Studies
3. 6 units of courses on European History or Culture, including at least 3 units at the 300 level or above, to be approved by the Director of European Studies
4. 6 units of courses in Modern European Languages.
5. Either a or b:
   a) One of the following:
      • EUS 390 (1.5);
• a minimum of 1.5 transferrable units from a European university obtained through a UVic International Exchange Program;
• a minimum of 1.5 transferrable units from a European university through a Letter of Permission;
  b) A minimum of one Co-op work term in a European country through the Social Sciences Co-operative Education Program.

Note: Students must complete at least 1.5 units of EUS coursework.

**Political Science Co-operative Education Program**

See “Social Sciences Co-operative Education Programs” (page 287). See also the general regulations pertaining to “Undergraduate Co-operative Education” Programs of the University of Victoria governing all co-operative education students (page 59).

The Political Science Co-operative Education option provides students with an opportunity to combine their academic studies with alternating periods of paid employment in Political Science-related positions in the public, private or non-profit sectors. Normally, the expected number of weeks per work term is 15 and the expected number of hours per week is 35. The minimum number of weeks per work term is 12 and the minimum number of hours per week is 35.

**Admission to the Political Science Co-op Program**

Entry into the Political Science Co-op program is open to full-time students (those taking 6 or more units per term) who are proceeding to an Honours or Major program offered by the department. To be considered for admission to the program, students normally require a minimum GPA of 5.0 in 100 and 200 level Political Science courses. In addition to these grade and course requirements, admission will also be based on a student’s interests and abilities.

Students interested in participating in the Co-op program should normally apply at the beginning of their second year of studies. Students should complete POLI 351 before commencement of their first work term, and must complete it before commencement of their second work term. Applications must be submitted to the Co-op office by the advertised deadlines in September and January. The first work term will normally start eight months after the application deadline. Work terms will normally alternate with study terms thereafter.

Students who are taking double or combined major degrees, who wish to participate in a combined Co-op, should refer to “Social Sciences Co-operative Education Programs”, page 287.

To continue with the program, students must maintain a minimum GPA of 5.0 in Political Science and 5.0 overall. To graduate with a Political Science BA degree without the Co-op designation.

“Work Term Credit By Challenge” (page 61) is permitted in the Political Science Co-op program.

Further information concerning the Political Science Co-op program is available from the department or the Co-operative Education office and at <www.uvic.ca/poliscicoop>.

**Political Science Undergraduate Course Index**

For details of courses to be offered, the terms in which classes will be given, and the names of course instructors, prospective students should consult “My page” or the department’s website: <web.uvic.ca/polisci/>.

Visiting, Adjunct and Cross-listed Appointments

Graham Brown, BA (UVic), PhD (UBC), Cross-Listed with Gustavson School of Business (2017-2020)

Olov Krigolson, BEd (UVic), MSc (Indianna), PhD (UVic), Cross-Listed with School of Exercise Science, Physical and Health Education (2017-2020)
Ross Beauchamp, BA (McMaster), PhD (Brown), Adjunct Professor (2015-2018)
H. Wallace Craver, BA (Randolph-Macon), MA (Richmond), PhD (Alta), Adjunct Professor (2017-2020)
Cliff Duncalf, MD (Fiinders, Aust), Adjunct Professor (2016-2019)
Dorothy Edgell, BA (Birmingham), MA & PhD (UVic), Adjunct Professor (2016-2019)
Robert Kline, BA (UBC), MA, Sc, PhD (Waterloo), Adjunct Professor (2015-2018)
Anthony A.J. Marley, BSc (Birmingham), PhD (Pennsylvania), Adjunct Professor (2015-2019)
Graham Saayman, BA, Hons (Natal), MA (McMaster), PhD (London), Adjunct Professor (2015-2018)
Yoshio Takeke, Bachelor, Master & Doctor of Letters (Tokyo), PhD (UNC), Adjunct Professor (2015-2018)
Scott Beazeau, BA (York), MA, PhD (U of T), Adjunct Associate Professor (2015-2018)
Sylvain C. Boies, BA (Ottawa), MA, PhD (Calif, Berkeley), Adjunct Associate Professor (2016-2019)
Anthony T. Dougartey, BA (U of Ghana-Legon), MA (Lakehead), PhD (UVic), Adjunct Associate Professor (2015-2018)
Nichole Fairbrother, BA (UBC), MA (S Fraser), PhD (UBC), Adjunct Associate Professor (2016-2019)
Louise Fennel, BA (Ottawa), MSc, PhD (UVic), Adjunct Associate Professor (2016-2019)
Tamara Goranson, BA, MA (Sask), PhD (UVic), Adjunct Associate Professor (2016-2019)
Shirley Graham, BA (U of C, Irvine), MA, PhD (UCLA), Adjunct Associate Professor (2015-2019)
Isabelle Grenon, BA, MA (U of C, Irvine), PhD (S. Illinois U at Carbondale), Adjunct Associate Professor (2015-2018)
James Hill, BA, MA (Carleton U.), PhD (Saskatchewan), Adjunct Associate Professor (2015-2018)
Helena Kadlec, BSc, MA (Man), PhD (Purdue), Adjunct Associate Professor (2017-2020)
Karen Kir, BSc (Waterloo), MA, PhD (UVic), Adjunct Associate Professor (2016-2019)
Rita Knodel, BA (U of A), MA (UBC), PhD (U of A), Adjunct Associate Professor (2017-2020)
Eric P.P. Ochs, BSc, BA (UBC), PhD (McGill), Adjunct Associate Professor (2016-2019)
Yuriko Oshima-Takane, BA (Tokyo Women’s Christian U), MA (Tokyo), PhD (McGill), Adjunct Associate Professor (2016-2019)
Joseph Parsons, BSc (Utah), MA & PhD (Illinois), Adjunct Associate Professor (2015-2018)
Ronald Penner, BA (Kansas), MA, PhD (UVic), Adjunct Associate Professor (2016-2019)
Anthony W. Robertson, BA (UVic), MA, PhD (Carleton), Adjunct Associate Professor (2016-2019)
Christine A. Schwartz, BA (York), MA, PhD (UVic), Adjunct Associate Professor (2015-2018)
Chand Taneja, BSc (UVic), MA & PhD (Windsor), Adjunct Associate Professor (2017-2020)
Janice Thompson, BA, Hons (UVic), PhD (Ottawa), Adjunct Associate Professor (2016-2019)
Laurel A. Townsend, BSc, MA, PhD (UVic), Adjunct Associate Professor (2017-2020)
The Honours program is recommended for students planning to do graduate work in scientific or professional psychology. Graduation in the Honours program requires that students be admitted to the program at least 5.5 in the last 15 units attempted. Other courses are not offered numbers PSYC 390 and 490, primarily to allow students and a faculty supervisor to pursue a topic of mutual interest. These courses are available only to students with credit in PSYC 201 and a GPA of at least 5.5 in the last 15 units attempted. Other courses are not offered as individual studies or directed readings at any time. Students seeking an exemption from these restrictions must make a formal application to the department undergraduate adviser (psycadv@uvic.ca).

5. The Department of Psychology may give permission for individual studies and directed readings to be taken under the course numbers PSYC 390 and 490, primarily to allow students and a faculty supervisor to pursue a topic of mutual interest. These courses are available only to students with credit in PSYC 201 and a GPA of at least 5.5 in the last 15 units attempted. Other courses are not offered as individual studies or directed readings at any time. Students seeking an exemption from these restrictions must make a formal application to the department undergraduate adviser (psycadv@uvic.ca).

6. Students planning to pursue advanced degrees in Psychology are advised to pursue an Honours degree in psychology, or to pursue graduate work in scientific or professional psychology. Graduation in the Honours program requires that students be admitted to the program at least 5.5 in the last 15 units attempted. Other courses are not offered as individual studies or directed readings at any time. Students seeking an exemption from these restrictions must make a formal application to the department undergraduate adviser (psycadv@uvic.ca).

**Limitation of Enrolment**

Students are advised that because of limited staff and facilities, it may be necessary to limit enrolment in certain courses. Course enrolment limits will be imposed during registration. Students will be admitted to Psychology courses on the basis of stated prerequisites and priorities. Students who have declared a psychologyhonours or major program may be granted preferential enrolment in 300- and 400-level psychology courses.

**Program Requirements**

**Notes on Course Requirements**

1. First- and second-year students are encouraged to schedule courses required for their program prior to scheduling electives.

2. Students interested in the Major, General or Minor program should consult the Academic Advising Centre (University Centre A203) as early as possible. Students should declare a program after completing 12.0 units by filing a Record of Degree Program form with the Advising Centre.

3. Beyond the first year, most courses in the Psychology Department are grouped into four “Streams:” Mind and Brain, Social Psychology, Lifespan Development, and Mental Health and Wellbeing. Each stream has a 200-level gateway course, and there are two additional 200-level courses designed to equip students with methodological tools and analytical skills that cut across all four streams. Each stream also offers several 300- and 400-level courses. More information about the streams can be found at <www.uvic.ca/socialsciences/psychology/undergraduate>. Some courses are not part of any stream; they can be used to fulfil general unit requirements, but do not serve as prerequisites for other courses.

4. The 200-level courses serve as prerequisites for many 300-level courses. Students who declared a major in Psychology before May 2015 (when the new curriculum described above was introduced) will be admitted to 300-level psychology courses according to the prerequisites that were in place in 2014-15. Many 300-level courses have two alternative sets of prerequisites, either of which students can meet in order to register for the course. The first alternative lists the new prerequisites including the new 200-level courses, while the second alternative lists the prerequisites as they existed before May 2015. The second alternative is intended for students who declared a major in Psychology before May 2015, and will be removed prior to the start of the 2017-18 academic year. For additional information or for answers to questions, please contact the Psychology Department undergraduate adviser at - psycadv@uvic.ca.

5. The Department of Psychology may give permission for individual studies and directed readings to be taken under the course numbers PSYC 390 and 490, primarily to allow students and a faculty supervisor to pursue a topic of mutual interest. These courses are available only to students with credit in PSYC 201 and a GPA of at least 5.5 in the last 15 units attempted. Other courses are not offered as individual studies or directed readings at any time. Students seeking an exemption from these restrictions must make a formal application to the department undergraduate adviser (psycadv@uvic.ca).

6. Students planning to pursue advanced degrees in Psychology are advised to pursue an Honours degree in psychology, or to pursue...
opportunities for directed studies by taking 390 and 490 courses with a faculty supervisor in their area of interest.

7. Students planning to apply for graduate studies immediately following their graduation should plan to write the Graduate Record Examination at the end of their third year of undergraduate work or during the fall term of their fourth year. More information can be found at <www.et.org/gre>.

8. The Department of Psychology reserves the right to impose currency requirements for degree/program completion. Course work more than 10 years old will be subject to a review to determine whether its content is outdated.

Honours Programs (BA and BSc)

Graduating with Honours entails meeting more stringent GPA and course requirements than the Major degree, as well as successfully completing a year-long thesis project supervised by a regular faculty member in the Department of Psychology (sessional instructors and adjunct faculty can co-supervise with a regular faculty member). Students interested in the Honours program should talk to potential thesis supervisors well before the deadline for applying to the program.

Admission to the Honours program must be sought by May 31 preceding the student's final full year of undergraduate studies. Prospective Honours students must apply online. See <www.uvic.ca/socialsciences/psychology/undergraduate/honours> for details on applying to the honours program. In addition to the permission of the Honours Adviser, applicants must obtain agreement from a regular faculty member in the department to serve as thesis supervisor.

Admission to the Honours program requires:
- a minimum GPA of 6.5 in all Psychology courses taken at post-secondary institutions within the last 5 years;
- a minimum GPA of 5.0 in all non-Psychology courses taken at post-secondary institutions within the last 5 years;
- Declaration of Major as BA or BSc in Psychology or BSc in the combined Biology-Psychology program by the time of application to the honours program.

The Honours program requires completion of 63 units.

</tbody>
</table>

Psychology Breadth Requirement: Students must complete two courses (3.0 units) in two of the four content streams listed below, plus one course (1.5 units) in a third content stream: 7.5

- Mind and Brain Stream: PSYC 351A, 351B, 351C, 351D
- Social Psychology Stream: PSYC 375, 385, 386
- Lifespan Development Stream: PSYC 335, 336, 339

Psychology 300- or 400-level elective: 1.5

- (BA) 3.0 units of Biology, any level
- (BSc) One of BIOL 190A, 186 and one of BIOL 190B, 184
- 1.5 units of Computer Science, any level: 1.5

Mathematics Requirement: 1.5

- (BA) One of MATH 100, 102, 109, 151, PHIL 201, 203, 370
- (BSc) One of MATH 100, 102, 109, 151

1.5 units of Philosophy, any level: 1.5

3.0 units of Social Sciences (Anthropology, Economics, Environmental Studies, Geography, Political Science, Sociology), any level: 3.0

Electives: 21.0

- (BA) 21.0 units of electives from any area, including additional Psychology courses
**Major Requirements**

- (BSc) 6.0 units of electives from courses in the Faculty of Science, which also may include EPHE 141, 241, 242; and 15.0 units of electives from any area, including additional Psychology courses

Total: 60.0

1. Students must ensure that their programs contain at least 21.0 units of 300- and 400-level coursework to meet faculty requirements.

**General and Minor Programs (BA and BSc)**

Students interested in the General Program should indicate this when they file a Record of Degree Program form with the Academic Advising Centre after completion of 12.0 units. A General degree requires completion of the "General Program" requirements in two disciplines (see page 286). Students wishing to add a Minor in Psychology to their program must ensure that it is included on their Record of Degree Program form.

Total Units of Psychology Required for the General and Minor Programs: 16.5

**Combined Biology and Psychology Program Requirements**

Both Major and Honours BSc degrees are offered in the Combined Biology and Psychology Program. These are not joint degrees in Biology and Psychology, but single degree programs composed of a selected combination of courses from each of the departments. These programs are intended for students with interests and career goals in any area of neuroscience, including neuroethology, human biology, medicine, dentistry, or nursing. Students should consult with undergraduate advisers in both departments when planning their course schedules.

Students may complete this program in either the Faculty of Social Sciences or the Faculty of Science. Those choosing a Social Science degree should consult the Social Sciences "Faculty Program Requirements", page 284; those choosing a Science degree should consult the Faculty of Science "Faculty Program Requirements", page 239.

- BIOL 215, 230, 307, 321, 322, 335, 360, 361, 400
**Combined Major in Psychology and Computer Science**

The Department of Psychology and the Department of Computer Science have designed a program leading to a combined BSc Major Degree. Students intending to pursue this combined program must consult the Undergraduate Adviser in either Psychology or Computer Science at the latest after completing all of the first-year requirements.

Students in the Psychology/Computer Science Combined Program who wish to participate in Co-op may, if eligible, enrol in and undertake work terms in one or both of the Psychology and/or Computer Science Co-op programs. The Co-op degree requires successful completion of three Co-op work terms. Completion of a minimum of one work term in each area adds to the combined nature of their Co-op degree to the official record.

**Psychology Co-operative Education Program**

See "Social Sciences Co-operative Education Programs" (page 287). See also the general regulations pertaining to "Undergraduate Co-operative Education" Programs of the University of Victoria governing all co-operative education students (page 64).

The Psychology Co-operative Education option provides students with an opportunity to combine their academic studies with alternating periods of paid employment in Psychology-related positions in the public, private or non-profit sectors. Normally, the expected number of weeks per work term is 15 and the expected number of hours per week is 35. The minimum number of weeks per work term is 12 and the minimum number of hours per week is 35.

### Admission to the Psychology Co-op Program

Entry into the Psychology Co-op program is open to full-time students (those taking 6 or more units per term) who are proceeding to an Honours or Major program offered by the department. To be considered for admission to the program, students normally require a minimum GPA of 6.0 in Psychology courses and 5.0 overall.

Students interested in participating in the Co-op program should normally apply in their second year of studies. Applications must be submitted to the Co-op office by the advertised deadlines in September and January. The first work term will normally start eight months after the application deadline. Work terms will normally alternate with study terms thereafter.

Students who are taking double or combined major degrees, who wish to participate in a combined Co-op, should refer to “Social Sciences Co-operative Education Programs,” page 287.

To continue with the program, students must maintain a minimum GPA of 5.0 in Psychology and 5.0 overall. To graduate with a Co-operative Education designation, students must satisfactorily complete three work terms. Each work term is recorded on the student’s official transcript of academic record (as COM, N/X or F/X). A student may withdraw from the Psychology Co-op program at any time during an academic term and graduate with a BA or BSc degree in Psychology without the Co-op designation.

"Work Term Credit By Challenge" (page 65) is permitted in the Psychology Co-op program.

Further information about the Psychology Co-op program is available from the department or the Co-operative Education office and at <coop.uvic.ca/psychcoop>.

Sociology Programs

The department offers Honours, Major, General and Minor programs leading to the degree of Bachelor of Arts. Students interested in any of these programs are urged to consult the departmental Undergraduate Adviser as early as possible.

The Honours program is recommended for students planning to do graduate work in Sociology. The Major program permits students to pursue a variety of career options requiring baccalaureate-level training that require a specialization in Sociology. The General and Minor programs provide maximum flexibility in selection of courses in Sociology, but do not provide extensive coursework in methodology and theory.

Students with questions about the department’s programs or courses may arrange to meet with a Sociology Undergraduate Adviser through the Sociology General Office in Cornett A333. Arrangements to meet with the Sociology Honours Adviser may also be made through the Sociology General Office.

Students seeking general academic advice may arrange to meet with an Academic Adviser at the Advising Centre for Humanities, Social Sciences and Sciences, A203, University Centre. Detailed information on programs, faculty and courses can be found on the departmental web page: <web.uvic.ca/soci>.

Program Requirements

Requirements Common to all Sociology Programs

Students should read carefully the information for the Faculty of Social Sciences, especially the “Faculty Program Requirements”, page 284. SOCI 100A and 100B are required for all Sociology programs and should normally be taken in the first year. Although SOCI 100A and 100B may be taken in any order or concurrently, we recommend students first enroll in 100A. SOCI 210 and 211 are also required in all programs, and are normally taken in the second year.

Prerequisites for Second-, Third- and Fourth-year Courses

All Sociology courses beyond the 100 level require cumulative knowledge of sociological concepts and theory introduced in 100-level courses. Students are strongly encouraged to take SOCI 100A and 100B before enrolling in second-, third- or fourth-year courses. SOCI 100A and 100B are required for the General, Minor, Major, and Honours degrees. A minimum of 1.5 units of Sociology courses numbered 300 or above, or permission of the department, is required for all 400-level courses, some of which have additional prerequisites

Honours Program Requirements

The Honours program has the following requirements:

1. students normally apply for entry into the Honours Program at the end of their third year;
2. students must have a minimum GPA of 6.0 in all Sociology courses numbered at or above the 200 level, including in at least one required methods course;
3. Honours students are required to maintain a GPA of 6.0 in all upper-level courses and to complete SOCI 499 with a minimum grade of B+. The Honours Seminar (SOCI 499) facilitates learning of theoretical, methodological, and empirical competencies necessary for completion of the Honours thesis. Under the direction of a supervisor from the department, students complete either an in-depth review of literature on a sociological topic or substantive and original research on a sociological issue. Students are expected to present findings from their thesis at the annual Sociology Honours Colloquium.

The other requirements are:
- SOCI 100A, 100B
- SOCI 210, 211, 271
- SOCI 309, 374, 376
- Two of: SOCI 431, 432, 433, 434, 435, 436, 437, 438
- SOCI 499
- 7.5 additional units in Sociology numbered 300 and above

Graduation Standing

An Honours degree requires:
1. a minimum grade of B+ in SOCI 499
2. a minimum GPA of 6.0 in all upper-level courses.

Honours students who do not meet the above requirements, but complete those for a Major in Sociology, may opt to receive a Major degree.

**Major Program Requirements**

- SOCI 100A, 100B
- SOCI 210, 211, 271
- SOCI 309, 374, 376
- Two of: SOCI 431, 432, 433, 434, 435, 436, 437, 438
- Plus 7.5 additional units in Sociology numbered 300 and above.

**General and Minor Program Requirements**

- SOCI 100A, 100B
- SOCI 210, 211
- Plus 9.0 additional units in Sociology numbered 300 and above.

**Sociology Co-operative Education Program**

See “Social Sciences Co-operative Education Programs” (page 287). See also the general regulations pertaining to "Undergraduate Co-operative Education" Programs of the University of Victoria governing all co-operative education students (page 64).

The Sociology Co-operative Education option provides students with an opportunity to combine their academic studies with alternating periods of paid employment in Sociology-related positions in the public, private or non-profit sectors. Normally, the expected number of weeks per work term is 15 and the expected number of hours per week is 35. The minimum number of weeks per work term is 12 and the minimum number of hours per week is 35.

**Admission to the Sociology Co-op**

Entry into the Sociology Co-op Program is open to full-time students (those taking 6 or more units per term) who are proceeding to an Honours or Major program offered by the department. To be considered for admission to the Sociology Co-op Program, students must have completed, by the end of their second year, SOCI 100, 210 and 211 (or their equivalents) with a GPA of at least 5.0. In addition to these grade and course requirements, admission will be based on a student’s interests and abilities.

Students interested in participating in the Co-op Program should normally apply at the beginning of their second year of studies. Applications must be submitted to the Co-op office by the advertised deadlines in September and January. The first work term will normally start eight months after the application deadline. Work terms will normally alternate with study terms thereafter.

Students who are taking double or combined major degrees, who wish to participate in a combined Co-op, should refer to "Social Sciences Co-operative Education Programs", page 287.

To continue with the program, students must maintain a minimum GPA of 5.0 in Sociology and 5.0 overall. To graduate with a Co-operative Education designation, students must satisfactorily complete three work terms. Each work term is recorded on the student’s official transcript of academic record (as COM, N/X or F/X). A student may withdraw from the Sociology Co-op Program at any time during an academic term and graduate with a Sociology BA degree without the Co-operative Education designation.

"Work Term Credit By Challenge" (page 65) is permitted in the Sociology Co-op Program.

Further information concerning the Sociology Co-op Program may be obtained from the department and from the Co-operative Education office and at <www.uvic.ca/socicoop>.

Gustavson
School of Business

Our Vision
To pioneer business education that creates sustainable value.

Our Mission
We provide an experiential education that is anchored in excellence in research and teaching.

We focus on international business, entrepreneurship, service excellence and sustainability/social responsibility and the issues that emerge where these areas intersect.

We are open, fair, engaged and passionate in all we do.

English: 3 units

Applicants must have satisfied the Academic Writing Requirement. Two of ENGL 135, 146 or 147 (or other approved English courses including ENGL100-level or equivalent).

Decisions regarding the appropriateness of English courses are at the discretion of the Program Director.
The Gustavson School of Business Bachelor of Commerce degree program consists of two years (30 academic units) of liberal arts course work, including required and elective courses, followed by two years (30 academic units) of core, specialization and elective courses offered by Gustavson and three co-operative education work terms. Students must apply to be admitted to the BCom program. There are several admission points that students may select to apply to the BCom program.

</tr>
<tr>
<td>equivalents. * check course descriptions for pre-requisites</td>
</tr>
<tr>
<td>Math 12 is a prerequisite to the above mentioned courses. If Math 120 is taken at UVic as a Math 12 equivalent, it will not be counted as 1.5 units of Other Math as described below.</td>
</tr>
<tr>
<td>It is recognized that students transferring from other institutions may have different combinations of Math and Statistics courses. At a minimum, students must have 3.0 units of courses in the Math and Statistics area. The following are acceptable: One course in Business Statistics (1.5 units), and one other Math course (1.5 units) which may not include Pre-Calculus, Pre-Calculus Math or Pre-Calculus Algebra, or Math for Elementary Education. Acceptable topics for other Math courses include Linear Algebra, Business Math, Math for Economics, among others. A minimum transfer credit of 100-level Math must be awarded for the other Math courses. Students who select the ECON 245 and ECON 246 or the STAT 255 and STAT 256 combinations can satisfy both the statistics requirements (1.5 units) and the other math requirement (1.5 units). Decisions regarding the appropriateness of Math and Statistics courses are at the discretion of the Faculty.</td>

</tbody>
</table>

Limitation of Enrolment

Applicants should be aware that admission to the Bachelor of Commerce program is highly competitive and subject to limited enrolment. Meeting minimum requirements is not a guarantee of admission.

Joint Programs

BA or BSc Major and Honours in Economics (Business Option)

This program is offered by the Department of Economics in co-operation with the Gustavson School of Business. For program details, refer to the Calendar entry for the "Combined Major: Financial Mathematics and
Economics” (page 271) in the Faculty of Science and “Combined Major: Financial Mathematics and Economics” (page 292) in the Faculty of Social Sciences.

**Business Minor**

Students pursuing a non-Business degree may elect to take a Business Minor. The Business Minor program consists of 9 units including COM 220, 240, 250, 270 with a minimum grade of C+ in each course, plus at least 3.0 units of 300- or 400-level COM, ENT or IRB courses. Students must declare the Minor with the advising centre of their originating faculty. Required courses at the 200-level or higher in the Business Minor program cannot form part of the requirements towards other programs or options.

Permission to register in courses and related prerequisites will be considered on a case-by-case basis and is at the discretion of Gustavson. Students registered in a Major that allows for a Business Minor, and undertaking a Business Minor, and also registered in the UVic Co-operative Education Program in their originating department, may, with permission from their originating Co-op program, elect to complete ONE work term through the School of Business Co-op and Career Centre. Students in this situation must have completed one of the following in order to be eligible for a Business work term:

1. Successful completion of a registered Co-op work term in their originating Co-op program, OR
2. Completion of the UVic Co-op curriculum, through either their originating Co-op program or the Business Co-op and Career Centre

Further to the above criteria, eligible Business Minor students applying for Co-op positions through the Business Co-op and Career Centre must sign and agree to abide by the “Terms and Conditions” of the Business Co-op program, for their business work term.

**ACADEMIC ADVICE**

Information about admission to the Gustavson School of Business is available through UVic Admission Services and the Business Student Services Office. Students with questions about undergraduate programs and courses within the faculty should inquire at the Business Student Services Office, Room 283, Business and Economics Building.

Students can contact the program by email: bcom@uvic.ca, or by phone: 250-472-4728

Students transferring to UVic from other institutions may wish to contact Gustavson for informal assistance and recommendations.

---

**Faculty Admissions**

The Gustavson School of Business Bachelor of Commerce program admits students into the first, second and third year. Each admission point has specific admission criteria that applicants must meet; see entry under “Admission Categories and Deadlines”. Because of the international nature of the program, a portion of the available positions is intended for international students. Gustavson recognizes the unique needs of international students and offers many services and program enhancements to address those needs.

Entry to the Bachelor of Commerce program is in September only for each year. The program commences with the BCom program core, a full-time, cohort-based set of required courses in the third year. Normally, about 300 students are admitted to the BCom program core every year.

The structure of the program requires that students have completed 30 units of pre-commerce course work, including the required courses listed below, to standards as outlined below before they will be registered in the Bachelor of Commerce program core courses.

Students should be aware that they will be required to complete a total of 60 units of course work to obtain a UVic degree, including 30 units of pre-commerce course work. Any outstanding pre-commerce course work must be completed as a condition for entering the BCom program core.

Graduates of Hospitality Management diploma programs should refer to the admissions requirements described under “Admission Requirements for Graduates of Hospitality Management Programs” (page 317).

**ADMISSION TO UVic FROM HIGH SCHOOL**

Applicants from High School must be admissible to UVic. (See “Undergraduate Admission”, page 29). Applicants from High School must follow the admission procedures as outlined in the Admission Categories and Deadlines section.

**ADMISSION TO UVic FROM BC COMMUNITY COLLEGES AND OTHER UNIVERSITIES**

Applicants from BC community colleges and universities must first be admitted to UVic. Students must have a minimum of 12 units of transferable credit to be considered for admission to UVic and the BCom program. Transfer credit should address the admission requirements as described under the admission section entitled Year 2 Entry (First Year College or University Students) or the section entitled Year 3 (Direct Entry) Admission.

Transfer credit will be limited to 4.5 units of Commerce credit for the purposes of calculating the cumulative pre-commerce grade point average and calculating the applicant’s pre-commerce course units. Students transferring from BC community colleges or university colleges should consult the BC Transfer Credit Guide at <www.bccat.bc.ca> for assistance in determining the transferability of courses.

Additional information regarding areas of study and program updates is available through the Gustavson School of Business website at <www.uvic.ca/gustavson>.

Students attending any business, commerce, or business administration diploma or degree program will be considered along with all other applicants and must have completed the requirements for admission as outlined below.

**CURRENT AND RETURNING UVic STUDENTS**

Current and returning UVic students who apply but are not admitted to the Gustavson BCom program will normally, if eligible, be authorized for study in their previous faculty. New applicants to UVic who are not admitted to the program and who wish to be considered for any other faculty should contact Admissions or Undergraduate Records.

**ADMISSION REQUIREMENTS**

**Pre-Commerce Courses Including Required Courses**

All students entering the BCom program must complete the required courses shown in the table below prior to entry into the BCom program core. All students are encouraged to consult the University Calendar to meet the prerequisites for the required courses.

**Co-op Work Term Requirements for Admission**

Gustavson requires that students complete three Co-op work terms to meet the Bachelor of Commerce program requirements.

Students are normally required to complete one Co-op work term (pre-co-op) prior to commencing the BCom program core and two more Co-op work terms as part of their academic and work term sequencing as prescribed by the area of specialization.

- Students can complete the pre-commerce Co-op work term prior to entering the BCom program core. This option is only open to those students who are admitted to the BCom program through the Year 1 or Year 2 admission category and have completed COM 204.
- Students may challenge one Co-op work term if they have sufficient relevant work experience. See details regarding criteria and
regulations for Co-op challenges under the “Business Co-op Program” (page 321) section or consult the Business Co-op and Career Centre.

- Students can transfer in a successfully completed work term through an accredited Co-op program and receive credit for one of the BCom Co-op work terms.

Credit for only the first work term will be permitted through transfer or challenge. Students must register in and complete at least two work terms through the Business Co-op and Career Centre as part of their BCom program. Students who do not complete a pre-commerce Co-op work term will be expected to complete this requirement following the BCom program core, which will normally extend the time needed to complete their program. Normally, students must complete their programs on an academic term.

**ADMISSION CATEGORIES AND DEADLINES**

**Year 1, Year 2 and Year 3 Admission**

The Gustavson School of Business will offer Year 1 admission to high school students and Year 2 and Year 3 admission to UVic students and college/university transfer students who demonstrate a high level of academic achievement and other qualitative considerations such as leadership, school and community involvement, participation in extra-curricular activities, and work experience and career aspirations.

Admission from high school or first year to Gustavson guarantees access to the BCom program if the student maintains the level of academic and Co-op performance prescribed in any conditions set out by the BCom Program Director and BCom Admissions Officer as part of the admissions process. Students admitted into Year 1 or 2 will normally register in their pre-commerce Co-op work term during the summer term immediately prior to starting the BCom program core. High school and first year admission students who are not registering in a pre-commerce Co-op during that summer term are not permitted to register in any courses that are considered part of the BCom degree program.

**Year 1 Admission – from High School (Grade 12)**

**Application Deadline: February 28**

Students applying to Year 1 are required to submit the following documents by February 28:

- University Application for Admission
- Bachelor of Commerce Supplemental Application Form

In addition, applicants must ensure that the following documentation is submitted by March 15:

- Two official copies of interim High School Transcript, if not reported to the BC and Yukon Ministry of Education - minimum 80% GPA
- Letter of Recommendation - principal or vice-principal or designate

Upon receipt of grades from Undergraduate Admissions (as reported in BC and the Yukon by the BC Ministry of Education or as an interim high school transcript elsewhere), conditional offers will be made. Upon receipt of final grades, conditional offers will be confirmed.

Evaluation: Students who wish to be considered for admission must have a minimum GPA of 80% on required high school courses. Meeting the minimum GPA requirement does not guarantee admission to the BCom program. Admission is based on academic performance (60%) and on the applicant’s other attributes (40%) derived from the assessment of the other submitted material.

Conditions for entry into the BCom program core courses:

- Students must meet UVic entrance requirements
- Students must complete the remainder of their pre-commerce course work at UVic (Year 2).
- Students must obtain a minimum GPA of 4.0 (B+, 70%) on their required courses, with a minimum grade of C+ (65%) in each of them.
- Students must complete all required and elective courses (30 units) by the end of the Spring (January-April) term of their Year 2 prior to commencement of BCom program core.
- Students must achieve a GPA of at least 5.0 (73%) on their most recent 30 units to be eligible for entry into the BCom program core.
- Students may undertake their first Co-op work term prior to entry into the BCom program core.

**Year 2 Admission – First-year College or University Students**

**Application Deadline: February 28**

Students applying to Year 2 are required to submit the following documents by February 28:

- University of Victoria Application (non-UVic students, current UVic students and returning UVic students) through My UVic application: <www.uvic.ca/application>
- Bachelor of Commerce Supplemental Application through My UVic application: <www.uvic.ca/application>

In addition, applicants must ensure that the following documentation is submitted by March 15:

- Two official copies of secondary and post-secondary education transcripts directly from issuing institution

Evaluation: Applicants will be assessed on their most recent course work, on their performance in required courses and on an assessment of the applicant’s attributes as derived from the submission material. Students must have completed a minimum of 6.0 units and at least two of the required courses with minimum grades of C+ and a GPA of 4.0 for these courses by the application deadline. Applicants with more than 12.0 units of course work will be assessed on their most recent 12.0 units of course work.

Conditions for entry into the BCom program core courses:

- Students must meet UVic entrance requirements
- Students must complete all required courses at UVic (Year 2).
- Students must obtain a minimum GPA of 4.0 (B+, 70%) on their required courses, with a minimum grade of C+ (65%) in each of them.
- Students must complete all required and elective courses (30 units) by the end of the Spring (January-April) term of their Year 2 prior to commencement of BCom program core.
- Students must achieve a GPA of at least 5.0 (73%) on their most recent 30 units to be eligible for entry into the BCom program core.
- Students may undertake their first Co-op work term prior to entry into the BCom program core.

**Year 3 (Direct Entry) Admission – Second-year College or University Students**

**Application Deadline: February 28**

Students applying for direct entry into the Year 3 BCom program core are required to submit the following documents by February 28:

- University of Victoria Application (non-UVic students, current UVic students and returning UVic students) through My UVic application: <www.uvic.ca/application>
- Bachelor of Commerce Supplemental Application through My UVic application: <www.uvic.ca/application>

In addition, applicants must ensure that the following documentation is submitted by March 15:

- Two official copies of secondary and post-secondary education transcripts directly from issuing institution

Evaluation: Applicants will be assessed on their most recent course work. As well, students must have completed at least three of the required courses with minimum GPA 4.0 among these courses, with a
Conditions for entry into the BCom program core courses:
- Students must complete 30 units of pre-commerce course work, including all required courses, by the end of the Winter Session prior to commencement of the BCom program.
- Students must achieve an overall most-recent 30-unit GPA of 5.0 (B, 73%) to be eligible to enter the BCom core program.

Admission Requirements for Graduates of Hospitality Management Programs

Application Deadline: February 28

Students applying from Hospitality Management diploma programs are required to submit the following documents by February 28:
- University of Victoria Application through My UVic application: <www.uvic.ca/application>
- Bachelor of Commerce Supplemental Application through My UVic application: <www.uvic.ca/application>

In addition, applicants must ensure that the following documentation is received by March 15:
- Two official copies of secondary and post-secondary education transcripts directly from issuing institution

Applicants from two-year Hospitality Management/Hotel and Restaurant Administration diploma programs may be eligible for entry to the BCom program if they meet the following criteria:
1. The diploma is completed with a minimum average GPA of 5.0 (B) as determined by Undergraduate Admissions and Records. The average as calculated by Undergraduate Admissions is a cumulative GPA, which includes all course attempts.
2. The diploma is granted by August 31 of the year for which the student is applying for admission. Final official documentation will be required.
3. The diploma is awarded by a college that offers the BC Provincial Hospitality Management Diploma program, or its equivalent.
4. Completion of a microeconomics course (equivalent to UVic ECON 103), an acceptable math course (equivalent to MATH 151) and an acceptable statistics course (equivalent to STAT 252). Students must complete these courses with a minimum grades of C+ in each of them and a GPA of 4.0 for the three courses.
5. Completion of the Academic Writing Requirement.

BC Institutions Currently Delivering the BC Provincial Hospitality Management Diploma Program
- Camosun College
- College of New Caledonia
- Douglas College
- North Island College
- Selkirk College
- Thompson Rivers University
- Vancouver Community College
- Vancouver Island University

Alberta and other Institutions
- Southern Alberta Institute of Technology (Calgary)

Students who have completed two or three year of recognized Hospitality diploma programs may also be eligible. Please contact the Gustavson School of Business for eligibility information on other programs.

Admission Criteria for Graduates of Hospitality Management Programs

Minimum GPA
Applicants other than those to Year 1 must have a GPA of at least 4.0 (B-) on the UVic 9-point scale, or equivalent as calculated by Undergraduate Admissions and Records, in their most recent course work to be considered for admission to the Gustavson School of Business. Applicants to Year 2 admission must have a minimum of 6.0 units completed by the application deadline. Applicants with more than 12.0 units will be calculated on their most recent 12.0 units of course work.

Quantitative Considerations
For applicants in each admission category, the GPA evaluation will form 60% of the admission decision. Applicants to Year 2 and Year 3 who meet the minimum requirements will be rated within their applicant groups on this criterion based on weighting equally their most recent 12-unit GPA as calculated by Gustavson with their GPA in pre-commerce required course work.

Qualitative Considerations
An evaluation of qualitative considerations will form 40% of the admission decision. Gustavson recognizes that many different factors contribute to a person’s chances of success in business. Applicants are therefore required to submit information on their application/resumé forms outlining experiences and attributes which they feel indicate their suitability for the Bachelor of Commerce program.

Assessment for Admission
Admission decisions within each admission category will be based on applicants’ overall rankings based on scores that proportionately combine their quantitative and qualitative assessments. Admission to the Bachelor of Commerce program is subject to limited enrolment. The calculated score required for admission can fluctuate, depending upon the number and quality of the applications received in a given year.

Successful applicants will be admitted on the condition they complete 30 units of course work, including all required and elective pre-commerce course work, and will normally have satisfied the pre-commerce Co-op requirement before commencing the BCom program core courses.

In certain cases, applicants will be considered for admission with no fewer than 27 units of credit. Students should be aware, however, that they will be required to complete a total of 30 units of pre-commerce courses to be eligible to enter the BCom program core (Year 3). All
applicants must complete the pre-commerce required courses by the end of the Winter Session prior to commencement of the BCom program core (Year 3).

Final acceptances and scholarships will be based on the complete pre-commerce 30-unit (or more) student record after the Spring term (May 30).

**Limitation of Commerce Credit and Course Waivers**

Applicants are required to take courses in other disciplines as part of their 30 units of pre-commerce coursework. Students intending to transfer to the BCom program from other institutions should be aware that a maximum of 4.5 units of Commerce courses may be used as part of the 30 units of pre-commerce courses.

All students will be expected to complete all of their Commerce courses within the BCom program. Students will not be granted waivers from any courses in the BCom program based on any previous credit.

**APPLICATION MATERIALS**

All forms are available from:
- BCom Program Office
- Bachelor of Commerce Program
- University of Victoria
- PO Box 1700 STN CSC
- Victoria BC, Canada V8W 2Y2
- Phone: 250-472-4728
- Email: bcom@uvic.ca

The Bachelor of Commerce Supplemental Application Form can also be obtained from the Gustavson website at: <www.uvic.ca/gustavson/undergraduate>.

University of Victoria undergraduate application is completed through My UVic application: <www.uvic.ca/application>.

In addition to the university application, a Bachelor of Commerce Supplemental Application is required. It is to be uploaded through My UVic application: <www.uvic.ca/application>.

**Admission Decisions for Entry in September**

Students who are admitted to the BCom program will receive written information regarding registration in appropriate course work for the following academic year.

---

**Faculty Academic Regulations**

**STUDENT RESPONSIBILITY**

Students are responsible for ensuring that their courses have been chosen in conformity with the requirements of the BCom program. The Gustavson School of Business and the Business Co-operative Education (Co-op) program will consider the sessional address given to UVic Undergraduate Records as the proper contact address.

Students are directed to the University regulations with respect to “Undergraduate Co-operative Education” (page 59).

Students are advised to review the University of Victoria “Undergraduate Academic Regulations” (page 39).

The faculty, students and staff of Gustavson work together to promote professionalism and integrity. These are attributes that prepare our students for real leadership roles and create an environment of professionalism in the faculty. The faculty has developed two documents: a general guide, Principles of Professional Behaviour, and a more detailed guide, Standards for Professional Behaviour. All students are subject to the provisions of these documents. Students who are found not to meet these standards may be withdrawn from the program. Copies are available from the Business Student Services Office (BEC 283).

**LETTERS OF PERMISSION**

Students in Gustavson who are planning to take a course at another institution are required to contact the Business Student Services Office for letters of permission before enrolling in the course. If permission is granted by the School of Business, a minimum grade of C in Commerce courses is required for transfer credit. Students may take a maximum of two 1.5 unit open commerce elective courses by letter of permission for credit in the Bachelor of Commerce degree program.

**COURSE REGISTRATION AND PROGRAM SEQUENCE**

Students are admitted to the BCom program, not to particular areas of specialization. Space may be limited in specific areas of specialization. Students will be required to declare their specialization by the end of the first academic term in the BCom core. Academic and co-op work term sequencing (a student’s program sequence) is determined by specialization. Students are required to follow the program sequences specified by their BCom Program adviser. Students wishing to change their specialization and/or program sequence must apply for a change through their BCom Program adviser. Some specialization and program sequence changes may result in limitations to course selection. Students are solely responsible for any difficulties or limitations resulting from a specialization or program sequence change.

Students are expected to have met all prerequisites for Commerce courses. A passing grade is acceptable for prerequisite purposes, unless a higher grade is called for in the course description. It is expected that students will complete a full course load each academic term (7.5 units). It is intended that students will progress through the BCom program core in a designated cohort group.

Students who withdraw from or receive a failing grade of F in a course listed within the Commerce core or a course required for their chosen specialization must repeat that course during the next academic term in which it is offered. Students who receive a failing grade of E in a core course may apply for a supplemental exam (see Supplemental Exam regulations under the appropriate section below). Students who do not apply for a supplemental exam by the published deadline will be considered to have failed the course, the opportunity to apply for a supplemental is rescinded, and the student must repeat the course in the next academic term that the course is offered.

**SUPPLEMENTAL EXAMS**

Supplemental examination privileges in Bachelor of Commerce core courses are granted to students who have a satisfactory standing in the program. Satisfactory standing for the purpose of supplemental examinations is defined as achieving the minimum academic standard of 3.0 in their most recent academic term. The maximum number of units of supplemental examinations allowed for any one student is normally three during their Bachelor of Commerce degree program. In addition, students may not apply for more than ONE supplemental examination during a given academic term.

Students must apply in writing for permission to write a supplemental examination. Students are eligible to take the supplemental examination in a course only if they have completed all the course work, written the final examination and received a grade of E in the course. Supplemental examinations cover only the course work covered by the written final examinations - they will not compensate for, or replace, project or assignment grades. If there was no written final examination in the course, or if a student did not have a passing grade on the course elements exclusive of the final exam, the student will not be eligible for the supplemental examination.

A passing grade obtained on a supplemental examination will be shown on the student’s academic record with a grade point value of 1, corresponding to a D, and will be included as such in the calculation of
on a day other than the date designated by the official exam schedule will not be entertained. For academic regulations regarding deferred exams, please see "Examinations" (page 50).

Commerce courses with more than one section may have a common midterm exam scheduled by Gustavson. Students will be advised of the times and dates of the exams by Gustavson and may be expected to attend midterm exams outside the regular class schedule which may include Saturdays.

**Withdrawal From the BCom Program**

A student who does not register for any courses during the first academic term after admission, or during any subsequent academic terms while not on a Co-op work term or a leave of absence, will be considered to have withdrawn. Any student who is considered withdrawn must re-apply for admission and will be considered in competition with all other applicants. A student who has started the BCom program core and subsequently registers for courses applicable only to another department during an academic term must have the written permission of the Gustavson School of Business.

Students who voluntarily withdraw from the BCom program and later re-apply for admission must do so by the standard deadlines and will be considered in competition with all other applicants. Gustavson is under no obligation to re-admit any student who has withdrawn.

**Leave of Absence**

Students must apply in writing to their academic adviser for a leave of absence. Unless given written permission by Gustavson to take a leave of absence, students who do not re-register will be considered to have withdrawn. Students on leave of absence are considered outside the program and will not be granted work term credit or academic course credit for experience gained during the leave.

**Graduation Requirements**

The minimum requirements for graduation are:

1. completion of 30 units of required and elective pre-commerce course work
2. completion of 18 units of BCom program core as well as COM 204, 205 and 405
3. completion of 12 units of specialization courses and open Commerce electives, normally completed within the BCom program. Note that students who have entered the BCom program with Hospitality Management Diploma block transfers are required to complete 3.0 units of non-business electives and 9.0 units of specialization and open Commerce electives.
4. satisfactory academic performance as outlined above
5. satisfactory completion of three Co-op work terms within the regulations of the Gustavson School of Business and including any challenges or transfers granted

**Program Requirements**

The Bachelor of Commerce program combines learning in the classroom with work experience, an internationally diverse cohort group, and the opportunity for international work and study. Students start the BCom program core in the Fall term upon completion of their pre-commerce course work (30 units). Students are expected to follow the schedule of academic and work term sequencing outlined for each area of specialization to complete the remaining two years of study (30 units) in the Bachelor of Commerce program.

**Required Commerce Courses (18 units)**

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>COM 204</td>
<td>Introduction to Professional Practice</td>
</tr>
</tbody>
</table>
COM 205 (0)  Professional Skills Development
COM 315 (1.5)  Financial Accounting
COM 316 (1.5)  Management Accounting
COM 321 (1.5)  Leading People and Organizations I
COM 322 (1.5)  Leading People and Organizations II
COM 331 (1.5)  Introduction to Management Information Systems
COM 341 (1.5)  Operations Management
COM 351 (1.5)  Marketing Principles and Management
COM 361 (1.5)  International Business
COM 362 (1.5)  Business and Sustainability
COM 371 (1.5)  Management Finance
COM 400 (1.5)  Strategic Management
COM 402 (1.5)  Legal Issues in Management
COM 405 (0)  Career Preparation Across Borders

COM 204 may be completed in Year 2. The BCom program core, consisting of the above-listed 300-level COM courses plus 205, must be taken during the Fall and Spring term of Year 3. COM 400, 402 and 405 are completed during fourth year. COM 402 can be taken at any point during fourth year, usually in the elective term.

**SPECIALIZATIONS**

There are three specializations:
- International Business Management
- Entrepreneurship
- Service Management

**International Business**

For students interested in specializing in International Business, 3.0 units of a foreign language, or equivalent competence are strongly recommended within their pre-Commerce course work.

The International Business specialization requires that students have direct international experience outside North America. This requirement may be satisfied by participating in the international exchange program or in an international work study (IB 418) in the Fall term (at an additional cost). The requirement will be waived for international students and those who have completed at least one year of high school or university studies in a country in which English is not the primary language.

International Business is a three-course specialization.

IB 415 (1.5)  Cross-national Management
IB 416 (1.5)  International Marketing
IB 417 (1.5)  International Finance

**Entrepreneurship**

Entrepreneurship is a five-course specialization, including COM 400.

ENT 410 (1.5)  Venture Marketing Expertise
ENT 411 (1.5)  Venture Planning/Finance Expertise
ENT 412 (1.5)  Acquiring Expert Venture Cognitions
ENT 413 (1.5)  Portfolio Practicum

Plus

COM 400 (1.5)  Strategic Management

**Service Management**

Service Management is a three-course specialization.

SMGT 415 (1.5)  Customer Experience Management
SMGT 416 (1.5)  Service Operations and Quality Management
SMGT 417 (1.5)  Service Human Resource Management

**Open Commerce Electives**

Please note that in addition to the 18 units of core courses and the required courses within the chosen specialization (4.5-6.0 units), students are required to complete an additional 6.0-7.5 units of open Commerce electives (prerequisites and corequisites still apply). Note that students who have entered the BCom program with a Hospitality Management Diploma block transfer are required to complete 3.0 units of non-business electives and 3.0 to 4.5 units of open Commerce electives.

**Non-Specialized**

Students may elect not to complete a specialization.

In addition to the 18 units of program core courses, students can select courses of interest from the specialization and open Commerce elective courses to make a total of 12 units (prerequisites/corequisites still apply). Priority registration in specialization courses goes to students in that specialization.

**International Exchange Program**

The International Exchange Program (INTEP) provides the opportunity for eligible Commerce students, regardless of their specialization, to spend approximately four months studying at an overseas institution and receive full course credits for one term. Normally, studies overseas are conducted in the English language; however, some exceptions do apply. Participation in INTEP is equivalent to 7.5 units:

COM 460 (1.5)
COM 480 (2 x 1.5)
COM 499 (1.5)

and normally

COM 470 (1.5)

**INTEP Requirements**

To be eligible for international academic placements, student must meet the following requirements:

1. Completion of 300-level BCom program core.
2. A minimum GPA of 4.0 in all academic terms following entry to the BCom program core.
3. 3.0 units of a foreign language are strongly recommended. Note that students who have completed the language requirement will have priority in exchange placements.
4. Evidence the student has actively participated in international activities and events.
5. Permission of the Associate Director, International Programs and the Director, BCom Program.

Contact the International Programs Office for more details.

**Business Minor Program**

Students following a Minor program in Business must complete the Business Minor core, consisting of COM 202, 220, 240, 250, and 317 with a minimum grade of C+ (65%) in each course, plus a least 1.5 units of 300- or 400-level COM, ENT or IB courses.

Required courses at the 200-level or higher in the Business Minor program cannot form part of the requirements towards other programs or options.
BUSINESS CO-OP PROGRAM

The University regulations with respect to "Undergraduate Co-operative Education" (page 59) are applicable to the Business Co-op Program except to the extent that they are modified by regulations adopted by the Gustavson School of Business.

Admission to the Business Co-op Program

Co-operative education is mandatory in the Bachelor of Commerce program and forms an integral part of the academic requirements of the BCom degree. As such, admission to the Bachelor of Commerce program automatically results in admission to the Business Co-op program.

Business Co-op General Regulations

The following regulations apply to the Business Co-op program. General regulations found in the Co-operative Education Program section of the Calendar also apply to the Business Co-op program. Where Gustavson regulations differ from those of the Co-operative Education Program, Gustavson regulations will apply.

Co-operative Education work terms are four months of full-time paid work. The work placement must be related to the student’s learning objectives and career goals. The placement must be supervised, and the employer willing to conduct a mid-term and final evaluation of the student in consultation with a Co-operative Education Program Coordinator (known hereafter as a Coordinator).

Students must receive credit for three Co-op work terms. As per the general regulations for Co-op, 4.5 units of academic credit are awarded for each approved work term successfully completed. These work term credits may not be applied towards the graduation requirements for any degree or program except in fulfillment of the Co-op work term requirement. Students are required to complete at least two of these work terms through the University of Victoria Business Co-op Program as part of their degree program. Students may be granted credit for the first of these three work terms as follows:

- Through the Work Term Challenge process, following the guidelines outlined in the "Work Term Credit By Challenge" (page 61) section in "Undergraduate Co-operative Education" (page 59), credit will be granted where work experience is considered satisfactory and the requirements for a challenge are complete.
- A student with a recognized Co-op work term from another accredited post-secondary institution may apply for transfer credit. Students must apply in writing for work term transfer credit within the first 60 days of their initial academic term within the BCom program, identifying the program and work term for which they would like credit. A transcript may be required.
- Business students may be admitted into the Business Co-operative Education Program in their second year and complete their first Co-op work term before commencing third year Commerce courses.

Students registered for work terms are considered to be enrolled in a full-time course of studies and may not take university level credit courses while on a work term. Under extraordinary circumstances, students may submit, in writing to the BCom Director, Undergraduate Programs, a request to register in a maximum of 1.5 units of university level course credit. If a student is on probation then no units of credit will be allowed during the work term. Students are reminded of their responsibility to maintain the minimum academic performance required by Gustavson. See "Review of Academic Performance" (page 319). Students with a GPA below 3.0 in an academic term will not be eligible to participate in the next scheduled Co-op work term.

Students should not expect to complete all their work terms in the summer months, nor should they expect to complete their BCom program on a work term or series of work terms. In certain cases, a student will be permitted to end the program on a Co-op work-term to satisfy the BCom Co-op work term requirements if the program scheduling would otherwise unduly prolong a student’s program completion. All decisions regarding the eligibility of a student to complete their program on a Co-op term will be made at the discretion of the Gustavson School of Business.

Students must sign a current Terms and Conditions document as provided by the Business Co-op Program in order to be eligible to participate in the placement process.

Introduction to Professional Practice is a mandatory requirement for business students. This program is a corequisite for students participating in the placement process prior to their first work term.

Students will be provided more information regarding Introduction to Professional Practice, its curriculum, and the requirements for completion upon admission to the BCom program.

Students are expected to participate fully in the placement process. While every attempt will be made to ensure that all eligible students are placed, Gustavson is under no obligation to guarantee placement. Students should be prepared to spend at least one work term outside the greater Victoria area.

The Business Co-op Program reserves the right to approve any employer that provides placements for students and to withdraw a student from any placement. The student, however, has the right to be informed in writing of the reasons for any withdrawal and can follow the student appeal procedures as outlined in “Student Appeal Procedures” (page 67). Students may not withdraw from a placement without approval from a Coordinator. Failure to obtain permission will result in the student receiving a grade of N/X on the work term.

Students must be officially registered for the work term and provide any required documentation before the end of the first month of the semester in which the work term occurs. Students not registered by that time may not receive credit for that work term. A Co-op Program Fee, which is non-refundable, is due in the first month of each term for six (6) terms and is subject to the University’s general fee regulations in “General Regulations: Undergraduate Co-op” (page 61).

Note: students admitted to BCom program prior to September 2012 will be assessed a work term fee upon registration in each work term as per tuition regulations in “General Regulations: Undergraduate Co-op” (page 61).

While on Co-operative Education work terms students are subject to the provisions of the Principles of Professional Behaviour and the Standards for Professional Behaviour documents developed for Gustavson students.

Academic and Work Term Sequencing

Work terms are normally of four months duration and should be integrated within the student’s academic program such that they alternate with academic terms, as designated by their area of specialization, until graduation.

The Gustavson School of Business may make amendments to a student’s academic and work term sequencing during the course of the program.

Students are expected to remain in the prescribed academic and work term sequencing. Priority will be given to placing students who are scheduled to go on a work term, as defined by their area of specialization. Students not scheduled to go on a work term will not be eligible to participate in the placement process.

Assessment of Work Term Performance

The requirements for a pass grade in a Co-op Work Term include the satisfactory completion of the following items:

- the student’s Learning Objectives
- Work Site Visit by the Co-op Coordinator
- the student’s Final Competency Assessment and a work term report (or alternative) as assessed by the Coordinator and submitted by the deadlines specified below:
- **Fall Work Term Report**: due December 15 (unless it falls on a holiday or weekend, in which case the report will be due the next business day)

- **Spring Work Term Report**: due April 15 (unless it falls on a holiday or weekend, in which case the report will be due the next business day)

- **Summer Work Term Report**: due August 15 (unless it falls on a holiday or weekend, in which case the report will be due the next business day)

Late work term reports will only be accepted (in the event of illness, accident or family affliction) with legitimate substantiation for academic concession. Otherwise, late reports will result in remedial requirements.

A grade of COM, F/X, or N/X will be assigned to students at the completion of each work term. Students who are assigned a grade of F/X or N/X for a work term that carries 4.5 units will have a 0 grade point assigned for that work term. Students who fail a work term or who have not completed a work term by the end of four academic terms may be required to withdraw from the faculty.
Interdisciplinary Programs

The University of Victoria offers a number of interdisciplinary degree and diploma programs at the undergraduate level that do not reside in a single academic unit. These programs allow students to undertake course work from more than one discipline.

In addition to the programs described in this section, some faculties at UVic offer interdepartmental or interfaculty degree programs. For details, consult specific faculty or department entries.

Arts of Canada Program

The Faculty of Humanities and the Faculty of Fine Arts jointly offer an interdisciplinary program in the Arts of Canada, intended to give students the opportunity to gain a broad knowledge of Canada's artistic diversity. This is a General Program leading to the BA degree. See "General Program" (page 194) in the Faculty of Humanities. Students may obtain a Minor by completing the requirements for the General Program together with a Major or Honours program or other degree program in another department or faculty. See "Minor Program" (page 195) in the Faculty of Humanities.

ARTS OF CANADA MINOR REQUIREMENTS

Students wishing to declare a Minor in Arts of Canada should contact the advising centre for their faculty. Students in this program are required to take:

1. the 3-unit introductory course FA 225 (ACAN 225)
2. 9 units of 300- and 400-level courses representing at least three different areas selected from the following list:

<table>
<thead>
<tr>
<th>Art History and Visual Studies</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>AHVS 368B (1.5) Modern and Contemporary Canadian Art</td>

Although there is no formal language requirement for the Program, students are strongly advised to develop proficiency in French. Students are strongly urged to take advantage of electives which provide a strong historical, sociological, economic, linguistic, political background to the study of Canadian arts. These should be chosen in consultation with the Director of the Program.

Film Studies Program

The Faculties of Humanities and Fine Arts jointly offer a General Program in Film Studies. This program leads to the BA degree. See "General Program" (page 194) in the Faculty of Humanities. Students may obtain a Minor by completing the requirements for the General Program together with a Major or Honours program or other degree program in another department or faculty. See "Minor Program" (page 195) in the Faculty of Humanities. Priority for admission to courses in Film Studies will go to students registered in the Film Studies Program or majoring in one of the departments offering courses in the Program.

Film Studies Minor Requirements

Students wishing to declare a Minor in Film Studies should contact the Advising Centre for their faculty after completing AHVS295A (Introduction to Film Analysis) and AHVS 295B (Introduction to Film Studies) with a grade of B- or better in each course.
Students in this program are required to take 9 units of courses (except AHVS 295A and AHVS 295B) selected from the following list:

### Anthropology
- ANTH 309 (1.5) Anthropology and Film and Video

### Art History and Visual Studies
- AHVS 312 (1.5) Gender, Identity and Film
- AHVS 332A (1.5) Bollywood Bound: Popular Visual Culture in India, 1950s to the Present
- AHVS 332B (1.5) Bollywood Global: Popular Visual Culture in the Indian Diaspora, 1980s to the Present
- AHVS 363 (1.5) The Cinema and Modern Art Movements
- AHVS 364 (1.5) Documentary Film
- AHVS 365 (1.5) Experimental Film
- AHVS 367 (1.5) History in Cinema
- AHVS 370A (1.5) Popular Film and Cultural Theory
- AHVS 370B (1.5) Hollywood Genres
- AHVS 370C (1.5) Horror Cinema
- AHVS 370D (1.5) Canadian Film
- AHVS 478 (1.5) Seminar in Film Studies

### English
- ENGL 413 (1.5) Studies in Film and Literature
- ENGL 414A (1.5) American Film to 1945
- ENGL 414B (1.5) American Film Since 1945
- ENGL 419A (1.5) Narrative Film to 1945: Rhetoric and Context
- ENGL 419B (1.5) Narrative Film since 1945: Rhetoric and Context

### Fine Arts
- FA 305 (1.5 or 3.0) Theory and Practice of Film and Video Direction

### French
- FRAN 335 (1.5) Topics in Cinema and Literature of the French speaking World (in English)

### Gender Studies
- GNDR 340 (1.5) Indigenous Cinema: De-colonizing the Screen
- GNDR 344 (1.5) Queer Film
- GNDR 349 (1.5) Topics in Film, Literature and Cultural Production

### Germanic and Slavic Studies
- GMST 350 (1.5) A Short History of German Film
- GMST 351 (1.5) The New German Cinema
- GMST 352 (1.5) Recent Film
- GMST 353 (1.5) Literature and Film of the Holocaust and “Third Reich”
- GMST 450 (1.5) Major Filmmakers
- GMST 453 (1.5) After-Images of the Holocaust in Text and Film
- GMST 454 (1.5) A Cultural History of Vampires in Literature and Film
- SLST 364 (1.5) Eastern Europe Through Western Eyes
- SLST 403 (1.5) Russian Culture, Literature, Film (in Russian)
- SLST 450 (1.5) Cold War on Film

### Germanic and Slavic Studies

### Global Development Studies
The Faculties of Humanities and Social Sciences offer an interdisciplinary Minor in Global Development Studies. The GDS Minor aims to foster the development of critical, knowledgeable and engaged global citizens who are aware of the range of factors, actors and conditions that have shaped global development patterns, inequalities, and the conditions and opportunities under which these patterns and inequalities change. Interdisciplinary introductory and capstone courses are designed to enable students to integrate insights from a variety of disciplines in Humanities and Social Sciences.

The interdisciplinary GDS Minor requires completion of 13.5 units of coursework, consisting of 4.5 units of lower level courses including GDS 201 and 202, and 9.0 units of upper-level courses including GDS 301 and 400. To ensure interdisciplinary breadth of learning, GDS students are required to select electives from outside the academic unit in which they are completing a major or honours degree to meet certain requirements. Students will also gain specialized knowledge in one of four global development areas.
development issue areas in which UVic has expertise: environmental sustainability and public health; human rights, democracy, and gender; transnationalism, migration and mobility; or literature, culture and society.

Any course at the 200 level or above that constitutes part of a student’s Honours, Major or General program cannot be used to fulfill the requirements of the Minor in Global Development Studies. At least 6.0 units of the 9.0 units of 300- and 400-level coursework must be taken at UVic.

**Lower level requirements (4.5 or 6 units):**
- One of HSTR 112A, 112B, 112
- GDS 201, 202

**Upper Level Requirements (9.0 units):**
- GDS 301 and 400
- One of ECON 320, 329, or 420.
- 1.5 units chosen from core disciplinary courses on global development or a specific region in the global South: CYC 379; GEOG 332 or 347B; GNDR 306; LAS 310; PAAS 300; POLI 327
- 3.0 units of courses numbered 300 and above in one of the following areas:
  - environmental sustainability and public health
  - human rights, democracy, and gender
  - transnationalism, migration and mobility
  - literature, culture and society
- lists of courses in each area that can be used to fulfill the requirement are available on the program website [http://www.uvic.ca/interdisciplinary/gds/](http://www.uvic.ca/interdisciplinary/gds/)

Queries about the program should be directed to the Director of the Global Development Studies program (gdsdir@uvic.ca) or to the Interdisciplinary Program Assistant (idpassis@uvic.ca).

---

### Health and Society

The faculties of Social Sciences, Human and Social Development, Humanities and Education jointly offer an interdisciplinary General and Minor program in Health and Society. The program offers a forum for exploring a diverse range of disciplinary perspectives on health issues with an emphasis on the social determinants of health and provides students with an ability to explore the field. Students select a concentration in one of five health-related focus areas: Aboriginal health, addictions and mental health, aging, disability, and children and youth. Students obtain direct experience in health research or involvement in community based health-sector activities.

By completing the requirements for the General program together with an Honours, Major, or General program, students may obtain a Minor.

No more than 3 units of the required 300-and 400-level course work can be taken at another institution and at least 6 of the required units must be completed at UVic. The 9 units of required 300- and 400-level course work cannot form part of the 300- and 400-level department requirements for a student’s Honours, Major, or General Program; co-requisite courses in other programs may be counted toward the Minor.

**General and Minor Requirements**

Introductory course work in social and/or biomedical approaches to health from an approved list .................................. 3.0
HS 200 ................................................................. 1.5
Electives numbered 300 and above from the approved list of theory and methods courses ........................................ 4.5

---

### Indigenous Studies Program

The Faculty of Humanities and the Faculty of Social Sciences jointly offer an interdisciplinary program in Indigenous Studies intended to provide both Indigenous and non-Indigenous students with a core program incorporating Indigenous world views and ways of knowing. This is a General Program leading to the BA degree. See “General Program” (page 194) in the Faculty of Humanities and “General Program” (page 286) in the Faculty of Social Sciences. Students may obtain a Minor by completing the requirements for the General Program together with a Major or Honours program, or other degree program, in another department or faculty. See “Minor Program” (page 195) and “Minor Program” (page 286) in the Faculty of Social Sciences; see also “Interfaculty Program” (page 286) in the Faculty of Humanities and “Interfaculty Program” (page 286) in the Faculty of Social Sciences.

The core program will prepare any student intending to enter a vocation jointly serving Indigenous and non-Indigenous peoples. It will further prepare Indigenous students who are planning to serve in Indigenous communities and are enrolled in professional programs at the University of Victoria.

Students in the program are required to complete the two 1.5 unit introductory courses (IS 200A and IS 200B) and the 1.5 unit capstone course (IS 400), plus 7.5 units of approved 300- and 400-level courses. If any of these upper-level courses form part of the student’s Major, Honours or General program in another department, it cannot be used to fulfill the requirements for the Indigenous Studies Program. Queries about courses and course requirements should be directed to the Indigenous Studies Program Director (isminor@uvic.ca) or to the Interdisciplinary Program Assistant (idpassis@uvic.ca). Further information can be found at [<web.uvic.ca/interdisciplinary/healthsociety/undergraduate/electives/index.php>](http://www.uvic.ca/interdisciplinary/healthsociety/undergraduate/electives/index.php).

---

### European Studies

The Faculties of Fine Arts, Human and Social Development, Humanities and Social Sciences jointly offer an interdisciplinary General and Minor Program in European Studies. The principal aim is to provide students with a thorough understanding of Europe’s multifaceted history, cultures and fast-changing political realities. Important changes that the process of European integration has provoked regarding Europe’s internal political, social, cultural and economic structures and their relationship to the rest of the world will be examined.

By completing the requirements for the General Program together with an Honours, Major, or General program, students may obtain a Minor.

**Core Courses**

- EUS 100 – Introduction to European Studies
Diploma Program in Intercultural Education

The interdisciplinary Diploma Program in Intercultural Education (IE) has been designed for part-time or full-time study for students and professionals working or planning to work in a multicultural or cross-cultural environment. Participants can expect to acquire:

- a clearer understanding of the problems connected with intercultural relations and cross-cultural communication, and the various approaches to their explanation;
- a clearer understanding of issues concerning cultural conflicts, racism, power and equity;
- skills which will facilitate intercultural relations and cross-cultural communication in the workplace, in the local community and in international settings;
- skills which will assist in reducing conflict and inequality based on racism and ethnocentrism.

The curriculum is designed to develop both knowledge and skills, and consists of interdisciplinary credit courses totalling 15 units, apportioned as follows.

Core courses ................................................................. 6.0
Electives........................................................................... 6.0

**EITHER**

Practicum ........................................................................ 3.0
or Final Project ............................................................... 3.0

**OR**

Practicum ........................................................................ 1.5
and Final Project ............................................................. 1.5

**Core Courses**

- HSTR 329A or 329B ...................................................... 1.5
- IET 430 ........................................................................ 1.5
- LING 397 or 395 .......................................................... 1.5
- SOCI 335 or ANTH 335 or GNDR 332 ......................... 1.5

Up to 3.0 units of transfer credits may be approved as elective credits. Subject to the specific requirements of the degree program, credit obtained within the Diploma Program in Intercultural Education may be transferable to a regular undergraduate degree program. Students may apply course credit to both a degree and the IE diploma.

The program is administered jointly by the Intercultural Education Diploma Program Steering Committee and by the Division of Continuing Studies. All inquiries concerning details and regulations of the program should be addressed to the Program Coordinator, Division of Continuing Studies, 250-721-6460; or <ie@uvics.uvic.ca>. Information is also available at <uvics.uvic.ca/intercultural>.

**Co-operative Education Option**

Diploma candidates who complete one or more work terms through the Co-operative Education Program will receive Co-op notation on graduation.

Students who participate in the Co-operative Education Option are normally required to complete one work term after the completion of core courses and a minimum of three elective courses.

Co-operative Education students within the Diploma Program in Intercultural Education will normally be required to complete all their
program requirements within a 24-month period in order to maintain the full-time status required for participation in the Co-operative Education Program. Please refer to the general regulations pertaining to "Undergraduate Co-operative Education" (page 59) of the University of Victoria governing all co-operative education students. For further information on the Co-operative Education Option and to apply for the Co-op program, visit the Co-op website at: <www.uvic.ca/hfpcwcoop>.

**Applied Ethics**

The Faculty of Humanities and the Faculty of Human and Social Development jointly offer an interdisciplinary program in Applied Ethics. This program is designed to provide students with the resources needed to deal with a wide range of ethical problems they will encounter in their personal and professional lives. Students may obtain this Minor by completing the requirements specified below. It is designed to supplement any undergraduate degree or any professional degree program. Students wishing to take a Minor in Applied Ethics should contact the Humanities, Social Sciences and Sciences Advising Centre.

### MINOR IN APPLIED ETHICS PROGRAM REQUIREMENTS

**PHIL 232 and PHIL 337** .......................................................... 3.0

A further 6.0 units from a list of electives available on the Minor in Applied Ethics webpage: <web.uvic.ca/philosophy/undergrad/index.php> .......................................................... 6.0

At least 3.0 units must be at the 300 or 400 level.

No more than 6.0 units from any one department may count toward the Minor.

Any course that constitutes part of a student’s Honours, Major, General, or Minor program cannot be used to fulfill the requirements of the Minor in Applied Ethics.

Queries about the list of electives should be directed to the Advising Centre for Humanities, Social Sciences and Sciences or the Applied Ethics Minor Coordinator, c/o Department of Philosophy.

**Social Justice Studies**

The Faculties of Human and Social Development, Humanities and Social Sciences jointly offer an interdisciplinary General and Minor Program in Social Justice Studies. The program is also available as a Diploma, through the Division of Continuing Studies (see below). The aim of the program is to provide students with a thorough understanding of the range of ways to address and engage with issues of social inequity and injustice in the contemporary world from a variety of disciplinary perspectives.

By completing the requirements for the General Program together with an Honours, Major, or General program, students may obtain a Minor.

### GENERAL AND MINOR REQUIREMENTS

**SJS 100, 200, 400A** Normally, students take 100 first, but 100 and 200 may be taken in either order, or concurrently. 100 and 200 are interdisciplinary team-taught courses ................. 4.5

Courses selected from the list of Theory and Method Electives. 3.0

Courses selected from the list of Substantive Electives. 3.0

SJS 400B, or a further 1.5 units selected from either list of eligible courses .......................................................... 1.5

No more than 3 units of electives may be taken from any single department, program, or school.

### Diploma program Requirements

**SJS 100, 200, 400A** ............................................................................. 4.5

Courses selected from the list of Theory and Method Electives and list of Substantive Electives (A minimum of 3 units must be selected from each of these two lists) ................................................. 9.0

SJS 400B, or a further 1.5 units selected from either list of eligible courses .......................................................... 1.5

No more than 3 units of electives may be taken from any single department, program, or school.

Students are strongly encouraged to plan their program in consultation with the Director of Social Justice Studies (sjs@uvic.ca) or the Interdisciplinary Program Assistant (idpassis@uvic.ca). Further information can be found at <web.uvic.ca/socialjustice>. For queries about the Diploma Program, please phone 250-721-6460 or visit <www.continuingstudies.uvic.ca/humanities-and-social-sciences/programs/diploma-in-social-justice-studies>.

### Human Dimensions of Climate Change

**Minor Requirements**

The Faculty of Social Sciences, in collaboration with other relevant faculties, offers an interdisciplinary Minor in the Human Dimensions of Climate Change. The program provides students with a thorough understanding of the human aspects of climate change, including its political, economic, geographic, psychological, sociological, anthropological, business and legal dimensions, together with an introduction to its physical aspects. Students may obtain this Minor by completing the requirements below, together with an Honours, Major, or General program.

Note: any course at the 200 level or above that constitutes part of a student’s Honours, Major, or General program, or option, cannot be used to fulfill the requirements for the HDCC Minor.

The Minor program requires 12.0 units of coursework:

**HDCC 200** .......................................................... 1.5

**HDCC 300** .......................................................... 1.5

**HDCC 400** .......................................................... 1.5

7.5 units from the list of approved electives ........................................... 7.5

At least 1.5 units of approved electives must be at the 300 or 400 level. Electives selected from GEOG 101A, 103, 314, EOS 110 and EOS/ES 365 are recommended; however, no more than 3 units of approved electives may be taken from any one unit without permission from the Director.

### Certificate Program Requirements

The Faculty of Social Sciences, in collaboration with other relevant faculties, offers an interdisciplinary Certificate in the Human Dimensions of Climate Change. The program provides students with a thorough understanding of the human aspects of climate change, including its political, economic, geographic, psychological, sociological, anthropological, business and legal dimensions, together with an introduction to its physical aspects. Students may obtain this Certificate concurrently by completing the requirements below, together with an Honours, Major, or General program, or as an independent program.

The Certificate program requires 10.5 units of coursework:

**HDCC 200** .......................................................... 1.5

**HDCC 300** .......................................................... 1.5

**HDCC 400** .......................................................... 1.5

**HDCC 490** .......................................................... 1.5
INTERDISCIPLINARY PROGRAMS

4.5 units from the list of approved electives ...................................... 4.5

Notes:
- No more than 3 units of approved electives may be taken from any one unit without permission from the Director. If not already part of their program, students are encouraged to select one of GEOG 103 or EOS 110 from their lower level electives as well as EOS/ES 365 from upper level options.
- Students cannot complete both a certificate in HDCC and a Minor in HDCC.
- Queries about the program, its prerequisites, or its list of approved electives should be directed to the Director of the Human Dimensions of Climate Change program (hdcc@uvic.ca) or to the Interdisciplinary Program Assistant (idpassis@uvic.ca). Students are encouraged to inquire about and to plan their HDCC program in consultation with the program director. Further information can be found at <web.uvic.ca/hdcc>.

Technology and Society
The Faculties of Social Sciences, Humanities, Fine Arts, Engineering, Human and Social Development and Education jointly offer an interdisciplinary program in technology and society. The program is intended to be a forum for engagement with technological change and its rapid transformation of contemporary society. In a global culture driven forward by dramatic developments in technology, no aspect of politics, culture and society is left undisturbed. The Minor in Technology and Society is designed to provide students with the opportunity to critically engage in the exploration, understanding and critical assessment of technological change in a wired and wireless world.

This is a General program leading to a BA degree. See “General Program” (page 194) in the Faculty of Humanities. Students may obtain a Minor by completing the requirements given below, together with an Honours, Major or General program in another department or faculty. Students in the program are required to take 4.5 units of core courses (TS 200, 300, 400) as well as 6.0 units of upper-level electives chosen from approved courses, for a total of 10.5 units. If any of these upper-level courses form part of the student’s Honour, Major or General program, they cannot be used to fulfill the requirements for the Minor in Technology and Society.

Queries about this program can be directed to the Technology and Society Minor Program Director, (techsoc@uvic.ca), or to the Interdisciplinary Program Assistant (idpassis@uvic.ca). Further information can be found at <web.uvic.ca/techsoc>.

Continuing Studies Programs
To ensure access to the academic resources of the University of Victoria by a broad and diverse community of adult learners, the Division of Continuing Studies provides a broad range of on- and off-campus professional and personal development programs that complement and supplement degree programs offered at the university.

For further information on any program offered by the Division of Continuing Studies, please call or write:
Division of Continuing Studies
University of Victoria
PO Box 1700 STN CSC
Victoria BC V8W 2Y2
Phone: 250-472-4747
Fax: 250-721-8774
Web: <www.continuingstudies.uvic.ca>

Credit Courses and Programs
The Division of Continuing Studies provides courses and programs for credit in the faculties of Education, Humanities and Social Sciences. These include courses offered off campus as well as evening courses and programs offered on campus at UVic.

Information on credit courses and programs is available as follows:
• Credit courses offered off campus:
  - Distance Learning and Immersion Course Guide for Off-Campus Students (see Distance Education, below)
  - On-campus evening courses and off-campus courses starting in September and January:
    - Consult the Web Timetable at <www.uvic.ca/timetable>.

Emma Lecours, BSc (Queens), Web and Digital Marketing Specialist
Academic Regulations

Academic rules and regulations published in this Calendar, except as described in any Program Supplement to the Calendar, apply to students taking courses under this section.

The Division of Continuing Studies reserves the right to cancel or reschedule courses or other offerings without notice, and to establish special regulations for admission to non-degree programs or courses. If a course or offering is cancelled or rescheduled, the liability of the Division of Continuing Studies is limited to a refund of the course fee, or, if desired, transfer to another offering. The relevant law for all matters concerning these programs shall be the law of the Province of British Columbia, Canada.

Students are responsible for ensuring their course selection conforms to the requirements of their degree program. Students seeking academic advice regarding degree programs should consult the appropriate academic advising centre:

- Advising Centre, Faculties of Humanities, Science and Social Sciences, A205, University Centre. Telephone: 250-721-7567
- Advising Centre, Faculty of Education, Room 250, MacLaurin Building. Telephone: 250-721-7877

Students in the Faculty of Fine Arts or the Faculty of Human and Social Development should contact the specific department or school.

Regulations governing application and registration procedures and fees are detailed in the appropriate supplement. Late afternoon and evening credit courses are identified with a double asterisk (**).

Professional Development Programs

For information phone 250-472-4747

These programs are planned to meet the specific continuing education needs of persons working in the professions. Courses and workshops are offered throughout the province in co-operation with regional colleges and professional organizations.

Programs for professionals leading to certificates and diplomas are offered in the following areas:

- Aboriginal Language Revitalization (Certificate)
- Adult and Continuing Education (Certificate)
- Business Administration (Certificate and Diploma)
- Canadian Studies (Diploma)
- Collections Management (Professional Specialization Certificate)
- Computer Based Information Systems (Certificate)
- Cultural Heritage Management (Graduate Professional Diploma)
- Cultural Heritage Studies (Graduate Professional Certificate)
- Cultural Resource Management (Diploma)
- Ecological Restoration Professional Specialization Certificate
- Environmental and Occupational Health (Certificate)
- Foundations in Indigenous Fine Arts
- Intercultural Education (Diploma)
- French Language (Diploma)
- Humanities (Diploma)
- Intercultural Education (Diploma)
- Population Health Data Analysis (Professional Specialization Certificate)
- Public Relations (Diploma)
- Restoration of Natural Systems (Certificate and Diploma)
- Social Justice Studies (Diploma)
- Teaching English as a Foreign Language (Professional Specialization Certificate)
- Teaching French Immersion (Professional Specialization Certificate)

Online and Distance Education Programs

For information phone 250-721-8454 or visit <www.uvic.ca/til/onlinelearning/>

In collaboration with various faculties, Continuing Studies offers credit courses, professional development and community education programs which permit students throughout the province to study on a part-time basis. Programs use a variety of instructional delivery methods including web-based instruction, online instruction, audio conferencing, videotapes, audiocassettes, CD-ROMs, print and face-to-face instruction through workshops and seminars. Regular contact with the instructor is an important component of all distance education courses.

The University of Victoria’s online and distance education offerings are listed in the Distance Learning and Immersion Course Guide for Off-Campus Students <http://www.uvic.ca/summer/assets/docs/docs/deguide.pdf>. Summer distance courses are listed in the Summer Session Calendar.

Community Education Programs

For information phone 250-472-4747

Community Education Programs use a variety of educational formats, such as courses, lecture series, workshops, conferences, residential seminars, travel study and symposia. The curriculum is developed in cooperation with departments from all faculties of the University. Areas include:

- Adult Education
- Arts and Science
- Business, Management and Technology
- Career Planning
- Cultural Studies
- Education
- Fine Arts
- Health Sciences
- Languages
- Public Relations
- Travel and Residential Study

Additional courses and workshops are developed on a variety of topics, such as dispute resolution, as needs arise and academic resources permit. Educational packages consisting of print materials, audiocassettes, videotapes and CD-ROMs are developed for self-directed learning. Also, a number of programs under SAGE (Stimulate, Advance and Guide Education) focus on peer learning and peer teaching and use study groups as a format for delivery.

English Language Programs

The English Language Centre provides English language programs for international and Canadian students from beginning levels to University
Admission Preparation and the Pathway Program for International Students. Three-month intensive programs are offered beginning in September, January and April. Short-term immersion programs are scheduled throughout the year. Specialized programs, such as English for Teachers, Business English, Canadian Studies and University Admission Preparation are also offered, in addition to customized programs of language and culture for corporations and institutions from various countries.

A variety of Online Resources are produced by the English Language Centre and may be found at: <www.continuingstudies.uvic.ca/elc/>:

- Basic, Intermediate, Advanced Writing
- Basic, Intermediate, Advanced Listening
- Introduction to Technology English

The English Language Centre’s CD Rom Series is available at: <www.uvcs.uvic.ca/independent/courses>:

- Jason’s World/Judy’s World (intermediate-upper intermediate audio drama for classroom use or self-study)

Please visit <www.continuingstudies.uvic.ca/elc/programs> for more information about English Language Centre programs. You may also contact us by email at elc@uvcs.uvic.ca, phone 250-721-8469, or fax 250-721-8774.

---

**University Admission Preparation Course**

For information phone 250-721-8469

This course represents the highest academic level of the 12-Week Intensive Program. Successful graduates meet the English requirement for admission into undergraduate programs at the University of Victoria.

**Conference Management**

For information phone 250-721-8473

Conference Management offers a conference registration service to assist University and other groups and organizations with delegate registrations for meetings, seminars and conferences, both on and off campus.

Website: <medsci.uvic.ca>

The Division of Medical Sciences is a newly established and rapidly growing program at the University of Victoria that promotes scholarship and innovation in research and medical education to address societal health needs. With a strong emphasis on neuroscience based research, faculty members within the Division, working with the Departments of Biology, Psychology, Biochemistry and Microbiology, and the Faculty of Graduate Studies, developed the University of Victoria’s first graduate program in Neuroscience (see <medsci.uvic.ca/neuroscience>). The goal of the program is to create an environment with superior training in Neuroscience that will position graduate students to become future leaders in this field of research, in addition to being well-trained medical educators.

A select number of Division Courses are available to UVic students. Please see the MEDS course listings for details.

Island Medical Program

Website: <www.imp.uvic.ca>

The Island Medical Program is a new integral part of the University of British Columbia’s medical school expansion aimed at increasing the number of medical students, in collaboration with the University of Victoria (UVic) and the University of Northern British Columbia (UNBC), through an innovative model of distributed education. All students will be fully registered at UBC and will receive UBC degrees. Each year, 288 students are admitted to the UBC MD Undergraduate Program: 32 to the Island Medical Program (IMP) at UVic, 32 to the Northern Medical Program (NMP) at UNBC, 32 to the Southern Medical Program (SMP) at UBC-0, and 192 to the Vancouver-Fraser Medical Program (VFMP) at UBC.

Students in the IMP will spend the first four months of their undergraduate medical program on Vancouver Island. During the clinical third and fourth years of the program, students will have the opportunity to spend a significant amount of time in hospital and community-based clinical settings as a result of partnerships with the Vancouver Island Health Authority and many island-based physicians. After successfully completing the four-year MD undergraduate program, graduates enter residency training across Canada in over 50 specialty areas. Post-graduate training ranges from two to six years.

Admission

Applications for admission are considered from candidates who are citizens or permanent residents of Canada and who have completed all other application requirements, as outlined on the UBC Faculty of Medicine Admissions website: <www.med.ubc.ca/admissionsmd/>.

Applications are submitted to the Faculty of Medicine at UBC. Advising is available at UVic through <imp.uvic.ca>.

Registration

Island Medical Program students will be fully registered at UBC and will be subject to the academic regulations of UBC’s Faculty of Medicine, including regulations concerning course content, grading, progression and graduation. Official transcripts will be issued by UBC.

Students studying in the Island Medical Program will have full access to student support services at the University of British Columbia, including awards and financial aid. Further information is available at <www.med.ubc.ca/md>.

Affiliate Status

Students in the Island Medical Program will be granted “Affiliate” status at UVic. Affiliate status allows IMP students to access UVic libraries and the following UVic-based campus services: Athletics and Recreation, Health, Counselling, Child Care, Chaplains and Housing.

UVic non-academic policies and procedures will govern IMP student conduct on the UVic campus.
PCIC is a regional climate service centre that conducts quantitative studies on the impacts of climate change and climate variability in the Pacific and Yukon region. Results from this work provide regional climate stakeholders with the information they need to develop plans for reducing the risks associated with climate variability and change. In this way, PCIC plays an important bridging function between climate research and the practical application of that knowledge by decision makers.

PCIC program is organized into three interrelated applied research themes:

- Regional Climate Impacts: making available future projections of regional climate change.
- Hydrologic Impacts: quantifying the hydrologic impacts of climate change and variability.
- Climate Analysis and Monitoring: delivering climate observations.

PCIC maintains strong internal resident expertise grouped around its major programs. PCIC’s staff includes experts in the areas of: climatology, climate change scenarios, hydrology, scientific computing, geographic information systems, and communications.

Centre for Indigenous Research and Community-Led Engagement (CIRCLE)
Dr. Charlotte Loppie, MSc (Dalhousie), PhD (Dalhousie), Director
Dr. Heidi Kiiwetinepinesiik Stark - Associate Director

The goal of the Centre for Indigenous Research and Community-Led Engagement (CIRCLE) is to facilitate, engage in and produce research and scholarship that is informed and driven by Indigenous peoples’ priorities and needs. Previously named the Centre for Aboriginal Health Research (CAHR), CIRCLE continues to engage with Indigenous and other stakeholders in BC, across Canada and internationally, to provide a supportive environment for researchers, communities and students to engage in research-related activities that address the needs of First Nations, Inuit, Métis and other Indigenous peoples.

Through research capacity development and networking opportunities, CIRCLE aims to promote and support Indigenous community-relevant and ethical research, which informs public awareness as well as decisions by policy-makers and practitioners. CIRCLE embraces Indigenous Knowledges and Ways of Knowing and seeks to support and contribute to Indigenous self-determination. For more information about CIRCLE, please email us at circle@uvic.ca or visit our website at <circle.uvic.ca>.

Centre for Addictions Research of B.C.
Tim Stockwell, MA (Oxford), MSc (University of Surrey), PhD (University of London), FCAHS, Director

The mission of the Centre for Addictions Research of BC (CARBC) is to create an internationally recognized centre, distributed across BC, that is dedicated to research and knowledge exchange on substance use, harm reduction and addiction.

Established at the University of Victoria in 2003 through an endowment from the BC Addiction Foundation, CARBC has developed relationships with a large network of addictions-related agencies in BC and has formal partnerships with other universities in British Columbia. CARBC sits at arms length from government while working on shared concerns with
multiple government departments, including health, police, education and liquor licensing.

**Guiding Principles**

The work of CARBC will continue to be guided by the following principles:

**Collaborative relationships:** Dynamic, collaborative relationships are essential for maintaining relevance to the multi-faceted concerns related to substance use and addictions. Key relationships include those with policy makers, researchers from many disciplines, practitioners and people with personal experience of substance use, addictions and related problems.

**Independent research:** Protection from vested interests is essential to ensure that rigorous research is conducted and communicated clearly with a view only to furthering the public interest. This will be ensured through excluding representatives of alcohol, tobacco and gaming industries from membership of the Advisory Board and not accepting direct research funding from such sources.

**Ethics, social equity and justice:** Commitment to solid ethical principles governing internal and external relationships, financial management, the conduct of research and the communication of research findings. A commitment to the promotion of equity and fairness and the pursuit of social justice through attention to the impact of the social determinants that shape substance use and the development of health inequities.

**Reducing risk and increasing protection:** Attention is required to both immediate factors (e.g., behavioural patterns and contexts) and distal factors (e.g., social, economic and developmental influences) to effectively address the harms from substance use and addictions across the life course.

**Harm reduction:** Recognition that some people will continue to use psychoactive substances and experience addictions, so that strategies are needed to reduce harmful consequences in addition to those that aim to directly reduce or prevent high risk behaviours.

**Informed public debate:** Commitment to informing public debate to achieve effective public policy on substance use and addictions through the communication of research findings.

**Realizing Our Mission**

The Centre for Addictions Research of BC is working to realize its mission in the following ways:

**Building new capacity while complementing existing strengths:** CARBC added to its multi-disciplinary faculty by helping UVic to recruit Dr. Karen Urbanoski as a Canada Research Chair in Substance Use, Addictions and Health Services Research. CARBC scientists now span the disciplines of sociology, nursing, health information sciences, anthropology, epidemiology, criminology, psychology and public health.

This team of talented scientists is supported by over 30 graduate students and a similar number of staff. In collaboration with multiple collaborators and community partners, we collectively compete for and win between $3 million and $4 million in external research funding per annum.

**Supporting Multidisciplinary Approaches to Substance Use and Addictions:** Problematic substance use stems from a complex mix of biological, psychological and social causes. Research on substance use and addictions, on the other hand, has traditionally been conducted within separate disciplines singularly focused on either the biomedical and clinical or socio-cultural and prevention dimensions of addictions, limiting the exchange of knowledge across the disciplines and to the knowledge users. While the focus of the Centre’s programs is on the psycho-social aspects of substance use and addictions, we promote collaboration among researchers drawn from a broad range of disciplinary areas including biomedical, psychological, social, epidemiological and historical perspectives.

**Networking and Partnerships:** Research centres at the University of Victoria have a strong record of fostering collaboration among a variety of institutional partners and community stakeholders. To this end, the Centre, while located at the University of Victoria, is based on a model of cooperation among the key research-based stakeholders in BC. To ensure the Centre facilitates research activities throughout the Province and that stakeholders have a meaningful voice in the activities, there is a commitment to involving the stakeholders in the development of the Centre’s research priorities and projects.

**Knowledge Translation and Knowledge Brokering:** CARBC is committed to facilitating linkage and exchange between researchers, policy makers, professionals and communities and to developing capacity as a knowledge broker within these relationships. This involves providing easy access to evidence based information that can be used by a range of audiences in various settings (e.g., research, policy, service system, community). In particular, the Centre seeks to ensure policy makers from all levels of government have access to practice and policy-relevant evidence provided in a clear manner.

**Centre for Advanced Materials and Related Technology (CAMTEC)**

**Dr. Alexandre Brolo, PhD, Director**

The Centre for Advanced Materials and Related Technology (CAMTEC) at the University of Victoria encourages interdisciplinary research on advanced materials for applications in several areas, including biomedical devices, energy systems and nanotechnology. The scope of the Centre also covers a wide spectrum of fundamental research in the fabrication and characterization of novel materials. CAMTEC coordinates related research among the Departments of Biochemistry, Chemistry, Electrical and Computer Engineering, Mechanical Engineering and Physics. CAMTEC members work in close association with medical doctors, scientists and engineers from the private and public sectors to ensure technology transfer to end-users.

The Centre’s key research areas include: crystal growth of semiconductors, dielectric materials characterization, magnetic and superconductive materials, electron and optical microscopy, fabrication of nanoprobes, optical advanced materials, advanced composites, alloys, ceramics, integrated circuit technology, infrared detectors, microsensors, microfluidic technologies, opto-electronic and micro-electronic devices, piezoelectric actuators, and chemical sensors.

The Centre stimulates the development of new equipment and facilities on campus and also attracts graduate students and visiting scientists interested in advanced materials. As an interdisciplinary centre, CAMTEC manages an impressive array of shared equipment and facilities for both internal (UVic faculties and collaborators) and external (companies and government agencies) users. The knowledge and experience gained from the research into advanced materials at CAMTEC is disseminated throughout the University, to the private and public sectors, and to other Canadian universities and institutions. The Centre accomplishes this...
through scientific publications, conferences, workshops and seminars, as well as through training courses offered by the members.

Centre for Asia-Pacific Initiatives (CAPI)
Director: Andrew Marton, MA (UVic) PhD (UBC)
Helen Lansdowne, MA (UVic), Associate Director
Robyn Fila, MA (Linkoping), Program Manager
Mary Yoko Brannen, MBA and PhD (Massachusetts at Amherst), Jarislowsky CAPI East Asia (Japan) Chair
Victor V. Ramraj, LLB, PhD (Toronto) and LLM (Queen’s University Belfast), Asia Law Program Chair
Guoguang Wu, MA, PhD (Princeton), China Program Chair

The purpose of the Centre is to conduct and support the University of Victoria’s Asia Pacific research and related initiatives, and to encourage the development of the University’s Asia-Pacific programs and resources. The Centre’s current research interests include: Southeast Asian law and development, Japan and Asia-Pacific relations, China and Asia-Pacific relations, and migration and mobility. Associates and Research Fellows who share research interests are attached to the Centre. Linkages are established with other units on campus for purposes of collaborative research, as well as with individuals and institutions across Canada and in the Asia-Pacific. In addition to the research activities undertaken by CAPI, a wider role is taken on campus in disseminating information through conferences, workshops, symposiums and publications. The Centre manages an internship program that offers 8-month internships in the Asia-Pacific region for recent graduates.

The Centre is home to Landscapes of Injustice, a seven-year SSHRC funded, collaborative research project (2014-2021) hosted by the University of Victoria and dedicated to recovering and grappling with the forced sale of Japanese Canadian-owned property during the Second World War. For further information on CAPI programs and events, visit the Centre’s website at <www.uvic.ca/research/centres/capi>.

Centre for Asia-Pacific Initiatives
Sedgewick Building, C Wing, Room C128
University of Victoria
PO Box 1700 STN CSC
Victoria, BCCanada V8W 3N5
Tel.: 250-721-7020; Fax: 250-721-3107

Centre for Biomedical Research
Dr. E. Paul Zehr, PhD (University of Alberta), Professor (Neuroscience & Kinesiology), Director
Dr. Leigh Anne Swayne, PhD (University of Calgary), Assistant Professor (Cell Biology & Neuroscience), Associate Director
Dr. Stephanie Willerth, PhD (University of Washington), Associate Professor (Mechanical Engineering & Medical Sciences), Associate Director
Dr. Olav Krigolson, PhD (University of Victoria), Associate Professor (Neuroscience & Kinesiology), Associate Director

The Centre for Biomedical Research (CBR) is a collaborative, multidisciplinary group of scientists and clinicians from many faculties, departments, schools, and divisions across campus, including UBC’s Island Medical Program, whose primary research objectives aim to 1) understand the basis of human disease and/or 2) to promote recovery. CBR researchers target a spectrum of disorders including cancer, Rett Syndrome, stroke, African Sleeping Sickness, fetal alcohol syndrome, and spinal cord injury, amongst many others. There are seven research clusters within CBR: biomedical engineering; neuroscience; developmental biology; cell signaling; cardiovascular; genetics; infection and immunity. Some members also work in collaboration with the B.C. Cancer Agency, Island Health, the International Collaboration on Repair Discoveries (ICORD), as well as other local, national, and international agencies and foundations. CBR actively promote community engagement and knowledge dissemination through venues such as Café Scientifique, Pecha Kucha, media engagement and the UVIC Speaker’s Bureau. With research trainees, a key focus is developing communication and presentation skills and abilities.

Centre for Forest Biology
C. Peter Constabel, BSc (Sask), MSc (UBC), PhD (Montreal), Department of Biology, Director

Scientists in the Centre for Forest Biology carry out fundamental and applied research and train graduate students and postdoctoral fellows in Forest Biology, emphasizing the adaptation of trees and their interactions with the environment. Faculty members collaborate and work in close association with scientists from Forestry Canada at the Pacific Forestry Centre (PFC) and in the Provincial Government. Research Centre scientists also maintain connections to the forest industry and the BC Forest Genetics Council to provide access to research expertise and findings. Forest biology research findings are disseminated via peer-reviewed scientific publications, conferences, lectures and through the academic courses offered by the Centre.

Research areas which can be pursued within this Centre include: conifer embryogenesis and seed development; tree stress physiology; plant and fungal molecular biology and genomics; plant biochemistry and natural product biosynthesis; plant-pest and plant-pathogen interactions; microbial and chemical ecology; forest and soil ecology.

Cooperating University departments are: Biology, and Biochemistry and Microbiology. Graduate students wishing to carry out research in association with the Centre must register with an appropriate University department, and may also conduct a large part of their thesis research working with personnel and equipment of a cooperating agency. Personnel from the agencies participate in giving appropriate course work. Both master’s and doctoral research can be conducted through the Centre.

Centre for Global Studies
Dr. Oliver Schmidtke, Director

Building on the University’s existing base of interdisciplinary expertise, the Centre for Global Studies (CFGS) is uniquely poised to bridge academic research, and student mentoring with knowledge mobilization and effective community engagement.

CFGS strives to produce quality and practical research with tangible benefits to both the local and international community. It has established itself as a key hub for public debates on critical issues in world politics.
The Centre’s activities in Victoria, and abroad are designed to promote critical citizenship in a complex and rapidly changing global environment. CFGS’s research and public engagement build upon the University of Victoria’s intellectual expertise in four core themes: governance, environmental challenges, social justice, and culture and identity.

The breadth of the Centre’s activities provides fellowship, employment, and volunteer opportunities for several students and interns each year.

Current projects housed at the Centre for Global Studies include:
- Borders in Globalization
- European Union Centre of Excellence
- Polis Project on Ecological Governance
- Water Innovation and Global Governance

CFGS was established in 1998 through the generosity of local community donors. The Centre continues to enhance its already extensive network of international research and funding partners, with whom it collaborates on a project-to-project basis.

For more information, please visit our website at <www.globalcentres.org>.

---

**Centre for Social and Sustainable Innovation (CSSI)**

Monika Winn, MA (Tuebingen, Germany), MBA, PhD (UCI), Professor and Francis G. Winspear Scholar, Sustainability Champion, Director

Heather Ranson, BA (UBC), MBA (U of Guelph), Assistant Teaching Professor, Associate Director

The Centre for Social and Sustainable Innovation is an intra-faculty centre of the Gustavson School of Business. It exists to facilitate, support and report on the work of Gustavson faculty, staff and students in the areas of sustainability and corporate social responsibility as they relate to business.

CSSI work focuses on three areas: research, education and operations. Faculty research can range from climate change strategy to social entrepreneurship; sustainability reporting in higher education to multi-country comparative corporate social responsibility. Adding post-doctoral fellows to our team aims to strengthen our research networks and output. CSSI hosts regular presentations to share research and practitioner expertise within the school, on campus and with the business community.

Integrating sustainability into Gustavson’s courses and specializations is the emphasis of the education arm of CSSI. In addition to an annual commitment to the United Nations Global Compact Principles for Responsible Management Education (PRME), faculty share cases, guest speakers and readings to encourage students to consider the triple bottom line—that is, financial, social and environmental implications—in all their business decisions. Specific courses in sustainability are required in the BCom, MBA and PhD programs. Topics on sustainability are also included across other courses in these and the Master of Global Business program. The centre also supports and implements carbon and waste management activities throughout Gustavson, including an annual greenhouse gas emissions report, extensive waste reduction initiatives, and awareness campaigns.

As well, we facilitate and finance student participation in case competitions, conferences, and other events at UVic, within BC, and around the world.

The Gustavson School of Business is committed to sustainability in all its operations, so the CSSI operations committee undertakes an annual inventory of the school’s carbon footprint. In addition, the faculty, staff and students participate in activities such as Bike to Work Week and extensive waste-reduction programs such as composting or UVic-run recycling pilot projects.

Strong links to local and international communities allow CSSI to share best practices, recruit guest speakers for the classroom, and further develop the three arms of CSSI to bring sustainability at Gustavson (one of the school’s four value pillars) to life.

Website: <www.uvic.ca/gustavson/cssi>
university-community partnerships to generate and mobilize knowledge regarding youth strengths, challenges, and opportunities. Current research clusters include: youth physical and mental health; transitions in work, family, and education; Indigenous youth; youth in international contexts; inclusion and engagement; digital youth and literacy; and knowledge mobilization (KM) tools for youth and other audiences.

Our efforts:

• Address the concerns, assets and priorities of youth, in dialogue with society as a whole, so that programs, research and training initiatives are responsive, innovative and well-designed.
• Advance inter-disciplinary community based research and training on a wide array of current issues and events affecting youth.
• Provide strong evidence based recommendations and advocate with youth to influence policy-makers.
• Facilitate research impact by taking scholarly research to places where it can foster new public programs and social innovation.
• Shape educational practice and policy frameworks in ways that harness the tremendous strengths and capacities of youth.

Institute on Aging and Lifelong Health (formerly Centre on Aging)
Scott M. Hofer, BSc (SDSU), PhD (USC), CAHS, Director

The Centre on Aging at the University of Victoria is a multidisciplinary research centre established to promote and conduct basic and applied research that is relevant to the needs of an aging community. Much of our work is rooted in a broad orientation to health that includes attention to the social, psychological, environmental, and cultural contexts in which people live, as well as the institutions responsible for the health of our population. We recognize aging is a life-long process requiring attention to developmental influences and changes that occur across the life course; and, within this general framework, we focus on the longitudinal and cross-sectional study of clinical, population health and well-being, and health services. Efforts to address these areas of aging research necessarily draw on the expertise and experiences from faculty across and within many university departments including anthropology, biology, business, child and youth care, computer science, economics, engineering, exercise science, geography, health information science, history, Island Medical Program, law, nursing, philosophy, political science, psychology, public administration, public health and social policy, social work, and sociology, as well as researchers in the community and from other universities.

Through innovative and transformative research our goals are to contribute to improving the health and quality of life of an increasingly diverse population of older adults, and to assist their families, health care providers, and policy makers in meeting the challenges and potentials of an aging society. To achieve these goals, the Centre pursues and is engaged in activities that:
• contribute to the training of skilled research personnel which includes promoting and facilitating post-doctoral, graduate, and undergraduate training within the area of aging and health.
• facilitate communication and collaboration among scholars, practitioners, policy makers, and older adults.
• mobilize knowledge on aging and health with scientists, practitioners, and the public.

• promote the translation of research findings into interventions, services, products, and policies relevant to older adults.

Institute for Integrated Energy Systems (IESVic)
Peter Wild, BSc (UBC), PhD (UVic), Director

The Institute for Integrated Energy Systems at the University of Victoria (IESVic) promotes feasible paths to sustainable energy systems. Founded in 1989, IESVic conducts original research to develop key technologies for sustainable energy systems and actively promotes the development of practical, clean energy alternatives.

Specific areas of expertise are hydrogen and fuel cell systems, renewable energy systems, sustainable transportation, energy systems analysis, energy efficiency and carbon management.

Our Activities:
• Research: We are committed to developing new technologies to make sustainable energy systems feasible. We also undertake research to investigate the effects that the choice of particular energy systems technologies can have on the world.
• Service: We collaborate with industrial partners to provide access to specialized knowledge and equipment, and with government partners to support policy and decision making processes.
• Communication: We promote energy systems education at all levels, formally and informally, to support this need for informed energy choices.

IESVic is a multidisciplinary research institute with participation from Engineering, Chemistry, Biology, Economics, Environmental Studies and Earth and Ocean Science. A fuel cell systems laboratory with hydrogen production and fuel cell testing equipment is available for research use. This lab is designed primarily for prototyping and testing new fuel cell designs. IESVic makes extensive use of students at both the undergraduate and graduate levels to assist with research, and IESVic members frequently participate in supervising students whose interests are non-technical but still related to issues surrounding the development of sustainable energy systems.

Pacific Institute for Climate Solutions
Sybil Seitzinger, Executive Director

The Pacific Institute for Climate Solutions (PICS) was established in April 2008 by a $90 million endowment from the BC Ministry of Environment, the single largest endowment to a university in Canadian history. Hosted and led by the University of Victoria, PICS is a unique collaboration among BC’s four research-intensive universities (the University of British Columbia, the University of Northern British Columbia, Simon Fraser University, and the University of Victoria). PICS harnesses the Province’s intellectual resources to develop innovative climate change solutions, seek new opportunities for positive adaptation, and lead the way to a vibrant low-carbon economy. With strong linkages to senior decision-makers in government and industry, it frames the vital questions and provides effective answers to technological, economic and public policy challenges.

UVIC UNDERGRADUATE CALENDAR JANUARY 2018
Victoria Subatomic Physics and Accelerator Research Centre (VISPA)

Randall Sobie, Director

The Victoria Subatomic Physics and Accelerator Research Centre (VISPA) brings together an internationally recognized group of particle and accelerator physicists who work to understand the fundamental nature of our Universe. Group members develop new theoretical approaches, participate in leading particle physics experiments around the world, and advance the technology required to pursue this science. The group shares computing and laboratory resources, supports and manages technical staff, and ensures a high-quality graduate and post-doctoral training environment.

The theoretical group has gained an excellent reputation across Canada and has close ties with the Perimeter Institute, a internationally recognized institute in theoretical physics in Waterloo, Ontario. The experimental projects include ATLAS at CERN, at the energy frontier, T2K in Japan, a world leading neutrino experiment, and Belle-II in Japan at the precision frontier. The University of Victoria is the lead institution on the Advanced Rare Isotope Laboratory (ARIEL) at TRIUMF.

Victoria Subatomic Physics and Accelerator Research Centre
Elliott Building, Room 207
Phone: 250-721-7736
Website: <vispa.phys.uvic.ca>
This section presents the descriptions of all courses offered at the University of Victoria. Courses are listed in alphabetical order by course abbreviation (BIOL, EDUC). The course abbreviations for all courses offered within each faculty are listed on page 346. A list of the course abbreviations and their corresponding subject areas is presented on page 349.

Please note that not all courses listed are necessarily offered every year; students should consult the department or faculty concerned for an official listing of the courses that will be offered in a given session. Registration and current timetable information is also available on the web at <uvic.ca/course-registration>.

Students must ensure that they are familiar with the program requirements and restrictions noted in the entry for each academic unit.
## COURSES OF INSTRUCTION

### COURSES BY FACULTY

#### Division of Medical Sciences
- **MEDS** Medical Science

#### Faculty of Education
- **AE** Art Education
- **ED-D** Educational Psychology and Leadership Studies
- **ED-P** Curriculum and Instruction Studies
- **EDCI** Curriculum and Instruction Studies
- **EDUC** Education
- **EPHE** Exercise Science, Physical and Health Education
- **IA** Interdisciplinary Arts
- **IED** Indigenous Education

#### Faculty of Engineering
- **BME** Biomedical Engineering
- **CENG** Computer Engineering
- **CIVE** Civil Engineering
- **CSC** Computer Science
- **ELEC** Electrical Engineering
- **ENGR** Engineering
- **MECH** Mechanical Engineering
- **SENG** Software Engineering

#### Faculty of Fine Arts
- **AHVS** Art History and Visual Arts
- **ART** Visual Arts
- **CW** Creative Writing (En’owkin Centre)
- **FA** Fine Arts
- **MUS** Music
- **THEA** Theatre
- **WRIT** Writing

#### Faculty of Human and Social Development
- **ADMN** Public Administration
- **AGEI** Ageing
- **CYC** Child and Youth Care
- **CYCB** Indigenous Community-based Child and Youth Care
- **CYCI** Child and Youth Care International
- **DSST** Disability Studies
- **HINF** Health Information Science
- **HLTH** Health
- **HSD** Human and Social Development
- **ICDG** Indigenous Community Development and Governance
- **IGOV** Indigenous Governance
- **INGH** Indigenous Health Studies
- **INTS** International Health Studies
- **NURS** Nursing
- **SOCW** Social Work

Course Abbreviation and Number
Courses are listed alphabetically by course abbreviation of up to four letters (e.g., ANTH for Anthropology) and course number (e.g., 100). Three numbers are used for course number plus a letter as appropriate. The first number indicates the year level (0 for university-level upgrading, 1 to 4 for undergraduate level, 5 and 6 for graduate level, 7 for Education Professional Year and 8 for co-op work terms). See page 249 for the subject area corresponding to the course abbreviation.

Cross-listed Courses
The same course may be offered by two different departments. Such courses are listed twice, once under each department course abbreviation. Students may obtain credit for the course from either department, but not both.

Former Course Abbreviation and Number
If a course was previously offered at UVic under another abbreviation and number, the former abbreviation and number are shown here.

Prerequisites and Corequisites
Prerequisites are courses or other requirements that must be completed before a student may register in a course. Corequisites are courses or other requirements that must be completed at the same time as a specific course.

For more information on how to read prerequisites, please see <www.uvic.ca/prereq>.

SAMPLE Course

SAMP 101 Units: 1.5 Hours: 3-0-1

Sample Course Name
Also: CD 100
Formerly: SAMP 100A and 100B
This sample course description illustrates the notations commonly found in the course descriptions. Not all course descriptions include all the information shown in this sample. For clarification on any information presented in a course description, contact the department or faculty offering the course.

Course descriptions may include sub-courses offered under the same course number.

Grading:
INP/COM, N or F

Units of Credit
This figure is the number of units of credit assigned to each course. Some courses are listed with a range of units (1.5-3). Further information on the unit value of the course will usually be found in the course description. Students may also contact the department or faculty offering the course for information on variable credit courses.

Notes
Notes provide information about any restrictions on the assignment of credit in cases where courses overlap, as well as the maximum allowable credit for courses that may be taken more than once. Notes may also provide special information about a course.

Grading
Courses that are not graded using standard letter grades will include the alternative classifications for evaluation. See page 38 for an explanation of grading abbreviations.

Course descriptions do not include information on when courses will be offered. That information is available online at <www.uvic.ca/timetable>.
ACAN

Arts of Canada
Program in the Arts of Canada
Interdisciplinary Programs

ACAN 225 Units: 3.0 Hours: 3-0
Also: FA 225
Introduction to the Arts of Canada
An interdisciplinary examination of Canada’s cultural identity and of current issues facing the arts in both French and English speaking Canada. Topics to be considered include aboriginal arts, theatre, history in art, visual and literary arts, music, multiculturalism, broadcasting and cultural policies.
Note: Credit will be granted for only one of ACAN 225, FA 225.

ADMN

Public Administration
School of Public Administration
Faculty of Human and Social Development

ADMN 200 Units: 1.5 Hours: 2-1
International Community Development Through Activism and Capacity Building
Students will examine the role they can play to improve their communities in Canada and abroad. Topics include international community development issues and how economic disparities are threatening communities across the globe, including threats to the ecology, health, education, governance, peace, and personal rights and freedoms. Examines how individuals, non-profit organizations, governments and social movements can build capacity for change in Canada and in other countries.

ADMN 310 Units: 1.5
Formerly: 403.
Public Sector Economics
An introduction to the principles of microeconomics for public sector policy analysis and management. Students are introduced to economic principles, including supply and demand; household behaviour and consumer choice; production; labour and capital markets; competition policy and regulation; market failures and government intervention; income distribution and taxation. Topics include the national income and expenditure accounts, unemployment and inflation.
Note: Credit will be granted for only one of ADMN 310, ADMN 403, ECON 103, ECON 103C, ECON 180, ECON 201, ENGR 280 (if taken prior to May 2012).

ADMN 311 Units: 1.5
Also: POLI 350
Introduction to Public Administration
An exploration of the external factors affecting contemporary public sector management in Canada, the changing structural and value context within which public servants work, the key processes in which they are engaged and how those processes are changing. Focus is primarily on the federal and provincial governments, but references will also be made to public administration at other levels.
Note: Credit will be granted for only one of ADMN 311, HSD 404, POLI 350.

ADMN 312 Units: 1.5
Managing in Public and Non-Profit Organizations
An examination of the skills of an effective manager in public and non-profit sector organizations and the interplay between management and key organizational processes such as planning, organizing, implementing and evaluating policies, programs and services. Management topics include: managerial work, interpersonal and leadership skills, power and influence, conflict resolution, formal and informal communications, motivation and teamwork. A project on managing organizational change is used as a way to connect manager behaviours and organizational processes.
Note: Credit will be granted for only one of ADMN 312, ADMN 406.

ADMN 314 Units: 1.5
Public Sector Research and Analysis
An introduction to research methods in public and non-profit sector settings. Students learn to become informed citizens and critics of research and more effective managers of research-related projects. Data analysis skills are also strengthened with the use of spreadsheet software. Topics include definition and types of research; research design; measurement; methods of data collection; data coding; descriptive and inferential statistics; relationships between variables; ethical and organizational issues; and the research proposal and report.

ADMN 316 Units: 1.5
Written Communications in the Public and Non-Profit Sectors
Topics include how to: analyze a communication task; identify the topic, purpose and audience; write and edit professionally with a good command of standard written English and principles of plain language; gather, paraphrase, summarize, analyze or interpret complex information from print and electronic sources; describe complex policies and procedures; apply the principles of document structure and design, write proposals, and design and develop the types of documents required in the public and non-profit sectors.
Notes:
• Credit will be granted for only one of ADMN 316, ENGL 302.
• Students should take this course early in their Diploma program.

ADMN 407 Units: 1.5
Managing Service Delivery
Explores challenges facing public sector managers who develop or transform public services with a strong focus on service recipients. Examines the drivers of the service transformation movement, surveys the ways that public services can be reformed and then works through a framework for assessing service needs, engaging service recipients and stakeholders, making a business case for transformation, implementing new delivery arrangements (including networks and partnerships), managing across boundaries, and building in performance measurement and accountability.
Prerequisite(s): ADMN 311 or POLI 350.

ADMN 409 Units: 1.5
Leading and Managing in the Non-Profit Sector
An overview of management in Canada’s non-profit and voluntary sector. Students will examine the size, scope, structure, functions, value bases, and uniqueness of the non-profit sector, plus the differences among the non-profit, public and private sectors. Topics include: leadership, board governance, strategic analysis, volunteer management and partnering. Students will analyze how management concepts, models, principles and techniques have validity as applied in the context of non-profit and voluntary sector organizations.

ADMN 411 Units: 1.5
Public Sector Project Management
Provides an understanding of project management, differences between private, non-profit and public sector project management; and how the dynamics of change and leadership impact project success. Topics include: what project management is and is not; project leadership; risk management; project planning; scheduling and critical path; problem solving; project governance, accountability and transparency; project sponsor role; change management including assessing readiness for change; setting up change governance structures to sustain change; best practices; and project evaluation.
Note: Credit will be granted for only one of ADMN 411, ADMN 470 (if taken in the same topic).

ADMN 420 Units: 1.5
The Public Policy Process
An introduction to the policy process in the public sector. Includes analysis of current theories of policy-making and examines case studies from Canadian contexts. Topics include: policy formation; the policy communication process; the structural aspects of policy execution; and the human dimensions of implementation and coordination of policies in public sector organizations.
Note: Credit will be granted for only one of ADMN 420, ADMN 465.
Prerequisite(s): ADMN 311 or POLI 350.
Recommendation(s): ADMN 310 and/or ADMN 314 recommended prior to ADMN 420.

ADMN 421 Units: 1.5
Financial Management
Provides a foundation in public sector financial management, focused on the needs of the manager working in government. Topics include: government financial statements and their analysis; public sector accounting standards and financial reporting; operational and capital budgeting; public sector financial management; cost management and control; accountability and performance measurement. Covers all levels of government in Canada: municipal, provincial and federal. Requires that students be competent in the use of the Excel spreadsheet program.
Note: Credit will be granted for only one of ADMN 421, ADMN 448.
ADMN 422  Units: 1.5  
**Ethical Public Management**
An exploration of value and ethical dilemmas which confront public and quasi-public sector officials in the workplace. Focuses on process dilemmas related to political neutrality, confidentiality, privacy, fairness and accountability, as well as issues related to good, just and legitimate public policy. Students will have an opportunity to develop their own moral reasoning skills and apply them in case studies.
*Note:* Credit will be granted for only one of ADMN 422, ADMN 554.

ADMN 423  Units: 1.5  
**Local Government in British Columbia**
An examination of the legislative framework, organization, operation and finance of local government service delivery and regulation in British Columbia.
*Note:* Credit will be granted for only one of ADMN 423, ADMN 545.

ADMN 431A  Units: 1.5  
**Public Sector Human Resource Management**
Examines various aspects of the human resource function within public sector organizations and compares current theory and practice in: human resource planning; job analysis and design; recruitment and selection; performance management; training; career planning; staff development; and occupational health and safety.
*Note:* Credit will be granted for only one of ADMN 431A, ADMN 431, ADMN 447, ADMN 531.

ADMN 431B  Units: 1.5  
**Compensation and Labour Relations**
Compensation issues include: determining equitable and fair pay, external equity in job evaluation, measuring and rewarding performance, employee health and time off; benefits in compensating employees; and pension and retirement benefits. Labour relations issues include: negotiating compensation issues; discipline and grievance; and developing a collective agreement.
*Note:* Credit will be granted for only one of ADMN 431B, ADMN 431.

ADMN 437  Units: 1.5  
**Program Evaluation and Performance Measurement**
Intensive introduction to organizational, methodological and professional issues involved in evaluating programs and measuring performance in public and non-profit organizations. Offers a practical understanding of the evaluation process, including identification of key evaluation questions, program logics, measurement, research design, and qualitative evaluation. Performance measurement is treated as a complementary set of skills for measuring and reporting program and organizational results. Includes modules on conceptual issues, implementation requirements and uses of performance measurement.
*Note:* Credit will be granted for only one of ADMN 437, ADMN 537.

ADMN 445  Units: 1.5  
**Urban and Regional Economics**
Examines economic forces influencing settlement patterns, growth and other characteristics of towns, cities and regions. Course provides a theoretical and historical basis for analyzing and predicting how urban areas evolve and how public policies may affect patterns of growth and change. Topics include: regional economics; economic development; growth policy; urban land use patterns; how land and housing markets function; how land use regulation affects these markets; urban environmental problems; urban transportation; and emerging spatial patterns.
*Note:* Credit will be granted for only one of ADMN 445, ECON 312.

ADMN 446  Units: 1.5  
**Local Government Land Use Planning**
Provides an overview of land use planning principles and regulations to local government administrators and staff, focusing on small and mid-sized communities. Topics include: history, regulatory framework in BC, rural and small town planning, growth management and regional planning, neighbourhood, local area and community planning; zoning, mainstreet, strip and commercial planning; residential planning; permits and other regulatory mechanisms; public information and participation; and environmental and heritage planning.
*Note:* Credit will be granted for only one of ADMN 446, ADMN 470 (if taken in the same topic).

ADMN 452  Units: 1.5  
**Local Government Law**
Analysis of legislation and court decisions applicable to local governments in British Columbia, including the Community Charter. Designed to familiarize non-lawyers with local government law and legal issues which arise in relation to local government activities and how to read case law and legislation.

ADMN 462  Units: 1.5  
Also: POLI 462, ADMN 547  
**Intergovernmental Relations in Canada**
Examines the nature of relations among federal, provincial, and municipal governments, and the impact of those relations on public policy. Includes discussion of topics such as the modalities of fiscal federalism and the concepts of executive federalism and intergovernmental governance.
*Note:* Credit will be granted for only one of ADMN 462, ADMN 470 (if taken in the same topic), POLI 462, POLI 490 (if taken in the same topic), ADMN 547.

ADMN 465  Units: 1.5  
**Local Government Policy**
An integrated analysis of selected local government policy problems drawing on urban and regional economics, local government law and the understanding of local government structure and operations. Includes how to analyze problems, assess response options and prepare policy recommendations within the political and administrative framework of local government. Topics selected for examination will vary.
*Note:* Credit will be granted for only one of ADMN 465, ADMN 420.

Prerequisite(s):  
- All of ADMN 423, ADMN 445, ADMN 452; or  
- permission of the school.

ADMN 470  Units: 1.5-3.0  
**Contemporary Topics in Administration**
A study of selected topics drawn from the current literature and practices in public administration or related fields.
*Note:* May be taken more than once for credit in different topics.

ADMN 477  Units: 1.5  
**Strategic Planning and Implementation**
Examines strategic planning processes and how strategic goals can be implemented in public sector organizations. Strategic planning topics include stakeholder analysis; developing mission, vision and value statement; environmental scanning; transforming strategic plans into policies and programs; management tactics; and assessing organizational performance. Implementation topics include: deploying resources; quality control; strategic communication; budgeting; team building; problem solving; progress assessment; completion; and evaluation.
*Note:* Credit will be granted for only one of ADMN 477, ADMN 411, ADMN 412, ADMN 470 (if taken in the same topic), ADMN 577.

ADMN 478  Units: 1.5  
Also: ADMN 578  
**European Union Urban Region Policies**
Compares the main issues associated with the politics, policy analysis, and policy environment of European cities and urban regions with North American regions; considers ways in which the policy capacity of urban / regional government might be improved.
*Note:* Credit will be granted for only one of ADMN 478, ADMN 548 (if taken in the same topic). ADMN 578.

ADMN 479  Units: 1.5  
Also: ADMN 579  
**European Border Region Policies**
Introduces students to the various complexities of European Union (EU) public policy making in an increasingly borderless world, comparing EU policy and policy-making with the Canada-US and US-Mexican borders. Examines effects of intergovernmental and international relations on production of policies.
*Note:* Credit will be granted for only one of ADMN 479, ADMN 548 (if taken in the same topic), ADMN 579.

ADMN 490  Units: 1.5  
**Directed Studies**
Directed reading and/or a research project under the supervision of a Faculty Member.

Prerequisite(s): Permission of the school.
AE 103A - AE 402

COURSE LISTINGS

AE

Art Education
Department of Curriculum and Instruction
Faculty of Education

Studio-based AE courses are normally subject to limited enrolment because of space and equipment needs. Courses offered by the Faculty of Education are also found under the following course codes: AE, ED-D, ED-P, EDCI, EPHE, IA, IED, IE, ME.

AE 103A
Units: **1.5**
Hours: **3-0**

Formerly: **part of 103**

Introduction to Art Education I

A foundation course for those interested in teaching art in school or community settings. Working in various studio activities, students will build knowledge and skill in studio art while considering how those experiences may be adapted for young learners. Art education topics include artistic development, critical and cultural perspectives on art, and teaching methodologies.

Notes:
- Credit will be granted for only one of AE 103A, AE 103, AE 100, AE 101, AE 204, ED-A 701, EDCI 307, EDCI 307A, EDCI 307B, EDUC 307.
- Students planning to emphasize art in their degree program should register in this course.

AE 103B
Units: **1.5**
Hours: **3-0**

Formerly: **part of 103**

Introduction to Art Education II

A continuing investigation of studio processes and art concepts as well as methods of instruction appropriate to children and youth in classroom and community settings. Consideration is given to the ways in which this theory and practice of art education can be applied in a variety of teaching and learning contexts.

Notes:
- Credit will be granted for only one of AE 103B, AE 103, AE 100, AE 101, AE 204, ED-A 701, EDCI 307, EDCI 307A, EDCI 307B, EDUC 307.
- Students planning to emphasize art in their degree program should register in this course.

AE 200
Units: **1.5**
Hours: **3-0**

Design

Creative problem solving through art. A studio exploration of the elements and principles of art, media and processes, and the development of ideas in fine and applied art. Consideration is given to the ways in which this theory and practical experience can be applied in a variety of teaching and learning contexts.

AE 201
Units: **1.5**
Hours: **3-1**

Image Development

A survey of methods and practices of innovative image transformation and development of skills and techniques through studio exploration. Instructional applications in various learning environments are considered.

AE 303A
Units: **1.5**
Hours: **3-0**

Formerly: **part of 303**

Ceramics I

Fundamental ceramics skills of hand-building, wheel throwing and glazing. The history of clay and study of the principles of form. A projects-based studio course.

Note: Credit will be granted for only one of AE 303A, AE 303B, AE 303C.

AE 303B
Units: **1.5**
Hours: **3-0**

Formerly: **part of 303**

Ceramics II

Continued skill development in ceramics techniques/aesthetics through historical, political and environmental based projects.

Note: Credit will be granted for only one of AE 303A, AE 303B, AE 303C.

Prerequisite(s): AE 303A.

AE 305
Units: **1.5**
Hours: **3-1**

Drawing

Development of skills and teaching methods in drawing through studio exploration. Instructional applications in various learning environments are considered.

Note: Credit will be granted for only one of AE 305, AE 302.

AE 306
Units: **1.5**
Hours: **3-1**

Painting

Development of skills and teaching methods in painting through studio exploration. Instructional applications in various learning environments are considered.

Notes:
- Credit will be granted for only one of AE 305, AE 302.
- Supply list available from MacLaurin A430.

AE 307
Units: **1.5**
Hours: **3-1**

Printmaking

An introduction to printmaking including its history, related concepts, and selected studio techniques. Exploration and experimentation are emphasized as a means of skill development. Instructional applications in various learning environments are considered.

Note: Credit will be granted for only one of AE 307, AE 300.

AE 308
Units: **1.5**
Hours: **3-1**

Sculpture

Development of skills and teaching methods in sculpture through studio exploration. Instructional applications in various learning environments are considered.

Note: Credit will be granted for only one of AE 308, AE 301.

AE 309
Units: **1.5**
Hours: **3-1**

Ceramics: Hand Building

Studio experience in the methods and techniques of hand-built ceramics and their application to different levels of student development, appropriate curriculum, assessment, and critiquing strategies.

AE 310
Units: **1.5**
Hours: **3-1**

Introduction to Applied Design

Introduction to skills and teaching methods in selected applied design areas through studio exploration.

Note: Credit will be granted for only one of AE 310, AE 304.

AE 314
Units: **1.5**
Hours: **3-0**

Introduction to Community Art Education

Investigates creative learning through community art education. Combining observation at a community centre, drop-in programme or gallery with studio research, students will develop and propose an art education curriculum designed to serve a specific community’s art educational goals. Includes off-campus involvements.

AE 317
Units: **1.5**
Hours: **3-1**

Responding to Art

Methods of teaching art through appreciation, creative response and critique with an emphasis on Canadian art. An investigation of art from the perspectives of aesthetics, art history, and art criticism. Students will prepare educational materials.

Note: Credit will be granted for only one of AE 316, AE 317.

AE 319
Units: **1.5**
Hours: **3-1**

Photography

Basic approaches to photography as an art medium. An exploration of concepts and methods appropriate to elementary and secondary classrooms and other educational settings from simple technologies such as photograms and pinhole photography to 35 mm cameras and darkroom procedures.

AE 320
Units: **1.5**
Hours: **3-1**

Art and the Young Child

Study of characteristics and development of early childhood art through teaching and practical work and survey of evaluation methods for effective instruction.

AE 322
Units: **1.5**
Hours: **3-0**

Digital Arts

An introductory survey of digital media production focusing on graphics, 2D animation, 3D modelling and animation, audio, video, and website construction. Students will learn to generate media ideas, collect resources, construct and edit concepts using industry-standard software packages. Emphasizes the production and teaching of digital media for creative, educational, and commercial environments. No previous computer experience is required.

AE 330
Units: **1.5**
Hours: **3-0**

Visual Design for Marketing, Advocacy and Persuasion

Focus is primarily on design for marketing within the context of its persuasive role in education and educational advocacy. Explores visual design as a problem-solving approach in the development of high impact communication through a combination of theory and studio practice.

AE 401
Units: **1.5**
Hours: **3-1**

Special Studies

Studies of selected topics in the theory and practice of art education.

Note: May be taken more than once for credit in different topics with permission of the department to a maximum of 6 units.

AE 402
Units: **1.5**
Hours: **3-1**

Directed Studies in Specific Methodologies, Materials and Techniques in Art Education

Note: A student may take up to a maximum of 6 units of the below areas; however, the maximum number of units accepted for credit on the student’s degree program will be at the discretion of the department. Letter designations identify discrete areas for advanced study. In the interest of gaining breadth experiences, students taking more than 1.5 units of 402 should not repeat an area.

### AHVS

#### Art History and Visual Studies
**Department of Art History and Visual Studies**

**Faculty of Fine Arts**
Courses numbered 200 generally consist of introductory level surveys of broad, thematic areas within Art History and Visual Studies. Courses numbered 300 (not normally recommended for first-year students) are usually lecture courses covering a particular region or time period, with a more extensive research requirement for the student. Courses at the 400 level generally involve an in-depth examination of a specific body of material, and assume a certain level of intellectual sophistication and commitment on the part of the student.

Formerly **HA 120**

**Formerly HA 121**

**Formerly HA 200, HA 310**
AHVS 202  Units: 1.5  Hours: 3-0
Formerly: HA 202
Confronting the Object
Provides first-hand experience working with objects in collections. Emphasizes the recovery of the historical context and the ways in which artifacts are presented in museums and other cultural institutions.
Note: Credit will be granted for only one of AHVS 202, HA 202.

AHVS 222  Units: 1.5  Hours: 3-0
Formerly: HA 222
The Classical Tradition in Western Art
An introduction to the influence of Greco-Roman artistic traditions on subsequent periods of European civilization. The classical inheritance in terms of both style and iconography will be examined in a variety of selected monuments from the Middle Ages through to the 20th century.
Note: Credit will be granted for only one of AHVS 222, HA 222.

AHVS 223  Units: 1.5 or 3.0  Hours: 3-0
Formerly: HA 223
Introduction to Western Architecture
An introduction to the aims and methods of architectural history using case-studies of monuments from the history of Western architecture from archaic Greece to the present. Issues considered can include: changing patterns of patronage; shifts in building-types, features, and structural systems; and influential theories of design.
Note: Credit will be granted for only one of AHVS 223, HA 223.

AHVS 230  Units: 1.5  Hours: 3-0
Formerly: HA 230
Monuments of South and Southeast Asia
An introduction to Indigenous, Hindu, Buddhist and Islamic world views through the study of religious monuments and ideas in South and Southeast Asia, including philosophical and religious principles underlying architecture, painting, sculpture and textiles. Emphasizes the learning of analytical and writing skills essential to these areas of Asian art history.
Note: Credit will be granted for only one of AHVS 230, HA 230.

AHVS 232  Units: 1.5  Hours: 3-0
Formerly: HA 232
Sacred Form in South / Southeast Asian Art
An introduction to select forms and symbols in Buddhist and Hindu art in South and/or Southeast Asia. Focus may include figurative, geometric, informal and formal arts, in lasting and ephemeral materials. Will give students the basic skills to describe and analyze arts of the region created in religious or spiritual contexts.
Note: Credit will be granted for only one of AHVS 232, HA 232.

AHVS 243  Units: 1.5  Hours: 3-0
Formerly: HA 234
Encountering Renaissance Art
An examination of key works of art and architecture by major creative minds in Europe during the Renaissance (1400-1550), such as Donatello, Alberti, Leonardo, Michelangelo, Bosch and Sofonisba Anguissola.
Note: Credit will be granted for only one of AHVS 234, HA 234.

AHVS 241  Units: 1.5  Hours: 3-0
Formerly: HA 241
The Image of the Artist
Investigates how artists and cultures create artistic identities. Topics may include the social and economic status of artists, theories of creativity and genius, the art market, guilds and academies, self-portraits, artists’ houses and tombs, cross-cultural understandings of creators and the role of social media, video and the internet in the creation of artistic identity.
Note: Credit will be granted for only one of AHVS 241, HA 241.

AHVS 251  Units: 1.5  Hours: 3-0
Formerly: HA 251
Introduction to the Arts of Islam
An introductory survey of the art and architecture of Islam around the world, beginning with the rise of Islam and continuing to the present.
Note: Credit will be granted for only one of AHVS 251, HA 251, HIST 251.

AHVS 260  Units: 1.5 or 3.0  Hours: 3-0
Formerly: HA 260
Art Icons: Modern and Contemporary
An in-depth introduction to the life and career of modern or contemporary ‘art icons’ such as Joseph Beuys, Barbara Hepworth, Andy Warhol, Georgia O’Keeffe, Pablo Picasso, Vavara Stepanova or Marina Abramovic. Artists studied will vary.
Notes:
• Credit will be granted for only one of AHVS 260, HA 260.
• May be taken more than once for credit in different topics to a maximum of 3 units.

AHVS 264  Units: 1.5  Hours: 3-0
Formerly: HA 264
Art History and the Lens
A survey of the role of images in various social and cultural venues. Case studies may examine the relationships between photographic images and exhibitions, publications, film, artwork, and other media within the context of different cultures and social practices.
Note: Credit will be granted for only one of AHVS 264, HA 264.

AHVS 268  Units: 1.5 or 3.0  Hours: 3-0
Formerly: HA 268
Introduction to Canadian Art and Architecture
An introductory survey of principal periods, media, practitioners, and movements in the history of non-native Canadian art and architecture from first settlement to today. The arts of English and French Canada will be considered, and the political, social and cultural settings in which they have been made will be explored.
Notes:
• Credit will be granted for only one of AHVS 268, HA 268.
• Several classes may be taught at the Art Gallery of Greater Victoria.

AHVS 284  Units: 1.5  Hours: 3-0
Formerly: HA 284, part of HA 382A
Indigenous Arts: Local Themes and Global Challenges
Explores values and philosophies conveyed by First Nations arts of the Northwest Coast. Examines how older and contemporary arts reflect human connections with the environment, roles of arts and artists in 21st-century events and activism, arts and the Internet, diversity of cultural expressions and relevance to global challenges such as climate change.
Note: Credit will be granted for only one of AHVS 284, HA 284, HA 382A (if taken prior to Sep-Dec 1999).

AHVS 292  Units: 1.5 or 3.0  Hours: 3-0
Formerly: HA 292
Selected Themes in Art History and Visual Studies
An introduction to a selected theme or area of art-historical study that is not covered in other AHVS courses at this level. Content may vary from year to year.
Notes:
• Credit will be granted for only one of AHVS 292, HA 292 (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

AHVS 295A  Units: 1.5  Hours: 3-1
Formerly: part of HA 295, HA 295A
Introduction to Film Studies
An investigation of film culture and its relationship to social and historical contexts. Focuses on active readings of cinematic texts, searching for the possible meanings of individual shots, sequences and narrative structures. Involves a three hour lecture/screening and a one hour tutorial a week.
Note: Credit will be granted for only one of AHVS 295A, HA 295, HA 295A.

AHVS 295B  Units: 1.5  Hours: 3-1
Formerly: part of HA 295, HA 295B
Introduction to Film Studies
An investigation of film culture and its relationship to social and historical contexts. Considers key issues in film scholarship, critical strategies and theoretical concepts. Involves a three hour lecture/screening and a one hour tutorial a week.
Note: Credit will be granted for only one of AHVS 295B, HA 295, HA 295B.

AHVS 300A  Units: 1.5  Hours: 3-0
Formerly: HA 300A
Masterpieces of Art and Architecture
An analysis of selected works of art central to the traditions of world art.
Note: Credit will be granted for only one of AHVS 300A, HA 300A.

AHVS 300B  Units: 1.5  Hours: 3-0
Fakes, Forgeries and Fraud
Case studies examine art crimes in different regions and periods. Introduces historical, legal and forensic issues related to authentication and object recovery.
AHVS 300C - AHVS 323

AHVS 300C  Units: 1.5  Hours: 3-0
The Destruction of Art
Examines the intentional damaging of art and architecture in times of conflict. Central themes include iconoclasm, political and religious censorship, looting and vandalism. Case studies cover different regions and periods while focusing on the motivations of groups and individuals.

AHVS 310A  Units: 1.5  Hours: 3-0
Formerly: HA 310A
Making Art History
Experiential research into objects and applied arts. Students will engage with objects to develop technical and social insight into their histories and cultural values. Topics will vary.
Notes:
• Credit will be granted for only one of AHVS 310A, HA 310A (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units.

AHVS 310B  Units: 1.5  Hours: 3-0
Formerly: HA 310B
Presenting Digital Art History
Explores the key shifts and art historical implications of the digital revolution. Students will also investigate the graphic components of their identities as emerging scholars and digital citizens, developing skills in industry-standard software and applications for effective and compelling digital presentations.
Note: Credit will be granted for only one of AHVS 310B, HA 310B.

AHVS 310C  Units: 1.5  Hours: 1-2
Formerly: HA 310C
Digital Tools for Art History and Visual Studies
In this lab-based course students use digital tools in relation to art history and visual studies. They will explore a variety of new technologies to approach, shape and develop research projects. Topics include: image mark-up and augmentation, digital curation, information visualization and mapping, contemporary and historical environment creation.
Notes:
• Credit will be granted for only one of AHVS 310C, HA 310C.
• No programming or coding experience is required.

AHVS 310D  Units: 1.5  Hours: 3-0
Formerly: HA 310D
Environmental Art
A survey of examples of Environmental Art to the present day, beginning with the 1960s Land Art movement. Topics may include: earthworks, environmental art, performances and actions by artists ranging from Robert Smithson, Walter de Maria, Ana Mendieta, Andy Goldsworthy, Alice Aycock.
Note: Credit will be granted for only one of AHVS 310D, HA 310D.

AHVS 310E  Units: 1.5  Hours: 3-0
Formerly: HA 310E
Topics in Craft and Communities
A survey of the major craft movements in British Columbia from the late nineteenth century to the present focusing on the changing views of craft within various contexts such as the Arts and Crafts Movement, the Canadian Craft Guild, the Canada Council for the Arts, indigenous rights and contemporary DIY political action.
Notes:
• Credit will be granted for only one of AHVS 310E, HA 310E (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units.

AHVS 310F  Units: 1.5  Hours: 3-0
Formerly: HA 310F
Modern and Contemporary Design
Focuses on the cultural roles of design in finding creative solutions to basic human needs, such as shelter, clothing, useful objects, visual communications, transportation and built environments in a variety of social contexts.
Note: Credit will be granted for only one of AHVS 310F, HA 310F.

AHVS 311A  Units: 1.5  Hours: 3-0
Formerly: HA 311A
Visual Intelligence
Introduces new research in the field of visual intelligence. Explores Leonardo da Vinci and other artists’ methods of open-ended inquiry and effective problem solving, through observation, visual analysis and application. Students engage in self-generated research questions, applying historical and contemporary tools from global artmaking to their learning.
Note: Credit will be granted for only one of AHVS 311A, HA 311A.

AHVS 311B  Units: 1.5  Hours: 3-0
Formerly: HA 311B
Looking and the History of Perception
A thematic introduction to issues of visuality, brain and perceptual functioning in past and present societies around the world. Content may include, the perception of space, motion and colour; pictures, symbols and signs; images and abstract thinking; art and the imitation of nature; tradition and its impact on seeing; new insights from the field of neuroarthistory.
Note: Credit will be granted for only one of AHVS 311B, HA 311B.

AHVS 311C  Units: 1.5  Hours: 3-0
Formerly: HA 311C
The Sacred Gaze
An exploration of ways of seeing that invest images, buildings, people and places with spiritual significance. Investigates key aspects of vision and imagery in a variety of religious traditions.
Note: Credit will be granted for only one of AHVS 311C, HA 311C.

AHVS 311D  Units: 1.5  Hours: 3-0
Formerly: HA 311D
Artists and Art History in Popular Culture
Examines the portrayal of art movements, artists, art works, art historians, and art critics in popular media such as radio, film, television or comics.

AHVS 311E  Units: 1.5  Hours: 3-0
History of Video Games and Interactive Media
Explores the cultural role of video games as an interactive visual medium. Classes will focus on influential games and designers, new genres and technological innovations, the integration of visual art, sound, narrative and interactive game play, questions of representation, race, gender, games as art, representations of art and artists, and other themes.
Note: Credit will be granted for only one of AHVS 311E, TS 320 (if taken in the same topic).

AHVS 311F  Units: 1.5  Hours: 3-0
Horror Video Games
An inquiry into the nature of fear and the grotesque in digital games as an interactive visual medium. Examines a variety of mainstream and independent digital games for their use of horror tropes. Employs various theoretical perspectives to investigate relevant digital games.

AHVS 312  Units: 1.5  Hours: 3-0
Formerly: HA 312
Gender, Identity and Film
Examines representations of women and by women, in a variety of film forms (experimental, documentary, narrative) and within a range of historical periods. Emphasis will be placed on feminist theories of representation, visual pleasure, spectatorship and subjectivity and on analyses of key films.
Notes:
• Credit will be granted for only one of AHVS 312, HA 312.
• Priority is given to students with minimum third-year standing.

AHVS 321  Units: 1.5  Hours: 3-0
Formerly: HA 321
Late Antique and Early Christian Art
An introductory survey of the art and architecture of the Mediterranean world from the origins of Christian art in the third century CE to the onset of Iconoclasm in the eighth century. In addition to a detailed examination of surviving monuments and art objects, an emphasis will be placed on the sources of Christian iconography and the relationship between art, theology and liturgy.
Note: Credit will be granted for only one of AHVS 321, HA 321.

AHVS 323  Units: 1.5  Hours: 3-0
Formerly: HA 323
Byzantine Art
An introductory survey of the art and architecture of the Byzantine empire and its culturally dependent areas from the period of Iconoclasm through to the fall of Constantinople in 1453 and beyond. The emphasis will be on an examination of surviving monuments in Greece, Turkey, southern Italy, the Balkans and Russia.
Note: Credit will be granted for only one of AHVS 323, HA 323.

| AHVS 324    | 1.5   | 3-0   | Formerly: HA 324
Ancient and Medieval Jewish Art
An introductory survey of the visual and material culture of Judaism in Israel and among the communities of the Diaspora from the first century CE to the 16th century CE. Major topics of interest are: the architectural evolution of the synagogue; changing attitudes to the role of figurative art in a religious context; the arts of the book; and the artistic interactions with the visual traditions of Christian and Muslim communities.
Note: Credit will be granted for only one of AHVS 324, HA 326 or 328.
| AHVS 326    | 1.5   | 3-0   | Formerly: HA 326
Early Medieval Art
An introductory survey of the arts and architecture of western Europe in the period c. 600-1150 CE. Topics to be considered will include Anglo-Saxon, Carolingian, Ottonian, and Romanesque.
Note: Credit will be granted for only one of AHVS 326, HA 326.
| AHVS 328    | 1.5   | 3-0   | Formerly: HA 328
Gothic Art and Architecture
An introductory survey of the art and architecture of western Europe from the reconstruction of St. Denis c. 1140 to the beginnings of Renaissance art in Florence c. 1400. Focuses primarily on architecture in northern Europe and on painting in Italy, with a concentration on artists from the cities of Florence, Rome and Siena.
Note: Credit will be granted for only one of AHVS 328, HA 328.
| AHVS 329    | 1.5   | 3-0   | Formerly: HA 329
Medieval Households: People and Possessions
Explores the furniture, fixtures, furnishings and tapestries in the medieval home. May include objects and the life course, spaces and everyday life, gender and the home.
Note: Credit will be granted for only one of AHVS 329, HA 329.
| AHVS 330A   | 1.5   | 3-0   | Formerly: part of HA 330, HA 330A
Early Arts of South Asia
Case studies in the arts in South Asia from the Indus Valley Civilization to the 11th century. The development of Hindu and Buddhist art, architecture and patronage is examined in relation to historical, philosophical and religious backgrounds. Selections from treatises on art and aesthetics are read in translation.
Notes:  
- Credit will be granted for only one of 330A, HA 330, HA 330A.
- Normally to be offered in alternate years with AHVS 333A, AHVS 333B.
| AHVS 330B   | 1.5   | 3-0   | Formerly: part of HA 330, HA 330B
Later Arts of South Asia
A survey of the arts of South Asia, including the Himalayan region and Tibet, from the eighth century up to the 20th. Emphasis will be on regional variations in Buddhist and Hindu art, the introduction of new ideas, art forms and styles with the establishment of Islamic rule, and the role of colonialism and nationalism in the formation of the region’s modern visual culture.
Note: Credit will be granted for only one of AHVS 330B, HA 330, HA 330B.
| AHVS 330C   | 1.5   | 3-0   | Formerly: HA 330C
The Body in Indian Art
Explores the representation of the human body ranging from the erotic to the spiritual in Hindu and Buddhist art. Case studies include sculpture, painting, film, poetry and myth.
Note: Credit will be granted for only one of AHVS 330C, HA 330C, HA 392 (if taken in the same topic).
| AHVS 332A   | 1.5   | 3-0   | Formerly: HA 332A
Bollywood Bound: Popular Visual Culture in India, 1950s to the Present
Through the media of photography and film, popular contemporary visual cultures of India are examined. Against a backdrop of Indian classical, folk, modern and contemporary, rural and urban art histories, select Bollywood films from the 1950s to the present are examined in class lectures, film screenings and readings. Styles featured range from historical, social realist and nationalist to stylized, idealist and moral narratives.
Note: Credit will be granted for only one of AHVS 332A, HA 332A, HA 337 (if taken in the same topic).
| AHVS 332B   | 1.5   | 3-0   | Formerly: HA 332B
Bollywood Global: Popular Visual Culture in the Indian Diaspora, 1980s to the Present
An examination of popular visual culture of India from classical, modern and contemporary history-artistic and cultural perspectives. Themes of gender, identity, postcoloniality and national/global dynamics are addressed through screenings of select Bollywood films from the 1980s to today. Films made in India alternate with films which move into diasporic spaces in the UK, Canada and USA.
Note: Credit will be granted for only one of AHVS 332B, HA 332B, HA 337 (if taken in the same topic).
| AHVS 333A   | 1.5   | 3-0   | Formerly: part of HA 333, HA 333A
Early Arts of Southeast Asia
A survey of the arts of Southeast Asia, starting with prehistoric and contemporary tribal/indigenous cultures, up to the arrival of Islam. Discussion will include the majority of countries in the region, with emphasis on Indonesia. Monumental and personal arts relating to Hindu, Buddhist and Primal religious communities will be discussed with attention to gender and historiography. Indigenous texts and film will be used as source materials and basis for discussion.
Notes:  
- Credit will be granted for only one of AHVS 333A, HA 333, HA 333A.
- Normally to be offered in alternate years with AHVS 330A, AHVS 330B.
| AHVS 333B   | 1.5   | 3-0   | Formerly: part of HA 333, HA 333B
Later Arts of Southeast Asia
Case studies in the arts of Southeast Asia, from the arrival of Islam through the colonial and up through the modern period. Local definitions of art, the role of the artist in society and issues of patronage will be discussed against a background of continuity and change. Indigenous texts and film will be used as sources.
Note: Credit will be granted for only one of AHVS 333B, HA 333, HA 333B.
| AHVS 337    | 1.5   | 3-0   | Formerly: HA 337
Special Topics in Contemporary Asian Art
An examination of themes and issues in contemporary Asian art through case-studies in select national, regional and/or global contexts. Analyzes artists’ careers, art institutions and art discourses, including the arrival of contemporary Asian art into western art historical consciousness.
Notes:  
- Credit will be granted for only one of AHVS 337, HA 337 (if taken in the same topic).
- May be taken more than once for credit in different topics.
| AHVS 338    | 1.5   | 3-0   | Formerly: HA 338
Special Topics in Premodern Asian Art
An examination of themes and issues in premodern Asian art through case-studies in specific regional and/or temporal contexts. Topic: Popular Prints in China and Japan.
Notes:  
- Credit will be granted for only one of AHVS 338, HA 338 (if taken in the same topic).
- May be taken more than once for credit in different topics.
| AHVS 339    | 1.5   | 3-0   | Formerly: HA 339
The Global Renaissance
Thematic investigation of artistic exchange between Europe, Asia, and the Americas during the 16th c. in the context of emerging globalization and nation states.
Note: Credit will be granted for only one of AHVS 339, HA 339, HA 341B.

</table>
| **AHVS 358** | 1.5 | 3-0 | Art of the Sultans and Emperors of India
An introduction to art and architecture of the Islamic lands and peoples of South and Central Asia from the 12th to the 19th century. Content may include the arts of Mughal India, the Taj Mahal, the role of the British Raj in art and architecture.  
Note: Credit will be granted for only one of AHVS 358, HA 353, HA 358. |
| **AHVS 359** | 1.5 | 3-0 | Islamic Arts from the Mongol Conquests to Modernity
Examination of the art and architecture of major dynasties, such as the Ilkhanids, Timurids, and Safavids, from the impact of the Mongol conquests in 1221 to the 19th century.  
Note: Credit will be granted for only one of AHVS 359, HA 359. |
| **AHVS 362A** | 1.5 | 3-0 | Modern Art in Europe and North America: 1900 to 1945
Beginning with a brief examination of the European avant-garde in the late 19th century, the course analyzes in depth such 20th-century movements as Cubism, Expressionism, Futurism, Constructivism, Social Realism and Surrealism. The European impact on modernist practices in America is also investigated.  
Note: Credit will be granted for only one of AHVS 362A, HA 362A. |
| **AHVS 362B** | 1.5 | 3-0 | Art in Europe and North America: 1945 to Today
An examination of directions taken in postwar art. Emphasis will be placed on the demise of the Modernist movement and the emergence of Postmodernism. Single out for investigation will be such areas as Abstract Expressionism, Minimalism, Pop Art, conceptual and performance art, environmental art and photo-based practices.  
Note: Credit will be granted for only one of AHVS 362B, HA 362B. |
| **AHVS 362C** | 1.5 | 3-0 | Critical Issues in Contemporary Art
Examines selected examples of contemporary art in the context of critical debates, art institutions, the art market and activism. Geographical focus of area may vary.  
Note: Credit will be granted for only one of AHVS 362C, HA 362C. |
| **AHVS 363** | 1.5 | 3-0 | The Cinema and Modern Art Movements
An examination of the history of film in relationship to the major art movements of the 20th century. Students will view and analyze films by such directors as Lang, Eisenstein, Bunuel, Brakhage, and Snow; these films will be discussed in the light of their connection to such influential modern art movements as German Expressionism, Russian Constructivism, Surrealism, Abstract Expressionism and Conceptual Art.  
Note: Credit will be granted for only one of AHVS 363, HA 363. |
| **AHVS 364** | 1.5 | 3-0 | Documentary Film
An intensive study of film as document of time, place and action. Influence of social and artistic context will be considered. Attention will be largely directed to Canadian documentary films, a leader in this genre today. Films studied may include works by Flaherty, Grierson, Lorentz, Riefenstahl, Wiseman, National Film Board.  
Note: Credit will be granted for only one of AHVS 364, HA 364. |
| **AHVS 365** | 1.5 | 3-0 | Experimental Film
Film as art. Investigates a wide variety of experimental forms and covers a range of historical periods and contexts. Emphasis will be placed on analyses of key films and on theories of films developed by both artists and critics. Particular attention will be paid to the Canadian experimental tradition.  
Notes:  
- Credit will be granted for only one of AHVS 365, HA 365.  
- Priority is given to students with minimum third-year standing. |
| **AHVS 367** | 1.5 | 2-1 | History in Cinema
Cinema as a product of time and place. Emphasis will be placed on the relationship between particular film movements and genres and their historical contexts and on theories about the role and function of film in society.  
Notes:  
- Credit will be granted for only one of AHVS 367, HA 367.  
- Priority is given to students with minimum third-year standing. |
| **AHVS 368B** | 1.5 | 3-0 | Modern and Contemporary Canadian Art
A history of the visual arts (painting, sculpture, installation and performance art) from Tom Thomson and the Group of Seven to the present.  
Note: Credit will be granted for only one of AHVS 368B, HA 368B. |
| **AHVS 369** | 1.5 | 3-0 | History of Photography
An introductory survey of the history of photography from its invention in 1839 until the present. Topics to be addressed include the changing role of the photographer as scientist and artist, the relationship between photography and other visual arts, 19th-century travel photography, women photographers, and the various photographic processes which have been developed in the 150 year history of the medium.  
Note: Credit will be granted for only one of AHVS 369, HA 369. |
| **AHVS 370A** | 1.5 | 3-0 | Popular Film and Cultural Theory
A study of popular film and its social and political function. Special attention will be paid to mainstream films, especially Hollywood genre films, in the interest of exploring the ideological significance of popular film. An exploration of divergent views on the role of popular film within cultural theory will provide the context for the analysis of selected films.  
Note: Credit will be granted for only one of AHVS 370A, HA 370B, HA 370D (if taken in the same topic). |
| **AHVS 370B** | 1.5 | 3-0 | Horror Cinema
An exploration of the subgenres and concerns of the horror film. Focuses on various monsters (such as psycho-killers and zombies), as well as the terror generated by technology, scientific practices and mutating bodies. Theoretical perspectives are considered in the interest of investigating the contradictory functions of fear culture.  
Note: Credit will be granted for only one of AHVS 370B, HA 370C, HA 370D (if taken in the same topic). |
| **AHVS 370C** | 1.5 | 3-0 | Canadian Film
An exploration of the history, diverse tendencies and key figures in Canadian Film. Includes developments in fiction, documentary and experimental films.  
Note: Credit will be granted for only one of AHVS 370C, HA 370D, HA 370E (if taken in the same topic). |
| **AHVS 372A** | 1.5 | 3-0 | Chinese Art and Architecture
Introductory survey from Neolithic times to the present. Topics include ritual bronze vessels of the earliest kingdoms, the Chinese transformation of Buddhism and its arts, imperial patronage of painting, the literati tradition of painting and calligraphy, and propagandistic art of the Cultural Revolution. Emphasizes the cultural contexts for Chinese visual culture.  
Note: Credit will be granted for only one of AHVS 372A, HA 372B. |
| **AHVS 373A** | 1.5 | 3-0 | Japanese Art and Architecture
An introductory survey to Japanese visual culture from Neolithic times to the present. Topics include Shinto art and ritual, Buddhist art (including Zen), courtly arts, the tea ceremony, erotic prints of the “Floating World,” and contemporary art. Focuses on how Japanese artists adapt foreign cultural traditions.  
Note: Credit will be granted for only one of AHVS 373A, HA 373, HA 374. |
AHVS 381A Units: 1.5 Hours: 3-0
Formerly: HA 381A
Modernism and Modern Art: The Arts of the Pacific Northwest
A survey of the arts of Alaska, British Columbia, Washington, and Oregon from the 19th century to 1945. Investigates the relationship between “art” and issues such as colonialism, travel and tourism, the potlatch, the prohibition of the potlatch, ethnography, immigration, moral improvement, the Great Depression and modernity.
Note: Credit will be granted for only one of AHVS 381A, HA 381A.

AHVS 381B Units: 1.5 Hours: 3-0
Formerly: HA 381B
Contemporary Art: The Pacific Northwest
A thematic examination of the arts of the Pacific Northwest from 1945 to the present. Issues examined may include primitivism, the Northwest School, the Totemland Studio, modern architecture, public art, feminism, postmodernism, the Vancouver school of photography, commemorations of Japanese internment, environmentalism and indigeneity.
Note: Credit will be granted for only one of AHVS 381B, HA 381B.

AHVS 382A Units: 1.5 Hours: 3-0
Formerly: HA 382A
Indigenous Arts: Arctic, Subarctic
An introduction to arts of the indigenous peoples of the North American Arctic and Subarctic. Examines artistic expression from the earliest known art works to the present. Explores types and styles of artworks; cultural contexts; relationships between artistic expression and environment; spirituality; and responses of artists to contact with non-native peoples.
Note: Credit will be granted for only one of AHVS 382A, HA 382A.

AHVS 382B Units: 1.5 Hours: 3-0
Formerly: HA 382B
Indigenous Arts: Southwest, California, Great Basin
An introduction to arts of the indigenous peoples of the Southwest, California, and the Great Basin. Examines artistic expression from earliest known art works to the present. Explores types and styles of artworks; cultural contexts; relationships between artistic expression and environment; spirituality; and responses of artists to contact with non-native peoples.
Note: Credit will be granted for only one of AHVS 382B, HA 382B.

AHVS 382C Units: 1.5 Hours: 3-0
Formerly: HA 382C
Indigenous Arts: Plains, Plateau, Woodlands, Southeast
An introduction to arts of the indigenous peoples of the Plains, Plateau, Woodlands and Southeast. Examines artistic expression from earliest known art works to the present. Explores types and styles of artworks; cultural contexts; relationships between artistic expression and environment; spirituality; and responses of artists to contact with non-native peoples.
Note: Credit will be granted for only one of AHVS 382C, HA 382, HA 382C.

AHVS 383 Units: 1.5 Hours: 3-0
Formerly: HA 383
Special Topics in North American Indigenous Arts
An in-depth examination of a special aspect of, or area in, indigenous arts. Specific topics may vary from year to year.
Notes:
• Credit will be granted for only one of AHVS 383, HA 383 (if taken in the same topic).
• May be taken more than once for credit in different topics.

AHVS 383A Units: 1.5 Hours: 3-0
Arts and Indigenous Ways of Knowing
Explores how North American indigenous arts reflect philosophies about human relationships with physical and intangible realms. Includes attention to contemporary issues and activism. Investigates relevance to addressing global challenges such as climate change and environmental degradation.
Note: Credit will be granted for only one of AHVS 383A, HA 383 (if taken in the same topic).

AHVS 383B Units: 1.5 Hours: 3-0
Indigenous Arts and the Internet
Explores diverse contexts in which North American indigenous arts appear on the internet, including artists’ sites, virtual exhibitions, commercial galleries, discussions of cultural appropriation in social media and sites related to activism. Encourages active thought about the positive and negative impact of the internet.
Note: Credit will be granted for only one of AHVS 383B, HA 383 (if taken in the same topic).

AHVS 384 Units: 1.5 Hours: 3-0
Formerly: HA 384
Northwest Coast Indigenous Arts and Colonization
Investigation of NWC indigenous artists’ creative responses to colonization, 1700 to present. Explores vital roles of art in opposing cultural oppression and empowering cultural survival. Content may include artists’ responses to colonizers, development of new art forms due to trade and tourist markets, persecution of potlatches and artistic expression, case studies of artists’ resistance to oppression; contemporary artists; and arts in relation to current threats to lands and cultures.
Note: Credit will be granted for only one of AHVS 384, HA 384.

AHVS 386 Units: 1.5 Hours: 3-0
Formerly: HA 386
Approaches to Collections and Museums
An intensive study of the nature of selected museum and gallery collections and the ways in which they contribute to knowledge.
Note: Credit will be granted for only one of AHVS 386, HA 386 (if taken in the same topic).

AHVS 387A Units: 1.5 Hours: 3-0
Formerly: HA 387, HA 387A
European and North American Architecture, 1750 to 1900
A survey of key figures and movements in Western architecture from the beginnings of Neoclassicism to the appearance of radically novel forms of design in Europe before World War I.
Note: Credit will be granted for only one of AHVS 387A, HA 387A.
Recommendation(s): AHVS 223 or HA 223 recommended prior to AHVS 387A.

AHVS 387B Units: 1.5 Hours: 3-0
Formerly: HA 387, HA 387B
Western Architecture since 1900
A survey of key figures and movements in Western architecture between 1900 and today. From Frank Lloyd Wright, Le Corbusier and Mies van der Rohe to contemporary architects such as Frank Gehry, Zaha Hadid and Daniel Libeskind.
Note: Credit will be granted for only one of AHVS 387B, HA 387, HA 387B.

AHVS 390 Units: 1.5 Hours: 3-0
Formerly: HA 390
Directed Studies
A course of directed readings and written assignments taken under the supervision of a faculty member.
Notes:
• Credit will be granted for only one of AHVS 390, HA 390 (if taken in the same topic).
• May be taken more than once for credit in different topics to a maximum of 3 units.
Prerequisite(s):
• Declared Honours or Major in Art History and Visual Studies; or
• permission of the department.

AHVS 392 Units: 1.5 or 3.0 Hours: 3-0
Formerly: HA 392
Special Topics in Art History and Visual Studies
An investigation of a special aspect or area of Art History and Visual Studies. Specific topics may vary from year to year.
Notes:
• Credit will be granted for only one of AHVS 392, HA 392 (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department to a maximum of 6 units.

AHVS 397 Units: 1.5 Hours: 3-0
Formerly: HA 397
Impressionism: A Social History
A survey of the art and lives of the French Impressionists from the 1860s to the 1880s. Examines Parisian street life, dancers, café concerts, tourism sites and popular fashions through the careers of these artists.
Note: Credit will be granted for only one of AHVS 397, HA 397.

| AHVS 486B | 1.5 | 3-0 | Formerly: HA 486B 
Museum Principles and Practices II: Programming, Exhibitions, and Management: Exhibitions and public programs are the primary means by which museums share their collections and knowledge with communities. Explores the role and development of exhibitions and programs, with particular emphasis on public partnerships, audience development, and principles of design, implementation and evaluation. When offered in the distance format, the course will also address topics in museum management. Note: Credit will be granted for only one of AHVS 486B, HA 486, HA 486B. |
| AHVS 487A | 1.5 | 3-0 | Formerly: HA 487A 
Heritage Resource Management: An intensive study of the nature and value of heritage resources worldwide, and of management approaches that support their preservation and presentation. Topics include principles of heritage conservation, identification of heritage value and significance, inventory and documentation of heritage resources, organizational and legal frameworks for conservation, planning for conservation, approaches to revitalization and cultural tourism. Note: Credit will be granted for only one of AHVS 487A, HA 487, HA 487A. |
| AHVS 486A | 1.5 | 3-0 | Formerly: HA 486A 
Managing Cultural Organizations: An intensive study of the application of management theory and practice in cultural organizations, with particular emphasis on: characteristics of non-profit cultural organizations; governance and leadership; establishing mission goals and objectives; roles of executive and artistic directors; policy development and implementation; personnel management and team building; financial management; strategic and operational planning; information management; public relations; marketing; volunteer development; and ethical and legal issues. Notes: Credit will be granted for only one of AHVS 488A, HA 488A. Subject to differential fees; consult Fees for Undergraduate Programs. |
| AHVS 486B | 1.5 | 3-0 | Formerly: HA 486B 
Museum Principles and Practices II: Programming, Exhibitions, and Management: Exhibitions and public programs are the primary means by which museums share their collections and knowledge with communities. Explores the role and development of exhibitions and programs, with particular emphasis on public partnerships, audience development, and principles of design, implementation and evaluation. When offered in the distance format, the course will also address topics in museum management. Note: Credit will be granted for only one of AHVS 486B, HA 486, HA 486B. |
| AHVS 487A | 1.5 | 3-0 | Formerly: HA 487A 
Heritage Resource Management: An intensive study of the nature and value of heritage resources worldwide, and of management approaches that support their preservation and presentation. Topics include principles of heritage conservation, identification of heritage value and significance, inventory and documentation of heritage resources, organizational and legal frameworks for conservation, planning for conservation, approaches to revitalization and cultural tourism. Note: Credit will be granted for only one of AHVS 487A, HA 487, HA 487A. |
| AHVS 488A | 1.5 | 3-0 | Formerly: HA 488A 
Managing Cultural Organizations: An intensive study of the application of management theory and practice in cultural organizations, with particular emphasis on: characteristics of non-profit cultural organizations; governance and leadership; establishing mission goals and objectives; roles of executive and artistic directors; policy development and implementation; personnel management and team building; financial management; strategic and operational planning; information management; public relations; marketing; volunteer development; and ethical and legal issues. Notes: Credit will be granted for only one of AHVS 488A, HA 488A. Subject to differential fees; consult Fees for Undergraduate Programs. |
| AHVS 488B | 1.5 | 3-0 | Formerly: HA 488B 
Collections Management: An examination of the development and contemporary roles of museum collections, with an emphasis on the principles and practices involved in their management, including policy development, legal and ethical considerations, documentation and information management, acquisitions, accessioning, deaccessioning, loans, risk management, care and handling. Issues of ownership, access and collections planning will also be addressed. Notes: Credit will be granted for only one of AHVS 488B, HA 488B. Subject to differential fees; consult Fees for Undergraduate Programs. |
AHVS 488C - AHVS 488R

COURSE LISTINGS AHVS

AHVS 488C  Units: 1.5  Hours: 3-0
Formerly: HA 488C
Communicating Through Exhibitions
Topics include the history, functions and purpose of exhibitions; communicating through artifacts, specimens and intangible heritage; frames of reference for communication; developing storylines; methodologies for planning; roles of the curator, educator, registrar, conservator, and other staff; project management; funding and sponsorship; temporary and travelling exhibitions; ethical considerations; and evaluation techniques.
Notes:
• Credit will be granted for only one of AHVS 488C, HA 488C.
• Subject to differential fees; consult Fees for Undergraduate Programs.

AHVS 488D  Units: 1.5  Hours: 3-0
Formerly: HA 488D
Caring for Museum Collections
An examination of the physical characteristics of museum collections, the ways they are affected by a range of factors in their physical and social environments, and the risk assessment, preventive conservation, and treatment guidelines that are used to ensure safekeeping of artifacts and specimens in storage, on exhibit, and in use for research or programming purposes.
Notes:
• Credit will be granted for only one of AHVS 488D, HA 488D.
• Subject to differential fees; consult Fees for Undergraduate Programs.

AHVS 488G  Units: 1.5  Hours: 3-0
Formerly: HA 488G
Public Programming
Examines the central role of public programming and interpretation in museums, galleries, heritage programs/sites and related agencies, and the relationship with learning and education. Emphasizes approaches which respond to community interests and reflect curatorial priorities. Planning, delivery, management and evaluation strategies for a range of programming approaches are covered.
Notes:
• Credit will be granted for only one of AHVS 488G, HA 488G.
• Subject to differential fees; consult Fees for Undergraduate Programs.

AHVS 488H  Units: 0.5-1.5
Formerly: HA 488H
Topics in Museum Studies
An intensive study of some special aspect or area of museum studies. Content may vary each year.
Notes:
• Credit will be granted for only one of AHVS 488H, HA 488H (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units.
• Subject to differential fees; consult Fees for Undergraduate Programs.

AHVS 488J  Units: 1.5  Hours: 3-0
Formerly: HA 488J
Curatorship
Examines the core curatorial concepts of collections planning, management, research, analysis, documentation, and exhibition development, and relates them to the evolving roles of museums in society. Topics include collections and acquisition policies, object oriented research methods, curatorial approaches to intangible heritage, documentation, information management, access, copyright, curatorial collaborations, and the communication of research through exhibitions, public programming, and print and electronic media.
Notes:
• Credit will be granted for only one of AHVS 488J, HA 488J (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units.
• Subject to differential fees; consult Fees for Undergraduate Programs.

AHVS 488K  Units: 1.5  Hours: 3-0
Formerly: HA 488K
Exhibition Planning and Design
An examination of the exhibition design process with a special focus on the design and museological elements which are considered in the creation of effective exhibitions. Topics include the roles of exhibitions, communicating with the visitor, roles of the object; conservation considerations; visitor flow, lighting, colour, storylines, project planning and management; temporary and travelling exhibits; showcase arrangements; production scheduling, installation and maintenance. Field work, study visits, and the development of a scale model are featured.
Notes:
• Credit will be granted for only one of AHVS 488K, HA 488K.
• Subject to differential fees; consult Fees for Undergraduate Programs.

AHVS 488M  Units: 0.5-1.5
Formerly: HA 488M
Topics in Cultural Management
An intensive study in some special aspect or area of cultural management. Content may vary each year.
Notes:
• Credit will be granted for only one of AHVS 488M, HA 488M (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units.
• Subject to differential fees; consult Fees for Undergraduate Programs.

AHVS 488N  Units: 1.5  Hours: 3-0
Formerly: HA 488N
Museum Information Management
Museums hold a wealth of diverse information that is increasingly recognized as a key institutional and community resource. Explores the dimensions, value, and potential uses of museum information, and focuses on strategic integration and management approaches that utilize computer and Web-based information systems to organize, process, and access information for collections management, curatorial, research, programming, and administrative purposes.
Notes:
• Credit will be granted for only one of AHVS 488N, HA 488N.
• Subject to differential fees; consult Fees for Undergraduate Programs.

AHVS 488P  Units: 1.5  Hours: 3-0
Formerly: HA 488P
Human Resource Management in Cultural Organizations
An intensive examination of the ways in which staff and volunteers are managed in cultural organizations, with particular emphasis on museum and heritage agencies, and stresses integrated, planned approaches to human resource development. Topics include organizational dynamics; leadership and decision-making; board/staff relations; policy development; position descriptions; recruitment; performance planning; communications; legal considerations; and ethics and professionalism.
Notes:
• Credit will be granted for only one of AHVS 488P, HA 488P.
• Subject to differential fees; consult Fees for Undergraduate Programs.

AHVS 488Q  Units: 1.5  Hours: 3-0
Formerly: HA 488Q
Financial Management in Cultural Organizations
Examines the complex factors which affect the financial management and stability of cultural organizations, with particular emphasis on museums and heritage agencies. Topics include the changing funding environment; characteristics of non-profit agencies; strategic, operational and business planning; budgeting and accounting systems; forecasting; fundraising; grantmanship and revenue development; managing capital projects; and legal and ethical considerations.
Notes:
• Credit will be granted for only one of AHVS 488Q, HA 488Q.
• Subject to differential fees; consult Fees for Undergraduate Programs.

AHVS 488R  Units: 1.5  Hours: 3-0
Formerly: HA 488R
Planning in Cultural Organizations
The central roles of planning in project development and/or organizational management and change are explored, along with a range of planning principles and methodologies suited to the museum, heritage, and cultural sectors.
Notes:
• Credit will be granted for only one of AHVS 488R, HA 488R.
• Subject to differential fees; consult Fees for Undergraduate Programs.

<tr>
<th>Course Code</th>
<th>Units</th>
<th>Hours</th>
<th>Description</th>
</tr>
</thead>
</table>
| AHVS 488S  | 1.5   | 3-0   | Building Community Relationships  
Strong, sustained and mutually beneficial relationships with communities are critical to museums, heritage agencies and cultural organizations that seek relevant, positive and socially responsible roles in society. Explores the complex factors that are reshaping relationships with communities and addresses methods of defining community characteristics and needs, potential community roles and relationships with cultural organizations, and strategies for creating and maintaining relationships with diverse groups. |
| AHVS 488S  | 1.5   | 3-0   | Managing Archival Collections  
A focus on archival collections as components of museum collections requiring specialized organization, management and care. Topics include the value and nature of archival materials; theories, principles, and practices governing archival management; legal, administrative, and professional frameworks; appraisal, acquisition, and accessioning; arrangement and description; physical processing and storage; preventive conservation; reference services and access; sharing archives and using them to enhance exhibits, education and outreach. |
| AHVS 488U  | 1.5   | 3-0   | Museums as Learning Environments  
Examines the role of museums, galleries, interpretive centres and other related organizations as effective informal learning environments. Topics include an exploration of the history and frameworks for museum learning and practice, learning theories and understanding visitors, audience engagement and development, organizations and facilities that support learning, strategies for design and marketing, research and evaluation of learning initiatives. |
| AHVS 488W  | 1.5   | 3-0   | Social Engagement  
Explores the profound social changes that are reshaping the nature and purposes of museums and other cultural heritage organizations in a pluralistic society. Considers the implications for all aspects of their specialized functions. Particular focus on how such organizations serve as dynamic social spaces for community engagement and action. |
| AHVS 488X  | 1.5   | 3-0   | Curatorial Planning and Practice  
Considers how traditional concepts of curatorial have shifted significantly in the face of more democratic relations with community, more subjective perspectives of knowledge, and increasing emphasis on the museum's social and educative roles. Explores the nature and scope of contemporary critical curatorial theory and practice and focuses on the ways in which curators engage with cultural heritage resources, develop sustainable collections, and generate and share associated knowledge to meet the needs of diverse communities. |
| AHVS 488Y  | 1.5   | 3-0   | Visitor Experiences  
Explores the evolving concept and implications of a holistic approach to visitor engagement in museums and other cultural heritage institutions. Focuses on museums’ relationships with their publics, their capacity to serve as social spaces, strategies for audience research, the characteristics of visitors, communications, exhibitions, formal and informal learning activities and evaluation strategies. |
| AHVS 489A  | 1.5   | 3-0   | Heritage Area Conservation  
Topics in the conservation and rehabilitation of historic urban and rural areas. The historical, aesthetic, economic, social, and legal aspects of heritage area planning will be considered. Case histories and planning models will be discussed. An applied studies project normally will be assigned. |

Notes:
- Subject to differential fees; consult Fees for Undergraduate Programs.

</table>
| AHVS 489C  | 1.5   | 3-0   | Determining Significance of Heritage Resources  
Definition of the heritage value or significance of a historic place or resource is a key step in the inventory and management of heritage resources. This course begins with an exploration of the range of historical, aesthetic, social and scientific values that establish the characteristic-defining elements of historic resources, including buildings, structures, historic districts and cultural landscapes. Various methods of inventory and evaluation, from numerical scoring systems to systems that establish historical contexts or thematic studies, are discussed along with their roles in guiding subsequent conservation planning and decision-making. |
| AHVS 489D  | 1.5   | 3-0   | Studies in Building Conservation  
Theoretical and applied studies in the conservation of historic structures. Topics may include site history, pathology, preservation and repair of selected materials (wood, masonry, brick, plasterwork, metalwork), chromochronology. Laboratory sessions on the examination and analysis of materials may be conducted. |
| AHVS 489E  | 0.5-1.5 | 3-0 | Topics in Heritage Conservation  
An intensive study of some special aspect or area of heritage conservation. Content may vary each year. |

Notes:
- Subject to differential fees; consult Fees for Undergraduate Programs.
AHVS 489G Units: 1.5 Hours: 3-0
Formerly: HA 489G
Cultural Landscapes
Culturally modified landscapes are important heritage resources, both in their own right and as a context for historic places. Explores the range and characteristics of cultural landscapes including gardens, parks, transportation corridors, and settlement and traditional use sites; and focuses on methods of reading landscapes to determine significance and character defining elements; site examination, inventory and analysis; preservation and conservation strategies; preservation legislations, planning, easements, registration and funding. Field work is featured.
Notes:
• Credit will be granted for only one of AHVS 489G, HA 489G.
• Subject to differential fees; consult Fees for Undergraduate Programs.
AHVS 489H Units: 1.5 Hours: 3-0
Formerly: HA 489H
Cultural Tourism
Visitors to museums and heritage organizations are seeking authentic, engaging and memorable experiences that foster an awareness of the history and culture of local communities. Explores the complex dynamics, benefits, and issues associated with cultural tourism and provides strategies to assess the opportunities and implications associated with tourism development and programming for cultural institutions.
Notes:
• Credit will be granted for only one of AHVS 489H, HA 489H.
• Subject to differential fees; consult Fees for Undergraduate Programs.
AHVS 489J Units: 1.5 Hours: 3-0
Formerly: HA 489J
Conserving Historic Structures
The steps involved in identifying and recommending strategies to conserve historic structures are addressed. Topics include the components, materials and systems of historic structures; factors causing deterioration; investigation and documentation techniques; approaches to conservation treatments; and project management strategies. Participants will have opportunities to focus on selected architectural materials and features.
Notes:
• Credit will be granted for only one of AHVS 489J, HA 489J.
• Subject to differential fees; consult Fees for Undergraduate Programs.
AHVS 489K Units: 1.5 Hours: 3-0
Formerly: HA 489K
Heritage Conservation in Context
Addresses the complex range of principles and practices that influence heritage preservation and conservation planning and decision-making. The implications of international and national conservation charters, principles, standards and guidelines are discussed, along with legal, programmatic and financial incentives and constraints.
Notes:
• Credit will be granted for only one of AHVS 489K, HA 489K.
• A combined undergraduate and graduate course.
• Subject to differential fees; consult Fees for Undergraduate Programs.
AHVS 489L Units: 1.5 Hours: 3-0
Formerly: HA 489L
Heritage Conservation Planning
Focuses on approaches to planning and heritage conservation decision-making, and discusses the components of the conservation planning process including community involvement and consultation, the acquisition and integration of technical information and professional expertise, and the integration of conservation planning in the long-term management of heritage resources.
Notes:
• Credit will be granted for only one of AHVS 489L, HA 489L.
• A combined undergraduate and graduate course.
• Subject to differential fees; consult Fees for Undergraduate Programs.
AHVS 490 Units: 1.5 or 3.0
Formerly: HA 490
Directed Studies
A course of directed readings and written assignments taken under the supervision of a faculty member.
Notes:
• Credit will be granted for only one of AHVS 490, HA 490 (if taken in the same topic).
• May be taken more than once for credit in different topics to a maximum of 3 units.
• Pro Forma required.
Prerequisite(s):
• Declared Honours or Major in Art History and Visual Studies; or
• permission of the department.
AHVS 491A Units: 1.5 or 3.0
Formerly: HA 491A
Directed Studies in Cultural Resource Management
A course of directed readings and written assignments taken under the supervision of a faculty member.
Notes:
• Credit will be granted for only one of AHVS 491A, HA 491A.
• Pro Forma required.
Prerequisite(s):
• Admission to Diploma program in Cultural Resource Management; or
• permission of the department.
Grading: May be INP, standard grade.
AHVS 491B Units: 1.5 or 3.0
Formerly: HA 491B
Practicum in Cultural Resource Management
Application of cultural resource management theories to field-based practice through placement with an organization.
Note: Credit will be granted for only one of AHVS 491B, HA 491B, HA 491B.
Prerequisite(s):
• Minimum third-year standing, and
• declared Honours or Major in Art History and Visual Studies or Visual Arts or admission to Diploma in Cultural Resource Management; and
• permission of the department.
Grading: INP, COM, N, F.
AHVS 492 Units: 1.5 or 3.0 Hours: 3-0
Formerly: HA 492
Advanced Studies in Art History and Visual Studies
An opportunity for highly qualified undergraduate students to take a graduate seminar in the department for undergraduate credit.
Notes:
• Credit will be granted for only one of AHVS 492, HA 492 (if taken in the same topic).
• May be taken more than once for credit in different topics to a maximum of 3 units.
• Pro Forma required.
Prerequisite(s):
• Admission to Diploma in Cultural Resource Management or declared Honours or Major in Art History and Visual Studies; and
• permission of the department.
AHVS 493 Units: 1.5 Hours: 3-0
Formerly: HA 493
Seminar on the Williams Collection
An intensive study of selected aspects of the Williams Collection.
Notes:
• Credit will be granted for only one of AHVS 493, HA 493 (if taken in the same topic).
• May be taken more than once for credit with permission of the department.
• A combined undergraduate and graduate course.
• Several classes may be taught at area museums and galleries.
Prerequisite(s): Minimum fourth-year standing.
AHVS 498 Units: 1.5 Hours: 3-0
Formerly: HA 498
Majors Seminar
Explores diverse skills developed during undergraduate studies and their applicability to careers. Discusses the value of liberal arts, competencies employers seek, and emerging interdisciplinary areas, intersections between art and science, virtual exhibitions and on-line curation. Participants create a video clip and a WordPress blog that represent skills to audiences including potential employers.
Notes:
• Credit will be granted for only one of AHVS 498, HA 411 (if taken in Sep-Dec 2014), HA 498.
• Open to Honours in Art History and Visual Studies students with permission of the department.
AHVS 499 Units: 1.5 Hours: 3-0
Formerly: HA 499
Honours Seminar
Intended to instruct fourth-year honours students in problems and methodology of advanced research.
Note: Credit will be granted for only one of AHVS 499, HA 499.
**ANTH 100 - ANTH 311**

**Anthropology**

**Department of Anthropology**

**Faculty of Social Sciences**

**ANTH 100**  Units: 1.5  Hours: 3-1
Formerly: 100A, 100B

**Introduction to Anthropology**

An introductory survey of the sub-fields of anthropology: biological anthropology, archaeology, cultural and social anthropology, and linguistic anthropology. Topics include the human fossil record, the archaeological record from Paleolithic cultures to urban civilizations, and examination of contemporary human societies, drawn from various levels of complexity.

**Notes:** Credit will be granted for only one of ANTH 100, ANTH 100A, ANTH 100B.

**ANTH 150**  Units: 1.5  Hours: 3-0

**Exploring Anthropology**

Introduces topics from Anthropology on the cultural and biological diversity of past and present human and primate lives. The topic may change from year to year.

**Notes:**
- May be taken more than once for credit in different topics to a maximum of 3 units.
- Topic information will be provided by the department.

**ANTH 200**  Units: 1.5  Hours: 2-0-2
Formerly: 200A, 200B

**Cultural and Social Anthropology**

Introduction to the analysis of sociocultural systems. Major topics include subsistence, production and distribution, social organization, politics, religion, kinship, symbolic systems, and cultural change from an international perspective.

**Notes:** Credit will be granted for only one of ANTH 200, ANTH 200A, ANTH 200B.

**Prerequisite(s):**
- Minimum second-year standing, or
- permission of the program.

**ANTH 210**  Units: 1.5  Hours: 3-0

**Visual Anthropology: A Global Perspective**

Introduction to visual anthropology. Visual practice and representation will be explored through major topics including power and knowledge, performance, digital media, space and place, design, race, gender and sexuality.

**Prerequisite(s):**
- Minimum second-year standing, or
- permission of the program.

**ANTH 240**  Units: 1.5  Hours: 2-2

**Archaeology**

An introduction to archaeological research and problems of interpretation. Laboratories will provide an opportunity to become familiar with archaeological materials and with some basic techniques of analysis.

**Prerequisite(s):**
- Minimum second-year standing, or
- permission of the program.

**ANTH 250**  Units: 1.5  Hours: 2-2

**Biological Anthropology**

An introduction to human biological evolution. Topics include the study of non-human primates, investigation of the human fossil record, human skeletal variation, population genetics, growth and development and morphological variation.

**Prerequisite(s):**
- Minimum second-year standing, or
- permission of the program.

**ANTH 260**  Units: 1.5  Hours: 3-0
Formerly: ANTH 316, ANTH 416

**Introduction to Anthropological Research**

Introduction to the diverse methods of inquiry and interpretation used in anthropological research, and key debates about the status of anthropological data and knowledge, the conditions of their production, and innovative directions in the development of anthropological research. Focuses on the relationship between methodology and theory, ethics, research design, and qualitative and quantitative data collection and analysis.

**Note:** Credit will be granted for only one of ANTH 260, ANTH 316, ANTH 416.

**Prerequisite(s):** One of ANTH 200, ANTH 240, ANTH 250.

**ANTH 302**  Units: 1.5  Hours: 3-0

**Globalization, Health, and the Environment**

A comparative framework for understanding the relationship between global processes, the environment and health. Topics may include the origin and evolution of infectious diseases with human societies, social and economic inequalities, violence, gender, diet, health policies, technologies, pandemics, climate change, and health care industries. Emphasis on how local experiences of health are linked to global processes via the environment.

**Prerequisite(s):** Minimum second-year standing.

**ANTH 303**  Units: 1.5  Hours: 3-0

**Anthropology of Sound**

Examines sound-related dimensions from an anthropological perspective. Draws on ethnographies of listening, sound art works and recent writings in Sound Studies. Students experiment with soundscape production.

**Prerequisite(s):** Minimum second-year standing.

**ANTH 304**  Units: 1.5  Hours: 3-0

**Technology and Culture**

Critical approaches to the anthropological study of technology. The focus may be on prehistoric or contemporary technology.

**Prerequisite(s):** ANTH 100 or ANTH 200.

**ANTH 305**  Units: 1.5  Hours: 3-0

**Anthropology of the Arts**

Critical approaches to the anthropological study of the visual arts of the 19th and 20th centuries using case study examples from a variety of geographical areas.

**Prerequisite(s):** ANTH 100 or ANTH 200.

**ANTH 306**  Units: 1.5  Hours: 3-0

**Folklore in Contemporary Society**

Anthropological analysis of oral traditions from a range of societies. The structure and functions of specific types of material. The relation of the study of folklore to other interests in anthropology.

**Prerequisite(s):** ANTH 100 or ANTH 200.

**ANTH 307**  Units: 1.5  Hours: 3-0

**Anthropology of Children and Youth**

An examination of current anthropological research on infants, children, and youth, with particular emphasis on young people as social actors and cultural producers.

**Note:** Credit will be granted for only one of ANTH 307, ANTH 390A, ANTH 393 (if taken in the same topic).

**Prerequisite(s):** ANTH 200.

**ANTH 308**  Units: 1.5  Hours: 3-0

**Legality and Social Justice in Global Perspective**

A cross-cultural analysis of concepts of justice and the construction of legality in a range of societies with varying degrees of complexity. Topics include contemporary initiatives aimed at achieving social justice internationally by drawing on indigenous concepts and structures in the restructurings of legality as it is practiced in industrial and post-industrial societies.

**Note:** Credit will be granted for only one of ANTH 308, ANTH 390A, ANTH 393 (if taken in the same topic).

**Prerequisite(s):**
- ANTH 100 or ANTH 200, or
- permission of the program.

**ANTH 309**  Units: 1.5  Hours: 3-0

**Anthropology and Film and Video**

Examination of theoretical and methodological approaches to visual anthropological research in film and video.

**Note:** Credit will be granted for only one of ANTH 309, ANTH 390 (if taken in the same topic), ANTH 409.

**Prerequisite(s):** ANTH 200.

**ANTH 310**  Units: 1.5  Hours: 3-0

**Anthropological Approaches to Comparative Religion**

Consideration of the various approaches to the study of religion and religious behaviour used by anthropologists. Comparative analysis of belief and ritual systems.

**Prerequisite(s):** One of ANTH 100, ANTH 200, ANTH 321.

**ANTH 311**  Units: 1.5  Hours: 3-0
Formerly: 211

**Introduction to Engaged and Practicing Anthropology**

An introduction to anthropologically-informed approaches to research engaged with finding solutions to practical problems of contemporary significance. Surveys applications of anthropological research to various fields such as public policy, environment, education, law, medicine, and heritage resource management. Discusses the burgeoning professional practice of anthropology outside academic institutions.

**Note:** Credit will be granted for only one of ANTH 311, ANTH 211.

**Prerequisite(s):** ANTH 100 or ANTH 200.
ANTH 312 Units: 1.5 Hours: 3-0
Formerly: 412
Introduction to Medical Anthropology
An introduction to the main themes and theoretical frameworks in medical anthropology, including applied medical anthropology, cultural construction of illness, and critical medical anthropology. Topics may include enduring cultural traditions of healing, the place of infectious diseases in human societies, contributions and critiques of biomedicine, medicalization, nutrition, global health campaigns, and the comparative study of medical systems.
Note: Credit will be granted for only one of ANTH 312, ANTH 412.
Prerequisite(s): One of ANTH 100, ANTH 200, ANTH 250.

ANTH 314 Units: 1.5 Hours: 3-0
Economic Anthropology
A comparative analysis of the social context of production, distribution and exchange systems in local and global contexts.
Notes:
• Credit will be granted for only one of ANTH 314, ANTH 393 (if taken in the same topic).
• Not open to students with credit in ANTH 405.
Prerequisite(s): Minimum second-year standing.

ANTH 315 Units: 1.5 Hours: 3-0
Living Technologies
Students interact with expert craftspeople to learn about the constraints and possibilities of various media (stone, clay and fibre) as well as the dimensions of choice and cultural significance that shape technology styles. Emphasis on material culture’s active role in the production of culture and in the making of human life experience.
Prerequisite(s):
• ANTH 240; and
• declared Honours or Major in Anthropology; or
• permission of the program.

ANTH 317 Units: 1.5 Hours: 3-0
Formerly: 417
Quantitative Methods in Anthropological Research
Formal methods of statistical analysis in Anthropology.
Note: Credit will be granted for only one of ANTH 317, ANTH 417.
Prerequisite(s):
• One of ANTH 200, ANTH 240, ANTH 250; and
• ANTH 260 or ANTH 316.

ANTH 318 Units: 1.5 Hours: 3-0
Ethnographic Research Methods
Review of ethnographic methods used in the field by cultural anthropologists. Topics include the relationship between field methods and theory in anthropology, field experiences and techniques, and qualitative data analysis.
Note: Credit will be granted for only one of ANTH 318, ANTH 390, ANTH 395 (if taken in the same topic).
Prerequisite(s):
• ANTH 200; and
• ANTH 260 or ANTH 316.

ANTH 319 Units: 1.5 Hours: 3-0
Research Methods in Archaeology and Biological Anthropology
Research methods employed by archaeologists and biological anthropologists in lab and field settings. Topics include research design and project management, hypothesis testing, sampling, database management, data presentation, scientific writing, and the integration of new technologies to answer long-standing questions in these sub-disciplines.
Prerequisite(s):
• ANTH 260 or ANTH 316; and
• ANTH 240 or ANTH 250.

ANTH 323 Units: 1.5 Hours: 3-0
Anthropology of the Circumpolar Region
Discussion and analysis of the peoples and cultures of Arctic and sub-Arctic Eurasia and North America.
Prerequisite(s):
• ANTH 200; or
• permission of the program.

ANTH 325 Units: 1.5 Hours: 3-0
Anthropology of South America
Discussion and analysis of the peoples and cultures of South America.
Prerequisite(s):
• ANTH 200; or
• permission of the program.

ANTH 329 Units: 1.5 Hours: 3-0
Anthropology of Southeast Asia
Discussion and analysis of the peoples and cultures of Mankind and Island Southeast Asia.
Prerequisite(s):
• ANTH 200; or
• permission of the program.

ANTH 330 Units: 1.5 Hours: 3-0
Anthropology of South Asia
Discussion and analysis of the peoples and cultures of the Indian subcontinent.
Prerequisite(s):
• ANTH 200; or
• permission of the program.

ANTH 332 Units: 1.5 Hours: 3-0
Anthropology of Europe
Discussion and analysis of the peoples of Europe. Topics may include folk cultures, migration, urbanization, industrialization, and the emergence of ethnicity and of nationalist movements.
Prerequisite(s):
• ANTH 200; or
• permission of the program.

ANTH 336 Units: 1.5 Hours: 3-0
Contemporary Aboriginal Peoples of Canada
Introduction to and survey of contemporary social, political, economic and cultural issues in contemporary aboriginal communities in Canada.
Prerequisite(s): Minimum third-year standing.

ANTH 337 Units: 1.5 Hours: 3-0
Anthropology of Eurasia
An exploration of the socialist experience and its aftermath in Eurasia. Analysis of the historical and political processes that shaped this region, of cultural and social trends in selected countries and an overview of anthropological approaches to Eurasia.
Note: Credit will be granted for only one of ANTH 337, ANTH 391 (if taken in the same topic).
Prerequisite(s):
• ANTH 200; or
• permission of the program.

ANTH 338 Units: 1.5 Hours: 3-0
Anthropology of The Indigenous Peoples of British Columbia
An integrated description and analysis of the cultural history and current issues surrounding aboriginal peoples in British Columbia.
Note: Credit will be granted for only one of ANTH 338, ANTH 390, ANTH 391.
Prerequisite(s):
• ANTH 200; or
• permission of the program.

ANTH 340 Units: 1.5 Hours: 3-0
Archaeology of British Columbia
Reviews the archaeological evidence of 14,000 years of First Nations occupation of British Columbia. Emphasizes continuity and change in subsistence, settlement, technology, and the environment from the last Ice Age through the arrival of Europeans.
Prerequisite(s): Minimum second-year standing.

ANTH 341 Units: 1.5 Hours: 3-0
Formerly: 341A
Paleolithic Archaeology
A review of the formative phases in the development of prehistoric cultures and societies during the Plio-Pleistocene in Africa, Eurasia and Australasia. Archaeological evidence on cultural beginnings, ecology, subsistence systems, technology and social life of early humankind.
Note: Credit will be granted for only one of ANTH 341, ANTH 341A.
Prerequisite(s): ANTH 240.

ANTH 343 Units: 1.5 Hours: 0-3
Archaeological Field Techniques
Training in the methods and techniques of archaeology through participation in a field project. Complements the regional topics of 344, with which it will normally be combined to form the archaeological field school.
Note: Credit will be granted for only one of ANTH 343, ANTH 390 (if taken in the same topic).
Prerequisite(s):
• ANTH 240; and
• permission of the program.
ANTH 344 Units: 1.5 Hours: 3-0
Regional Topics in Archaeology
Intensive study of topics in archaeological method and theory relevant to the interpretation of a single site or region. Complements the applied archaeological research of 343, with which it will normally be combined to form the archaeological field school.
Notes:
• Credit will be granted for only one of ANTH 344, ANTH 390 (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.
Prerequisite(s): ANTH 240, and permission of the program.

ANTH 347 Units: 1.5 Hours: 3-0
Stone Age of Africa
An overview of the Stone Age prehistory of Africa, from the earliest stone tools to the beginnings of agriculture, involving an in-depth examination of a number of important archaeological sites.
Note: Credit will be granted for only one of ANTH 347, ANTH 390, ANTH 392 (if taken in the same topic).
Prerequisite(s): ANTH 240.

ANTH 348 Units: 1.5 Hours: 3-0
Peopling of New Territories
Current reconstructions show humans initially evolved in Africa, and subsequently expanded their range to the extent that, by the time of European voyages of world exploration, people were already almost everywhere. Focuses on the processes by which humans discovered and adapted to previously unsettled lands. Emphasis will be on archaeological data and interpretation via selected case studies, particularly the first people of Australia, the Pacific, and the Americas.
Note: Credit will be granted for only one of ANTH 348, ANTH 390, ANTH 392 (if taken in the same topic).
Prerequisite(s): ANTH 240.

ANTH 349 Units: 1.5 Hours: 3-0
Paleolithic Art
Explores the evidence for the origins and development of cave art, personal adornment and symbol use in the Paleolithic and their role in the evolution of human cognition. Specific topics include the definition of art in an archeological context, dating and analysis techniques, contemporary examples of rock art, and possible meanings and functions of art and personal adornment during the Paleolithic.
Note: Credit will be granted for only one of ANTH 349, ANTH 390, ANTH 392 (if taken in the same topic).
Prerequisite(s): ANTH 240.

ANTH 350 Units: 1.5 Hours: 3-0
Formerly: 350A
Primate Behavioural Ecology
Fundamentals of primate behavioural ecology, including theoretical approaches, history of the discipline within anthropology, taxonomy, zoogeography, ecology, behaviour, communication, and natural history of non-human primates.
Note: Credit will be granted for only one of ANTH 350, ANTH 350A.
Prerequisite(s): Either ANTH 250, or BIOL 215 and BIOL 345.

ANTH 351 Units: 1.5 Hours: 2-2
Formerly: 350B
Human Origins
Examination of the fossil evidence for human evolution emphasizing the interpretation and reconstruction of the human lineage.
Note: Credit will be granted for only one of ANTH 351, ANTH 350B.
Prerequisite(s): ANTH 250.

ANTH 352 Units: 1.5 Hours: 2-2
Formerly: 451
Human Osteology
Theoretical and methodological approaches to the study of human skeletal remains.
Note: Credit will be granted for only one of ANTH 352, ANTH 451.
Prerequisite(s): ANTH 250.

ANTH 355 Units: 1.5 Hours: 3-0
AIDS in the World
Survey and analysis of the biological and social issues arising from the Acquired Immune Deficiency Syndrome pandemic.
Note: Credit will be granted for only one of ANTH 355, ANTH 390 (if taken in the same topic).
Prerequisite(s): ANTH 250.

ANTH 356 Units: 1.5 Hours: 3-0
Sex and Drugs, Biology and Culture
A survey of historic and contemporary attempts to enhance sexual pleasure or control the biological consequences of human sex via chemical means. Topics include the history, marketing and adoption of female contraceptives, erectile dysfunction drugs, and pre-and post- exposure prophylaxis programs, Highly Active Anti-Retroviral Therapy and HIV/ AIDS, and recreational and designer drugs including crystal methamphetamine and Ecstasy.
Prerequisite(s): ANTH 250.

ANTH 357 Units: 1.5 Hours: 3-0
The Human Animal
Introduction to human evolutionary biology. Explores how evolutionary forces have shaped human anatomy, biology and behaviour. Examines patterns of human biological variation and the genetic and environmental factors that contribute to this variation, and how biological plasticity of humans both shapes this variation and contributes to potential health problems.
Note: Credit will be granted for only one of ANTH 357, ANTH 394 (if taken in the same topic).
Prerequisite(s): One of ANTH 250, BIOL 184, BIOL 190B, BIOC 230.

ANTH 360 Units: 1.5 Hours: 1-2
Zooarchaeology
An introduction to the study of animal bones from archaeological sites, with a lecture component emphasizing general methodology and case studies from different regions and a laboratory component focusing on the analysis of Northwest Coast fauna.
Note: Credit will be granted for only one of ANTH 360, ANTH 390, ANTH 392 (if taken in the same topic).
Prerequisite(s): ANTH 240.

ANTH 361 Units: 1.5 Hours: 3-0
Archaeology of Medieval Europe
Introduction to the theory and practice of medieval archaeology, illustrated case studies and experimental archaeology. Explores a range of themes including status, gender, technology, religion, and daily life.
Note: Credit will be granted for only one of ANTH 361, ANTH 392 (if taken in the same topic), MEDI 360 (if taken in the same topic).
Prerequisite(s): Minimum third-year standing.

ANTH 362 Units: 1.5 Hours: 3-0
Archaeology of Children
Drawing on data from a wide range of disciplines, explores what can be learned about the lives of children in the past and through them, the values, beliefs, and behaviours of the cultures of which they were a part.
Note: Credit will be granted for only one of ANTH 362, ANTH 392 (if taken in the same topic).
Prerequisite(s): Minimum second-year standing.
Recommendation(s): ANTH 240 recommended prior to ANTH 362.

ANTH 365 Units: 1.5 Hours: 3-0
Colonialism and Daily Life
Comparative analysis of how daily life was transformed through colonial processes in different regional and temporal contexts. Draws on studies in archaeology and historical anthropology from Africa, Europe, and North America to explore processes and consequences of colonial entanglements for both colonizers and the colonized. Emphasizes importance of material culture as an active component of cultural transformations.
Prerequisite(s): Minimum second-year standing.

ANTH 366 Units: 1.5 Hours: 3-0
Anthropology of Reproduction
A survey of contemporary anthropological research on human reproduction, including diversity in cultural meanings of childbearing and the ways in which reproduction is shaped by social hierarchies of gender, wealth, ethnicity, sexuality and disability.
Note: Credit will be granted for only one of ANTH 366, ANTH 390, ANTH 393 (if taken in the same topic).
Prerequisite(s): ANTH 200.
ANTH 367 - Units: 1.5 - Hours: 3-0
Heritage and Historical Archaeology Field Course
Introduces students to the archaeological methods used in recording historical cemeteries using a hands-on approach. Students will learn and practice a range of skills including: data collection and management (field and lab), mapping and recording, archival research, and project design and implementation.
Note: Credit will be granted for only one of ANTH 367, ANTH 390, ANTH 390A (if taken in the same topic).
Prerequisite(s):
- ANTH 240; or
- permission of the department.

ANTH 371 - Units: 1.5 - Hours: 3-0
Anthropology of Mexico
Introduction to the diverse peoples and cultures of Mexico from the pre-Conquest period to the present day. Topics may include colonialism, religion, narcotraficking, neoliberalism, tourism, migration and social movements.
Note: Credit will be granted for only one of ANTH 371, ANTH 391 (if taken in the same topic).
Prerequisite(s):
- ANTH 200; or
- permission of the program.

ANTH 372 - Units: 1.5 - Hours: 3-0
Economic Underworlds and Globalization
Explores the role illicit transnational flows of goods, money, information, and people play in the contemporary global economy. Topics may include borders, drugs and drug prohibition, human smuggling, organ trafficking, conflict resources and piracy.
Note: Credit will be granted for only one of ANTH 372, ANTH 393 (if taken in the same topic).
Prerequisite(s):
- ANTH 200; or
- permission of the program.

ANTH 380 - Units: 1.5 - Hours: 3-0
Directed Experiential Learning in Anthropology
Conducted in relation to work or volunteer activities with a host organization identified by the student and approved by the department. Student will engage in experiential learning and assessment of anthropological methods in an applied setting. Student will work with an instructor to identify issues to be explored and what course assessment methods will be used before the experiential learning opportunity begins. Must include at least 150 hours of work or volunteer activities. Assessment typically involves a reflective journal and final paper.
Note: Students are responsible for proposing an internship and arranging for a supervising instructor.
Prerequisite(s):
- Minimum third-year standing; and
- minimum GPA of 6.5 in 300- and 400-level ANTH courses; and
- minimum cumulative GPA of 5.5; and
- declared Honours or Major in Anthropology.

ANTH 381 - Units: 1.5 - Hours: 0-3
Cultural Anthropology Field School Methods
Training in the methods associated with fieldwork in cultural anthropology through participation in a field school project. Complements the regional topics of 382, with which it will normally be combined to form the cultural anthropology field school.
Note: Credit will be granted for only one of ANTH 381, ANTH 395 (if taken in the same topic).
Prerequisite(s):
- ANTH 200; and
- permission of the program.

ANTH 382 - Units: 1.5 - Hours: 3-0
Cultural Anthropology Field School Regional Topics
Immersive study of topics in cultural anthropology relevant to one or more region(s). Complements the applied cultural anthropology field methods of 381, with which it will normally be combined to form the cultural anthropology field school.
Note: Credit will be granted for only one of ANTH 382, ANTH 393 (if taken in the same topic).
Prerequisite(s):
- ANTH 200; and
- permission of the program.

ANTH 383 - Units: 1.5 - Hours: 3-0
Selected Problems in Anthropology: Area Studies
Presentation of selected problems in anthropology. * Contact hours may vary depending on the topic.
Notes:
- Credit will be granted for only one of ANTH 383, ANTH 393, ANTH 390A (if taken in the same topic).
- May be taken more than once for credit in different topics.
- Topics information will be provided by the departmental office.
Prerequisite(s):
- For students with declared Honours or Major in Anthropology:
  - set by department depending upon topic.
- For students without declared Honours or Major in Anthropology:
  - permission of the program.

ANTH 391 - Units: 1.5 - Hours: 3-0
ANTH 392 - Units: 1.5 - Hours: 3-0
Selected Problems in Anthropology: Archaeology
Presentation of selected problems in anthropology. * Contact hours may vary depending on the topic.
Notes:
- Credit will be granted for only one of ANTH 383, ANTH 390, ANTH 390A (if taken in the same topic).
- May be taken more than once for credit in different topics.
- Topics information will be provided by the departmental office.
Prerequisite(s):
- For students with declared Honours or Major in Anthropology:
  - set by department depending upon topic.
- For students without declared Honours or Major in Anthropology:
  - permission of the program.

ANTH 393 - Units: 1.5 - Hours: 3-0
Recently:
Selected Problems in Anthropology: Cultural Anthropology
Presentation of selected problems in anthropology. * Contact hours may vary depending on the topic.
Notes:
- Credit will be granted for only one of ANTH 393, ANTH 390, ANTH 390A (if taken in the same topic).
- May be taken more than once for credit in different topics.
- Topics information will be provided by the departmental office.
Prerequisite(s):
- For students with declared Honours or Major in Anthropology:
  - set by department depending upon topic.
- For students without declared Honours or Major in Anthropology:
  - permission of the program.

ANTH 394 - Units: 1.5 - Hours: 3-0
Formerly: 390
Selected Problems in Anthropology: Biological Anthropology
Presentation of selected problems in anthropology. * Contact hours may vary depending on the topic.
Notes:
- Credit will be granted for only one of ANTH 393, ANTH 390, ANTH 390A (if taken in the same topic).
- May be taken more than once for credit in different topics.
- Topics information will be provided by the departmental office.
Prerequisite(s):
- For students with declared Honours or Major in Anthropology:
  - set by department depending upon topic.
- For students without declared Honours or Major in Anthropology:
  - permission of the program.

ANTH 395 - Units: 1.5 - Hours: 3-0
Formerly: 390
Selected Problems in Anthropology: Method and Theory
Presentation of selected problems in anthropology. * Contact hours may vary depending on the topic.
Notes:
- Credit will be granted for only one of ANTH 393, ANTH 390, ANTH 390A (if taken in the same topic).
- May be taken more than once for credit in different topics.
- Topics information will be provided by the departmental office.
Prerequisite(s):
- For students with declared Honours or Major in Anthropology:
  - set by department depending upon topic.
- For students without declared Honours or Major in Anthropology:
  - permission of the program.

Life and Death in the Viking World

A detailed look at the nature and impact of the Viking expansion in the North Atlantic (including the British Isles, the Faroes, Iceland, Greenland and North America) in the period defined rather broadly from c. 800-1300 AD. The social and ecological consequences of migration are explored, drawing on a variety of sources including archaeological data, saga literature, and historical sources.

Note: Credit will be granted for only one of ANTH 398, ANTH 392 (if taken in the same topic).

Prerequisite(s): ANTH 240.

Method and Theory in Bioarchaeology

A seminar course that discusses, in archaeological contexts, methodological, theoretical and ethical issues involved in the study of human skeletal remains to reconstruct life histories of past populations and individuals.

Note: Credit will be granted for only one of ANTH 454, ANTH 452 (if taken in the same topic).

Prerequisite(s): ANTH 352.
ANTH 455 Units: 1.5 Hours: 3-0
Advanced Topics in the Anthropology of HIV/AIDS
Reading in and analysis of specific topics of HIV/AIDS social epidemiology within Canada and internationally including biocultural issues specific to Men Who Have Sex With Men, People Who Use Injection Drugs, Female and Male Sex Workers and their clients, risk compensation, risk perception, treatment optimism, and sexual altruism.
Note: Credit will be granted for only one of ANTH 455, ANTH 394 (if taken in the same topic).
Prerequisite(s): ANTH 355.

ANTH 460 Units: 1.5 Hours: 2-2
Ethnographic Mapping and Indigenous Cartographies
Skills-based seminar on land use and occupancy mapping (also called Traditional Use Study mapping) of indigenous territories in respect of land claims and resource rights, and critically evaluating power relations, knowledge practices, and ontologies of ‘counter-mapping’ and other contemporary indigenous cartographies.
Prerequisite(s): ANTH 200 and ANTH 240.
Recommendation(s): One of ANTH 323, ANTH 325, ANTH 336, ANTH 338, ANTH 340 strongly recommended prior to ANTH 460.

ANTH 481 Units: 1.5 Hours: 3-0
Seminar in Area Studies
Presentation of selected topics in area studies.
Note: May be taken more than once for credit in different topics with permission of the department.
Prerequisite(s): ANTH 200.

ANTH 482 Units: 1.5 Hours: 3-0
Seminar in Archaeology
Presentation of selected topics in Archaeology.
Note: May be taken more than once for credit in different topics with permission of the department.
Prerequisite(s): ANTH 240.

ANTH 483 Units: 1.5 Hours: 3-0
Seminar in Cultural Anthropology
Presentation of selected topics in Cultural Anthropology.
Note: May be taken more than once for credit in different topics with permission of the department.
Prerequisite(s): ANTH 200.

ANTH 484 Units: 1.5 Hours: 3-0
Seminar in Biological Anthropology
Presentation of selected topics in Biological Anthropology.
Note: May be taken more than once for credit in different topics with permission of the department.
Prerequisite(s): ANTH 250.

ANTH 485 Units: 1.5 Hours: 3-0
Seminar in Method and Theory
Presentation of selected topics in Method and Theory.
Note: May be taken more than once for credit in different topics with permission of the department.

ANTH 491 Units: 1.5 Hours: 3-0
Directed Studies in Anthropology: Area Studies
Individual study of specific research topics in area studies with close collaboration and consent of the department and individual instructor.
Note: Credit will be granted for only one of ANTH 491, ANTH 490 (if taken in the same topic).
Prerequisite(s):
- Minimum fourth-year standing, and
- minimum GPA of 6.5 in 300- and 400-level ANTH courses; and
- minimum cumulative GPA of 5.5; and
declared Honours or Major in Anthropology.

ANTH 492 Units: 1.5 Hours: 3-0
Directed Studies in Anthropology: Archaeology
Individual study of specific research topics in archaeology with close collaboration and consent of the department and individual instructor.
Note: Credit will be granted for only one of ANTH 492, ANTH 490 (if taken in the same topic).
Prerequisite(s):
- Minimum fourth-year standing, and
- minimum GPA of 6.5 in 300- and 400-level ANTH courses; and
- minimum cumulative GPA of 5.5; and
declared Honours or Major in Anthropology.

ANTH 493 Units: 1.5 Hours: 3-0
Directed Studies in Anthropology: Cultural Anthropology
Individual study of specific research topics in cultural anthropology with close collaboration and consent of the department and individual instructor.
Note: Credit will be granted for only one of ANTH 493, ANTH 490 (if taken in the same topic).
Prerequisite(s):
- Minimum fourth-year standing, and
- minimum GPA of 6.5 in 300- and 400-level ANTH courses; and
- minimum cumulative GPA of 5.5; and
declared Honours or Major in Anthropology.

ANTH 494 Units: 1.5 Hours: 3-0
Directed Studies in Anthropology: Biological Anthropology
Individual study of specific research topics in biological anthropology with close collaboration and consent of the department and individual instructor.
Note: Credit will be granted for only one of ANTH 494, ANTH 490 (if taken in the same topic).
Prerequisite(s):
- Minimum fourth-year standing, and
- minimum GPA of 6.5 in 300- and 400-level ANTH courses; and
- minimum cumulative GPA of 5.5; and
declared Honours or Major in Anthropology.

ANTH 495 Units: 1.5 Hours: 3-0
Directed Studies in Anthropology: Method and Theory
Individual study of specific research topics in method and theory with close collaboration and consent of the department and individual instructor.
Note: Credit will be granted for only one of ANTH 495, ANTH 490 (if taken in the same topic).
Prerequisite(s):
- Minimum fourth-year standing, and
- minimum GPA of 6.5 in 300- and 400-level ANTH courses; and
- minimum cumulative GPA of 5.5; and
declared Honours or Major in Anthropology.

ANTH 499 Units: 1.5 Hours: 3-0
Honours Seminar
Integration of current research in physical, social and cultural, linguistic and archaeological anthropology.
Prerequisite(s):
- Minimum fourth-year standing, and
declared Honours in Anthropology.

ART
Visual Arts
Department of Visual Arts
Faculty of Fine Arts
Before admission to any 300-level art course, Visual Arts students should have completed a minimum of 12 units of out-of-department electives and their program requirements of 100- and 200-level art courses. Registration in upper-level courses is restricted to students mapping in Visual Arts.

ART 100E Units: 1.5 Hours: 0-3
Studio Foundation
The processes and ideas associated with contemporary art. Students will explore a range of studio practices and theoretical issues.
Note: ART (E) courses are offered only through the En’owkin Certificate Program in Indigenous Fine Arts.

ART 101E Units: 1.5 Hours: 0-3
Drawing
An introduction to concerns and methods in contemporary drawing. Students will gain experience in a range of studio practices as well as theoretical issues through projects and critiques.
Note: ART (E) courses are offered only through the En’owkin Certificate Program in Indigenous Fine Arts.
Pre- or Corequisite(s): ART 100E.

ART 102 Units: 0.5 Hours: 0-1
Introduction to Shop Practices
Designed to provide students with knowledge and appreciation of safe practice in the shop area. Students will each participate in four labs of 3 hours in duration. Items covered will include basic WHMIS training, safe operation of power tools, and hand tools. Attendance at all labs and completion of projects is required.
Note: Transfer students may take this course concurrently with ART courses numbered 100 or higher, but must complete the course in their first year in the Visual Arts department.
Grading: COM, N, F.
ART 103  
Units: 1.5  
Hours: 0-3  
**Foundation Drawing and Painting**  
One of four courses forming the foundation year for studies in Visual Arts, this course is divided into two modules. The drawing module introduces the methods, materials and concerns in contemporary drawing through studio exercises and projects. The painting module introduces contemporary painting through studio projects exploring fundamental elements, materials and concepts.  
**Note:** Priority is given to students registered in the BFA program in Visual Arts. Normally class size is limited.

ART 104  
Units: 1.5  
Hours: 0-3  
**Foundation Sculpture and Material Methods**  
One of four courses forming the foundation year for studies in Visual Arts, this course focuses on the processes and ideas associated with material technologies in the visual arts and with the practices of contemporary sculpture. Students will explore a range of workshop and studio practices and theoretical issues.  
**Note:** Priority is given to students registered in the BFA program in Visual Arts. Normally class size is limited.

ART 105  
Units: 1.5  
Hours: 0-3  
**Foundation Photography and Video Art**  
One of four courses forming the foundation year for studies in Visual Arts, this course focuses on the processes and ideas associated with the practices of contemporary photography and video art. Students will explore a range of studio practices and theoretical issues.  
**Note:** Priority is given to students registered in the BFA program in Visual Arts. Normally class size is limited.

ART 106  
Units: 1.5  
Hours: 0-3  
**Foundation Core Media Technologies and Arts**  
One of four courses forming the foundation year for studies in Visual Arts, this course focuses on the core digital technologies applicable to the visual arts.  
**Note:** Priority is given to students registered in the BFA program in Visual Arts. Normally class size is limited.

ART 107  
Units: 1.5  
Hours: 0-3  
**Exploring Drawing and Colour**  
Experiential introduction to a wide range of traditional and contemporary aspects of drawing and colour in two-dimensional form. Explores materials, techniques, practices, theoretical issues and the development of drawing and colour in Visual Art.

ART 108  
Units: 1.5  
Hours: 0-3  
**An Introduction to Documentary Photography**  
An introductory lecture and experiential course focusing on the practice and ideas associated with documentary photography. Students will gain insight and experience in documentary photography as a practice.  
**Note:** Open to non-visual arts students and available as an elective for Visual Arts students.

ART 109  
Units: 1.5  
Hours: 0-3  
**An Introduction to Observational Drawing**  
An introductory lecture and experiential course focusing on the practice and ideas associated with observational drawing. Students will gain insight and experience into observational drawing as a practice.  
**Note:** Open to non-visual arts students and available as an elective for Visual Arts students.

ART 110  
Units: 1.5  
Hours: 0-3  
**An Introduction to Contemporary Visual Art**  
An introduction to concerns and methods in contemporary drawing. Students will gain experience in a range of studio practices as well as theoretical issues through projects and critiques.  
**Notes:**  
- Credit will be granted for only one of ART 201, ART 101.  
- Normally class size is limited.  
**Prerequisite(s):** ART 100 or ART 103.

ART 111  
Units: 1.5  
Hours: 0-3  
**Principles of Photography**  
An introduction to analog black and white photography. Students will gain insight into colour and the visual effects of colour combinations through projects and critiques.  
**Notes:**  
- Credit will be granted for only one of ART 211, ART 110.  
- Normally class size is limited.  
**Prerequisite(s):** ART 100 or ART 103.

ART 112  
Units: 1.5  
Hours: 0-3  
**Painting**  
An extension of 211.  
**Notes:**  
- Credit will be granted for only one of ART 212, ART 210.  
- Normally class size is limited.  
**Prerequisite(s):** ART 110 or ART 211.

ART 113  
Units: 1.5  
Hours: 0-3  
**An Introduction to Contemporary Art Photography**  
An introductory course in printmaking techniques which will prepare the student for more advanced printmaking courses.  
**Note:** ART (E) courses are offered only through the En’owkin Certificate Program in Indigenous Fine Arts.  
**Pre- or Corequisite(s):** ART 100E and ART 101E.

ART 114  
Units: 1.5  
Hours: 0-3  
**An Introduction to Contemporary Art Photography**  
An introduction to concerns and methods in contemporary photography. Through lectures which will introduce students to various practices of contemporary photographers and photography assignments, students will gain insight into photography as an art practice within the field of contemporary art.  
**Note:** Open for non-visual arts students and available as an elective for Visual Arts students.

ART 115  
Units: 1.5  
Hours: 0-3  
**Introduction to Contemporary Art Theory: Practice and Criticism**  
A lecture course introducing the terms and concepts necessary for an understanding of contemporary art.  
**Note:** Normally class size is limited.

ART 116  
Units: 1.5  
Hours: 0-3  
**An Introduction to Contemporary Visual Art**  
A lecture course open to all students. Introduces some of the pertinent subjects and issues within contemporary art today. Uses examples of contemporary art and provides a critical context in which to approach current art practices.  
**Recommendation(s):** Recommended for all Visual Arts students.

ART 117  
Units: 1.5  
Hours: 0-3  
**An Introduction to Photography**  
A lecture course open to all students. Introduces some of the pertinent subjects and issues within contemporary art today. Uses examples of contemporary art and provides a critical context in which to approach current art practices.  
**Recommendation(s):** Recommended for all Visual Arts students.

ART 118  
Units: 1.5  
Hours: 0-3  
**An Introduction to Colour**  
An introduction to a wide range of traditional and contemporary aspects of colour including hue, lightness and chroma, brightness and saturation and visual perception of colour. Through projects and exercises students will gain insight into colour mixing and the visual effects of colour combinations through projects and exercises.  
**Note:** Open for non-visual arts students and available as an elective for Visual Arts students.

ART 119  
Units: 1.5  
Hours: 0-3  
**Printmaking**  
An introductory course in printmaking techniques which will prepare the student for more advanced printmaking courses.  
**Note:** ART (E) courses are offered only through the En’owkin Certificate Program in Indigenous Fine Arts.  
**Pre- or Corequisite(s):** ART 100E and ART 101E.

ART 120  
Units: 1.5  
Hours: 0-3  
**Drawing**  
A continuation of 201. Students will move towards a more independent way of working.  
**Notes:**  
- Credit will be granted for only one of ART 202, ART 200.  
- Normally class size is limited.  
**Prerequisite(s):** ART 101 or ART 201.

ART 121  
Units: 1.5  
Hours: 0-3  
**Painting**  
An extension of 211.  
**Notes:**  
- Credit will be granted for only one of ART 212, ART 210.  
- Normally class size is limited.  
**Prerequisite(s):** ART 110 or ART 211.

ART 122  
Units: 1.5  
Hours: 0-3  
**Sculpture**  
A continuation of 221; students will continue to develop their study of contemporary sculptural practices, with an increasing focus on their ability to undertake independent work.  
**Notes:**  
- Credit will be granted for only one of ART 222, ART 220.  
- Normally class size is limited.  
**Prerequisite(s):** ART 120 or ART 221.

ART 123  
Units: 1.5  
Hours: 0-3  
**Photography**  
An introduction to analog black and white photography. Students will learn basic camera techniques and darkroom procedures as well as being given projects that explore contemporary issues in art photography.  
**Notes:**  
- Credit will be granted for only one of ART 241, ART 140.  
- Students must supply their own SLR manual camera with a 50 mm lens. Digital cameras are not accepted for this course.  
- Normally class size is limited.  
**Prerequisite(s):** ART 100 or ART 105.

Grading: COM, N, F.
ART 360 Units: 3.0 Hours: 0-3
Extended Media Practices
This course extends the dialogue and techniques of ART 260 and 261 with a special focus on the application and effect of new technologies on contemporary practices, the hybridization of long-standing traditional and intermediary disciplines such as sound, performance, light and those conceptual practices that lie outside of traditional artmaking.

Notes:
- May be taken more than once for credit in different topics with permission of the department to a maximum of 9 units.
- Concurrent registration in two sections of ART 360 is permitted, normally with two different instructors. Normally class size is limited.
Prerequisite(s):
- ART 150, and
- ART 260 or ART 262.

ART 370 Units: 3.0 Hours: 0-3
Digital Video Art
An advanced course in digital video art. Relevant computer programs to capture and manipulate video will be used.

Notes:
- May be taken more than once for credit to a maximum of 9 units.
- Concurrent registration in two sections of ART 370 is permitted, normally with two different instructors. Normally class size is limited.
Prerequisite(s):
- ART 150, and
- ART 270 or ART 272.

ART 380 Units: 3.0 Hours: 0-3
Curatorial Direction
Using the resources of the Visual Arts Department, students will learn to develop ideas around the exhibition of works of art. This may include organizing thematic group shows, solo exhibitions, promotion, cataloguing, presentation and fund-raising.

Note: Normally class size is limited.
Prerequisite(s): ART 150 and 9 units of 200-level ART courses.

ART 390 Units: 1.5 to 4.5
Directed Studies in Visual Arts
This course will be developed in consultation with the instructor and the Chair of the department.

Note: May be taken more than once for credit in different topics to a maximum of 9 units.
Prerequisite(s):
- Minimum third-year standing, and
- permission of the department.

ART 395 Units: 6.0 Hours: 1.5 - 4.5
Visual Structures in the Imaginative Realm I
Enhanced education for the creation of objects and images within a studio-centred context. Sculpture, painting and installation form core areas for creative research within a broad experimental approach. Cross-disciplinary knowledge and the formation of studio production to the built environment will guide students towards working independently. Team taught by faculty from Visual Arts and other disciplines; includes seminar component.

Prerequisite(s):
- 9 units of 200-level Visual Arts courses, and
- permission of the department.

ART 401 Units: 3.0 Hours: 0-3
BFA Graduating Exhibition
Culminating experience for graduating Visual Arts students. Hands-on engagement in the professional practices of organizing a large high profile public exhibition, as well as the practical skills of art documentation, organizing and funding a catalogue, event planning and promotion, publicity, art handling, exhibition space preparation, and the professional installation and lighting of artworks.

Note: Mandatory for Visual Arts Honours but can be taken for credit by Visual Arts Majors.

Grading: COM, N, F.

ART 406 Units: 9.0 Hours: 1.5 - 7.5
Studies in Drawing, Photo, Media and Interdisciplinary Practices
Advanced application of conceptual, technical and creative skills in the independent research and production of self-directed projects in the areas of drawing, photo, digital media and interdisciplinary practices. Understanding that academic explorations are linked with art practice, students will explore the contextualization of their work in relation to significant areas of contemporary thought. Team taught by faculty from Visual Arts and other disciplines, this course includes both studio and seminar components.

Prerequisite(s):
- 9 units of 300-level Visual Arts studio courses, and
- permission of the department.

Recommendation(s): ART 306 recommended prior to ART 406.

ART 490 Units: 1.5 or 3.0
Directed Studies
This course is for advanced students who have a shared field of interest with a particular instructor. Students are expected to have a well-developed proposal prepared in order to apply to an instructor for supervision.

Notes:
- May be taken more than once for credit in different topics to a maximum of 3 units.
- Students who have completed 6 units of credit in the specialized area of study (at least 3 units of which must be at the third-year level) may request permission to register in the course.

It is the expectation that, as well as the weekly conference time with their adviser, students will spend a minimum of 3 hours per week in the studio.

Students may not take a third-year course and a directed studies with the same instructor in the same discipline in the same year.

Prerequisite(s):
- Declared Major in Visual Arts, and
- permission of the department.

ART 492 Units: 6.0 Hours: 0-6
Advanced Studio I
Advanced Studio will give students time and opportunity to pursue studio practice within an intensive area. The course will involve individual studio practice and critique, group critique and seminar. Each section will be team taught, and may include one faculty member from the university at large. Students will choose a section based on topic, artistic direction and/or interests and media of the faculty team. Teams and topics will be announced each year prior to registration.

Note: May not be offered every year.

Prerequisite(s): 9 units of 300-level ART courses.

ART 493 Units: 9.0 Hours: 1.5 - 7.5
Advanced Studio II
Advanced Studio will give students time and opportunity to pursue studio practice within an intensive area. The course will involve individual studio practice and critique, group critique and seminar. Each section will be team taught, and may include one faculty member from the university at large. Students will choose a section based on topic, artistic direction and/or interests and media of the faculty team.

Note: May not be offered every year.

Prerequisite(s):
- 9 units of 300-level ART courses, and
- permission of the department.
ART 495 - ASTR 250

COURSE LISTINGS ARTS

ARTS

Faculty of Humanities

ARTS 190 Units: 1.5

Individual Study

Granted only by special permission of the Dean of Humanities, on recommendation of the department and only in situations involving extenuating circumstances, illness, accident or family affliction.

ARTS 290 Units: 1.5

Individual Study

Granted only by special permission of the Dean of Humanities, on recommendation of the department and only in situations involving extenuating circumstances, illness, accident or family affliction.

ARTS 390 Units: 1.5

Individual Study

Granted only by special permission of the Dean of Humanities, on recommendation of the department and only in situations involving extenuating circumstances, illness, accident or family affliction.

ASL

American Sign Language

Department of Linguistics

Faculty of Humanities

ASL 100A Units: 1.5 Hours: 2-2

American Sign Language I

Introduction to language used by the Deaf community in North America, no prior knowledge required. Covers essentials of grammar, basic vocabulary and fundamental structures for everyday interaction; provides insight into the Deaf community and Deaf culture.

ASL 100B Units: 1.5 Hours: 2-2

American Sign Language II

Continuation of ASL 100A. Emphasis on increasing vocabulary, skills applying grammatical features, facial expression and receptive and expressive signing.

Prerequisite(s): ASL 100A.

ASL 200A Units: 1.5 Hours: 2-2

American Sign Language III

Continuation of 100B, providing essentials of fundamental structures for everyday interaction. Develops appropriate grammatical features and facial grammar including non-manual signals in addition to receptive and expressive signing skills. Presents insight into the Deaf community and Deaf Culture.

Prerequisite(s): ASL 100B.

ASL 200B Units: 1.5 Hours: 2-2

American Sign Language IV

Continuation of 200A. Develops vocabulary and appropriate signing registers as well as skills for role-shifting and point of view when narrating in sign language, including the use of three-dimensional space and placement. Builds knowledge and understanding of Deaf culture.

Prerequisite(s): ASL 200A.

ASL 300A Units: 1.5 Hours: 2-2

American Sign Language V

Intermediate-level ASL. Develops skills in communicating complex concepts using appropriate grammatical structures. Emphasizes the use of directionality, placement and three-dimensional space in conjunction with role-shifting and the refinement of expressive and receptive skills. Continues to expand the knowledge and understanding of Deaf culture.

Prerequisite(s): ASL 200A.

ASL 300B Units: 1.5 Hours: 2-2

American Sign Language VI

Continuation of 300A. Focus on the production of classifiers, other complex grammatical structures and non-manual signals with an aim to achieve fluidity and fluency in narration. Practice in both formal and informal registers. Includes cross-cultural discussions of issues facing the Deaf community and non-Deaf signers.

Prerequisite(s): ASL 300A.

ASTR

Astronomy

Department of Physics and Astronomy

Faculty of Science

Courses offered by the Department of Physics and Astronomy are also found under the following course code: PHYS (Physics).

ASTR 101 Units: 1.5 Hours: 3-3

Formerly: part of ASTR 120

Exploring the Night Sky

A general course designed for non-science students. A tour of the solar system: the nature and origins of planets and moons, comets, asteroids, and the sun. Discoveries of recent space exploration and the history of our changing views of our place in the universe. Epochs, seasons, climatic cycles, dangers posed by meteorite impacts. The possibility of extraterrestrial life. Practical work includes observations with campus telescopes.

Note: Credit will be granted for only one of ASTR 101, ASTR 120.

Prerequisite(s): MATH 101; and

• one of PHYS 110, PHYS 112, PHYS 120, PHYS 122; or

• permission of the department.

ASTR 102 Units: 1.5 Hours: 3-3

Formerly: part of ASTR 120

Exploring the Cosmos

A general course designed for non-science students. An exploration of how astronomical observations guide and challenge our understanding of the fundamental laws of nature. Cosmology, and the elusive dark matter and dark energy that determine the universe’s fate. Stars, galaxies, and relics left over by the Big Bang. Black holes and relativity; supernovae and neutron stars. Practical work includes observations with campus telescopes.

Note: Credit will be granted for only one of ASTR 102, ASTR 120.

ASTR 150 Units: 1.5 Hours: 3-3

Concepts in Modern Astronomy

Introduces some of the great ideas and concepts in modern astronomy, as well as the basic physical principles required to understand these concepts. Topics include: properties of the solar system, extrasolar planets, galaxies, expanding universe, black hole, origin of the elements, dark matter, dark energy, black holes, neutron stars.

Note: Credit will be granted for only one of ASTR 150, ASTR 200A.

Pre- or Corequisite(s):

• MATH 101 or MATH 109, and

• one of PHYS 110, PHYS 112, PHYS 120, PHYS 122; or

• permission of the department.

ASTR 201 Units: 1.5 Hours: 3-3

The Search for Life in the Universe

A general science course designed to be accessible to students not majoring in science. An overview of modern scientific thought on the possibility of life beyond Earth and the current research being done to find it; the likelihood of life in our Solar System; the hunt for planets around other stars; the search for extraterrestrial intelligence (SETI). Laboratories on alternate weeks; practical work includes observations with campus telescopes.

Prerequisite(s): Minimum second-year standing.

ASTR 250 Units: 1.5 Hours: 3-3

Introduction to Astrophysics

Provides the physical foundation and introduction of astronomical terminology that is used in subsequent courses. Topics include: astronomical coordinate systems, telescopes, stellar distances and magnitudes, binary stars, spectral classification, stellar evolution, variable stars, stellar motions, star clusters, interstellar medium, structure and rotation of the galaxy, external galaxies.

Note: Credit will be granted for only one of ASTR 250, ASTR 250B.

Prerequisite(s):

• MATH 101; and

• one of PHYS 110, PHYS 112, PHYS 120, PHYS 122; or

• permission of the department.

Recommendation(s): ASTR 150 recommended prior to ASTR 250.
**ASTR 255 - BCMB 406A**

### ASTR 255 Units: 1.5 Hours: 3-0

**Introduction to Planetary Science**

An overview of the study of planetary systems. The main focus is on our Solar System, but the course includes the study of planets outside the Solar System. Topics covered include: basic planet formation, planetary orbits, measurements of the properties of planets, study of extrasolar planets, the Earth-Moon system.

**Note:** Credit will be granted for only one of ASTR 255, ASTR 304.

**Pre- or Corequisite(s):**
- PHYS 323 and PHYS 326.

### ASTR 303 Units: 1.5 Hours: 3-0

**Introductory Extragalactic Astronomy**

Kinematics and morphology of spiral (including the Milky Way), elliptical and irregular galaxies. Introduction to current theory for the formation and evolution of galaxies and the large-scale structure. Observations of active galactic nuclei, jets and quasi-stellar objects.

**Prerequisite(s):**
- PHYS 208 or PHYS 250, and
- PHYS 215 and PHYS 216.

### ASTR 329 Units: 1.5 Hours: 0-6

**Formerly: 429A**

**Introduction to Observational Astronomy**

Introduction to observational and data analysis techniques in Astronomy. Observational and practical work, directed reading.

**Note:** Credit will be granted for only one of ASTR 329, ASTR 429A.

**Prerequisite(s):**
- ASTR 250.

### ASTR 403 Units: 1.5 Hours: 3-0

**Introduction to Astrophysical Processes**

Topics may include: fundamentals of radiative transfer; radiation processes (e.g., bremsstrahlung, synchrotron radiation, Compton scattering), atomic and molecular spectra, the basis of plasma physics, gas dynamics (e.g., shocks, accretion flows and winds), collisional processes (ionization, excitation), photo-ionization, line transfer effects (e.g., fluorescence, charge exchange).

**Prerequisite(s):**
- ASTR 208 or ASTR 250, and
- PHYS 217 or PHYS 317, and
- PHYS 323 and PHYS 326.

**Pre- or Corequisite(s):**
- MATH 326 or MATH 346

**Recommendation(s):** ASTR 303 strongly recommended prior to ASTR 403.

### ASTR 404 Units: 1.5 Hours: 3-0

**Introduction to Stellar Astrophysics**

The structure and evolution of stars, stellar atmospheres, the production of stellar spectra, interstellar matter.

**Prerequisite(s):**
- ASTR 208 or ASTR 250, and
- PHYS 217 or PHYS 317, and
- PHYS 323 and PHYS 326.

**Pre- or Corequisite(s):**
- MATH 326 or MATH 346.

### ASTR 405 Units: 1.5 Hours: 3-0

**Introduction to Cosmology**

Observations and theory of the expanding universe; the cosmic microwave background and observations of light elements; the growth of structure leading to the creation of stars and galaxies; studies of dark matter and dark energy; the impact of galaxy evolution on observational cosmology.

**Prerequisite(s):**
- ASTR 208 or ASTR 250, and
- MATH 326 or MATH 346, or
- permission of the department.

**Recommendation(s):** ASTR 303 strongly recommended prior to ASTR 405.

### ASTR 490 Units: 1.0-3.0

**Directed Studies**

**Prerequisite(s): Permission of the department.**

---

**BCMB**

### BCMB 298 Units: 0 Hours: 0-6

**Research Experience**

Experimental research under the direction of department members. For third-year students who wish to gain some experience in biochemical or microbiological research. Interested students should contact the course coordinator by the first week of classes.

**Prerequisite(s):** Permission of the department.

**Grading:** COM, N, F.

### BCMB 301A Units: 1.5 Hours: 0-6

**Formerly: part of BIOC 301, MICR 301**

**Lab Techniques & Projects I**

Fundamental biochemical, microbiological and molecular biological laboratory techniques are applied to the development of practical and analytical laboratory skills in projects run as multi-week labs. Acquired laboratory techniques may include: bioinformatics; buffers, SDS-PAGE, protein purification; ELISA; Western blot; culturing hybridomas; enzyme kinetics.

**Notes:**
- Credit will be granted for only one of BCMB 301A, BIOC 301.

**Grading:** COM, N, F.

**BCMB 301B Units: 1.5 Hours: 0-7**

**Formerly: part of BIOC 301, MICR 302**

**Lab Techniques & Projects II**

Building on BCMB 301A, practical and analytical laboratory skills are applied to increasingly complex laboratory projects. Students are expected to develop time management skills, apply knowledge to new problems, and learn to communicate scientific results. Acquired laboratory techniques may include: enzyme inhibition; gel electrophoresis; immunodetection; microbial quantification and characterization; molecular cloning; transposon mutagenesis; and, culturing HeLa cells.

**Note:** Credit will be granted for only one of BCMB 301B, BIOC 301.

**Prerequisite(s):** BCMB 301A.

**Pre- or Corequisite(s):** BIOC 300A or BIOC 300B.

### BCMB 398 Units: 0 Hours: 0-6

**Research Experience**

Experimental research under the direction of department members. For third-year students who wish to gain some experience in biochemical or microbiological research. Interested students should contact the course coordinator by the first week of classes.

**Prerequisite(s):** Permission of the department.

**Grading:** COM, N, F.

### BCMB 406A Units: 1.5 Hours: 0-7

**Formerly: part of BIOC 406, MICR 406**

**Applied Research Laboratory Techniques I**

Students will build upon laboratory project skills acquired in third year to become proficient with modern laboratory techniques. A set of 3-4 week projects offer a comprehensive introduction to laboratory research. Experiments in cancer immunology, proteomics and epigenetics are included.

**Notes:**
- Credit will be granted for only one of BCMB 406A, BIOC 406, MICR 406.

**Limited enrolment.

**Prerequisite(s):**
- All of BCMB 301A, BCMB 301B, BIOC 300A, BIOC 300B, MICR 302; and
- declared Honours or Major in Biochemistry or Microbiology; or
- permission of the department.

### BCMB 406B Units: 1.5 Hours: 0-6

**Research Experience**

---

**Note:** Credit will be granted for only one of BCMB 406A, BIOC 406, MICR 406.

**Limited enrolment.

**Prerequisite(s):**
- All of BCMB 301A, BCMB 301B, BIOC 300A, BIOC 300B, MICR 302; and
- declared Honours or Major in Biochemistry or Microbiology; or
- permission of the department.

---

**Note:** Credit will be granted for only one of BCMB 300A, BIOC 300B.
BCMB 406B Units: 1.5 Hours: 0-7
Formerly: part of BIOC 406, MICR 406

Applied Research Laboratory Techniques II

Students further develop research skills in this project which spans the entire term. Students will design, produce and characterize a protein. Techniques may include: primer design for site-directed mutagenesis; cloning of DNA into a protein expression vector; and, protein expression, purification and analysis. Emphasis is placed on experimental design, problem solving and self-directed research.

Notes:
- Credit will be granted for only one of BCMB 406B, BIOC 406, MICR 406.
- Limited enrolment.

Prerequisite(s):
- All of BCMB 301A, BCMB 301B, BIOC 300A, BIOC 300B, MICR 302; and
- declared Honours or Major in Biochemistry or Microbiology; or
- permission of the department.

BCMB 489 Units: 1.5 Hours: 3-0
Special Topics in Biochemistry or Microbiology

Occasional offerings dealing with a specific aspect of biochemistry or microbiology.

Note: May be taken more than once for credit in different topics to a maximum of 3 units.

Prerequisite(s):
- Minimum fourth-year standing in the Biochemistry or Microbiology program; or
- permission of the department.

BCMB 498 Units: 0 Hours: 0-6
Research Experience

Experimental research under the direction of department members. For fourth-year students who wish to gain some experience in biochemical or microbiological research. Interested students should contact the course coordinator by the first week of classes.

Prerequisite(s): Permission of the department.

Grading: COM, N, F.

BCMB 499A Units: 1.5 Hours: 1-0
Formerly: BIOC 499A or MICR 499A, part of BIOC 499 or MICR 499

Undergraduate Thesis I

The first stage of a research project conducted under the direction of a faculty member.

Notes:
- Credit will be granted for only one of BCMB 499A, BCMB 499B, BIOC 499A, BIOC 499B, MICR 499A, MICR 499B, MICR 499.
- Open to Honours students only.
- BCMB 499A and BCMB 499B are "tied" courses and must be taken in consecutive terms except with permission of the department.
- Credit for BCMB 499A will be assigned only upon successful completion of BCMB 499B.
- Students are required to attend departmental seminars.

Prerequisite(s): Permission of the department.

Grading: INP, standard grade (assigned upon completion of 499B; if 499B is not completed, a grade equivalent to N will be assigned to 499A).

BCMB 499B Units: 1.5 Hours: 1-0
Formerly: BIOC 499B or MICR 499B, part of BIOC 499 or MICR 499

Undergraduate Thesis II

Continuation of a research project conducted under the direction of a faculty member.

Notes:
- Credit will be granted for only one of BCMB 499B, BCMB 499A, BIOC 499A, BIOC 499B, MICR 499A, MICR 499B, MICR 499, MICR 499A, MICR 499B.
- Open to Honours students only.
- BCMB 499A and BCMB 499B are "tied" courses and must be taken in consecutive terms except with permission of the department.
- Credit for BCMB 499A will be assigned only upon successful completion of both courses.
- Students are required to attend departmental seminars.

Prerequisite(s): BCMB 499A

BIOC

Biochemistry

Department of Biochemistry and Microbiology
Faculty of Science

BIOC 102 Units: 1.5 Hours: 3-0
Biochemistry and Human Health

An introduction to current issues related to human health and disease and approaches taken by biomedical scientists in response to them. Cancer, autoimmune diseases, and coronary heart disease; the concept of risk factors; infectious diseases, e.g., AIDS, dysentery, tuberculosis, and parasitic infections; human nutrition, food safety and preservation, and their relation to health and world food shortages. Strategies for disease treatment, e.g., animal cloning, gene therapy, genetic engineering, vaccination, and the development of new pharmaceuticals such as human hormones; controversies associated with each strategy.

Note: Not open for credit to students registered in BIOC 300A or BIOC 300B, or with credit in a third-year BIOC or BIOC course.

BIOC 299 Units: 1.5 Hours: 3-0
Biochemistry for Non-Majors

An introduction to the concepts of biochemistry intended for students not majoring in biochemistry or microbiology. Properties of bio-molecules, basic enzymology and metabolism. Bioenergetics, nucleic acid structure and synthesis. Protein synthesis. Structure and properties of membranes.

Notes:
- Credit will be granted for only one of BIOC 299, BIOC 200.
- Not open for credit to students registered in, or with credit in any third-year BIOC course.
- Students without a background in cell biology may find they are required to do additional reading to fully understand some aspects of this course.

Prerequisite(s): CHEM 231.

BIOC 300A Units: 1.5 Hours: 3-0
Formerly: part of 300

General Biochemistry I

BIOC 300A and 300B are intended to provide detailed coverage of foundation topics for students majoring in biochemistry or microbiology and must be taken sequentially. Protein structure and function, enzymes and enzyme kinetics, carbohydrates, lipids, biological membranes and bioenergetics.

Note: Credit will be granted for only one of BIOC 300A, BIOC 300B.

Prerequisite(s):
- BIOL 225 or BME 200; and
- CHEM 231, and
- CHEM 232 or CHEM 235.

Recommendation(s): CHEM 213 recommended prior to BIOC 300A. A minimum grade of C+ in all prerequisites recommended.

BIOC 300B Units: 1.5 Hours: 3-0
Formerly: part of 300

General Biochemistry II

BIOC 300A and 300B are intended to provide detailed coverage of foundation topics for students majoring in biochemistry or microbiology. Metabolic processes and their control, as well as structure and function of DNA, RNA and genes.

Note: Credit will be granted for only one of BIOC 300B, BIOC 300A.

Prerequisite(s):
- All of BIOC 300A, BIOL 225, CHEM 231; and
- CHEM 232 or CHEM 235.

Recommendation(s): CHEM 213 recommended prior to BIOC 300B. A minimum grade of C+ in all prerequisites recommended.

BIOC 401 Units: 1.5 Hours: 3-0
Gene Expression in Eukaryotes

An advanced study of gene expression in eukaryotes. Topics will include gene structure, transcription systems, post-transcriptional processing, and regulation of transcription, post-transcription and translation.

Prerequisite(s): All of BIOC 300A, BIOC 300B, CHEM 213.

BIOC 403 Units: 1.5 Hours: 3-0
Biochemistry of Signal Transduction

The biochemical basis of the transmission of molecular signals from a cell’s exterior to its interior to bring about changes in cellular behavior and gene expression. Topics will include membrane lipids, signal protein modulation and cell migration.

Prerequisite(s): BIOC 300A and BIOC 300B.

BIOC 404 Units: 1.5 Hours: 3-0
Proteins

Detailed examination of protein structure and function emphasizing techniques for the determination of protein structure and the study of protein interactions in binding and catalysis. Consists of formal lectures in addition to required readings.

Prerequisite(s): All of BIOC 300A, BIOC 300B, CHEM 213.
### BIOL 408 - BIOL 248

#### BIOL 408
**Units:** 1.5  **Hours:** 3-0

**Epigenetic Regulation of Chromatin**
An advanced study of chemical modifications of the chromatin fibre. Topics will include chromatin organization, histone post-translational modifications, histone variants, and DNA methylation. A special emphasis on epigenetics in gene regulation and nuclear metabolism with a discussion of current literature highlighting the role of epigenetics in human disease.

**Prerequisite(s):** All of BIOL 300A, BIOL 300B, CHEM 213.

#### BIOL 409
**Units:** 1.5  **Hours:** 3-0

**Proteomics**
Introduction to mass spectrometry for biological applications. Includes: system architecture; analytical strategies for the detection, characterization and quantification of proteins; identification and localization of protein post-translational modifications; application of proteomics methods to drug development and clinical screening; use of proteomics for determining and characterizing molecular interactions.

**Note:** Credit will be granted for only one of BIOL 409, BCMB 489 (if taken in Jan 2013 - Apr 2014).

**Prerequisite(s):** All of BIOL 300A, BIOL 300B, CHEM 213.

#### BIOL 470
**Units:** 1.5

**Directed Studies in Biochemistry**

**Note:** May be taken more than once for credit in different topics to a maximum of 3 units with permission of the department.

**Prerequisite(s):**
- Minimum fourth-year standing in a Biochemistry or Microbiology program; and
- minimum cumulative GPA of 5.0; or
- permission of the department.

**Grading:** INP; standard grade.

#### BIOL - Biology

#### Department of Biology

#### Faculty of Science

Courses offered by the Department of Biology are also found under the following course code: MRNE (Marine Science).

#### BIOL 150A
**Units:** 1.5  **Hours:** 3-0

**Modern Biology**
An introduction to biological science, emphasizing cellular and physiological processes. Topics include principles of genetics, cell biology, plant physiology and animal physiology.

**Note:** Not open to students with credit in any of BIOL 150, BIOL 184, BIOL 186, BIOL 190A, BIOL 190B. BIOL 150A and BIOL 150B may be taken in any order. BIOL 150B cannot be taken concurrently with any of BIOL 184, BIOL 186.

Major and Honours students, see "Notes on Course Requirements".

#### BIOL 150B
**Units:** 1.5  **Hours:** 3-0

**Modern Biology**
An introduction to biological science, emphasizing cellular and physiological processes. Topics include principles of genetics, cell biology, plant physiology and animal physiology.

**Note:** Not open to students with credit in any of BIOL 150, BIOL 184, BIOL 186, BIOL 190A, BIOL 190B. BIOL 150A and BIOL 150B may be taken in any order. BIOL 150B cannot be taken concurrently with any of BIOL 184, BIOL 186.

Major and Honours students, see "Notes on Course Requirements".

#### BIOL 151B
**Units:** 1.5  **Hours:** 3-0

**Principles of Ecology**
An introduction to factors controlling the distribution and abundance of plants and animals. Physical environments of organisms; biotic environments and interactions among species; factors influencing population growth; behavioural ecology; community ecology; succession; trophic levels and energy flow; island biogeography; biodiversity; human impact on global ecology; conservation ecology.

**Note:** Credit will be granted for only one of BIOL 215, BIOL 306.

**Prerequisite(s):**
- BIOL 184 or BIOL 190B; and
- BIOL 186 or BIOL 190A; or
- permission of the department.

#### BIOL 225
**Units:** 1.5  **Hours:** 3-3

**Principles of Cell Biology**
An introduction to cellular, subcellular, and molecular structure/function relationships in eukaryotic cells. Membrane structure and dynamics, membrane transport, protein sorting, vesicular transport, endocytic pathways, extracellular matrices, interactions with the cellular and extracellular environments, endomembrane system, cytoskeleton and motility, cellular reproduction, mechanisms of cell signalling, techniques in cell biology.

**Note:** Credit will be granted for only one of BIOL 225, BIOL 300.

**Prerequisite(s):**
- BIOL 186 or BIOL 190A; or
- permission of the department.

**Pre- or Corequisite(s):**
- One of BIOL 184, BIOL 190B, MICR 200A; or
- permission of the department.

#### BIOL 230
**Units:** 1.5  **Hours:** 3-3

**Principles of Genetics**
Introduction to principles of inheritance. Classical genetic theory; meiosis, mitosis, recombination, population genetics and evolution, genotype, phenotype, random assortment, dominance, DNA structure, function, replication and molecular basis of inheritance. RNA and protein synthesis, regulation of transcription and gene organization. Introduction to DNA technologies.

**Note:** Credit will be granted for only one of BIOL 230, BIOL 300.

**Prerequisite(s):** BIOL 225

**Pre- or Corequisite(s):** CHEM 231

**Recommendation(s):** BIOL 299 recommended prior to BIOL 230.

#### BIOL 248
**Units:** 1.5  **Hours:** 3-0

**Topics in Organismal Biology**
Special topics demonstrating how the functioning of whole organisms can be understood by integrating multiple levels of biological organization. Includes topics dealing with both plants and animals.

**Note:** Not open to students with third- or fourth-year standing.

**Prerequisite(s):**
- BIOL 184 with a minimum grade of C+ or BIOL 190A with a minimum grade of C+; and
- one of BIOL 184, BIOL 190B, MICR 200A.
BIOL 307  
Chordate Zoology  
Chordates: evolutionary history and adaptations. Major taxonomic groups, with emphasis on derived and defining characteristics; locomotion, feeding, sensory systems and reproduction. Laboratory exercises include observations of prepared specimens, dissections, written assignments and oral presentations.  
Prerequisite(s): BIOL 184 or BIOL 190B; and BIOL 186 or BIOL 190A.  

BIOL 309  
Developmental Biology  
Cellular and molecular mechanisms underlying animal development: fertilization, gastrulation, body axis formation and patterning, formation of the eye, nervous system, neural crest, limb, germ cells and gonads. Emphasis on human developmental disorders, experimental design and hypothesis testing. Laboratory is divided into wet labs (model organisms and embryological techniques) and dry labs (analysis of primary literature).  
Prerequisite(s): One of BIOL 225 and BIOL 299, BIOL 230, BIOC 308B.  

BIOL 310 - BIOL 335

BIOL 311  
Units: 1.5  
Hours: 3-3  
Also: ESS 311  
Formerly: 311B  
Biological Oceanography  
An introduction to the ways in which physical, chemical and biological processes interact to regulate structure and productivity of marine ecosystems. Lectures will focus primarily on planktonic ecosystems. Participation in a one-day oceanographic cruise is required.  
Note: Credit will be granted for only one of BIOL 311, BIOL 311B, ESS 311.  
Prerequisite(s):  
- CHEM 101 or CHEM 150; and  
- CHEM 102; and  
- two of MATH 100, MATH 101, MATH 102, MATH 109, MATH 151; and  
- one of PHYS 102, PHYS 102A and PHYS 102B, PHYS 110 and PHYS 111, PHYS 120 and PHYS 130; and  
- minimum third-year standing.  
Recommendation(s): BIOL 215 and ESS 110 recommended prior to BIOL 311.  

BIOL 312  
Units: 1.5  
Hours: 3-3  
Entomology  
The study of insects, focusing on phylogenetics, ecology and evolution. Topics include: medical entomology, plant-insect interactions, and social insects. The lab focuses on insect identification and collecting techniques.  
Prerequisite(s):  
- Either BIOL 184 and BIOL 186, or BIOL 190B; and  
- BIOL 215.  

BIOL 319  
Units: 1.5  
Hours: 3-3  
Marine Ecology  
The agents that control the distribution of organisms and structure of marine communities, including the influence of environmental conditions on plant and animal populations, organic matter and nutrient cycling, consumer dynamics and competition, community stability and diversity.  
Prerequisite(s): BIOL 215 and BIOL 321.  
Pre- or Corequisite(s): One of BIOL 330, ES 310, ES 344.  
Recommendation(s): BIOL 203 or BIOL 323 recommended prior to BIOL 319.  

BIOL 321  
Units: 1.5  
Hours: 3-3  
Survey of Invertebrates  
Invertebrate diversity in an evolutionary perspective. Morphology, life histories, phylogeny and upper level systematics; selected aspects of behaviour and physiology. Laboratory exercises include study of live and preserved specimens.  
Note: Credit will be granted for only one of BIOL 321, BIOL 206.  
Prerequisite(s):  
- BIOL 186 or BIOL 190A; and  
- BIOL 184 or BIOL 190B; and  
- BIOL 225.  

BIOL 322  
Units: 1.5  
Hours: 3-3  
Biology of Marine Invertebrates  
Selected functional categories of invertebrate adaptations. In particular: defensive adaptations, adaptations related to feeding and nutrition, symbiotic relationships, muscular-skeletal systems, and reproductive and developmental adaptations. Emphasis is on interpretation of data from the published literature. Laboratory exercises involve study of live material and will include observations on behaviour, larval types, and anatomy as exposed by dissections.  
Prerequisite(s): BIOL 321.  

BIOL 324  
Units: 1.5  
Hours: 3-3  
Biology of Land Plants  
Plant diversity in an evolutionary perspective. Anatomy, morphology, phylogeny and ecology of bryophytes, pteridophytes, gymnosperms and angiosperms. Laboratories emphasize local plants and include field trips.  
Note: Credit will be granted for only one of BIOL 324, BIOL 204.  
Prerequisite(s):  
- BIOL 184 or BIOL 190B; and  
- BIOL 186 or BIOL 190A.  

BIOL 325  
Units: 1.5  
Hours: 3-3  
Tree Biology  
The unique features and specialized adaptations of trees. Tree physiology, cell biology, morphology and anatomy. Laboratory exercises and field trips will reinforce lecture concepts.  
Prerequisite(s): BIOL 225 with a minimum grade of B.  

BIOL 326  
Units: 1.5  
Hours: 3-3  
Development and Genetics of Model Plants  
The genetic basis of anatomy, development, physiology and ecology in model plants such as poplar and Arabidopsis. Labs will emphasize phenotypic and genetic analysis of plant mutants.  
Prerequisite(s): All of BIOL 215, BIOL 225, BIOL 230.  

BIOL 329  
Units: 1.5  
Hours: 3-3  
Biology of the Vertebrates of British Columbia  
Factors that influence the organization, distribution, and diversity of vertebrates in BC. Topics include: natural history, systematics, sample design, biodiversity, and conservation initiatives. Course goals are to appreciate the diversity of vertebrates and understand life histories and species-at-risk issues. The lab will focus on identification of over 400 species of vertebrates by using calls, digital images, and study skins. Optional field trips. Attendance at the Annual Vertebrate Symposium is mandatory.  
Prerequisite(s):  
- BIOL 215; and  
- minimum third-year standing.  

BIOL 330  
Units: 1.5  
Hours: 3-3  
Also: ES 344  
Study Design and Data Analysis  
An introduction to the statistical analysis of biological data, experimental design, and sampling design. Laboratories emphasize computer-based analysis of selected data sets as well as a major research project.  
Note: Credit will be granted for only one of BIOL 330, ES 310, ES 344.  
Prerequisite(s):  
- STAT 255 or STAT 260; and  
- minimum third-year standing.  
Pre- or Corequisite(s): BIOL 215.  
Recommendation(s): STAT 256 recommended prior to BIOL 330.  

BIOL 333  
Units: 1.5  
Hours: 3-0  
Plants and People  
Plants as sources of food, fibre, drugs, and industrial raw materials from historical and contemporary perspectives. Aspects of plant growth, development, physiology, genetics and pathology, particularly as they relate to the economic uses of plants.  
Note: Credit for this course will not be counted toward degree programs in Biology, but Biology students may take this course as an elective.  
Prerequisite(s): Minimum third-year standing.  

BIOL 335  
Units: 1.5  
Hours: 3-3  
Ichthyology  
The evolution and diversity of fishes. Emphasis on form and function, ecology, behaviour, sensory modes, fishery management, global crises in fisheries, and marine protected areas. Laboratories include identification of major groups of fishes, methodology and experimental approaches to the study of fishes.  
Note: Credit will be granted for only one of BIOL 335, BIOL 431A, MRNE 412 (if taken prior to May 2011).  
Prerequisite(s):  
- BIOL 215; and  
- minimum third-year standing.  
Recommendation(s): BIOL 307 recommended prior to BIOL 335.

</thead>
<tbody>
<tr>
<td>BIOL 336</td>
<td>1.5</td>
<td>3-3</td>
<td>Biology of Algae. A survey of aquatic and terrestrial algal diversity, with special emphasis on marine algae. Evolution, ecology, physiology, cell biology, and technological applications of algae. Laboratories include observations of microscopic and macroscopic algal specimens, an individual project, and local field trips to coastal marine environments. Note: Credit will be granted for only one of BIOL 336, BIOL 203, BIOL 323. Prerequisite(s): BIOL 215 and BIOL 225.</td>
</tr>
<tr>
<td>BIOL 345</td>
<td>1.5</td>
<td>3-3</td>
<td>Animal Behaviour. Evolutionary and comparative analyses of behaviour. Topics include taxonomic diversity of nervous systems, proximate and ultimate mechanisms, nature/nurture controversies, communication and sensory modes, foraging behaviours, mate choice, sociality and warfare. Laboratory includes observational and experimental approaches to behaviour of representative invertebrate and vertebrate taxa. Note: Students with credit in MRNE 446 may take this course for credit. Prerequisite(s): • BIOL 184 or BIOL 190B; and • BIOL 186 or BIOL 190A; and • minimum third-year standing; and • either BIOL 215, or declared Honours or Major in Anthropology or declared Honours or Major in Combined Biology and Psychology.</td>
</tr>
<tr>
<td>BIOL 346</td>
<td>1.5</td>
<td>3-0</td>
<td>Freshwater Ecosystems. Provides a basic understanding of the geological, physical, chemical, and biological processes that form and maintain lake and reservoir ecosystems. Covers both theoretical and applied aspects of freshwater ecology, and discusses the studies and experiments that have been used to test important theories and applications. Also covers anthropogenic and environmental threats to and impacts on freshwater ecosystems. Prerequisite(s): One of BIOL 215, ES 240, GEOG 272.</td>
</tr>
<tr>
<td>BIOL 351</td>
<td>1.5</td>
<td>3-0</td>
<td>The Biology behind the News. An examination of the biological science that bears on current environmental, social, ethical and political issues. Emphasis on how an understanding of the science might inform decision-making by individuals and groups. Note: Credit for this course will not be counted toward any Biology program requirement except as an elective. Prerequisite(s): Minimum third-year standing.</td>
</tr>
<tr>
<td>BIOL 355</td>
<td>1.5</td>
<td>3-0</td>
<td>Evolution. Evolutionary processes and the spatial and temporal patterns they produce. Natural selection, genetic drift and other microevolutionary processes; the basis of morphological and molecular change; species and speciation, macroevolution, phylogeny reconstruction; origin of life. Note: Credit will be granted for only one of BIOL 355, BIOL 455. Prerequisite(s): BIOL 230.</td>
</tr>
<tr>
<td>BIOL 359</td>
<td>1.5</td>
<td>3-0</td>
<td>Food, Disease and People. Microorganisms and their role in human societies today and in the past. Microorganisms in fermentation of food (cheese, sourdough bread) and beverages (wine, beer) but also in foodborne and non-foodborne diseases (listeriosis, plague). Aspects of growth, genetics, evolution and ecology of microorganisms as part of food and diseases with an emphasis on bacteria and their classification. Importance of microorganisms in trade and history. Note: Credit for this course will not be counted toward any Biology program requirement except as an elective. Prerequisite(s): Minimum third-year standing.</td>
</tr>
<tr>
<td>BIOL 360</td>
<td>1.5</td>
<td>3-0</td>
<td>Cell Biology. Structure and function of animal and plant cells and tissues, membrane structure, transport, cellular compartments, cytoskeleton, cell growth and division, cell adhesion, extracellular matrix, tissue organization and renewal. Prerequisite(s): Minimum third-year standing.</td>
</tr>
<tr>
<td>BIOL 361</td>
<td>1.5</td>
<td>3-0</td>
<td>Molecular Genetics and Genomics. Naturally occurring and induced genetic mutations leading to phenotypic variation within and among species in a diversity of eukaryotic taxa. Regulation of transcription and translation (including small regulatory RNAs), protein-protein interactions, molecular mechanisms of tumor formation, genome structure and mobile genetic elements, and functional genomics. Prerequisite(s): • BIOL 230, and • one of BIOL 299, BIOL 300A, BIOL 300B (BIOL 300A or BIOL 300B may be taken as corequisites).</td>
</tr>
<tr>
<td>BIOL 362</td>
<td>1.5</td>
<td>1-3</td>
<td>Techniques in Molecular Biology. An introduction to basic techniques in molecular biology. Nucleic acid (DNA) extractions; polymerase chain reaction (PCR); gel electrophoresis; molecular cloning, non-isotopic labeling of DNA probes; Northern blots; PCR primer design; computer based analyses of nucleotide sequence data. Students will undertake laboratory safety assignments on WHMIS and Biosafety. Prerequisite(s): BIOL 230. Prerequisite(s): BIOL 230, and • one of BIOL 299, BIOL 300A, BIOL 300B (BIOL 300A or BIOL 300B may be taken as corequisites).</td>
</tr>
<tr>
<td>BIOL 365</td>
<td>1.5</td>
<td>3-3</td>
<td>Animal Physiology. Fundamentals of animal physiological systems: principles of cellular and organismic homeostasis, nutrition, digestion, salt/water balance, respiration, circulation, muscle contraction, excitable membranes, sensory systems, brain functions, hormones, reproduction. Laboratory includes study of live animals. Note: Credit will be granted for only one of BIOL 365, BIOL 305A, BIOL 305B. Prerequisite(s): • Either BIOL 184 and BIOL 186, or BIOL 190B; and • BIOL 225; and • minimum third-year standing. Pre- or Corequisite(s): One of BIOL 299, BIOL 300A, BIOL 300B.</td>
</tr>
<tr>
<td>BIOL 366</td>
<td>1.5</td>
<td>3-3</td>
<td>Plant Physiology. Principles of plant physiology: photosynthesis, water relations, ion uptake, translocation, carbohydrates, nitrogen and lipid metabolism, phenolics, phytohormones, tropisms, phytochromes. Note: Credit will be granted for only one of BIOL 366, BIOL 331A, BIOL 331B. Prerequisite(s): BIOL 225. Pre- or Corequisite(s): • One of BIOL 299, BIOL 300A, BIOL 300B; and • minimum third-year standing. Recommendation(s): BIOL 324 recommended prior to BIOL 366.</td>
</tr>
<tr>
<td>BIOL 367</td>
<td>1.5</td>
<td>3-0</td>
<td>Neurobiology: Molecules to Behaviour. Cellular and molecular biology of excitable cells and mechanisms of intercellular communication. Evolution and functional organization of central nervous systems. Motor systems and mechanisms of coordination. Sensory biology. Interactions of genes, development, and experience in molding nervous systems and behaviour. Notes: • Credit will be granted for only one of BIOL 367, BIOL 409A. • Students with credit in PSYC 345 or PSYC 323 may take BIOL 360 or BIOL 365 as a pre- or corequisite. Prerequisite(s): One of BIOL 360, BIOL 365, BME 200 and BME 201.</td>
</tr>
<tr>
<td>BIOL 370</td>
<td>1.5</td>
<td>3-0</td>
<td>Conservation Biology. Diversity of organisms, functioning of ecosystems, and the impact of human activities on these. Topics include the nature of biological diversity; extinction and its cause; habitat alteration and fragmentation; effects of exotic species; economic and ethical considerations; practical applications and analytical tools; and legal frameworks for conserving species and habitats. Note: Credit will be granted for only one of BIOL 370, ER 313, ES 318, ES 320, ES 348. Prerequisite(s): • BIOL 186 or BIOL 190A; and • BIOL 215 and BIOL 230; and • STAT 255 or STAT 260.</td>
</tr>
</tbody>
</table>
BIOL 400  Units: 1.5  Hours: 3-0  
History of Biology
The historical development of the major techniques and ideas of biology, including the significance of the important historical contributors to biology. 
Note: Only one of BIOL 400 and BIOL 489 may be counted as an upper-level credit toward degree programs in Biology. 
Prerequisite(s): Minimum third-year standing.

BIOL 401A  Units: 1.5  Hours: 3-0  
Biotechnology
The tools of molecular biology and biotechnology (including the enzymes, cloning vectors and cloning strategies used in recombinant DNA technology, as well as the origins of these tools), and the application of genetic engineering to medicine, agriculture, forestry, forensic science and related areas. Lectures will also include bioethics and the impact of biotechnology on society. 
Pre-or Corequisite(s): One of BIOL 360, BIOL 361, BIOC 300A, BIOC 300B.

BIOL 404  Units: 1.5  Hours: 3-0  
Sensory Biology
Neural mechanisms underlying sensory systems: sensory receptor coding logic, signal transduction, neuronal circuitry, comparative analysis of model organisms. Related clinical disorders and therapeutic strategies will also be discussed. A large emphasis will be placed on the primary literature highlighting major advances in the field, aimed at building skills for designing experiments to test specific hypotheses. 
Prerequisite(s): One of BIOL 360, BIOL 367, BIOL 409A.

BIOL 409B  Units: 1.5  Hours: 2-4  
Experimental Neurobiology
Laboratory investigations of the neural basis of behaviour. Selected sensory and motor systems studied at the cellular, neuronal circuit, and whole animal levels. Techniques include extracellular and intracellular recording and stimulation, anatomical tracing of neuronal pathways; computerized acquisition and analyses of electrophysiological data. 
Prerequisite(s): 
• BIOL 365; or 
• permission of the department.

BIOL 410  Units: 1.5  Hours: 3-3  
Herpetology
The biology of amphibians and reptiles, particularly diversity, ecology, and behaviour. Presentations required. Laboratory involves mainly taxonomic identifications. Field trips when possible. 
Prerequisite(s): BIOL 307 or BIOL 207. 
Pre- or Corequisite(s): One of BIOL 330, ES 310, ES 344.

BIOL 415C  Units: 1.5  Hours: 3-0  
Myology
The diversity and ecology of fungi. Topics include: fungal molecular genetics, the role of fungi in ecosystem function, beneficial and pathogenic fungi in forests, and the importance of fungal biochemistry in industrial processes and human activities. 
Notes: 
• Credit will be granted for only one of BIOL 415C, BIOL 415, BIOL 415A, BIOL 415B, BIOL 470 (if taken in the same topic), FORB 515 
• A combined undergraduate and graduate course. 
Prerequisite(s): All of BIOL 215, BIOL 225, BIOL 230.

BIOL 418  Units: 1.5  Hours: 3-3  
Forest Ecology
Structure and function of forest ecosystems at the tree, stand and landscape scale, including effects of the environment upon plant abundance, distribution and diversity; nutrient, carbon and water cycles; population and community ecology; disturbance; forest conservation; climate change and global forests. Cost of field trips will be borne by students. 
Prerequisite(s): One of BIOL 324, BIOL 330, ES 310, ES 344; or 
• permission of the department.

BIOL 432  Units: 1.5  Hours: 3-0  
Molecular Endocrinology
Basic and molecular aspects of endocrinology. Brain hormones and their precursors, insulin and its receptor, gene-associated peptides, new glycoprotein hormones, growth factors, steroids, the superfamily of steroid and thyroid receptors, pheromones, oncogenes, immunoenendocrinology and environmental endocrinology. Lectures and presentations of scientific papers. 
Prerequisite(s): One of BIOL 360, BIOL 365, BIOC 299, BIOC 300A, BIOC 300B.

BIOL 435  Units: 1.5  Hours: 3-0  
Molecular Evolution
Using population genetic and evolutionary principles to understand how and why genes and genomes change, and to reconstruct the evolutionary history of genes, genomes, and organisms. 
Prerequisite(s): BIOL 230.
Pre- or Corequisite(s): One of BIOL 330, BIOL 355, BIOL 439, BIOL 455, BIOC 300A, BIOC 300B, CSC 428, ES 310, ES 344.

BIOL 436  Units: 1.5  Hours: 3-0  
Human Molecular Genetics
Survey of the organization, structure/function, and mapping of the human genome; the biochemical and molecular basis, screening, prevention, and treatment of various human diseases, including cancer. 
Prerequisite(s): 
• BIOL 225 and BIOL 230; and 
• one of BIOL 361, BIOC 300A, BIOC 300B; or 
• permission of the department.

BIOL 438  Units: 1.5  Hours: 3-0  
Nutrient Cycling and Prokaryotes
An introduction to prokaryotes (bacteria and archaea) and their role in nutrient cycling in forests, lakes and oceans. Diversity and evolution of populations and communities of prokaryotes and their role in the major biogeochemical cycles: carbon, nitrogen, sulfur. Genetic, biochemical, physiological and ecological aspects of processes such as nitrogen fixation and methanogenesis; design of experimental approaches to assess cycling of elements in forests, lakes and oceans by prokaryotes. 
Prerequisite(s): 
• Either two of BIOL 215, BIOL 225, BIOL 230, or MICR 200A and MICR 200B; or 
• permission of the department.

BIOL 439  Units: 1.5  Hours: 3-0  
Molecular Epidemiology
Basic principles and applications of molecular epidemiology in epidemiological research on infectious and chronic diseases as well as risk factors in human populations. An overview of terminology and definitions, the use of statistics, and ethical consideration. 
Prerequisite(s): 
• BIOL 225 and BIOL 230; and 
• STAT 255 or STAT 260.

BIOL 446  Units: 1.5  Hours: 3-0  
Advanced Aquatic Ecology
Introduction to fundamental concepts, theories and models in aquatic ecology and their application to sustainable protection and management of aquatic (freshwater and marine) ecosystems and resources. Emphasis on integrated approaches to water quality, nutrient-food web dynamics, aquatic biodiversity, fisheries productivity, and contaminant transport. Critical review of recent journal articles. Written and oral presentations required. 
Prerequisite(s): 
• One of BIOL 215, BIOL 311, BIOL 311B, BIOL 330, EOS 311, ES 310, ES 344, GEOG 371; and 
• minimum fourth-year standing.

BIOL 447  Units: 1.5  Hours: 3-0  
Ion Channels and Disease
Structure and function of major voltage- and ligand-gated ion channels in neurons. Channel-related diseases and how alterations in ion channel function can contribute to nervous system disorders such as nicotine addiction and epilepsy. Mechanisms of ligand binding, gating and ion selectivity. Bioinformatic tools to analyze ion channel sequence, functional domains and structure, and electrophysiological, fluorescence and crystallography techniques to study channel structure and function. Critical discussions of the primary literature will be emphasized. 
Prerequisite(s): BIOL 360 or BIOL 365.
### BIOL 448 - BIOL 490B

#### BIOL 448  
**Units:** 1.5  
**Hours:** 3-0-2  
**Neuroethology**  
Examination of the neural basis of behaviour. Insights into the neuronal organization of behaviour through examination of neuronal solutions that have evolved in animals to solve problems encountered in their particular environments. Examples in individual species will be used to illustrate how neuronal systems integrate information to shape behaviour in a real-world context. Research papers and seminar presentations based on the primary literature will be emphasized.  
**Prerequisite(s):**  
One of BIOL 345, BIOL 365, BIOL 305A, BIOL 305B.  
Also: BIOL 318  
**BIOL 449  
Units:** 1.5  
**Hours:** 3-3  
**Flowering Plant Diversity**  
A regional and worldwide survey of flowering plants, including morphological diversity and adaptations; plant evolution and phylogeny; species concepts; modern classification and nomenclature; and experimental approaches to the study of plant diversity. Labs emphasize identification and use of keys. Lab projects include the option of a pressed plant collection. Contact instructor for details and collecting equipment.  
**Note:** Credit will be granted for only one of BIOL 449, BIOL 318, ES 425.  
**Prerequisite(s):**  
- BIOL 184 or BIOL 190B; and  
- BIOL 186 or BIOL 190A; and  
- minimum third-year standing.  
**Recommendation(s):** BIOL 324 recommended prior to BIOL 449.  
**BIOL 457  
Units:** 1.5  
**Hours:** 3-0  
**Paleoecology and Environmental Change**  
Fundamental principles of paleoecology with emphasis on species, community and ecosystem responses to environmental change over the past 2 million years. Topics include: using fossil remains to infer ecological dynamics and climate change since the last glaciation; ice age mega-faunal extinctions; role of paleoecology in conservation.  
**Prerequisite(s):**  
- BIOL 215 or EOS 330; or  
- permission of the department.  
**Recommendation(s):** BIOL 324 recommended prior to BIOL 457.  
**BIOL 458  
Units:** 1.5  
**Hours:** 3-0  
**Plant Biochemistry and Biochemical Ecology**  
An introduction to plant biochemistry, plant metabolism, and the biochemical basis of plant adaptation, with emphasis on plant-specific biochemical pathways and processes, and their regulation and molecular biology. Storage carbohydrates, cell wall biosynthesis, lipid metabolism, nitrogen fixation and assimilation, and photosynthesis; biochemical ecology of secondary plant metabolites including isoprenoids, phenolics and alkaloids.  
**Note:** Not open to students with credit in BIOL 450A in this topic.  
**Prerequisite(s):** One of BIOL 299, BIOL 300A, BIOL 300B.  
**Recommendation(s):** BIOL 300A or BIOL 300B recommended prior to BIOL 458.  
**BIOL 459  
Units:** 1.5  
**Hours:** 3-0  
**Human Microbial Diseases**  
An introduction to human infectious diseases and the biology and ecology of pathogenic bacteria and viruses. Basic principles of epidemiology of infectious diseases. Methods of control: antibiotics, antivirals and vaccines. Classification, pathogenicity, molecular diagnostic, epidemiology of various types of human infectious diseases (respiratory, digestive, etc.).  
**Prerequisite(s):** Two of BIOL 215, BIOL 225, BIOL 230.  
**BIOL 460  
Units:** 1.0  
**Honours Seminar**  
Participation in seminars as arranged by the department and the Honours Coordinator. Required of all Honours students in their fourth-year of studies, as an addition to the normal 15 units.  
**Grading:** COM, N.F.  
**BIOL 461  
Units:** 1.5  
**Hours:** 3-0-1  
**Fisheries Ecology and Management**  
An examination of the basic principles of fisheries ecology and population dynamics and how these are used as the basis for stock assessment and fisheries management. Topics include: current issues in BC, Canadian and global fisheries; growth, mortality, reproduction and recruitment; stock-recruitment and age-structured fisheries models; fisheries management tactics and strategies.  
**Pre- or Corequisite(s):**  
- One of BIOL 330, BIOL 370, ES 320, ES 344; or  
- permission of the department.  
**Recommendation(s):** BIOL 335 recommended prior to BIOL 461.  
**BIOL 462  
Units:** 1.5  
**Hours:** 3-0-1  
**Community and Ecosystem**  
An examination of the development of, and approaches to, ecological research, including theoretical and empirical advances. Topics include scale, biodiversity ecosystem function, diversity stability, trophic interactions, food webs, ecological networks, macroecology, and resilience, as well as an introduction to programming and ecological modeling in R.  
**Prerequisite(s):** BIOL 215.  
**Pre- or Corequisite(s):** BIOL 330 or ES 344.  
**BIOL 465  
Units:** 1.5  
**Hours:** 3-0  
**The Molecular Basis of Cancer**  
Clinical terminology, concepts of cancer epidemiology, DNA mutation and repair, molecular basis of cell cycle regulation, cell proliferation and apoptosis. Special emphasis on chemotherapy, gene therapy, diet and cancer, and the immunology of cancer.  
**Prerequisite(s):** All of BIOL 225, BIOL 230, BIOL 360.  
**BIOL 466  
Units:** 1.5  
**Hours:** 3-0  
**Frontiers in Marine Biology**  
Explores new advances in topics related to ocean biology, focusing on ocean change and responses in biological systems. Topics range from novel approaches to ocean discovery both in theory and in the field, to the role of humans in ocean change and mitigation. Content is based in ocean processes and ecological interactions ranging from microbes to ecosystem and from coasts to the deep sea.  
**Prerequisite(s):** One of BIOL 311, BIOL 319, EOS 311.  
**Pre- or Corequisite(s):** BIOL 330 or ES 344.  
**BIOL 467  
Units:** 1.5  
**Hours:** 3-0  
**Neural Development**  
Neural induction, patterning, cell fate determination, axon guidance, synaptic development, circuit formation, neural stem cells, adult neurogenesis. Emphasis on molecular mechanisms, analysis of primary literature.  
**Prerequisite(s):** One of BIOL 309, BIOL 360, BIOL 367.  
**BIOL 468  
Units:** 1.5  
**Hours:** 3-0  
**Food Web Ecology**  
Characterizing food web interactions is fundamental to ecology. Provides a comprehensive introduction to the most important methods used to characterize food web interactions in terrestrial and aquatic ecosystems. Topics will include: isotopic ecology, ecological stoichiometry, nutritional geometry, lipid tracers, and molecular tracers.  
**Note:** Credit will be granted for only one of BIOL 468, BIOL 470 (if taken in the same topic).  
**Prerequisite(s):**  
- BIOL 215; and  
- minimum third-year standing.  
**BIOL 470  
Units:** 1.5 - 3.0  
**Hours:** 3-0-0*  
**Advanced Topics in Biology**  
Examination of a specific topic in biology.  
* Lab or tutorial hours may vary depending on the topic.  
**Note:** May be taken more than once for credit in different topics.  
**Prerequisite(s):** Set by department depending upon topic.  
**BIOL 490A  
Units:** 1.5  
**Directed Studies and Research in Botany**  
Departmental permission may be given for supervised research projects, individual study, or directed readings.  
**Notes:**  
- A student may take up to a maximum of 3 units from BIOL 490A, BIOL 490B, BIOL 490D, BIOL 490E, BIOL 490F, BIOL 490H, BIOL 490I, MRNE 400.  
- Pro Forma required.  
**Prerequisite(s):**  
- Minimum third-year standing; and  
- minimum cumulative GPA of 5.0 in the last 15 units of coursework.  
**Grading:** INP; standard grade.  
**BIOL 490B  
Units:** 1.5  
**Directed Studies and Research in Ecology**  
Departmental permission may be given for supervised research projects, individual study, or directed readings.  
**Notes:**  
- A student may take up to a maximum of 3 units from BIOL 490B, BIOL 490A, BIOL 490D, BIOL 490E, BIOL 490F, BIOL 490H, BIOL 490I, MRNE 400.  
- Pro Forma required.  
**Prerequisite(s):**  
- Minimum third-year standing; and  
- minimum cumulative GPA of 5.0 in the last 15 units of coursework.  
**Grading:** INP; standard grade.

| **BIOL 490H** | Units: 1.5 |
| Directed Studies and Research in Neurobiology | Departmental permission may be given for supervised research projects, individual study, or directed readings. |
| Notes: | - A student may take up to a maximum of 3 units from BIOL 490H, BIOL 490A, BIOL 490B, BIOL 490D, BIOL 490E, BIOL 490F, BIOL 490G, BIOL 490H, BIOL 490J, MRNE 400. |
| Prerequisite(s): | - Pro Forma required. |
| Grading: | INP; standard grade. |

| **BIOL 490B** | Units: 1.5 |
| Formerly part of 499 Honours Thesis II | Continuation of a research project conducted under the direction of a faculty member. |
| Notes: | - Credit will be granted for only one of BIOL 499B, BIOL 499, BIOL 499A. |
| Prerequisite(s): | - Open to Honours students only. BIOL 499A and BIOL 499B are "tied" courses and must be taken in consecutive terms except with permission of the department. Credit for BIOL 499A will be assigned only upon successful completion of both courses. |
| Prerequisite(s): | BIOL 499A. |

**BME**

**Biomedical Engineering**

**Faculty of Engineering**

Some Faculty of Engineering courses are only open to students in the faculty or in specific programs. Courses and applicable restrictions are listed at www.uvic.ca/engineering/ courseaccess.php

Courses offered by the Faculty of Engineering are also found under the following course codes: CENG (Computer Engineering), CIVE (Civil Engineering), CSC (Computer Science), ELEC (Electrical Engineering), ENGR (Engineering), MECH (Mechanical Engineering), and SEENG (Software Engineering).

| **BME 200** | Units: 1.5 |
| Molecular and Cellular Physiology for Engineers | Examines the basic structures and processes that make up cells and tissues, including protein synthesis, cellular tissues, and control of cellular processes, using principles from engineering kinetics and transport processes. Includes wet lab exercises. |
| Prerequisite(s): | - CHEM 101 or CHEM 150; and |
| | - one of PHYS 111, PHYS 112, PHYS 125, PHYS 130. |

| **BME 201** | Units: 1.5 |
| Quantitative Human Physiology | Introduction to human physiology at the level necessary for advanced work in biomedical engineering, including properties of organ systems such as the nervous, endocrine, muscular, cardiovascular and respiratory systems. |
| Prerequisite(s): | - CHEM 101 or CHEM 150; and |
| | - one of PHYS 111, PHYS 112, PHYS 125, PHYS 130. |

| **BME 320** | Units: 1.5 |
| Engineering Materials with BME applications | Materials for engineering, atomic structure, arrangement and movement; crystalline structures, polymer structures and polymer development and formulation; ceramics and ceramic development; properties of ferrous and nonferrous metals; properties of semiconductors, insulators and magnetic materials; electronic conduction in solids and simple devices. Materials in biomedical engineering design and biological effects. |
| Note: | Not open for credit to students registered in or with credit in ELEC 220 or MECH 285. |
| Prerequisite(s): | CHEM 150 and PHYS 111. |
BME 335 - Units: 1.5 Hours: 3-1.5
Also: ELEC 335
Biosensors and Instrumentation
A study of the basic principles of biomedical electronics and measurement with emphasis on instruments and systems for biomedical data acquisition and processing. Topics will include electrocardiography (ECG), electroencephalography (EEG), medical ultrasound, magnetic resonance imaging (MRI), and x-ray computed tomography (CT).
Note: Credit will be granted for only one of BME 335, ELEC 335.
Prerequisite(s): ELEC 216 or PHYS 216.
Pre- or Corequisite(s): ELEC 330 or ELEC 365.

BME 350 - Units: 2.0 Hours: 4-3-1
Biomedical Engineering Design
Design methodology; recognizing and defining open-ended biomedical engineering problems, problem definition, concept generation, project planning, modelling, analysis, decision making, design synthesis, prototyping and testing. Students complete a series of design projects in small teams to develop teamwork. Introduction to engineering graphics, perspective and orthographic drawings; 3D models, dimensioning and tolerancing; generation of engineering drawings with CAD systems.
Note: Credit will be granted for only one of BME 350, MECH 350.
Prerequisite(s): BME 201 and MECH 220.

BME 401A - Units: 1.5 Hours: 3-0*
Special Topics in Biomedical Engineering
Presents material in an emerging field or one not covered in regular offerings.
Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.
* Lab hours may vary depending on the topic.
Notes:
• Credit will be granted for only one of BME 401A, BME 401B (if taken in the same topic), BME 401C (if taken in the same topic), BME 401D (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

BME 401B - Units: 1.5 Hours: 3-0*
Special Topics in Biomedical Engineering
Presents material in an emerging field or one not covered in regular offerings.
Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.
* Lab hours may vary depending on the topic.
Notes:
• Credit will be granted for only one of BME 401A, BME 401B (if taken in the same topic), BME 401C (if taken in the same topic), BME 401D (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

BME 401C - Units: 1.5 Hours: 3-0*
Special Topics in Biomedical Engineering
Presents material in an emerging field or one not covered in regular offerings.
Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.
* Lab hours may vary depending on the topic.
Notes:
• Credit will be granted for only one of BME 401A, BME 401B (if taken in the same topic), BME 401C (if taken in the same topic), BME 401D (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

BME 401D - Units: 1.5 Hours: 3-0*
Special Topics in Biomedical Engineering
Presents material in an emerging field or one not covered in regular offerings.
Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.
* Lab hours may vary depending on the topic.
Notes:
• Credit will be granted for only one of BME 401A, BME 401B (if taken in the same topic), BME 401C (if taken in the same topic), BME 401D (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

BME 403 - Units: 1.5 Hours: 3-0
Also: ELEC 435
Medical Image Processing
Image processing and understanding techniques applied in medical imaging technologies such as CT, MRI, ultrasound, X-ray. Design of computer aided diagnosis systems. Topics include algorithms for filtering, edge detection, segmentation, registration and 3D visualization of medical data.
Note: Credit will be granted for only one of BME 403, ELEC 435.
Prerequisite(s): ELEC 310.

BME 434 - Units: 1.5 Hours: 3-0
Also: ELEC 434
Biophotonics
An overview of basic optics (including the principles of lasers), biology and photobiology will be given. Practical applications will be presented including imaging, biosensing and microarray technologies, flow cytometry, photodynamic therapy, tissue engineering (including laser surgery), and laser scissors and tweezers.
Note: Credit will be granted for only one of BME 434, ELEC 434.
Prerequisite(s): ELEC 340.

BME 481 - Units: 1.5 Hours: 3-0
Also: MECH 481
Biomaterials and Tissue Engineering
Introduction to the types of biomaterials and their associated properties. Experimental characterization techniques including microscopy, detection of chemical compositions, protein adsorption and immunoreactivity. Methods for combining biomaterials with cells to engineer tissues.
Note: Credit will be granted for only one of BME 481, MECH 450 (if taken in the same topic), MECH 481.
Prerequisite(s):
• BME 350 or MECH 350; and
• ENGR 002; and
• minimum fourth-year standing in the Biomedical Engineering or Computer Engineering or Civil Engineering or Electrical Engineering or Mechanical Engineering program.

BME 498 - Units: 3.0 Hours: 2-18
Honours Thesis
The honours thesis provides an opportunity for selected students to carry out a major design or research project under the supervision of a faculty member. The project will require independent study of the current technical literature, and independent research or design work. Each student will present a complete report at the end of the term, and make an oral presentation of the findings.
Note: This course may only be taken once, replacing two technical electives, one of which can be one of CENG 499, ELEC 499, MECH 499.

Not open to students with credit in any of CENG 499, ELEC 498, ELEC 499, MECH 498, MECH 499.
Prerequisite(s):
• Minimum GPA of 6.0 in all of Year 3 Biomedical Engineering courses; and
• permission of the program.
Grading: INP, standard grade.

BME 499 - Units: 1.5 Hours: 1-9
Design Project
A significant technical design project in Biomedical Engineering completed under the supervision of a faculty member. This design experience is based on the knowledge and skills acquired in earlier coursework. Projects may originate from faculty members, students, or external sources. They may have a diverse nature and serve diverse needs. Multi-disciplinary projects are encouraged.
Prerequisite(s):
• BME 350 or MECH 350; and
• ENGR 002; and
• minimum fourth-year standing in the Biomedical Engineering program.
**Computer Engineering**

**Department of Electrical and Computer Engineering**

**Faculty of Engineering**

Some Faculty of Engineering courses are only open to students in the faculty or in specific programs. Courses and applicable restrictions are listed at [uwinc.ca/engineering/coursesaccess.php](http://uwinc.ca/engineering/coursesaccess.php). Courses offered by the Faculty of Engineering are also found under the following course codes: BME (Biomedical Engineering), CIV (Civil Engineering), CSCI (Computer Science), ELEC (Electrical Engineering), ENGR (Engineering), MECH (Mechanical Engineering) and SENG (Software Engineering).

**CENG 241 - Units: 1.5 - Hours: 3-3**

**Digital Design**

**Prerequisite(s):** Minimum second-year standing.

**CENG 242 - Units: 1.5 - Hours: 3-0**

**Discrete Structures in Engineering**

**Prerequisite(s):** MATH 101 and MATH 110.

**CENG 255 - Units: 1.5 - Hours: 3-3**

**Introduction to Computer Architecture**

The architecture of computer systems including concepts such as processor, memory, buses, input/output, instruction sets, interrupt processing, pipelining, performance. Families of processors, CISC, RISC. Memory organization and management including cache, virtual memory, protection. Computer arithmetic. Assembly language programming, assemblers, linkers and loaders. Hardware/software interaction.

**Prerequisite(s):** CSC 111.

**CENG 299 - Units: 1.5 - Hours: 3-3**

**Introduction to Electrical and Computer Engineering Design**

Computer Aided Design (CAD) tools used in electrical and computer engineering design: drafting, printed-circuit board layout, scientific and system simulation. Instrumentation devices used in control and measurement. Case studies illustrating electrical and computer engineering design process. Time and project management. Technical communications and presentations.

**Note:** Credit will be granted for only one of CENG 299, CIVE 200, ELEC 200, ELEC 299, ENGR 150, MECH 200.

**Pre- or Corequisite(s):**
- CENG 241 and ELEC 250; and
- ENGR 120 or ENGR 121.

**CENG 355 - Units: 1.5 - Hours: 3-1.5**

**Microprocessor-Based Systems**

**Prerequisite(s):** One of CENG 255, CSCI 230, MECH 405.

**CENG 356 - Units: 1.5 - Hours: 3-0**

**Engineering System Software**

System software principles, components, usage, protection, and their relation to hardware and engineering systems. Modern operating systems characteristics and engineering applications; portable operating system interface standard. Requirements, design, development, and maintenance of complex software for portable devices, real-time systems, and multi-processor systems.

**Note:** May not be counted for credit towards a Computer Science degree program.

**CENG 399 - Units: 1.5 - Hours: 1-6**

**Design Project I**

A team-based technical project completed under the supervision of a faculty member, with focus on an engineering design project requirements and specification processes. Expected learning outcome is based on the knowledge and skills acquired by the student in earlier and concurrent courses, and Professional Engineers’ awareness with respect to the environment, ethics, equity, public and worker safety and health. Projects may have a diverse nature serving societal needs. Multi-disciplinary projects are encouraged.

**Prerequisite(s):**
- One of CENG 299, ELEC 200, ELEC 299; and
- ENGR 001; and
- minimum third-year standing in the BEng program in Computer Engineering; or
- permission of the department.

**CENG 412 - Units: 1.5 - Hours: 3-0**

**Human Factors in Engineering**

Accidents associated with “human error” often reflect the failure to recognize human factors in the design stage. Reviews sensory, motor, and cognitive performance characteristics and derives human engineering design criteria. Principles of displays, controls and ergonomics are discussed.

**Note:** Credit will be granted for only one of CENG 412, SENG 412.

**Prerequisite(s):** STAT 254 or STAT 260.

**CENG 420 - Units: 1.5 - Hours: 3-0**

**Formerly: 490**

**Artificial Intelligence**

Philosophy of artificial intelligence. AI programs and languages, representations and descriptions, exploiting constraints. Rule-based and heuristic systems. Applications to engineering.

**Note:** Credit will be granted for only one of CENG 420, CENG 490 (if taken in the same topic), CSC 421.

**Prerequisite(s):** Minimum fourth-year standing in the Faculty of Engineering.

**CENG 421 - Units: 1.5 - Hours: 3-1.5**

**Computer Vision**

Overview of the main concepts and methods in computer vision; geometry and physics of imaging, as related to image formation and image acquisition; low-level methods of image analysis, such as filtering, edge detection, feature detection, and segmentation; methods for extracting and representing three-dimensional scene information; visual pattern recognition; motion analysis and algorithms for video understanding.

**Prerequisite(s):** ELEC 310.

**CENG 441 - Units: 1.5 - Hours: 3-1.5**

**Design of Digital and VLSI Systems**

**Note:** Credit will be granted for only one of CENG 441, CIVE 440, CENG 465.

**Prerequisite(s):**
- CENG 241 or CENG 290, and
- minimum fourth-year standing in the Faculty of Engineering.

**CENG 448 - Units: 1.5 - Hours: 3-0**

**Cyber-System Security**

Introduction to abstract algebra and finite field arithmetic. Hardware attacks and mitigation techniques. Hardware trojans and hardware trojan detection techniques. Trusted design in FPGAs. Security in embedded systems. Design for hardware trust. Security and testing. Crypto-processors architecture and design for security.

**Prerequisite(s):**
- Minimum fourth-year standing in the Faculty of Engineering; or
- permission of the department.
<table>
<thead>
<tr>
<th>Course Code</th>
<th>Units</th>
<th>Hours</th>
<th>Description</th>
</tr>
</thead>
</table>
| CENG 450 | 1.5 | 3-3  | Computer Systems and Architecture  
Architecture and performance of modern processors, performance metrics; instruction set architectures and their impact on performance; instruction and arithmetic pipelines; pipeline hazards; exception handling; caching.  
Integral to the course is a Project Laboratory. Working in teams, students are expected to design and implement a processor based on a given specification of a simple instruction set. Student’s progress is determined through a preliminary design review, a presentation, demonstration of the implementation and a final report.  
Prerequisite(s): CENG 355 or CSC 355. |
| CENG 453 | 1.5 | 3-0  | Parallel and Cluster Computing  
Overview of massively parallel and cluster computers.  
Processing models (shared memory versus message passing). Processes and threads. Standard algorithms utilizing parallelism. Matrix and vector operations, N-body problems, collective communications. Parallel application environments MPI and OpenMP. Includes significant exposure to parallel applications including developing and coding parallel codes.  
Prerequisite(s):  
• Minimum fourth-year standing in the Faculty of Engineering; or  
• Permission of the department. |
| CENG 455 | 1.5 | 3-3  | Real Time Computer Systems Design Project  
Techniques to guarantee the completion of computations by their deadline. Scheduling for periodic and non-periodic tasks. Organization and functionality of real time system software and hardware. Working in teams, students must complete a project involving substantial real time design and implementation, partly based on the knowledge and skills acquired in earlier coursework. Learning outcomes are based on a progress review, presentation, demonstration, and final report of the prototype design.  
Prerequisite(s): CENG 355 or CSC 355. |
| CENG 460 | 1.5 | 3-1.5 | Communication Networks  
Introduction to communication networking principles and engineering including resource management, error control, flow control, congestion control, TCP/IP model, algorithm and protocol design for wireless and wired communication networks.  
Note: Credit will be granted for only one of CENG 460, CSC 361, and SENG 450.  
Prerequisite(s): CENG 255 or CSC 230. |
| CENG 461 | 1.5 | 3-0  | Design and Analysis of Computer Networks  
Markov chains and techniques for studying their transient and steady-state behaviour. Queuing theory and discrete time queues. Queuing models for media access, error control and traffic management protocols. Quality of service.  
Prerequisite(s): STAT 254 or STAT 260. |
| CENG 490 | 1.5 or 3.0 | 3-0 | Directed Studies  
Note: May be taken more than once for credit in different topics with permission of the department.  
Prerequisite(s): Permission of the department. |
| CENG 496A | 1.5 | 3-0  | Selected Topics in Computer Engineering  
Prerequisite(s):  
• Credit will be granted for only one of CENG 496A, CENG 496B, CENG 496C, (if taken in the same topic), CENG 496D (if taken in the same topic).  
• Credit will be granted for only one of CENG 496A, CENG 496B, CENG 496C, CENG 496D (if taken in the same topic).  
• May be taken more than once for credit in different topics with permission of the department.  
Prerequisite(s): Set by department depending upon topic. |
| CENG 496B | 1.5 | 3-0  | Selected Topics in Computer Engineering  
Prerequisite(s):  
• Credit will be granted for only one of CENG 496A, CENG 496B, CENG 496C, (if taken in the same topic), CENG 496D (if taken in the same topic).  
• Credit will be granted for only one of CENG 496A, CENG 496B, CENG 496C, CENG 496D (if taken in the same topic).  
• May be taken more than once for credit in different topics with permission of the department.  
Prerequisite(s): Set by department depending upon topic. |
| CENG 496C | 1.5 | 3-0  | Selected Topics in Computer Engineering  
Prerequisite(s):  
• Credit will be granted for only one of CENG 496A, CENG 496B, CENG 496C, (if taken in the same topic), CENG 496D (if taken in the same topic).  
• Credit will be granted for only one of CENG 496A, CENG 496B, CENG 496C, CENG 496D (if taken in the same topic).  
• May be taken more than once for credit in different topics with permission of the department.  
Prerequisite(s): Set by department depending upon topic. |
| CENG 496D | 1.5 | 3-0  | Selected Topics in Computer Engineering  
Prerequisite(s):  
• Credit will be granted for only one of CENG 496D, CENG 496B, CENG 496C (if taken in the same topic), CENG 496A (if taken in the same topic).  
• Credit will be granted for only one of CENG 496D, CENG 496B, CENG 496C (if taken in the same topic).  
• May be taken more than once for credit in different topics with permission of the department.  
Prerequisite(s): Set by department depending upon topic. |
| CENG 499 | 1.5 | 1-9  | Honours Thesis  
Selected students undertake a major engineering design and research project under the supervision of a faculty member. The work involves independent study of the current literature and independent research and design. At the end of the term, each student submits a report and discusses the findings in an oral presentation.  
Note: This course may only be taken once.  
Grading: INP, standard grade. |
| CENG 499A | 1.5 | 1-9  | Design Project I  
A significant technical design project in Computer Engineering completed under the supervision of a faculty member. This design experience is based on the knowledge and skills acquired in earlier coursework. Projects may originate from faculty members, students, or external sources. They may have a diverse nature and serve diverse needs. Multi-disciplinary projects are encouraged.  
Note: Credit will be granted for only one of CENG 499, CENG 499A, CENG 499B, ELEC 499, ELEC 499A, ELEC 499B, SENG 499, SENG 499A, SENG 499B.  
Prerequisite(s):  
• One of CENG 399, BME 350, ELEC 399, MECH 350; and  
• ENGR 002; and  
• minimum fourth-year standing in the Computer Engineering program. |
Introduction to Chemistry

Notes: introduced using a variety of different types of experiments. Scientific environment including observing, recording and analyzing data accurately.

Prerequisite(s): CHEM 101 or Chemistry 11; and permission of the department.

Grading: COM, N, F.

Chemistry in Modern Society

Introduction to the modern theory of atomic structure and chemical bonding, emphasis on periodicity, structure, bonding and reactivity; principles will be illustrated using the chemistry of selected groups of elements.

Prerequisite(s): CHEM 102.

CHEM 101 - CHEM 300A

COURSE LISTINGS CHEM
CHEM 303 Units: 1.5 Hours: 3-0
Industrial Chemistry: Earth, Air, Fire, Water
Introduction to the principles and processes used in the chemical and energy industries of Western Canada: petroleum production and refining, petrochemical, pulp and paper, mining and smelting, and fermentation industries. Water and air quality, water and air emission problems and their control. Introduction to analyses of embedded energy and virtual water.
Notes:
- Credit will be granted for only one of CHEM 303, CHEM 376, CHEM 478.
- Primarily designed for students who are not majoring in Chemistry. Requires familiarity with stoichiometry calculations, including the concepts of limiting reactant, yield, and concentration; and with calculations involving the ideal gas law and heats of reaction; and with the concepts of energy and power.
Prerequisite(s): CHEM 231.

CHEM 318 Units: 1.5 Hours: 3-0
Instrumental Techniques of Analysis
Theory and applications of the most generally applied methods of chemical analysis such as infrared, raman and emission spectroscopy, polarography, high performance liquid chromatography, radiochemical analysis etc.
Prerequisite(s): CHEM 212 and CHEM 213.

CHEM 324 Units: 1.5 Hours: 3-0
Transition Metal Chemistry
Coordination chemistry of the d-block metals. Electronic structure, properties, reactions, and applications of transition metal complexes.
Prerequisite(s): CHEM 222.

CHEM 335 Units: 1.5 Hours: 3-0
Synthetic Methods in Organic Chemistry
Design of syntheses in aliphatic, aromatic and some biomolecules. Aliphatic systems; carbanions, conjugated carbonyl compounds, amines in syntheses, functional group modifications. Aromatic systems; carbanions, conjugated systems; analysis of synthesized compounds; principles of transition metal chemistry.
Notes:
- A total of 1.5 units of credit will be granted for only one of CHEM 362, CHEM 323, CHEM 324 (if taken prior to September 2001).
- Offered in fall and spring terms.
To count toward any Chemistry program, this course must be taken twice, over two terms in which the course content differs, for a total of 1.5 units.
Prerequisite(s): CHEM 213 and CHEM 222.

CHEM 361 Units: 0.75 Hours: 0-3
Analytical Chemistry Laboratory
This laboratory course will build on expertise acquired in CHEM 212, with greater emphasis on instrumental analysis and more advanced techniques.
Notes:
- A total of 1.5 units of credit will be granted for only one of CHEM 361, CHEM 312, CHEM 318 (if taken prior to September 2001).
- Offered in fall and spring terms.
To count toward any Chemistry program, this course must be taken twice, over two terms in which the course content differs, for a total of 1.5 units.
Prerequisite(s): CHEM 212.

CHEM 362 Units: 0.75 Hours: 0-3
Inorganic Chemistry Laboratory
This laboratory course will emphasize synthetic techniques and manipulations in organometallic and coordination chemistry; spectroscopic characterization of sensitive compounds; principles of transition metal chemistry.
Notes:
- A total of 1.5 units of credit will be granted for only one of CHEM 362, CHEM 323, CHEM 324 (if taken prior to September 2001).
- Offered in fall and spring terms.
To count toward any Chemistry program, this course must be taken twice, over two terms in which the course content differs, for a total of 1.5 units.
Prerequisite(s): CHEM 213 and CHEM 222.

CHEM 363 Units: 0.75 Hours: 0-3
Organic Chemistry Laboratory
This laboratory course will emphasize organic synthesis and the relationship between spectra and structure of synthesized materials; analysis of synthesized compounds will be shown to relate structure with reactivity and stereochemistry.
Notes:
- A total of 1.5 units of credit will be granted for only one of CHEM 363, CHEM 335, CHEM 338 (if taken prior to September 2001).
- Offered in fall and spring terms.
To count toward any Chemistry program, this course must be taken twice, over two terms in which the course content differs, for a total of 1.5 units.
Prerequisite(s): CHEM 232 or CHEM 235.

CHEM 377 Units: 1.5 Hours: 3-0
Bio-organic Chemistry
Prerequisite(s): CHEM 232 or CHEM 235.

CHEM 347 Units: 1.5 Hours: 3-0
Quantum Chemistry
Introduction to quantum chemistry, molecular orbitals and bonding. The Schrödinger equation and its solutions for some simple systems: Wavefunctions, one-electron and multielectron atoms, rotation and vibration of molecules. Molecular orbitals and bonding in diatomic and polyatomic molecules.
Note: Credit will be granted for only one of CHEM 347, CHEM 446.
Prerequisite(s):
- CHEM 213 or CHEM 245; and
- MATH 101.

CHEM 398 Units: 0 Hours: 0-6
Research Experience
Experimental research under the direction of department members. For third-year students who wish to gain some experience in chemical research. Interested students should contact the course coordinator by the first week of classes.
Prerequisite(s): Permission of the department.
Grading: COM, N, F.

CHEM 399 Units: 1.5 Hours: 0-6
Research Experience
Experimental research under the direction of department members. For students who wish to gain some experience in chemical research. Students are advised to make arrangements for 399 projects as early as possible. Ideally, projects should be discussed with potential supervisors before the term in which the research will be undertaken. Interested students should contact the course coordinator by the first week of classes.
Notes:
- Credit will be granted for only one of CHEM 399, CHEM 498.
- Cannot be taken simultaneously with CHEM 499A or CHEM 499B.
Prerequisite(s): Permission of the department.

CHEM 400A Units: 1.5 Hours: 3-0
Applications of Chemistry
Intended for students who have completed at least two years of chemistry. Covers issues in the chemistry that surrounds us. Topics of current interest will be covered with an emphasis on how the chemistry works, and advantages and disadvantages of their application. Topics may include the chemistry of food, drugs, household products, agrichemicals, petrochemicals, pollution, energy (generation/conversion) and materials.
Prerequisite(s): Two of CHEM 213, CHEM 222, CHEM 231, CHEM 232.

CHEM 411 Units: 1.5 Hours: 2-0-1
Advanced Instrumental Analysis
A discussion of electronic data acquisition and manipulation as used in modern chemical instrumentation. Included will be some of the following: mass spectrometry, x-ray spectroscopy, NMR, EPR, etc.
Prerequisite(s): CHEM 318.

CHEM 421 Units: 1.5 Hours: 3-0
Advanced Inorganic Chemistry
Advanced topics in inorganic chemistry from across the periodic table, building on principles established in 222 and 324. Topics may include main group organometallics, novel structures and reactivity, catalysis, inorganic polymers, zeolites, fullerenes, metal-metal and metal-ligand multiple bonding, biomimetic chemistry, metal clusters, or chemistry of the lanthanides and actinides.
Note: Credit will be granted for only one of CHEM 421, CHEM 424, CHEM 426.
Prerequisite(s): CHEM 324.
CHEM 423 Units: 1.5 Hours: 2-0-1
Organometallic Chemistry
A detailed look at transition metal organometallic chemistry. Bonding theory, synthesis and reactivity of sigma-bonded alkyls and aryls, metal carbonyls and pi-bonded organic liquids such as alkenes, alkynes, allyls and amines. Applications of organometallic complexes in organic synthesis and industrial catalysis.
Prerequisite(s): CHEM 324.

CHEM 432 Units: 1.5 Hours: 3-0
Advanced Organic Synthesis
Building on the methodology learned in 335, this course focuses on the art and science of total synthesis, including modern asymmetric transformations, organometallic coupling strategies (e.g., Pd- and Ru-mediated reactions), and considerations of synthetic efficiency. Students will learn to evaluate and propose syntheses of complex natural products.
Prerequisite(s): CHEM 335.

CHEM 434 Units: 1.5 Hours: 2-0-1
Structure-Property Relationships in Organic Chemistry
Influence of bonding and structure on chemical, physical and electronic properties of organic molecules, within a biological and materials chemistry context. Topics covered may include substituent effects, noncovalent interactions, solvation, packing motifs, bonding theory, redox processes, electronic effects in closed shell vs. organic open shell molecules, molecular orbital theory, semiempirical calculations, photochemistry, absorption and emission processes, and electron transfer theory.
Prerequisite(s): CHEM 232 or CHEM 235.

CHEM 437 Units: 1.5 Hours: 3-0
Biological and Medicinal Chemistry
An introduction to medically important biological systems and the small molecules that perturb them. Topics will include chemical aspects of proteomics, biological target identification, mechanisms of action for important drugs, lead identification and development, and enzyme inhibitor design.
Prerequisite(s):
• CHEM 232 and 1.5 units of BIOL or BIOL course numbered 200 or higher; or
• permission of the department.

CHEM 452 Units: 1.5 Hours: 3-0
Formerly: CHEM 326
Reactivity Mechanisms and Dynamics
Predicting the kinetic behaviour of different types of mechanisms. Deduction of mechanisms and interpretation of activation parameters from experimental data. Predicting and controlling rate by varying solvents, substituents, catalysts, etc. Use of a wide range of examples from inorganic and organic chemistry to illustrate these ideas.
Note: Credit will be granted for only one of CHEM 452, CHEM 352.
Prerequisite(s):
• CHEM 222; and
• CHEM 232 or CHEM 235.

CHEM 453 Units: 1.5 Hours: 3-0
Formerly: CHEM 353
Structure, Reactivity and Bonding
Note: Credit will be granted for only one of CHEM 453, CHEM 353.
Prerequisite(s):
• CHEM 222; and
• CHEM 232 or CHEM 235.

CHEM 458 Units: 1.5 Hours: 2-0-1
Statistical Thermodynamics
Ensembles, partition functions, distinguishable and indistinguishable molecules; statistical mechanical expressions for thermodynamic functions; application to ideal monatomic, diatomic and polyatomic gases, monatomic crystals and chemical equilibrium; classical and quantum statistics.
Prerequisite(s): CHEM 245.

CHEM 459 Units: 1.5 Hours: 2-0-1
Materials Science
Introduction to properties of materials from a chemical perspective, including the principles behind modern materials and their technological applications. Electronic structure of solids. Electrical conductivity, types of conducting materials: metals, semiconductors, polymers, conductors. Other topics may include magnetic, optical, mechanical, or interfacial properties.
Prerequisite(s): CHEM 222 and CHEM 347.

CHEM 461 Units: 0.75 Hours: 0-3
Formerly: CHEM 465 (if taken in the same topic), CHEM 466 (if taken in the same topic).
Advanced Analytical Chemistry Laboratory
This laboratory course will build on expertise acquired in CHEM 212 and 361, with emphasis on one project in instrumental analysis.
Notes:
• Credit will be granted for only one of CHEM 461, CHEM 465 (if taken in the same topic), CHEM 466 (if taken in the same topic).
• Offered in summer, fall and spring.
Prerequisite(s): CHEM 361.

CHEM 462 Units: 0.75 Hours: 0-3
Formerly: CHEM 465 (if taken in the same topic), CHEM 466 (if taken in the same topic).
Advanced Inorganic Chemistry Laboratory
This laboratory course will build on expertise acquired in CHEM 222 and 362, with emphasis on more difficult techniques or concepts encountered in inorganic synthesis.
Notes:
• Credit will be granted for only one of CHEM 462, CHEM 465 (if taken in the same topic), CHEM 466 (if taken in the same topic).
• Offered in summer, fall and spring.
Prerequisite(s): CHEM 362.

CHEM 465 Units: 0.75 Hours: 3-0
Advanced Organic Chemistry Laboratory
This laboratory course will build on expertise acquired in CHEM 235 and 363, with emphasis on more difficult techniques or concepts encountered in organic synthesis and physical organic chemistry.
Notes:
• Credit will be granted for only one of CHEM 463, CHEM 465 (if taken in the same topic), CHEM 466 (if taken in the same topic).
• Offered in summer, fall and spring.
Prerequisite(s): CHEM 363.

CHEM 467 Units: 0.75 Hours: 3-0
Special Topics in Experimental Chemistry
Occasional offerings dealing with a specific topic in Chemistry.
Note: May be taken more than once for credit in different topics with permission of the department to a maximum of 1.5 units.
Prerequisite(s): Permission of the department.

CHEM 468 Units: 1.5 Hours: 3-0
Introductory Polymer Chemistry
Kinetics and mechanisms of polymer and copolymer synthesis, characterization of polymers and molecular weight distributions. Thermodynamics of polymer solutions, the crystalline and amorphous states, rubber elasticity, structure-property relationships. Special topics in polymer materials.
Note: Credit will be granted for only one of CHEM 476, CHEM 336.
Prerequisite(s): CHEM 245.

CHEM 476 Units: 1.5 Hours: 3-0
Formerly: CHEM 465
Introductory Polymer Science
An introduction to polymer science with emphasis on the synthesis, characterization, and properties of synthetic and natural polymers.
Prerequisite(s): CHEM 212 or CHEM 363.

CHEM 478 Units: 1.5 Hours: 3-0
Special Topics in Chemistry
Occasional offerings dealing with a specific topic in Chemistry.
Note: May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units.
Prerequisite(s): Permission of the department.

CHEM 490 Units: 1.5 Hours: 2-0-1
Directed Studies in Chemistry
In special cases the department of Chemistry may give permission for individual studies and directed readings to be taken as 490. Students should consult a potential supervisor before requesting permission of the Chair to register.
Note: May be taken more than once for credit in different topics.
CHEM 499A Units: 1.5 Hours: 0-6
Advanced Research Experience I
The first stage of a research project conducted under the direction of a faculty member.
Notes:
• Credit will be granted for only one of CHEM 499A, CHEM 499B.
• Not open to Honours students. Students planning to pursue an Honours degree in Chemistry should instead register for CHEM 499A and CHEM 499B.
Students are advised to make arrangements for 499A projects as early as possible. Ideally, projects should be discussed with potential supervisors before the semester in which the research will be undertaken. Interested students should contact the course coordinator by the first week of classes.
CHEM 499A and CHEM 499B are “tied” courses and must be taken in consecutive terms except with permission of the department. Credit for CHEM 499A will be assigned only upon successful completion of CHEM 499B. Both CHEM 499A and CHEM 499B are offered in Fall and Spring Terms and Summer Session.

CHEM 499B Units: 1.5 Hours: 0-6
Continuation of a research project conducted under the direction of a faculty member.
Notes:
• Credit will be granted for only one of CHEM 499A, CHEM 499B, CHEM 498B.
• Enrollment in 499A and 499B does not automatically confer Honours program status.
CHEM 499A and CHEM 499B are “tied” courses and must be taken in consecutive terms except with permission of the department. Credit for CHEM 499A will be assigned only upon successful completion of both courses. Both CHEM 499A and CHEM 499B are offered in Fall and Spring Terms and Summer Session.
Prerequisite(s): Declared Honours in Chemistry.

CIVIL ENGINEERING

CHEM 498A Units: 1.5 Hours: 0-6
Honours Thesis I
The first stage of a research project conducted under the direction of a faculty member.
Notes:
• Credit will be granted for only one of CHEM 498A, CHEM 499, CHEM 498B.
• Not open to Honours students. Students planning to pursue an Honours degree in Chemistry should instead register for CHEM 499A and CHEM 499B.
CHEM 498A and CHEM 498B are “tied” courses and must be taken in consecutive terms except with permission of the department. Credit for CHEM 498A will be assigned only upon successful completion of CHEM 498B. Both CHEM 498A and CHEM 498B are offered in Fall and Spring Terms and Summer Session.

CHEM 498B Units: 1.5 Hours: 0-6
Continuation of a research project conducted under the direction of a faculty member.
Notes:
• Credit will be granted for only one of CHEM 498A, CHEM 498B, CHEM 5498B.
• Not open to Honours students. Students planning to pursue an Honours degree in Chemistry should instead register for CHEM 499A and CHEM 499B.
CHEM 498A and CHEM 498B are “tied” courses and must be taken in consecutive terms except with permission of the department. Credit for CHEM 498A will be assigned only upon successful completion of CHEM 498B. Both CHEM 498A and CHEM 498B are offered in Fall and Spring Terms and Summer Session.
Prerequisite(s): Declared Honours in Chemistry.

CIVIL ENGINEERING

CHEM 220 Units: 1.5 Hours: 3-1.5-1
Mechanics of Solids I
Note: Credit will be granted for only one of CIVE 220, MECH 220.
Prerequisite(s): ENGR 141.
Pre- or Corequisite(s): MATH 200.

CIVE 242 Units: 1.5 Hours: 3-0-1
Dynamics
Kinematics and dynamics of rigid bodies; analysis of planar rigid body motion using translating and rotating axes; two-dimensional rigid body dynamics using force/acceleration, work/energy and impulse/momentum methods; applications to one degree of freedom planar mechanisms and vibrations; introduction to three-dimensional rigid body dynamics.
Note: Credit will be granted for only one of CIVE 242, MECH 242.
Prerequisite(s):
• ENGR 141; and
• CSC 110 or CSC 111; and
• MATH 101; and
• MATH 110 or MATH 211; and
• one of PHYS 110, PHYS 120, PHYS 122.
Pre- or Corequisite(s):
• One of MATH 200, MATH 201, MATH 204; or
• permission of the department.

CIVE 285 Units: 1.5 Hours: 3-1.5-1
Civil Engineering Materials
Prerequisite(s):
• MATH 100 or MATH 109; and
• CHEM 101 or CHEM 150; and
• PHYS 110 and PHYS 111, or PHYS 112, or PHYS 122 and PHYS 125.

CIVE 295 Units: 1.5 Hours: 3-0-1
Building Science Fundamentals
Kinetic theory; gas laws; work and heat; laws of thermodynamics; heat transfer by conduction, convection and radiation; mass transfer, fluids in motion; air and moisture content; air flow; ventilation; weather data; hygrothermal response of building materials.
Note: Credit will be granted for only CIVE 295, MECH 295.
Prerequisite(s): MATH 101.
CIVE 299 - Geomatics Engineering
Introduction to collection, analysis and presentation of geomatic data in civil engineering including surveying, GIS and remote sensing. Fundamental concepts of horizontal and vertical angle measurement, levelling, area computation, earthworks computation, profiles and cross-sections, circular curves. Operation of field equipment used in surveying. Principles of Global Positioning Systems, data collection, map reading, scale, and map projections. Principles behind geographic information systems, spatial data and analysis, and basic geodesy. Remotely sensed data sources and associated errors.

Note: Course includes mandatory survey camps that are normally scheduled in September.

Prerequisite(s):
- MATH 100 or MATH 109, and
- ENGR 110 or ENGR 112

CIVE 310 - Environmental Engineering
Environmental systems analysis techniques for natural and engineered systems. Sources, characteristics, transport, and effects of air and water contaminants; biological, chemical, and physical processes in water; unit operations for air and water quality control, water and wastewater treatment processes; solid waste management; environmental quality standards. Design, planning, and management of engineered environmental systems.

Prerequisite(s):
- CIVE 210, and
- either EOS 110 and EOS 120, or GEOG 103

CIVE 315 - Environmental Policy
Introduction to environmental policy, law and governance and cultural and sociological implications of sustainable engineering. How policy is formed and changed. Civil engineering development in First Nations.

Prerequisite(s): CIVE 299

CIVE 340 - Sustainable Water Resources
Design and environmental integration of a water resource system using simulation and geomatics software. Introduction to hydrology, hydraulic engineering, and water resources planning; environment and management of watersheds and ecosystems; risk and uncertainty; urban water systems and water quality; economic demand and supply principles, externalities.

Prerequisite(s): CIVE 210 and CIVE 345

CIVE 345 - Fluid Mechanics

Indicates a 3-hour laboratory taken by students on alternate weeks.

Prerequisite(s):
- MATH 200; and
- CIVE 220 or MECH 220; and
- CIVE 295 or MECH 295

CIVE 350 - Structural Analysis
Analysis and design of determinate and indeterminate structures under static loads, including beams, plates, trusses, cables, framed structures and arches. Introduction to matrix methods for structural analysis.

Prerequisite(s):
- CIVE 220 or MECH 220, and
- ENGR 141 and MATH 200, and
- MATH 201 or MATH 204

CIVE 351 - Sustainable Design of Steel and Timber Structures
Design of metal structures; behaviour of members and their connections; shear lag, block shear, local plate buckling, lateral torsional buckling, inelastic strength and stability. Design of tension members and cables, beams, columns, simple bolted and welded connections. Mechanical properties of wood; effects of moisture content and loading on strength and durability; engineered woods; design of connections, beams, and columns; design of buildings, bridges other wood structures. Life cycle analysis of structures.

Prerequisite(s):
- CIVE 210 and CIVE 350; and
- CIVE 220 or MECH 220

CIVE 352 - Reinforced Concrete Structural Design
Strength and design of reinforced concrete structures; fundamental behaviour under various stresses; design of compression and flexural members, and use of innovative materials in reinforced concrete structures.

Prerequisite(s):
- All of CIVE 210, CIVE 285, CIVE 350, and
- CIVE 220 or MECH 220.

CIVE 360 - Sustainable Transportation Systems
Topical lectures, case studies, transportation system design project in small teams. Role of transportation in urban development and planning; social impacts, policy; sustainability, clean transportation technology. Transportation network analysis, design, and flow prediction.

Prerequisite(s):
- CIVE 210 and ENGR 001; and
- one of MECH 200, CIVE 200, ELEC 200, and
- STAT 254 or STAT 260.

CIVE 370 - Construction and Project Management
Construction engineering; project definition and organization; planning; scheduling, control and management of resource allocation; engineering economics; cost estimation and construction econometrics; documentation and reporting systems.

Prerequisite(s):
- Either ENGR 110, or ENGR 112 and ENGL 135; and
- Either ENGR 120, or ENGR 121 and ENGR 240.

CIVE 385 - Geotechnical Engineering
Composition, structure and physical properties of soil and rock, groundwater flow, stress in soil, compressibility behaviour, consolidation and settlement analysis; shear strength of soils; rock failure analysis, state of stress in earth’s crust, stresses and deformations in rocks, including elastic, plastic, and time-dependent behaviour, impact of geologic discontinuities on rock strength. Site investigation, design, construction aspects of shallow foundations, calculation of settlements in soils, piled foundations, earth pressure calculations, earth retaining structures, slope stability analysis.

Prerequisite(s):
- CIVE 220 or MECH 220; and
- CIVE 285

CIVE 400 - Cross-disciplinary Capstone Design Project
Team or individual design project. Key sustainability metrics; integration of fundamentals acquired in mathematics, science, engineering, and complementary studies. A project proposal, a progress report, an oral presentation, and a comprehensive final report are required.

Prerequisite(s):
- All of CIVE 310, CIVE 315, CIVE 340, CIVE 345, CIVE 350, CIVE 351, CIVE 352, CIVE 360, CIVE 370, CIVE 385, CSC 349A, ENGR 002, and
- 6 units of 400-level CIVE courses or ENGR 004.

CIVE 410 - Solid Waste, Air, and Water Pollution
Urban sources of air and water pollution, acute and chronic health effects of pollution taught through case studies; environmental quality standards and compliance criteria in BC and Canada; air and water quality modelling for prediction, introduction to software; integrated waste management and design, reduce, reuse, recycle, resource recovery and utilization, composting, fundamentals of waste degradation and disposal, geo-environmental aspects of landfill design, leachate and gas management at landfills.

Indicates a 3-hour laboratory taken by students on alternate weeks.

Prerequisite(s): CIVE 310

CIVE 411 - Resilient Smart Cities
The resilient smart cities context and the relationship to urban sustainability; smart city tools, applications and systems; all hazards risk assessment and the evolving cyber-physical threat; operational and strategic urban resilience planning processes in general and for smart city systems.

Note: Students in other programs may request permission to register in the course.

Prerequisite(s):
- Minimum fourth-year standing in the Civil Engineering program; or
- permission of the department.
CIVE 412 - CIVE 456

CIVE 412  Units: 1.5  Hours: 3-0
Infrastructure Engineering for Indigenous Communities
Engineering techniques to accelerate the sustainable design, building, operations and maintenance of infrastructure systems in indigenous and rural communities including housing, renewable energy, electrical grids, transportation, water supply, sewage treatment, and telecommunications. Software to optimize the complex interdependent nature of infrastructure; factors that drive infrastructure engineering within the environmental and economic context of rural communities. Life-cycle and environmental impact assessment analysis.
Note: Credit will be granted for only one of CIVE 412, CIVE 456, CIVE 480A (if taken in the same topic), CIVE 480B (if taken in the same topic), CIVE 480C (if taken in the same topic), CIVE 480D (if taken in the same topic), CIVE 480E (if taken in the same topic), CIVE 480F (if taken in the same topic).

CIVE 420  Units: 1.5  Hours: 3-0-0
Advanced Mechanics of Solids
Deflection of beams, combined axial load and bending moment, inelastic bending, plastic analysis of structures, beam-columns, buckling (stability), principal axes and principal moments of inertia, biaxial stress and strain, thick cylinders, pressurized and pre-stressed vessels.
Prerequisite(s): CIVE 220 or MECH 220.

CIVE 421  Units: 1.5  Hours: 3-0-0
Advanced Structural Analysis
Stiffness method; development and applications in structural analysis; application of computer programs; trusses, multispan beams, and frames; loadings due to force, support displacement, temperature change and member prestrain; axial and flexural stability; basic plasticity; introduction to finite element method.
Prerequisite(s): CIVE 350.

CIVE 440  Units: 1.5  Hours: 3-1.5-0
Hydrology and Hydraulics
Application of continuity, energy and momentum principles to flow in open-channels and closed conduits; design of channels considering uniform flow and flow resistance, non-uniform flow and longitudinal profiles; design of channel controls and transitions; unsteady flow; theory and design of hydraulic structures. Engineering hydrology and water resource systems; estimation of design discharge; statistical analysis of extremes; impacts of climate change on the hydrologic cycle, watershed analysis, snow, runoff.
Prerequisite(s): CIVE 340 and CIVE 345.

CIVE 444  Units: 1.5  Hours: 3-1.5
Water and Sanitation for Developing Countries
Principles of public health engineering for developing countries and other low-resource contexts. Appropriate technologies related to water supply/treatment and sanitation that are commonly utilized in development and humanitarian emergency contexts. Applied water and wastewater treatment to resource limited contexts. Overview of water- and excreta-related diseases, notions and techniques of water and sanitation (and related issues), introductory notions to hygiene, and an introduction to scientific literature.
Note: Credit will be granted for only one of CIVE 444, CIVE 480A (if taken in the same topic), CIVE 480B (if taken in the same topic), CIVE 480C (if taken in the same topic), CIVE 480D (if taken in the same topic), CIVE 480E (if taken in the same topic), CIVE 480F (if taken in the same topic).
Prerequisite(s): CIVE 310.

CIVE 445  Units: 1.5  Hours: 3-0-1
Groundwater Hydrology
Prerequisite(s): CIVE 340.

CIVE 450  Units: 1.5  Hours: 3-0-1
Green Building Design
Design and construction concepts: site sustainability, water efficiency, energy flows, materials and resources, indoor environmental quality. Life cycle analysis methods, including estimation of material and energy flows in the construction, operation, maintenance and decommissioning of the built environment. Innovative design and integration. LEED (Leadership in Energy and Environmental Design) certification criteria.
Prerequisite(s): CIVE 210 and CIVE 352.

CIVE 451  Units: 1.5  Hours: 3-0-0
Sustainable Buildings: Retrofitting, Repairs, and Recycling
Specialties of housing in remote communities integrating aspects of structural engineering, rural municipal engineering, transportation engineering while mitigating ecological footprints; major retrofit issues that consider safety, serviceability and aspects dealing with environmental factors, energy consumption and movement of moisture. Potential for recycling building materials for further use.
Prerequisite(s): All of CIVE 310, CIVE 351, CIVE 352, CIVE 360, CIVE 385.

CIVE 452  Units: 1.5  Hours: 3-0-1.5
Engineering for Earthquakes and Extreme Events
Basics of earthquake engineering and seismic resistant design loads; fundamentals behind seismic hazard maps contained in building codes; ground motion time-histories for engineering analysis; risk analysis; an examination of natural disasters and their effects on the society; basic probabilistic modeling and simulation techniques and their applications to natural disaster problems; hazard and risk assessments, post-disaster rapid inspection of damaged structures.
Prerequisite(s):
• CIVE 350 and CIVE 385; and
• STAT 254 or STAT 260.

CIVE 453  Units: 1.5  Hours: 3-0
Building and District Energy Simulation
Building simulation skills are developed for: climate analysis; geometric and building envelope design; daylight and solar gains, including glazing and shading; thermal comfort and building control; heating, ventilation and air-conditioning systems; air flow and natural ventilation; renewable energy and storage technologies and district-level energy systems; parametric analysis and computational design optimization energy flows in buildings and districts, and of the integrated nature of the building design process.
Note: Credit will be granted for only one of CIVE 453, CIVE 480A (if taken in the same topic), CIVE 480B (if taken in the same topic), CIVE 480C (if taken in the same topic), CIVE 480D (if taken in the same topic), CIVE 480E (if taken in the same topic), CIVE 480F (if taken in the same topic).
Prerequisite(s): CIVE 450.

CIVE 456  Units: 1.5  Hours: 3-1.5*
Sustainability and Advanced Concrete Technology
Microstructure of hydration products and its effect on properties of concrete. Mechanisms and interaction of chemical admixtures and industrial wastes to produce sustainable and high performance concrete. Evaluation of fresh and hardened properties of conventional and cement-based composites. Focus on specialized concretes and emerging materials not limited to Fiber Reinforced Concrete, Self-consolidating concrete, High Strength Composites, Light Weight Concrete, and Carbon Negative Concrete.
* Indicates a 3-hour laboratory taken by students on alternate weeks.
Prerequisite(s):
• CIVE 220 or MECH 220; and
• CIVE 285 and CIVE 352.
**CIVE 457**  
**Units:** 1.5  
**Hours:** 3-1.5\(^{-}\)0  
**Behaviour and Design of Steel Structures**  
The behaviour and design of trusses, frames, members and connections in steel buildings and bridge structures. Ultimate strength, stability, and postbuckling are emphasized in topical examples including: plate girders, composite steel/concrete girders, second-order frame behaviour, high-strength bolted and welded framing connections. Special topics including concrete filling, fire protection and plastic analysis of hallow structural section connections are also covered. Canadian design standards and the Limit States Design concepts are used. 

* indicates a 3-hour laboratory taken by students on alternate weeks.  

**Note:** Students with equivalent basic steel design course experience may request permission to register in the course.  

**Prerequisite(s):**  
- CIVE 351, or  
- permission of the department.

**CIVE 460**  
**Units:** 1.5  
**Hours:** 3-1.5-1  
**Intelligent Transportation Systems**  
Traffic safety engineering, specific planning policies or other infrastructure investments to design places and networks consistent with the goals and objectives of community planning, transportation design in remote communities including ice roads and safety issues; intelligent transportation systems; design of public transit systems, mountain highway engineering.

**Prerequisite(s):** CIVE 360.

**CIVE 480A**  
**Units:** 1.5  
**Hours:** 3-0\(^{-}\)*  
**Special Topics**  
Some topics may require laboratory work as well as lectures. 

* Lab hours may vary depending on the topic.  

**Notes:**  
- Credit will be granted for only one of CIVE 480A, CIVE 480B (if taken in the same topic), CIVE 480C (if taken in the same topic), CIVE 480D (if taken in the same topic), CIVE 480E (if taken in the same topic), CIVE 480F (if taken in the same topic).  
- May be taken more than once for credit in different topics with permission of the department.  

**Prerequisite(s):**  
- Minimum third-year standing; and  
- additional prerequisites set by department depending upon topic.

**CIVE 480B**  
**Units:** 1.5  
**Hours:** 3-0\(^{-}\)*  
**Special Topics**  
Some topics may require laboratory work as well as lectures. 

* Lab hours may vary depending on the topic.  

**Notes:**  
- Credit will be granted for only one of CIVE 480A, CIVE 480B (if taken in the same topic), CIVE 480C (if taken in the same topic), CIVE 480D (if taken in the same topic), CIVE 480E (if taken in the same topic), CIVE 480F (if taken in the same topic).  
- May be taken more than once for credit in different topics with permission of the department.  

**Prerequisite(s):**  
- Minimum third-year standing; and  
- additional prerequisites set by department depending upon topic.

**CIVE 480C**  
**Units:** 1.5  
**Hours:** 3-0\(^{-}\)*  
**Special Topics**  
Some topics may require laboratory work as well as lectures. 

* Lab hours may vary depending on the topic.  

**Notes:**  
- Credit will be granted for only one of CIVE 480C, CIVE 480A (if taken in the same topic), CIVE 480B (if taken in the same topic), CIVE 480D (if taken in the same topic), CIVE 480E (if taken in the same topic), CIVE 480F (if taken in the same topic).  
- May be taken more than once for credit in different topics with permission of the department.  

**Prerequisite(s):**  
- Minimum third-year standing; and  
- additional prerequisites set by department depending upon topic.

**CIVE 480D**  
**Units:** 1.5  
**Hours:** 3-0\(^{-}\)*  
**Special Topics**  
Some topics may require laboratory work as well as lectures. 

* Lab hours may vary depending on the topic.  

**Notes:**  
- Credit will be granted for only one of CIVE 480D, CIVE 480A (if taken in the same topic), CIVE 480B (if taken in the same topic), CIVE 480C (if taken in the same topic), CIVE 480E (if taken in the same topic), CIVE 480F (if taken in the same topic).  
- May be taken more than once for credit in different topics with permission of the department.  

**Prerequisite(s):**  
- Minimum third-year standing; and  
- additional prerequisites set by department depending upon topic.

**CIVE 480E**  
**Units:** 1.5  
**Hours:** 3-0\(^{-}\)*  
**Special Topics**  
Some topics may require laboratory work as well as lectures. 

* Lab hours may vary depending on the topic.  

**Notes:**  
- Credit will be granted for only one of CIVE 480E, CIVE 480A (if taken in the same topic), CIVE 480B (if taken in the same topic), CIVE 480C (if taken in the same topic), CIVE 480D (if taken in the same topic), CIVE 480F (if taken in the same topic).  
- May be taken more than once for credit in different topics with permission of the department.  

**Prerequisite(s):**  
- Minimum third-year standing; and  
- additional prerequisites set by department depending upon topic.

**CIVE 480F**  
**Units:** 1.5  
**Hours:** 3-0\(^{-}\)*  
**Special Topics**  
Some topics may require laboratory work as well as lectures. 

* Lab hours may vary depending on the topic.  

**Notes:**  
- Credit will be granted for only one of CIVE 480F, CIVE 480A (if taken in the same topic), CIVE 480B (if taken in the same topic), CIVE 480C (if taken in the same topic), CIVE 480D (if taken in the same topic), CIVE 480E (if taken in the same topic).  
- May be taken more than once for credit in different topics with permission of the department.  

**Prerequisite(s):**  
- Minimum third-year standing; and  
- additional prerequisites set by department depending upon topic.

**CIVE 485**  
**Units:** 1.5  
**Hours:** 3-0  
**Foundation Engineering**  

**Note:** Credit will be granted for only one of CIVE 485, CIVE 480A (if taken in the same topic), CIVE 480B (if taken in the same topic), CIVE 480C (if taken in the same topic), CIVE 480D (if taken in the same topic), CIVE 480E (if taken in the same topic), CIVE 480F (if taken in the same topic).

**Prerequisite(s):**  
- CIVE 220 or MECH 220; and  
- CIVE 285.

**CIVE 499**  
**Units:** 1.5  
**Hours:** 3-0-0  
**Research Project**  
A research project and technical paper/report supervised by faculty in the Department of Civil Engineering. Prior to registration, the project objectives, methods and deliverables must be established in collaboration with supervisor(s) and approval by the Department (will require 75% or more Engineering Science or Design content). 

**Note:** May be taken only once.  

**Prerequisite(s):**  
- Minimum GPA of 6.0 in all of Year 3 Civil Engineering courses; and  
- permission of the department.

**COM**  
**Commerce**  
**Peter B. Gustavson School of Business**  
Courses offered by the Peter B. Gustavson School of Business are also found under the following course codes: ENT (Entrepreneurship), SMGT (Services Management), IB (International Business), MBA (Master’s of Business Administration).

**COM 100**  
**Units:** 1.5  
**Hours:** 3-0  
**Introduction to Business Decision Making**  
Overview course designed to introduce fundamentals of business in Canada. Topics covered will include business principles such as accounting, finance and marketing as well as a discussion of the political and social realities facing commercial ventures in Canada. 

**Note:** Credit will be granted for only one of COM 100, COM 290, COM 390.
COM 202  Units: 1.5  Hours: 3-0
Financial Accounting I
Introduction to the construction and interpretation of financial statements prepared primarily for use by parties external to the issuing firm or other business entity. Emphasis on accounting policies and their underlying rationale as well as on accounting techniques.

Notes:
- Credit will be granted for only one of COM 202, COM 253, COM 270, COM 315.
- Not eligible for supplemental examination.
- Not open to BCom students; not intended for students seeking entry to Bachelor of Commerce program.
- Credit will not be granted toward Bachelor of Commerce program.

Prerequisite(s): Minimum second-year standing.

COM 204  Units: 0  Hours: 3-0-1
Introduction to Professional Practice
Preparation and training to undertake Commerce co-op work terms. Includes preparation of cover letters and resumes, skills assessment and analysis, networking and interview skill development and career planning.

Notes:
- Minimum second-year standing; and
- admission to BCom program; or
- permission of the school.

Grading: INP, COM, N, F.

COM 205  Units: 0  Hours: 3-0-1
Professional Skills Development
Designed to ensure all Commerce students develop foundation, communication, personal and professional skills. The foundation skills include those necessary to complete the program of studies in the Gustavson School of Business. Other topics include presentations, public speaking, teamwork, time management, networking, business etiquette and community involvement. Students also develop methods to help establish a career mission. This is a non-credit but mandatory course for all Bachelor of Commerce students.

Note: Taken during BCom Program core, 0.75 fee units per term over both winter terms.

Notes:
- Admission to BCom program core.

Grading: INP, COM, N, F.

COM 206  Units: 1.5  Hours: 3-0
Business English and Communications - Level II
Development and enhancement of skills in written business communication, oral business communication, and non-verbal communication. Students will learn how to develop efficient use of verbal and non-verbal skills in business situations; be able to use language to convey specific messages to intended audiences; develop and use techniques for information management. Perfection of grammar, written communication and increasing vocabulary.

Note: Open only to international students and incoming Gustavson School of Business exchange program students and international students in the Bachelor of Commerce program; enrolment is based on comprehension level as determined by the instructor.

COM 206C  Units: 1.5  Hours: 3-0
Business English and Communications - Level III
Development and enhancement of skills in written business communication, oral business communication, and non-verbal communication. Students will learn how to develop efficient use of verbal and non-verbal skills in business situations; be able to use language to convey specific messages to intended audiences; develop and use techniques for information management. Concentration is on punctuation, building vocabulary and comprehension of complex literature.

Note: Open only to international students and incoming Gustavson School of Business exchange program students and international students in the Bachelor of Commerce program; enrolment is based on comprehension level as determined by the instructor.

COM 220  Units: 1.5  Hours: 3-0
Organizational Behaviour
Introduction to behavioural concepts and tools that will assist the manager in both understanding behaviour in organizations and improving organizational effectiveness. Topics include individual motivation, perception and communication, managerial roles, schools of management theories, group processes and team work, leadership, supervision, and introduction to organizational structure, processes and culture.

Notes:
- Credit will be granted for only one of COM 220, COM 120, PSYC 334, PSYC 334A, SOC1 323, SOC1 324.
- Not available for supplemental.
- Not open to BCom students; not intended for students seeking entry to Bachelor of Commerce program.

Prerequisite(s): Minimum second-year standing.

COM 240  Units: 1.5  Hours: 3-0
Management Finance
An introduction to corporate financial management. Provides a framework, concepts, and tools for analyzing financial decisions. Main topics include discounted cash flow techniques, financial statement analysis, capital budgeting, valuation of stocks and bonds, tax environments, risk and return, tradeoffs, diversification, capital market efficiency, and an introduction to international finance issues.

Note: Not available for supplemental.

Notes:
- Credit will be granted for only one of COM 290, COM 100, COM 390.
- Open only to international students and pre-Commerce Business students.

COM 250  Units: 1.5  Hours: 3-0
Fundamentals of Marketing
Product design and management, distribution channels, and marketing communications are examined as key elements of the marketing mix. Consumer buyer behaviour, sales force management, and marketing research are other topics to be reviewed.

Notes:
- Not available for supplemental.
- Not open to BCom students; not intended for students seeking entry to Bachelor of Commerce program.

Prerequisite(s): Minimum second-year standing.

COM 270  Units: 1.5  Hours: 3-0
Financial and Management Accounting For Specialists
Introduction to the construction and interpretation of financial statements and the development and use of accounting information for management planning and control, including the development of cost information.

Notes:
- Credit will be granted for only one of COM 270, COM 210.
- Not available for supplemental.
- Not open to BCom students; not intended for students seeking entry to Bachelor of Commerce program.

Prerequisite(s): Minimum second-year standing.

COM 290  Units: 1.5  Hours: 3-0
Introduction to Canadian Business
An overview of the Canadian business system. An examination of the economic, geographical, historical, legal, and political factors. Examples may include the business functions of production, marketing, finance and human resources. Emphasis on management case studies, oral presentations and working in groups.

Notes:
- Credit will be granted for only one of COM 290, COM 100, COM 390.
- Open only to international students and pre-Commerce Business students.

COM 302  Units: 1.5  Hours: 3-0
Business Law
Examines a number of legal principles that affect businesses and other organizations (e.g. non-profit organizations) in our society. Topics include the law of tort, contract, business organizations and property. Focuses on specialized areas such as the law of negligence, international business transactions, employment contracts, intellectual property and fiduciary obligations.

Note: Not open to BCom students; not intended for students seeking entry to Bachelor of Commerce program.

Prerequisite(s): Minimum second-year standing.

COM 315 Units: 1.5  Hours: 3-0
Financial Accounting
Introduces financial accounting concepts in a manner that prepares managers to use information presented in Balance Sheets, Income Statements, and Cash Flow statements for making relevant financial decisions in a global environment. In addition to a review of the above financial statements, topics include understanding financial statement analysis.

Prerequisite(s): Admission to BCom program core.
COM 316  Units: 1.5  Hours: 3-0
Management Accounting
Introduces the development and use of accounting information for management planning and control, and the development of cost information for financial reports.

Notes:
• Credit will be granted for only one of COM 317, COM 210, COM 270, COM 316.
• Not eligible for supplemental examination.

Not open to BCom students; not intended for students seeking entry to Bachelor of Commerce program.

Credit will not be granted toward Bachelor of Commerce program.

Prerequisite(s): Admission to BCom program core.

COM 317  Units: 1.5  Hours: 3-0
Leading People and Organizations I
Examines the behaviours of individuals, groups and organizations, and the issues associated with managing the employment relationship. Topics include leadership, values, motivation, recruitment and hiring, feedback, communication, conflict management, and teams. Prepares students to undertake Commerce co-op work terms through related tutorials. This will include the preparation of cover letters and resumes, skills assessment and analysis, networking and interview skill development, and career planning.

Prerequisite(s): Admission to BCom Program core.

COM 321  Units: 1.5  Hours: 3-0-1
Leading People and Organizations II
Examines the behaviours of individuals, groups and organizations from an organizational design perspective, and the issues associated with managing the employment relationship. Topics include organizational goals, structure and growth; organizational culture; power and politics; retention practices; performance review; compensation; and selected employment and human rights legislation.

Prerequisite(s): Admission to BCom program core.

COM 322  Units: 1.5  Hours: 3-0-1
Introduction to Management Information Systems
The use of computer-based information systems in achieving the information objectives of the organization. Fundamentals of hardware, software, networks, electronic commerce and business applications. Focus is on the responsible use of information systems and technology to support business strategy, operations and decision making. Includes the use of, but not instruction in, computer-based productivity tools.

Prerequisite(s): Admission to BCom program core.

COM 341  Units: 1.5  Hours: 3-0
Operations Management
Introduction to both the broad strategic and tactical decisions of operations management. Topics covered include project planning/management, process choice, process flow analysis, location and layout of facilities, capacity and resource planning, job design, inventory control, scheduling, supply chain management, quality management and quality control. The link between operations management and other functional areas of business are evaluated.

Prerequisite(s): Admission to BCom program core.

COM 351  Units: 1.5  Hours: 3-0
Marketing Principles and Management
Students will learn and apply basic marketing theory, concepts, and tools to make and defend key marketing decisions relating to: market segmentation, positioning, product development and management, pricing, distribution management, and marketing communications. Emphasis will be placed on both the fundamental principles of marketing and their application in a variety of industry and international contexts.

Prerequisite(s): Admission to BCom program core.

COM 361  Units: 1.5  Hours: 3-0
International Business
Focuses on key aspects of doing business globally, including: the forces of globalization; how business conditions and practices differ from country to country; free trade and protectionism; exporting, licensing, and foreign direct investment; exchange rates and the complications that arise when dealing with multiple currencies; and strategic and organizational issues for firms operating in international markets.

Prerequisite(s): Admission to BCom program core.

COM 362  Units: 1.5  Hours: 3-0-1
Business and Sustainability
Introduces the changing role of business as managers face many social, political, economic, and ecological forces. Examines how these forces pressure businesses to question existing traditional operating approaches. Introduces key concepts of corporate social responsibility, business and sustainability, sustainable development, and social entrepreneurship. Examines how firms respond to calls for more sustainable economic, social, and ecological operating approaches. Introduces concepts, tools and frameworks that assist businesses to effect transition to more sustainable practices.

Note: Credit will be granted for only one of COM 362, COM 305 (if taken prior to September 2006), COM 321 (if taken prior to September 2006).

Prerequisite(s): Admission to BCom program core.

COM 371  Units: 1.5  Hours: 3-0
Management Finance
Serves as an introduction to corporate financial management. The primary objective is to provide a framework, concepts, and tools for analyzing financial decisions. Main topics include discounted cash flow techniques, the valuation of financial assets, financial statement analysis, capital budgeting decisions, risk and return tradeoffs, diversification, capital market efficiency, and the cost of capital to the firm.

Prerequisite(s): Admission to BCom program core.

COM 390  Units: 1.5  Hours: 3-0
Canadian Business Environment
An examination of the cultural, economic, geographical, historical, legal, and political factors influencing the environment of doing business in Canada.

Note: Credit will be granted for only one of COM 390, COM 100, COM 290.

Prerequisite(s):
• Admission to Business Exchange program; or
• permission of the school.

COM 400  Units: 1.5  Hours: 3-0
Strategic Management
A series of integrative management case studies that illustrate the application and integration of management functions. Focuses on organizational strategy and strategic management including the process of choosing and defining goals, formulating and implementing strategies, and monitoring strategic performance. Normally students are required to take this course in their final academic term.

Prerequisite(s): All of COM 315, COM 316, COM 321, COM 322, COM 331, COM 341, COM 351, COM 361, COM 362, COM 371.

COM 402  Units: 1.5  Hours: 3-0
Legal Issues in Management
An examination of several aspects of commercial law that are particularly relevant to those who own, manage, or are employed by a business enterprise. Subjects that will be addressed include common law doctrines (such as contract and negligence), legislation (such as the Business Corporations Act) and other legal principles that affect business decision making in a global environment.

Note: Credit will be granted for only one of COM 402, COM 302.

Prerequisite(s):
• All of COM 315, COM 316, COM 321, COM 331, COM 341, COM 351, COM 361, COM 362, COM 371; or
• permission of the school.

COM 403  Units: 1.5
Also: MBA 558
Employment Law
Examines the constitutional, legislative and common law rules that govern the employment relationship in both unionized and nonunion workplaces. Examines the entire employment relationship including pre-hire issues, employee/ee rights and obligations, termination of employment and post-termination obligations.

Note: Credit will be granted for only one of COM 403, MBA 450 (if taken in the same topic), MBA 558.

Pre- or Corequisite(s):
• COM 302 or COM 402; and
• minimum fourth-year standing; or
• permission of the school.
COM 405  Units: 0  Hours: 3-0  Career Preparation Across Borders  Designed to ensure that all Commerce students develop career preparation skills, including portfolio presentation, career planning and preparation skills. Intended to complement each student's career goals as identified in COM 205. Content will vary and may include: skills training, portfolio development, career assessment, networking events. This is a non-credit but mandatory course for all Bachelor of Commerce students.  Note: Normally takes three consecutive terms to complete. 1.5 fee units.  Prerequisite(s):  • COM 205; and  • minimum fourth-year standing.  Grading: INP, COM, N, F.

COM 410  Units: 1.5  Hours: 3-0  Also: MBA 521  Leadership Strategies  An examination of leadership in a variety of environments: corporate, the military, and the public sector. Identifies the characteristics of a leader and instills an interest in and awareness of this vital organizational skill. Includes a review of leadership research from a historical perspective as well as current theory on transformational leadership. Experiential exercises, case studies and role playing techniques are employed to demonstrate leadership skills.  Note: Credit will be granted for only one of COM 410, MBA 521.  Prerequisite(s):  • COM 220 or COM 321; and  • minimum fourth-year standing; or  • permission of the school.

COM 415  Units: 1.5  Hours: 3-0  Also: MBA 522  Business and the Internet  Business is going global, and traditional markets are rapidly giving way to the electronic marketplace. Combines a hands-on project for an existing organization with seminar style classes and invited speakers. Covers competitive advantages of electronic communications technologies; fundamentals of data communications; effective use of the Internet for business; and security, privacy, and intellectual property issues related to online business.  Note: Credit will be granted for only one of COM 415, MBA 522.  Prerequisite(s):  • COM 230 or COM 331; and  • minimum fourth-year standing; or  • permission of the school.

COM 420  Units: 1.5  Hours: 3-0  Managing in a Unionized Environment  An overview of the employment relationship and the labour relations process in unionized settings. The development of the Canadian Labour Movement, functions of trade unions, labour legislation, interest and rights disputes, and dispute resolutions are examined. Examines labour relations in the private sector, public sector and in the arena of professional sports.  Prerequisite(s):  • Either COM 220 and COM 310, or COM 321 and COM 322; and  • minimum fourth-year standing; or  • permission of the school.  Grading: INP, COM, N, F.

COM 425  Units: 1.5  Hours: 3-0  Also: MBA 531  Taxation for Managers  Reviews the fundamentals of the income tax system for all taxpayers. It then examines tax planning techniques that maximize cash flow and return on investment. While the course emphasizes business decisions, it also includes personal financial planning issues.  Note: Credit will be granted for only one of COM 425, MBA 531.  Prerequisite(s):  • One of COM 202 with a minimum grade of C+, COM 270 with a minimum grade of C+, COM 315 with a minimum grade of C+, and  • minimum fourth-year standing; or  • permission of the program.

COM 426  Units: 1.5  Hours: 3-0  Management Accounting II  Focuses on the key tools that management accounting brings to decision making. It covers both the quantitative and qualitative aspects in an effective management control system including such topics as cost behaviour, cost allocation, activity based costing, flexible budgeting and variance analysis. In addition, the balanced scorecard, variable and absorption costing models, and alternative inventory management systems are examined.  Note: Credit will be granted for only one of COM 426, COM 450 (if taken in the same topic).  Prerequisite(s):  • One of COM 270 with a minimum grade of C+, COM 316 with a minimum grade of C+, COM 317 with a minimum grade of C+, and  • minimum fourth-year standing; or  • permission of the program.

COM 435  Units: 1.5  Hours: 3-0  Corporate Relations and Responsibilities  Examines the relations of a corporation to its stakeholders - customers, stockholders, government, unions and society at large. Especially important are a firm's code of ethics and conduct, written and unwritten, which governs its relationships and spells out its responsibilities to its various publics. Students will study and discuss a number of cases which illustrate how a variety of organizations have responded to this challenge.  Note: Credit will be granted for only one of COM 435, COM 450 (if taken in the same topic).  Prerequisite(s):  • COM 220 or COM 321; and  • minimum fourth-year standing; or  • permission of the school.

COM 445  Units: 1.5  Hours: 3-0  Also: MBA 524  Corporate Finance  Serves as a continuation of the introductory finance course to more advanced applications of the techniques, concepts, and tools of corporate finance. Main topics include short- and long-term financial management, cost of capital, capital structure, financial leverage, dividends policy, working capital management, leasing, mergers and acquisitions, and the use of derivatives for risk management.  Note: Credit will be granted for only one of COM 445, ECON 454, MBA 524.  Prerequisite(s):  • COM 240 or COM 371 with a minimum grade of C+; and  • minimum fourth-year standing; or  • permission of the program.

COM 446  Units: 1.5  Hours: 3-0  Investments  Covers the fundamental principles that are crucial to understanding the securities traded in international financial markets. The main topics include market structure, information efficiency, asset pricing models, valuation and trading of stocks, bonds, options and futures.  Note: Credit will be granted for only one of COM 446, COM 450 (if taken in the same topic), ECON 435, MBA 525.  Prerequisite(s):  • COM 240 or COM 371; and  • minimum fourth-year standing; or  • permission of the school.

COM 450  Units: 1.5  Hours: 3-0  Selected Topics in Management  The course content will reflect the interests of the faculty members and current issues in business and industry. Topics may include non-traditional forms of work organizations, leadership, organizational development, and development of managerial skills.  Note: May be taken more than once for credit in different topics with permission of the school to a maximum of 6 units.  Prerequisite(s):  • Minimum fourth-year standing; or  • permission of the school.

COM 460  Units: 1.5  Hours: 3-0  Managing in Diverse Environments  Conducted overseas as part of INTEP. An examination in an overseas setting of the development and trends in various business practices.  Prerequisite(s): Admission to Business Exchange program.  Grading: INP, N, F, standard grade.

COM 470  Units: 1.5  Hours: 3-0  Business Research  Business research project for students participating in INTEP. While overseas on exchange, students will conduct a research project on a specific business and management topic related to the country they are visiting. Projects must be planned and approved by the instructor prior to departure. Upon return, a written report is required.  Prerequisite(s): Admission to Business Exchange program.  Grading: INP, N, F, standard grade.
COM 480  
Units: 1.5  
Hours: 3-0  
International Study  
Conducted overseas as part of INTEP. An overseas immersion in cultural orientation, cultural sensitivity, on-site company visits with intensive foreign language training. 
Note: May be taken more than once for credit in different topics with permission of the school to a maximum of 4.5 units. 
Prerequisite(s): Admission to Business Exchange program. 
Grading: INP, N, F, standard grade.

COM 490  
Units: 1.5  
Hours: 3-0  
Directed Studies in Management  
A specialized course which is a guided study under the supervision of a faculty member. Students interested in completing a directed studies course are responsible for selecting their topic and finding a faculty member willing to act as their supervisor. When agreement has been reached between the student and faculty member, a Directed Studies Proposal, outlining the project and the paper, must be completed, signed by both the student and faculty member, and submitted to the BCom office for final approval. 
Prerequisite(s): Permission of the school.

COM 495  
Units: 1.5  
Hours: 3-0  
Marketing Communications  
Focuses on effectively communicating ideas, goods, or services to internal and external audiences by developing an integrated marketing communications plan. A hands-on project brings the theory to life. Covers the development of a strategic campaign using both online and offline tools and advertising, sales promotion, direct marketing and public relations tactics. Useful for careers in marketing, advertising, social media, service management and entrepreneurship. 
Prerequisite(s): 
• COM 250 or COM 351; and 
• minimum fourth-year standing; or 
• permission of the school.

COM 499  
Units: 1.5  
Hours: 3-0  
Formerly: IB 410, 499, ENT 499, HOS 499  
International Management and Environment  
Conducted overseas as part of INTEP. Provides students with an opportunity to understand how a country’s unique cultural, economic, geographical, historical, legal and political environments affect the way business is done in that country. 
Note: Credit will be granted for only one of COM 499, ENT 499, HOS 499, IB 410, IB 499, TRM 499. 
Prerequisite(s): Admission to Business Exchange program. 
Grading: INP, N, F, standard grade.

CS 001  
Units: 0  
Introduction to the Place: the Geography and History of Canada  
This non-credit course must be taken by all students in the Program prior to 101 and 102. 
Grading: COM, INC.

CS 101  
Units: 1.5  
Hours: 3-0  
Formerly: CS 100A  
Introduction to Canadian Culture  
An introduction to the multidisciplinary study of cultural structures and expressions in Canada, including such forms as literature, the fine arts, mass media and communications. 
Notes: 
• Credit will be granted for only one of CS 101, CS 100A. 
• A required course for the Diploma program in Canadian Studies.

CS 102  
Units: 1.5  
Hours: 3-0  
Formerly: CS 100B  
Introduction to Canadian Contemporary Issues  
An introduction to contemporary issues in Canadian society including politics, economic and social structures, cultural and arts policy, science and technology, multiculturalism, bilingualism, First Nations, and women’s issues. 
Notes: 
• Credit will be granted for only one of CS 102, CS 100B. 
• A required course for the Diploma program in Canadian Studies.

CS 200  
Units: 1.5  
Hours: 3-0  
Topics in Canadian Studies  
Topics of current interest including Canadian art, film, culture and social, political and environmental issues. 
Notes: 
• May be taken more than once for credit in different topics with permission of the school. 
• A required course for the Diploma program in Canadian Studies.

CS 201  
Units: 1.5  
Hours: 3-0  
Issues and Ideas in Canadian Environmentalism  
An exploration of the connections between Canadian culture and environment including an examination of our cultural worldview both past and present. Investigates how our sense of nation, national destiny and religious, cultural and ethnic inheritance has shaped and continues to shape our ideas of the wilderness, the Canadian environment and environmental issues.

COM 480 - CSC 105  
395

COM 480 - CSC 105

COURSE LISTINGS CS
CSC 106 - Units: 1.5 - Hours: 3-1
Formerly: 212
The Practice of Computer Science
A survey of aspects of the application of Computer Science. Topics include: algorithms; complexity and decidability; program understanding. Credit will be granted for only one of CSC 106, CSC 112, CSC 212.

CSC 110 - Units: 1.5 - Hours: 3-2
Fundamentals of Programming I
Introduction to designing, implementing, and understanding computer programs using an object-oriented programming language. Topics include an introduction to computing and problem solving, selection and iteration, arrays and objects, classes, first programs. Credit will be granted for only one of CSC 110, CSC 111.

CSC 111 - Units: 1.5 - Hours: 3-2
Fundamentals of Programming with Engineering Applications
Fundamentals of computer programming with real-world engineering examples using an imperative programming language. Topics include variables, data types, statements, control structures, functions, parameter passing mechanisms, expressions, data structures, files, pointers, storage allocation, elementary searching and sorting, recursion, encapsulation, modularity, incremental development, testing and debugging. Credit will be granted for only one of CSC 110, CSC 111.

CSC 115 - Units: 1.5 - Hours: 3-2
Fundamentals of Programming II
Techniques, methods, and tools for systematic development and maintenance of software systems and documentation; basic algorithms and data structures; and fundamental concepts of object-oriented programming. Topics include control and data abstraction, modularization, abstract data types, layers of abstraction, information hiding, separation of concerns, type checking, program design, separate compilation, software libraries, techniques for the development of high-quality software components, program understanding. Credit will be granted for only one of CSC 115, CSC 116, CSC 160.

CSC 116 - Units: 1.5 - Hours: 3-2
Fundamentals of Programming with Engineering Applications II
Development of software for real-world engineering applications using both imperative and object-oriented approaches. Topics include basic algorithms and data structures, abstract data types, generic collection types, design of large programs, user interfaces, debugging techniques, software documentation. Credit will be granted for only one of CSC 116, CSC 115, CSC 160.

CSC 130 - Units: 1.5 - Hours: 3-1
World Wide Web and Mobile Applications
An introduction to the Internet, the World Wide Web (WWW) and mobile communications technologies. Topics include: HTML, web-page design tools, development of simple mobile applications. Additional topics selected from: location-aware e-commerce, multimedia chat services, mobile social networking, software development for smartphone and tablets. Emphasis is on relating Internet technologies to the role they play enabling mobile computing.

CSC 167 - Units: 1.5 - Hours: 3-1
Game Strategy, Interaction and Design
This multi-disciplinary course explores computer games and their applications through design exercises and game playing. Topics include: game console architectures, entertainment media, history of academic and application-based simulations, role of artificial intelligence research, history of computer graphics, history of sound technologies, evolution of computer game design, networked games, virtual reality, and history of video and computer game industries.

CSC 205 - Units: 1.5 - Hours: 3-1
2D Computer Graphics and Image Processing
Vectors, parametric/implicit, RGB colours, lines, circles, barycentric coordinates, rasterization, image filtering, sampling, aliasing and antialiasing, compression, UI for image processing.

CSC 212 - Units: 1.5 - Hours: 3-1
Algorithms and Data Structures I

CSC 226 - Units: 1.5 - Hours: 3-1
Formerly: 326
Algorithms and Data Structures II
Advanced techniques for design, analysis, and implementation of algorithms and data structures with an introduction to algorithm engineering. Algorithmic design paradigms: greedy, divide-and-conquer, dynamic programming, backtracking, branch and bound. Advanced Analysis techniques, such as amortization. Advanced data structures: hashing, disjoint sets. Advanced graph algorithms: network flow, connectivity, minimum spanning trees, shortest paths. Mathematical tools: graphs and digraphs, graph properties, planar graphs, networks; discrete probability, counting techniques, recurrences.

CSC 230 - Units: 1.5 - Hours: 3-1.5
Introduction to Computer Architecture
The architecture of computer systems including concepts such as CPU, memory, buses, I/O, cache, instruction sets, interrupt processing, pipelining, performance. Families of processors, CSC, RISC. Memory organization and management (including virtual memory, protection, segmentation and paging). Computer arithmetic. The use of assemblers, linkers and loaders. Assembly language programming and its interface with a high-level language (C).

CSC 299 - Units: 1.5 - Hours: 0-6
Undergraduate Directed Project
Under the supervision of faculty, students will participate in projects that will include both their particular areas of interest and other aspects of Computer Science.

Pre-requisite(s):
- Two of CSC 115 with a minimum grade of B+; CSC 226 with a minimum grade of B+; CSC 230 with a minimum grade of B+; SENG 265 with a minimum grade of B+; and
- permission of the department.
CSC 305  Units: 1.5  Hours: 3-1
Formerly: 405
Introduction to Computer Graphics
Introduction to computer graphics. Principles of raster image generation. Example of a graphics API. Graphics primitives, data structures. Coordinate systems, affine transformations and viewing of graphical objects. Introduction to rendering including shading models and ray tracing. Introduction to modelling including polygon meshes, subdivision, and parametric curves and surfaces, colour.
Note: Credit will be granted for only one of CSC 305, CSC 405.
Prerequisite(s):
• CSC 226 and SENG 265; and
• MATH 110 or MATH 211.

CSC 320  Units: 1.5  Hours: 3-1
Foundations of Computer Science
A survey of formal models and results that form the theoretical foundations of computer science; typical topics include finite automata, Turing machines, undecidable problems, context free languages and computational complexity.
Prerequisite(s): CSC 226.

CSC 322  Units: 1.5  Hours: 3-0
Logic and Programming
Practical applications of logic in computer science and its relevance in such areas as software engineering, artificial intelligence and circuit design theory. Topics include: propositional expressions and circuits, reading and writing first order logic, predicate logic as a relational query language, knowledge representation, PROLOG, and other related topics.
Prerequisite(s):
• CSC 115 or CSC 116; and
• MATH 122 or PHIL 203.

CSC 330  Units: 1.5  Hours: 3-0
Programming Languages
Fundamental concepts of programming in different paradigms. Topics include syntax, grammar, semantics, scope, extent, type construction, type checking, type inference, polymorphism, evaluation strategies, functions as values, closures, pattern matching, unification, non-determinism.
Prerequisite(s):
• CSC 226 and SENG 265; and
• CSC 230 or CENG 255.
Pre- or Corequisite(s): CSC 320 and CSC 360.

CSC 349A  Units: 1.5  Hours: 3-0
Numerical Analysis
An introduction to selected topics in Numerical Analysis. Typical areas covered: error analysis, roots of equations, systems of linear equations, linear programming, interpolation, numerical integration, and ordinary differential equations.
Note: Credit will be granted for only one of CSC 349A, CSC 340, MATH 348.
Prerequisite(s):
• CSC 110 or CSC 111; and
• MATH 110 or MATH 211; and
• either MATH 200 and MATH 201, or MATH 202, or MATH 204.

CSC 350  Units: 1.5  Hours: 3-0
Computer Architecture
Introduces the basic building blocks of a general purpose computer with emphasis on techniques for speed and performance enhancement. Topics will include: central processor organization, arithmetic algorithms, lookahead and parallelism, memory hierarchy, control unit and microprogramming, input/output devices, case studies of some recent micro, mini, and mainframe computers.
Prerequisite(s): CSC 225 and CSC 230.

CSC 355  Units: 1.5  Hours: 3-2
Formerly: 250
Digital Logic and Computer Organization
Fundamentals of logic design, computer organization and hardware components of computers and embedded systems and the development of a structured design methodology. The use of ASCII and field programmable devices. An introduction to Hardware Description Languages and their implementation, finite state machines, the use of CAD algorithms and tools for system design, and the testing of digital systems. Topics include Boolean algebra, combinatorial and sequential circuits, memory organization, buses and arithmetic units, basic microprocessor design.
Note: Credit will be granted for only one of CSC 355, CSC 250.
Prerequisite(s): CSC 230 and MATH 122.

CSC 360  Units: 1.5  Hours: 3-1
Operating Systems
The major concepts of operating systems and study of the interrelationships between the operating system and the architecture of computer systems. Topics discussed include operating system structures, concurrent programming techniques, cpu scheduling, deadlocks, memory management, file systems and protection.
Prerequisite(s):
• CSC 226 and SENG 265; and
• CSC 230 or CENG 255.

CSC 361  Units: 1.5  Hours: 3-2
Computer Communications and Networks
An introduction to concepts in computer communication and networks. Topics will include layered network architectures, protocol switching networks, local area networks, protocol design, and network security.
Note: Credit will be granted for only one of CSC 361, CSC 450, CENG 460.
Prerequisite(s):
• SENG 265; and
• CSC 230 or CENG 255.
Pre- or Corequisite(s): CSC 226.

CSC 370  Units: 1.5  Hours: 3-0
Database Systems
The use and operating principles of database management systems. Topics include: data entities and relationships; data modelling using Entity-Relation Diagrams: hierarchical, network and relational models of databases; query languages; physical representation of data in secondary storage; relational algebra and calculus as applied to the design of databases; security and integrity in the context of concurrent use; and basic ethical issues associated with database design and use.
Note: Credit will be granted for only one of CSC 370, CSC 470, HINF 300, HINF 300.
Prerequisite(s): CSC 226 and SENG 265.

CSC 371  Units: 1.5  Hours: 3-0
Data Management and Visualization
This course is intended for non-computer science students who are interested in data management, analysis and visualization. Topics include database design; Structured Query Language (SQL), data analysis with SQL, the R language, and advanced spreadsheets; data visualization; information retrieval; the semantic web. Databases and tools will be reviewed and compared.
Note: May not be counted for credit towards a Computer Science degree or Bachelor of Software Engineering degree.
Prerequisite(s):
• One of Principles of Mathematics 11, MATH 100, MATH 102, MATH 120; and
• minimum third-year standing.

CSC 375  Units: 1.5  Hours: 3-0
Introduction to Systems Analysis
The methods and methodologies used in analyzing and designing various types of systems. Topics include: project definition, CASE tools; data gathering, structured analysis and design, man-machine interface, database design, system controls, hardware selection, and system testing, implementation and operation. Students will be assigned to a project team involved in a system study as part of the course.
Prerequisite(s): Either SENG 265, or HINF 130 and HINF 140.
Pre- or Corequisite(s): HINF 140.

CSC 421  Units: 1.5  Hours: 3-0
Introduction to Artificial Intelligence
An introduction to the basic concepts and techniques of Artificial Intelligence. The main successes and challenges throughout history will be covered. Topics include heuristics, search, rule based programming (in Lisp and/ or Prolog), knowledge representation in standard and nonstandard logics, neural networks and feature spaces. Applications to game playing, natural language processing, and recognition/classification.
Note: Credit will be granted for only one of CSC 421, CENG 420.
Prerequisite(s):
• CSC 226; and
• minimum fourth-year standing.
CSC 422  
Units: 1.5  
Hours: 3-0  
Graph Algorithms  
Detailed study, from the algorithmic point of view, of some tractable and intractable graph problems. Some tractable problems are path problems, spanning trees, network flows, matchings, and planarity testing. Some intractable problems are clique, independent set, vertex cover, Hamiltonian cycle, and colouring problems. Various strategies for handling intractable problems are presented including intelligent backtracking, distributed and parallel computing, parameterized complexity, restrictions to graph sub-classes, randomized and approximation algorithms.  
Prerequisite(s):  
• CSC 226; and  
Prerequisite(s):  
• CSC 226; and  
CSC 423  
Units: 1.5  
Hours: 3-0  
Randomized Algorithms  
Basic techniques in design and analysis of randomized algorithms: moments and deviations, Markov chains and random walks, martingales, and algebraic techniques. Other topics include: the probabilistic method, random structures and complexity. Applications are selected from: parallel algorithm, routing networks, combinatorial optimization, data structure, approximate solutions to intractable problems, cryptography, pattern matching, and computational geometry.  
Prerequisite(s):  
• CSC 226 with a minimum grade of B+; and  
• minimum third-year standing.  
CSC 425  
Units: 1.5  
Hours: 3-0  
Formerly: 420  
Analysis of Algorithms  
General techniques for designing and analyzing algorithms; an in-depth examination of several problems and algorithms with respect to their time and space requirements; advanced data structures; sorting and searching; graph algorithms; backtracking; NP-complete problems; approximation algorithms.  
Note: Credit will be granted for only one of CSC 425, CSC 420.  
Prerequisite(s): CSC 320.  
CSC 426  
Units: 1.5  
Hours: 3-0  
Computational Geometry  
Algorithms and data structures that are used to solve geometrical problems. Topics include geometric searching, convex polygons and hulls, Voronoi diagrams, plane sweep algorithms, proximity and intersections. Application areas which are discussed include: computer graphics, VLSI design, and graph theory.  
Prerequisite(s):  
• CSC 226; and  
• minimum third-year standing.  
CSC 428A  
Units: 1.5  
Hours: 3-0  
Combinatorial Algorithms  
Exploration of the interfaces between combinatorics and Computer Science. Algorithms and data structures that are used to manipulate, generate, and randomly select combinatorial objects, including sets, permutations, combinations, trees, graphs. Methods for analyzing combinatorial algorithms such as recurrence relations, asymptotics, and amortized complexity.  
Prerequisite(s):  
• Either CSC 226 with a minimum grade of B+, or CSC 225 with a minimum grade of B+ and MATH 222 with a minimum grade of B, and  
• minimum third-year standing.  
CSC 429  
Units: 1.5  
Hours: 3-0  
Cryptography  
Fundamentals of modern cryptography. Topics include: review of classical and information-theoretic cryptography; block ciphers, DES, cryptanalysis of DES, modes of operation, AES; cryptographic hash functions and message authentication codes; public key cryptography, RSA, EIGamal and other public key systems, signature schemes; introduction to security protocols.  
Prerequisite(s):  
• Either CSC 320, or MATH 110 and STAT 254, MATH 222; and  
• minimum third-year standing.  
CSC 435  
Units: 1.5  
Hours: 3-1  
Compiler Construction  
Compilation, including: lexical analysis, syntax analysis, semantic analysis, code optimization, and simple code generation. Students will implement a compiler for a simple language.  
Prerequisite(s): CSC 320 and CSC 330.  
CSC 445  
Units: 1.5  
Hours: 3-0  
Formerly: 448A  
Operations Research: Linear Programming  
An introduction to linear programming and its applications. Topics include: the simplex method, the revised simplex method, computer implementations, duality. Optional topics include: parametric and sensitivity analysis, primal-dual algorithm, network simplex method, the network flow problem, and game theory. Typical applications include: fitting curves to data, the transportation problem, inventory problems and blending problems.  
Note: Credit will be granted for only one of CSC 445, CSC 448A.  
Prerequisite(s):  
• CSC 225; and  
• MATH 110 or MATH 211; and  
• minimum third-year standing.  
CSC 446  
Units: 1.5  
Hours: 3-0  
Formerly: 448B  
Operations Research: Simulation  
An introduction to discrete event simulation. Topics include: elementary queueing theory, basic techniques of discrete event simulation, generating random numbers, sampling from non-uniform distributions, simulation programming using general purpose languages and also special purpose simulation languages.  
Note: Credit will be granted for only one of CSC 446, CSC 448B.  
Prerequisite(s):  
• CSC 115 or CSC 116; and  
• one of PHYS 342, STAT 252, STAT 254, STAT 255, STAT 260, GECS 226, and  
• minimum third-year standing.  
CSC 449  
Units: 1.5  
Hours: 3-0  
Numerical Linear Algebra  
Gaussian elimination and its variants; sparse positive definite linear systems; sensitivity of linear systems: norms, condition, stability, scaling, iterative refinement; orthogonal matrices and least squares; eigenvalues and eigenvectors; the QR algorithm; the singular value decomposition.  
Prerequisite(s): CSC 349A with a minimum grade of B or CSC 340 with a minimum grade of B.  
CSC 454  
Units: 1.5  
Hours: 3-0  
Fault Tolerant Computing  
An introduction to selected issues in fault tolerant computing. Topics include: definitions of reliability, availability, safety, maintainability, testability and dependability; system protection through both hardware and information redundancy; quantitative methods for the evaluation of reliability; the design and test of integrated circuits; software fault tolerance and software testing. Includes a number of case studies of practical fault tolerant systems.  
Prerequisite(s): CSC 360.  
CSC 460  
Units: 1.5  
Hours: 3-3  
Design and Analysis of Real-time Systems  
Fundamental issues in design of real-time operating systems and application software. Typical topics include: hard real-time scheduling, interrupt driven systems, process communication and synchronization, language requirements for real-time systems, decomposition of real-time requirements into process models, and case studies. A project involving design, implementation and testing of a real-time executive and real-time application software will also be included.  
Note: Not open for credit to students registered in or with credit in CENG 455.  
Prerequisite(s):  
• CSC 355 or CENG 355; and  
• CSC 360.
CSC 461 - Units: 1.5 - Hours: 3-0
Multimedia Systems
Introduction to multimedia systems and applications. Topics include multimedia system design issues, representation, processing and retrieval of temporal and non-temporal media types, data compression techniques, multimedia system architecture, operating systems, networking, quality of service and database system issues, object-oriented multimedia programming, user interface, virtual worlds. Completion of a minor lab project is required.
Prerequisite(s):
- CSC 360 and
- CSC 361 or CENG 460.

CSC 462 - Units: 1.5 - Hours: 3-3
Distributed Computing
Note: Credit will be granted for only one of CSC 462, SENG 462.
Prerequisite(s):
- CSC 360 and
- one of CSC 361, CSC 450, CENG 460.

CSC 463 - Units: 1.5 - Hours: 3-0
Wireless and Mobile Networks
An introduction to selected issues in wireless and mobile networks. Topics include: radio basics, mobility models, location management, handoff, QoS (Quality of Service), MAC (Medium Access Control), routing, and transport protocols over different types of wireless and mobile networks.
Prerequisite(s): One of CSC 361, CSC 450, CENG 460.

CSC 464 - Units: 1.5 - Hours: 3-0
Concurrency
Introduction to the foundations of concurrency theory and the issues of specification and verification of concurrent systems. Topics will include models of concurrency such as Petri nets, labelled transition systems, and traces; specification of concurrent systems/programs in formalisms including process algebras, statecharts, Petri nets and temporal logics; verification techniques such as bisimulation and model checking. Case studies will be taken from coordination problems, controller design, communication protocols, hardware and user interface design.
Prerequisite(s): CSC 320 and CSC 360.

CSC 466 - Units: 1.5 - Hours: 3-0
Overlay and Peer-to-Peer Networking
Focuses on Layer 3 and above and the control plane of the Internet. Topics include: overlay network architectures, peer-to-peer application models, end-to-end control mechanisms, inter- and intra-domain routing protocols, service provisioning, network measurement, and related best current practices on the Internet.
Prerequisite(s): One of CSC 361, CSC 450, CENG 460.

CSC 467 - Units: 1.5 - Hours: 3-0
Switching, Network Traffic and Quality of Service
Prerequisite(s): One of CSC 361, CSC 450, CENG 460.

CSC 471 - Units: 1.5 - Hours: 3-1
Fundamentals of Computer Rendering
Physical foundations of illumination techniques. Colour, radiometry, photometry and reflection models. The rendering equation and rendering methods including ray tracing and radiosity. Sampling and anti-aliasing theory and methods such as photon tracing, Monte Carlo techniques and texturing methods. Volume rendering and point based rendering methods, image-based rendering, real-time shading and non-photo realistic rendering techniques.
Prerequisite(s): CSC 305.

CSC 472 - Units: 1.5 - Hours: 3-1
Fundamentals of Computer Modelling
Theory and practice of implicit and parametric modelling B-splines including NURBS and tensor product surfaces. Subdivision schemes and multi-resolution. Application of wavelets to modelling. Solid modelling including constructive solid modelling, volume models, implicit and point based modelling. Blending, deformation, polygonization, the Blobtree and precise contact modelling. Meshing techniques such as mesh reduction. Procedural modelling methods such as L-systems, and sketch based modelling.
Prerequisite(s): CSC 305.

CSC 473 - Units: 1.5 - Hours: 3-1
Fundamentals of Computer Animation
Principles of traditional animation, key framing, parametric and track animation, free form deformation, inverse kinematics, dynamics, spring mass systems, particle systems, numerical integration, Lagrangian constraints, space time constraints, collisions, human animation, behavioural animation, metamorphosis, implicit animation techniques, animating liquids, gases and cloth, motion capture. Animation interfaces (such as Maya) and introducing MEL scripting.
Prerequisite(s): CSC 305.

CSC 475 - Units: 1.5 - Hours: 3-0
Music Retrieval Techniques
A comprehensive introduction to the emerging research area of Music Information Retrieval (MIR). Topics include techniques from signal processing, machine learning, information retrieval, human-computer interaction, and software engineering are applied in the design and development of MIR algorithms and systems.
Note: Credit will be granted for only one of CSC 475, CSC 484 (if taken in the same topic).
Prerequisite(s): Two of CSC 330, CSC 340, CSC 360, CSC 370, ELEC 260, ELEC 310, SENG 310, SENG 330.

CSC 482A - Units: 1.5 - Hours: 3-0*
Formerly: 482
Topics in Algorithms
Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.
* Lab hours may vary depending on the topic.
Notes:
- Credit will be granted for only one of CSC 482A, CSC 482 (if taken in the same topic), CSC 482B (if taken in the same topic), CSC 482C (if taken in the same topic), CSC 482D (if taken in the same topic).
- May be taken more than once for credit in different topics with permission of the department.

CSC 482B - Units: 1.5 - Hours: 3-0*
Formerly: 482
Topics in Algorithms
Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.
* Lab hours may vary depending on the topic.
Notes:
- Credit will be granted for only one of CSC 482B, CSC 482 (if taken in the same topic), CSC 482A (if taken in the same topic), CSC 482C (if taken in the same topic), CSC 482D (if taken in the same topic).
- May be taken more than once for credit in different topics with permission of the department.

CSC 482C - Units: 1.5 - Hours: 3-0*
Formerly: 482
Topics in Algorithms
Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.
* Lab hours may vary depending on the topic.
Notes:
- Credit will be granted for only one of CSC 482C, CSC 482 (if taken in the same topic), CSC 482A (if taken in the same topic), CSC 482B (if taken in the same topic), CSC 482C (if taken in the same topic), CSC 482D (if taken in the same topic).
- May be taken more than once for credit in different topics with permission of the department.

CSC 482D - Units: 1.5 - Hours: 3-0*
Formerly: 482
Topics in Algorithms
Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.
* Lab hours may vary depending on the topic.
Notes:
- Credit will be granted for only one of CSC 482D, CSC 482 (if taken in the same topic), CSC 482A (if taken in the same topic), CSC 482B (if taken in the same topic), CSC 482C (if taken in the same topic), CSC 482D (if taken in the same topic).
- May be taken more than once for credit in different topics with permission of the department.

- May be taken more than once for credit in different topics with permission of the department. |
| **CSC 485C** | 1.5   | 3-0*  | Formerly: 485  
Topics in Systems  
Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.  
* Lab hours may vary depending on the topic.  
Notes:  
- Credit will be granted for only one of CSC 485C, CSC 485 (if taken in the same topic), CSC 485A (if taken in the same topic), CSC 485B (if taken in the same topic), CSC 485D (if taken in the same topic), CSC 485E (if taken in the same topic), CSC 485F (if taken in the same topic), CSC 485H (if taken in the same topic).  
- May be taken more than once for credit in different topics with permission of the department. |
CSC 485D Units: 1.5 Hours: 3-0*
Formerly: 485
Topics in Systems
Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.
* Lab hours may vary depending on the topic.

Notes:
• Credit will be granted for only one of CSC 485D, CSC 485 (if taken in the same topic), CSC 485A (if taken in the same topic), CSC 485B (if taken in the same topic), CSC 485C (if taken in the same topic), CSC 485E (if taken in the same topic), CSC 485F (if taken in the same topic), CSC 485G (if taken in the same topic), CSC 485H (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

CSC 485E Units: 1.5 Hours: 3-0*
Formerly: 485
Topics in Systems
Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.
* Lab hours may vary depending on the topic.

Notes:
• Credit will be granted for only one of CSC 485E, CSC 485 (if taken in the same topic), CSC 485A (if taken in the same topic), CSC 485B (if taken in the same topic), CSC 485C (if taken in the same topic), CSC 485D (if taken in the same topic), CSC 485F (if taken in the same topic), CSC 485G (if taken in the same topic), CSC 485H (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

CSC 485F Units: 1.5 Hours: 3-0*
Formerly: 485
Topics in Systems
Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.
* Lab hours may vary depending on the topic.

Notes:
• Credit will be granted for only one of CSC 485F, CSC 485 (if taken in the same topic), CSC 485A (if taken in the same topic), CSC 485B (if taken in the same topic), CSC 485C (if taken in the same topic), CSC 485D (if taken in the same topic), CSC 485E (if taken in the same topic), CSC 485G (if taken in the same topic), CSC 485H (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

CSC 485G Units: 1.5 Hours: 3-0*
Formerly: 485
Topics in Systems
Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.
* Lab hours may vary depending on the topic.

Notes:
• Credit will be granted for only one of CSC 485G, CSC 485 (if taken in the same topic), CSC 485A (if taken in the same topic), CSC 485B (if taken in the same topic), CSC 485C (if taken in the same topic), CSC 485D (if taken in the same topic), CSC 485E (if taken in the same topic), CSC 485F (if taken in the same topic), CSC 485G (if taken in the same topic), CSC 485H (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

CSC 485H Units: 1.5 Hours: 3-0*
Formerly: 485
Topics in Systems
Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.
* Lab hours may vary depending on the topic.

Notes:
• Credit will be granted for only one of CSC 485H, CSC 485 (if taken in the same topic), CSC 485A (if taken in the same topic), CSC 485B (if taken in the same topic), CSC 485C (if taken in the same topic), CSC 485D (if taken in the same topic), CSC 485E (if taken in the same topic), CSC 485F (if taken in the same topic), CSC 485G (if taken in the same topic), CSC 485H (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

CSC 485I

CSC 486A Units: 1.5 Hours: 3-0*
Formerly: 486
Topics in Graphics
Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.
* Lab hours may vary depending on the topic.

Notes:
• Credit will be granted for only one of CSC 486A, CSC 486 (if taken in the same topic), CSC 486B (if taken in the same topic), CSC 486C (if taken in the same topic), CSC 486D (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

CSC 486B Units: 1.5 Hours: 3-0*
Formerly: 486
Topics in Graphics
Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.
* Lab hours may vary depending on the topic.

Notes:
• Credit will be granted for only one of CSC 486B, CSC 486 (if taken in the same topic), CSC 486A (if taken in the same topic), CSC 486C (if taken in the same topic), CSC 486D (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

CSC 486C Units: 1.5 Hours: 3-0*
Formerly: 486
Topics in Graphics
Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.
* Lab hours may vary depending on the topic.

Notes:
• Credit will be granted for only one of CSC 486C, CSC 486 (if taken in the same topic), CSC 486A (if taken in the same topic), CSC 486B (if taken in the same topic), CSC 486D (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

CSC 486D Units: 1.5 Hours: 3-0*
Formerly: 486
Topics in Graphics
Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.
* Lab hours may vary depending on the topic.

Notes:
• Credit will be granted for only one of CSC 486D, CSC 486 (if taken in the same topic), CSC 486A (if taken in the same topic), CSC 486B (if taken in the same topic), CSC 486C (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

CSC 490 Units: 1.5 or 3.0
Directed Studies
Note: May be taken more than once for credit in different topics with permission of the department.

Prerequisite(s):
• Minimum fourth-year standing in the Computer Science program; and
• permission of the department.

CSC 497 Units: 1.5 Hours: 0-0-6
Interdisciplinary Project
Research under the direction of a faculty member. The student is required to pursue an interdisciplinary project, prepare a written report and to present a seminar describing the work.

Prerequisite(s): Fourth-year standing in a Computer Science Combined Program.

CSC 498 Units: 1.5 Hours: 0-6
Bioinformatics Project
Research under the direction of a faculty member. The student is required to pursue a project, prepare a written report and to present a seminar describing the work.

Prerequisite(s):
• Minimum fourth-year standing in the Computer Science program with Bioinformatics Option; or
• permission of the department.
CSC 499 - CYC 166B

CSC 499  Units: 1.5  Hours: 1.5-4.5
Honours Seminar and Project
Seminar and research project under the direction of a faculty member. The student is required to pursue an independent project, to prepare a written report and to present a seminar describing the work.
Prerequisite(s):
•  Minimum fourth-year standing, and
•  declared Honours in Computer Science or declared Combined Honours in Mathematics and Computer Science, in Physics and Computer Science, or in Statistics and Computer Science.

CW
Creative Writing (En’owkin Centre)
Certificate Program in Foundations in Indigenous Fine Arts
Faculty of Fine Arts
CW (E) courses are offered only through the En’owkin Certificate Program in Indigenous Fine Arts.

CW 100E  Units: 3.0  Hours: 3.0
Introduction to Creative Writing
A non-historical survey of some of the basic structures in poetry, drama, creative nonfiction, and fiction which involves the students in the writing and criticism of compositions in all four genres using Aboriginal authors and perspectives.

CW 150E  Units: 1.5
Writing for Children from a First Nations’ Perspective
The techniques used in writing for children. An examination of Native Indian legends and stories and the imagery contained therein as well as the importance of uniting illustrations to story line will take place. Contemporary story writing, as well as traditional, will be emphasized.

CW 155E  Units: 1.5  Hours: 3.0
Critical Process and World View
A critical examination of Aboriginal literature, including oral story-telling methods and techniques, enabling students to apply that critical process to their own writing.

CW 156E  Units: 1.5
Critical Process, Symbolism and Oral Tradition
Focuses on and encourages the use of archetypes in poetry, prose and drama. Native literature archetypes such as coyote, the Thunderbird, eagle, owl and horse will be discussed, and the nature of their use by Native authors will be examined. Students will examine the literary forms that have been developed by indigenous peoples everywhere with a view to using some of these forms as models for their own creative efforts. Oratory, legends and stories, songs, music, dance, Native humour, metaphor, symbolism, rhythm, and the use of sign language will be studied.

CW 160E  Units: 1.5
First Nations’ Nonfiction
An examination of First Nations’ nonfiction writing such as essays, autobiographies, biography, and political oratory, both in the modern and historic context.

CW 212E  Units: 1.5
Structure in Cinema and Television Drama
A lecture course surveying the structural characteristics of screen drama, making use of published Aboriginal film and television scripts as well as indigenous film from other countries.

CYC
Child and Youth Care
School of Child and Youth Care
Faculty of Human and Social Development

CYC 100A  Units: 1.5  Hours: 3.0
Formerly: part of 100, 200.
Introduction to Professional Child and Youth Care Practice: Part One
Historical, contemporary, global and local conversations about the professional field of child and youth care and its diverse practices and contexts. Introduction to strength-based practice, inclusiveness, caring in context, normative development, and critical reflection. Emphasis on socially locating oneself, building relationships, processes of change, enhancing ethical discernment, promoting cultural competencies and a commitment to social justice, cultivating a professional orientation, and understanding theory in everyday practice.
Note: Credit will be granted for only one of CYC 100A, CYC 100B, CYC 200, CYC 200A, CYC 251.

CYC 100B  Units: 1.5  Hours: 3.0
Formerly: part of 100, 200.
Introduction to Professional Child and Youth Care Practice: Part Two
Continuation of 100A.
Note: Credit will be granted for only one of CYC 100B, CYC 100, CYC 200, CYC 200B, CYC 251.
Prerequisite(s): CYC 100A.

CYC 101  Units: 1.5
Introduction to CYC Practice and Communications Technology
A communications technology-based introduction to the fundamental concepts, relationships and professions associated with the field of Child and Youth Care. Introduces key skill areas that will facilitate learner/practitioner success. Students will be introduced to the role and function of technology to support both life-long learning and child and youth care practice.

CYC 130  Units: 1.5
Professional Communications in Indigenous Child and Youth Care
Facilitates development of professional communication skills for practice in Indigenous child and youth care settings. Emphasis is on written expressions and career relevant assignments.

CYC 131  Units: 1.5
Child and Youth Care Practice in Indigenous Settings
Structured opportunities for learners to identify, visit and examine examples of child and youth care practice in their own locale and within their own cultural frame of reference. They will identify, describe and explore the significance of various forms of practice within the field. Students will identify mentors in their locale, network and do a survey of relevant services and sites in their community.

CYC 132  Units: 1.5
Indigenous Leadership in Child and Youth Care
Develops the learner’s understandings of various forms of leadership that can contribute to achieving Indigenous goals for children, youth, families and their communities. Learners study historical and contemporary Indigenous leaders in fields related to children and youth with an emphasis on strategies, attributes, skills and achievements within their own cultural frame of reference and in broader contexts. Learners will conceptualize their own career development as emerging leaders in the field of child and youth care.

CYC 140  Units: 1.5  Hours: 3.0
Written Communications in Child and Youth Care
Fosters the development of written academic communication skills through critical inquiry, thinking, reading and writing. Students will explore current issues and context within CYC practice, as they demonstrate an understanding of effective writing process from planning through research and editing. Students will identify their strengths and address the gaps in their written communication skills.

CYC 152  Units: 1.5  Hours: 3.0
Formerly: 252.
Introduction to Helping Skills in Child and Youth Care Practice
Focuses on teaching foundational helping and communication skills through experiential learning and video recording. Students learn the use of interpersonal and communication skills, helping strategies, and the development of therapeutic relationships that are the core elements of child and youth care practice.
Notes:
•  Credit will be granted for only one of CYC 152, CYC 252.
•  First of four required lab courses (CYC 152, CYC 265, CYC 370 and CYC 475).

CYC 166A  Units: 1.5
Formerly: 366A.
Lifespan Development (Conception to Late Childhood)
Introduces students to concepts and models of how human behaviour is acquired, maintained and modified. Focuses on human development from conception to late childhood as a knowledge base for practice with children, youth and families.
Note: Credit will be granted for only one of CYC 166A, CYC 366, CYC 366A.

CYC 166B  Units: 1.5  Hours: 3.0
Formerly: 366B.
Lifespan Development (Adolescence to Late Adulthood)
Introduces students to concepts and models of how human behaviour is acquired, maintained and modified. Focuses on human development from adolescence to late adulthood as a knowledge base for practice with children, youth and families.
Note: Credit will be granted for only one of CYC 166B, CYC 366, CYC 366B.
### CYC 171 - Introduction to Families: Issues, Patterns, and Processes
- **Units:** 1.5
- **Hours:** 3-0
- Formerly: 373.
- An introduction for students to various orientations towards planned change. How change occurs and how helping professionals can facilitate such change is the main focus. By critically reflecting on fundamental assumptions embedded in certain theories students can learn to integrate and synthesize knowledge into their counselling perspectives.
- **Prerequisite(s):** Admission to a program in Child and Youth Care, or minimum third-year standing; and permission of the school.
- **Note:** Credit will be granted for only one of CYC 171, CYC 373.

### CYC 205 - Applying Change Theory in CYC Practice
- **Units:** 3.0
- **Hours:** 3-0
- Formerly: 301.
- An introduction for students to various orientations towards planned change. How change occurs and how helping professionals can facilitate such change is the main focus. By critically reflecting on fundamental assumptions embedded in certain theories students can learn to integrate and synthesize knowledge into their counselling perspectives.
- **Prerequisite(s):** All of CYC 100A, CYC 100B, CYC 152, CYC 166A, CYC 166B, CYC 171; and admission to a program in Child and Youth Care; or permission of the school.
- **Note:** Credit will be granted for only one of CYC 205, CYC 301, CYC 351.

### CYC 210 - Supervised Practicum I
- **Units:** 1.5
- **Hours:** 1-10
- An opportunity to practice evolving CYC skills in an applied setting. Students work directly with children/youth in a supervised practice situation in order to promote professional skill acquisition and integrate the knowledge obtained through coursework. Students are required to complete 120 hours.
- **Note:** CYC 210 must be completed before CYC 310.
- **Prerequisite(s):** All of CYC 100A, CYC 100B, CYC 152, CYC 166A, CYC 166B, CYC 171; and admission to a program in Child and Youth Care; or permission of the school.

### CYC 220 - Introduction to CYC Practice in Indigenous Contexts
- **Units:** 1.5
- **Hours:** 3-0
- An exploration of Indigenous perspectives and contexts, both historical and contemporary, in relation to practice with Indigenous children, youth, families and communities. Readings, activities, and assignments provide an historical overview of colonization and describe various strategies for supporting decolonization and culturally relevant practice.
- **Prerequisite(s):** Minimum second-year standing.

### CYC 240 - Ethical Decision-Making in Child and Youth Care Practice
- **Units:** 1.5
- **Hours:** 3-0
- Formerly: 340.
- An introduction to historical theoretical perspectives in the western philosophy of ethics, an overview of decision-making models and current professional perspectives on ethics in child and youth care/human service practice. Taught using experiential learning and critical thinking strategies designed to develop personal approaches to ethical choice making and a commitment to ethical practice and social justice. Students will develop an ethical decision-making framework for application to their current and future practice.
- **Prerequisite(s):** Minimum second-year standing.

### CYC 250 - Law, Indigenous People and the TRC Calls to Action
- **Units:** 1.5
- **Hours:** 3-0
- An introduction to law through an Indigenous lens and framed by the Truth and Reconciliation Commission - Calls to Action. Explores pre-colonial, historical and current legal systems and processes that shape the lives and experiences of Indigenous children, youth, families and communities. Also considers meaningful practice pieces that deepen the understanding of culturally-honouring, decolonizing, strength-based practice, Indigenous people and the law.
- **Prerequisite(s):** Minimum second-year standing.

### CYC 251 - An Introduction to Child and Youth Care for Human Services Diploma Students - Bridging Course One
- **Units:** 1.5
- **Hours:** 3-0
- An introduction to the field of CYC for students who are entering the BCYC program following successful completion of a human services diploma. Readings, practice scenarios, activities and assignments will encourage learners to integrate their existing knowledge and skills in the broader CYC field.
- **Prerequisite(s):** Permission of the department.

### CYC 260 - Special Topics in Child and Youth Care
- **Units:** 0.5, 1.0, 1.5 or 3.0
- **Hours:** 3-0
- An opportunity to examine selected current issues in child and youth care.
- **Note:** May be taken more than once for credit in different topics with permission of the school.

### CYC 265 - Introduction to Group Work in Child and Youth Care Practice
- **Units:** 1.5
- **Hours:** 3-0
- Formerly: 465.
- A presentation, in an experiential format, of theoretical approaches and techniques related to the planning and facilitation of groups for children and youth. Students will explore how to plan for, and to facilitate groups in a participatory, skill building, experiential learning format.
- **Notes:** Credit will be granted for only one of CYC 265, CYC 465. Students who have completed equivalent prerequisites may request permission to register in the course.
- **Prerequisite(s):** All of CYC 100B, CYC 152, CYC 166A, CYC 166B, CYC 171; or permission of the school.

### CYC 290 - Directed Studies in Child and Youth Care
- **Units:** 0.5, 1.0, 1.5 or 3.0
- **Hours:** 3-0
- An introduction to law through an Indigenous lens and framed by the Truth and Reconciliation Commission - Calls to Action. Explores pre-colonial, historical and current legal systems and processes that shape the lives and experiences of Indigenous children, youth, families and communities. Also considers meaningful practice pieces that deepen the understanding of culturally-honouring, decolonizing, strength-based practice, Indigenous people and the law.
- **Prerequisite(s):** Minimum second-year standing.
- **Prerequisite(s):** Pro Forma required.

### CYC 310 - Supervised Practicum II
- **Units:** 4.5
- **Hours:** 3-0
- Students work directly with children/youth in a supervised practice situation in order to promote professional skill acquisition and integration. Emphasis is placed on observation and recording skills, understanding the structure and functioning of a service agency, and fostering the student’s awareness of his or her functioning in relation to children, youth and agency workers. Attention is also given to developing beginning level case planning, intervention, and case presentation skills with both a one-to-one and a group focus. Students are required to complete 286 hours.
- **Note:** Credit will be granted for only one of CYC 310, CYC 310A.
- **Prerequisite(s):** All of CYC 166A, CYC 166B, CYC 210; or minimum third-year standing; and admission to a program in Child and Youth Care.
- **Corequisite(s):** CYC 265 and CYC 338.
CYC 310A Units: 4.5
Child and Youth Care Practicum by Prior Learning Assessment (PLA)
Students with significant work or volunteer experience in Child and Youth Care may complete the first CYC practicum by Prior Learning Assessment. Students will present evidence of their prior learning and practice experience in the form of a portfolio which specifically demonstrates the learning objectives and outcomes required in 310.
Note: Credit will be granted for only one of CYC 310A, CYC 310.
Prerequisite(s): • Admission to a program in Child and Youth Care; and • permission of the school.
Recommendation(s): 5 years of paid CYC experience strongly recommended prior to CYC 310A.

CYC 330 Units: 1.5 Hours: 3-0
Applied Practice in Indigenous Contexts
Examines systems of working in meaningful and reciprocal relationships with Indigenous communities. It explores Indigenous epistemologies - ways of knowing, doing, being. Emphasis on the development of positive and effective practice frameworks and practical strategies that support healing, wellness, resilience in Indigenous contexts are central.
Prerequisite(s): CYC 230.

CYC 338 Units: 3.0 Hours: 3-0
Applying Developmental Theory in Child and Youth Care Practice
Focuses on the application of contemporary child developmental theories and research, as well as cultural and social class theories, to child and youth care practice. These developmental theories will be applied using a multidimensional, culturally situated, developmental perspective to a wide variety of child and youth care situations, including a variety of biologically-based atypical developmental conditions. The interrelationships between applied child development and a variety of contexts such as family, peer group, school, community, domestic and global conditions will also be explored.
Prerequisite(s): • CYC 166A and CYC 166B; and • admission to a program in Child and Youth Care.
Corequisite(s): CYC 210.

CYC 350 Units: 1.5 Hours: 3-0
Formerly: 350B.
Applying Law in Child Protection and Child and Youth Care Practice
An opportunity to put into practice the theoretical and legal foundation gained from the prerequisite course. Students will explore issues of diversity and the dynamics of law, Child and Youth Care practice in legal contexts, and ethical considerations within a legal framework. Students will practice specific skills in Child Protection work such as interviewing, documentation, contextual analysis, applying practice standards, interpreting law, critical analysis and reflective reviewing.
Note: Credit will be granted for only one of CYC 350, CYC 350B.
Prerequisite(s): CYC 250.

CYC 351 Units: 3.0 Hours: 3-0
Applying Change Theory in CYC Practice with Contemporary Families
Integrates theory and practice in the application of change theories in CYC work with contemporary families. Focuses on issues and techniques in assessment; case planning and intervention, while studying major therapeutic approaches, associated philosophies, goals, strategies and techniques. Practical models for case consultation, presentation and evaluation will also be covered. Upon completion, students will demonstrate competency in these professional practice areas, real and simulated, and analyze the relationship between professional knowledge, skills, values and individual styles.
Note: Credit will be granted for only one of CYC 351, CYC 205, CYC 266, CYC 356.
Prerequisite(s): Permission of the department.

CYC 356 Units: 1.5 Hours: 3-0
Formerly: 266.
Child and Youth Care Practice with Families
Focuses on the various kinds of strategies used when working with families in a variety of settings. Using a strengths-based approach, it covers interventions that promote positive ways of improving family patterns when difficulties are presented. Students will be introduced to a variety of interventions used to work collaboratively with a family when changes are needed.
Note: Credit will be granted for only one of CYC 356, CYC 266, CYC 351, CYC 466.
Prerequisite(s): All of CYC 100A, CYC 100B, CYC 152, CYC 166A, CYC 166B, CYC 171.
Pre- or Corequisite(s): • CYC 205; or • permission of the school.

CYC 360 Units: 0.5, 1.0, 1.5 or 3 Hours: 3-0
Special Topics in Child and Youth Care
An opportunity to examine selected current issues in child and youth care.
Notes: • May be taken more than once for credit in different topics with permission of the school. • Also available for professional development.

CYC 364 Units: 1.5
Attending to Disability in Child and Youth Care Practice
Critically engages with historical and current, global and local approaches to disability and social inclusions. Encourages students to consider the power of language and representation in conceptual models and policies that influence work with children, youth and adults with disabilities and their families.
Note: Credit will be granted for only one of CYC 364, HSD 464, SOCW 469 (if taken prior to December 2010).
Prerequisite(s): Minimum second-year standing.

CYC 370 Units: 1.5 Hours: 3-0
Formerly: 474.
Applying Assessment and Case Planning in Child and Youth Care Practice
Focuses on the skills necessary to working professionally with individuals, groups and families: intake interviewing, needs and risk assessment, intervention planning and implementation, case management and reporting. Knowledge and skill in issues of abuse and neglect will be developed. Students will be required to apply change theory in a laboratory learning setting and produce professional documentation of their work. Feedback on skill application is provided in class and through video recordings.
Note: Credit will be granted for only one of CYC 370, CYC 474.
Prerequisite(s): • Either CYC 210 and CYC 205, or CYC 351; and • admission to a program in Child and Youth Care.

CYC 379 Units: 1.5 Hours: 3-0
Also: HSD 470
Interdisciplinary Perspectives on Sub-Saharan Africa
An overview of key African issues, through presentations by University of Victoria professors with research and development interests in Africa. Topics include: pre-history and paleo-anthropology, literature and the arts, colonial and post-colonial histories, and contemporary issues such as governance, HIV/AIDS and human rights.
Note: Credit will be granted for only one of CYC 379, HSD 470.

CYC 380 Units: 1.5 Hours: 3-0
Practices for Young Children and Families: Historical and Contemporary Perspectives
In this foundational course for the Early Years Specialization, the historical and philosophical trends that influence and shape services and policies for young children and their families will be examined. Students will investigate the roots of some of the current issues in the area of the early years through an applied analysis of local, national and international approaches to services and policies for young children and their families. This analysis will be framed within a social justice approach.
Prerequisite(s): Minimum third-year standing.

CYC 381 Units: 1.5 Hours: 3-0
Leadership, Advocacy and Policy for the Early Years
Explores leadership, advocacy and policy within the context of key political debates and controversies affecting early years services. Key areas of study will include: creation of networks and relationships with governmental and non-governmental organizations; roles of advocacy groups concerned with services and decision-making processes within particular social, cultural, economic and cultural contexts; policy development; and the role practitioners play as advocates engaged in a global context.
Prerequisite(s): Minimum third-year standing.

CYC 390 Units: 0.5, 1.0, 1.5 or 3 Hours: 3-0
Directed Studies in Child and Youth Care
Notes: • May be taken more than once for credit in different topics. • Pro Forma required.
CYC 410  Units:  4.5  Hours:  1-10
Advanced Supervised Practicum
This supervised practicum focuses on the student’s chosen professional area of interest and provides an opportunity to apply case planning, intervention, and evaluation skills at an advanced level. Professional consultation, clinical functioning, and the integration of theory and practice are emphasized. Students are required to complete 286 hours.
Note:  More hours may be required for Specializations.
Prerequisite(s):
•  CYC 310 or CYC 310A; and
•  all of CYC 338, CYC 350, CYC 356, CYC 364, CYC 370; and
•  minimum fourth-year standing; and
•  admission to a program in Child and Youth Care.
Corequisite(s):  All of CYC 410A, CYC 423, CYC 424, CYC 470, CYC 471, CYC 475.

CYC 410A  Units:  4.5  Hours:  1-10
Advanced Supervised Block Practicum
A condensed 4 month practicum within which students are required to complete 286 hours. Some practicums are block practicums only, such as Child Life and Child Protection. Check with a practicum coordinator for more information.
Note:  More hours may be required for Specializations.
Prerequisite(s):
•  CYC 310 or CYC 310A; and
•  all of CYC 338, CYC 350, CYC 356, CYC 364, CYC 370, CYC 410, CYC 423, CYC 424, CYC 470, CYC 471; and
•  minimum fourth-year standing; and
•  admission to a program in Child and Youth Care.
Corequisite(s):  CYC 475.

CYC 423  Units:  1.5  Hours:  3-0
Research Methods in Child and Youth Care
The design of research and evaluation in child and youth care. Within an applied research practitioner context, students will be introduced to the knowledge and skills necessary to locate, understand, and use research about child and youth care. Students will examine research/evaluation designs and methodologies for improving child and youth care practice.
Prerequisite(s):  Minimum third-year standing.

CYC 424  Units:  1.5  Hours:  3-0
Qualitative and Quantitative Analysis in Child and Youth Care
Provides students with a grounding in the techniques commonly used in the analysis of both quantitative and qualitative data in child and youth care as well as the logic of interpreting evaluation data. Students will explore how to interpret, analyze, code, and write about qualitative data. They will analyze quantitative, descriptive data to interpret relationships between variables and be introduced to inferential statistics.
Note:  Credit will be granted for only one of CYC 424, HSD 425.
Prerequisite(s):  Minimum third-year standing.

CYC 430  Units:  1.5  Hours:  3-0
Research Practice in Indigenous Contexts
Builds upon the foundation of knowledge and skills developed through CYC 230 and research methods course. Examines research approaches that are informed by Indigenous research methodologies and Indigenous ways of knowing, doing and being.
Prerequisite(s):
•  CYC 230 and CYC 423; or
•  permission of the school.

CYC 460  Units:  0.5, 1.0, 1.5 or 3-0
Special Topics in Child and Youth Care
An opportunity to examine selected current issues in child, youth and family care.
Note:  May be taken more than once for credit in different topics with permission of the school.

CYC 461  Units:  1.5  Hours:  3-0
Child Life Practice in Hospitals and Community Settings
A foundation to child life practice in hospitals and community health care settings. Emphasis is placed on examining professional issues concerning child life specialists, the application of various conceptual frameworks, and theoretical perspectives to clinical practice within a multidisciplinary model in both hospital and community contexts.
Note:  On-line delivery with mandatory on-campus seminars.
Prerequisite(s):  Minimum third-year standing.

CYC 462  Units:  1.5  Hours:  3-0
Perspectives on Substance Use in Child and Youth Care Practice
An introductory course on substance use and its impacts, particularly in relation to working with children, youth, families and communities. Students are expected to understand and critically reflect on a range of perspectives, and related practice responses relevant to CYC practitioners. The historical, social and political contexts of substance use among Indigenous peoples, women and youth will be explored.
Note:  Credit will be granted for only one of CYC 462, HSD 462.
Prerequisite(s):  Minimum third-year standing.

CYC 463  Units:  1.5  Hours:  3-0
Substance Use: Prevention and Treatment Approaches in Child and Youth Care Practice
An examination of current approaches to working with substance use at the individual, family and community levels. The intended outcomes and goals of treatment and prevention will be explored. Differing models of change as well as Indigenous approaches to healing and gender-specific approaches to treatment and prevention will be studied. Emphasis will be placed on the identification of appropriate strategies for effective CYC practice.
Note:  Credit will be granted for only one of CYC 463, CYC 471.
Prerequisite(s):
•  CYC 462; and
•  minimum third-year standing; or
•  permission of the school.

CYC 467  Units:  1.5  Hours:  3-0
Interdisciplinary Practice with Children, Youth and Families
Opportunities for applying the skills and knowledge essential for effective interdisciplinary practice with children and families in a CYC perspective. Explores the rationale for, and develops a critical analysis of, interdisciplinary practice. The contributions of different disciplines to addressing issues in child and family work will be featured.
Note:  Credit will be granted for only one of CYC 467, HSD 465, SOCW 465 (if taken prior to December 2010).
Prerequisite(s):  Minimum third-year standing.

CYC 470  Units:  1.5  Hours:  3-0
Child and Youth Care Practice in Mental Health Settings
An examination of the prevalence of patterns of atypical behaviours in childhood and adolescence and research on neurobiological correlates and socio-cultural contextual factors often associated with these patterns. Students gain understanding of key concepts, classification systems, assessment methods, and objectives guiding the delivery of child and youth mental health services, the use of psychopharmacology and other approaches. The interface between mental health services and professional practice in child and youth care is explored.
Prerequisite(s):
•  CYC 205; and
•  minimum third-year standing.
Corequisite(s):  CYC 338.

CYC 471  Units:  1.5  Hours:  3-0
Addictive Behaviours in Children, Youth and Families
Explores the nature, determinants, impacts, prevention and treatment of addictions in childhood and adolescence while also giving consideration to the impact of parental addictive behaviours on children and youth. Students gain understanding of the foundations of a range of addictive problems in neurobiology and development and interactions with family, community and broader social contexts. Students learn about current approaches to preventing, assessing and reducing harm resulting from addictive behaviours.
Note:  Credit will be granted for only one of CYC 471, CYC 463.
Prerequisite(s):  Minimum third-year standing.
Corequisite(s):  CYC 338.

CYC 475  Units:  3.0  Hours:  3-0
Advanced Child and Youth Care Practice with Families and Groups
This advanced course focuses on the development of skills required for child and youth care practice with families and groups. In a supervised teaching setting, students will assess the needs of role-playing individuals, families and groups, and by applying appropriate intervention strategies, assist clients to achieve needs-related, desired outcomes.
Note:  Credit will be granted for only one of CYC 475, CYC 476.
Prerequisite(s):
•  CYC 310 or CYC 310A; and
•  all of CYC 338, CYC 350, CYC 356, CYC 364, CYC 370; and
•  admission to a program in Child and Youth Care.
**CYC 476 - CYCB 141**

**CYC 476**  
**Child and Youth Care Practice with Families**  
Focuses on the development of skills related to child and youth care practice with families. Students are required to apply theory through interventions for children, parents, and their families based on assessed needs and identified goals. Students work in a laboratory environment and receive feedback on their approaches and style in working with families.  
**Note:** Credit will be granted for only one of CYC 476, CYC 475.  
**Prerequisite(s):**  
- CYC 265 or CYC 465; and  
- one of CYC 266, CYC 356, CYC 466.

**CYC 480**  
**Advanced Applied Capacity Building for the Early Years**  
The central focus will be the practitioner’s roles in strengthening community capacity for early years care and development. Local, national and international case examples will be employed to explore the relationships between theory, practice and supportive policies. Students will undertake a major project designed to stimulate transformative processes in the provision of early years services within the context of communities.  
**Prerequisite(s):** Minimum third-year standing.

**CYC 481**  
**Assessment and Evaluation in Contemporary Early Years Settings**  
Theor y and practice-based. Learners (a) critically reflect on issues and methods relevant to the work of assessment and evaluation in contemporary early years settings, and (b) at an introductory level, work in partnership with an early childhood educator as a pedagogical facilitator in an early years setting.  
**Prerequisite(s):** Minimum third-year standing.

**CYC 490**  
**Directed Studies in Child and Youth Care**  
**Notes:**  
- May be taken more than once for credit in different topics.  
- Pro Forma required.

**CYC 495**  
**Advanced Honours Seminar in CYC Theory, Research and Practice**  
Exploration of current topics in CYC theory, research and practice. Students’ projects will apply the latest strategies for conducting qualitative and/or quantitative research. Students are expected to contribute to the field, while preparing themselves for graduate education.  
**Note:** Application information and deadlines will be available through the SCYC website.  
**Recommendation of the department.

**CYC 496**  
**Indigenous Community-based Child and Youth Care School of Child and Youth Care Faculty of Human and Social Development**

**CYC 110**  
**Practicum I: Community Care Settings For Children and Youth**  
Orients students to the field of CYC. The structure of services and supports is explored within the context of a specific community. Students will meet local CYC professionals and visit programs and agencies serving children, youth, and their families. Elders and helping professionals address the service needs and current responses within the community. Students will practice direct observation in formal and informal settings and will be supervised in making informed interpretations.

**CYC 111**  
**Practicum II: The Whole Child**  
Focuses on observing young children across physical, emotional, social, cognitive and spiritual areas of development. While observing children, students will begin to discover how to respond to children’s needs and interests by planning and implementing activities that are developmentally and culturally appropriate. Students will become familiar with the roles and responsibilities of the early childhood practitioner by participating as a team member with staff and interacting with children and their families in communities under supervision.

**CYC 112**  
**Practicum III: The Child in the Curriculum**  
Further opportunities to learn about early childhood care and education settings. Students take increasing initiative and develop self-evaluative skills in planning and conducting activities and creating effective learning environments. Students will gain understanding of the roles and responsibilities of professional work by planning and implementing programs. The objectives also include developing awareness of practice in a variety of settings, learning appropriate care routines and developing good interpersonal skills for working with children.

**CYC 120**  
**Introduction to Play (ECCE)**  
Program planning for young children and the concept of learning through play. Explores the relationship between play and child development, the stages of children’s play and factors that influence play. Encourages students to incorporate theories and research findings about play into a description of appropriate practice. In addition to text information, throughout the course Elders and students generate insights about play from the perspective of their own First Nation’s culture.

**CYC 121**  
**Foundations of Curriculum Planning (ECCE)**  
Builds on Introduction to Play (CYCB 120). Students are introduced to the guidelines for planning culturally and developmentally appropriate programs for young children in their communities. Students explore three common philosophies of program planning with an introduction to specific contact areas while discussing the role of the child, the educator and the parent. Throughout the course Elders and students generate insights into program planning from the perspective of their own community and culture.  
**Prerequisite(s):** CYC 120.

**CYC 122**  
**Curriculum Design and Implementation (ECCE)**  
Builds on Introduction to Play (CYCB 120) and Foundations of Curriculum Planning (CYCB 121). Provides students with expanded experiences in designing and implementing programs for preschool children. Specific curriculum content areas of art, music, math, science and social studies are further developed in the context of refining program planning developed in the two previous courses. Throughout the course Elders and students generate insights into planning for children from their own community and culture.

**CYC 123**  
**The Caring and Learning Environment (ECCE)**  
Studies the total environment of a child care facility and the integration of these environmental elements. Students investigate theories of building environments that nurture and educate, design and plan such environments, and examine ways of administering and managing them. It includes activities intended to elicit from them the perspectives of their own experience. Throughout the course Elders and students generate insights into learning environments from the perspective of First Nations cultures.  
**Pre- or Corequisite(s):** CYC 122.

**CYC 140**  
**Introduction to Human Behaviour**  
An overview of the principles that guide the scientific study of human behaviour. The child and youth care profession rests on a large and constantly expanding base of research. Introduces students to some of that research. Students learn the terminology and theories that serve as a foundation for future coursework in child and youth care. Throughout the course Elders and students generate insights into human behaviour from the perspective of their own culture.

**CYC 141**  
**Child Development I**  
Introduces students to normative child development from conception to toddlerhood. Includes an overview of the major themes and theories in child development addressing research in the areas of physical, intellectual, and psychosocial development. As well as including insights from major researchers and theorists whose roots lie in western traditions, builds on traditional practices and theories of the First Nations community by including Elders’ teachings and experiences of the students.
CYCB 142 - Units: 1.5 - Hours: 4-0
Child Development II
A continuation of the study of child development from early childhood to late adolescence addressing perspectives on physical, intellectual, psychosocial, and moral development of children and youth. Acknowledges and builds on the knowledge of child development that students already possess, and includes activities intended to elicit from them the perspectives of their own experience. Throughout the course Elders and students generate insights into child development from the perspective of their own community and culture.
Prerequisite(s): CYCB 141.

CYCB 150 - Units: 1.5 - Hours: 4-0
Interpersonal Communications
Introduces students to the characteristics and dynamics of interpersonal communications. Students consider their own communication practices and develop skills in the areas of self-concept, personal leaning styles, perception, verbal and nonverbal communication, active listening, understanding of relationships, and the expression of feelings. Throughout the course, Elders and students give insights into interpersonal communications from the perspective of their own culture. Students produce a portfolio that represents their reflection on and integration of the course material.

CYCB 151 - Units: 1.5 - Hours: 4-0
Communicating with Children and Guiding Children's Behaviour
Introduces students to methods of communicating with children that help foster positive child development. Provides an introduction to three theoretical approaches to guiding children. Students identify and practice effective methods of communicating with children within the context of various theoretical approaches. Throughout the course the perspectives of the First Nation's community regarding communicating with children and guiding children's behaviour are elicited from Elders and students.

CYCB 210 - Units: 1.5-6.0 - Hours: 4-0
Practicum with Developmental Specialization
Students will develop programs and routines that are specialized for supporting healthy development with specific age groups, such as infants and toddlers, school-age children, or adolescents. Students will study practical aspects of care such as safety and appropriate guidance. Students will learn how to build program curriculum based on developmental needs and use evaluation to amend and enhance programming. The development of resources and community contacts will also be an essential part of the practicum.

CYCB 220 - Units: 1.5 - Hours: 4-0
Introduction to School-Age Care (CYC)
An overview of school-age care. Students explore the needs and interests of children, families, and care providers regarding school-age care. They explore the developmental needs of school-age children, and consider the implications of children's developmental needs for school-age practice. In addition, students are introduced to planning and implementing a program of care for diverse groups of school-age children. Acknowledges and builds on the knowledge that students already possess, and includes activities intended to elicit students' perspectives based on their own experience. Throughout the course Elders and students generate insights into the care of school-age children from their own community and culture.

Note: Elective.

CYCB 221 - Units: 1.5 - Hours: 4-0
Introduction to Programs For Adolescents (CYC)
An overview of adolescent development and supportive work with youth. Students learn the importance of understanding the psychological and sociological context within which youth live. They learn how to identify issues to which workers might be required to respond, how to become informed about these issues, and how they relate to the cultural context in which particular adolescents live. In addition, students explore intervention possibilities and how these interventions relate to specific issues in particular cultural contexts. Acknowledges and builds on the knowledge of adolescents that students already possess, and includes activities intended to elicit students' perspectives of their experience. Throughout the course, Elders and students will work from the perspective of their own community and culture to generate knowledge about supporting adolescents.

Note: Elective.

CYCB 222 - Units: 1.5 - Hours: 4-0
Program Development for Infants and Toddlers
Developing child care programs for children (0-2 years). Theories of caring and attachment as a foundation to care routines will be studied. Students will explore culturally specific approaches through consultation with respected community members. Using an ecological model that situates child care within social systems, students will develop partnerships with families and community networks and explore ways to access resources within and beyond their communities.

Note: Elective.

CYCB 223 - Units: 1.5 - Hours: 4-0
The Ecology of Health, Safety and Nutrition for Children
Methods of meeting children's needs for health, safety and nutrition vary according to culture and environment, so this course will explore the needs of children in the communities where learners plan to work. Traditional ways of ensuring health and safety will be considered alongside strategies for educating and working with parents, families and community members. Students will identify a community health issue, identify health indicators, and explore community-based solutions.

Note: Elective.

CYCB 230 - Units: 1.5 - Hours: 4-0
Administration of Child Care Facilities
The essentials of administering a child care facility on and off reserve will be explored including: staffing management; program development; budget management; implementing statutory regulations and meeting regional health standards. Students will be required to plan and design a new childcare facility, including identifying and meeting all appropriate regulations and standards for quality. Students will formulate an illustrative set of policies to establish practice principles appropriate to the context of their community.

Note: Elective.

CYCB 240 - Units: 1.5 - Hours: 4-0
Introduction to Supported Child Care for Children with Special Needs
An exploration of a range of methods for meeting the needs of children who require additional supports. Focuses on planning for inclusive child care while incorporating environmental and contextual supports, including the family. Students will examine the principles of inclusive child care within the current policy and statutory environment. Students will locate resources within the context of rural practice and critically examine the principle of cultural responsiveness in inclusive child care.

Note: Elective.

CYCB 250 - Units: 1.5 - Hours: 4-0
Introduction to Planned Change
Introduces students to the components of helping relationships and models of helping used by professional child and youth care practitioners and provides opportunities to understand planned interventions within historical First Nations contexts. Students will explore the interpersonal dimensions of child and youth care practice in relation to supporting children, youth and families. Throughout the course Elders and students will generate insights into professional helping skills from the perspectives of their First Nations culture(s).

CYCB 251 - Units: 1.5 - Hours: 4-0
Communication Skills for Professional Helpers
Acknowledges and builds on prior knowledge of communication skills and includes activities that elicit perspectives emerging from their own experience. Designed to provide students with opportunities to learn and practice helping skills used by professional child and youth care workers in situations requiring interventions. Throughout the course the perspectives of the Indigenous community re: communication skills for professional helpers will be elicited from Elders and students.

CYCB 260 - Units: 0.5, 1.0, 1.5 or 3.0 - Hours: 3-0
Special Topics in Child and Youth Care
An opportunity to examine selected current issues in child and youth care.

Note: May be taken more than once for credit in different topics with permission of the school.
**CYCI 460 - DSST 441**

**Child and Youth Care**

**International School of Child and Youth Care**

**Faculty of Human and Social Development**

**Units**: 1.5  **Hours**: 3.0

**Special Topics**

Topics vary according to learner priorities and context. Topics have included (and may include in future): Studies of Early Childhood Development (ECD) Policy Analysis, Development and Implementation; Quality in ECD; Programming; Networking; and Information Technology Skills for ECD.

**Note**: Two special topic courses in Child and Youth Care are required for completion of the Professional Specialization Certificate in International Child and Youth Care.

**DHUM 150**

**Tools, Techniques, and Culture of the Digital Humanities**

A survey of the tools, techniques and culture of humanities computing. Topics include: impact of computing on society and academia; strategies for online research; evaluating digital academic resources; digitizing materials and converting analog materials to digital (text, image, and sound); using communicative, word-processing, spreadsheet, database, and image-, sound-, and text-manipulation software; building websites; the Portfolio system.

**Note**: Credit will be granted for only one of DHUM 150, HUMA 150.

**DHUM 250**

**Digital Representation and Creation in a Humanities Context**

Examines the impact of computing on society and academia, through electronic modelling and creation strategies for materials that comprise the focus of the humanities. Topics include: exploration of the traditions of humanistic representational strategies; implications of modelling representing this information digitally; basic textual encoding; design and use of relational database systems; use of multimedia tools for creative and representational endeavours; computer-mediated communicative techniques and immersive environments.

**Note**: Credit will be granted for only one of DHUM 250, HUMA 250.

**DHUM 350**

**Key Applications: Electronic Publishing and Computer-Assisted Analysis**

Examination of key applications for digital humanities work in electronic publishing and the analysis of electronic objects within traditional, and new, frameworks of humanistic inquiry. Topics include: a survey of ways of knowing and ways of expressing knowledge in the humanities; advanced text encoding (TEI-XML); the generation of textual corpora; numerical and graphical analysis with relational databases, spreadsheets, and purpose-built software; and publishing tools (such as XSLT) and systems.

**Note**: Credit will be granted for only one of DHUM 350, HUMA 350.

**DSST 440**

**Units**: 1.5  **Hours**: 1.5

Formerly HUMA 440

**Digital Humanities Project Seminar**

Seminars culminating in the completion of a large individual student project integrating digital humanities concerns with those at the core of the student’s disciplines. Topics include: implications of a digital approach to disciplinary work; project planning and management; tools and techniques. Meetings also include consultation sessions. Projects are carried out in conjunction with the department of the student’s program.

**Note**: Credit will be granted for only one of DHUM 450, HUMA 450.

**Prerequisite(s)**:

- DHUM 150 or HUMA 150; or
- permission of the department.

**DSST 441**

**Units**: 1.5  **Hours**: 1.5

Formerly part of 442

**Introduction to Disability Studies**

A broad overview of the models and theories that have traditionally guided professional approaches to working with people with disabilities. The implications of these constructions are explored in relation to the development of theory, policy and practice locally and globally. Through first person accounts, students will explore the realities of living with disability and critically examine the intersections of health, illness, and disability including strengths, capacities and contributions of people living with disability.

**Note**: Credit will be granted for only one of DSST 440, DSST 442.

**DSST 441**

**Units**: 1.5

**Enabling Technologies**

Focuses on innovations that enhance quality of life by enabling people with disabilities to participate in everyday life. Students will be encouraged to think through challenges relating to function to support innovations that enable people to be more independent.

**Note**: Credit will be granted for only one of DSST 440, DSST 442.
ECON 1112 Units: 1.5 Hours: 3-0
Strategy, Conflict and Co-operation
A non-technical introduction to the study of interactive decision making. Key concepts of formal game theory are developed. Presented by illustrations drawn variously from economics, politics, law, history, biology, psychology and current affairs.
Note: Credit will not be granted for ECON 112 if ECON 203 has already been completed.
Recommendation(s): One of MATH 120, Principles of Mathematics 12, Pre-Calculus 12 recommended prior to ECON 112.

ECON 113 Units: 1.5 Hours: 3-0
Introduction to Economics for Policy Analysis
A non-technical introduction to key concepts in economics and their application to the design of public policy. Begins by examining the role of markets in the allocation of resources in society, and circumstances under which policy intervention may be justified. Examines a variety of contemporary policy issues from an economic perspective. Issues may include health care, education, environmental policy, industry regulation, urban development, welfare reform and child care provision. Requires no prior knowledge of economics.

ECON 180 Units: 1.5 Hours: 3-0
Formally: 103C
Introduction to Principles of Microeconomics and Financial Project Evaluation
A concentrated introduction to principles of microeconomics and financial project evaluation for Engineering students. Microeconomic topics include theories of demand, the firm, and the distribution of income. Financial project evaluation topics include time value of money, interest rates and loans, and financial decision-making considering depreciation, taxes and risk. Assumes competency in calculus, algebra and familiarity with computer spreadsheet software.
Note: Credit will be granted for only one of ECON 180, ECON 103, ECON 103C.
Prerequisite(s): MATH 101; and admission to BEng or BSEng program.

ECON 185 Units: 1.5 Hours: 3-0*
Introductory Topics in Economics
* Contact hours may vary depending on the topic.
Note: May be taken more than once for credit in different topics with permission of the department.

ECON 203 Units: 1.5 Hours: 3-1
Intermediate Microeconomics I
An examination of the theories of consumer demand, production and cost; the firm and market under conditions of perfect competition, monopoly, monopolistic competition and oligopoly; factor markets and distribution; and welfare economics.
Notes: Credit will be granted for only one of ECON 203, ECON 300, ECON 302, ECON 304A. ECON 203 cannot be taken concurrently with ECON 205.
Prerequisite(s): One of ECON 103, ECON 103C, ECON 180; and one of MATH 100, MATH 102, MATH 109.

ECON 204 Units: 1.5 Hours: 3-0
Intermediate Macroeconomics
Theories of aggregate economic behaviour, the determination of national income and employment, consumption, investment, inflation, growth and fluctuations, economic policy.
Note: Credit will be granted for only one of ECON 204, ECON 301, ECON 303, ECON 304B.
Prerequisite(s): One of ECON 103, ECON 103C, ECON 180; and one of MATH 100, MATH 102, MATH 109.

ECON 205 Units: 1.5 Hours: 3-0
Managerial Economics
Basic microeconomic theory and optimization techniques and their application to managerial decision making. Topics include demand, production, and cost analysis; market structure and pricing practices; and regulation. Course also examines forecasting, international implications, and case studies.
Notes: Credit will not be granted for ECON 205 if ECON 203 or ECON 302 has already been completed. ECON 203 and ECON 205 cannot be taken concurrently.
Prerequisite(s): One of ECON 103, ECON 103C, ECON 180.

ECON 225 Units: 1.5 Hours: 3-0
Writing for Economics
Extensive practice in written technical and non-technical composition. Basic grammar will be reviewed, including sentence syntax, punctuation, and paragraph construction. Students will be exposed to the correct style for the various documents they are likely to encounter.
Note: A comprehension and writing test will be given in the first seven calendar days of the course. Students who fail the test will be required to see the Economics ECON 225 TA during the term to upgrade their writing skills. Students satisfy the ECON 225 course requirement if they have: i) received a minimum grade of B+ in one of ENGL 135, ENGL 146, ENGL 147; or ii) passed ENGR 240.
Prerequisite(s): One of ECON 103, ECON 103C, ECON 180; and ECON 104; and Academic Writing Requirement satisfied; and declared Honours, Major, General, or Minor in Economics.

ECON 245 Units: 1.5 Hours: 3-1
Descriptive Statistics and Probability
Notes: Credit will be granted for only one of ECON 245, ECON 240. See "Credit Limit - Beginning Level Statistics Courses".
Prerequisite(s): One of MATH 100, MATH 102, MATH 109.
Pre- or Corequisite(s): One of ECON 103, ECON 103C, ECON 180; and ECON 104.

**Notes:**
- Credit will be granted for only one of ECON 310A, ECON 310B, ECON 310C, or ECON 310D.
- Credit will be granted for only one of ECON 311A, ECON 311B, or ECON 311C.
- Credit will be granted for only one of ECON 312A, ECON 312B, or ECON 312C.
- Credit will be granted for only one of ECON 313A, ECON 313B, or ECON 313C.

**Prerequisite(s):**
- ECON 103, ECON 180, and ECON 300
- Credit will be granted for only one of ECON 310A, ECON 310B, ECON 310C, or ECON 310D.
- Credit will be granted for only one of ECON 311A, ECON 311B, or ECON 311C.
- Credit will be granted for only one of ECON 312A, ECON 312B, or ECON 312C.
- Credit will be granted for only one of ECON 313A, ECON 313B, or ECON 313C.

**Course Details:**
- ECON 246: Statistical Inference
- ECON 305: Money and Banking
- ECON 306: International Economics
- ECON 310A: Competition Economics I
- ECON 310B: Competition Policy
- ECON 311A: The Economic Analysis of Property and Contract
- ECON 311B: The Economic Analysis of Tort and Crime
- ECON 312: Urban Land Economics
- ECON 313: Intermediate Microeconomics II
- ECON 317: The Economics of Canadian Health Care
- ECON 318: Health Economics
- ECON 320: Economic Development
ECON 321 - Units: 1.5 - Hours: 3-0
The Economic History of Canada
The story of long-run economic growth and welfare in the Canadian economy, with the aid of economic analysis, quantitative data and other historical materials. Emphasis on the development of the Canadian economy from a resource-based economy to a developed industrial economy within an international setting.
Prerequisite(s):
- One of ECON 103, ECON 103C, ECON 180; and
- ECON 104; and
- one of ECON 225, ENGL 135 with a minimum grade of B+, ENGL 146 with a minimum grade of B+, ENGL 147 with a minimum grade of B+, ENGR 240.

ECON 325 - Units: 1.5 - Hours: 3-0
Public Economics
Introduction to the role of government in the economy. Topics include: examination of public goods, externalities, and information asymmetries; market failures resulting from these conditions and policies to address those market failures; taxes, expenditures, and collective decision-making under majority voting. Policy applications include welfare, education, health care spending, and tax policies such as income taxes, consumption taxes, and taxes on carbon emissions.
Prerequisite(s): One of ECON 103, ECON 103C, ECON 180.

ECON 327 - Units: 1.5 - Hours: 3-0
Economic History of North America
The economic history of the United States, Canada, and Mexico over the period 1750-1950. Topics to be covered include the settling of the frontier and the development of farming, water and rail borne infrastructure, especially rail and steam shipping and the impact of the railroads; slavery and the cotton South; mercantilism, protectionism and industrialization; and immigration and population growth.
Prerequisite(s):
- One of ECON 103, ECON 103C, ECON 180; and
- ECON 104; and
- one of ECON 225, ENGL 135 with a minimum grade of B+, ENGL 146 with a minimum grade of B+, ENGL 147 with a minimum grade of B+, ENGR 240.

ECON 328 - Units: 1.5 - Hours: 3-0
Economic History of the Pacific Rim
The economic history of the countries of Asia and Latin America having a Pacific Ocean coastline. The main focus is the period 1500 to 1940, namely when European exploitation and colonialism dominated the region. Topics include trade, including the slave trade, mercantilism, the impact of European industrialization on economic relations, and the emergence of Japan as an industrial power.
Prerequisite(s):
- ECON 100 or ECON 104; and
- one of ECON 225, ENGL 135 with a minimum grade of B+, ENGL 146 with a minimum grade of B+, ENGL 147 with a minimum grade of B+, ENGR 240; or
- permission of the department.

ECON 329 - Units: 1.5 - Hours: 3-0
Development and Economics
An introduction to current issues and problems faced by developing countries. Topics may include poverty alleviation, health, education, child and gender issues, urbanization, and globalization. Roles of international aid, non-governmental organizations (e.g., micro credit), and social institutions in development may also be examined.
Note: Credit for this course will not be counted toward degree programs in Economics, but Economics students may take this course as an elective. Requires no prior knowledge of economics.
Prerequisite(s): Minimum second-year standing.

ECON 333 - Units: 1.5 - Hours: 3-0
Introduction to Economic Growth
Prerequisite(s):
- ECON 204; and
- ECON 246 or STAT 261.

ECON 337 - Units: 1.5 - Hours: 3-0
History of Economic Thought to 1870
Economics from Mercantilism up until the Marginal Revolution. Most attention will be devoted to the “Classical” contributions of Smith, Malthus, Ricardo, J.S. Mill and Marx.
Note: Credit will be granted for only one of ECON 337, ECON 307.
Prerequisite(s):
- One of ECON 103, ECON 103C, ECON 180; and
- ECON 104; and
- one of ECON 225, ENGL 135 with a minimum grade of B+, ENGL 146 with a minimum grade of B+, ENGL 147 with a minimum grade of B+, ENGR 240.

ECON 338 - Units: 1.5 - Hours: 3-0
History of Economic Thought Since 1870
Economics from the Marginal Revolution of the 1870s until recent times. Most attention will be devoted to Marshall, Walras and Keynes.
Note: Credit will be granted for only one of ECON 338, ECON 307.
Prerequisite(s):
- One of ECON 103, ECON 103C, ECON 180; and
- ECON 104; and
- one of ECON 225, ENGL 135 with a minimum grade of B+, ENGL 146 with a minimum grade of B+, ENGL 147 with a minimum grade of B+, ENGR 240.

ECON 339 - Units: 1.5 - Hours: 3-0
Economics of the Family
An introduction to the theoretical and empirical literature on the allocation of labour and resources within households, and its relation to labour force outcomes. Topics may include: human capital decisions; gender roles; household production; labour force participation; the economics of marriage and divorce; the valuation of unpaid work in national income accounting; child care; gender and development.
Note: Credit will be granted for only one of ECON 339, ECON 439.
Prerequisite(s):
- One of ECON 103, ECON 103C, ECON 180; and
- ECON 104; and
- Academic Writing Requirement satisfied; or
- permission of the department.

ECON 345 - Units: 1.5 - Hours: 3-1
Applied Econometrics
An intuitive development of the basic concepts and techniques in econometrics. The emphasis is on the application of econometric concepts and techniques in analyzing economic phenomena.
Notes:
- Credit will not be granted for ECON 345 if credit has already been received for either one of ECON 365, ECON 445.
- Cannot be taken concurrently with ECON 365 or ECON 366.
- Students wishing to proceed to graduate studies in Economics are advised to include ECON 365 and ECON 366 in their undergraduate program instead of ECON 345.
Prerequisite(s):
- One of ECON 103, ECON 103C, ECON 180; and
- ECON 104; and
- ECON 245 with a minimum grade of C+ or STAT 260 with a minimum grade of C+; and
- ECON 246 or STAT 261; and
- one of ECON 225, ENGL 135 with a minimum grade of B+, ENGL 146 with a minimum grade of B+, ENGL 147 with a minimum grade of B+, ENGR 240; and
- one of MATH 100, MATH 102, MATH 109.
Recommendation(s): ECON 203 and ECON 204 recommended prior to ECON 345.

ECON 350 - Units: 1.5 - Hours: 3-1
Mathematical Economics I: An Introduction to Static Methods
An introduction to the application of calculus and linear algebra to selected problems in microeconomic and macroeconomic theory.
Note: Credit will be granted for only one of ECON 350, ECON 250.
Prerequisite(s):
- Either MATH 208 with a minimum grade of B; or
- all of MATH 101, MATH 110 or MATH 211, MATH 200.
Pre- or Corequisite(s): ECON 203.
ECON 351 - Units: 1.5 - Hours: 3-0
Formerly: 251
Mathematical Economics II: An Introduction to Dynamic Methods
Difference equations, differential equations, and dynamic optimization with applications to economics.
Note: Credit will be granted for only one of ECON 351, ECON 251.
Prerequisite(s): ECON 350.

ECON 365 - Units: 1.5 - Hours: 3-1
Econometrics: Part I
Principles of econometrics with applied examples. Estimation of the regression model; sampling properties of estimators; testing restrictions; restricted least squares. Topics may also include: generalized least squares and the maximum likelihood estimation principle.
Note: Credit will be granted for only one of ECON 365, ECON 445.
Prerequisite(s):
- One of ECON 103, ECON 103C, ECON 180, and
- ECON 104; and
- ECON 245 or STAT 260; and
- ECON 246 or STAT 261; and
- one of MATH 208 with a minimum grade of B, MATH 101 and MATH 100, MATH 101 and MATH 211.

Pre- or Corequisite(s):
- One of ECON 225, ENGL 135 with a minimum grade of B+, ENGL 146 with a minimum grade of B+, ENGL 147 with a minimum grade of B+, ENGR 240.
Recommendation(s): ECON 203 and ECON 204 recommended prior to ECON 365.
Recommends for students to take both ECON 365 and ECON 366, since they form a sequence.

ECON 366 - Units: 1.5 - Hours: 3-1
Econometrics: Part II
Principles of econometrics with applied examples. Dummy variables; multicollinearity; stochastic regressors; instrumental variables estimation; seemingly unrelated regressions. Topics may also include: generalized least squares; maximum likelihood; aspects of specification analysis; dynamic models; simultaneous equation models.
Notes:
- Credit will be granted for only one of ECON 366, ECON 445.
- Students wishing to proceed to graduate studies in Economics are advised to include ECON 365 and ECON 366 in their undergraduate program instead of ECON 345.
Prerequisite(s): ECON 365.
Recommendation(s): ECON 365 with a minimum grade of B strongly recommended prior to ECON 366.

ECON 370 - Units: 1.5 - Hours: 3-0
Labour Economics I
Aspects of labour supply and demand, and wage structures. Topics may include: the allocation of time, retirement, unemployment insurance, education and training, male-female wage differentials.
Note: Credit will be granted for only one of ECON 370, ECON 315.
Prerequisite(s): ECON 203.

ECON 381 - Units: 1.5 - Hours: 3-0
Also: ES 312
Environmental Economics I
An introduction to the economic analysis of environmental problems. In particular, an examination of policy interventions in cases where market activities result in socially undesirable impacts on the environment. Topics typically include: externalities; pollution control policy; climate change; public goods; time, uncertainty and the environment; and trade and the environment.
Note: Credit will be granted for only one of ECON 381, ECON 330, ES 312.
Prerequisite(s): One of ECON 103, ECON 103C, ECON 180.

ECON 382 - Units: 1.5 - Hours: 3-0
Natural Resource Economics I
Introduces students to economic issues and public policies specific to the use and management of natural resources. Explores economic principles for the efficient allocation of renewable and nonrenewable natural resources over time. Topics typically include a review of current natural resource issues affecting Canada, with particular focus on British Columbia, and policies for the management of forests, water, mineral, petroleum and marine resources, and the conservation of biological diversity.
Note: Credit will be granted for only one of ECON 382, ECON 430A.
Prerequisite(s): One of ECON 103, ECON 103C, ECON 180.

ECON 383 - Units: 1.5 - Hours: 3-0
Climate Economics
Introduces complex issues related to the interaction between the economy and climate, and simple tools of economics used to analyze climate-related problems. Role of energy and governance in economic development. Use of economic principles to quantify human influence on climate, evaluate the IPCC’s emissions scenarios, develop instruments for addressing greenhouse gas emissions reductions, compare competing policies for addressing climate change, and analyze the prospects of proposed solutions to global warming.
Note: Credit for this course will not be counted toward degree programs in Economics, but Economics students may take this course as an elective.
Prerequisite(s): Minimum second-year standing.

ECON 400 - Units: 1.5 - Hours: 3-0
Advanced Topics in Microeconomic Theory
Note: Credit will be granted for only one of ECON 400, ECON 440.
Prerequisite(s):
- ECON 313 and ECON 350; or
- declared Honours in Economics (BSc); or
- permission of the department.

ECON 401 - Units: 1.5 - Hours: 3-0
Advanced Topics in Macroeconomic Theory
Prerequisite(s):
- All of ECON 204, ECON 313, ECON 350, ECON 351; and
- declared Honours in Economics (BSc); or
- permission of the department.

ECON 403 - Units: 1.5 - Hours: 3-0
Agricultural Economics and Policy
Economic theory and models applied to problems in agriculture and food production. Agricultural policy in international trade negotiations. Consequences of imperfect competition and rent seeking. Topics include green revolution, climate change, food security, and genetic engineering and the environment.
Note: Credit will be granted for only one of ECON 403, ECON 485 (if taken in the same topic).
Pre- or Corequisite(s):
- ECON 313; or
- permission of the department.

ECON 405A - Units: 1.5 - Hours: 3-0
International Trade Theory
The study of international trade theory and policy with emphasis on general equilibrium analysis. Topics include the factor proportions theory of trade, technological determinants of trade, the theory of tariffs and trade policy, models of strategic interaction between countries.
Prerequisite(s):
- ECON 203 and ECON 350, and
- one of ECON 225, ENGL 135 with a minimum grade of B+, ENGL 146 with a minimum grade of B+, ENGL 147 with a minimum grade of B+, ENGR 240.
Pre- or Corequisite(s): ECON 306.

ECON 405B - Units: 1.5 - Hours: 3-0
International Monetary Theory and Policy
A study of international macro economics, covering exchange rates, determinants of balance of payments, alternate exchange rate systems, capital mobility, the international monetary system, and open economy macro economic policies.
Prerequisite(s):
- ECON 203 and ECON 204; and
- ECON 345 or ECON 365; and
- one of ECON 225, ENGL 135 with a minimum grade of B+, ENGL 146 with a minimum grade of B+, ENGL 147 with a minimum grade of B+, ENGR 240.

ECON 406 - Units: 1.5 - Hours: 3-0
Monetary Economics
Monetary economics studied in the context of overlapping generations models. Barter and commodity money, flat money and inflation; international monetary systems. Financial intermediation, banking, and the money supply. Deficits and the national debt; saving and investment.
Prerequisite(s):
- ECON 204 and ECON 313; and
- one of ECON 225, ENGL 135 with a minimum grade of B+, ENGL 146 with a minimum grade of B+, ENGL 147 with a minimum grade of B+, ENGR 240.
Recommendation(s): ECON 305 recommended prior to ECON 406.

### ECON 454 - Theory of Corporate Finance

**Units:** 1.5  
**Hours:** 3-0

**Prerequisite(s):**  
- ECON 301; and  
- ECON 313 with a minimum grade of B-.  
- COM 240 or MATH 242.

**Pre- or Corequisite(s):** Either ECON 350, or all of MATH 101, MATH 110, or MATH 211, MATH 220.

### ECON 456 - Experimental Economics

**Units:** 1.5  
**Hours:** 3-0

**Prerequisite(s):** Permission of the department.

**Pre- or Corequisite(s):** Either ECON 350, or all of MATH 101, MATH 110, or MATH 211, MATH 220.

### ECON 457 - Computational Economics

**Units:** 1.5  
**Hours:** 3-1

**Prerequisite(s):**  
- ECON 203 and ECON 204; and  
- one of ECON 225, ENGL 135 with a minimum grade of B+, ENGL 146 with a minimum grade of B+; ENGL 147 with a minimum grade of B+; ENGL 240; and  
- ECON 240 or STAT 261; and  
- one of CSC 105, CSC 110, CSC 111; and  
- either MATH 208, or all of MATH 101, MATH 110, or MATH 211, MATH 220.

**Recommendation(s):** ECON 350 recommended prior to ECON 457.

### ECON 458 - Competition Economics II

**Units:** 1.5  
**Hours:** 3-0

**Pre- or Corequisite(s):**  
- ECON 350 or ECON 365.

**Recommendation(s):** ECON 350 recommended prior to ECON 458.

### ECON 468 - Financial Econometrics

**Units:** 1.5  
**Hours:** 3-1

**Pre- or Corequisite(s):** Either ECON 350, or all of MATH 101, MATH 110, or MATH 211, MATH 220.

### ECON 471 - Labour Economics II

**Units:** 1.5  
**Hours:** 3-0

**Pre- or Corequisite(s):** Either ECON 350, or all of MATH 101, MATH 110, or MATH 211, MATH 220.

### ECON 481 - Environmental Economics II

**Units:** 1.5  
**Hours:** 3-0

**Prerequisite(s):**  
- one of ECON 330, ECON 381, ES 312; and  
- one of ECON 225, ENGL 135 with a minimum grade of B+, ENGL 146 with a minimum grade of B+, ENGL 147 with a minimum grade of B+, ENGR 240.

**Recommendation(s):** ECON 350 recommended prior to ECON 481.

### ECON 482 - Natural Resource Economics II

**Units:** 1.5  
**Hours:** 3-0

**Prerequisite(s):** ECON 313 and ECON 382.

### ECON 485 - Topics in Economics

**Units:** 1.5  
**Hours:** 3-0*

**Prerequisite(s):**  
- one of ECON 330, ECON 381, ES 312; and  
- one of ECON 225, ENGL 135 with a minimum grade of B+, ENGL 146 with a minimum grade of B+, ENGL 147 with a minimum grade of B+, ENGR 240.

**Recommendation(s):** ECON 350 recommended prior to ECON 481.

### ECON 486 - Topics in Econometrics

**Units:** 1.5  
**Hours:** 3-0

**Prerequisite(s):**  
- one of ECON 225, ENGL 135 with a minimum grade of B+, ENGL 146 with a minimum grade of B+, ENGL 147 with a minimum grade of B+, ENGR 240.

---

* Contact hours may vary depending on the topic.
ECON 495  Units: 1.5 or 3.0
Directed Studies
Directed reading and/or research for Major and Honours students with first-class standing in Economics under the supervision of a faculty member willing to supervise such a course.
Note: May be taken more than once for credit in different topics to a maximum of 3 units.
Prerequisite(s): Permission of the department.
Pre- or Corequisite(s): One of ECON 225, ENGL 135 with a minimum grade of B+, ENGL 146 with a minimum grade of B+, ENGL 147 with a minimum grade of B+, ENGR 240.

ECON 496  Units: 1.5
Directed Experiential Learning in Economics
Individual examination of analytical issues in economics in relation to work or volunteer activities. Student will work with an instructor to identify issues to be explored and methods of assessment before the experiential learning opportunity begins. Must include at least 200 hours of work or volunteer activities. Assessment normally will involve a reflective journal and final paper.
Note: Student is responsible for proposing an internship and should approach a potential supervising instructor with a one-page typed outline explaining how the internship would provide a good opportunity for studying subject matter directly related to economics.
Prerequisite(s):
• Minimum third-year standing; and
• declared Honours or Major in Economics; and
• permission of the department.

ECON 499  Units: 3.0
Fourth-Year Honours Thesis and Seminar
Seminar for Honours students only. Includes oral presentations related to the student’s proposed thesis research, which is carried out under the direction of a faculty supervisor.
Note: Credit will be granted for only one of ECON 499, ECON 470.

</table>
| **Learning Difficulties in the Elementary Classroom** | | | An introduction to the nature, scope and recognition of learning difficulties commonly encountered in the elementary classroom.
| ED-D 401    | 1.5   | 3.0   | 
| **Introduction to Psychology of Classoom Learning** | | | An introduction to the psychology of learning in the secondary school.
| Note: | | | Credit will be granted for only one of ED-D 401, ED-D 402.
| Prerequisite(s): | | | Registration in a program in Teacher Education.
| ED-D 402    | 1.5   | 3.0   | 
| **Assessment For Special Education** | | | An in-depth study of the area of formal and informal assessment of the exceptional learner. Topics include techniques, methods and purposes of assessment, factors important in selecting and administering standardized tests for the purpose of planning educational alternatives, technical information required to interpret tests adequately, and limitations on interpretation.
| Prerequisite(s): | | | • ED-D 405; and
| | | | • admission to Professional Specialization Certificate in Special Education program.
| ED-D 403    | 4.5   | 4.5   | 
| **Educating the Developing Learner** | | | An integrated approach to planning for effective learning and to managing ineffective learning patterns in children. The developmental needs of children, their learning characteristics and the cultural and multicultural factors in the modern classroom will be considered.
| Note: | | | Credit will be granted for only one of ED-D 403, ED-D 404, ED-D 405, ED-D 406.
| Prerequisite(s): | | | • Admission to Post Degree Professional program in Elementary Education; or
| | | | • permission of the program.
| ED-D 405    | 1.5   | 3.0   | 
| **Advanced Educational Exceptionality** | | | An advanced course intended to familiarize students with the needs of children and adolescents with varying exceptionalities. Topics include history of special education services, legal/ethical issues in the delivery of service to students with special needs; special education policies and procedures, parents and families of children with special needs, intellectual disabilities, learning disabilities, emotional disturbance, giftedness, children with speech and language problems, complex developmental disorders, hearing and vision loss, physical impairments, and chronic health problems.
| Prerequisite(s): | | | Admission to Professional Specialization Certificate in Special Education program.
| ED-D 406    | 1.5   | 3.0   | 
| **Psychology of Adolescence** | | | The physiological, psychological, social and educational aspects of adolescence.
| Prerequisite(s): | | | Registration in a program in Teacher Education.
| ED-D 407    | 1.5   | 3.0   | 
| **Evaluating and Reporting Student Progress** | | | An examination of the principles and procedures associated with the evaluation of student achievement, emphasizing connections between theory and practice, assessment and instruction, and BC Ministry of Education requirements. Topics include: planning and development of classroom assessment procedures; communication of results to students and parents; and current policies and practices. Focuses on developing the ability of pre-service teachers to critically and effectively develop their own assessment practices and resources.
| Prerequisite(s): | | | Admission to a program in Teacher Education.
| ED-D 408    | 1.5   | 3.0   | 
| **Promoting Prosocial Behaviour: Strategies and Management** | | | Designed to provide beginning teachers with insights and concrete strategies that will assist them in preventing and/or effectively intervening in situations involving discipline, conflict, aggression and bullying. Peacemaking programs and peer conflict management initiatives will be discussed.
| Note: | | | Credit will be granted for only one of ED-D 408, EDUC 408.
| Prerequisite(s): | | | Admission to a program in Teacher Education.
| ED-D 410    | 1.5   | 3.0   | 
| **Teacher as Leader: The Professional Role** | | | A seminar in contemporary professional issues, including structures and governance within the BC School system, school law, and legal requirements for the teaching professional. The role of the professional as an ethical, reflective and critically engaged practitioner is emphasized. Themes include teacher leadership, professional growth and collaboration, and maintaining professional relationships in schools and communities. Authentic assessment tools, including rubrics, portfolios, and professional benchmarks will be used for assessing professional growth.
| Note: | | | Credit will be granted for only one of ED-D 410, ED-D 430, EDUC 410, ED-B 430.
| Prerequisite(s): | | | Admission to a program in Teacher Education.
| ED-D 411    | 1.5   | 3.0   | 
| **Teaching Students with Behavioural, Social and Emotional Difficulties** | | | An introduction to behaviour, social, emotional and related mental health issues in childhood and adolescence. Causes, diagnosis, and identification will be examined along with contemporary approaches to program planning and intervention within inclusive schools and classrooms.
| ED-D 414    | 1.5   | 3.0   | 
| **Group Processes** | | | Analysis, theory, and research related to group processes, decision-making, and leadership in a variety of settings. Awareness and understanding of self in group contexts. Includes skills practice and development related to group membership and facilitation.
| Note: | | | ED-D 414 is a prerequisite course for the master's program in Counselling Psychology and must be completed within seven years of the date of application.
| ED-D 415    | 3.0   | 3.0   | 
| **Level B Assessment and Instructional Programming** | | | A consideration of assessment strategies and instructional methods and materials appropriate for the identification and intervention of learning difficulties. Topics include: the application of knowledge and ethics in the assessment of students with special needs; the administration, scoring, and interpretation of norm-referenced, criterion-referenced, and curriculum-based assessment to Level B, and the synthesis and interpretation of assessment findings for individualized education program (IEP) planning and evaluation.
| Prerequisite(s): | | | • ED-D 402 and ED-D 405; and
| | | | • admission to Professional Specialization Certificate in Special Education program.
| ED-D 416    | 1.5   | 3.0   | 
| **Effective Interpersonal Communication Skills for Special Education** | | | Basic interpersonal communication skills for active listening and empathetic communication emphasizing the development and maintenance of positive, helping relationships in professional settings. The content and skills focus on professionals working in inclusive and special education.
| Note: | | | Credit will be granted for only one of ED-D 416, ED-D 417 (if taken online in the Diploma in Special Education).
| Prerequisite(s): | | | Admission to Diploma program in Special Education.
| ED-D 417    | 1.5   | 3.0   | 
| **Skills for Effective Interpersonal Communication** | | | Basic interpersonal communication skills for active listening, empathic understanding and communication of empathy. Includes analysis of effective interpersonal skills and skill building laboratory experience. The content and skills are transferable to a variety of settings, including counselling, education, human development, management, healthcare, psychology and recreation.
| Note: | | | ED-D 417 is a prerequisite course for the Master’s program in Counselling Psychology and must be completed within seven years of the date of application.
| Recommendation(s): | | | ED-D 316 strongly recommended prior to ED-D 417.
| ED-D 418    | 1.5   | 3.0   | 
| **Introduction to Theories of Counselling** | | | Major theoretical approaches to counselling. Includes philosophical assumptions, key concepts, the process of change and interventions. Designed for those interested in counselling, psychotherapy, and helping relationships.
| Note: | | | ED-D 418 is a prerequisite course for the master’s program in Counselling Psychology and must be completed within seven years of the date of application.
ED-D 419 Units: 1.5 Hours: 3-0
Introduction to Indigenous Approaches to Helping and Healing
Introduction to Indigenous worldviews and perspectives related to helping and healing practices. Awareness of the history and the impact of oppression in Canadian Indigenous contexts. Exploration of the relevance of both Western and Indigenous paradigms in the helping profession. Students will reflect on their own beliefs and learn to enhance the cultural relevance and sensitivity of their own helping approaches.
Note: Credit will be granted for only one of ED-D 419, ED-D 487 (if taken in the same topic).

ED-D 420 Units: 1.5 Hours: 3-0
Formerly: EDUC 420
Learning Support: Context and Key Issues
An introductory overview of key issues in learning support. Topics will include the organization, administration and management of classrooms in which students with special educational needs are found; the referral process; teacher responsibilities for students with special educational needs in the context of regular classrooms; and the utility and limitations of various assessment techniques.
Note: Credit will be granted for only one of ED-D 420, EDUC 420.
Prerequisite(s): Registration in a program in Teacher Education.

ED-D 421 Units: 1.5 Hours: 3-0
Formerly: EDUC 421
Recognition and Assessment of Learning Needs
Topics will include administering and interpreting teacher directed/prepared assessment techniques and commercial tests; reading and writing reports; and developing various individualized educational plans.
Note: Credit will be granted for only one of ED-D 421, EDUC 421.
Prerequisite(s): ED-D 420 or EDUC 420.

ED-D 422 Units: 1.5 Hours: 3-0
Formerly: EDUC 423
Management and Adaptation of the Classroom Environment
Strategies for adapting the classroom environment to support children with a range of special needs. Topics will include ADHD/FAS, abuse and neglect; medication/treatments; social competences and emotional adjustment; issues related to low/high incidence classifications; collaboration between professionals/paraprofessionals.
Note: Credit will be granted for only one of ED-D 422, EDUC 423.
Prerequisite(s): ED-D 420 or EDUC 420.

ED-D 423 Units: 1.5
Approaches to Cross-Cultural Education
Designed for those working or planning to work in a multicultural environment. Specific emphasis will be on cross-cultural awareness and the role of counselling in cross-cultural settings. Students will examine ethnic identity development and minority experience in Canada; explore the psychological and sociological impacts of racism; be introduced to theories of multicultural counselling; and engage in cross-cultural sensitivity and anti-racism training.

ED-D 424 Units: 1.5 Hours: 3-0
Teaching Students with Developmental Disabilities
An introduction to designing, implementing, and monitoring programs within inclusive settings for children and adolescents with developmental disabilities such as intellectual disabilities, autism, cerebral palsy, and fetal alcohol spectrum disorder.

ED-D 425 Units: 1.5 Hours: 3-0
Assistive Technology in the Inclusive Classroom
The application of a range of assistive technologies and instructional strategies to support active student participation in inclusive classrooms. Study and application of functional assessment processes, team principles, and a range of technologies and resources.

ED-D 426 Units: 1.5 Hours: 3-0
Differentiating Instruction in the Inclusive Classroom
The theoretical foundations and practical applications of Differentiated Instruction (DI), an approach to meet the needs of all students in today’s diverse classrooms. Students will learn strategies for determining what to teach (Content), how to teach (Process), and the evaluation of student learning (Product).

ED-D 427 Units: 1.5 Hours: 3-0
Collaboration and Consultation in Special Education
A theoretical and practical framework for developing the knowledge and skill in school-based consultation and collaboration that is required to meet the diverse needs of students.
Note: Credit will be granted for only one of ED-D 427, ED-D 499 (if taken in the same topic).
Prerequisite(s): Admission to Professional Specialization Certificate in Special Education program.

ED-D 428 Units: 1.5 or 3.0 Hours: 3-0
Contemporary Topics in Education - Educational Psychology and Leadership Studies
Current topics and developments in education, with particular consideration of their relevance to the schools of British Columbia. Taught from an interdisciplinary approach.
Note: May be taken more than once for credit in different topics with permission of the department.

ED-D 487 Units: 1.5 or 3.0 Hours: 3-0
Special Topics in Education - Educational Psychology and Leadership Studies
Topics of current interest or concern to groups of students.
Note: May be taken more than once for credit in different topics with permission of the department.

ED-P 251 Units: 1.5
Three-Week Practicum (Elementary Education)
Notes:
• Credit will be granted for only one of ED-P 251, ED-P 200.
• Normally takes place in the spring term.
Pre- or Corequisite(s): ED-P 250 or EDCI 250.
Grading: INP, COM, N/X, F/X.

ED-P 301 Units: 1.5
Internship/Community Experience
Practical work in the form of a minimum of 40 hours of volunteer experience in a community organization is the focus of this course. These experiences will be self-selected and arranged by the student and will take place in informal and non-formal environments to match the student’s future intentions.
Prerequisite(s): EDCI 335 and EDUC 100.
Grading: INP, COM, N, F.

ED-P 351 Units: 1.5
Six-Week Practicum (Elementary Education)
Notes:
• Credit will be granted for only one of ED-P 351, ED-P 300A, ED-P 300B.
• Normally takes place in the spring term.
Pre- or Corequisite(s): One of ED-P 251, ED-P 350, EDCI 335.
Grading: INP, COM, N/X, F/X.
ED-P 361 Units: 1.5
Six-Week Practicum (Elementary or Middle Years Post Degree)
Notes:
- Credit will be granted for only one of ED-P 361, ED-P 300A, ED-P 300B.
- Normally takes place in the spring term.
Pre- or Corequisite(s): ED-P 360 or EDCI 360.
Grading: INP, COM, N/X, F/X.

ED-P 451 Units: 3.0
Nine-Week Practicum (Elementary Education)
Notes:
- Credit will be granted for only one of ED-P 451, ED-P 400A, ED-P 400B, ED-P 400C, ED-P 400D.
- Normally takes place in the spring term.
Prequisite(s): ED-P 351.
Grading: INP, COM, N/X, F/X.

ED-P 360 or EDCI 360.

ED-P 451 - EDCI 305A

ED-P 461 Units: 3.0
Nine-Week Elementary Practicum (Elementary or Middle Years Post Degree)
Notes:
- Credit will be granted for only one of ED-P 461, ED-P 400A, ED-P 400B, ED-P 400C, ED-P 400D.
- Normally takes place in the spring term.
Preerequisite(s): ED-P 351.
Grading: INP, COM, N/X, F/X.

ED-P 461 - EDCI 305A

ED-P 497 Units: 1.5 or 3.0
Professional Seminar or Practicum
A seminar or supervised practicum for persons wishing to update teaching skills and to gain or validate teaching certificates. Practicum only students will be on an individualized study/practice program.
Prequisite(s): Permission of the faculty.
Grading: INP, COM, N/X, F/X.

ED-P 498 Units: 1.5
Seminar and Two-Week Practicum for BEd (Secondary Curriculum)
A series of seminars to orient students to the culture of secondary schools. A required two week practicum follows final examinations in April.
Prequisite(s):
- Minimum fourth-year standing in the Secondary Education program; or
- permission of the department.
Grading: INP, COM, N/X, F/X.

ED-P 499 Units: 0.5-3.0
Professional Development Professional Studies
A variable content course directed at improving specific teacher and/or administrator competencies. Normally offered off campus.
Note: Not more than 3 units of credit for any ED-P 499 courses may be approved as electives on an Education degree program.
Prerequisite(s): Permission of the faculty.
Grading: COM, N, F.

ED-P 781 Units: 1.5
Six-Week Practicum (Secondary Post-Degree)
Note: Normally takes place in the spring term.
Pre- or Corequisite(s): ED-P 780 or EDCI 780.
Grading: INP, COM, N/X, F/X.

ED-P 782 Units: 3.0
Nine-Week Practicum (Secondary Post-Degree)
Note: Normally takes place in the fall term.
Prequisite(s): ED-P 781.
Grading: INP, COM, N/X, F/X.

ED-P 783 Units: 0.5-1.5
Professional Seminar or Practicum
A seminar or supervised practicum for persons wishing to update teaching skills and to gain or validate teaching certificates. Practicum only students will be on an individualized study/practice program.
Prequisite(s): Permission of the faculty.
Grading: INP, COM, N/X, F/X.

ED-P 784 Units: 1.0-1.5
Professional Development Professional Studies
A variable content course directed at improving specific teacher and/or administrator competencies. Normally offered off campus.
Note: Not more than 3 units of credit for any ED-P 784 courses may be approved as electives on an Education degree program.
Prerequisite(s): Permission of the faculty.
Grading: COM, N, F.

ED-P 250 Units: 1.5 Hours: 3-0
Formerly: ED-P 250
Elementary Field Experience Seminar I
Designed to provide an opportunity for students to orient themselves to the culture of the school and to become familiar with the multiple and complementary roles and responsibilities of school personnel. Students will be encouraged to visit a variety of classrooms in conjunction with their seminar and to observe for specific indicators of climate, programming and group management. Curricular lesson and unit planning will be done in pairs as a co-teaching model.
Note: Credit will be granted for only one of EDCI 250, ED-P 250.
Grading: INP, COM, N, F.

EDCI 300 Units: 1.5 Hours: 3-0
Mathematical Processes
The application of mathematical processes (Problem Solving, Reasoning and Proof, Representation, Communication, Connections, Technology, Mental Mathematics and Visualization) and a survey of mathematical knowledge for teaching.

EDCI 302 Units: 1.5 Hours: 3-0
Formerly: EDUC 302
Literacy and Language in Elementary or Middle School
An overview of the teaching of language arts and the development of oral language and literacy in the elementary or middle school. An introduction to strategies for addressing the diverse needs of learners will be included.
Note: Credit will be granted for only one of EDCI 302, EDUC 302, ED-B 748.
Prerequisite(s): Admission to a program in Teacher Education.

EDCI 303 Units: 1.5 Hours: 3-0
Formerly: EDUC 303
Historical and Philosophical Foundations of Canadian Education
Focuses on historical events and philosophical ideas that have impacted learners and teachers in Canadian schools.
Note: Credit will be granted for only one of EDCI 303, EDUC 303, ED-B 420, ED-B 423.
Prerequisite(s): Admission to a program in Teacher Education.

EDCI 305A Units: 1.5 Hours: 3-0
Formerly: part of 305
Drama Education: A Medium for Learning I
An overview of the theory and practice of drama in education based on the current curriculum in elementary and middle school. Through a workshop format, students will explore the principles and methods of instruction for initial classroom implementation.
Note: Credit will be granted for only one of EDCI 305A, EDCI 305, DE 204, DE 304, EDUC 305.
Prerequisite(s): Admission to a program in Teacher Education.
EDCI 305B  
**Units:** 1.5  
**Hours:** 3-0  
Formerly: part of 305  
**Drama Education: A Medium for Learning II**  
The integration of drama as a learning medium across the curriculum with a focus on language arts. Through the examination and progression of instructional strategies, students will broaden their understanding of educational drama and its role in the development of multiple literacies.  
**Note:** Credit will be granted for only one of EDCI 305B, EDCI 305, DE 204, DE 304, EDUC 305.  
**Prerequisite(s):** Admission to a program in Teacher Education.

EDCI 306A  
**Units:** 1.5  
**Hours:** 3-0  
Formerly: part of 306  
**Music in the Elementary Classroom I**  
An introduction to music education, designed to give students with little or no music background a foundation for teaching music and evaluating musical learning in the elementary classroom. An understanding of musical concepts will be developed through singing, listening, playing, moving, dramatizing, composing, improvising, reading and writing. Music reading skills will be developed through the playing of classroom instruments.  
**Note:** Credit will be granted for only one of EDCI 306A, EDCI 306, EDUC 306, ME 204, ME 206, ME 304.  
**Prerequisite(s):** Admission to Bachelor degree or Post Degree Professional program in Elementary Education.

EDCI 306B  
**Units:** 1.5  
**Hours:** 3-0  
Formerly: part of 306  
**Music in the Elementary Classroom II**  
A continued development of the musical skills and concepts learned in 306A with a focus on music teaching and learning strategies for the intermediate grades. Students will have the opportunity to work in ensemble settings using classroom instruments such as recorders, Orff instruments, guitars and ukuleles to arrange accompaniments, improvise and compose. Students will plan units around selected topics.  
**Note:** Credit will be granted for only one of EDCI 306B, EDCI 306, EDUC 306, ME 204, ME 206, ME 304.  
**Prerequisite(s):**  
• EDCI 306A; and  
• admission to a program in Teacher Education.

EDCI 307A  
**Units:** 1.5  
**Hours:** 3-1  
Formerly: part of 307  
**Art in the Elementary or Middle Classroom I**  
The purpose of this methods course is to understand the place and practice of art in the elementary or middle school curriculum. Topics include a rationale for art education, theory about developmental stages, sensitivity to individual and cultural diversity, as well as lesson planning, assessment strategies, and integration of art with other core subjects. Aims to develop students' own understandings, skills, and confidence in creating art and in building general knowledge about art.  
**Note:** Credit will be granted for only one of EDCI 307A, EDCI 307, EDUC 307, AE 103, AE 103A, AE 103B, AE 204.  
**Prerequisite(s):** Admission to a program in Teacher Education.

EDCI 307B  
**Units:** 1.5  
**Hours:** 3-1  
Formerly: part of 307  
**Art in the Elementary Classroom II**  
A further investigation of concepts and methods of instruction that are appropriate for elementary students in classroom settings. Involves continued work in developing student competence and confidence in studio art and building general knowledge, both cultural/historical and contemporary art and art practice.  
**Note:** Credit will be granted for only one of EDCI 307B, EDCI 307, EDUC 307, AE 103, AE 103A, AE 103B, AE 204.  
**Prerequisite(s):**  
• EDCI 307A; and  
• admission to a program in Teacher Education.

EDCI 308  
**Units:** 1.5  
**Hours:** 3-0  
**Studio Piano Class II**  
Continuation of development of piano keyboard skills: technique, harmonic analysis, sight reading, transposition, accompaniments, composition and improvisation.  
**Notes:**  
• Credit will be granted for only one of EDCI 308, ME 308.  
• Students who have some piano background may request permission to register in the course.  
**Prerequisite(s):**  
• EDCI 208 or ME 208; or  
• permission of the department.

EDCI 310  
**Units:** 1.5  
**Hours:** 3-0  
**Learning to Listen to Music**  
What to listen for and how to listen to music of diverse styles and genres.  
**Notes:**  
• Credit will be granted for only one of EDCI 310, ME 207 (if taken prior to December 2007), ME 310.  
• This course is not considered as a non-music elective for students in the School of Music.

EDCI 311  
**Units:** 1.5  
**Hours:** 3-0  
**Studio Guitar Class: I**  
Acquisition of basic skills in guitar playing and song accompaniment. Appropriate for students with little or no background in music theory.  
**Note:** Credit will be granted for only one of EDCI 311, ME 303A.

EDCI 312  
**Units:** 1.5  
**Hours:** 3-0  
**Studio Guitar Class: II**  
Acquisition of intermediate guitar skills such as chord transformation, key transposition, and barre chords. Understanding of theoretical concepts through guitar performance and basic accompaniment. Students are expected to have acquired the fundamentals of the guitar and have an understanding of the basics of music theory as applied to the guitar.  
**Note:** Credit will be granted for only one of EDCI 312, ME 303E.

EDCI 330  
**Units:** 1.5  
**Hours:** 3-0  
Formerly: ED-P 350  
**Elementary Field Experience Seminar II**  
Focus is on planning and implementing the curriculum, addressing the diversity found in classrooms and schools, and acquiring strategies for orchestrating the many demands and responsibilities inherent in the role of educators.  
**Note:** Credit will be granted for only one of EDCI 330, ED-P 300A, ED-P 300B, ED-P 350.  
**Prerequisite(s):** ED-P 251.  
**Grading:** INC, COM, N, F.

EDCI 335  
**Units:** 1.5  
**Hours:** 3-0  
**Learning Design**  
An introduction to the practice of learning design and its application to interactive learning environments. Students will explore the principles of learning design, examine how they can maximize the effectiveness, efficiency and appeal of learning experiences for learners, and teach for understanding. Students will have the opportunity to plan, design, and develop an interactive learning environment using the latest technology tools specifically for teaching and learning.

EDCI 336  
**Units:** 1.5  
**Hours:** 3-0  
Formerly: ED-B 359  
**Technology Innovation in Education**  
A foundation for using technology in the teaching and learning process and for the development of personal learning networks to support ongoing professional development. Students will explore how to design and develop learning experiences intended to improve learning, enrich professional practice, and provide positive models for students, colleagues, and the community.  
**Note:** Credit will be granted for only one of EDCI 336, ED-B 359, ED-B 360, EDCI 406, EDUC 406.  
**Grading:** INC, COM, N, F.

EDCI 337  
**Units:** 1.5  
**Hours:** 3-0  
Formerly: ED-B 360  
**Interactive & Multimedia Learning**  
An introduction to the theory and application of multimedia learning in interactive learning environments. Students will explore the latest research and discover some best practices for creating rich educational experiences. Students will have the opportunity to design and develop interactive learning experiences using such technologies as touch input devices, tablets, interactive white boards, virtual worlds and augmented reality.  
**Note:** Credit will be granted for only one of EDCI 337, ED-B 360.

EDCI 338  
**Units:** 1.5  
**Hours:** 3-0  
Formerly: ED-B 362  
**Social Media and Personalized Learning**  
Examines the history and impact of mass and social media on education and the continuing changes associated with the personalized learning movement. Learners will utilize blogging and micro-blogging and alternative models of learning will be discussed and practiced.  
**Note:** Credit will be granted for only one of EDCI 338, ED-B 362.
EDCI 339  Units: 1.5  Hours: 3-0  
Formerly: EDCI 339A, ED-B 339A  
Distributed and Open Learning  
This course provides learners with an opportunity to gain direct experience with current technologies that enable various forms of online and mobile learning, including social media tools, live capture and streaming. This course will also look critically at access to learning in the 21st century and introduce students to the concept of open learning and the development of personalized learning networks.  
Note: Credit will be granted for only one of EDCI 339, ED-B 363.

EDCI 340  Units: 1.5  Hours: 3-0  
Media Activism, Social Justice, and Educational Change  
Explores the power and possibility of using media and communication technologies for substantive societal change. Introduces students to current and possible future uses of mainstream and alternative media to challenge existing power structures, to assist in representing marginalized and underrepresented groups, and to link communities of interest in aid of the attainment of social, political, economic, environmental and cultural justice through educational change.

EDCI 347  Units: 1.5  Hours: 3-0  
Formerly: 347A, ED-B 347A  
Children and Young Adult Literature  
The study of a selection of Canadian and international children’s and young adult literature drawn from various genres, including realistic fiction, fantasy, traditional literature, poetry and nonfiction. Explores how various literary theories influence the interpretation and analysis of children's and young adult literature.  
Note: Credit will be granted for only one of EDCI 347, EDCI 347A, ED-B 347A, ENGL 402.  
Prerequisite(s): 3 units of ENGL courses.

EDCI 352  Units: 1.5  Hours: 3-0  
Formerly: ED-B 344  
Multiliteracies Curriculum  
Prepares prospective secondary school teachers to develop understandings and approaches to integrating literacy processes and products into the subject disciplines. Examines multiple literacies and contemporary understandings of texts as they apply to learning across the curriculum.  
Note: Credit will be granted for only one of EDCI 352, EDCI 353, ED-B 344.  
Corequisite(s): Professional Year Admission Requirements satisfied.

EDCI 355  Units: 1.5  Hours: 3.0  
Formerly: 355A, ED-B 371, half of EDCI 353  
Literature for Young Adults  
A survey of young adult literature with attention to the adolescent response, a critical examination of the literature and the stimulation of reading.  
Note: Credit will be granted for only one of EDCI 355, EDCI 353, EDCI 353A, ED-B 351, ED-B 371, ED-B 471.  
Prerequisite(s): Minimum third-year standing.

EDCI 356  Units: 1.5  Hours: 3-0  
Formerly: EDCI 353B, ED-B 371, half of EDCI 353  
Expanding Notions of Text  
A critical examination of alternative texts (such as film, video, television, newspapers, magazines, websites) with attention to the young adult’s response to text as cultural form.  
Note: Credit will be granted for only one of EDCI 356, EDCI 353, EDCI 353B, ED-B 351, ED-B 371, ED-B 471.  
Prerequisite(s): Minimum third-year standing.

EDCI 360  Units: 1.5  Hours: 3-0  
Formerly: ED-P 360  
Field Experience Seminar (Elementary or Middle Years Post Degree)  
Focus is on planning and implementing the curriculum, addressing the diversity found in classrooms and schools, and acquiring strategies for orchestrating the many demands and responsibilities inherent in the role of educators.  
Note: Credit will be granted for only one of EDCI 360, ED-P 300A, ED-P 300B, ED-P 360.  
Prerequisite(s): Admission to Post Degree Professional program in Elementary or Middle Years Education.  
Grading: INP, COM, N, F.

EDCI 402  Units: 1.5  Hours: 3-0  
Formerly: ED-B 402  
Reading: Instructional Principles and Strategies  
Theoretical perspectives on reading, the developmental nature of reading, and complex issues, including societal and cultural factors that influence reading development. Topics of study include concepts and instructional strategies associated with cueing systems, word identification, comprehension and vocabulary. Ongoing assessment strategies and organizational structures for reading programs will also be considered.  
Note: Credit will be granted for only one of EDCI 402, ED-B 748, EDUC 402.  
Prerequisite(s): EDCI 302 or EDUC 302.

EDCI 403  Units: 1.5  Hours: 3-0  
Formerly: EDCI 403  
Curriculum and Instruction in Elementary or Middle School Science  
A study of the curriculum organization, instructional strategies, and assessment practices in elementary or middle school science. Includes consideration of the nature of science, the interactions of science, technology, society and environment, and the content, processes and attitudes prescribed in the provincial curriculum.  
Note: Credit will be granted for only one of EDCI 403, ED-E 745, EDUC 403.  
Prerequisite(s): Admission to a program in Teacher Education.

EDCI 404  Units: 1.5  Hours: 3-0  
Formerly: EDUC 404  
Curriculum and Instruction in Elementary or Middle School Social Studies  
A study of the curriculum organization and techniques of instruction in elementary or middle school social studies. Examples are drawn from a variety of content areas: history, geography, anthropology, sociology, political science, and/or economics, with emphasis on participatory citizenship, culture and traditions in a pluralistic society.  
Note: Credit will be granted for only one of EDCI 404, ED-E 746, EDUC 404.  
Prerequisite(s): Admission to a program in Teacher Education.  

EDCI 405  Units: 1.5  Hours: 3-0  
Formerly: EDUC 405  
Curriculum and Instruction in Elementary or Middle School Mathematics  
General and specific goals of mathematics teaching and learning; examination of all components of the prescribed provincial mathematics curriculum; teaching strategies; learning activities; classroom settings; and assessment techniques.  
Note: Credit will be granted for only one of EDCI 405, ED-E 743, EDUC 405.  
Prerequisite(s): Admission to a program in Teacher Education.

EDCI 409  Units: 1.5  Hours: 3-0  
Formerly: EDUC 409  
Fostering and Assessing Mathematical Understanding  
Further examination of recent issues and trends related to fostering and assessing the major components of mathematical literacy, mathematical thinking and numeracy.  
Note: Credit will be granted for only one of EDCI 409, ED-E 743, EDUC 409.  
Prerequisite(s): EDCI 405 or EDUC 405.

EDCI 410  Units: 1.5  Hours: 3-0  
Literacy in the Digital Age  
An exploration of how new digital technologies have changed reading and writing for adolescents, and how these changing practices influence language and literacy teaching and learning.

EDCI 422  Units: 1.5  
Formerly: ED-B 441  
Curriculum and Program Design in Early Childhood Education  
Practical strategies for the development of early childhood curricula and the planning and administration of programs for preschool, daycare and kindergarten. Examines current topics such as integration, multiculturalism, family involvement, and program evaluation.  
Note: Credit will be granted for only one of EDCI 422, ED-B 441.
EDCI 424 - EDCI 455

EDCI 424  Units: 1.5  Hours: 3-0
Formerly: 424A, EDUC 422, EDUC 422A
Adaptation of Curriculum and Instructional Strategies (Literacy)
Introduction to in-class assessment of students’ literacy learning as well as the principles and strategies to effectively respond to elementary students of wide-ranging abilities and diverse backgrounds. Students will learn how to make appropriate changes and choices regarding literacy materials; literacy learning processes and strategies; and varied representations of literacy learning.
Note: Credit will be granted for only one of EDCI 424, EDCI 424A, EDUC 422, EDUC 422A.
Prerequisite(s): ED-D 420.

EDCI 428  Units: 1.5  Hours: 3-0
Formerly: 424B, EDUC 422, EDUC 422B
Adaptation of Curriculum and Instructional Strategies (Mathematical)
Development and use of instructional methods and materials appropriate for children with learning difficulties in mathematics. Ways of adapting curricula and instruction in other content areas and technological support for children with special education needs will also be considered.
Note: Credit will be granted for only one of EDCI 428, EDCI 424B, EDUC 422, EDUC 422B.
Prerequisite(s): ED-D 420.

EDCI 431  Units: 1.5  Hours: 3-0
Formerly: ED-B 420
Philosophical Foundations of Education
The origins and meaning of social and philosophical ideas and how these ideas influence the lives of children and teachers in schools. The major philosophical systems and ideologies that have shaped and continue to shape educational thought and practice are the focus of this course.
Note: Credit will be granted for only one of EDCI 431, ED-B 420.

EDCI 432  Units: 1.5  Hours: 3-0
Formerly: ED-B 423
Historical Foundations of Education
The historical foundations of contemporary Canadian schooling and the forces that regulate educational change, reform and the nature of the teacher’s work.
Note: Credit will be granted for only one of EDCI 432, ED-B 423.

EDCI 433  Units: 1.5  Hours: 3-0
Formerly: ED-B 425
Anthropology and Education
Theory and perspectives from cultural anthropology relevant to the processes of education and operations of schools.
Note: Credit will be granted for only one of EDCI 433, ED-B 425.

EDCI 434  Units: 1.5  Hours: 3-0
Sociological Foundations of Education
The impact of sociological variables - such as poverty, ethnicity, culture, gender, and social diversity on classroom teaching and life in contemporary Canadian schools.
Note: Credit will be granted for only one of EDCI 434, ED-B 427.

EDCI 441  Units: 1.5  Hours: 3-0
Formerly: Part of 446
Supporting Learners Experiencing Difficulties with Literacy I
Focus on assessment and instructional issues, practices and strategies for students who experience difficulties with reading and writing. A practical component involves administering and interpreting an informal reading assessment to a student who struggles with literacy, and planning an appropriate instructional intervention.
Note: Credit will be granted for only one of EDCI 441, EDCI 446, ED-B 442.
Prerequisite(s):
• Admission to Professional Year of a teacher education program (must include 1.5 units of reading instruction course), or
• permission of the faculty.

EDCI 442  Units: 1.5  Hours: 3-0
Formerly: Part of 446
Supporting Learners Experiencing Difficulties with Literacy II
Continues the exploration of assessment and instructional practices for elementary, middle and high school students who experience difficulties with reading and writing. A practical component involves creating and delivering a series of intervention lessons to a student who experiences challenges with literacy learning.
Note: Credit will be granted for only one of EDCI 442, EDCI 446, ED-B 442.
Prerequisite(s):
• EDCI 441, or
• permission of the faculty.

EDCI 447  Units: 1.5  Hours: 3-0
Principles of Teaching English Language Learning
A survey of principles and theories for, and the teaching of English to second language learners. The examination of curriculum and methodology for use with English language learners in the elementary and secondary schools.
Note: Credit will be granted for only one of EDCI 447, EDCI 457, ED-B 490, ED-B 491.
Prerequisite(s): Admission to an Education program or admission to a Diploma or major program in Applied Linguistics.

EDCI 448  Units: 1.5
Organization and Procedures for Instruction of English to Second Language Learners
The examination of current models for the organization and instruction of ESL students at the elementary and secondary levels. The integration of language and content instruction within the regular classroom is emphasized.
Note: Credit will be granted for only one of EDCI 448, ED-B 490, ED-B 492.
Prerequisite(s):
• Admission to a program in Education or admission to a Diploma or Major program in Applied Linguistics; or
• permission of the faculty.

EDCI 451  Units: 1.5  Hours: 3-0
Formerly: EDUC 431
Community and Culture
Designed to provide students with an appreciation of the utility of culture as a framework for understanding teaching and learning. Students will explore the roles and impacts they have as teachers and community members in the transmission and transformation of culture. Investigates the implications and challenges of teaching in a multicultural society.
Note: Credit will be granted for only one of EDCI 451, EDUC 431.

EDCI 452  Units: 1.5  Hours: 3-0
Formerly: EDUC 432
Cultural Studies in Education
Focuses on the school both as a community of learners and as a part of a larger community in a changing world. Topics of study will include different conceptions of community as they relate to education and learning, relations of power in school and community settings, gender roles, ethnicity, spirituality, traditions of conflict resolution, human rights, and the effects of global systems on local communities.
Note: Credit will be granted for only one of EDCI 452, EDUC 432.

EDCI 453  Units: 1.5  Hours: 3-0
Formerly: EDUC 433
Ecology for Teachers
Labs, field trips and inquiry activities will explore the major ecosystems in British Columbia as a focus for instruction. Topics include the natural history of plants and animals, the ecology of communities and ecosystems, and human impacts emphasizing the Pacific Northwest. Intended to provide teachers with information and skills to explore the outdoor environment as a focus for instruction: to plan and organize field trips, teach nature appreciation, inquiry techniques, ecology concepts and stewardship.
Note: Credit will be granted for only one of EDCI 453, EDUC 433.

EDCI 454  Units: 1.5  Hours: 3-0
Formerly: EDUC 434
Environmental Education
This multidisciplinary course is designed to familiarize the educator with a range of issues and teaching methods related to environmental education. Topics include goals for environmental and outdoor education, environmental ethics, current issues and trends; multicultural perspectives towards the land; local, national and global issues, teaching strategies for understanding and resolving environmental issues; program and unit planning. Selected field trips to locations emphasizing current environmental issues.
Note: Credit will be granted for only one of EDCI 454, EDUC 434.

EDCI 455  Units: 1.5  Hours: 3-0
Formerly: EDUC 436
The Evolution of Educational Ideas: Philosophy, History and the Classroom
The impact of educational philosophy and the history of education on the culture of the schools. Topics will include the evolution and implications of educational ideas, and the changing role of the school in society.
Note: Credit will be granted for only one of EDCI 455, EDUC 436.
EDCI 464  
Units: 1.5  
Formerly: EDUC 444  
**Learning Through Drama**  
Explores the role of drama to enrich language/literacy education. Emphasis will be placed on children's literature and the exploration of a variety of dramatic forms that promote increased understanding within the discipline of drama as well as serving as methodology across the curriculum.  
**Note:** Credit will be granted for only one of EDCI 464, EDUC 444.

EDCI 466  
Units: 1.5  
Formerly: EDUC 447  
**Scientific and Technological Literacy**  
Science as inquiry and technology as design have been significant influences on North American society. Examines the nature of science and technology; explores curricula, instruction and assessment that encourage students to acquire abilities and habits of mind to construct an understanding of science and technology; focuses on big ideas in science technology, and the communications to inform and persuade others to take action on science and technology issues.  
**Note:** Credit will be granted for only one of EDCI 466, EDUC 447.

EDCI 468  
Units: 1.5  
Formerly: ED-E 473  
**Environmental Issues Education**  
Designed to familiarize the educator with a range of environmental issues of both local and global proportions as a focus for program planning and curriculum development. Takes an interdisciplinary approach and includes teaching strategies for helping students clarify and resolve environmental issues. Selected field trips.  
**Note:** Credit will be granted for only one of EDCI 468, ED-E 473.

EDCI 469  
Units: 1.5  
Formerly: EDUC 448  
**Teaching Oral French**  
Theoretical and practical elements of teaching French as a second language for the general classroom teacher. Students will be introduced to recommended materials and methods of presentation and use of aids. The language of instruction will include both French and English.  
**Note:** Credit will be granted for only one of EDCI 469, ED-B 391, EDUC 448.

EDCI 475  
Units: 1.5  
**Principles in Teaching French Immersion**  
The basic curricula and evaluation as required of the French Immersion program, and an understanding of the similarities and differences between teaching in Immersion and the English program. Emphasizes how students develop literacy and numeracy in French Immersion while mastering the skills and concepts laid out in all subject areas as required by the BC curriculum. This course is taught in French.

**Note:** Credit will be granted for only one of EDCI 475, ED-E 475.

**EDCI 476**  
Units: 1.5  
**Organization and Instruction in French Immersion**  
An examination of current models for the organization and instruction of French Immersion students at the elementary and secondary level. Participants will define and articulate those critical factors that ensure lessons and units of study will enable students to learn language as well as concepts/skills. This course is taught in French.

**EDCI 477**  
Units: 1.5  
**Designs for Learning in French Immersion**  
Assessment and evaluation within the context of French Immersion's language and content methodology. Emphasis is on planning, analysis and evaluation. Canadian and International models of language learning and assessment will be examined. This course is taught in French.  
**Prerequisite(s):** EDCI 476.

**EDCI 478**  
Units: 1.5 or 3.0  
**Special Topics in Education**  
Topics of current interest or concern to groups of students.  
**Note:** May be taken more than once for credit in different topics; however, students in an education degree program require permission of the Teacher Education Advising Office to apply the credit towards their degree program.

**EDCI 490**  
Units: 1.5  
**Transformative Inquiry**  
Focus on dialogic learning, teacher as researcher, and other ways of knowing to identify and explore personally meaningful topics within teaching practice. Individual reflection, collaborative processes, and mentoring sessions with instructor culminate in student facilitated inquiry conversations where the intricacies and overlapping issues of transformative pedagogy are considered and assimilated.  
**Note:** Credit will be granted for only one of EDCI 490, ED-P 490.  
**Prerequisite(s):** Admission to a program in Teacher Education.  
**Grading:** INC, COM, N, F.

**EDCI 494**  
Units: 1.5 each  
**Directed Studies**  
Research project, directed reading, or additional coursework in a specific area.  
**Notes:**  
- Credit will be granted for only one of EDCI 494, ED-A 494, ED-A 495, ED-B 494, ED-B 495, ED-E 494, ED-E 495.  
- Permission will not normally be given for more than 3 units of directed studies.

**EDCI 706: Curriculum and Instruction in Secondary School Art**

As the last formal stage in becoming an art teacher, this course prepares students for their practicum experience. It examines relationships between the practical and theoretical aspects of art education. Students will be introduced to various teaching methodologies appropriate for implementing the curriculum, teaching styles will be discussed and explored, and students will design lessons and develop learning activities around specific concepts.

**EDCI 716: Curriculum and Instruction in Secondary School Theatre**

Designed to prepare theatre/drama education students for the teaching profession. Provides students with one of the many bridges connecting their university theatre and drama experiences to the world of the secondary school. The focus will be on the how, what, and why of classroom drama.

**EDCI 746: Curriculum and Instruction in Secondary School French**

An opportunity to develop abilities in teaching and testing the language features (pronunciation, vocabulary, grammar, and cultural component) and the language skills (listening, speaking, reading, and writing) and to familiarize students with current French language teaching approaches through the study of representative materials and techniques. Emphasis will be placed on practical classroom techniques and the challenges particular to teaching French in the secondary school.

**Notes:**
- Credit will be granted for only one of EDCI 495, ED-A 494, ED-A 495, ED-B 494, ED-B 495, ED-C 494, ED-C 495, ED-D 494, ED-D 495.
- Permission will not normally be given for more than 3 units of directed studies.

**Prerequisite(s):**
- Admission to Professional Year or Post Degree Professional program; or
- Permission of the school.

**Grading:** COM, N, F.
EDCI 747 Units: 1.5 Hours: 3-0
Formerly: ED-B 753
Curriculum and Instruction in Secondary School English
Prepares students to instruct and assess secondary English language arts. Explores a variety of teaching and assessment strategies, resources and current research into the challenges and possibilities of teaching English language arts.
Note: Credit will be granted for only one of EDCI 747, ED-B 753.
Prerequisite(s):
• Admission to Professional Year or Post Degree Professional program; or
• permission of the school.
EDCI 749 Units: 1.5 Hours: 3-0
Formerly: ED-B 756
General Methods of Second Language Teaching
An opportunity to develop abilities in teaching and testing the language features (pronunciation, vocabulary, grammar, and cultural component) and the language skills (listening, speaking, reading, and writing) and to familiarize students with current second language teaching approaches through the study of representative materials and techniques. Emphasis will be placed on practical classroom techniques and the challenges particular to teaching second languages.
Note: Credit will be granted for only one of EDCI 749, ED-B 756.
Prerequisite(s):
• Admission to Professional Year or Post Degree Professional program; or
• permission of the school.
EDCI 757 Units: 1.5 Hours: 3-0
Formerly: ED-E 761
Curriculum and Instruction in Secondary School Mathematics
Helps students develop the pedagogical content knowledge needed to teach secondary school mathematics. This includes knowledge about: the goals, content and sequence of the 8-12 mathematics curriculum, how students learn mathematics, how to plan instructional activities, lessons and units that are meaningful and mathematically correct, teaching strategies that instill in all students enthusiasm and satisfaction in learning and using mathematics, and how to develop and apply appropriate assessment and evaluation techniques. Explores how to establish classroom environments that facilitate problem solving, conceptual understanding, autonomy and issues related to equity and multi-culturalism in teaching mathematics.
Note: Credit will be granted for only one of EDCI 757, ED-E 761.
Prerequisite(s):
• Admission to Professional Year or Post Degree Professional program; or
• permission of the school.
EDCI 761 Units: 1.5 Hours: 3-0
Formerly: ED-A 762
Curriculum and Instruction in Secondary School Music
Designed to provide students with practical strategies that will inform and enhance professional practice in the secondary music classroom. Through teaching opportunities, presentations, readings, and discussion, this course will develop personal knowledge related to pedagogical issues in music, curriculum design and implementation, program management, assessment strategies, and professional portfolio building.
Note: Credit will be granted for only one of EDCI 761, ED-A 762.
Prerequisite(s):
• Admission to Professional Year or Post Degree Professional program; or
• permission of the school.
EDCI 767 Units: 1.5 Hours: 3-0
Formerly: ED-E 769
Curriculum and Instruction in Secondary School Science
A study of the curriculum organization, instructional strategies, and assessment practices in secondary sciences. Includes consideration of the nature of science, the interactions of science, technology, society and environment, the development of science literacy through constructivist approaches to teaching, and selected current trends and issues in science education such as meeting the needs of diverse students and the use of technology in the science classroom.
Note:
• Credit will be granted for only one of EDCI 767, ED-E 769.
• Students with teaching areas in biology, chemistry, physics, or general will enrol in this course.
Prerequisite(s):
• Admission to Professional Year or Post Degree Professional program; or
• permission of the school.
EDCI 773 Units: 1.5 Hours: 3-0
Formerly: ED-E 757
Curriculum and Instruction in Secondary School Social Sciences
Explores the area of Social Studies as a multidisciplinary subject that draws from the social sciences and humanities to study human interaction with natural and social environments. While there will be a theoretical component to the course, the learning of best practices in social studies education will dominate.
Note: Credit will be granted for only one of EDCI 773, ED-E 757.
Prerequisite(s):
• Admission to Professional Year or Post Degree Professional program; or
• permission of the school.
EDCI 780 Units: 1.5 Hours: 3-0
Formerly: ED-P 780
Secondary Field Experience Seminar
A series of seminars providing assistance in planning for practicum, discussion of topics of common concern for student teachers, and current issues related to instruction.
Note: Credit will be granted for only one of EDCI 780, ED-P 780.
Grading: INP, COM, N, F.
EDCI 787 Units: 1.5 Hours: 3-0
Cross-curricular Inquiry Strategies
Inquiry-focused, project-based learning strategies applicable across a range of subject areas, and adaptable to learners’ needs, interests, and competencies, will be presented, experienced and critically examined. Grouping structures that facilitate collaborative investigations and interactions, and multi-format presentations, will be featured.
EDCI 797 Units: 1.5 Hours: 3-0
Curriculum and Instruction in Secondary School Information and Communication Technology
A focus on the current curriculum, the development of pedagogical content knowledge, lessons and units, and the design and maintenance of technology-based learning environments. Topics may include security and safety in a networked world, development of design, reasoning, problem solving and algorithmic thinking skills; strategies for dealing with the diversity of abilities, understanding the role of anxiety and motivation in technology instruction, approaches to assessment and evaluation unique to the teaching of computer studies, and the teachers’ role in school technology leadership.
Prerequisite(s):
• Admission to Professional Year or Post Degree Professional program; or
• permission of the school.
EDUC Education
Faculty of Education
EDUC 100 Units: 1.5 Hours: 3-0
Introduction to Education
A broad understanding of education, formal and informal, through an exploration of what education is and how it is articulated. Participants will inquire about: the nature of knowledge/knowing, the nature of learning/learners; the varied roles of educators (e.g. teacher, leader, researcher, mentor, community steward); and the educational challenges of work-life balance.
## ELEC 216 - Electrical Circuits I
### Prerequisites:
- MATH 101; and

### Senior Circuits
- MATH 110 or MATH 211 (211 may be taken as a corequisite).  
- MATH 101; and
- PHYS 111, PHYS 112, or PHYS 125; and
- CHEM 101 or CHEM 150; and
- MATH 200; and
- one of PHYS 111, PHYS 125, or PHYS 130.

### Course Description:

### Prerequisites:
- MATH 101; and
- MATH 110 or MATH 211 (211 may be taken as a corequisite).

### Course Information:
- Units: 1.5
- Hours: 3-0-1

---

## ELEC 299 - Introduction to Electrical and Computer Engineering Design
### Prerequisites:
- ELEC 250 and ELEC 260.

### Course Description:
Computer Aided Design (CAD) tools used in electrical and computer engineering design: drafting, printed-circuit board layout, computer-aided design and simulation, basic design process, and design for stability or oscillation in electronic devices. Fundamental engineering design process. Technical communications and presentations.

### Prerequisites:
- ELEC 250 and ELEC 260.

### Course Information:
- Units: 1.5
- Hours: 3-0-1

---

## ELEC 300 - Linear Circuits II
### Prerequisites:
- MATH 200, and
- CHEM 101 or CHEM 150; and
- one of PHYS 111, PHYS 112, or PHYS 125.

### Course Description:

### Prerequisites:
- ELEC 250 and ELEC 260.

### Course Information:
- Units: 1.5
- Hours: 3-1.5

---

## ELEC 310 - Digital Signal Processing I
### Prerequisites:
- MATH 201 or MATH 204.

### Course Description:
Generation of discrete-time signals through the sampling process and their spectral representation. Mathematical representation and properties of digital signal processing (DSP) systems. Typical DSP systems, e.g., digital filters and applications. The z transform and its relation to the Laurent series. Evaluation of the inverse z transform using complex series and contour integrals. Application of the z transform for representation and analysis of DSP systems. The processing of continuous time signals using DSP systems. The discrete-Fourier transform and the use of fast Fourier transforms for its evaluation. Introduction to the design of DSP systems.

### Prerequisites:
- ELEC 260.

### Course Information:
- Units: 1.5
- Hours: 3-0-0.5

---

## ELEC 320 - Electronic Devices I
### Prerequisites:
- ELEC 250.

### Course Description:
Operation and design of modern electronic devices and integrated circuit technology. Electronic properties of silicon, charge transport and carrier dynamics. Metal-semiconductor and pn junctions. Diode operation and properties of bipolar and field-effect transistors, including metal-oxide-semiconductor (MOS) structures. Small-signal models and equivalent circuits. Ideal and non-ideal device behavior. Design considerations with respect to device performance.

### Prerequisites:
- ELEC 220.

### Course Information:
- Units: 1.5
- Hours: 3-1.5

---

## ELEC 330 - Electronic Circuits I
### Prerequisites:
- MATH 201.

### Course Description:
Nonlinear devices, modeling and application of diodes: rectifiers, voltage regulators, waveform shaping circuits. Basing of bipolar and field effect transistors. Small signal amplifiers, multistage amplifiers. Nonlinear applications of transistors including digital circuits such as inverters, gates and flip-flops. Circuit design, simulation, implementation and testing.

### Prerequisites:
- ELEC 220.

### Course Information:
- Units: 1.5
- Hours: 3-1.5

---

## ELEC 335 - Biosensors and Instrumentation
### Course Description:
A study of the basic principles of biomedical electronics and measurement with emphasis on instruments and systems for biomedical data acquisition and processing. Topics will include electrocardiography (ECG), electroencephalography (EEG), medical ultrasound, magnetic resonance imaging (MRI), and x-ray computed tomography (CT).

### Prerequisites:
- ELEC 335 or ELEC 365.

### Course Information:
- Units: 1.5
- Hours: 3-1.5
ELEC 360  Units: 1.5  Hours: 3-1.5
Control Theory and Systems I
Characterization of systems: linearity, time invariance and causality. General feedback theory; time and frequency domain analysis of feedback control systems; Routh-Hurwitz and Nyquist stability criteria; root locus methods; modelling of dc servos; design specifications and system performance; design of PID controllers; lead and lag compensators; introduction to state-space methods.
Prerequisite(s): ELEC 260.

ELEC 365  Units: 1.5  Hours: 3-1.5-1
Applied Electronics and Electrical Machines
Characteristics of electronic devices including diodes, bipolar junction transistors and operational amplifiers; analysis of practical electronic circuits such as rectifiers, voltage regulators, amplifiers and filters; fundamentals of electromechanical energy conversion; transformers and actuators; operating principles of rotating electric machines: dc machines and ac machines.
Prerequisite(s):
- ELEC 216 or PHYS 216; and
- ELEC 250.

ELEC 370  Units: 1.5  Hours: 3-1.5
Electromechanical Energy Conversion
Prerequisite(s): ELEC 250.

ELEC 380  Units: 1.5  Hours: 3-3-0.5
Electronic Circuits II
Prerequisite(s): ELEC 300 and ELEC 330.

ELEC 399  Units: 1.5  Hours: 1-6
Design Project I
A team-based technical project completed under the supervision of a faculty member, with a focus on Engineering design requirements and specification processes. Expected learning experience and outcome are based on the knowledge and skills acquired by the student in earlier and concurrent coursework, and Professional Engineers’ awareness and consideration with respect to the environment, ethics, equity, public and worker safety and health. Projects may have a diverse nature serving societal needs. Multi-disciplinary projects are encouraged.
Prerequisite(s):
- One of ELEC 200, ELEC 299, CENG 299; and
- ENGR 001; and
- minimum third-year standing in the BEng program in Electrical Engineering; or
- permission of the department.

ELEC 403  Units: 1.5  Hours: 3-1.5
Engineering Design by Optimization
The steepest descent and Newton methods for unconstrained optimization. Golden section, quadratic, cubic and inexact line searches. Conjugate and quasi-Newton methods. The Fletcher-Reeves algorithm. Application to the design of circuits, control systems, filters, and mechanical systems using optimization techniques. Introduction to constrained optimization. Includes laboratory sessions to program various optimization algorithms and to apply them to several modelling and engineering design problems.
Prerequisite(s): ELEC 310 or CSC 349A.

ELEC 404  Units: 1.5  Hours: 3-1.5
Microwaves and Fiber Optics
Transmission line theory, Smith chart and design examples, transmission lines and waveguides, network analysis, design of impedance matching and tuning networks, aspects of coupled lines, radiation and amplification, optical fibers, numerical aperture, single mode and multimode fibers, chromatic dispersion, fiber optic components.
Prerequisite(s):
- ELEC 300 and ELEC 340.

ELEC 405  Units: 1.5  Hours: 3-0
Error Control Coding
The channel coding problem; coding approaches and characteristics; linear block codes, bounds on codes; finite fields; cyclic, BCH and Reed-Solomon codes; convolutional codes and the Viterbi algorithm; error control in data storage and transmission systems.
Prerequisite(s):
- Minimum fourth-year standing in the Faculty of Engineering; or
- permission of the department.

ELEC 407  Units: 1.5  Hours: 3-0
Digital Signal Processing II
Note: Credit will be granted for only one of ELEC 407, ELEC 458.
Prerequisite(s): ELEC 310.

ELEC 410  Units: 1.5  Hours: 3-1.5
Power Electronics
Prerequisite(s): ELEC 370 and ELEC 380.

ELEC 412  Units: 1.5  Hours: 3-0
Electronic Devices II
Prerequisite(s): ELEC 320.

ELEC 417  Units: 1.5  Hours: 3-1.5
Software Defined Radio
Software defined radio architectures. Receiver design: radio frequency, digital signal processing, software. Application to analog and digital communications, cognitive radio, dynamic spectrum access. Implementation of software radio algorithms using GNU Radio, Simulink or other platforms.
Prerequisite(s): ELEC 350.

ELEC 420  Units: 1.5  Hours: 3-0
Nanotechnology
Prerequisite(s): ELEC 320.

ELEC 426  Units: 1.5  Hours: 3-1.5
Robotics
Note: Credit will be granted for only one of ELEC 426, ELEC 425, ELEC 475, MECH 430.
Prerequisite(s):
- ELEC 360; and
- ENGR 141 or MECH 245; and
- PHYS 110 or PHYS 122.

ELEC 434  Units: 1.5  Hours: 3-0
Also: BME 434
Biophotonics
An overview of basic optics (including the principles of lasers), biology and photobiology will be given. Practical applications will be presented including biomaging, biosensing and microarray technologies, flow cytometry, photodynamic therapy, tissue engineering (including laser surgery), and laser scissors and tweezers.
Note: Credit will be granted for only one of ELEC 434, BME 434.
Prerequisite(s): ELEC 340.
### ELEC 435 - Medical Image Processing
- **Units:** 1.5
- **Hours:** 3-0

Prerequisite(s): Also: BME 403

**Medical Image Processing**

Image processing and understanding techniques applied in medical imaging technologies such as CT, MRI, ultrasound, X-ray. Design of computer-aided diagnosis systems. Topics include algorithms for filtering, edge detection, segmentation, registration and 3D visualization of medical data.

**Note:** Credit will be granted for only one of ELEC 435, BME 430.

**Prerequisite(s):** ELEC 310.

### ELEC 450 - Communications Theory and Systems II
- **Units:** 1.5
- **Hours:** 3-1.5

**Prerequisite(s):** ELEC 310 or MECH 435.

**Communications Theory and Systems II**

Transmission and filtering of random signals, analysis of modulation systems, in particular pulse code modulation, phase shift keying, frequency shift keying, etc., design of modern and of CODECs, introduction to noise analysis, information theory and coding.

**Prerequisite(s):** ELEC 350.

### ELEC 452 - Optical Communication Technology
- **Units:** 1.5
- **Hours:** 3-1.5

**Prerequisite(s):** ELEC 320 and ELEC 340.

**Optical Communication Technology**

Modern photonic devices, principles and applications. Topics include optical waveguides and fibers, attenuation, chromatic and polarization mode dispersion, light emitting diodes, laser diodes, laser noises and reduction techniques, photo detectors, noises, passive optical polarizers, couplers, isolators and circulators, Mach-Zehnder interferometer, fiber Bragg grating, optical filters, optical multiplexer and demultiplexer, arrayed waveguide gratings and Echelle gratings, optical amplifiers, optical microcavities and plasmonic devices. Nonlinear effects and devices.

**Prerequisite(s):** ELEC 340.

### ELEC 453 - Antennas and Propagation
- **Units:** 1.5
- **Hours:** 3-0

**Prerequisite(s):** ELEC 340.

**Antennas and Propagation**

Fundamental parameters of antennas and propagation; propagation in macro to pico cells; fading, diffraction, scattering, surface-waves and ionicospheric propagation, potential functions; wire antennas; antenna arrays; aperture and horn antennas; printed-circuit antennas; reflector antennas; ultra-wideband antennas; corrugated horns; antenna measurements.

### ELEC 454 - Engineering Components for Wireless Systems
- **Units:** 1.5
- **Hours:** 3-1.5

**Prerequisite(s):** ELEC 404.

**Engineering Components for Wireless Systems**

Circuit theory for waveguiding systems, scattering parameters, waveguide discontinuities, couplers, resonators, microwave filters, nonreciprocal devices, computer-aided design of active microwave circuits for wireless communication systems.

### ELEC 456 - Wireless and Mobile Communications
- **Units:** 1.5
- **Hours:** 3-0

**Prerequisite(s):** ELEC 350.

**Wireless and Mobile Communications**

Path loss, fading and shadowing models; digital transmission over fading channels; diversity transmission/reception; adaptive modulation; multicarrier transmission/OFDM; spread spectrum and multiple access (FDMA/TDMA/CDMA) for mobile communications; capacity estimation and coverage analysis, with applications to WiFi and beyond 3G cellular systems.

### ELEC 459 - Applications of Digital Signal Processing Techniques
- **Units:** 1.5
- **Hours:** 3-1.5

**Prerequisite(s):** ELEC 310.

**Applications of Digital Signal Processing Techniques**

**Prerequisite(s):** ELEC 310.

### ELEC 460 - Control Theory and Systems II
- **Units:** 1.5
- **Hours:** 3-0

**Prerequisite(s):** ELEC 360 or MECH 435.

**Control Theory and Systems II**

Sampling in control systems. The z transform and responses between sampling instants. Analysis of sampled data systems and stability testing. State-space analysis and design of continuous and discrete systems. Controllability, observability and zero input stability analysis. Pole placement techniques.

### ELEC 461 - Dynamics and Control of Switched Mode Power Supplies
- **Units:** 1.5
- **Hours:** 3-0

**Prerequisite(s):** ELEC 330 and ELEC 360.

**Dynamics and Control of Switched Mode Power Supplies**

Introduction to Switch mode power supplies. Detailed analysis of non-isolated converters (Buck, Boost, Buck-boost, Cuk, etc.) and isolated converters (Flyback, Forward, Push-pull, Half bridge, Full bridge, Current Source converters, etc.). State space averaging technique to model converters. Design of multi-loop controllers (inner current loop and outer voltage loop). Introduction to PWM switch model as an alternative to state space averaging technique.

### ELEC 462 - Motor Drive Dynamics
- **Units:** 1.5
- **Hours:** 3-0

**Prerequisite(s):** All of ELEC 330, ELEC 360, ELEC 370.

**Motor Drive Dynamics**

### ELEC 466 - System-on-Chip Engineering for Signal Processing
- **Units:** 1.5
- **Hours:** 3-1.5

**Prerequisite(s):** One of CENG 355, CSE 355, MECH 405, MECH 458, and either ELEC 310, or MECH 435 and MECH 458.

**System-on-Chip Engineering for Signal Processing**

Design and System-on-Chip (SOC) implementation for signal processing applications. SOC design and testing methodologies, Platform-based design, Intellectual Property (IP) reuse, and built-in self-test. Controlling power consumption in SOC implementations. SOC multi-technology integration of analog and digital electronics, sensors and MEMS.

### ELEC 481 - Analog VLSI Systems
- **Units:** 1.5
- **Hours:** 3-0

**Prerequisite(s):** ELEC 320 and ELEC 380.

**Analog VLSI Systems**

Review of IC technologies, device models and design concepts. Design of monolithic op amps, regulators, multipliers, oscillators, PLLs, A/D and D/A converters and other non-linear and high-speed ICs. Study and design of integrated filters, switched-capacitor circuits, CCDs and other sampled-data circuits. Design and applications of analog neural network and other analog-digital LSIs.

### ELEC 482 - Electrical Drive Systems
- **Units:** 1.5
- **Hours:** 3-0

**Prerequisite(s):** ELEC 365 or ELEC 370.

**Electrical Drive Systems**

Elements of drive systems, characterization of mechanical loads, requirements of electrical drive systems, dynamic equations and modelling of electrical machines, dc drives with various dc power sources, induction motor drives, ac controller, slip-energy recovery, constant air-gap flux, synchronous motor drives, permanent magnet motors, reluctance motors.

### ELEC 483 - Digital Video Processing
- **Units:** 1.5
- **Hours:** 3-0

**Prerequisite(s):** ELEC 310.

**Digital Video Processing**

### ELEC 484 - Audio Signal Processing
- **Units:** 1.5
- **Hours:** 3-0

**Prerequisite(s):** ELEC 310.

**Audio Signal Processing**

Introduction to digital audio effects and applications. Parametric filters, shelving filters, time-varying filters. Delay structures, delay-based audio effects. Dynamics processing, non-linear processing. Spatial effects, 3D audio, reverberation. Time segment processing, pitch shifting, time stretching. Time-frequency processing, phase vocoder.

### ELEC 485 - Data Analysis and Pattern Recognition
- **Units:** 1.5
- **Hours:** 3-0

**Formerly:** CENG 485

**Data Analysis and Pattern Recognition**

Statistical data analysis and random processes, ergodicity and stationarity, feature extraction and selection, Bayesian decision procedures, parametric and non-parametric pattern classification and clustering techniques. Applications to big data, data science, and computer security problems.

**Note:** Credit will be granted for only one of ELEC 485, CENG 485.

**Prerequisite(s):** STAT 254 or STAT 260.
ELEC 486  Units: 1.5  Hours: 3-0-1.5
Multiresolution Solution and Geometry Processing With C++
Multirate signal processing, upsampling, downsampling, sampling rate conversion, polyphase techniques, multirate filter banks, multiresolution signal representations, wavelets, digital geometry processing, polygon meshes, subdivision surfaces/wavelets, efficient multiresolution signal processing. Applications in data compression, computer graphics/animation, geometric modeling, communications, and signal processing. C++ programming language, libraries such as OpenGL and CGAL.
Prerequisite(s): ELEC 310.

ELEC 488  Units: 1.5  Hours: 3-0
Electrical Power Systems
Basic concepts of electric power systems illustrating usage of admittance and impedance matrices for load-flow solutions. Three-phase salient and round rotor synchronous machines. Three-phase transformer. Transmission line parameters. Representation and analysis of transmission lines including ABCD parameters. Symmetrical components and sequence networks. Symmetrical faults such as three phase faults. Unsymmetrical faults such as single line to ground, double line and double line to ground faults.
Prerequisite(s): ELEC 365 or ELEC 370.

ELEC 490  Units: 1.5 or 3.0
Directed Studies
Note: May be taken more than once for credit in different topics with permission of the department.
Prerequisite(s): Permission of the department.

ELEC 496A  Units: 1.5  Hours: 3-0*
Formerly: ELEC 496
Selected Topics in Electrical Engineering
Presents material in an emerging field or one not covered in regular offerings. Some topics may require laboratory work as well as lectures. Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.
*Lab hours may vary depending on the topic.
Notes:
• Credit will be granted for only one of ELEC 496A, ELEC 496B (if taken in the same topic), ELEC 496C (if taken in the same topic), ELEC 496D (if taken in the same topic).

ELEC 496B  Units: 1.5  Hours: 3-0*
Formerly: ELEC 496
Selected Topics in Electrical Engineering
Presents material in an emerging field or one not covered in regular offerings. Some topics may require laboratory work as well as lectures. Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.
*Lab hours may vary depending on the topic.
Notes:
• Credit will be granted for only one of ELEC 496A, ELEC 496B (if taken in the same topic), ELEC 496C (if taken in the same topic), ELEC 496D (if taken in the same topic).

ELEC 496C  Units: 1.5  Hours: 3-0*
Formerly: ELEC 496
Selected Topics in Electrical Engineering
Presents material in an emerging field or one not covered in regular offerings. Some topics may require laboratory work as well as lectures. Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.
*Lab hours may vary depending on the topic.
Notes:
• Credit will be granted for only one of ELEC 496A, ELEC 496B (if taken in the same topic), ELEC 496C (if taken in the same topic), ELEC 496D (if taken in the same topic).

ELEC 496D  Units: 1.5  Hours: 3-0*
Formerly: ELEC 496
Selected Topics in Electrical Engineering
Presents material in an emerging field or one not covered in regular offerings. Some topics may require laboratory work as well as lectures. Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.
*Lab hours may vary depending on the topic.
Notes:
• Credit will be granted for only one of ELEC 496A, ELEC 496B (if taken in the same topic), ELEC 496C (if taken in the same topic), ELEC 496D (if taken in the same topic).

ELEC 498  Units: 3.0  Hours: 2-18
Honours Thesis
Selected students undertake a major engineering design and research project under the supervision of a faculty member. The work involves independent study of the current literature and independent research and design. At the end of the term, each student submits a report and discusses the findings in an oral presentation.
Note: This course may only be taken once replacing two technical electives, one of which can be ELEC 499.
Prerequisite(s):
• All of Year 3 courses in Electrical Engineering; and
• minimum cumulative GPA of 3.5; and
• permission of the department.
Grading: INP, standard grade.

ENGL 099  Units: 0  Hours: 3-0
Developing English Writing Skills
Intended for students who are still developing fluency and proficiency in written and spoken English (previously equivalent to LPI 3). Provides intensive practice in building well-constructed sentences and paragraphs, while building fluency and preparing students for longer written assignments.
Note: Normally taken before ENGL 101.
Grading: COM, N, F.
ENGL 101  Units: 1.5  Hours: 3-0
Fundamentals of Academic Literacy
Introduction to the reading and writing skills needed to meet the expectations of university-level academic study. Emphasis is on building proficiency in academic reading and writing through extensive practice. Suitable for students who need to strengthen their reading and writing skills before attempting a course that meets the Academic Writing Requirement.
Note: Restricted to students who have not satisfied the Academic Writing Requirement.

ENGL 135  Units: 1.5  Hours: 3-0
Academic Reading and Writing
Practice of skills needed for successful academic writing in a variety of subject areas. Analysis of rhetorical, stylistic, research and documentation techniques, development of these techniques through practical writing assignments. Balance of lectures and discussion.
Notes:
• Credit will be granted for only one of ENGL 135, ENGR 110.
• This course satisfies the Academic Writing Requirement.

ENGL 146  Units: 1.5  Hours: 3-0
The Literature of Our Era
Comparative study of literary works from the 20th and 21st centuries. Special attention to how writers have adapted styles and techniques to represent our own experiences and the challenges of our age. Lectures, discussions, and essay writing workshops combine to develop students' abilities to write and speak about literature, and to make academic arguments in any discipline.
Notes:
• Credit will be granted for only one of ENGL 146, ENGL 116, ENGL 121, ENGL 122, ENGL 125.
• This course satisfies the Academic Writing Requirement.

ENGL 147  Units: 1.5  Hours: 2-1
Great Moments in English Literature
Study of influential literary works in English from the medieval period to the present day. Special attention to the cultural and historical contexts of these great books and the varied strategies writers have used to tell stories over the centuries. Assignments will develop skills for writing about literature and for making academic arguments in any discipline.
Notes:
• Credit will be granted for only one of ENGL 147, ENGL 116, ENGL 121, ENGL 122, ENGL 145.
• This course satisfies the Academic Writing Requirement.

ENGL 200A  Units: 1.5  Hours: 3-0
Formerly: part of 200
English Literature to 1660
Surveys major works from the Middle Ages and Renaissance. May include Old and Middle English texts in translation; Beowulf or Sir Gawain and the Green Knight, alongside works by major authors including Chaucer, Shakespeare, Marlowe, Sidney, Spenser, Donne and Milton.
Note: Credit will be granted for only one of ENGL 200A, ENGL 150, ENGL 200.

ENGL 200B  Units: 1.5  Hours: 3-0
Formerly: part of 200
English Literature, 1660-1800
Surveys major works from the end of the English Civil War period through the 18th century. Covers important genres (epic, satire, drama, novel, lyric) and aesthetic tendencies both neo-classical and modern. Authors may include Milton, Behn, Defoe, Swift, Pope, Goldsmith, Johnson, Fielding, Richardson, Burney, Walpole, Blake, Wordsworth and Coleridge.
Note: Credit will be granted for only one of ENGL 200B, ENGL 151, ENGL 200, ENGL 200C (if taken prior to September 2009).

ENGL 200C  Units: 1.5  Hours: 3-0
Formerly: part of 200
English Literature, 1800-1914
Surveys major works from the Romantic, Victorian and Edwardian periods. Covers important genres (lyric ballad, ode, dramatic monologue, essay, novel, drama) and aesthetic tendencies such as romanticism, realism and aestheticism. Authors may include Wordsworth, Coleridge, the Shelleys, Keats, Austen, Tennyson, the Brownings, the Brontes, Dickens, Hardy, Wilde, Forster and Conrad.
Note: Credit will be granted for only one of ENGL 200C, ENGL 151, ENGL 200, ENGL 200B (if taken in Sep 2010 - Apr 2013).

ENGL 201  Units: 1.5  Hours: 3-0
Introduction to Modernist Literature
Surveys major works of fiction, poetry and drama from the modernist period (roughly 1900-45), with emphasis on the dynamic relation between revolutions in aesthetic form and social, psychological and intellectual developments that marked the early 20th century. Authors may include Yeats, Conrad, Forster, Joyce, Woolf, Pound, Eliot, Stein, Moore, Stevens, Faulkner and Beckett, as well as some literature in translation.

ENGL 202  Units: 1.5  Hours: 3-0
Introduction to Canadian Literature
A general introduction to Canadian literature, placing selected 19th- and 20th-century works within the contexts of an interdisciplinary study of Canada; important themes in the study of Canadian literature, using novels, poems, stories, songs, movies and essays. Topics may include the representation of historical events in literature, gender and nationality, the construction of individual identity in relation to community and nation, and First Nations and ethnic issues.

ENGL 203  Units: 1.5  Hours: 3-0
Introduction to American Literature
Poetry, fiction, and nonfiction literature of the United States from the 17th century to the present, issues such as the American Dream, gender and minority issues, or the nation's understanding of itself as a continuing experiment in democracy. Readings may include works by R.W. Emerson, E.A. Poe, Walt Whitman, Emily Dickinson, Mark Twain, William Faulkner, Ezra Pound, Robert Frost, Langston Hughes, or Toni Morrison.

ENGL 207  Units: 1.5  Hours: 3-0
Introduction to Cultural Studies
An introduction to Cultural Studies as the theory and practice of reading "texts" from a variety of sources, including popular culture, literature and electronic media; themes such as definitions of "culture" and the roles it plays in forming personal and social identities. Readings may include literary texts as well as "texts" drawn from other disciplines and from popular and commercial sources such as magazines, posters, the Internet, video or audio presentations.

ENGL 208  Units: 1.5  Hours: 3-0
Introduction to Women's Writing
A study of feminist issues in women's literature, coverage of various periods, genres, and theoretical approaches. Readings may include authors such as Margery Kempe, Aphra Behn, Jane Austen, Emily Dickinson, Margaret Atwood, and Angela Carter.

ENGL 209  Units: 1.5  Hours: 3-0
Foundations of Literary Criticism
Introduces basic categories and problems of literary criticism, with an emphasis on the development of close reading skills and a vocabulary for writing confidently about literature. Offers training in the use of textual evidence and contextual information (biography, authorial statements, formal conventions, socio-historical background) to develop and support interpretations.

ENGL 215  Units: 1.5  Hours: 3-0
The Writing of Expository Prose
This course pays attention to the styles and methods of expository prose writing. It focuses on the development and critical analysis of the student's own writing through numerous and extensive written assignments and through the study of the techniques employed by other writers. Open to all students, but of special relevance to those going into the teaching profession.

ENGL 225  Units: 1.5  Hours: 3-0
Technical Communications: Written and Oral
Intended to assist students who plan careers in business, government, public service and research institutions. Designed to improve written and oral communication skills in a work environment. Its practical basis, which requires the preparation of business letters, internal memoranda and reports, is supplemented by a theoretical outline of basic communication within an organizational structure. Offers experience of both individual and group problem-solving.
Note: Credit will be granted for only one of ENGL 225, ENGR 120, ENGR 240.
Prerequisite(s): Academic Writing Requirement satisfied.
ENGL 230 - ENGL 310

ENGL 230 Units: 1.5 Hours: 3-0
Formerly: 250

Literature and Culture I
A variable content course with topics falling under three general rubrics: literature and other media; popular literary genres; literature and other cultural practices.

Notes:
• Credit will be granted for only one of ENGL 230, ENGL 250 (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units.
• May not be counted toward second-year requirements in Honours, Major, General or Minor Literature Programs in English.

ENGL 260 Units: 1.5 Hours: 3-0
Formerly: part of 409

The Bible as Literature
Surveys basic stories and books in the Old and New Testaments (including Genesis, Exodus, 1 and 2 Kings, Job, Song of Songs, Psalms, Isaiah, select minor prophets, the Gospels, Acts, select Pauline epistles, Hebrews and Revelation). Focus on the intrinsic literary features of the biblical books themselves. Aims to familiarize students with important biblical stories, genres, and references in literature and religious discourse.

Note: Credit will be granted for only one of ENGL 260, ENGL 365 (if taken prior to December 1983), ENGL 409.

ENGL 301 Units: 1.5 Hours: 3-0

Report Writing for Business
Essential skills of modern technical and business writing, particularly usability, style and structure. Technology as part of the research, writing, revision and presentation processes. Proposals, reports, descriptions, writing for general audiences.

Note: May not be counted toward upper-level requirements in Honours, Major, General or Minor Literature Programs in English.

Prerequisite(s):
• Two of ENGL 125 with a minimum grade of B, ENGL 135 with a minimum grade of B, ENGL 145 with a minimum grade of B, ENGL 147 with a minimum grade of B, ENGL 181 with a minimum grade of B, ENGL 215 with a minimum grade of B, ECON 225 with a minimum grade of B, WRIT 204 with a minimum grade of B, WRIT 215 with a minimum grade of B; or
• permission of the department.

ENGL 302 Units: 1.5 Hours: 3-0

Writing for Government and the Public Sector
Introduction to the essential skills of writing effectively for government and public sector organizations. Develops skills in focusing on a purpose, writing for different audiences, structuring information effectively and writing clear, concise and correct English. Taught in a computer lab and features extensive practice in writing briefing notes, memos, correspondence and reports.

Notes:
• Credit will be granted for only one of ENGL 302, ADMN 316.
• May not be counted toward upper-level requirements in Honours, Major, General or Minor Literature Programs in English.

Prerequisite(s):
• Two of ENGL 125 with a minimum grade of B, ENGL 135 with a minimum grade of B, ENGL 145 with a minimum grade of B, ENGL 147 with a minimum grade of B, ENGL 181 with a minimum grade of B, ENGL 215 with a minimum grade of B, ECON 225 with a minimum grade of B, ECON 225 with a minimum grade of B, ECON 240 with a minimum grade of B, WRIT 204 with a minimum grade of B, WRIT 215 with a minimum grade of B; or
• permission of the department.

ENGL 303 Units: 1.5 Hours: 3-0
Formerly: 216

Copy Editing
Introduction to the principal tasks of copy editing: non-fiction print and electronic manuscripts to ensure they are correct, consistent, coherent and concise. Topics include the copyeditor’s role, spelling, punctuation, editorial style features, usage and writing style. Practice in the skills of the professional copy editor, including using manual editing marks, copy editing manuscripts drawn from a variety of non-fiction sources and preparing an editorial style sheet.

Notes:
• Credit will be granted for only one of ENGL 303, ENGL 216 (if taken in Sep 2000 - Apr 2001).
• May not be counted toward upper-level requirements in Honours, Major, General or Minor Literature Programs in English.

Prerequisite(s):
• Two of ENGL 125 with a minimum grade of B, ENGL 135 with a minimum grade of B, ENGL 145 with a minimum grade of B, ENGL 147 with a minimum grade of B, ENGL 181 with a minimum grade of B, ENGL 215 with a minimum grade of B, ECON 225 with a minimum grade of B, WRIT 204 with a minimum grade of B, WRIT 215 with a minimum grade of B; or
• permission of the department.

ENGL 305 Units: 1.5 Hours: 3-0

Visual Rhetoric for Professional Writers
Introduction to visual rhetoric as applied to the design of documents. Covers the fundamental concepts and practices of visual design in professional communications for both digital and print media. Using MS-Word and the Adobe Creative Suite, students will experiment with text styles and document structure, HTML and CSS, typography, composition, colour and digital image editing in support of effective communication.

Note: May not be counted toward upper-level requirements in Honours, Major, General or Minor Literature Programs in English.

Prerequisite(s):
• Two of ENGL 125 with a minimum grade of B, ENGL 135 with a minimum grade of B, ENGL 145 with a minimum grade of B, ENGL 147 with a minimum grade of B, ECON 225 with a minimum grade of B, WRIT 204 with a minimum grade of B, WRIT 215 with a minimum grade of B; or
• permission of the department.

ENGL 306 Units: 1.5 Hours: 3-0

Technical Communication
Communicating scientific and technical information to subject matter experts, managers, technicians and non-specialists using print and digital media. Technical reports, manuals, user guides.

Notes:
• Credit will be granted for only one of ENGL 306, ENGL 406 (if taken in the same topic).
• May not be counted toward upper-level requirements in Honours, Major, General or Minor Literature Programs in English.

Prerequisite(s):
• Two of ENGL 125 with a minimum grade of B, ENGL 135 with a minimum grade of B, ENGL 145 with a minimum grade of B, ENGL 147 with a minimum grade of B, ECON 225 with a minimum grade of B, ECON 225 with a minimum grade of B, WRIT 204 with a minimum grade of B, WRIT 215 with a minimum grade of B; or
• permission of the department.

ENGL 310 Units: 3.0 Hours: 3-0
Formerly: 345

Practical Criticism
A seminar designed to extend awareness of how style and form contribute to meaning in literary works; poetic, narrative and dramatic technique; representative theoretical approaches and their application; the interdependency of literary technique and critical interpretation. Prospective Honours students are strongly advised to take this course in their second year. Students will be allowed to select this course only if they have the approval of the Honours Adviser.

Note: Credit will be granted for only one of ENGL 310, ENGL 345.

Formerly: part of 429

Contemporary American Fiction
The American novel and short story from the 1980s to the present; authors may include Toni Morrison, Alice Walker, Tim O'Brien, John Updike, Philip Roth, Marlyynne Robinson, Raymond Carver, Don DeLillo, Cormac McCarthy, Barbara Kingsolver, William Gibson, Art Spiegelman, Louise Erdrich, Sandra Cisneros, Richard Powers, Sherman Alexie.
Note: Credit will be granted for only one of ENGL 429C, ENGL 429D.

ENGL 429C Units: 1.5 Hours: 3-0
Formerly: part of 429

ENGL 431A Units: 1.5 Hours: 3-0
Formerly: part of 431

Modern American Poetry I
Focuses on the first generation of American modernist poets whose major work begins to be written before the mid-1920s. Poets may include Ezra Pound, Marianne Moore, T. S. Eliot, Gertrude Stein, Robert Frost, Wallace Stevens, William Carlos Williams, Mina Loy and H. D.
Note: Credit will be granted for only one of ENGL 431A, ENGL 431B.

ENGL 431A Units: 1.5 Hours: 3-0
Formerly: part of 431

Modern American Poetry II
Focuses on poets whose major work begins to be written in the 1920s and 1930s, the period in which Modernism in the arts was establishing its cultural authority. Poets may include Hart Crane, Langston Hughes, Muriel Rukeyser, Louis Zukofsky, Laura Riding, Jean Toomer, George Oppen and Lorraine Niedecker.
Note: Credit will be granted for only one of ENGL 431A, ENGL 431B.

ENGL 431B Units: 1.5 Hours: 3-0
Formerly: part of 431

ENGL 432A Units: 1.5 Hours: 3-0
Formerly: part of 432

American Poetry: 1950-1975
Detailed study of American poetry from 1950 to 1975. The main poets studied may include: Charles Olson, Robert Duncan, Robert Creeley, Denise Levertov, Frank O'Hara, John Ashbery, Audre Lorde, Adrienne Rich, Elizabeth Bishop, James Merrill.
Note: Credit will be granted for only one of ENGL 432A, ENGL 432B.

ENGL 432B Units: 1.5 Hours: 3-0
Formerly: part of 432

American Poetry: from 1975 to the Present Day
Detailed study of American poetry from 1975 to the present. The main poets studied may include: Joeie Gram, Audre Lorde, Rita Dove, Ai, Lyn Hejinian, Susan Howe, Michael Palmer, Charles Bernstein, Kathleen Fraser, Bob Perlman.
Note: Credit will be granted for only one of ENGL 432A, ENGL 432B.

ENGL 433A Units: 1.5 Hours: 3-0
Formerly: part of 433

Modern Irish Literature
Focuses on a literature that responded to Ireland's turbulent socio-political history from roughly 1900 to World War II. Includes the Irish literary revival and responses to various movements associated with modernism. Comparative treatment of Irish literature in dialogue with English, American and continental European literature. Authors may include Wilde, Shaw, O'Casey, George Moore, Yeats, Gregory, Joyce, Bowen and Beckett.
Note: Credit will be granted for only one of ENGL 433A, ENGL 433B.

ENGL 433B Units: 1.5 Hours: 3-0
Formerly: part of 433

Contemporary Irish Literature
Irish literature after World War II. Includes the effect of High Modernism both nationally and internationally as well as the persistence of more traditional and more democratic poetic voices and agendas. Poets may include Hardy, Yeats, Eliot, Owen, Lawrence, Sitwell, Auden, Thomas and MacNeice.
Note: Credit will be granted for only one of ENGL 434A, ENGL 434B.

ENGL 434A Units: 1.5 Hours: 3-0
Formerly: part of 434

British Poetry 1914-1950
Surveys British and Irish poets from the first half of the 20th century. Focuses on the short- and long-term impact of High Modernism both nationally and internationally as well as the persistence of more traditional and more democratic poetic voices and agendas. Poets may include Hardy, Yeats, Eliot, Owen, Lawrence, Sitwell, Auden, Thomas and MacNeice.
Note: Credit will be granted for only one of ENGL 434A, ENGL 434B.

ENGL 434B Units: 1.5 Hours: 3-0
Formerly: part of 434

British Poetry from 1950 to the Present
Surveys late 20th-century British and Irish poets. Focuses on the proliferation of coteries and schools in the wake of the modernist revolution of the earlier period and the legacies of its major poets. Poets may include Larkin, Hughes, Raine, Harrison, Hill, Tomlinson, Jennings, Heaney, Mahon and Boland.
Note: Credit will be granted for only one of ENGL 434B, ENGL 434C.

ENGL 435 Units: 1.5 Hours: 3-0
Formerly: 465

Modernist Poetry
A course on three major international Modernist English-language poets. Poets to be studied may include: Ezra Pound, H.D., T.S. Eliot, William Carlos Williams, Marianne Moore, Gertrude Stein, W.B. Yeats, Mina Loy.
Note: Credit will be granted for only one of ENGL 435, ENGL 465.

ENGL 436A Units: 1.5 Hours: 3-0
Formerly: part of 436

20th-Century British Fiction to World War II
Fiction of the British Isles in the first half of the 20th century. Emphasis is both critical and historical. Students are urged to form their own judgments with little reference to the works of critics. Authors may include Joseph Conrad, E.M. Forster, James Joyce, Virginia Woolf, D.H. Lawrence, Evelyn Waugh, Samuel Beckett, and Graham Greene.
Note: Credit will be granted for only one of ENGL 436A, ENGL 436B.

ENGL 436B Units: 1.5 Hours: 3-0
Formerly: part of 436

20th-Century British Fiction After World War II
Fiction of the British Isles in the second half of the 20th Century. Emphasis is both critical and historical. Students are urged to form their own judgments with little reference to the works of critics. Authors may include Evelyn Waugh, Kingsley Amis, Raymond Williams, Anthony Burgess, Graham Greene, John Fowles, Margaret Drabble, Iris Murdoch, William Golding, Ian McEwan, Fay Weldon, Martin Amis, Pat Barker.
Note: Credit will be granted for only one of ENGL 436B, ENGL 436C.

ENGL 436C Units: 1.5 Hours: 3-0
Formerly: part of 436
ENGL 437 Units: 1.5 Hours: 3-0
Formerly: part of 437
Modern Drama to World War II
The play as a literary form; examination of styles, techniques, themes and moods in drama from the 19th century through to the Second World War; theories and techniques of acting, theatre design, and audience requirements. Emphasis on British and American theatre, with consideration of influential European playwrights and movements.
Note: Credit will be granted for only one of ENGL 437A, ENGL 437B.

ENGL 437B Units: 1.5 Hours: 3-0
Formerly: part of 437
Modern Drama Since World War II
An examination of styles, techniques, themes and moods in drama from the Second World War to the present; theories and techniques of production, performance, and reception, particularly as these affect both the writing and the reading of the play as text. Emphasis on British and American theatre, but with consideration of influential European playwrights and movements, and of post-colonial developments.
Note: Credit will be granted for only one of ENGL 437B, ENGL 437C.

ENGL 438 Units: 1.5 Hours: 3-0
Special Studies in Post-Colonial Literature and Theory
A study of a major aspect of post-colonial literature and/or theory. The specific focus of the course will be determined by the instructor and advertised annually.
Notes:
- May be taken more than once for credit in different topics to a maximum of 3 units.
- Topic is announced each year.

ENGL 439A Units: 1.5 Hours: 3-0
Formerly: part of 439
Colonial Discourse and Postcolonial Studies
An introduction to the major debates of colonial and postcolonial studies; notions of "colonial" in such areas as Africa, India, Latin America, Australia, and the Caribbean; concepts such as nationhood, community, diaspora, exile, and home; recent political, ecological, gender, and subaltern movements; works by such authors as Conrad, Rushdie, Head and Said.
Note: Credit will be granted for only one of ENGL 439A, ENGL 439B.

ENGL 439B Units: 1.5 Hours: 3-0
Formerly: part of 439
Special Studies in Postcolonial Literatures
A study of major writers and/or literatures to emerge from a formerly colonized area, such as India, Africa, Australia, or the Caribbean.
Notes:
- Credit will be granted for only one of ENGL 439B, ENGL 439C.
- May be taken more than once for credit in different topics to a maximum of 3 units.
- Topic is announced each year.

ENGL 448 Units: 1.5 Hours: 3-0
Special Studies in Canadian Literature
A study of a major theme, problem, genre or author in Canadian Literature, determined by the instructor and advertised annually.
Notes:
- May be taken more than once for credit in different topics to a maximum of 3 units.
- Topic is announced each year.

ENGL 449 Units: 1.5 Hours: 3-0
Special Studies in Contemporary Literature
A study of significant literary works published during the past 15 years. Focuses on themes and issues engaged by authors from throughout the English-speaking world.
Notes:
- May be taken more than once for credit in different topics to a maximum of 3 units.
- Topic is announced each year.

ENGL 450 Units: 1.5 Hours: 3-0
Modern Canadian Fiction
A study of modern realist Canadian fiction of the early and mid-20th century addressing questions of nationalism and regionalism, the representation of gender and ethnicity. May include fiction by writers such as MacLennan, Wiseman, Marilyn, Grove, Wilson, Watson and Ross.

ENGL 451 Units: 1.5 Hours: 3-0
Contemporary Canadian Fiction
A study of contemporary realist and other forms of recent Canadian fiction, including historiographic and experimental metafiction. Post-structuralist critique of representation and challenges to the canon by ethnic minority, aboriginal, and feminist writing. Writers may include Marlatt, Bowering, Lai, Ondaatje, Brand and King.

ENGL 452 Units: 1.5 Hours: 3-0
Modern Canadian Poetry
A study of forms and historical contexts of modern Canadian poetry. The modernist reaction against Victorian poetic diction, poetry and nationalism; the importance of women and ethnic poets; the role of the poet and the professionization of poetry; some attention to the long poem. Writers may include Irwin, Scott, Livesay, Purdy and Klein.
Note: Credit will be granted for only one of ENGL 452, ENGL 457.

ENGL 453 Units: 1.5 Hours: 3-0
Contemporary Canadian Poetry
Canadian poetry since 1970, with an emphasis on recently-published works. Environmental and social activist voices, as well as writing based in post-structuralist theories of language. May include works by Scofield, Kretsch, Moure, Carson, McKay and Zwick.
Note: Credit will be granted for only one of ENGL 453, ENGL 457.

ENGL 455 Units: 1.5 Hours: 3-0
Canadian Literature in Transnational Times
Canadian literature read in contexts of globalization past and present; the cosmopolitan character of Canadian writing reflecting migration across diverse cultures and geographies; questioning of what counts as Canadian literature, and of national citizenship and identity. Writers may include Jann Martel, Rohinton Mistry, Anita Badami, Jaspreet Singh and Larissa Lai.

ENGL 456 Units: 1.5 Hours: 3-0
Literature of British Columbia
A study of the ways in which British Columbia is represented in literature. Includes such authors as Ethel Wilson, Howard O'Hagan, George Bowering, Jack Hodgins, Daphne Marlatt, Martin Allerdale Grainger, Emily Carr.

ENGL 457 Units: 1.5 Hours: 3-0
Literary and Cultural Criticism in Canada
Readings in the history of Canadian criticism, covering a range of feminist, poststructuralist, postcolonial, Marxist, diasporic, queer, and ecocritical approaches to issues in literature and culture. Writers may include E.K. Brown, Northrop Frye, George Grant, Linda Hutcheon, Frank Davey, Thomas King, Nicole Brossard, Terry Goldie, Diana Brydon, Len Findlay, Daniel Coleman and Pamela Banting.

ENGL 458 Units: 1.5 Hours: 3-0
Comparative Studies in Contemporary French and English Canadian Literature
An introduction to the comparative study of contemporary Canadian Literature in both official languages. Classes will be conducted in English; readings and assignments can be done in either language. However, students taking a Combined Major in Canadian Literature must read the texts in the original. May include works by George Bowering, Daphne Marlatt, Lolita Lemire Tostevin, Jacques Poulin, Tomson Highway and Nicolas Dickner.
Note: Credit will be granted for only one of ENGL 458, FRAN 417, FREN 487.

ENGL 459 Units: 1.5 Hours: 3-0
Early Canadian Literature
A survey of early texts and their influences on the development of Canadian literature before the 20th century. Genres may include exploration and settler writing, short fiction, poetry, historical narratives, cultural documents, and the novel. Writers may include Richardson, Halliburton, Kirby, Moodie, Duncan and Roberts.

ENGL 460 Units: 1.5 Hours: 3-0
Classic Literary Criticism
A survey of foundational texts in literary criticism from antiquity to the early 20th century. Explores recurrent issues central to the discipline of literary studies such as literary genres and literary language, the category of the author, the evolution of the social and aesthetic functions of literature, literary-critical judgment and literary history. May include readings by Plato, Aristotle, Sidney, Johnson, Hum, Kant, Schiller, Wordsworth, Arnold, Wilde, Eliot and Woolf
Note: Credit will be granted for only one of ENGL 460, ENGL 461.

ENGL 461 Units: 1.5 Hours: 3-0
Introduction to Contemporary Literary Theory
Literary theory studies what literature is, how it functions, and how it produces meaning. On the one hand, literary theory illuminates the norms, conventions, and rules that make literature possible. On the other hand, literary theory reflects on the function and meaning of criticism itself. Students will become familiar with such theories as New Criticism, Structuralism, Psychoanalytic theory, Hermeneutics, Deconstruction, Marxist Criticism, and Feminist Criticism; they will then be able to work with theoretical concepts, issues and terminology.
Note: Credit will be granted for only one of ENGL 461, ENGL 447, ENGL 467, ENGL 468.

</table>
ENGR 003 Units: 4.5 Work Term 3
Students are employed for a work term, normally of four months’ duration. Competencies typically addressed include managing information, research and problem solving, and commitment to quality. Should generally provide an increased level of responsibility in an area that is related to the area of specialization in the student’s program of studies.
Prerequisite(s):
- ENGR 022 and ENGR 130; and
- ENGR 120 or ENGR 240; and
- one of BME 200, CIVE 210, ELEC 250, MECH 200, SENG 265; and
- Academic Writing Requirement satisfied; and
- permission of the faculty.

ENGR 004 Units: 4.5 Work Term 4
Students are employed for a work term, normally of four months’ duration. Competencies typically addressed include project and task management, social responsibility and continuous learning. Should generally provide a path to a career choice in the student’s anticipated degree.
Prerequisite(s):
- ENGR 022 and ENGR 130; and
- ENGR 120 or ENGR 240; and
- one of BME 200, CIVE 210, ELEC 250, MECH 200, SENG 265; and
- Academic Writing Requirement satisfied; and
- permission of the faculty.

ENGR 120 Units: 2.5 Hours: 4-2-0 Design and Communication II
Principles of engineering science and design applied to practical projects undertaken by student teams; integrated development and demonstration of writing, research, design and presentation skills; referencing methods for scientific and technical literature; characteristics of effective technical and scientific style; emphasis on clarity, precision, and consistency; practical experience in writing short technical documents such as memoranda, letters, abstracts, reports, papers, manuals, brochures, and specifications.
Note: Credit will be granted for only one of ENGR 120, ENGR 141, ENGR 240, ENGR 225.
Prerequisite(s):
- One of ENGR 110, ENGR 111, ENGR 112 and ENGR 135, ELEC 199 and ENGR 135, and
- CSC 110 or CSC 111 (CSC 111 may be taken as a corequisite).

ENGR 121 Units: 1.0 Hours: 1-2-0 Design II
Principles of engineering design with application to biomedical, civil, computer, electrical, mechanical and software engineering through practical projects to be undertaken by teams of students.
Note: Credit will be granted for only one of ENGR 121, ENGR 120.
Prerequisite(s):
- One of ENGR 110, ENGR 111, ENGR 112 and ENGR 135, ELEC 199 and ENGR 135, and
- ENGR 240 or ENGR 225; and
- CSC 110 or CSC 111 (CSC 111 may be taken as a corequisite).

ENGR 130 Units: 0.5
Formerly: 020
Introduction to Professional Practice
Awareness of the role and responsibilities of Professional Engineers in society with respect to the environment, ethics, equity, public and worker safety and health considerations. Introduction to technical and other forms of work term and/or work experience report preparation, understanding national and international placement standards, WorkSafeBC standards, engineering logbooks. Development of effective interview techniques, skill assessment and analysis, career management and development. Preparation of resumes and cover letters.
Note: Credit will be granted for only one of ENGR 130, ENGR 020.
ENGR 141 - ENTI 411

ENGR 141  Units: 1.5  Hours: 3-0-1
Formerly: MECH 141
Engineering Mechanics
Forces, moments of forces, couples, resultants of force systems; distributed loads; hydrostatics; conditions of equilibrium and applications to particles and rigid bodies in two dimensions; analysis of statically determinate structures including beams, trusses and arches; bending moment and shear force diagrams; dry friction.
Note: Credit will be granted for only one of ENGR 141, MECH 141, MECH 241, MECH 245.
Prerequisite(s): MATH 100 or MATH 109.
Pre- or Corequisite(s): MATH 110 or MATH 211.

ENGR 240  Units: 1.5  Hours: 3-0
Technical Writing
Searching and referencing methods used in dealing with scientific and technical literature and on the characteristics of effective technical and scientific style. The emphasis throughout will be on clarity, precision and consistency. Students will acquire practical experience in the writing of short technical documents such as memoranda, letters and abstracts, longer forms such as reports, papers, and theses, and instructional forms such as manuals, brochures and specifications.
Note: Credit will be granted for only one of ENGR 240, ENGR 120, ENGL 225, ENGL 226, ENGL 240.
Prerequisite(s): One of ENGR 110, ENGR 111, ENGL 135, ENGL 146, ENGL 147.

ENGR 280  Units: 1.5  Hours: 3-0
Engineering Economics
Note: Credit will be granted for only one of ENGR 280 (if taken prior to May 2012), ADMN 310, ECON 103, ECON 103C, ECON 180, ECON 201.
Prerequisite(s): • MATH 110 and MATH 133; and • MATH 211 or MATH 233A.
Pre- or Corequisite(s): STAT 254 or STAT 260.

ENGR 297  Units: 1.5  Hours: 3-0
Technology and Society
Introduction to the effects of technology on society including the ethical, environmental, cultural, social, economic and political issues raised by technological change. The concepts of sustainability, civil society, engineering law (negligence and product liability torts, contract law and consumer protection statutes) and environmental stewardship are addressed in the context of systems engineering design.
Pre- or Corequisite(s): One of ENGR 120, ENGR 240, ENGL 225.

ENGR 330  Units: 1.5  Hours: 1-3
Professional Career Planning and Engineering Leadership
Career development activities, mentorship opportunities as well as individual coaching with a career educator. The course is designed to empower students to build upon and put into practice the professional career management skills developed throughout their co-op experiences. Each student will propose and execute a career development plan for transition into practicing professional engineering. Students will gain knowledge and an understanding of the social and cultural issues historically associated with the engineering profession.
Prerequisite(s): ENGR 003.

ENGR 400  Units: 1.5  Hours: 0-6
Sustainable Energy Systems Design Project
Students, working in teams and under the supervision of a faculty member, will undertake a significant engineering design project related to sustainable energy systems. Projects are interdisciplinary, industry-based and span the full range of the design process from client needs analysis to physical or virtual prototype.
Prerequisite(s): • ENGR 002; and • permission of the faculty.

ENGR 446  Units: 1.0
Technical Report
A major technical report demonstrating written communication and analytical skills. The report topic must be approved by the Engineering and Computer Science/Math Co-op Program Manager at least two months prior to submission. Work Term Report Guidelines in effect at the time of registration govern report style and format.
Prerequisite(s): ENGR 002 and 6 units of 400-level BME, CENG, CIVE, CSC, ELEC, ENGR, MECH, or SENG courses.
Corequisite(s): ENGR 003.

ENGR 498  Units: 1.5  Hours: 0-0
Engineering Law
Sources and classification of law; professional engineering legislation, registration and discipline, introduction to tort law including negligence; introduction to contract law including employment law. Ethics in professional practice.
Prerequisite(s): ENGR 003.

ENT 100  Units: 1.5  Hours: 3-0
Successful Innovation
Introduces and applies fundamental knowledge of the phenomenon of innovation in for-profit, social, government, and other contexts; provides tools to aid in the recognition of innovation opportunities; introduces use of creativity techniques, design thinking, and other tools and perspectives to generate effective solutions to complex problems; provides change management tools and perspectives aimed at the successful adoption/acceptance of innovation.

ENT 402  Units: 1.5  Hours: 3-0
Entrepreneurship and Small Business for the Non-Specialist
The impact of entrepreneurship and the function of the entrepreneur in new venture creation. A framework is developed which incorporates marketing feasibility studies and financial analysis into a comprehensive business plan. The business venture is examined with respect to financial planning, marketing, management, and tax decisions at the various stages of the business life cycle.
Notes: • Credit will be granted for only one of ENT 402, ENT 302, MECH 462; • Enrolment limited to students outside the Entrepreneurship area of specialization.
Prerequisite(s): Either COM 220 and COM 250, or COM 321 and COM 351; and minimum fourth-year standing; or permission of the Program Director.

ENT 410  Units: 1.5  Hours: 3-0
Venture Marketing Expertise (Promise Skills)
As part of the integrated Entrepreneurship Core, this course material is designed to help students to develop the conceptual tools and techniques needed for market scanning, opportunity recognition, product development, market acceptance, and the establishment and maintenance of venture stakeholder relationships. This element of the Entrepreneurship area of specialization will help students to develop skills in identifying and building the market relationships upon which successful entrepreneurship is based.
Prerequisite(s): • All of COM 315, COM 316, COM 321, COM 322, COM 331, COM 341, COM 351, COM 361, COM 362, COM 371; or • permission of the school.
Corequisite(s): All of ENT 411, ENT 412, ENT 413, ENT 400.

ENT 411  Units: 1.5  Hours: 3-0
Venture Planning/Finance Expertise (Planning Skills)
As part of the integrated Entrepreneurship Core, this course material is designed to help students develop the conceptual tools and techniques necessary to identify critical venture attributes and processes, and the consequent financial outcomes of venture creation decisions. This element of the Entrepreneurship area of specialization will help students to develop skills in recognizing the decision points and enacting the choice patterns that lead to relevant venture outcomes.
Prerequisite(s): • All of COM 315, COM 316, COM 321, COM 322, COM 331, COM 341, COM 351, COM 361, COM 362, COM 371; or • permission of the school.
Corequisite(s): All of ENT 410, ENT 412, ENT 413, ENT 400.
ENT 412  Units: 1.5  Hours: 3-0
Acquiring Expert Venture Cognitions
As part of the integrated Entrepreneurship Core, this course is designed to provide an overarching conceptual framework within which to integrate the other course materials that students encounter within the Entrepreneurship specialization. Students examine the process and content (sequence and norms) of New Venture Expert Scripts, creating their own master and sub-scripts that enable them to become independent economic actors. Students create individual verbal and written searching, screening, planning, financing, start-up and harvesting scripts.
Prerequisite(s):
• All of COM 315, COM 316, COM 321, COM 322, COM 331, COM 341, COM 351, COM 361, COM 362, COM 371; or
• permission of the school.
Corequisite(s): All of ENT 410, ENT 411, ENT 413, ENT 400.

ENT 413  Units: 1.5  Hours: 3-0
Portfolio Practicum
As part of the integrated Entrepreneurship Core, this course helps students to further integrate into practice the concepts experienced within the Entrepreneurship specialization. Students participate in industry tours, networking sessions, start-up experiences, visits from guest speakers, case studies and industry immersions. From these experiences, students create a portfolio that demonstrates to instructors, investors and other stakeholders their mastery of new venture skills and abilities, and the practical integration of knowledge sets acquired in the Entrepreneurship Specialization.
Prerequisite(s):
• All of COM 315, COM 316, COM 321, COM 322, COM 331, COM 341, COM 351, COM 361, COM 362, COM 371; or
• permission of the school.
Corequisite(s): All of ENT 410, ENT 411, ENT 412, ENT 400.

EOS
Earth and Ocean Sciences
School of Earth and Ocean Sciences
Faculty of Science

EOS 110  Units: 1.5  Hours: 3-3
Formerly: also GEOG 110
Oceans and Atmosphere
Origin and structure of the oceans and atmosphere. Dynamic processes that drive ocean and atmosphere circulation, weather patterns and global climate change. The coastal ocean, marine ecosystems, nutrient and carbon cycles, human influences on ocean environments, marine resources and sustainability.
Note: Credit will be granted for only one of EOS 110, GEOG 110, EOS 203A, EOS 213, EOS 217.
Credit will be granted for only two of the following courses with no more than one course from a particular group.
Group 1: EOS 100, EOS 101; Group 2: EOS 110, GEOG 110, EOS 216; Group 3: EOS 120, GEOG 120, EOS 217.

EOS 120  Units: 1.5  Hours: 3-3
Formerly: also GEOG 120
The Dynamic Earth
Note: Credit will be granted for only two of the following courses with no more than one course from a particular group.
Group 1: EOS 100, EOS 101; Group 2: EOS 110, GEOG 110, EOS 216; Group 3: EOS 120, GEOG 120, EOS 217.

EOS 170  Units: 1.5  Hours: 3-0
Formerly: part of 370
Natural Hazards
An overview of natural hazards including earthquakes, volcanoes, tsunami, landslides, flooding, extreme weather, and meteor impacts. Particular attention is given to hazards related to climate change, hazards affecting southwestern British Columbia, and important historic natural disasters. This is an introductory-level course that does not require a science/math background.
Note: Credit will be granted for only one of EOS 170, EOS 370.

EOS 201  Units: 1.5  Hours: 3-3
Sedimentary Geology
The physical, chemical and biological nature of sediments at sea and on land. The process of sediment transport, deposition and diagenesis. The origin and internal stratigraphy of sedimentary basins in the context of plate tectonics. The sedimentary record as used to reconstruct past climates, geographies, and earth and ocean dynamics. The geological evolution of western Canada as deduced from its stratigraphic record.
Prerequisite(s): EOS 120 and EOS 205.

EOS 202  Units: 1.5  Hours: 3-3
Structural Geology
Geometric, kinematic and dynamic analysis of deformation processes in rock bodies at different scales, in both brittle and ductile regimes. Stress and strain in rocks and their relationship to geologic structures. Interpretation of the physical mechanisms of folding and faulting in rocks with structural data and geological maps. The origin of crustal deformation in the context of plate tectonics.
Prerequisite(s): EOS 120.

EOS 205  Units: 1.5  Hours: 3-3
Mineralogy
Introduction to the fundamental principles and concepts of mineralogy and optical mineralogy. A practical and systematic treatment of the common rock-forming minerals and mineral groups. Emphasis will be placed on understanding the behaviour of minerals in relation to changing physical and chemical conditions in igneous, metamorphic, and sedimentary environments.
Prerequisite(s):
• EOS 120, and
• CHEM 102.

EOS 210  Units: 1.5  Hours: 3-0
Also: PHYS 210
Introductory Geophysics
An introduction to seismology, gravity, geomagnetism, paleomagnetism and heat flow, and how they contribute to our understanding of whole Earth structure and plate tectonics.
Note: Credit will be granted for only one of EOS 210, PHYS 210.
Prerequisite(s):
• MATH 101; and
• one of PHYS 110, PHYS 112, PHYS 120, PHYS 122.

EOS 225  Units: 1.5  Hours: 3-3
Earth System Modelling
An introduction to the construction, analysis, and interpretation of quantitative models of the Earth System and its components, with a particular emphasis on the use of computers in scientific problem solving. Both process models and statistical models will be discussed. Topics may include simple models of mountain building, reaction kinetics, global energy balance, ecosystem dynamics, the geothermal gradient, and ocean tides.
Prerequisite(s):
• Either MATH 202, or two of MATH 200, MATH 201, MATH 204, MATH 205; and
• one of PHYS 102, PHYS 102A and PHYS 102B, PHYS 110 and PHYS 111, PHYS 112, PHYS 120 and PHYS 130.
Pre- or Corequisite(s):
• One of STAT 255, STAT 260, GEOG 226; or
• permission of the school.

EOS 240  Units: 1.5  Hours: 3-3
Geochemistry
Thermodynamic and kinetic approaches to understanding the Earth system. Application of theory to practical questions such as mineral formation, weathering, water quality, and petroleum formation. Thermodynamic and kinetic approaches are applied to the general geochemistry of the oceans, atmosphere and solid earth.
Note: Credit will be granted for only one of EOS 240, EOS 360 (if taken prior to September 1992).
Prerequisite(s):
• All of EOS 110, EOS 120, EOS 205; and
• one of CHEM 245, PHYS 217, PHYS 317.

EOS 260  Units: 1.5  Hours: 3-0
Earth System Evolution
Introduces the inherently interdisciplinary field of “Earth System Science” by studying how Earth has evolved throughout its history. Focus is on processes which link components of the Earth system and feedbacks which may alternately keep conditions on Earth stable or cause major change. The course includes study of some major events in Earth history (examples may include snowball Earth, mass extinctions, superplume events).
Prerequisite(s):
• EOS 110 and EOS 120; and
• CHEM 101 or CHEM 150; or
• permission of the department.
EOS 300 - EOS 365

EOS 300  Units: 1.5  Hours: 3-3
Earth Science Field School
An up to two-week field course in and around southern Vancouver Island during which the students will be introduced to geological fieldwork (mapping, traversing, drawing sedimentary logs, sampling, recording field notes) and the regional geology and tectonics of Vancouver Island. Normally held in late April - early May after examinations for Year 2.
Note: Priority is given to students registered to BSc program in Earth Sciences or Combined Physics and Earth Sciences or Combined Chemistry and Earth and Ocean Sciences or Combined Physical Geography and Earth and Ocean Sciences or Combined Biology and Earth and Ocean Sciences.
Prerequisite(s):
• All of EOS 201, EOS 202, EOS 205; and
• declared Honours or Major in Earth Sciences or declared Combined Honours or Major in Physics and Earth Sciences, Chemistry and Earth and Ocean Sciences, Physical Geography and Earth and Ocean Sciences, or Biology and Earth and Ocean Sciences; or
• permission of the school.

Also: BIOL 311 (formerly BIOL 311B)

Biological Oceanography
An introduction to the ways in which physical, chemical and biological processes interact to regulate structure and productivity of marine ecosystems. Lectures will focus primarily on planktonic ecosystems. Participation in a one-day oceanographic cruise is required.
Note: Credit will be granted for only one of EOS 311, BIOL 311B.
Prerequisite(s):
• CHEM 101 or CHEM 150; and
• EOS 120; and
• two of MATH 100, MATH 101, MATH 102, MATH 109, MATH 151, and
• one of PHYS 102, PHYS 102A and PHYS 102B, PHYS 110 and PHYS 111, PHYS 112, PHYS 120 and PHYS 130; and
• minimum third-year standing.
Recommendation(s): BIOL 215 and EOS 110 recommended prior to EOS 311.

EOS 312  Units: 1.5  Hours: 3-3
Introductory Chemical Oceanography
An introduction to the sources, distribution, and transformations of chemical constituents of the ocean, and their relation to biological, chemical, geological, and physical processes. Topics include: controls on average concentration of chemicals in the ocean; vertical and horizontal distributions of ocean constituents; air-sea interactions; production, export, and remineralization of organic matter; the ocean carbon cycle; human-induced changes; stable isotopes and trace elements.
Prerequisite(s):
• One of EOS 110, EOS 314, EOS 431; and
• CHEM 102; and
• one of MATH 100, MATH 102, MATH 109.

EOS 313  Units: 1.5  Hours: 3-3
Introductory Geological Oceanography
An introduction to the geological processes that shape the ocean basins, oceanic plate creation and structure, hydrothermal circulation at mid-ocean ridges, bathymetry, ocean islands, different types of ocean margins, ocean sediments, the sedimentary record of past ocean circulation, coastal geography.
Prerequisite(s):
• EOS 120, and
• CHEM 101 or CHEM 150.

EOS 314  Units: 1.5  Hours: 3-3
Descriptive Physical Oceanography
An introduction to the geography of Earth’s fluid ocean and the physics that govern it. Topics include fundamental physical variables and their distribution, air/sea interaction, water masses and their formation, large-scale ocean dynamics, equatorial and coastal physical oceanography, and interactions between physical, chemical, and biological processes in the ocean. Participation in a single-day oceanographic cruise is required.
Prerequisite(s):
• Two of MATH 100, MATH 101, MATH 102, MATH 109, MATH 151; and
• one of PHYS 102, PHYS 102A and PHYS 102B, PHYS 110 and PHYS 111, PHYS 112, PHYS 120.

EOS 316  Units: 1.5  Hours: 3-3
Formerly: part of 310 and 320
Igneous and Metamorphic Geology
The physical and chemical processes governing changes that rocks undergo as they equilibrate at different pressure and temperature conditions within the Earth. Melting, crystallization and sub-solidus recrystallization as a function of bulk composition. The role of different plate tectonic settings in controlling the pressure-temperature-composition conditions of formation of different igneous and metamorphic rocks.
Note: Credit will be granted for only one of EOS 316, EOS 310, EOS 320.
Prerequisite(s):
• EOS 205; and
• one of EOS 240, PHYS 217, PHYS 317.

EOS 330  Units: 1.5  Hours: 3-3
Paleobiology
Processes and patterns in the evolution of life through time: extinction, evolution and diversification as recognized from the fossil record. Major events in the history of life. The relationship of biotas to depositional systems: paleoecology, biostratigraphy and paleobiogeography. The major groups of microfossils and invertebrates will be studied with emphasis on their applications in Earth Sciences. Laboratories and field trips will provide illustrative fossil examples.
Note: Credit will be granted for only one of EOS 330, EOS 360.
Prerequisite(s):
• Biology 12 or BIOL 150A; and
• EOS 201; or
• permission of the school.

EOS 335  Units: 1.5  Hours: 3-3
Formerly: part of 430
Isotopes in Natural Sciences
Basic principles controlling isotope distribution, including natural abundances, radiogenic decay, equilibrium and kinetic isotope effects. Applications of the principles in the fields of: Earth history - global processes and chronology; mineralization - diagenesis, catagenesis; hydrogeology and characterization of water and air masses; and biogeochemistry and biological fractionation isotopes.
Note: Credit will be granted for only one of EOS 335, EOS 430.
Prerequisite(s):
• EOS 240; or
• permission of the department.

EOS 340  Units: 1.5  Hours: 3-0-1
Also: PHYS 340
Atmospheric Sciences
Introduction to the dynamic and thermodynamic processes governing the Earth’s weather and climate. Emphasis on energy and temperature, cloud and precipitation processes; winds and weather systems; ocean-atmosphere interaction; El Niño; past, present and future climates.
Note: Credit will be granted for only one of EOS 340, PHYS 340.
Prerequisite(s):
• One of PHYS 102, PHYS 102A and PHYS 102B, PHYS 110 and PHYS 111, PHYS 112, PHYS 120 and PHYS 130; or
• permission of the department.
Pre- or Corequisite(s):
• Either EOS 225, or two of MATH 200, MATH 201, MATH 204, MATH 205; and
• one of CHEM 245, PHYS 217, PHYS 317.

EOS 350  Units: 1.5  Hours: 3-0
Understanding the Oceans
Focuses on a small set of ocean topics involving human impacts on the ocean that are of particular relevance to society. Topics considered may include pollution, overfishing, ocean acidification, marine conservation, and coastal modification.
Notes:
• Credit will be granted for only one of EOS 350, EOS 110 (if taken prior to May 2011), GEOG 110
• Credit for this course will not be counted toward program requirements in Earth and Ocean Sciences (if taken prior to May 2011 or after May 2017), but Earth and Ocean Sciences students may take this course as an elective.

EOS 365  Units: 1.5  Hours: 3-0
Also: ES 365
Climate and Society
A survey of the climate system and its interaction with past, present, and future societies. Topics include: climate change and the onset of agriculture/domestication, climate change and the rise and fall of early civilizations, the anthropocene and global warming. The interplay between science, media, public relations and public policy will also be addressed.
Note: Credit will be granted for only one of EOS 365, ES 365.
Prerequisite(s):
• Minimum third-year standing.
• If taken as ES 365, ES 200 and minimum third-year standing.
EOS 400  Units: 1.5  
Advanced Field Geology
A field trip of up to two week’s duration consisting of a transect of a major geological belt (usually the Canadian Cordillera). The focus varies with location, with the Cordilleran trip focusing on the tectonic interpretation of rock packages; the processes responsible for orogenesis; the role of orogens in the construction, growth, and evolution of continents; and how orogens affect and are affected by climate and the Earth system. Normally held in late August to early September, immediately prior to the commencement of the fall term.

Note: Priority is given to students registered to Honours or Major program in Earth Sciences.
Prerequisite(s):
- either EOS 316, or EOS 310 and EOS 320; and
- declared Honours or Major in Earth Sciences; or
- permission of the school.
Recommendation(s): EOS 330 strongly recommended prior to EOS 400.

EOS 403  Units: 1.5  Hours: 3-0  
Global Biogeochemical Cycles
Organic matter is studied from its formation (primary production) through its transformation and destruction during transport, depositional, and diagenetic remineralization processes. Global carbon, nitrogen, phosphorous, and sulphur cycles are discussed. Emphasis is placed on describing the fluxes of nutrients and other major compounds within and across the interface of soils, and the sedimentary and water columns.

Note: Normally offered in alternate years. Students are advised to consult with the department to determine when this is offered.
Prerequisite(s):
- EOS 240; and
- EOS 335 or EOS 430; or
- permission of the department.

EOS 408  Units: 1.5  Hours: 3-0  
Marine Geology
A combined lecture and seminar course covering modern marine geological processes in a wide range of oceanic environments: mid-ocean ridges, mid-plate volcanoes and hot spots, coastlines, continental margins and abyssal plains. Modern methods of data collection and analysis, including the Ocean Drilling Program.

Note: Normally offered in alternate years. Students are advised to consult with the department to determine when this is offered.
Prerequisite(s):
- EOS 201; and
- EOS 310 or EOS 316; or
- permission of the school.

EOS 410  Units: 1.5  Hours: 3-0  
Global Tectonics
A study of global tectonic systems including geological, geophysical, geochemical and geographical perspectives on major tectonic environments. A wide range of examples from different continents will be used. Vancouver Island will also be examined.

Prerequisite(s):
- EOS 202; or
- permission of the school.

EOS 416  Units: 1.5  Hours: 3-3  
High Temperature Petrology
The thermodynamic and kinetic principles controlling the origin and behaviour of rocks at high temperatures and pressures. Thermodynamic and kinetic relations in igneous and metamorphic systems applied to understanding the petrogenesis of magmatic and metamorphic rock suites. Applications to the geodynamic, hydrothermal and tectonic evolution of the Earth and terrestrial planets.

Note: Normally offered in alternate years. Students are advised to consult with the department to determine when this is offered.
Prerequisite(s):
- One of EOS 310, EOS 316, EOS 320; and
- one of CHEM 245, PHYS 217, PHYS 317.

EOS 420  Units: 1.5  Hours: 3-3  
Resource Geology
A geological study of the major types of economically important metallic and nonmetallic minerals and other earth resources, basic processes of ore formation, exploration and mining techniques. The impacts of these activities on the environment are also considered.

Note: Normally alternates with EOS 422. Students are advised to consult with the department to determine when this is offered.
Prerequisite(s):
- EOS 201.
Pre- or Corequisite(s):
- Either EOS 310, or EOS 316 and EOS 320; or
- permission of the school.

EOS 422  Units: 1.5  Hours: 3-0  
Formerly: part of 420
Energy Resources
Discusses the Earth’s major economic natural energy resources. Focuses on conventional oil and gas, coal, CBM and tar sands, including modes of formation, accumulation and recovery, along with the mechanisms of migration and trapping. Canadian examples of petroleum systems and basin modelling augment the material. To a lesser degree, other energy sources are looked at, such as nuclear fuels, solar, hydrogen, geothermal, biogas, wind and tidal, as well as related socio-economic-environmental issues.

Note: Credit will be granted for only one of EOS 422, EOS 420 (if taken prior to Sep-Dec 2004).
- Normally offered in alternate years. Students are advised to consult with the department to determine when this is offered.
Prerequisite(s):
- EOS 201 and EOS 202.

EOS 425  Units: 1.5  Hours: 3-3  
Aqueous Chemistry in the Earth and Ocean
What controls the concentrations of aqueous species in the hydrosphere? Principles of chemical equilibrium and kinetics are applied to the major aspects of the global hydrochemical cycle. Investigates reactions and sources and sinks of elements in oxic and anoxic aquatic systems such as rainwater, rivers, lakes, groundwater, estuaries, and oceans; also the application of natural and anthropogenic tracers to geochemical problems within aquatic systems.

Note: Normally offered in alternate years. Students are advised to consult with the department to determine when this is offered.
Prerequisite(s):
- EOS 240; and
- one of EOS 335, EOS 430, 1.5 units of 300- or 400-level CHEM course; or
- permission of the school.

EOS 427  Units: 1.5  Hours: 3-0  
Also: PHYS 427
Geophysics
Principles of seismology, gravity, geomagnetism, heat flow, and how they contribute to our understanding of whole Earth structure and plate tectonics.

Notes:
- Credit will be granted for only one of EOS 427, PHYS 427.
- Normally offered in alternate years. Students are advised to consult with the department to determine when this course is offered.
Prerequisite(s):
- PHYS 321A and PHYS 326.
Pre- or Corequisite(s):
- MATH 346.

EOS 431  Units: 1.5  Hours: 3-0  
Also: PHYS 441
Physical Oceanography
Observations and theories explaining the wind- and buoyancy-driven circulations of the ocean. Topics include wind-forced currents; ocean-scale gyres; coastal circulation; conservation of dynamical tracers; mixing; potential energy and the resulting basin-scale overturning circulations; waves.

Note: Credit will be granted for only one of EOS 431, PHYS 441.

Prerequisite(s):
- Either EOS 225, or two of MATH 200, MATH 201, MATH 204, MATH 205; and
- one of PHYS 102, PHYS 102A and PHYS 102B, PHYS 110 and PHYS 111, PHYS 112, PHYS 120; or
- permission of the school.

EOS 433  Units: 1.5  Hours: 3-0  
The Climate System
Studies of the Earth’s climate require an understanding of the intimate links between the hydrosphere, atmosphere, cryosphere and biosphere. Basic theories of the dynamics of ocean and atmosphere. The physics and biogeochemistry of coupled models are examined with emphasis on simple intuition-building mathematical models as well as discussion of large computer models.

Note: Normally offered in alternate years. Students are advised to consult with the department to determine when this is offered.
Pre- or Corequisite(s):
- EOS 340; or
- permission of the school.
**EOS 450 - EPHE 114**

**EOS 450**  
Units: **1.5**  
Hours: **3-3-0**  
Quaternary Geology  
The methods and theory of Quaternary research, stressing the processes of interaction between the geosphere and biosphere. Topics include dating methods, paleoenvironmental studies, glaciation and global change, geological hazards, interdisciplinary research and applied studies, particularly the influence for engineering design.  
Prerequisite(s):  
- EOS 201 and EOS 240, or  
- permission of the school.

**EOS 460**  
Units: **1.5**  
Hours: **3-3**  
Earth System Science  
An examination of the interrelationships between the complex systems operating in the solid Earth, hydrosphere, atmosphere and biosphere; methods of systems analysis for the planet, modelling of global processes.  
Prerequisite(s):  
- EOS 260, and  
- EOS 335 or EOS 430, and  
- 3 units of EOS courses numbered 300 or higher (excluding EOS 350, EOS 360, EOS 365, EOS 370).

**EOS 480**  
Units: **1.5**  
Hours: **3-3**  
Applied Geophysics  
An introduction to geophysical methods used in resource exploration and in investigations of crustal structure. Topics include principles and applications of seismic, gravity, magnetic, electrical and electromagnetic methods. Emphasis will be placed on interpretation of geophysical data for Earth structure.  
Prerequisite(s):  
- Minimum fourth-year standing, and  
- declared Honours or Major in Earth and Ocean Sciences or Physics; or  
- permission of the school.

**EOS 490**  
Units: **1.5 or 3.0**  
Hours: **3-0**  
Directed Studies in Earth and Ocean Sciences  
With the consent of the School and the faculty member concerned, a student may be permitted to pursue a course of directed studies.  
Note: Students may not take more than 3 units of EOS 490 studies.

**EOS 491**  
Units: **1.5-3.0**  
Hours: **3-0**  
Advanced Topics in Earth and Ocean Sciences  
Examination of a specific topic in Earth and Ocean Sciences.  
Note: May be taken more than once for credit in different topics.  
Prerequisite(s): Permission of the department.

**EOS 499A**  
Units: **1.5**  
Formerly: part of 499  
Honours Thesis I  
The first stage of a research project conducted under the direction of a faculty member.  
Notes:  
- Credit will be granted for only one of EOS 499A, EOS 499, EOS 499B.  
- Open to Honours students only.  
- EOS 499A and EOS 499B are “hed” courses and must be taken in consecutive terms except with permission of the department.  
Credit for EOS 499A will be assigned only upon successful completion of EOS 499B.  
Prerequisite(s): Permission of the department.  
Grading: AP, standard grade (assigned upon completion of 499B, if 499B is not completed, a grade equivalent to N will be assigned to 499A).

**EOS 499B**  
Units: **1.5**  
Formerly: part of 499  
Honours Thesis II  
Continuation of a research project conducted under the direction of a faculty member.  
Notes:  
- Credit will be granted for only one of EOS 499B, EOS 499, EOS 499A.  
- Open to Honours students only.  
- EOS 499A and EOS 499B are “hed” courses and must be taken in consecutive terms except with permission of the department.  
Credit for EOS 499A will be assigned only upon successful completion of both courses.  
Prerequisite(s): EOS 499A.

**EPHE**  
**Exercise Science, Physical and Health Education**

**School of Exercise Science, Physical and Health Education**

**Faculty of Education**

Courses offered by the Faculty of Education are also found under the following course codes: AE, ED-D, ED-P, EDCI, EPHE, IA, IED, IE, INP, ME.

**EPHE 105**  
Units: **0.5**  
Hours: **2-0**  
Formerly: PE 105  
Swimming  
Intended for students pursuing degrees in the Faculty of Education. Designed to develop each participant’s level of performance, ability to analyze skills, and understanding of concepts within the activity of swimming.  
Note: Credit will be granted for only one of EPHE 105, PE 105.

**EPHE 106**  
Units: **0.5**  
Hours: **2-0**  
Formerly: PE 106  
Track and Field  
Intended for students pursuing degrees in the Faculty of Education. Designed to develop each participant’s level of performance, ability to analyze skills, and understanding of concepts within the activity of track and field.  
Note: Credit will be granted for only one of EPHE 106, PE 106.

**EPHE 107**  
Units: **0.5**  
Hours: **2-0**  
Formerly: PE 107  
Gymnastics  
Intended for students pursuing degrees in the Faculty of Education. Designed to develop each participant’s level of performance, ability to analyze skills, and understanding of concepts within the activity of gymnastics.  
Note: Credit will be granted for only one of EPHE 107, PE 107.

**EPHE 109**  
Units: **0.5**  
Hours: **2-0**  
Formerly: PE 109  
Recreational Dance  
Intended for students pursuing degrees in the Faculty of Education. Designed to develop each participant’s level of performance, ability to analyze skills, and understanding of concepts within the activity of recreational dance.  
Note: Credit will be granted for only one of EPHE 109, PE 109.

**EPHE 113**  
Units: **0.5**  
Hours: **2-0**  
Formerly: PE 113  
Golf  
Intended for students pursuing degrees in the Faculty of Education. Designed to develop each participant’s level of performance, ability to analyze skills, and understanding of concepts within the activity of golf.  
Note: Credit will be granted for only one of EPHE 113, PE 113.

**EPHE 114**  
Units: **0.5**  
Hours: **2-0**  
Formerly: PE 114  
Creative Dance  
Intended for students pursuing degrees in the Faculty of Education.

**EPHE 104**  
Units: **0.5**  
Hours: **2-0**  
Formerly: PE 104  
Special Activity  
Used to pilot a new activity or as a directed study for a special activity not included in EPHE 105-137.  
Notes:  
- Pro Forma required.  
- With special permission, may be taken more than once for credit in a degree program.  
Prerequisite(s): One of admission to BEd (Secondary Curriculum) program with physical education teaching area, admission to BA program in Recreation and Health Education, admission to BSc program in Kinesiology.
**EPHE 116**  
Units: 0.5  
Hours: 2-0  
Formerly: PE 116  
Badminton  
Intended for students pursuing degrees in the Faculty of Education. Designed to develop each participant’s level of performance, ability to analyze skills, and understanding of concepts within the activity of badminton.  
Note: Credit will be granted for only one of EPHE 116, PE 116.

**EPHE 117**  
Units: 0.5  
Hours: 2-0  
Formerly: PE 117  
Tennis  
Intended for students pursuing degrees in the Faculty of Education. Designed to develop each participant’s level of performance, ability to analyze skills, and understanding of concepts within the activity of tennis.  
Note: Credit will be granted for only one of EPHE 117, PE 117.

**EPHE 119**  
Units: 0.5  
Hours: 2-0  
Formerly: PE 119  
Contemporary Dance  
Intended for students pursuing degrees in the Faculty of Education. Designed to develop each participant’s level of performance, ability to analyze skills, and understanding of concepts within the activity of contemporary dance.  
Note: Credit will be granted for only one of EPHE 119, PE 119.  
Recommendation(s): Recommended for students pursuing degrees in the Faculty of Education.

**EPHE 120**  
Units: 0.5  
Hours: 2-0  
Formerly: PE 120  
Basketball  
Intended for students pursuing degrees in the Faculty of Education. Designed to develop each participant’s level of performance, ability to analyze skills, and understanding of concepts within the activity of basketball.  
Note: Credit will be granted for only one of EPHE 120, PE 120.

**EPHE 121**  
Units: 0.5  
Hours: 2-0  
Formerly: PE 121  
Soccer  
Intended for students pursuing degrees in the Faculty of Education. Designed to develop each participant’s level of performance, ability to analyze skills, and understanding of concepts within the activity of soccer.  
Note: Credit will be granted for only one of EPHE 121, PE 121.

**EPHE 122**  
Units: 0.5  
Hours: 2-0  
Formerly: PE 122  
Volleyball  
Intended for students pursuing degrees in the Faculty of Education. Designed to develop each participant’s level of performance, ability to analyze skills, and understanding of concepts within the activity of volleyball.  
Note: Credit will be granted for only one of EPHE 122, PE 122.

**EPHE 123**  
Units: 0.5  
Hours: 2-0  
Formerly: PE 123  
Rugby  
Intended for students pursuing degrees in the Faculty of Education. Designed to develop each participant’s level of performance, ability to analyze skills, and understanding of concepts within the activity of rugby.  
Note: Credit will be granted for only one of EPHE 123, PE 123.

**EPHE 124**  
Units: 0.5  
Hours: 2-0  
Formerly: PE 124  
Field Hockey  
Intended for students pursuing degrees in the Faculty of Education. Designed to develop each participant’s level of performance, ability to analyze skills, and understanding of concepts within the activity of field hockey.  
Note: Credit will be granted for only one of EPHE 124, PE 124.

**EPHE 125**  
Units: 0.5  
Hours: 2-0  
Formerly: PE 125  
Softball  
Intended for students pursuing degrees in the Faculty of Education. Designed to develop each participant’s level of performance, ability to analyze skills, and understanding of concepts within the activity of softball.  
Note: Credit will be granted for only one of EPHE 125, PE 125.  
Recommendation(s): Recommended for students pursuing degrees in the Faculty of Education.

**EPHE 126**  
Units: 0.5  
Hours: 2-0  
Formerly: PE 126  
Orienteering  
Intended for students pursuing degrees in the Faculty of Education. Designed to develop each participant’s level of performance, ability to analyze skills, and understanding of concepts within the activity of orienteering.  
Note: Credit will be granted for only one of EPHE 126, PE 126.

**EPHE 133**  
Units: 0.5  
Hours: 2-0  
Formerly: PE 133  
Strength Training  
Intended for students pursuing degrees in the Faculty of Education. Designed to develop each participant’s level of performance, ability to analyze skills, and understanding of concepts within the activity of strength training.  
Note: Credit will be granted for only one of EPHE 133, PE 133.

**EPHE 134**  
Units: 0.5  
Hours: 2-0  
Formerly: PE 134  
Yoga  
Intended for students pursuing degrees in the Faculty of Education. Designed to develop each participant’s level of performance, ability to analyze skills, and understanding of concepts within the activity of yoga.  
Note: Credit will be granted for only one of EPHE 134, PE 134.

**EPHE 135**  
Units: 0.5  
Hours: 2-0  
Formerly: PE 135  
Martial Arts  
Intended for students pursuing degrees in the Faculty of Education. Designed to develop each participant’s level of performance, ability to analyze skills, and understanding of concepts within the activity of martial arts.  
Note: Credit will be granted for only one of EPHE 135, PE 135.

**EPHE 136**  
Units: 0.5  
Hours: 2-0  
Lacrosse  
Intended for students pursuing degrees in the Faculty of Education. Designed to develop each participant’s level of performance, ability to analyze skills, and understanding of concepts within the activity of lacrosse.  
Note: Credit will be granted for only one of EPHE 136, PE 104 (if taken in the same topic), PE 104 (if taken in the same topic).  
Recommendation(s): Recommended for students pursuing degrees in the Faculty of Education.

**EPHE 137**  
Units: 0.5  
Hours: 2-0  
Experiential Outdoor Education  
Intended for students pursuing degrees in the Faculty of Education. Designed to develop each participant’s level of performance, ability to analyze skills, and understanding of concepts within the activity of experiential outdoor education.  
Note: Credit will be granted for only one of EPHE 137, PE 104 (if taken in the same topic).  
Prerequisite(s): One of admission to BEd (Secondary Curriculum) program with physical education teaching area, admission to BA program in Recreation and Health Education, admission to BSc program in Kinesiology.

**EPHE 141**  
Units: 1.5  
Hours: 3-2  
Formerly: PE 141  
Human Anatomy  
Systematic study of human anatomy emphasizing the relationship between structure and anatomical function. Involves detailed examination of human tissues, organs, and structural components of all physiological systems (neural, muscular, skeletal, integument, cardiovascular, respiratory, digestive, renal, lymphatic, endocrine, reproductive) emphasizing those involved in human movement. Mandatory system-focused weekly laboratories using human skeletons, fresh tissue dissections, computer graphics, anatomical charts, and plastinated models complement lectures to provide an understanding of the structural organization of the human body.  
Note: Credit will be granted for only one of EPHE 141, PE 141.

**EPHE 142**  
Units: 1.5  
Hours: 3-0  
Formerly: PE 142  
Personal Health, Wellness and Potential  
An examination of lifestyle behaviours, which have the power to enhance or diminish personal potential. Current wellness models and motivational theories will be reviewed and applied to wellness planning as related to personal and professional performance. Topics will include physical activity and health; nutrition; stress management; substance use/abuse; environmental awareness; goal setting; and the process of decision-making.  
Note: Credit will be granted for only one of EPHE 142, PE 142.
Multidisciplinary Foundations of Physical Activity
The relationship of physical activity to education, kinesiology, athletics, health, recreation and leisure. The contributions made by the sciences of physiology, motor learning and biomechanics are discussed. Students gain an understanding of the historical, philosophical and psychosociological foundations of physical education and discuss a wide range of contemporary issues as they affect physical activity and active living.

Note: Credit will be granted for only one of EPHE 143, PE 143.

Introduction to Nutrition: Concepts and Controversies
The basics of diet planning, dietary guidelines and weight management will be covered through the application and demonstration of nutritional principles and their relationship to physical activity and health. Controversial topics such as ergogenic aids, vitamin and mineral supplementation, alcohol, diets and organic foods will be discussed using a balanced view of scientific evidence.

Note: Credit will be granted for only one of EPHE 155, PE 155.

The Science of Batman
The extreme range of adaptability of the human body explored through the life of the Caped Crusader, examines human potential using Batman as a metaphor for the ultimate in human conditioning; evaluates the concepts of adaptation to exercise and injury from the perspective of science and exercise training; examines the multiple sciences behind exercise adaptation, musculoskeletal injury and concussion, and limitations of the human body and mind.

Co-op Seminar: Introduction to Professional Practice
Discusses the nature of co-operative education experiential education expectations, how to bring learning into the co-op experience, and the services provided by the EPHE Co-op Office. Advice on how to apply for and succeed in co-op placements, write about the experience and assist in job development.

Note: Offered in the September to December academic term.

Grading: COM, N, F.

Qualitative Analysis of Human Movement
Current theories, principles and practice related to the qualitative analysis of motor skills including basic mechanical principles (stability, force, leverage, and linear and rotary motion).

Introduction to Human Systemic Physiology
The study of the integrated functions of physiological systems with emphasis on the nervous, endocrine, muscular, cardiovascular and respiratory systems.

Note: Credit will be granted for only one of EPHE 241, EPHE 241B, PE 241B.

Prerequisite(s): EPHE 141 or PE 141.

Introduction to Human Cellular Physiology
The study of the molecular and cellular functions in humans with emphasis on homeostasis, cellular transport, protein synthesis, energy metabolism, cellular control, and blood as a tissue.

Note: Credit will be granted for only one of EPHE 242, EPHE 241A, PE 241A.

Prerequisite(s): One of Biology 12, BIOL 150B, BIOL 186, BCH 190B.

Foundations of Recreation and Leisure
An introduction to the nature and scope of recreation; a consideration of past influences and future trends; the role of the recreational professional.

Note: Credit will be granted for only one of EPHE 243, PE 243.

Canadian Recreation Delivery Systems
An overview of the development and delivery of recreational programs in Canada. Canadian federal, provincial, municipal, private and volunteer agencies are described and analyzed.

Note: Credit will be granted for only one of EPHE 244, PE 244.

Motor Learning
Neural and cognitive processes underlying human skilled action and the factors that influence learning and control of these actions. Ways in which the human motor system enables the acquisition and retention of complex movement skills and implications for the design of instructional situations to support retention and optimal performance of skilled actions.

Note: Credit will be granted for only one of EPHE 245, PE 245.

Teaching Strategies for Active Health
Designed specifically for physical education teachers, reviews health topics outlined in the BC Ministry of Education’s IRPs for Physical Education and Health and Career Education. Topics include Quality Daily Physical Education, Active Living, Comprehensive School Health, eating disorders, stress management, nutrition, and personal and school health planning. Also focuses on student-centered learning approaches to encourage students to become active advocates for their own health.

Notes:
- Credit will be granted for only one of EPHE 246, PE 246, PE 144.
- May also be of interest to those working in the recreation or health fields.

Physical Education for General Classroom Teachers: A
Assists generalist teachers in planning and implementing physical education programs for the elementary grades. Students will develop the knowledge and pedagogical skills necessary to help children incorporate physical activity as part of a healthy lifestyle. Overall focus is on the learning of movement skills and on the developing child as a learner. Includes a variety of teaching experiences with elementary school-age children.

Notes:
- Credit will be granted for only one of EPHE 310, PE 304, PE 270.
- This course does NOT include an experiential component.
EPHE 311  Units: 1.5  Hours: 3-0
Formerly: PE 311, part of PE 304
Physical Education for General Classroom Teachers: B
Extends and refines the knowledge and pedagogical skills included in EPHE 310. Overall focus is on broadening their application to a variety of different movement categories in the elementary education curriculum. Students learn to create inclusive unit and yearly plans that encourage children to incorporate physical activity as part of a healthy lifestyle. Includes a variety of teaching experiences with elementary school-age children.

Notes:
• Credit will be granted for only one of EPHE 311, PE 247, PE 304, PE 311, EDUC 304.
• Students with credit for EPHE 310 and/or EPHE 311 may not receive credit for EPHE 312.

Prerequisite(s):
• EPHE 310 or PE 310, and
• admission to BEd program in Elementary Education.

---

EPHE 312  Units: 1.5  Hours: 3-0
Formerly: PE 312, part of PE 304
Overview of Elementary or Middle School Physical Education
Overview of the content and structure of the BC elementary or middle school physical education curriculum. Introduces basic pedagogical skills necessary to implement a quality physical education program. Focus is on the learning of movement skills and on the developing student as a learner. Includes a variety of teaching experiences with peers and elementary or middle school students.

Notes:
• Credit will be granted for only one of EPHE 312, PE 312, PE 247, PE 304, or EDUC 304.
• Students with credit in EPHE 312 may not receive credit for EPHE 310 and/or EPHE 311.

Prerequisite(s): Admission to BEd post-degree professional program in Elementary or Middle Years Education.

---

EPHE 341  Units: 1.5  Hours: 3-2
Formerly: PE 341
Biomechanics
Focuses on the fundamental physical and mechanical laws that control human movement and relates these laws to the techniques used in a variety of motor skills. Teaches how optimal performances in motor skills are based on the best use of these laws.

Note: Credit will be granted for only one of EPHE 341, PE 341.

Prerequisite(s):
• EPHE 201; and
• MATH 100 or MATH 102; and
• one of PHYS 102, PHYS 102A, PHYS 110.

---

EPHE 342  Units: 1.5  Hours: 3-0
Formerly: PE 342
History of Physical Education
Interpretative study and analysis of physical education and sport through their historical development; current trends, social and cultural implications; relationship to education.

Note: Credit will be granted for only one of EPHE 342, PE 342.

---

EPHE 344  Units: 1.5  Hours: 2-1
Formerly: PE 344
Care and Prevention of Athletic Injuries
An introduction to general athletic training practices. Topics to be covered include safe environments, identifying risk factors associated with specific sports, legal responsibilities and documentation, developing and implementing emergency protocols for crisis procedures, and basic taping and strapping techniques. May include a practical field experience.

Notes:
• Credit will be granted for only one of EPHE 344, PE 344.
• Current certification in a minimum of Standard First Aid (including CPR Level C) is required prior to taking this course.

Prerequisite(s):
• One of EPHE 241, EPHE 241B, PE 241B, or
• permission of the school.

EPHE 346  Units: 1.5  Hours: 3-0
Formerly: PE 346
Motor Development and Physical Maturation
An overview of motor development and maturation from the neonate to adulthood and old age. Special attention will be given to the growth and motor development characteristics of children and adolescents.

Notes:
• Credit will be granted for only one of EPHE 346, PE 346.
• No prerequisite required but a background in anatomy is recommended.

EPHE 347  Units: 1.5  Hours: 3-0
Formerly: PE 347
Sport in Society
Exploration of the historical use of sport as an expression of culture, ideology, and political philosophy. Comparison of the way in which sport is used as a means of developing national pride and international prestige. Considers how the commercialization of sport has made it a money-making vehicle for countries, cities, multi-national corporations, and television networks.

Note: Credit will be granted for only one of EPHE 347, PE 347.

EPHE 348  Units: 1.5  Hours: 3-2
Formerly: PE 348
Psychology of Physical Activity
An examination of the psychological concepts related to human physical activity behaviour, which includes engagement in exercise and sport.

Note: Credit will be granted for only one of EPHE 348, PE 348.

Prerequisite(s):
• PSYC 100A and PSYC 100B.

EPHE 351  Units: 1.5  Hours: 3-0
Formerly: PE 351
Community and Population Health
Builds on students’ knowledge of individual wellness and lifestyle behaviours by exploring the concepts of community and population health. Topics will include: the evolution of health promotion and population health; the determinants of health; epidemiology of health behaviours; understanding and enhancing the health of children, youth, adults, seniors; principles of ecology and environmental health.

Note: Credit will be granted for only one of EPHE 351, PE 351.
**Course Title:** EPHE 358 - EPHE 447

**EPHE 358**

**Units:** 1.5  
**Hours:** 3-0

**Formerly:** EPHE 354A  
**Management in Recreation and Health**

A detailed look at the budgeting process, financial control, goal setting, risk management and legal liability in recreation and health related service agencies. Although 358 is not a prerequisite, 359 is best taken in conjunction with 358.

**Note:** Credit will be granted for only one of EPHE 358, EPHE 354A, PE 354A.

**Pre- or Corequisite(s):** One of COOP 001, RHED 001, KINE 001.

**EPHE 359**

**Units:** 1.5  
**Hours:** 3-0

**Formerly:** EPHE 354B  
**Fiscal and Legal Management in Recreation and Health**

A detailed look at the budgeting process, financial control, goal setting, risk management and legal liability in recreation and health related service agencies. Although 358 is not a prerequisite, 359 is best taken in conjunction with 358.

**Note:** Credit will be granted for only one of EPHE 359, EPHE 354B, PE 354B.

**Prerequisite(s):** One of COOP 001, RHED 001, KINE 001.

**EPHE 360**

**Units:** 1.5  
**Hours:** 3-2

**Exercise Prescription**

Principles of fitness and the development of exercise programs to enhance health and/or performance of children, adults and special populations including athletes, the elderly and disabled; application of programs in a variety of settings; methods of evaluating physiological adaptation to exercise using laboratory and field experiences.

**Note:** Credit will be granted for only one of EPHE 360, PE 360.

**Prerequisite(s):**  
- One of EPHE 241, EPHE 241B, PE 241B, or  
- permission of the school.

**EPHE 361**

**Units:** 1.5  
**Hours:** 3-3

**Formerly:** PE 361  
**Coaching Studies**

An in-depth study of coaching theory. Students who successfully complete the course will receive the Coaching Association of Canada’s Level 1 and 2 theory certification. Requires a practical coaching experience in a sport of the student’s choice.

**Note:** Credit will be granted for only one of EPHE 361, PE 361, PE 463.

**Grading:** INP, standard grade.

**EPHE 380**

**Units:** 1.5  
**Hours:** 3-2

**Formerly:** PE 380  
**Motor Control**

An examination of the neural processes involved in the maintenance of posture, the control of movement, and issues related to understanding the cerebral organization of goal-directed movement. Includes discussion of certain movement disorders and the relationship of disturbances to stages in the sequence of information processing.

**Note:** Credit will be granted for only one of EPHE 380, PE 380, PE 442.

**Prerequisite(s):**  
- EPHE 241 or EPHE 241B, and  
- EPHE 245 or PE 241B, and  
- PE 245.

**EPHE 435**

**Units:** 1.5  
**Hours:** 3-0

**Formerly:** PE 435, EDUC 435  
**Cultural and Outdoor Physical Activities**

Provides the opportunity for students to develop an understanding and appreciation of a variety of outdoor physical activities and cultural movement forms suitable for children and youth.

**Note:** Credit will be granted for only one of EPHE 435, PE 435, EDUC 435.

**Prerequisite(s):**  
- Admission to BEd program in Elementary Education; or  
- permission of the school.

**EPHE 438**

**Units:** 1.5  
**Hours:** 3-0

**Formerly:** PE 438, EDUC 445  
**Study of Gymnastics and Dance**

Drawing on Laban’s four elements of movement (space awareness, body awareness, qualities and relationships) for analyzing and teaching creative movement activities, this course will explore the application of these elements to the study of gymnastics and dance.

**Note:** Credit will be granted for only one of EPHE 439, PE 443, EDUC 445, PE 439.

**Prerequisite(s):**  
- One of admission to BEd program in Elementary Education; or  
- permission of the school.

**EPHE 441**

**Units:** 1.5  
**Hours:** 3-2

**Formerly:** PE 441  
**Exercise Physiology**

The physiological adaptation of the human body to acute and chronic exercise; nutrition for exercise and recovery.

**Note:** Credit will be granted for only one of EPHE 441, PE 441.

**Prerequisite(s):**  
- One of EPHE 241, EPHE 241B, PE 241B, and  
- one of EPHE 241A, EPHE 242, PE 241A.

**EPHE 443**

**Units:** 1.5  
**Hours:** 3-0

**Formerly:** PE 443  
**Organization and Administration of Physical Education**

Nature and function of administration; management of equipment and facilities; organization and management of programs of physical education and athletics; survey of the organization in Canadian schools.

**Note:** Credit will be granted for only one of EPHE 443, PE 443.

**Prerequisite(s):** Admission to BEd (Secondary Curriculum) program with physical education teaching area.

**EPHE 444**

**Units:** 1.5  
**Hours:** 3-2

**Measurement and Evaluation in Exercise Science**

Use of laboratory and field tests in the assessment of physical performance and physique. Test administration and interpretation of results.

**Note:** Credit will be granted for only one of EPHE 444, PE 444.

**Recommendation(s):** A background in physiology recommended prior to EPHE 444.

**EPHE 445**

**Units:** 1.5  
**Hours:** 3-0

**Formerly:** PE 445  
**Developmental and Adaptive Physical Activity**

Examination of physical and recreational activities for individuals with disabilities. Methods of assessing physical performance, adapting equipment and facilities and applying programming techniques are explored. Field experience is required as part of this course.

**Note:** Credit will be granted for only one of EPHE 445, PE 445.

**Prerequisite(s):**  
- Minimum fourth-year standing, and  
- declaration of one of BSc program in Kinesiology, BA program in Recreation and Health Education, BEd program in Secondary Curriculum with physical education as a teaching area.

**EPHE 447**

**Units:** 1.5  
**Hours:** 2-0-2

**Formerly:** PE 447  
**Kinesiology Seminar and Practicum**

Focuses on Preparation for Professional Practice through aspects of reflective practice, goal development, competency assessment, career planning, and electronic portfolio development. Post graduate Kinesiology opportunities are explored in depth. The second term requires a student developed evidenced based seminar that addresses a topic pertinent to the Kinesiology field.

**Notes:**  
- Credit will be granted for only one of EPHE 447, PE 447.  
- Scheduled over the full winter session (first and second terms).

**Prerequisite(s):**  
- EPHE 253 or PE 253, and  
- minimum fourth-year standing, and  
- admission to BSc program in Kinesiology.
EPHE 449  Units: 1.5  Hours: 3-0
Formerly: PE 449
Physical Parameters of Aging
The anatomical and physiological changes associated with human aging and the relationships between hypokinetic (inactivity induced) disease, stress, and nutritional habits to aging and the merits of various intervention strategies.
Note: Credit will be granted for only one of EPHE 449, PE 449.
Prerequisite(s):
• One of EPHE 241, EPHE 241B, PE 241B; or
• permission of the school.

EPHE 451  Units: 1.5  Hours: 3-0
Formerly: PE 451
Leadership Issues in Fitness, Health and Wellness
This inquiry-based learning course examines current and emergent leadership issues in the fitness, health and wellness fields. Topics include: national fitness leadership certification and registration programs in Canada and the United States, trends in fitness and lifestyle programming, alternative health and wellness programs and services and leadership and management models in the not-for-profit, public and private enterprise systems.
Note: Credit will be granted for only one of EPHE 451, PE 451.

EPHE 452  Units: 1.5  Hours: 3-0
Formerly: PE 452
Teaching Strategies for Games in Physical Education
Methods of teaching game activities to students in secondary schools and related groups. Field experience is required as part of this course.
Note: Credit will be granted for only one of EPHE 452, PE 452.
Prerequisite(s): Admission to BEd (Secondary Curriculum) program with physical education teaching area.

EPHE 454  Units: 1.5  Hours: 3-0
Formerly: PE 454
Marketing for Health and Social Change
The study and application of social marketing concepts and strategies to address the health and social change opportunities for, and challenges facing, the recreation profession and provide a synthesis for the graduating student.
Note: Credit will be granted for only one of EPHE 454, PE 454.
Prerequisite(s):
• RHED 001; and
• COOP 001 or RHED 002; and
• minimum fourth-year standing; and
• admission to BA Co-operative Education program in Recreation and Health Education.

EPHE 455  Units: 1.5  Hours: 3-0
Formerly: PE 455
Nutrition for Exercise and Health
The study of nutrition in the applied context of physical activity, exercise and sport performance. The role of macrom- and micro-nutrient consumption, the effects of nutritional supplements and hydration strategies, and the use of specialized diets for performance enhancement will be examined.
Note: Credit will be granted for only one of EPHE 455, PE 455.
Prerequisite(s): EPHE 155 or PE 155.

EPHE 456  Units: 1.5  Hours: 3-0
Formerly: PE 456
Occupational Ergonomics
The application of ergonomic principles to industrial settings, work site job analysis, assessing biomechanical risk factors and the development of risk prevention programs. Specific emphasis will be placed on understanding the relevant Canadian occupational health and safety legislation and ergonomic standards.
Note: Credit will be granted for only one of EPHE 456, PE 456.
Prerequisite(s): One of EPHE 241, EPHE 241B, PE 241B.

EPHE 487  Units: 1.5 or 3.0  Hours: 3-0
Formerly: PE 487
Special Topics in Exercise Science, Physical and Health Education
Topics of current interest or concern to groups of students.
Notes:
• May be taken more than once for credit in different topics.
• Pro Forma required.

EPHE 494  Units: 1.5
Formerly: PE 494
Directed Studies in Exercise Science, Physical and Health Education
Research projects, directed reading, or additional coursework in a specified area.
Notes:
• May be taken more than once for credit in different topics to a maximum of 3 units.
• Pro Forma required.

EPHE 499  Units: 3.0
Formerly: PE 499
Honours Thesis or Tutorial
Research under the direction of faculty for Honours students only.
Notes:
• Credit will be granted for only one of EPHE 499, PE 499.
• Pro Forma required.
Grading: INP, standard grade.

EPHE 764  Units: 1.5  Hours: 3-0
Formerly: PE 764
Curriculum and Instruction in Secondary Physical Education
Note: Credit will be granted for only one of EPHE 764, ED-C 764, PE 764.
Prerequisite(s):
• Admission to Professional Year or Post Degree Professional program; or
• permission of the school.

ER 200  Units: 0.5 per module
Scientific Principles and Concepts for Environmental Restoration
An opportunity to gain background knowledge in selected scientific disciplines in preparation for taking the RNS program. Possible topics may include ground water, quantitative ecology, statistics, marine biology and others. Students take modules of existing courses at the University of Victoria.
Note: A module consists of the first third of a scheduled course.
Prerequisite(s):
• Admission to Certificate or Diploma program in Restoration of Natural Systems; or
• permission of the program.

ER 250  Units: 1.5
Also: ES 250
Directed Experiential Learning in Ecological Restoration
Conducted in relation to work or volunteer activities with a host organization identified by the student and approved by the RNS Academic Administrator or the Director of the School of Environmental Studies. Student engages in application and assessment of methods in ecological restoration. Restoration must be at least 150 hours of applied activities. Assessment typically involves a reflective journal and final paper. Students are responsible for proposing an internship and arranging for a supervising instructor.
Notes:
• Credit will be granted for only one of ER 250, ES 250.
• May be taken more than once for credit in different topics for a maximum of 3 units.
Prerequisite(s): Permission of the program.

ER 311  Units: 1.5  Hours: 3-0
Formerly: also ES 341
Principles and Concepts of Ecological Restoration
An examination of how effective restoration depends on both ecological and cultural awareness, including the physical, chemical and biological characteristics of ecosystems from local to global scales; the impacts of human-induced change; the philosophical and ethical context for good restoration; the need for and significance of community involvement; the legal and policy frameworks that direct and influence restoration activities; and the importance of understanding essential ecosystem characteristics in restoration.
Note: Credit will be granted for only one of ER 311, ES 341 (if taken prior to May 2015), ES 352, ES 400D (if taken in Sep-Dec 1995 or Jan-Apr 1996).
Prerequisite(s):
• Admission to Certificate or Diploma program in Restoration of Natural Systems; or
• permission of the program.
### ER 312A - Field Study in Ecological Restoration I

Introduces basic field methodologies for assessment and restoration of local sites; includes individual and group field research, and involves field surveys, observation and background study on specific ecosystem types.

**Prerequisite(s):**
- Admission to Certificate or Diploma program in Restoration of Natural Systems; or
- permission of the program.

### ER 312B - Field Study in Ecological Restoration II

An advanced field study course involving detailed site evaluation (prescription). May involve participation in a restoration project. With permission, the practicum can be undertaken at locations outside the province or internationally.

**Prerequisite(s):**
- ER 312A; and
- admission to Certificate or Diploma program in Restoration of Natural Systems; or
- permission of the program.

### ER 313 - Biodiversity and Conservation Biology

Study of biological organisms and ecosystems with particular reference to mechanisms of change and human impacts on the environment. Focuses on: biodiversity (definition, assessment methods, loss, and evaluation); population biology (concepts and research methods); habitat loss; species extinction; exotic species and their impacts; and possibilities for human intervention in alleviating trends in species loss and ecosystem degradation.

**Note:** Credit will be granted for only one of ER 313, BIOL 370, ES 318, ES 320, ES 348.

**Prerequisite(s):**
- If taken as ER 313, admission to Certificate or Diploma program in Restoration of Natural Systems; or
- permission of the program.
- If taken as ES 348, all of ER 200, BIOL 184, BIOL 186.

### ER 314 - Ethical, Legal and Policy Aspects of Environmental Restoration

Addresses the relationship of environmental values to legislative and legal systems. Includes: ethical considerations in land management; future economic benefit and ecological cost; the land ethic; policy and legal considerations in restoration; and ecorestoration in research and natural resource management programs.

**Prerequisite(s):**
- Admission to Certificate or Diploma program in Restoration of Natural Systems; or
- permission of the program.

### ER 325 - Ecosystems of British Columbia, Canada and the World

A survey of the major ecoregions of Canada and the world, their characteristics, and their current status. Classification systems in Canada and British Columbia. Major types of ecosystems, from marine and aquatic to forest, grassland, and desert systems will be discussed including the significant threats to each, and core causes of change. Consideration given to biodiversity; fragmentation; ecological resilience; succession.

**Prerequisite(s):**
- Admission to Certificate or Diploma program in Restoration of Natural Systems; or
- permission of the program.

### ER 326 - Traditional Systems of Land and Resource Management

The role of traditional ecological knowledge in the understanding and documentation of the biodiversity of natural systems and their restoration. Examination of how restoration strategies can benefit from the close relationship of Indigenous Peoples to their local environments, and from their knowledge of plants and animals, their habitats and ecological interrelationships, as well as from traditional land and resource management strategies.

**Note:** Credit will be granted for only one of ER 326, ES 353, ES 423.

**Prerequisite(s):**
- If taken as ES 423, all of ES 200 and ES 321; or
- permission of the school.

### ER 327 - Ecorestoration Strategies: Case Studies

Examination of specific sites illustrating restoration problems and solutions. Examples include mine reclamation projects, highway and rail right-of-way stabilisation, urban ravine and stream rehabilitation.

**Prerequisite(s):**
- Admission to Certificate or Diploma program in Restoration of Natural Systems; or
- permission of the program.

### ER 328 - Forest Restoration and Sustainable Forestry

Basic concepts of forest ecology and succession following natural and human disturbance. "Old Growth": definition and characteristics. Forest practices from a restoration viewpoint: the ecoreforestry model. Planning and restoration strategies for hydro-trophic zones. Analysis of silvicultural prescriptions and terrain issues (slope stability, road building) from an ecological perspective.

**Prerequisite(s):**
- Admission to Certificate or Diploma program in Restoration of Natural Systems; or
- permission of the program.

### ER 329 - Mining Restoration

Impact of mines and mining practices on natural systems and landscapes; physical and chemical characteristics of mine sites and debris; restoration vs. reclamation; pre- and post-disturbance restoration strategies; engineering issues; revegetation and remediation of soil at mine sites; long-term problems such as slope stability and acid mine drainage; legislation, policies and regulations.

**Prerequisite(s):**
- Admission to Certificate or Diploma program in Restoration of Natural Systems; or
- permission of the program.

**Recommendation(s):** Background in physical geography such as GEOG 213 or equivalent strongly recommended prior to ER 329.

### ER 331 - Urban Restoration and Sustainable Agricultural Systems

The role of restoration of natural systems in the populated landscape; structural characteristics of the landscape and its natural ecological potential; sustainable intensive human use. Planning and design, role of green space, natural corridors, recreation, soil and water conservation and restoration, ecological landscape architecture, integrated pest management, organic agriculture, urban agriculture, permaculture. British Columbia and world examples.

**Prerequisite(s):**
- Admission to Certificate or Diploma program in Restoration of Natural Systems; or
- permission of the program.

### ER 332 - Selection and Propagation of Native Plants for Ecological Restoration

An introduction to the principles of native plant selection and propagation to meet site-specific objectives for ecosystem restoration. Topics include native plant propagation techniques; the role of artificial propagation in ecosystem rehabilitation and restoration; criteria for species selection; scientific and ethical principles for the selection of propagation materials; site stabilization; site preparation; out-planting; and bio-engineering.

**Note:** Credit will be granted for only one of ER 332, ER 338 (if taken in the same topic).

**Prerequisite(s):**
- Admission to Certificate or Diploma program in Restoration of Natural Systems; or
- permission of the program.

### ER 334 - Soil Conservation and Restoration

Physical, chemical and biological characteristics of soils and their relationship to restoration. Soil fertility; impact of soil flora and fauna, especially mycorrhizae. Comparison of characteristics of undisturbed soils. Types of soil disturbance in agriculture, forestry, mining and urban environments; soil restoration strategies; planning pre- and post-disturbance.

**Prerequisite(s):**
- Admission to Certificate or Diploma program in Restoration of Natural Systems; or
- permission of the program.

**Recommendation(s):** Background in physical geography such as GEOG 103 or equivalent strongly recommended prior to ER 334.
ER 335A - Units: 1.5
Restoration of Fresh Water Aquatic Systems
Theory and case studies of disturbances and restoration; character and processes of aquatic systems; types of natural aquatic systems; types of disturbance and their impact; restoration strategies for watersheds, riparian zones, streams, rivers, lakes and wetlands.
Prerequisite(s):
- Admission to Certificate or Diploma program in Restoration of Natural Systems; or
- permission of the program.

ER 335B - Units: 1.5
Restoration of Marine Aquatic Systems
Provides students with an understanding of marine coastal systems and their restoration potential with a focus on ecological perspectives, with particular emphasis on the British Columbia/Washington coasts. Lectures that focus on broader scale marine ecosystem impacts and restoration issues will be supplemented by hands-on field exercises and research activities focusing on local issues.
Prerequisite(s):
- Admission to Certificate or Diploma program in Restoration of Natural Systems; or
- permission of the program.
Recommendation(s): Background in Biology strongly recommended prior to ER 335B.

ER 336 - Units: 1.5
Leadership Skills for Ecological Restoration
Provides students with skills and tools for effective leadership in ecological restoration. Focuses on identification of personal leadership style, understanding of leadership roles in ecological restoration processes, group facilitation techniques, as well as strategies for effective outreach, communications, giving and receiving feedback, and dispute resolution.
Prerequisite(s):
- Admission to Certificate or Diploma program in Restoration of Natural Systems; or
- permission of the program.

ER 338 - Units: 0.5 to 1.5
Special Topics in Environmental Restoration
Selected topics in environmental restoration that address particular issues, industrial sectors or biogeoclimatic variation.
Note: May be taken more than once for credit in different topics with permission of the school.
Prerequisite(s):
- Admission to Certificate or Diploma program in Restoration of Natural Systems; or
- permission of the program.

ER 352 - Units: 1.5
Non-Timber Forest Management and Sustainable Use in Major Forest Zones of BC
An introduction to biogeoclimatic zones and natural disturbance regimes in BC in relation to the occurrence of important NTFP species and the ecosystems that sustain them. Topics include the impacts of current land use and resource extraction on NTFP occurrence and productivity; and the influence of disturbance classes, biogeoclimatic zones, and current ecological condition on the selection of appropriate NTFP management practices.
Prerequisite(s):
- Admission to Certificate or Diploma program in Restoration of Natural Systems; or
- permission of the program.

ER 390 - Units: 1.5
Environmental Restoration Project
In consultation with the Academic Administrator, students select a restoration project in an area of intended specialization. May involve a field research component. Final report required. Normally taken in the second or subsequent years of study.
Prerequisite(s): Admission to Certificate or Diploma program in Restoration of Natural Systems.
Grading: INP; standard grade.

ER 400 - Units: 0
Seminar in Environmental Restoration
Seminar and portfolio presentation in the final year, normally in the field of intended specialization. Seminar is on 390 project, portfolio is of major projects from 311, 312A and 312B plus one elective.
Prerequisite(s): ER 390.
Grading: INP, COM.

ER 411 - Units: 1.5
Advanced Principles and Practice in Ecological Restoration
An advanced investigation into the meaning, limits, and significance of ecological restoration, including: how restoration is defined and why clear definitions are important; the role of historical knowledge in restoration; the changing character of restoration in a technological culture; ethical issues in restoration practice; participation and political process; cultural inclusion and the significance of restoration as a cultural mode; the international scope of restoration; and the paradox of design.
Note: Credit will be granted for only one of ER 411, ES 441, ES 482 (if taken in the same topic).
Prerequisite(s):
- If taken as ER 411,
  - ER 311; and
  - admission to Certificate or Diploma program in Restoration of Natural Systems; or
  - permission of the program.
- If taken as ES 482,
  - ES 341; or
  - permission of the school.

ER 412 - Units: 1.5
Also: ES 471
Galician Island Field Study
Compressed format field study focused on regenerative and restorative designs for ecological and social resilience. Offered in partnership with the Galiano Conservancy Association with field portion based on Galiano Island. Additional fees are necessary to support field expenses.
Note: Credit will be granted for only one of ER 412, ER 411 (if taken in the same topic), ES 441 (if taken in the same topic), ES 471.
Prerequisite(s):
- If taken as ER 412,
  - ER 311; and
  - admission to Certificate or Diploma program in Restoration of Natural Systems; or
  - permission of the program.
- If taken as ES 471,
  - ES 200 and ES 341; or
  - permission of the school.

ER 490 - Units: 1.5
Directed Studies
Individual studies on approved topics in ecological restoration undertaken in consultation with one or more faculty members.
Note: May be taken more than once for credit in different topics to a maximum of 3 units.
Prerequisite(s):
- ER 311; and
- minimum sessional GPA of 6.5 in the previous session; and
- admission to Certificate and Diploma program in Restoration of Natural Systems.
Grading: Standard grade.

ES 200 - Units: 1.5
Formerly: 300A
Introduction to Environmental Studies
Introduction to the symptoms and sources of environmental problems and approaches to resolving them. Global and local food systems will be used as a focal lens through which to view and understand human impacts on ecosystems (e.g. climate change, biodiversity loss, deforestation) and how those impacts can be best addressed.
Note: Credit will be granted for only one of ES 200, ES 300A.

ES 240 - Units: 1.5
Ecological Processes
An introduction to the discipline of ecology with a focus on understanding biotic processes as they relate to contemporary environmental challenges.
Recommendation(s): ES 200 recommended prior to or in conjunction with ES 240.
ES 250Units: 1.5
Also: ER 250
Directed Experiential Learning in Ecological Restoration
Conducted in relation to work or volunteer activities with a host organization identified by the student and approved by the RNS Academic Administrator or the Director of the School of Environmental Studies. Student engages in application and assessment of methods in ecological restoration. Must include at least 150 hours of applied activities. Assessment typically involves a reflective journal and final paper. Students are responsible for proposing an internship and arranging for a supervising instructor.
Notes:
• Credit will be granted for only one of ES 250, ER 250.
• May be taken more than once for credit in different topics to a maximum of 3 units.
Prerequisite(s): Permission of the school.

ES 270Units: 1.5 Hours: 1-2
Introductory Field Study
A field-based introduction to environmental problems and solutions, such as assessing stream function and proposing enhancements to improve water quality and riparian areas. Typically offered in a compressed format. Additional fees may be necessary to support field expenses.
Pre- or Corequisite(s): ES 200.

ES 301Units: 1.5 Hours: 3-1
Political Ecology
An introduction to the various socio-political and philosophical issues associated with the concept of a sustainable society. Emphasis is placed on the analysis of the complex relationships between social and biophysical systems. Examines how communities and environments are being impacted by the globalization of economies and cultures, technologies and ideologies, as well as responses from a variety of local, non-governmental and international agencies.
Prerequisite(s):
• ES 200 with a minimum grade of B-; and
• minimum second-year standing; or
• permission of the school.

ES 302Units: 1.5 Hours: 3-0
Formerly: 402, 420
Capitalism, Justice, and Sustainability
Examines how the global capitalist economy is transforming ecosystems, and how social and environmental challenges are in turn beginning to transform capitalism. Economic alternatives will be examined in local and global contexts (e.g. the social economy, steady state economies, and indigenous economic practices).
Note: Credit will be granted for only one of ES 302, ES 402, ES 400A (if taken in Sep 1989 - Apr 1994), ES 402, ES 420.
Prerequisite(s): ES 200.

ES 312Units: 1.5 Hours: 3-0
Also: ECON 381
Formerly: ECON 330
Environmental Economics
An introduction to the economic analysis of environmental problems. In particular, an examination of policy interventions in cases where market activities result in socially undesirable impacts on the environment. Topics typically include: externalities; pollution control policy; climate change; public goods; time, uncertainty and the environment; and trade and the environment.
Note: Credit will be granted for only one of ES 312, ECON 330, ECON 381.
Prerequisite(s): ECON 103.

ES 314Units: 1.5 Hours: 3-0
Also: PHIL 333
Philosophy and the Environment
A philosophical investigation of the moral and conceptual dimensions of environmental problems. Different philosophies of the relation between humans and nature will be compared.
Notes:
• Credit will be granted for only one of ES 314, PHIL 333.
• May not be counted towards upper-level requirements in Honours or Major programs in Philosophy.
Prerequisite(s):
• Minimum third-year standing; or
• permission of the school.

ES 320Units: 1.5 Hours: 3-0
Also: BIOL 370
Conservation Biology
Diversity of organisms, functioning of ecosystems, and the consequential impact of human activities. Topics include the nature of biological diversity; extinction and its causes; habitat alteration and fragmentation; effects of exotic species; economic and ethical considerations, practical applications and analytical tools; and legal frameworks for conserving species and habitats.
Note: Credit will be granted for only one of ES 320, ES 318, ES 348, BIOC 370, ER 313.
Prerequisite(s):
• BIOL 186 or 190A; and
• BIOL 215 and BIOL 230; and
• STAT 255 or STAT 260.

ES 321Units: 1.5 Hours: 3-0
Ethnogeography
Environmental knowledge systems of indigenous and other local peoples are increasingly recognized as having relevance in understanding and documenting biological diversity and conservation and in undertaking ecological restoration. The different aspects of local and traditional ecological knowledge and their relationships to western academic knowledge are reviewed and the issues and requirements for applying local knowledge in environmental sustainability are explored.
Prerequisite(s):
• ES 200 with a minimum grade of B-; and
• minimum second-year standing; or
• permission of the school.

ES 341Units: 1.5 Hours: 3-0
Formerly: also ER 311
Past, Present, and Future Ecologies
Explores how ideas and practices about ecosystems and nature more generally have come to be in the early 21st century, how they are manifest in the present, and what trends will shape the future. Rapid environmental, ecological and cultural changes are forcing a reconsideration of how we understand nature and natural processes, and how to intervene responsibly in ecosystems. Themes are drawn from landscape and community ecology, systems ecology, political ecology, restoration ecology, and political ecology.
Note: Credit will be granted for only one of ES 341, ES 352, ES 400D (if taken in Sep-Dec 1995 or Jan-Apr 1996), ER 311 (if taken prior to May 2015).
Prerequisite(s):
• ES 200 with a minimum grade of B- and ES 240; and
• minimum second-year standing; or
• permission of the school.

ES 344Units: 1.5 Hours: 3-3
Also: BIOC 330
Study Design and Data Analysis
An introduction to the statistical analysis of biological data, experimental design, and sampling design. Laboratories emphasize computer-based analysis of selected data sets as well as a major research project.
Note: Credit will be granted for only one of ES 344, ES 310, BIOC 330.
Prerequisite(s):
• BIOL 215 and STAT 255; and
• minimum third-year standing.
Recommendation(s): STAT 256 recommended prior to ES 344.

ES 348Units: 1.5 Hours: 3-0
Also: ER 313
Biodiversity and Conservation Biology
Study of biological organisms and ecosystems with particular reference to mechanisms of change and human impacts on the environment. Focuses on: biodiversity (definition, assessment methods, loss, and evaluation); population biology (concepts and research methods); habitat loss; species extinction; exotic species and their impacts; and possibilities for human intervention in alleviating trends in species loss and ecosystem degradation.
Note: Credit will be granted for only one of ES 348, ES 318, ES 320, ER 313, BIOC 370.
Prerequisite(s):
• ES 200; and
• either BIOL 184 and BIOL 186, or BIOL 190A and BIOL 190B; or
• permission of the school.
ES 361 Units: 1.5 Hours: 3-0
The Biodiversity of British Columbia
An overview of British Columbia's globally significant biodiversity. We will examine species distribution patterns, use, and conservation, including academic and government research and management. Lectures and field trips will include synthesis of patterns of biodiversity, management success and failure, and future biodiversity conservation and use in BC. Course goals include developing a deep understanding of the patterns of biodiversity in BC, explaining the reasons for these patterns, and identifying numerous species and their importance.
Prerequisite(s):
- ES 200, and
- ES 240 or BIOL 215.

ES 365 Units: 1.5 Hours: 3-0
Also: ES 365
Climate and Society
A survey of the climate system and its interaction with past, present, and future societies. Topics include: climate change and the onset of agriculture/domestication, climate change and the rise and fall of early civilizations, the anthropocene and global warming. The interplay between science, media, public relations and public policy will also be addressed.
Note: Credit will be granted for only one of ES 365, EOS 365.
Prerequisite(s):
- ES 200, and
- minimum third-year standing.
- If taken as EOS 365:
  - minimum third-year standing.

ES 370 Units: 1.5 Hours: 1-2
Intermediate Field Study
Further field-based study of environmental problems and solutions, such as integrating watershed scale analysis and enhancements. Typically offered in a compressed format. Additional fees may be necessary to support field expenses.
Pre- or Corequisite(s): ES 200 and ES 270.

ES 378 Units: 1.5 Hours: 3-0
Leadership Skills for Change
Builds the skills necessary to lead effective change in community-engaged settings. Emphasis on personal and group communication skills, decision-making techniques, presentation and facilitation skills, ethics and self-awareness for leadership. Includes case studies, examinations of theories of leadership and social movements, and practical experience.
Prerequisite(s): ES 200.

ES 380 Units: 1.5 Hours: 3-0*
Formerly: 300B
Environmental Topics: Topics in Political Ecology
An in-depth systematic examination of specific environmental areas through seminars and projects; the development of appropriate responses to questions and problems within the selected areas; modes of interaction and communication with professional and community groups; application of theory to practice; qualitative vs. quantitative research methods. This course will be conducted as a seminar and may include a field trip for which a fee will be charged.
* Contact hours may vary depending on the topic.
Notes:
- Credit will be granted for only one of ES 380, ES 300B.
- May be taken more than once for credit in different topics to a maximum of 3 units.
Prerequisite(s): ES 200.

ES 381 Units: 1.5 Hours: 3-0*
Formerly: 300B
Environmental Topics: Topics in Ethnoecology
An in-depth systematic examination of specific environmental areas through seminars and projects; the development of appropriate responses to questions and problems within the selected areas; modes of interaction and communication with professional and community groups; application of theory to practice; qualitative vs. quantitative research methods. This course will be conducted as a seminar and may include a field trip for which a fee will be charged.
* Contact hours may vary depending on the topic.
Notes:
- Credit will be granted for only one of ES 381, ES 300B.
- May be taken more than once for credit in different topics to a maximum of 3 units.
Prerequisite(s): ES 200.

ES 382 Units: 1.5 Hours: 3-0*
Formerly: 300B
Environmental Topics: Topics in Ecological Restoration
An in-depth systematic examination of specific environmental areas through seminars and projects; the development of appropriate responses to questions and problems within the selected areas; modes of interaction and communication with professional and community groups; application of theory to practice; qualitative vs. quantitative research methods. This course will be conducted as a seminar and may include a field trip for which a fee will be charged.
* Contact hours may vary depending on the topic.
Notes:
- Credit will be granted for only one of ES 382, ES 300B.
- May be taken more than once for credit in different topics to a maximum of 3 units.
Prerequisite(s): ES 200.

ES 384 Units: 1.5 Hours: 3-0*
Formerly: 414
Systems Theory: An Introduction to Natural and Social Systems
Enables each participant to grasp the fundamental principles of systems theory, and provides a foundation for further exploration and application of systems concepts. Examines concepts such as cybernetics, holism, boundaries, negative and positive feedback, self-organization and transformation. Students will learn to apply these principles to both natural and social systems.
Note: Credit will be granted for only one of ES 384, ES 400D (if taken in Sep 1993 - Apr 1995), ES 414.
Prerequisite(s):
- ES 200; and
- one of ES 301, ES 321, ES 341.

ES 399 Units: 1.5 Hours: 3-0
Environmental Evidence in a Post-truth Era
Builds the skills necessary to critically assess environmental issues and research. Emphasis will be placed on critical assessment of evidence of all kinds, grounded in an understanding of quantitative and qualitative methodological considerations. Students will evaluate a wide variety of approaches to understanding and addressing real-world environmental challenges, and work towards producing their own compelling and comprehensive analysis of these challenges.
Prerequisite(s):
- ES 200 and ES 240; and
- minimum third-year standing.

ES 403 Units: 1.5 Hours: 3-0
Also: LAW 384
Field Course in Environmental Law and Sustainability
Analyzes the structure of law, policy, and sustainability in a particular geographic region. Review of overlapping jurisdictional and governance systems that shape a region.
Note: Credit will be granted for only one of ES 403, LAW 384, LAW 343 (if taken in the same topic).

ES 404 Units: 1.5 Hours: 3-0
Formerly: 424
Deep Roots, Trajectories of Environmental Thought
Examines classic works and persistent themes in North American environmental thought. A study of primary source material and texts by writers such as Thoreau, Austin, Muir, Pinchot, Leopold, Carson, Ellul, Schumacher, Berry and Shiva.
Note: Credit will be granted for only one of ES 404, ES 400D (if taken in Sep 1993 - Apr 1995), ES 424.
Prerequisite(s):
- ES 200 and ES 301.

ES 405 Units: 1.5 Hours: 3-0
Climate, Energy and Politics
Focuses on developing the knowledge and skills necessary to evaluate how we might reshape energy systems to address the dual challenges of climate change and sustainability.
Note: Credit will be granted for only one of ES 405, ES 480 (if taken in Jan-Apr 2005 or Jan-Apr 2006 or Sep-Dec 2008).
Prerequisite(s): ES 200 and ES 301.
***ES 406 - ES 431***

**ES 406** Units: 1.5 Hours: 3-0  
**Alternative Economies for Social Change**  
A consideration of the many forms of economic activity that go on outside competitive, profit-maximizing markets. The concept of ‘social enterprise’ is examined, with ways that communities, and not just individuals, develop their economies with goals of community benefit and social justice as well as material improvement. ‘The economy’ is treated as a landscape of different practices that may be obscured by concentrating just on market transactions.  
**Note:** Credit will be granted for only one of ES 406, ES 380 (if taken in the same topic).  
**Prerequisite(s):** ES 200 and ES 301.

**ES 407** Units: 1.5 Hours: 3-0  
**Mindfulness, Sustainability, and Social Change**  
Examines how mindfulness training, particularly meditation, is being integrated into contemporary environmental and social change efforts. Current research on the physical, psychological, ecological and social benefits of mindfulness training will be examined. Students will be introduced to a variety of meditative practices as part of the course.  
**Note:** Credit will be granted for only one of ES 407, ES 480 (if taken in the same topic).

**ES 408** Units: 1.5 Hours: 3-0  
**Visual Ecology, Seeing the Wild**  
Explores the terrain of visual media that inform environmental studies in B.C. and internationally. Environmental movements and media campaigns; the visibility of place; art and activism; indigenous new media; representations and relations with non-human animals. Critically examines the politics of looking.  
**Note:** Credit will be granted for only one of ES 408, ES 480 (if taken in the same topic).  
**Prerequisite(s):** ES 200 and ES 301.

**ES 409** Units: 1.5 Hours: 3-0  
**Food in Place, Skills for Change**  
Develops and puts into action student skills towards a current environmental issue. Training in working with the media, First Nations, and non-governmental organizations. Analyzes the role and impact of environmental policy actors.  
**Note:** Credit will be granted for only one of ES 409, ES 480 (if taken in the same topic).  
**Prerequisite(s):** ES 200 and ES 301.

**ES 415** Units: 1.5 Hours: 3-0  
**Integral Systems Theory: Philosophy and Practice**  
The history and philosophy of integral systems theory and its application at the individual and community level. Recent trends in light of panarchy theory and integral ecology.  
**Prerequisite(s):**  
• ES 200 and ES 301; and  
• ES 384 or ES 414.

**ES 417** Units: 1.5 Hours: 3-0  
**Power, Difference, and Environmental Politics**  
Explores how environmental politics is shaped by and seek to challenge relations of oppression.  
**Note:** Credit will be granted for only one of ES 417, ES 400A (if taken in Sep 1994 - Apr 1995), ES 422.  
**Prerequisite(s):** ES 200 and ES 301.

**ES 419** Units: 1.5 Hours: 3-0  
**Also:** LAW 328  
**Formerly:** ES 450  
**Green Legal Theory**  
Develops critical theoretical basis for extending the understanding of natural/social regulation beyond mainstream environmental law and policy; individual research, presentation and contribution to a developing new ‘naturalist’ understanding of law in its political economy and cultural context.  
**Note:** Credit will be granted for only one of ES 419, ES 450, LAW 328.  
**Prerequisite(s):** ES 200 and ES 301.

**ES 421** Units: 1.5 Hours: 3-0  
**Formerly:** ES 416  
**Ethnobotany: Plants and Human Cultures**  
An introduction to the study of the relationship between plants and human cultures, with a focus on the indigenous peoples and environments of northwestern North America. Use of plants as foods, materials and medicines, plant nomenclature and folk classification, and the role of plants in religion and mythology are topics covered. There will be one or more field trips.  
**Note:** Credit will be granted for only one of ES 421, ES 416.  
**Prerequisite(s):** ES 200 and ES 321.

**ES 423** Units: 1.5 Hours: 3-0  
**Also:** ER 326  
**Formerly:** ES 353  
**Traditional Systems of Land and Resource Management**  
The role of traditional ecological knowledge in the understanding and documentation of the biodiversity of natural systems and their restoration. Examination of how restoration strategies can benefit from the close relationship of Indigenous Peoples to their local environments, and from their knowledge of plants and animals, their habitats and ecological interrelationships, as well as from traditional land and resource management strategies.  
**Note:** Credit will be granted for only one of ES 423, ES 353, ER 326.  
**Prerequisite(s):** ES 200 and ES 321.

**ES 425** Units: 1.5 Hours: 3-3  
**Also:** BIOL 449  
**Flowering Plant Diversity**  
A regional and worldwide survey of flowering plants, including morphological diversity and adaptations, plant evolution and phylogeny; species concepts; modern classification and nomenclature; and experimental approaches to the study of plant diversity. Labs emphasize identification and use of keys. Lab projects include the option of a pressed plant collection. Contact instructor for details and collecting equipment.  
**Note:** Credit will be granted for only one of ES 425, BIOL 449, BIOL 318.  
**Prerequisite(s):**  
• All of BIOL 184, BIOL 186; and  
• minimum third-year standing.  
**Recommendation(s):** BIOL 324 recommended prior to ES 425.

**ES 427** Units: 1.5 Hours: 3-0  
**Colonization, Nature, and the Making of British Columbia**  
Introduces students to the essential concepts and methods used by historians, archaeologists, anthropologists, geographers and others to analyze environmental change from prehistoric to modern times. Explores how cultural encounters between Euro-American and the Indigenous peoples of British Columbia played out on the physical landscape, focusing on the processes of dispossession and repossession that led to the creation of the space that became British Columbia.  
**Note:** Credit will be granted for only one of ES 427, ES 481 (if taken in Jan-Apr 2005, Jan-Apr 2006, Sep-Dec 2007, Sep-Dec 2009, or Sep-Dec 2010).  
**Prerequisite(s):** ES 200 and ES 321.

**ES 429** Units: 1.5 Hours: 3-3  
**Urban Ethnoecology**  
Cultural understandings of ecosystems and knowledge of interactions between human activities and human habitats in urban settings. Explores the ways city dwellers understand and interact with urban and peri-urban habitats. Surveys the intersections between people and place in cities from an ethnoeological perspective to inform and contribute to initiatives to create sustainable cities.  
**Note:** Credit will be granted for only one of ES 429, ES 481 (if taken in the same topic).  
**Prerequisite(s):**  
• ES 200; and  
• minimum third-year standing.

**ES 430** Units: 1.5 Hours: 3-0  
**Also:** ANTH 401  
**Environmental Anthropology**  
Investigates key themes at the intersection of anthropology and the environment, including issues like theories of place, nature/culture, local knowledge, globalization, indigeneity, power, and cultural change.  
**Note:** Credit will be granted for only one of ES 430, ANTH 401.  
**Prerequisite(s):**  
• ES 200; and  
• ES 301 or ES 321.  
• If taken as ANTH 401,  
• ANTH 208 or  
• permission of the department.

**ES 431** Units: 1.5 Hours: 3-0  
**History, Science and Culture of Wine**  
Documents the evolution of human civilization through the lens of wine, chronicles the transition from mysticism to industrial global commoditization. Workshops examine terror, varietal, age, price, quality and value of viticulture and oenological traditions from around the world, and what “sustainability” means in this context.  
**Notes:**  
• Credit will be granted for only one of ES 431, ES 481 (if taken in the same topic).  
• Mandatory workshop fee is required, due the first week of class.  
**Prerequisite(s):**  
• ES 200; and  
• minimum third-year standing; or  
• permission of the school.
ES 433 - Units: 1.5 - Hours: 3-0
Introduction to Permaculture Design
The origins, theory, and design methods of permaculture. Examines foundational texts that have influenced the development of permaculture, as well as contemporary permaculture texts. Critical examination of a range of designs and applications, including food systems, water systems, energy systems, appropriate technologies, place making, and the built environment.
Note: Credit will be granted for only one of ES 433, ES 481 (if taken in the same topic).
Prerequisite(s):
• ES 200; and
• permission of the school.

ES 441 - Units: 1.5 - Hours: 3-0
Advanced Principles and Practice in Ecological Restoration
An advanced investigation into the meaning, limits, and significance of ecological restoration, including: how restoration is defined and why clear definitions are important; the role of historical knowledge in restoration; the changing character of restoration in a technological culture; ethical issues in restoration practice, participation and political process; cultural inclusion and the significance of restoration as a cultural mode; the international scope of restoration; and the paradox of design.
Note: Credit will be granted for only one of ES 441, ES 482 (if taken in the same topic), ER 411.
Prerequisite(s):
• ES 341 and ER 311; or
• permission of the school.

ES 443 - Units: 1.5 - Hours: 3-0
Climate Change and Biodiversity
Examines the challenges a changing climate poses for ecology and conservation biology research and management, including ecological restoration. Particular attention is given to reading scientific papers, both those that present biodiversity pattern and process changes, as well as those that present management solutions to climate-driven biodiversity loss.
Note: Credit will be granted for only one of ES 443, ES 482 (if taken in same topic).
Prerequisite(s): All of ES 200, ES 240, ES 341.

ES 445 - Units: 1.5 - Hours: 3-0
Changing Nature
Discusses responsible intervention in ecosystems undergoing rapid change, covering a wide range of contemporary issues from barcoding biodiversity to rewilding, all with the aim of pushing against boundaries of received knowledge about preservation, conservation and restoration of nature.
Note: Credit will be granted for only one of ES 445, ES 482 (if taken in same topic).
Prerequisite(s): ES 200 and ES 341.

ES 446 - Units: 1.5 - Hours: 3-0
Formerly: ES 426
Sustainable Fisheries
A practical examination of sustainable fisheries from a variety of interdisciplinary perspectives. Examines sustainability issues for fisheries and aquaculture through an integrated study of fish biology/ecology, oceanography, hydrology, environmental impact assessment, natural resource management and environment and land use planning.
Note: Credit will be granted for only one of ES 446, ES 400C, ES 426 (if taken in Sep 1992 - Apr 1996).
Prerequisite(s):
• ES 200; and
• ES 321 or ES 341.

ES 461 - Units: 1.5 - Hours: 3-0
Formerly: ES 410
Environmental Impact Assessment
An introduction to the objectives, philosophy, concepts, methods and social implications of environmental impact assessment (EIA). A critical examination of EIA as an analytical tool in the context of resource management and public policy is undertaken. Examples will be drawn from B.C., Canada and other countries.
Note: Credit will be granted for only one of ES 461, ES 410, ES 400A (if taken prior to September 1989), GEOG 301, GEOG 391 (if taken in the same topic).
Prerequisite(s):
• ES 200; and
• one of ES 301, ES 321, ES 341.
• If taken as GEOG 301, GEOG 209.

ES 470 - Units: 1.5 - Hours: 1-2
Formerly: ES 350
Advanced Field Study
Study of environmental problems and solutions intended to be more self-directed where the student identifies a problem and designs the process for implementing solutions. Typically offered in a compressed format. Additional fees may be necessary to support field expenses.
Note: May be taken more than once for credit in different topics with permission of the school.
Prerequisite(s):
• ES 200; and
• one of ES 301, ES 321, ES 341.

ES 471 - Units: 1.5 - Hours: 3-0
Formerly: ER 412
Galiano Island Field Study
Compressed format field study focused on regenerative and restorative designs for ecological and social resilience. Offered in partnership with the Galiano Conservancy Association with field portion based on Galiano Island. Additional fees are necessary to support field expenses.
Note: Credit will be granted for only one of ES 471, ES 441 (if taken in the same topic), ER 412, ER 411 (if taken in the same topic).
Prerequisite(s):
• If taken as ES 471, ES 200 and ES 341; or
• permission of the school.

ES 480 - Units: 1.5 - Hours: 3-0
Formerly: 400A-D
Advanced Environmental Topics in Political Ecology
A focused, in-depth systematic examination of specific environmental areas through seminars and projects; the development of appropriate responses to questions and problems within the selected areas; modes of interaction and communication with professional and community groups; application of theory to practice; and qualitative vs. quantitative research methods. These courses will be conducted as seminars and may include a field trip for which a fee will be charged.
* Contact hours may vary depending on the topic.
Note: May be taken more than once for credit in different topics.
Prerequisite(s): ES 200 and ES 301.

ES 481 - Units: 1.5 - Hours: 3-0*
Formerly: 400A-D
Advanced Environmental Topics in Ethnoecology
A focused, in-depth systematic examination of specific environmental areas through seminars and projects; the development of appropriate responses to questions and problems within the selected areas; modes of interaction and communication with professional and community groups; application of theory to practice; and qualitative vs. quantitative research methods. These courses will be conducted as seminars and may include a field trip for which a fee will be charged.
* Contact hours may vary depending on the topic.
Note: May be taken more than once for credit in different topics.
Prerequisite(s): ES 200 and ES 321.
ES 482  
Units: 1.5  
Hours: 3-0*  
Formerly: 400A-D  
Advanced Environmental Topics in Ecological Restoration  
A focused, in-depth systematic examination of specific environmental areas through seminars and projects; the development of appropriate responses to questions and problems within the selected areas; modes of interaction and communication with professional and community groups; application of theory to practice; qualitative vs. quantitative research methods. These courses will be conducted as seminars and may include a field trip for which a fee will be charged.  
* Contact hours may vary depending on the topic.  
Note: May be taken more than once for credit in different topics.  
Prerequisite(s): ES 200 and ES 341.

ES 490  
Units: 1.5-3.0  
Directed Studies  
Individual studies on approved environmental topics undertaken by students in consultation with faculty members. Projects will be supervised by one or more faculty members designated by the Director.  
Note: May be taken more than once for credit in different topics to a maximum of 3 units.  
Prerequisite(s):  
- ES 200, and  
- minimum sessional GPA of 6.5 in the previous session; and  
- minimum fourth-year standing; and  
- declared Major or Minor in Environmental Studies; or  
- permission of the school.

### EUS European Studies

#### Political Science

**EUS 100**  
Units: 1.5  
Hours: 3-0  
Introduction to European Studies  
An interdisciplinary, team-taught study focusing on the central issues of contemporary European integration. Introduces key issues and thinkers associated with the study of European Integration.

**EUS 200**  
Units: 1.5  
Hours: 3-0  
Introduction to European Cultures and Identities  
Explores the cultures and interconnectedness of national identities in Europe from the medieval period until the present. An interdisciplinary, team-taught approach will provide students with a comprehensive understanding of European cultures through the study of art history, literature, film, music, folklore, geography and philosophical thought.

**EUS 300**  
Units: 1.5  
Hours: 3-0  
European Integration: Socio-Economic and Political Developments  
A historical background to and a contemporary account of modern European politics and society. The approach is comparative, concentrating on similarities and differences between selected European countries. Crucial social cleavages, selected policy fields, traditions in political culture and institutional settings are studied from a comparative and genuinely European perspective.  
Note: May be taken more than once for credit in different topics with permission of the program.

**EUS 301**  
Units: 1.5  
Hours: 3-0  
Cultural and Intellectual Systems and Developments in Europe  
Critical aspects of European intellectual and cultural traditions both in a historic and contemporary perspective. Covers a wide range of issues related to the rich European history of ideas and artistic production encompassing the fields of philosophy, literature and arts.  
Note: May be taken more than once for credit in different topics with permission of the program.

**EUS 390**  
Units: 1.5  
Hours: 0-3  
Directed Studies in Europe  
Constitutes the academic element of either the EU Study Tour offered through Capilano University, or another European Study tour approved by the Program. The Sessions and Term will normally follow immediately upon the Tour, and the course content must be determined in advance of the Tour in consultation with the Director of the Program.  
Note: Students who have completed the Capilano University EU Study Tour may request permission to register in the course.  
Satisfies the experiential requirement for students completing a Major or Honours in Political Science with a Concentration in European Studies.  
Prerequisite(s): Permission of the school.

**EUS 490**  
Units: 1.5  
Hours: 3-0  
Special Topics in European Studies  
Directed reading and/or a research project in European Studies under the supervision of a Faculty Member.  
Note: May be taken more than once for credit in different topics with permission of the program.

### FA Fine Arts

**FA 101**  
Units: 1.5  
Hours: 2-1  
Creative Being  
An exploration of the diversity within creative practice and theory that builds bridges across disciplines and challenges students’ understanding of the creative process.  
Notes:  
- Credit will be granted for only one of FA 101, FA 100 (if taken in the same topic).  
- A required course for all Faculty of Fine Arts students.

**FA 200**  
Units: 1.5  
Hours: 2-1  
Special Topics in Fine Arts  
A multi-disciplinary investigation into various aspects of the arts. Focus may vary from year to year.  
Note: May be taken more than once for credit in different topics with permission of the faculty to a maximum of 3 units.

**FA 225**  
Units: 3.0  
Hours: 3-0  
Introduction to the Arts of Canada  
An interdisciplinaty examination of Canada’s cultural identity and of current issues facing the arts in both French and English-speaking Canada. Topics to be considered include aboriginal arts, theatre, history in art, visual and literary arts, music, multiculturalism, broadcasting and cultural policies.  
Note: Credit will be granted for only one of FA 225, ACAN 225.

**FA 245**  
Units: 1.5 or 3.0  
Hours: 3-0  
The Arts and Technology I  
An introductory course focusing on ideas central to the interrelationship between various arts and technologies.  
Note: May be taken more than once for credit in different topics to a maximum of 3 units.

**FA 300**  
Units: 1.5  
Hours: 3-0  
Interdisciplinary Studies  
Emphasizes an interdisciplinary approach to contemporary artistic concerns. In each year, coursework will focus on a particular issue.  
Note: May be taken more than once for credit in different topics with permission of the faculty to a maximum of 3 units.  
Prerequisite(s):  
- Minimum second-year standing; and  
- additional prerequisites set by faculty depending upon topic.

**FA 305**  
Units: 1.5 or 3.0  
Hours: 3-0  
Theory and Practice of Film and Video Direction  
Introduction to basic narrative patterns in film and video with an emphasis on image systems, plot and character, sound, and scene construction. Development and translation of a script into pictures using digital cameras and video editing software.

Studies in Cinema and Literature of the French-Speaking World (in English)
Cinema and the relationship of cinema with literature and culture in the French-speaking world.
Notes:
• Credit will be granted for only one of FRAN 335, FREN 389A (if taken in the same topic), FREN 389B (if taken in the same topic), FREN 389C (if taken in the same topic), FREN 389D (if taken in the same topic), FREN 389E (if taken in the same topic).
• Students with minimum third-year standing may request permission to register in the course.
• May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units.
• Students with minimum third-year standing may request permission to register in the course.
• permission of the department.

FRAN 340  Units: 1.5  Hours: 3-0
Studies in the Literatures or Language of the French-Speaking World (in English)
Literature or Language of the French-speaking world.
Note: May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units.
Prerequisite(s):
• HA 265; or
• minimum third-year standing.
Pre- or Corequisite(s):
• One of AHVS 295A, AHVS 295B, HA 295, HA 295A, HA 295B; or
• permission of the department.

FRAN 350  Units: 1.5  Hours: 4-0
Formerly: FREN 350
Advanced Oral French
Increase of oral proficiency in French and development of comprehension of oral and written French.
Notes:
• Credit will be granted for only one of FRAN 350, FREN 302A.
• Required for a concentration in French in the Faculty of Education.
• Not open to francophone students and normally not open to students who have spent at least one year in a francophone environment. Enrollment limited.
Prerequisite(s):
• FRAN 275 with a minimum grade of C+; or
• permission of the department.

FRAN 360  Units: 1.5-3.0
French Field School Seminar
An advanced, field-based exploration of the literatures, cultures and expressive forms in the French-speaking world. Areas of investigation may, depending on the year, be selected in Europe, North America, Africa or the Caribbean. An additional field trip fee may be applied.
Note: May be taken more than once for credit in different topics with permission of the department to a maximum of 6 units.
Prerequisite(s): Permission of the department.
Grading: COM, N, F.

FRAN 375  Units: 1.5  Hours: 3-0
Formerly: FREN 302A
Writing in French II
Written exercises in vocabulary and grammar, comparative stylistics, compositions.
Notes:
• Credit will be granted for only one of FRAN 375, FREN 302, FREN 302A.
• Students with the FREN courses are directed to FREN 395 or FREN 400.
Prerequisite(s):
• FRAN 275 with a minimum grade of C+; or
• permission of the department.

FRAN 385  Units: 1.5  Hours: 3-0
Formerly: FREN 374
French Morphology
Word formation and word markers, etymology, prefixes and suffixes, gender, number, person; grammatical categories.
Note: Credit will be granted for only one of FRAN 380, FREN 372.
Prerequisite(s):
• FRAN 275 with a minimum grade of C+; and
• one of FRAN 200, FRAN 220, 1.5 units of 100- or 200-level LING course; or
• permission of the department.

FRAN 390  Units: 1.5  Hours: 3-0
Formerly: FREN 390
Critical Methods
Discovering meaning in literature; how to read a literary text. Practical introduction to various methods of analyzing literary texts; a survey of modern literary theory.
Note: Credit will be granted for only one of FRAN 390, FREN 390.
Prerequisite(s): FRAN 275 with a minimum grade of C+.
Pre- or Corequisite(s):
• FRAN 310; or
• permission of the department.
FRAN 400  Units: 1.5  Hours: 3-0
Formerly: FREN 420, 429
Advanced Studies in French Linguistics
Intensive study of a selected topic in French linguistics or applied linguistics.
Notes:
- Credit will be granted for only one of FRAN 400, FREN 420 (if taken in the same topic), FREN 429 (if taken in the same topic).
- May be taken more than once for credit in different topics with permission of the department to a maximum of 4.5 units.
Pre- or Corequisite(s):
- FRAN 380 and FRAN 385, or
- permission of the department.

FRAN 402  Units: 1.5  Hours: 3-0
Formerly: FREN 402
An Advanced Language Course in Modern French Usage
Focus on written expression through composition, textual analysis and commentaire composé, with attention paid to both literary and informal usage.
Note: Credit will be granted for only one of FRAN 402, FREN 402.
Prerequisite(s):
- FRAN 280 and FRAN 375, or
- permission of the department.

FRAN 404  Units: 1.5  Hours: 3-0
Formerly: FREN 425A
History of French
The evolution of the French language from the eighth to the 18th century. Through the study of representative literary and non-literary texts in the original, in relation to historical circumstances, students acquire familiarity with major social and cultural events and become aware of the diversity and the mobility of the language.
Note: Credit will be granted for only one of FRAN 404, FREN 425A.
Prerequisite(s):
- FRAN 375, or
- permission of the department.

FRAN 405  Units: 1.5  Hours: 3-0
Formerly: FREN 425B
Varieties of French
Note: Credit will be granted for only one of FRAN 405, FREN 425B.
Prerequisite(s):
- FRAN 375, or
- permission of the department.

FRAN 406  Units: 1.5  Hours: 3-0
Formerly: FREN 426, 426A, 426B
Translation Studies
A comparative study of the characteristics of French and English expression and how they pertain to the problems of translation, intensive practice in translation from English to French and French to English.
Note: Credit will be granted for only one of FRAN 406, FREN 426 (if taken in the same topic), FREN 426A (if taken in the same topic), FREN 426B (if taken in the same topic).
Prerequisite(s):
- FRAN 375 with a minimum grade of B, and
- Academic Writing Requirement satisfied, or
- permission of the department.

FRAN 410  Units: 1.5  Hours: 3-0
Studies in Québec or French-Canadian Literature
Study of major texts: genres, periods, gender studies, theoretical approaches, cultural and historical contexts.
Notes:
- Credit will be granted for only one of FRAN 410, FREN 480, FREN 482, FREN 484, FREN 485 (if taken in the same topic).
- May be taken more than once for credit in different topics with permission of the department to a maximum of 4.5 units.
Prerequisite(s): FRAN 275 with a minimum grade of C+.
Pre- or Corequisite(s):
- FRAN 310, or
- permission of the department.

FRAN 411  Units: 1.5  Hours: 3-0
Formerly: FREN 480
The French-Canadian Novel from the Origins to the Modern Period
A survey of the French-Canadian novel with special emphasis on the first half of the 20th century.
Note: Credit will be granted for only one of FRAN 411, FREN 480.
Prerequisite(s): FRAN 275 with a minimum grade of C+.
Pre- or Corequisite(s):
- FRAN 310, or
- permission of the department.

FRAN 412  Units: 1.5  Hours: 3-0
Formerly: FREN 482
Contemporary French-Canadian Novel
The French-Canadian novel in the second half of the 20th century, in particular la nouvelle écriture since 1960.
Note: Credit will be granted for only one of FRAN 412, FREN 482.
Prerequisite(s): FRAN 275 with a minimum grade of C+.
Pre- or Corequisite(s):
- FRAN 310, or
- permission of the department.

FRAN 415  Units: 1.5  Hours: 3-0
Formerly: FREN 485
French-Canadian Poetry
French-Canadian poetry from Emile Nelligan to the present. Emphasis on Alain Grandbois, St-Deny's-Garneau, Anne Hébert, Rina Lasnier, Gaston Miron, Roland Gigouère, Michel Beaulieu, Nicole Brossard.
Note: Credit will be granted for only one of FRAN 415, FREN 485.
Prerequisite(s): FRAN 275 with a minimum grade of C+.
Pre- or Corequisite(s):
- FRAN 310, or
- permission of the department.

FRAN 417  Units: 1.5  Hours: 3-0
Also: ENGL 458
Comparative Studies in Contemporary French and English Canadian Literature
An introduction to the comparative study of contemporary Canadian Literature in both official languages. Classes will be conducted in English; readings and assignments can be done in either language. However, students taking a Combined Major in English and French (Canadian Literature) must read the texts in the original. May include works by George Bowering, Daphne Marlatt, Loka Lemire Tostevin, Jacques Poulin, Tomson Highway and Nicolas Dickner. - Students with credit for FREN 446D, FREN 460A, FREN 460B, FREN 466 must consult the department to determine whether they may obtain a waiver to take this course for credit.
Pre- or Corequisite(s): FRAN 275 with a minimum grade of C+.
Pre- or Corequisite(s):
- FRAN 310, or
- permission of the department.

FRAN 455 Units: 1.5 Hours: 3-0
Dada and Surrealism: the End of the Novel
The rise of the greatest artistic movement of the 1920s and 1930s in France and Europe out of the ashes of WWII.
Notes:
- Credit will be awarded for only one of FRAN 455, FREN 462A (if taken in the same topic), FREN 462B (if taken in the same topic), FREN 462C (if taken in the same topic), FREN 470.
- Students with credit for FREN 462A, FREN 462B, FREN 462C, FREN 470 must consult the department to determine whether they may obtain a waiver to take this course for credit.
Pre- or Corequisite(s): FRAN 275 with a minimum grade of C+.
Pre- or Corequisite(s):
- FRAN 310, or
- permission of the department.

FRAN 456 Units: 1.5 Hours: 3-0
Formerly: FREN 470
20th-Century French Theatre
The distinctive characteristics of modern theatre and of major theatrical movements; plays illustrating different themes and theatrical styles.
Notes:
- Credit will be awarded for only one of FRAN 456, FREN 460A, FREN 460B, FREN 462A, FREN 462B, FREN 462C, FREN 470.
- Students with credit for FREN 462A, FREN 462B, FREN 462C, FREN 470 must consult the department to determine whether they may obtain a waiver to take this course for credit.
Pre- or Corequisite(s): FRAN 275 with a minimum grade of C+.
Pre- or Corequisite(s):
- FRAN 310, or
- permission of the department.

FRAN 457 Units: 1.5 Hours: 3-0
Breaking New Ground after Existentialism
The various faces of fiction, from the “Nouveau Roman” to postmodernism in French contemporary literature (1945 to today).
Notes:
- Credit will be awarded for only one of FRAN 457, FREN 462A, FREN 462B, FREN 462C, FREN 470.
- Students with credit for FREN 462A, FREN 462B, FREN 462C, FREN 470 must consult the department to determine whether they may obtain a waiver to take this course for credit.
Pre- or Corequisite(s): FRAN 275 with a minimum grade of C+.
Pre- or Corequisite(s):
- FRAN 310, or
- permission of the department.

FRAN 460 Units: 1.5 Hours: 3-0
Studies in Culture, Literature or Language of the French-Speaking World
Occasional offerings devoted to the culture, literature, or language of the French-speaking world. May include genre, thematic, or cross-cultural topics.
Notes:
- Credit will be awarded for only one of FRAN 460A, FREN 460B, FREN 462A, FREN 462B, FREN 462C, FREN 470.
- Students with credit for FREN 460A, FREN 460B, FREN 462A, FREN 462B, FREN 462C, FREN 470 must consult the department to determine whether they may obtain a waiver to take this course for credit.
Pre- or Corequisite(s): FRAN 275 with a minimum grade of C+.
Pre- or Corequisite(s):
- FRAN 310, or
- permission of the department.

FRAN 465 Units: 1.5 Hours: 3-0
Modern French
Detailed study of contemporary French, with particular attention to aspects of the language useful to immersion teachers.
Pre- or Corequisite(s):
- Admission to Professional Specialization Certificate program in Teaching French Immersion.
Grading: COM, N, F.

FRAN 475 Units: 1.5 Hours: 3-0
Directed Studies
Note: May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units.
Pre- or Corequisite(s): Permission of the department.

FRAN 499 Units: 1.5 Hours: 3-0
Formerly: FREN 499
Honours Graduating Essay
During the final year of the Honours program, students will write a graduating essay in French of approximately 7,500 words (i.e., 30 typed pages, double-spaced) under the direction of a member of the department; the topic to be approved by the Honours Committee. The essay must conform to acceptable standards of style and format and be submitted before the end of second term classes. An oral examination in French covering the topic of the essay will be conducted by a committee of three persons (normally, the faculty supervisor, the second reader, and the departmental Honours Adviser).
Note: Credit will be awarded for only one of FRAN 499, FREN 499.

GDS Global Development Studies Program
Faculty of Social Sciences

GDS 201 Units: 1.5 Hours: 3-0
Introduction to Global Development Studies
An interdisciplinary, introductory approach focusing on theoretical, historical and policy debates shaping international development. The theory and practice of international development in diverse historical, social, cultural and geographic contexts. Topics may also include colonization and decolonization; global poverty and inequality; modernisation and social change; and international development assistance and the role of international organisations, NGOs and groups in shaping development.

GDS 202 Units: 1.5 Hours: 3-0
Contemporary Issues in Global Development Studies
Considers contemporary topics and issues, several of which form key areas of focus for contemporary official development assistance: gender, human rights and democracy; environmental sustainability and food security; transnationalism, migration and mobility; identity, ethnicity and cultural change; culture and social change; health and well-being. Other topics may include: conflict and displacement; development policy and poverty reduction; food and agriculture; labour markets and global migration.
Pre- or Corequisite(s): GDS 201.

GDS 301 Units: 1.5 Hours: 3-0
Working in Global Development
Essential skills required for effective practical engagement with issues in global development. Topics may include: advocacy; cross-cultural communication; project management and evaluation; community based research; fundraising; community organizing; management of non-profits.
Pre- or Corequisite(s):
- GDS 201 and GDS 202, or
- permission of the program.

GDS 390 Units: 1.5 Hours: 3-0
Special Topics in Global Development Studies
Pre- or Corequisite(s):
- GDS 201 and GDS 202, or
- permission of the program.
GDS 400 Units: 1.5 Hours: 3-0
Global Development Studies Capstone Seminar
Students conduct interdisciplinary projects linked to global development with attention to research methods in development studies, and to practical and ethical challenges associated with development projects, in a workshop format. In addition to research on an international development issue, projects might include assessment of an existing development project, or developing a monitoring and evaluation framework for a development program.
Prerequisite(s):
• GDS 301; and
• declared minor in Global Development Studies.

GDS 490 Units: 1.5 Hours: 3-0
Directed Studies
Individual study of a specific research topic in Global Development Studies under the supervision of a faculty member.
Note: Students are responsible for finding a faculty member associated with the GDS minor to supervise the proposed project.
Prerequisite(s):
• GDS 201 and GDS 202; and
• fourth-year standing; and
• declared minor in Global Development Studies.

GDS 491 Units: 1.5 Hours: 3-0
Directed Experiential Learning
Individual examination of analytical issues in GDS in relation to work or volunteer activities directly related to global development. Students work with an instructor to identify issues to be explored and methods of assessment before the experiential learning opportunity begins. Must include at least 150 hours of work or volunteer activities. Assessment normally involves a reflective journal and final paper.
Note: Students are responsible for finding the work or volunteer position and a faculty member associated with the GDS minor to supervise the proposed experiential learning opportunity.
Prerequisite(s):
• GDS 201 and GDS 202; and
• minimum third-year standing; and
• declared minor in Global Development Studies.

GEOG 100 Units: 1.5 Hours: 3-0
Geography for Today
Each topic stretches the geographical imagination by offering a new lens through which to view the relationship between people and the richly diverse and varied environments they inhabit. From the intimate personal places of one individual’s human experience to the worldwide reach of global-scale physical environmental changes that impact everyone, the complex challenges and opportunities of today’s world are illuminated with the help of an integrated spatial perspective. Topic may change from year to year.
Note: May be taken more than once for credit in different topics.

GEOG 101A Units: 1.5 Hours: 3-2
Environment, Society and Sustainability
Introduction to the functioning of the biosphere, the ways in which humans alter natural processes, environmental consequences of these alterations and the implications for sustainability. Topics include: energy flows, biogeochemical cycles, ecosystem structure and dynamics, pollution, global change, water resources, biodiversity, endangered species, protected areas, agriculture and food, forestry, marine resources, poverty and development and different worldviews. Potential for a sustainable society is discussed.
Note: Credit will be granted for only one of GEOG 101A, ES 101.

GEOG 101B Units: 1.5 Hours: 3-2
Introduction to Human Geography
Perspectives on the scope and purpose of human geography, emphasizing approaches, concepts and scales of geographical analysis. Topics include: social geography of cities, interpretation of regional; cultural and economic landscapes; urbanization and industrialization of regions; and economic development and social change in the world system.

GEOG 103 Units: 1.5 Hours: 3-2
Formerly: Part of 110, 120, EOS 110, 120
Introduction to Physical Geography
Introduces the science of Physical Geography using an earth-systems approach. Course themes include global climates and climate change, hydrology and water resources, geomorphology and natural hazards, and biogeography; with focus on how geographic sciences are applied to address real world issues.
Note: Not open to students with credit in any of GEOG 110 (EOS 110), GEOG 120 (EOS 120) if taken prior to May-Aug 2011.

GEOG 209 Units: 1.5 Hours: 3-2
Formerly: 350, 350A, 350B, ES 316
Introduction to Environmental Management
Introduces students to the conceptual foundations of resource and environmental management by emphasizing geographic aspects of resource systems within environmental, social, economic, and policy frameworks. Using a variety of examples, it examines strategies and tools such as adaptive management approaches, ecosystem-based management, impact assessment, and conflict resolution.
Note: Credit will be granted for only one of GEOG 209, GEOG 350, GEOG 350A, GEOG 350B, ES 316.
Prerequisite(s): GEOG 101A and GEOG 103.

GEOG 211 Units: 1.5 Hours: 3-2
Formerly: 201A, 201B
Political and Economic Geography
Examines the major thematic concerns that have traditionally shaped the sub-disciplines of political and economic geography, while also engaging with emerging issues that are likely to become focal points in shaping future debates. Explores the co-constitutive relationship between politics, economics and space.
Note: Credit will not be granted for only one of GEOG 211, GEOG 201A, GEOG 201B.
Prerequisite(s):
• GEOG 101B; and
• minimum second-year standing.

GEOG 218 Units: 1.5 Hours: 3-2
Social and Cultural Geography
Introduction to social and cultural geography with a focus on the interpretation of cultural landscapes, place-making, and the spatial expression of social and cultural identities. Lab assignments involve fieldwork and critical reflection on the relation between culture, society and landscape.
Prerequisite(s): GEOG 101B.

GEOG 222 Units: 1.5 Hours: 2-2
Introduction to Maps and GIS
Introduces techniques and fundamentals of spatial data and analysis. Topics include: scale, map interpretation, GPS and Geographic Information Systems.
Prerequisite(s): Minimum second-year standing.

GEOG 226 Units: 1.5 Hours: 2-3
Formerly: 321
Introduction to Quantitative Methods in Geography
Application of statistical techniques to geographic problems. Topics include hypothesis formulation, sampling strategies, parametric and nonparametric statistical tests, statistical models. All laboratory exercises are computer based.
Notes:
• Credit will be granted for only one of GEOG 226, GEOG 321.
• See “Credit Limit - Beginning Level Statistics Courses”.
Prerequisite(s): Either 3 units of 100- or 200-level GEOG courses, or 3 units of 100- or 200-level EOS courses.

GEOG 228 Units: 1.5 Hours: 2-2
Introduction to Remote Sensing
Introduces the use of remotely sensed images to address information issues related to both physical and human geography. Students will be exposed to a range of image types and resolutions, as well as methods and tools used for their analysis.
Prerequisite(s): Minimum second-year standing.

GEOG 252 Units: 1.5 Hours: 3-0
Formerly: 352
Introduction to Coastal Geography
Explores a wide variety of coastal topics from biophysical, ecological, and social-economic perspectives. Topics focus on coastal landscapes and communities that may include fundamentals of coastal oceanography, climate, biodiversity, water quality, fisheries, indigenous people, tourism and implications for management.
Note: Credit will be granted for only one of GEOG 252, GEOG 352.
Prerequisite(s): Minimum second-year standing.

GEOG 272 Units: 1.5 Hours: 2-2
Introduction to Climatology and Hydrology
An investigation of the fundamental processes controlling climate and hydrology. Explores various factors and interactions that determine the spatial and temporal variations of individual climate elements. Special attention is given to the mutual interaction of climate with the Earth’s surface and the role that ground surface type or cover plays in moderating local climate and hydrology.
Prerequisite(s): One of GEOG 103, GEOG 110, EOS 110.
GEOG 274  
**Units:** 1.5  
**Hours:** 2-2

**Introduction to Biogeography**
Examines the relationships among organisms - principally plants and animals - and their environment, emphasizing their distributions across a range of spatial and temporal scales. Examines basic ecological and evolutionary concepts affecting biogeographic processes of dispersal, speciation and extinction; how patterns of biodiversity change over space and time from early earth history to the contemporary environment; the nature of changing biotic distributions with increasing human impacts and global change.

**Prerequisite(s):** GEOG 101A and GEOG 103.
**Recommendation(s):** Biology 12 or BIOL 150B recommended prior to GEOG 274.

GEOG 276  
**Units:** 1.5  
**Hours:** 2-2

**Introduction to Geomorphology**
Introduction to Earth surface process and landforms including riverine, desert, coastal, glacial, hillslope and permafrost environments. Focuses on regional and Canadian landscapes. Involves a field trip.

**Prerequisite(s):** One of GEOG 103, GEOG 120, EOS 120.

GEOG 288  
**Units:** 1.5

**World Regional Geography**
An overview of world regions across the globe. Specific emphasis on the role of political, economic, social, cultural, and environmental patterns and processes in shaping the contemporary landscapes of world regions. Topics include: deforestation in Latin America, the spread of Islam in Southwest Asia, child labour in South Asia, the Caribbean diaspora, and the legacy of colonialism in Africa.

**Prerequisite(s):** Minimum second-year standing.

GEOG 301  
**Units:** 1.5  
**Hours:** 3-0

Also: ES 461
Formerly: ES 410

**Environmental Impact Assessment**
An introduction to the objectives, philosophy, concepts, methods and social implications of environmental impact assessment (EIA). A critical examination of EIA as an analytical tool in the context of resource management and public policy is undertaken. Examples will be drawn from B.C., Canada and other countries.

**Note:** Credit will be granted for only one of GEOG 301, GEOG 391 (if taken in the same topic), ES 400A (if taken prior to September 1989), ES 410, ES 461.

**Prerequisite(s):**
- GEOG 209.
- If taken as ES 461, ES 200, and one of ES 301, ES 321, ES 341.

GEOG 303  
**Units:** 1.5  
**Hours:** 3-0

**Conservation and Ecology of Whales**
Examines the fundamental biology, evolution, and ecology of the modern whale species. Discusses the history and the spectrum of the human relationships with whales, and current topics in the marine mammal sphere will be critically examined.

**Note:** Credit will be granted for only one of GEOG 303, GEOG 391 (if taken in the same topic).

**Prerequisite(s):**
- GEOG 274, and
- one of BIOL 150A, BIOL 184, BIOL 190B.

GEOG 304  
**Units:** 1.5  
**Hours:** 3-0

**Coastal Conservation**
Examines the natural science and social science dimensions of conservation on the remote and largely undeveloped central and north coast of British Columbia. Students explore current issues with relevant theory, thus uniting contemporary affairs with scholarship. Major themes are energy development and exploitation of biological resources (like fish and wildlife), but specific themes might change among years. Students learn from western scientific approaches, First Nations perspectives, and their interaction.

**Note:** Credit will be granted for only one of GEOG 304, GEOG 391 (if taken in the same topic).

**Prerequisite(s):** GEOG 292 or GEOG 352.

GEOG 306  
**Units:** 1.5  
**Hours:** 3-0

**Geography of Canada**
An examination of the physical, economic, and cultural landscapes that distinguish the geographical character of major regions in Canada. Issues surrounding Canada’s identity and expressions of regionalism are considered.

GEOG 308  
**Units:** 1.5  
**Hours:** 2-2

**Introduction to Geographic Information Systems**
Fundamentals and sources of geographic information, basic skills in geographic data browsing, query and analysis. Laboratory component introduces GPS and commercial geographic information software solutions.

**Note:** Credit for this course will not be counted toward degree programs in Geography. Students with credit in GEOG 222 or GEOG 228 are not permitted to register in GEOG 308. This service course is intended for students with a general interest in the field of geomatics.

GEOG 309  
**Units:** 1.5  
**Hours:** 3-0

**Geography of British Columbia**
An examination of the physical, economic, and cultural landscapes that distinguish the cities and rural regions of Canada’s West Coast province.

**Note:** Credit will be granted for only one of GEOG 309, GEOG 219.

**Prerequisite(s):** Minimum second-year standing.

GEOG 314  
**Units:** 1.5  
**Hours:** 3-0

**Formerly:** 214

**Global Environment Change and Human Response**
Based on four components: global environmental change; sustainable development, biodiversity, and population impoverishment and environmental degradation. Lectures and discussion emphasize the causes of global change, the present and expected impacts on natural and social systems, and response strategies that have been proposed or enacted.

**Note:** Credit will be granted for only one of GEOG 314, GEOG 214 (if taken prior to December 2006).

**Prerequisite(s):** Minimum second-year standing.

GEOG 315  
**Units:** 1.5  
**Hours:** 3-0

**Geocaching**
Introduces the activity of geocaching, the fundamentals of GPS navigation and data collection. Emphasis is placed on geocaching, the history and workings of GPS and associated navigation systems, map datums and coordinate systems, and basics of GPS data management. Hands-on operating and working with GPS units in the field, through a variety of geocaching activities and assignments. Examples of the use of GPS in geographical research will be demonstrated through lectures and readings.

**Note:** Credit will be granted for only one of GEOG 315, GEOG 391 (if taken in the same topic).

**Prerequisite(s):** Minimum third-year standing.

GEOG 319  
**Units:** 1.5  
**Hours:** 2-2

**Remote Sensing of the Environment**
Focuses on physical principles underlying remote sensing and electromagnetic propagation in free space and matter; attenuation, absorption and scattering mechanisms; interaction of energy with the atmosphere and Earth materials such as vegetation, soil, rock, water and urban structures; and microwave/LIDAR interaction with Earth materials.

**Prerequisite(s):**
- GEOG 222 and GEOG 228, and
- one of GEOG 226, STAT 255, STAT 260.

GEOG 322  
**Units:** 1.5  
**Hours:** 2-2

**Digital Remote Sensing**
Processing and analysis of digital remotely sensed data. Data from various sources will be discussed and analysed with respect to their applicability in geographical sciences. Laboratory assignments will use image analysis software in a variety of applications.

**Prerequisite(s):**
- GEOG 222 and GEOG 228, and
- one of GEOG 226, STAT 255, STAT 260.

GEOG 323  
**Units:** 1.5  
**Hours:** 2-2

**Cartography**
Introduces topographic and thematic cartography. Emphasis on cartographic data manipulation, generalization, and symbolization; map design, visualization and communication. Laboratory assignments will provide practical experience in designing and drafting maps.

**Prerequisite(s):** GEOG 222 and GEOG 226.

GEOG 324  
**Units:** 1.5  
**Hours:** 3-0

**Directions in Geography**
An intellectual history of geographical thought, concentrating on trends, ideologies and controversies since 1960. Idiographic, nomothetic, quantitative, behavioural, applied radical, humanistic and recent social theory and GIS approaches are critically discussed in seminars.

**Prerequisite(s):** 4.5 units of 100- or 200-level GEOG courses.

GEOG 325  
**Units:** 1.5  
**Hours:** 2-3

**Field Surveying**
An introduction to fundamental concepts of surveying and field work. This is an instrument-based course covering differential leveling, traversing, tachometry, GPS, and their applications to field work.

**Prerequisite(s):** GEOG 222 and GEOG 226.
**Recommendation(s):** 1.5 units of GEOG 100-level recommended prior to GEOG 325.
GEOG 327 - GEOG 370

GEOG 327 Units: 1.5 Hours: 2-2
Research Methods in Human Geography
Introduces the main methodological approaches both qualitative and quantitative, that are applied in human geography. A range of paradigms (ethnography, action research, narrative analysis, the scientific method, Marxism and feminism) and methods (research design, survey instrument design, participant observation, focus groups, in-depth interviews) will be examined and applied to current issues in human geography.
Recommendation(s): GEOG 226 recommended prior to GEOG 327.

GEOG 328 Units: 1.5 Hours: 2-2
GIS Analysis
Focuses on analysis for digital mapping and modeling, developing and using geographic data to answer spatial research questions, conducting basic spatial interpolations, and carrying-out multi-criteria modelling.
Prerequisite(s):
- GEOG 222 and GEOG 228; and
- one of GEOG 226, STAT 255, STAT 260.

GEOG 329 Units: 1.5 Hours: 2-2
GIS Applications and Tools
The basics of GIS tool development including applications, desktop GIS customization, map mashups, model building in a GIS environment, Internet GIS, building web pages that include GIS maps and tasks.
Prerequisite(s):
- GEOG 222 and GEOG 228; and
- one of GEOG 226, STAT 255, STAT 260.

GEOG 332 Units: 1.5 Hours: 3-0
Urban Development in the Global South
Examines fundamental characteristics of cities in the Global South with a focus on issues of urban development as well as social, cultural, economic, and environmental challenges in the region. Addresses the driving forces of urban growth and investigates the consequences of this transformation in terms of economic and human development as well as environmental sustainability. Discussion and analysis of contentious urban issues and case studies from the Global South.
Prerequisite(s): GEOG 211 and GEOG 218.

GEOG 339 Units: 1.5 Hours: 3-0
Disaster Management and Community Resilience
Explores hazard events and the factors and conditions that lead to disasters. Covers such events as earthquakes, hurricanes, tsunamis, floods, droughts and examines their human and natural dimensions. Emphasis on understanding vulnerability and risk assessment, sustainable hazards mitigation and disaster management approaches to enhancing community resilience.
Note: Credit will be granted for only one of GEOG 339, GEOG 391 (if taken in the same topic), GEOG 472.
Prerequisite(s): All of GEOG 103, GEOG 211, GEOG 218.

GEOG 340 Units: 1.5 Hours: 3-0
Geographies of the North American City
Overview of key thematic areas in urban geography with a focus on North American cities. Includes various case studies, along with first-hand fieldwork training, to foster a deeper appreciation for the geographic dimensions of the urban experience.
Note: Credit will be granted for only one of GEOG 340, GEOG 340B, GEOG 349.
Prerequisite(s): GEOG 211 and GEOG 218.

GEOG 346 Units: 1.5 Hours: 3-0
Geographies of Environment and Health
Theories and methods involved in environment and health research from a medical geographical perspective. "Environment" includes urban, social, political, cultural and physical environments. "Health" includes complete social, physical, and emotional well-being. Current issues in environment and health will be placed within a wider social/community context.
Prerequisite(s): All of GEOG 101A, GEOG 211, GEOG 218.

GEOG 347B Units: 1.5 Hours: 3-0
Formerly: half of 347
Geographies of Development
A critical examination of development theories, trends and issues. Topics included are the definition and measurement of poverty and inequality, an overview of global population growth and structure, the impact of globalisation on third-world economies, the effectiveness of foreign aid, and food security constraints.
Note: Credit will be granted for only one of GEOG 347B, GEOG 347.
Prerequisite(s): GEOG 211 and GEOG 218.

GEOG 353 Units: 1.5 Hours: 3-0
Coastal and Marine Resources
A systematic integration of the biophysical, socioeconomic and policy dimensions of threats and opportunities in coastal areas framed within integrated coastal management. Topics include: fisheries, aquaculture, energy, transportation, recreation and tourism, urban development and marine protected areas. Discusses coastal planning and zoning approaches to balance threats, opportunities and conflicts.
Note: Credit will be granted for only one of GEOG 335, GEOG 452.
Prerequisite(s): GEOG 252 or GEOG 352.

GEOG 355 Units: 1.5 Hours: 3-0
Coastal Communities
A systems approach to the study of contemporary issues relating to the geography of coastal communities. Topics focus on the social, political, cultural and economic forces that shape coastal communities and community life at the individual, community and macro scales.
Prerequisite(s):
- GEOG 252 or GEOG 352; and
- GEOG 211 or GEOG 218.

GEOG 357 Units: 1.5 Hours: 3-0
Formerly: 455; 459A and 459B
Parks and Protected Areas
An investigation of the principles and concepts underlying the designation, planning and management of protected areas such as national and provincial park systems. Topics include: the history and philosophy of protected areas; international classifications and examples; role of native peoples; carrying capacity; visitor management; interpretation; ecosystem integrity; ecosystem management; and a variety of case studies. Students should be prepared to undertake one or more weekend field trips; a fee for each field trip may be applied.
Note: Credit will be granted for only one of GEOG 357, GEOG 455, GEOG 459A, GEOG 459B.
Prerequisite(s): GEOG 209.

GEOG 358 Units: 1.5 Hours: 3-0
Landscape Ecology
Landscape ecology emphasizes the interaction between spatial pattern and ecological processes. Focus is on the role of spatial heterogeneity in affecting the distribution and abundance of organisms, mass and energy transfers, and alterations of this structure by natural or anthropogenic forces. Implications for wildlife management and conservation are discussed.
Prerequisite(s):
- GEOG 101A or GEOG 103; and
- one of GEOG 226, STAT 255, STAT 260; and
- one of BIOL 215, ES 240, ES 348; and
- one of MATH 100, MATH 102, MATH 151, MATH 162.
Recommendation(s): GEOG 274 recommended prior to GEOG 358.

GEOG 366 Units: 1.5 Hours: 3-0
Formerly: 473
Medical Geographies
Investigates the major research themes in medical geography, including the social and environmental contexts of disease, epidemiological data delivery systems, and health and the pollution syndrome. Involves lectures, seminars, and research projects.
Note: Credit will be granted for only one of GEOG 366, GEOG 473.
Prerequisite(s): GEOG 211 or GEOG 218.

GEOG 370 Units: 1.5 Hours: 3-2
Hydrology
An overview of hydrological processes, measurement techniques and data analysis. The movement of water in the hydrologic cycle via precipitation, interception, evapotranspiration, surface runoff, infiltration, soil moisture, groundwater flow and streamflow generation are examined. Applied aspects and local examples will be discussed. Involves laboratory assignments and a field trip.
Prerequisite(s):
- GEOG 272 or EOS 340; and
- one of MATH 100, MATH 102, MATH 151, MATH 162.
Pre- or Corequisite(s): EOS 340.

**Prerequisite(s):**
- GEOG 209 and GEOG 272
- GEOG 276, or EOS 120 and EOS 201; and one of MATH 100, MATH 102, MATH 151, MATH 162.
- Either GEOG 276, or EOS 120 and EOS 201; and one of MATH 100, MATH 102, MATH 151, MATH 162.
- Either GEOG 276, or EOS 120 and EOS 201; and one of MATH 100, MATH 102, MATH 151, MATH 162.
- Either GEOG 376, or GEOG 370, GEOG 373, GEOG 376 recommended prior to GEOG 420.
- GEOG 328 or GEOG 329.
- GEOG 328 and GEOG 329 recommended prior to GEOG 418.
- GEOG 328 and GEOG 329.
- GEOG 332, GEOG 467 recommended prior to GEOG 422.
- GEOG 422 recommended prior to GEOG 424.

**Note:**
- Credit will be granted for only one of GEOG 386, GEOG 348.
- Minimum second-year standing.
- Contact hours may vary depending on the topic.
- May be taken more than once for credit in different topics.
- Minimum second-year standing, and additional prerequisites set by department depending upon topic.
- May be taken more than once for credit in different topics.
- Minimum second-year standing.
- May be taken more than once for credit in different topics.

- May be taken more than once for credit in different topics.
GEOG 428 Units: 1.5 Hours: 2-3
Advanced Topics in Geographic Information Sciences
Contemporary research topics in the geographic information sciences. Topic varies annually, but will be selected from one of the following: spatial decision support; visualization; business demographics; environmental modeling; or spatial analysis.
Note: Credit will be granted for only one of GEOG 428, GEOG 423.
Prerequisite(s): GEOG 328 or GEOG 329.
Recommendation(s): GEOG 328 and GEOG 329 recommended prior to GEOG 428.

GEOG 438 Units: 1.5 Hours: 3-0
Aquaculture in British Columbia
Introduction to the aquaculture industry within British Columbia, reviewing the history, culture species, production methods (hatchery through seafood processing), technological innovations, economics, marketing, environmental impacts/management, social issues (including First Nations), and the regulatory framework for this agri-food industry. Includes a field trip to aquaculture sites. Students should be prepared to undertake one or more weekend field trips, or a week-long field trip, a fee for each field trip may be applied.
Prerequisite(s): GEOG 304 or GEOG 353.

GEOG 448 Units: 1.5 Hours: 3-0
Urban Social Geographies
An advanced seminar on the social geographies of the contemporary city. A critical examination of the geographical dimensions of urban social life and the politics of public space. Students will collect and analyze primary-source data for a collective class research project on a particular aspect of the social geography of the Greater Victoria Region.
Prerequisite(s): One of GEOG 332, GEOG 340, GEOG 340A, GEOG 340B, GEOG 343, GEOG 363.

GEOG 450 Units: 1.5 Hours: 3-0
Formerly: 450A and 450B
Environment and Sustainability in Practice
Examines the decision making theory and real world processes associated with resources management at the policy and field levels. Case studies used to illustrate decision making behaviour, from conflict to co-operation. Simulation sessions, field trip and field methods review.
Note: Credit will be granted for only one of GEOG 450, GEOG 450A.
Prerequisite(s): Two of GEOG 301, GEOG 303, GEOG 304, GEOG 314, GEOG 339, GEOG 353, GEOG 357, GEOG 358, GEOG 377.

GEOG 453 Units: 1.5 Hours: 3-0
Field Studies in Coastal and Marine Resources
Integrated coastal management is applied through community-based research. Based on a week-long field camp, discussions, projects and presentations, students gain first-hand experience in both biophysical and socio-economic perspectives of coastal areas. A field trip fee may be applied.
Prerequisite(s): GEOG 353 or GEOG 452.

GEOG 456 Units: 1.5 Hours: 3-0
Formerly: 3506
Wildlife Conservation
An examination of the history of the conservation movement and wildlife management, human dimensions and the value of wildlife, and consequences of over-harvesting, habitat fragmentation, and invasive species for present-day wildlife conservation and, ways forward.
Note: Credit will be granted for only one of GEOG 456, GEOG 356.
Prerequisite(s): One of GEOG 358, ES 320, BIOL 370.

GEOG 457 Units: 1.5 Hours: 3-0
Formerly: 455, 459A and 459B
Marine Protected Areas
An in-depth look at the challenges facing designation and management of marine protected areas in Canada and internationally. Includes topics such as network design, governance, zoning, conflicts, ecotourism and fisheries. Students should be prepared to undertake one or more field trips; a fee for each field trip may be applied.
Note: Credit will be granted for only one of GEOG 457, GEOG 455, GEOG 459A, GEOG 459B.
Prerequisite(s): GEOG 357.
Recommendation(s): GEOG 252 and GEOG 304 recommended prior to GEOG 457.

GEOG 474 Units: 1.5 Hours: 3-0
Formerly: 471A
Field Studies in Biogeography
A field-research course in biogeography based on a combination of reading, discussion, and data analysis. Involves a week-long field trip, a field trip fee may be applied.
Notes: Credit will be granted for only one of GEOG 474, GEOG 471A.
Prerequisite(s): Permission of the department must be acquired by 15 March of previous Winter Session.
Recommendation(s): One of GEOG 358, GEOG 370, GEOG 373, GEOG 376; and permission of the department.

GEOG 477 Units: 1.5 Hours: 3-0
Formerly: 471D
Field Studies in Physical Geography
The nature of scientific research in physical geography is examined through field and laboratory techniques. Includes a week-long field camp where basic approaches, methodologies and techniques are used to prepare a series of reports based on field data and collected samples. A field trip fee may be applied.
Notes: Credit will be granted for only one of GEOG 477, GEOG 471D.
Prerequisite(s): Permission of the department must be acquired by 15 March of previous Winter Session.

GEOG 484 Units: 1.5 Hours: 3-0
Advanced Studies in Weather and Climate
Detailed examination of atmospheric structures and processes underlying weather and climate. Practical work focuses on analysis of vertical stability and utilizing computer weather model data.
Prerequisite(s): GEOG 373.

GEOG 487 Units: 1.5 Hours: 3-0
Advanced Landscape Ecology
Explores current theory, concepts, methods, and applications of landscape ecology for both natural and managed landscapes. Topics may include relationship of landscape ecology to ecological theory, models of metapopulations, landscape structure and animal movement and predator-prey interactions. Applications including forestry, parks and protected areas, and wildlife management. Some years the course will be taught as a field course.
Prerequisite(s): GEOG 358.

GEOG 490 Units: 1.5 or 3.0
Directed Studies in Geography
In special cases, with the consent of the department and the individual instructor concerned, a student may be permitted to pursue a course of directed studies.
Note: Courses of 1.5 or 3 units may be arranged, but no student is permitted to take more than 3 units of directed studies.
Prerequisite(s): Minimum fourth-year standing, and permission of the department.

GEOG 491 Units: 1.5 Hours: 3-0*
Advanced Topics in Geography
Examination of a specific topic or area in Geography. Topic(s) vary depending on faculty interests and availability. The seminar format of this course requires students to participate orally in class and to submit a term paper.
* Contact hours may vary depending on the topic.
Note: May be taken more than once for credit in different topics.
Prerequisite(s): Minimum third-year standing, and additional prerequisites set by department depending upon topic.
GEOG 499A Units: 1.5 Hours: 3-0
Formerly: part of 499
Honours Thesis
Students will prepare the first part of an honours thesis under the direction of a faculty member from the department.
Notes:
• Credit will be granted for only one of GEOG 499A, GEOG 499B, GEOG 499B.
• GEOG 499A and B are "tied" courses and must be taken in consecutive terms except with permission of the department. Credit for GEOG 499B will be assigned only upon completion of both courses.
Prerequisite(s):
• Minimum fourth-year standing, and
• declared Honours in Geography.
Grading: INP, standard grade (assigned upon completion of 499B; if 499B is not completed, a grade equivalent to N will be assigned to 499A).

GEOG 499B Units: 1.5 Hours: 3-0
Formerly: part of 499
Honours Thesis
Students will complete their honours thesis under the direction of a faculty member from the department. After acceptance of the thesis by the supervising faculty member, an oral presentation and defence will be scheduled during the exam period.
Notes:
• Credit will be granted for only one of GEOG 499B, GEOG 499A, GEOG 499A.
• GEOG 499A and B are "tied" courses and must be taken in consecutive terms except with permission of the department. Credit for GEOG 499B will be assigned only upon completion of both courses.
Prerequisite(s): GEOG 499A.

GMST
Germanic Studies
Department of Germanic and Slavic Studies
Faculty of Humanities

GMST 101 Units: 1.5 Hours: 3-0
Formerly: GER 100A
Beginning German I
Introduction for students with no previous knowledge of German. Facilitates learning and retention of vocabulary, effective communication in everyday interaction and the use of fundamental structures of grammar. Acquisition of a basic understanding of German and ability to read, write, speak and comprehend German at the beginner's level. Provides an introduction to the culture of German-speaking countries.
Note: Credit will be granted for only one of GMST 101, GER 100A, GER 100A.

GMST 102 Units: 1.5 Hours: 3-0
Formerly: GER 100B
Beginning German II
For students with limited previous knowledge of German who wish to acquire a better command of the spoken and written language, learn about German-speaking culture and acquire more advanced skills in daily interactions. Acquisition of a basic understanding of German and ability to read, write, speak and comprehend German at the advanced beginner's level.
Note: Credit will be granted for only one of GMST 102, GER 100A, GER 100B.
Prerequisite(s):
• GMST 101 or GER 100A; or
• permission of the department.

GMST 105 Units: 1.5 Hours: 3-0
Business German
An introduction covering topics such as business travel, the workplace, cultural conventions of German-speaking people and written and oral communication conventions in the business context.
Note: Not open to students with credit in any of GMST 201, GMST 202, GMST 301, GMST 302, GMST 401, GMST 402, GER 200, GER 252, GER 300, GER 352, GER 400, GER 452
Prerequisite(s):
• GMST 101; or
• permission of the department.

GMST 180 Units: 1.5 Hours: 3-0
Myths, Fairy Tales and Fantasy Fiction
An introductory survey of Germanic mythology, Medieval heroic epics, Romantic gothic tales, the fairy tales of the Brothers Grimm and contemporary fantasy fiction and their adaptations in opera and film. Topics include the heroic quest, the fantastic and sorcery and witches. Emphasis on the mythical narrative structure and on the cultural significance of specific myths and tales.
Note: No knowledge of German required.

GMST 201 Units: 1.5 Hours: 3-0
Formerly: GER 200
Intermediate German I
Grammatical features and vocabulary and how to use them in sentences and texts. Further insights into the culture of German-speaking countries. Acquisition of an understanding of German that enables reading, writing, speaking and comprehension of German at the intermediate level.
Note: Credit will be granted for only one of GMST 201, GER 149, GER 200.
Prerequisite(s):
• One of GMST 102, GER 100, GER 100B; or
• permission of the department.

GMST 202 Units: 1.5 Hours: 3-0
Formerly: GER 252
Intermediate German II
Grammatical features and vocabulary and how to use them in sentences and texts. Exploration of the culture of German-speaking countries. Acquistion of an understanding of German that enables reading, writing, speaking and comprehension of German at the advanced intermediate level.
Note: Credit will be granted for only one of GMST 202, GER 252.
Prerequisite(s):
• GMST 201 or GER 200; or
• permission of the department.

GMST 210 Units: 1.5 Hours: 3-0
Special Topics
Note: May be taken more than once for credit in different topics with permission of the department to a maximum of 4.5 units.

GMST 261 Units: 1.5 Hours: 3-0
Trends in Contemporary Germany, Switzerland and Austria
Explores political, social and cultural developments in Germany, Switzerland and Austria after 1989. Topics may include the East-West divide in post-unification Germany, Berlin's memorial landscape, the future of multiculturalism in Switzerland and Austria's national identity in the New Europe.
Note: No knowledge of German required.

GMST 300 Units: 1.5 Hours: 3-0
Cultural Studies

GMST 301 Units: 1.5 Hours: 3-0
Formerly: GER 300
Advanced German I
An intercultural approach to more complex syntactic structures. Emphasizes the four main skills of reading, writing, speaking and listening in order to produce and understand written and oral texts.
Note: Credit will be granted for only one of GMST 301, GER 300 (if taken in the same topic).
Prerequisite(s):
• GMST 202 or GER 252; or
• permission of the department.

GMST 302 Units: 1.5 Hours: 3-0
Formerly: GER 352
Advanced German II
Uses an intercultural approach to learn more complex semantic structures. Emphasizes the use of synonyms, idioms, phrases and dialects and using them effectively in written and oral texts. Exploration of differences and cultural diversities in German-speaking regions and countries.
Note: Credit will be granted for only one of GMST 302, GER 352 (if taken in the same topic).
Prerequisite(s):
• GMST 202 or GER 252; or
• permission of the department.
GMST 350  Units: 1.5  Hours: 3-0
Formerly: GERS 356
A Short History of German Film
An overview of German film-making from the early days of expressionism up to the New German Cinema. Films may include: The Cabinet of Dr. Caligari, Metropolis, M, The Murderers Are Among Us, All: Fear Eats the Soul.
Notes:
• Credit will be granted for only one of GMST 350, GERS 356.
• May count toward a Minor in Film Studies.
No knowledge of German required.

GMST 351  Units: 1.5  Hours: 3-0
Formerly: GERS 439
The New German Cinema
Notes:
• Credit will be granted for only one of GMST 351, GER 439, GERS 439.
• May count toward a Minor in Film Studies.
No knowledge of German required.

GMST 352  Units: 1.5  Hours: 3-0
Formerly: GERS 483
Recent Film
An introduction to German films after unification, dealing with topics such as the two Germanies, literature and film, the role of history, and (re)presentation in a postmodern world.
Notes:
• Credit will be granted for only one of GMST 352, GERS 483.
• May count towards a Minor in Film Studies.
No knowledge of German required.

GMST 353  Units: 1.5  Hours: 3-0
Formerly: GERS 333
Literature and Film of the Holocaust and "Third Reich"
Focus on Nazi popular culture and entertainment films and an exploration of a variety of Holocaust narratives that emerged during the Second World War and its aftermath.
Notes:
• Credit will be granted for only one of GMST 353, GERS 333.
• No knowledge of German required.

GMST 355  Units: 1.5  Hours: 3-0
Formerly: GERS 260
German Expressionism (1910-1933)
A multi-media exploration of a pivotal cultural movement that spanned the visual arts, filmmaking, architecture, music and literature.
Notes:
• Credit will be granted for only one of GMST 355, GERS 260.
• No knowledge of German required.

GMST 356  Units: 1.5  Hours: 3-0
The Two Germanies
A comparative study of daily life and culture in the formerly divided Germany (1949-1989) and how art, literature, music and film defined and distinguished the two countries.
Note: No knowledge of German required.

GMST 356A  Units: 1.5  Hours: 3-0
Marx, Nietzsche, Freud
An introduction to three of the most significant German-speaking figures to shape the twentieth century in the realms of politics, philosophy and psychoanalysis, and how their thoughts influenced developments in art and literature.
Note: No knowledge of German required.

GMST 360  Units: 1.5  Hours: 3-0
Heroism and Romance from the Middle Ages to Romanticism
A survey of heroic narratives and tales with an emphasis on the link between the heroic and romance. Focus on the hero, the quest, love, gender and heroism and the prominence of anti-heroes in modern narratives. May include such texts as The Song of the Nibelungs, Parzival, Tristan, Kudrun, Wilhelm Meister, Hyperion.
Note: No knowledge of German required.

GMST 362  Units: 1.5  Hours: 3-0
The Two Germanies
A comparative study of daily life and culture in the formerly divided Germany (1949-1989) and how art, literature, music and film defined and distinguished the two countries.
Note: No knowledge of German required.

GMST 364  Units: 1.5  Hours: 3-0
Topics in Scandinavian Studies
Notes:
• May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units.
• No knowledge of Scandinavian languages required.

GMST 365  Units: 1.5  Hours: 3-0
Masculinity
An exploration of major works of modern and contemporary German, Austrian and Swiss crime fiction. Emphasis on crime and mystery novels as a critical commentary on society and politics.
Note: No knowledge of German required.

GMST 366  Units: 1.5  Hours: 3-0
Romanticism
An exploration of major works of modern and contemporary German, Austrian and Swiss crime fiction. Emphasis on crime and mystery novels as a critical commentary on society and politics.
Note: No knowledge of German required.

GMST 368  Units: 1.5  Hours: 3-0
Modern Crime Fiction
An exploration of major works of modern and contemporary German, Austrian and Swiss crime fiction. Emphasis on crime and mystery novels as a critical commentary on society and politics.
Note: No knowledge of German required.

GMST 369  Units: 1.5  Hours: 3-0
Topics in Popular Culture (in German)
Explores popular cultural trends in German-speaking countries with emphasis on music, film, television and cultural traditions in terms of their historical development and contemporary significance. All four language skills are developed and practiced so that students can effectively discuss and analyze the material in German.
Notes:
• Credit will be granted for only one of GMST 401, GER 400, GERS 438A, GERS 438B (if taken in the same topic).

GMST 400  Units: 1.5  Hours: 3-0
Topics in Popular Culture (in German)
Explores popular cultural trends in German-speaking countries with emphasis on music, film, television and cultural traditions in terms of their historical development and contemporary significance. All four language skills are developed and practiced so that students can effectively discuss and analyze the material in German.
Notes:
• Credit will be granted for only one of GMST 401, GER 400, GERS 438A, GERS 438B (if taken in the same topic).

GMST 402  Units: 1.5  Hours: 3-0
Film (in German)
Explores the cinematic representation of social, political and cultural issues and the social and cultural impact of film in a given historical context. Four language skills are developed and practiced so that students can effectively discuss and analyze the material in German.
Notes:
• Credit will be granted for only one of GMST 402, GER 452, GERS 437, GERS 438 (if taken in the same topic).

GMST 405  Units: 1.5  Hours: 3-0
Formerly: GER 390
Reading, Grammar, and Translation
Focus on comprehension with an emphasis on developing passive language skills such as reading and translating texts from German to a target language. Comprehensive introductory overview of grammatical structures underlying German language.
Notes:
• Credit will be granted for only one of GMST 405, GMST 101 (if taken prior to May 2015), GMST 102 (if taken prior to May 2015), GMST 105 (if taken prior to May 2015), GER 100, GER 100A, GER 100B, GER 390.
• Not open to students registered or with credit in any of GMST 201, GMST 202, GMST 301, GMST 302, GMST 401, GMST 402, GER 200, GER 252, GER 300, GER 352, GER 400, GER 452.

GMST 406  Units: 1.5  Hours: 3-0
Macrostructure
Focus on comprehension with an emphasis on developing passive language skills such as reading and translating texts from German to a target language. Comprehensive introductory overview of grammatical structures underlying German language.
Notes:
• Credit will be granted for only one of GMST 406, GMST 101 (if taken prior to May 2015), GMST 102 (if taken prior to May 2015), GMST 105 (if taken prior to May 2015), GER 100, GER 100A, GER 100B, GER 390.
• Not open to students registered or with credit in any of GMST 201, GMST 202, GMST 301, GMST 302, GMST 401, GMST 402, GER 200, GER 252, GER 300, GER 352, GER 400, GER 452.

GMST 407  Units: 1.5  Hours: 3-0
Microstructure
Focus on comprehension with an emphasis on developing passive language skills such as reading and translating texts from German to a target language. Comprehensive introductory overview of grammatical structures underlying German language.
Notes:
• Credit will be granted for only one of GMST 407, GMST 101 (if taken prior to May 2015), GMST 102 (if taken prior to May 2015), GMST 105 (if taken prior to May 2015), GER 100, GER 100A, GER 100B, GER 390.
• Not open to students registered or with credit in any of GMST 201, GMST 202, GMST 301, GMST 302, GMST 401, GMST 402, GER 200, GER 252, GER 300, GER 352, GER 400, GER 452.

GMST 408  Units: 1.5  Hours: 3-0
Special Topics
Notes:
• Credit will be granted for only one of GMST 408, GERS 438A, GERS 438B (if taken in the same topic).

GMST 409  Units: 1.5  Hours: 3-0
Major Film Makers
A study of the films of one or more major filmmakers from a German-speaking country, whose impact on cinema as an art form has been wide-ranging and international in scope.
Notes:
• Credit will be granted for only one of GMST 409, GERS 437 (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

GMST 410  Units: 1.5  Hours: 3-0
Formerly: GERS 438A
Special Topics
Notes:
• Credit will be granted for only one of GMST 410, GERS 438A, GERS 438B (if taken in the same topic).

GMST 411  Units: 1.5  Hours: 3-0
Formerly: GERS 437
Major Film Makers
A study of the films of one or more major filmmakers from a German-speaking country, whose impact on cinema as an art form has been wide-ranging and international in scope.
Notes:
• Credit will be granted for only one of GMST 411, GERS 437 (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

GMST 412  Units: 1.5  Hours: 3-0
Formerly: GERS 438A
Special Topics
Notes:
• Credit will be granted for only one of GMST 412, GERS 438A, GERS 438B (if taken in the same topic).

GMST 413  Units: 1.5  Hours: 3-0
Formerly: GERS 438B
Special Topics
Notes:
• Credit will be granted for only one of GMST 413, GERS 438A, GERS 438B (if taken in the same topic).
GMST 452  
Units: 1.5  
Hours: 3-0  
Representations of Nazism in Contemporary Film and Visual Culture  
Explores portrayals of Nazi perpetrators in 20th- and 21st-century cinema as well as in popular culture; historically and politically contextualizes the aesthetics and ethics of 'Nazi films' and examines broader questions of how these productions represent the Holocaust in the contemporary imagination.  
Note: No knowledge of German required.  
May count towards a Minor in Film Studies.

GMST 453  
Units: 1.5  
Hours: 3-0  
After-Images of the Holocaust in Text and Film  
Examines how writers, filmmakers and visual artists attempt to come to terms with the legacy of the National Socialist regime while portraying the after-effects of the Holocaust for the second and third generations in Germany, Israel, the United States and Canada.  
Notes: 
• Credit will be granted for only one of GMST 453, GERS 433, GER 433.  
• No knowledge of German required.

GMST 454  
Units: 1.5  
Hours: 3-0  
A Cultural History of Vampires in Literature and Film  
A study of literary and cinematic vampires in historical context. Without focusing exclusively on German literature and film, follows the vampire myth and its various guises from classicism to postmodernism in novels and films.  
Notes: 
• Credit will be granted for only one of GMST 454, GERS 487.  
• May count towards a Major in Film Studies.  
• No knowledge of German required.

GMST 455  
Units: 1.5  
Hours: 3-0  
German Visual Culture  
An investigation into the multiple visual cultures of twentieth-century Germany, including movements in art, architecture and film.  
Note: No knowledge of German is required.

GMST 460  
Units: 1.5  
Hours: 3-0  
Multi-Cultural and Transnational Studies  
An examination of contemporary German, Austrian and Swiss writers and filmmakers with a so-called "migratory background." Addresses current political debates on multiculturalism and citizenship laws.  
Note: No knowledge of German required.

GMST 461  
Units: 1.5  
Hours: 3-0  
Metropolis Berlin  
A multi-media investigation into how the cultural and artistic landscape of the capital Berlin is represented in and through the literature and film from the 19th to the 21st century.  
Note: No knowledge of German required.

GMST 465  
Units: 1.5  
Hours: 3-0  
Adorno, Benjamin and Frankfurt School Critical Theory  
Explores Frankfurt School Critical Theory through the cultural context of Weimar modernism through the fascist period to Germany in the 1960s. Emphasis on Benjamin and Adorno/Horkheimer, but also covers aspects of Hegel and Marx as well as philosophers of the second generation of the Frankfurt School. Juxtaposes the theory with relevant examples from media, film, avant-garde and popular music and also includes forays into the poetry and writings of Holderlin, Kafka, Brecht, Celan and Enzensberger.  
Note: Credit will be granted for only one of GMST 465, GMST 410 (if taken as section A01 in Sep-Dec 2015).

GMST 480  
Units: 1.5  
Hours: 3-0  
Major Writers  
Study of one or more German-speaking authors in terms of theme, genre, or cultural context. May include Lessing, Goethe, Schiller, Kleist, Mann, Kafka, Weiss, Wolf and Grass.  
Note: No knowledge of German required.

GMST 481  
Units: 1.5  
Hours: 3-0  
The Age of Goethe and Romanticism  
An exploration of the rich literary and cultural diversity of the period from the 1750s to the 1830s. Examines major works by Goethe, Schiller and the Romantics, the rise of women's literature and the notion of the dilettante author, the salon culture of Weimar and Berlin and hybrid genres such as the diary, the letter, and the fragment.  
Note: No knowledge of German required.

GMST 484  
Units: 1.5  
Hours: 3-0  
Holocaust Testimony and Archival Practice  
Working with actual testimony from the USC Shoah Foundation, explores theoretical and practical aspects of indexing and conceptualizing Holocaust narratives and testimony.  
Note: Credit will be granted for only one of GMST 484, GMST 584.

GMST 488  
Units: 3.0  
Hours: 3-3  
Performing German Drama  
Combining theatre history with performance, develops a dramaturgical concept for a German play and mounts a German-language production at the end of the term. Instruction, including production elements, is in English; the play is performed in German using a dual-language script and language and dialect coaches. Some background in theatre is required only for the student actors.  
Notes: 
• Credit will be granted for only one of GMST 488 (if taken in the same topic), GERS 438A (if taken in Sep-Dec 2011).  
• May be taken more than once for credit in different topics with permission of the department.

GMST 489  
Units: 3.0  
Hours: 6-0  
I-Witness Field School  
Exploration and analysis of the ways in which the Holocaust has become memorialized in Central Europe, focusing on memorial sites, museums and monuments of the Holocaust. The course will begin at the University of Victoria and will require three weeks of study and travel in Central Europe.  
Notes: 
• Credit will be granted for only one of GMST 489, GERS 435.  
• No knowledge of German required.  
Prerequisite(s): Permission of the department.

GMST 490  
Units: 1.5  
Hours: 3-0  
Directed Studies  
Directed readings and written assignments under the supervision of a faculty member.  
Note: May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units.  
Prerequisite(s): Permission of the department.

GMST 499  
Units: 1.5  
Honours Thesis  
During either semester of the final year of their Honours program, students will write a graduating thesis of approximately 7,500 words under the direction of a member of the department. An oral examination covering the topic of the thesis will be given by a departmental committee.  
Note: Credit will be granted for only one of GMST 499, GER 499.

GNDR

Gender Studies
Department of Gender Studies
Faculty of Humanities

GNDR 100  
Units: 1.5  
Hours: 3-0  
Formerly: WS 104  
Gender, Power and Difference  
Interdisciplinary introduction to gender studies. Considers the way gender (i.e., our idea of what it is to be a "real" woman or man) is constructed across class, race/ethnicity, sexualities, (dis)abilities, age and geographical location. Examines the impact of these intersecting identities on social inequality through diverse topics, such as media, culture, language, work, health, globalization, colonization and activism. Situates Canadian topics in a broader, transnational context, emphasizing connections between the "local" and the "global."  
Notes: 
• Credit will be granted for only one of GNDR 100, WS 104.  
• Not open to fourth-year students without permission of the department.
GNDR 200  Units: 1.5  Hours: 3-0
Formerly: WS 203

**Popular Culture and Social Media**

Critically examines representations of gender, race, class and sexualities in popular culture and social media with a consideration of how historical, ideological, social and political forces influence media practices.

**Note:** Credit will be granted for only one of GNDR 200, WS 203.

**Recommendation(s):** GNDR 100 recommended prior to GNDR 200.

GNDR 201  Units: 1.5  Hours: 3-0
Formerly: WS 205

**Gender, Food and Power**

Examines the intersections between gender, foodways (the practices associated with the production, distribution, preparation, and consumption of food) and power in globalized, North American food systems.

**Note:** Credit will be granted for only one of GNDR 201, WS 205.

**Recommendation(s):** GNDR 100 recommended prior to GNDR 201.

GNDR 202  Units: 1.5  Hours: 3-0
Formerly: WS 206

**Globalization and Resistance**

Inquiry into the gendered, racialized, sexualized, and classed impacts of the complicated spread of global interdependence in the political, economic, and cultural arenas. Also explores challenges to economic re-structuring, poverty, militarization, labour rights abuses, and environmental degradation.

**Note:** Credit will be granted for only one of GNDR 202, WS 206, WS 312.

**Recommendation(s):** GNDR 100 recommended prior to GNDR 202.

GNDR 203  Units: 1.5  Hours: 3-0
Formerly: WS 102, WS 207

**Indigenous Women in Canada**

Introduces a wide range of themes and issues relating to the contemporary and historical experience of Indigenous women in Canada. Examines Indigenous women’s gendered experience of colonization and resistance, explores their contributions to social justice movements and the cultural resurgence of their nations.

**Note:** Credit will be granted for only one of GNDR 203, WS 102, WS 207.

**Recommendation(s):** GNDR 100 recommended prior to GNDR 203.

GNDR 204  Units: 1.5  Hours: 3-0
Formerly: WS 209

**Gender, Health, Power and Resistance**

Explores gender and health from a feminist intersectional perspective, noting power and resistance. Addresses topics such as the sexual division of health care, the feminization and racialization of health inequalities, environmental racism and the identity politics of health movements.

**Note:** Credit will be granted for only one of GNDR 204, WS 209.

**Recommendation(s):** GNDR 100 recommended prior to GNDR 204.

GNDR 205  Units: 1.5  Hours: 3-0
Formerly: WS 211

**Girlhoods in Film and Popular Culture**

Examines changing social constructions of girls and girlhoods in the West as a reflection of tensions in dominant social norms, moral concerns and political economy. Explores debates in feminist girlhood studies about contemporary girlhood cultures and discourses.

**Note:** Credit will be granted for only one of GNDR 205, WS 211.

**Recommendation(s):** GNDR 100 recommended prior to GNDR 205.

GNDR 206  Units: 1.5  Hours: 3-0
Formerly: WS 212, WS 332A

**Monstrous Women**

Examines the ways in which Western culture has constructed particular women as monstrous throughout history. Emphasizes critical thinking and analysis regarding the effects of being produced as monstrous, and considers who profits from transforming particular women into monsters.

**Note:** Credit will be granted for only one of GNDR 206, WS 212, WS 332A.

**Recommendation(s):** GNDR 100 recommended prior to GNDR 206.

GNDR 207  Units: 1.5  Hours: 3-0
Formerly: WS 213, WS 313

**Gender, Globalization and the Love Industry**

The words ‘romantic’, ‘exotic’, ‘mythical’, ‘pleasurable’ and ‘indulgent’ are often used to describe our relationship with chocolate, diamonds and flowers. Examines the evolution of the romance industry through these highly symbolic commodities, the gendered and imperial relationship between consumers and producers, and the role of advertising in shaping desire.

**Note:** Credit will be granted for only one of GNDR 207, WS 213, WS 313.

**Recommendation(s):** GNDR 100 recommended prior to GNDR 207.

GNDR 208  Units: 1.5  Hours: 3-0

**Indigenous Feminisms**

Introduces Indigenous feminisms as a theoretical lens, political position and social orientation employed by Indigenous peoples to resist and transform colonization and intersectional oppressions in Turtle Island. Issues, debates, positionalities are presented from transnational perspectives (i.e., Indigenous nations and nation-states). Content reveals how indigenous feminisms are for everybody, however Indigenous women’s thought about Indigenous women’s lives is emphasized.

**Note:** Credit will be granted for only one of GNDR 208, GNDR 219 (if taken in Sep - Dec 2016).

**Recommendation(s):** GNDR 100 recommended prior to GNDR 208.

GNDR 209  Units: 1.5  Hours: 3-0
Formerly: GNDR 303, WS 312A

**Families, Intimacies and Nationhood**

Through the lens of families and intimacies, examines the politics of gender, race, class and sexuality in the nation building of Canada. Investigates family, relationships, and nation making in the context of politics governing colonialism, citizenship, parenthood, cohabitation, marriage, divorce, custody and state benefits. Maps transformations of intimacy that have evolved as a result of and in spite of state-sanctioned policies.

**Note:** Credit will be granted for only one of GNDR 209, GNDR 303, WS 312A, WS 329 (if taken in the same topic).

**Recommendation(s):** GNDR 100 recommended prior to GNDR 209.

GNDR 210  Units: 1.5  Hours: 3-0

**The Zombie in Popular Culture**

Surveys the zombie in popular film, television and other cultural productions. Critically analyzes the zombie at the intersection of race, class, gender, sexuality, nation and the posthuman.

**Recommendation(s):** GNDR 100 recommended prior to GNDR 210.

GNDR 219  Units: 1.5  Hours: 3-0
Formerly: WS 219

**Topics in Gender Studies**

Variable content course on aspects of Gender Studies.

**Notes:**
- Credit will be granted for only one of GNDR 219, WS 219 (if taken in the same topic).
- May be taken more than once in different topics.

**Recommendation(s):** GNDR 100 recommended prior to GNDR 219.

GNDR 300  Units: 1.5  Hours: 3-0
Formerly: WS 303

**Gender Studies Seminar**

Introduction to the discipline of Gender Studies, intended for students pursuing an Honours, Major, or General and Minor program in Gender Studies. Examines various debates and developments in the field, introduces students to faculty research and methodologies, and offers students the opportunity to develop professional skills.

**Notes:**
- Credit will be granted for only one of GNDR 300, WS 303.
- Required for GNDR Honours and Major students.

**Prerequisite(s):**
- Declared Honours, Major, General, or Minor in Gender Studies; or
- permission of the department.

**Recommendation(s):** Recommended for GNDR General and Minor students.
### GNDR 301 - Women, Race and Empire
**Units:** 1.5  **Hours:** 3-0  **Formerly:** WS 310A
Introduces the complex and often problematic relationship between women, race and colonialism. Examines issues such as the link between gender and race in European colonialism, the implication of white women in empire, the location of racialized women in imperial contexts, and the influence of gender and imperialism in the way post-colonial feminisms unfold in certain contexts.

**Note:** Credit will be granted for only one of GNDR 301, WS 310A, WS 329 (if taken in the same topic).

**Prerequisite(s):**
- Minimum second-year standing; or
- Permission of the department.

### GNDR 302 - Sex Work, Trafficking and Human Rights
**Units:** 1.5  **Hours:** 3-0  **Formerly:** WS 311
Within the context of the global economy and transnational migration, examines current debates about sex work and human trafficking into various labour sites, including the commercial sex sector. Explores legal, policy and grassroots approaches to sex work and human trafficking at the international and national levels.

**Note:** Credit will be granted for only one of GNDR 302, WS 311.

**Prerequisite(s):**
- Minimum second-year standing; or
- Permission of the department.

### GNDR 304 - Imagining India from Empire to Bollywood
**Units:** 1.5  **Hours:** 3-0  **Formerly:** WS 314
Uses a gendered lens to analyze the manner in which both the British colonial gaze and Indian nationalists imagined India. Theoretical readings, biographies and Bollywood films will unpack ways in which gender, race and class constructed dominant ideas of the Indian nation and how this nationalism in turn shaped women’s lives. Exploration begins in the late colonial period and ends in modern India.

**Note:** Credit will be granted for only one of GNDR 304, WS 314.

**Prerequisite(s):**
- Minimum second-year standing; or
- Permission of the department.

### GNDR 306 - Gender and International Development
**Units:** 1.5  **Hours:** 3-0  **Formerly:** WS 316
Examines the evolution of feminist responses to and critiques of mainstream development policies and theories of international development. Examines the tensions around development work in the Global South. Topics may include the environment and natural resources, health, education, poverty, and empowerment strategies.

**Note:** Credit will be granted for only one of GNDR 306, WS 316, WS 319 (if taken in the same topic).

**Prerequisite(s):**
- Minimum second-year standing; or
- Permission of the department.

### GNDR 307 - Sexuality and the Body in International Development
**Units:** 1.5  **Hours:** 3-0  **Formerly:** WS 317
Examines the variety of ways that bodies are positioned in international development discouere and policy. Topics include HIV/AIDS, reproductive rights, maternal health, disabled bodies, violated bodies, sexualities, techno-bodies and care labour.

**Note:** Credit will be granted for only one of GNDR 307, WS 317.

**Prerequisite(s):**
- Minimum second-year standing; or
- Permission of the department.

**Recommendation:** Credit will be granted for only one of GNDR 305 and/or GNDR 306 recommended prior to GNDR 307.

### GNDR 308 - Indigeneity, Gender and Land
**Units:** 1.5  **Hours:** 3-0
Examines the variety of ways that bodies are positioned in international development discourse and policy. Topics include HIV/AIDS, reproductive rights, maternal health, disabled bodies, violated bodies, sexualities, techno-bodies and care labour.

**Note:** Credit will be granted for only one of GNDR 308, GNDR 329 (if taken in Jan - Apr 2017).

**Prerequisite(s):**
- Minimum second-year standing; or
- Permission of the department.

### GNDR 309 - Masculinities
**Units:** 1.5  **Hours:** 3-0
Examines the various ways the question - who is a man? - can be answered by taking into account the intersections of race, sexualities, class and nationalism. Explores how these intersections are expressed in specific societalhistorical contexts through power dynamics between “hegemonic masculinities” and a variety of subordinate manhoods.

**Note:** Credit will be granted for only one of GNDR 309, GNDR 329 (if taken in the same topic), WS 329 (if taken in the same topic).

**Prerequisite(s):**
- Minimum second-year standing; or
- Permission of the department.

### GNDR 319 - Topics in Economies, States and Global Issues
**Units:** 1.5  **Hours:** 3-0  **Formerly:** WS 319
Variable content course on aspects of economies, states and global issues as they pertain to gendered lives.

**Notes:**
- Credit will be granted for only one of GNDR 319, WS 319 (if taken in the same topic).
- May be taken more than once for credit in different topics with permission of the department.

**Prerequisite(s):**
- Minimum second-year standing; or
- Permission of the department.

### GNDR 320 - Queer Desire
**Units:** 1.5  **Hours:** 3-0  **Formerly:** WS 321A
Explores Queer theory. Highlights the philosophical arguments, debates and shifting knowledge generated out of Queer theory’s critique of the Western production of heterosexuality-the assumed stability of sex, gender and sexuality-and Queer theory’s critique of identity politics.

**Note:** Credit will be granted for only one of GNDR 320, WS 321A.

**Prerequisite(s):**
- Minimum second-year standing; or
- Permission of the department.

### GNDR 321 - The Medicalization of Sex
**Units:** 1.5  **Hours:** 3-0  **Formerly:** WS 323A
Traces the scientific construction of sexuality from the 19th century to the present. Examines how medicine, psychiatry, surgery and, more recently, drug companies, have constructed popular definitions of sexual normalcy and deviance, function and dysfunction. Highlights the power of science and medicine to define, judge, regulate, and discipline sex and consider the transformative possibilities afforded by new technologies.

**Note:** Credit will be granted for only one of GNDR 321, WS 323A.

**Prerequisite(s):**
- Minimum second-year standing; or
- Permission of the department.

### GNDR 322 - Girl Power and Feminisms
**Units:** 1.5  **Hours:** 3-0  **Formerly:** WS 324A
What is at stake in girl power? Examines girl power in film, music, video, the internet, fiction, spoken word poetry, magazines and everyday popular culture. Explores diverse girl cultures as a source for new feminisms and activism, girl power as resistance and regulation and the construction of girl subjectivities through girl power.

**Note:** Credit will be granted for only one of GNDR 322, WS 324A.

**Prerequisite(s):**
- Minimum second-year standing; or
- Permission of the department.
GNDR 323 Units: 1.5 Hours: 3-0
Formerly: WS 325
Women in Contemporary India
Looks at the unique cultural/social/historical issues defining the position of women in India. Such issues include competing notions of feminism, the shape and influence of the Indian women’s movement, the role of class and caste in women’s lives, and most recently, the impact of globalization. Cultural critique of the manner in which Indian women have been studied and represented in the West will form the context of our examination.
Note: Credit will be granted for only one of GNDR 323, WS 325.
Prerequisite(s):
- Minimum second-year standing; or
- permission of the department.

GNDR 324 Units: 1.5 Hours: 3-0
Formerly: WS 326
Gender, Nation and War
Examines how the social construction of gender has influenced ideas of nation. Focuses on two main issues. One, the relations between culturally endorsed concepts of masculinity and femininity, nation, and female participation in nationalist politics. Two, the manner in which the link between gender and nation has, in certain contexts, supported war and wariorship.
Note: Credit will be granted for only one of GNDR 324, WS 326.
Prerequisite(s):
- Minimum second-year standing; or
- permission of the department.

GNDR 325 Units: 1.5 Hours: 3-0
Formerly: WS 327A
North American Asian Feminist Thought and Action
Introduces emerging thought and practice in North American Asian Feminist thought through texts, cultural products and community engagement.
Note: Credit will be granted for only one of GNDR 325, WS 327A, 339 (if taken in the same topic).
Prerequisite(s):
- Minimum second-year standing; or
- permission of the department.

GNDR 329 Units: 1.5 Hours: 3-0
Formerly: WS 329
Topics in Power, Identities and Difference
Variable content course on aspects of power, identities and differences as they pertain to gendered lives.
Notes:
- Credit will be granted for only one of GNDR 329, WS 329 (if taken in the same topic).
- May be taken more than once for credit in different topics with permission of the department.
Prerequisite(s):
- Minimum second-year standing; or
- permission of the department.

GNDR 330 Units: 1.5 Hours: 3-0
Formerly: WS 204, WS 331A
Feminist Thought, Past and Present
Introduces feminist theory. Highlights predominant historical and philosophical influences on and debates within Western feminism from the mid-20th century to the contemporary.
Note: Credit will be granted for only one of GNDR 330, WS 204, 331A.
Prerequisite(s):
- Minimum second-year standing; or
- permission of the department.

GNDR 331 Units: 1.5 Hours: 3-0
Formerly: WS 333A
Queering the Undead
Introduces the concept of “queer” by exposing the similarities between Hollywood monsters and marginalized genders, sexes, and sexualities. Focuses on the term “queer” as both activist and theoretical, and the production of such “undead” characters as zombies, werewolves, ghosts and cyborgs as both constructive and problematic to queer concerns.
Note: Credit will be granted for only one of GNDR 331, WS 219 (if taken in the same topic), 333A.
Prerequisite(s):
- Minimum second-year standing; or
- permission of the department.

GNDR 332 Units: 1.5 Hours: 3-0
Formerly: WS 334
What’s Race Got To Do With It?
An exploration of feminist and non-feminist theories of race, racism and racialization in relation to other sources of structured social inequality. Approaches will include political, economic, cultural and psychoanalytic theories.
Note: Credit will be granted for only one of GNDR 332, WS 334.
Prerequisite(s):
- Minimum second-year standing; or
- permission of the department.

GNDR 333 Units: 1.5 Hours: 3-0
Formerly: WS 331, WS 336
Anti-Racist Feminisms and Democratic Futures
Introduces students to emerging debates in the growing literature on anti-racist feminism. Examines key assumptions underlying feminism and feminist anti-racist discourses. Analyzes western feminism as theory and practice by situating it within a global and historical context. Beginning with an analysis of whiteness, binaries, colonialisms and orientalisms, challenges students to consider the theory and practice needed for a feminist, anti-racist reimaging of democracy and democratic futures.
Note: Credit will be granted for only one of GNDR 333, WS 331, 336.
Prerequisite(s):
- Minimum second-year standing; or
- permission of the department.

GNDR 334 Units: 1.5 Hours: 3-0
Formerly: WS 337
Bodies out of Bounds
Critiques productions of the ‘normal’ body by introducing and critically analyzing bodies that defy, resist, challenge and, in the process, expose the ‘normal’ body as myth. Explores the disruptive potential of diverse bodies and various bodily practices.
Note: Credit will be granted for only one of GNDR 334, WS 337.
Prerequisite(s):
- Minimum second-year standing; or
- permission of the department.

GNDR 335 Units: 1.5 Hours: 3-0
Formerly: WS 338
Border Crossing, Migration and Gender
Examines the emerging field of transnational feminist thought by introducing students to feminist approaches to understanding globalization. Uses an interdisciplinary approach to explore: global/local interactions, place and mobility, women’s activism and organizing, nationalisms and citizenship, diasporic subjects, transnational and postmodern cultural formations, and transnational political economies and globalization.
Note: Credit will be granted for only one of GNDR 335, WS 338.
Prerequisite(s):
- Minimum second-year standing; or
- permission of the department.

GNDR 336 Units: 1.5 Hours: 3-0
Transgender Theory
Examines predominant debates within the discipline historically, then explores concepts and knowledge generated out of contemporary transgender theory.
Prerequisite(s):
- Minimum second-year standing; or
- permission of the department.

GNDR 339 Units: 1.5 Hours: 3-0
Formerly: WS 339
Topics in Theories and Activism
Variable content course on aspects of feminist theories and activism as they pertain to gendered lives.
Notes:
- Credit will be granted for only one of GNDR 339, WS 339 (if taken in the same topic).
- May be taken more than once for credit in different topics with permission of the department.
Prerequisite(s):
- Minimum second-year standing; or
- permission of the department.
GNDR 340 - GREE 101

COURSE LISTINGS GREE

GNDR 340 Units: 1.5 Hours: 3-0
Formerly: WS 340

Indigenous Cinema Decolonizing the Screen
Intensive analysis of the work of Indigenous filmmakers with emphasis on Canada and the US. Topics include: decolonizing the screen; identity, community and representation, the ethics or image-making; Indigenous women's filmmaking; Indigenous filmmaking as both an art form and a tool for social change. Examines the development of Indigenous cinema in Canada with special emphasis on documentaries, and looks at new directions in Indigenous cinema including experimental works and drama.

Note: Credit will be granted for only one of GNDR 340, WS 340.

Prerequisite(s):
• Minimum second-year standing; or
• permission of the department.

GNDR 341 Units: 1.5 Hours: 3-0
Formerly: WS 341

Indigenous Women’s Autobiographies
Explores Indigenous women’s auto/biography as a creative form of expression that draws upon both the Indigenous oral tradition and the written tradition of Euro-American autobiography. Looks at a range of Indigenous women’s autobiographical texts created under a variety of circumstances, from life histories narrated by Indigenous women and ‘mediated’ by non-Native recorder-editors, to contemporary texts written by Native women themselves that challenge the boundaries of conventional autobiography.

Note: Credit will be granted for only one of GNDR 341, WS 341.

Prerequisite(s):
• Minimum second-year standing; or
• permission of the department.

GNDR 342 Units: 1.5 Hours: 3-0
Formerly: WS 345

Queer Literature
Examines "queer" representation in non-fiction. Particular attention paid to characters that embody marginalized genders, sexes and sexual practices.

Note: Credit will be granted for only one of GNDR 342, WS 345.

Prerequisite(s):
• Minimum second-year standing; or
• permission of the department.

GNDR 343 Units: 1.5 Hours: 3-0
Formerly: WS 346

Indigenous Women Writing Resistance
Examines the work of North American Indigenous women "word warriors" through a selection of novels, poetry, plays and spoken word. Explores the ways in which Indigenous women writing resistance have “reinvented the enemy’s language” and used writing to resist the colonial project, reclaim and rewrite their histories, and re-imagine themselves and their futures.

Note: Credit will be granted for only one of GNDR 343, WS 346, WS 349 (if taken in the same topic).

Prerequisite(s):
• Minimum second-year standing; or
• permission of the department.

GNDR 344 Units: 1.5 Hours: 3-0
Formerly: WS 347

Queer Film
Surveys "queer" representation in popular film. Particular attention is paid to critical analyses of gay, lesbian, straight, queer, transgender and transsexual embodiment on the screen.

Note: Credit will be granted for only one of GNDR 344, WS 219 (if taken in the same topic), WS 347.

Prerequisite(s):
• Minimum second-year standing; or
• permission of the department.

GNDR 349 Units: 1.5 Hours: 3-0
Formerly: WS 349

Topics in Film, Literature and Cultural Production
Variable content course on aspects of film, literature and cultural production as they pertain to gendered lives.

Notes:
• Credit will be granted for only one of GNDR 349, WS 349 (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

Prerequisite(s):
• Minimum second-year standing; or
• permission of the department.

GNDR 400A Units: 1.5 Hours: 3-0
Formerly: WS 400A

Critical Research Practices
Study and practice of critical research methods.

Note: Credit will be granted for only one of GNDR 400A, WS 400A.

Prerequisite(s):
• 3 units of 200-level GNDR or WS courses; and
• 4.5 units of 300- or 400-level GNDR or WS courses; or
• permission of the department.

GNDR 400B Units: 1.5 Hours: 3-0
Formerly: WS 400B

Research Seminar for Independent Project
Building on project begun in 400A, students meet weekly to discuss research challenges.

Note: Credit will be granted for only one of GNDR 400B, WS 400B.

Prerequisite(s):
• 400A or WS 400A; and
• declared Major in Gender Studies.

GNDR 450 Units: 3.0 Hours: 3-0
Formerly: WS 450

Practising Feminism in the Field
Applying feminist theory to field-based practice acquired through placement with an organization, community group or service. Please refer to the "Guidelines for Ethical Conduct" and "Regulations Concerning Practica".

Notes:
• Credit will be granted for only one of GNDR 450, WS 450.
• Students must notify the department by April 30 in the previous academic year of their intention to register.

Prerequisite(s):
• 3 units of 200-level GNDR or WS courses; and
• 4.5 units of 300- or 400-level GNDR or WS courses; and
• declared Honours or Major in Gender Studies; or
• permission of the department.

GNDR 480 Units: 1.5 Hours: 3-0
Formerly: WS 480

Advanced Seminar in Gender Studies
Selected aspects of Gender Studies

Notes:
• Credit will be granted for only one of GNDR 480, WS 480 (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

Prerequisite(s):
• 3 units of 200-level GNDR or WS courses; and
• 4.5 units of 300- or 400-level GNDR or WS courses; or
• permission of the department.

GNDR 490 Units: 1.5 Hours: 3-0
Formerly: WS 490

Directed Studies
Supervised study in an area of Gender Studies to be determined by the student and the instructor.

Note: Credit will be granted for only one of GNDR 490, WS 490.

Prerequisite(s):
• 3 units of 200-level GNDR or WS courses; and
• 6 units of 300- or 400-level GNDR or WS courses with a minimum GPA of 6.0; and
• declared Honours or Major in Gender Studies; or
• permission of the department.

GNDR 499 Units: 3.0 Hours: 3-0
Formerly: WS 499

Honours Graduating Essay
During the final year of the Honours Program, students will write a graduating essay of approximately 15,000 words under the direction of a member of the Gender Studies Department. Between September and April students are required to meet periodically as a group to discuss research challenges.

Notes:
• Credit will be granted for only one of GNDR 499, WS 499.
• Students must have their topic approved by the thesis adviser by June 30 prior to the fall term of their 499 registration. See regulations for acceptance into the Gender Studies Honours Program.

GREE

Greek
Department of Greek and Roman Studies

Faculty of Humanities

Students without previous knowledge of ancient Greek will register for GREE 101. GREE 202 is the prerequisite for GREE 301, 302, 303, 304, 305 and 306, two of which will be offered annually, circumstances permitting. Courses at the 400-level have a prerequisite of 3 units of Greek at the 300-level or above, or permission of the department.

GREE 101 Units: 1.5 Hours: 4-0

Introductory Ancient Greek I

Basic introduction to ancient Attic Greek. Based on reading and translating progressively more challenging passages in ancient Greek, with emphasis on acquiring basic vocabulary and rules of grammar.

Note: Credit will be granted for only one of GREE 101, GREE 100.

</tbody>
</table>
GRS 102  Units: 1.5  Hours: 3-0 or 2-0-1
Roman Culture
Foundational approach to the civilization of Rome through the evidence of literature, history and archaeology. Focus on shaping a cultural narrative of the Republic, Principate and Imperial eras through the integration of primary sources and other subjects. A basic timeline of principal eras and events, and general aspects of material culture from the foundation to the fall of Rome.
Notes:
• Credit will be granted for only one of GRS 102, GRS 100.
• Equivalent of the second term of GRS 100.

GRS 200  Units: 1.5  Hours: 3-0 or 2-0-1
Greek and Roman Mythology
Study of Greek and Roman myths, in the context of the culture and thought of Greece and Rome. Uses literary and artistic sources to establish and analyze the nature and function of myths in these cultures. Topics include the gods, heroes, local myths, political and cultural uses of myths and the origins of the influence of Greek and Roman myths on European culture.
Note: Credit will be granted for only one of GRS 200, CLAS 200.

GRS 203  Units: 1.5  Hours: 3-0
Formerly: 375
Classical Archaeology
Examines the major achievements in Greek and Roman archaeology throughout the Mediterranean. Covers Neolithic through Late Roman periods focusing on material culture. Emphasis on the changing relationship between humans and their environment as expressed in material objects, including cities, sanctuaries and works of art. Includes the history of the discipline, chronicling major discoveries in Greece and ancient Rome.
Note: Credit will be granted for only one of GRS 203, GRS 375, CLAS 375.

GRS 204  Units: 1.5  Hours: 3-0
Formerly: 382
The Ancient World on Film
Explores the treatment in film of the history and myth of the world of the ancient Mediterranean. Both films and original sources are studied. Issues addressed include medium, genre and the mutability of myth and historical representation.
Note: Credit will be granted for only one of GRS 204, GRS 382.

GRS 250  Units: 1.5  Hours: 3-0
Greek and Latin Roots of English
Exploration of the principles of derivation of English words from Latin and Greek sources. Focus on areas of study with terminology particularly indebted to the classical languages, such as biology, psychology, law and medicine.
Notes:
• Credit will be granted for only one of GRS 250, CLAS 250.
• Assumes no knowledge of Greek and Latin.

GRS 300  Units: 1.5  Hours: 3-0
Heroes and Heroines in Action in Ancient Greek Epics
An examination of epic genre in Greek literature through reading Homer’s Iliad and Odyssey and Apollonius’ Jason and the Argonauts. Themes may include the definition of the genre of epic, the nature of heroism, mortality and the construction of gender.
Note: Credit will be granted for only one of GRS 300, CLAS 300.
Prerequisite(s):
• One of GRS 100, GRS 101, GRS 200; or
• permission of the department.

GRS 314  Units: 1.5  Hours: 3-0
Age of Nero
Nero, the last of the Julio-Claudian emperors, promoted an artistic golden age to rival that of the first emperor, Augustus. Topics may include: literary authors such as Seneca, Lucan, Persius and Petronius; Nero’s extravagant building projects in Rome; his reputation, ancient and modern, as an artist-emperor.
Note: Credit will be granted for only one of GRS 314, GRS 325 (if taken in the same topic).
Prerequisite(s):
• One of GRS 100, GRS 101, GRS 202, GRS 341; or
• permission of the department.

GRS 315  Units: 1.5  Hours: 3-0
Age of Augustus
Examines the literature, material culture and historical context of the Augustan Principate. Focus on placing the works of Virgil, Horace and Ovid in the context of the cultural revolution unfolding in this era of momentous political change.
Recommendation(s): One of GRS 100, GRS 102, GRS 202 recommended prior to GRS 315.

GRS 316  Units: 1.5  Hours: 3-0
Pirates and Passion in Greek and Roman Novels and Romances
An introduction to fictional prose literature in Greco-Roman antiquity and its social context. Principal works studied may include the Alexander Romance, Lucian’s True Story, Longus’ Daphnis and Chloe and other Greek romances of the Roman imperial period.
Prerequisite(s):
• One of GRS 100, GRS 101, GRS 102; or
• permission of the department.

GRS 320  Units: 1.5  Hours: 3-0
Greek Tragedy
Origins and developments of tragic drama in ancient Greece. Representative plays of Aeschylus, Sophocles and Euripides.
Note: Credit will be granted for only one of GRS 320, CLAS 320.
Recommendation(s): One of GRS 100, GRS 101, GRS 201, GRS 331 recommended prior to GRS 320.

GRS 323  Units: 1.5  Hours: 3-0
Ancient Comedy and Satire
The origins and development of comedy, satire and invective in ancient Greece and Rome.
Note: Credit will be granted for only one of GRS 323, GRS 322, GRS 343.
Recommendation(s): One of GRS 100, GRS 101, GRS 102, GRS 201, GRS 202, GRS 331, GRS 341 recommended prior to GRS 323.

GRS 325A  Units: 1.5  Hours: 3-0
Formerly part of 325
Topics in Greek Literature
Notes:
• Credit will be granted for only one of GRS 325A, GRS 325, CLAS 325.
• May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units.

GRS 325B  Units: 1.5  Hours: 3-0
Formerly part of 325
Topics in Roman Literature
Notes:
• Credit will be granted for only one of GRS 325B, GRS 325, CLAS 325.
• May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units.

GRS 326  Units: 1.5  Hours: 3-0
Formerly: GRS 326A, GRS 326B, CLAS 326
Topics in Greek and Roman Civilization
Notes:
• Credit will be granted for only one of GRS 326, CLAS 326 (if taken in the same topic), GRS 326A (if taken in the same topic), GRS 326B (if taken in the same topic).
• May be taken more than once for credit in different topics to a maximum of 6 units.

GRS 328  Units: 1.5  Hours: 3-0
Myth and Theory
An introduction to the major approaches to the interpretation of classical myth, from ritualist to structuralist to feminist and beyond.
Recommendation(s): GRS 200 recommended prior to GRS 328.

GRS 331  Units: 1.5  Hours: 3-0
Formerly: 201
Greek History from the Bronze Age to Alexander
Survey of Greek history from the emergence of Mycenaean civilization until the death of Alexander the Great. Emphasis on the relationship of the Greeks to other Mediterranean and Near Eastern civilizations, the nature of the Greek polis, Greek colonization, the rise of democracy and Athenian, Spartan, Theban and Macedonian bids for leadership in Greece.
Note: Credit will be granted for only one of GRS 331, GRS 201, CLAS 330.
Recommendation(s): GRS 100 or GRS 101 recommended prior to GRS 331.

GRS 332  Units: 1.5  Hours: 3-0
Social and Economic History of Greece
Discusses the social and economic history of Greece. Topics may include democracy and its influence on development, politics and society, social structure, agriculture, banking, trade and craft industry, living standards, social benefits, health and nutrition, education, leisure and culture, slavery and the status of women.
Note: Credit will be granted for only one of GRS 332, CLAS 330.
Recommendation(s): One of GRS 100, GRS 101, GRS 201, GRS 331 recommended prior to GRS 332.

Topics include harbour and ship design and construction, equipment, sailing techniques, navigation and underwater archaeology.&lt;br&gt;Recommendation(s): One of GRS 203, GRS 371, GRS 372 recommended prior to GRS 377.</td>
</tr>
</tbody>
</table>
GRS 379 Units: 1.5 Hours: 3-0  
Also: PHIL 379  
Formerly: PHIL 381  
Early Greek Thought  
Examination of early Greek thought as embodied in Hesiod and Presocratics such as Heraclitus, Anaxagoras, Parmenides, and Democritus. These figures may be considered in the context of historical and literary writings of their society (e.g., works by Aeschylus, Herodotus, Thucydides). Topics may include: distinctions among myth, science and philosophy; notions of law, morality and causality; the influence of early Greek thought on later thinkers.  
Notes:  
• Credit will be granted for only one of GRS 379, CLAS 379, PHIL 379, PHIL 381.  
• Does not presuppose a background in either Greek and Roman studies or Philosophy.  
Recommendation(s): Minimum third-year standing recommended.  

GRS 380 Units: 1.5 Hours: 3-0  
Also: PHIL 383  
The Life and Times of Socrates  
Examination of a critical moment in Greek intellectual and political life, as seen from various points of view. Topics include: Socrates’ trial and its background; the rise of the Sophists; perceived Socratic challenges to religious and social mores; written vs. unwritten philosophy; types of Socratic literature.  
Note: Credit will be granted for only one of GRS 380, CLAS 380, PHIL 383.  
Recommendation(s): Minimum third-year standing recommended.  

GRS 381 Units: 1.5 Hours: 3-0  
Greek and Roman Religion  
Survey of Greek and Roman religious thought and practices. Focuses on conventional religious rituals and their social value, and on the success of Greek and Roman polytheism in adapting to changing historical and social circumstances. Particular attention to mystery religions, including Christianity, and their relationship to conventional forms of religious behaviour.  
Note: Credit will be granted for only one of GRS 381, CLAS 381.  
Recommendation(s): Minimum second-year standing recommended.  

GRS 395 Units: 3.0 Hours: 3-0  
Classical Studies Abroad  
Extensive overview of monuments and material culture through participation in an on-site study trip abroad. Emphasis is placed on archaeology, history and architecture.  
Notes:  
• May be taken more than once for credit in different topics with permission of the department.  
• Interested students should contact the department during the Fall Term.  
Prerequisite(s): Permission of the department.  
Recommendation(s): GRS 361 and GRS 371 recommended.  

GRS 432 Units: 1.5 Hours: 3-0  
The Ancient Economy  
Examines of the literary, documentary and archaeological evidence for the economic development of the Greco-Roman Mediterranean. Topics may include the primitivist-modernist controversy, and the relative influence of urbanization, social equality, capital accumulation, technology, education and legal and political institutions on economic development.  
Prerequisite(s): Minimum third-year standing.  
Recommendation(s): GRS 332 or GRS 342 recommended.  

GRS 442 Units: 1.5 Hours: 3-0  
Roman Law and Society  
Introduction to Roman law through primary sources. Focus varies from year to year, and may include private law in its social context, advocacy and judicial procedure and administrative law, and Roman jurisprudence in its intellectual context.  
Note: Credit will be granted for only one of GRS 442, GRS 346, CLAS 346.  
Prerequisite(s):  
• One of GRS 202, GRS 341, GRS 342, GRS 344, GRS 350, and  
• Minimum third-year standing, or  
• Permission of the department.  

GRS 443 Units: 1.5 Hours: 3-0  
The Athenian Empire  
Study of Athenian history from the Persian Wars until the end of the Peloponnesian War, focusing on her hegemony in the Eastern Mediterranean and rivalry with Sparta. Topics include the nature of the Athenian Empire, the Peloponnesian War, the social, economic, and cultural importance of Athenian democracy, the Periclean building program, the Athenian theatrical festivals and the conduct of the Peloponnesian war.  
Prerequisite(s):  
• GRS 331 or GRS 462, or  
• Permission of the department.  

GRS 461 Units: 1.5 Hours: 3-0  
Greece and the Near East  
Focuses on early Greek relations with the cultures of the wider Near East, including the Hittites, Phrygians, and Lydians in Anatolia, the people of Mesopotamia and the Egyptians. Examines the role of these groups in forming Greek identity and discusses the topics of multi-culturalism and diversity in the ancient world.  
Prerequisite(s):  
• One of GRS 373, GRS 361, GRS 371, GRS 395, or  
• Permission of the department.  

GRS 462 Units: 1.5 Hours: 3-0  
Archaeology of Athens  
Examines the topography and monuments of Athens from the Neolithic to the Roman period. Examines primarily the physical remains of the city and countryside to trace the development of one of the most important city-states in the Greek world and to understand its impact on western civilization.  
Prerequisite(s):  
• One of GRS 371, GRS 395, GRS 443, or  
• Permission of the department.  

GRS 480A Units: 1.5 Hours: 2-0  
Seminar in Greek History  
Notes:  
• Credit will be granted for only one of GRS 480A, CLAS 480A (if taken in the same topic).  
• May be taken more than once for credit in different topics with permission of the department.  
Prerequisite(s):  
• GRS 201 or GRS 331, and  
• Minimum third-year standing; or  
• Permission of the department.  

GRS 480C Units: 1.5 Hours: 2-0  
Seminar in Roman History  
Notes:  
• Credit will be granted for only one of GRS 480C, CLAS 480C (if taken in the same topic).  
• May be taken more than once for credit in different topics with permission of the department.  
Prerequisite(s):  
• One of GRS 202, GRS 341, GRS 342, GRS 344, GRS 349, GRS 350, and  
• Minimum third-year standing; or  
• Permission of the department.  

GRS 482A Units: 1.5 Hours: 3-0  
Formerly: 480B  
Seminar in Greek Archaeology  
Notes:  
• Credit will be granted for only one of GRS 482A, GRS 480B (if taken in the same topic), CLAS 480B (if taken in the same topic).  
• May be taken more than once for credit in different topics with permission of the department.  
Prerequisite(s):  
• GRS 361 or GRS 371; or  
• Permission of the department.  

GRS 482B Units: 1.5 Hours: 3-0  
Formerly: 480D  
Seminar in Roman Archaeology  
Notes:  
• Credit will be granted for only one of GRS 482B, GRS 480D (if taken in the same topic), CLAS 480D (if taken in the same topic).  
• May be taken more than once for credit in different topics with permission of the department.  
Prerequisite(s):  
• GRS 372; or  
• Permission of the department.  

GRS 493 Units: 1.5 Hours: 2-0  
Directed Study in Greek or Roman Civilization  
Intensive study of selected programs in Greek or Roman history, society, art, or archaeology. Students will prepare an extended research paper, drawing on both primary and secondary sources. Introduction to epigraphy, numismatics, papyrology, where appropriate.  
Notes:  
• May be taken more than once for credit in different topics to a maximum of 3 units.  
• Students should attempt to make arrangements with the instructor before the start of term.  
Prerequisite(s): Permission of the department.
**GRS 495 - HINF 200**

**GRS 495**  
Units: 3.0  
Hours: 3-3  
Practicum in Archaeology  
Introduction to the methods and techniques of archaeology in the Mediterranean through participation in an excavation. Engagement in university-level research and learning foundational principles of excavation and survey.  
Notes:  
- Credit will be granted for only one of GRS 495, CLAS 495 (if taken in the same topic).  
- May be taken more than once for credit in different topics with permission of the department.  
- Interested students should contact the department during the Fall Term.  
Prerequisite(s): Permission of the department.  
Recommendation(s): GRS 361 and GRS 371 recommended prior to GRS 495.

**GRS 499**  
Units: 3.0  
Graduating Essay in Honours  
A graduating essay, written under the supervision of a faculty member, is required of fourth-year Honours students in Greek and Latin Language and Literature, and Greek and Roman Studies.  
Note: Credit will be granted for only one of GRS 499, CLAS 499.  
Prerequisite(s):  
- Minimum fourth-year standing, and  
- declared Honours in Greek and Roman Studies.

**HDCC**  
Human Dimensions of Climate Change  
Interdisciplinary Programs  

**HDCC 200**  
Units: 1.5  
Hours: 3-0  
Introduction to Human Dimensions of Climate Change  
An introduction to understanding and mitigating the impacts of climate change. After a basic introduction to the physical nature of climate change, the focus turns to impacts on humans in political, economic, sociological, and psychological terms, including possible mitigation and public policy strategies.

**HDCC 300**  
Units: 1.5  
Hours: 3-0  
Climate Change for Social Transformation  
An opportunity for critical engagement with climate change as physical transformation, cultural object, and incitement to social transformation. This interdisciplinary course approaches climate change as complex phenomena that are co-constituted by social and natural worlds. The course will introduce students to a variety of lenses; knowledge networks, culturally constructed narratives and social justice issues that will help them understand why responding to climate change is challenging but also opens up opportunities for change.  
Prerequisite(s):  
- Minimum third-year standing, or  
- permission of the program.

**HDCC 390**  
Units: 1.5  
Special Topics in the Human Dimensions of Climate Change  
An interdisciplinary investigation of a selected topic that emerges from the study of the human dimensions of climate change.  
Notes:  
- May be taken more than once for credit in different topics with permission of the program.  
- Students must have the permission of a faculty supervisor before being allowed to register in the course.  
Prerequisite(s): Permission of the program.

**HDCC 400**  
Units: 1.5  
Hours: 3-0  
Seminar on Human Dimensions of Climate Change  
Presentations by instructors, guest lecturers, and students will reinforce and extend knowledge of, and perspectives on, the impacts of climate change on humans. Strategies for mitigating the impacts are also considered.  
Prerequisite(s):  
- HDCC 200 or HDCC 300; and  
- Two of ANTH 347, ANTH 341, ECON 381, ECON 382, ES 301, ES 480, GEOG 373, LAW 328, LAW 329, PHIL 333, POLI 357, POLI 377, POLI 458, PSYC 350, PSYC 431E, SOC 465; or  
- permission of the program.

**HDCC 490**  
Units: 1.5  
Experiential Learning  
Organized around opportunities for community engagement and experiential learning in an applied situation. Students work with an instructor to identify issues to be explored and what course assessment methods will be used before the experiential learning opportunity begins. Must include at least 150 hours of work or volunteer activities. Assessment typically includes a reflective journal and a final paper.  
Prerequisite(s): Permission of the program.

**HINF**  
Health Information Science  
School of Health Information Science  
Faculty of Human and Social Development  

**HINF 115**  
Units: 1.5  
Hours: 3-2  
Programming for Healthcare  
Computer programming for healthcare information technology and systems development will be covered. Topics include languages for scripting, programming, and data exchange and visualization in healthcare information systems. Examples and techniques tailored to healthcare applications will be emphasized, such as programming for health decision support, electronic health records and mobile health applications. Open source system programming and prototyping for healthcare will also be covered.  
Note: Students not Majoring in Health Information Science may request permission to register in the course.  
Prerequisite(s):  
- CSC 110; and  
- admission to BSc program in Health Information Science; or  
- permission of the school.

**HINF 130**  
Units: 1.5  
Hours: 3-2  
Introduction to Health Information Technology  
Health information systems are comprised of computer programs generated using a variety of data manipulation and management techniques. Covers the general application of databases and spreadsheets to health information management. In addition, many specific health care applications such as electronic health records, mobile health applications, medical graphics, multi-media medical information systems, public health information systems, decision support systems, networked systems, wearable health applications and bioinformatics will be addressed.  
Note: Credit will be granted for only one of HINF 130, HINF 172.

**HINF 140**  
Units: 1.5  
Hours: 3-0  
Formerly: 240  
Introduction to the Canadian Health Care Systems  
Provides a comprehensive and critical understanding of the Canadian healthcare system, its development and its current problems and issues. Introduces students to the origins, structure, and key issues of the provincial and federal roles in healthcare, and provides students with an integrated orientation regarding its major components. Focuses on the Canadian health care system but provides a comparison of the Canadian system with that of other countries with regards to the structure, healthcare delivery, and health outcomes.  
Note: Credit will be granted for only one of HINF 140, HINF 240.

**HINF 200**  
Units: 1.5  
Hours: 3-2  
Formerly: 300  
Principles of Health Database Design  
Addresses the issues facing a database designer in the development of database applications appropriate for health data of various kinds. Includes the elements of conceptual, implementation and physical database design to support health information systems. Topics include: healthcare database management systems (DBMS) and their components, appropriate modeling techniques for database design, relational databases using standard tools and techniques, main trends, current technologies and management issues in database.  
Note: Credit will be granted for only one of HINF 200, HINF 300; CSC 370.

Corequisite(s):  
- HINF 130 and CSC 110; and  
- MATH 151 or MATH 122.
HINF 201 Units: 1.5 Hours: 0-3
Formerly: 301
Database Management and Development for Health Care Systems
Provides students with hands-on lab experience with SQL and a sophisticated, full-scale multi-platform database management system such as Oracle. Using a set of accompanying tools, students 1) explore the architecture of a database management system, 2) design a database, 3) implement a database, 4) maintain and administer a database, 5) manage application security and 6) develop prototypes of database applications. Students are able to transfer this experience to other database management systems.
Note: Credit will be granted for only one of HINF 201, HINF 302.
Prerequisite(s):
• One of HINF 200, HINF 300, CSC 370; or
• permission of the school.

HINF 230 Units: 1.5 Hours: 3-0
Organizational Behaviour and Change Management
Techniques for the management of individual, group and intergroup behaviour in health care organizations, including decision making and problem solving, work groups, leadership, power and influence, labour relations, process engineering and risk management.

HINF 265 Units: 1.5 Hours: 3-2
Health Care Delivery Organizational Models
An introduction to the ways in which health organizations are managed and financed to deliver health care. Topics may include: organization theory, power and culture, division of labour, command and control in health care versus other industries, governance structures and integrated delivery system models.
Pre- or Corequisite(s): HINF 140 and HINF 230.

HINF 280 Units: 1.5 Hours: 3-0
Formerly: 180
Biomedical Fundamentals
Presents the principles of biochemistry, organ physiology and selected examples of pathology in order to provide the fundamentals required for understanding in future studies. All body systems are briefly reviewed and discussions of medical case studies are conducted. Emerging topics in health informatics including bioinformatics and genomics are discussed.
Note: Credit will be granted for only one of HINF 280, HINF 180.
Prerequisite(s): One of Biology 12, BIOL 102, BIOL 150A, BIOL 150B, BIOL 186, EPHE 141, EP 141.

HINF 301 Units: 1.5 Hours: 3-2
Electronic Records and Decision Support Systems
Provides students with an in-depth understanding of the technologies that make up electronic health records and decision support systems. Topics include: electronic health records (vendor based and open source), departmental systems (e.g., lab, pharmacy, intensive care) PACS, computerized physician order entry (CPOE), clinical data repositories, health plans, patient portals, personal health records and data warehouses.
Prerequisite(s):
• HINF 115 or CSC 115; and
• HINF 200.

HINF 320 Units: 1.5 Hours: 3-2
Project Management
Introduction to the essentials of health project management and the project life cycle in health care. Topics may include: project charter, network diagramming, management of scope, stakeholder identification, cost management, scheduling and risk management.
Pre- or Corequisite(s): HINF 140 and HINF 230.

HINF 330 Units: 1.5 Hours: 3-0
Legal and Security Issues in Health Informatics
Introduces students to legal aspects of their profession, including aspects of confidentiality, privacy, legal liability of software systems and contractual issues. Students will gain an appreciation for legal terminology, reasoning, and processes as well as basic principles of law which apply to and govern health systems in Canada. Topics in cyber security strategies for health IT are discussed.
Note: Credit will be granted for only one of HINF 330, NURS 487.

HINF 335 Units: 1.5 Hours: 3-0
Health Information Standards
A study of health information standards being deployed and used in Canada and elsewhere. The standards to be examined include data, messaging and terminology standards such as HL7v2.X, HL7v3, HL7-CDA, IHE, FHIR, ICD10, LOINC, SNOMED CT, and nursing terminologies. Topics include the nature of standards, their historical evolution and lifecycles for standards from initial development, distribution to maintenance. Emphasis will be on practical knowledge and skills in how to work with standards.
Prerequisite(s): HINF 130 and HINF 280.

HINF 345 Units: 1.5 Hours: 3-2
Networks, Interoperability and Systems Security
A management perspective to data communications technology, networks, and distributed processing. Emphasis is on examining the impact of emerging communications technology on health information systems in varying sectors of the health care delivery system. Topics may also include: electronic health record networking, interoperability and standard clinical archetypes, technical aspects of cybersecurity, telehealth, home health care monitoring and pervasive computing in healthcare.
Note: Credit will be granted for only one of HINF 345, HINF 445.
Prerequisite(s): HINF 201.

HINF 350 Units: 1.5 Hours: 3-0
Human Aspects of Healthcare Information Systems
Human aspects of health informatics. Includes discussion of the use of technology to support clinical decision making and decrease the incidence of errors in healthcare. Topics include: information retrieval and cognitive processes, decision making and reasoning, human-computer interaction and usability engineering, patient safety and error reduction, evidence-based medicine, mHealth, consumer informatics, eHealth literacy and workflow analysis.

HINF 351 Units: 1.5 Hours: 3-0
Information Technology Procurement
Investigation of the methodologies and processes used to select Information Technology (IT), for health care organizations and governments. The primary goal is to appreciate the dynamics and compromises that take place, particularly when health organizations and governments procure IT to support patients and the public. Students will be encouraged to think from a clinical point of view, as well as a technical and management perspective.
Note: Credit will be granted for only one of HINF 351, HINF 451.

HINF 371 Units: 1.5 Hours: 3-0
Clinical Methodologies
The process of clinical decision making in diagnosis, treatment, planning and prognosis will be covered. Topics may include: use of electronic systems in improving the clinical decision making process such as preventing diagnostic errors, integrating evidence based medicine and clinical guidelines, and improving team-based decision-making. Factors affecting policy-level decision making and its relationship with the information systems are explored.
Note: Credit will be granted for only one of HINF 371, HINF 372.
Prerequisite(s): HINF 280.

HINF 381 Units: 1.5 Hours: 3-2
Epidemiology, Population Health and Public Health
An introduction to the principles and methods of epidemiology particularly as they apply to population health. Topics may include: measurements of disease occurrence, study designs (cohort, case-control, randomized clinical trials), surveillance systems, population health, public health information systems for infectious and chronic diseases, health promotion and disease prevention issues.
Note: Credit will be granted for only one of HINF 381, HINF 386.
Prerequisite(s): 1.5 units of STAT courses.

HINF 410 Units: 1.5 Hours: 3-0
Information Management and Technology
Critically examines the application of state-of-the-art IM&T principles and methods in the public and private sectors and the degree to which they apply to Canadian health care organizations. Provides students with a background in health information management and information technology (IT) strategy from a private and public sector organizational perspective. Students will identify strategies and approaches to ensuring managers, clinicians, patients and the public receive information at the right time in a cost-effective manner.
Prerequisite(s): HINF 310 and HINF 351.
HINF 420 - Societal Implications of Information Technology
Units: 1.5, Hours: 3-0
Societal Implications of Information Technology reflects on the societal and ethical implications of health information technologies (IT). Provides an examination of some of the systemic and societal issues related to the IT revolution. Examines how IT has affected, and will continue to affect, the human condition as seen from individual and community perspectives. The goal is to achieve a balanced understanding of how IT affects the human condition - as seen from individual, regional and global perspectives. Only open to fourth-year HINF students.
Prerequisite(s): All of HINF 001, HINF 002, HINF 310, HINF 320, HINF 371.

HINF 450 - Health Information System Design
Units: 1.5, Hours: 3-2
Health Information System Design provides an understanding of software systems design and the connection to requirements engineering, modelling (including modelling), system analysis, system implementation, and system verification. Provides coverage of the specific requirements of the development of contemporary and future information systems in health care. Covers the technical principles underlying such systems. Knowledge and skills required for the design, implementation, maintenance and replacement of complex information systems in health care are developed.
Prerequisite(s): HINF 200 and CSC 375.

HINF 461 - System Evaluation and Quality Improvement
Units: 1.5, Hours: 3-0
System Evaluation and Quality Improvement explores key concepts, methods, and approaches in the field of evaluation. Topics may include: formative and summative evaluation, quantitative and qualitative methods, developing performance metrics, total quality management (TQM), core principles of clinical quality improvement (CQI), balanced scorecards and dashboards. Note: Credit will be granted for only one of HINF 461, HINF 460.
Prerequisite(s): HINF 381.

HINF 470 - Trends in Health Informatics
Units: 1.5, Hours: 3-2
Trends in Health Informatics exposes students to the changing topics in health informatics and the emerging trends in health information technology. Topics may include: electronic health records, consumer health informatics, personalized health records, mobile technology, telemedicine, bioinformatics, precision medicine, business intelligence and big data. Students have the chance to review current published work and speak to experts in the field. Culminates with a capstone project.
Prerequisite(s): HINF 115 or CSC 115.

HINF 490 - Directed Study
Units: 1.5 or 3.0
Directed Study provides students wishing to pursue a course of directed readings or of a directed project should consult with a faculty member willing to supervise such a course, formulate a proposal describing both the content of the course and a suitable means of evaluating the student's work. Note: May be taken more than once for credit in different topics to a maximum of 3 units.

HINF 491 - Topics in Health Informatics
Units: 1.5 or 3.0, Hours: 3-0
Topics in Health Informatics exposes students to the changing topics in health informatics. Entry to this course will be restricted to third- and fourth-year students. Note: May be taken more than once for credit in different topics.

HLTH 250 - Current Issues in Health and Community Services
Units: 1.5
Current Issues in Health and Community Services explores major contemporary issues in Canadian health and social services delivery, using a life course and social determinants perspective. Students will be introduced to a variety of issues in health care and social services, and develop an understanding of different perspectives on complex social issues that are addressed through our health, social and other public and private service delivery systems.
Note: Credit will be granted for only one of HLTH 250, HLTH 480 (if taken in the same topic).

HLTH 251 - Healthy Sexuality
Units: 1.5
Healthy Sexuality explores the complexity of human sexuality as a multi-faceted concept, influenced by biological, cultural, environmental, historical, psychological, and societal contexts. Students will explore the dynamic role sexuality plays in human experience and the mechanisms by which individuals can achieve healthy sexuality. Course readings, assignments and class activities will encourage students to explore the complexities of human sexuality from a number of perspectives.
Note: Credit will be granted for only one of HLTH 251, HSD 460 (if taken in the same topic).

HLTH 300 - Determinants of Health and Population Health Promotion
Units: 1.5
Determinants of Health and Population Health Promotion begins with conceptualizations of health, starting with individual constructions and moving toward a complex understanding of health. Topics include: health care system, the health care system is examined in the context of health and disease prevention as well as the management of chronic illness. Project planning and management as well as an examination of project cycles, effective project design, implementation and evaluation are explored. Project team building and leadership are examined.

HLTH 320 - Health Program Planning and Project Management
Units: 1.5
Health Program Planning and Project Management provides an introduction to health program planning and project management within the health sector. Included in the course is an exploration of health planning within the context of primary health care, health promotion and disease prevention as well as the management of chronic illness. Project planning and management as well as an examination of project cycles, effective project design, implementation and evaluation are explored. Project team building and leadership are examined.

HLTH 321 - Human Resource and Fiscal Management in Community Health Systems
Units: 1.5
Human Resource and Fiscal Management in Community Health Systems examines human resources and fiscal management within the context of health systems delivery is the focus of this course. Health services planning including human resource planning, recruitment, determination of skills and competencies; staff development and evaluation, conflict management are explored. The financial context of health service delivery and an introduction to the principles and practices of unit based finance and budgeting are explored. Students examine budget funding requests and justifications within the context of proposal development.

HLTH 350 - Introduction to Health Research
Units: 1.5
Introduction to Health Research reviews basic research practices in health research, examines research questions in relation to health, provides an overview of research methodologies and introduces current ethical debates in health research.

HLTH 351 - Practice of Evaluation Research
Units: 1.5
Practice of Evaluation Research This applied course explores the use of evaluation research within health contexts and settings. Evaluation as a systematic approach to assess effectiveness of health care and health care strategies will be examined. Students will acquire skills in the effective utilization of existing health evaluation research as well as in the basic design of evaluation frameworks.

HLTH 352 - Promoting Healthy Sexualities
Units: 1.5
Promoting Healthy Sexualities on-campus three module course presenting social constructions of sexuality, living diverse sexualities and promoting healthy sexualities. The first explores the ways sexuality has been socially constructed within cultures and disciplines. The second examines diverse sexualities that exist within Canada today. The third module focuses on services to promote and support healthy sexualities.
Prerequisite(s): HLTH 251.

HLTH 360 - Health Literacy and System Navigation
Units: 1.5
Formerly part of 322.
Health Literacy and System Navigation Health literacy, the capacity to understand and use health related knowledge, has implications for people’s ability to make healthy decisions and play an active role in managing their own health. This course examines ways to improve literacy and communication to enhance self-care including e-health literacy and the increasing use of the internet in access to health information. The importance of health system navigation in the integration of primary and community care will be explored.
Note: Credit will be granted for only one of HLTH 360, HLTH 322.
HLTH 401  Units: 1.5  
Health Policy and Health Governance  
Reviews historical and contemporary health policy as a context for understanding current health governance practices. The role of legislation, governance and regulation as essential strategies to ensure the health of the population will be explicated. The intersections of policy, health law and ethics will be explored.

HLTH 402  Units: 1.5  
Health and Community Supportive Technologies  
Explores technologies that support people to live in their communities; from the general, such as universal design principles for architecture, ageing-friendly communities, and multi-modal transportation to the specific, such as smart home technologies that adapt quickly to changes in function and communications systems for people with very limited use of hands and limbs. Includes a critical review of various types of health technologies and information systems, their effective use and impact.

HLTH 403  Units: 1.5  
Community Development and Capacity Building  
Focuses on developing fundamental knowledge of community engagement, community development, community asset mapping, and capacity building. Connecting, collaborating and advocacy will be explored as foundational skills in the promotion of community well-being.

HLTH 404  Units: 1.5  
Inter-Professional Practice  
Critically examines the issues inherent in professional practice within health and community services. Also utilizes case studies from other service industries. Explores ethics, communication, team-building, professionalism and other critical factors that facilitate or create barriers to collaboration. Practice examples are used to present benefits and costs of collaboration and develop team-building resources for professional development.

HLTH 405  Units: 1.5  
Advocacy for Ageing and Disability in Canadian Society  
Students explore the concepts of ageing, disability, caring and activism. Societal and political determinants of well-being and full citizenship are examined along with different strategies of advocacy. Consideration is given to contemporary challenges for individuals, family and communities as they engage in caregiving activities as well as advocacy roles in relation to health and social service agencies and public policy systems and social programs in the Canadian context.  
Note: Credit will be granted for only one of HLTH 405, AGEI 470, AGEI 471, DSST 442, DSST 443.

HLTH 406  Units: 1.5  
Indigenous Global Health  
Examines Indigenous health within a global context. Focuses on social, political, and ecological determinants of Indigenous health. Explores the roles of globalization and colonization on Indigenous health. Explores culturally appropriate models of Indigenous health and community work.  
Note: Credit will be granted for only one of HLTH 406, INGH 450, INGH 451, INTS 461.

HLTH 425  Units: 1.5  
Quantitative and Qualitative Methods  
Explores applied methods and strategies commonly used in quantitative and qualitative analysis. A range of descriptive and inferential statistical approaches are examined using computer based technology. Qualitative methods of analysis are examined including data coding and thematic analysis.  
Notes:  
• Credit will be granted for only one of HLTH 425, NURS 425.  
• Students must have access to a PC Windows platform for this course.

HLTH 430  Units: 3.0  
Practicum  
All degree students are required to complete a 150 hour practicum. This planned, supervised and evaluated experience will usually be completed at the end of the student’s program of study.  
Note: Students who have completed all core, area of focus and elective courses may request permission to register in the course.  
Must be taken at the same time as HLTH 435.

Prerequisite(s): Permission of the school.  
Grading: INP, COM, F or N.

HLTH 435  Units: 3.0  
Culminating Major Paper  
As a culmination of their practice experience students are required to complete a project that demonstrates a synthesis and integration of coursework and other learning experiences.  
Note: Students who have completed all core, area of focus and elective courses may request permission to register in the course.  
Must be taken at the same time as HLTH 430.

Prerequisite(s): Permission of the school.  
Grading: INP, COM, F or N.

HLTH 480  Units: 1.5  
Special Topics in Health Studies  
This is a variable content course focusing on specific interests of students and faculty members in the School of Public Health and Social Policy.  
Note: May be taken more than once for credit in different topics with permission of the school.

HLTH 490  Units: 1.5  
Directed Readings in Health Studies  
Comprises individual studies involving directed readings, projects or special studies under the direction of a faculty member. A proposal is developed in consultation with a faculty member and includes a plan for the evaluation of the student’s work. The proposal must be approved by the Director before students are allowed to register.  
Note: May be taken more than once for credit in different topics with permission of the school to a maximum of 4.5 units.

HS 200  Units: 1.5  Hours: 3-0  
Health and Society  
Theories of health and health research, team-taught from perspectives in Social Sciences, Education, Human & Social Development and Humanities. An overview of the dimensions of health and health research focusing on relationships between the social - including political, economic, cultural, institutional dimensions - and the environmental and biological dimensions of health. Students will learn about key thinkers associated with health studies in order to develop a comprehensive and critical understanding of health related issues.

HS 400A  Units: 1.5  
Directed Experiential Learning in Health and Society: Research  
A capstone course providing the opportunity for students to obtain direct experience in the process of doing health research. This investigation will be a culminating examination of a topic selected by the student that fits within one of five health-related focus areas including Aboriginal health, addictions & mental health, aging, disability, and children and youth. Students are responsible for identifying a supervisor and getting approval from the program director.  
Prerequisite(s):  
• HS 200; and  
• declared General or Minor program in Health and Society.

HS 400B  Units: 1.5  
Directed Experiential Learning in Health and Society: Community Service  
A capstone course providing the opportunity for students to obtain direct experience in the process of doing health research. This investigation will be a culminating examination of a topic selected by the student that fits within one of five health-related focus areas including Aboriginal health, addictions & mental health, aging, disability, and children and youth. Students are responsible for identifying a supervisor and getting approval from the program director.  
Prerequisite(s):  
• HS 200; and  
• declared General or Minor program in Health and Society.

HSD 390  Units: 1.5 or 3.0  
Directed Studies  
Individual studies involving directed readings, projects, or special studies under the direction of a faculty member. A proposal is developed in consultation with a faculty member and includes a plan for the evaluation of the student’s work. The proposal must be approved by the Dean before students are allowed to register.  
Notes:  
• May be taken more than once for credit in different topics.  
• Offered as resources permit.
HSD 400  Units: 1.5  Hours: 3-0
Policy in the Human Services
The objectives of this course are to provide an introduction to the main organizational structures of, and stages in, the social policy making process in Canada; to strengthen skills in the analysis of policies and programs in Canadian human services; to critically examine different ideologies and theories through which the welfare state has been examined in various countries, and to develop an appreciation of the interdisciplinary nature of social policy as a field of academic and applied activity.

HSD 401  Units: 1.5  Hours: 3-0
Women in the Human Services
An opportunity to reflect critically on the experiences of women in their various connections to the human services: as recipients, providers, advocates and policymakers. Explores the social, economic and political influences which have shaped these experiences for diverse groups of women. Attention is given to the gendered aspects of programs and policies in the human services, and to the interconnections between the private and public dimensions of women’s lives.
Note: Course is not currently offered.

HSD 425  Units: 1.5
Qualitative and Quantitative Analysis
Provides students with a grounding in the techniques commonly used in the analysis of both quantitative and qualitative data. Students will engage in the process of qualitative analysis through examining qualitative data, data coding and thematic construction. A range of descriptive and inferential statistical approaches to quantitative analysis are examined using a computer-based system.
Notes:
- Credit will be granted for only one of HSD 425, NURS 425.
- Course is not currently offered.
All students must have basic computing and word processing skills prior to enrolling in the course. Students taking the course off-campus must have access to a computer with a CD-ROM.
Prerequisite(s):
- One of admission to a program in Child and Youth Care, admission to a program in Nursing, admission to a program in Social Work; or
- permission of the department.

HSD 460  Units: 1.5  Hours: 3-0
Special Topics in Human and Social Development
A variable content course which will focus on current and emerging issues in the human services. Examples of appropriate content include the prevention and treatment of alcohol and drug abuse and cross-cultural issues in the human services.
Notes:
- May be taken more than once for credit in different topics to a maximum of 3 credits.
- Offered as resources permit.
Prerequisite(s):
- Minimum third-year standing; and
- admission to a program in Human and Social Development.

HSD 464  Units: 1.5
Introduction to Disability Studies
A mandatory course for students enrolled in the Child Welfare Specialization and focuses on issues affecting people with disabilities. Current issues in human rights, ethics, and attitudes about disability are examined within a framework of human rights, citizenship and inclusion. Highlights the skills and knowledge required for anti-ableist practice and includes a critical analysis of theory, policy and practice. Various approaches to the planning and delivery of services are examined with an emphasis on those approaches that facilitate consumer choice and decision-making.
Notes:
- Credit will be granted for only one of HSD 464, CYC 364, SOCW 469.
- Course is not currently offered.

HSD 470  Units: 1.5  Hours: 3-0
Interdisciplinary Perspectives on Sub-Saharan Africa
An overview of key African issues, through presentations by University of Victoria professors with research and development interests in Africa. Topics include: pre-history and paleo-anthropology, literature and the arts, colonial and post-colonial histories, and contemporary issues such as governance, HIV/AIDS and human rights.
Notes:
- Credit will be granted for only one of HSD 470, CYC 379.
- Offered as resources permit.

HSD 490  Units: 1.5 or 3.0
Directed Studies
Individual studies involving directed readings, projects, or special studies under the direction of a faculty member. A proposal is developed in consultation with a faculty member and includes a plan for the evaluation of the student’s work. The proposal must be approved by the Dean before students are allowed to register.
Notes:
- May be taken more than once for credit in different topics.
- Offered as resources permit.

HSTR 101A  Units: 1.5  Hours: 3-0
10 Days that Shook the World
Introduces the field of history through the exploration of ten turning points in world history. Each week a guest lecturer focuses on a world-changing moment and then seminars examine the arguments and evidence. Introduces the discipline of History, a range of historical concepts and skills and many of the History Department faculty.
Note: Credit will be granted for only one of HSTR 101A, HSTR 101B, HSTR 101C, HSTR 101D, HIST 101, HIST 198.

HSTR 101B  Units: 1.5  Hours: 3-0
The History of Leisure, Sport and Tourism in North America
Examines the social and cultural history of recreation, sport and tourism in North America, considering how developments in technology, religion, capitalism and family life have shaped the relationship of men, women and children to the “Great Outdoors.”
Note: Credit will be granted for only one of HSTR 101B, HSTR 101C, HSTR 101D, HIST 101.

HSTR 101C  Units: 1.5  Hours: 3-0
Epidemics from the Black Death to AIDS
Explores the demographic, social and cultural changes brought by epidemic disease from the 14th century to the 21st century. Topics include The Black Death, syphilis in society and literature, smallpox and the Aztec conquest, cholera and the industrial cities, investigation of the influenza viruses and the emergence and early history of AIDS.
Note: Credit will be granted for only one of HSTR 101C, HSTR 101A, HSTR 101B, HSTR 101D, HIST 355, HIST 101, HIST 264.

HSTR 101D  Units: 1.5  Hours: 3-0
History of Money
Explores the role of money in politics, culture and the economy from the ancient economy to the slave trade, from coins to bills to credit cards. Topics include coin production and counterfeit ing, credit and commercialism, money and warfare and how and why we value money in society.
Note: Credit will be granted for only one of HSTR 101D, HSTR 101A, HSTR 101B, HSTR 101C, HIST 101.

HSTR 109  Units: 1.5  Hours: 3-0
Global Society since 1400
An overview of major processes and events in various parts of the world since the late middle ages and the 15th century European maritime expansions. Examines linkages between different kinds of historical change and between different regions of the globe. Topics include population growth, wars and revolutions, social and religious movements, economic development and upheaval, ecological challenges, innovations in science and technology and imperialism and resistance.
Note: Credit will be granted for only one of HSTR 109, HIST 101 (if taken in the same topic).
HSTR 110  Units: 1.5  Hours: 3-0
Formerly: HIST 206
Conquest and Encounter in the Atlantic World, 1492-1700
Survey of the earliest encounters of Europeans and American peoples and the formation of societies in a new Atlantic World. Topics include demographic changes brought by epidemic diseases, patterns of conquest and accommodation among explorers and diverse Amerindian cultures, and the exchange of goods, ideas and peoples across the Western hemisphere.
Note: Credit will be granted for only one of HSTR 110, HIST 206, HIST 265 (if taken in the same topic).

HSTR 111  Units: 1.5  Hours: 3-0
Age of Enounters in the Pacific World, 1700-1900
Examines the interactions of peoples and empires in the Pacific World with particular emphasis on the challenges of modernity and migration. An introduction to the cultural interactions of peoples in Asia. Focus on how peoples of China, Japan and India shaped their worlds in an age of conflicts with old and new imperialisms. Includes early migration to British Columbia and other parts of Canada.

HSTR 112  Units: 3.0  Hours: 3-0
Formerly: HIST 105, 242
World History, 1900 - present
Broad interpretive survey of the major forces that have shaped the world since the beginning of the twentieth century. Emphasis on growing inter-state rivalries, Western colonialism, the two world wars, the economic crises of the early twentieth century, the rise of totalitarianism, the Cold War and the rise of major states within the Third World, as well as on growing interdependence among states.
Note: Credit will be granted for only one of HSTR 112, HIST 105, HIST 105A, HIST 105B, HIST 242.
Recommendation(s): HSTR 112, or HSTR 112A and HSTR 112B recommended for students wishing to take advanced courses in twentieth century history and comparative history.

HSTR 112A  Units: 1.5  Hours: 3-0
Formerly: HIST 105A, part of 105
World History 1900-1945
Broad interpretive survey of the major forces that have shaped the world from the late nineteenth century until the mid twentieth century. Emphasis on growing inter-state rivalries, Western colonialism, the two world wars, the economic crises of the early twentieth century and the rise of totalitarianism.
Note: Credit will be granted for only one of HSTR 112A, HIST 105, HIST 105A, HIST 242.
Recommendation(s): HSTR 112, or HSTR 112A and HSTR 112B recommended for students wishing to take advanced courses in twentieth century history and comparative history.

HSTR 112B  Units: 1.5  Hours: 3-0
Formerly: HIST 105B, part of 105
The World Since 1945-present
Broad interpretive survey of the major forces that have shaped the world since the Second World War. Emphasis on the legacy of the Second World War, phases of the Cold War, decolonization and the rise of major states within the Third World, as well as on growing interdependence among states.
Note: Credit will be granted for only one of HSTR 112B, HIST 105, HIST 105B, HIST 242.
Recommendation(s): HSTR 112, or HSTR 112A and HSTR 112B recommended for students wishing to take advanced courses in twentieth century history and comparative history.

HSTR 115  Units: 1.5  Hours: 3-0
Formerly: HIST 245
The Second World War
Survey of the military, diplomatic, economic, social and political aspects of this global conflict. The causes and ramifications of the war will also be considered.
Note: Credit will be granted for only one of HSTR 115, HIST 245.
Recommendation(s): Recommended for students wishing to take advanced courses in military history.

HSTR 120  Units: 1.5  Hours: 3-0
History of Human Rights
Examines the emergence of human rights in the West from the classical Greeks to 9/11 and the impact of these ideas on global history. Topics include censorship, political repression, gender discrimination and torture.

HSTR 121  Units: 1.5  Hours: 3-0
History, Music and the American Century
Examines the impact of classical music on the Americas, and the art of the American Century on classical music. Major themes include the role of expressive qualities of music, social and economic changes in music, and the role of race, gender, and class in shaping U.S. Understandings of freedom, equality and democracy.

HSTR 120A  Units: 1.5  Hours: 3-0
Formerly: part of HIST 110
The United States to the Civil War
Survey of U.S. history from the pre-Columbian period to the end of Civil War. Major themes include the colonial origins of the United States, the development of American slavery and the role of race, gender, and class in shaping U.S. Understandings of freedom, equality and democracy. Emphasizes critical reading, document analysis and in-class discussion.
Note: Credit will be granted for only one of HSTR 210A, HIST 110.

HSTR 120B  Units: 1.5  Hours: 3-0
Formerly: part of HIST 110
The United States from Post-War Reconstruction - present
From the end of Civil War to the present. Major themes include the impact of industrialization, the shifting role of the federal government and role of protest, in particular the Civil Rights Movement, in redefining freedom and democracy in the United States. Emphasizes critical reading, document analysis, and in-class discussion.
Note: Credit will be granted for only one of HSTR 210B, HIST 110.
Recommendation(s): HSTR 210A recommended prior to HSTR 210B.

HSTR 130  Units: 1.5  Hours: 3-0
Formerly: HIST 260
Revolutionary Discoveries in Modern Science
Surveys pivotal episodes in the history of the physical and life sciences from Galileo’s telescopic observations to the search for the ‘god particle’. Topics include the construction of a radically new view of the natural order during the Scientific Revolution, the transformation of our understanding of the nature of life since the 18th century, and the overthrow of Newton’s system of the world in the early 20th century.
Note:
- Credit will be granted for only one of HSTR 130, HIST 260.
- No background in science is required prior to taking this course.

HSTR 131  Units: 1.5  Hours: 3-0
Formerly: HIST 261
History of Technology
Survey of the consequences of technological change on society since the beginning of the Industrial Revolution. Topics include: transportation, communications, military, industrial and domestic technology.
Note: Credit will be granted for only one of HSTR 131, HIST 261.
**HSTR 220B - HSTR 276**

**Recommendation(s):** HSTR 240, or 240A and HSTR 240B recommended for students wishing to take advanced courses in European History. |
| **HSTR 265B** | 1.5 | 3-0 | Formerly: HIST 254  
China and the Modern West  
Survey of modern Chinese history with an emphasis on China’s relations to the West from 1840 to 2010. Topics include China’s responses to Western challenges and early modernization, its Republican, Nationalist and Communist revolutions and its recent reforms and rise as a global power.  
**Note:** Credit will be granted for only one of HSTR 265B, HIST 254, PACI 254. |
| **HSTR 267A** | 1.5 | 3-0 | Formerly: HIST 255, half of 252  
The Origins of Modern Japan  
Examines Japan’s transition from bureaucratic feudalism to capitalism in the 19th century. Includes a survey of ancient and medieval society as background then the transition to capitalism, the civil wars of the 1850s, the arrival of colonial powers, the popular rights movement, and the development of the modern state.  
**Note:** Credit will be granted for only one of HSTR 267A, HIST 252, HIST 255, PACI 255. |
| **HSTR 267B** | 1.5 | 3-0 | Formerly: HIST 256  
Japan in the 20th Century  
Examines Japan’s political evolution in the 20th century including the emergence of liberal democratic trends, the triumph of militarism and corporatism in the 1930s, the 15 years war, the Occupation of Japan, and Japan’s postwar development including aspects of both social and economic history.  
**Note:** Credit will be granted for only one of HSTR 267B, HIST 256, PACI 256. |
| **HSTR 275** | 1.5 | 3-0 | Formerly: HIST 271  
Modern South Asia from Early Empires to Gandhi  
Examines the political and cultural history of South Asia. Focus on ancient and early modern India, the emergence of religious diversity, the rise of Buddhism, Islam, Sikhism and trans-regional connections with the outside world. Explores modern institutions from the early 18th century through 1947, featuring the rise of the East India Companies, the 1857-58 rebellions, the British Empire in India, the rise of nationalism and the partition of colonial India. |
| **HSTR 276** | 1.5 | 3-0 | Formerly: HIST 276  
Modern Latin America  
Considers how Latin Americans have struggled to create stable polities since the Wars of Independence of the early 19th century. Explores anticlericalism, banditry, anti-Spanish, racism and the assault on communal institutions, as well as the influence of key Latin American artists such as Frida Kahlo, revolutionaries such as Emiliano Zapata and “Pancho” Villa, guerrillas such as Fidel Castro and “Che” Guevara and populists such as Getulio Vargas and Eva Peron.  
**Note:** Credit will be granted for only one of HSTR 276, HIST 265 (if taken in the same topic), HIST 271. |
HSTR 277A Units: 1.5 Hours: 3-0
Formerly: part of 277
History of the Middle East, 1789-World War II
Surveys the patterns of Middle Eastern history from the
Ottoman and Iranian reforms undertaken in the 19th
century to the establishment of the mandate system
following the First World War. Emphasizes both continuities
and disruptions that marked the shift from Ottoman rule to
European imperialism. Themes include: the region's
incorporation into the world economy; the transformation
of legal and educational practices; the structures of colonial
rule; and, the impact of the Second World War.
Note: Credit will be granted for only one of HSTR 277A,
HSTR 277, HIST 265 (if taken in the same topic).

HSTR 277B Units: 1.5 Hours: 3-0
Formerly: part of 277
History of the Middle East since World War II
Studies the major political processes that have shaped the
modern Middle East (the Arab East, plus Iran, Israel, Turkey)
since 1945. Themes include: the struggles for independence
and the processes of nation-building; the Cold War
interventions of foreign powers; the ideologies of pan-
Arabism and Islamism; the regional ramifications of the
Palestinian-Israeli conflict and the Iranian revolution;
America's troubled moment in the Middle East; and, the
tumultuous events of the 2011 Arab Spring.
Note: Credit will be granted for only one of HSTR 277B,
HSTR 277, HIST 265 (if taken in the same topic).

HSTR 300 Units: 1.5 Hours: 3-0
Formerly: HIST 300A
Exploring the Past
General-interest subjects from a range of thematic and
geographical areas and presented for a broad audience.
Notes:
• Credit will be granted for only one of HSTR 300, HIST 300A
  (if taken in the same topic).
• May be taken more than once for credit in different topics
  with permission of the department.
• May not be counted towards upper-level requirements in
  Honours, Major, or General and Minor programs in
  History.

HSTR 300A Units: 1.5 Hours: 3-0
Formerly: HIST 300A
The Backpacker's Guide to European History
Explores European history from the perspective of student
travel. Lectures examine the historical context of popular
destinations and sights, approaching history in a
deliberately practical way. Topics may include: the visible
remains of prehistoric, Roman and medieval Europe;
cemeteries, catacombs and sites of historical memory;
evidence of statebuilding in palaces and monuments;
understanding structures from the Roman Colosseum to the
Eiffel Tower; art, architecture, and urban spaces; food, drink
and other aspects of daily life.
Notes:
• Credit will be granted for only one of HSTR 300A, HIST
  300A (if taken as section A01 in Sep-Dec 2013).
• May not be counted toward upper-level requirements in
  Honours, Major, or General and Minor Programs in
  History.
  Recommended to students in all Faculties.

HSTR 300B Units: 1.5 Hours: 3-0
Formerly: HIST 348A
Hockey Nation: Sports History and Canadian Identity
Examines the history of Canada through the history of sport
from pre-industrial times to the late 20th century. Includes
attention to Aboriginal games, lacrosse, ice hockey, baseball,
basketball, football and track and field.
Notes:
• Credit will be granted for only one of HSTR 300B, HIST
  348A, HIST 358 (if taken as section A04 in Sep-Dec 2012).
• May not be counted toward upper-level requirements in
  Honours, Major, or General and Minor Programs in
  History.
  Recommended to students in all Faculties.

HSTR 301 Units: 1.5 Hours: 3-0
Formerly: HIST 201
The Historian's Craft
Introduction to how and why historians study the past, intended
for all students and particularly relevant for those intending
to pursue a Major or Honours Program in History.
Familiarizes students with a variety of historical approaches and
themes, introduces them to members of the department
and their research and develops analytic and writing skills.
Note: Credit will be granted for only one of HSTR 301, HIST
201.
Recommendation(s): Recommended for History Majors.

HSTR 302A Units: 1.5 Hours: 3-0
Formerly: HIST 301A, part of 301
Revolutionary America and the Early Republic, 1763-1815
Examines these years from the multiple perspectives of
political elites, slaves, ordinary farmers, women and
indigenous people in order to assess the aspirations and
limitations of American democracy.
Note: Credit will be granted for only one of HSTR 302A,
HIST 301, HIST 310, HIST 310A.

HSTR 302B Units: 1.5 Hours: 3-0
Formerly: HIST 301B, part of 301
Antebellum America and the Civil War, 1815-1865
Study of the period regarded both as the "age of democracy"
and the height of American slavery. Examines the
relationship between the expansion of slavery and
democracy during the antebellum era and how the
congruities and tensions between slavery and democracy
led to the American Civil War.
Note: Credit will be granted for only one of HSTR 302B,
HIST 301, HIST 310B.

HSTR 303 Units: 1.5 Hours: 3-0
Formerly: HIST 304, part of 304
United States since 1945
Examines domestic U.S. history. Topics include Cold War
culture, race and the Civil Rights Movement, the impact of
the Vietnam War and the counterculture, movements for
gender and sexual equality, the rise of the New Right and the
decline of labour and the liberal state.
Note: Credit will be granted for only one of HSTR 303B,
HIST 304, HIST 304B.

HSTR 304 Units: 1.5 Hours: 3-0
Formerly: HIST 317
Social History of the Automobile
Explores how the invention of the automobile has changed
the way North Americans live and die, vacation and work.
Examines the effect of the automobile on status, gender
roles, environment, politics, war and foreign policy.
Note: Credit will be granted for only one of HSTR 304, HIST
317, HIST 318 (if taken in the same topic).

HSTR 305A Units: 1.5 Hours: 3-0
Formerly: HIST 302A
American Women to 1900
Introduction to the history of women in early America,
covering indigenous women, free settlers and slaves.
Themes include women's roles in conquest, patterns of
women's work, women in American politics and the history
of sexuality. Examines how the category of gender has
intersected with structures of power in American history
including race and class.
Note: Credit will be granted for only one of HSTR 305A,
HIST 302A, HIST 318 (if taken in the same topic).

HSTR 306 Units: 1.5 Hours: 3-0
Formerly: HIST 302B
American Women 1900 - Present
Introduction to the history of modern American women.
Themes include women and popular culture, race and
femininity, women's work, the women's rights movement
and the sexual revolution. Examines the role of gender as a
primary axis of power in modern American history.
Note: Credit will be granted for only one of HSTR 305B,
HIST 302B, HIST 318 (if taken in the same topic).

HSTR 307A Units: 1.5 Hours: 3-0
Formerly: HIST 315A, part of 315
The United States in the World, 1750-1914
Examines of U.S. foreign relations from the late colonial era
to the eve of World War I. Themes include the origins and
influence of American exceptionalism, the drive for
commercial expansion, the relationship between
continental and overseas empire and the influence of
domestic racial and gender hierarchy.
Note: Credit will be granted for only one of HSTR 307A,
HIST 315, HIST 315A.
Recommendation(s): Minimum second-year standing
recommended.
HSTR 307B  Units: 1.5  Hours: 3-0  
Formerly: HIST 315B, part of 315  
**The United States in the World, 1914-present**  
Examines critical points in U.S. history through major Hollywood films that document the American story, asking whether this film works as history. Covers material from the colonial era (Last of the Mohicans) to the Civil War (Gangs of New York) to the Cold War (Thirteen Days).  
**Note:** Credit will be granted for only one of HSTR 310C, HIST 315, HIST 315B.  
**Recommendation(s):** Minimum second-year standing recommended.

HSTR 308  Units: 1.5  Hours: 3-0  
Formerly: HIST 316  
**The United States and Vietnam**  
**Note:** Credit will be granted for only one of HSTR 308, HIST 316, HIST 318 (if taken in the same topic).

HSTR 309  Units: 1.5  Hours: 3-0  
**Race Riots in American Cities**  
Examines the origins, unfolding and legacy of riots in the urban United States in the 1960s. Focuses on social and political history, linking federal policy with case studies of individual cities. Topics include 20th century race relations, inequality in labour and housing markets, American social science and the welfare state, collective violence and state strategies for the management of marginalized populations.  
**Note:** Credit will be granted for only one of HSTR 309, HIST 318 (if taken in the same topic).

HSTR 310  Units: 1.5  Hours: 3-0  
Formerly: HIST 318  
**Topics in American History**  
**Notes:**  
- Credit will be granted for only one of HSTR 310, HIST 318 (if taken in the same topic).  
- May be taken more than once for credit in different topics with permission of the department.

HSTR 310A  Units: 1.5  Hours: 3-0  
**African-American History**  
African American history as a lens through which to explore American national mythology and the notions of freedom, equality and democracy, as well as the paradoxes at the heart of American society. Topics include: the Atlantic Slave trade; the development of 'race'; slavery, abolitionism, the Civil War and reconstruction; urbanization; Jim Crow segregation; racial purity legislation and lynching; civil rights; Black Power, the debate over reparations.  
**Note:** Credit will be granted for only one of HSTR 310A, HIST 318 (if taken in the same topic).

HSTR 310B  Units: 1.5  Hours: 3-0  
**US-Soviet Relations in the Cold War Era**  
Examines the origins and motivations of the US-Soviet conflict, the major events and crises of the Cold War and the social, political and cultural impacts of the struggle on both the superpowers and the broader world in the latter half of the 20th century.  
**Note:** Credit will be granted for only one of HSTR 310B, HIST 318 (if taken in the same topic).

HSTR 310C  Units: 1.5  Hours: 3-0  
**American History in Film**  
Examines critical points in U.S. history through major Hollywood films that document the American story, asking whether this film works as history. Covers material from the colonial era (Last of the Mohicans) to the Civil War (Gangs of New York) to the Cold War (Thirteen Days).  
**Note:** Credit will be granted for only one of HSTR 310C, HIST 318 (if taken in the same topic).

HSTR 310D  Units: 1.5  Hours: 3-0  
**The American West**  
Covers both the historical reality and the myth of the American West. Looks at the history of the west in the European imagination, the Spanish, French and English claims, the shifting frontier from the colonial era onward, expansionism, race and native displacement and war. Topics include the frontiersmen, the gunfighter, violence, environmental struggles, resources, politics and economic paradoxes of this region.  
**Note:** Credit will be granted for only one of HSTR 310D, HIST 310.

HSTR 312  Units: 1.5  Hours: 3-0  
Formerly: HIST 321  
**Tudor-Stuart England**  
Study of some of the major themes of historical research into the social, cultural, religious and political experiences of English men and women from the Tudor period to the Glorious Revolution of 1688, including the Tudor and Stuart monarchy, the English Civil War, religious beliefs and persecution, gender and popular culture.  
**Note:** Credit will be granted for only one of HSTR 312, HIST 321.

HSTR 313A  Units: 1.5  Hours: 3-0  
Formerly: HIST 324A, part of 324  
**Britain’s Rise to World Power, 1689-1837**  
Political culture in Britain during the era in which it rose to global ascendency. Topics include the Glorious Revolution (1688-1689), the origins of British military and financial power, the rise of overseas empire, the emergence of cabinet and parliamentary government, the impact of the American and French Revolutions, the “Great War” with France (1793-1815), and the “age of reform” that preceded the accession of Queen Victoria.  
**Note:** Credit will be granted for only one of HSTR 313A, HIST 322, HIST 323, HIST 324, HIST 324A.  
**Recommendation(s):** HIST 220 recommended prior to HSTR 313A.

HSTR 313B  Units: 1.5  Hours: 3-0  
Formerly: HIST 324B, part of 324  
**English Society, 1689-1837**  
Society and culture in England during the era in which it achieved political domination of the British Isles and became a global superpower. Topics include: aristocratic society; the growing influence of the mercantile and middle classes; the development of urban, commercial and industrial society; changing roles of women and children; the impact of the French and Industrial Revolutions amongst working people; the emergence of the “Victorian” world.  
**Note:** Credit will be granted for only one of HSTR 313B, HIST 322, HIST 323, HIST 324, HIST 324B.  
**Recommendation(s):** HIST 220 and HSTR 313A recommended prior to HSTR 313B.

HSTR 314A  Units: 1.5  Hours: 3-0  
Formerly part of HIST 325  
**Becoming the Victorians, Britain 1789-1851**  
Explores the opportunities and challenges presented to Britain by the French and Industrial Revolutions of the late 18th century, and considers how and why they generated new attitudes towards society, politics, religion and culture. Traces Britain’s rise as the world’s greatest economic power from the beginnings of industrialism to the triumphant hosting of the first ever world’s fair in 1851.  
**Note:** Credit will be granted for only one of HSTR 314A, HIST 325.

HSTR 314B  Units: 1.5  Hours: 3-0  
Formerly part of HIST 325  
**The Victorians to the Great War, Britain 1851-1914**  
British history from the mid-Victorian through the Edwardian eras. Explores the rise of middle class power; changes in attitudes towards marriage, sexuality, and gender roles; as well as the consequences of the ‘New Imperialism’, the ‘New Liberalism’, and crises in and over Ireland. Concludes by considering the myth of the long Edwardian summer afternoon which supposedly preceded the outbreak of the Great War.  
**Note:** Credit will be granted for only one of HSTR 314B, HIST 325.

HSTR 315A  Units: 1.5  Hours: 3-0  
Formerly: HIST 327A, part of 327  
**Britain’s Short Twentieth Century 1901-1951**  
Major themes in British history focusing on the social, cultural, political and economic consequences of Britain’s involvement in two world wars.  
**Note:** Credit will be granted for only one of HSTR 315A, HIST 327, HIST 327A, HIST 339 (if taken in the same topic).  
**Recommendation(s):** HIST 220 recommended prior to HSTR 315A.

HSTR 315B  Units: 1.5  Hours: 3-0  
Formerly: HIST 327B, part of 327  
**Modern Britain 1951-the present**  
Major developments in British history focusing on the debate over the “decline” of Britain, the rise and fall of the welfare state, the devolution of Empire and the emergence of a culturally and ethnically diverse society.  
**Note:** Credit will be granted for only one of HSTR 315B, HIST 327, HIST 327B, HIST 339 (if taken in the same topic).  
**Recommendation(s):** HIST 220 recommended prior to HSTR 315B.

HSTR 316A  Units: 1.5  Hours: 3-0  
Formerly: HIST 328A, part of 328  
**Death and the Afterlife in England, 1200-1750**  
Examines death and attitudes toward the afterlife and the supernatural from the late Middle Ages to the beginning of the modern era. Themes include the late-medieval ars moriendi and ghost stories; martydom of Protestants and Catholics under “Bloody Mary” and Elizabeth I; murder; attitudes toward providence and the supernatural; crime and public execution in 17th- and 18th-century London; the rise of “rational religion” and the “secularization of suicide”.  
**Note:** Credit will be granted for only one of HSTR 316A, HIST 328, HIST 328A.  
**Recommendation(s):** HIST 220 or HSTR 312 recommended prior to HSTR 316A.
HSTR 320B Units: 1.5 Hours: 3-0
Formerly: HIST 328B, part of 328
Death and the Afterlife in England, 1750 to the Present
Examines death and attitudes toward the afterlife and the supernatural. Themes include: popular and elite attitudes toward death and dissection; grief and mourning in Victorian England; the emergence of the modern cemetery and the rise of cremation; spiritualism, the First World War and the role of modern media in shaping responses to the death of celebrities.
Note: Credit will be granted for only one of HSTR 316B, HIST 328, HIST 328B.
Recommendation(s): HSTR 220 or HSTR 312 recommended prior to HSTR 316B.

HSTR 318 Units: 1.5 Hours: 3-0
Formerly: HIST 330
The Bloody Code: Crime in England, 1660-1800
Crime, society and the administration of criminal justice in early modern England. Themes include the political and social backdrop to the "Bloody Code" and contemporary views of criminality, gender and class. Charts the emergence of modern criminal administration - policing, prosecution, trial and punishment - with particular attention to the interrelationship between the law and its social context.
Note: Credit will be granted for only one of HSTR 318, HIST 330, HIST 339 (if taken as section F01 of Sep-Dec 2005).

HSTR 320 Units: 1.5 Hours: 3-0
Formerly: HIST 339
Topics in British History
Notes:
- Credit will be granted for only one of HSTR 320, HIST 339 (if taken in the same topic).
- May be taken more than once for credit in different topics with permission of the department.
Recommendation(s): HSTR 220 recommended prior to HSTR 320.

HSTR 320A Units: 1.5 Hours: 3-0
The British Monarchy since 1689
Examines changing powers and significance of British monarchy since 1689, especially transition from monarch as central engine of government to symbolic figurehead of the nation, as driven by such historical forces as war and empire, religion and secularization, politics and democracy and the rise of modern media.
Note: Credit will be granted for only one of HSTR 320A, HIST 339 (if taken in the same topic).

HSTR 320B Units: 1.5 Hours: 3-0
Homicide in Modern Britain
Investigates changing character and extent of murder in England from 18th century to the present. Critically examines explanations of historians, sociologists and anthropologists for falling homicide rates over the long term. Specific subjects include: capital punishment for murder; rise of sensationalist fiction and journalism; growing role of police investigation; public responses to particular, infamous murders; emergence of serial killer as pop culture phenomenon.
Note: Credit will be granted for only one of HSTR 320B, HIST 339 (if taken in the same topic).

HSTR 320C Units: 1.5 Hours: 3-0
Bloodfeud, Politics and Culture in the Celtic World, 1485-1746
Analyses the expansion of the state in Ireland and Highland Scotland from the fifteenth to eighteenth centuries. Topics include clans, feuding and the politics of the Gaelic chiefs, the long history of attempts to extirpate the Gaelic cultures, the growing divide between Scottish Highlanders and Gaelic Irish and the changing nature of warfare in Ireland and Highland Scotland. Looks briefly at Wales, Brittany, Galicia, and North America.
Note: Credit will be granted for only one of HSTR 320C, HIST 339 (if taken in the same topic).

HSTR 320D Units: 1.5 Hours: 3-0
Scottish History in Film, 1314 - present
Examination of cinematic representations of Scotland's past. Topics and themes include: the cultural legacy of Sir Walter Scott; Jekyll and Hyde and the Calvinist psyche; visions of the Highlands; the romance of Jacobitism; social conflict in 20th and 21st century Scotland, the rebirth of Scottish nationalism since 1950; Hollywood tartanism.

HSTR 320E Units: 1.5 Hours: 3-0
Ice and Exploration
This history of polar exploration focuses on British - as well as larger Western - attitudes towards new frontiers and the natural world. Emphasis on the themes of class, empires, ethnicity and cultural constructions of courage and masculinity. Topics include the Viking discovery of North America and the Norse settlement in Greenland, the search for the Northwest Passage, the race for the North and South Poles and the conquest of the third pole, Everest.
Note: Credit will be granted for only one of HSTR 320E, HIST 320D (if taken in Jan-Apr 2015), HIST 339 (if taken in Jan-Apr 2008).

HSTR 322A Units: 1.5 Hours: 3-0
Canadian Political History Since 1867
Examines the political history of Canada since Confederation with an emphasis on individuals and the role they have played in institutional development and policy outcomes.
Note: Credit will be granted for only one of HSTR 322A, HIST 344, HIST 344A.

HSTR 322B Units: 1.5 Hours: 3-0
Canadian Constitutional History
Examines the origins of the BNA Act 1867 and the subsequent interpretation and amendment of the Constitution through both the courts and the political process.
Note: Credit will be granted for only one of HSTR 322B, HIST 344, HIST 344B.

HSTR 323 Units: 1.5 Hours: 3-0
Formerly: HIST 345
Canadian-American Relations
Explores selected issues in the economic, cultural, political and diplomatic aspects of Canadian-American relations.
Note: Credit will be granted for only one of HSTR 323, HIST 345.

HSTR 324A Units: 1.5 Hours: 3-0
Formerly: HIST 354A
Northwest America to 1849
Studies the indigenous world in the region west of the Rocky Mountains and north of California, first contact with Europeans, European exploration and rivalries, indigenous-settler relations, environment and economy up to the establishment of the colony of Vancouver Island in 1849.
Note: Credit will be granted for only one of HSTR 324A, HIST 354A.

HSTR 324B Units: 1.5 Hours: 3-0
Formerly: HIST 354B
British Columbia, 1849-1900
Examines the foundations of modern British Columbia from the founding of the colony of Vancouver Island including indigenous-settler relations, gold rushes, settlement patterns, Indian policy, treaties, residential schools, Asian immigration, race relations, environment, economy and the origins of BC’s peculiar politics.
Note: Credit will be granted for only one of HSTR 324B, HIST 354B.
Recommendation(s): HSTR 230A and HSTR 230B, or HSTR 324A recommended prior to HSTR 324B.

HSTR 324C Units: 1.5 Hours: 3-0
Formerly: HIST 355
British Columbia in the 20th Century
Examines the history of British Columbia from the establishment of political parties and the rise of an industrial economy to the emergence of neoliberal politics and the new information-age economy of the twenty-first century. Emphasis on themes of labour, race, gender and environment.
Note: Credit will be granted for only one of HSTR 324C, HIST 355.

HSTR 325 Units: 1.5 Hours: 3-0
Formerly: HIST 354C
Environmental History of British Columbia
Examines the cultural, social and political interactions between humans and the environment in British Columbia from the pre-contact period to the present.
Note: Credit will be granted for only one of HSTR 325, HIST 354C, HIST 358 (if taken in the same topic).

HSTR 327A Units: 1.5 Hours: 3-0
Formerly: part of HIST 358A
Gender and Sexuality in Canada to 1920
Examines historical forms of masculinity and femininity in Canada, as well as the diverse experiences of men and women of different regions, races, classes, religions and sexualities. Focuses on issues of gender and sexuality in indigenous cultures both pre- and post-contact, and explores religious experiences, changing patterns of work and family, health, education, violence, politics, sport, social reform and the rise of feminism.
Note: Credit will be granted for only one of HSTR 327A, HIST 358 (if taken in the same topic), HIST 358A.
HSTR 327B - HSTR 339B

HSTR 327B  Units: 1.5  Hours: 3-0
Formerly: part of HIST 358A
Gender and Sexuality in Canada from 1920 - present
Explores issues of gender and sexuality in a range of twentieth-century contexts, including the role of science, changing definitions of motherhood and fatherhood, social control and eugenics, religion, immigration, gendered experiences of World War II and the postwar era, the emergence of visible lesbian, gay and transgender communities, changing patterns of work and family, the rise of second wave feminism and the sexual revolution.
Note: Credit will be granted for only one of HSTR 327B, HIST 358 (if taken in the same topic), HIST 358A.

HIST 328  Units: 1.5  Hours: 3-0
Formerly: HIST 358C, 358F
Indigenous-Settler Relations in Canada
Examines relations between Indigenous peoples, European colonial powers and settler societies from 1500 to the present day. Topics include first contact, the fur trade, missionization, warfare and diplomacy, Canadian “Indian” policy, resistance to colonialism, treaty making, Indigenous political activism, land claims and decolonization. Encourages reflection on methodologies and paradigms for research relating to Indigenous historical experiences.
Note: Credit will be granted for only one of HSTR 328, HIST 358 (if taken in the same topic), HIST 358C, HIST 358F, HIST 359 (if taken in the same topic).

HSTR 329A  Units: 1.5  Hours: 3-0
Formerly: HIST 358D
Race, Racism and Ethnicity in Canada to 1900
Explores the development of racial discourses from the colonial settings of New France and the British Empire in Northern North America to the end of the first period of mass-immigration at the turn of the twentieth century. Covers a wide range of topics from Native-newcomer relations, slavery, anti-Irish sentiment and the dispersal of the Métis, to the reception and treatment of non-British immigrants from Europe and Asia.
Note: Credit will be granted for only one of HSTR 329A, HIST 358 (if taken in the same topic), HIST 358D, HIST 359 (if taken in the same topic).

HSTR 329B  Units: 1.5  Hours: 3-0
Formerly: HIST 358G
Race, Racism and Ethnicity in Canada since 1900
Surveys the place and meanings of race and ethnicity in Canada since 1900. Explores state and dominant ideologies as well as the experiences of Indigenous Peoples, immigrants and of community development using film, fiction and popular, social and political histories. Topics may include histories of dispossession, exclusion, racism, and antisemitism as well as narratives of resistance, survival and resurgence.
Note: Credit will be granted for only one of HSTR 329B, HIST 358 (if taken in the same topic), HIST 358D (if taken in the same topic).

HIST 330  Units: 1.5  Hours: 3-0
Topics in Canadian History
Notes:
• Credit will be granted for only one of HSTR 330, HIST 358 (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

HSTR 330B  Units: 1.5  Hours: 3-0
Tragedy and Transformation in Colonial North America, 1500-1800
Examines Canada’s place in the broader history of Europe’s colonization of mainland North America and the Caribbean. Topics include European exploration, the formation of colonial societies, the response of Indigenous peoples to colonization, imperial rivalries, the transatlantic slave trade and the Americas as part of a broader “Atlantic world.”
Note: Credit will be granted for only one of HSTR 330B, HIST 358 (if taken in the same topic).

HSTR 330C  Units: 1.5  Hours: 3-0
Indigenous-Settler Treaties in Canada since 1600
Explores the history of treaties and treaty making between Indigenous peoples and colonial/national states in what is now Canada, from early pacts of peace and friendship to modern comprehensive agreements. Introduces treaty research methods, including analysis of documentary evidence and Indigenous oral tradition.
Note: Credit will be granted for only one of HSTR 330C, HIST 358 (if taken as section A01 in Jan-Apr 2014).

HSTR 330D  Units: 1.5  Hours: 3-0
Drink and Social Control in Canada
Introduces the history of drinking in Canadian life from 1828 to the present. Topics include the rise of the temperance movement, the struggle over legislation, prohibition’s victory during WWI and the shift to government regulation in most provinces by the end of the 1920s. Explores related issues including gender, race, class and age as well as the history of leisure and the habits of everyday life, recreational drug use and evolving state policy.
Note: Credit will be granted for only one of HSTR 330D, HIST 358 (if taken in the same topic).

HSTR 336A  Units: 1.5 or 3.0  Hours: 3-0
Topics in Medieval Europe
Notes:
• Credit will be granted for only one of HSTR 336A, HIST 380 (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.
Recommendation(s): HIST 236 recommended prior to HSTR 336A.

HSTR 336B  Units: 1.5  Hours: 3-0
The Created Medieval History of J.R.R. Tolkien’s Middle-Earth
From the creation of the universe in the Ainulindale to the War of the Ring, an exploration of the history of Tolkien’s world, providing a deep background and understanding both for those who know The Lord of the Rings and for those who are just recognizing the achievement that Tolkien’s created medieval history represents.
Note: Credit will be granted for only one of HSTR 336B, HIST 380A (if taken as section A01 in Jan-Apr 2013), HIST 380T.

HSTR 337A  Units: 1.5  Hours: 3-0
Also: ITAL 373
The Birth of the Renaissance
Considers Italian history between 1300 and 1550, a period of intense economic, cultural and political vitality known as the Renaissance. Analysis focuses on the major city states, including Venice, Florence and Milan, where these innovations took place. Topics include republican politics, humanism and the flowering of the arts.
Note: Credit will be granted for only one of HSTR 337A, HISTR 360, ITAL 373.

HISTR 377B  Units: 1.5  Hours: 3-0
Formerly: HIST 361
Reformation and Religious War in Europe
Examination of the religious, political and social factors that led to the breakdown of medieval Christianity in the West and to the foundation of the modern Catholic and Protestant faiths.
Note: Credit will be granted for only one of HISTR 377B, HIST 361.

HISTR 338  Units: 1.5  Hours: 3-0
Formerly: HISTR 382, part of 382
European Culture in Crisis, 1580 - 1696
Examines European responses to the intellectual challenges posed by the cultural legacies of ancient Greece and Rome, global encounters with other peoples, the growing rivalries between European states, political upheaval in England and elsewhere, the rise of the ‘new science’ and the fragmentation of religious belief.
Note: Credit will be granted for only one of HISTR 338, HIST 382, HIST 382B.
Recommendation(s): HISTR 130 recommended prior to HISTR 338.

HISTR 339A  Units: 1.5  Hours: 3-0
Formerly: HIST 383C
Topics in Enlightenment Thought and Culture
Topics may include: the moral, religious and philosophical debates sparked by the rise of commercial capitalism; Enlightenment responses to religion; the social history of Enlightenment; Enlightenment in Scotland.
Notes:
• Credit will be granted for only one of HISTR 339A, HIST 383C (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

HISTR 339B  Units: 1.5  Hours: 3-0
Formerly: HIST 383B
A Social History of Enlightenment in Europe, 1680-1789
Examines the social, economic, legal and cultural developments that fostered Enlightenment in Europe in the period c. 1680-1789. Topics include: the emergence of the public sphere; the coffee house as a site for Enlightenment; the Enlightenment as a function of urbanization; the relations between Enlightenment and the consumer revolution of the eighteenth century; the role of print in the dissemination of Enlightened ideas and values.
Note: Credit will be granted for only one of HISTR 339B, HIST 383, HIST 383B.
Recommendation(s): HISTR 130 and HISTR 338 recommended prior to HISTR 339B.

Democracy, War and Nation Building in Europe, 1814-1914: Examines major developments in domestic politics and foreign relations among the leading European states. Focuses on the close ties between political change (through revolution or reform) and international conflict as European elites tried to rally mass support for their regimes. Note: Credit will be granted for only one of HSTR 342C, HIST 365, HIST 365A, HIST 365B. |
| **HSTR 344A** | 1.5 | 3-0 | The First World War: Examines the origins, events and consequences of the war that contemporaries dubbed the Great War. Focuses on the military events of the conflict, but also considers the social, cultural and political dimensions. Emphasis on the latest historical debates on the war and how this conflict marks the transition from the wars of gentlemen to the conflict of machines and science. Note: Credit will be granted for only one of HSTR 344A, HIST 265 (if taken in the same topic). |

**HSTR 344B**

Europe Between Two World Wars: Examines the impact of the First World War on European society through its effect on the international order and the rise of totalitarian ideologies such as communism and fascism. Note: Credit will be granted for only one of HSTR 344B, HIST 366. Recommendation(s): HSTR 112A and HSTR 112B, or HSTR 240A and HSTR 240B recommended prior to HSTR 344B. |
| **HSTR 344C** | 1.5 | 3-0 | Formerly: HIST 367

The Second World War and the Recovery of Western Europe: Examination of the effects of the Second World War on Europe, and the recovery of the Western European states in the postwar period. Note: Credit will be granted for only one of HSTR 344C, HIST 367. Recommendation(s): HSTR 112A and HSTR 112B, or HSTR 240A and HSTR 240B recommended prior to HSTR 344C. |

**HSTR 345**

The Eastern Front in the First and Second World Wars: Examines the military, political, and social aspects of the Eastern Front in Europe during both World Wars. Aims to analyze the Eastern Front’s difference from the warfare in the West, and how this specificity explains the origins of revolutionary violence and genocide. Note: Credit will be granted for only one of HSTR 345, HIST 340 (if taken as section A02 in Sep-Dec 2014), SLST 345. |
| **HSTR 346** | 1.5 | 3-0 | Formerly: HIST 369

France from the Renaissance to Louis XIV: Explores how France evolved from 1500, when the king struggled to control the nobility and the Renaissance was just beginning to impact arts and literature, to 1715 when the cultural sophistication of Louis XIV’s court at Versailles had become famous and the French military dominated all of Europe. Topics include court life, gender, dueling and war, humanism, salon culture and the rise of absolutism. Note: Credit will be granted for only one of HSTR 346, HIST 369. Recommendation(s): HSTR 240, or HSTR 240A and HSTR 240B recommended prior to HSTR 346. |
| **HSTR 347A** | 1.5 | 3-0 | Formerly: HIST 370A, 370

Reaction, Reform and Revolution in France, 1814-1914: A study of the dynamic between revolution and reform as France struggled to implement democracy. Political culture, gender relations and responses to the Industrial Revolution are major themes. Note: Credit will be granted for only one of HSTR 347A, HIST 370 A, HIST 370 B. Recommendation(s): HSTR 240, or HSTR 240A and HSTR 240B recommended prior to HSTR 347A. |
| **HSTR 347B** | 1.5 | 3-0 | Formerly: HIST 370B, 371

Reaction, Reform and Revolution in France, 1914-1982: Study of the dynamic between revolution and reform as France struggled to implement democracy. Political culture, gender relations and social welfare are major themes. Note: Credit will be granted for only one of HSTR 347B, HIST 370B, HIST 371. Recommendation(s): HSTR 240, or HSTR 240A and HSTR 240B recommended prior to HSTR 347B. |
| **HSTR 349** | 1.5 | 3-0 | Hitler in History: Key themes to be explored through printed documents, films and photographs include: the misfit, artist, soldier, antisemite, political ideologue, party leader, national faith-healer, propagandist, media-star, mass-murderer, military commander, megalomaniac. Focus on the central role of Hitler in the ideology and political style of National Socialism, on his commitment to life as struggle, national rebirth, racial hatred, war and genocide. Note: Credit will be granted for only one of HSTR 349, HIST 300 (if taken in the same topic). |
| **HSTR 350A** | 1.5 | 3-0 | Formerly: HIST 372

Imperial Germany: Examination of the principal themes in German history between the formation of the united state in 1871 and the German revolution of 1918-1919. Note: Credit will be granted for only one of HSTR 350A, HIST 372. Recommendation(s): HSTR 240, or HSTR 240A and HSTR 240B recommended prior to HSTR 350A. |
| **HSTR 350B** | 1.5 | 3-0 | Formerly: HIST 373

Weimar and Nazi Germany: Examination of the principal themes and developments in German history between the end of World War I and the collapse of the Third Reich in 1945. Note: Credit will be granted for only one of HSTR 350B, HIST 373. Recommendation(s): HSTR 240, or HSTR 240A and HSTR 240B recommended prior to HSTR 350B. |
| **HSTR 350C** | 1.5 | 3-0 | Formerly: HIST 378

Germany After 1945: Focuses on political, social and cultural developments in both German states from re-organization of Germany after 1945 through re-unification in 1990, particularly on how Germany overcame militarism and authoritarianism to become a stable liberal democracy. Note: Credit will be granted for only one of HSTR 350C, HIST 378, HIST 388 (if taken in the same topic). |
HSTR 351  Units: 1.5  Hours: 3-0
Also: SLST 361
Formerly: HIST 374, SLAV 374
Imperial Russia, 1689-1917
History of Russian Empire from Peter the Great to the fall of the monarchy. Traces Russia’s response to the challenge of the West, with special attention to political reforms, social transformation and cultural change. Discussion of whether late Imperial Russia was history’s dead end or a promise cut short by revolutionary violence.
Notes:
• Credit will be granted for only one of HSTR 351, HIST 374, SLAV 374, SLST 361.
• No knowledge of Russian is required prior to taking this course.
Recommendation(s): 1.5 units of 100-level HSTR course strongly recommended prior to HSTR 351.

HSTR 352  Units: 1.5  Hours: 3-0
Also: SLST 362
Formerly: HIST 376, SLAV 376
The Soviet Union and its Successor States, 1917-2000
History of the Soviet Union and its aftermath. Examines political, economic, social and cultural transformations that shaped the Soviet socialist experiment, as well as the causes of its collapse and the difficulties of post-communist transition in Russia and non-Russian republics. Emphasis on social history, gender and everyday life.
Notes:
• Credit will be granted for only one of HSTR 352, HIST 376, SLAV 376, SLST 362.
• No knowledge of Russian is required prior to taking this course.

HSTR 353  Units: 1.5  Hours: 3-0
Also: SLST 363
Formerly: HIST 377, SLAV 377
Modern Ukraine and Russian-Ukrainian Conflict
Examines the formation of the modern Ukrainian nation with special emphasis on its historical relations with Russia. Discusses popular revolutions in Ukraine and the ensuing Russian-Ukrainian conflict in the wider historical context of imperial disintegration.
Notes:
• Credit will be granted for only one of HSTR 353, HIST 377, SLAV 377, SLST 363.
• No knowledge of Ukrainian is required prior to taking this course.

HSTR 355  Units: 1.5  Hours: 3-0
Formerly: HIST 264
Epidemics and Public Health in Modern History
Examines epidemics (plague, smallpox, influenza, polio, AIDS) and their impact on medicine, society and culture over the past 500 years.
Notes:
• Credit will be granted for only one of HSTR 355, HSTR 101C, HSTR 132, HIST 263, HIST 264, HIST 265 (if taken in the same topic).
• No background in science is required.

HSTR 356  Units: 1.5  Hours: 3-0
Topics in the History of Science
Notes:
• Credit will be granted for only one of HSTR 356, HIST 396 (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

HSTR 356A  Units: 1.5  Hours: 3-0
Science and Religion in Europe from Galileo to Darwin
Examines the changing relations between science, Christianity and other forms of religious belief in Europe from the beginning of the seventeenth century to the late nineteenth century.
Note: Credit will be granted for only one of HSTR 356A, HIST 396 (if taken in the same topic).

HSTR 364  Units: 1.5  Hours: 3-0
Also: POLI 318
Government and Politics in East Asia
Government and politics in China, Japan, North and South Korea, and Taiwan, with special attention to state formation, political reform, institutions and ideology.
Note: Credit will be granted for only one of HSTR 364, HIST 438 (if taken in the same topic), POLI 318.

HSTR 365  Units: 1.5  Hours: 3-0
Also: HIST 438
Topics in East Asian History
Notes:
• Credit will be granted for only one of HSTR 365, HIST 438 (if taken in the same topic).
• May be taken more than once in different topics with permission of the department.

HSTR 365A  Units: 1.5  Hours: 3-0
Formerly: HIST 434A, also PACI 434A
Late Imperial China
Study of politics, society, economy and culture in late imperial China between 1600 and 1912. Focuses on historical continuity and change within the dynamic interactions between tradition and modernity, the state and society, the Chinese and ethnic minorities, as well as China and foreign powers.
Note: Credit will be granted for only one of HSTR 365A, HIST 434A, PACI 434A.

HSTR 365B  Units: 1.5  Hours: 3-0
Formerly: HIST 434B, also PACI 434B
20th Century China
Examines Republican and Communist China between 1912 and 2012. Covers the rise and fall of the Republican democracy and the Nationalist government, as well as the successes, setbacks and reforms of the Communist regime. Emphasis is on the relationships among revolution, modernization, nationalism and communism.
Note: Credit will be granted for only one of HSTR 365B, HIST 434B, PACI 434B.

HSTR 365C  Units: 1.5  Hours: 3-0
Formerly: HIST 434C
China and the World
Examines the contemporary history of Chinese foreign policy, familiarizing the students with the development of the foreign policy of the People’s Republic of China from a communist isolationist country to a rising power in world politics. Introduces the wide policy arena where China perceives, manages and develops its relations with various powers, groups of countries, geopolitical regions and international organizations.
Note: Credit will be granted for only one of HSTR 365C, HIST 434C, HIST 438 (if taken in the same topic).

HSTR 366  Units: 1.5  Hours: 3-0
War and Revolution in China
Studies the dynamic interactions between wars and revolutions as well as military and political changes in modern China up to the mid-20th century. Focuses on the escalation of China’s civil wars and its military engagements with foreign powers during its successive Republican, Nationalist and Communist revolutions. Special attention given to the militant radicalization of revolutionary politics and the simultaneous politicization of military forces and strategies, such as the militia/guerrilla-style “people’s wars”.
Note: Credit will be granted for only one of HSTR 366, HIST 438 (if taken as section A01 in Sep-Dec 2013).

HSTR 367  Units: 1.5  Hours: 3-0
Formerly: HIST 436A
Rise and Fall of Imperial Japan
Traces the rise of imperial Japan as a reaction to Euro-American imperialism and as a means of “leaving” Asia. Examines Japan’s expansion in China and the reaction of Chinese people and parties; the extension of the war to the Pacific; and the end of the war and the bombing of Hiroshima and Nagasaki as well as the Occupation period (1945-1952).
Note: Credit will be granted for only one of HSTR 367, HIST 436A, PACI 436A.
Recommendation(s): HSTR 267B recommended prior to HSTR 367.

HSTR 369  Units: 1.5  Hours: 3-0
Hiroshima and Beyond
Examines the atomic bombing of Hiroshima and Nagasaki that killed 300,000 people, mostly civilians. Explores how the decision was made and the rejected alternatives. Analyzes the impact of the bombs on diverse populations in the context of the Pacific War. Introduces legal perspectives, nuclear proliferation, and the history of the anti-nuclear movement.
Note: Credit will be granted for only one of HSTR 369, HIST 438 (if taken as section A01 in Jan-Apr 2014).

HSTR 370  Units: 1.5  Hours: 3-0
Formerly: HIST 468
Topics in World and Comparative History
Notes:
• Credit will be granted for only one of HSTR 370, HIST 468 (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

HSTR 372  Units: 1.5  Hours: 3-0
Formerly: HIST 457
The Atlantic Slave Trade
Examines the forced migrations, focusing on the trade itself, the destinations of the slaves and the roles they played in local societies, resistance to slavery and “Back to Africa” movements. Emphasis is on the Caribbean rather than the United States.
Note: Credit will be granted for only one of HSTR 372, HIST 457, HIST 468 (if taken in the same topic).
HSTR 374  Units: 1.5  Hours: 3-0
Formerly: HIST 459

History of South Africa
Examines South Africa from 1652 to 1994, focusing on the contestants for the land, the construction of the modern South African state, and the life and death of apartheid.
Note: Credit will be granted for only one of HSTR 374, HIST 459, HIST 468 (if taken in the same topic).

HSTR 375  Units: 1.5  Hours: 3-0

History of Decolonization in Asia and Africa
Emphasis on South and Southeast Asian history, and African diasporic political networks of anti-colonialism and nationalism from the late 19th century to the late 20th century. Focus on global historical changes such as the rise of trans-Atlantic slavery, abolition, the world system, as well as nationalisms in the Afro-Asian world, with an emphasis on Mohandas Gandhi, Subhas Chandra Bose, Frantz Fanon and Nelson Mandela.

HSTR 376A  Units: 1.5  Hours: 3-0
Also: SPAN 484C
Formerly: HIST 470

Conquest and Rebellion in Latin America, 1492 - 1783
Topics include the fall of the Aztec and Inka empires, the contribution of Indigenous, European and African cultures to the evolution of Latin American identities, the Brazilian "plantation complex" and the "Great Rebellions" of the 18th-century Andes.
Note: Credit will be granted for only one of HSTR 376A, HIST 470, SPAN 484C.

HSTR 376B  Units: 1.5  Hours: 3-0
Also: SPAN 484D
Formerly: HIST 471

The Struggle for Independence in Latin America, 1767-1867
Topics include creole patriotism, the Enlightenment and Latin America, the growth of antislavery sentiment and the emergence of Dessalines, Bolívar, Hidalgo, and Morelos as leaders of independence movements. Explores the destabilizing battles between conservatives and liberals in the newly created nations focusing on Argentina, Colombia, México and Perú.
Note: Credit will be granted for only one of HSTR 376B, HIST 471, SPAN 484D.

HSTR 376C  Units: 1.5  Hours: 3-0
Also: SPAN 484E

Revolutions and Dictators in 20th-century Latin America
The Mexican, Nicaraguan and Cuban revolutions, music and nationalism, the populism of Getúlio Vargas and Eva Perón, changing attitudes towards Indigenous culture and the nationalism from the 19th century; patterns and structures of colonial rule; changing ways of life and thought in colonized societies; the nationalist and religious opposition to European influence; the legacies of imperial rule in post-colonial nations.
Note: Credit will be granted for only one of HSTR 376C, HIST 468 (if taken in the same topic), SPAN 484E.

HSTR 377  Units: 1.5  Hours: 3-0
Formerly: HIST 440

Topics in the History of the Modern Middle East
Intensive study of selected aspects of the modern history of the Middle East and North Africa region in its global context. Pays close attention to recent titles in the historiography.
Notes:
• Credit will be granted for only one of HSTR 377, HIST 477 (if taken in the same topic), HIST 440 (if taken in the same topic), HIST 468 (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.
Recommendation(s): HSTR 112 or HSTR 112A, and HSTR 112B recommended prior to HSTR 377.

HSTR 378  Units: 1.5  Hours: 3-0
Formerly: HIST 442

History of the Israeli-Palestinian Conflict
The century-long struggle over Palestine/Israel, from the origins of Zionism to the negotiated agreements emerging from the Oslo peace process. Major themes include: the processes and structures of nation-building and state-building; the role played by regional and international actors; the broader context of socio-economic changes; the possibilities of reconciliation.
Note: Credit will be granted for only one of HSTR 378, HIST 442, HIST 468 (if taken in the same topic), HIST 469 (if taken in the same topic).
Recommendation(s): HSTR 112 or HSTR 112A, and HSTR 112B recommended prior to HSTR 378.

HSTR 379  Units: 1.5  Hours: 3-0
Formerly: HIST 444

Western Imperialism in the Middle East and North Africa
Examines the rise and decline of European political and economic power over different parts of the Middle East and North Africa. Includes: theories of imperialism; the increasing integration of the region into the world economy in the 19th century; patterns and structures of colonial rule; changing ways of life and thought in colonized societies; the nationalist and religious opposition to European influence; the legacies of imperial rule in post-colonial nations.
Note: Credit will be granted for only one of HSTR 379, HIST 440 (if taken in the same topic), HIST 444.

HSTR 380  Units: 1.5  Hours: 3-0

Religion and the Making of the Modern Middle East
Examines the modern historical contexts within which various religions (e.g., Islam, Judaism, Christianity) and denominations (e.g., Sunni, Shi'a) have overlapped with, and been mobilized by state as well as non-state actors across the broader region. Comparative study of relevant developments within key countries (e.g., Arab states, Israel, Iran, Turkey, Afghanistan), as well as with respect to aspiring nationalist communities (e.g., Palestinians, Kurds) and political or social movements (e.g., Muslim Brotherhood, Hezbollah, ISIS).
Note: Credit will be granted for only one of HSTR 380, HIST 479, HIST 443, HIST 468 (if taken in the same topic), HIST 469 (if taken in the same topic).

HSTR 382  Units: 1.5  Hours: 3-0
Formerly: HIST 393

Topics in the Historical Study of Peace and War
Selected aspects of military history and peace studies. Topics to be considered may include: war and society; naval history; science, technology, and war; the history of pacifism.
Notes:
• Credit will be granted for only one of HSTR 382, HIST 393 (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

HSTR 383A  Units: 1.5  Hours: 3-0
Formerly: part of HIST 390

War and Society Prior to 1700
Examines the development of warfare and its role and impact on society until the formation of the European nation-state, starting from the earliest written records. Main themes include: Christian and non-Christian views of war, technology of war; the role of war in early societies; attempts to control warfare; intellectual concepts of war; the tactics and strategy of war.
Note: Credit will be granted for only one of HSTR 383A, HIST 393 (if taken in the same topic).

HSTR 383B  Units: 1.5  Hours: 3-0
Formerly: part of HIST 390

War and Society, 1700 - 1914
Examines the central role armies and navies had in shaping nations and empires from the end of the Thirty Years War until the start of the First World War. Emphasis on the development of military thought, organization and technology. Social and cultural issues, including recruitment, military life and punishment are major themes.
Note: Credit will be granted for only one of HSTR 383B, HIST 390.

HSTR 383C  Units: 1.5  Hours: 3-0
Formerly: part of HIST 390

War and Society, 1914-present
Explores the nature of world conflict since the end of Second World War until the present. Topics include nuclear war, science and technology, insurgency and counterinsurgency, the Cold War, navies, air forces, the military-industrial complex and post-nation state warfare.
Note: Credit will be granted for only one of HSTR 383C, HIST 390.

HSTR 385  Units: 1.5  Hours: 3-0

Topics in Social and Cultural History
Explores one or more of the following topics: issues of gender and sexuality; the social and cultural study of religion; questions of migration or racialization; health and medicine; education; sport; science; the body.
Note: May be taken more than once for credit in different topics with permission of the department.
HSTR 385A - HSTR 427

HSTR 385A  Units: 1.5  Hours: 3-0
Witchcraft and its Persecution in the Early Modern Atlantic World
Consider why the persecution of witchcraft became such a focus for many Europeans in the sixteenth and seventeenth centuries, the practices real and imagined that were deemed to constitute witchcraft, who was victimized, why persecuting witchcraft became much less of a preoccupation in the late seventeenth century and how European witchcraft beliefs were exported to Africa and the Americas.
Note: Credit will be granted for only one of HSTR 385A, HIST 468 (if taken in the same topic).

HSTR 385B  Units: 1.5  Hours: 3-0
Formerly: HIST 479
History of the Modern Olympic Games
Focuses on the Games since 1896, the philosophy of Olympism and the cultural, social, political and economic impact of the Games and their media dimensions.
Note: Credit will be granted for only one of HSTR 385B, HIST 479.

HSTR 385C  Units: 1.5  Hours: 3-0
Formerly: HIST 461
History of Sexuality
Examines the history of sexuality in Europe and North America with a focus on the nineteenth and twentieth centuries. Selected topics may include: heterosexuality, same sex desire, bisexuality, courtship, marriage and free love.
Note: Credit will be granted for only one of HSTR 385C, HIST 461, HIST 468 (if taken in the same topic).

HSTR 385D  Units: 1.5  Hours: 3-0
Pirates and Piracy Since 1500
Examines the history of pirates and piracy in the modern world, focusing on the ways in which piracy has changed over five hundred years in a context of European imperial expansion, global capitalism and the rise of the nation-state.
Major topics include the "Golden Age" of piracy in the Atlantic, the image of pirates in Western popular culture and print and Internet piracy.
Note: Credit will be granted for only one of HSTR 385D, HIST 468 (if taken in the same topic).

HSTR 389  Units: 1.5  Hours: 3-0
Topics in Public History
Public History involves the application of the study of history outside of academia. Explores one or more of the following public history subjects: heritage and museum studies, public memory and commemoration, oral history, digital history, historical re-enactments, history in the popular media, history and community engagement.
Note: May be taken more than once for credit in different topics with permission of the department.

HSTR 389A  Units: 1.5  Hours: 3-0
Public Histories Local and Global
Public history is the presentation of the past outside academia, where people learn about the past when they visit museums, watch TV, take walking tours, go online, see films, or read novels that seek to represent worlds as they once were. Introduces students to the diverse field of public history: its definitions, its practitioners, its methods and its debates. Field trips will showcase local public history.
Note: Credit will be granted for only one of HSTR 389A, HIST 468 (if taken as section A01 in Sep-Dec 2013).

HSTR 409  Units: 1.5  Hours: 3-0
Seminar in American Gender and Sexuality
Advanced readings and primary-source research into the history of gender and sexuality in America from the 1500s to the present day.
Note: May be taken more than once for credit in different topics with permission of the department.

HSTR 410  Units: 1.5  Hours: 3-0
Formerly: HIST 319
Seminars in American History
Notes:
• Credit will be granted for only one of HSTR 410, HIST 319 (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

HSTR 412  Units: 1.5  Hours: 3-0
Formerly: HIST 320
Seminars in Medieval England
Notes:
• Credit will be granted for only one of HSTR 412, HIST 320 (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.
Recommendation(s): HSTR 236 recommended prior to HSTR 412.

HSTR 412A  Units: 1.5 or 3.0  Hours: 3-0
Formerly: HIST 320A
Crime and Criminality in Medieval England
Criminal activity and the responses of communities and authorities.
Note: Credit will be granted for only one of HSTR 412A, HIST 320 (if taken in the same topic), HIST 320A.
Recommendation(s): HSTR 336 recommended prior to HSTR 412A.

HSTR 414  Units: 1.5  Hours: 3-0
Seminar in 17th-century England
Social, cultural and political history of 17th-century England. Topics include Jacobean sex scandals, murder pamphlets, the English Civil War, the execution of Charles I, radical religion and the Interregnum, the Restoration and the Glorious Revolution. Broader themes include hierarchy and religion, crime, gender, marriage and everyday life. Provides the advanced student a general introduction to some of the main primary sources and larger historiographical issues.
Note: May be taken more than once for credit in different topics with permission of the department.
Recommendation(s): One of HSTR 220A, HIST 220B, HIST 312 recommended prior to HSTR 414.

HSTR 415  Units: 1.5  Hours: 3-0
War and Social Change in England During the Two World Wars
Examines the impact on English society of the two World Wars of the twentieth century. Focuses on social history, exploring and testing the theory that, because they were ‘total wars’, the two total wars of the twentieth century led to profound social change in England. Examines the nature, experience and social repercussions of both wars and covers a broad variety of topics ranging from class and gender to art and culture.
Note: Credit will be granted for only one of HSTR 415, HIST 338 (if taken in the same topic).

HSTR 416  Units: 1.5  Hours: 3-0
Mass Media and British Politics and Society, 1896-1956
Focuses on the social, political and cultural implications of the emergence of new mass media in Britain in the late nineteenth and early twentieth century. Treats the issue both chronologically and thematically by concentrating on specific developments and particular cases.
Note: Credit will be granted for only one of HSTR 416, HIST 338 (if taken in the same topic).
Recommendation(s): A general knowledge of the period recommended prior to HSTR 416.

HSTR 420  Units: 1.5  Hours: 3-0
Formerly: HIST 338
Seminars in British History
Notes:
• Credit will be granted for only one of HSTR 420, HIST 338 (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.
Recommendation(s): HSTR 220 recommended prior to HSTR 420.

HSTR 426  Units: 1.5  Hours: 3-0
Seminar in Canadian Military History
Examines warfare and the armed forces’ influence on the history of Canada. Topics include imperial war, defence policy and the birth of Canada, militia and society, the Boer War, First and Second World Wars, Korea, the Cold War, NATO, NORAD and peacekeeping and peace enforcement. Explores social, cultural, political and economic issues.
Note: May be taken more than once for credit in different topics with permission of the department.

HSTR 426A  Units: 1.5  Hours: 3-0
Veterans’ Oral History
Explores the theoretical issues related to doing oral history as well as providing students the opportunity to interview veterans from all three branches of the Armed Forces who have taken part in any of Canada’s wars from WWII to Afghanistan. In interviewing veterans, students will be assisting the Veterans’ Oral History Project, which is sponsored by the Royal United Services’ Institute.
Note: Credit will be granted for only one of HSTR 426A, HIST 394 (if taken in the same topic).
Recommendation(s): At least 1.5 units of HSTR courses in military history with a minimum grade of B strongly recommended prior to HSTR 426A.

HSTR 427  Units: 1.5  Hours: 3-0
Seminar in Indigenous History of Canada
Explores the historical experiences of Indigenous peoples in what is now Canada. Introduces students to the theoretical and methodological challenges of reconstructing Indigenous pasts through investigation of Indigenous conceptions of history, oral traditions and traditional historiography.
Note: May be taken more than once for credit in different topics with permission of the department.
An Environmental History of the North American Forest
Examines the human relationship to the forest environment from pre-contact Aboriginal resource management to current environmental conflicts. Topics include the social and ecological impact of settlement and industry, the conservation movement, the relationship of science and technology to the regulatory process and labour and leisure.
Note: Credit will be granted for only one of HSTR 428A, HIST 359 (if taken in the same topic).

Seminar in Canadian Political History
Examines the elections, parties, policies, scandals, strategies and debates that have shaped Canada’s political environment since Confederation
Note: May be taken more than once for credit in different topics with permission of the department.

Seminar in Medieval Europe
Formerly: HIST 359 
Notes: 
• Credit will be granted for only one of HSTR 430, HIST 359 (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.
Recommendation(s): HSTR 236 recommended prior to HSTR 436.

Seminar in Medieval European History
Formerly: Part of HIST 380, 380A 
Notes: 
• Credit will be granted for only one of HSTR 436, HIST 380, HIST 380A (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.
Recommendation(s): HSTR 236 recommended prior to HSTR 436.

Individual, Family and Community in Medieval Society
Medieval European social history, concentrating on the role of the individual in society, and especially the place of children, women and the aged in the community. Focus on the nature and function of marriage and the family.
Note: Credit will be granted for only one of HSTR 436F, HIST 380D.
Recommendation(s): HSTR 236 recommended prior to HSTR 436F.

Medieval Law and Literacy
Writing, literacy and literate modes in the European manuscript tradition of law and legal records, from the sixth through the 15th centuries. Emphasis is placed on the central role of law and literacy in the development of societies in the Middle Ages, at the level both of government and of private individuals. Students will work directly with late medieval manuscript records in English.
Note: Credit will be granted for only one of HSTR 436L, HIST 380F (if taken as section F01 in Sep-Dec 2004), HIST 380G, MEEX 452 (if taken as section F01 in Sep-Dec 2004).
Recommendation(s): HSTR 236 recommended prior to HSTR 436L.

The Records of the History of Middle-earth
Advanced study of the complex sources that constitute the historical record of J.R.R. Tolkien’s Middle-earth, from Creation through the Second Age.
Prerequisite(s): 
• One of HSTR 336T, HIST 380T, HIST 380A (if taken as section A01 in Jan-Apr 2013), or
• permission of the department.

HIST 380A (if taken as section F01 in Sep-Dec 2004), HIST 380G

Medieval Foundations of the Western Legal Tradition
Development of medieval ideas of law and the emergence of legal systems. Focus on the major changes in law and jurisprudence during the 11th and 12th centuries.
Note: Credit will be granted for only one of HSTR 436W, HIST 380E.
Recommendation(s): HSTR 236 recommended prior to HSTR 436W.

Seminar in European History
Notes: 
• Credit will be granted for only one of HSTR 440, HIST 389 (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

Criminality and Violence in Europe, 1400-1800
European justice shifted from punishing many criminals with torture and execution in 1400 to locking most of them in prison by 1800. Examines why rates of violent crime declined, why witches and heretics were prosecuted so aggressively, and whether or not reforming the criminal was an important goal of the criminal justice system during this period.
Note: Credit will be granted for only one of HSTR 442, HIST 386.

Atheism and Unbelief in Early Modern Europe
Exploration of the problems associated with the study of atheism and unbelief in Europe during the period 1600 to 1789. Topics include: the legacy of classical antiquity; the role of Christianity in the rise of irreligion; the stereotype of “the atheist”; the social profile of atheists and unbelievers; the arguments used to undermine the credibility of religious belief.
Note: Credit will be granted for only one of HSTR 443, HIST 389 (if taken in the same topic).

Early Modern French Cultural History
Uses the approach of cultural history to explore key themes in the history of early modern France. Topics include ritual and folktales, constructing and deconstructing the “Sun King”, a massacre of cats in 1730s Paris and other microhistories, theatre and punishment, the impotence of Louis XVI, the politicization of the everyday, the symbolism of the guillotine and a gentle introduction to cultural theory.
Note: Credit will be granted for only one of HSTR 444, HIST 389 (if taken in the same topic).
HSTR 451 - HSTR 485B

HSTR 451
Units: 1.5
Hours: 3-0
Seminar in Russian and Eastern European History
Topics may include the Russian Revolution, Stalinism, the Soviet collapse and post-communist Russia.
Notes:
• Credit will be granted for only one of HSTR 451, HIST 389 (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

HSTR 465
Units: 1.5
Hours: 3-0
Formerly: HIST 439
Seminar in East Asian History
Notes:
• Credit will be granted for only one of HSTR 465, HIST 439 (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

HSTR 465A
Units: 1.5
Hours: 3-0
Also: HSTR 508A
China in Local and Global History
Examines the local history and global networks of Tibet, Taiwan, and Hong Kong as well as the North China Plain (around Beijing), the Yangzi River Delta (around Shanghai), and the Pearl River Delta (around Canton) in China up to the mid-20th century. Emphasis on both local and global approaches to the six regions and to modern China beyond the limits of its nation-state history.
Note: Credit will be granted for only one of HSTR 465A, HSTR 465 (if taken as section A01 in Jan-Apr 2015), HSTR 508A, HSTR 439 (if taken as section A01 in Sept-Dec 2011), HIST 508A.

HSTR 466
Units: 1.5
Hours: 3-0
Migration, Race & Empire: Canada and the Transpacific
Examines the intersections between race and imperialism in the Transpacific from 1840 to decolonization and offers possibilities for community-based, action research. Explores how the Transpacific experience marked Victoria, Canada and the Pacific Coast and how Canadian ‘whiteness’ was constructed in reaction to indigenous and Asian migration. Looks at how the Canadian state helped construct a global Anglo-Saxon alliance which has shaped the modern world.
Note: Credit will be granted for only one of HSTR 466, HIST 439 (if taken in the same topic).

HSTR 470
Units: 1.5
Hours: 3-0
Formerly: HIST 469
Seminar in World and Comparative History
Notes:
• Credit will be granted for only one of HSTR 470, HIST 469 (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

HSTR 474
Units: 3.0
Hours: 3-0
Colonial Legacies Field School in South Africa
Students learn about impacts of colonial histories in everyday life and on rural and urban landscapes. Topics may include: sustainable rural development; apartheid and reconciliation; grassroots anti-poverty initiatives; community responses to HIV/AIDS; gender and development; land, labour and global economy; modes of historical memory. One-week classroom intensive at the University and three weeks in South Africa.
Note: Credit will be granted for only one of HSTR 474, HIST 470 (if taken as section A01 or A02 in May-Aug 2014).

HSTR 477
Units: 1.5
Hours: 3-0
Seminar in the History of the Modern Middle East
Intensive study of selected aspects of the modern history of the Middle East and North Africa region in its global context. Close attention is paid to recent titles in the historiography.
Notes:
• Credit will be granted for only one of HSTR 477, HIST 377 (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

HSTR 479
Units: 1.5
Hours: 3-0
Formerly: HIST 443
Religion and State in the Modern Middle East
Examines the historical junctures and socio-economic conditions in which modern Islamist movements have emerged. Comparative study of the politicization of Christian and Jewish communities in the Middle East (the Arab East, plus Iran, Israel, Turkey) and North Africa; reflection on the political influence of religion in neighbouring areas.
Note: Credit will be granted for only one of HSTR 479, HIST 380, HIST 443, HIST 468 (if taken in the same topic), HIST 469 (if taken in the same topic).
Recommendation(s): HIST 112, or HIST 112A and HIST 112B recommended prior to HSTR 479.

HSTR 481
Units: 1.5
Hours: 3-0
Formerly: HIST 451
A Global History of the Chinese Overseas
Examination of the Chinese diaspora in Southeast Asia, North America and other regions. Emphasis on the emigration from China, transformation of Chinatowns and development of global networks and transnational identities of the Chinese overseas. May include exploration of the diasporic experiences of Japanese, Korean, Indian and other Asian migrants in the global arena.
Note: Credit will be granted for only one of HSTR 481, HIST 451.

HSTR 482
Units: 1.5
Hours: 3-0
Formerly: HIST 394
Seminar in Peace and War Studies
Selected topics in military and peace studies. Students will be encouraged to pursue their own research interests within the confines of course topics. Topics may include: philosophers of peace and war; the social history of war; the First World War.
Notes:
• Credit will be granted for only one of HSTR 482, HIST 394 (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

HSTR 482A
Units: 1.5
Hours: 3-0
Formerly: HIST 391
Issues in the History of the Second World War
Examines current historiographical issues of the Second World War.
Note: Credit will be granted for only one of HSTR 482A, HIST 391, HIST 392 (if taken in the same topic).
Recommendation(s): HIST 115 and/or HIST 344C recommended prior to HSTR 482A.

HSTR 483
Units: 1.5
Hours: 3-0
The City in History
Surveys the global history of cities since ancient times with particular emphasis on North American urban development since the 19th century. Topics include theories of urban culture, urban and regional economies, social experience in the city, urban inequality, city planning, suburbanization and transnational ties among cities.
Note: Credit will be granted for only one of HSTR 483, HIST 469 (if taken in the same topic).

HSTR 484
Units: 1.5
Hours: 3-0
The Social and Political History of Food in North America
Examines the way that food production and consumption have shaped the social, cultural, political and economic environment of North American over the last millennium.
Note: Credit will be granted for only one of HSTR 484, HIST 469 (if taken in the same topic).

HSTR 485
Units: 1.5
Hours: 3-0
Seminar in Social and Cultural History
Explores one or more of the following topics: issues of gender and sexuality, the social and cultural study of religion, questions of migration or racialization, health and medicine, education, sport, science, the body.
Note: May be taken more than once for credit in different topics with permission of the department.

HSTR 485A
Units: 1.5
Hours: 3-0
Gender, Sexuality and the Body since 1800
Explores selected topics in gender history, the history of sexuality and the history of the body, primarily in the context of Canada, the United States and Britain in the nineteenth and twentieth centuries. Topics may include body image, fashion, work, family life, marriage, motherhood, transgender and transsexual issues, colonialism, religion, popular culture and violence. Examines a variety of sexualities historically, including heterosexuality, lesbianism, homosexuality and bisexuality.
Note: Credit will be granted for only one of HSTR 485A, HIST 469 (if taken in the same topic).

HSTR 485B
Units: 1.5
Hours: 3-0
Making ‘Race’ in the British Atlantic World
Examines historical processes through which modern concepts of ‘race’ and difference were made on the ground in the British Atlantic empire (North America, Caribbean, West and Southern Africa, 1500-1900). Themes include: cultural encounters in early explorations; shifting interactions of gender, religion, nation and race; responses of enslaved and indigenous peoples; social reform; rise of scientific racism.
Note: Credit will be granted for only one of HSTR 485B, HIST 469 (if taken in the same topic).
HSTR 489  
Seminar in Public History  
Public History involves all the applications of history outside of academia. Explores one or more of the following public history subjects: heritage and museum studies; public memory and commemoration; oral history, digital history; historical re-enactments; history in the popular media; history and community engagement.  
Note: May be taken more than once for credit in different topics with permission of the department.

HSTR 489A  
Formerly: HIST 481  
Doing History in a Digital World  
A hands-on, workshop-oriented introduction to archival research and writing history for the internet. Often collaborating with community groups, students work in teams to create authoritative, engaging websites on different themes.  
Note: Credit will be granted for only one of HSTR 489A, HIST 358 (if taken in the same topic), HIST 359 (if taken in the same topic), HIST 481.

HSTR 490  
Formerly: HIST 490  
Directed Reading  
Students wishing to pursue a course of directed reading should, together with a faculty member willing to supervise such a course, formulate a proposal describing both the content of the course and a suitable means of evaluating the student's work. The proposal must then receive the approval of the Chair of the department.  
Note: HSTR 490, HIST 490 may be taken more than once for credit in different topics with permission of the department to a maximum of 6 units, but not more than 1.5 units in any one term.

HSTR 496  
Formerly: HIST 480  
Approaches to History  
The history of history and the nature of history as an intellectual discipline.  
Note: Credit will be granted for only one of HSTR 496, HIST 480.

HSTR 497  
Formerly: HIST 497  
Honours Thesis  
Under the direction of a member of the department students prepare an honours thesis, a research essay normally based on primary sources. After acceptance of the thesis by the supervising faculty member, the student defends it in an oral examination. The thesis is 7,500-10,000 words in length unless it is an expansion of a third-year honours essay (398) in which case it is 15,000-20,000 words in length.  
Note: Credit will be granted for only one of HSTR 497, HIST 449, HIST 460, HIST 497.

HUMA 495  
Advanced Topics in Humanities  
Note: May be taken more than once for credit in different topics with permission of the faculty.

HUMANITIES  
Faculty of Humanities  

HUMA 010  
Diploma Orientation Seminar  
This seminar will be taken prior to or in conjunction with Humanities 100 by all students in the Diploma Program.  
Grading: COM, INC.

HUMA 100  
Units: 1.5  
Hours: 3-0  
An Introduction to Humanities  
An introduction to the various ways in which scholars from different disciplines in the Humanities interpret, analyze and evaluate texts.  
Note: Credit will be granted for only one of HUMA 100, HUMA 120

HUMA 120A  
Units: 1.5  
Hours: 2-0-1  
Formerly: part of HUMA 120  
Humanities and the Making of the Intellectual Life  
From the Greco-Roman through the Medieval and Renaissance periods, a survey of intellectual inquiry and of its traditions, including philosophy, religion, literature, art, music, mathematics, physics and astronomy. Explores the world of ideas which shaped our ways of thinking and of living together. Scholars from a number of disciplines contribute.

HUMA 120B  
Units: 1.5  
Hours: 2-0-1  
Formerly: part of HUMA 120  
Post-Medieval Humanities and the Making of the Modern Mind  
From 1500 to the present, a survey of the main questions about the world, humankind, science and society as they have been addressed by scholars, scientists and artists. Explores how challenges to authority built the modern world and defined progress, doubt, individuality, equity and pluralism. Scholars from a number of disciplines contribute.

HUMA 295  
Units: 1.5  
Hours: 3-0  
Introductory Topics in Humanities  
Note: May be taken more than once for credit in different topics with permission of the faculty.

IB 405  
Units: 1.5  
Hours: 3-0  
Sustainable Communities  
Critically examines the global landscape in which business operates, with attention paid to social, political, economic and cultural issues, and considers the role that might be played by business in developing sustainable local societies.  
Note: Credit will be granted for only one of IB 405, COM 450 (if taken in the same topic).

Prerequisite(s):  
• IB 301 or COM 361; and  
• minimum fourth-year standing; or  
• permission of the school.
IB 408 — Units: 1.5 Hours: 3-0
International Legal Relations
The legal aspects of various international economic organizations including the World Bank, the International Monetary Fund, and the General Agreement on Tariffs and Trade (GATT). Canadian administrative law aspects relating to regulation of trade will be analyzed in the economic and political setting of the world community.
Prerequisite(s):
• IB 301 or COM 361; and
• minimum fourth-year standing; or
• permission of the school.

IB 409 — Units: 1.5 Hours: 3-0
Selected Topics in International Business Management
An analysis of international business as it relates to specialized fields with specific topics added on a regular basis to reflect changing issues and faculty availability. Topics vary on a yearly basis, and thus students should consult with the Gustavson School of Business for current offerings.
Note: May be taken more than once for credit in different topics with permission of the school.
Prerequisite(s):
• IB 301 or COM 361; and
• minimum fourth-year standing; or
• permission of the school.

IB 415 — Units: 1.5 Hours: 3-0
Cross-National Management
An analysis of the influence of national culture on managerial practices, including the issues surrounding the transferability of such managerial practices. 
Note: Credit will be granted for only one of IB 415, IB 302.
Prerequisite(s):
• Either IB 301 and COM 220, or COM 321 and COM 361; and
• minimum fourth-year standing.

IB 416 — Units: 1.5 Hours: 3-0
International Marketing
Opportunities, characteristics, and trends in foreign markets as well as strategies and problems of adapting marketing concepts and methods in international settings.
Note: Credit will be granted for only one of IB 416, IB 401.
Prerequisite(s):
• Either IB 301 and COM 250, or COM 351 and COM 361; and
• minimum fourth-year standing.

IB 417 — Units: 1.5 Hours: 3-0
International Finance
Financial problems of multinational business; international financial environment; long-term capital commitment to an international venture; financial techniques for firm operation.
Note: Credit will be granted for only one of IB 417, IB 403.
Prerequisite(s):
• Either IB 301 and COM 240, or COM 361 and COM 371; and
• minimum fourth-year standing.

IB 418 — Units: 1.5 Hours: 3-0
International Work Study
A project-based work study carried out for organizations located outside Canada. Students will conduct research and complete projects assigned by the host organization.
Note: Travel fees apply for this course.
Prerequisite(s):
• Minimum third-year standing; and
• admission to BCom program.

ICDG 300 — Units: 1.0
Skills Workshop 1: Program Orientation
A face-to-face session introduces students to the skills they will require to engage in online learning and will include introductory sessions for ICDG 301 and ICDG 302.
Grading: COM, N, F.

ICDG 301 — Units: 1.5
Governance in Indigenous Communities
Provides foundational information of concepts, themes and topics related to Indigenous governance, including historical and contemporary challenges facing Indigenous peoples in Canada. Topics are organized by eras beginning with pre-contact, European settlement, colonialism and treaties before proceeding to Constitutional Reform and the inherent right to self-government. Administrative aspects of Indigenous governance are examined: fiscal governance, economic development, program and service delivery, and intergovernmental relations.
Note: Credit will be granted for only one of ICDG 301, ADMN 470 (if taken in the same topic).

ICDG 302 — Units: 1.5
Communications in Indigenous Governments and Organizations
Contemporary communications theory and application with specific emphasis on the communication tools necessary in Indigenous government organizations. Topics include: developing excellent written, verbal and interpersonal communication skills; technical and strategic approaches to written and verbal communication for internal and external audiences; stages of the writing process; report writing skills; composing responses, briefing notes, news releases and sensitive messages. Practices, strategies and tools necessary to engage Council, community and stakeholders using effective and inclusive communication processes.

ICDG 303 — Units: 1.5
Lands, Resources, and Economic Development
Indigenous identity, culture, and economy is deeply connected to the land. Colonization restricted access to land and marginalized Indigenous economic development. Learners review the historic relationship to lands and the struggle to regain control and ownership. Canvassing governance frameworks for land, we consider opportunities to expand ownership and control. Economic implications are considered and success stories are highlighted. Students will consider what reconciliation means for the development of lands and resources.

ICDG 304 — Units: 1.5
Strategic Planning and Implementation
Using a combination of Indigenous and Western planning concepts and processes, this is organized into four main themes described as Planning Season, Gathering Season, The Journey and The Path Forward. Topics include: Indigenous perspectives of planning, strategic planning as nation building, the role of community engagement in strategic planning and community development, strategic thinking, components of a strategic plan, the role of strategic management, and the role of leadership in strategic planning.
Note: Credit will be granted for only one of ICDG 304, ADMN 477.

ICDG 305 — Units: 1.5
Research and Project Management in Indigenous Organizations
An intensive face-to-face session providing skills and guidance for the planning and successful completion of the capstone community project (ICDG 401). Participants will explore, analyze, and benefit from available project management models and planning tools, learn to view community and organizational change in different ways, explore alternative models and examples of change, and review and discuss the utilization of Indigenous Knowledge and respectful research protocols when planning for and implementing change strategies.

ICDG 306 — Units: 1.5
Human Resource Management in Indigenous Organizations
Learning based on contemporary human resource management theory and practice; incorporating traditional Indigenous practices and values. Topics: developing a human resources plan; robust human resources policies and practices; managing people and tasks; interpersonal workplace communications and relations; selection, retention, and development of employees. Improving workplaces will be examined through team building, motivating self and others, providing feedback, conflict management, workplace safety, well-being, and self-awareness and self-care. Examines working with appointed boards in an Indigenous context.
Note: Credit will be granted for only one of ICDG 306, ADMN 431A.

ICDG 307 — Units: 1.5
Managing Change for Effective Social and Community Development
Examines how social and cultural factors influence community development and well-being initiatives. Participants will analyze and assess needs for social and community activities and services - past, present, and future, and identify resource and jurisdictional issues in the development and implementation of community-based and organizational initiatives. Community characteristics will be identified and their potential role/impact on proposed initiatives, while addressing issues of sustainability and development of effective partnerships and leading change agendas.
ICDG 308  
Financial Management in Indigenous Governments and Organizations
Managing financial resources effectively is a primary responsibility of leaders/administrators. Provides an overview of how Indigenous governments are financed and tools used to care for money systematically and transparently. Learning focuses on resource allocation, budgeting, control and accountability for governments and organizations. Students develop practical financial skills needed to make appropriate management decisions. Topics of special interest to Indigenous governments include taxation, housing, performance management, and communicating important financial information to decision-makers.

ICDG 400  
Leadership in Indigenous Communities and Governments
Develops capacities to understand, appreciate, and develop students’ own leadership and that of others. Drawing on both Western theory and practice and Indigenous values and leadership practices, students will develop an understanding of different leadership styles, team dynamics, motivation and management of people and projects within diverse communities facing both internal and external challenges. Provides experiential learning, development of self-knowledge, and acquisition of practical leadership skills and strategies for the workplace and community.

ICDG 401  
Capstone Project for Indigenous Governments and Organizations
In this capstone course, learners integrate the curricular, cross-disciplinary strands of the ICDG program through the application of their learning outcomes, in a community context. Learners continue to develop leadership skills and increase their awareness and appreciation for the relevance of their chosen areas of interest in Indigenous governance and administration through a community service-learning experience. Learners will complete a substantial analysis of a management, policy or program problem for an Indigenous community or organization.

ICDG 402  
Intergovernmental Relations: Working with Others
Topics include how and why it is necessary to develop and maintain successful relationships with other Indigenous governments and organizations, community organizations, and municipal, provincial/territorial, or federal governments. Administrators examine how authorities, rights, laws/ regulations, and interests shape outcomes, whether negotiating treaties, exercising rights in areas with overlapping jurisdictions, or developing partnerships for economic development or service delivery. Examines Indigenous and treaty rights, application of the Indian Act, treaty negotiations, alternative partnerships, lands and resources issues.

IED 156  
Self-directed Immersive Language Learning I
Equips and supports students to find, create and engage in immersive, communicative learning contexts for their own Indigenous languages at an introductory level. Students will be supported to create self-directed language domains in their lives. Students will be required to log 100 hours of communicative Indigenous language learning through a variety of self-directed methods.

Note: May be taken more than once for credit with permission of the faculty.

Prerequisite(s):
• Registration in Diploma in BEd program in Indigenous Language Revitalization; or
• permission of the faculty.

Grading: INP, COM, N, F.

IED 157  
Learning to Learn: Supporting Indigenous Language Learning
Supports students learning their Indigenous language by examining effective strategies for adult L2 (second language) learners. Students will explore what is known about becoming successful language learners, considering individual learning styles and the human and other resources available to learners.

Note: Credit will only be granted for only one of IED 157, LING 157.

Prerequisite(s):
• One of admission to BEd program in Indigenous Language Revitalization, admission to Diploma program in Indigenous Language Revitalization, admission to Certificate program in Aboriginal Language Revitalization; and
• permission of the faculty.

Grading: COM, N or F.

IED 158  
Indigenous Language Mentorship I
A 100-hour mentorship with a fluent speaker or speakers to build oral fluency in an Indigenous language at the introductory level.

Notes:
• May be taken more than once for credit in different topics with permission of the faculty.
• May be counted towards the second language requirement of the BA in Applied Linguistics and of the Diploma in Applied Linguistics.

Subject to the “Guidelines for Ethical Conduct” and “Regulations Concerning Practice”.

May not be counted toward any degree program in Linguistics or Applied Linguistics, or a Diploma in Applied Linguistics.

Prerequisite(s):
• One of admission to BEd program in Indigenous Language Revitalization, admission to Diploma program in Indigenous Language Revitalization, admission to Certificate program in Aboriginal Language Revitalization; and
• permission of the faculty.

Grading: INP, COM, N, F.

IED 159  
Indigenous Language I
Teaching and learning of an Indigenous language at the first-year level.

Notes:
• May be taken more than once for credit in different topics with permission of the faculty.
• Registration is normally limited to students in the B.Ed. in Indigenous Language Revitalization, Diploma in Indigenous Language Revitalization, or Certificate Program in Aboriginal Language Revitalization. May be counted towards the second language requirement of the BA in Applied Linguistics and of the Diploma in Applied Linguistics.
• May not be counted toward any degree program in Linguistics or Applied Linguistics, or a Diploma in Applied Linguistics.

Grading: INP, COM, N, F.

IED 187  
Special Topics in Indigenous Education
Note: May be taken more than once for credit in different topics with the permission of the program.

Grading: COM, N, F.
IED 250 Units: 1.5 Hours: 3-0
Indigenous Language Teaching Preparation Seminar
Prepares students for their first language practicum within the Diploma in Indigenous Language Revitalization. Provides an opportunity for students to orient themselves to the multiple roles and responsibilities of school personnel and community language practitioners. Students will plan and prepare specifically for their upcoming placements through practice and development of lessons, unit planning, and linking outcomes to delivery and assessment for language teaching. Planning may be done in pairs as a co-teaching model when possible.

Prerequisite(s):
• Registration in Diploma program in Indigenous Language Revitalization, or
• permission of the faculty.

Note: Credit will be granted for only one of IED 250, IED 287 (if taken in the same topic).

IED 251 Units: 1.5 Hours: 3-0
Indigenous Language Teaching and Learning Practicum
Students in the Diploma in Indigenous Language Revitalization program will undertake a three-week practicum experience in Indigenous language teaching and learning settings.

Pre- or Corequisite(s): IED 250.
Grading: INP, COM, N/X, F/X.

IED 256 Units: 1.5 Hours: 3-0
Self-directed Immersive Language Learning II
Equips and supports students to find, create and engage in immersive, communicative learning contexts for their own Indigenous languages at the second year level. Students will be supported to create self-directed language domains in their lives, and will be required to log 100 hours of communicative Indigenous language learning through a variety of self-directed methods.

Note: May be taken more than once for credit with permission of the faculty.

Prerequisite(s):
• One of IED 156, IED 158, IED 159, LING 158, LING 159; and
• registration in Diploma or BEd program in Indigenous Language Revitalization, or
• permission of the faculty.
Grading: INP, COM, N, F.

IED 258 Units: 1.5 Hours: 3-0
Also: LING 258
Indigenous Language Mentorship II
A 100-hour mentorship with a fluent speaker or speakers to build oral fluency in an Indigenous language at the second-year level.

Notes:
• May be taken more than once for credit in different topics with permission of the faculty.
• May be counted towards the second language requirement of the BA in Applied Linguistics and of the Diploma in Applied Linguistics.
Subject to the "Guidelines for Ethical Conduct" and "Regulations Concerning Practica".

Prerequisite(s):
• One of IED 158, IED 159, LING 158, LING 159; and
• one of admission to BEd program in Indigenous Language Revitalization, admission to Diploma program in Indigenous Language Revitalization, admission to Certificate program in Aboriginal Language Revitalization; or
• permission of the faculty.

Grading: INP, COM, N.

IED 259 Units: 1.5 Hours: 3-0
Also: LING 259
Indigenous Language II
Teaching and learning of an Indigenous language at the second-year level.

Notes:
• May be taken more than once for credit in different topics with permission of the faculty.
• May be counted towards the second language requirement of the BA in Applied Linguistics and of the Diploma in Applied Linguistics.

May not be counted toward any degree program in Linguistics or Applied Linguistics, or a Diploma in Applied Linguistics.

Prerequisite(s):
• One of IED 158, IED 159, LING 158, LING 159; and
• one of admission to BEd or Diploma program in Indigenous Language Revitalization or admission to Certificate program in Aboriginal Language Revitalization; or
• permission of the faculty.

Grading: INP, COM, N, F.

IED 278 Units: 1.5 Hours: 3-0
Special Topics in Indigenous Education
Note: May be taken more than once for credit in different topics with the permission of the faculty.

IED 299 Units: 1.5 Hours: 3-0
Special Studies in Indigenous Education
Note: May be taken more than once for credit in different topics with the permission of the faculty.
Grading: COM, N, F.

IED 356 Units: 1.5 Hours: 3-0
Self-directed Immersive Language Learning III
Equips and supports students to find, create and engage in immersive, communicative learning contexts for their own Indigenous languages at the third year level. Students will be supported to create self-directed language domains in their lives, and will be required to log 100 hours of communicative Indigenous language learning through a variety of self-directed methods, as well as assess and analyze their experiences.

Note: May be taken more than once for credit with permission of the faculty.

Prerequisite(s):
• One of IED 256, IED 258, IED 259, LING 258, LING 259; and
• registration in Diploma or BEd program in Indigenous Language Revitalization; or
• permission of the faculty.

IED 358 Units: 1.5 Hours: 3-0
Also: LING 358
Indigenous Language Mentorship III
A 100-hour mentorship with a fluent speaker or speakers to build oral fluency in an Indigenous language at the third-year level.

Notes:
• May be taken more than once for credit with permission of the faculty.
• May be counted towards the second language requirement of the BA in Applied Linguistics and of the Diploma in Applied Linguistics.

May not be counted toward any degree program in Linguistics or Applied Linguistics, or a Diploma in Applied Linguistics.

Prerequisite(s):
• One of IED 258, IED 259, LING 258, LING 259; and
• admission to BEd or Diploma program in Indigenous Language Revitalization or admission to Certificate program in Aboriginal Language Revitalization; or
• permission of the faculty.

Grading: INP, COM, N, F.

IED 359 Units: 1.5 Hours: 3-0
Also: LING 359
Indigenous Language III
Teaching and learning of an Indigenous language at the third-year level.

Notes:
• May be taken more than once for credit with permission of the faculty.
• May be counted towards the second language requirement of the BA in Applied Linguistics and of the Diploma in Applied Linguistics.

May not be counted toward any degree program in Linguistics or Applied Linguistics, or a Diploma in Applied Linguistics.

Prerequisite(s):
• One of IED 258, IED 259, LING 258, LING 259; and
• admission to BEd or Diploma program in Indigenous Language Revitalization or admission to Certificate program in Aboriginal Language Revitalization; or
• permission of the faculty.
### IED 371 - History of Indigenous Education in Canada

A broad overview of the history of First Nations, Métis, and Inuit education in Canada. Various eras in the history of K-12 Indigenous Education in Canada will be examined. Pre-contact forms of Indigenous knowledge and pedagogy are emphasized. The purpose of education from both historical and contemporary Indigenous perspectives will be explored as well as the current situation and future directions in both public schools and Indigenous-controlled schools in BC.

**Note:** Credit will be granted for only one of IED 371, EDCI 371, IS 371.

**Grading:** COM, N or F.

### IED 372 - Indigenous Epistemologies

An exploration of Indigenous knowledge and practices of First Nations, Métis, and Inuit people. Discussion topics include: Indigenous worldviews, frameworks, methodologies, and protocols that validate Indigenous ways of being and living, and the appreciation of the mental, spiritual, physical and emotional aspects of Indigenous knowledge.

**Note:** Credit will be granted for only one of IED 372, EDCI 372, IS 372.

**Grading:** COM, N or F.

### IED 373 - Indigenous Pedagogies

Provides students with an examination of traditional and contemporary approaches to teaching and learning within an Indigenous worldview. Elements include: distinctive features of Indigenous knowledge and pedagogy such as learning by observation and doing, learning through enjoyment, teachings of the Elders, and the use of humor among others.

**Note:** Credit will be granted for only one of IED 373, EDCI 373, IS 373.

**Grading:** COM, N or F.

### IED 374 - Indigenous Pedagogies

Provides students with an examination of traditional and contemporary approaches to teaching and learning within an Indigenous worldview. Elements include: distinctive features of Indigenous knowledge and pedagogy such as learning by observation and doing, learning through enjoyment, teachings of the Elders, and the use of humor among others.

**Note:** Credit will be granted for only one of IED 374, EDCI 499 (if taken in the same topic).

**Grading:** COM, N or F.

### IED 387 - Special Topics in Indigenous Education

**Note:** May be taken more than once for credit in different topics with the permission of the faculty.

### IED 399 - Special Studies in Indigenous Education

**Note:** May be taken more than once for credit in different topics with the permission of the faculty.

**Grading:** COM, N or F.

### IED 456 - Self-directed Immersive Language Learning IV

Equips and supports students to find, create and engage in immersive, communicative learning contexts for their own Indigenous languages at the fourth year level. Students will be supported to create self-directed language domains in their lives, and will be required to log 100 hours of communicative Indigenous language learning through a variety of self-directed methods, as well as assess and analyze their experiences.

**Note:** May be taken more than once for credit with permission of the faculty.

**Prerequisite(s):**
- One of IED 356, IED 358, IED 359, LING 358, LING 359; and
- registration in Diploma or BEd program in Indigenous Language Revitalization; or
- permission of the faculty.

**Grading:** COM, N or F.

### IED 458 - Indigenous Language Mentorship IV

A 100-hour mentorship with a fluent speaker or speakers to build oral fluency in an Indigenous language at the fourth-year level.

**Notes:**
- May be taken more than once for credit in different topics with the permission of the faculty.
- May be counted towards the second language requirement of the BA in Applied Linguistics and of the Diploma in Applied Linguistics.
- Subject to the “Guidelines for Ethical Conduct” and “Regulations Concerning Pracitca”.
- May not be counted toward any degree program in Linguistics or Applied Linguistics, or a Diploma in Applied Linguistics.

**Prerequisite(s):**
- One of IED 358, IED 359, LING 358, LING 359; and
- admission to BEd or Diploma program in Indigenous Language Revitalization or admission to Certificate program in Aboriginal Language Revitalization; or
- permission of the faculty.

**Grading:** INP, COM, N, F.

### IED 459 - Indigenous Language IV

Teaching and learning of an Indigenous language at the fourth-year level.

**Notes:**
- May be taken more than once for credit in different topics with the permission of the faculty.
- May be counted towards the second language requirement of the BA in Applied Linguistics and of the Diploma in Applied Linguistics.
- May not be counted toward any degree program in Linguistics or Applied Linguistics, or a Diploma in Applied Linguistics.

**Prerequisite(s):**
- One of IED 358, IED 359, LING 358, LING 359; and
- admission to BEd or Diploma program in Indigenous Language Revitalization or admission to Certificate program in Aboriginal Language Revitalization; or
- permission of the faculty.

### IED 473 - CENENITELW TOLINEWL: Helping each other to learn

Introduction to an Indigenous worldview of learning and teaching through hands-on practical activities integrated with theoretical and academic goals. Experiences in the principles of traditional Indigenous ways of teaching and learning such as mentorship and apprenticeship. Respectful practice, community engagement and personal responsibility help learners develop insight into Indigenous pedagogy while working alongside community knowledge keepers, elders and artists.

**Notes:**
- Credit will be granted for only one of IED 473, EDCI 499 (if taken in the same topic).
- May be taken more than once for credit in different topics with the permission of the faculty.

**Grading:** COM, N or F.

### IED 475 - Immersion Language Teaching Methodologies

Building on students' experience, skills and knowledge gained through previous coursework and practicum in the Bachelor of Education in Indigenous Language Revitalization program, this course focuses on development and teaching of Indigenous Languages in immersion settings. It will provide an overview of the theory and practice of Indigenous language teaching methods through a workshop format.

**Note:** Credit will be granted for only one of IED 475, IED 487 (if taken in the same topic).

**Prerequisite(s):**
- Registration in BEd program in Indigenous Language Revitalization; or
- permission of the faculty.

### IED 486 - Teaching Indigenous Arts in Elementary and Middle Schools

Students will explore principles, practice and methods of instruction in areas of Indigenous Arts and will gain an appreciation of the depth and context of each discipline, respecting various cultural practices and traditions.

**Notes:**
- Credit will be granted for only one of IED 486, IED 487 (if taken in the same topic).
- May be taken more than once for credit in different topics.
- Fullfills the curriculum methods in teaching Art, Music and/or Drama requirement in the Bachelor of Education in Indigenous Language Revitalization within an Indigenous framework.

**Prerequisite(s):**
- Registration in BEd program in Indigenous Language Revitalization; or
- permission of the faculty.

### IED 487 - Special Topics in Indigenous Education

**Note:** May be taken more than once for credit in different topics with the permission of the faculty.
IED 499 Units: 1.5 or 3.0 Hours: 3-0
Professional Development - Indigenous Education
Directed at improving specific teacher and/or administrator competencies.
Note: May be taken more than once for credit in different topics with the permission of the faculty.
Grading: COM, N, F.

IET
Intercultural Education
Diploma in Intercultural Education
Interdisciplinary Programs
Courses offered by the Faculty of Education are also found under the following course codes: AE, ED-D, ED-P, EDCI, EPHE, IA, IED, IET, ME.

IET 400 Units: 1.5 or 3.0
Practicum in Intercultural Education
Students may choose to undertake a 1.5 or 3.0 unit practicum toward the end of their program. A practicum focuses on an area of professional interest and provides an opportunity to consider intercultural principles and issues in a practical setting. Placements are arranged through the program office with an approved institution or organization. A 1.5 unit practicum consists of at least 50 hours of activity, a 3.0 unit practicum involves a minimum of 100 hours.
Note: May be taken more than once for credit to a maximum of 3 units.
Grading: INP, COM, N, F.

IET 410 Units: 1.5 or 3.0
Final Project in Intercultural Education
Students may choose to undertake a 1.5 or 3.0 unit final project toward the end of the Intercultural Education Program. The final project provides an opportunity to demonstrate knowledge of both theory and practice in a selected area of intercultural studies. Grading: INP, COM, N, F.

IET 420 Units: 1.5 Hours: 3-0
Topics in Intercultural Education
Selected major topics and issues in intercultural education. Students are advised to consult with the Program Office for information on the subject and course schedule.
Note: May be taken more than once for credit in different topics to a maximum of 3 units
Prerequisite(s):
- Minimum third-year standing; or
- admission to Diploma program in Intercultural Education.

IET 430 Units: 1.5 Hours: 3-0
Facilitating Intercultural Relationships
Develops a range of interpersonal and organizational skills that build positive intercultural relationships and strengthen communication. Focuses on strategies such as equity policy development, analysis of social justice issues, promotion of anti-racism, facilitation meetings and workshops, dispute resolution, sensitivity building, and advocacy and management of change in intercultural settings.

INGH
Indigenous Health Studies
School of Public Health and Social Policy
Faculty of Human and Social Development

INGH 450 Units: 1.5
Foundations in International and Global Health and Human Development
Focuses on the history and context of international and global work in health and human development sectors. Students will critically examine various models and frameworks that have traditionally been used in providing international aid. The impact of colonization and globalization on health and human development will be explored including an examination of factors such as economics, politics and technology.

INGH 452 Units: 1.5
Traditional Healing in Indigenous Communities
Explores traditional healing and medicine within Indigenous models of health. Particular emphasis is placed on the role of spirituality and ceremony as well as that of elders and traditional healers. Students will become familiar with the function of natural medicines and healing practices with diverse Indigenous cultures.
**IS 200A - ITAL 150**

**Indigenous Studies**

Program in Indigenous Studies

**Interdisciplinary Programs**

**IS 200A**

Units: 1.5  Hours: 3-0
Formerly: part of 200

**Indigenous Studies Foundations**

Provides students with a basic introduction to Indigenous Studies, including key concepts, themes and topics relevant to Indigenous histories and contemporary practices within Canada. Emphasis on the formation, maintenance and diversity of Indigenous identities.

**Prerequisite(s):**
- Permission of the program.
- Minimum second-year standing; and

**IS 200B**

Units: 1.5  Hours: 3-0

**Introduction to Indigenous Studies**

An interdisciplinary approach to Indigenous subject matters with special emphasis on cultural and socio-political processes that shape Indigenous experiences and realities within contemporary Canada. Introduction to key thinkers, events, policies and practices relevant to Indigenous Studies.

**Prerequisite(s):**
- Permission of the program.

**IS 310**

Units: 1.5  Hours: 3-0

**LE,NONET Preparation Seminar**

Introduces Indigenous (First Nations, Métis, Inuit) students to knowledge and skills necessary for working with Indigenous communities and organizations, or with campus-based academic researchers, through a Research Apprenticeship (320) or Community Internship (321). Provides an introduction to western and Indigenous research methodologies.

**Prerequisite(s):**
- Minimum second-year standing; and
- Permission of the program.

**IS 320**

Units: 1.5  Hours: 3-0

**LE,NONET Research Apprenticeship**

Practical experience within a university research setting. In consultation with the Research Apprenticeship Coordinator, students identify an area of research interest and undertake 120 hours of research under the supervision of a faculty member from any department and submit a final project report.

**Prerequisite(s):**
- IS 220 with a minimum grade of B+ (77%) or IS 310 with a minimum grade of B+ (77%); and
- Permission of the program.

**IS 321**

Units: 1.5

**LE,NONET Community Internship**

An introduction to practical experience within an Indigenous community or organization setting. In consultation with the Community Internship Coordinator, students identify an area of interest and undertake 120 hours of work under the supervision of a community adviser from an Indigenous community or organization.

**Prerequisite(s):**
- IS 220 with a minimum grade of B+ (77%) or IS 310 with a minimum grade of B+ (77%); and
- Permission of the program.

**IS 400**

Units: 1.5  Hours: 3-0

**Special Topics Seminar in Indigenous Studies**

An interdisciplinary investigation of a selected Indigenous subject approached from Indigenous perspectives. Seminar to be taken as capstone course for Indigenous Studies Minor. Topics will be traditional and/or contemporary in their focus.

**Note:** May be taken more than once for credit in different topics with permission of the program to a maximum of 3 units.

**Prerequisite(s):**
- IS 200 or IS 200B.

**IS 490**

Units: 1.5

**Directed Reading**

Students wishing to pursue a course of directed reading should, together with a faculty member willing to supervise such a course, formulate a proposal describing both the content of the course and a suitable means of evaluating the student's work. The proposal must then receive the approval of the Director of the Program.

**Note:** May be taken more than once for credit in different topics with permission of the program for only one IS 200A, IS 200B.

**Prerequisite(s):**
- IS 200 or IS 200B; and
- Minimum third-year standing.

**ITAL**

**Italian**

Department of Hispanic and Italian Studies

**Faculty of Humanities**

Native speakers of Italian may not obtain credit for 100- or 200-level courses. A native speaker is defined in this context as a person who has spoken Italian since childhood and/or has received sufficient instruction in the language to be literate in it. A near-native speaker is defined as a person who speaks, writes and understands Italian with few errors and only the occasional non-patterned mistake. The department will assign students with some knowledge of Italian to the appropriate level.

**ITAL 100A**

Units: 1.5  Hours: 3-0

**Beginners' Italian I**

Exploration of the language and culture of Italy. Acquisition of basic skills of pronunciation, reading and writing. Instruction in essential points of grammar, basic syntax and vocabulary for daily interaction.

**Notes:**
- Credit will be granted for only one of ITAL 100A, ITAL 100, ITAL 149.
- Priority is given to students with first- or second-year standing.

**ITAL 100B**

Units: 1.5  Hours: 3-0

**Beginners' Italian II**

Exploration of the language and culture of Italy. Further acquisition of basic skills of pronunciation, reading and writing. Continued instruction in essential points of grammar, basic syntax and vocabulary for daily interaction.

**Notes:**
- Credit will be granted for only one of ITAL 100B, ITAL 100, ITAL 149.
- Priority is given to students with first- or second-year standing.

**ITAL 149**

Units: 3.0  Hours: 6-0

**Beginners' Italian**

Exploration of the language and culture of Italy, equivalent to ITAL 100A and 100B. Acquisition of basic skills of pronunciation, reading and writing. Instruction in essential points of grammar, basic syntax and vocabulary for daily interaction.

**Note:** Credit will be granted for only one of ITAL 149, ITAL 100, ITAL 100A, ITAL 100B.

**ITAL 150**

Units: 1.5  Hours: 3-0

**Also SPAN 150**

**Famous and Infamous Hispanic and Italian Figures (in English)**

Introduction to the culture of the Hispanic and Italian world focusing on a limited selection of key political, artistic and/or literary figures. May include figures such as Motezuma, Christopher Columbus, Leonardo da Vinci, Lucrezia Borgia, Maria Montessori, Benito Mussolini, Frida Kahlo, Evita Perón, La Pasionaria, Fidel Castro, or Umberto Eco.

**Note:** Credit will be granted for only one of ITAL 150, ITAL 209, SPAN 150.
ITAL 204 - ITAL 472A

ITAL 204 Units: 1.5
Experiential Learning
Students present a project, determined in advance by the department, based on work, study, research, or volunteering while living in Italy.
Prerequisite(s): Permission of the department.
Grading: COM, N, F.

ITAL 250A Units: 1.5 Hours: 3-0
Review of Grammar and Conversation I
Continued exploration of the language and culture of Italy. Expansion of grammatical concepts and structures presented in beginners’ Italian. Further development of writing, reading, speaking and listening skills. Taught mostly in Italian.
Note: Credit will be granted for only one of ITAL 250A, ITAL 200.
Prerequisite(s): ITAL 100B or ITAL 149; or permission of the department.

ITAL 250B Units: 1.5 Hours: 3-0
Review of Grammar and Conversation II
Continued exploration of the language and culture of Italy. Additional expansion of grammatical concepts and structures presented in beginners’ Italian. Further development of writing, reading, speaking and listening skills. Taught mostly in Italian.
Note: Credit will be granted for only one of ITAL 250B, ITAL 200.
Prerequisite(s): ITAL 250A.

ITAL 265 Units: 1.5 Hours: 3-0
Introductory Written Italian
Expands the student’s ability to communicate in Italian in various written forms (compositions, book and film reviews, newspaper articles, creative writing). Explores and uses a variety of styles that will serve as examples for the written assignments.
Note: Not open to students with credit in ITAL 365.
Prerequisite(s): ITAL 250A; or permission of the department.

ITAL 273 Units: 1.5 Hours: 3-0
Italian Renaissance (in English)
An interdisciplinary approach to the Italian Renaissance, including such key figures as Lorenzo de’ Medici, Leonardo da Vinci, Niccolò Machiavelli, Lucrezia Borgia, Michelangelo Buonarroti and Vittoria Colonna.
Note: Credit will be granted for only one of ITAL 273, ITAL 370B, ITAL 473.

ITAL 300 Units: 1.5 Hours: 3-0
Italian for Reading Knowledge
Designed for the attainment of reading proficiency in Italian. Basic Italian grammar taught in conjunction with texts of progressive complexity.
Note: Not open to students who have completed second-year Italian language courses or higher, or students who have completed only first-year Italian within the previous three years, unless permission is granted by the department.
Recommendation(s): Recommended particularly for third- and fourth-year undergraduates and graduate students.

ITAL 304 Units: 1.5 Hours: 3-0
Rome, the Eternal City (in English)
Study of the city of Rome from the Renaissance to the present day. Topics may include: Rome at the time of the Borgias; The Jews of Rome, one neighbourhood over time; Fascist Rome, renewed aspirations of empire; Rome in film from Rossellini to Woody Allen.
Note: May be taken more than once for credit in different topics with permission of the department.

ITAL 305 Units: 1.5 Hours: 3-0
A Taste of Italy, Food as Culture (in English)
Exploration of the rich culinary tradition of Italy. Introduction to the diversity of Italian cooking as a reflection of its culture’s centuries-old history.

ITAL 306 Units: 1.5 Hours: 3-0
Italian Culture (in English)
An introduction to artistic, intellectual, social and political trends in Italy from Medieval times to Italy in the new Europe of the 21st century, using the cultural history of three cities in particular to illustrate them: Florence, Venice and Rome. Specific reference will be made to Medieval and Renaissance Italy as a centre of culture in Europe, the Risorgimento, the Fascist regime and the Italian miracle of the post-war period.
Prerequisite(s): Minimum second-year standing.

ITAL 308 Units: 1.5 Hours: 3-0
Travels to Bell’Italia (in English)
Explores the appeal of Italy worldwide by analyzing images of Italian culture in novels, travel writing, journalism, autobiography and films. Italian as well as non-Italian writers and filmmakers to be considered, emphasis on 20th and 21st centuries.
Note: Credit will be granted for only one of ITAL 308, ITAL 303.
Prerequisite(s): Minimum second-year standing.

ITAL 309 Units: 1.5 Hours: 3-0
Advanced Italian Grammar
A contrastive analysis of Italian and English grammatical and syntactic structures which introduces students to Italian literature through the study of short stories, journal articles and contemporary media. Development of vocabulary, writing skills and complex linguistic structures.
Notes: Credit will be granted for only one of ITAL 350, ITAL 302, ITAL 310.
• Normally alternates with ITAL 351. Students are advised to consult with the department to determine when this is offered.
Prerequisite(s): ITAL 250B with a minimum grade of B-; or permission of the department.

ITAL 310 Units: 1.5 Hours: 3-0
Female Beauty in Italian Culture (in English)
An examination of cultural norms of female beauty from medieval to postmodern times. Features literature, visual arts and media.
Prerequisite(s): Minimum second-year standing.

ITAL 350 Units: 1.5 Hours: 3-0
Advanced Italian Language
Oral and grammar-focused written practice centred on the study of the Italian language as used in the media, popular fiction, children’s literature, poetry and music. Covers grammar and syntax, literary history and academic writing.
Note: Normally alternates with ITAL 350. Students are advised to consult with the department to determine when this is offered.
Prerequisite(s): ITAL 250B with a minimum grade of B-; or permission of the department.

ITAL 351 Units: 1.5 Hours: 3-0
From Mussolini to Berlusconi and Beyond
From Fascism to postmodernism, a cultural history of Italian society through its literary, cinematic and media representations. An exploration of the transformations of a media-driven society and its cultural icons. May be given in Italian or English.
Pre- or Corequisite(s): If taken in Italian, ITAL 350 or ITAL 351.
If taken in English, minimum second-year standing.

ITAL 352 Units: 1.5 Hours: 3-0
Dante’s Divine Comedy (in English)
Study of one of the world’s great poems, the Divine Comedy, through a close reading of its three books, the Inferno, the Purgatorio and the Paradiso, and the relationship of this masterpiece with courtly love, mythology, theology and medieval thought in general.
Note: Credit will be granted for only one of ITAL 470, ITAL 403.
Prerequisite(s): Minimum second-year standing.

ITAL 472A Units: 1.5 Hours: 3-0
Boccaccio’s Decameron (in English)
Considers the human comedy of Boccaccio’s Decamerone, a collection of tales plus the frame which makes a whole out of these parts by establishing a context, the plague of 1348 which brings together 10 young survivors. Explores Boccaccio’s life as a pre-Humanist alongside his friend Francis Petrarch.
Note: Credit will be granted for only one of ITAL 472A, ITAL 472.
Prerequisite(s): Minimum second-year standing.
ITAL 472B  Units: 1.5  Hours: 3-0
Francis Petrarch: His Life as Literature (in English)
Considers the fullness of Francis Petrarch, first modern man of love and poetry and letters, his friendships and enduring obsession for Laura, highlighting his time which spanned much of the 14th century. The 366 lyrics of the Canzoniere are the constant text, along with Petrarch’s correspondence in Familiar Matters and Of Riper Years, a reflection over some 40 years of minute detail of his life and thought.
Note: Credit will be granted for only one of ITAL 472B, ITAL 472.
Prerequisite(s): Minimum second-year standing.

ITAL 474  Units: 1.5  Hours: 3-0
Formerly: 370D
Italian Comic Theatre
The development of the Italian comedy, from the Mandragola of Niccolò Machiavelli to the comedies of Carlo Goldoni, with particular emphasis given to the influence of the Commedia dell’Arte and of the hedonistic atmosphere of 18th century Venice on Goldoni and the role of women in his comedies.
Notes:
• Credit will be granted for only one of ITAL 474, ITAL 370D.
• May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units.
Pre- or Corequisite(s): ITAL 350 or ITAL 351.

ITAL 478  Units: 1.5  Hours: 3-0
Formerly: 370C
Topics in Modern Italian Literature
Major literary works of 20th century Italy. Authors to be studied may include Tozzi, Svevo, Prandelli, Pavese, Moravia and Maraini.
Notes:
• Credit will be granted for only one of ITAL 478, ITAL 370C.
• May be taken more than once for credit in different topics with permission of the department to a maximum of 4.5 units.
Pre- or Corequisite(s): ITAL 350 or ITAL 351.

ITAL 479A  Units: 1.5  Hours: 3-0
Also: SPAN 479A
Women in the Hispanic and Italian World (in English)
A study of major women authors, characters and themes relevant to women’s issues in Hispanic and Italian literature.
Notes:
• Credit will be granted for only one of ITAL 479A, SPAN 479A (if taken in the same topic).
• May be taken more than once for credit in different topics to a maximum of 3 units.
Prerequisite(s): Minimum second-year standing.

ITAL 485  Units: 1.5  Hours: 3-1
Topics in Italian Film
Introduction to major accomplishments in Italian film, from the start of the talkies during Fascist times to contemporary cinema with emphasis on directors such as De Sica, Rossellini, Fellini and Wertmüller. May be given in Italian or English.
Note: May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units.
Pre- or Corequisite(s):
• If taken in Italian, ITAL 350 or ITAL 351.
• If taken in English, minimum second-year standing.

ITAL 491  Units: 1.5  Hours: 3-0
Also: SPAN 491
Central Themes of the Hispanic and Italian World (in English)
Capstone seminar devoted to the study of a particular theme, coordinated with the annual colloquium of the Department of Hispanic and Italian Studies. May focus on issues such as women, literary gastronomy, the underworld, exile, humour, or revolutions.
Note: Credit will be granted for only one of ITAL 491, SPAN 491.
Prerequisite(s):
• Minimum third-year standing, or
• permission of the department.
Recommendation(s): Recommended for Honours in Hispanic Studies, Majors and Minors in Hispanic Studies or Italian Studies.

ITAL 495  Units: 1.5 or 3.0  Hours: 3-0
Directed Reading Course
A specified reading project for fourth-year students to be determined by the student and the instructor, and the Chair of the department; written assignments will be required.
Note: May be taken more than once for credit in different topics.
Prerequisite(s): Declared Honours or Major in Latin American Studies.

LAS 300  Units: 1.5 or 3.0
Honours Graduating Essay
Directed readings and research for Honours students conducive to writing a research essay of 10,000 to 12,000 words in English or Spanish. This essay can be an expansion of the essay written for LAS 300.

LAS 400  Units: 1.5  Hours: 3-0
Formerly: 300
Special Topics in Latin American Studies (in English)
An interdisciplinary perspective on Latin America focusing on a particular topic. Students have the opportunity to pursue a related interest. Readings, discussions and work submitted will be in English. Topics may include community empowerment; gender, nation, ethnicity and identity.
Notes:
• Credit will be granted for only one of LAS 400, LAS 300 (if taken in the same topic).
• May be taken more than once for credit in different topics.
Prerequisite(s): Minimum second-year standing.

LAS 409  Units: 3.0
Honours Latin Studies
Also: LATI 409
A specified reading project for fourth-year students to be determined by the student, the instructor and the Director of the program. Written assignments will be required.
Note: May be taken more than once for credit in different topics.
Prerequisite(s): Declared Honours or Major in Latin American Studies.

LAS 495  Units: 1.5 or 3.0
Directed Reading Course
A specified reading project to be determined by the student, the instructor and the Director of the program. Written assignments will be required.
Note: May be taken more than once for credit in different topics.
Prerequisite(s): Declared Honours or Major in Latin American Studies.

LAS 499  Units: 3.0
Honours Graduate Essay
Directed readings and research for Honours students conducive to writing a research essay of 10,000 to 12,000 words in English or Spanish. This essay can be an expansion of the essay written for LAS 300.

LATI 101  Units: 1.5  Hours: 3-0
Introductory Latin I
Introduction to the basic grammatical patterns of the language of ancient Rome, practiced in a series of readings adapted from Latin literature.
Notes:
• Credit will be granted for only one of LATI 101, LATI 100.
• No previous knowledge of Latin required.

LATI 102  Units: 1.5  Hours: 3-0
Introductory Latin II
Continuation of 101, which completes the survey of basic Latin grammar, designed to improve students’ ability to read the language. More in-depth readings adapted from Latin prose and poetry.
Note: Credit will be granted for only one of LATI 102, LATI 100.
Prerequisite(s): LATI 101.

**LATI 201 - LAW 104**

**Law**

**Faculty of Law**

**LAW 100**

Units: 3.0

**The Constitutional Law Process**

The basic framework of the Canadian constitutional system.

**LAW 102**

Units: 2.0

**The Criminal Law Process**

An introduction to criminal law, both substantive and procedural. Focuses on the following topics:

1. The social, historical, political and constitutional context in which the criminal justice system operates.
2. Significant aspects of police and prosecutorial powers in the pre-trial and trial process.
3. Substantive criminal law, including the theory and doctrine behind the concepts of mens rea, actus reus and justifications and excuses.
4. The effect of the Canadian Charter of Rights and Freedoms upon both criminal procedure and substantive criminal law. Students may be asked to spend up to ten hours in a field experience either in the courts, with police, or in corrections.

**LAW 104**

Units: 1.5

**Law, Legislation and Policy**

Considers the development and interpretation of legislation. The former includes an introduction to institutions, players and procedures involved in the creation and enactment of legislation. The second and the most significant part of the course involves an examination of judicial approaches to interpretation of statutes and subordinate legislation including principles and presumptions of legislative interpretation and judicial challenges to the validity of subordinate legislation.
The Legal Process

The Legal Process seeks a perspective of the processes of decision making throughout the legal system by examining its major institutions and the function of substantive and procedural law within them. Attempts to provide first-year students with a transactional "overview" of their new discipline in its totality. Provides a background for courses in the second- and third-year program. Introduces students to the institutional structure of the Canadian legal system and, at the same time, provides an analysis of the role of law in society. Presents a variety of components, namely historical, institutional, procedural and philosophical. Topics include the role of law in society, the function of the legal profession, the development of the legal system, the reception of English Law in Canada, the contemporary legal system in British Columbia, the structure of the courts, problems of fact finding and evidence stare decisis, sources of law, the legislative process, administrative tribunals, an introduction to jurisprudential concepts, future trends with respect to the role of law in society, including law reform, legal services, the legal profession, access to the law.

Note: Full year course: 30 hours.
Grading: COM, N, F.

LAW 108A Units: 2.0

Contracts
An introduction to the legal principles regarding the enforcement of promises. Focuses on the development of common law rules regarding formation of contract, third parties, interpretation and the scope of contractual obligations, control of contractual power, mistake, frustration and remedies for breach.

Note: Full year course: 60 hours.

LAW 108B Units: 2.0

Property
Examines the concept of "property", legally categorized as real, personal and aboriginal in the context of common law and equity inherited from England and (for aboriginal property) section 35 of the Constitution Act, 1982. Considers selected features of provincial legislation pertaining to non-aboriginal property. Tangible and intangible interests may be included with respect to both realty (land) and personality, including doctrine of estates (present and future), bailment, finders and gifts.

Note: Full year course: 60 hours.

LAW 108C Units: 2.0

Torts
Examines legal principles that govern the ascription of civil liability for interference with legally protected interests of others. Carasses protection of bodily security, emotional and proprietary interests through specific causes of actions such as trespass, negligence, liability of public authorities, vicarious liability and nuisance.

Note: Full year course: 60 hours.

LAW 110 Units: 1.5

Legal Research and Writing
Examines the foundational skills of legal analysis and reasoning, legal writing, legal research, and legal oral argument. Includes written and oral presentation assignments based on fact patterns and requires writing legal memoranda. Students research primary and secondary sources of law in print and electronic formats. Adopts a problem-based learning methodology using numerous in-class exercises.

Note: Full year course: 45 hours.

LAW 301 Units: 2.0 Hours: 4-0

The Administrative Law Process
An investigation of the nature and function of the administrative process with particular reference to the development of tribunals and agencies with a wide variety of disparate functions and interactions with private life. Similarly, investigates the way in which tribunals and courts interact, with specific reference to the judicial arsenal available for the control of administrative behaviour.

LAW 302 Units: 1.5 Hours: 3-0

Criminal Law II
Builds naturally upon the first-year course in the Criminal Law Process with specific reference to historical roots of the Criminal Code and general principles of criminal liability. In-depth study of such matters as party liability, conspiracy, attempts, corporate criminal liability, gang offences, terrorist offences and all major defences.

LAW 303 Units: 1.5 Hours: 3-0

Criminal Procedure
The criminal law is highly procedural in nature; it is frequently in this realm that cases are lost or won. Focus is on the strategy and tactics of criminal procedure, and with its underlying values and goals. Topics considered include arrest and detention, search and seizure, jurisdiction, elections, pretrial motions, jury trials and ethics. Particular attention is paid to how both the Charter of Rights and Freedoms and Parliament continue to reshape this evolving area of law.

LAW 304 Units: 3.0 Hours: 6-0

Criminal Law Term
Provides students with a comprehensive understanding of the criminal process from its inception through the trial process and the corrections system. An intensive immersion program which will consider criminal procedure, sentencing and corrections, substantive criminal law, trial process and the law of evidence. Through a flexibly-designed program, students will consider all the major issues confronting the administration of criminal law.

Note: Students must normally take LAW 302 Criminal Law, LAW 303 Criminal Procedure, LAW 305 Sentencing in the same term as LAW 304. Part-time students are required to consult with the professor before registration in LAW 304 in order to make necessary accommodation arrangements and they are encouraged to complete two of the following three courses: LAW 302 Criminal Law II and LAW 303 Criminal Procedure and LAW 305 Sentencing before enrolment in LAW 304.

Prerequisite(s): LAW 309.
Corequisite(s): All of LAW 302, LAW 303, LAW 305.

LAW 305 Units: 1.5 Hours: 3-0

Sentencing: Law, Theory and Practice
Introduces students to the law, theory and practices of sentencing. Provides a brief overview of the historical development of punishment and sentencing, followed by an analysis of the theoretical basis for understanding the aims, purposes and justifications for punishment. Involves a detailed examination of the various sentencing options and the basic principles and rules of sentencing, including the rules governing sentencing hearings.

LAW 307 Units: 1.5 or 2.0 Hours: 3-0 or 4-0

Civil Procedure
An inquiry into the functions of a modern procedural system with specific reference to the development of a process which considers the extent to which the specific system under study aids in the achievement of justice, speed and economic resolutions of justifiable conflicts on their merits. Students will be introduced to the basic structure of a civil action and major items for consideration throughout the development of civil litigation. In the result, such matters as the expenses of litigation, jurisdiction, initial process, pleadings, amendment, joinder, discovery, disposition without trial and alternatives to adjudication will be discussed.

LAW 307B (2) Concentration in Drafting.

Note: 1.5 units or 2 units depending upon whether the course includes a concentration in drafting.

LAW 309 Units: 1.5 Hours: 3-0

The Law of Evidence
Examines objective structure and content of law governing proof of facts in civil and criminal trials, and before administrative tribunals. Critically examines rules of evidence respecting burdens of proof and presumptions, competence and compellability of witnesses, corroborative, hearsay, character, and opinion evidence in light of objectives of the legal process.

LAW 310 Units: 1.5 Hours: 3-0

Restitution
Acquaints the student with the existence and utility of the body of doctrine based upon the principle of preventing "unjust enrichment" and focuses upon the four major grounds upon which a right to restitutionary relief arises: (1) benefits conferred by mistake; (2) benefits conferred in the course of an ineffective transaction; (3) benefits conferred as a result of wrongdoing; and (4) benefits conferred in a non-officious context.

LAW 311 Units: 1.0 Hours: 2-0

Regulation of Financial Institutions
The role played by Canadian banks, insurance companies, and trust and loan companies as financial intermediaries and the need for a supervisory framework to protect both the soundness and safety of these institutions and the security of their customers. Topics will include jurisdictional issues, foreign banking, consumer insurance, institutional failures, and multi-national financial service agreements. Focus will be concentrated on the governing legislation, current financial statements, and contemporary issues presented in the business press.
LAW 312  
**Debtor and Creditor Relations**
Examines the remedies available to the unsecured creditor for the collection of debts, and the protections afforded to debtors. Looks at prejudgment remedies, the garnishment of wages and other debts, the enforcement of money judgments against real and personal property, and fraudulent conveyances and fraudulent preferences. 

**Units:** 1.5  
**Hours:** 3-0

LAW 313  
**Securities Regulation**
An overview of the law and policy aspects of securities regulation including the initial distribution of securities, the regulation of secondary market trading, takeover and issuer bid regulation, and the regulation of securities market intermediaries.

**Units:** 1.5  
**Hours:** 3-0

LAW 314  
**Commercial and Consumer Law**
The commercial and consumer law relating to the sale of goods and services, including an examination of the Sale of Goods Act and the Business Practices and Consumer Protection Act. Students are also introduced to the Vienna Convention on the International Sale of Goods. Formerly called Sale of Goods (1.0 to 1.5 units).

**Units:** 1.0 or 1.5  
**Hours:** 2-0 or 3-0

LAW 315  
**Business Associations**
Conceptual overview of business organizations including legal and fiduciary concepts in commercial relationships. Analyzes and discusses various legal forms for carrying on business, such as sole proprietorship, partnership, cooperatives and corporations. Also covers agency law. Recognizes that the corporation as an organizational form is of immense legal and commercial significance and accordingly focuses on statutory provisions and case law governing the modern corporation.

**Units:** 2.0 or 2.5  
**Hours:** 4-0 or 5-0

LAW 316  
**Secured Transactions and Negotiable Instruments**
After a brief history of chattel security law, focuses upon the law of secured transactions in personal property at both the consumer level and at the corporate level under the Personal Property Security Acts. Introduces the student to Bank Act security and to the law of negotiable instruments.

**Units:** 2.0  
**Hours:** 4-0

LAW 317  
**Real Property Transactions**
Adopts a transactional perspective and analyzes the development of a real property transaction from its inception to post-completion problems. Specific reference to listing the property for sale and the responsibilities and obligations of the agent under the Real Estate Act, specific matters relating to the interim agreement, financing of the purchase and assessment of title, as well as preparation of the file for closing. Brief consideration will be given to condominium law and landlord and tenant relations.

**Units:** 2.0  
**Hours:** 4-0

LAW 318  
Remedies
Highlights the interaction between the various substantive areas of private law (torts, property, contract and restitution). Additionally, the intersection between the common law and equity systems will be developed conceptually and historically. Topics include questions regarding damages, specific remedies, restitution, as well as analysis for alternative methods of remedial action through compensation schemes.

**Units:** 1.5  
**Hours:** 3-0

LAW 319  
**Trusts**
The trust as a mode of disposition of property for the benefit of successive or single beneficiaries, and the contrast is made with absolute dispositions. Comparison is made with other concepts of obligation and property holding. The creation, administration, variation and termination of express trusts are examined, and also the theory and applicability of resulting and constructive trusts.

**Units:** 1.5  
**Hours:** 3-0

LAW 320  
**Wills, Estates & Succession Planning**
Explores wills and intestate succession, variation of wills, and planning for legal incapacity. Examines common law and statutory provisions relating to wills, and intestate estates. Explores considerations affecting disposition of assets both before and after death, and planning for financial, health and personal care during life.

**Units:** 1.5  
**Hours:** 3-0

LAW 321  
**Competition Law**
Examines main areas of competition law including conspiracy to lessen competition, merger notification requirements, abuse of dominant position, vertical price restraints (such as predatory pricing, price discrimination, and resale price maintenance) and non-price vertical restraints (such as refusal to deal, tied selling, exclusive dealing, and market restrictions), and misleading advertising.

**Units:** 1.5  
**Hours:** 3-0

LAW 322  
**Family Law**
The institution of the family, both in its social and legal contexts. Specific reference will be had to law relating to marriage, divorce, custody, matrimonial property and the role of the lawyer in the resolution of family problems. Ideally suited to interdisciplinary teaching in order that the course may helpfully illustrate the impact of legal decision making on the social unit of the family.

**Units:** 1.5  
**Hours:** 3-0

LAW 323  
**Refugee Law**
The interplay between refugee law and human rights law; the nature of persecution; the meaning of “torture”; gender-based claims; the claims of military deserters and conscientious objectors; internal flight alternative; the exclusion of human rights abusers and criminals from refugee protection; eligibility to make a refugee claim; assessing credibility of refugee claimants; proceedings before the Refugee Protection Division, Pre-Removal Risk Assessments; applications for judicial review; comparative approaches to refugee protection.

**Units:** 1.5  
**Hours:** 3-0

LAW 324  
Children and the Law
The impact of law and legal institutions on children and their relations in society, considering such questions as adoption, affiliation, child protection, juvenile delinquency, custody and access. Attempts to bring the knowledge and expertise of specific, related disciplines to bear upon the development of law and the legal institutions in this area.

**Units:** 1.5  
**Hours:** 3-0

LAW 325  
**Access to Justice**
Examines the fact of diminishing access to justice and its implications for the public, professionals, the justice system and society as a whole. Provides a theoretical framework and practical ideas to help students recognize, understand and respond to access issues. Topics include: the causes, scale and consequences of unmet legal needs; strategies and initiatives to enhance access; and how access issues are forcing the justice system to rethink professional roles, responsibilities and ethics.

**Units:** 1.5  
**Hours:** 3.0

LAW 326A  
**The Individual Employment Relationship**
The law relating to the individual employment relationship. Covers the legal background and contemporary context of employment, the formation of the employment relationship, the rights and obligations of employers and employees under the contract of employment and protective legislation, the termination of employment and enforcement mechanisms. Although British Columbia is the focus, there is a comparative dimension.

**Units:** 1.5 or 2.0  
**Hours:** 3-0 or 4-0

LAW 326B  
**Labour Law**
An introduction to labour law focusing on the decisions of courts, arbitrators and administrators in a collective bargaining setting based on legislation. Collective bargaining for public servants and essential services employees under specific legislative regimes. The tension between industrial pluralism and human rights in collective bargaining will be examined.

**Units:** 1.5 or 2.0  
**Hours:** 3-0 or 4-0

lAW 327  
**Jurisprudence**
A wide variety of topics may be considered in order to develop a theoretical framework for the purpose and function of law in society. Various schools of jurisprudential thought will be analyzed, including the Natural Law school, the Positivist school, Pure Theory school, the Sociological school, the American and Scandinavian Realist schools as well as Historical and Anthropological Jurisprudence.
LAW 328 Units: 1.5 Hours: 3-0
Also: ES 419
Green Legal Theory
Develops critical theoretical basis for extending the understanding of social/natural regulation beyond mainstream environmental law and policy; individual research, presentation and contribution to a developing new ‘naturalist’ understanding of law in its political economy and cultural context.
Note: Credit will be granted for only one of LAW 328, ES 419, ES 450.

LAW 329 Units: 1.5 Hours: 3-0
Environmental Law
This is a foundational course for students interested in environmental law and policy. Students will acquire an overview of recent developments and debates within this area. Topics addressed include federalism and the environment, common law rights and remedies, public participation and judicial review, market mechanisms for environmental protection, endangered species, and trade and the environment. A key focus concerns the extent to which environmental law reflects, or fails to reflect, evolving social and other values.

LAW 330 Units: 1.5 Hours: 3-0
International Law
Public International Law is concerned with the legal relations of states and the individuals who compose them. Explores the way in which sovereign powers choose to govern their interrelationships and analyzes problems which confront them. Topics will include an examination of the international legal system, modes of international law creation and law enforcement as well as the process of international adjudication.

LAW 331 Units: 1.0 or 1.5 Hours: 2-0 or 3-0
International Ocean Law
Introduction to UN Convention on the Law of the Sea as a "constitution of the seas." Canadian perspective of how States regulate, enforce and manage uses of the oceans, including vessel navigation, marine resource exploitation and conservation. Contemporary topics include piracy, high seas driftnet fishing, the Northwest Passage and the "Line of Death."

LAW 332 Units: 1.5 Hours: 3-0
International Trade Law
Explores the major legal and policy aspects of the international trade regime in which the Canadian economy operates. Emphasis is upon core principles of international economic law applicable to the regulation of international trade. Particular attention is paid to the World Trade Organization and Canada's free trade agreements.

LAW 333 Units: 1.5 Hours: 3-0
Social Welfare Law
Helps students develop an understanding of the role of law, lawyers, and the legal system in addressing the problem of economic disadvantage. Topics include the origin and development of the Canadian welfare state, case studies of the issues of work, housing and income security, and the practice of poverty law as a strategy for change.

LAW 336 Units: 1.0 or 1.5 Hours: 2-0 or 3-0
Collective Agreements: Negotiation and Arbitration
A study of the negotiation and administration of collective agreements in the private sector. Topics will include labour negotiation theory, bargaining structure, grievance resolution, contract interpretation, individual rights and the role of the Labour Relations Board.
Prerequisite(s): LAW 328.

LAW 337 Units: 1.0 or 1.5 Hours: 2-0 or 3-0
Dispute Resolution: Theory and Practice
Examines the forms and functions of major disputing processes - mediation, negotiation and adjudication. These are the processes which are critical to lawyers and other persons concerned with preventing or resolving disputes. Both court adjudication and alternative dispute resolution (ADR) will be studied from theoretical, critical and practical perspectives. Examines and develops the skills used in various dispute resolution procedures.

LAW 338 Units: 1.5 Hours: 3-0
Mediation and Lawyers
An in-depth and critical examination of the use of the mediation process to resolve a wide variety of substantive disputes involving business, family, criminal, environmental, international, and public policy issues. Provides students with an opportunity to review and evaluate contemporary perspectives on the mediation process and to develop skills that successful mediators employ in helping parties resolve their disputes. Builds on the concepts studied in LAW 337.
Prerequisite(s):
• LAW 337 or
• permission of the faculty.

LAW 339 Units: 1.5 Hours: 3-0
Legal Theory Workshop
Explores the interdisciplinary nature of legal studies, using 20th century cultural, literary and political theory to explore legal thought and practice, including trans-systemic encounters of Inuit and non-Inuit legal orders in the Canadian North. Uses stories and popular cultural texts (film, video, television) as a primary resource.

LAW 340 Units: 1.5 Hours: 3-0
Indigenous Lands, Rights and Governance
The major legal issues concerning Indigenous peoples (Indian, Inuit and Métis) in Canada. Explores the development of Canadian case law relative to these groups and its simultaneous preservation and dispossession of Indigenous peoples' rights. Comparisons will be drawn from other countries dealing with Indigenous Rights. Examines aspects of legal pluralism, and assesses a variety of normative and political justifications for aboriginal rights.

LAW 341 Units: 1.5 Hours: 3-0
Introduction to the Legal History of "The BC Indian Land Question"
An introduction to common law and indigenous concepts of title and governance in the context of the legal history of British Columbia. Topics covered include the fur trade, colonization, law enforcement, treaty-making, reserve creation and the role of governments and Aboriginal organizations in the campaign for title and rights from the fur trade era to the Calder decision in 1973.

LAW 342 Units: 1.5 Hours: 3-0
Immigration and Citizenship Law
The laws regulating the admission and removal of foreign nationals to and from Canada, gaining access to Canada permanently - family class, skilled workers, business classes, humanitarian classes; the various Provincial Nominee Programs and the Canada-Québec Accord; temporary admission as a visitor or student and temporary worker; the impact of NAFTA; the processes for excluding and removing foreign nationals on grounds of health, security or criminality; the procedural and substantive criteria that determine citizenship.
Pre- or Corequisite(s): LAW 301.

LAW 343 Units: 0.5-2.0 Hours: 1.0-4.0
Contemporary Issues in Law
Contemporary and problematic legal issues will be examined in the light of existing legal rules, social and related implications, the legal process, and possible reform.
Notes:
• May be taken more than once for credit in different topics.
• Unit value may vary from 0.5 to 2 units per term.

LAW 344 Units: 1.5 Hours: 3-0
Insurance Law
The theory and elements of the practice of insurance law, with reference to the most common forms of both first party and third party insurance: property, life and motor vehicle insurance.

LAW 345 Units: 2.0 Hours: 4-0
Taxation
The basic principles of income tax law including such issues as taxable income, residence, income from employment, business or property, and capital gains. Deals in a general way with policy underlying certain aspects of the Income Tax Act and provides an introduction to certain specific provisions of that Act, concentrating primarily on personal income tax law.

LAW 346A Units: 1.0 or 1.5 Hours: 2-0 or 3-0
Advanced Taxation: Corporations
Builds upon the concepts studied in Taxation (345) and is concerned primarily with the Canadian income tax treatment of Canadian corporations and their shareholders.
Note: Credit will be granted for only one of LAW 346A, LAW 346.
Prerequisite(s): LAW 315 and LAW 345.

LAW 346B Units: 1.0 or 1.5 Hours: 2-0 or 3-0
Advanced Taxation: International Taxation
Builds upon the concepts studied in Taxation (345) and is concerned primarily with the international tax system as it functions in respect of Canadian income tax treatment of non-residents (both individuals and corporations) on Canadian source income and tax treatment of foreign source income of Canadian residents. Includes the study of Canada's tax treaties, taxation of Canadian corporations on income of foreign subsidiaries and branches, and other aspects of international taxation.
Prerequisite(s): LAW 345.
LAW 347  
**Units:** 1.5  
**Hours:** 3-0  
**Intellectual Property**
A study of the concept of intellectual property and the principles and policies of selected areas of intellectual property law, primarily: (a) registered trade marks and related common law provisions and (b) copyright in its categories of "literary," "dramatic," "musical," and "artistic" works and with a focus upon new technologies such as photocopying, videotaping and computer programming. Includes a brief introduction to the law and policies of patents, industrial designs and confidential information. Where appropriate, attention is drawn to the interrelationship and boundary issues between the categories that together comprise the subject of intellectual property.

**Prerequisite(s):** LAW 347.

LAW 348  
**Units:** 1.5  
**Hours:** 3-0  
**Managing Intellectual Property**
Explores processes and framework for obtaining, retaining, assigning and licensing selected Intellectual Property Rights (IPRs) including industrial and entertainment-related IPRs. Instruction and evaluation will involve principally the completion of appropriate documentation and will include strategies for protecting, managing and marketing IPRs.

**Prerequisite(s):** LAW 347.

LAW 349  
**Units:** 1.5-3.0  
**Hours:** 3-0  
**Business Law Clinic**
Using a clinical approach, students will apply knowledge gained in LAW 315 Business Associations as they assist small business owners and those who are considering going into business to assess their legal requirements. By working with the Clinic Counsel and with the mentors from the Victoria Bar, students develop practical legal skills and examine the role of the legal profession in the small business environment.

**Notes:**
- May be taken more than once for credit with permission of the faculty to a maximum of 3 units.
- Priority will be given to students registering in the course for the first time.

**Pre- or Corequisite(s):** LAW 315.

Grading: COM, N, F.

LAW 350  
**Units:** 7.5  
**Hours:** 6-0  
**Clinical Term**
Students receive training in interviewing, counselling, negotiation, mediation, advocacy before Provincial Court and administrative tribunals, and drafting. Represent numerous clients who present with problems related to the criminal law, corrections law, family law, human rights law, and variety of civil law issues. Develop awareness of legal and social problems of economically disadvantaged, significantly ill, liberty challenged, indigenous and aged members of society.

**Prerequisite(s):** LAW 309.

Grading: COM, N, F.

LAW 352  
**Units:** 3.0-8.0  
**Exchange Law Term**
With the permission of the Dean, or his or her designate, where the Faculty of Law has entered into an exchange program or agreement with another law faculty in Canada or elsewhere, a student may be allowed to enrol in this term, for up to 8 units towards his or her JD degree at the University of Victoria.

**Note:** The terms and conditions of a student's enrolment in an exchange term, the number of credits for which the student may be enrolled, and the requirements for successful completion of term are governed by the regulations adopted by the Faculty for this program.

Grading: COM, N, F.

LAW 353  
**Units:** 1.0-2.0  
**Hours:** 3-0  
**Environmental Law Centre Clinic**
An opportunity to study the theory and engage in the practice of public interest environmental lawyering in a supervised clinical setting. Students enrolled in the Clinic will be responsible for the legal representation of a designated client. The class meets for a weekly seminar to discuss ongoing projects and related readings, and to exercise skills. Throughout the term, every student will submit a major written product prepared for a designated client.

**Note:** May be taken more than once for credit in different topics with permission of the faculty to a maximum of 4 units.

Grading: COM, N, F.

LAW 354  
**Units:** 1.5  
**Hours:** 3-0  
**Forest Law and Policy**
Assesses the record of reform in a variety of areas (including forest tenures, practices, stumpage, cut regulation and land use planning) against the overarching metric of sustainability. A disciplinary approach is used. Considers emerging topics such as forest certification and First Nations forestry.

LAW 355  
**Units:** 2.0  
**Hours:** 4-0  
**Legal Skills**
Uses materials from substantive law to examine and develop the skills of the lawyer in interviewing, counselling and negotiating.

Grading: COM, N, F.

LAW 356  
**Units:** 2.0  
**Hours:** 4-0  
**Advocacy**
Involves a critical analysis of the trial process including the demonstration and evaluation of various techniques of advocacy and their relationship to the law of evidence and procedure. In particular, the objectives and techniques of pretrial motions, examinations for discovery, examination and cross examination of witnesses, exhibits, and the presentation of legal argument will be considered.

**Prerequisite(s):** LAW 309.

Grading: COM, N, F.

LAW 357  
**Units:** 1.5  
**Hours:** 3-0  
**Sexual Orientation and the Law**
Explores how the law treats gay, lesbian, bisexual, two spirited, transgendered and queer persons differently than heterosexuals either because of its substantive contents or because of its applications in practice by courts and tribunals. Legal issues will be considered in their historical, social, and political contexts. Some comparative analysis will be included. Particular topics to be considered in depth will be selected by the instructor in consultation with students.

LAW 358  
**Units:** 1.5  
**Hours:** 3-0  
**Race, Ethnicity, Culture and the Law**
Examines the interaction between law, race and ethnicity in contemporary Canadian society employing a broad range of perspectives to analyze and debate critically the activities, policies and interactions of legal and social institutions. The continuing existence of personal and institutional racism, its effects on minority individuals and groups, and resistance to it within minority ethnic and cultural communities will also be considered. Topics include: race theory; multiculturalism and nationalism; immigration and refugee policy; intersections of race and gender; employment equity; policing and race; race and ethnicity in the administration of justice; race and the legal profession; and, First Nations justice.

LAW 359  
**Units:** 1.5  
**Hours:** 3-0  
**Civil Liberties and the Charter**
Examines the relationship between government and the individual. The major emphasis will be upon the development and protection of civil liberties and human rights in Canada. Reference may also be made to Human Rights Legislation and International Agreements.

LAW 360  
**Units:** 1.5  
**Hours:** 3-0  
**Legal Ethics and Professionalism**
Examines ethical and professional dimensions of the practice of law in Canada and other jurisdictions including the meanings of ethics and the nature of professionalism. Covers the knowledge and skills needed to identify and address ethical dilemmas arising in a legal context. Considers topics such as the nature and scope of a lawyer’s duties; admission to, governance of, and critical issues affecting the legal profession; critical thinking about legal ethics and professionalism.

Grading: COM, N, F.

LAW 361  
**Units:** 1.5  
**Hours:** 3-0  
**Historical Foundations of the Common Law**
The development of English legal systems have had a profound impact on Canada as well. Beginning with 11th century European developments, considers a number of topics, such as Anglo-Saxon England and the Norman Conquest, the development of common law and equity, criminal law and 19th century developments, ending with some analysis of the “reception” of English law in the colonies.

LAW 363  
**Units:** 1.5  
**Hours:** 3-0  
**Conflict of Laws**
Seeks to illustrate problems arising out of the interaction of laws and legal systems. Such important questions as choice of law, recognition of foreign judgments, doctrines of domicile and renvoi will be investigated in order to develop an understanding of the choices and values inherent in decision making in this area.
LAW 364  Units: 1.5  Hours: 3-0  Law, Governance and Development
In the era of globalization public law reform has become an increasingly important aspect of development. How can developing democracies and post-conflict societies deal effectively with corruption and abuse of power, and establish political stability and sustainable development? Examines the nature and prospects of law and governance in the developing world, focusing mainly on the Commonwealth states of Asia and Africa.

LAW 365  Units: 1.0-4.0  Hours: 2-0  Legal Mooting
A student may be awarded credit in the second and third years of their program to a maximum of 2 units in each year and 4 units in the student’s entire program, for supervised participation in mootings programs approved by the Dean. Students cannot participate in more than one moot in a single academic year.
Grading: COM, N, F.

LAW 366  Units: 1.0 or 1.5  Hours: 2-0 or 3-0  Patent Law
A study of the principles and practical implications of patent protection in Canada. Discussions will include the fundamental concepts of patentability, validity, infringement and commercial exploitation of patentable technology, ultimately leading to a focus on the Canadian patent growth area of pharmaceutical and biotechnological product and process protection. There will also be a brief comparative view of the United States’ and Japanese systems in contrast to the Canadian patent system.

LAW 367  Units: 1.5  Hours: 3-0  Communications Law and Policy
Explores the legal and policy framework for electronic communications media that enable today’s ‘information age’. Focuses on the policy and regulatory frameworks for (1) telecommunications services, including telephone, cable TV, Internet, mobile and fixed wireless and satellite services, and (2) TV and radio broadcasting and other audio-visual content services including Internet TV services. Competition, deregulation, convergence and the transition to Internet and wireless-based telecommunications and media content services are also covered.

LAW 368  Units: 1.5  Hours: 3-0  Indigenous Feminist Legal Studies
Takes an interdisciplinary and intersectional approach to selected legal issues concerning indigenous women in Canada and elsewhere. Critically examines a range of legal and political issues and perspectives (i.e., indigenous feminisms, indigenous feminist legal theories, citizenship, nationhood and political collectivities, governance, aboriginal rights and title, Charter rights and freedoms, human rights, Indian Act, indigenous legal traditions, and criminal justice).

LAW 369  Units: 1.5  Hours: 3-0  Feminist Legal Theories
Explores critiques of law and legal reasoning from several feminist perspectives. Topics include feminist critiques of liberal legal theory, anti-racist feminism and legal analysis, feminist epistemologies and legal reasoning, and feminist theories regarding women’s relationships to law and to the state.

LAW 370  Units: 1.5  Hours: 3-0  Law and Society in Southeast Asia
Introduces, in comparative and socio-legal perspective, the laws and legal systems of SE Asia. The main emphasis is on Indonesia, Malaysia, Singapore, Thailand and Vietnam. Deals comparatively with the principal legal issues of interest in the region, namely legal sources, traditions and institutions; legal pluralism and family law; constitutional reform; and the use of law for economic development.

LAW 372  Units: 1.5  Hours: 3-0  Public Policy, Law and Dispute Resolution
Examines a range of issues of governance and justice. Focuses on the interaction of political, legal and administrative institutions and processes as they respond to such pressures as the demand for enhanced representation, public participation and direct democracy, access to justice and alternative dispute resolution, aboriginal self-government, fiscal restraint, public accountability and ethics.

LAW 373  Units: 1.5  Hours: 3-0  International Human Rights and Dispute Resolution
Explores linkages between international human rights law, conflict analysis and dispute resolution. Participants explore literature from several disciplines including international law, history, philosophy, anthropology, political science and conflict studies. United Nations, regional and national human rights instruments and mechanisms are examined for their efficacy in human rights protection. Concerns of individuals, including women and children, non-state groups and indigenous peoples are addressed. Students develop skills in human rights analysis, advocacy and dialogue.

LAW 376  Units: 1.5  Hours: 3-0  International Environmental Law
Develops a practical and theoretical understanding of the development and current state of international environmental law (IEL). Treats IEL as a diverse form of regime-based global governance that embodies both regulations and a complex array of institutional arrangements. Provides a general background to the field, an understanding of diverse sectoral regimes, and a theoretical approach that can inform and crosscut these regimes.

LAW 377  Units: 1.5  Hours: 3-0  International Arbitration
Introduces students to international arbitration, including arbitral agreements, applicable law, the enforcement of arbitral awards and arbitrations involving state parties. Particular attention is paid to investment treaty arbitration and the role international arbitration plays in the process of globalization.

LAW 378  Units: 1.5  Hours: 3-0  Equality, Human Rights, and Social Justice Law
Examines the role of law and of legal conceptions of equality in struggles by equity seeking groups and individuals for social justice in Canada. Topics covered include the relation of social movements to law and social change. Charters equality rights and strategic litigation, the institutional and jurisprudential frameworks of domestic human rights law, and critical theoretical debates pertaining to anti-discrimination law.

LAW 379  Units: 1.5  Hours: 3-0  Law and Religion
Explores historical, contemporary, and conceptual relationships between law and religion. Takes an interdisciplinary approach, engaging legal, theoretical, and historical sources. Considers topics such as the role of religion in the development of the Western legal tradition, constitutional protection of religion, religion and equality, religion and legal pluralism, religion and public decision-making, and contemporary controversies in law and religion. Primary focus on Canadian setting with some attention to other national traditions and international issues.

LAW 380  Units: 1.5  Hours: 3-0  Bioethics, Personhood and the Law
Introduction to contemporary bioethical issues and their legal dimensions. Considers medical and biotechnological debates implicating human and nonhuman life at various stages. Current and prospective legal regulation is assessed through multiple critical theoretical frameworks related to gender, disability, age, class, race, sexual identity and culture. Engages centrally with legal concepts of personhood, dignity and equality.

LAW 381  Units: 1.5  Hours: 3-0  Animals, Culture and the Law
Introduction to posthumanist studies and their legal applications. Explores multiple theoretical approaches supporting animal advocacy and investigates their application to a number of current legal and cultural controversies regarding animal-human relations. Examines the cultural meanings of the terms "human", "animal" and "species". Links with differences such as race, gender, culture and class are explored. Current legal proposals to change animals’ property status also considered.

LAW 382  Units: 1.5  Hours: 3-0  Pension Law and Policy
Introduction to Canadian pension law and policy. Examines the pension system, its historical development and the regulatory schemes that govern it. Canvasses influence of demographics, the changing labour market, privatization, neo-liberalism and globalization on pension coverage and inclusion. Considers law reform and policy debates.

Note: Credit will be granted for only one of LAW 379, LAW 343 (if taken in the same topic).
<table>
<thead>
<tr>
<th>Course Code</th>
<th>Units</th>
<th>Hours</th>
<th>Description</th>
</tr>
</thead>
</table>
| LAW 383 | 1.5 | 3-0 | Municipal Law and Sustainability
| | | | Introduction to the principles of municipal law in Canada, including judicial review, service and regulatory powers, taxation, and public liability. Particular attention will be given to land use planning and its role in community sustainability.
| | | | Note: Credit will be granted for only one of LAW 383, LAW 343 (if taken in the same topic).
| LAW 384 | 1.5 | 3-0 | Field Course in Environmental Law and Sustainability
| | | | Analyzes the structure of law, policy, and sustainability in a particular geographic region. Review of overlapping jurisdictional and governance systems that shape a region.
| | | | Notes:
| | | | • Credit will be granted for only one of LAW 384, LAW 343 (if taken in the same topic), ES 403.
| | | | • Undergraduate course in Law and Environmental Studies offered by the Faculty of Law and School of Environmental Studies in the Faculty of Social Sciences.
| LAW 385 | 1.0 or 1.5 | 2-0 or 3-0 | Comparative Copyright Law
| | | | Analyzes copyright law and policy in the United States and Canada. Comparison is also made between "copyright" in Anglo-American common law jurisdictions and droit d'auteur ("author's rights") in civil law jurisdictions, with France as the example. Legal theories and the relationship of both systems with "traditional knowledge" or cultural property are considered.
| | | | Note: Credit will be granted for only one of LAW 385, LAW 343 (if taken in the same topic).
| LAW 386A | 2.0 | 0-2-2 | Environmental Law Centre Clinic Intensive: Legal Skills & Sustainability
| | | | Intensive public interest environmental law clinical program in which students are supervised as they assist conservation, community and First Nations clients with legal representation, advocacy services and advice. Students receive training in client interviewing and counseling, file management, professional responsibility and litigation practice, and are introduced to a variety of sustainability law.
| | | | Note: Credit will be granted for only one of LAW 386A, LAW 353A.
| | | | Corequisite(s): LAW 335.
| | | | Pre- or Corequisite(s): LAW 329.
| | | | Grading: COM, N, F.
| LAW 386B | 2.0 | 0-2-2 | Formerly: 353A
| | | | Environmental Law Centre Clinic Intensive: Problem Solving
| | | | Students receive training in negotiation, collaborative project delivery, and workshop facilitation, and undertake specialized tutorials tailored to urban and rural sustainability with a view to resolving environmental disputes. Students undertake sustained engagement with cases, including litigation, and clients.
| | | | Note: Credit will be granted for only one of LAW 386B, LAW 353A.
| | | | Pre- or Corequisite(s): All of LAW 329, LAW 353, LAW 386A.
| | | | Grading: COM, N, F.
| LAW 387 | 1.5 | 3.0 | Health Law
| | | | Explores legal issues and debates relating to healthcare from a socio-legal perspective. Considers how legal doctrine and the regulation of medical treatment and healthcare professionals impact rights, personhood and the definition of health itself. Centrally attends to issues of equality, dignity and difference.
| | | | Note: Credit will be granted for only one of LAW 387, LAW 343 (if taken in the same topic).
| LAW 388 | 1.5 | 3-0 | Advanced Legal Research and Writing
| | | | Builds upon the research and writing skills learned in the first year. Students will explore a wide range of research sources, both legal and nonlegal, including computer assisted legal research. Students will analyze various types of legal writing. The importance of context, organization and audience in legal writing will be stressed. Parts, sections or clauses of written documents will be analyzed, evaluated, criticized, edited and rewritten to improve and develop the students' analytical and writing skills.
| LAW 389 | 1.0-2.0 | 2-0-4.0 | Appeal - Review of Current Law and Law Reform
| | | | UVic Law's legal journal offers students the opportunity to participate, as members of the editorial board, in the production of a legal review. Students involved are responsible for running all aspects of the journal. In addition, each student is to prepare and submit a paper for possible publication. The editorial board is chosen by a committee. Applications for editorial board membership are accepted during the spring balloting period. Despite the absence of formal prerequisites, Appeal encourages interested students in their first year to become involved with the journal through volunteer work.
| | | | Note: With the approval of the Dean or the Dean's nominee: (1) a student may be given credit for this course twice to a maximum of 4 units, and (2) in exceptional circumstances the course may be taken for only 1 unit. Maximum enrolment: 10.
| | | | Grading: COM, N, F.
| LAW 390 | 0 | | Major Paper Requirement
| | | | In order to complete the Major Research Paper requirement for the JD degree, a student must enrol in LAW 390. A student must obtain (written) permission of a full-time faculty member who has agreed to supervise the student's Major Research Paper in the context of an existing course within the Faculty. The grade assigned to the Major Research Paper will be the grade of record for LAW 390. However, LAW 390 is a non-credit course. Credit for the Major Research Paper is given only in the context of the course in which the Major Research Paper is completed.
| LAW 391 | 1.0-2.0 | 2-0-4.0 | Supervised Group Project
| | | | Upper-year students may undertake a program of supervised group study as a basis for working through some common interest in law. Groups will ordinarily have a maximum of twelve members. They will be formed on the students' initiative but will require the agreement of a faculty member to act as the project supervisor. Students who are contemplating the formation of a group are responsible for designing a project proposal and securing a faculty supervisor. They should discuss their plans with the Dean or Associate Dean as early as possible in the academic year prior to the year in which the project will be undertaken so that the necessary planning can be done and approval secured. All group projects require the written approval of the Dean and may be allowed to extend over two terms. In exceptional circumstances and with the written approval of the Dean, group members may enrol in the course for differing credit values depending on the level of their participation in the project provided that the unit value for each student is determined prior to his or her enrolment in the course.
| | | | Note: May be taken more than once for credit with permission of the faculty to a maximum of 4 units.
| LAW 392 | 1.5 | 3.0 | Water Law
| | | | Water is emerging globally as the most important use or property entitlement that affects lands, community health, commerce (including agriculture), urban development and regional sustainability. Explores the structures of law and policy that shape the use and entitlement to water and its governance in Canada. Include case studies and select topics from European and U.S. water regimes, aboriginal water rights, water markets, and water quality.
| | | | Note: Credit will be granted for only one of LAW 392, LAW 343 (if taken in the same topic).
| LAW 393 | 1.5 | 3.0 | Contaminated Sites and Environmental Remediation
| | | | Provides students with tools to represent clients in complex legal issues surrounding contaminated sites and environmental remediation central to modern environmental regulation, law and practice; advocate for law reform, and to gain a familiarity with relevant legal and scientific scholarship. Considers social and regulatory context of land contamination, and legal and policy options for achieving timely and effective remediation.
| | | | Note: Credit will be granted for only one of LAW 393, LAW 343 (if taken in the same topic).
LAW 394 — Environmental Law and Science

Environmental law involves the convergence of public policy and complex scientific issues. This seminar course explores the theoretical and practical intersections between law and science, focusing on environmental and natural resources. Students examine issues that arise when the scientific method and reasoning processes meet legal burdens of proof in the courtroom. The role of expert opinion evidence will be examined, as well as the use of science in the drafting of legislative instruments.

Note: Credit will be granted for only one of LAW 394, LAW 343 (if taken in the same topic).

LAW 395 — Comparative Indigenous Rights

Note: Credit will be granted for only one of LAW 395, LAW 343 (if taken in the same topic).

LAW 396 — Nonprofit Sector Law

Examines the legal organization and regulation of organized civil society in Canada. Explores the legal characteristics of civil society organizations, including charities, not-for-profit corporations, co-operatives and social enterprise vehicles. Examines corporate, property, and tax laws applicable to these forms of organization. Introduces students to legal and theoretical issues, including prohibition on advocacy by charitable organizations, and the degree of independence of such organizations from the state. Comparisons are drawn with other jurisdictions.

Note: Credit will be granted for only one of LAW 396, LAW 343 (if taken as section A07 ‘The Voluntary Sector’ in Jan-Dec 2014, or section A04 ‘The Voluntary Sector’ in Sep-Dec 2015).

LAW 397 — Indigenous Legal Theories

Focuses on developing theoretical legal perspectives about Indigenous law, its engagement, operation, and practice. Explores and challenges a range of theoretical approaches including Indigenous interpretive theories, Indigenous critical theories, and Indigenous feminist legal theories, broad theoretical constructs and theorization of specific themes within selected legal orders (e.g., property, lands and resources, justice, or gender). Engages western legal and political theories, Indigenous law research methodologies and substantive law, and Indigenous political and legal scholarship.

Note: Credit will be granted for only one of LAW 397, LAW 343 (if taken in the same topic).

LAW 399 — Supervised Research and Writing

Supervised Research and Writing

During either of the second or third years of a student's program, a student may undertake a substantial research and writing project on a legal subject approved by a member of the Faculty of Law who agrees to supervise the project. With the approval of the Dean or the Dean's nominee: (1) a student may be awarded credit for two separate supervised research papers provided that the total credit does not exceed 4 units and each paper is started and completed in separate terms; (2) this course may be extended over two terms; and (3) this course is to be taken for 1 unit only.

LING 099 — English as a Second Language

A non-credit course in composition skills for students whose native language is not English.

Notes:
- • May be repeated for a total of four terms.
- 3 fee units.
- Normally taken before ENGL 101.

Grading: COM, N, F.

LING 100A — Foundations of Linguistics I

An introduction to the subject matter and core foundations of language and linguistics. Topics studied will include an overview of sounds and sound systems, writing systems, word structure, sentence structure, and meaning.

Notes:
- • Credit will be granted for only one of LING 100A, LING 100B, LING 101, LING 360, LING 362.
- • Knowledge of a language other than English not necessary.

Grading: COM, N, F.

LING 100B — Foundations of Linguistics II

Formerly: half of 100

Explores foundational concepts in linguistics as applied to the study of language in society, language in the mind and brain, first and second language acquisition, language families, typological classification and historical language change.

Note: Credit will be granted for only one of LING 100A, LING 100B, LING 101, LING 360, LING 362.

Prerequisite(s):
- • LING 100A or LING 181;
- or permission of the department.

LING 157 — Learning to Learn: Supporting Indigenous Language Learning

A 100-hour mentorship with a fluent speaker or speakers to build oral fluency in an Indigenous language at the introductory level.

Notes:
- • May be taken more than once for credit with permission of the department.
- • Subject to the "Guidelines for Ethical Conduct" and "Regulations Concerning Practica".
- • Credit will be granted for only one of LING 157, IED 157.

Prerequisite(s):
- • Admission to BEd or Diploma program in Indigenous Language Revitalization or admission to Certificate program in Aboriginal Language Revitalization,
- or permission of the department.

Grading: COM, N or F.

LING 158 — Indigenous Language Mentorship I

Formerly: half of 100

A 100-hour mentorship with a fluent speaker or speakers to build oral fluency in an Indigenous language at the introductory level.

Notes:
- • May be taken more than once for credit with permission of the department.
- • Subject to the "Guidelines for Ethical Conduct" and "Regulations Concerning Practica".
- • Credit will be granted for only one of LING 157, IED 157.

Prerequisite(s):
- • Admission to BEd or Diploma program in Indigenous Language Revitalization or admission to Certificate program in Aboriginal Language Revitalization,
- or permission of the department.

Grading: JNP, COM, N, F.
LING 159 - LING 185

LING 159  Units: 1.5  Hours: 3-0
Also: IDE 159
Indigenous Language I
Teaching and learning of an Indigenous language at the first-year level.
Notes:
• May be taken more than once for credit with permission of the department.
• May be counted towards the second language requirement of the BA in Applied Linguistics and of the Diploma in Applied Linguistics.
May not be counted toward any degree program in Linguistics or Applied Linguistics, or a Diploma in Applied Linguistics.
Prerequisite(s): Admission to BEd or Diploma program in Indigenous Language Revitalization or admission to Certificate program in Aboriginal Language Revitalization.
Grading: INP, COM, N, F.

LING 177  Units: 1.5  Hours: 3-0
Language Myths and Facts
Explores puzzles, problems and ideas that shape what linguistics studies. Topics may include: whether emojis or Klingon are real languages; how many languages there might be; how languages differ; whether languages have structure; how human beings know language; what language is for; whether languages have power or economic value; whether languages can sleep; how language is connected to culture and place; what counts as language data and how it is documented.

LING 180A  Units: 1.5  Hours: 3-0
Formerly: part of 180
Dynamics of Indigenous Language Shift
Introduces the human dynamics and political and social factors associated with Indigenous language shift and language loss, including the profound psychological, intellectual and spiritual effects on individuals, families, communities and cultures. Language revitalization may be explored as a source of healing and empowerment.
Note: Credit will be granted for only one of LING 180A, LING 190.
Prerequisite(s):
• Admission to BEd or Diploma program in Indigenous Language Revitalization or admission to Certificate program in Aboriginal Language Revitalization; or
• permission of the department.

LING 180B  Units: 1.5  Hours: 3-0
Formerly: part of 180
Issues, Principles and Best Practices in Language Revitalization
Introduces contemporary issues, principles and practice models in the revival, maintenance and revitalization of Indigenous languages in Canada and around the world. Participants identify community assets supporting individual, family and community language revitalization.
Note: Credit will be granted for only one of LING 180B, LING 180.
Prerequisite(s):
• Admission to BEd or Diploma program in Indigenous Language Revitalization or admission to Certificate program in Aboriginal Language Revitalization; or
• permission of the department.

LING 181  Units: 1.5  Hours: 3-0
Introductory Linguistics for Language Revitalization
Introduces topics in the study of language and linguistics, providing a foundation for understanding language revitalization. Topics include the nature of sound systems and how they relate to orthographies, literacy, word structures and dictionaries, sentence structures and understanding texts, meaning and vocabulary, linguistic aspects of language acquisition and historical change. Develops understanding of the languages targeted for revitalization and provides an introduction to linguistic concepts and reference materials.
Note: Credit will be granted for only one of LING 181, LING 100, LING 100A, LING 360, LING 362.
Prerequisite(s):
• Admission to BEd or Diploma program in Indigenous Language Revitalization or admission to Certificate program in Aboriginal Language Revitalization; or
• permission of the department.

LING 182  Units: 1.5  Hours: 3-0
Language Learning, Language Revitalization and Social Action
Examination of formal and informal approaches to language teaching and learning in Indigenous community settings. Topics include forms of language acquisition, Indigenous teaching and learning strategies, how strategies are related to community needs and goals and the role of community and community members in teaching and learning. Emphasis on strategies for mobilizing social and political forces for language maintenance and revival.
Prerequisite(s):
• Admission to BEd or Diploma program in Indigenous Language Revitalization or admission to Certificate program in Aboriginal Language Revitalization; or
• permission of the department.

LING 183A  Units: 1.5  Hours: 3-0
Formerly: part of 183
Field Methods for Language Preservation and Revitalization: Documentation and Recording
An examination of planning, strategies, protocols and methods of data collection, analysis and organization appropriate for field activities associated with language preservation and revitalization. Focus on elicitation methodologies, audio recording, digital file management, strategies for community involvement, protocols, ethical and intellectual property issues.
Note: Credit will be granted for only one of LING 183A, LING 183B, LING 183.
Prerequisite(s):
• Admission to BEd or Diploma program in Indigenous Language Revitalization or admission to Certificate program in Aboriginal Language Revitalization; or
• permission of the department.

LING 183B  Units: 1.5  Hours: 3-0
Formerly: part of 183
Field Methods for Language Preservation and Revitalization: Project Development
An examination of project planning and development appropriate for field activities associated with language preservation and revitalization. Topics include interview and language-data recording methods, language documentation and database development, building an archive, approaches to sharing information, media production, publishing and media production models, strategies for community involvement, project planning, protocols and ethical intellectual property issues are implemented through projects.
Note: Credit will be granted for only one of LING 183B, LING 183.
Prerequisite(s):
• Admission to BEd or Diploma program in Indigenous Language Revitalization or admission to Certificate program in Aboriginal Language Revitalization; or
• permission of the department.

LING 184  Units: 1.5  Hours: 3-0
Indigenous Language Materials Development
Preparation and evaluation of curriculum and classroom materials for teaching Indigenous languages. Theory and application of curriculum development to immersion/ language programs: designs, organizational patterns, materials, and media, change strategies and evaluation. Micro-teaching will provide practice in the teaching methods under study.
Prerequisite(s):
• Admission to BEd or Diploma program in Indigenous Language Revitalization or admission to Certificate program in Aboriginal Language Revitalization; or
• permission of the department.

LING 185  Units: 1.5 or 3.0
Indigenous Language Revitalization Practicum
A 70 or 140 hour work-study under the mentorship of an Elder or fluent speaker to develop understanding of local language preservation and revitalization issues and strategies. Focus on local language revitalization program planning and collaboration with local language workers.
Note: Subject to the "Guidelines for Ethical Conduct" and "Regulations Concerning Practica".
Prerequisite(s):
• Admission to BEd or Diploma program in Indigenous Language Revitalization or admission to Certificate program in Aboriginal Language Revitalization; and
• permission of the department.
Grading: INP, COM, N, F.
LING 186 - LING 309

LING 186  Units: 1.5  Hours: 3-0
Language in Indigenous Culture
An intensive examination of the ways in which language is embedded in the cultural heritage and social context of a selected community, with a focus on oral history, including legends, song, dance, and cultural practices, methods and protocols, along with the impacts and implications of social change on language.

Note: Normally delivered in community settings to students and non-credit participants with a focus on the language and culture of the community.

Prerequisite(s):
• Admission to BEd or Diploma program in Indigenous Language Revitalization or admission to Certificate program in Aboriginal Language Revitalization; or
• permission of the department.

LING 187  Units: 1.5  Hours: 3-0
Special Topics in Language Revitalization
An intensive study of some aspect of language preservation and/or revitalization.

Note: May be taken more than once for credit with permission of the department.

Prerequisite(s):
• Admission to BEd or Diploma program in Indigenous Language Revitalization or admission to Certificate program in Aboriginal Language Revitalization; or
• permission of the department.

LING 200  Units: 1.5  Hours: 3-0
Formerly: 250 and 251
Introduction to Phonetics and Phonology
Introduction to the phonetic properties of speech sounds and their organization into sound systems. Practice in recognizing, transcribing and describing sounds. Basic principles and methods of phonological analysis and theory.

Note: Credit will be granted for only two of LING 200, LING 250, LING 251.

Prerequisite(s): LING 100A or LING 181.

LING 203  Units: 1.5  Hours: 3-0
Introduction to Morphology and Syntax
Introduction to word structure (morphology) and sentence structure (syntax). Practice in analyzing words and sentences; introduction of elements of morphological and syntactic theories.

Note: Credit will be granted for only one of LING 203, LING 210, LING 210B, LING 252.

Prerequisite(s): LING 100A or LING 181.

LING 204  Units: 1.5  Hours: 3-1
Developing Research Skills in Linguistics
A project-based course with emphasis on research skills used across subdisciplines in linguistics. Topics include: formulating research questions, conducting literature reviews, creating and referencing primary and secondary sources of data, recording techniques, transcription, experimental design and ethical considerations.

Recommendation(s): Recommended prior to LING 411, LING 412, LING 461, LING 486, and LING 495.

LING 258  Units: 1.5  Hours: 3-0
Also: IED 258
Indigenous Language Mentorship II
A 100-hour mentorship with a fluent speaker or speakers to build oral fluency in an Indigenous language at the second-year level.

Notes:
• May be taken more than once for credit with permission of the department.
• May be counted towards the second language requirement of the BA in Applied Linguistics and of the Diploma in Applied Linguistics.

Prerequisite(s):
• One of LING 158, LING 159, IED 158, IED 159; and
• admission to BEd or Diploma program in Indigenous Language Revitalization or admission to Certificate program in Aboriginal Language Revitalization; or
• permission of the department.

Grading: INP, COM, N, F.

LING 259  Units: 1.5  Hours: 3-0
Also: IED 259
Indigenous Language II
Teaching and learning of an Indigenous language at the second-year level.

Notes:
• May be taken more than once for credit with permission of the department.
• May be counted towards the second language requirement of the BA in Applied Linguistics and of the Diploma in Applied Linguistics.

Grading: INP, COM, N, F.

LING 261  Units: 1.5  Hours: 3-0
Also: PAAS 279
Introduction to Chinese Language and Linguistics
Introduces the synchronic and diachronic descriptions of Chinese. Subjects covered may include phonology, morphology, syntax, semantics, historical changes, poetics, dialectology, orthography, the sociolinguistic and psycholinguistic aspects of Chinese, the relationship between the Chinese language, thought, and culture, and the history of Chinese linguistics.

Notes:
• Credit will be granted for only one of LING 261, CHIN 261, PAAS 279.
• Previous knowledge of Chinese not necessary.

LING 270  Units: 1.5  Hours: 3-0
The Evolution of Language
Explores how language evolved in the human species but not in others. Topics include whether language emerged gradually or suddenly, what its evolutionary precursors might be and what kinds of selective pressures have made language adaptive.

LING 272  Units: 1.5  Hours: 3-0
Formerly: LING 172
Introduction to Indigenous Languages of British Columbia
An examination of the Indigenous languages of British Columbia, focusing on unique features. Also considered are techniques for language study from written and audio materials and with elders, and the revitalization of local languages.

Note: Credit will be granted for only one of LING 272, LING 172.

LING 290  Units: 1.5  Hours: 3-0
Writing: Encoding Language
Explores the categories and unique characteristics of a sampling of ancient and modern writing systems including writing systems of Indigenous languages in Canada, focusing on primarily visual systems and on the relationship of writing to language. Examines diverse representational systems, which may include non-visual systems like Braille, textile-based systems and graffiti, in order to gain an understanding of the nature of writing. Additional topics may include origins, social context and acquisition of writing.

LING 295  Units: 1.5  Hours: 3-0
Formerly: LING 195
The Social Side of English Grammar
An examination of the ideal of “good grammar” and its role in society and in language learning and teaching. Topics include origins and sources of traditional ideas of “good grammar”, challenges to traditional views, the role of arbiters of grammar, grammar and the changing media, (sub)cultures and grammar, and grammar and the marketplace.

Note: Credit will be granted for only one of LING 295, LING 195.

LING 297  Units: 1.5  Hours: 3-0
Introduction to Selected Topics in Linguistics
Study of sentence grammar using description, analysis, argumentation and theoretical bases of generative syntax. Develops skills of observation and analysis.

Note: May be taken more than once for credit in different topics with permission of the department to a maximum of 6 units.

LING 309  Units: 1.5  Hours: 3-0
Formerly: 407, 408, 409
Morphology
Issues and current theoretical models used to account for the generation of words. Topics will include identification and classification of morphemes, inflectional and derivational morphology, the nature of lexical representations and other components of grammar.

Note: Credit will be granted for only one of LING 309, LING 407, LING 408, LING 409.

Prerequisite(s): Either LING 200 and LING 203, or LING 251 and LING 252.
LING 311 - LING 374

LING 311  Units: 1.5  Hours: 3-0
Formerly: 410A
Syntax
Study of sentence grammar using description, analysis, argumentation and theoretical bases of generative syntax. Develops skills of observation and analysis.

Note: Credit will be granted for only one of LING 311, LING 410A.
Prerequisite(s): LING 203.

LING 312  Units: 1.5  Hours: 3-0
Formerly: 440
Phonology
Study of sound systems using description, analysis, argumentation, and the theoretical bases of generative phonology. Develops skills of observation and analysis.

Note: Credit will be granted for only one of LING 312, LING 440.
Prerequisite(s): LING 203.

LING 325  Units: 1.5  Hours: 3-0
Lexical Semantics
An introduction to the linguistic analysis of word meaning, its representation, and its effects on syntax. Topics may include sense relations among words (antonymy, synonymy, synonymy), lexicalization patterns, lexical aspect, thematic roles and argument structure.

Prerequisite(s): LING 100A or LING 181.

LING 326  Units: 1.5  Hours: 3-0
Formerly: part of 226 and 426
Meaning in Language
Investigates topics in linguistic theories of sentence meaning, including relations between sentences (entailment, presupposition, conversational implicature), tense, aspect, modality, quantification and pronounization.

Note: Credit will be granted for only one of LING 326, LING 226, LING 426.
Prerequisite(s): LING 100A or LING 181.

LING 338  Units: 1.5  Hours: 3-0
Formerly: 438
Second Language Phonology
Examines the phonetic and phonological systems of interlanguage; explores contemporary theories of L2 phonological acquisition; develops skills in phonological description and analysis.

Note: Credit will be granted for only one of LING 338, LING 438, LING 440 (if taken prior to Sep-Dec 2010).
Prerequisite(s): LING 200.

LING 345  Units: 1.5  Hours: 3-0
Sign Language as Language
Explores some common misconceptions about sign language that this course aims to dispel. Overview of linguistic research on sign language, which may include origins, structure, acquisition and issues in Deaf culture and Deaf rights.

Note: No knowledge of ASL or Linguistics required.

LING 358  Units: 1.5  Hours: 3-0
Also: IED 358
Indigenous Language Mentorship III
A 100-hour mentorship with a fluent speaker or speakers to build oral fluency in an Indigenous language at the third-year level.

Notes:
- May be taken more than once for credit in different topics with permission of the department. May be counted towards the second language requirement of the BA in Applied Linguistics and of the Diploma in Applied Linguistics.
- Subject to the "Guidelines for Ethical Conduct" and "Regulations Concerning Practica".
- Note: May not be counted toward any degree program in Linguistics or Applied Linguistics, or a Diploma in Applied Linguistics.
Prerequisite(s):
- One of LING 258, LING 259, IED 258, IED 259; and admission to BEd or Diploma program in Indigenous Language Revitalization or admission to Certificate program in Aboriginal Language Revitalization; or permission of the department.
Grading: IPN, COM, N, F.

LING 359  Units: 1.5  Hours: 3-0
Also: IED 359
Indigenous Language III
Teaching and learning of an Indigenous language at the third-year level.

Notes:
- May be taken more than once for credit in different topics with permission of the department. May be counted towards the second language requirement of the BA in Applied Linguistics and of the Diploma in Applied Linguistics.
- Note: May not be counted toward any degree program in Linguistics or Applied Linguistics, or a Diploma in Applied Linguistics.
Prerequisite(s):
- One of LING 258, LING 259, IED 258, IED 259; and admission to BEd or Diploma program in Indigenous Language Revitalization or admission to Certificate program in Aboriginal Language Revitalization; or permission of the department.

LING 361  Units: 1.5  Hours: 3-0
Anthropological Linguistics
An exploration of the relationship between language and culture including the use of language as an ethnographic tool. Topics may be explored through the study of sign language, pop culture, and electronic representations of language such as texting.

LING 370A  Units: 1.5  Hours: 3-0
Also: PSYC 370A
Psycholinguistics
The psychology of language, examining the process of comprehension and production, including language and cognition, conversational discourse and inference and semantics, among other topics.

Note: Credit will be granted for only one of LING 370A, LING 370, PSYC 370, PSYC 370A.

LING 370B  Units: 1.5  Hours: 3-0
Also: PSYC 370B
Child Language Acquisition
The biological bases of language; the stage by stage acquisition of the phonology, morphology, syntax, and semantics of the child's first language; the child's developing metalinguistic abilities; the child's growing awareness of the form and function of speech acts, as well as the discourse rules governing conversations.

Note: Credit will be granted for only one of LING 370B, LING 369, PSYC 369, PSYC 370B.

LING 370C  Units: 1.5  Hours: 3-0
Also: PSYC 370C
Topics in Psycholinguistics
Notes:
- May be taken more than once for credit in different topics with permission of the department to a maximum of 4.5 units.

LING 372  Units: 1.5  Hours: 3-0
Indigenous Languages of British Columbia
Survey of the semantic, phonological, morphological, and syntactic structure of languages belonging to five different language families of British Columbia, and hypotheses of their history.

Prerequisite(s): Either LING 200 and LING 203, or LING 251 and LING 252.

LING 373  Units: 1.5  Hours: 3-0
Second Language Acquisition
An examination of the process of acquiring a second or additional language. Topics include the nature of learner language, individual differences in language acquisition, the role of input and interaction, similarities and differences in L1 and L2 acquisition, instructed acquisition and the relationship between acquisition research and second language teaching.

Prerequisite(s):
- 1.5 units of LING course; or
- admission to Diploma program in Applied Linguistics.

LING 374  Units: 1.5  Hours: 3-0
Approaches and Methods in Language Teaching
An introduction to approaches, methods, and techniques in language teaching. Addresses issues such as curriculum development, lesson planning, instructional strategies for teaching different language skills including listening, speaking, reading, writing, grammar and vocabulary, and the use of classroom materials for language teaching. Active classroom observation is a required component of this course. Contains an element of Practicum and is thus subject to the "Guidelines for Ethical Conduct" and "Regulations Concerning Practica".

Prerequisite(s):
- 1.5 units of LING course; or
- admission to Diploma program in Applied Linguistics.
LING 377 - Units: 1.5 - Hours: 3-0
Global Contexts of Language
Explores social, cultural, economic, political, and historical factors involved in language use. Topics include: language and identity; language rights; language attitudes; language shift, maintenance and revitalization; language policy and education; study of Indigenous and non-Indigenous languages in a range of global contexts.
Note: Open to students who have credit in LING 377 (if taken between September 1979 and August 1981).

LING 379 - Units: 1.5
Language and Land
Introduces and explores the links between Indigenous languages and land.
Prerequisite(s): Admission to BEd or Diploma program in Indigenous Language Revitalization or admission to Certificate program in Aboriginal Language Revitalization.

LING 380 - Units: 1.5 - Hours: 3-0
Acoustic and Perceptual Phonetics
A study of the acoustic properties of speech sounds and of how these properties are perceived by listeners; students are trained in transcription using the International Phonetic Alphabet and in the use of instrumental tools and techniques for analyzing speech sounds.
Prerequisite(s):
- LING 200; or
- permission of the department.

LING 381 - Units: 1.5 - Hours: 3-0
Physiology of Speech Production
The physiology of the human speech production and hearing mechanisms including aspects of the respiratory, laryngeal, pharyngeal, and supralaryngeal articulatory systems, speech-sound processing by the ear, and neurological control systems.
Prerequisite(s):
- LING 200 and LING 250; or
- permission of the department.

LING 382 - Units: 1.5 - Hours: 3-0
Task-based Second Language Instruction
Introduces task-based language instruction in second language learning. Examines recent theory and research and considers key issues relevant to this approach. Emphasis will be on the pedagogical implications and implementation of task-based instruction in the classroom.
Prerequisite(s): LING 373.

LING 383 - Units: 1.5 - Hours: 3-0
How English Grammar Works
Examines the forms and functions of the building blocks of English grammar, including words, phrases and clauses, along with variations of basic sentence patterns. Also addresses differences between written and spoken standards.

LING 387 - Units: 1.5 - Hours: 3-0
The Growth of Modern English
The linguistic history of the English language from its Proto-Indo-European origins to the 18th century. Topics include the causes of language change, the development of the phonological, morphosyntactic and lexical systems of English, and the significance of social and regional dialects.
Note: Credit will be granted for only one of LING 390, ENGL 390, ENGL 440.
LING 420 - LING 486

LING 420 Units: 1.5 Hours: 3-0
Historical and Comparative Linguistics
Introduces historical and comparative linguistics with a focus on the principles of language change through time, and the methods used to study it. Examples are taken from both Indo-European and non-Indo-European languages.
Prerequisite(s): Either LING 200 and LING 203, or LING 230 and LING 251.

LING 431 Units: 1.5 Hours: 3-0
Community-based Initiatives in Language Revitalization
Perspectives on research concerning Indigenous languages. A project-driven approach is taken and will focus on community-based initiatives in the context of the impact of church, government, and university policies and personnel.
Prerequisite(s):
- 1.5 units of LING course, and
- minimum third-year standing.

LING 449 Units: 1.5 Hours: 3-0
Directed Readings in Linguistics
Prerequisite(s):
- Minimum GPA of 6.5 in LING courses; and
- declared Honours or Major in Linguistics; or
- permission of the department.

LING 450 Units: 1.5 Hours: 3-0
Seminar in Languages
Grammatical investigation of a language other than English. The language focus and approach will vary depending on the instructor, and may involve contrastive analysis with another language.
Note: May be taken more than once for credit with permission of the department to a maximum of 3 units.
Prerequisite(s):
- Either LING 200 and LING 203, or all of LING 230, LING 251, LING 252; or
- permission of the department.

LING 458 Units: 1.5 Hours: 3-0
Also: IED 458
Indigenous Language Mentorship IV
A 100-hour mentorship with a fluent speaker or speakers to build oral fluency in an Indigenous language at the fourth-year level.
Notes:
- May be taken more than once for credit with permission of the department.
- May be counted towards the second language requirement of the BA in Applied Linguistics and of the Diploma in Applied Linguistics.
Subject to the “Guidelines for Ethical Conduct” and “Regulations Concerning Practica”. May not be counted toward any degree program in Linguistics or Applied Linguistics, or a Diploma in Applied Linguistics.
Prerequisite(s):
- One of LING 358, LING 359, IED 358, IED 359; and
- admission to BEd or Diploma program in Indigenous Language Revitalization or admission to Certificate program in Aboriginal Language Revitalization; or
- permission of the department.
Grading: INP, COM, N, F.

LING 459 Units: 1.5 Hours: 3-0
Also: IED 459
Indigenous Language IV
Teaching and learning of an Indigenous language at the fourth-year level.
Notes:
- May be taken more than once for credit with permission of the department.
- May be counted towards the second language requirement of the BA in Applied Linguistics and of the Diploma in Applied Linguistics. May not be counted toward any degree program in Linguistics or Applied Linguistics, or a Diploma in Applied Linguistics.
Prerequisite(s):
- One of LING 358, LING 359, IED 358, IED 359; and
- admission to BEd or Diploma program in Indigenous Language Revitalization or admission to Certificate program in Aboriginal Language Revitalization; or
- permission of the department.

LING 461 Units: 1.5 Hours: 2-2
Linguistic Field Methods
An introduction to the methods of data analysis, organization and collection required in the field situation. Language chosen for illustration may vary from year to year. The department has a particular interest in North American Indigenous languages.
Note: May be taken more than once for credit in different topics with permission of the department.
Pre- or Corequisite(s):
- LING 311 or LING 419A; and
- LING 312 or LING 440.
Recommendation(s): LING 204 recommended prior to LING 461.

LING 470 Units: 1.5 Hours: 3-0
Also: PSYC 470
The Cognitive Neuroscience of Language
Examines how the human brain encodes speech sounds, words, sentence structure, and meaning. Topics may include: neural bases of language development, sign language and language disorders; aphasia studies; functional imaging; electrophysiology.
Note: Credit will be granted for only one of LING 470, LING 370C (if taken in the same topic), PSYC 370C (if taken in the same topic), PSYC 470.

LING 473 Units: 1.5 Hours: 3-0
Advanced Topics in Second Language Acquisition
Note: May be taken more than once for credit in different topics with permission of the department to a maximum of 6 units.
Prerequisite(s): LING 373 and LING 374.

LING 474 Units: 1.5 Hours: 3-0
Assessment and Testing for Instructional Purposes
Explores key conceptual and empirically based approaches in second/additional language assessment. Students learn the fundamental principles, procedures, methods, and techniques of assessing language learners’ proficiency and performance in key language domains (vocabulary, listening, speaking, reading and writing).
Prerequisite(s): LING 373 and LING 374.

LING 475 Units: 1.5 Hours: 3-0
Formerly: 375
Current Issues in Applied Linguistics
Current issues in applied linguistics with theoretical and practical significance for second and foreign language teaching and learning. Topics will vary and may include, but are not limited to, pronunciation, grammar, discourse and pragmatics, interactive and socio-cultural approaches to language teaching and learning, form-focused instruction and technology-mediated language learning.
Note: Credit will be granted for only one of LING 475, LING 375.
Prerequisite(s): LING 373 and LING 374.

LING 476 Units: 1.5 Hours: 2-1
Formerly: 376
Seminar and Practicum in Applied Linguistics
Contemporary issues in second language teaching and acquisition. Participation in seminars and successful completion of the practicum, including assignments by the sponsor teacher and the supervising instructor, and the student’s practicum report, is required. Subject to the “Guidelines for Ethical Conduct” and “Regulations Concerning Practica”.

LING 478 Units: 1.5 Hours: 3-0
Formerly part of 481
Computational Linguistics: An Introduction
An introduction to computational methods and concepts in natural language processing and analysis. The principle objective is to develop the knowledge to apply these methods and concepts in other areas of linguistics.
Note: Credit will be granted for only one of LING 482, LING 481.

LING 482 Units: 1.5 Hours: 3-0
Formerly: 382
Experimental Phonetics
An expansion on topics covered in LING 380. Emphasis is placed on the design of phonetic and phonological experiments using electronic systems and introducing computer technology for speech analysis.
Note: Credit will be granted for only one of LING 486, LING 382.

Prerequisite(s): LING 380
Recommendation(s): LING 204 recommended prior to LING 486.
**LING 495**  
Units: 1.5  
Hours: 3-0  
**Language Variation and Change**  
An introduction to linguistic variation and its social significance, especially the quantitative study of phonological and grammatical features and their correlations with age, sex, ethnicity and other social variables. Includes field methods, quantitative methods for correlating linguistic and social variables and practice in dialect analysis based on data from the speech community.  
Prerequisite(s): LING 200 and LING 203.  
Recommendation(s): LING 204 recommended prior to LING 495.

**LING 497**  
Units: 1.5  
Hours: 3-0  
**Advanced Topics in Linguistics**  
A variable content course in which selected topics in linguistics are pursued.  
Note: May be taken more than once for credit in different topics with permission of the department to a maximum of 6 units.  
Prerequisite(s): All of LING 200, LING 203, LING 204.

**LING 499**  
Units: 3.0  
Hours: 3-0  
**Honours Thesis**  
The Honours thesis is based on supervised research carried out by the student during the final year. The recommended style and format of the Honours thesis are the same as those stipulated for graduate theses.  
Prerequisite(s):  
- Minimum fourth-year standing; and  
- minimum GPA of 6.0 in 300- and 400-level LING courses; and  
- declared Honours in Linguistics.

**MATH**  
**Mathematics**  
**Department of Mathematics and Statistics**  
**Faculty of Science**  

**MATH 100**  
Units: 1.5  
Hours: 3-0-1  
**Calculus I**  
Review of analytic geometry; functions and graphs; limits; derivatives; techniques and applications of differentiation; antidifferentiation; the definite integral and area; logarithmic and exponential functions; trigonometric functions; Newton's, Simpson's and trapezoidal methods; l'Hôpital's rule.  
Note: Credit will be granted for only one of MATH 100, MATH 102, MATH 109.  
Prerequisite(s):  
- One of MATH 120 with a minimum grade of C+, Pre-Calculus 12 with a minimum grade of B (73%), Principles of Mathematics 12 with a minimum grade of B (73%); or  
- permission of the department.  
Recommendation(s): A passing grade in Calculus 12 or equivalent course recommended prior to MATH 100, since MATH 100 expects some previous exposure to Calculus.

**MATH 101**  
Units: 1.5  
Hours: 3-0-1  
**Calculus II**  
Volumes; arc length and surface area; techniques of integration with applications; polar coordinates and area; Taylor's formula; improper integrals; series and tests for convergence; power series and Taylor series; complex numbers.  
Note: See note 4 under Notes on Course Requirements.  
Prerequisite(s):  
- MATH 100 or MATH 109; or  
- permission of the department.

**MATH 102**  
Units: 1.5  
Hours: 3-0  
**Calculus for Students in the Social and Biological Sciences**  
Calculus of one variable with applications to the social and biological sciences.  
Notes:  
- Credit will be granted for only one of MATH 102, MATH 100, MATH 109.  
- See note 4 under "Notes on Course Requirements".  
MATH 102 does not prepare students for further study of calculus and will restrict future options by ruling out a range of courses which require MATH 100 or MATH 109.  
Prerequisite(s): One of MATH 120 with a minimum grade of C, Pre-Calculus 12, Principles of Mathematics 12.

**MATH 109**  
Units: 1.5  
Hours: 3-0-1  
**Introduction to Calculus**  
A first course intended for students with no previous exposure to calculus. Review of analytic geometry; functions and graphs; limits; derivatives; techniques and applications of differentiation; antidifferentiation; the definite integral and area; logarithmic and exponential functions; trigonometric functions; Newton's, Simpson's and trapezoidal methods; l'Hôpital's rule.  
Note: Credit will be granted for only one of MATH 109, MATH 100, MATH 102.  
Prerequisite(s):  
- One of MATH 120 with a minimum grade of C+, Pre-Calculus 12 with a minimum grade of B (73%), Principles of Mathematics 12 with a minimum grade of B (73%); or  
- permission of the department.

**MATH 110**  
Units: 1.5  
Hours: 3-0-1  
**Matrix Algebra for Engineers**  
Complex numbers, matrices and basic matrix operations, vectors, linear equations, determinants, eigenvalues and eigenvectors, linear dependence and independence, orthogonality.  
Note: Credit will be granted for only one of MATH 110, MATH 133, MATH 211, MATH 233A.  
Prerequisite(s): Admission to BEng or BENG program.

**MATH 120**  
Units: 1.5  
Hours: 3-0-1  
**Pre-Calculus Mathematics**  
The essential topics prerequisite for calculus. Elementary functions with emphasis on the general nature of functions; polynomial, rational, exponential, logarithmic, and trigonometric functions.  
Note: Not open for credit to students with credit in any of MATH 012, MATH 100, MATH 102, MATH 109; and not intended for students who are proficient with the topics covered in Principles of Mathematics 12 or Pre-Calculus 12.  
See note 4 under "Notes on Course Requirements".  
Prerequisite(s):  
- Pre-Calculus 11 or Principles of Mathematics 11; or  
- permission of the department.

**MATH 122**  
Units: 1.5  
Hours: 3-0  
**Logic and Foundations**  
Logic and quantifiers, basic set theory, mathematical induction and recursive definitions, divide and conquer recurrence relations, properties of integers, counting, functions and relations, countable and uncountable sets, asymptotic notation.  
Notes:  
- Credit will be granted for only one of MATH 122, MATH 224, CENG 245.  
- Not open for credit to students with credit in any of MATH 222, MATH 422, MATH 423.  
Students with 90% or higher in Principles of Mathematics 12 or Pre-Calculus 12 may request permission to register in the course.  
Prerequisite(s):  
- One of MATH 100, MATH 102, MATH 151; or  
- permission of the department.

**MATH 151**  
Units: 1.5  
Hours: 3-0  
**Finite Mathematics**  
Permutations and combinations, basic laws of probability, conditional probability, independence, tree diagrams, Bayes’ formula, random variables and their probability distributions (including binomial and hypergeometric), expectation, Markov chains, geometric approach to linear programming, matrices, systems of linear equations, and Gauss-Jordan elimination.  
Note: Not open for credit to students with credit in MATH 352 or STAT 350.  
Prerequisite(s): One of 1.5 units of MATH course numbered 100 or higher, Foundations of Mathematics 11, Foundations of Mathematics 12, Pre-Calculus 11, Pre-Calculus 12, Principles of Mathematics 11, Principles of Mathematics 12.
### MATH 161 - Mathematics for Elementary School Teachers I

Number systems and their properties, the set of real numbers and its subsets, the interpretation of numerical operations with applications including combinations and permutations, standard computation algorithms, basic geometry. Problem solving is emphasized throughout.  

**Notes:**  
- Credit will be granted for only one of MATH 161, MATH 160, MATH 160A.  
- Not open for credit to students with more than 1.5 units of credit in MATH courses numbered 100 or higher (excluding MATH 120) without prior permission of the department.  

**Prerequisite(s):** One of Foundations of Mathematics 11, Foundations of Mathematics 12, Pre-Calculus 11, Principles of Mathematics 11, Principles of Mathematics 12.

### MATH 162 - Mathematics for Elementary School Teachers II

Mental computation and estimation, non-standard computation algorithms, probability, basic algebra and functions, elementary number theory, compass and straight-edge constructions, measurement topics, including length, area and volume. Problem solving is emphasized throughout.  

**Notes:**  
- Credit will be granted for only one of MATH 162, MATH 160, MATH 160B.  
- Not open for credit to students with more than 3.0 units of credit in MATH courses numbered 100 or higher (excluding MATH 120) without prior permission of the department.  

**Prerequisite(s):** MATH 161; or permission of the department.

### MATH 199 - Problem-Solving Seminar

A seminar on solving non-routine challenging mathematical problems that require insight, creativity and ingenuity. Strongly recommended to students who wish to participate in Putnam Mathematics Competitions.  

**Note:** Credit will be granted for only one of MATH 199, MATH 299.  

**Prerequisite(s):** Permission of the department.

### MATH 200 - Calculus III

Vectors and vector functions; solid analytic geometry; partial differentiation; directional derivatives and the gradient vector; Lagrange multipliers; multiple integration with applications; cylindrical and spherical coordinates; change of variables; surface area; introduction to line and surface integrals.  

**Note:** Credit will be granted for only one of MATH 200, MATH 202, MATH 205.  

**Prerequisite(s):** MATH 101.

### MATH 202 - Intermediate Calculus for CSC and EOS

Vectors, curves, and surfaces in space; partial differentiation; directional derivatives and the gradient vector; Taylor’s theorem for a function of two variables; introduction to differential equations.  

**Notes:**  
- Credit will be granted for only one of MATH 202, MATH 200, MATH 204.  
- Not open to students with credit in MATH 201 or MATH 205.  

**Prerequisite(s):** MATH 101.

### MATH 204 - Calculus IV

Vector fields; div, grad and curl operators; line integrals; Green’s Theorem; surface integrals; flux; Divergence Theorem; Stokes’ Theorem; multivariate Taylor series; Fourier series; first and second order differential equations with applications; variation of parameters; reduction of order; power series solutions about ordinary points; Laplace transform.  

**Notes:**  
- Credit will be granted for only one of MATH 204, MATH 300.  
- Not open to students with credit in MATH 201.  

**Prerequisite(s):** MATH 200 or MATH 205.

### MATH 208 - Mathematics for Economics and Econometrics

Topics in linear algebra: basic matrix algebra, solutions and existence of solutions of linear systems, determinants and their properties, linear independence and dependence, the rank of a matrix, quadratic forms, definiteness of matrices; Topics in optimization: multivariate calculus, convex sets, convex and concave functions, quasiconvex and quasiconcave functions, unconstrained and constrained optimization, the first order necessary optimality condition, the second order sufficient optimality condition, the meaning of Lagrange multiplier, applications to economics and econometrics.  

**Note:** Credit will be granted for only one of MATH 208, MATH 103, MATH 140, MATH 240.  

**Prerequisite(s):** One of MATH 100, MATH 102, MATH 109; and  
ECON 103 and ECON 104; or  
permission of the department.

### MATH 211 - Matrix Algebra I

Matrices: simultaneous equations; determinants; vectors in 2-, 3- and n-tuple space; inner product; linear independence and rank; change of coordinates; rotation of axes in 2- and 3- dimensional Euclidean space; orthogonal matrices; eigenvalues and eigenvectors.  

**Note:** Credit will be granted for only one of MATH 211, MATH 110, MATH 133, MATH 233A.  

**Prerequisite(s):**  
- One of  
  - MATH 122  
  - Principles of Mathematics 12 with a minimum grade of A (86%),  
  - Pre-Calculus 12 with a minimum grade of A (86%),  
  - MATH 100,  
  - MATH 102,  
  - MATH 109,  
  - MATH 120 with a minimum grade of A,  
  - MATH 122,  
  - MATH 151 with a minimum grade of A, or  
  - permission of the department.

### MATH 212 - Introduction to Algebra

Definitions and examples of groups, rings, fields, and integral domains; rational numbers, real numbers, and complex numbers; polynomials and their factorization; permutations. Additional topics chosen from Boolean algebras and lattices, and transfinite arithmetic.  

**Note:** Credit will be granted for only one of MATH 212, MATH 233C.  

**Prerequisite(s):** MATH 122.

### MATH 222 - Discrete and Combinatorial Mathematics

Graph theory, counting, combinatorial arguments and proofs, inclusion-exclusion, partial orders and equivalence relations, deriving and solving recurrence relations, generating functions.  

**Note:** Not open for credit to students registered in or with credit in any of MATH 324, MATH 422, or MATH 423.  

**Prerequisite(s):**  
- MATH 122; or  
- permission of the department.

### MATH 236 - Introduction to Real Analysis

**Note:** Not open for credit to students with credit in any of MATH 334, MATH 335, MATH 336.  

**Prerequisite(s):**  
- MATH 101 and MATH 122; or  
- permission of the department.
MATH 242  Units: 1.5  Hours: 3-0
Mathematics of Finance
Simple interest; compound interest; simple discount; simple annuities; general and other annuities; amortization methods; Canadian mortgages; sinking funds; bond prices and bond yields; net present value; capitalized cost; contingent payments; introduction to the basic concept of life annuities and life insurance.
Note: Credit will be granted for only one of MATH 242, MATH 152.
Prerequisite(s):
• One of MATH 100, MATH 102, MATH 109; and
• one of MATH 151, ECON 245, STAT 260.
Recommendation(s): Some knowledge of probability recommended.

MATH 248  Units: 1.5  Hours: 3-3
Also: PHYS 248
Computer Assisted Mathematics and Physics
Use of a high-level computer language for mathematical and scientific experimentation, simulation, and calculation. Programming of mathematics using available functions and routines and also writing short programs for symbolic and numerical computations, visualization, graphical output, and data management. The goal is to become competent with a high-level mathematics language and to practice programming in such a language. Emphasis on hands-on coding for experimentation in a variety of mathematical and physical contexts.
Note: Credit will be granted for only one of MATH 248, PHYS 248.
Prerequisite(s):
• MATH 110 or MATH 211; and
• MATH 200; and
• CSC 110 or CSC 111.

MATH 300  Units: 1.5  Hours: 3-0
Formerly: 330A
Advanced Calculus
Advanced topics in multidimensional calculus. Multidimensional Taylor’s theorem, implicit and inverse function theorems. Surface integrals and the theorems of vector calculus. Sequences and series in Euclidean n-space. Sequences and series of functions and uniform convergence. Fourier series. Notes:
• Credit will be granted for only one of MATH 300, MATH 330A, MATH 334.
• Not open for credit to students registered in or with credit in one of MATH 335, MATH 336, MATH 434.
Prerequisite(s):
• One of MATH 110, MATH 133, MATH 211, MATH 233A; and
• MATH 200 or MATH 205.

MATH 301  Units: 1.5  Hours: 3-0
Formerly: 330B
Complex Variables
Theory of functions of a complex variable, analytic functions, elementary functions, integration, power series, residue theory. Notes:
• Credit will be granted for only one of MATH 301, MATH 330B, MATH 338, MATH 438.
Prerequisite(s):
• MATH 200; and
• one of MATH 204, MATH 236, MATH 300, MATH 335, MATH 336.

MATH 311  Units: 1.5  Hours: 3-0
Formerly: 333C
Linear Algebra
Vector spaces and linear transformations, the canonical forms, inner product spaces and the spectral theorem.
Note: Credit will be granted for only one of MATH 311, MATH 333C.
Prerequisite(s):
• One of MATH 110, MATH 133, MATH 211, MATH 233A; and
• MATH 212 or MATH 233C.

MATH 312  Units: 1.5  Hours: 3-0
Formerly: 333A
Abstract Algebra I
Groups, rings and fields, including quotient structures.
Note: Credit will be granted for only one of MATH 312, MATH 333A.
Prerequisite(s):
• One of MATH 110, MATH 133, MATH 211, MATH 233A; and
• MATH 212 or MATH 233C; or
• permission of the department.

MATH 315  Units: 1.5  Hours: 3-0
Formerly: 415
History of Mathematics
Survey of the development of Mathematics from its earliest beginnings through to the present.
Note: Credit will be granted for only one of MATH 315, MATH 415.
Pre- or Corequisite(s): One of MATH 312, MATH 333A, MATH 362, MATH 366, MATH 368A, permission of the department.

MATH 322  Units: 1.5  Hours: 3-0
Combinatorial Designs
A study of combinatorial objects, with topics chosen from: representations and generation of permutations and combinations, Gray codes, Latin squares, factorizations of graphs, block designs and finite geometries, partially ordered sets and lattices, Boolean algebras, introduction to error correcting codes.
Prerequisite(s):
• Either MATH 122 or MATH 151 and MATH 211 or MATH 233A; and
• MATH 236A, permission of the department.

MATH 335  Units: 1.5  Hours: 3-0
Real Analysis
Euclidean n-space and introduction to metric spaces. Limits, continuity, differentiation and the Riemann integral for functions in Euclidean n-space. Implicit and inverse Function Theorems. Sequences and series of functions and uniform convergence. Notes:
• Credit will be granted for only one of MATH 335, MATH 336, MATH 434.
Prerequisite(s):
• Either MATH 122 and MATH 300; or MATH 236; and
• MATH 200 and MATH 211.

MATH 342  Units: 1.5  Hours: 3-0
Formerly: 325
Intermediate Ordinary Differential Equations
Picard-Lindelof and Peano existence theorems, series solutions near regular singular points, Frobenius method, systems of first order linear equations, complex and repeated eigenvalues, nonhomogeneous linear systems, qualitative theory for nonlinear systems; Lyapunov stability theory; periodic solutions; introduction to bifurcations and chaos.
Note: Credit will be granted for only one of MATH 342, MATH 323, MATH 323A, MATH 325.
Prerequisite(s):
• MATH 110 or MATH 211; and
• either MATH 200 and MATH 201, or MATH 204; or
• permission of the department.

MATH 346  Units: 1.5  Hours: 3-0
Formerly: 326
Introduction to Partial Differential Equations
Partial differential equations in physics (wave, heat and Laplace equations), solution by separation of variables, method of characteristics for first-order partial differential equations, boundary value problems, orthogonal functions, Fourier series, transform methods (Laplace and Fourier transforms), numerical methods. Note: Credit will be granted for only one of MATH 346, MATH 323B, MATH 326.
Prerequisite(s): One of MATH 323, MATH 323A, MATH 325, MATH 342.

MATH 348  Units: 1.5  Hours: 3-0
Numerical Methods
Error analysis (round off and truncation errors), roots of equations (bisection, Newton, secant), systems of linear equations (Gauss elimination and LU factorization), function approximation (interpolation, least squares, orthogonal polynomials), numerical differentiation, numerical integration (Newton-Cotes, Gauss), numerical solution of ordinary differential equations (Euler, Taylor, Runge-Kutta, Adams), and a selection of additional topics, such as numerical optimization, finite difference methods for linear partial differential equations, iterative methods for linear systems.
Note: Credit will be granted for only one of MATH 348, CSC 340, CSC 349A.
Prerequisite(s):
• MATH 110 or MATH 211; and
• one of MATH 200 and MATH 201, MATH 200 and MATH 204, MATH 202.

MATH 352  Units: 1.5  Hours: 3-0
Introduction to Probability
Probability spaces, combinatorial analysis, inclusion-exclusion, conditional probability, independence, random variables, expectation, discrete and continuous distributions, limit theorems. Additional topics may include: probabilistic method, Markov chains.
Prerequisite(s):
• MATH 122 or MATH 151; and
• MATH 200 or MATH 205.

</table>
| MATH 362    | 1.5   | 3-0   | Elementary Number Theory  
Divisibility, primes, congruences, arithmetic functions, primitive roots, quadratic residues, basic representation and decimals, and a selection from the following topics: Pythagorean triples, representation as sums of squares, infinite descent, rational and irrational numbers, distribution of primes.  
Prerequisite(s): One of MATH 122, MATH 212, MATH 233C; and  
3 units of 200-level MATH or STAT courses.  
Recommendation(s): Recommended for students planning to enter a Bachelor degree program in Education with Mathematics teaching area. |
| MATH 365    | 1.5   | 3-0   | Introduction to Topology  
Basic concepts in topology, including examples in Euclidean space, metric spaces, and topological spaces. Additional topics in geometric or differential topology.  
Prerequisite(s): MATH 212; and  
one of MATH 236, MATH 335, MATH 336. |
| MATH 366    | 1.5   | 3-0   | Geometry  
Theorem on triangles and circles, Euclidean constructions, tiling and polyhedra, isometries, similarities, inversion, projective lines and points, axiomatic approach.  
Note: Credit will be granted for only one of MATH 366, MATH 368A.  
Prerequisite(s):  
6 units of MATH courses; or  
permission of the department. |
| MATH 367    | 1.5   | 3-0   | Non-Euclidean Geometry  
The parallel postulate and consequences, geometric transformations, the Erlanger programme, hyperbolic geometry and its various models, elliptic geometry, absolute geometry.  
Note: Credit will be granted for only one of MATH 367, MATH 368B.  
Pre- or Corequisite(s): MATH 301. |
| MATH 369    | 1.5   | 3-0   | Differential Geometry in R3  
Curves in the plane and 3-dimensional space, curvature and torsion, Frenet-Serret apparatus, surfaces in 3-dimensional space, Gaussian and mean curvature, Theorema Egregium, Gauss-Bonnet theorem, elements of non-euclidean geometry.  
Note: Not open for credit to students with credit in MATH 436 or MATH 467.  
Prerequisite(s): MATH 204 and MATH 211. |
| MATH 375    | 1.5   | 3-0   | Mathematical Modelling  
The formulation, analysis and interpretation of mathematical models in various areas of application. Both continuous and discrete deterministic and stochastic models will be employed. Mathematical techniques used may include: differential and difference equations, matrix analysis, optimization, simple stochastic processes, decision theory, game theory and numerical methods. The phenomena modelled may vary from year to year.  
Prerequisite(s):  
MATH 110 or MATH 211; and  
MATH 200 or MATH 205; and  
MATH 201 or MATH 204; and  
one of STAT 252, STAT 253, STAT 255, STAT 260. |
| MATH 379    | 1.5   | 3-0   | Nonlinear Dynamical Systems and Chaos  
An introduction to dynamical systems aimed at mathematics students and mathematically-inclined students from the sciences and engineering. Topics include: existence theory, geometric analysis, stability theory, bifurcation theory and chaos for differential equations with emphasis directed to applications in science. Assignments may involve the use of simple mathematical software.  
Prerequisite(s):  
Either MATH 110 with a minimum grade of B or MATH 211 with a minimum grade of B; or MATH 110 or MATH 211 and one of MATH 236, MATH 300, MATH 334; and  
MATH 200 or MATH 205; and  
MATH 201 or MATH 204. |
| MATH 399    | 1.5   | 3-0   | Advanced Problem-Solving Seminar  
A second seminar course on solving non-routine mathematical problems. Strongly recommended to students who wish to participate in Putnam Mathematics Competitions.  
Prerequisite(s): MATH 199 or MATH 299; or  
permission of the department. |
| MATH 401    | 1.5   | 3-0   | Complex Analysis  
Topics chosen from: conformal mappings, the Riemann mapping theorem, the maximum principle, infinite products, Picard’s theorem, normal families, H-pr-spaces, approximation by rational functions, the Riemann zeta function, analytic continuation and Riemann surfaces.  
Prerequisite(s):  
one of MATH 301, MATH 330B, MATH 338, MATH 438; and  
MATH 335 or MATH 336. |
| MATH 412    | 1.5   | 3-0   | Abstract Algebra II  
Field theory, composition series of groups, Galois theory.  
Note: Credit will be granted for only one of MATH 412, MATH 433C.  
Prerequisite(s):  
MATH 311 or MATH 333C, and  
MATH 312 or MATH 333A. |
| MATH 413    | 1.5   | 3-0   | Applied Algebra  
A survey of the applications of algebraic structures in computer science, applied mathematics, and electrical engineering. Topics may include: cryptography, switching circuits, finite state machines, state diagrams, machine homomorphism, group and matrix codes, Polya-Burnside enumeration, Latin squares, primality testing.  
Note: Credit will be granted for only one of MATH 413, MATH 433D.  
Prerequisite(s): MATH 312 or MATH 333A. |
| MATH 422    | 1.5   | 3-0   | Combinatorial Mathematics  
Prerequisite(s):  
MATH 212 or MATH 233C; and  
MATH 222 and 1.5 units of 300- or 400-level MATH course; or  
permission of the department. |
| MATH 423    | 1.5   | 3-0   | Graph Theory  
An introduction to the combinatorial, algorithmic and algebraic aspects of graph theory.  
Prerequisite(s):  
MATH 222 and 1.5 units of 300- or 400-level MATH course; or  
permission of the department. |
| MATH 435    | 1.5   | 3-0   | Real Analysis II  
Prerequisite(s):  
one of MATH 335, MATH 336, MATH 434; or  
permission of the department. |
| MATH 436    | 1.5   | 3-0   | Calculus on Manifolds  
Differentiable manifolds and smooth maps. Topics may include embeddings, submersions, fibre bundles, vector bundles, connections, differential forms, differential geometry, Lie groups, transversality.  
Prerequisite(s):  
MATH 211 and MATH 212; and  
one of MATH 236 and MATH 204, MATH 236 and MATH 300, MATH 335, MATH 336. |
### MATH 442 - Units: 1.5 - Hours: 3-0
Formerly: 445A
**Advanced Ordinary Differential Equations**
Rigorous existence and uniqueness theory; qualitative theory of systems of ordinary differential equations including Poincaré and Liapunov stability; periodic orbits; Poincaré-Bendixon theory; bifurcations; stable, unstable and centre manifold theorems. Additional topics may include: averaging and perturbation methods, chaos, Melnikov method, Hamiltonian systems.

**Note:** Credit will be granted for only one of MATH 442, MATH 445A.

**Prerequisite(s):**
- MATH 300 or MATH 335; and
- MATH 342; or
- permission of the department.

### MATH 446 - Units: 1.5 - Hours: 3-0
Formerly: 445B
**Advanced Partial Differential Equations**

**Note:** Credit will be granted for only one of MATH 446, MATH 445B.

**Prerequisite(s):**
- One of MATH 335, MATH 336, MATH 434; and
- MATH 342; or
- permission of the department.

### MATH 447 - Units: 1.5 - Hours: 3-0
**Nonlinear Programming**
Introduction to theory and algorithm of nonlinear programming. Topics may include: unconstrained optimization, theory and iterative methods; Lagrange multipliers and Karush-Kuhn-Tucker theorem for constrained optimization problems; convex programming and duality, penalty function methods.

**Note:** Credit will be granted for only one of MATH 447, MATH 491A (if taken in the same topic), MATH 492 (if taken in the same topic).

**Prerequisite(s):**
- MATH 110 or MATH 211; and
- one of MATH 204, MATH 236, MATH 300, MATH 335.

### MATH 449 - Units: 1.5 - Hours: 3-0
**Scientific Computing**
A comprehensive introduction to the techniques and mathematical foundations of modern methods in scientific computing for science, engineering and numerical analysis. Topics include linear and non-linear systems, eigenvalue problems, approximation of functions, initial value and boundary value problems, finite volumes, finite elements, multigrid methods, convex optimization, Monte Carlo simulations, and data assimilation.

**Prerequisite(s):**
- MATH 348 or CSC 349A; or
- permission of the department.

### MATH 451 - Units: 1.5 - Hours: 3-0
**Probability**
Language of formal probability, laws of large numbers and applications (Weierstrass approximation), central limit theorem, Borel-Cantelli laws, large deviations estimates, Chernoff bounds, number-theoretic applications, coupling of random variables, the probabilistic method (first and second moment methods), combinatorial applications. Additional topics may include: Martingales in discrete probability and applications.

**Prerequisite(s):**
- One of MATH 204, MATH 236, MATH 300, MATH 330A, MATH 334; and
- MATH 352 or STAT 350.

### MATH 452 - Units: 1.5 - Hours: 3-0
**Stochastic Processes**
Introduction to the branch of probability theory which deals with the mathematical analysis of systems that evolve in time while undergoing chance fluctuations. Main topics include random walks, Markov chains, Poisson processes, birth and death processes, renewal theory. Examples illustrate wide applicability of stochastic processes in many branches of science and technology.

**Prerequisite(s):** MATH 352 or STAT 350.

### MATH 462 - Units: 1.5 - Hours: 3-0
**Topics in Number Theory**
A selection of topics which may include compositions and partitions, geometry of numbers, rational approximation, distribution of primes, order of magnitude of arithmetic functions, proofs of the Prime Number Theorem and of Dirichlet’s Theorem on primes in arithmetic progressions, continued fractions.

**Prerequisite(s):** MATH 362.

### MATH 465 - Units: 1.5 - Hours: 3-0
**Topics in Topology**
Topics chosen from point set topology, introduction to algebraic topology, classification of surfaces, homology theory, and homotopy theory.

**Notes:**
- May be taken more than once for credit in different topics with permission of the department.
- May be offered only in alternate years.

**Prerequisite(s):**
- MATH 365; and
- permission of the department.

### MATH 475 - Units: 1.5 - Hours: 3-0
**Mathematical Logic**
Topics include: propositional and predicate logic, proof systems, recursion theory, and model theory. Additional topics may include: axiomatic set theory, computability, model theory, and applications of logic to computer science.

**Prerequisite(s):**
- MATH 365; and
- permission of the department.

### MATH 477 - Units: 1.5 - Hours: 3-0
**Stochastic Financial Modelling**
Brief review of financial concepts (hedging, arbitrage, options etc.), Martingales, drift and volatility, the binomial model, Brownian motion, the Black-Scholes option pricing formula and some of its extensions.

**Prerequisite(s):** MATH 452.

**Pre- or Corequisite(s):**
- ECON 435; or
- permission of the department.

### MATH 490 - Units: 1.5 or 3.0
**Directed Studies in Mathematics**

**Note:** May be taken more than once for credit in different topics with permission of the department.

**Prerequisite(s):** Permission of the department.

### MATH 492 - Units: 1.5 - Hours: 3-0
Formerly: 491A
**Topics in Applied Mathematics**
Possible topics include population modelling, neural networks, stochastic processes, discrete optimization, actuarial mathematics, calculus of variations, and fluid mechanics.

**Notes:**
- Credit will be granted for only one of MATH 492, MATH 491A (if taken in the same topic).
- May be taken more than once for credit in different topics with permission of the department.

**Prerequisite(s):**
- Minimum third-year standing; and
- additional prerequisites set by department depending upon topic.

### MATH 493 - Units: 1.5 - Hours: 3-0
Formerly: 491B
**Topics in Pure Mathematics**
Possible topics include advanced complex analysis, functional analysis, introduction to manifolds, and mathematical logic.

**Notes:**
- Credit will be granted for only one of MATH 493, MATH 491B (if taken in the same topic).
- May be taken more than once for credit in different topics with permission of the department.

**Prerequisite(s):**
- Minimum third-year standing; and
- additional prerequisites set by department depending upon topic.

### MATH 498 - Units: 1.5 - Hours: 1.5 - 4.5
**Seminar and Independent Project**
Seminar and research project under the direction of a faculty member. The student is required to pursue an independent project, to prepare a written report and to present a seminar describing the work. The seminar is open to attendance by all students, faculty and academic visitors of the department. Only available in areas of faculty interest.

**Prerequisite(s):** Permission of the department.
MECH

Mechanical Engineering

Department of Mechanical Engineering

Faculty of Engineering

Some Faculty of Engineering courses are only open to students in the faculty or in specific programs. Courses and applicable restrictions are listed at www.uvic.ca/engineering/courseaccess.php

Courses offered by the Faculty of Engineering are also found under the following course codes: BME (Biomedical Engineering), CENS (Computer Engineering), CIVE (Civil Engineering), CSC (Computer Science), ELEC (Electrical Engineering), ENGR (Engineering) and SENG (Software Engineering).

MECH 200  Units: 1.5  Hours: 3-1.5*-1
Engineering Drawing

* Indicates a 3 hour laboratory taken by students on alternate weeks.

Note: Credit will be granted for only one of MECH 200, ELEC 200.

Prerequisite(s):

• One of CSC 110, CSC 111, CSC 116; and
• MATH 110 or MATH 211.

MECH 220  Units: 1.5  Hours: 3-1.5*-1
Mechanics of Solids I

* Indicates a 3 hour laboratory taken by students on alternate weeks.

Note: Credit will be granted for only one of MECH 220, CIVE 220.

Prerequisite(s): MECH 141 or ENGR 141.

Pre- or Corequisite(s): MATH 200.

MECH 240  Units: 1.5  Hours: 3-0-1
Thermodynamics

Properties and states of simple substances, P-v-T processes, equations of state, ideal gas law, first law of thermodynamics, control volume and control mass analyses, first law thermal efficiency, simple steady flow devices, heat engines, refrigerators, heat pumps, Carnot cycle, entropy, principle of increase of entropy, second law of thermodynamics, reversibility.

Prerequisite(s): MATH 101.

MECH 242  Units: 1.5  Hours: 3-0-1
Dynamics

Kinematics and dynamics of rigid bodies; analysis of planar rigid body motion using translating and rotating axes; two-dimensional rigid body dynamics using force/acceleration, work/energy and impulse/momentum methods; applications to one degree of freedom planar mechanisms and vibrations; introduction to three-dimensional rigid body dynamics.

Note: Credit will be granted for only one of MECH 242, CIVE 242.

Prerequisite(s):

• MECH 141 or ENGR 141; and
• CSC 110 or CSC 111; and
• MATH 101; and
• MATH 110 or MATH 211; and
• one of PHYS 110, PHYS 122, PHYS 120.

Pre- or Corequisite(s):

• MATH 200 or MATH 204; or
• permission of the department.

MECH 285  Units: 1.5  Hours: 3-1.5*-1
Properties of Engineering Materials

Atomic structure, arrangement and movement; microstructural development and heat treatment; physical properties of ferrous and nonferrous metals, semiconductors, ceramics, polymers and composites; corrosion and mechanical properties.

* Indicates a 3 hour laboratory taken by students on alternate weeks.

Note: Not open to students with credit in MECH 325.

Prerequisite(s): One of CHEM 101, CHEM 102, CHEM 150.

MECH 295  Units: 1.5  Hours: 3-0-1
Engineering Fundamentals

Ideal gas laws; work and heat; conservation of energy; thermodynamic properties of pure substances; equations of state; applications to open and closed systems; second law of thermodynamics; non-conservation of entropy; energy conversion systems; heat transfer by conduction, convection and radiation.

Note: Credit will be granted for only one of MECH 295, ENGR 270.

Prerequisite(s): MATH 101.

MECH 300  Units: 1.5  Hours: 3-1.5*-1
Introduction to Mechanical Vibrations

Vibrations of single degree of freedom systems; free undamped and damped vibration characteristics, harmonic forcing, frequency response functions, Fourier series method for periodic forcing. Multi degree of freedom systems; frequencies and modes analysis, matrix methods, and orthogonality of modes. Free and forced vibration characteristics of undamped and damped multi degree of freedom systems. Applications in vibration isolation and control.

* Indicates a 3 hour laboratory taken by students on alternate weeks.

Prerequisite(s):

• MECH 242; and
• MATH 110 or MATH 211; and
• MATH 201 or MATH 204.

MECH 305  Units: 1.5  Hours: 3-3-1
Engineering Design

Design methodology; recognizing and defining open-ended engineering problems, problem definition, concept generation, project planning, modelling, analysis, decision making, design synthesis, prototyping and testing. Students complete a series of design oriented projects in small teams to develop teamwork skills.

Note: Credit will be granted for only one of MECH 260, MECH 350.

Prerequisite(s):

• One of MECH 200, ELEC 200, ELEC 299; and
• all of MECH 220, MECH 285, ELEC 250, ENGR 001; and
• STAT 254 or STAT 260.

Pre- or Corequisite(s): MECH 335.
MECH 360  Units: 1.5  Hours: 3-0-1

Design of Mechanical Elements
Quantitative design methods; review of stress analysis, load determination and static failure theories; fatigue failure arising from time-varying loads; design of specific machine elements: shafts, bearings, gears, screws and fasteners, clutches and brakes; life cycle design methods.

Prerequisite(s): MECH 220.

MECH 380  Units: 1.5  Hours: 3-1.5*-1

formerly: 435

Automatic Control Engineering
Modelling dynamic systems (linear systems and feedback control). Transfer function based analysis and design (transfer functions, root-locus, stability, transient responses). Frequency characteristics design methods (frequency responses, stability, gain and phase margins, system compensation). State-space design methods (state transition matrix, state feedback and shaping dynamic responses, linear observers).

* Indicates a 3 hour laboratory taken by students on alternate weeks.

Note: Credit will be granted for only one of MECH 380, MECH 435.

Pre- or Corequisite(s): MECH 330.

MECH 390  Units: 1.5  Hours: 3-1.5*-1

Energy Conversion
Thermal power generation, vapour and gas cycles, refrigeration and heat pumps. Compressible flow. Non-reacting gas mixtures and psychrometrics. Reacting mixtures, combustion. Exergy (ability to produce work) and second law analysis.

* Indicates a 3 hour laboratory taken by students on alternate weeks.

Prerequisite(s): MECH 240.

MECH 395  Units: 1.5  Hours: 3-1.5*-1

Heat Transfer

* Indicates a 3 hour laboratory taken by students on alternate weeks.

Prerequisite(s): MECH 240 and MECH 345.

MECH 400  Units: 3.0  Hours: 2-12*-6*

Design Project
Complete design of a product or a system; specification of function, analysis, selection of materials, strength calculations, preparation of working drawings, cost analysis and tenders, preparation of final design report and symposium presentation of final design. Weekly seminar series featuring topics related to design, safety, marketing and management.

*Indicates a 12-hour laboratory and 6-hour tutorial taken by students on alternate weeks.

Note: Credit will be granted for only one of MECH 400, MECH 464.

Prerequisite(s):
- MECH 350 or BME 350, and
- all of MECH 360, MECH 380, ENGR 002.

MECH 410  Units: 1.5  Hours: 3-1.5*-0

Computer-Aided Design and Engineering
Fundamentals of computer graphics; basic elements of geometric modeling of solids and curved surfaces; advanced topics in engineering drawings; use of integrated CAD/CAE/CAM system for modelling, simulation, engineering analysis, automated production, and parameter optimization of mechanical designs; input and output techniques, data management, and customization of CAD/CAE/CAM systems.

* Indicates a 3-hour laboratory taken by students on alternate weeks.

Prerequisite(s): One of MECH 200, BME 350, ELEC 200, ELEC 299.

Pre- or Corequisite(s): CSC 349A.

MECH 411  Units: 1.5  Hours: 3-0

Planning and Control of Production Systems
Introduction to manufacture and production systems; process engineering and process planning; group technology; forecasting; inventory control; aggregate production planning; material requirements planning; production scheduling; applications of linear programming and artificial intelligence in production process organization.

Prerequisite(s): STAT 254 or STAT 260.

Pre- or Corequisite(s): CSC 349A.

MECH 420  Units: 1.5  Hours: 3-0-1

Finite Element Applications
Formulation and application of the finite element method for modelling mechanical systems, including stress and vibration problems; stiffness method, stiffness and mass matrices, generalized force, numerical procedures; development of simple programs and exposure to general purpose packages.

Prerequisite(s): MECH 320 and MECH 330.

MECH 421  Units: 1.5  Hours: 3-0

Mechanical Vibrations
Multi-mass linear systems; flexibility and stiffness matrices, natural frequencies, mode shapes and orthogonal properties, damped or undamped response to arbitrary force. Linear continuous systems; axial and torsional vibration of rods, shafts and beams with attached mass or stiffness. Non-linear vibrations; fundamental methods for solution. Random vibration; elements for describing random response, Fourier transforms and frequency response functions.

Prerequisite(s): MECH 330.

MECH 423  Units: 1.5  Hours: 3-0

Engineering Ceramics
Structures of ceramics, glasses and glass ceramics; properties and applications of oxides, silicates, carbides, borides and nitrides; powder processing, shape forming and sintering; mechanical properties and toughening mechanisms; design concepts for brittle ceramics and Weibull analysis; ceramic capacitors and ferroelectrics; piezoelectric and electropotropics sensors; ceramic matrix composites; ceramic fiber reinforcements for composites.

Prerequisite(s): MECH 285.

MECH 430  Units: 1.5  Hours: 3-1

Robotics
Structure and specifications of robot manipulators; homogeneous transformations; kinematic equations and motion trajectories; dynamic models of robotic manipulators; position and force control; use of robots in industrial applications.

Prerequisite(s):
- MECH 335 or permission of the Department; and
- MECH 380 or ELEC 360, and
- MATH 110 or MATH 211.

MECH 443  Units: 1.5  Hours: 3-0

Advanced Thermodynamics

Prerequisite(s): MECH 390.

MECH 444  Units: 1.5  Hours: 3-0

Wind Power Systems

Note: Credit will be granted for only one of MECH 444, MECH 450A (if taken in the same topic), MECH 450B (if taken in the same topic), MECH 450C (if taken in the same topic), MECH 450D (if taken in the same topic), MECH 450E (if taken in the same topic), MECH 450F (if taken in the same topic).

Prerequisite(s): All of MECH 220, MECH 330, MECH 345, MECH 380, CSC 349A, ELEC 365.

MECH 445  Units: 1.5  Hours: 3-0

Cryogenic Engineering

Prerequisite(s): MECH 390 and MECH 395.
MECH 446 - MECH 455

**MECH 446**  
Units: 1.5  
Hours: 3-1  
Also: CIVE 446  
**Introduction to Ocean Engineering**  
**Note:** Credit will be granted for only one of MECH 446, MECH 446A (if taken in the same topic), MECH 450B (if taken in the same topic), MECH 450C (if taken in the same topic), MECH 450D (if taken in the same topic), MECH 450E (if taken in the same topic), MECH 450F (if taken in the same topic), CIVE 446.  
**Prerequisite(s):** All of MECH 242, MECH 330, MECH 345, CSC 349A.

**MECH 447**  
Units: 1.5  
Hours: 3-0  
**Energy Systems**  
Characteristics of energy systems: evolution, energy currencies, energy sources, dynamics of energy systems. The role of storage: characteristics of storage technologies, analysis of storage impacts. Review of thermodynamic fundamentals and development of exergy balance expression. Efficiency metrics, techno economics, issues associated with the delivery of energy services such as sustainability, emissions, cost and energy intensity.  
**Prerequisite(s):** MECH 390 and MECH 395.

**MECH 449**  
Units: 1.5  
Hours: 3-0  
**Fuel Cell Technology**  
**Prerequisite(s):** MECH 240 and MECH 345.

**MECH 450A**  
Units: 1.5  
Hours: 3-0*  
**Special Topics**  
Program material in an emerging field or one not covered in regular offerings. Some topics may require laboratory work as well as lectures. Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.  
* Lab hours may vary depending on the topic.  
**Notes:**  
- Credit will be granted for only one of MECH 450A, MECH 450B (if taken in the same topic), MECH 450C (if taken in the same topic), MECH 450D (if taken in the same topic), MECH 450E (if taken in the same topic), MECH 450F (if taken in the same topic).  
- May be taken more than once for credit in different topics with permission of the department.  
**Prerequisite(s):** Set by department depending upon topic.

**MECH 450B**  
Units: 1.5  
Hours: 3-0*  
**Special Topics**  
Program material in an emerging field or one not covered in regular offerings. Some topics may require laboratory work as well as lectures. Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.  
* Lab hours may vary depending on the topic.  
**Notes:**  
- Credit will be granted for only one of MECH 450B, MECH 450A (if taken in the same topic), MECH 450C (if taken in the same topic), MECH 450D (if taken in the same topic), MECH 450E (if taken in the same topic), MECH 450F (if taken in the same topic).  
- May be taken more than once for credit in different topics with permission of the department.  
**Prerequisite(s):** Set by department depending upon topic.

**MECH 450C**  
Units: 1.5  
Hours: 3-0*  
**Special Topics**  
Program material in an emerging field or one not covered in regular offerings. Some topics may require laboratory work as well as lectures. Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.  
* Lab hours may vary depending on the topic.  
**Notes:**  
- Credit will be granted for only one of MECH 450C, MECH 450A (if taken in the same topic), MECH 450B (if taken in the same topic), MECH 450D (if taken in the same topic), MECH 450E (if taken in the same topic), MECH 450F (if taken in the same topic).  
- May be taken more than once for credit in different topics with permission of the department.  
**Prerequisite(s):** Set by department depending upon topic.

**MECH 450D**  
Units: 1.5  
Hours: 3-0*  
**Special Topics**  
Program material in an emerging field or one not covered in regular offerings. Some topics may require laboratory work as well as lectures. Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.  
* Lab hours may vary depending on the topic.  
**Notes:**  
- Credit will be granted for only one of MECH 450D, MECH 450A (if taken in the same topic), MECH 450B (if taken in the same topic), MECH 450C (if taken in the same topic), MECH 450E (if taken in the same topic), MECH 450F (if taken in the same topic).  
- May be taken more than once for credit in different topics with permission of the department.  
**Prerequisite(s):** Set by department depending upon topic.

**MECH 450E**  
Units: 1.5  
Hours: 3-0*  
**Special Topics**  
Program material in an emerging field or one not covered in regular offerings. Some topics may require laboratory work as well as lectures. Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.  
* Lab hours may vary depending on the topic.  
**Notes:**  
- Credit will be granted for only one of MECH 450E, MECH 450A (if taken in the same topic), MECH 450B (if taken in the same topic), MECH 450C (if taken in the same topic), MECH 450D (if taken in the same topic), MECH 450F (if taken in the same topic).  
- May be taken more than once for credit in different topics with permission of the department.  
**Prerequisite(s):** Set by department depending upon topic.

**MECH 450F**  
Units: 1.5  
Hours: 3-0*  
**Special Topics**  
Program material in an emerging field or one not covered in regular offerings. Some topics may require laboratory work as well as lectures. Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.  
* Lab hours may vary depending on the topic.  
**Notes:**  
- Credit will be granted for only one of MECH 450F, MECH 450A (if taken in the same topic), MECH 450B (if taken in the same topic), MECH 450C (if taken in the same topic), MECH 450D (if taken in the same topic), MECH 450E (if taken in the same topic).  
- May be taken more than once for credit in different topics with permission of the department.  
**Prerequisite(s):** Set by department depending upon topic.

**MECH 455**  
Units: 1.5  
Hours: 3-1.5-1  
**Instrumentation**  
Overview of fundamental issues associated with measurement systems; response of 0th, 1st, and 2nd order systems, components in a measurement system, effects of digitization, sampling, aliasing, noise, quantization error. Frequency Response Function, voltage conversion, loading effects and filtering. Sensors and transducers for common physical measurements, including Optical techniques and sensors. Laboratories incorporate all elements of the lectures, with students designing and building complete measurement systems with digital acquisition.  
**Prerequisite(s):** All of MECH 285, MECH 320, MECH 330, MECH 380, MECH 395, ELEC 365.
MECH 458 - Units: 1.5 - Hours: 3-1*
Mechatronics
Introduction to mechatronic systems; modelling of mixed mechatronic systems; microcontroller programming and interfacing; data acquisition; sensors and actuators; control architectures and case studies in mechatronics systems.
* Indicates a 2 hour laboratory taken by students on alternate weeks.Credit will be granted for only one of 458, 355, 486/405.
Note: Credit will be granted for only one of MECH 458, MECH 355, MECH 405, MECH 486.
Prerequisite(s):
• CSC 110 or CSC 111; and
• ELEC 216 or PHYS 216.

MECH 459 - Units: 1.5 - Hours: 3-0-1
Fundamentals of Hybrid Vehicles
Advance of hybrid electric vehicle (HEV) technology, power plants, electric propulsion systems, transmissions, and onboard energy storage systems; fuel cell vehicles; vehicle performance modelling and simulation using advanced vehicle powertrain modelling tools; design and optimization of HEV powertrain system, and HEV design case studies.
Note: Credit will be granted for only one of MECH 459, MECH 450E (if taken in the same topic).
Prerequisite(s): MATH 201.

MECH 460 - Units: 1.5 - Hours: 3-1.5*-1
Computer-Aided Manufacturing
Introduction to machining operations features of numerically controlled machine tools, and types of CNC programming. Manual part programming with G-codes, canned cycles, subprograms, and simulation program. NC machine tools and control and machine tool kinematics. CNC machining of curved surfaces, and surface machining strategies. Rapid prototyping or 3D printing. Machining mechanics and dynamics
Prerequisite(s):
• One of MECH 200, ENGR 150, ELEC 200, ELEC 299; and
• MECH 380 or ELEC 360; and
• CSC 349A.

MECH 462 - Units: 1.5 - Hours: 3-0
Small Business Startup and Organization
Development and analysis of business plans with applications to engineering; Principles of entrepreneurship and business startup; Business model canvas and strategy. Market research, analysis and building financial projections; Pivoting concept, and venture intelligence quotient. Modern finance and fundraising methods. Includes a significant team-based business-planning project, and final project presentation.
Note: Credit will be granted for only one of MECH 462, ENT 402.
Prerequisite(s): STAT 254 or STAT 260.
Pre- or Corequisite(s): One of ECON 103C, ECON 180, ENGR 280.

MECH 464 - Units: 1.5 - Hours: 1.5-1.5-3
Mechatronics Design Project
Complete design of a mechatronic project or a system that consists of mechanical, electronics and software components through modelling, simulation, and/or development and testing of a prototype; preparation of design documents, cost analyses and tenders, preparation of final design report and symposium presentation of final design. Weekly seminar series featuring topics related to electronics, software and integrated mechatronics design, IP, project management.
Note: Credit will be granted for only one of MECH 464, MECH 400, ENGR 466.
Prerequisite(s):
• One of MECH 350, BME 350, permission of the Department; and
• MECH 360 or permission of the department; and
• MECH 380 or ELEC 360; and
• MECH 458 or CENG 355; and
• CSC 349A; and
• ENSR 002; and
• declared Major in Mechanical or Major in Electrical or Computer Engineering with Mechatronics Specialization.
Pre- or Corequisite(s):
• MECH 455; or
• permission of the department.

MECH 466 - Units: 1.5 - Hours: 3-1-1
Microelectromechanical Systems
Principles of MEMS theory, design and fabrication. Topics include: scaling law principles; micro-mechanical structures for sensing and actuation; electrostatic, micro-thermal, piezoresistive, piezoelectric and micro-magnetic devices; micro-fluidics; micro-optics; microassembly and packaging. Case studies of MEMS device operation and micro-fabrication.
* Indicates four 3-hour labs.
Prerequisite(s):
• MECH 285 or ELEC 220; and
• ELEC 216 or PHYS 216; and
• ELEC 250.

MECH 472 - Units: 1.5 - Hours: 3-0-0
Introduction to Electron Microscopy
Note: Credit will be granted for only one of MECH 472, MECH 450 (if taken in the same topic).
Prerequisite(s): MECH 285.

MECH 473 - Units: 1.5 - Hours: 3-0
Ferrous and Non-Ferrous Metals
Mechanical, thermal, electrical, photonic and magnetic properties of materials, the iron-carbon and iron-cementite phase diagrams; nucleation and growth of microstructural constituents; the martensite phase transformation; time-temperature-transformation (TTT) curves; properties affected by quenching, tempering and annealing; alloy additions; structural, high strength and specialty steels; welding, tools and stainless steels; cast irons; superalloys; copper, aluminum, magnesium and titanium alloys; metal matrix composites.
Prerequisite(s): MECH 285.

MECH 475 - Units: 1.5 - Hours: 3-1
Aircraft Design
Prerequisite(s): MECH 242 and MECH 345.

MECH 481 - Units: 1.5 - Hours: 3-0
Biomaterials and Tissue Engineering
Introduction to the types of biomaterials and their associated properties. Experimental characterization techniques including microscopy, detection of chemical compositions, protein adsorption and immunoreactivity. Methods for combining biomaterials with cells to engineer tissues.
Note: Credit will be granted for only one of MECH 481, MECH 450A (if taken in the same topic), MECH 450B (if taken in the same topic), MECH 450C (if taken in the same topic), MECH 450D (if taken in the same topic), MECH 450E (if taken in the same topic), MECH 450F (if taken in the same topic), BME 481.
Prerequisite(s):
• MATH 200; and
• minimum third-year standing in the Biomedical Engineering or Computer Engineering or Civil Engineering or Electrical Engineering or Mechanical Engineering program.

MECH 483 - Units: 1.5 - Hours: 3-0-1
Mechanics and Energy Conversion for Living Cells
Note: Credit will be granted for only one of MECH 483, MECH 450A (if taken in the same topic), MECH 450B (if taken in the same topic), MECH 450C (if taken in the same topic), MECH 450D (if taken in the same topic), MECH 450E (if taken in the same topic).

MECH 485 - Units: 1.5 - Hours: 3-0
Mechanism and Manipulator Synthesis
Prerequisite(s): MECH 335.
Pre- or Corequisite(s): CSC 349A.
MECH 492 Units: 1.5 Hours: 3-0
Transport Phenomena
Prerequisite(s): MECH 345 and MECH 395.

MECH 493 Units: 1.5 Hours: 3-0-0
Design of Thermo-Fluid Systems
An advanced design course in thermofluids systems. Groups of three or four students select project topics that involve the design of thermofluids systems such as power generation and refrigeration cycles, pump and piping systems, heat exchangers and heat exchanger networks, and air-conditioning and heating systems. Alternatively, students can propose their own projects in other areas of thermofluid systems.
Prerequisite(s): MECH 345 and MECH 395.

MECH 494 Units: 1.5 Hours: 3-1
Formerly: 392
Thermofluids and Introduction to Mass Transfer
Note: Credit will be granted for only one of MECH 494, MECH 392.
Prerequisite(s): MECH 345 and MECH 395.

MECH 495 Units: 1.5 Hours: 3-1
Computational Fluid Dynamics and Heat Transfer
Methods of predictions and historical perspective; governing differential equations of heat transfer and fluid flow, finite difference methods; discretization schemes; application to heat conduction problems; introduction to control volume formulation for fluid flow and to turbulence modelling; accuracy and convergence considerations. Individual term projects using a CFD program.
Prerequisite(s): MECH 345 and MECH 395.

MECH 497 Units: 3.0 Hours: 2-18
Green Vehicle Technology Project
General background of Hybrid Electric Vehicle (HEV) technologies; green vehicle technology training by industry experts; design using advanced modeling and simulation tools; design, analysis; prototyping and testing of vehicle subsystems or key components for green vehicle technology development. Each student will present a complete report at the end of the term, and make an oral presentation of the findings.
Notes:
• Credit will be granted for only one of MECH 497, MECH 498, MECH 499.
• Students who have participated in UVic EcoCAR/Green Vehicle team may request permission to register in the course.
May only be taken once.
Duration can be one or two terms.
Prerequisite(s):
• All of MECH 350, MECH 360, ENGR 002; and
• permission of the department.
Grading: INP, standard grade.

MECH 498 Units: 3.0 Hours: 2-18
Honours Thesis
The honours thesis provides an opportunity for selected students to carry out a major design or research project under the supervision of a faculty member. The project will require independent study of the current technical literature, and independent research or design work. Each student will present a complete report at the end of the term, and make an oral presentation of the findings.
Notes:
• Credit will be granted for only one of MECH 498, MECH 497, MECH 499.
• May only be taken once.
Prerequisite(s):
• ENGR 002; and
• minimum GPA of 6.0 in all of Year 3 Mechanical Engineering courses; and
• permission of the department.

MECH 499 Units: 1.5 Hours: 1-9
Technical Project
The technical project provides an opportunity for each student to carry out a design or research project associated with one or more of the higher level courses, under the supervision of a faculty member. The nature of the project selected should be such as to require independent study of current technical literature. When feasible, the design should be assessed in the laboratory. Each student must present a complete report at the end of the term.
Notes:
• Credit will be granted for only one of MECH 499, MECH 498.
• May be taken only once.
Prerequisite(s):
• All of MECH 350, MECH 360, ENGR 002; and
• permission of the department.

MEDI
Medieval Studies
Medieval Studies Program
Faculty of Humanities

MEDI 100 Units: 1.5 Hours: 3-0
Entering the Middle Ages
A first contact with Medieval Studies organized as a thematic exploration of the Middle Ages through scholarship and through modern renderings and including guest lectures from various disciplines. Outlines both the multi-disciplinarity and the specific methodologies of the field, emphasizes academic and critical reflection on original material and encourages scholarly interpretation of modern renderings of the Middle Ages.

MEDI 200 Units: 1.5 Hours: 3-0
Myths and Legends of the Middle Ages
An introduction to selected myths and legends of the medieval world as presented in literature, art and architecture in one or more of the following traditions: Greco-Roman, Jewish, Christian, Islamic, Germanic, Celtic. Special attention given to material found in multiple traditions (e.g., stories of heroes such as Alexander, Arthur, or Morgan le Fy). May include medieval myths or the Middle Ages in film.

MEDI 210 Units: 1.5 Hours: 3-0
Voices from the Middle Ages
Medieval writers speak to us in many voices, and in many modes: male and female, ecclesiastical and secular, serious and comic or fantastic, prose and verse. A selection of medieval texts will be studied in English translation.
Note: May be taken more than once for credit in different topics to a maximum of 3 units.

MEDI 303 Units: 1.5 Hours: 3-0
The Medieval World
An interdisciplinary introduction to the Middle Ages through a comparative overview of medieval cultures and civilizations until about CE 1500, with a focus on the formation of medieval Christian Europe and its relations with Judaism, Byzantine Christianity and Islam. Both material and intellectual culture (e.g., architecture, art, music, literature) will be studied.
Prerequisite(s):
• Minimum second-year standing; or
• permission of the program.

MEDI 304 Units: 1.5 Hours: 3-0
Encountering the Middle Ages
An introduction to the interdisciplinary study of the medieval world and thus to Medieval Studies, through direct encounters with primary sources (objects, images, texts, music). Emphasizes the question of evidence in relation to interdisciplinary principles, methods and problems, involving where possible cross-cultural comparison.
Note: May be taken more than once for credit in different topics with permission of the program to a maximum of 3 units.
Prerequisite(s):
• Minimum second-year standing; or
• permission of the program.

MEDI 360 Units: 1.5 Hours: 3-0
Selected Topics in Medieval Culture
An interdisciplinary investigation of a selected topic in the evolution of medieval culture, with an emphasis to be placed on artistic, intellectual, or spiritual life of the time.
Note: May be taken more than once for credit in different topics to a maximum of 6 units.
Prerequisite(s):
• Minimum second-year standing; or
• permission of the program.

MEDI 401 Units: 1.5 Hours: 3-0
Seminar in Medieval Culture
An interdisciplinary investigation of a selected topic in the evolution of medieval culture, with an emphasis to be placed on the artistic, intellectual, or spiritual life of the time.
Note: May be taken more than once for credit in different topics to a maximum of 6 units.
Prerequisite(s):
• Minimum second-year standing; or
• permission of the program.
Recommendation(s): MEDI 303 or MEDI 304 recommended prior to MEDI 402.
MEDI 402 - Units: 1.5 Hours: 3-0
Cross-Cultural Encounters and Exchanges
An interdisciplinary investigation of significant cross-cultural encounters and exchanges in the medieval world, especially between East and West or northern European and Mediterranean cultures. Possible topics include: the Crusades; the Viking expansions; multi-culturalism in Spain or Sicily; relations between eastern and western Christendoms; international trading relations; inter-relations of the medieval world and the Mongol Empire; the transmission of Arabic science and learning.

Note: May be taken more than once for credit in different topics to a maximum of 6 units.
Prerequisite(s):
• Minimum second-year standing; or
• permission of the program.
Recommendation(s): MEDI 303 or MEDI 304 recommended prior to MEDI 402.

MEDI 442 - Units: 1.5 Hours: 3-0
Common Grounds in European Medieval Literature
Transcendence of national boundaries in literature and scholarship. Readings are modern English translations of Latin, Old French and Old/Middle English texts representing common foundations in various genres.

Note: Credit will be granted for only one of MEDI 442, FRAN 452, FREN 442.

MEDI 451 - Units: 1.5 Hours: 3-0
Formerly: part of 450
Reading, Writing and the Book in the Medieval World
A selective overview of the historical development of medieval media and communications practices and technology focusing especially on the manuscript book. Topics will normally include some of the following: the spread and consequences of literacy, orality and literacy, text and image, the formation of textual communities, the processes and sites of manuscript production, transmission and dissemination (monastic scriptoria, universities, workshops, libraries), paleography, codicology and the shift from script to print.

Note: Credit will be granted for only one of MEDI 451, MEDI 450, ENGL 481 (if taken in the same topic).
Prerequisite(s):
• Minimum third-year standing; or
• permission of the program.

MEDI 452 - Units: 1.5 Hours: 3-0
Special Topics in Medieval Manuscript Studies
A variable content course in which special topics relating to medieval manuscripts are pursued.

Note: May be taken more than once for credit in different topics with permission of the program to a maximum of 6 units.
Prerequisite(s):
• Minimum third-year standing; or
• permission of the program.

MEDI 490 - Units: 1.5 or 3.0
Directed Studies
Notes:
• May be taken more than once for credit to a maximum of 3 units.
• Students majoring in Medieval Studies in their final year may request permission to register in the course.
Prerequisite(s): Permission of the program.

MEDI 495 - Units: 3.0
Field School in Medieval Studies
An experiential introduction to the Medieval world through its architecture, art, religion, philosophy and history, in varying medieval locations. Introductory lectures normally held on campus before departure; sojourns abroad with visits, lectures and workshops.

Note: Interested students should contact the program during the Sep-Dec term.
Prerequisite(s): Permission of the program.

MEDI 499 - Units: 1.5 Hours: 3-0
Honours Graduating Essay
The graduating essay or project will be completed under the guidance of a faculty member.
Prerequisite(s):
• Minimum fourth-year standing; and
• declared Honours in Medieval Studies.

MEDS
Medical Science
Division of Medical Sciences

MEDS 301 - Units: 1.5 Hours: 3-0
Introduction to Pharmacology
A general survey of the mechanisms of action and therapeutic application of drugs in the management of human disease. Topics will include how drugs work in the systems of the body, the actions of herbs and evidence for their use and future directions in pharmacology.

Note: Students enrolled in the Island Medical Program must receive permission of the Division Head before registering for this course.
Prerequisite(s):
• One of BIOL 150B, BIOL 184, BIOL 190B, EPHE 241B, PSYC 215A, PSYC 251; or
• permission of the program.

MEDS 325 - Units: 1.5 Hours: 3-0
Geriatric Pharmacology
This course will focus on use of drugs in the elderly. This will include mechanisms and rationale behind treatment of conditions associated with advanced age, such as Parkinson Disease, Alzheimer's Disease, and Cardiovascular Diseases, among others. Additionally, inappropriate drug use in the elderly will be reviewed, both from a clinical and mechanistic standpoint.

Note: An introductory course in animal/human physiology/biology or equivalent, or permission of the course director.

MEDS 410 - Units: 1.5 Hours: 3-3
Functional Human Neuroanatomy
Examines the neuroanatomy of the brain and spinal cord, using specific case studies to elucidate our current understanding of brain-function relationships. The coursework is supplemented by an intensive laboratory component.

Prerequisite(s): Permission of the program.

MEDS 487 - Units: 1.5 or 3.0 Hours: 3-0
Special Topics in Medical Sciences
Topics of current interest in medical science. This year: Neurogenesis, Sensory Processing, Histology and Neuroanatomy.

Note: May be taken more than once for credit in different topics with permission of the program.
Prerequisite(s):
• Permission of the program; and
• additional prerequisites set by department depending upon topic.

MEDI 402 - MEST 310

MEST
Mediterranean Studies
Department of Hispanic and Italian Studies
Faculty of Humanities

MEST 300 - Units: 1.5 Hours: 3-0
Unity and Diversity in the Mediterranean (in English)
Explores a theme in a variety of geographical contexts from the Paleolithic era to the twenty-first century, allowing students to consider the continuities and discontinuities within the region across time and space.

Note: May be taken more than once for credit in different topics with permission of the department.
Prerequisite(s): Minimum second-year standing.

MEST 308 - Units: 1.5 Hours: 3-0
Fascism and Authoritarianism in the Mediterranean (in English)
An exploration of the development of fascism and authoritarianism in Italy, Spain, Croatia and Turkey, comparing and contrasting the regimes of Mussolini, Franco and Pavelic to the nationalist state of Kemal Atatürk. Some attention is given to authoritarian and fascist movements elsewhere in the Mediterranean.

Prerequisite(s): Minimum second-year standing.

MEST 310 - Units: 1.5 Hours: 3-0
The Portrayal of the Family in Mediterranean Culture (In English)
The significance of the family examined through its portrayals in the culture, religion, literature and art of Spain and Italy. Topics may include “Portrayals of Motherhood,” “Portrayals of the Patrish Familia,” “Portrayals of Childhood,” “The Church Family,” “The Family and Beyond.”

Note: May be taken more than once for credit in different topics with permission of the department.
Prerequisite(s): Minimum second-year standing.
MEST 320 - MRNE 410

MEST 320  Units: 1.5  Hours: 3-0  
Topics in Mediterranean Studies  
An exploration of different aspects of the Mediterranean region comprising literary, historical, artistic and media analyses of its rich cultural heritage. Themes examined may include: migration, cultural encounters, religious traditions, travel narratives, Orientalism, warfare, sexuality, conflict. Note: May be taken more than once for credit in different topics with permission of the department. Prerequisite(s): Minimum second-year standing.

MICR
Microbiology  
Department of Biochemistry and Microbiology  
Faculty of Science  

MICR 200A  Units: 1.5  Hours: 3-2  
Formerly: part of 200  
Introductory Microbiology I  
A broad introduction to the field of microbiology: Prokaryotic and eukaryotic cell structure and function; physiology and growth of microorganisms; control of microbial growth; viruses; molecular taxonomy of microorganisms. Note: Credit will be granted for only one of MICR 200A, MICR 200. Prerequisite(s): Minimum second-year standing; or permission of the department.

MICR 200B  Units: 1.5  Hours: 3-2  
Formerly: part of 200  
Introductory Microbiology II  
A broad introduction to the field of microbiology: Microbial genetics and genomics; genetic engineering; biotechnology; and industrial microbiology: environmental and applied microbiology; immunology; infectious diseases. Note: Credit will be granted for only one of MICR 200A, MICR 200. Prerequisite(s): MICR 200A.

MICR 302  Units: 1.5  Hours: 3-0  
Molecular Microbiology  
Genetic, genomic, biochemical and molecular approaches to studying the structure and function of microbial cells. Use of microbial systems as laboratory tools, and as model organisms for investigating biological processes. Emphasis on the application of experimental techniques to scientific problem solving. Prerequisite(s): MICR 200A and MICR 200B; and BIOL 399 or BIOL 300A.

MICR 303  Units: 1.5  Hours: 3-0  
Formerly: 403  
Immunology  
The generation of antibody diversity; immune effector mechanisms and their regulation; immunological principles as applied to research and medicine. Note: Credit will be granted for only one of MICR 303, MICR 403. Prerequisite(s): MICR 200A and MICR 200B. Pre- or Corequisite(s): BIOL 399 or BIOL 300A.

MICR 402  Units: 1.5  Hours: 3-0  
Virology  
An advanced consideration of the molecular aspects of viruses. Emphasis will be placed on the animal viruses with respect to: infection process; replication cycle; interactions with the host cell; mechanisms of pathogenicity; vaccines. The course consists of lectures with additional literature reading and brief seminars by students. Prerequisite(s): All of MICR 200A, MICR 200B, BIOC 300A, BIOC 300B.

MICR 405  Units: 1.5  Hours: 3-0  
Formerly: BIOC 405  
Biotechnology and Synthetic Biology  
Covers laboratory-based research and applications of biotechnology and synthetic biology. Core topics include recombinant DNA technologies, next generation sequencing, bioinformatics, genome engineering approaches, in vitro antibody selection vaccine development, bio-prospecting, metabolic engineering, directed evolution, fermentation processes and biofuel production strategies. Note: Credit will be granted for only one of MICR 405, BIOC 405. Prerequisite(s): All of MICR 200A, MICR 200B, BIOC 300A, BIOC 300B.

MICR 408  Units: 1.5  Hours: 3-0  
Formerly: part of 301  
Microbial Pathogenesis  
Bacterial pathogens; emphasis on molecular mechanisms of pathogenesis including antigenic variation, host cell parasitism, evasion of host immune defences, and mimicry of eukaryotic structures. Note: Credit will be granted for only one of MICR 408, MICR 301. Prerequisite(s): MICR 302 or BIOL 361; and MICR 303 or BIOL 360; and BIOC 300A and BIOC 300B.

MICR 470  Units: 1.5  
Directed Studies in Microbiology  
Note: May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units. Prerequisite(s): Minimum fourth-year standing in a Biochemistry or Microbiology program; and minimum cumulative GPA of 5.0; or permission of the department. Grading: INP, standard grade.

MRNE
Marine Science  
Department of Biology  
Faculty of Science  

MRNE 400  Units: 1.5 or 3.0  
Directed Studies  
Directed studies under the supervision of a member of faculty. Involves a research project approved by the supervisor in the field of interest of the student, and will be designed to take maximum advantage of the laboratory and/or field opportunities offered by the Bamfield Marine Sciences Centre. Notes: A student may take up to a maximum of 3 units from MRNE 400, BIOC 490A, BIOC 490B, BIOC 490C, BIOC 490D, BIOC 490E, BIOC 490F, BIOC 490G, BIOC 490H, BIOC 490J. Pre-Requisites: Pro Forma required. May be counted toward the Concentration in Marine Biology if it has substantial marine content and with permission of the department. This is a field course offered at the Bamfield Marine Sciences Centre for upper level Biology credit. Please visit www.bamfieldmsc.com for more information. Prerequisite(s): Minimum third-year standing; and minimum cumulative GPA of 5.0 in the last 15 units of coursework.

MRNE 401  Units: 1.5 or 3.0  
Special Topics in Marine Biology  
Offered, as opportunities arise, by distinguished scientists who are working at the Bamfield Marine Sciences Centre. It is expected that the course will generally be of a specialized nature and be at a level appropriate to graduate or senior undergraduate students. Please visit www.bamfieldmsc.com for a current list of Special Topics courses. Notes: May be taken more than once for credit in different topics. Permission of the department is required to count any topic toward the Marine Biology Concentration. This is a field course offered at the Bamfield Marine Sciences Centre for upper level Biology credit. Please visit www.bamfieldmsc.com for more information.

MRNE 410  Units: 1.5 or 3.0  
Marine Invertebrate Zoology  
A survey of marine invertebrate phyla, with emphasis on the benthic fauna in the vicinity of the Bamfield Marine Sciences Centre. Includes lectures, laboratory periods, field collection, identification and observation. Emphasis is placed on the study of living specimens in the laboratory and in the field. Notes: May be taken more than once for credit in different topics. This is a field course offered at the Bamfield Marine Sciences Centre for upper level Biology credit. Please visit www.bamfieldmsc.com for more information.
MRNE 412 Units: 1.5 or 3.0
Biology of Marine Fishes
The taxonomic diversity, evolution, ecology and conservation of North Pacific fishes. Laboratory and field topics include fish identification, stable isotope methodologies, database design and statistical analyses, and collecting/fishing techniques. A student field research project is required.
Notes:
- Credit will be granted for only one of MRNE 412, BIOL 431, BIOL 431A (if taken prior to May 2011).
- This is a field course offered at the Bamfield Marine Sciences Centre for upper level Biology credit. Please visit www.bamfieldmsc.com for more information.
Prerequisite(s): BIOL 215.
Recommendation(s): BIOL 307 recommended prior to MRNE 412

MRNE 415 Units: 1.5
Structure and Function in Animals
Structure of marine animals, and their adaptations to the marine environment. Neurobiology, developmental biology, functional morphology and other topics.
Note: This is a field course offered at the Bamfield Marine Sciences Centre for upper level Biology credit. Please visit www.bamfieldmsc.com for more information.
Prerequisite(s): All of BIOL 215, BIOL 225, BIOL 230.

MRNE 416 Units: 1.5 or 3.0
Coastal Community Ecology
Key ideas and concepts on how ecological and evolutionary forces shape natural communities. Using a hands-on approach, students explore key topics in community ecology including island biogeography, community succession, dispersal, marine terrestrial interactions, niche theory, climate change, and techniques to measure species diversity.
Note: Credit will be granted for only one of MRNE 416, MRNE 401 (if taken in the same topic), MRNE 402 (if taken in the same topic).
Prerequisite(s): BIOL 215 and STAT 255 or STAT 260.

MRNE 418 Units: 1.5 or 3.0
Marine Behavioural Ecology
The diversity of behaviours exhibited by intertidal animals. Key concepts and principles of behavioural ecology based on observations in the field. Students carry out an extensive, multi-component, group-oriented research project with a focus on marine invertebrates.
Note: Credit will be granted for only one of MRNE 418, MRNE 401 (if taken in the same topic), MRNE 402 (if taken in the same topic).
Prerequisite(s): BIOL 215.
Recommendation(s): STAT 255 or STAT 260, and a course in vertebrate or invertebrate zoology recommended prior to MRNE 418.

MRNE 420 Units: 1.5 or 3.0
Marine Phyology
A survey of the marine algae, with emphasis on the benthic forms, in the vicinity of the Bamfield Marine Sciences Centre. Includes lectures, laboratory periods, field collection, identification and observation. Emphasis is placed on the study of living specimens in the laboratory and in the field.
Note: This is a field course offered at the Bamfield Marine Sciences Centre for upper level Biology credit. Please visit www.bamfieldmsc.com for more information.
Prerequisite(s): BIOL 215.

MRNE 421 Units: 1.5 or 3.0
Terrestrial and Freshwater Conservation
Modern theory and practice in conservation ecology, as applied to terrestrial and freshwater habitats. Emphasis on field experience, supplemented by lectures including global biodiversity, ecosystem services, links between conservation and livelihoods, legislation protecting habitats and species, and local and global solutions. Independent research projects include biodiversity surveys, environmental impact assessments, and restoration techniques.
Note: Credit will be granted for only one of MRNE 421, MRNE 401 (if taken in the same topic), MRNE 402 (if taken in the same topic).
Prerequisite(s): BIOL 215.

MRNE 425 Units: 1.5
Ecological Adaptations of Seaweeds
Morphological, physiological, genetic and reproductive adaptations of seaweeds to their natural and human-altered environments.
Note: This is a field course offered at the Bamfield Marine Sciences Centre for upper level Biology credit. Please visit www.bamfieldmsc.com for more information.
Prerequisite(s): All of BIOL 215, BIOL 225, BIOL 230.

MRNE 430 Units: 1.5 or 3.0
Marine Ecology
An analytical approach to biotic associations in the marine environment. Opportunities will be provided for study of the intertidal realm in exposed and protected areas and of beaches and estuaries in the vicinity of the Bamfield Marine Sciences Centre; plankton studies and investigations of the subtidal and benthic environments by diving and dredging are envisaged.
Notes:
- Credit will be granted for only one of MRNE 430, BIOL 406.
- This is a field course offered at the Bamfield Marine Sciences Centre for upper level Biology credit. Please visit www.bamfieldmsc.com for more information.
Prerequisite(s): Permission of the department.

MRNE 435 Units: 1.5 or 3.0
Introduction to Biological Oceanography
An introduction to the biology of the oceans, with supporting coverage of relevant physics and chemistry. Emphasis will be placed on plankton biology, community structure and life histories, and influencing environmental factors. Collections will be made from sheltered inlets, through Barkley Sound to offshore waters. Involves both field and laboratory studies of plankton organisms.
Note: This is a field course offered at the Bamfield Marine Sciences Centre for upper level Biology credit. Please visit www.bamfieldmsc.com for more information.

MRNE 436 Units: 1.5 or 3.0
Evolutionary Ecology of Intertidal Organisms
Intertidal ecology and emerging topics in evolutionary theory. Field studies and projects will focus on adaptations of intertidal taxa.
Notes:
- Credit will be granted for only one of MRNE 436, MRNE 401 (if taken in the same topic).
- This is a field course offered at the Bamfield Marine Sciences Centre for upper level Biology credit. Please visit www.bamfieldmsc.com for more information.
Prerequisite(s): BIOL 215.
Recommendation(s): BIOL 307 recommended prior to MRNE 436.

MRNE 437 Units: 1.5
Marine Population Ecology and Dynamics
An analytical approach to the study of marine ecology and marine populations. Intertidal and subtidal communities will be examined, with emphasis on the biota of the Barkley Sound region.
Note: This is a field course offered at the Bamfield Marine Sciences Centre for upper level Biology credit. Please visit www.bamfieldmsc.com for more information.
Prerequisite(s): All of BIOL 215, BIOL 225, BIOL 230.

MRNE 440 Units: 1.5 or 3.0
Biology of Marine Birds
A study of the interrelationship of birds and the marine environment; the systematics and ecological relationships, behaviour, life histories, movement and conservation of marine birds; census techniques and methods of studying marine birds in the field will be treated utilizing seabirds and marine-associated birds in the Barkley Sound region. Seabird identification, classification, morphology, plumages and molt will be examined in the laboratory.
Note: Students who have completed a course in Vertebrate Zoology may request permission to register in the course. This is a field course offered at the Bamfield Marine Sciences Centre for upper level Biology credit. Please visit www.bamfieldmsc.com for more information.
Prerequisite(s): Permission of the department.

MRNE 475 Units: 1.5
Applied Data Analysis in Marine Science
Principles of study design and data analysis illustrated by lecture material, current research and research seminars. Students will acquire experience using the statistical computing language R.
Note: This is a field course offered at the Bamfield Marine Sciences Centre for upper level Biology credit. Please visit www.bms.bc.ca for more information.
Prerequisite(s): All of BIOL 215, BIOL 225, BIOL 230.
MUS 101A Units: 1.5 Hours: 3-0
Language of Music
An introduction to tonal music, including two-part species counterpoint and the basics of four-part harmony and voice leading.
Note: Students who have knowledge of the rudiments of music at a level equivalent to that of Royal Conservatory Advanced Rudiments may request permission to register in the course.
Prerequisite(s): Permission of the school.

MUS 101B Units: 1.5 Hours: 3-0
Language of Music
A continuation of 101A, focusing on four-part harmony and voice leading, and on the analysis of simple tonal compositions.
Prerequisite(s):
- MUS 101A; or
- permission of the school.

MUS 105 Units: 2.0 Hours: 2-0
Introduction to Composition
Designed to enhance one’s understanding of and development in compositional systems, processes and techniques through written exercises and assignments related to 20th century musical idioms.
Note: Open to all students.

MUS 108 Units: 1.5 Hours: 3-0
African Hand Drumming
Hands-on introduction to African drumming and percussion. Instruments include drums, bells, shakers and xylophones. No prior playing experience necessary; all instruments are provided.
Notes:
- Credit will be granted for only one of MUS 108, MUS 208 (if taken in the same topic).
- Not open to BMus students and cannot be used as a music elective.

MUS 109 Units: 1.5 Hours: 3-0
Great Film Music
From Jaws to Jedi; Batman to Bond, Great Film Music examines the role of music in American movies from the 1930s to present day. The course will help students develop an awareness of the impact and intent of music in relation to film. Open to all students.
Note: Credit will be granted for only one of MUS 109, MUS 391 (if taken in the same topic).

MUS 111 Units: 1.5 Hours: 3-0
Elementary Materials of Music
An introduction to the rudiments of music, including pitch and rhythmic notation, basic harmonic language, and a study of the elementary principles of melodic writing and harmony.
Notes:
- Credit will be granted for only one of MUS 111, MUS 100, MUS 100A, MUS 101A, MUS 101B.
- No background in music required.
- Not open to BMus students and cannot be used as a music elective.

MUS 115 Units: 3.0 Hours: 3-0
Listening to Music
A course for the non-professional, designed to enhance understanding and appreciation of Western music. Assignments include listening to recordings and attendance at selected University concerts.
Notes:
- Credit will be granted for only one of MUS 115, MUS 110, MUS 110A, MUS 110B, MUS 120A, MUS 120B, MUS 220A, MUS 220B.
- No background in music required.
- Not open to BMus students and cannot be used as a music elective.

MUS 120A Units: 1.5 Hours: 3-1
History of Music I
An introductory survey of music and musical values in society through humanistic, cultural, historical and musical-analytical perspectives. These issues will be explored in the context of music from Antiquity to circa 1580.
Note: Credit will be granted for only one of MUS 120A, MUS 110, MUS 110A.

MUS 120B Units: 1.5 Hours: 3-1
History of Music II
The development of Western art music from circa 1580 to circa 1770.
Note: Credit will be granted for only one of MUS 120B, MUS 110, MUS 110A.

MUS 131 Units: 1.5 Hours: 3-0
Introduction to Music Education
For students who are considering pursuing a BMus in Secondary Music Education. Orientation to the profession; an introduction to the role of music education in society.
Note: Credit will be granted for only one of MUS 131, ME 101.

MUS 140 Units: 2.0 Hours: 0-1
Individual Tuition
Lessons in instrument or voice.
Prerequisite(s): Admission to BMus program.

MUS 142 Units: 1.5 Hours: 3-0
Lyrical Dictation
A study of the basic phonetics and accepted principles of lyrical dictation of the most commonly used languages in concert and operatic repertoire: Italian, French, German, English. Emphasis on performance.

MUS 143 Units: 1.0 Hours: 0-5
Formerly: 141, 141A, 141B, 141C, 141D, 141E, 141F.
Individual Tuition: Secondary area
Lessons in a secondary instrument, voice, or conducting, in exceptional cases.
Note: Credit will be granted for only four of MUS 143, MUS 141, MUS 141A, MUS 141B, MUS 141C, MUS 141D, MUS 141E, MUS 141F.
Prerequisite(s): Permission of the school.

MUS 170A Units: 0.5 Hours: 2-1
Formerly: 170.
Basic Musicianship IA
Beginning sight-singing, dictation and corresponding keyboard skills.
Note: Credit will be granted for only one of MUS 170A, MUS 170.
Corequisite(s): MUS 101A.

MUS 170B Units: 0.5 Hours: 2-1
Formerly: 170.
Basic Musicianship IB
Continuation of MUS 170A.
Note: Credit will be granted for only one of MUS 170B, MUS 170.
Prerequisite(s): MUS 170A.
Corequisite(s): MUS 101B.

MUS 172 Units: 1.5 Hours: 1.5-0
Fundamentals of Collaborative Piano
Principles of ensemble playing for pianists.
Prerequisite(s): Admission to BMus program with principal instrument of piano.

MUS 180A Units: 2.0 Hours: 0-5
Formerly: MUS 180.
University Orchestra
Rehearses and performs orchestral repertoire from the Baroque to the present.
Notes:
- Credit will be granted for only one of MUS 180A, MUS 180.
- Open to all students by audition.

MUS 180B Units: 2.0 Hours: 0-5
Formerly: MUS 180.
University Wind Symphony
Rehearses and performs advanced repertoire for winds, brass and percussion.
Notes:
- Credit will be granted for only one of MUS 180B, MUS 180.
- Open to all students by audition.

MUS 180C Units: 2.0 Hours: 0-3
Formerly: MUS 180.
Don Wright Symphonic Winds
Rehearses and performs intermediate level repertoire for winds, brass and percussion.
Notes:
- Credit will be granted for only one of MUS 180C, MUS 180.
- Open to all students.
### MUS 180D - MUS 256B

<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>MUS 180D</strong></td>
<td><strong>2.0</strong></td>
<td><strong>0-3</strong></td>
<td>Formerly: MUS 180. Jazz Ensemble. Rehearses and performs a wide range of works, both old and new, for jazz ensemble. Notes:</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>• Credit will be granted for only one of MUS 180D, MUS 180. • Open to all students by audition.</td>
</tr>
<tr>
<td><strong>MUS 180E</strong></td>
<td><strong>2.0</strong></td>
<td><strong>0-3</strong></td>
<td>Formerly: MUS 180. University Choir. A large SATB choral ensemble that rehearses and performs a varied repertoire for mixed choir and choral/orchestra works. Notes:</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>• Credit will be granted for only one of MUS 180E, MUS 180. • Open to all students by audition.</td>
</tr>
<tr>
<td><strong>MUS 180F</strong></td>
<td><strong>2.0</strong></td>
<td><strong>0-3</strong></td>
<td>Formerly: MUS 180. Chamber Singers. A select SATB choral ensemble performing both standard and lesser-known choral repertoire from a wide spectrum of composers and styles. Notes:</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>• Credit will be granted for only one of MUS 180F, MUS 180. • Open to all students by audition. Previous choral experience and strong music skills are required.</td>
</tr>
<tr>
<td><strong>MUS 180G</strong></td>
<td><strong>2.0</strong></td>
<td><strong>0-3</strong></td>
<td>Formerly: MUS 188. University Women’s Choir. A choral ensemble that rehearses and performs varied repertoire for women’s voices. Notes:</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>• Credit will be granted for only one of MUS 180G, MUS 188. • Open to all students by audition.</td>
</tr>
<tr>
<td><strong>MUS 181</strong></td>
<td><strong>1.0</strong></td>
<td><strong>0-3</strong></td>
<td>Chamber Music. Ensembles include the standard chamber groups as well as New Music Ensemble (Sonos Lab), Opera Ensemble, Brass Choir, Vocal Jazz and Collaborative Piano.</td>
</tr>
<tr>
<td><strong>MUS 189</strong></td>
<td><strong>1.5</strong></td>
<td><strong>0-3</strong></td>
<td>Vikes Band. An ensemble that rehearses and performs at Vikes Varsity events at the Centre for Athletics, Recreation and Special Abilities (CARSAS), and select special events on campus. Note: Open to all students. Students should have a basic ability to play a band instrument, and must supply their own instrument or rent one.</td>
</tr>
<tr>
<td><strong>MUS 201A</strong></td>
<td><strong>1.5</strong></td>
<td><strong>3-0</strong></td>
<td>Language of Music. The structural principles, harmonic and contrapuntal practices of tonal music of the late 18th century explored through analysis and composition. Prerequisite(s):</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>• MUS 101B; or • permission of the school.</td>
</tr>
<tr>
<td><strong>MUS 201B</strong></td>
<td><strong>1.5</strong></td>
<td><strong>3-0</strong></td>
<td>Language of Music. A continuation of 201A. The structural principles, harmonic and contrapuntal practices of tonal music of the 19th century explored through analysis and composition. Prerequisite(s):</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>• MUS 201A; or • permission of the school.</td>
</tr>
<tr>
<td><strong>MUS 204</strong></td>
<td><strong>2.0</strong></td>
<td><strong>1-1</strong></td>
<td>Group class in Composition I. Students will work on developing technical skills, and broadening aesthetic and analytic knowledge. Prerequisite(s):</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>• MUS 105; or • permission of the School.</td>
</tr>
<tr>
<td><strong>MUS 205</strong></td>
<td><strong>3.0</strong></td>
<td><strong>2-1</strong></td>
<td>Music Composition I. Individual and class lessons with members of the Music Composition faculty. Compositions for solo and small ensembles. Attendance required at Composition Master Class Seminar. Prerequisite(s): Admission to BMus program in Composition and Theory.</td>
</tr>
<tr>
<td><strong>MUS 207</strong></td>
<td><strong>1.5</strong></td>
<td><strong>3-0</strong></td>
<td>Music, Science and Computers. An investigation into the historical relationships among music, science and technology, leading to current possibilities in computers and music. Focuses on the use of computers in music composition, analysis and synthesis of sound. Open to all students. Recommendation(s): Some musical and/or mathematical background extremely recommended.</td>
</tr>
<tr>
<td><strong>MUS 208</strong></td>
<td><strong>1.5</strong></td>
<td><strong>3-0</strong></td>
<td>Popular Music and Society I. Topic varies and may include music for the cinema, folk music, rock music, the blues, or a specific performer or group. Notes:</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>• May be taken more than once for credit in different topics with permission of the department to a maximum of 6 units. • Not open to BMus students and cannot be used as a music elective.</td>
</tr>
<tr>
<td><strong>MUS 209</strong></td>
<td><strong>1.5</strong></td>
<td><strong>3-0</strong></td>
<td>Topics in Applied Music I. Topic varies and may include recording and production techniques, the art of performing, commercial music and other related subjects. Note: May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units.</td>
</tr>
<tr>
<td><strong>MUS 220A</strong></td>
<td><strong>1.5</strong></td>
<td><strong>3-0</strong></td>
<td>History of Music III. The development of Western music from circa 1770 to circa 1880. Note: Credit will be granted for only one of MUS 220A, MUS 313A, MUS 313B, MUS 110, MUS 110B.</td>
</tr>
<tr>
<td><strong>MUS 220B</strong></td>
<td><strong>1.5</strong></td>
<td><strong>3-0</strong></td>
<td>History of Music IV. The development of Western music from circa 1880 to present. Note: Credit will be granted for only one of MUS 220B, MUS 313A, MUS 313B, MUS 110, MUS 110B.</td>
</tr>
<tr>

</tbody>
</table>
MUS 316A Units: 1.5 Hours: 3-0
History of Rock and Roll
Explores the origins and cultural contexts of rock and roll from Delta blues to the punk scene. No background in music is required.
Notes:
• Credit will be granted for only one of MUS 316A, MUS 308 (if taken in the same topic).
• Not open to BMus students and cannot be used as a music elective.

MUS 316B Units: 1.5 Hours: 3-0
The Beatles
Examines the rise to fame of The Beatles in the cultural and political contexts of the 1960s. No background in music is required.
Notes:
• Credit will be granted for only one of MUS 316B, MUS 308 (if taken in the same topic).
• Not open to BMus students and cannot be used as a music elective.

MUS 319 Units: 1.5 Hours: 3-0
Music and Culture of Cuba
An examination of Cuba’s vast variety of folkloric, popular, religious and classical music, including music of Spain, Europe and West Africa. In addition we survey the influence that Cuba has had on popular music around the world. This course also serves as an introduction to the field of ethnomusicology and its approach to cultural studies.
Notes:
• Credit will be granted for only one of MUS 319, MUS 320 (if taken in the same topic).
• Open to all students.

MUS 320 Units: 1.5 Hours: 3-0
Formerly: 320A, 320B, 320C.
Topics in World Music
Notes:
• Credit will be granted for only two of MUS 320, MUS 320A, MUS 320B, MUS 320C.
• May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units.
• Open to all students.

MUS 322 Units: 1.5 or 3.0 Hours: 3-0
A Composer’s Style and Music
A study of works of a major composer in the period from the 15th to 20th centuries. Emphasis will be placed on analysis, style and performance practice.
Note: May be taken more than once for credit in different topics.
Prerequisite(s):
• MUS 101B and MUS 120A; or
• permission of the school.

MUS 323 Units: 1.5 or 3.0 Hours: 3-0
Forms and Genres in Music
The study of a single musical form or genre; for example, opera, symphony, sonata.
Note: May be taken more than once for credit in different topics.
Prerequisite(s):
• MUS 101B and MUS 120A; or
• permission of the school.

MUS 324 Units: 1.5 or 3.0 Hours: 3-0
Music in Canada
The history of music in Canada from the time of Cartier (1534) to the present.
Prerequisite(s):
• MUS 101B and MUS 120A; or
• permission of the school.

MUS 325 Units: 1.5 Hours: 3-0
The History of Jazz
A survey of the development and growth of jazz with emphasis on the major stylistic periods, the principal soloists and composers, and the great recorded performances.
Notes:
• Credit will be granted for only one of MUS 325, MUS 325A.
• Open to all students.

MUS 326A Units: 1.5 Hours: 3-0
Keyboard Literature: 1500-1820
A survey of the basic literature of the keyboard from 1500 to 1820, with special attention to its place in Western music and culture.
Note: Open to all students.

MUS 326B Units: 1.5 Hours: 3-0
Keyboard Literature: 1820 to the Present
A survey of the basic literature of the keyboard from 1820 to the present, with special attention to its place in Western music and culture.
Note: Open to all students.

MUS 331 Units: 1.5 Hours: 3-0
Brasses
Group instruction in playing orchestral brass instruments.

MUS 332 Units: 1.5 Hours: 3-0
Woodwinds
An introduction to the pedagogy of teaching woodwind instruments.

MUS 333 Units: 1.5 Hours: 3-0
Percussion
Group instruction in playing orchestral percussion instruments.

MUS 335 Units: 1.5 Hours: 2-0
Singing for the Stage
Technical vocal instruction with application to theatre solos and ensembles. Includes preparation for auditions using fully-staged material. Although this is an introductory course, it is not a beginner’s course. A background in theatre is recommended.
Note: May be taken more than once for credit to a maximum of 6 units.

MUS 336 Units: 1.5 Hours: 1-0
Strings: Techniques and Mentoring
Technique for string students and non-string students enrolled in the music education program, including an elementary strings mentoring component.
Note: May be taken more than once for credit to a maximum of 3 units.

MUS 337 Units: 1.5 Hours: 3-0
Formerly: ME 307.
Music in the Middle School Curriculum
A study of programs and materials for middle schools. Some school experience will be required.
Note: Credit will be granted for only one of MUS 337, ME 301, ME 307.
Prerequisite(s):
• MUS 231 or ME 201; and
• MUS 237 or ME 207; and
• admission to BMus program in Secondary Education.

MUS 339A Units: 1.5 Hours: 3-0
Formerly: ME 309A.
Instrumental Techniques for Middle and Secondary Schools
Practical introductory level instrumental ensemble experience (band/strings). Emphasis will be on beginning instrumental methods and techniques.
Note: Credit will be granted for only one of MUS 339A, ME 216, ME 309A.
Prerequisite(s):
• MUS 231 or ME 201; and
• admission to BMus program in Secondary Education.

MUS 339B Units: 1.5 Hours: 3-0
Formerly: ME 309B.
Choral Techniques for Middle and Secondary Schools
Practical introductory level choral ensemble experience. Emphasis will be on beginning instrumental methods and techniques.
Note: Credit will be granted for only one of MUS 339B, ME 216, ME 309B.
Prerequisite(s):
• MUS 231 or ME 201; and
• admission to BMus program in Secondary Education.

MUS 340 Units: 2.0 Hours: 0-1
Individual Tuition
Lessons in instrument or voice.
Prerequisite(s): MUS 240.

MUS 345 Units: 6.0 Hours: 2-1
Seminar in Performance
Individual tuition, integrated performance seminar, and weekly master class including discussion of repertoire, pedagogy, and techniques of performance.
Recommendation(s): Recommended for students in the School of Music.

MUS 347A Units: 1.5 Hours: 0-3
Formerly: 347.
Introduction to Jazz Improvisation
Performance oriented, this course introduces the student to improvisation in the jazz idiom.
Notes:
• Credit will be granted for only one of MUS 347A, MUS 347.
• Knowledge of music rudiments is required.
MUS 347B Units: 1.5 Hours: 1.5-0
Formerly: 347.

Introduction to Contemporary Improvisation
Performance-based course designed to expand the perspective of classically trained musicians. Provides the opportunity to explore the creative performance practice of improvisatory contemporary music and to develop skills in listening and responding.

Note: Credit will be granted for only one of MUS 347B, MUS 347.

Prerequisite(s):
• MUS 101B; or
• permission of the school.

MUS 350A Units: 1.5 Hours: 3-0
Orchestration
Study of instrumentation and orchestra.

Prerequisite(s):
• MUS 120A and MUS 201B; or
• permission of the school.

MUS 350B Units: 1.5 Hours: 3-0
Orchestration
A continuation of 350A.

Prerequisite(s):
• MUS 350A.

MUS 351 Units: 1.5 Hours: 2-1
Jazz Arranging
The study of basic techniques applicable to arranging/orchestrating for Jazz ensembles.

Prerequisite(s):
• MUS 201B; and
• permission of the school.

MUS 352 Units: 1.5 Hours: 2-1
Introduction to Film Scoring and Sound Design
Workshop assignments in composing and structuring original soundtracks and sound design for film and plays. The screenplay as a narrative guide for orchestration, timing and pace, and character development through musical devices will be explored through exercises.

Note: This course is an elective, open to both music and non-music students.

Prerequisite(s):
• Minimum second-year standing; and
• permission of the school.

Corequisite(s):
One of MUS 204, MUS 304, MUS 404, MUS 205, MUS 305, MUS 405.

Recommendation(s):
MUS 105 or MUS 101A and MUS 101B highly recommended prior to MUS 352.

MUS 356A Units: 1.5 Hours: 3-0
Basic Conducting
Fundamental conducting techniques as applied to instrumental and vocal music.

Prerequisite(s):
• MUS 120A and MUS 201B; or
• permission of the school.

MUS 356B Units: 1.5 Hours: 3-0
Basic Conducting
A continuation of 356A.

Prerequisite(s):
• MUS 356A; or
• permission of the school.

MUS 356C Units: 1.5 Hours: 3-0
Introduction to Film Scoring and Sound Design
Workshop assignments in composing and structuring original soundtracks and sound design for film and plays. The screenplay as a narrative guide for orchestration, timing and pace, and character development through musical devices will be explored through exercises.

Note: This course is an elective, open to both music and non-music students.

Prerequisite(s):
• Minimum second-year standing; and
• permission of the school.

Corequisite(s):
One of MUS 204, MUS 304, MUS 404, MUS 205, MUS 305, MUS 405.

Recommendation(s):
MUS 105 or MUS 101A and MUS 101B highly recommended prior to MUS 352.

MUS 358A Units: 2.0 Hours: 0-5
University Orchestra
Rehearses and performs orchestral repertoire from the Baroque to the present.

Notes:
• Credit will be granted for only one of MUS 380A, MUS 380.
• Open to all students by audition.

MUS 358B Units: 2.0 Hours: 0-5
University Wind Symphony
Rehearses and performs advanced repertoire for winds, brass and percussion.

Notes:
• Credit will be granted for only one of MUS 380B, MUS 380.
• Open to all students by audition.

MUS 358C Units: 2.0 Hours: 0-3
Don Wright Symphonic Winds
Rehearses and performs intermediate level repertoire for winds, brass and percussion.

Notes:
• Credit will be granted for only one of MUS 380C, MUS 380.
• Open to all students.

MUS 380D Units: 2.0 Hours: 0-3
Jazz Ensemble
Rehearses and performs a wide range of works, both old and new, for jazz ensemble.

Notes:
• Credit will be granted for only one of MUS 380D, MUS 380.
• Open to all students by audition.

MUS 380E Units: 2.0 Hours: 0-3
University Chorus
A large SATB choral ensemble that rehearses and performs a varied repertoire for mixed choir and choral/orchestra works.

Notes:
• Credit will be granted for only one of MUS 380E, MUS 380.
• Open to all students by audition.

MUS 380F Units: 2.0 Hours: 0-3
Chamber Singers
A select SATB choral ensemble performing both standard and lesser-known choral repertoire from a wide spectrum of composers and styles.

Notes:
• Credit will be granted for only one of MUS 380F, MUS 380.
• Open to all students by audition.

MUS 380G Units: 2.0 Hours: 0-3
University Women's Choir
A choral ensemble that rehearses and performs varied repertoire for women's voices.

Notes:
• Credit will be granted for only one of MUS 380G, MUS 380.
• Open to all students by audition.

MUS 381 Units: 1.0 Hours: 0-3
Chamber Music
Ensembles include the standard chamber groups as well as New Music Ensemble (Sonic Lab), Opera Ensemble, Brass Choir, Vocal Jazz and Collaborative Piano.

MUS 389 Units: 1.5 Hours: 0-3
Vikes Band
An ensemble that rehearses and performs at Vikes Varsity events at the Centre for Athletics, Recreation and Special Abilities (CARSA), and select special events on campus.

Note: Open to all students.

Students should have a basic ability to play a band instrument, and must supply their own instrument or rent one.

MUS 390 Units: 1.5 Hours: 3-0
Special Studies
With the consent of the School, a student who has demonstrated a capacity for independent work may undertake an individual project.

Note: May be taken more than once for credit in different topics.

MUS 391 Units: 1.5 Hours: 3-0
Cross-Cultural and Historical Topics in Music
Topics may include: issues in music history, world music, music and society or cross-disciplinary perspectives. No prerequisites. Open to music and non-music students.

Note: May be taken more than once for credit in different topics to a maximum of 3 units.

MUS 401A Units: 1.5 Hours: 3-0
Topics in Analysis
The study of a particular analytical approach (e.g., Rameau, Schenker) and its applications to a variety of musics.

Note: May be taken more than once for credit in different topics.

Prerequisite(s):
• MUS 201B; or
• permission of the school.

MUS 401B Units: 1.5 Hours: 3-0
Baroque Counterpoint
The contrapuntal language of J.S. Bach, his contemporaries and immediate predecessors, explored through writing and analysis.

Prerequisite(s):
• MUS 201B; or
• permission of the school.

MUS 401C Units: 1.5 Hours: 3-0
Acoustics of Music
The physics of musical sound and the acoustics of musical instruments. Timbre, scales, tuning and temperament. An introduction to psychoacoustical issues.

Recommendation(s): Experience in singing or playing an instrument recommended.
MUS 401D Units: 1.5 Hours: 3-0
Jazz Theory
Theoretical aspects of jazz, including its harmonic and formal characteristics.
Prerequisite(s):
• MUS 201B; or
• permission of the school.

MUS 404 Units: 2.0 Hours: 1-1
Group Composition III
Continuation of 304; further development of compositional technique and analytical skills.
Prerequisite(s):
• MUS 304 or MUS 305; or
• permission of the school.

MUS 405 Units: 3.0 Hours: 2-1
Music Composition III
Individual lessons with members of the Music Composition faculty. Majors will complete and have performed a graduating work of advanced and significant scope.
Note: Attendance at Master Class Seminar required.
Prerequisite(s):
• MUS 305; and
• admission to BMus program in Composition and Theory; or
• permission of the school.

MUS 406A Units: 1.5 Hours: 2-2
Advanced Sound Recording Techniques
Advanced study of the theory and practice of sound recording and audio technology, studio techniques and procedures. Includes concert hall acoustics, perceptual coding, high-resolution formats, electro-acoustic measurements, studio design and acoustics, and surround sound microphone techniques. Practical work includes the recording of School of Music concerts, post-production editing and working with the School of Music concert archive.
Prerequisite(s): MUS 306.

MUS 406B Units: 1.5 Hours: 0-3
Sound Recording Seminar
Advanced work in sound recording and music production techniques including classical music recording and editing, classical music production, popular music production, multi-track recording and editing, contemporary post-production techniques, multi-track mixing and audio mastering. Practical work includes the recording of School of Music concerts, post-production editing and working with the School of Music concert archive. This course requires the completion of a major recording project.
Prerequisite(s): MUS 406A.

MUS 407 Units: 3.0 Hours: 0-3
Computer Music Seminar
Advanced work in computer music, including study of software synthesis and analysis of digitized signals, interactive control of synthesizers, embedded systems and robotics. Extensive work in Max/MSP/jitter.
Prerequisite(s):
• MUS 307; and
• permission of the school.

MUS 411 Units: 1.5 Hours: 3-0
The Business of Music
An in-depth, practical investigation of the music industry with emphasis on current trends in the creation and consumption of music as it relates to commerce. Students cultivate familiarity with common music business practices necessary for a career as a music professional and manager. Includes music marketing principles and practices related to publicity, touring, distribution, publishing, licensing and synchronization rights, radio, auditions and grant writing.
Notes:
• Credit will be granted for only one of MUS 411, MUS 391 (if taken in the same topic).
• Open to all students.
Recommendation(s): A background in comprehension of written music recommended.

MUS 421 Units: 1.5 Hours: 2.5-0
Selected Topics in Music History
Note: May be taken more than once for credit in different topics to a maximum of 3 units.
Prerequisite(s): All of MUS 120A, MUS 120B, MUS 201B, MUS 220A, MUS 220B.

MUS 431 Units: 1.5 Hours: 3.0
Music Education Seminar II: Current Issues in Music Education
Issues covered in this course may include music for the special learner, global music pedagogy, technology applications in music education, musical theatre, creativity in the music classroom, improvisation in the music classroom, guitar in the secondary music classroom.
Notes:
• Credit will be granted for only one of MUS 431, ME 209B.
• Offered in alternate years.
Pre- or Corequisite(s): All of MUS 337, MUS 339A, MUS 339B.

MUS 432A Units: 1.5 Hours: 3-0
Formerly: ME 209B.
Kodály Level 1: Pedagogy and Music Literature
An overview of the Kodály-inspired concept of music education, with strategies and techniques for teaching rhythmic and tonal skills, elements and musical attitudes. Includes songs, games and dances related to the primary curriculum (grades K-2); folk and art music, plus preliminary song analysis skills and the beginning of a categorized, annotated, retrievable music collection.
Notes:
• Credit will be granted for only one of MUS 432A, ME 350, ME 400A.
• Knowledge of music rudiments equivalent to RCM Preliminary Rudiments required.
Corequisite(s): MUS 432A.

MUS 432B Units: 1.5 Hours: 3-0
Kodály Level 2: Pedagogy and Music Literature
A continued study of the Kodály-inspired concept of music education strategies and techniques for teaching rhythmic and tonal skills, elements and musical attitudes. Focused study of intermediate curriculum (grades 3-5, including older beginners in these grades); folk and art music. Continuation of song analysis skills and of the categorized, annotated and retrievable music collection.
Note: Credit will be granted for only one of MUS 432B, EDCI 487 (if taken in the same topic).
Prerequisite(s):
• MUS 432A or ME 350; and
• MUS 433A; or
• permission of the school.
Corequisite(s): MUS 433B.

MUS 432C Units: 1.5 Hours: 3-0
Kodály Level 3: Pedagogy and Music Literature
Kodály concept of music education strategies and techniques for developing rhythmic and tonal skills, elements, and musical attitudes. Focused study of curriculum beyond grade 5, plus non-school situations; folk and art music. Completion of categorized, annotated, retrievable music collection, suitable for teaching all levels.
Prerequisite(s):
• MUS 432B and MUS 433B; or
• permission of the school.
Corequisite(s): MUS 433C.

MUS 433A Units: 1.5 Hours: 3-0
Kodály Level 1: Musicianship, Conducting and Ensemble
Beginning level vocal- and aural-centred musicianship skill development, emphasizing the use of relative solfization and rhythm syllables. Includes conducting techniques and choral singing. Daily in-class performance is expected.
Notes:
• Credit will be granted for only one of MUS 433A, ME 319 (if taken prior to August 2014).
• Knowledge of music rudiments equivalent to RCM Preliminary Rudiments required.
Corequisite(s): MUS 432A.

MUS 433B Units: 1.5 Hours: 3-0
Kodály Level 2: Musicianship, Conducting and Ensemble
Intermediate level vocal- and aural-centred musicianship skill development emphasizing the use of relative solfization and rhythm syllables. Includes conducting techniques and choral singing. Daily in-class performance is expected.
Notes:
• Credit will be granted for only one of MUS 433B, ED CI 487 (if taken in the same topic).
• Students who completed ME 319 in May-Aug 2013 or May-Aug 2014 may request permission to register in the course.
Prerequisite(s):
• MUS 433A and MUS 432A; or
• permission of the school.
Corequisite(s): MUS 432B.
MUS 433C - MUS 480E

MUS 433C Units: 1.5 Hours: 3-0
Kodály Level 3: Musicianship, Conducting & Ensemble
Advanced level vocal- and aural-centred musicianship skill development emphasizing the use of relative solmization and rhythm syllables. Includes conducting techniques and choral singing. Daily in-class performance is expected.
Prerequisite(s):
• MUS 432B and MUS 433B; or
• permission of the school.
Corequisite(s): MUS 432C.

MUS 437 Units: 1.5 Hours: 3.0
Formerly: ME 407
Music in the Secondary School Curriculum
A study of programs and materials for secondary schools. Some school experience will be required.
Note: Credit will be granted for only one of MUS 437, ME 401, ME 407.
Prerequisite(s):
• MUS 337 or ME 307; and
• admission to BMus in Secondary Education.

MUS 439 Units: 1.5 Hours: 3.0
Formerly: ME 409
Instrumental and Choral Clinic
Practical ensemble experience in secondary instrumental and choral classes. Teaching techniques, conducting, repertoire, and evaluation procedures will be addressed.
Notes:
• Credit will be granted for only one of MUS 439, ME 316, ME 409.
• Offered in alternate years.
Prerequisite(s):
• MUS 339A and MUS 339B; and
• admission to BMus in Secondary Education.

MUS 440 Units: 2.0 Hours: 0-1
Individual Tuition
Lessons in instrument or voice.
Note: May be taken more than once for credit with permission of the school to a maximum of 4 units; however, permission to repeat the course will only be granted in exceptional cases to students in a fifth year of study. Such students may be required to participate in ensembles.
Prerequisite(s): MUS 340.

MUS 445 Units: 6.0 Hours: 1-2
Seminar in Performance
Individual tuition, integrated performance seminar and weekly class including discussion of repertoire, pedagogy, and techniques of ensemble performance.
Prerequisite(s):
• MUS 345; and
• admission to BMus program in Performance.

MUS 447 Units: 1.5 Hours: 3-0
Jazz Improvisation
This performance-based advanced improvisation course follows MUS 347A. Participants will explore advanced improvisation including tonal, bi-tonal and free harmonic models, odd meters, contemporary performance practice and World Music models. Work will include transcriptions and regular concert attendance.
Prerequisite(s): MUS 347 or MUS 347A.

MUS 448 Units: 1.0
Graduating Recital
Prerequisite(s):
• MUS 345; and
• admission to BMus program in Performance.
Grading: INC, COM, N, F.

MUS 456B Units: 1.5 Hours: 0-1.5
Topics in Conducting
Note: May be taken more than once for credit in different topics to a maximum of 3 units.
Prerequisite(s):
• MUS 370B; and
• MUS 256B or MUS 356B; or
• permission of the school.
Recommendation(s): MUS 350A recommended prior to MUS 456B.

MUS 462A Units: 1.5 Hours: 0-3
Seminar in Performance of New Music
This seminar/workshop provides intensive professional training for performers who work together with composers in the creation, performance and production of new music. Performers will prepare new works composed specifically for them by the composers registered simultaneously in MUS 462B. Training in contemporary notation and performance practices, extended techniques, instrumentation, analysis, conducting techniques, communication skills and concert production. The final project is a festival. Open to third- and fourth-year music students.
Note: A combined undergraduate and graduate course (MUS 362A - Graduate Seminar in Performance of New Music).
Prerequisite(s):
• MUS 201B; and
• minimum third-year standing; or
• permission of the school.

MUS 462B Units: 1.5 Hours: 0-3
Seminar in Contemporary Composition and Performance
This seminar/workshop provides intensive professional training for performers who work together with composers in the creation, performance and production of new music. Composers will create new works composed specifically for the performers registered simultaneously in MUS 462A. Training in contemporary notation and performance practices, extended techniques, instrumentation, analysis, conducting techniques, communication skills and concert production. The final project is a festival. Open to third- and fourth-year music students.
Note: A combined undergraduate and graduate course (MUS 362B Graduate Seminar in Contemporary Composition and Performance).
Prerequisite(s):
• MUS 201B; and
• minimum third-year standing; or
• permission of the school.

MUS 480A Units: 2.0 Hours: 0-5
Formerly: MUS 480.
University Orchestra
Rehearses and performs orchestral repertoire from the Baroque to the present.
Notes:
• Credit will be granted for only one of MUS 480A, MUS 480.
• May be taken more than once for credit with permission of the school to a maximum of 4 units.
• Open to all students by audition.

MUS 480B Units: 2.0 Hours: 0-5
Formerly: MUS 480.
University Wind Symphony
Rehearses and performs advanced repertoire for winds, brass and percussion.
Notes:
• Credit will be granted for only one of MUS 480B, MUS 480.
• May be taken more than once for credit with permission of the school to a maximum of 4 units.
• Open to all students by audition.

MUS 480C Units: 2.0 Hours: 0-3
Formerly: MUS 480.
Don Wright Symphonic Winds
Rehearses and performs intermediate level repertoire for winds, brass and percussion.
Notes:
• Credit will be granted for only one of MUS 480C, MUS 480.
• May be taken more than once for credit with permission of the school to a maximum of 4 units.
• Open to all students.

MUS 480D Units: 2.0 Hours: 0-3
Formerly: MUS 480.
Jazz Ensemble
Rehearses and performs a wide range of works, both old and new, for jazz ensemble.
Notes:
• Credit will be granted for only one of MUS 480D, MUS 480.
• May be taken more than once for credit with permission of the school to a maximum of 4 units.
• Open to all students by audition.

MUS 480E Units: 2.0 Hours: 0-3
Formerly: MUS 480.
University Chorus
A large SATB choral ensemble that rehearses and performs a varied repertoire for mixed choir and choral/orchestra works.
Notes:
• Credit will be granted for only one of MUS 480E, MUS 480.
• May be taken more than once for credit with permission of the school to a maximum of 4 units.
• Open to all students.
MUS 480F - 2.0 Units - Hours: 0-3
Formerly: MUS 480.
Chamber Singers
A select SATB choral ensemble performing both standard and lesser-known choral repertoire from a wide spectrum of composers and styles.
Notes:
- Credit will be granted for only one of MUS 480F, MUS 480.
- May be taken more than once for credit with permission of the school to a maximum of 4 units.
- Open to all students by audition.

MUS 480G - 2.0 Units - Hours: 0-3
Formerly: MUS 488.
University Women’s Choir
A choral ensemble that rehearses and performs varied repertoire for women’s voices.
Notes:
- Credit will be granted for only one of MUS 480G, MUS 488.
- May be taken more than once for credit with permission of the school to a maximum of 4 units.
- Open to all students by audition.

NURS 325 - 1.5 Units
Explorations of Nursing Knowledge and Practice
An introduction to socio-historical context and philosophical underpinnings informing nursing practice. Participants explore how they know about practice and how they enact their practice.
Note: Credit will be granted for only one of NURS 325, NURS 320.

NURS 341 - 1.5 Units
Professional Practice IV: Nursing Inquiry
Builds on Professional Practice I, II and III. Knowledge for the discipline of nursing is explored as well as various modes of nursing inquiry. Relationships between practice, theory, and research are explored.
Prerequisite(s):
- For College-University Transfer BSN Program Students:
  - Professional Practice III.
- For Post-diploma students:

NURS 342 - 1.5 Units
Health and Healing VI: Global Health Issues
Study of complex chronic and episodic global health challenges and issues. Emphasis is placed on the role of the nurse as care provider, community organizer/facilitator, educator and advocate within the context of the global society and the changing health care environment. Participants examine emerging health issues and trends further to develop their understanding of nursing practice.

NURS 345 - 3.0 Units
Family Nursing
Building on existing knowledge of registered nurses, students have the opportunity to develop an understanding of health-promoting family nursing. Four major domains are explored theoretically and experientially: health, family, relational nursing practice and ethics.
Note: Credit will be granted for only one of NURS 345, NURS 330, NURS 331.

NURS 350 - 1.5 Units
Health and Healing VII: Promoting Community and Societal Health
Explores knowledge for nursing as a practice of relationship and inquiry, in promoting community and societal health. Emphasis is placed on working with community and society, from perspectives of social justice, health equity and political action, community development and capacity building for community health promotion, and transformative and emancipatory approaches to teaching and learning. Students will engage in community-based learning activities to integrate theory and practice.
Note: Normally, a student must pass both theory and practice co-requisites in the same term to advance in the program. If a student fails one co-requisite but achieves a minimum grade of B (73-76%) or higher in the second the student may not be required to complete both co-requisites again the next time they are offered.
Prerequisite(s):
- For College-University Transfer BSN Program students:
  - Health and Healing VI.
- For Post-diploma students:
  - NURS 345.
Corequisite(s):
- For Post-diploma and College-University Transfer BSN Program students (Aurora College and Selkirk College only):
  - NURS 351.
Grading: COM, F.

NURS 351 - 1.5 Units
Nursing Practice VI: Promoting Health of Communities and Society
This nursing practice experience provides opportunities to develop caring relationships with families, groups and communities and/or populations with an emphasis on health promotion and community empowerment. Participants have opportunities to work with a community on an identified health issue.
Notes:
- Credit will be granted for only one of NURS 351, NURS 456.
- Normally, a student must pass both theory and practice co-requisites in the same term to advance in the program. If a student fails one co-requisite but achieves a minimum grade of B (73-76%) or higher in the second the student may not be required to complete both co-requisites again the next time they are offered.
Prerequisite(s):
- For College-University Transfer BSN Program students:
  - Health and Healing VI.
- For Post-diploma students:
  - NURS 345.
Corequisite(s):
- For Post-diploma and College-University Transfer BSN Program students (Aurora College and Selkirk College only):
  - NURS 350.
Grading: COM, F.
NURS 360 Units: 1.5
Professional Practice VI: Nursing Research
Building on Professional Practice II, III, and IV, participants will enhance their understanding of nursing scholarship and their abilities to comprehend, critique, and utilize nursing research. Participants critically reflect on various scholarly works and research methodologies. Participants experience ways to critically examine their practice in relation to nursing research and to pose research questions for evidence-informed practice.

NURS 370 Units: 4.5
Consolidated Practice Experience III
This consolidated practice experience is designed to provide opportunities for participants to integrate learning from previous terms, and to advance their professional nursing practice. Participants have opportunities to consolidate learning and advance their clinical decision making in a variety of settings. Nursing practice experiences consist of a six-week practice placement.
Note: CPE Workshops are required for College-University Transfer BSN Program students.

Prerequisite(s):
• For College-University Transfer BSN Program students (Aurora College and Selkirk College only):
  • All of NURS 341, NURS 342, NURS 350, NURS 351.
  • For College-University Transfer BSN Program students (Victoria campus):
  • All of NURS 341, NURS 342, NURS 350, NURS 360.
Grading: COM, F.

NURS 390 Units: 1.5 or 3.0
Directed Studies
Directed readings, research projects or special studies in a specified area of interest. A proposal is developed in consultation with a faculty member and includes a plan for the evaluation of the student’s work. The proposal must receive the approval of the Director or designee before students are permitted to register.
Notes:
• May be taken more than once for credit in different topics with permission of the school to a maximum of 4.5 units.
• Offered as resources permit.

NURS 400 Units: 1.5
Formerly: 300.
Academic Writing for Nurses
Elective online credit course, gives students practice writing academic genres: summaries, analyses, arguments, abstracts and literature reviews. Students refresh grammar and APA skills and share and improve their writing through peer review and revision. Scaffolded assignments, drafting, revision, and self-reflective exercises assist students to develop writing voice and build confidence. This course is directed to undergraduate nursing students to improve academic writing.
Note: Credit will be granted for only one of NURS 400, NURS 300, NURS 390 (if taken in the same topic), NURS 480 (if taken in the same topic).

NURS 405 Units: 1.5
Statistics for Evidence-Based Practice
Introduction to basic statistics used by healthcare professionals in critically appraising research literature. The current demand for accountability, professionalism, knowledge translation activities, and evidence-based practice are of paramount importance when making clinical decisions. Offers a solid foundation in preparing for future advanced research courses.
Note: Credit will be granted for only one of NURS 405, NURS 480 (if taken in the same topic).

NURS 425 Units: 1.5
Quantitative and Qualitative Analysis
A grounding in the techniques commonly used in the analysis of both quantitative and qualitative analysis are addressed. Students will understand a range of statistics commonly used in nursing research and learn how they are used in a computer-based application. Students will understand how qualitative data is used in nursing research and will engage in the process of coding qualitative data through coding and themetic construction.
Notes:
• Credit will be granted for only one of NURS 425, HSD 425.
• All students must have basic computing and word processing skills prior to enrolling in the course.

NURS 430 Units: 1.5
Professional Practice V: Leadership in Nursing
Investigates knowledge of leadership for nursing practice in the promotion of health for individuals, families, groups and communities. Topics include: nurses’ roles in the Canadian health care system, nurses’ influence in change, impacts of global trends and issues, collaborative and ethical approaches for working within institutional philosophies and frameworks, and issues facing nurses in current work environments. Students will engage in leadership experiences to integrate theory and practice of leadership competencies.
Note: Normally, a student must pass both theory and practice co-requisites in the same term to advance in the program. If a student fails one co-requisite but achieves a minimum grade of B (73-76%) or higher in the second the student may not be required to complete both co-requisites again the next time they are offered.

Prerequisite(s):
• For College-University Transfer BSN Program students (Aurora College & Selkirk College only):
  • NURS 350 and NURS 351.
• For Post-diploma students:
  • All of NURS 345, NURS 350, NURS 351.

Corequisite(s):
• For Post-diploma and College-University Transfer BSN Program students (Aurora College & Selkirk College only):
  • NURS 430.
Grading: COM, F.

NURS 450 Units: 1.5
Nursing Leadership and Management
Enhances participants’ understanding of the meaning of leadership and the tasks of management. Worldviews that influence perceptions of healthcare and health organizations, and current approaches to managing health care will be studied. Nursing leadership in establishing a climate in which quality of care and quality work environments can become a reality are emphasized.

NURS 456 Units: 1.5
Nursing within Communities and Health Systems
Apply nursing knowledge, skills, judgements, and attributes where people intersect with communities, organizations and health systems. Students analyze and utilize evidence-informed data to influence change, promote interprofessional collaboration to enhance continuity, address challenges and deliver safe, ethical, quality care, foster social justice, empowerment, and culturally competent practice, and provide leadership.
Note: Credit will be granted for only one of NURS 456, NURS 351, NURS 431.
Prerequisite(s): NURS 350 and NURS 370.
Corequisite(s):
• For Post-diploma and College-University Transfer BSN Program students (Aurora College & Selkirk College only):
  • NURS 431.
• For College-University Transfer BSN Program students (Victoria campus):
  • NURS 456.
Grading: COM, F.
NURS 470 - Units: 4.5
Consolidated Practice Experience IV
This consolidated practice experience is designed to provide opportunities for participants to integrate learning from previous terms, and to advance their professional nursing practice. Participants have opportunities to consolidate learning and advance their clinical decision making in a variety of settings. Nursing practice experiences consist of a six week practice placement.
Note: CPE Workshops are required for College-University Transfer BSN Program Students.
Prerequisite(s): NURS 370.
Grading: COM, F.

NURS 475 - Units: 4.5
Consolidated Practice Experience V
This final consolidated practice experience is designed to provide opportunities for participants to integrate learning from previous terms, and to advance their professional nursing practice. In a variety of settings, participants have opportunities to consolidate learning, and advance their clinical decision making. Nursing practice experiences consist of a six week practice placement.
Note: CPE Workshops are required for College-University Transfer BSN Program Students.
Prerequisite(s):
• For College-University Transfer BSN Program students (Aurora College & Selkirk College only):
  • All of NURS 360, NURS 370, NURS 430, NURS 431.
  • For College-University Transfer BSN Program students (Victoria only):
  • All of NURS 360, NURS 370, NURS 425, NURS 430, NURS 456.
Pre- or Corequisite(s): NURS 470.
Grading: COM, F.

NURS 480 - Units: 1.5 or 3.0
Special Topics
Topics of current interest or concern to groups of students.
Note: May be taken more than once for credit in different topics with permission of the school.

NURS 481C - Units: 1.5
Nursing Practice in Hospice Palliative Care
Explores nursing practice in hospice palliative care. Historical, theoretical, personal, and professional perspectives are presented for ongoing examination and analysis in relation to their impact on and guidance for nursing practice. Central to this exploration is a growing understanding of the human experience of persons living their dying and how we as nurses choose to engage with and serve hospice palliative care patients. It is our goal that, through examination of these various dimensions, students will be guided to practice with persons living their dying in ways that uphold human dignity and honor human uniqueness.

NURS 482 - Units: 1.5
Pharmaceutical Knowledge for Nursing Practice
A systematic approach to develop knowledge of pharmaceutical, herbal and homeopathic interventions. Students will have opportunities to explore populations of interest and local, national, and/or global issues related to pharmaceutical interventions and marketing. Students will work collaboratively to develop and disseminate nursing knowledge.
Note: In the on-campus course, online work complements in-classroom instruction. In the online course, conferencing tools will be used to augment required learning activities, readings and assignments.

NURS 483 - Units: 1.5
Teaching and Learning in Nursing Practice
Considers pedagogies that are consistent with a human science paradigm and health promotion perspective. In addition, students are expected to develop their unique approaches to teaching and learning within these perspectives. Focuses on pedagogical considerations involved in health promotion nursing practice.

NURS 484 - Units: 1.5
Nursing with Aboriginal Peoples in Canada
An introduction to nursing with Aboriginal peoples in Canada. Through the use of storytelling, self-reflection, and a critical framework, learners are invited to enter into a "dialogue" with Aboriginal and non-Aboriginal individuals, community members and nurses. Together, as a community of learners, we will explore the essential concepts of relationship and power as related to working with Aboriginal people and communities. Major themes covered in the course materials and through course interactions are: an examination of colonialism in Canada and its impacts, particularly on Aboriginal peoples, cultural safety, ethical relationships, and the responsibilities of nurses working in this context. While primarily focused on nursing, all human service professionals are invited to participate in this course.

NURS 487 - Units: 1.5
Health Care Law
Designed to allow students to develop an understanding of the origin and sources of the law as it applies to the Canadian health care system. Stimulates an appreciation for the legal terminology, reasoning, and processes as well as the origin and sources of the law as it applies to the Canadian health care system. Students will explore an ability to determine when and how to use legal counsel effectively.
Note: Credit will be granted for only one of NURS 487, HINF 330, HINF 491 (if taken in the same topic).

NURS 488 - Units: 1.5
Gendering Health Care Practices in Nursing
An examination of how societal constructions of women's and men's characteristics, roles, and positions produce taken-for-granted notions about femininities and masculinities in health care. We move beyond biomedical knowledge to analysis of how social, political, and economic conditions shape people's lives and their experiences of health; exploring the interrelationships of power, knowledge, and society to better understand gendering health care practices in nursing.

NURS 490 - Units: 1.5 or 3.0
Directed Studies
Directed readings, research projects or special studies in a specified area of interest. A proposal is developed in consultation with a faculty member and includes a plan for the evaluation of the student's work. The proposal must receive the approval of the Director or designate before students are permitted to register.
Notes:
• May be taken more than once for credit in different topics with permission of the school to a maximum of 4.5 units.
• Offered as resources permit.

NURS 491 - Units: 4.5
Nursing Practice VIII: Transitions
The nursing practice experience provides opportunities for participants to consolidate their learning and explore the transition to professional nursing as a BSN graduate. Participants also explore transitions in the health care system and the workplace that affect nurses. Participants may develop their practice within a specific area, e.g., particular setting of practice, a certain client population, or a specific health challenge.
Note: CPE Workshops are required for College-University Transfer BSN Program Students.
Prerequisite(s): NURS 470.
Pre- or Corequisite(s): NURS 475.
Grading: COM, F.

NURS 493A - Units: 1.5
Community Health Nursing
Theoretical and conceptual foundations of community health nursing practice. Students will explore and critique nurses' roles in community health nursing, particularly in public health and in primary health care settings. Provides opportunities to advance and/or to add to your nursing knowledge and experience. Community health assessment, individual health assessment, population-focused practice, epidemiology, communicable disease control, and health-promoting practice with specific populations and in relation to specific health issues are explored and critiqued.
Prerequisite(s):
• For College-University Transfer BSN Program students: completion of Term 6; and
• permission of the department.

NURS 493C - Units: 1.5
Lived Experience of Health in Aging
The complex nature of aging and health. Students will explore the determinants of health, as well as the common chronic and episodic challenges of health and healing in later life. Changing demographics and societal forces influencing present and future health care of older persons will be analyzed and critiqued. In addition, nursing theory and issues related to the delivery of care with older persons will be examined. Health promotion and nursing practice, and environments that support healthy aging are integral to this course.
Prerequisite(s):
• For College-University Transfer BSN Program students: completion of Term 6; and
• permission of the department.
**NURS 495** Units: 1.5-4.5  
**Nursing Practice Synthesis**  
This final course of the Post Diploma BSN program is designed as a practice course. The course informs transition to baccalaureate-prepared nursing practice. Course activities foster integration and synthesis of prior learning, and further strengthen theory and evidence-informed knowledge addressing key program concepts.  
**Note:** Post-diploma students may take NURS 495 more than once for credit to a maximum of 4.5 units. Students who wish to condense their practice hours will not be able to do so until after week six of the course.  
**Prerequisite(s):** For Post-diploma students: NURS 345, NURS 350, NURS 351, NURS 430, NURS 431.  
**Grading:** COM, F.  
**NURS 496** Units: 1.5  
**Nursing with Childbearing Families**  
A woman and family-centered approach that attends to health inequities, material, social, and discursive conditions, and the experiences of all family members will be used to explore nursing care for childbearing families from preconception through the childbearing year. Nursing students will develop the knowledge and clinical judgement needed for working with common perinatal, neonatal, rural and public health nursing situations.

---

**PAAS**

**Pacific and Asian Studies**

**Department of Pacific and Asian Studies**

**Faculty of Humanities**

**Language Course Restriction**  
Students who have completed courses in a language at UVic or through transfer credit will not be granted credit for subsequent courses at a lower level in the same language.

**Chinese Language Courses:**  
The department takes two criteria into account in considering advanced placement for students entering Chinese language courses at the University. One of these is competence in spoken Modern Standard Chinese (Mandarin), the other is ability to read and write the Chinese script. For purposes of course placement, the department normally defines “native speakers” as those who are native speakers of any of these languages and who are also able to read at least simple materials (i.e., at the middle school level) written in the Chinese script. 

“Native speakers” who lack a good foundation in spoken Mandarin or whose reading ability in Chinese is not equivalent to that of a high school graduate should register in PAAS 212 or 313; others should register in PAAS 410. Students whose ability to read and write Chinese is limited but who have some experience in spoken Mandarin, including those with high school credit in Mandarin, should consult the department about advanced placement. Students who register in Chinese language courses without such consultation may be required to transfer to different courses at the department’s discretion. Note that students who have passed the provincial examination in Mandarin 12 may not register in PAAS 118 or 218.

**Indonesian and Japanese Language Courses:**  
Courses marked * are not available to native speakers of Indonesian and Japanese. A native speaker is normally defined in this context as a person who has received sufficient instruction to be literate in the language. Students who are not native speakers, but who do have some knowledge of the language, will be placed at an appropriate level; however, such students may, at the instructor’s discretion, be required to withdraw or to transfer to a higher level course should their language proficiency prove greater than was initially supposed.

**PAAS 100** Units: 1.5 Hours: 3-0  
**Introduction to Pacific and Asian Studies**  
Central themes and various aspects of Asian and Pacific Studies from the early-modern period to the present day. Studies of film, literature, religion, politics and economics.

**PAAS 101** Units: 1.5 Hours: 3-0  
**Text, Manipulation, Propaganda**  
The process of textual analysis, covering the written word, film and theatre from different genres, eras and countries. Analysis of the relationship between narrative features, emotional or ideological manipulation of the reader, and various types of propaganda in Asia.

**PAAS 103** Units: 1.5 Hours: 3-0  
**War and Peace in Asia and the Pacific**  
Traces the history of the wars in the region in relation to the religions, cultures, and political economies of Asian Pacific countries.

**PAAS 105** Units: 1.5 Hours: 3-0  
**Pacific and Asia Today**  
Introduces peoples and countries across the region through a study of contemporary events and issues reported in the public media. Provides students with the foundations of a historical and theoretical context, encountering media reports of environmental disasters, political crises, social movements and new technological developments.

**PAAS 118** Units: 3.0 Hours: 6-1  
Formerly: 110, CHIN 149  
**Intensive Beginner Chinese I**  
Intensive Chinese language instruction for beginning language students.  
**Notes:**  
- Credit will be granted for only one of PAAS 118, PAAS 110, CHIN 100, CHIN 100A, CHIN 100B, CHIN 149.  
- Not open to native speakers.

**PAAS 120** Units: 1.5 Hours: 3-1  
Formerly: SEA 100A  
**Introduction to Indonesian-Malay I**  
Indonesian-Malay for students with no previous knowledge of the language with emphasis on developing listening comprehension and speaking ability; common conversational patterns, as well as some of the cultural reasoning behind them. Reading and writing will also be introduced.  
**Notes:**  
- Credit will be granted for only one of PAAS 120, SEA 100A.  
- Limited to 25 students per section.

**PAAS 121** Units: 1.5 Hours: 3-1  
Formerly: SEA 100B  
**Introduction to Indonesian-Malay II**  
Basic conversations and grammar in Indonesian-Malay and readings of a variety of elementary textual materials.  
**Notes:**  
- Credit will be granted for only one of PAAS 121, SEA 100B.  
- Limited to 25 students per section.  
**Prerequisite(s):**  
- PAAS 120 with a minimum grade of B or SEA 100A with a minimum grade of B; or  
- permission of the department.

**PAAS 138** Units: 3.0 Hours: 6-0  
Formerly: PAAS 130, JAPA 149  
**Intensive Beginner Japanese I**  
Japanese language instruction for beginning language students. Development of basic language skills, including listening, speaking, reading and writing.  
**Note:** Credit will be granted for only one of PAAS 138, PAAS 130, JAPA 100, JAPA 100A, JAPA 100B, JAPA 149.

**PAAS 150** Units: 1.5 Hours: 3-0  
Formerly: CHIN 201A  
**Premodern Chinese Culture**  
An introduction to the history and culture of China from earliest times to the mid-19th century. Philosophy, religion, art and literature will be the most important areas of discussion. Relevant political, economic, social and educational traditions will be introduced as well.  
**Notes:**  
- Credit will be granted for only one of PAAS 150, CHIN 201, CHIN 201A.  
- No knowledge of Chinese language is required.
PAAS 151 - Units: 1.5 - Hours: 3-0
Formerly: CHIN 201B
Modern Chinese Culture
A survey of Chinese culture from the mid-19th century to the present. Contemporary culture patterns will be placed in traditional perspective, while relevant political, economic and social contexts will also be considered. Emphasizing the effects of modern events on cultural life, particularly literature, the arts, religion and education system.

Note: Credit will be granted for only one of PAAS 151, CHIN 201B, CHIN 201A.

PAAS 152 - Units: 1.5 - Hours: 3-0
Introduces the essential features, beliefs, institutions and arts of Chinese civilisation, from the earliest times through the nineteenth century.

PAAS 170 - Units: 1.5 - Hours: 3-0
Formerly: SEA 201A, half of 201
Premodern Southeast Asian Cultures
A survey of cultural developments in Southeast Asia from earliest times to the 19th century. Considerations of ethnic, religion, consumerism, manga and anime will be considered in their historic and social contexts.

Note: Credit will be granted for only one of PAAS 170, SEA 201, SEA 201A.

PAAS 171 - Units: 1.5 - Hours: 3-0
Formerly: SEA 201B, half of 201
Modern Southeast Asian Cultures
Examines the development of modern Southeast Asian cultures, paying particular attention to media such as the press, popular music, theatre, film and television.

Note: Credit will be granted for only one of PAAS 171, SEA 201, SEA 201B.

PAAS 180 - Units: 1.5 - Hours: 3-0
Formerly: JAPA 201A
Premodern Japanese Culture
Surveys Japan’s cultural past from earliest times to the mid-19th century. Emphasizes the outstanding developments of each epoch, especially in the areas of literature, drama, philosophy and religion, and the visual arts. No knowledge of Japanese language is required.

Note: Credit will be granted for only one of PAAS 180, JAPA 201, JAPA 201A.

PAAS 181 - Units: 1.5 - Hours: 3-0
Formerly: JAPA 201B
Modern Japanese Culture
Survey of Japanese culture from the mid-19th century to the present. Developments in literature, film, technology, ethnicity, religion, consumerism, manga and anime will be considered in their historical and social contexts. No knowledge of Japanese language is required.

Note: Credit will be granted for only one of PAAS 181, JAPA 201, JAPA 201B.

PAAS 200 - Units: 1.5 - Hours: 3-0
Introduction to Theories and Methods in Pacific and Asian Studies
A variety of theoretical approaches and perspectives applicable to the study of the Pacific and Asian region.

Pre- or Corequisite(s): PAAS 100 or PACI 210.

PAAS 202 - Units: 1.5 - Hours: 3-0
Topics in Asian Cinema
The analysis of thematic issues, variations, stylistic considerations and mechanics of meaning production in Asian cinema. Focuses on both contemporary and classic films from Japan, China, Taiwan and Indonesia.

PAAS 204 - Units: 1.5 - Hours: 3-0
Also: RS 208B
Introduction to Asian Religions
A survey of the sources, beliefs and practices of Hinduism, Buddhism, Sikhism and the Chinese religions. The traditions will be studied in their cultural and political contexts from both historical and contemporary perspectives.

Note: Credit will be granted for only one of PAAS 204, RS 208B.

PAAS 205 - Units: 1.5 - Hours: 3-0
Indigenous Peoples of the Indo-Pacific Region
Introduces the societies, cultures and life conditions of local populations on the fringes of the great traditions.

PAAS 206 - Units: 1.5 - Hours: 3-0
Comics and Graphic Novels in Asia and the Pacific
Introduces theories of graphic narratives and visual storytelling. Focus on works from Asia and North America representing experiences of life in Asia or in the global Asian Diaspora. Special emphasis on the development of the form, and of particular styles and themes within their local and global contexts.

PAAS 207 - Units: 1.5 - Hours: 3-0
Ghosts and Spirits
Ghosts and spirits in literature, drama and cinema from the Asia-Pacific. Explores how these texts interact with philosophical and religious belief systems.

PAAS 208 - Units: 1.5 - Hours: 3-0
Family and Gender in the Pacific
Introduces domestic relationships, constructs of gender and their intersections with broader political and economic processes in the Pacific.

PAAS 209 - Units: 1.5 or 3.0 - Hours: 3-0
Formerly: PACI 281
Introductory Special Topics in Pacific and Asian Studies
Introduces selected problems in Pacific Studies.

Notes:
- Credit will be granted for only one of PAAS 209, PACI 281 (if taken in the same topic).
- May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units.

PAAS 212 - Units: 1.5 - Hours: 3-0
Formerly: CHIN 220
Elementary Mandarin for Speakers of Other Chinese Languages
Trains speakers of non-Mandarin forms of Chinese (e.g., Cantonese) in the sounds of Mandarin Chinese. Students will learn the pinyin romanization system; concentration will be on reading and speaking. Characters will be introduced in both full and simplified variants.

Notes:
- Credit will be granted for only one of PAAS 212, CHIN 220, CHIN 410.
- Not open to non-native speakers.

Prerequisite(s): Permission of the department.

PAAS 218 - Units: 3.0 - Hours: 6-1
Formerly: 111, CHIN 150
Intensive Beginner Chinese II
Continuation of 118, bringing beginner students to the lower-intermediate level in Modern standard Chinese. Primary emphasis on reading and translation of texts in modern Chinese in both standard and simplified characters. Introduction of elements of the classical language as used in modern writing. Attention also to listening, speaking and/or writing skills.

Notes:
- Credit will be granted for only one of PAAS 218, PAAS 111, CHIN 150, CHIN 200, CHIN 200A, CHIN 200B.
- Not open to native speakers.

Prerequisite(s):
- One of PAAS 110 with a minimum grade of B, PAAS 118 with a minimum grade of B, CHIN 149 with a minimum grade of B, or permission of the department.

PAAS 220 - Units: 1.5 - Hours: 3-1
Formerly: SEA 200A, half of 200
Intermediate Indonesian-Malay I
A continuation of 121 for students who wish to improve their skills in Indonesian-Malay. Includes advanced grammar and use of simple newspaper materials to stimulate students’ ability to read and discuss a variety of topics.

Notes:
- Credit will be granted for only one of PAAS 220, SEA 200, SEA 200A.
- Limited to 25 students per section.

Prerequisite(s):
- PAAS 121 with a minimum grade of B or SEA 100B with a minimum grade of B, or permission of the department.
PAAS 221 Units: 1.5 Hours: 3-1
Formerly: SEA 200B, half of 200
Intermediate Indonesian-Malay II
Continues the focus of 220 with increasingly-advanced readings, schema exercises to facilitate vocabulary building and longer written assignments. Emphasis on speaking, reading, writing and listening prepares students for immersion experiences and advanced language work.
Notes:
• Credit will be granted for only one of PAAS 221, SEA 200, SEA 200A.
• Limited to 25 students per section.
Prerequisite(s):
• PAAS 220 or SEA 200A; or
• permission of the department.

PAAS 223 Units: 1.5 Hours: 3-0
Supplementary Japanese
Intended for students who require supplementary practice in grammar, speaking, listening, reading and writing before going on to 300-level and higher Japanese language courses.
Prerequisite(s):
• PAAS 230 with a minimum grade of B- or JAPA 249 with a minimum grade of B; or
• permission of the department.

PAAS 228 Units: 1.5 Hours: 3-0
A Taste of Japan
A survey through film, TV dramas, literature and other readings of Japanese food and gastronomy: its nutritional value, its history, its relationship to art and aesthetics, entertainment, economy and the environment, and its role in the globalization of food culture.
Note: No knowledge of Japanese required.
Prerequisite(s):
• Minimum second-year standing; or
• permission of the department.

PAAS 280 Units: 1.5 Hours: 3-0
PAAS 299 Units: 1.5-3.0
Experience Learning
Students will present a project, approved in advance, based on the experience of living, working, or studying in a Pacific Asian environment.
Note: May be taken more than once for credit in different topics with permission of the department to a maximum of 4.5 units.
Prerequisite(s):
• Minimum second-year standing; or
• permission of the department.

PAAS 300 Units: 1.5 Hours: 3-0
Social and Economic Change in the Pacific Region
Studies theories of long-term social and economic change. Particular focus is on political economy and world-systems theories and how models represent and explain change in the region. Case material is drawn from Southeast Asia, Oceania and East Asia.
Note: Credit will be granted for only one of PAAS 300, PACI 325.
Prerequisite(s): PAAS 200 or PACI 290.

PAAS 301 Units: 1.5 Hours: 3-0
Social Theory and Analysis in Pacific and Asian Area Studies
Theoretical perspectives applicable to the field of Pacific Area Studies.
Note: Credit will be granted for only one of PAAS 301, PACI 390.
Prerequisite(s): PAAS 200 or PACI 290.

PAAS 302 Units: 1.5 Hours: 3-0
Literary and Cultural Theory in Pacific and Asian Languages and Literatures Studies
Introduces key literary and cultural theories pertinent to the study and understanding of Pacific and Asian literary texts.
Note: Credit will be granted for only one of PAAS 302, PACI 392.
Prerequisite(s): PAAS 200 or PACI 290.

PAAS 303 Units: 1.5 Hours: 3-0
Fieldwork Methods for the Study of Asia-Pacific Communities
Reviews and applies field methods used to describe and analyze social patterns and experiences of people in or from the Asia-Pacific region.
Prerequisite(s):
• PAAS 200; or
• permission of the department.

PAAS 304 Units: 1.5 Hours: 3-0
Asian Aesthetics and Poetics
Theories of beauty and literature (including poetry, drama, prose narrative, cinema) from the earliest times to the present, situated within philosophical, intellectual and ideological systems.
Prerequisite(s):
• Minimum second-year standing; or
• permission of the department.

PAAS 305 Units: 1.5 Hours: 3-0
Religions of East Asia
A survey of the religious literature and systematic thought of the traditions of China and Japan, including Confucianism, Daoism, Buddhism and Shinto.
Prerequisite(s): PAAS 204 or RS 2008.

PAAS 306 Units: 1.5 Hours: 3-0
Tibetan Buddhism
A survey of the main systems of Indo-Tibetan religious thought, with reference to primary sources. Traditions covered may include the six orthodox Hindu schools, the various Indian heterodox systems, Bon and the main branches of Tibetan Buddhism.
Prerequisite(s): PAAS 204 or RS 2008.

PAAS 307 Units: 1.5 Hours: 3-0
Globalization and Religion
Examines how scholars account for simultaneous worldwide religious resurgence and economic globalization.
Prerequisite(s):
• Minimum third-year standing; or
• permission of the department.

PAAS 309 Units: 1.5 Hours: 3-0
Human Rights and Cultural Expression in the Asia-Pacific Region
Examines connections between concepts of and debates about Human Rights in relation to a variety of forms of cultural expression. Forms of expression may include film, literature, music, graphic arts and mass media. Investigates material from and about China, Japan, South Asia, Southeast Asia, the Pacific Islands and the Asian Diaspora.

PAAS 318 Units: 3.0 Hours: 6-1
Intermediate Chinese
A continuation of 218, with increasing emphasis placed on acquiring new vocabulary and developing reading skills. Students will also have the opportunity to make more advanced classroom presentations and present longer written assignments in Chinese.
Notes:
• Credit will be granted for only one of PAAS 318, PAAS 210, PAAS 211, CHIN 249A and B, 249, 300.
• Not open to native speakers.
Prerequisite(s):
• One of PAAS 111 with a minimum grade of B, PAAS 218 with a minimum grade of B, CHIN 150 with a minimum grade of B, CHIN 200 with a minimum grade of B; or
• permission of the department.
PAAS 338  Units: 3.0  Hours: 6-0
Formerly: PAAS 230, JAPA 249
Intermediate Japanese
A continuation of PAAS 238, aimed at a balanced development of listening, speaking, reading, and writing skills.
Note: Credit will be granted for only one of PAAS 338, PAAS 230, JAPA 249, JAPA 250, JAPA 300, JAPA 311.
Prerequisite(s):
• PAAS 131 with a minimum grade of B or PAAS 238 with a minimum grade of B, or
  • permission of the department.

PAAS 340  Units: 1.5  Hours: 3-0
Formerly: PAAS 330, JAPA 311, JAPA 250
Integrative Intermediate Japanese
A continuation of PAAS 338, offering further development of language skills. Focusses primarily on reading and writing, for students who want to gain fundamental competence in the Japanese language in preparation for advanced academic or career goals. Classes conducted in Japanese.
Note: Note: Credit will be granted for only one of PAAS 340, PAAS 330, JAPA 250, JAPA 311.
Prerequisite(s):
• One of PAAS 230 with a minimum grade of B+, PAAS 235 with a minimum grade of B+, PAAS 338 with a minimum grade of B+, JAPA 249 with a minimum grade of B+, or
  • permission of the department.

PAAS 341  Units: 1.5  Hours: 3-0
Formerly: PAAS 331, JAPA 312
Advanced Readings in Japanese I
Readings in modern Japanese, designed to broaden students' acquaintance with the Japanese writing system, expand their working vocabulary and provide a firmer grounding to their general knowledge of the language. Course content may vary from year to year.
Note: Credit will be granted for only one of PAAS 341, PAAS 331, JAPA 312, JAPA 400.
Prerequisite(s):
• One of PAAS 330 with a minimum grade of B+, PAAS 340 with a minimum grade of B+, PAAS 338 with a minimum grade of B+, JAPA 311 with a minimum grade of B+, or
  • permission of the department.

PAAS 342  Units: 1.5  Hours: 3-0
Formerly: PAAS 332, JAPA 313
Advanced Readings in Japanese II
For students who wish to expand their working vocabulary and develop their skills in reading modern Japanese. Course content may vary from year to year.
Note: Credit will be granted for only one of PAAS 342, PAAS 332, JAPA 313, JAPA 400.
Prerequisite(s):
• One of PAAS 330 with a minimum grade of B+, PAAS 340 with a minimum grade of B+, PAAS 338 with a minimum grade of B+, JAPA 249 with a minimum grade of B+, or
  • permission of the department.

PAAS 343  Units: 1.5  Hours: 3-0
Formerly: PAAS 333, JAPA 314
Advanced Comprehension and Conversation in Japanese
An advanced course designed to develop knowledge of practical Japanese through listening and speaking practice.
Note: Credit will be granted for only one of PAAS 343, PAAS 333, JAPA 314, JAPA 411.
Prerequisite(s):
• One of PAAS 330 with a minimum grade of B+, PAAS 340 with a minimum grade of B+, JAPA 250 with a minimum grade of B+, JAPA 311 with a minimum grade of B+, or
  • permission of the department.

PAAS 344  Units: 1.5  Hours: 3-0
Formerly: PAAS 334, JAPA 315
Advanced Composition in Japanese
An advanced course designed to develop knowledge of written Japanese through practical writing practice.
Note: Credit will be granted for only one of PAAS 344, PAAS 334, JAPA 315, JAPA 411.
Prerequisite(s):
• One of PAAS 330 with a minimum grade of B+, PAAS 340 with a minimum grade of B+, JAPA 250 with a minimum grade of B+, JAPA 311 with a minimum grade of B+, or
  • permission of the department.

PAAS 345  Units: 1.5  Hours: 3-0
Formerly: PAAS 336
Japanese through Popular Culture
Note: Credit will be granted for only one of PAAS 345, PAAS 336.
Prerequisite(s):
• One of PAAS 330 with a minimum grade of B+, PAAS 340 with a minimum grade of B+, JAPA 250 with a minimum grade of B+, JAPA 311 with a minimum grade of B+, or
  • permission of the department.

PAAS 351  Units: 1.5  Hours: 3-0
Formerly: PACI 319B
Contemporary Chinese Society
Traces China's economic development and socialist transformation since 1949.
Note: Credit will be granted for only one of PAAS 351, PACI 319B, PACI 419.
Prerequisite(s): Minimum third-year standing.

PAAS 353  Units: 1.5  Hours: 3-0
Survey of Classical Chinese Literature
Introduces major topics and masterpieces in classical Chinese literature from earliest times to the Qing Dynasty (1644-1911). Readings are in both Chinese and English. Basic knowledge of Chinese language is required.
Prerequisite(s):
• For non-native speakers:
  • One of PAAS 211 with a minimum grade of B, PAAS 318 with a minimum grade of B, CHIN 249B with a minimum grade of B, or
  • permission of the department.
• For native speakers:
  • No prerequisites.

PAAS 354  Units: 1.5  Hours: 3-0
Formerly: CHIN 304
Masterworks of Chinese Fiction
A selection from the Chinese tradition of fiction and theatre, with a focus on the great novels, short stories and dramas of the Ming (1368-1644) and Qing (1644-1911) dynasties. Studies Western and Chinese views of this literature, including introductions and commentaries for the novels. Readings are in English; Chinese versions of all primary texts, and secondary texts where applicable, are available.
Note: Credit will be granted for only one of PAAS 354, CHIN 304.
Prerequisite(s):
• Minimum second-year standing; or
  • permission of the department.

PAAS 355  Units: 1.5  Hours: 3-0
Formerly: CHIN 305
Modern Chinese Literature and Society 1900-1949 in English
A historical overview, followed by a study of selected works of fiction, poetry, drama, memoir, film, and popular song from late Qing and Republican (1911-1949) China, a time of political turmoil and intellectual and cultural innovation. Supplementary readings in social and political history and literary criticism. Chinese versions of primary texts and secondary texts where available may be used.
Note: Credit will be granted for only one of PAAS 355, CHIN 305.
Prerequisite(s):
• Minimum second-year standing; or
  • permission of the department.

PAAS 356  Units: 1.5  Hours: 3-0
Formerly: CHIN 306
The Literature of the People's Republic of China 1949 to the Present in English
A study of Chinese literary texts created in a range of forms and styles during the period of communist rule, with an emphasis on the years since the death of Mao and the end of the Cultural Revolution (1976 to the present). Chinese versions of all primary texts and secondary texts may be available.
Note: Credit will be granted for only one of PAAS 356, CHIN 306.
Prerequisite(s):
• Minimum second-year standing; or
  • permission of the department.

PAAS 357  Units: 1.5  Hours: 3-0
Formerly: CHIN 324
Chinese Cinema from Text to Screen
Explores Chinese filmmakers' adaptations of pre-modern, modern and contemporary works of literature for the screen. Examples are taken from republican, Mao-era and reform-era film, and may include selections from Taiwan and Hong Kong directors.
Note: Credit will be granted for only one of PAAS 357, CHIN 324.
Prerequisite(s):
• Minimum second-year standing; or
  • permission of the department.

| **PAAS 413** | 1.5 | 3-0 | Formerly: 311, half of CHIN 349, 349B Effective Communication in Chinese
Advances students’ abilities in communication in Chinese, both oral (including everyday conversation, work-related discussions, and formal presentations) and written (including reports and correspondence). **Notes:** Credit will be granted for only one of PAAS 413, PAAS 311, CHIN 349, CHIN 349B, CHIN 400. Not open to native speakers. **Prerequisite(s):** One of PAAS 210 with a minimum grade of B, PAAS 211 with a minimum grade of B, PAAS 318 with a minimum grade of B, CHIN 249 with a minimum grade of B; CHIN 249B with a minimum grade of B; or permission of the department. |
| **PAAS 414** | 1.5 | 3-0 | Formerly: CHIN 480 Classical Chinese Prose
Introduces the key features of grammar, syntax and usage of literary Chinese, employing intensive study of a set of readings in the language. Readings will be of literary texts ranging from pre-Han to the Song dynasty. **Note:** Credit will be granted for only one of PAAS 414, PAAS 312, CHIN 310A. **Prerequisite(s):** For non-native speakers: One of PAAS 211 with a minimum grade of B, PAAS 318 with a minimum grade of B, CHIN 249B with a minimum grade of B; or permission of the department. For native speakers: No prerequisites. |
| **PAAS 420** | 1.5 | 3-0 | Chinese Narrative
Studies traditional Chinese narrative literature through reading of early historiographic writing, narrative poetry, poetic history, ancient-style prose, drama, novella and fiction. Traditional Chinese narrative theory is introduced. **Prerequisite(s):** For non-native speakers: One of PAAS 211 with a minimum grade of B, PAAS 318 with a minimum grade of B, CHIN 249B with a minimum grade of B; or permission of the department. For native speakers: No prerequisites. |
| **PAAS 430** | 1.5 | 3-0 | Formerly: JAPA 403A, JAPA 403B Seminar in Modern Japanese Literature
Intended for advanced students prepared to read literary texts in modern Japanese. Course content may include contemporary fiction, drama and/or poetry, and may vary from year to year. May be taken by native speakers. **Notes:** Credit will be granted for only one of PAAS 430, JAPA 403A (if taken in the same topic), JAPA 403B (if taken in the same topic). May be taken more than once for credit in different topics with permission of the department. **Pre- or Corequisite(s):** One of PAAS 331 with a minimum grade of A-, PAAS 332 with a minimum grade of A-, PAAS 341 with a minimum grade of A-, PAAS 342 with a minimum grade of A-, JAPA 312 with a minimum grade of A-; JAPA 313 with a minimum grade of A-; or permission of the department. |
PAAS 432  
Units: 1.5 or 3.0  
Formerly: JAPA 480  
Directed Readings in Japanese  
Designed for advanced students prepared to read extensively in Japanese. Readings will be assigned by the instructor in consultation with the participating students.  

Notes:  
- Credit will be granted for only one of PAAS 432, JAPA 480 (if taken in the same topic).  
- May be taken more than once for credit in different topics with permission of the department.  
- Pre- or Corequisite(s): One of PAAS 331 with a minimum grade of A-, PAAS 332 with a minimum grade of A, PAAS 341 with a minimum grade of A-, PAAS 342 with a minimum grade of A-, PAAS 332 with a minimum grade of A-, JAPA 312 with a minimum grade of A-, JAPA 313 with a minimum grade of A; or permission of the department.

PAAS 451  
Units: 1.5  
Hours: 3-0  
Asian Mega-Cities and Urban Regions  
A comparative multi-disciplinary survey of urban transition in Asia. Several case studies introduce patterns and processes which challenge conventional theories of urbanization, and highlight implications for the future of urban societies in Asia.  

Prerequisite(s):  
- Minimum third-year standing; or  
- permission of the department.

PAAS 459  
Units: 1.5  
Hours: 3-0  
Directed Readings in Chinese Linguistics  
Advanced course taught in Mandarin. Intended for students who are prepared to read and discuss extensively in Mandarin. Covers aspects of the Chinese language within the general framework of modern linguistics. Topics covered may include Mandarin sound system, pinyin romanization, writing system, word structures, sentence structures, dialect research, national minority languages and language planning in the People’s Republic of China.  

Note: Credit will be granted for only one of PAAS 459, CHIN 461.

PAAS 465  
Units: 1.5  
Hours: 3-0  
Topics in Studies of Australasia  
Examines issues and topics on Australia and adjacent areas.  

Note: Credit will be granted for only one of PAAS 464, PACI 413.

PAAS 466  
Units: 1.5  
Hours: 3-0  
Redistribution, Reciprocity and Commodity Relations in Pacific Societies  
A seminar on theory of pre-market and market economies, with particular reference to the societies of the Asia-Pacific region.  

Note: Credit will be granted for only one of PAAS 467, PACI 411.

PAAS 480  
Units: 1.5  
Hours: 3-0  
Seminar on Japan  
Note: Credit will be granted for only one of PAAS 480, PACI 422.

Prerequisite(s):  
- Minimum third-year standing; or  
- permission of the department.

PAAS 484  
Units: 1.5  
Hours: 3-0  
Identity in Animated Japanese Cinema  
Analysis of the arguments various Japanese animated films make about the theme of identity and its relationship to individual, social, national and spiritual dimensions of contemporary Japan. Also considers the identity of gene in works of art.  

Note: Credit will be granted for only one of PAAS 484, PAAS 487 (if taken in Sep-Dec 2011), JAPA 324B.

Prerequisite(s):  
- Minimum third-year standing; or  
- permission of the department.

PAAS 485  
Units: 1.5 or 3.0  
Hours: 3-0  
Seminar in Japanese Language, Literature and Culture  
Examines selected topics related to Japanese language, literature or cultural studies.  

Notes:  
- Credit will be granted for only one of PAAS 485, JAPA 358, PACI 392 (if taken in the same topic).  
- May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units.

Prerequisite(s): Minimum third-year standing.

PAAS 486  
Units: 1.5  
Hours: 3-0  
Also: THEA 412  
Modern Japanese Theatre  
Surveys Japanese theatre history from the nineteenth century until the present day. Covers the reform of kabuki and emergence of such modern theatre genres as shingeki, angura and butô. Drama, dance and other performance arts are discussed.  

Note: Credit will be granted for only one of PAAS 486, JAPA 320A, THEA 312, THEA 394, THEA 412 (if taken prior to May 2011).

Prerequisite(s):  
- Minimum third-year standing; or  
- permission of the department.
Japanese Fantasy
Fantasy in Japanese literature, film, anime and science fiction.
Prerequisite(s):
• Minimum third-year standing; or
• permission of the department.

Seminar in Buddhism in English
Buddhist literature from a variety of primary sources. Students will engage in a close reading of selected texts, with additional secondary literature and commentaries.
Prerequisite(s):
• PAAS 204 or RS 200B; or
• permission of the department.

Special Topics in Translating Asian Languages
Theories and processes of translation, from an Asian language into English. May be offered in Chinese, Indonesian, or Japanese.
Note:
May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units.

Special Topics in Pacific and Asian Studies
Offered in English.
Note:
May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units.

Directed Studies in Pacific and Asian Studies
Note:
May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units.
Prerequisite(s):
• Minimum third-year standing; or
• permission of the department.

Special Topics in Asian Languages
Offered in Chinese, Japanese or Indonesian. Consult members of the faculty for subjects and availability.
Note:
May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units.
Prerequisite(s):
• Minimum third-year standing; or
• permission of the department.

Honours Thesis
The writing of an Honours Thesis of at least 10,000 words.
Note:
Credit will be granted for only one of PAAS 499, PACI 490, PAAS 490B.
Prerequisite(s):
• PAAS 400 or PACI 490A, and
• declared Honours in Pacific and Asian Studies.

Introduction to Philosophy
Central works in the history of Western philosophy, with a principal goal of fostering the capacity to think logically and critically. Questions will include: Does God exist? Is knowledge possible? Do humans have free will? What is justice? Figures studied may include: Plato, Aristotle, Descartes, Leibniz, Berkeley, Hume, Kant, Mill and Nietzsche.

Reasoning in the Sciences and Engineering
Develops critical thinking skills needed for understanding and evaluating arguments in the natural sciences and engineering. Topics covered will include: assessing the worth of causal and statistical hypotheses; evaluating evidence; appraising the value of contentious ideas; examining the development of knowledge in the sciences and engineering.

Critical Thinking
An analysis of simple argument forms in natural language with close attention to the different uses of language in an argumentative context. A treatment of elementary principles of inductive logic, decision making, syllogistic reasoning, and informal fallacies.
Note:
Designed as a first course in logic for students with little or no symbolic orientation; it may be taken before or after PHIL 203.

Elementary Formal Logic
Explores the fundamentals of good reasoning by means of symbolic techniques in both propositional and predicate logic. Students will learn to translate English sentences into logical notation, as well as how to use truth tables and derivations to demonstrate the validity of arguments.
Note:
Designed as a first course in logic for students with little or no symbolic orientation. May be taken before or after PHIL 201.

Introduction to Ancient Philosophy
Central thinkers, topics and concepts in ancient Greek and Roman philosophy. Topics and figures may include: the teachings of the pre-Socratics (Parmenides, Heracleitus, and others), Plato and Aristotle; doctrines of the Hellenistic period such as Stoicism, Epicureanism and Skepticism, Neo-Platonic schools of thought; the ways these ancient philosophers and theories have continued to influence philosophy through medieval, modern and contemporary periods.
PHIL 225 - Units: 1.5 - Hours: 3-0
Death and Dying
Focuses on thinking about end of life issues from a
philosophical perspective. Readings are drawn from
the history of philosophy and from contemporary
philosophy. Topics include the problem of defining
death, whether death is an evil to be feared, the
relationship between death and a meaningful life,
the morality and rationality of suicide and the
issue of physician assisted suicide and euthanasia.
Note: Credit will be granted for only one of 225, 290 if
taken as section A01 in Sep-Dec 2008, section A01 in Sep-
Dec 2010, section A01 in Sep-Dec 2011, or as section A02 in
Jan-Apr 2014, or as section A01 in Jan-Apr 2016, or as
section A01 in Sep-Dec 2016.

PHIL 232 - Units: 1.5 - Hours: 3-0
Moral Problems of Contemporary Society
Philosophical introduction to a variety of controversial issues
in contemporary society, focusing on understanding and
critically assessing the practical ethical dimensions of such
topics as abortion, euthanasia, the treatment of animals,
violence and war, environmental protection, punishment,
racism and free speech.

PHIL 235 - Units: 1.5 - Hours: 3-0 or 2-0-1
Ethics of Violence, War and Terrorism
A philosophical investigation of the moral problems that
arise in the context of violence, war and terrorism. Topics
may include: moral justifications for war and other forms of
political violence; moral limits on tactics and weaponry;
humanitarian intervention and the duty to protect; the
coherence and limits of moral distinctions between
combatants and non-combatants; transitional justice; the
ethics of torture.

PHIL 252 - Units: 1.5 - Hours: 3-0 or 2-0-1
Introduction to Social and Political Philosophy
The central concepts and issues in social and political
philosophy. Topics may include: the origins and limits of
political authority; the nature and limits of individual rights;
the moral claims of communities and groups; the coherence
of distinctions between public and private; the coherence of
distinctions between natural and social.

PHIL 253 - Units: 1.5 - Hours: 3-0
Philosophy in Literature
Explores philosophical theories and themes as these find
expression in literature. Readings may range over the
literature of many countries and will not necessarily be
confined to works in the Western tradition.

PHIL 256 - Units: 1.5 - Hours: 3-0
Introduction to Social and Political Philosophy
The central concepts and issues in social and political
philosophy. Topics may include: the origins and limits of
political authority; the nature and limits of individual rights;
the moral claims of communities and groups; the coherence
of distinctions between public and private; the coherence of
distinctions between natural and social.

PHIL 249 - Units: 1.5 - Hours: 3-0
Introduction to Philosophy of Art
Questions to be addressed include: What is art? What makes
art valuable? How is art to be evaluated? Is the value of art
relative to audiences? Is art a source of knowledge? What
moral issues arise in connection with the arts?
Note: Credit will be granted for only one of PHIL 240, PHIL
242.

PHIL 251 - Units: 1.5 - Hours: 3-0 or 2-0-1
Formerly: part of 250
Knowledge, Certainty and Skepticism
An introduction to central concepts, issues and theories in
epistemology (the theory of knowledge). Topics will be
drawn from the following list: knowledge; skepticism;
evidence; rational belief; doubt; justification; certainty.
Note: Credit will be granted for only one of PHIL 251, PHIL
250.

PHIL 252 - Units: 1.5 - Hours: 3-0 or 2-1
Formerly: 250
Introduction to Metaphysics
An investigation of the ultimate nature of reality. Historical
and contemporary writings deal with such topics as:
substance, monism vs. pluralism; universals vs. particulars;
realism vs. nominalism; mind and matter; God; causation
and change; possibility and necessity; space and time.
Note: Credit will be granted for only one of PHIL 252, PHIL
250.

PHIL 260 - Units: 1.5 - Hours: 3-0
Introduction to Philosophy of Mind
An introduction to the study of mind and its place in nature.
Typical issues: Is the mind physical or non-physical? How is
the mind related to the body and the rest of nature? Are
conscious mental processes just neurophysical processes?
Is thought nothing but computation? Can we know the
presence and nature of other minds? Are animals, plants,
or machines conscious? Can the mind be explained
scientifically?
Note: Credit will be granted for only one of PHIL 260, PHIL
250.

PHIL 261 - Units: 1.5 - Hours: 3-0
Formerly: 214
Philosophy of Religion
A consideration of some of the conclusions that have
emerged from a philosophical examination of such religious
questions as: the existence of God, survival after death, the
problem of evil, the significance of religious ignorance, etc.
Class discussion will be much emphasized.
Note: Credit will be granted for only one of PHIL 261, PHIL
214.

PHIL 290 - Units: 1.5 or 3.0 - Hours: 3-0 or 2-0-1
Introduction to Selected Topics
Introductory investigations of a selected philosophical topic.
Note: May be taken more than once for credit in different
topics with permission of the department.

PHIL 301 - Units: 1.5 - Hours: 3-0
Plato
A philosophical examination of one or more Platonic
dialogues.
Note: Credit will be granted for only one of PHIL 301, PHIL
421.
Prerequisite(s):
• 4.5 units of PHIL courses; or
• permission of the department.

PHIL 303 - Units: 1.5 - Hours: 3-0
Aristotle
A study of one or more of the philosophical writings of
Aristotle.
Note: Credit will be granted for only one of PHIL 303, PHIL
422.
Prerequisite(s):
• 4.5 units of PHIL courses; or
• permission of the department.

PHIL 305A - Units: 1.5 - Hours: 3-0
Formerly: half of 305
Early Medieval Philosophy
An examination of the philosophical basis of early medieval
thought and of major thinkers in the Christian, Islamic and
Jewish traditions from the 5th to the 12th century CE.
Note: Credit will be granted for only one of PHIL 305A, PHIL
245, PHIL 305.
Prerequisite(s):
• 4.5 units of PHIL courses; or
• permission of the department.

PHIL 305B - Units: 1.5 - Hours: 3-0
Formerly: half of 305
Later Medieval Philosophy
An examination of medieval philosophical thought in the
13th and 14th centuries.
Note: Credit will be granted for only one of PHIL 305B, PHIL
245, PHIL 305.
Prerequisite(s):
• 4.5 units of PHIL courses; or
• permission of the department.
Recommendation(s): PHIL 305A recommended prior to
PHIL 305B.

PHIL 306 - Units: 1.5 - Hours: 3-0
The Rationalists
Studies in depth the so-called "continental rationalists".
Examines the positions of representative figures, and relates
them to each other. Emphasis is on the rationalists' preoccupation
with a priori necessary truths and the principle of sufficient reason vis-à-vis their theories
of perception and knowledge.
Prerequisite(s):
• 4.5 units of PHIL courses; or
• permission of the department.

PHIL 308 - Units: 1.5 - Hours: 3-0
Formerly: half of 310
The Empiricists
Studies the major writings of Locke, Berkeley and Hume,
with emphasis on metaphysics and epistemology.
Note: Credit will be granted for only one of PHIL 308, PHIL
310.
Prerequisite(s):
• 4.5 units of PHIL courses; or
• permission of the department.
PHIL 309 Units: 1.5 Hours: 3-0
Formerly: half of 310
Kant
Studies Kant’s epistemology and metaphysics, principally as presented in The Critique of Pure Reason.
Note: Credit will be granted for only one of PHIL 309, PHIL 310.
Prerequisite(s): • PHIL 306 or PHIL 308; or • permission of the department.
Recommendation(s): PHIL 308 recommended prior to PHIL 309.

PHIL 311 Units: 1.5 Hours: 3-0
Existentialist Thinkers
Focuses on one or two of the great philosophers in the tradition of existentialism and phenomenology, such as Nietzsche, Sartre, Merleau-Ponty, Camus, Kierkegaard and Heidegger.
Prerequisite(s): • PHIL 211; or • permission of the department.

PHIL 314 Units: 1.5 Hours: 3-0
19th-Century Philosophy
An examination of one or more figures or themes in 19th-century Philosophy.
Prerequisite(s): • 4.5 units of PHIL courses; or • permission of the department.

PHIL 316 Units: 1.5 Hours: 3-0
History of Analytic Philosophy
An examination of several figures and/or ideas central to the development of 20th-century analytic philosophy.
Prerequisite(s): • PHIL 203 and 3 units of PHIL courses; or • permission of the department.

PHIL 321 Units: 1.5 Hours: 3-0
Philosophy of Medicine
An examination of how our philosophical conceptions of the nature of mind and body affect the goals and practice of medicine. Topics covered may include: Is medicine an art or a science? What is health? What counts as disease? What is mental illness? Empiricism vs. Realism in medical thinking: Hermeneutics in medicine; causality in medicine; Western vs. Eastern medicine.
Note: May not be counted towards upper-level requirements in Honours or Major programs in Philosophy.

PHIL 330 Units: 1.5 Hours: 3-0
Professional and Business Ethics
An examination of ethical issues arising in the contemporary professional and business setting; emphasis is on the mastery of representative ethical systems and concepts and their application to actual situations.
Note: May not be counted towards upper-level requirements in Honours or Major programs in Philosophy.

PHIL 331 Units: 1.5 Hours: 3-0
Biomedical Ethics
An investigation into various ethical issues that arise in the delivery of health care. Lectures and discussions on topics such as informed consent, abortion, human experimentation, euthanasia, reproductive technologies, the health-care professional/client relationship. Emphasis on the ability to apply theoretical concepts to actual situations.
Note: May not be counted towards upper-level requirements in Honours or Major programs in Philosophy.
Prerequisite(s): • Minimum second-year standing; or • permission of the department.

PHIL 333 Units: 1.5 Hours: 3-0
Philosophy and the Environment
A philosophical investigation of the moral and conceptual dimensions of environmental problems. Different philosophies of the relation between humans and nature will be compared.
Notes: • Credit will be granted for only one of PHIL 333, ES 314. • May not be counted towards upper-level requirements in Honours or Major programs in Philosophy.
Prerequisite(s): • Minimum third-year standing; or • permission of the department.

PHIL 335 Units: 1.5 Hours: 3-0
Contemporary Moral Philosophy
An inquiry into basic issues and theoretical perspectives in moral philosophy. Some classic texts in moral philosophy will be studied but emphasis will be on contemporary literature and debates. Topics may include consequentialism, Kantianism, contractarianism and contractualism.
Note: Credit will be granted for only one of PHIL 335, PHIL 302.
Prerequisite(s): • 4.5 units of PHIL courses; or • permission of the department.

PHIL 336 Units: 1.5 Hours: 3-0
Philosophy of Law
An examination of relationships among law, politics and morality. Topics may include: the nature and foundations of law; how legal reasoning relates to moral and other reasoning; civil disobedience; the nature and foundation of legal obligations; theories of punishment; the nature and justification of individual and group rights; the nature and justification of international legal institutions.
Note: Credit will be granted for only one of PHIL 336, PHIL 328.
Prerequisite(s): • 4.5 units of PHIL courses; or • permission of the department.

PHIL 337 Units: 1.5 Hours: 3-0
Ethics: Theory and Practice
A survey of the foundations of moral reasoning and judgment that examines the origins of contemporary normative theories and their relevance to practical ethical issues. Intended primarily for students pursuing the Minor in Applied Ethics, but is open to other students.
Prerequisite(s): • PHIL 232; or • permission of the department.

PHIL 338 Units: 1.5 Hours: 3-0
Meta-ethics
An examination of philosophical issues and theories arising from consideration of the epistemic, metaphysical and semantic features of value judgments. Topics may include moral relativism, moral skepticism, non-cognitivism, nihilism, constructivism, moral realism and moral anti-realism.
Prerequisite(s): • 4.5 units of PHIL courses; or • permission of the department.

PHIL 339 Units: 1.5 Hours: 3-0
Theories of Justice
An examination of problems in and approaches to contemporary political philosophy. Topics may include equality, freedom, structural injustice, the interrelationship between racial, gender, class and cultural oppression, injustices across borders and the coherence and cross-cultural justification of human rights.
Prerequisite(s): • PHIL 236 or 4.5 units of PHIL courses; or • permission of the department.

PHIL 351 Units: 1.5 Hours: 3-0
Epistemology
An examination of current issues and theories in epistemology. Topics may include: theories of justification; internalism/externalism; foundationalism; coherentism; naturalism; epistemic virtue; the goal of truth; relativism; social epistemology.
Prerequisite(s): • 4.5 units of PHIL courses; or • permission of the department.

PHIL 352 Units: 1.5 Hours: 3-0
Metaphysics
Metaphysics concerns the ultimate nature of reality. This course is an intermediate survey of some central issues in metaphysics, including: existence, matter, space, time, causation, emergence, universals, and possibility and necessity.
Prerequisite(s): • PHIL 203 and 3 units of PHIL courses; or • permission of the department.

PHIL 354 Units: 1.5 Hours: 3-0
Philosophy of Language
An examination of topics in philosophy of language. Topics may include theories of reference and theories of meaning and theories of truth.
Prerequisite(s): • PHIL 203 and 3 units of PHIL courses; or • permission of the department.
PHIL 356 - PHIL 427

PHIL 356  Units: 1.5  Hours: 3-0
Philosophy of Science
An examination of problems in and approaches to science as a method of gaining knowledge about the world. Topics may include: the logic of explanation and the logic of confirmation; the ethics of experimentation; the social consequences of scientific knowledge or technology; community control of research.
Prerequisite(s):
- 4.5 units of PHIL courses; or
- permission of the department.

PHIL 357  Units: 1.5  Hours: 3-0
Logic
Studies a particular branch of formal logic. Topics may include set theory, incompleteness and undecidability, modal or other non-classical logics.

PHIL 358  Units: 1.5  Hours: 3-0
Theory of Perception
A study of philosophical issues that pertain both to the psychology of perception and the theory of knowledge. Includes the respective merits of realist, representationalist and phenomenalist theories of perception.
Note:
Credit will be granted for only one of PHIL 358, PHIL 418, PHIL 453.

PHIL 359  Units: 1.5  Hours: 3-0
Philosophy of Mathematics
Introduces problems in the philosophy of mathematics. Topics may include the nature of mathematical objects, the status of the infinite in mathematics, the relationship between mathematics and natural science/physical reality.
Note:
Credit will be granted for only one of PHIL 375, MATH 375.

PHIL 360  Units: 1.5  Hours: 3-0
Philosophy and Film
Explores the portrayal of philosophical ideas in film, analyzing a selection of philosophical films with regard to their content, form and effect on the viewer. Readings from philosophy, film theory, aesthetics and cultural studies will complement viewing of films.
Note:
Credit will be granted for only one of PHIL 360, PHIL 290 (if taken as section A01 in Jan-Apr 2015 or as section A01 in Jan-Apr 2016).

PHIL 362  Units: 1.5  Hours: 3-0
Philosophy of Mind
An intermediate survey of philosophy of mind, focusing on two broad questions: what are the natures of various mental (especially conscious) states (such as beliefs, perceptual experiences, and emotions) and what is the relationship between mind and body (or, is the mental part of the physical world)?
Note:
Credit will be granted for only one of PHIL 362, PHIL 342A.

PHIL 370  Units: 1.5  Hours: 3-0
Formerly: 304A
Theoretical Logic
Treatment and justification of formal logic from a theoretical point of view. Ideal formal languages developed, and their relationship to natural languages discussed. Syntactic and semantic theories formalized for the analysis of complex deductive arguments. The meta-theory of formal logic, relating the syntactic theories and the semantic theories, developed. Topics may include consistency, compactness, soundness and completeness.
Note:
Credit will be granted for only one of PHIL 370, PHIL 304A.

PHIL 371  Units: 1.5  Hours: 3-0
Formerly: part of 304B
Logic
Investigations of a selected philosophical topic.
Note:
May be taken more than once for credit in different topics with permission of the department.

PHIL 375  Units: 1.5  Hours: 3-0
Philosophy of Mathematics
Introduces problems in the philosophy of mathematics. Topics may include the nature of mathematical objects, the status of the infinite in mathematics, the relationship between mathematics and natural science/physical reality.
Note:
Credit will be granted for only one of PHIL 375, MATH 375.

PHIL 379  Units: 1.5  Hours: 3-0
Also: GRS 379
Early Greek Thought
Examination of early Greek thought as embodied in Hesiod and Presocratic such as Heraclitus, Anaxagoras, Parmenides and Democritus. These figures may be considered in the context of historical and literary writings of their society (e.g., works by Aeschylus, Herodotus, Thucydides). Topics may include: distinctions among myth, science and philosophy; notions of law, morality, and causality; the influence of early Greek thought on later thinkers.
Notes:
- Credit will be granted for only one of PHIL 379, PHIL 381, GRS 379, CLAS 379.
- Does not presuppose a background in either Greek and Roman studies or Philosophy.
Recommendation(s):
Minimum third-year standing recommended.

PHIL 383  Units: 1.5  Hours: 3-0
Also: GRS 380
The Life and Times of Socrates
Examination of a critical moment in Greek intellectual and political life, as seen from various points of view. Topics include: Socrates’ trial and its background; the rise of the Socratic conception of philosophy and its relation to the methods of the Sophists; perceived Socratic challenges to religious and social mores; written vs. unwritten philosophy; types of Socratic literature.
Note:
Credit will be granted for only one of PHIL 383, GRS 380, CLAS 380.
Recommendation(s):
Minimum third-year standing recommended.

PHIL 390  Units: 1.5-3.0  Hours: 3-0
Directed Studies in Philosophy
Under the supervision of a faculty member and with the approval of the Chair of the department.
Note:
Credit will be granted for only one of PHIL 390, PHIL 348 (if taken in the same topic).

PHIL 420  Units: 1.5  Hours: 3-0
Advanced Topics in Philosophy of Science
Investigation of the methodology, epistemology and ontology of science. Topics may include the logic of explanation, the logic of confirmation, the rationality of theory acceptance, the rationality of scientific revolutions, the unity of science, or the reality of theoretical entities.
Note:
Credit will be granted for only one of PHIL 420, PHIL 222A, PHIL 320.

PHIL 424  Units: 1.5  Hours: 3-0
Advanced Studies in Ancient Philosophy
Investigation of central figures and/or topics in ancient philosophy. Philosophical figures in the ancient world from the time of the pre-Socratics through to the Hellenistic and Neo-Platonic schools may be considered. Topics may include the nature of reality, theories of truth, ethical theories, psychological issues, political theory, or issues in logic and theories of meaning.

PHIL 425  Units: 1.5  Hours: 3-0
Advanced Studies in Plato
Investigation of problems and topics in the philosophy of Plato including questions, issues and controversies related to Plato’s metaphysics, epistemology, ethics, political philosophy, moral psychology, cosmology, or his theories of language and perception. May also include Plato’s influence on successors in ancient philosophy.

PHIL 426  Units: 1.5  Hours: 3-0
Major Figures in Ancient Philosophy
Investigation of one or more major figures in ancient philosophy.

PHIL 427  Units: 1.5  Hours: 3-0
Advanced Studies in Early Modern Philosophy
Investigation of a central topic or major figure in the early modern period of philosophy (1500-1799).
Note:
Credit will be granted for only one of PHIL 427, PHIL 490 (if taken in the same topic).

PHIL 490  Units: 1.5 or 3.0  Hours: 3-0
**PHIL 428**  
**Units:** 1.5  
**Hours:** 3-0  
**Advanced Studies in Rationalism and the Enlightenment**  
Investigation of key concepts and historical figures of Rationalism broadly defined as a set of positions and doctrines, all of which tend to involve the ideas that in some sense the universe is rational. May include metaphysical, epistemological or ethical aspects of the thought of some of rationalism's most famous and influential proponents from the enlightenment period of the seventeenth and eighteenth centuries: René Descartes, Nicolas Malebranche, Baruch Spinoza and G. W. Leibniz.  
**Note:** Credit will be granted for only one of PHIL 428, PHIL 490 (if taken in the same topic).  
**Prerequisite(s):**  
- One of PHIL 306, PHIL 308, PHIL 309; or  
- permission of the department.

**PHIL 429**  
**Units:** 1.5  
**Hours:** 3-0  
**Advanced Studies in Scottish Philosophy**  
Investigation of the concepts, arguments and theories advanced by such central figures as David Hume and his contemporary Thomas Reid. Topics may include knowledge, probability, causation, skepticism, certainty, reason, universals, free will, language and communication, justice and morals.  
**Note:** Credit will be granted for only one of PHIL 429, PHIL 490 (if taken in the same topic).  
**Prerequisite(s):**  
- One of PHIL 306, PHIL 308, PHIL 309; or  
- permission of the department.

**PHIL 430**  
**Units:** 1.5  
**Hours:** 3-0  
**Advanced Ethics**  
An advanced investigation of contemporary debates in ethical theory, including issues in normative ethics and metaethics.  
**Prerequisite(s):**  
- One of PHIL 335, PHIL 337, PHIL 338; or  
- permission of the department.

**PHIL 431**  
**Units:** 1.5  
**Hours:** 3-0  
**Advanced Biomedical Ethics**  
An in-depth study of selected topics in biomedical ethics. Content will vary, but will usually include such topics as informed consent, experimentation, professional/client and professional/professional relationship, allocation of resources, administrative procedures, etc. Methodology will include the use of video tape role plays and student presentation/analysis.  
**Prerequisite(s):**  
- PHIL 331; or  
- permission of the department.

**PHIL 432**  
**Units:** 1.5  
**Hours:** 3-0  
**Advanced Social and Political Philosophy**  
Investigation of problems in contemporary social and political philosophy. Topics may include: theories of distributive justice, the relationship between law and morality, theories of democracy, the nature of rights, liberty, political legitimacy, community and culture, interrelationships among forms of economic, class, racial and gender oppression.  
**Prerequisite(s):**  
- One of PHIL 335, PHIL 336, PHIL 339; or  
- permission of the department.

**PHIL 436**  
**Units:** 1.5  
**Hours:** 3-0  
**Advanced Philosophy of Law**  
Investigation of contemporary issues in the philosophy of law. Topics may include: the relationship between law and morality; the nature and foundations of legal obligation; theories of international law; theories of human rights; the relationship between international law and global justice.  
**Note:** Credit will be granted for only one of PHIL 436, PHIL 490 (if taken in the same topic).  
**Prerequisite(s):**  
- PHIL 336 or PHIL 339; or  
- permission of the department.

**PHIL 440**  
**Units:** 1.5  
**Hours:** 3-0  
**Advanced Aesthetics**  
Investigation of issues in the philosophy of art. Topics may include art and ethics, philosophy of music, philosophy of literature, interpretation of artworks and ontology of artworks.  
**Prerequisite(s):**  
- PHIL 240 and  
- 1.5 units of 300- or 400-level PHIL courses; or  
- permission of the department.

**PHIL 450**  
**Units:** 1.5  
**Hours:** 3-0  
**Advanced Metaphysics**  
Investigation of contemporary issues in metaphysics.  
**Note:** Credit will be granted for only one of PHIL 450, PHIL 432.  
**Prerequisite(s):**  
- PHIL 352; or  
- permission of the department.

**PHIL 451**  
**Units:** 1.5  
**Hours:** 3-0  
**Advanced Epistemology**  
An advanced philosophical investigation of human knowledge and its relation to reality.  
**Note:** Credit will be granted for only one of PHIL 451, PHIL 416.  
**Prerequisite(s):**  
- PHIL 351; or  
- permission of the department.

**PHIL 453**  
**Units:** 1.5  
**Hours:** 3-0  
**Advanced Theory of Perception**  
A study of philosophical issues that pertain both to the psychology of perception and the theory of knowledge. The respective merits of realist, representationalist and phenomenalist theories of perception will come under examination.  
**Note:** Credit will be granted for only one of PHIL 453, PHIL 418.  
**Prerequisite(s):**  
- 9 units of PHIL courses; or  
- permission of the department.

**PHIL 460**  
**Units:** 1.5  
**Hours:** 3-0  
**Advanced Philosophy of Mind**  
Study of contemporary metaphysics, epistemology and methodology in the philosophy of mind.  
**Note:** Credit will be granted for only one of PHIL 460, PHIL 414.  
**Prerequisite(s):**  
- One of PHIL 342A, PHIL 358, PHIL 362; or  
- permission of the department.

**PHIL 462**  
**Units:** 1.5  
**Hours:** 3-0  
**Advanced Philosophy of Language**  
Investigation of contemporary issues in philosophy of language. Topics may include truth, meaning and reference. Authors may include Frege, Wittgenstein, Quine, Davidson, Dummett, Kripke, Putnam and Tarski.  
**Note:** Credit will be granted for only one of PHIL 462, PHIL 334, PHIL 461.  
**Prerequisite(s):**  
- PHIL 316 or PHIL 354; or  
- permission of the department.

**PHIL 490**  
**Units:** 1.5 or 3.0  
**Hours:** 3-0  
**Advanced Topics in Philosophy**  
Advanced investigations of a selected philosophical topic.  
**Note:** May be taken more than once for credit in different topics with permission of the department.  
**Prerequisite(s):**  
- 3 units of 300- or 400-level PHIL courses; or  
- permission of the department.

**PHIL 491**  
**Units:** 1.5 or 3.0  
**Hours:** 3-0  
**Directed Studies in Philosophical Topics**  
Under the supervision of a faculty member and with the approval of the Chair of the department.  
**Note:** Credit will be granted for only one of PHIL 491, PHIL 448 (if taken in the same topic).  
**Prerequisite(s):**  
- 3 units of 300- or 400-level PHIL courses; or  
- permission of the department.

**PHYS**  
**Physics**  
Department of Physics and Astronomy  
Faculty of Science  
Courses offered by the Department of Physics and Astronomy are also found under the following course code: ASTR (Astronomy).

**PHYS 102A**  
**Units:** 1.5  
**Hours:** 3-3  
**Formerly part of PHYS 102**  
**General Physics I**  
Introductory algebra-based mechanics. Life science applications.  
**Notes:**  
- Not open for credit to students registered in or with credit in any of PHYS 102, PHYS 110, PHYS 112, PHYS 120, PHYS 122  
- Students intending to take further courses in Physics should consider PHYS 110 or PHYS 120 rather than PHYS 102A.  
**Recommendation(s):** One of MATH 100, MATH 102, MATH 109 recommended prior to or in conjunction with PHYS 102A.
PHYS 102B - PHYS 290

PHYS 102B  Units: 1.5  Hours: 3-3
Formerly: part of PHYS 102
General Physics II
Introductory algebra-based survey of physics including heat, sound, wave motion, light, electricity, magnetism, and modern physics. Life Science applications.

Note: Not open for credit to students registered in or with credit in any of PHYS 102, PHYS 111, PHYS 112, PHYS 125, PHYS 130.

Prerequisite(s): PHYS 102A
Recommendation(s): One of MATH 100, MATH 102, MATH 109 recommended prior to or in conjunction with PHYS 102B.

PHYS 110  Units: 1.5  Hours: 3-3
Formerly: Part of 112, 122
Introductory Physics I
Newton’s laws; particle dynamics and curvilinear motion; force and momentum; kinetic and potential energy; circular and rotational motion; thermal physics; gravitational and electric forces. Engineering and Physical Science applications.

Note: Students with credit for PHYS 112, PHYS 120, or PHYS 122 may not take PHYS 110 for credit.

A basic course in physics for students planning a program of study in fields such as Physics, Astronomy, Chemistry, Earth and Ocean Sciences and Engineering.

Students with a strong interest in Physics or Astronomy are encouraged to consider registering in PHYS 120.

Pre- or Corequisite(s): One of MATH 100, MATH 102, MATH 109
Recommendation(s): A background equivalent to BC Physics 12 strongly recommended prior to PHYS 110.

PHYS 111  Units: 1.5  Hours: 3-3
Formerly: Part of 112, 125
Introductory Physics II
Heat engines, harmonic motion; wave motion; geometric and wave optics; modern physics. Engineering and Physical Science applications.

Note: Students with credit in PHYS 112, PHYS 125, or PHYS 130 may not take PHYS 111 for credit.

A basic course in physics for students planning a program of study in fields such as Physics, Astronomy, Chemistry, Earth and Ocean Sciences and Engineering.

Students with a strong interest in Physics or Astronomy are encouraged to consider registering in PHYS 130.

Pre- or Corequisite(s): One of MATH 100, MATH 102, MATH 109
Recommendation(s): MATH 101 strongly recommended in conjunction with PHYS 111.

PHYS 120  Units: 1.5  Hours: 3-3

Physics I
Particle dynamics and curvilinear motion; force and momentum; rotational dynamics and angular momentum; kinetic and potential energy; special relativity.

Notes:
• Credit will be granted for only one of PHYS 120, PHYS 110, PHYS 122.

PHYS 130  Units: 1.5  Hours: 3-3

Rotational and simple harmonic motion; wave motion and sinusoidal waves; reflection, refraction, and interference; optics; sound and the Doppler effect; de Broglie waves and the hydrogen atom; radioactivity and principles of quantum mechanics.

Notes:
• Credit will be granted for only one of PHYS 130, PHYS 111, PHYS 125.

PHYS 130B  Units: 1.5  Hours: 3-3

Physics II
Learning the techniques needed to understand the properties of matter. Wave properties of matter. Time-independent Schroedinger equation - wavefunctions and probability. Introduction to the Hydrogen atom.

Pre- or Corequisite(s): Either PHYS 110 and PHYS 111, or PHYS 120 and PHYS 130.

PHYS 216  Units: 1.5  Hours: 3-3

Introductory Electricity and Magnetism
Electric and magnetic fields, Gauss’ law, electric potential, capacitance, dielectrics, current and resistance, resistivity, magnetic inductance. Faraday’s law of induction, Ampere’s law, energy stored in electric and magnetic fields.

Note: Credit will be granted for only one of PHYS 216, ELEC 216.

Prerequisite(s): Either PHYS 110 and PHYS 111, or PHYS 112, or PHYS 120 and PHYS 130, or PHYS 122 and PHYS 125.

PHYS 229  Units: 1.5  Hours: 2-4

Introduction to Experimental Physics
Principals and techniques of experiment design and measurement, statistical and systematic uncertainties, data acquisition, analysis and the dissemination of knowledge.

Laboratory experiments focus on the use of electronics, instrumentation, and optical systems fundamental to experimental physics.

Note: Credit will be granted for only one of PHYS 229, PHYS 214.

PHYS 248  Units: 1.5  Hours: 3-3

Computer Assisted Mathematics and Physics
Use of a high-level computer language for mathematical and scientific experimention, simulation, and calculation. Programming of mathematics using available functions and routines and also writing short programs for symbolic and numerical computations, visualization, graphical output, and data management. The goal is to become competent with a high-level mathematics language and to practice programming in such a language. Emphasis on hands-on coding for experimentation in a variety of mathematical and physical contexts.

Note: Credit will be granted for only one of PHYS 248, MATH 248.

Prerequisite(s):
• Either PHYS 110 and PHYS 111, or PHYS 120 and PHYS 130; and
• MATH 101.

PHYS 280  Units: 1.5  Hours: 3-0

Special Topics in Physics
Occasional offerings dealing with a specific topic in Physics.

Note: May be taken more than once for credit in different topics with permission of the department.

Prerequisite(s): 3 units of PHYS courses.

PHYS 290  Units: 1.0-3.0

Directed Studies
This course is intended primarily to aid students who have transfer credit in physics to satisfy their first-year physics requirements.

Prerequisite(s): Permission of the department.

**Course Listings PHYS**
PHYS 423  Units: 1.5  Hours: 3-0  
**Quantum Mechanics II**
Further development of the theory and applications, angular momentum, linear vector spaces, perturbation theory, scattering.  
**Note:** Intended for Honours students.  
**Prerequisite(s):** All of PHYS 321A, PHYS 323, MATH 301, MATH 346.

PHYS 424  Units: 1.5  Hours: 3-0  
**Particle Physics**
Topics in particle physics.  
**Note:** Normally open to Honours students only; others by permission of the department. Normally offered in alternate years. Students are advised to consult the department to determine when the course is offered.  
**Prerequisite(s):**  
- PHYS 423; or  
- permission of the department.

PHYS 425  Units: 1.5  Hours: 2-3  
**Topics in Electronics Instrumentation**
Applications of electronics in physics instrumentation.  
**Prerequisite(s):**  
- PHYS 214 and PHYS 216; and  
- one of MATH 301, MATH 330B, MATH 438.

PHYS 426  Units: 1.5  Hours: 3-1  
**Fluid Mechanics**
Flow kinematics, vorticity, the Navier-Stokes equations, Bernoulli's theorem, irrotational flow, viscous flow, dynamic similarity. Application to aerodynamics, water waves, low Reynolds number (very viscous) flow and other selected topics.  
**Prerequisite(s):** PHYS 217 and PHYS 321A.  
**Pre-or Corequisite(s):** MATH 346.

PHYS 427  Units: 1.5  Hours: 3-0  
Also: EOS 427  
**Geophysics**
Principles of seismology, gravity, geomagnetism, heat flow, and how they contribute to our understanding of whole Earth structure and plate tectonics.  
**Notes:**  
- Credit will be granted for only one of PHYS 427, EOS 427.  
- Normally offered in alternate years. Students are advised to consult with the department to determine when the course is offered.  
**Prerequisite(s):** PHYS 321A and PHYS 326.  
**Pre-or Corequisite(s):** MATH 346.

PHYS 429A  Units: 1.5  Hours: 0-3  
**Honours Laboratory**
Introduction to research, with several research-oriented experiments and with instruction on experimental techniques and theory of measurement.  
**Note:** Normally open only to fourth-year Honours students, others by permission of the department.  
**Prerequisite(s):**  
- Minimum fourth-year standing; or  
- permission of the department.

PHYS 432  Units: 1.5  Hours: 3-0  
**Medical Physics**
Introduction to medical physics: production and measurement of x-rays and charged particles for nuclear medicine, interaction of radiation with biological materials, radiation dosimetry, radiation safety, physics of medical imaging, magnetic resonance imaging.  
**Prerequisite(s):** Either PHYS 315 or PHYS 314, or BME 335 and MATH 204.

PHYS 438  Units: 1.5  Hours: 3-0  
**Solid State Physics II**
Nanoscale physics, including semiconductor nanostructures and devices, nanomagnetism and spintronics, nanophotonics, molecular electronics, and superconductivity.  
**Prerequisite(s):** PHYS 328.

PHYS 441  Units: 1.5  Hours: 3-0  
Also: EOS 431  
**Physical Oceanography**
Observations and theories explaining the wind- and buoyancy-driven circulations of the ocean. Topics include wind-forced currents; ocean-scale gyres; coastal circulation; conservation of dynamical tracers; mixing, potential energy and the resulting basin-scale overturning circulations; waves.  
**Note:** Credit will be granted for only one of PHYS 441, EOS 431.  
**Prerequisite(s):**  
- Either EOS 225, or two of MATH 200, MATH 201, MATH 431.

PHYS 460A  Units: 0  Hours: 2-0  
Formerly: part of PHYS 460  
**Colloquium I**
Weekly physics and astronomy colloquium.  
**Grading:** COM, N, F.

PHYS 460B  Units: 0  Hours: 2-0  
Formerly: part of PHYS 460  
**Colloquium II**
Weekly physics and astronomy colloquium.  
**Prerequisite(s):** PHYS 460A  
**Grading:** COM, N, F.

PHYS 480  Units: 1.5  Hours: 3-0  
**Advanced Special Topics in Physics**
Occasional offerings dealing with a specific topic in Physics.  
**Note:** May be taken more than once for credit in different topics with permission of the department.  
**Prerequisite(s):** Permission of the department.

PHYS 490  Units: 1.0-3.0  
**Directed Studies**
**Prerequisite(s):** Permission of the department.

PHYS 499  Units: 1.5  Hours: 0-3  
**Honours Thesis**
A research project conducted under the direction of faculty.  
**Notes:**  
- Not open for credit to students with credit in PHYS 429B or ASTR 429.  
- Normally only open to students declared in an Honours program offered by the department.  
**Prerequisite(s):**  
- Minimum fourth-year standing; and  
- declared in an Honours program offered by the department.

POLI 101  Units: 1.5  Hours: 3-0-1  
Formerly half of 100  
**Canadian Politics**
An introduction to the social bases of Canadian politics focusing on the distribution and exercise of political power. Topics include: regionalism, Québec nationalism, and economic inequality; political parties, voting, interest groups and the mass media; the policy process.  
**Note:** Credit will be granted for only one of POLI 101, POLI 100, POLI 470.

POLI 103  Units: 1.5  Hours: 3-0-1  
**The Worlds of Politics**
Introduces students to the study of politics in three fields (comparative politics, international politics, and political theory). Each term will focus on a particular theme of broad interest to the three fields such as democracy, power and violence.

POLI 201  Units: 1.5  Hours: 3-0-1  
Formerly: 102  
**Canadian Institutions of Government**
Introduction to the Canadian system of government; the constitutional framework; parliamentary and federal political structures; institutional change and major constitutional developments and debates.  
**Note:** Credit will be granted for only one of POLI 201, POLI 100, POLI 102, POLI 470.

POLI 202  Units: 1.5  Hours: 3-0-1  
**An Introduction to Political Theory**
Focuses on one or more topics in contemporary political theory such as the nature of democracy, the role of ideology, or the functions of the state. Different analyses will be compared, and students will be introduced to various models and techniques of theoretical inquiry.

POLI 210  Units: 1.5  Hours: 3-0-1  
**Comparative Politics**
An introduction to the comparative study of politics and the basic structures and processes of modern political systems, with illustrations from around the world.

POLI 211  Units: 1.5  Hours: 3-0-1  
**European Integration and the European Union**
An introduction to the study of the European integration process and the basic structures and processes of the European Union, including an examination of selected policies.
POLI 217 Units: 1.5 Hours: 3-0-1
Development and Political Change
An introduction to development and political change facing the Global South (Africa, Latin America and Asia), including theories and themes such as modernization and dependency, colonialism and post-colonialism, nation-state building, democratization and authoritarianism.

POLI 223 Units: 1.5 Hours: 3-0-1
Contemporary Political Problems
An examination of one or more contemporary political problems, such as economic inequality, environmental degradation, or ethno-religious conflict, which are common to many countries, including Canada. These problems will be considered in their local, regional, national, and global manifestations, from diverse perspectives in political science.

Note: May be taken more than once for credit in different topics with permission of the department.

POLI 240 Units: 1.5 Hours: 3-0-1
International Politics
An introduction to the study and practice of international politics. Topics covered include the historical evolution of the international system, the major theoretical approaches to the study of international politics, state and non-state actors, and key contemporary issues in the areas of security and political economy.

POLI 300A Units: 1.5 Hours: 3-0-1
Formerly: 301
Ancient and Medieval Political Thought
A survey of the main themes and assumptions of political theory in ancient Greece and medieval Europe, including study of Plato’s Republic and Aristotle’s Politics.

Note: Credit will be granted for only one of POLI 300A, POLI 301, POLI 300 (if taken prior to Sep 1982 - Apr 1983).

POLI 300B Units: 1.5 Hours: 3-0-1
Formerly: half of 300
Early Modern Political Thought
An examination of basic texts and persistent themes in Western political thought from the Renaissance to the Enlightenment, including study of texts by such key thinkers as Machiavelli, Hobbes, Locke, Hume and Kant.

Note: Credit will be granted for only one of POLI 300B, POLI 300.

POLI 300C Units: 1.5 Hours: 3-0-1
Formerly: half of 300
Post-Enlightenment Political Thought
An examination of basic texts and persistent themes in Western political thought from the Enlightenment to the late 19th century, including study of texts by such key thinkers as Rousseau, Hegel, Marx and J.S. Mill.

Note: Credit will be granted for only one of POLI 300C, POLI 300.

Recommendation(s): POLI 300A or POLI 300B recommended prior to POLI 300C.

POLI 305 Units: 1.5 Hours: 3-0
Democracy and Diversity
Examines the challenges that cultural and national diversity pose to liberal democracy. The analytical focus will be on both the normative desirability of recognizing cultural or national differences and on the political and legal ramifications of granting group and minority rights.

POLI 306 Units: 1.5 Hours: 3-0
Introduction to Marxism
An overview of the thought of Karl Marx and Frederick Engels, focusing on its philosophical origins, key concepts and ideas of their historical materialism, critique of political economy, political theory and philosophy. The development of Marxism after Marx and Engels, particularly in the tradition of Western Marxism, will be traced in the case of each concept and idea.

Note: Credit will be granted for only one of POLI 306, POLI 406.

POLI 307 Units: 1.5 Hours: 3-0
Nationalism and Citizenship
Debates about the role of nationalism and citizenship in contemporary political theory, in state-building, and in relation to other forms of identity politics (e.g. gender, class, sexual orientation, race, culture, religion).

POLI 308 Units: 1.5 Hours: 3-0
Democracy and Disobedience
Political thought and case studies about organized disobedience to law and policy as a form of political protest; connection between disobedience and legal and social change in contemporary states.

POLI 311 Units: 1.5 Hours: 3-0
Governments and Politics in Europe
Historical backgrounds to, institutional framework for, and players involved in, political conflict in European countries. Consideration will be given to contemporary policy issues and the process of European integration.

POLI 312A Units: 1.5 Hours: 3-0
Formerly: half of 313
U.S. Politics: Parties, Elections, and Social Movements
An analysis of the political system of the United States, with an emphasis on elections, parties, political participation, and social movements.

Note: Credit will be granted for only one of POLI 312A, POLI 313.

POLI 312B Units: 1.5 Hours: 3-0
Formerly: half of 313
U.S. Politics: Public Policy, the Constitution, and Civil Liberties
An analysis of constitutional politics and public policy in the United States, with a particular focus on issues related to civil rights and civil liberties.

Note: Credit will be granted for only one of POLI 312B, POLI 313.

POLI 313C Units: 1.5 Hours: 3-0
Indigenous Politics and the U.S. Political System
An analysis of the relations between American Indian Nations and other native peoples with the United States of America.

POLI 317 Recommended prior to POLI 305.

POLI 318 Units: 1.5 Hours: 3-0
Also: HSTR 364
Government and Politics in East Asia
Government and politics in China, Japan, North and South Korea, and Taiwan, with special attention to state formation, political reform, institutions and ideology.

Note: Credit will be granted for only one of POLI 318, HIST 438 (if taken in the same topic), HSTR 364 (if taken in the same topic).

Recommendation(s): POLI 317 recommended prior to POLI 318.

POLI 319 Units: 1.5 Hours: 3-0
Issues in Comparative Politics
An analysis of contemporary issues in comparative politics.

Note: May be taken more than once for credit in different topics with permission of the department.

POLI 320 Units: 1.5 Hours: 3-0
Formerly: 320A and 320B
The Canadian Constitution
An analysis of the Canadian Constitutional framework, including the Constitution acts of 1867 and 1982, the shaping of the federal system and the impact on Canadian society of the Charter of Rights and Freedoms.

Note: Credit will be granted for only one of POLI 320, POLI 320A, POLI 320B.

POLI 321 Units: 1.5 Hours: 3-0
Introduction to Research Methods in Politics
Advanced introduction to the key empirical research methods used in the study of politics, including interpretive, historical, participatory, quantitative, case study and comparative.

Note: Not open to students registered in or with credit in POLI 339.

POLI 322 Units: 1.5 Hours: 3-0*
Issues in Politics
A lecture class in selected contemporary political issues.

* Contact hours may vary depending on the topic.

Note: May be taken more than once for credit in different topics with permission of the department.

POLI 327 Units: 1.5 Hours: 3-0
Formerly: 317
Political Economy in the Global South
Major themes and issues in political economy in the Global South (Africa, Latin America and Asia). Issues explored may include: globalization and work, debt and development, aid and trade, south-south migration, China’s role in Africa, the growing political and economic influence of the emerging economies (India, China, Brazil and South Africa), and the impact of international actors such as the World Bank and International Monetary Fund (IMF). Country-specific case studies will be used for illustration.

Note: Credit will be granted for only one of POLI 327, POLI 317 (if taken in Sep 2013 - Apr 2014).

POLI 328 Units: 1.5 Hours: 3-0
Gender and International Relations
Examines gender inequalities from the standpoint of feminist international relations theories and through the study of key international relations concepts such as violence, globalization, democratization, transnational politics and ethnic nationalism.

Note: Credit will be granted for only one of POLI 328, POLI 349 (if taken in the same topic).
POLI 329  Units: 1.5  Hours: 3-0
The Political Foundations of International Law
An advanced introduction to the political nature of international law. Reviews the conceptual and analytical foundations of the field, as well as conventional and critical theoretical approaches to the study of international law. Also examines the main substantive areas of international law and practice.

POLI 332  Units: 1.5  Hours: 3-0
Formerly: 332B
Urban Politics
An analysis of urban social movements, the politics of planning and development, and the political economy of cities in the era of globalization.
Note: Credit will be granted for only one of POLI 332, POLI 332B, POLI 450.

POLI 335  Units: 1.5  Hours: 3-0
Gender and Politics
An introduction to key debates about the relation between gender and politics in the Western political tradition. Explores how gender has shaped and been shaped by key political ideas (including the public-private distinction, the idea of contract, political representation, rights, justice, identity and equality), as well as connections between conceptual debates and practical policy-oriented problems in law and politics.

POLI 336  Units: 1.5  Hours: 3-0
The Modern State
An exploration of the modern state as a form of governance and a mode of political organization. Contemporary changes in the organization of the state will be considered in relation to earlier developments. The focus will be on North America and Western Europe, and particular attention will be given to the problematic relation between disciplinary governments, social movements and local communities.
Note: Credit will be granted for only one of POLI 336, POLI 404.

POLI 338  Units: 1.5  Hours: 3-0
Approaches to Political Analysis (Seminar Course)
An examination of the ways in which political analysts generalize about politics. Addresses types of theory in the discipline (normative, empirical, public choice, critical discourse) and the assumptions that underpin them.
Note: Required for Honours students in their third year, recommended for Major students, but not recommended as a general elective.

POLI 339  Units: 1.5  Hours: 3-0
The Empirical Analysis of Politics (Seminar Course)
Survey of empirical research methods used in political science, focusing on the practical application of qualitative and quantitative methods. Includes the operationalization and measurement of variables, case studies and comparative case studies; interview research; univariate and bivariate statistics; sampling and surveys, and regression.
Notes:
• Credit will be granted for only one of POLI 339, POLI 337.
• Required for Honours students, preferably in their third year, recommended for students considering graduate studies in Political Science or Public Administration.

POLI 340  Units: 1.5  Hours: 3-0
International Studies
The historical development of the modern states system with reference to its changing social, economic, and political environments, and to related theoretical developments.

POLI 341  Units: 1.5  Hours: 3-0
The United Nations and Global Issues
Examines the structure and functioning of the United Nations and its agencies as they address key contemporary global issues. Attention will be paid to the practice of diplomacy in the UN, the secretariat, and the roles of states and non-state actors. Issues may include human rights and humanitarian intervention, economic globalization and human development, climate change and other environmental problems, disarmament and health.

POLI 343  Units: 1.5  Hours: 3-0
International Organization
The nature and function of international and regional governmental and non-governmental organizations.

POLI 344  Units: 1.5  Hours: 3-0
International Political Economy
The politics of international economic relations in trade, investment, finance and macroeconomic policies from a variety of theoretical perspectives.

POLI 345  Units: 1.5  Hours: 3-0
Ethics in International Relations
An exploration of the application of moral judgment to international politics. Introduces different moral theories and applies them to topical issues to help make reasoned judgments about important international issues. Topics include: just war, foreign aid, immigration control, spreading human rights, withdrawing humanitarian aid, and the use of torture.

POLI 346  Units: 1.5  Hours: 3-0
Formerly: 446
Canadian Foreign Policy
The foreign policy-making process in Canada, including alternative explanations of specific policies.
Note: Credit will be granted for only one of POLI 346, POLI 446.

POLI 347  Units: 1.5  Hours: 3-0
Discourses of World Politics
Contemporary debates about the nature and location of political community in relation to both the historical practices of state sovereignty and claims about the increasingly global context of political life.

POLI 348  Units: 1.5  Hours: 3-0
International Security
Conceptual and practical issues of security in international politics, including such topics as: the causes of violent international conflict, maritime security, non-military threats to security, national security policies, co-operative international security, and alternatives to state-centred security.
Prerequisite(s):
• POLI 240, or
• permission of the department.

POLI 349  Units: 1.5  Hours: 3-0
Issues in International Politics
An analysis of contemporary issues in international politics.
Note: May be taken more than once for credit in different topics with permission of the department.

POLI 350  Units: 1.5  Hours: 3-0
Also: ADMN 311
Introduction to Public Administration
An exploration of the external factors affecting contemporary public sector management in Canada, the changing structural and value context within which public servants work, the key processes in which they are engaged and how those processes are changing. Focuses primarily on the federal and provincial governments, but references will also be made to public administration at other levels.
Note: Credit will be granted for only one of POLI 350, ADMN 311, HSD 404.

POLI 351  Units: 1.5  Hours: 3-0
Public Policy Analysis
A practical approach to the concepts and conduct of public policy analysis, including problem definition and policy design, the application of analytical techniques and issues in public policy implementation.

POLI 357  Units: 1.5  Hours: 3-0
Formerly: 457
Canadian Environmental Politics
An examination of political factors shaping development and implementation of Canadian environmental policy.
Note: Credit will be granted for only one of POLI 357, POLI 457.

POLI 360  Units: 1.5  Hours: 3-0
Canadian Federalism and Public Policy
An examination of the constitutional, political, social, economic, and cultural bases of Canadian federalism, the dynamics of contemporary intergovernmental relations, and the impact of the federal system on public policy.

POLI 363  Units: 1.5  Hours: 3-0
Indigenous Politics in Canada
An examination of various political issues affecting the peoples of Canada’s First Nations with particular attention to land claims, self-government and the political organization of Canada’s indigenous peoples. Relevant comparisons with other countries and international perspectives will also be included.

POLI 364  Units: 1.5  Hours: 3-0
Canadian Public Policy
An analysis of the Canadian policy-making process, using case studies to examine alternative theoretical perspectives.

POLI 365  Units: 1.5  Hours: 3-0
British Columbia Political Economy
An examination of the political and economic development of the province, its political orientations and social cleavages, and party system.
POLI 366  Units: 1.5  Hours: 3-0  
**Canadian Political Economy**
An advanced introduction to the distinctive debates and problems of Canadian Political Economy, in historical analysis and in contemporary policy concerns. Topics covered include state formation and the role of the state; staples; capital and class analyses; theories of economic development, trade, and dependency; gender, aboriginal, and anti-racist analyses, and political ecology.

POLI 367  Units: 1.5  Hours: 3-0  
**The Politics of Race in Canada**
Examination of contemporary issues of race politics in Canada. Topics include the effects of political ideas about race, the role of Canadian state in organizing and managing racial differences, and modes of political resistance.

Note: Credit will be granted for only one of POLI 367, POLI 369 (if taken in the same topic).

POLI 369  Units: 1.5  Hours: 3-0  
**Issues in Canadian Politics**
An analysis of contemporary issues in Canadian politics.

Note: May be taken more than once for credit in different topics with permission of the department.

POLI 370  Units: 1.5  Hours: 3-0  
**The Politics of Surveillance**
Examination of contemporary forms of surveillance in Canada and globally. Considers the roots of surveillance, its impact on our lives, and the legal, political, social and technical strategies to challenge its effects.

Note: Credit will be granted for only one of POLI 370, POLI 319 (if taken in the same topic).

POLI 371  Units: 1.5  Hours: 3-0  
**Chinese Politics**
An exploration of the political, economic and social transformations in China, with focus on China’s ongoing reform efforts away from state socialism and toward a capitalist market economy. Topics include political institutions, the role of the state in the economy, social stratification including gender relations, resistance, civil society and democracy.

POLI 372  Units: 1.5  Hours: 3-0  
**Latin American Politics**
Comparative study of Latin America through an examination of the region’s history, politics and society. Themes may include development, revolution, militarism, social movements and democratization.

Note: Credit will be granted for only one of POLI 372, POLI 319 (if taken in the same topic).

POLI 373  Units: 1.5  Hours: 3-0  
**African Politics**
Survey of contemporary African politics. Broad overview of political developments in Africa, analyzing political conflict and change in terms of the economic, social and historical contexts of select African countries and regions.

POLI 374  Units: 1.5  Hours: 3-0  
**Urban Politics in China**
Transition and transformation of post-Mao China through the lens of urban politics. A historical and multi-disciplinary approach used to analyze problems of power, governance, and socio-cultural change. Topics may include: the modern history of Chinese cities (imperial, republican, socialist), space economies (regionalism), migration, urban governance, urban inequality, land, urban society and culture, and urban social movements.

POLI 375  Units: 1.5  Hours: 3-0  
**Gender Politics in China**
A multidisciplinary approach to gender dynamics in China. Helps students appreciate and understand the politics of representation of Chinese women over time and space; the change in Chinese women’s roles and status amidst modern socioeconomic development; and the recent emergence of women’s NGOs in the context of China’s transition to a market economy and the growth of a UN-based international women’s movement.

POLI 376  Units: 1.5  Hours: 3-0  
**Politics of India**
An exploration of the major themes in the political and economic development of independent India, including the fate of the Nehruvian development model, the contemporary crisis of the state and secularism, the transition to globalization, and the politics of caste, class and gender.

Note: Credit will be granted for only one of POLI 376, POLI 419, POLI 433 (if taken in the same topic).

POLI 377  Units: 1.5  Hours: 3-0  
**Comparative Federalism**
Examines a variety of developed and developing federations with a view to improving our understanding of the relationship between formal federal arrangements and their underlying political communities. The factors affecting the governance, administration and policy performance of federations will be examined. The broad objective is to use comparative experience to improve our understanding of Canadian federalism.

POLI 378  Units: 1.5  Hours: 3-0  
**Topics in Contemporary European Politics**
Analysis of contemporary issues in European politics in comparative perspective, with a strong emphasis on the European Union and the process of European integration.

Note: May be taken more than once for credit in different topics with permission of the department.

POLI 379  Units: 1.5  Hours: 3-0  
**Communication and Politics**
An exploration of the theory and practice of the politics of media, including an analysis of media activism, social networking technologies, and the changing role of communication in contemporary politics.

POLI 380  Units: 1.5  Hours: 3-0  
**Politics of Mass Media in Latin America**
An introduction to the politics of mass media in Latin America, including theories and themes such as media and authoritarianism, media and democratization, media reform, media analysis, media and accountability, and media and human rights. Differences and similarities throughout the region will be analyzed.

POLI 381  Units: 1.5  Hours: 3-0  
**Politics of Media in Latin America**
An exploration of the theory and practice of the politics of media, including an analysis of media activism, social networking technologies, and the changing role of communication in contemporary politics.

Note: Credit will be granted for only one of POLI 380, POLI 381, POLI 382, POLI 383, POLI 384 (if taken in the same topic).

POLI 382  Units: 1.5  Hours: 3-0  
**Politics and Religion**
An exploration of the relationship between politics and religion, including the religious dimensions of state sovereignty, global politics, and political conflict. Case studies will be drawn from different regions of the world and various religious traditions.

Note: Credit will be granted for only one of POLI 382, POLI 383, POLI 384 (if taken in the same topic).

POLI 383  Units: 1.5  Hours: 3-0  
**Global Indigenous Nationalisms**
Comparative analysis of Indigenous politics with primary focus on indigenous-state relations in Canada, United States, Australia, and New Zealand.

Note: Credit will be granted for only one of POLI 383, POLI 433 (if taken in the same topic).

POLI 384  Units: 1.5  Hours: 3-0  
**Comparative Political Thought**
Critically engages different cultural, religious, and geographic traditions of political thought and questions about their contested boundaries. Main topics: overview of key traditions; exploration of emerging fields of comparative political inquiry; debates about how to compare and engage different traditions of political thinking; the significance of which thinkers, ideas, texts, and histories are conventionally discussed or not discussed in political theory; implications of engaging different political thought traditions for political theory as a whole.

Note: Credit will be granted for only one of POLI 384 and 389 (if taken in the same topic).

Prerequisite(s):
• POLI 103 or POLI 202; or
• permission of the department.

POLI 390  Units: 1.5  Hours: 3-0  
**Directed Experiential Learning**
Individual examination of analytical issues in political science in relation to work or volunteer activities directly related to studying political science. Student must work with instructor to identify issues to be explored and methods of assessment before experiential learning opportunity begins. Learning opportunity must be independent of any previous or concurrent Co-op work-term placement. Must include at least 200 hours of work or volunteer activities. Assessment normally will involve a reflective journal and final paper.

Prerequisite(s):
• Minimum third-year standing; and
• declared Honours or Major in Political Science; and
• permission of the department.

POLI 401  Units: 1.5  Hours: 3-0  
**Advanced Topics in Political Theory**
An advanced seminar on contemporary issues and problems in political theory.

Note: May be taken more than once for credit in different topics with permission of the department.

Prerequisite(s):
• Two of POLI 300A, POLI 300B, POLI 300C, or
• permission of the department.
POLI 402 - POLI 490

POLI 402  Units: 1.5  Hours: 3-0
Formerly: 302
Contemporary Themes in Political Thought
A seminar course covering major themes in contemporary political thought focusing especially on the interplay between theories of modernity and concepts of political identity and community.
Note: Credit will be granted for only one of POLI 402, POLI 406, POLI 407, POLI 408, POLI 302.
Prerequisite(s):
•  Two of POLI 300A, POLI 300B, POLI 300C, or
•  permission of the department.

POLI 412  Units: 1.5  Hours: 3-0
Migration, Nationalism and Identity in Asia
Migration has greatly complicated and unsettled the post-WWII associations between people, places and identity. The seemingly simple question, “Who is Chinese?” or, “Who is Japanese?” is fraught with nuance and complexity. A seminar course aiming to help students critically analyze the complex political, economic, and cultural dynamics of migration, nationalism, and identity in Asia.
Note: Credit will be granted for only one of POLI 412, POLI 433 (if taken in the same topic).

POLI 413  Units: 1.5  Hours: 3-0
Feminist Political Thought
A seminar course covering the examination of feminist critiques of contemporary political theory and feminist social criticism and political thought, with particular attention to debates about knowledge, subjectivity and difference.
Prerequisite(s):
•  Two of POLI 300A, POLI 300B, POLI 300C, or
•  permission of the department.

POLI 414  Units: 1.5  Hours: 3-0
Politics in the European Union
A seminar course covering the politics, institutions, policymaking process, and the role of various nation-states in the European Union, in historical and contemporary contexts. Attention will also be given to theories of European integration.
Prerequisite(s):
•  POLI 211 and POLI 311, or
•  permission of the department.

POLI 422  Units: 1.5  Hours: 3-0
Youth Politics
A seminar course covering the examination of youth politics and its history and political implications. Topics include voting, political participation, civic engagement, education, activism, technology and working youth.

POLI 430  Units: 1.5  Hours: 3-0
Media, Technology and Politics
A seminar course covering a critical examination of the impact of new electronic technologies of communication upon contemporary politics. Focuses on clashing perspectives on the digital future. Explores the meaning of power, information and identity in the 21st century. Particular attention is paid to both theoretical and multimedia approaches to understanding politics in the age of interactivity.

POLI 433  Units: 1.5 or 3.0  Hours: 3-0
Issues in Politics
A seminar course covering selected contemporary political issues.
Note: May be taken more than once for credit in different topics with permission of the department.

POLI 434  Units: 1.5  Hours: 3-0
The Politics of Class
A seminar course covering an exploration of how social and economic class affects politics and becomes a political issue in Canada and other western countries. Drawing from political history, sociology and political economy, topics will include debates over the conceptualization of class and classes, the historical trajectory of working class political parties, the formation and decline of working class identity, and the classed aspects of contemporary politics and social movements (e.g., the women’s movement, anti-racism, gay and lesbian politics, etc.).

POLI 436  Units: 1.5  Hours: 3-0
Politics of Human Rights in New Democracies
A seminar course covering comparative study of the politics of human rights in new democracies. Issues may include the meaning and history of human rights, human rights organizations, transitional justice, and institutional reform.

POLI 442  Units: 1.5  Hours: 3-0
International Law
A seminar course covering exploration of a number of selected areas and issues of international law and practice. Content varies from year to year, and may include international laws governing human rights, the use of force, the environment, indigenous peoples, criminality, economic relations and transactions.
Note: Credit will be granted for only one of POLI 442, POLI 342.

POLI 444  Units: 1.5  Hours: 3-0
Governance in the Global Political Economy
International and transnational arrangements governing economic practices and interactions among countries in trade, investment, finance, monetary and fiscal policy, development, and taxation. Formal intergovernmental institutions and mechanisms of private transnational governance. Causes and consequences of global political-economic governance for national governments and groups within societies.
Prerequisite(s):
•  POLI 329, or
•  permission of the department.

POLI 456  Units: 1.5  Hours: 3-0
The Politics of the Internet
A seminar course covering a comparative analysis of some of the most prominent political issues shaping the character and governance of the Internet, including privacy, censorship and intellectual property.

POLI 458  Units: 1.5  Hours: 3-0
Topics in Environmental Politics
A seminar course covering examination of political factors shaping responses to selected global environmental issues.

POLI 462  Units: 1.5  Hours: 3-0
Also: ADMN 462, 547
Intergovernmental Relations in Canada
A seminar course examining the nature of relations among federal, provincial, and municipal governments, and the impact of those relations on public policy. Includes discussion of topics such as the modalities of fiscal federalism and the concepts of executive federalism and intergovernmental governance.
Note: Credit will be granted for only one of POLI 462, POLI 433 (if taken in the same topic), ADMN 462, ADMN 490 (if taken in the same topic), ADMN 547.
Prerequisite(s): POLI 102 or POLI 201.

POLI 463  Units: 1.5  Hours: 3-0
U.S./Canadian Comparative Indigenous Law and Policy
A seminar course that compares and contrasts US and Canadian Indigenous law and policy, paying particular attention to the constitution, court cases, and legal doctrines.

POLI 465  Units: 1.5  Hours: 3-0
British Columbia Governance
A seminar course covering an examination of the political institutions and public policy processes of provincial government in British Columbia.

POLI 473  Units: 1.5  Hours: 3-0
Advanced Topics in African Politics and Political Economy
A seminar course covering the exploration of major themes in African politics and political economy. Examines contemporary state-civil society relations in sub-Saharan Africa and other key themes, including the role of domestic, regional, and international economic and social forces in domestic politics and political struggles.
Prerequisite(s):
•  POLI 373, or
•  permission of the department.

POLI 490  Units: 1.5 or 3.0
Directed Reading
Directed reading and/or research for Honours students under the supervision of an available faculty member may be offered to meet special circumstances. No more than 3 units of directed reading may be applied toward degree requirements and, except with the approval of the department, such units will not be applied toward the distribution requirement.
Note: Not open to Majors except with special permission of the department.
Generally not offered in Summer Studies.
PSYC 100B Units: 1.5 Hours: 3.0
Formerly: half of 100

Introductory Psychology II

An introduction to concepts, theories and research findings of modern psychology. Topics may include cognition, development, personality, health psychology, psychological disorders, psychological therapies, and social behaviour.

Note: Credit will be granted for only one of PSYC 100B, PSYC 100.

PSYC 191 Units: 1.5 Hours: 3.0

Psychology in Contemporary Society

Current knowledge from psychology applied to contemporary issues of social, personal, or societal relevance.

Note: May be taken more than once for credit in different topics to a maximum of 3 units.

Prerequisite(s): Set by department depending upon topic.

PSYC 192 Units: 1.5 Hours: 3.0

Introduction to Positive Psychology

An examination of the major concepts and principles of positive psychology, defined as the science of discovering meaning and happiness, fulfilling one’s potential in spite of personal limitations and adversities, and flourishing life.

PSYC 201 Units: 1.5 Hours: 3.1
Formerly: half of 200

Research Methods in Psychology

Introduction to basic research techniques in psychology; emphasis on the conceptual rather than the statistical rationale underlying various research strategies. Areas include the nature of variables, types of measurement, how to generate and test hypotheses, types of validity, and how to interpret and report results. Laboratory exercises and class demonstrations on the processes involved in conducting empirical research.

Note: Credit will be granted for only one of PSYC 201, PSYC 200.

Prerequisite(s): PSYC 100A and PSYC 100B.

PSYC 210 Units: 1.5 Hours: 3.0

Conceptual Foundations of Psychology

Provides students with the background necessary to facilitate a full appreciation of upper-level courses. Current problems in psychology will be examined with reference to outstanding past and present persons and issues.

Note: See Note 1, here.

Pre- or Corequisite(s): PSYC 100A and PSYC 100B.

PSYC 215A Units: 1.5 Hours: 3.0
Formerly: half of 230

Introduction to Biological Psychology

Basic concepts of brain function in relation to behaviour. Topics will include basic aspects of neuronal functions, neuroanatomy, and behavioural genetics, as well as the functioning of the nervous system in relation to sensation, motor output, and at least one other aspect of behaviour.

Notes:
- Credit will be granted for only one of PSYC 215A, PSYC 230.
- See Note 1, here.

Prerequisite(s):
- PSYC 100A and PSYC 100B; or
- either 1.5 units of BIOL course, or one of EPHE 141, EPHE 241, EPHE 242; and
- minimum second-year standing.

PSYC 231 Units: 1.5 Hours: 3.0
Formerly: 331

Introduction to Social Psychology

Surveys key theories and empirical findings concerning the complex and reciprocal connections between aspects of people’s psychology - such as attitudes, goals, values, group memberships, self and identity, culture, and personality - and their social contexts.

Note: Credit will be granted for only one of PSYC 231, PSYC 331.

Prerequisite(s): PSYC 100A and PSYC 100B.

PSYC 243 Units: 1.5 Hours: 3.0

Introduction to Lifespan Development

Surveys foundational concepts of lifespan development psychology, such as sensitive periods, developmental stages and transitions, and trajectories of change across the lifespan.

Prerequisite(s): PSYC 100A and PSYC 100B.

PSYC 251 Units: 1.5 Hours: 3.0

Introduction to Mind and Brain

Examines how neural activity in the brain gives rise to mental experiences that constitute the human mind. Basic principles of cognition and methods used to reveal those principles will be presented. The influence of brain injury on mental functioning will also be considered.

Prerequisite(s): Two of PSYC 100A, PSYC 100B, BIOL 184, BIOL 186.

PSYC 260 Units: 1.5 Hours: 3.0
Formerly: PSYC 360

Introduction to Mental Health and Well-Being

Examines theory and research related to mental health and well-being in adulthood. Topics address various aspects of psychological distress (such as mood and anxiety disorders, personality disorders, substance use, and schizophrenia) and psychological well-being. Biological, learning, developmental, humanistic, and cross-cultural perspectives are used to understand the definitions and etiology of mental disorders and psychological well-being.

Note: Credit will be granted for only one of PSYC 260, PSYC 360, PSYC 430.

Prerequisite(s): PSYC 100A and PSYC 100B.

<td>1.5</td>
<td>3-0</td>
<td>Personality. An introduction to personality theory and its applications. A survey of several major strategies followed in conceptualizing personality, e.g., psychoanalytic, dispositional plus emphasis on measurement of personality, current research, and approaches to personality change.</td>
</tr>
<tr>
<td>PSYC 332</td>
<td>1.5</td>
<td>3-0</td>
<td>Health Psychology. A study of health issues from the standpoint of biological, psychological, and social factors acting together. Topics include health promotion, approaches to health-behaviour change, stress and coping, patient-practitioner interaction, pain, psychological issues in chronic and terminal illness, death and bereavement, the role of psychological factors in disease and treatment.</td>
</tr>
<tr>
<td>PSYC 333</td>
<td>1.5</td>
<td>3-0</td>
<td>Consumer Psychology. Psychological processes in consumers: marketing strategies and behaviour, cognition, comprehension, learning, perception, motivation, attitudes, values, and decision making; environmental, cultural, and subcultural influences; ethical issues.</td>
</tr>
<tr>
<td>PSYC 334</td>
<td>1.5</td>
<td>3-0</td>
<td>Organizational Psychology. Introduces the science of behavioural principles and applied behaviour analysis (ABA). Reviews basic principles of classical and operant conditioning, including stimulus control, motivation, reinforcement, punishment, extinction, and schedules of reinforcement, using examples of everyday behaviours. Consideration is given to behavioural procedures for assessing and changing problem behaviours, with examples from both children and adults.</td>
</tr>
</tbody>
</table>
Adult Development and Aging
Overview of research examining psychological processes during adulthood and aging. Topics will include biological processes, perceptual and cognitive processes, personality and social processes, sources of stress, psychopathology and death.
Note: Credit will be granted for only one of PSYC 339, PSYC 333B.
Prerequisite(s):
- Either PSYC 100A and PSYC 100B, or PSYC 243; and
- PSYC 201; or
- permission of the department.

Women and Psychology
Examines social-historical changes in psychological theories and research concerning girls and women. The historical contributions of Freud, Thompson, Erickson, Chodorow, Gilligan, Baker-Miller and others are studied in the context of cultural norms for women that existed when these authors were writing. Considers the implications of women's current roles and representations in the media for research for the treatment of prevalent women's mental health concerns such as depression, anxiety, victimization, eating disorders and aggression.
Note: Credit will be granted for only one of PSYC 341, PSYC 441, PSYC 441C.
Prerequisite(s):
- All of PSYC 100A, PSYC 100B, PSYC 201; or
- permission of the department.

Drugs and Behaviour: Basic Principles
An introductory course designed to review the scientific literature on drugs, behaviour, and the central nervous system. Topics include introductions to pharmacology, neuropsychopharmacology, the experimental analysis of behaviour, and the behavioural determinants of drug action.
Note: Credit will be granted for only one of PSYC 345A, PSYC 345.
Prerequisite(s): Either all of PSYC 100A, PSYC 100B, PSYC 215A (this set of prerequisites will only be accepted through summer 2017), or PSYC 251.

Cognitive Psychology
Cognitive psychology emphasizes a detailed understanding of mental processes using studies of human behavior such as verbal reports and speeded responses. Particular topics will vary depending on the course instructor but will include domains such as attention, memory, object identification, language processing, embodied cognition, problem solving, reasoning, and decision-making.
Note: Credit will be granted for only one of PSYC 351A, PSYC 313, PSYC 313A, PSYC 313B.
Prerequisite(s):
- Either PSYC 100A and PSYC 100B (this set of prerequisites will only be accepted through summer 2017), or PSYC 210 and PSYC 251; and
- PSYC 201; or
- permission of the department.

Human Neuropsychology
Neuropsychology emphasizes insights into the relationship between mind and brain by studying the behavior of individuals who have suffered various forms of brain damage. Approaches to examining the brain-behavior relationship (e.g. neuroimaging) will be discussed. Covers the major domains of cognitive functioning (e.g. memory, language, executive skills) as well as neurological syndromes and disturbances resulting from brain damage in selected areas.
Note: Credit will be granted for only one of PSYC 351B, PSYC 351.
Prerequisite(s):
- All of PSYC 100A, PSYC 100B, PSYC 215A (this set of prerequisites will only be accepted through summer 2017); or
- all of PSYC 201, PSYC 210, PSYC 251.

Cognitive Neuroscience
Cognitive neuroscience emphasizes the study of mind-brain relationships using brain imaging techniques including functional MRI and electroencephalography as well as brain-based models of mental processes. Topic areas will include perception and attention, object recognition, memory, cognitive control, decision-making and language.
Prerequisite(s):
- PSYC 201 and PSYC 210; and
- PSYC 215A or PSYC 251.

Biopsychology
Biopsychology emphasizes the study of the biological basis of behavior at the molecular, cellular, and neural systems level. Covers the fundamentals of neuropsychology and neuroanatomy from a functional perspective, with an emphasis on the anatomy of the human nervous system. Examines the physiological basis of behaviors through review of contemporary research in areas such as sleep, reproduction, aggression, ingestion, learning and memory, motivation, and mental disorders.
Note: Credit will be granted for only one of PSYC 351D, PSYC 332.
Prerequisite(s): PSYC 215A or PSYC 251.

Psychosocial Development
Concepts, methods, and professional issues; the historical development of the profession, the scientist/practitioner model of training and practice, current research and clinical methods, professional/ethical issues, may include other current topics.
Note: Credit will be granted for only one of PSYC 365, PSYC 432.
Prerequisite(s):
- PSYC 100A and PSYC 100B, and minimum third-year standing (this set of prerequisites will only be accepted through summer 2017); or
- PSYC 201 and PSYC 260.

Psychological Disorders of Childhood and Adolescence
Examines research and theory in clinical child psychology and developmental psychopathology. Discusses a variety of mental health challenges with respect to their description, etiology, treatment, and prevention. Multiple theoretical perspectives are covered to understand risk and protective factors across childhood and adolescence.
Note: Credit will be granted for only one of PSYC 366, PSYC 436.
Prerequisite(s):
- Either PSYC 100A and PSYC 100B (this set of prerequisites will only be accepted through summer 2017), or PSYC 260; and
- PSYC 201; or
- permission of the department.
Recommendation(s): Prior course in developmental or child psychology, and PSYC 361 or prior volunteer experience with a community agency recommended.

Psycholinguistics
The psychology of language, examining the process of comprehension and production, including language and cognition, conversational discourse, and inference and semantics, among other topics.
Note: Credit will be granted for only one of PSYC 370A, PSYC 370, LING 370, LING 370A.
Prerequisite(s):
- PSYC 100A and PSYC 100B; or
- permission of the department.

Child Language Acquisition
The biological bases of language; the stage by stage acquisition of the phonology, morphology, syntax, and semantics of the child’s first language; the child’s developing metalinguistic abilities; and the child’s growing awareness of the form and function of speech acts, as well as the discourse rules governing conversations.
Note: Credit will be granted for only one of PSYC 370B, PSYC 369, LING 369, LING 370B.
Prerequisite(s):
- PSYC 100A and PSYC 100B; or
- permission of the department.

Topics in Psycholinguistics
Notes:
- Credit will be granted for only one of PSYC 370C, LING 370C (if taken in the same topic).
- May be taken more than once for credit in different topics with permission of the department to a maximum of 4.5 units.
**PSYC 375 - PSYC 431H**

**PSYC 375**  Units: **1.5**  Hours: **3-0**  
**Interpersonal Relationships**
An introduction to social psychological research and theory on close relationships with a focus on adult romantic relationships. Topics include relationship formation, maintenance and dissolution.

**Prerequisite(s):**
- Either PSYC 100A and PSYC 100B (this set of prerequisites will only be accepted through summer 2017), or PSYC 231, and
- PSYC 201.

**PSYC 385**  Units: **1.5**  Hours: **3-0**  
**Motivation, Emotion, and Well-Being**
Contemporary cognitive and social perspectives regarding the psychological forces that activate, organize and direct emotions and behaviours. Emphasis on factors and processes involved in self-regulation and well-being.

**Prerequisite(s):**
- PSYC 100A and PSYC 100B (this set of prerequisites will only be accepted through summer 2017), or
- PSYC 201, and one of PSYC 231, PSYC 243, PSYC 251, PSYC 260.

**PSYC 386**  Units: **1.5**  Hours: **3-0**  
**Cultural Psychology**
Explores how cultural context shapes cognition, motivation, emotion, self, personality, and development.

**Prerequisite(s):**
- Either PSYC 100A and PSYC 100B (this set of prerequisites will only be accepted through summer 2017), or PSYC 231, and
- PSYC 201, or
- permission of the department.

**PSYC 390**  Units: **1.5 or 3.0**  
**Independent Study in Psychology**
Directed independent study intended primarily to allow students and a faculty supervisor to pursue a topic of mutual interest. Complete Pro Forma arrangements must be made with an instructor in the department before registering.

**Note:** May be taken more than once for credit in different topics; however, the maximum credit for 390 and 490 together must not exceed 6 units without permission of the department.

**Prerequisite(s):**
- All of PSYC 100A, PSYC 100B, PSYC 201, and
- minimum third-year standing, and
- minimum GPA of 3.5 in the last 15 units of coursework.

**PSYC 391**  Units: **1.5**  Hours: **3-0**  
**Special Topics in Psychology**
Intensive examination of a specific topic or area in Psychology. Topic(s) and information will be provided in advance of registration.

**Note:** May be taken more than once in different topics.

**Prerequisite(s):**
- PSYC 201; and
- minimum third-year standing.

**PSYC 400A**  Units: **1.5**  Hours: **3-0**  
**Advanced Statistical Methods: The General Linear Model**
An introduction to advanced research designs and their underlying rationale. Experimental design and statistical techniques will be applied to problems in psychology. Extensive treatment will be applied to the use of the general linear model. Examines designs having multiple independent variables and a single dependent variable. Topics covered include correlation, multiple regression, analysis of variance and sampling.

**Prerequisite(s):**
- All of PSYC 100A, PSYC 100B, PSYC 201, PSYC 300B with a minimum grade of B+.

**Corequisite(s):**
- PSYC 499, or
- permission of department.

**PSYC 401**  Units: **1.5**  Hours: **3-0**  
**Measurement of Psychological Processes**
The measurement of individual differences, especially personality and ability traits. The focus will be on reliability and validity - how do we know whether, and to what degree, a psychological measure is reliable and valid? Topics include designs for estimating reliability and validity, advanced correlation, and current problems in the field.

**Note:** The course does not teach psychological tests.

**Prerequisite(s):**
- All of PSYC 100A, PSYC 100B, PSYC 201, PSYC 300A with a minimum grade of B+.

**Corequisite(s):**
- PSYC 499, or
- permission of department.

**PSYC 412A**  Units: **1.5**  Hours: **3-0**  
**Complex Behaviour Analysis**
Interpretative analyses of complex human behaviour from a behaviour-analytical perspective. Students will learn how behavioural principles can be applied to areas such as developmental disabilities (e.g., autism) and oppositional behaviours. Techniques for observing, tracking, and assessing behaviors are explored, as well as intervention strategies for behavior change. Research evidence underlying behavioral analysis is reviewed in detail.

**Note:** Credit will be granted for only one of PSYC 412A, PSYC 312.

**Prerequisite(s):**
- All of PSYC 100A, PSYC 100B, PSYC 311B (this set of prerequisites will only be accepted through summer 2017), or
- all of PSYC 300A, PSYC 338, and PSYC 365 or PSYC 366; or
- permission of the department.

**Pre- or Corequisite(s):**
- PSYC 300B; or
- permission of the department.

**PSYC 425**  Units: **1.5**  Hours: **3-0**  
**Advanced Environmental Psychology**
An in-depth analysis of how people’s thoughts, feelings, and interactions influence and are influenced by the built and natural environment.

**Note:** Credit will be granted for only one of PSYC 425, PSYC 431E.

**Prerequisite(s):**
- PSYC 325 or PSYC 350.

**PSYC 431B**  Units: **1.5**  Hours: **3-0**  
**Social Cognition**
Intensive examination of the social psychological literature emphasizing how people think about and make sense of their social experience. Topics may include how people create and maintain a sense of identity, close relationships, attitudes, persuasion, applications of social psychology.

**Prerequisite(s):**
- All of PSYC 100A, PSYC 100B, PSYC 331 (this set of prerequisites will only be accepted through summer 2017); or
- PSYC 300A and two of PSYC 330, PSYC 375, PSYC 385, PSYC 386.

**Pre- or Corequisite(s):**
- PSYC 300B; or
- permission of the department.

**PSYC 431G**  Units: **1.5**  Hours: **3-0**  
**Self-Regulation and Goals**
An examination of the ways people select and prioritize goals, how they are pursued; factors that lead to success or failure in achieving particular aims; and consequences for individual functioning and well-being. Contemporary theoretical, conceptual and methodological issues. Emphasis on social-cognitive approaches to goals and self-regulation.

**Note:** Credit will be granted for only one of PSYC 431G, PSYC 491 (if taken in the same topic).

**Prerequisite(s):**
- PSYC 300B or minimum fourth-year standing (this set of prerequisites will only be accepted through summer 2017), and
- PSYC 385.

**PSYC 431H**  Units: **1.5**  Hours: **3-0**  
**Advanced Interpersonal Relationships**
An in-depth examination of social psychological research, methods, and theory on close relationships with a focus on adult romantic relationships. Topics include the self and close relationships, commitment and interdependence, and attachment theory.

**Note:** Credit will be granted for only one of PSYC 431H, PSYC 491 (if taken in the same topic).

**Prerequisite(s):**
- PSYC 300A and PSYC 375, and one of PSYC 320, PSYC 330, PSYC 385, PSYC 386; or
- PSYC 375 (this set of prerequisites will only be accepted through summer 2017).

**Pre- or Corequisite(s):**
- PSYC 300B; or
- permission of the department.
Advanced Infant and Child Development
Seminar review of theory and research examining psychological development from infancy through childhood. Special topics include brain development, cognitive development, social and emotional development, personality/temperament, parent-child relations, and socialization processes. Emphasis on the interplay between biology and cultural context in individual development.
Pre-requisite(s):
• All of PSYC 100A, PSYC 100B, PSYC 201 and one of PSYC 335, PSYC 336, PSYC 339, PSYC 342 (this set of prerequisites will only be accepted through summer 2017); or
• PSYC 300A and PSYC 335 or PSYC 339.
Pre- or Corequisite(s):
• PSYC 300B; or
• permission of the department.

Autism: Theory and Practice
An academic and practical introduction to the social, biological and cognitive aspects of autism spectrum disorder (ASD). The first half of the course will introduce core theories and behaviours of autism. In the second half of the course, students will have an opportunity to apply this knowledge by working individually with children and young adults with autism spectrum disorder (ASD).
Pre-requisite(s):
• All of PSYC 100A, PSYC 100B, PSYC 201 and one of PSYC 335, PSYC 336, PSYC 339, PSYC 342 (this set of prerequisites will only be accepted through summer 2017); or
• PSYC 300A and PSYC 335, and PSYC 336 or PSYC 339.
Pre- or Corequisite(s):
• PSYC 300B; or
• permission of the department.

Advanced Adolescent Development
Seminar review of theory and research examining psychological processes during adolescence and in the transition to adulthood. Specific topics include brain development, biological maturation, cognitive development, social-emotional development, parent-adolescent relations, gender roles, sexuality, and problem behaviour. Attention will be given to the role of the social and cultural context in adolescent development.
Pre-requisite(s):
• All of PSYC 100A, PSYC 100B, PSYC 201 and one of PSYC 335, PSYC 336, PSYC 339, PSYC 342 (this set of prerequisites will only be accepted through summer 2017); or
• PSYC 300A and PSYC 336, and PSYC 335 or PSYC 339.
Pre- or Corequisite(s):
• PSYC 300B; or
• permission of the department.

Advanced Adult Development and Aging
Seminar review of theory and research examining psychological processes during adulthood and old age. Topics may include neurological development, cognitive development, social-emotional development, personality changes, neurodegenerative diseases (e.g., dementia), wisdom, and successful aging.
Pre-requisite(s):
• All of PSYC 100A, PSYC 100B, PSYC 201 and one of PSYC 335, PSYC 336, PSYC 339, PSYC 342 (this set of prerequisites will only be accepted through summer 2017); or
• PSYC 300A and PSYC 335, and PSYC 335 or PSYC 336.
Pre- or Corequisite(s):
• PSYC 300B; or
• permission of the department.

History and Theories in Lifespan Developmental Psychology
Seminar review of major classical (e.g. psychoanalytic, behaviorist, organismic) and contemporary (e.g., dynamic systems, sociocultural) theoretical perspectives and their implications for the study of psychological development across the lifespan. Emphasis on differences among theoretical perspectives with respect to central developmental issues such as concepts of change, sources of development, and the universality of developmental laws and findings.
Note: Credit will be granted for only one of PSYC 442, PSYC 342, PSYC 235.
Prerequisite(s):
• All of PSYC 100A, PSYC 100B, PSYC 201 and minimum fourth-year standing (this set of prerequisites will only be accepted through summer 2017); or
• PSYC 300A and two of PSYC 335, PSYC 336, PSYC 339.
Pre- or Corequisite(s):
• PSYC 300B; or
• permission of the department.

Developmental Disorders and Learning Disabilities
Survey of a number of learning and developmental disorders. Discussion of etiologies, assessment procedures, current education/treatment approaches, and in-depth examination of underlying brain function. Emphasis on role of early environment in brain developmental and learning disorders. It is recommended that non-psychology students have a strong background in the biological sciences.
Prerequisite(s):
• All of PSYC 100A, PSYC 100B, PSYC 215A or PSYC 251 and one of PSYC 315, PSYC 335, PSYC 351A (this set of prerequisites will only be accepted through summer 2017); or
• all of PSYC 300A, PSYC 338, PSYC 351B.
Pre- or Corequisite(s):
• PSYC 300B; or
• permission of the department.

Topics in Advanced Cognitive Psychology
Detailed analysis of a specific topic in cognitive psychology will be presented. The topic will vary with the course instructor but specializations include human memory, cognitive control, decision making, visual processes, and embodied cognition.
Note: Credit will be granted for only one of PSYC 451A, PSYC 413A, PSYC 413B, PSYC 413C, PSYC 413D, PSYC 413E.
Prerequisite(s):
• All of PSYC 100A, PSYC 100B, PSYC 315 or PSYC 351A (this set of prerequisites will only be accepted through summer 2017); or
• PSYC 300A and two of PSYC 351A, PSYC 351B, PSYC 351C.
Pre- or Corequisite(s):
• PSYC 300B; or
• permission of the department.
Recommendation(s): PSYC 351A recommended prior to PSYC 451A.
**Advanced Neuropsychology**

Examines brain behaviour relationships by studying qualitative changes in cognitive performance following focal brain damage. Topics include localization of function, aphasia, agnosia, apraxia and amnesia. Methods of clinical testing and diagnosis will be presented.

**Prerequisite(s):**
- All of PSYC 100A, PSYC 100B, PSYC 315 or PSYC 351B (this set of prerequisites will only be accepted through summer 2017); or
- PSYC 300A and PSYC 351B.

**Pre- or Corequisite(s):**
- PSYC 300B; or
- permission of the department.

**Recommendation(s):**
- PSYC 315B recommended prior to PSYC 451B.

---

**Topics in Advanced Cognitive Neuroscience**

Detailed analysis of a specific topic in cognitive neuroscience will be presented. The topic will vary with the course instructor but specializations include human memory, cognitive control, decision making, visual processes, and embodied cognition. The focus of the course will be on the connections between cognitive processes and their neural mechanisms.

**Note:** May be taken more than once for credit in different topics to a maximum of 3 units.

**Prerequisite(s):**
- PSYC 300A, and
- two of PSYC 351A, PSYC 351B, PSYC 351C; or
- permission of the department.

**Pre- or Corequisite(s):**
- PSYC 300B; or
- permission of the department.

**Recommendation(s):**
- PSYC 351C recommended prior to PSYC 451C.

---

**Advanced Biological Psychology**

Extensive, research oriented examination of contemporary topics in biological psychology. Topics may include the biopsychology of motivation, memory, neural plasticity and changes in function after brain injury.

**Note:** Credit will be granted for only one of PSYC 451B, PSYC 415A, and PSYC 415.

**Prerequisite(s):**
- PSYC 300A or STAT 255; and
- two of STAT 315, BIOL 345, BIOL 365, BIOL 367; or
- permission of the department.

**Pre- or Corequisite(s):**
- PSYC 300B or STAT 256; or
- permission of the department.

---

**Family Violence across the Lifespan**

In-depth examination in a seminar format of violence within the family including child abuse and neglect, intimate partner violence, dating violence, and elder abuse. Theory and research on causes and effects of family violence are examined. Special topics include definitional issues, case studies, research methods, prevention, treatment, and cultural, legal, and social issues.

**Note:** Credit will be granted for only one of PSYC 460, PSYC 391 (if taken in the same topic), PSYC 491 (if taken in the same topic).

**Prerequisite(s):**
- All of PSYC 100A, PSYC 100B, PSYC 201, and one of PSYC 335, PSYC 336, PSYC 360, PSYC 366, PSYC 435A, PSYC 435B (this set of prerequisites will only be accepted through summer 2017); or
- PSYC 300A and PSYC 365, and one of PSYC 330, PSYC 336, PSYC 338.

**Corequisite(s):**
- PSYC 300B; or
- permission of the department.

---

**Field Placement in Psychology**

Provides firsthand experience with individuals who are challenged by physical, cognitive, emotional, and/or psychological disorders. Requires approximately 65 hours of participation in a volunteer field placement with a community agency (spread over at least 4 months), class attendance and preparation of assignments pertaining to the volunteer experience. Students will be responsible for obtaining the field placement site, with assistance and coordination of the instructor. Meets September to April.

**Note:** Credit will be granted for only one of PSYC 461, PSYC 361, PSYC 430.

**Prerequisite(s):**
- PSYC 300A and PSYC 365; and
- PSYC 366 or PSYC 338; or
- permission of the department.

**Pre- or Corequisite(s):**
- PSYC 300B; or
- permission of the department.

**Grading:** COM, N, F.

---

**Clinical Interventions, Prevention, and Health Promotion**

An in-depth exploration of current research and intervention knowledge related to a specific aspect of mental health and well-being. Specific mental health topic will vary. Course includes applied opportunities to design and/or implement an intervention, prevention, or health promotion program. This course may not be offered every year.

**Prerequisite(s):**
- PSYC 300A and PSYC 365; and
- PSYC 366 or PSYC 338; or
- permission of department.

**Pre- or Corequisite(s):**
- PSYC 300B; or
- permission of the department.

---

**Special Topics in Clinical Psychology**

Advanced study of a clinically-relevant topic.

**Note:** May be taken more than once for credit in different topics.

**Prerequisite(s):**
- PSYC 300A and PSYC 365; and
- one of PSYC 330, PSYC 366, PSYC 338; or
- permission of department.

**Pre- or Corequisite(s):**
- PSYC 300B; or
- permission of the department.

---

**The Cognitive Neuroscience of Language**

Examines how the human brain encodes speech sounds, words, sentence structure, and meaning. Topics may include: neural bases of language development, sign language and language disorders; aphasia studies; functional imaging; electrophysiology.

**Notes:**
- Credit will be granted for only one of PSYC 470, PSYC 370C (if taken in the same topic), LING 370C (if taken in the same topic), LING 470.
- Cannot be used to satisfy the degree requirement for a 400-level seminar-style course in Psychology.

**Prerequisite(s):**
- PSYC 370A.

---

**Advanced Independent Study in Psychology**

Directed independent study for the advanced student intended primarily to allow students and a faculty supervisor to pursue a topic of mutual interest. Complete Pro Forma arrangements must be made with an instructor in the department before registering.

**Note:** May be taken more than once for credit in different topics; however, the maximum credit for 390 and 490 together must not exceed 6 units without permission of the department.

**Prerequisite(s):**
- All of PSYC 100A, PSYC 100B, PSYC 201, PSYC 390; and
- minimum fourth-year standing; and
- minimum GPA of 5.5 in the last 15 units of coursework.

---

**Advanced Special Topics in Psychology**

**Note:** May be taken more than once for credit in different topics.

**Prerequisite(s):**
- PSYC 201; and
- minimum third-year standing; and
- additional prerequisites set by department depending upon topic.

---

**Clinical Interventions, Prevention, and Health Promotion**

A seminar and laboratory research course for Psychology Honours and Majors. Course content will vary with instructor.

**Note:** May be taken more than once for credit in different topics.

**Prerequisite(s):**
- All of PSYC 100A, PSYC 100B, PSYC 201, PSYC 210, ENGL 135; and
- permission of the department.
RS 200A Units: 1.5 Hours: 3-0
Introduction to Judaism, Christianity and Islam
An introductory survey of the sources, beliefs and practices of Judaism, Christianity and Islam. The traditions will be studied in their cultural and political contexts from both historical and contemporary perspectives.

RS 200B Units: 1.5 Hours: 3-0
Also: PAAS 204
Introduction to Asian Religions
A survey of the sources, beliefs and practices of Hinduism, Buddhism, Sikhism and the Chinese religions. The traditions will be studied in their cultural and political contexts from both historical and contemporary perspectives.

RS 301 Units: 1.5 Hours: 3-0
Contemporary Religious Issues
The major religious traditions and their relationship to contemporary social, cultural, political and economic issues such as gender, death, ecology, work and the market economy.

RS 302 Units: 1.5 Hours: 3-0
Ways of Understanding Religion
An examination of how the methods and understanding of disciplines such as Anthropology, History, Philosophy, Psychology and Sociology contribute to the study of religion.

RS 303 Units: 1.5 Hours: 3-0
Religious Traditions I
An examination of the origins and early development of a major world religion (e.g. Hinduism, Buddhism, Confucianism, Judaism, Christianity, Islam).

RS 304 Units: 1.5 Hours: 3-0
Religious Traditions II
A survey of the development and contemporary manifestation of a major world religion (e.g. Hinduism, Buddhism, Confucianism, Judaism, Christianity, Islam).

RS 305 Units: 1.5 Hours: 3-0
Mysticism
Survey of mysticism as found in the history and literature of various religious traditions; critical analysis of the nature and significance of mystical experience understood from a number of theoretical perspectives; examination of the relationship between mysticism and knowledge.

RS 306 Units: 1.5 Hours: 3-0
Critics of Religion
Examines critiques of religion from the modern “new atheists” and their historical precursors; may include figures such as Freud, Durkheim, Marx, Weber and Nietzsche. Assessment of these criticisms in order to understand the situation of religions in relation to society in the contemporary period.

RS 307 Units: 1.5 Hours: 3-0
Religion & The Environment
Surveys of the influence religious beliefs and practices have had upon humanity’s understanding of the environment (nature). Consideration of the contributions that religious ethics can make to our reflection on specific environmental issues.

RS 308 Units: 1.5 Hours: 3-0
Religion and Society in Canada
Introduces the ways Canadians respond to the religious and spiritual diversity that remain fundamental features of an increasingly secular society. Explores the often controversial issues that arise when Canadian schools, hospitals, courts, newspapers, legislatures, social media and security forces encounter religious and spiritual ideas, practices and communities.

RS 309 Units: 1.5 Hours: 3-0
Religion and Sexuality
Explores the relationship between sexuality and religion. Topics include sexual and religious ethics, gender roles assigned by religious traditions, the ways these roles are changing and the effect of these changes on contemporary societal norms in Canada and elsewhere.

RS 401 Units: 1.5 Hours: 3-0
Selected Topics in Religious Studies
Application of critical and analytic methods in Religious Studies to a particular religious topic. Topics may include: religion and death; religion and environment.

RS 403 Units: 1.5 Hours: 3-0
Studies in Religion and Society
Course study based on events at or organized by the Centre for Studies in Religion and Society, including weekly lectures by Centre Fellows, daily discussions, distinguished speaker series, faculty symposia and interdisciplinary research projects.

RS 450 Units: 1.5 Hours: 3-0
Capstone Seminar
Graduating Major’s research project consisting of readings and assignments based on what has been learned from the academic study of religion in the program and focused on the relationship of religion and society. Designed to develop as well as measure the student’s integration of the various aspects of the discipline of Religious Studies.

PSYC 499 Units: 3.0 Hours: 1-2-1
Honours Thesis and Seminar
Students will attend a weekly seminar which includes oral presentation of their proposed thesis research in the first term and a progress report of the research in the second term. For the remainder of the program, the students will work closely with a faculty supervisor regarding details of the written thesis which is submitted in April.

Prerequisite(s): Declared Honours in Psychology.

Notes:
- May be taken more than once for credit in different topics with permission of the program to a maximum of 4.5 units.
- May be taken more than once for credit in different topics with permission of the program to a maximum of 4.5 units.
- May be taken more than once for credit in different topics with permission of the program to a maximum of 4.5 units.
- May be taken more than once for credit in different topics with permission of the program to a maximum of 4.5 units.
- May be taken more than once for credit in different topics with permission of the program to a maximum of 4.5 units.
- May be taken more than once for credit in different topics with permission of the program to a maximum of 4.5 units.
### RS 490 - SENG 371

#### Directed Reading

Students wishing to pursue a course of directed readings should, together with a faculty member willing to supervise such a course, formulate a proposal describing both the content of the course and a suitable means of evaluating the student's work.

**Note:** May be taken more than once for credit in different topics with permission of the program; however, a maximum of 3 units are applicable to the Major in Religious Studies.

**Prerequisite(s):** Permission of the program.

### SENG

#### Software Engineering

**Software Engineering**

**Faculty of Engineering**

Some Faculty of Engineering courses are only open to students in the faculty or in specific programs. Courses and applicable restrictions are listed at www.uvic.ca/engineering/courseaccess.php

Courses offered by the Faculty of Engineering are also found under the following course codes: BME (Biomedical Engineering), CENG (Computer Engineering), CIVE (Civil Engineering), CSC (Computer Science), ELEC (Electrical Engineering), ENGR (Engineering) and MECH (Mechanical Engineering).

#### SENG 265 - Software Development Methods

**Units:** 1.5

**Hours:** 3-1.5

Systematic methods for designing, coding, testing and documenting medium-sized programs. Tools and techniques to promote programming productivity and software quality. Topics include specifications, code review and inspection techniques, testing and debugging methods and tools, reusable software components and templates, file system navigation, scripting languages, software tools, environments, instrumenting and profiling, and the fundamentals of software configuration management.

**Note:** Credit will be granted for only one of SENG 265, CSC 265.

**Prerequisite(s):** CSC 115 or CSC 116.

---

#### SENG 275 - Software Testing

An introduction to the testing of large-scale systems. Software specification, unit testing, integration testing, test driven development, black box testing, code inspection, model-based testing, software defect tracking and tools for automated testing. A software project gives experience with larger scale testing.

**Prerequisite(s):** SENG 265.

---

#### SENG 310 - Human Computer Interaction

Understanding human behaviour as it applies to user interfaces: work activity analysis, observational techniques, questionnaire administration and unobtrusive measures. Operating parameters of the human cognitive system, task analysis and cognitive modelling techniques and their application to designing interfaces. Interface representation and prototyping tools. Cognitive walkthroughs, usability studies and verbal protocol analysis. Case studies of specific user interfaces.

**Prerequisite(s):** One of SENG 221, SENG 265, CENG 241.

---

#### SENG 321 - Requirements Engineering

Combines a range of topics integral to the analysis of requirements, design, implementation, and testing of a medium-scale software system with the practical experience of implementing such a project as a member of a software engineering team. Introduces requirements engineering, specifications, software life cycle models and methods for requirements engineering.

**Prerequisite(s):** SENG 265.

---

#### SENG 330 - Object-Oriented Software Development

**Units:** 1.5

**Hours:** 3-0

**Prerequisite(s):** SENG 265.

#### SENG 350 - Software Architecture and Design

An introduction to analysis and design of software architectures with UML (Unified Modelling Language) and their subsequent synthesis at the program level. Topics include requirements analysis, analysis and design of static and dynamic view points of architectures and model driven engineering. Design patterns are introduced and applied as solutions to recurring design problems. Students are familiarized with component reuse, event-driven programming and computer-aided software engineering tools. The course includes a major design project (topic TBD).

**Note:** Credit will be granted for only one of SENG 350, SENG 271, SENG 299.

**Prerequisite(s):**
- SENG 275
- Minimum second-year standing.

#### SENG 360 - Security Engineering

**Units:** 1.5

**Hours:** 3-2

Topics include basic cryptography, security protocols, access control, multilevel security, physical and environmental security, network security, application security, e-services security, human aspects and business continuity planning. Discusses applications which need various combinations of confidentiality, availability, integrity and covertness properties; mechanisms to incorporate and test these properties in systems. Policy and legal issues are also covered.

**Prerequisite(s):**
- SENG 265
- Minimum third-year standing in the Software Engineering or Computer Engineering or Computer Science program.

#### SENG 371 - Software Evolution

**Units:** 1.5

**Hours:** 3-2

Introduces problems and solutions of long-term software maintenance/evolution and large-scale, long-lived software systems. Topics include software engineering techniques for programming-in-the-large, programming-in-the-many, legacy software systems, software architecture, software evolution, software maintenance, reverse engineering, program understanding, software visualization, advanced issues in object-oriented programming, design patterns, anti-patterns, and client-server computing. Culminates in a team project.

**Note:** Credit will be granted for only one of SENG 371, SENG 420.

**Prerequisite(s):** One of SENG 271, SENG 275, SENG 299, SENG 321.
Seng 380 - Units: 1.5 Hours: 3-0
Software Process and Management
Prerequisite(s):
- ENGR 280; and
- minimum third-year standing in the Faculty of Engineering; or
- permission of the department.

Seng 401 - Units: 1.5 Hours: 3-0
Social and Professional Issues
Introduces students to the social and professional issues arising in the context of Software Engineering. Topics include: the impact of software systems on privacy and handling of personal information; the roles of encryption and interception of communication; trust in computers; free speech and civil discourse through the Internet; intellectual property such as copyright and patents in the age of digital systems; computer crime; computers in the workplace; professional ethics and responsibilities; sustainable development and environmental stewardship.
Prerequisite(s): Minimum fourth-year standing.

Seng 410 - Units: 1.5 Hours: 3-0
Media Applications
The influence of technology, especially digital technology, on how we express ourselves, how we communicate with each other, and how we perceive, think about, and interact with our world. The invention and creative use of enabling technologies for understanding and expression by people and machines. Topics include: digital video representations; three-dimensional images; physical interfaces; computational tools and media that help people learn new things in new ways (tele-learning); knowledge representation; machine interpretation of sensory data.
Prerequisite(s): Minimum fourth-year standing in the Faculty of Engineering.

Seng 411 - Units: 1.5 Hours: 1-3
Advanced Methods for Human Computer Interaction
Laboratory course building on the interaction design process. Theory and application of advanced methods for design and evaluation, including interface prototyping and design techniques; experiments and observational studies both in the laboratory and in the field; methods for statistical and qualitative analysis. Advanced topics: underlying models of human computer interaction; new trends in interaction design; and research frontiers. Students undertake a major team project.
Prerequisite(s):
- SENG 310; and
- one of STAT 252, STAT 254, STAT 255, STAT 260.

Seng 421 - Units: 1.5 Hours: 3-2
Global Software Engineering
The methods, tools and strategies used in developing software in large and geographically distributed teams. Topics include: agile development methodologies, activities of communicating with the clients to gather and analyze requirements, project planning and estimation in agile projects, distributed version control, communicating across cultural and time zone boundaries. Students will work in distributed project teams and experience global software development environments.
Note: Credit will be granted for only one of SENG 421, SENG 480A (if taken in the same topic), SENG 480B (if taken in the same topic), SENG 480C (if taken in the same topic), SENG 480D (if taken in the same topic).
Prerequisite(s):
- SENG 265; and
- minimum fourth-year standing.

Seng 422 - Units: 1.5 Hours: 3-3
Advanced Software Architecture
Architectural design of complex software systems. Techniques for designing, evaluating and implementing software system structures, models and formal notations for characterizing and reasoning about architectures, tools and generating specific instances of an architecture, and case studies of actual system architectures. Role of Standards. Students must complete a project that involves substantial software design. Students work in teams. Progress is determined through a preliminary design review; presentation; demonstration of the design; and final report.
Prerequisite(s)
- One of SENG 271, SENG 299, SENG 330, SENG 350.

Seng 426 - Units: 1.5 Hours: 3-2
Software Quality Engineering
Emphasizes software quality engineering as an integral facet of development, from requirements through delivery and maintenance. The students will learn how to choose appropriate quality goals and select, plan, and execute quality assurance activities throughout development and evolution to predictably meet quality and schedule goals. They will learn how quality assurance can be incorporated into process improvement feedback loops that amplify the ability of an organization to cost-effectively prevent and detect faults.
Prerequisite(s):
- SENG 275; and
- one of SENG 321, SENG 371, CENG 356.

Seng 435 - Units: 1.5 Hours: 3-1
Computer-Supported Collaborative Work
Most of the work that people do requires some degree of coordination and communication with others. Successful designs require: (1) social psychological insight into group processes; (2) computer science insight into mechanisms to organize information, coordinate, share, and communicate, and (3) HCI design insight to achieve successful designs for computer-mediated tools. Focuses primarily on the first two and examines problems and solutions in group coordination and systems including group decision support, organizational memory, virtual spaces, and collaborative design.
Prerequisite(s): SENG 310.

Seng 440 - Units: 1.5 Hours: 3-1
Embedded Systems
Prerequisite(s)
- SENG 355 or CSC 355.

Seng 460 - Units: 1.5 Hours: 3-0
Practice of Information Security and Privacy
Aims to present a holistic view of various security engineering topics through practical case studies. Topics include enterprise security architecture, security threat and risk assessment, education and awareness, monitoring, investigation and forensics, application security, media handling and intellectual property, privacy, physical and environmental security, and business continuity planning. Also introduces information security-related certification and relevant professional associations.
Prerequisite(s)
- Minimum fourth-year standing in the Faculty of Engineering.

Seng 461 - Units: 1.5 Hours: 3-1
Network Security
Surveys the challenges, principles and practice of modern network security. Topics covered include network security vulnerabilities and threats, network security risk analysis techniques and countermeasures; design and implementation of secure network architecture; intrusion detection and prevention models and technologies; firewall architectures and technologies; network security protocols; Virtual Private Networks (VPNs); principles, techniques and practice of network forensics.
Prerequisite(s)
- SENG 460 or CSC 361.

Seng 466 - Units: 1.5 Hours: 3-1
Software for Embedded and Mechatronics Systems
Software engineering methods and techniques for systematic development and maintenance of embedded and mechatronic systems. Topics include requirements of software that drives mechatronic systems, specifications of mechatronics, real-time and reactive systems, validation, verification, simulation and testing of mechatronics software. Building product-line software architectures of mechatronic systems is also addressed.
Prerequisite(s)
- One of SENG 265, SENG 321, SENG 365, CENG 355.

Seng 468 - Units: 1.5 Hours: 3-0-1
Software System Scalability
Introduction to scalability issues within modern distribution software systems. Middleware and cloud-based systems. Workload and system performance characterization, modelling, and testing. Identification and resolution of bottlenecks. Completion of a project is required.
Note: Credit will be granted for only one of SENG 468, SENG 462.
Prerequisite(s)
- Either CSC 360 and CSC 370, or CENG 356 and CENG 460.
SGE 474 Units: 1.5 Hours: 3-1
Data Mining
An introduction to data mining. Data preparation, model building, and data mining techniques such as clustering, decisions trees and neural networks will be discussed and applied to case studies. Data-mining software tools will be reviewed and compared.
Prerequisite(s):
• SENG 265; and
• MATH 110 or MATH 211; and
• one of STAT 252, STAT 254, STAT 255, STAT 260; and
• minimum third-year standing.

SGE 475 Units: 1.5 Hours: 3-1.5
Advanced Programming Techniques for Robust and Efficient Computing
Advanced programming techniques for robust high-efficiency computing are explored in the context of a single programming language, such as C++ or Swift. Topics covered may include: concurrency, multithreading, transactional memory, parallelism, and vectorization; cache-efficient coding; compile-time versus run-time computation; compile-time versus run-time polymorphism; generic programming techniques; resource/memory management; copy and move semantics; exception-safe coding; techniques for writing correct, efficient, and optimizer-friendly code. Application areas considered may include: signal/geometry processing, computer graphics, and numerical analysis.
Prerequisite(s):
• One of SENG 265, CENG 255, CSC 230, CSC 349A; or
• permission of the department.

SGE 480A Units: 1.5 Hours: 3-0*
Formerly: 480
Topics in Software Engineering
Presents material in an emerging field or one not covered in regular offerings. Topics depend primarily on the interests of the instructor. Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.
* Lab hours may vary depending on the topic.
Notes:
• Credit will be granted for only one of SENG 480C, SENG 480A (if taken in the same topic), SENG 480B (if taken in the same topic), SENG 480D (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

SGE 480B Units: 1.5 Hours: 3-0*
Formerly: 480
Topics in Software Engineering
Presents material in an emerging field or one not covered in regular offerings. Topics depend primarily on the interests of the instructor. Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.
* Lab hours may vary depending on the topic.
Notes:
• Credit will be granted for only one of SENG 480C, SENG 480A (if taken in the same topic), SENG 480B (if taken in the same topic), SENG 480D (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

SGE 480C Units: 1.5 Hours: 3-0*
Formerly: 480
Topics in Software Engineering
Presents material in an emerging field or one not covered in regular offerings. Topics depend primarily on the interests of the instructor. Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.
* Lab hours may vary depending on the topic.
Notes:
• Credit will be granted for only one of SENG 480C, SENG 480A (if taken in the same topic), SENG 480B (if taken in the same topic), SENG 480D (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

SGE 480D Units: 1.5 Hours: 3-0*
Formerly: 480
Topics in Software Engineering
Presents material in an emerging field or one not covered in regular offerings. Topics depend primarily on the interests of the instructor. Entrance will be restricted to third- and fourth-year students who meet the prerequisite specified for the topic to be offered.
* Lab hours may vary depending on the topic.
Notes:
• Credit will be granted for only one of SENG 480C, SENG 480A (if taken in the same topic), SENG 480B (if taken in the same topic), SENG 480D (if taken in the same topic).
• May be taken more than once for credit in different topics with permission of the department.

SGE 499 Units: 1.5 Hours: 1-9
Design Project II
The student is required to pursue a team-based project under the supervision of a faculty member, to prepare a written report and present a seminar describing the work. Projects will normally focus on large software systems, and collaboration with an industrial sponsor is encouraged.
Note: Credit will be granted for only one of SENG 499, CENG 499, ELEC 499.
Prerequisite(s):
• SENG 299 or SENG 350; and
• ENGR 002; and
• minimum fourth-year standing in the Faculty of Engineering, or
• permission of the department.

SJS 100 Units: 1.5 Hours: 3-0
Introduction to Theories of Social Justice
An interdisciplinary, team-taught study focusing on the central theoretical frameworks utilized by scholars. Introduces key thinkers associated with social justice studies.

SJS 200 Units: 1.5 Hours: 3-0
Introduction to the Practice of Social Justice
An interdisciplinary, team-taught approach to the practice of social justice. Focuses on understanding the application of social justice concepts and theories to effect social and political change, including the social and political movements and processes that have been mobilized to address issues of social injustice.

SJS 391 Units: 1.5 Hours: 3-0
Special Topics in Social Justice Studies: Method and Theory
Interdisciplinary investigation of a selected topic that emerges from the study of issues in theory and method in social justice studies.
Notes:
• May be taken more than once for credit in different topics with permission of the program.
• Topics information will be provided by the program office.
Prerequisite(s):
• SJS 100 and SJS 200; or
• permission of the program.

SJS 392 Units: 1.5 Hours: 3-0
Special Topics in Social Justice Studies: Substantive Issues
Interdisciplinary investigation of a selected topic that emerges from the study of substantive issues in social justice studies.
Notes:
• May be taken more than once for credit in different topics with permission of the program.
• Topics information will be provided by the program office.
Prerequisite(s):
• SJS 100 and SJS 200; or
• permission of the program.
### Slavic Studies

**Department of Germanic and Slavic Studies**

#### SLST 100 Units: 1.5 Hours: 3-0
**Introduction to Russian Society and Culture**

Introduction to Russian society and culture from earliest times to the present. Explores Russian historical ties to other Slavic cultures, Asia and Europe. Discussion of the Russian national character as a cultural phenomenon by examining its geographical, historical and political sources.

**Note:** No knowledge of Russian required.

#### SLST 101 Units: 1.5 Hours: 3-0
**Beginning Russian I**

For students with no previous knowledge of Russian. Covers the basics of Russian grammar, reading and conversational skills. Introduction to various aspects of everyday Russian culture and language.

**Note:** Credit will be granted for only one of SLST 101, RUSS 100A, RUSS 100B.

#### SLST 102 Units: 1.5 Hours: 3-0
**Beginning Russian II**

Continuation of the development of basic reading, writing and conversational skills. Introduction to various aspects of everyday Russian life and culture through the language.

**Note:** Credit will be granted for only one of SLST 102, RUSS 100, RUSS 100B.

**Prerequisite(s):**
- SLST 101 or RUSS 100A; or
- permission of the department.

#### SLST 110 Units: 1.5 Hours: 3-0
**Beginning Ukrainian I**

Introduction to the essential points of grammar and basic vocabulary for everyday interaction, as well as reading and writing.

**Note:** Credit will be granted for only one of SLST 111, UKR 100A.

#### SLST 112 Units: 1.5 Hours: 3-0
**Beginning Ukrainian II**

Expands knowledge and skills acquired in SLST 111. Progress toward command of the spoken and written language.

**Note:** Credit will be granted for only one of SLST 112, UKR 100A.

**Prerequisite(s):**
- SLST 111 or UKR 100A; or
- permission of the department.

#### SLST 160 Units: 1.5 Hours: 3-0
**The Culture of the Russian Revolution**

An exploration of the literature, film and art produced by the revolution that shook the world. Introduction to Russia’s rich contribution to modern world culture and an investigation of the experiments of the Russian avant-garde.

**Notes:**
- Credit will be granted for only one of SLST 160, RUSS 161.
- No knowledge of Russian required.

#### SLST 180 Units: 1.5 Hours: 3-0
**Magic and the Fairy Tale World**

An introduction to Russian folklore and magical elements of Russian fairy tale. Topics may include traditional fairy tale tales and characters, regional variations, and international influences.

**Notes:**
- Credit will be granted for only one of SLST 180, SLST 462.
- No knowledge of Russian required.

#### SLST 200B Units: 1.5 Hours: 3-0
**Intermediate Russian I**

Expands knowledge of spoken and written Russian. Focuses on language development and expansion of cultural knowledge.

**Prerequisite(s):**
- One of SLST 102, RUSS 100, RUSS 100B; or
- permission of the department.

#### SLST 202 Units: 1.5 Hours: 3-0
**Intermediate Russian II**

Expands knowledge of grammar and vocabulary at the intermediate level with continued reading, writing and speaking in Russian while learning about Russian literature and culture.

**Prerequisite(s):**
- SLST 201 or RUSS 200A; or
- permission of the department.

#### SLST 203 Units: 1.5 Hours: 3-0
**Pronunciation and Colloquial Russian**

Focuses on Russian pronunciation, phonetics and intonation as well as colloquial language. Aims to build a foundation for confidence in spoken Russian. Provides practical skills, tongue-twisters, nursery rhymes, songs and cartoons provide an insight into Russian popular culture.

**Note:** Credit will be granted for only one of SLST 203, RUSS 203.

**Prerequisite(s):**
- One of SLST 101, RUSS 100, RUSS 100A; or
- permission of the department.

#### SLST 300 Units: 1.5 Hours: 3-0
**Slavic Cultural Studies**

Provides case studies in the cultural history of Slavic and other Eastern European countries in which students analyze texts, films, media, as well as visual and material objects and spaces from a variety of approaches and perspectives.

**Note:** No knowledge of Russian or Ukrainian is required.

#### SLST 301 Units: 1.5 Hours: 3-0
**Advanced Russian**

For advanced-to-intermediate students of Russian. Focuses on understanding advanced grammar features and developing communication skills while learning about Russian literature and culture.

**Note:** Credit will be granted for only one of SLST 301, RUSS 300A, RUSS 302.

**Prerequisite(s):**
- One of SLST 201 and SLST 202, RUSS 200, RUSS 200A and RUSS 200B; or
- permission of the department.

---

**SJS 400A - SLST 301**

**SJS 400A Units: 1.5 Hours: 3-0**

Seminar in Social Justice Studies

Interdisciplinary exploration of theories and methodological approaches that bear on key questions of social justice.

**Prerequisite(s):**
- SLST 100 and SLST 200; and
- minimum fourth-year standing; or
- permission of the program.

**SJS 400B Units: 1.5 Hours: 1-5**

Practising Social Justice in the Field

Application of social justice theories to field-based practice through placement with an organization, community group, or service.

**Prerequisite(s):**
- SLST 100 and SLST 200; and
- admission to Minor program in Social Justice Studies; and
- permission of the program.

**SJS 491 Units: 1.5**

Directed Reading in Theory and Method

Students wishing to pursue a course of directed reading should, together with a faculty member affiliated with the program and willing to supervise such a course, formulate a proposal describing both the content of the course and a suitable means of evaluating the student’s work. The proposal must then receive the approval of the Director of the Program.

**Prerequisite(s):**
- SLST 100 and SLST 200; and
- minimum third-year standing; and
- declaration of a Social Justice Studies program.

**SJS 492 Units: 1.5**

Directed Reading in Substantive Issues

Students wishing to pursue a course of directed reading should, together with a faculty member affiliated with the program and willing to supervise such a course, formulate a proposal describing both the content of the course and a suitable means of evaluating the student’s work. The proposal must then receive the approval of the Director of the Program.

**Prerequisite(s):**
- SLST 100 and SLST 200; and
- minimum third-year standing; and
- declaration of a Social Justice Studies program.

---

**SLST 100**

**SLST 101**

**SLST 102**

**SLST 110**

**SLST 112**

**SLST 160**

**SLST 180**

**SLST 200B**

**SLST 202**

**SLST 203**

**SLST 300**

**SLST 301**

**SLST 302**

---

**Course Listings SLST**
SLST 303 Units: 1.5 Hours: 3-0
Formerly: RUSS 303
Russian Popular Culture (in Russian)
For advanced to intermediate students of Russian. Focuses on improving mastery of the spoken language and comprehension and study of Russian popular culture in the original language.
Note: Credit will be granted for only one of SLST 303, RUSS 300B, RUSS 302, RUSS 303.
Prerequisite(s):
• One of SLST 201 and SLST 202, RUSS 200, RUSS 200A and RUSS 200B; or
• permission of the department.

SLST 345 Units: 1.5 Hours: 3-0
Also: HSTR 345
The Eastern Front in the First and Second World Wars
Examines the military, political, and social aspects of the Eastern Front in Europe during both World Wars. Aims to analyze the Eastern Front’s difference from the warfare in the West, and how this specificity explains the origins of revolutionary violence and genocide.
Note: Credit will be granted for only one of SLST 345, SLST 410 (if taken as section A02 in Sep-Dec 2014), HSTR 340 (if taken as section A02 in Sep-Dec 2014), HSTR 345.

SLST 360 Units: 1.5 Hours: 3-0
Major Figures of Russian Culture and History
An overview of the most influential people in Russian culture and history, such as Peter the Great, Catherine the Great, Tolstoy and Solzhenitsyn. Discussion of the role of the individual in the development of a nation.
Note: No knowledge of Russian required.

SLST 361 Units: 1.5 Hours: 3-0
Formerly: SLAV 374, HIST 374
Imperial Russia, 1689-1917
A history of Russian Empire from Peter the Great to the fall of the monarchy. Traces Russia’s response to the challenge of the West, with special attention to political reforms, social transformation and cultural change. Discussion of whether Late Imperial Russia was history’s dead end or a promise cut short by revolutionary violence.
Note: Credit will be granted for only one of SLST 361, SLAV 374, HIST 374, HIST 351. No knowledge of Russian required.

SLST 362 Units: 1.5 Hours: 3-0
Also: HSTR 352
Formerly: SLAV 376, HIST 376
The Soviet Union and Its Successor States, 1917-2000
A history of the Soviet Union and its aftermath. Examines political, economic, social and cultural transformations that shaped the Soviet socialist experiment, as well as the causes of its collapse and the difficulties of post-communist transition in Russia and non-Russian republics. Emphasis on social history, gender and everyday life.
Notes:
• Credit will be granted for only one of SLST 362, SLAV 376, HIST 376, HSTR 352.
• No knowledge of Russian required.

SLST 363 Units: 1.5 Hours: 3-0
Also: HSTR 353
Formerly: SLAV 377, HIST 377
Modern Ukraine and Russian-Ukrainian Conflict
Examines the formation of the modern Ukrainian nation with special emphasis on its historical relations with Russia. Discusses popular revolutions in Ukraine and the ensuing Russian-Ukrainian conflict in the wider historical context of imperial disintegration.
Notes:
• Credit will be granted for only one of SLST 363, SLAV 377, HIST 377, HSTR 353.
• No knowledge of Russian required.

SLST 364 Units: 1.5 Hours: 3-0
Eastern Europe Through Western Eyes
A study of Western literary and cinematic representations of Eastern Europe, as well as Eastern European cultural reactions to these. Focus on the period from the 18th century to the present, with special attention to the 20th-century mass culture and the redefinition of the European “East” in the wake of communism’s collapse.
Note: May count towards a Minor in Film Studies.
No knowledge of Russian required.

SLST 365 Units: 1.5 Hours: 3-0
Formerly: SLST 262, RUSS 261
Stalinism
A survey of social processes and cultural life in the Soviet Union under Stalin (1922-1953). Combines a historical study of Stalinism with an introduction to the literature, films and visual art of the period.
Notes:
• Credit will be granted for only one of SLST 365, SLST 262, RUSS 261.
• No knowledge of Russian required.

SLST 401 Units: 1.5 Hours: 3-0
Formerly: RUSS 400A
Advanced Russian Practice
For advanced students of Russian. Stresses written composition, translation and stylistic analysis, and focuses on enhancing reading skills.
Note: Credit will be granted for only one of SLST 401, RUSS 400A, RUSS 406.
Prerequisite(s):
• One of SLST 301, SLST 303, RUSS 300A, RUSS 308, RUSS 303; or
• permission of the department.

SLST 403 Units: 1.5 Hours: 3-0
Formerly: RUSS 403
Topics in Russian Culture, Literature, Film (in Russian)
For advanced students of Russian. Focuses on conversational fluency, comprehension and written composition.
Notes:
• Credit will be granted for only one of SLST 403, RUSS 403, RUSS 427.
• May be taken more than once for credit in different topic with permission of the department to a maximum of 4.5 units.
Prerequisite(s):
• One of SLST 301, SLST 303, RUSS 300A, RUSS 303; or
• permission of the department.

SLST 410 Units: 1.5 Hours: 3-0
Formerly: RUSS 434
Special Topics
Notes:
• Credit will be granted for only one of SLST 410, RUSS 434 (if taken in the same topic).
• May be taken more than once for credit in different topic with permission of the department to a maximum of 4.5 units.

SLST 450 Units: 1.5 Hours: 3-0
Cold War on Film
A study of the enemy’s image in Soviet and Western films of the Cold War era. Analysis of films and related literary and political texts tracing the cultural construction of Cold War animosity from 1945 to the recent renewal of geopolitical rivalry between Russia and the West.
Note: May count towards a Minor in Film Studies.
No knowledge of Russian required.

SLST 451 Units: 1.5 Hours: 3-0
Formerly: RUSS 416
Stalinist Cinema
Focuses on the interaction of art, mass entertainment and socialist propaganda in the Stalinist film industry. Major films of the time will be analyzed against the background of contemporary political and social developments.
Notes:
• Credit will be granted for only one of SLST 451, RUSS 416.
• May count towards a Minor in Film Studies.
No knowledge of Russian required.

SLST 452 Units: 1.5 Hours: 3-0
Fantasy and Science Fiction in Russia
A survey of Russian fantasy and science fiction. Introduction to the best Russian authors of the genre, their works and to films that foreground Science Fiction and fantasy plots. Discussion of the historical background of 20th-century Russia in relation to the development of the genre.
Note: No knowledge of Russian required.

SLST 460 Units: 1.5 Hours: 3-0
History and Memory in Eastern European Cultures
A study of the construction of historical memory through literary and artistic representations of the past in several Eastern European nations. Focus on the role of historical novels in the cultural work of modern nationalism and cinematic treatment of the 20th-century wars and ethnic conflicts.
Note: No knowledge of Russian required.

SLST 461 Units: 1.5 Hours: 3-0
Putin’s Russia
An exploration of Russian culture and politics under the controversial leadership of Vladimir Putin. Topics may include Putin’s rise to power, the Pussy Riot scandal, LGBT rights under Putin, the Sochi Olympics and Russian-Ukrainian conflict.
Notes:
• Credit will be granted for only one of SLST 461, SLST 410 (if taken in the same topic).
• No knowledge of Russian required.
SLST 480  
Units: 1.5  
Hours: 3-0
Formerly: RUSS 310

Tolstoy and the Age of Anna Karenina
The major works of Tolstoy, studied against the background of his life and times, with a special emphasis on the novel Anna Karenina and its many film adaptations.

Notes:
• Credit will be granted for only one of SLST 480, RUSS 310, RUSS 412, RUSS 413, RUSS 414.
• No knowledge of Russian required.

SLST 481  
Units: 1.5  
Hours: 3-0
Formerly: RUSS 311

Existence and Anxiety in Dostoevsky
The major works of Dostoevsky, studied against the background of his life and times.

Notes:
• Credit will be granted for only one of SLST 481, RUSS 310, RUSS 311, RUSS 412, RUSS 413, RUSS 414, SLAV 334 (if taken in the same topic).
• No knowledge of Russian required.

SLST 490  
Units: 1.5  
Hours: 3-0

Directed Studies
Directed readings and written assignments under the supervision of a faculty member.

Note: May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units.

Prerequisite(s): Permission of the department.

SLST 499  
Units: 1.5

Honours Thesis
During either semester of the final year of their Honours program, students will write a graduating thesis of approximately 7,500 words under the direction of a member of the department. An oral examination covering the topic of the thesis will be given by a departmental committee.

SMGT

Service Management
Peter B. Gustavson School of Business
Courses offered by the Peter B. Gustavson School of Business are also found under the following course codes: COM (Commerce), ENT (Entrepreneurship), MBA (Master's of Business Administration).

SMGT 415  
Units: 1.5  
Hours: 3-0
Formerly: HSM 415

Customer Experience Management
Focuses on what it takes to successfully design and deliver a superior experience to customers. Among the topics covered are: service design, integrated marketing communication, customer loyalty and relationship management, managing customer participation, service pricing and understanding consumer decision making.

Note: Credit will be granted for only one of SMGT 415, HSM 415.

Prerequisite(s):
• All of COM 315, COM 316, COM 321, COM 322, COM 331, COM 341, COM 351, COM 361, COM 362, COM 371; or
• permission of the school.

Corequisite(s): SMGT 416 and SMGT 417.

SMGT 416  
Units: 1.5  
Hours: 3-0
Formerly: HSM 416

Service Operations and Quality Management
Explores the key challenge in managing specific service processes and also considers quality management frameworks and principles. Topics to be examined are: defining and measuring service quality, quality economics and customer worth, designing and planning for service quality, QFD and the House of Quality, service capacity planning and waiting line management, service control and service quality improvement.

Note: Credit will be granted for only one of SMGT 416, HSM 416.

Prerequisite(s):
• All of COM 315, COM 316, COM 321, COM 322, COM 331, COM 341, COM 351, COM 361, COM 362, COM 371; or
• permission of the school.

Corequisite(s): SMGT 415 and SMGT 417.

SMGT 417  
Units: 1.5  
Hours: 3-0
Formerly: HSM 417

Service Human Resource Management
In services companies, the interaction between the customer and the employee is both an opportunity and a challenge for management. An examination of the unique aspects of building an excellent human resource management system in hospitality and services. Topics include: the role of the servant leader, creating a service culture, attracting, developing and retaining high performers, reward systems in service organizations and designing systems to support service delivery.

Note: Credit will be granted for only one of SMGT 417, HSM 417.

Prerequisite(s):
• All of COM 315, COM 316, COM 321, COM 322, COM 331, COM 341, COM 351, COM 361, COM 362, COM 371; or
• permission of the school.

Corequisite(s): SMGT 415 and SMGT 416.

SOCI

Sociology
Department of Sociology
Faculty of Social Sciences
Students may enrol in courses numbered 300 and above only if one of the criteria listed in the Program Requirements has been satisfied.

SOCI 100A  
Units: 1.5  
Hours: 3-0
Formerly: part of 100

Introduction to Sociology: Understanding Contemporary Society
Introduction to the study of contemporary society through the sociological lens. Topics may include gender, families, religion, ethnicity, education, social media, social determinants of health and environmental sociology.

Note: Credit will be granted for only one of SOCI 100B, SOCI 100.

Recommendation(s): Recommend for students to first enrol in SOCI 100A, although SOCI 100A and SOCI 100B may be taken in either order or concurrently.

SOCI 103  
Units: 1.5  
Hours: 3-0

Canadian Society
The origins, development, and structure of Canadian society analyzed through a sociological lens. Examines topics such as immigration, nation building, ethnic diversification, language, war and peacekeeping, work, education, Canadian identity, and citizenship rights.

Note: Credit will be granted for only one of SOCI 103, SOCI 200.

SOCI 202  
Units: 1.5  
Hours: 3-0

Constructing Social Problems
Examines the social construction of social problems. Topics may include terrorism, breast cancer awareness, halloween sadism, surveillance, moral panics, public shaming, mass and social media framing, infectious disease, homelessness, crime, drug use, police violence, and debates about childhood vaccines.

Recommendation(s): Recommended prior to SOCI 206, SOCI 307, SOCI 313, and SOCI 401.

SOCI 204  
Units: 1.5  
Hours: 3-0
Formerly: 304

Self, Identity and Society
An exploration of the sociology of social interaction, with an emphasis on understanding the way self-identity is formed in social context and social activity. Explores the ways in which society, culture, inequality, and history affect how individuals define their experiences and themselves.

Note: Credit will be granted for only one of SOCI 204, SOCI 304.

SOCI 205  
Units: 1.5  
Hours: 3-0
Formerly: 305A, part of 305

Sociological Perspectives on Family Relationships
Examines theory and research on the dynamics of family relationships over the life course. Topics include the formation of intimate relationships; becoming a parent; parent-child relationships and their influence on children's social and emotional development; and the ways in which families respond to tensions and conflict within relationships, focusing on the effects of separation and divorce and adult children's return to the "empty nest".

Note: Credit will be granted for only one of SOCI 205, SOCI 305, SOCI 305A.

Recommendation(s): Recommended prior to SOCI 305B, SOCI 343, and SOCI 433.
SOCI 206  
Units: 1.5  
Hours: 3-0  
Formerly: 306  
Crime and Deviance  
Introduction to the sociology of crime and deviance. Considers strategies on how to communicate criminological research to the general public. Topics may include homicide, serial killers, animal cruelty, cybercrimes, aboriginal justice, environmental pollution, street crimes and victimology.  
Note: Credit will be granted for only one of SOCI 206, SOCI 301, SOCI 306.

SOCI 210  
Units: 1.5  
Hours: 3-0  
Formerly: 308  
Classical Social Theorizing  
An examination of the emergence of Sociology, emphasizing the founding ideas and theorists. Outlines the main ideas, concepts, and schools of thought that compose the history of the discipline, as well as the social and historical context from which it developed. In this course, emphasis is placed on developing students’ abilities to theorize the social world.  
Note: Credit will be granted for only one of SOCI 210, SOCI 209, SOCI 300, SOCI 308.  
Pre- or Corequisite(s): SOCI 100A and SOCI 100B.

SOCI 211  
Units: 1.5  
Hours: 3-0  
Introduction to Sociological Research  
Introduction to the key concepts, strategies, and techniques of social research, including conceptualization and measurement, research design, sampling, the collection and analysis of qualitative and quantitative data.  
Note: Credit will be granted for only one of SOCI 211, SOCI 209, SOCI 375, SOCI 375A, SOCI 375B.  
Pre- or Corequisite(s): SOCI 100A and SOCI 100B.

SOCI 215  
Units: 1.5  
Hours: 3-0  
Class and Social Inequality  
Introductory examination of the shifting patterns, determinants, and consequences of social inequality, with an emphasis on class, gender, race/ethnicity, region and domination/resistance. The course also surveys key theories of inequality in global and comparative perspective.  
Recommendation(s): Recommended prior to SOCI 315, SOCI 331, and SOCI 436.

SOCI 220  
Units: 1.5  
Hours: 3-0  
Formerly: 320  
Media and Contemporary Society  
Explores the relationship between information technology, society and the individual. Emphasizes how mass communications, popular culture, and social media platforms (e.g. Facebook, Google, Instagram, Twitter, Snapchat, Tinder, Pinterest, LinkedIn, YouTube, etc.) influence our relationships with friends, family members, society, and ourselves. Examines various collectivities including virtual communities and social networks and how they shape contemporary relationships.  
Note: Credit will be granted for only one of SOCI 220, SOCI 320, SOCI 390 (if taken in the same topic).

SOCI 271  
Units: 1.5  
Hours: 3-1  
Formerly: 371, 371A  
Introduction to Social Statistics  
Descriptive statistics, probability distributions, statistical inference, including estimation and significance tests, and an introduction to bivariate analysis. Computer assisted analysis of sociological data.  
Notes:  
• Credit will be granted for only one of SOCI 271, SOCI 371, SOCI 371A.  
• See “Credit Limit - Beginning Level Statistics Courses”.  
Pre- or Corequisite(s): SOCI 100A and SOCI 100B.

SOCI 281  
Units: 1.5  
Hours: 3-0  
Formerly: 381  
Sociology of Genders  
Introduction to sociological perspectives on genders. Examines both the gendering of everyday social interactions and the role of genders in structuring major social institutions. Topics may include the relation of genders to sexuality, bodies, work, race and ethnicity, sports, media, education, politics, violence, and/or other ways of organizing social interactions. Intersections between genders and other forms of social inequalities will be considered.  
Note: Credit will be granted for only one of SOCI 281, SOCI 381.  
Recommendation(s): Recommended prior to SOCI 382, SOCI 389, and SOCI 435.

SOCI 285  
Units: 1.5  
Hours: 3-0  
Health over the Life Course  
Notions of health, wellness and who is deserving of health care are socially-constructed concepts. An examination of some of the main sociological ways of conceptualizing and studying health across the life course, leading into the social factors and social institutions that shape individual health trajectories. Concludes with a discussion of interventions to promote equitable health across the life course.  
Recommendation(s): Recommended prior to SOCI 327, SOCI 385, and SOCI 432.

SOCI 305B  
Units: 1.5  
Hours: 3-0  
Formerly: part of 305  
Families and Social Change  
Considers the relationship between families and society, looking at continuity and change in contemporary Canadian family forms in the context of other cultures and periods. Emphasizes how social, economic and demographic changes in Canadian society have reshaped family forms and practices over the past century; discusses current family trends and evaluates their social policy implications.  
Note: Credit will be granted for only one of SOCI 305B, SOCI 305.  
Recommendation(s): SOCI 205 recommended prior to SOCI 305B.  
Recommended prior to SOCI 443.

SOCI 307  
Units: 1.5  
Hours: 3-0  
Formerly part of 301  
Regulation and Social Control  
Examines forms of regulation, social control and policing. Emphasizes how power operates in organizations, how policing happens in contemporary society, and the role of the state and military in regulating everyday life.  
Note: Credit will be granted for only one of SOCI 307, SOCI 301.  
Recommendation(s): SOCI 202 recommended prior to SOCI 307.  
Recommended prior to SOCI 401.

SOCI 309  
Units: 1.5  
Hours: 3-0  
Contemporary Social Theorizing  
An examination of major modes of theorizing that are influential in contemporary sociology. Covers important developments in social theory over the past 50 years and concepts such as power, ideology, rationality, social structure, agency, freedom, identity, gender, postcolonialism, and globalization. Emphasis is placed on developing students’ abilities to theorize contemporary social issues.  
Prerequisite(s): SOCI 210.

SOCI 310  
Units: 1.5  
Hours: 3-0  
Religion in Society  
Cultural, social, and institutional impacts of religion in modern societies. Foundational and classical approaches to religion are considered, along with contemporary phenomena pertaining to the social role of religious institutions and beliefs. These may include millenarian and evangelical movements, denominational religion in the Anglo-American context, popular religious movements, liberation theology, cults, and the process of secularization.

SOCI 312  
Units: 1.5  
Hours: 3-0  
White-Collar Crime  
An examination of the neglected problem of white-collar crime. Topics include corporate crime, financial fraud, occupational crime, cybercrime, worker safety, environmental crime, consumer victimization, professional misconduct, and the corrosion of science.  
Recommendation(s): SOCI 100A and SOCI 100B recommended prior to SOCI 312.

SOCI 313  
Units: 1.5  
Hours: 3-0  
Formerly: 401  
Sociology of Law  
The interrelationships of law and other social institutions, socio-economic origins and class interests of legal functionaries, and law as social conflict are analyzed in Canadian and cross-cultural contexts.  
Note: Credit will be granted for only one of SOCI 313, SOCI 401.  
Prerequisite(s):  
• 1.5 units of 300- or 400-level SOCI course; or  
• permission of the department.  
Recommendation(s): SOCI 202, and SOCI 306 or SOCI 307 recommended prior to SOCI 313.
SOCI 316 Units: 1.5 Hours: 3-0
Social Movements
A study of social movements in the making of modernity and its ongoing transformations. Exploration of how movements arise and are maintained, of why certain kinds of movements emerge in specific contexts, and of what impact they have upon socio-political relations and cultural discourses, both globally and locally. Specific social movements such as feminism, ecology, gay and lesbian liberation, Aboriginal activism, the peace movement, labour, socialism, and religious fundamentalism will be examined.

SOCI 318 Units: 1.5 Hours: 3-0
Formerly: 418

Social Change
Inquiry into the social structures, cultural practices, and political economic transitions associated with social change, emphasizing ethical-political underpinnings and implications. Topics include reform and revolution, globalization “from above” and “from below”, and changing conceptions of social justice and community.
Note: Credit will be granted for only one of SOCI 318, SOCI 418.
Recommendation(s): SOCI 215 recommended prior to SOCI 318. Recommended prior to SOCI 419.

SOCI 321 Units: 1.5 Hours: 3-0
Work, Employment and Society
Explores the sociology of work and occupations, followed by a historical overview of work in human societies, methods of training people for work, and the sociological study of the world of work in the 21st century. Also examines current employment patterns and trends, the nature of labour markets, the gendered arrangements of work, the organization and management of work, the conditions of unions and industrial relations, and the personal context of work.

SOCI 326 Units: 1.5 Hours: 3-0
Social Networks
The major models, methods, and findings of network analysis. The following areas may be discussed: friendship, social influence and status, small groups, communication and diffusion of information, corporate and community organization, social and economic mobility, and computer analysis of network data.
Prerequisite(s): SOCI 211.

SOCI 327 Units: 1.5 Hours: 3-0
International Perspectives on Inequities in Health and Health Care
Offers a critical appraisal of the institutional economic, and political determinants of health and illness from a cross-national perspective. Explores the unequal distribution of diseases and injuries between and within countries in the context of poverty and economic marginalization, and draws on case studies from around the world to examine the consequences of health inequity.
Recommendation(s): SOCI 215 or SOCI 285 recommended prior to SOCI 327.
Strongly recommended prior to SOCI 419 or SOCI 445.

SOCI 331 Units: 1.5 Hours: 3-0
Politics and Society
An introduction to key topics such as parties and movements, changing electoral arrangements, welfare states, reform and revolution, political violence and terrorism, policymaking, state formation, nationalism and imperialism.
Note: Credit will be granted for only one of SOCI 331, SOCI 330.
Recommendation(s): SOCI 215 recommended prior to SOCI 331. Recommended prior to SOCI 436.

SOCI 335 Units: 1.5 Hours: 3-0
Racialization and Ethnicity
Examines theory and research in the area of ethnic and race relations. Topics include: French-English dualism, demography of ethnic and racial groups, ethnic and racial inequality, international migration, identity and multiculturalism, racism, Indigenous and non-indigenous relations, and ethnic conflict.
Recommendation(s): SOCI 215 recommended prior to SOCI 335. Recommended prior to SOCI 436.

SOCI 345 Units: 1.5 Hours: 3-0
Sociology of Mental Health
Topics may include: theoretical foundations of the sociology of mental health; the social conditions that influence mental well-being; the experience and social meaning of mental illness and its treatment; the social construction of mental disorders; and the processes of institutionalization and deinstitutionalization.
Recommendation(s): SOCI 285 recommended prior to SOCI 345. Recommended prior to SOCI 445.

SOCI 355 Units: 1.5 Hours: 3-0
The Corporation, Capitalism, and Globalization
Drawing on world systems, Marxist, network, and postcolonial perspectives, the course examines capitalism and the contradictions and conflicts that shape it. Topics include: the role of transnational corporations and financial markets; the development of transnational classes, governance and the culture industry; and social alternatives ranging from localization to post-capitalism on a global scale.
Recommendation(s): SOCI 215 recommended prior to SOCI 355. Recommended prior to SOCI 419.

SOCI 374 Units: 1.5 Hours: 3-0
Formerly: half of 375, 375A
Qualitative Research Methods
Strategies of qualitative research design. Possible topics include: indepth interviews, narrative analysis, field work, evaluation, historical research, and textual analysis.
Note: Credit will be granted for only one of SOCI 374, SOCI 375, SOCI 375A.
Prerequisite(s): SOCI 211.

SOCI 376 Units: 1.5 Hours: 3-0
Formerly: half of 375, 375B
Quantitative Research Methods
Introduces quantitative research techniques in sociological research, particularly survey research. Topics may include: research design, measurement, questionnaire construction, data collection methods, sampling theory, and data analysis techniques.
Note: Credit will be granted for only one of SOCI 376, SOCI 375, SOCI 375B.
Prerequisite(s): SOCI 211 and SOCI 271.

SOCI 382 Units: 1.5 Hours: 3-0
Sociology of Sexualities
Examination of sociological, theoretical and historical perspectives on sexualities. Topics may include medicalization of sexualities; research methods in the study of sexualities; sexualities of children and teens; heterosexualities; lesbian, gay and queer sexualities; bisexualities, asexualities, promisexualities, and polyamory; trans sexualities; sexually transmitted infections; consent; sex for sale; sex positivity. Intersections between sexualities and other forms of social inequalities will be considered.
Recommendation(s): SOCI 281 recommended prior to SOCI 382. Recommended prior to SOCI 435.

SOCI 383 Units: 1.5 Hours: 3-0
Feminisms in Theory and Practice
An examination of new feminist thinking through a contemporary sociological lens. Topics may include food and the politics of fat, prostitution, militarism, troubling the boundaries between nature and culture, Indigenous women’s organizing around climate change, ecological feminisms, feminist economics, materialism, epistemologies and ontologies. Contemporary feminisms challenge social convention.
Prerequisite(s):
• 1.5 units of 300- or 400-level SOCI course; or permission of the department.

SOCI 385 Units: 1.5 Hours: 3-0
Sociology of Aging
An overview of the sociology of aging, including theoretical perspectives, methodological challenges, and substantive topic areas such as the gendered nature of aging, cultural comparisons, families and intergenerational relations, and health and healthcare.
Recommendation(s): SOCI 285 recommended prior to SOCI 385. Recommended prior to SOCI 445.

SOCI 388 Units: 1.5 Hours: 3-0
Sociology of Food and Eating
Examines what you eat and where it comes from through various lenses including gender, justice, power, animal and ecological. The examination moves beyond criticism and explores progressive social movements that are changing how we see food.
Note: Credit will be granted for only one of SOCI 388, SOCI 390 (if taken in the same topic).
Recommendation(s): SOCI 215 recommended prior to SOCI 388.
### SOCI 389 - SOCI 499

#### SOCI 389 Units: 1.5 Hours: 3-0
Formerly: 488
Death and Dying
Sociological approaches to death and dying, emphasizing cross-cultural differences in the construction of the meaning of death and dying, the rituals accompanying these processes, and their legal, economic and political aspects. The course also focuses on how death is accounted for and processed by state and health agencies.

**Note:** Credit will be granted for only one of SOCI 389, SOCI 488.

**Recommendation(s):** SOCI 281 recommended prior to SOCI 389.

#### SOCI 390 Units: 1.5 Hours: 3-0*
Special Topics in Sociology
Presentation of current interests of various faculty members. *Contact hours may vary depending on the topic.

**Notes:**
- May be taken more than once for credit to a maximum of 3 units.
- Students interested in this course should inquire at registration when the course is to be offered and what the substantive presentation will involve.

#### SOCI 403 Units: 1.5 Hours: 3-0
Issues in Social Theorizing
In-depth study of issues in social theory. Topics may include particular theories, theorists, current issues and debates.

**Notes:**
- Credit will be granted for only one of SOCI 431, SOCI 402, SOCI 412, SOCI 481.
- May be taken more than once for credit in different topics to a maximum of 3 units.

**Prerequisite(s):**
- SOCI 210; and
- minimum third-year standing; and
- declared Honours or Major in Sociology; or
- permission of the department.

**Recommendation(s):** SOCI 309 recommended prior to SOCI 431.

#### SOCI 430 Units: 1.5 Hours: 3-0
Issues in Social Theory
In-depth examination of contemporary population trends and their effects on human well-being, issues relating to families, and social policy responses. Topics may include: population growth, sustainable development, and the environment; population aging; dating and mating, marriage, cohabitation and divorce; new reproductive technologies; parenting, work and family life, stress and violence, population and immigration, indigenous families, urbanization and human crowding.

**Notes:**
- Credit will be granted for only one of SOCI 433, SOCI 340, SOCI 342, SOCI 443.
- May be taken more than once for credit in different topics to a maximum of 3 units.

**Prerequisite(s):**
- Minimum third-year standing; and
- declared Honours or Major in Sociology; or
- permission of the department.

**Recommendation(s):** SOCI 205, and SOCI 305B or SOCI 343 recommended prior to SOCI 433.

#### SOCI 431 Units: 1.5 Hours: 3-0
Issues in Social Theorizing
In-depth study of issues in social theory. Topics may include particular theories, theorists, current issues and debates.

**Notes:**
- Credit will be granted for only one of SOCI 431, SOCI 402, SOCI 412, SOCI 481.
- May be taken more than once for credit in different topics to a maximum of 3 units.

**Prerequisite(s):**
- SOCI 210; and
- minimum third-year standing; and
- declared Honours or Major in Sociology; or
- permission of the department.

**Recommendation(s):** SOCI 309 recommended prior to SOCI 431.

#### SOCI 432 Units: 1.5 Hours: 3-0
Issues in Health and Aging
In-depth examination of contemporary issues relating to the sociology of health and aging. Topics may include: widowhood, caregiving and social support, housing and long term care, dementia and personhood, intergenerational relationships, ethnicity and immigration, indigeneity, elder abuse, and technology.

**Notes:**
- Credit will be granted for only one of SOCI 432, SOCI 445.
- May be taken more than once for credit in different topics to a maximum of 3 units.

**Prerequisite(s):**
- Minimum third-year standing; and
- declared Honours or Major in Sociology; or
- permission of the department.

**Recommendation(s):** SOCI 285, and SOCI 345 or SOCI 385 recommended prior to SOCI 432.

#### SOCI 433 Units: 1.5 Hours: 3-0
Issues in Demography and Families
In-depth examination of contemporary population trends and their effects on human well-being, issues relating to families, and social policy responses. Topics may include: population growth, sustainable development, and the environment; population aging; dating and mating, marriage, cohabitation and divorce; new reproductive technologies; parenting, work and family life, stress and violence, population and immigration, indigenous families, urbanization and human crowding.

**Notes:**
- Credit will be granted for only one of SOCI 433, SOCI 340, SOCI 342, SOCI 443.
- May be taken more than once for credit in different topics to a maximum of 3 units.

**Prerequisite(s):**
- Minimum third-year standing; and
- declared Honours or Major in Sociology; or
- permission of the department.

**Recommendation(s):** SOCI 205, and SOCI 305B or SOCI 343 recommended prior to SOCI 433.

#### SOCI 434 Units: 1.5 Hours: 3-0
Issues in Deviance, Crime, Law and Social Control

**Notes:**
- Credit will be granted for only one of SOCI 434, SOCI 401.
- May be taken more than once for credit in different topics to a maximum of 3 units.

**Prerequisite(s):**
- Minimum third-year standing; and
- declared Honours or Major in Sociology; or
- permission of the department.

**Recommendation(s):** SOCI 202, and SOCI 206 and/or SOCI 307 recommended prior to SOCI 434.

#### SOCI 435 Units: 1.5 Hours: 3-0
Issues in Gender, Sexuality and Trans Communities

**Note:** May be taken more than once for credit in different topics to a maximum of 3 units.

**Prerequisite(s):**
- Minimum third-year standing; and
- declared Honours or Major in Sociology; or
- permission of the department.

**Recommendation(s):** SOCI 281 and/or SOCI 382 recommended prior to SOCI 435.

#### SOCI 436 Units: 1.5 Hours: 3-0
Issues in Sociology and Social Justice
In-depth examination of sociology's relationship with social control, public policy, social reform and social activism. Topics may include community service and/or experiential learning opportunities.

**Notes:**
- Credit will be granted for only one of SOCI 436, SOCI 450.
- May be taken more than once for credit in different topics to a maximum of 3 units.

**Prerequisite(s):**
- Minimum third-year standing; and
- declared Honours or Major in Sociology; or
- permission of the department.

**Recommendation(s):** SOCI 215, and one of SOCI 315, SOCI 331, SOCI 335, SOCI 355 recommended prior to SOCI 436.

#### SOCI 437 Units: 1.5 Hours: 3-0
Issues in Environmental Sociology and Climate Change
In-depth examination of sociological explanations of the causes and social consequences of environmental degradation and climate change with a focus on solutions and alternatives. Topics may include: social movements around environmental justice, climate change and climate justice, alternative and diverse economies including food sovereignty, “fair trade” and ethical consumption, and ecological feminisms.

**Notes:**
- Credit will be granted for only one of SOCI 437, SOCI 465.
- May be taken more than once for credit in different topics to a maximum of 3 units.

**Prerequisite(s):**
- Minimum third-year standing; and
- declared Honours or Major in Sociology; or
- permission of the department.

#### SOCI 438 Units: 1.5 Hours: 3-0
Issues in Contemporary Sociology

**Note:** May be taken more than once for credit in different topics to a maximum of 3 units.

**Prerequisite(s):**
- Minimum third-year standing; and
- declared Honours or Major in Sociology; or
- permission of the department.

#### SOCI 471 Units: 1.5 Hours: 3-1
Intermediate Social Statistics
An introduction to multivariate relationships, including multiple regression and correlation, analysis of variance and covariance and other topics of the general linear model. Computer-assisted analysis of sociological data.

**Notes:**
- Credit will be granted for only one of SOCI 471, SOCI 371B, SOCI 372.
- If space permits, other students may be permitted to register.

**Prerequisite(s):**
- SOCI 271 or SOCI 371A; and
- Admission to BA program in Sociology, or admission to MA program in Leisure Service Administration; or
- permission of the department.

#### SOCI 490 Units: 1.0-3.0
Directed Studies
May be submitted for an elective course in Sociology in the fourth year of the Honours Program with permission of the department.

**Note:** May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units.

#### SOCI 499 Units: 3.0 Hours: 1.5-0
Honours Seminar and Thesis
The Honours Seminar facilitates learning of theoretical, methodological, and empirical competencies necessary for completion of the Honours thesis. Under the direction of a supervisor from the department, students complete either an in-depth review of literature on a sociological topic or substantive and original research on a sociological issue. Students are expected to present findings from their thesis at the annual Sociology Honours Colloquium.
**SOCW 304A**  
**Units:** 3.0 or 4.5  
**Social Work Practicum by Prior Learning Assessment (PLA)**  
Students with significant work or volunteer experience in social work may complete the first BSW practicum by Prior Learning Assessment. Students will present evidence of their prior learning and practice which specifically demonstrates their anti-oppressive practice and their acquisition of the skills and knowledge required in 304.  
**Notes:**  
- Credit will be granted for only one of SOCW 304A, SOCW 304.  
- Students must submit an application for PLA approximately two terms in advance of registration in order to ensure adequate time is available for review (see Social Work web site for dates).  
**Prerequisite(s):** Either SOCW 311 and SOCW 312, or SOCW 323  
**Grading:** COM, N, F.

**SOCW 311**  
**Units:** 1.5  
**Formerly:** part of 323.  
**Understanding Oppression**  
An examination of key concepts such as 'whiteness', 'oppression', 'marginalization', 'difference', 'rank' and 'power' that animate the practice of social work within a difference-centred, social justice framework. Critical theoretical and conceptual insights from frameworks such as Indigenous, feminist, anti-racist, queer, and postmodern theories will be explored in order to arrive at a nuanced understanding of critical social work.  
**Note:** Credit will be granted for only one of SOCW 311, SOCW 323.

**SOCW 312**  
**Units:** 1.5  
**Formerly:** part of 323.  
**Collaborative Conversations: Working within Communities**  
Focuses on developing social work practice skills with individuals and communities in ways that are both difference-centred and collaborative in nature. Students will critically analyze and develop their own individual practice skills in various community contexts, within a social justice framework. Examples of these include social service agencies and their clientele, the classroom, and grass roots organizations. Students will examine ways to further anti-oppressive skills that are effective, participatory and collaborative.  
**Notes:**  
- Credit will be granted for only one of SOCW 312, SOCW 323.  
- On-campus component required.  
**Pre- or Corequisite(s):** SOCW 311.

**SOCW 319**  
**Units:** 1.5  
**Research for Social Change**  
An introduction to research as social justice work. Students will learn about a range of qualitative and quantitative methodologies, with an emphasis on Indigenous, critical and anti-oppressive approaches. Students will be engaged in critically analyzing what counts as knowledge, developing alternative ways of understanding social issues, redefining the relationship between researchers and participants, and developing skills in data collection, data analysis and proposal writing.  
**Note:** Credit will be granted for only one of SOCW 319, SOCW 318.  
**Pre- or Corequisite(s):** Either SOCW 311 and SOCW 312, or SOCW 323.

**SOCW 350A**  
**Units:** 1.5  
**Social Work, Social Justice and the Law**  
Provides an overview of critical perspectives on social justice, law, the legal system, and the legal processes that impact on social work practice. Students will critically examine and self-reflect on the interplay between marginalization and structural inequalities and law. Areas examined may include child welfare, mental health, human rights, youth justice, poverty and restorative practices.  
**Notes:**  
- Credit will be granted for only one of SOCW 350A, SOCW 350, CYC 350A.  
- Students not majoring in Social Work but in their third- or fourth year may request permission to register in the course.  
**Prerequisite(s):**  
- Admission to Bachelor of Social Work program; or  
- permission of the school.

**SOCW 350B**  
**Units:** 1.5  
**Legal and Social Justice Skills for Social Workers**  
A skill-based course focusing on the development of legal skills in an anti-oppressive framework. Emphasis is given to a critical analysis of the skills necessary to practice in statutory settings such as child welfare, and may include dispute resolution, advocacy, mediation, investigation, evidence-giving and report writing.  
**Notes:**  
- Credit will be granted for only one of SOCW 350B, SOCW 350, CYC 350B.  
- Students not majoring in Social Work but in their third- or fourth year may request permission to register in the course.  
**Prerequisite(s):**  
- SOCW 350A or CYC 350A, and  
- admission to Bachelor of Social Work program; or  
- permission of the school.
SOCW 354 Units: 1.5 Hours: 3.0
Indigenous Perspectives on Practice Issues
Critically examines the historical process of colonization in Canada, the resulting barriers embodied in policy and practice, and alternative ways of viewing the social-psychological position of Indigenous people in Canadian Society. Contemporary issues and the movement toward self-determination will be discussed in relation to social work theory and practice.
Note: Credit will be granted for only one of SOCW 354, SOCW 454.
Pre- or Corequisite(s): Either SOCW 311 and SOCW 312, or SOCW 323.

SOCW 356 Units: 1.5
Human Development and the Social Environment within a Global Context
An overview of human development within a global context with a focus on social justice and diversity related to gender, race, class, ethnicity, culture, sexual orientation and disability. In particular, focuses on the impact of the cultural, global, spiritual and natural worlds people inhabit on understanding lifespan development with the implications of this understanding for social work practice.
Note: Students not majoring in Social Work but in their third- or fourth year may request permission to register in the course.
This course meets the Child Welfare Specialization requirements for a development course.
Prerequisite(s):
• Admission to Bachelor of Social Work program; or
• permission of the school.

SOCW 390 Units: 1.5 or 3.0
Directed Studies
Students must consult with the Director prior to registration. The intent is to allow students the opportunity to concentrate in a particular field of social welfare such as corrections, gerontology or mental health.

SOCW 391 Units: 1.5 Hours: 3.0
Indigenous Approaches to Healing and Helping
Through direct interaction with Indigenous elders, political leaders and human service workers, students will explore traditional and contemporary approaches used by Indigenous peoples to help and heal in their communities. Students will be challenged to integrate these approaches into their own lives and social work practices.
Note: Limited to Indigenous students of North America or with permission of the department.
Pre- or Corequisite(s): Either SOCW 311 and SOCW 312, or SOCW 323.

SOCW 400 Units: 1.5
Introduction to Social Work in the Health Care Sector
Examines the knowledge and skills required for social workers to be effective advocates while carrying out a range of responsibilities in the health sector within the context of a practice framework that focuses on the social determinants of health. The challenges and opportunities provided by the cultural and organizational contexts of practice in health care will be an important focus while examining the inter-professional nature of practice. Particular aspects of practice such as appropriate documentation, informed consent and community development will be included.
Prerequisite(s): Either SOCW 311 and SOCW 312, or SOCW 323.

SOCW 402 Units: 4.5
Social Work Practicum II
In the second BSW practicum (350 hours) students have a further opportunity to develop, refine and apply generalist practice knowledge, skills, values and ethics under supervision in an agency setting. Generalist practice can include individual family, group and community work, organizational development and policy change.
Note:
• Credit will be granted for only one of SOCW 402, SOCW 404, SOCW 494A.
• Students must submit an application for practicum approximately two terms in advance of registration in order to ensure adequate time is available for planning and organizing their practicum (see Social Work web site for dates).
Students completing a 3.0 unit SOCW 304 practicum must complete a 420 hour SOCW 402.
Social Work accreditation standards require that students spend the hours noted above in practice. Students may be required to complete training prior or during their practicum. Training can only be counted as practicum hours in exceptional circumstances and with the permission of the faculty liaison.
students may be required to complete a Ministry of Children and Family Development or Indigenous Delegated Authority Partial Delegation Exam prior to or during their practicum placement. Non-BC students may be required to meet the requirements applicable in other jurisdictions.
Prerequisite(s):
• For students admitted to Child Welfare Specialization:
  • One of SOCW 301, SOCW 318, SOCW 319; and
  • SOCW 304 or SOCW 304A; and
  • either SOCW 311 and SOCW 312, or SOCW 323; and
  • all of SOCW 350A, SOCW 350B, SOCW 354, SOCW 356, SOCW 475; and
  • SOCW 469 or SOCW 471.
• For students admitted to Indigenous Child Welfare Specialization:
  • One of SOCW 301, SOCW 318, SOCW 319; and
  • SOCW 304 or SOCW 304A; and
  • either SOCW 311 and SOCW 312, or SOCW 323; and
Pre- or Corequisite(s):
• For students admitted to Child Welfare Specialization:
  • All of SOCW 413, SOCW 451, SOCW 476.
• For students admitted to Indigenous Child Welfare Specialization:
  • SOCW 413 and SOCW 451.
Grading: INP, COM, N, F.

SOCW 404 Units: 4.5
Child Welfare Specialization: Child Protection Practicum
In this second BSW practicum (350 hours), students will have further opportunity to develop, refine and apply generalist practice knowledge, skills, values and ethics. Under supervision in a mandated child protection setting, students will apply child welfare law and policy to direct practice in child protection investigation, interviewing, assessment and court procedures, guardianship and care plans, and various aspects of case management.
Notes:
• Credit will be granted for only one of SOCW 404, SOCW 404A, SOCW 402.
• Students must submit an application for practicum approximately two terms in advance of registration in order to ensure adequate time is available for planning and organizing their practicum (see Social Work web site for dates).
A concurrent seminar or approved equivalent will be required.
Students completing a 3.0 unit SOCW 304 practicum must complete a 420 hour SOCW 404.
Social Work accreditation standards require that students spend the hours noted above in practice. Students may be required to complete training prior or during their practicum. Training can only be counted as practicum hours in exceptional circumstances and with the permission of the faculty liaison.
students may be required to complete a Ministry of Children and Family Development or Indigenous Delegated Authority Partial Delegation Exam prior to or during their practicum placement. Non-BC students may be required to meet the requirements applicable in other jurisdictions.
Prerequisite(s):
• For students admitted to Child Welfare Specialization:
  • One of SOCW 301, SOCW 318, SOCW 319; and
  • SOCW 304 or SOCW 304A; and
  • either SOCW 311 and SOCW 312, or SOCW 323; and
  • all of SOCW 350A, SOCW 350B, SOCW 354, SOCW 356, SOCW 475; and
  • SOCW 469 or SOCW 471.
• For students admitted to Indigenous Child Welfare Specialization:
  • One of SOCW 301, SOCW 318, SOCW 319; and
  • SOCW 304 or SOCW 304A; and
  • either SOCW 311 and SOCW 312, or SOCW 323; and
Pre- or Corequisite(s):
• For students admitted to Child Welfare Specialization:
  • All of SOCW 413, SOCW 451, SOCW 476.
• For students admitted to Indigenous Child Welfare Specialization:
  • SOCW 413 and SOCW 451.
Grading: INP, COM, N, F.
SOCW 404A - Units: 4.5
Child Welfare Specialization: Child Welfare Practicum
In this second BSW practicum (350 hours), students have a further opportunity to develop, refine and apply generalist practice knowledge, skills, values and ethics while working under supervision in a child and/or youth and/or family serving agency with those who are affected by child welfare law, policy and practice.

Notes:
- Credit will be granted for only one of SOCW 404A, SOCW 404, SOCW 402.
- Students must submit an application for practicum approximately two terms in advance of registration in order to ensure adequate time is available for planning and organizing their practicum (see Social Work website for dates).

Students completing a 3.0 unit SOCW 304 practicum must complete a 420 hour SOCW 404A.
Social Work accreditation standards require that students spend the hours noted above in practice. Students may be required to complete training prior or during their practicum. Training can only be counted as practicum hours in exceptional circumstances and with the permission of the faculty liaison.

A concurrent seminar or approved equivalent will be required.

Prerequisite(s):
- For students admitted to Child Welfare Specialization:
  - One of SOCW 301, SOCW 318, SOCW 319; and
  - SOCW 304 or SOCW 304A; and
  - either SOCW 311 and SOCW 312, or SOCW 323; and
  - all of SOCW 350A, SOCW 350B, SOCW 354, SOCW 356, SOCW 475; and
  - SOCW 469 or SOCW 471.
- For students admitted to Indigenous Child Welfare Specialization:
  - One of SOCW 301, SOCW 318, SOCW 319; and
  - SOCW 304 or SOCW 304A; and
  - either SOCW 311 and SOCW 312, or SOCW 323; and
- Pre- or Corequisite(s):
  - For students admitted to Child Welfare Specialization:
    - All of SOCW 413, SOCW 451, SOCW 476.
  - For students admitted to Indigenous Child Welfare Specialization:
    - SOCW 413 and SOCW 451.

Grading: INP, COM, N, F.

SOCW 433 - Units: 1.5
Working with Trauma
An examination of current theories and practices regarding trauma work will be explored. This includes the neurobiological impact as well as the intrapsychic, interpersonal, and the socio-political/cultural dimensions of traumatic experiences. Emphasis will be placed on concrete skills and strategies that apply to a wide variety of contexts. As well, students will explore how to reduce the prevalence of secondary traumatization on themselves, colleagues, agencies and communities.

Note: Credit will be granted for only one of SOCW 433, SOCW 460 (if taken in the same topic), SOCW 533.

Prerequisite(s): Either SOCW 311 and SOCW 312, or SOCW 323.

SOCW 435 - Units: 1.5
Hours: 3-0
Critical Perspectives in Mental Health Practice
An examination of the concepts of mental health and mental illness from a critical perspective. Provides an overview of key areas in knowledge and theory, as well as practical information about how to work within various service contexts. Particular attention is given to the historical, socio-cultural, and political connections to mental illness and addictions - and this information is presented in a way that reflects a diversity of paradigms and standpoints.

Prerequisite(s): Either SOCW 311 and SOCW 312, or SOCW 323.

SOCW 451 - Units: 1.5
Hours: 3-0
Indigenous Policy Analysis in Social Work
Builds on the structural theories and perspectives of social work practice introduced in 354. Focuses on in-depth exploration and critical analysis of past and present policies of Canadian governments that affect the lives of Indigenous peoples. Contemporary responses and initiatives of Indigenous peoples through their own policies and practices will also be discussed.

Prerequisite(s): Either SOCW 311 and SOCW 312, or SOCW 323.

SOCW 452 - Units: 1.5
Hours: 3-0
Teaching and Learning for Social Change
What does it mean to think of social workers as educators for social justice? Students will develop a conceptual and experiential understanding of education, teaching and learning. Knowledge and power will be explored from multiple perspectives, including critical, Indigenous, and anti-oppressive perspectives. Opportunities for hands-on application will be an integral part of the course.

Note: Students not majoring in Social Work but in their third- or fourth year may request permission to register in the course.

Prerequisite(s): Admission to Bachelor of Social Work program; or permission of the school.

SOCW 460 - Units: 1.5 or 3.0
Hours: 3-0
Special Topics in Social Work and Social Welfare
Special issues in social welfare and approaches to social work practice.

Notes:
- May be taken more than once for credit to a maximum of 3 units.
- Offered as resources permit.
SOCW 472 Units: 1.5 Hours: 3-0
Social Work Practice in the Field of Addictions
Critically examines current practice models in the addictions field. Differing models of change including peer helping, harm reduction, Indigenous approaches to healing, and inclusive approaches to assessment, prevention and intervention will be studied. Attention will be paid to assessment and intervention across the lifespan and with populations who are subject to marginalization and discrimination. Practice strategies for working effectively with individuals who are coping with concurrent conditions will also be explored. Students will be asked to critically examine their own personal and professional preparation for addressing addiction issues in their chosen field of practice.
Note: Students not majoring in Social Work but in their third- or fourth year may request permission to register in the course.
Prerequisite(s):
• SOCW 471, and
• admission to Bachelor of Social Work program; or
• permission of the school.

SOCW 475 Units: 1.5 Hours: 3-0
Child Welfare Practice
An opportunity to explore all aspects of child welfare practice with a particular focus on balancing the issues of power and authority with helping approaches, identifying and resolving ethical dilemmas, and developing community based approaches to serving families and children. Students will explore their own conceptual and philosophical orientation to child welfare practice.
Prerequisite(s): Either SOCW 311 and SOCW 312, or SOCW 323.

SOCW 476 Units: 1.5 Hours: 3-0
Family and Child Welfare Policy
Critiques of family and child welfare policy and practice such as the feminist and Indigenous perspectives are challenging the social work profession. Provides an opportunity to critically examine assumptions in family and child welfare policy including notions of family, substitute care, conceptions about violence and neglect, how family and child welfare policy is developed and administered, and the political role of social work.
Prerequisite(s): Either SOCW 311 and SOCW 312, or SOCW 323.

SOCW 490 Units: 1.5 or 3.0
Directed Studies
Students must consult with the Director prior to registration. The intent is to allow students the opportunity to concentrate in a particular field of social welfare such as corrections, gerontology or mental health.

SOCW 491 Units: 1.5 Hours: 3-0
Integration of Indigenous Approaches to Healing and Helping
Students will continue to explore traditional and contemporary approaches to helping and healing in their communities that they began in 391. Indigenous elders, political leaders and human service workers will again play a central role in this course. Students will also be challenged to critically and holistically integrate these approaches into an examination, articulation and development of their own ethical perspectives.
Note: Limited to Indigenous students of North America or with permission of the department.
Prerequisite(s): SOCW 391.

SOCW 492 Units: 1.5 Hours: 3-0
Protecting Indigenous Children
An opportunity to explore the unique policy and practice considerations to providing child and family services in Indigenous communities in British Columbia. Students will be challenged to synthesize the demands of provincial child welfare legislation with emerging Indigenous practices and policies in a way that protects the identity, cultures, and social structure of Indigenous children and families.
Note: Limited to Indigenous students of North America or with permission of the department.
Prerequisite(s): SOCW 391.

SOCW 499 Units: 1.5 Hours: 3-0
Advanced Social Work Practice
Advanced study of selected topics in social work. May be taken more than once for credit in different fields. Requires permission of faculty.

SPAN 100A Units: 1.5 Hours: 3-0
Beginners’ Spanish I
Exploration of the language and cultures of the Hispanic World. Acquisition of basic skills of pronunciation, reading, writing and conversation. Includes instruction in essential points of grammar, basic syntax, and vocabulary for daily interaction.
Notes:
• Credit will be granted for only one of SPAN 100A, SPAN 100, SPAN 149.
• Not open to students with credit in Spanish 12.

SPAN 100B Units: 1.5 Hours: 3-0
Beginners’ Spanish II
Exploration of the language and cultures of the Hispanic World. Further acquisition of basic skills of pronunciation, reading and writing. Continued instruction in essential points of grammar, basic syntax and vocabulary for daily interaction.
Notes:
• Credit will be granted for only one of SPAN 100B, SPAN 100, SPAN 149.
• Not open to students with credit in Spanish 12.

SPAN 108 Units: 1.5 Hours: 3-0
The First Global Culture (in English)
An overview of the overseas exploration, conquest and colonization led by the Portuguese and Spanish in Africa, Asia and the Americas during the Early Modern period, creating the first global culture.
### SPAN 149 - SPAN 305

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Units:</th>

<th>Description</th>
</tr>
</thead>
</table>
| **SPAN 149** | 3.0 | 6-0 | **Beginners’ Spanish**
Exploration of the language and cultures of the Hispanic World, equivalent to SPAN 100A and 100B. Acquisition of basic skills of pronunciation, reading, and writing. Instruction in essential points of grammar, basic syntax and vocabulary for daily interaction.

**Notes:**
- Credit will be granted for only one of SPAN 149, SPAN 100A, SPAN 100B.
- Not open to students with credit in Spanish 12.

| **SPAN 150** | 1.5 | 3-0 | **Also: ITAL 150**
**Famous and Infamous Hispanic and Italian Figures (in English)**
Introduction to the culture of the Hispanic and Italian world focusing on a limited selection of key political, artistic and/or literary figures. May include figures such as Moctezuma, Christopher Columbus, Leonardo da Vinci, Lucrezia Borgia, Maria Montessori, Benito Mussolini, Frida Kahlo, Evita Perón, La Pasionana, Fidel Castro, or Umberto Eco.

**Note:** Credit will be granted for only one of SPAN 150, ITAL 150.

| **SPAN 185** | 1.5 | 3-0 | **SPAN 185**
Analysis of the Spanish and Latin American film and its relationship to social and historical contexts.

| **SPAN 204** | 1.5 | 3-0 | **Experiential Learning**
Students present a project, determined in advance by the department, based on work, research, or volunteering while living in a Spanish-speaking country.

**Prerequisite(s):** Permission of the department.

| **SPAN 205** | 1.5 | 3-0 | **Topics in Hispanic Culture (in English)**
Themes and cultural trends in Latin American countries or Spain.

**Note:** May be taken more than once for credit in different topics with permission of the department.

| **SPAN 208A** | 1.5 | 3-0 | Formerly: SPAN 306
**Spanish Culture (in English)**
An overview of the culture of Spain. Consideration of the artistic, literary, intellectual, social and political trends in Spain from pre-Roman times to the present.

**Note:** Credit will be granted for only one of SPAN 208A, SPAN 306.

| **SPAN 208B** | 1.5 | 3-0 | Formerly: SPAN 307
**Latin American Culture Through Music (in English)**
Overview of the cultures of Spanish America and Brazil. Consideration of the artistic, literary, intellectual, social and political trends and their link to music in Latin America from pre-Columbian times to the present.

**Notes:**
- Credit will be granted for only one of SPAN 208B, SPAN 307.
- Not open to students with credit in SPAN 280.

| **SPAN 249** | 3.0 | 6-0 | **Review of Grammar and Conversation**
Continued exploration of the language and cultures of the Hispanic World, equivalent to 250A and 250B. An expansion of grammatical concepts and structures presented in beginners’ Spanish. Further development of writing, reading, speaking and listening skills. Taught mostly in Spanish.

**Note:** Credit will be granted for only one of SPAN 249, SPAN 250, SPAN 250A, SPAN 250B.

**Prerequisite(s):**
- One of Spanish 12, SPAN 100B, SPAN 149, or permission of the department.

| **SPAN 250A** | 1.5 | 3-0 | **Review of Grammar and Conversation I**

**Note:** Credit will be granted for only one of SPAN 250A, SPAN 249, SPAN 250.

**Prerequisite(s):**
- One of Spanish 12, SPAN 100B, SPAN 149, or permission of the department.

| **SPAN 250B** | 1.5 | 3-0 | **Review of Grammar and Conversation II**
Continued exploration of the language and cultures of the Hispanic World. Additional expansion of grammatical concepts and structures presented in beginners’ Spanish. Further development of writing, reading, speaking and listening skills. Taught mostly in Spanish.

**Note:** Credit will be granted for only one of SPAN 250B, SPAN 249, SPAN 250.

**Prerequisite(s):**
- One of Spanish 12, SPAN 100B, SPAN 149, or permission of the department.

| **SPAN 250** | 1.5 | 3-0 | **Review of Grammar and Conversation I**

**Note:** Credit will be granted for only one of SPAN 250B, SPAN 249, SPAN 250.

**Prerequisite(s):**
- One of Spanish 12, SPAN 100B, SPAN 149, or permission of the department.

| **SPAN 259** | 1.5 | 3-0 | **Communicating in Spanish**
This optional companion course to 250A will focus on reading and speaking Spanish. Short literary and journalistic texts will be used for oral practice to develop reading skills.

**Principal:**
- Either Spanish 12, or SPAN 100A and SPAN 100B, or permission of the department.

| **SPAN 265** | 1.5 | 3-0 | **Introductory Written Spanish (Study Abroad Program)**
Expands the student’s ability to communicate in Spanish in various written forms (essays and close textual analyses). Explores and uses a variety of texts that will serve as examples for the written assignments.

**Note:** Credit will be granted for only one of SPAN 265, SPAN 280 (if taken for 6 units).

**Prerequisite(s):** SPAN 250A and SPAN 250B.

| **SPAN 270** | 1.5 | 3-0 | Formerly part of 260
**Introduction to the Literature of Spain and Spanish America**
A study of selections from major authors of Spain and Spanish America in the genres of narrative, drama and poetry. Introduction to basic techniques of literary criticism.

**Note:** Credit will be granted for only one of SPAN 270, SPAN 260, SPAN 280 (if taken for 6 units).

**Corequisite(s):** SPAN 250B.

| **SPAN 275** | 1.5 | 3-0 | Formerly part of 260
**Introductory Written Spanish**
Expands ability to communicate in Spanish in various written forms (essays and close textual analyses). Explores and uses a variety of texts that will serve as examples for the written assignments.

**Note:** Credit will be granted for only one of SPAN 275, SPAN 260, SPAN 280 (if taken for 6 units).

**Prerequisite(s):** SPAN 249 or SPAN 250B.

| **SPAN 280** | 4.5 | 6-0 | **Spanish Immersion**
Taken in conjunction with 250A/B and/or 350A/B as part of the Study Abroad Program. Combines conversation with an introduction to the culture of Latin America.

**Note:** Open to students with credit in SPAN 307.

**Prerequisite(s):**
- SPAN 100A and SPAN 100B, or permission of the department.

| **SPAN 300** | 1.5 | 3-0 | **Spanish for Reading Knowledge**
Designed for the attainment of reading proficiency in Spanish. Basic Spanish grammar taught in conjunction with texts of progressive complexity.

**Note:** Not open to students who have completed second-year Spanish language courses or higher, or students who have completed only first-year Spanish within the previous three years, unless permission is granted by the department.

**Recommendation(s):** Recommended particularly for third- and fourth-year undergraduates and graduate students.

| **SPAN 304** | 1.5 | 3-0 | **Indigenous Latin America, Social Justice, Environment (in English)**
Focuses on globally relevant social and environmental issues being addressed by Indigenous peoples in countries such as Bolivia, Brazil, Guatemala, Mexico and Peru. In-depth study of themes including decolonization, education, and social mobilization. Lectures, film excerpts, guest speakers, student presentations and thought-provoking dialogue.

**Note:** Credit will be granted for only one of SPAN 304, SPAN 305 (if taken in the same topic).

**Prerequisite(s):** Minimum second-year standing.

| **SPAN 305** | 1.5 | 3-0 | **Advanced Topics in Hispanic Culture (in English)**
Themes and cultural trends in Latin American countries or Spain. May be taught on-line.

**Note:** May be taken more than once for credit in different topics with permission of the department.

**Prerequisite(s):** Minimum second-year standing.

• May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units.  
• Open to students with credit in SPAN 473 (if taken in different topics).  
Open to native and near-native speakers.  
Pre- or Corequisite(s):  
• SPAN 350A; or  
• permission of the department.

SPAN 473C  
Units: 1.5  
Hours: 3-0  
The Golden Age of Spanish Theatre  
Study of representative Spanish plays from the 17th century. Emphasis on plays and skits and their interaction with culture and society.  
Notes:  
• Credit will be granted for only one of SPAN 473C, SPAN 474A, SPAN 474B.  
• May be taken more than once for credit in different topics with permission of the department.  
• Open to students with credit in SPAN 473 (if taken in different topics).  
Open to native and near-native speakers.  
Pre- or Corequisite(s):  
• SPAN 350A; or  
• permission of the department.

SPAN 475  
Units: 1.5  
Hours: 3-0  
Landscapes of Desire: Visions of Self and Country  
Heroics, love, and death in Renaissance and Golden Age Spain. This study of poetry as the mirror of culture will focus on the major poets. Special reference will be made to poets who also practised another art, profession, or belonged to the Church.  
Note: Open to native and near-native speakers.  
Pre- or Corequisite(s):  
• SPAN 350A; or  
• permission of the department.

SPAN 476A  
Units: 1.5  
Hours: 3-0  
Spanish Literature of the 19th Century  
The development of the Romantic and Realist movements in Spanish drama, poetry and novel of the last century. Selected works of major authors such as Bécquer, Pardo Bazán and Galdós will be studied in the context of the social and ideological climate of the period.  
Note: Open to native and near-native speakers.  
Pre- or Corequisite(s):  
• SPAN 350A; or  
• permission of the department.

SPAN 476B  
Units: 1.5  
Hours: 3-0  
20th Century Drama and Poetry  
A study of the drama and poetry of modern Spain, covering the works of such writers as Juan Ramón Jiménez, García Lorca, Pedro Salinas and Alfonso Sastre.  
Notes:  
• Credit will be granted for only one of SPAN 478B, SPAN 478A.  
• Open to native and near-native speakers.  
Pre- or Corequisite(s):  
• SPAN 350A; or  
• permission of the department.

SPAN 476C  
Units: 1.5  
Hours: 3-0  
Literature of Renewal: Prose and Poetry of Spanish Fin De Siglo  
Selected works of Unamuno, Baroja, "Azorín" and the poet Antonio Machado will be studied in the context of the social and intellectual crisis precipitated by the events of 1898.  
Note: Open to native and near-native speakers.  
Pre- or Corequisite(s):  
• SPAN 350A; or  
• permission of the department.

SPAN 477A  
Units: 1.5  
Hours: 3-0  
The Spanish Novel From the Civil War to the Present  
Major works in relation to the theme of love are studied within their national and/or regional context.  
Notes:  
• Credit will be granted for only one of SPAN 480, SPAN 480A, SPAN 481 (if taken in the same topic), SPAN 481A, SPAN 481B.  
• Open to native and near-native speakers.  
Pre- or Corequisite(s):  
• SPAN 350A; or  
• permission of the department.

SPAN 478A  
Units: 1.5  
Hours: 3-0  
The Theatre, Prose and Poetry of Sor Juana  
Study of the prose, poetry and drama of Sor Juana Inés de la Cruz (1648-95), one of the most important Hispanic writers of the Golden Age. Her works will be discussed in the context of artistic and intellectual movements in New Spain, focusing on issues including but not limited to genre, gender, religion, ethnicity and creole patriotism.  
Notes:  
• Credit will be granted for only one of SPAN 482, SPAN 480, SPAN 480A, SPAN 481 (if taken in the same topic), SPAN 481A, SPAN 481B.  
• Open to native and near-native speakers.  
Pre- or Corequisite(s):  
• SPAN 350A; or  
• permission of the department.

SPAN 478C  
Units: 1.5  
Hours: 3-0  
Women in the Hispanic and Italian World  
A study of major women authors, characters and themes relevant to women's issues in Hispanic and Italian literature. May be given in English, Spanish or Italian.  
Notes:  
• Credit will be granted for only one of SPAN 479A, ITAL 479A (if taken in same topics).  
• May be taken more than once for credit in different topics to a maximum of 3 units.  
• Open to native and near-native speakers.  
Pre- or Corequisite(s):  
• SPAN 350A; or  
• permission of the department.

SPAN 479A  
Units: 1.5  
Hours: 3-0  
Special Topics in Modern Spanish Literature  
Studies in the literature of modern Spain with special emphasis on the post-Franco period. Although primarily a study of fiction, some attention may be given to poetry and drama at the discretion of the instructor.  
Notes:  
• May be taken more than once for credit in different topics to a maximum of 3 units.  
• Open to native and near-native speakers.  
Pre- or Corequisite(s):  
• SPAN 350A; or  
• permission of the department.

SPAN 480, SPAN 480A, SPAN 481 (if taken in the same topic), SPAN 481A, SPAN 481B  
Women in the Hispanic and Italian World  
A study of major women authors, characters and themes relevant to women's issues in Hispanic and Italian literature. May be given in English, Spanish or Italian.  
Notes:  
• Credit will be granted for only one of SPAN 479A, ITAL 479A (if taken in same topics).  
• May be taken more than once for credit in different topics to a maximum of 3 units.  
• Open to native and near-native speakers.  
Pre- or Corequisite(s):  
• SPAN 350A; or  
• permission of the department.

SPAN 482  
Units: 1.5  
Hours: 3-0  
The Theatre, Prose and Poetry of Sor Juana  
Study of the prose, poetry and drama of Sor Juana Inés de la Cruz (1648-95), one of the most important Hispanic writers of the Golden Age. Her works will be discussed in the context of artistic and intellectual movements in New Spain, focusing on issues including but not limited to genre, gender, religion, ethnicity and creole patriotism.  
Notes:  
• Credit will be granted for only one of SPAN 482, SPAN 480, SPAN 480A, SPAN 481 (if taken in the same topic), SPAN 481A, SPAN 481B.  
• Open to native and near-native speakers.  
Pre- or Corequisite(s):  
• SPAN 350A; or  
• permission of the department.

SPAN 483A  
Units: 1.5  
Hours: 3-0  
Love in the Time of Spanish American Independence  
Major works in relation to the theme of love are studied within their national and/or regional context.  
Notes:  
• Credit will be granted for only one of SPAN 483A, SPAN 480C.  
• Open to native and near-native speakers.  
Pre- or Corequisite(s):  
• SPAN 350A; or  
• permission of the department.
SPAN 483B Units: 1.5 Hours: 3-0
Fiction from the "Boom" to the Present
Novels and short stories from the 1950s to the present. Discussion of each work within the national and/or regional context.
Notes:
- Credit will be granted for only one of SPAN 483B, SPAN 480D.
- Open to native and near-native speakers.
Pre- or Corequisite(s):
- SPAN 350A; or
- permission of the department.

SPAN 483C Units: 1.5 Hours: 3-0
Modern Latin American Literature and the Arts
Addresses the issues of art and aesthetics, their influence on society and politics in relation to Latin America's thriving arts and letters. Covers literature, music, visual arts and architecture, as well as alternative means of expressions such as graffiti, performance and digital art.
Note: Open to native and near-native speakers.
Pre- or Corequisite(s):
- SPAN 350A; or
- permission of the department.

SPAN 484A Units: 1.5 Hours: 3-0
Latin American Women's Writing
A selection of women's writing in Spanish America and Brazil from the 19th century up to the present. Discussion of the relevance of each writer within her national and/or regional literature. Given in Spanish or English.
Note: If taken in Spanish, open to native and near-native speakers.
Pre- or Corequisite(s):
- If taken in Spanish,
- SPAN 350A; or
- permission of the department.

SPAN 484C Units: 1.5 Hours: 3-0
Also: HSTR 376A, HIST 470
Conquest and Rebellion in Latin America, 1492 to 1783
Topics include the fall of the Aztec and Inka empires, the contribution of indigenous, European and African cultures to the evolution of Latin American identities, the Brazilian "plantation complex" and the "Great Rebellions" of the 18th-century Andes.
Notes:
- Credit will be granted for only one of SPAN 484C, HIST 470, HSTR 376A.
- Given in English.

SPAN 484D Units: 1.5 Hours: 3-0
Also: HSTR 376B, HIST 471
The Struggle for Independence in Latin America, 1767-1867
Topics include creole patriotism, the Enlightenment and Latin America, the growth of antislavery sentiment and the emergence of Dessalines, Bolivar, Hidalgo, and Morelos as leaders of independence movements. Explores the destabilizing battles between conservatives and liberals in the newly created nations focussing on Argentina, Colombia, Mexico and Peru.
Notes:
- Credit will be granted for only one of SPAN 484D, HIST 471, HSTR 376B.
- Given in English.

SPAN 484E Units: 1.5 Hours: 3-0
Also: HSTR 376C
Revolutions and Dictators in 20th Century Latin America
The Mexican, Nicaraguan and Cuban revolutions, music and nationalism, the populism of Getulio Vargas and Eva Perón, changing attitudes towards Indigenous culture and the struggle against racism in Brazil. Marxism from Mari'ye'gu to "Che" Guevara, a half-century of the Castro brothers and the long history of guerilla warfare in Colombia. How a region that produced Frida Kahlo and Tarsila do Amaral was slow to accept an enhanced role for women in the public sphere.
Notes:
- Credit will be granted for only one of SPAN 484E, HIST 468 (if taken in the same topic), HSTR 376C.
- Given in English.

SPAN 485A Units: 1.5 Hours: 3-0
Spanish Film
A selection of major accomplishments in Spanish-language film, from the experimental cinema of Buñuel to post-Franco director Almodóvar. May be given in Spanish or English.
Notes:
- May be taken more than once for credit in different topics to a maximum of 3 units.
- If taken in Spanish, open to native and near-native speakers.
Pre- or Corequisite(s):
- If taken in Spanish,
- SPAN 350A; or
- permission of the department.

SPAN 485B Units: 1.5 Hours: 3-1
Latin American Film
A selection of major accomplishments in Spanish-language film in Latin America. Course content will vary to include recent trends in Mexico, Argentina, Cuba and other Latin American countries.
Notes:
- May be taken more than once for credit in different topics to a maximum of 3 units.
- Open to native and near-native speakers.
Pre- or Corequisite(s):
- SPAN 350A; or
- permission of the department.

SPAN 486 Units: 1.5 Hours: 3-0
Special Topics in Hispanic American Literature
Variable content course which will focus attention on themes, literary and cultural trends, countries or authors.
Notes:
- May be taken more than once for credit in different topics to a maximum of 3 units.
- Open to native and near-native speakers.

- SPAN 350A; or
- permission of the department.

SPAN 487 Units: 1.5 Hours: 3-0
Spain in the Pacific Northwest (in English)
Study of the Spanish exploration and depiction of the Pacific Northwest, including the coastline of British Columbia, during the 18th century, as presented in the diaries of explorers such as Francisco de la Bodega y Quadra, Pere d'Alberni and Gonzalo Lopez de Haro and in letters between them and authorities in Spain and New Spain (modern-day Mexico).
Prerequisite(s): Minimum second-year standing.

SPAN 490A Units: 1.5 Hours: 3-0
History of the Spanish Language
A study of the development of the Spanish language from its origins in Vulgar Latin to its stabilization in Cervantes' time.
Notes:
- Credit will be granted for only one of SPAN 490A, SPAN 425.
- Open to native and near-native speakers.
Prerequisite(s):
- SPAN 249 or SPAN 250B; or
- permission of the department.

SPAN 490B Units: 1.5 Hours: 3-0
Spanish-English/English-Spanish Translation
Intensive translation practice of pragmatic texts and training in audiovisual translation and subtitling. Exploration of the tools and techniques used by professional translators.
Notes:
- Credit will be granted for only one of SPAN 490B, SPAN 426.
- Open to native and near-native speakers.
Prerequisite(s):
- SPAN 350B; or
- permission of the department.

SPAN 490C Units: 1.5 Hours: 3-1
Advanced Written Spanish
Practice in composition, translation and stylistic analysis. Attention will be given to both the formal and informal use of language.
Note: Open to native and near-native speakers.
Prerequisite(s):
- SPAN 350B; or
- permission of the department.
STAT 256  Units: 1.5  Hours: 3-1-0  
Statistics for Life Sciences II
Estimation and hypothesis testing; analysis of variance and the design of experiments; regression and correlation; analysis of categorical data; distribution-free procedures. Statistical examples and applications from life sciences will be emphasized.

Notes:
• Credit will be granted for only one of STAT 256, STAT 251, STAT 261.
• Intended primarily for students in Biochemistry, Microbiology, Biology, and Environmental Studies.

Prerequisite(s): One of STAT 252, STAT 254, STAT 255, STAT 260.

STAT 260  Units: 1.5  Hours: 3-0  
Introduction to Probability and Statistics I
Descriptive statistics; elementary probability theory; random variables, discrete and continuous probability distributions, expectation, joint, marginal and conditional distributions; linear functions of random variables; random sampling and sampling distributions; point and interval estimation; classical hypothesis testing and significance testing. The mathematical foundations of statistical inference will be introduced and illustrated with examples from a variety of disciplines.

Notes:
• Credit will be granted for only one of STAT 260, STAT 250, STAT 254.
• See "Credit Limit - Beginning Level Statistics Courses".

Pre- or Corequisite(s): One of MATH 101, MATH 103, MATH 140, MATH 208.

STAT 261  Units: 1.5  Hours: 3-1-0  
Introduction to Probability and Statistics II
Estimation and hypothesis testing; normal sampling distribution theory; analysis of variance and the design of experiments; regression and correlation; analysis of categorical data; distribution-free procedures. The mathematical foundations of statistical inference will be introduced and illustrated with examples from a variety of disciplines.

Note: Credit will be granted for only one of STAT 261, STAT 251, STAT 256.

Prerequisite(s): One of STAT 254 or STAT 260; and
• one of MATH 101, MATH 103, MATH 140, MATH 208.

STAT 350  Units: 1.5  Hours: 3-0  
Mathematical Statistics I
Discrete and continuous probability models, random variables and their distributions, mathematical expectation, moment generating functions, sums of random variables, limit theory, and sampling distributions. Emphasis on the probability theory needed for 450.

Prerequisite(s): One of STAT 252, STAT 254, STAT 255, STAT 260; and
• MATH 200 or MATH 205.
STAT 353 Units: 1.5 Hours: 3-0
Applied Regression Analysis
An outline of linear regression theory with applications; multiple linear regression, polynomial regression, model adequacy checking, variable transformation, variable selection, indicator variable, diagnostics for leverage and influential observations, multicollinearity problem, model selection, stepwise regression, prediction and inference.
Prerequisite(s):
• STAT 256 or STAT 261; and
• one of MATH 110, MATH 133, MATH 211, MATH 233A; or
• permission of the department.

STAT 354 Units: 1.5 Hours: 3-0
Sampling Techniques
Principal steps in planning and conducting a sample survey. Sampling techniques including stratification, systematic sampling and multistage sampling. Practical survey designs with illustrations. Nonampling errors.
Prerequisite(s):
• STAT 256 or STAT 261; or
• permission of the department.

STAT 355 Units: 1.5 Hours: 3-0
Statistical Methods in Biology and Medicine
Rates and comparison of rates: case-control studies; odds ratios; regression models, Poisson and logistic regression; dose-response models; Cox's regression analysis.
Prerequisite(s): 1.5 units of STAT course.

STAT 359 Units: 1.5 Hours: 3-1
Data Analysis
An introductory data analysis course for students who have had an introduction to descriptive statistics, probability distributions, estimation, hypothesis testing and confidence intervals. Emphasis is placed on proper use of computer software, interpretation of output and assumptions required for use of each statistical method. Topics may include: linear and nonlinear regression, time series analysis, analysis of variance, design of experiments, generalized linear models, repeated measures analysis, survival analysis, methods for multivariate data, and nonparametric methods.
Prerequisite(s):
• One of STAT 252, STAT 254, STAT 255, STAT 260, ECON 245, GEOG 226, PSYC 300A, SOCI 371A; or
• permission of the department.

STAT 450 Units: 1.5 Hours: 3-0
Formerly: 351
Mathematical Statistics II
Brief introduction to decision theory, point and interval estimation, hypothesis testing; regression and correlation, analysis of variance. Emphasis on the mathematics of statistics.
Note: Credit will be granted for only one of STAT 450, STAT 351.
Prerequisite(s):
• STAT 256 or STAT 261; and
• STAT 350

STAT 453 Units: 1.5 Hours: 3-0
The Design and Analysis of Experiments
An introduction to the principles of experimental design and the techniques of analysis of variance. A discussion of experimental error, randomization, replications, and local control. Analysis of variance is developed for single factor and multifactor experiments. The use of concomitant observations. Multiple comparisons and orthogonal contrasts.
Prerequisite(s):
• One of STAT 251, STAT 256, STAT 261; and
• STAT 353; or
• permission of the department.

STAT 454 Units: 1.5 Hours: 3-0
Topics in Applied Statistics
Possible topics include: Bayesian statistics, bioinformatics, biostatistics, clustering methods, longitudinal data analysis, mixture models, robust statistics, spatial statistics, sampling theory and methods, statistics for imaging, and statistical computing. Information on the topics available in any given year may be obtained from the department.
Note: May be taken more than once for credit in different topics with permission of the department.
Prerequisite(s): Permission of the department.

STAT 455 Units: 1.5 Hours: 3-0
Distribution-Free Statistics
Tests based on the binominal distribution, contingency tables; methods based on ranks; statistics of the Kolmogorov-Smirnov type; resampling methods; empirical likelihood methods.
Note: Students with credit for STAT 454 require permission of the department.
Prerequisite(s):
• STAT 256 or STAT 261; and
• STAT 350

STAT 456 Units: 1.5 Hours: 3-0
Multivariate Analysis
Multivariate normal distribution; multivariate analysis of variance; regression; discriminant analysis; classification analysis; principal component analysis; cluster analysis; and factor analysis.
Note: Students with credit for STAT 454 require permission of the department.
Prerequisite(s): STAT 350 and STAT 353.

STAT 457 Units: 1.5 Hours: 3-0
Time Series Analysis
Stationary time series; Box-Jenkins methodology; autoregressive, moving-average and ARIMA models; smoothing; time series regression; spectral analysis and linear filters.
Note: Students with credit for STAT 454 require permission of the department.
Prerequisite(s):
• For students with declared Major in Combined Financial Mathematics and Economics:
  • STAT 350 and ECON 366.
• For students without declared Major in Combined Financial Mathematics and Economics:
  • STAT 350 and STAT 353.

STAT 458 Units: 1.5 Hours: 3-0
Generalized Linear Models
Nonlinear regression models, logit and probit models for binomial responses; log-linear models for counts; quasi-likelihoods and generalized estimating equations for non-normal data.
Note: Students with credit for STAT 454 require permission of the department.
Prerequisite(s): STAT 350 and STAT 333.

STAT 459 Units: 1.5 Hours: 3-0
Survival Analysis
Analysis of time-to-failure data; censoring; survival, hazard rate and mean residual life functions; nonparametric estimation and comparisons of survival functions; covariates; parametric models; semi-parametric (Cox) regression model; time-dependent covariates.
Note: Students with credit for STAT 454 require permission of the department.
Prerequisite(s): STAT 350 and STAT 353.

STAT 498 Units: 1.5 Hours: 1.5 - 4.5
Seminar and Independent Project
Seminar and research project in statistics under the direction of a faculty member. The student is required to pursue an independent project, to prepare a written report, and to give a talk in the statistics seminar describing the work. Only available in areas of faculty interest.
Prerequisite(s): Permission of the department.

THEA 101 Units: 3.0 Hours: 3-0
An Introduction to Theatre
A practical and theoretical introduction to play analysis, to dramatic criticism, to theatrical form, and to the principles of stage production. Attendance at live performances is required.
Notes:
• Credit will be granted for only one of THEA 101, THEA 100.
• Not open to Theatre Majors.

THEA 102 Units: 1.5 Hours: 3-0
Theatre Appreciation: From Page to Stage
A course designed to enhance understanding and appreciation of today's theatre. Assignments include watching plays on video and attendance at live theatre performances.
Notes:
• Credit will be granted for only one of THEA 102, THEA 100.
• Not open to Theatre Majors.

THEA 105 Units: 3.0 Hours: 1-3
An Introduction to Stagecraft and Technical Practice
The intensive study and application of the principles of scenery and costume construction, stage lighting, and theatre organization and practice. Practical assignments will include the preparation and crewing of department productions. Due to changing production schedules, labs may not always meet as timetabled.
Prerequisite(s): Admission to a program in Theatre.
THEA 111 Units: 1.5 Hours: 3-0
Theatre History I
A survey of the history of western theatre from its beginnings to the Middle Ages. Early forms, conventions and styles are compared with those of the contemporary theatre.
Note: Credit will be granted for only one of THEA 111, THEA 100, THEA 110.

THEA 120A Units: 1.5 Hours: 0-3
Formerly: THEA 120
Introduction to the Art of Acting I
An orientation to the art of acting and an introduction to the actor's creative process.
Note: Credit will be granted for only one of THEA 120A, THEA 120.
Prerequisite(s): Admission to a program in Theatre.

THEA 120B Units: 1.5 Hours: 0-3
Formerly: THEA 120
Introduction to the Art of Acting II
A continuation of the Art of Acting I.
Note: Credit will be granted for only one of THEA 120B, THEA 120.
Prerequisite(s): THEA 120A.

THEA 122 Units: 1.5 Hours: 0-3
The Acting Experience
An examination of the fundamentals of the art of acting through self-exploration, improvisation, character and scene study.
Note: Not open to students registered in or with credit in any of THEA 120, THEA 120A, THEA 120B, THEA 121.

THEA 132A Units: 1.5 Hours: 0-3
Formerly: THEA 132
Exploring Theatre Through Dramatic Process I
A course designed for students interested in the improvisational nature of theatre as it applies to working spontaneously or through text with an emphasis on collective creation.
Note: Credit will be granted for only one of THEA 132A, THEA 132, THEA 181.
Recommendation(s): Recommended for students considering careers in alternative theatre practices, theatre for social change, health education, museum education and young audiences, teaching, recreation, counselling, child and youth care.

THEA 132B Units: 1.5 Hours: 0-3
Formerly: THEA 132
Exploring Theatre Through Dramatic Process II
A continuation of the explorations of improvisation and collective creation.
Note: Credit will be granted for only one of THEA 132B, THEA 132, THEA 181.
Prerequisite(s): THEA 132A.

THEA 150 Units: 1.5 Hours: 3-0
Public Speaking
An overview of the theoretical bases of speech communication, development of the vocal, verbal, and non-verbal skills of organization and presentation essential to effective communication.

THEA 205 Units: 3.0 Hours: 0-3
An Introduction to Production and Management Areas of the Theatre
Students are instructed in the basic principles and procedures of the major production and management areas of the theatre. Students will be required to successfully complete a practical assignment in a department or other designated production(s).
Note: Students enrolled in this course must consult the instructor before making evening or lunchtime engagements which might interfere with the schedule of practical assignments. Due to changing production assignments labs may not always meet as timetabled.
Prerequisite(s):
• THEA 105; and
• either all of THEA 111, THEA 120A, THEA 132A, or THEA 112 and THEA 120; or
• permission of the department.

THEA 206 Units: 1.5 Hours: 3-0
Fundamentals of Play Analysis
A beginner's guide for theatre students that focuses on how to read and analyze a play text. Students learn to identify key concepts such as dramatic action, structure of event, backstory and given circumstances in preparation for their roles as interpreters or audience members of both departmental and other theatre productions.
Prerequisite(s):
• THEA 105; and
• either all of THEA 111, THEA 120A, THEA 132A, or THEA 112 and THEA 120; or
• permission of the department.

THEA 218 Units: 1.5 Hours: 0-4.5-0
Acting I (for Students not pursuing the Performance Focus)
Work in characterization and scene study designed for Theatre students who are pursuing programs other than the Performance Focus.
Notes:
• Credit will be granted for only one of THEA 218, THEA 220, THEA 221.
• Not open to students with credit in THEA 218 or THEA 222.
• Permission for students not pursuing the Performance Focus.
Enrolment limited.
Prerequisite(s):
• THEA 105; and
• either all of THEA 111, THEA 120A, THEA 132A, or THEA 112 and THEA 120.

THEA 219 Units: 1.5 Hours: 0-4.5
Acting II (for Students not pursuing the Performance Focus)
A continuation of Theatre 218. Work in characterization and scene study designed for Theatre students who are pursuing programs other than the Performance Focus.
Notes:
• Credit will be granted for only one of THEA 219, THEA 220, THEA 222.
• Not open to students with credit in THEA 221 or THEA 222.
• Permission for students not pursuing the Performance Focus.
Prerequisite(s): THEA 218.

THEA 221 Units: 1.5 Hours: 0-4.5
Acting I
Work in characterization and scene study.
Notes:
• Credit will be granted for only one of THEA 221, THEA 220.
• Enrolment limited.
Prerequisite(s):
• THEA 105; and
• either all of THEA 111, THEA 120A, THEA 132A, or THEA 112 and THEA 120; and
• admission to BFA program with Performance Focus.

THEA 222 Units: 1.5 Hours: 0-4.5
Acting II
A continuation of Theatre 221. Work in characterization and scene study.
Note: Credit will be granted for only one of THEA 222, THEA 220.
Prerequisite(s): THEA 221.

THEA 223 Units: 1.5 Hours: 0-4.5-0
Introduction to Voice
Basic development of the voice.
Note: Enrolment limited.
Prerequisite(s):
• THEA 105; and
• either all of THEA 111, THEA 120A, THEA 132A, or THEA 112 and THEA 120; and
• admission to BFA program with Performance Focus.

THEA 225 Units: 1.5 Hours: 0-4.5-0
Introduction to Stage Movement
Development of a basic movement vocabulary for the stage.
Notes:
• Credit will be granted for only one of THEA 225, THEA 260.
• Enrolment limited.
Prerequisite(s):
• THEA 105; and
• either all of THEA 111, THEA 120A, THEA 132A, or THEA 112 and THEA 120; and
• admission to BFA program with Performance Focus.

THEA 226 Units: 1.5 Hours: 0-3
The Director and Designer Relationship
Fundamentals of developing shared vocabularies and processes necessary to the theatre director and designer relationship. Key concepts include identifying visual and oral clusters in play texts, understanding the power and potential of various stage architectures, and learning to read play texts as an act in motion. Students witness, analyze and respond to departmental and other theatre productions.
Prerequisite(s):
• THEA 105; and
• either all of THEA 111, THEA 120A, THEA 132A, or THEA 112 and THEA 120.

THEA 235 Units: 3.0 Hours: 3-0
Introduction to Applied Theatre
A broad interpretive examination of the uses of theatre in a variety of educational and non-traditional settings.
Prerequisite(s):
• THEA 105; and
• either all of THEA 111, THEA 120A, THEA 132A, or all of THEA 112, THEA 120, THEA 132; or
• permission of the department.

<tbody>
<tr>
<td>THEA 236</td>
<td>1.5</td>
<td>3-0</td>
<td>Theatre History II: A survey of the history of western theatre from the Middle Ages to the closing of the English playhouses in 1642. Early forms, conventions and styles are compared with those of the contemporary theatre. <strong>Note:</strong> Credit will be granted for only one of THEA 236, THEA 100, THEA 110, THEA 112. <strong>Prerequisite(s):</strong> - permission of the department.</td>
</tr>
<tr>
<td>THEA 251</td>
<td>1.5</td>
<td>1-3</td>
<td>Introduction to Design I: Developing a graphic vocabulary in the free hand idiom for the Theatre Designer. <strong>Note:</strong> Credit will be granted for only one of THEA 251, THEA 240. <strong>Prerequisite(s):</strong> Permission of the department.</td>
</tr>
<tr>
<td>THEA 252</td>
<td>1.5</td>
<td>1-3</td>
<td>Introduction to Design II: Development of drawing skills in the mechanical idiom. Drafting of ground plans, sections, elevations, orthographics and isometrics. Mechanical perspective drawing will be explored. <strong>Note:</strong> Credit will be granted for only one of THEA 252, THEA 240. <strong>Prerequisite(s):</strong> Permission of the department.</td>
</tr>
<tr>
<td>THEA 261</td>
<td>1.5</td>
<td>3-1</td>
<td>Costume Design I: An introduction to the design principles, drawing techniques, and materials of costume design for the stage and other media. <strong>Prerequisite(s):</strong> Permission of the department.</td>
</tr>
<tr>
<td>THEA 299</td>
<td>1.5 or 3.0</td>
<td>3-0</td>
<td>Theatre Laboratory: Under the supervision of faculty, students will participate in projects that will include both their particular areas of interest and other aspects of the theatre. <strong>Note:</strong> May be taken more than once for credit to a maximum of 3 units. <strong>Prerequisite(s):</strong> Permission of the department.</td>
</tr>
<tr>
<td>THEA 304</td>
<td>1.5</td>
<td>3.0</td>
<td>Acting for the Camera: Familiarizes students with the techniques necessary to deliver a truthful performance for the camera. The course will also address set etiquette, finding an agent, cold reading, how to do a live audition and how to prepare a taped audition. <strong>Prerequisite(s):</strong> Minimum second-year standing.</td>
</tr>
<tr>
<td>THEA 305</td>
<td>1.5 or 3.0</td>
<td>0-6-2</td>
<td>Advanced Production and Management: Students are instructed and given practical experience in one or more of the major production and management areas of the theatre. <strong>Notes:</strong> - May be taken more than once for credit in different topics with permission of the department to a maximum of 6 units. - Enrolment limited. <strong>Prerequisite(s):</strong> - THEA 205; and - permission of the department.</td>
</tr>
<tr>
<td>THEA 309A</td>
<td>1.5</td>
<td>4-0</td>
<td>History of Opera to the Late 19th Century: Survey course designed to introduce students to the history of opera as a theatrical genre. Emphasis will be placed upon composers and librettists who were major influences in the development of opera from the Renaissance through to the end of the Romantic age. Dramatic style and theory will be addressed. <strong>Note:</strong> Credit will be granted for only one of THEA 309A, THEA 309. <strong>Prerequisite(s):</strong> - THEA 211 or THEA 236; or - permission of the department.</td>
</tr>
<tr>
<td>THEA 310</td>
<td>1.5</td>
<td>3-0</td>
<td>Seminar in Theatre History I: Intensive study of a specific period or genre. The topics for consideration will change each year. <strong>Note:</strong> May be taken more than once for credit in different topics to a maximum of 4.5 units. <strong>Prerequisite(s):</strong> Set by department depending upon topic.</td>
</tr>
<tr>
<td>THEA 311</td>
<td>1.5</td>
<td>3-0</td>
<td>Seminar in Theatre History II: Intensive study of a specific period or genre. The topics for consideration will change each year. <strong>Note:</strong> May be taken more than once for credit in different topics to a maximum of 4.5 units. <strong>Prerequisite(s):</strong> - THEA 211 or THEA 236; or - permission of the department.</td>
</tr>
<tr>
<td>THEA 312</td>
<td>1.5</td>
<td>3-0</td>
<td>Pre-modern Japanese Theatre: Surveys Japanese theatre history from earliest times until the nineteenth century. Introduction to the major forms, styles and theory of traditional Japanese theatre, including nō, kyōgen, bunraku and kabuki. <strong>Note:</strong> Credit will be granted for only one of THEA 312, JAPA 320A, PAAS 394. <strong>Prerequisite(s):</strong> - Minimum second-year standing; or - permission of the department.</td>
</tr>
<tr>
<td>THEA 314</td>
<td>1.5</td>
<td>3-0</td>
<td>Studies in Theatre of the Ancient World: Theatre in ancient Greece or Rome. <strong>Notes:</strong> - Credit will be granted for only one of THEA 314, THEA 306. - May be taken more than once for credit in different topics to a maximum of 4.5 units. - Students should consult the department for the topic to be considered. <strong>Prerequisite(s):</strong> - THEA 211 or THEA 236; or - permission of the department.</td>
</tr>
<tr>
<td>THEA 315</td>
<td>1.5</td>
<td>3-0</td>
<td>Studies in Medieval Theatre: Theatre of the Middle Ages. <strong>Notes:</strong> - Credit will be granted for only one of THEA 315, THEA 307. - May be taken more than once for credit in different topics to a maximum of 4.5 units. - Students should consult the department for the topic to be considered. <strong>Prerequisite(s):</strong> - THEA 211 or THEA 236; or - permission of the department.</td>
</tr>
<tr>
<td>THEA 316</td>
<td>1.5</td>
<td>3-0</td>
<td>Studies in Theatre of the Enlightenment: Theatre in the 17th and 18th centuries. <strong>Notes:</strong> - May be taken more than once for credit in different topics to a maximum of 4.5 units. - Students should consult the department for the topic to be considered. <strong>Prerequisite(s):</strong> - THEA 211 or THEA 236; or - permission of the department.</td>
</tr>
<tr>
<td>THEA 317</td>
<td>1.5</td>
<td>3-0</td>
<td>Studies in 19th-Century Theatre: Theatre in the 19th century. <strong>Notes:</strong> - May be taken more than once for credit in different topics to a maximum of 4.5 units. - Students should consult the department for the topic to be considered. <strong>Prerequisite(s):</strong> - THEA 211 or THEA 236; or - permission of the department.</td>
</tr>
<tr>
<td>THEA 318</td>
<td>1.5</td>
<td>3-0</td>
<td>Studies in Contemporary Theatre: Modern theatre. <strong>Notes:</strong> - May be taken more than once for credit in different topics to a maximum of 4.5 units. - Students should consult the department for the topic to be considered. <strong>Prerequisite(s):</strong> - THEA 211 or THEA 236; or - permission of the department.</td>
</tr>
</tbody>
</table>
THEA 319  Units: 1.5  Hours: 3-0
Theatre of the Renaissance in Italy, France and England
The Renaissance in the theatre of Italy, France and England.
Notes:  
- Credit will be granted for only one of THEA 319, THEA 308.
- May be taken more than once for credit in different topics to a maximum of 4.5 units.
- Students should consult the department for the topic to be considered.
Prerequisite(s):  
- THEA 211 or THEA 236; or  
- permission of the department.

THEA 321  Units: 1.5  Hours: 0-4.5
Acting III
The study of acting as related to specific theatrical genres, styles or periods.
Note: Credit will be granted for only one of THEA 321, THEA 320.
Prerequisite(s):  
- All of THEA 205, THEA 222, THEA 223, THEA 225; and  
- either THEA 206 and THEA 236, or THEA 211.

THEA 322  Units: 1.5  Hours: 0-4.5
Acting IV
A continuation of 321. The study of acting as related to specific theatrical genres, styles or periods.
Note: Credit will be granted for only one of THEA 322, THEA 320.
Prerequisite(s):  
- THEA 321.

THEA 323  Units: 1.5  Hours: 0-4.5
Voice and Speech in the Theatre I
Work in voice and speech as related to specific theatrical genres, styles or periods.
Note: Credit will be granted for only one of THEA 323, THEA 350.
Prerequisite(s):  
- All of THEA 205, THEA 222, THEA 223, THEA 225; and  
- either THEA 206 and THEA 236, or THEA 211.

THEA 324  Units: 1.5  Hours: 0-4.5
Voice and Speech in the Theatre II
A continuation of 323. Work in voice and speech as related to specific theatrical genres, styles or periods.
Note: Credit will be granted for only one of THEA 324, THEA 350.
Prerequisite(s):  
- THEA 323.

THEA 325  Units: 1.5  Hours: 0-4.5-0
Stage Movement I
Intermediate stage movement.
Note: Credit will be granted for only one of THEA 325, THEA 360.
Prerequisite(s):  
- All of THEA 205, THEA 222, THEA 223, THEA 225; and  
- either THEA 206 and THEA 236, or THEA 211.

THEA 326  Units: 1.5  Hours: 0-4.5-0
Stage Movement II
A continuation of 325. Intermediate stage movement.
Note: Credit will be granted for only one of THEA 326, THEA 360.
Prerequisite(s):  
- THEA 325.

THEA 327  Units: 1.5  Hours: 0-3
Introduction to Physical Theatre Creation
A practical course in collaborative methods of theatre-making and performance.
Prerequisite(s): Minimum second-year standing.

THEA 328  Units: 1.5  Hours: 3-0
The Theatre of Indonesia
A survey of the theatre of Indonesia. Examines trance dances, traditional puppet theatres of Java and Bali, folk theatres of Java, Bali, and Sumatra and national Indonesian language-art theatre and drama. Readings of plays in translation will be supplemented by videos, films, and slides of performances.
Note: Credit will be granted for only one of THEA 328, PAAS 373, SEA 320.
Prerequisite(s):  
- Minimum second-year standing; or  
- permission of the department.

THEA 329  Units: 1.5
Theatre Performance
Supervised performance in department productions.
Note: May be taken more than once for credit to a maximum of 3 units.
Prerequisite(s):  
- THEA 105; and  
- either all of THEA 111, THEA 120A, THEA 132A, or THEA 112 and THEA 120; and  
- permission of the department.
Grading: COM, N.F.

THEA 331  Units: 1.5  Hours: 1-2
Directing I
Fundamental textual analysis, stage composition, movement and rhythm, methods of rehearsal procedure and basic techniques of working with the actor.
Note: Credit will be granted for only one of THEA 331, THEA 330.
Prerequisite(s):  
- THEA 205; and  
- either THEA 206 and THEA 236, or THEA 211; and  
- permission of the department.

THEA 332  Units: 1.5  Hours: 1-2
Directing II
A continuation of 331. Fundamental textual analysis, stage composition, movement and rhythm, methods of rehearsal procedure and basic techniques of working with the actor.
Note: Credit will be granted for only one of THEA 332, THEA 330.
Prerequisite(s):  
- THEA 331.

THEA 333  Units: 1.5  Hours: 3-0
History of Dance in Canada
An examination of the history of dance in Canada. Potential topics include artistic innovations, dance as a form of social activism and the politics of the performer’s body.
Note: No prior knowledge of dance is required.
Prerequisite(s):  
- THEA 211; or  
- permission of the department.

THEA 334  Units: 1.5  Hours: 0-3
Director and Designer Relationship II
By focusing on a specific classic or contemporary play text or devised theatre production, directors and designers will be offered the opportunity to put the concepts outlined in THEA 234 into action. Work will culminate in an end-of-term project that expresses their understanding of this seminal creative partnership.
Prerequisite(s):  
- THEA 234; and  
- permission of the department.

THEA 335  Units: 3.0  Hours: 0-4.5
Applied Theatre I
Advanced study of the theory and practice of Applied Theatre.
Prerequisite(s):  
- THEA 205 and THEA 235; and  
- either all of THEA 206, THEA 234, THEA 236, or THEA 231; or  
- permission of the department.

THEA 336  Units: 1.5  Hours: 3-0
Theatre History III
A survey of western theatre history from Corneille to the Victorians. Introduction to library research methods in theatre history.
Note: Credit will be granted for only one of THEA 336, THEA 200, THEA 210.
Prerequisite(s):  
- THEA 112 or THEA 236; or  
- permission of the department.

THEA 337  Units: 1.5  Hours: 3-0
History of the Broadway Musical
An examination of the Broadway Musical from its genesis in the mid-nineteenth century to the present day.
Prerequisite(s):  
- THEA 211 or THEA 236; or  
- permission of the department.

THEA 338  Units: 1.5  Hours: 3-0
The Broadway Producer
An examination of the role of for-profit producers in the creation of shows on Broadway in New York City.
Note: Credit will be granted for only one of THEA 338, THEA 410 (if taken in the same topic).
Prerequisite(s):  
- THEA 211 or THEA 236; or  
- permission of the department.

THEA 339  Units: 1.5  Hours: 3-0
Performances in Popular Culture
Examine performances in such popular culture phenomena as role-playing games, fantasy/anime conventions, cosplay and board games. Draws on theories from the field of Performance Studies to examine how we perform while playing.
Note: Credit will be granted for only one of THEA 339, THEA 310 (if taken in the same topic).
Prerequisite(s): Minimum third-year standing.
THEA 348  
**Units:** 1.5  
**Hours:** 3-0  
**Lighting for the Theatre I**  
The theory and practice of lighting.  
*Note:* Credit will be granted for only one of THEA 348, THEA 342.  
Prerequisite(s): THEA 205.  
Recommendation(s): THEA 206 and THEA 236 recommended prior to THEA 348.

THEA 349  
**Units:** 1.5  
**Hours:** 3-0  
**Lighting for the Theatre II**  
A continuation of THEA 348.  
*Note:* Credit will be granted for only one of THEA 349, THEA 342.  
Prerequisite(s): THEA 348.

THEA 351  
**Units:** 1.5  
**Hours:** 2-2  
**Introduction to Scenic Design**  
Fundamentals of three dimensional design communication and aesthetics. Model making and other graphic techniques for planning, analyzing and describing plastic space for the stage.  
*Note:* Credit will be granted for only one of THEA 351, THEA 340.  
Prerequisite(s): THEA 351.

THEA 352  
**Units:** 1.5  
**Hours:** 0-4  
**Scenic Design**  
Paper projects in the design of stage settings.  
*Note:* Credit will be granted for only one of THEA 352, THEA 340.  
Prerequisite(s): THEA 351.

THEA 353  
**Units:** 1.5 or 3.0  
**Hours:** 0-3  
**Assisting the Scenic Designer**  
Assisting the scenic designer of a mainstage production.  
*Note:* May be taken more than once for credit to a maximum of 6 units.  
Prerequisite(s):  
• ALL of THEA 205, THEA 251, THEA 252, and  
• either THEA 206 and THEA 236, or THEA 211.

THEA 354  
**Units:** 1.5 or 3.0  
**Hours:** 0-3  
**Assisting the Lighting Designer**  
Assisting the lighting designer of a mainstage production.  
*Note:* May be taken more than once for credit to a maximum of 6 units.  
Prerequisite(s):  
• THEA 351 and THEA 352, and  
• permission of the department.  
Recommendation(s): THEA 334 recommended prior to THEA 353.

THEA 355  
**Units:** 1.5  
**Hours:** 3-0  
**Ways of Seeing I**  
An introduction to the language of creativity and visual expression. A study of elements of design and how we apply them in the theatre. The class will consist of theoretical discussion, historical analysis and practical design assignments.  
Prerequisite(s): Permission of the department.

THEA 356  
**Units:** 1.5  
**Hours:** 3-0  
**Ways of Seeing II**  
Further explorations in the use, creative interpretation, and communication of stage design through theory and practical projects.  
Prerequisite(s): THEA 355.

THEA 361  
**Units:** 1.5  
**Hours:** 3-1  
**Costume Design II**  
The further study and development of the art, craft and practice needed in the design of costumes.  
Prerequisite(s):  
• THEA 261; and  
• permission of the department.

THEA 362  
**Units:** 1.5  
**Hours:** 3-0  
**History of Fashion and Body Modification I**  
A survey of costume and fashion from ancient times through the 17th century. Historical analysis of garments with emphasis on cultural, artistic and psychological aspects.  
*Note:* THEA 362 may be credited as a Theatre History course or Design course but not both.

THEA 363  
**Units:** 1.5  
**Hours:** 3-0  
**History of Fashion and Body Modification II**  
A survey of costume and fashion in the 18th, 19th, 20th, and 21st centuries. Historical analysis and a detailed study of how clothing/costume signals and defines culture.  
*Note:* THEA 363 may be credited as a Theatre History course or Design course but not both.

THEA 365  
**Units:** 1.5 or 3.0  
**Hours:** 4-0  
**Assisting the Costume Designer**  
Assisting the costume designer of a mainstage production.  
*Note:* May be taken more than once for credit to a maximum of 6 units.  
Prerequisite(s):  
• THEA 361; and  
• permission of the department.  
Recommendation(s): THEA 334 recommended prior to THEA 365.

THEA 367  
**Units:** 1.5  
**Hours:** 3-0  
**Producing Non-Profit Professional Theatre in Canada**  
The basic issues facing producers of non-profit professional theatre in Canada. Models studied will range from the large (regional or festival theatres) to the small (fringe shows). Topics include mandates and artistic vision, incorporation and governance of non-profit societies; creation of artistic vision; fundamentals of budgeting marketing, development and production management strategies.  
*Note:* Credit will be granted for only one of THEA 367, THEA 399 (if taken in the same topic).  
Prerequisite(s): Minimum third-year standing.

THEA 379  
**Units:** 1.5  
**Hours:** 0-3  
**Musical Theatre Workshop: Singing**  
Singing for the musical stage. Included will be work in vocal technique, presentation and interpretation. Examines both solo and choral work.  
Prerequisite(s): Minimum second-year standing.

THEA 390  
**Units:** 1.5 or 3.0  
**Directed Studies in Theatre History**  
*Note:* May be taken more than once for credit in different topics to a maximum of 6 units.  
Prerequisite(s):  
• THEA 211 or THEA 236; and  
• permission of the department.

THEA 391  
**Units:** 1.5 or 3.0  
**Directed Studies in the History of Drama**  
*Note:* May be taken more than once for credit in different topics to a maximum of 6 units.  
Prerequisite(s):  
• THEA 211 or THEA 236; and  
• permission of the department.

THEA 392  
**Units:** 1.5 or 3.0  
**Directed Studies in Theories of Acting**  
*Note:* May be taken more than once for credit to a maximum of 6 units.  
Prerequisite(s):  
• Either THEA 211, or THEA 234 and THEA 236; and  
• THEA 332; and  
• permission of the department.

THEA 393  
**Units:** 1.5 or 3.0  
**Directed Studies in Theories of Directing**  
*Note:* May be taken more than once for credit to a maximum of 6 units.  
Prerequisite(s):  
• Either THEA 211, or THEA 234 and THEA 236; and  
• THEA 332; and  
• permission of the department.

THEA 394  
**Units:** 1.5 or 3.0  
**Directed Studies in Applied Theatre**  
Supervised research in Applied Theatre culminating in the production of a specific project either written or practical.  
*Note:* May be taken more than once for credit in different topics to a maximum of 6 units.  
Prerequisite(s): Permission of the department.

THEA 395  
**Units:** 1.5 or 3.0  
**Directed Studies in Production and/or Management**  
*Note:* May be taken more than once for credit to a maximum of 6 units.  
Prerequisite(s):  
• THEA 205; and  
• permission of the department.

THEA 396  
**Units:** 1.5 or 3.0  
**Directed Studies in Scene Design**  
*Note:* May be taken more than once for credit to a maximum of 6 units.  
Prerequisite(s):  
• THEA 352; and  
• permission of the department.

THEA 397  
**Units:** 1.5 or 3.0  
**Directed Studies in Costume Design**  
*Note:* May be taken more than once for credit to a maximum of 6 units.  
Prerequisite(s):  
• THEA 362 and THEA 363; and  
• permission of the department.
THEA 398  Units: **1.5 or 3.0**
Directed Studies in Lighting Design
Note: May be taken more than once for credit to a maximum of 6 units.
Prerequisite(s): • THEA 348 and THEA 349; and
• permission of the department.

THEA 399  Units: **1.5 or 3.0**
Theatre Laboratory
Under the supervision of faculty, students will participate in projects that will include both their particular areas of interest and other aspects of the theatre.
Note: May be taken more than once for credit to a maximum of 3 units.
Prerequisite(s): Permission of the department.

THEA 405  Units: **1.5 or 3.0** Hours: **3-0**
Specialized Studies in Production and Management
Supervised practical experience in one or two specialized areas of production and management in the theatre.
Notes: • May be taken more than once for credit to a maximum of 6 units.
• Enrolment limited.
Prerequisite(s): • THEA 305; and
• permission of the department.

THEA 407  Units: **1.5** Hours: **3-0**
Theatre Performance
Supervised performance in department productions.
Note: May be taken more than once for credit to a maximum of 6 units.
Prerequisite(s): • permission of the department.

THEA 409  Units: **1.5** Hours: **3-0**
Theories of Acting
From Plato to Robert Lepage.
Note: Credit will be granted for only one of THEA 409, THEA 310 (if taken in the same topic), THEA 311 (if taken in the same topic).
Prerequisite(s): • THEA 211 or THEA 236, or
• permission of the department.

THEA 410  Units: **1.5** Hours: **3-0**
Seminar in Theatre History III
Intensive study of a specific period or genre. The topics for consideration will change each year.
Note: May be taken more than once for credit in different topics to a maximum of 4.5 units.
Prerequisite(s): • THEA 211 or THEA 236, or
• permission of the department.

THEA 411  Units: **1.5** Hours: **3-0**
Seminar in Theatre History IV
Intensive study of a specific period or genre. The topics for consideration will change each year.
Note: May be taken more than once for credit in different topics to a maximum of 4.5 units.
Prerequisite(s): • THEA 211 or THEA 236, or
• permission of the department.

THEA 412  Units: **1.5** Hours: **3-0**
Also: PAAS 486
Modern Japanese Theatre
Surveys Japanese theatre history from the nineteenth century until the present day. Covers the reform of kabuki and emergence of such modern theatre genres as shinpa, shingeki, angura and butō. Drama, dance and other performance arts are discussed.
Note: Credit will be granted for only one of THEA 412, PAAS 312 (if taken prior to May 2011), PAAS 394, PAAS 486 (if taken prior to May 2011), JAPA 320A.
Prerequisite(s): • Minimum third-year standing; or
• permission of the department.

THEA 414  Units: **1.5** Hours: **3-0**
Studied in Canadian Theatre and Drama
Canadian theatre and drama.
Notes: • May be taken more than once for credit in different topics to a maximum of 4.5 units.
• Students should consult the department for the topic to be considered.
Prerequisite(s): • THEA 211 or THEA 236, or
• permission of the department.

THEA 415  Units: **1.5** Hours: **3-0**
Methods and Materials of Theatre Research
Introduces students to the skills required to do original scholarly research in Theatre.
Notes: • Credit will be granted for only one of THEA 415, THEA 490 (if taken in the same topic).
• A combined undergraduate and graduate course.
Prerequisite(s): • THEA 211 or THEA 336; and
• permission of the department.

THEA 416  Units: **1.5** Hours: **3-0**
Theories of Meaning
A survey of the chief schools of reading and interpretation from biographical criticism to post-humanism.
Notes: • Credit will be granted for only one of THEA 416, THEA 490 (if taken in the same topic).
• A combined undergraduate and graduate course.
Prerequisite(s): • THEA 423.

THEA 417  Units: **1.5** Hours: **3-0**
Acting V
Advanced work in acting.
Note: Credit will be granted for only one of THEA 417, THEA 420.
Prerequisite(s): • permission of the department.

THEA 418  Units: **1.5** Hours: **0-4.5**
Acting VI
A continuation of 417. Advanced work in special challenges in acting.
Note: Credit will be granted for only one of THEA 422, THEA 420.
Prerequisite(s): • permission of the department.

THEA 419  Units: **1.5** Hours: **0-4.5**
Voice and Speech in the Theatre III
Advanced work in voice production and speech for the stage.
Note: Credit will be granted for only one of THEA 423, THEA 450.
Prerequisite(s): All of THEA 322, THEA 324, THEA 326.

THEA 420  Units: **1.5** Hours: **0-4.5**
Voice and Speech in the Theatre IV
A continuation of 423. Advanced work in voice production and speech for the stage.
Note: Credit will be granted for only one of THEA 424, THEA 450.
Prerequisite(s): THEA 423.

THEA 421  Units: **1.5** Hours: **3-0**
Stage Movement III
Advanced techniques and improvisation in stage movement.
Note: Credit will be granted for only one of THEA 425, THEA 460.
Prerequisite(s): All of THEA 322, THEA 324, THEA 326.

THEA 422  Units: **1.5** Hours: **0-4.5**
Stage Movement IV
A continuation of 425. Advanced technique and improvisation in stage movement.
Note: Credit will be granted for only one of THEA 426, THEA 460.
Prerequisite(s): THEA 425.

THEA 425  Units: **1.5** Hours: **0-4.5-0**
Theatre Performance
Supervised performance in department productions.
Note: May be taken more than once for credit to a maximum of 3 units; however, credit will be granted for no more than 6 units of any combination of THEA 329 and THEA 429.
Prerequisite(s): • permission of the department.

THEA 426  Units: **1.5** Hours: **0-4.5-0**
Directing III
Advanced work in stage direction.
Note: Credit will be granted for only one of THEA 431, THEA 430.
Prerequisite(s): • THEA 322; and
• permission of the department.

THEA 427  Units: **1.5** Hours: **3-0**
Directing IV
A continuation of 431.
Note: Credit will be granted for only one of THEA 432, THEA 430.
Prerequisite(s): • permission of the department.
THEA 433 - VIRS 304

THEA 433  Units: 1.5 or 3.0  Hours: 3-0
Directing for Production
Directing for department productions.

Note: May be taken more than once for credit to a maximum of 6 units.

Prerequisite(s):
• THEA 332; and
• permission of the department.

THEA 435  Units: 3.0  Hours: 3-0
Applied Theatre II
Advanced study of the theory and practice of Applied Theatre

Prerequisite(s):
• THEA 332 and THEA 333; or
• permission of the department.

THEA 436  Units: 1.5  Hours: 3-0
Theatre History IV
A survey of theatre from the late 19th century to the present day.

Note: Credit will be granted for only one of THEA 436, THEA 400, THEA 211.

Prerequisite(s):
• THEA 210 or THEA 336; or
• permission of the department.

THEA 437  Units: 1.5-6.0 Hours: 0-3 to 12
Scenic Design for Production
Design for department productions.

Note: May be taken more than once for credit to a maximum of 6 units.

Prerequisite(s):
• THEA 352; and
• permission of the department.

THEA 440  Units: 1.5 or 3.0  Hours: 0-3
Lighting Design for Production
Design for department productions.

Note: May be taken more than once for credit to a maximum of 6 units.

Prerequisite(s):
• THEA 349; and
• permission of the department.

THEA 465  Units: 1.5 to 6.0  Hours: 0-1.5 to 12
Costume Design for Production
Supervised design and production in the execution of costumes for theatre production. Students will work with directors on design concepts, and carry out research. They will then prepare designs and see them through the construction process and onto the stage.

Note: May be taken more than once for credit to a maximum of 6 units.

Prerequisite(s):
• THEA 351 and THEA 352; and
• permission of the department.

Recommendation(s): THEA 334 recommended prior to THEA 465.

THEA 499  Units: 1.5 or 3.0
Theatre Laboratory
Under the supervision of faculty, students will participate in projects that will include both their particular areas of interest and other aspects of the theatre.

Note: May be taken more than once for credit to a maximum of 6 units.

Prerequisite(s): Permission of the department.

THEA 499  Units: 1.5 or 3.0
Graduating Project
Students in their final year may undertake a special project according to their areas of interest.

Prerequisite(s): Permission of the department.

VIRS 301  Units: 6.0
Visiting International Research Studies: Education
Visiting international students participate in undergraduate research in Canada under the supervision of UVic instructors.

Notes:
• May be taken more than once for credit to a maximum of 12.0 units.
• 0.0 fee units

Prerequisite(s):
• Status as a visiting international research student; and
• permission of the department, program, or school.

Grading: INP, COM, N, F.

VIRS 301  Units: 6.0
Visiting International Research Studies: Engineering
Visiting international students participate in undergraduate research in Canada under the supervision of UVic instructors.

Notes:
• May be taken more than once for credit to a maximum of 12.0 units.
• 0.0 fee units

Prerequisite(s):
• Status as a visiting international research student; and
• permission of the department, program, or school.

Grading: INP, COM, N, F.

VIRS 301  Units: 6.0
Visiting International Research Studies: Fine Arts
Visiting international students participate in undergraduate research in Canada under the supervision of UVic instructors.

Notes:
• May be taken more than once for credit to a maximum of 12.0 units.
• 0.0 fee units

Prerequisite(s):
• Status as a visiting international research student; and
• permission of the department, program, or school.

Grading: INP, COM, N, F.

VIRS 301  Units: 6.0
Visiting International Research Studies: Human and Social Development
Visiting international students participate in undergraduate research in Canada under the supervision of UVic instructors.

Notes:
• May be taken more than once for credit to a maximum of 12.0 units.
• 0.0 fee units

Prerequisite(s):
• Status as a visiting international research student; and
• permission of the department, program, or school.

Grading: INP, COM, N, F.
VIRS 305 - WRIT 303

**VIRS 305**  
Units: **6.0**  
Visiting International Research Studies: Humanities  
Visiting international students participate in undergraduate research in Canada under the supervision of UVic instructors.  
Notes:  
- May be taken more than once for credit to a maximum of 12.0 units.  
- 0.0 fee units  
Prerequisite(s):  
- Status as a visiting international research student; and  
- permission of the department, program, or school.  
Grading: INP, COM, N, F.

**WRIT**

**WRIT 100**  
Units: **3.0**  
**Hours: 3-0**  
Introduction to Writing  
A non-historical survey of the basic structures in poetry, playwriting, screenwriting, creative nonfiction and fiction that involves the students in the writing and criticism of compositions in all five genres.  
Note: Credit will be granted for only one of WRIT 100, CW 100.

**WRIT 102**  
Units: **1.5**  
**Hours: 3-0**  
Formerly: 103, 104.  
Introduction to Professional Nonfiction  
Introduces students to the theory and practices of journalism, as well as media history and analysis.  
Note: Credit will be granted for only one of WRIT 102, WRIT 101, WRIT 103, WRIT 104.

**WRIT 109**  
Units: **1.5**  
**Hours: 3-0**  
The Writer's World in Books and Film  
This lecture course, which is open to students in all faculties, explores a selection of authors through an analysis of their writing in various genres and a study of films that show us their working methods and details of their lives. Students will meet guest authors who will read from their publications and discuss the writing process.  
Note: This course is not a prerequisite for entry into any other writing course. Open to all students.

**WRIT 120**  
Units: **1.5**  
**Hours: 3-0**  
Writing for the Arts  
An introduction to the forms and techniques of non-academic composition and writing for a general audience about music, theatre, visual arts, literature, film and other cultural media.

**WRIT 140**  
Units: **1.5**  
**Hours: 3-0**  
Elements of Style in Creative Writing  
Introduction to grammatical analysis and the norms of standard written English, designed to support the writing of poetry, prose and scripts.  
Note: This course does not satisfy the Academic Writing Requirement.

**WRIT 201**  
Units: **3.0**  
**Hours: 0-3**  
Poetry Workshop  
A seminar and workshop in the writing of poetry.  
Notes:  
- Credit will be granted for only one of WRIT 201, CW 201.  
- Class size is limited.  
Prerequisite(s): WRIT 100 with a minimum grade of B or CW 100E with a minimum grade of B.

**WRIT 202**  
Units: **3.0**  
**Hours: 0-3**  
Fiction Workshop  
A seminar and workshop in the writing of fiction.  
Notes:  
- Credit will be granted for only one of WRIT 202, CW 202.  
- Class size is limited.  
Prerequisite(s): WRIT 100 with a minimum grade of B or CW 100E with a minimum grade of B.

**WRIT 203**  
Units: **3.0**  
**Hours: 0-3**  
Playwriting Workshop  
A seminar and workshop in writing for the stage.  
Notes:  
- Class size is limited.  
Prerequisite(s):  
- Either WRIT 100 with a minimum grade of B or CW 100E with a minimum of B; or  
- all of THEA 105, THEA 111, THEA 112, THEA 120 with a minimum GPA of 3.0.

**WRIT 204**  
Units: **3.0**  
**Hours: 0-3**  
Creative Nonfiction Workshop  
A seminar and workshop in the writing of creative nonfiction.  
Note: Class size is limited.  
Prerequisite(s): WRIT 100 with a minimum grade of B or CW 100E with a minimum grade of B.

**WRIT 215**  
Units: **1.5**  
**Hours: 3-0**  
Journalism  
A lecture course in the theory and practice of journalism in Canada with an emphasis on local news beat writing.  
Note: Credit will be granted for only one of WRIT 215, WRIT 205.

**WRIT 218**  
Units: **3.0**  
**Hours: 0-3**  
Screenwriting Workshop  
A seminar and workshop in writing for the screen.  
Note: Class size is limited.  
Prerequisite(s): WRIT 100 with a minimum grade of B or CW 100E with a minimum grade of B.

**WRIT 230**  
Units: **1.5**  
**Hours: 3-0**  
Narrative and Mythic Structure in Film Writing  
A survey course of global cinema examining archetypal and mythic structure in classical narrative film writing.  
Prerequisite(s): Minimum second-year standing.

**WRIT 301**  
Units: **1.5**  
**Hours: 1-2**  
Special Study in Craft  
A workshop/seminar in which students will focus on particular elements of writing applicable to more than one genre.  
Note: May be repeated once in different topics.  
Prerequisite(s): Minimum second-year standing.

**WRIT 303**  
Units: **1.5**  
**Hours: 0-3**  
Poetry Workshop  
A workshop in the writing of poetry.  
Notes:  
- May be repeated once.  
- Class size is limited.  
Prerequisite(s):  
- WRIT 201 with a minimum grade of B; or  
- permission of department.
WRIT 304 - WRIT 322

WRIT 304  Units: 1.5  Hours: 0-3
Fiction Workshop
A workshop in the writing of fiction.
Notes:
- May be repeated once.
- Class size is limited.
Prerequisite(s):
- WRIT 202 with a minimum grade of B-; or
- permission of department.

WRIT 305  Units: 1.5  Hours: 0-3
Playwriting Workshop
A workshop in the writing of drama for the stage.
Notes:
- May be taken more than once for credit to a maximum of 3 units.
- Class size is limited.
Prerequisite(s):
- WRIT 203 with a minimum grade of B-; or
- permission of department.

WRIT 306  Units: 1.5  Hours: 2-0-1
Formerly: 306B.
Digital Publishing
A lecture and laboratory course in the theory and practice of digital publishing.
Note: Credit will be granted for only one of WRIT 306, WRIT 306B, CW 306B.
Prerequisite(s): Minimum second-year standing.

WRIT 307  Units: 1.5  Hours: 3-0
Basic Forms and Techniques in Poetry
A lecture course surveying the functions of specific poetic techniques in a representative group of poems. Aspects of poetics discussed will include prosody, sound patterns, diction and figurative language.
Note: Credit will be granted for only one of WRIT 307, CW 307.
Prerequisite(s): Minimum second-year standing.

WRIT 308  Units: 1.5  Hours: 3-0
Advanced Forms and Techniques in Poetry
A lecture course surveying formal structures in poetry in a representative group of poems. Topics discussed include poetic closure, the sonnet, sestina, villanelle and ghazal, and the influence of early 20th century poetic movements such as imagism on contemporary poetic forms.
Note: Credit will be granted for only one of WRIT 308, CW 308.
Prerequisite(s): Minimum second-year standing.

WRIT 309  Units: 1.5  Hours: 3-0
Basic Forms and Techniques in Short Fiction
A lecture course surveying the structural composition and the function of technique in a representative group of narrative prose works. Aspects of narrative discussed will include: theme, point of view, scenic structure, role of narrator, metaphor, diction, plot and dialogue.
Note: Credit will be granted for only one of WRIT 309, CW 309.
Prerequisite(s): Minimum second-year standing.

WRIT 310  Units: 1.5  Hours: 3-0
Basic Forms and Techniques in the Novel
A lecture course surveying the structural composition and the function of techniques in a representative group of novels and novellas. Emphasis will be placed upon form and voice, as well as upon their relationship with such other elements of narrative as plot, character development, scene development and theme.
Note: Credit will be granted for only one of WRIT 310, CW 310.
Prerequisite(s): Minimum second-year standing.

WRIT 311  Units: 1.5  Hours: 3-0
Structure in Stage Drama
A lecture course surveying the structural characteristics of stage drama.
Note: Credit will be granted for only one of WRIT 311, CW 311.
Prerequisite(s): Minimum second-year standing.

WRIT 312  Units: 1.5  Hours: 3-0
Structure in Cinema and Television Drama
A lecture course surveying the structural characteristics of screen drama, making use of published film and television scripts, and of actual films.
Note: Credit will be granted for only one of WRIT 312, CW 312.
Prerequisite(s): Minimum second-year standing.

WRIT 313  Units: 1.5  Hours: 3-0
Recurrent Themes
A lecture course surveying recurrent themes in film and/or English literature and in other literatures in translation.
Notes:
- Credit will be granted for only one of WRIT 313, CW 313.
- May be taken more than once for credit in different topics to a maximum of 3 units.
Prerequisite(s): Minimum second-year standing.

WRIT 314  Units: 1.5  Hours: 3-0
Changing Perspectives
A lecture course surveying the different ways in which writers have tackled similar subject matter, taking its material from film scripts and/or English literature and other literature in translation.
Notes:
- Credit will be granted for only one of WRIT 314, CW 314.
- May be taken more than once for credit in different topics to a maximum of 3 units.
Prerequisite(s): Minimum second-year standing.

WRIT 315  Units: 1.5  Hours: 2-1
Advanced Journalism
A lecture/seminar course in the techniques of investigative news-gathering and feature writing.
Note: Credit will be granted for only one of WRIT 315, CW 315A, CW 315B.
Prerequisite(s): WRIT 204 or WRIT 215.

WRIT 316  Units: 1.5  Hours: 0-3
Creative Nonfiction Workshop
A workshop in the writing of creative nonfiction.
Notes:
- Credit will be granted for only one of WRIT 316, CW 316A, CW 316B.
- May be taken more than once for credit in different topics to a maximum of 3 units; however, credit may count either toward a Major in Writing or toward a Professional Writing Minor, not both.
- Class size is limited.
Prerequisite(s):
- WRIT 204 with a minimum grade of B-; or
- permission of department.

WRIT 317  Units: 1.5  Hours: 0-3
Screenwriting Workshop
A workshop in writing for the screen.
Notes:
- May be taken more than once for credit in different topics to a maximum of 3 units.
- Class size is limited.
Prerequisite(s):
- WRIT 218 with a minimum grade of B-; or
- permission of department.

WRIT 318  Units: 1.5  Hours: 3-0
Studies in the Graphic Novel
A lecture course surveying graphic novels.
Note: Credit will be granted for only one of WRIT 319 or WRIT 410 if taken in the same topic.
Prerequisite(s): Minimum second-year standing.

WRIT 319  Units: 1.5  Hours: 3-0
Writing and Film Production Workshop
A workshop/seminar, focusing on teamwork in the development of screenplays into short motion pictures.
Note: Class size is limited.
Prerequisite(s): WRIT 218.
Pre- or Corequisite(s): WRIT 326.

WRIT 319  Units: 1.5  Hours: 3-0
Issues in Journalism
An exploration of contemporary topics and techniques in journalism and the media.
Notes:
- Credit will be granted for only one of WRIT 321, WRIT 317 (if taken in Sep 1998 - Dec 1999).
- May be taken more than once for credit in different topics with permission of the department to a maximum of 4.5 units.
Prerequisite(s): Minimum second-year standing.

WRIT 320  Units: 1.5  Hours: 3-0-1
Magazine Publishing
An introduction to the theory, craft and business of writing, editing and designing magazine stories for print and electronic publication.
Note: Credit will be granted for only one of WRIT 322, WRIT 216.
Prerequisite(s): Minimum second-year standing.
WRIT 324 
Units: 1.5 
Hours: 2-1
Writing Interactive Narrative
A workshop/seminar in writing for digital media, hyper-literature, video games, interactive installations and experiences.
Prerequisite(s):
• 3 units from WRIT 201, WRIT 202, WRIT 203, WRIT 204, WRIT 215, WRIT 218, WRIT 322, WRIT 326; or
• permission of the department.

WRIT 325 
Units: 1.5 
Hours: 3-0-1
Writing for Theatrical Production Workshop
A workshop/seminar focusing on bringing a script from the page to the stage and including a staged reading by students.
Note: Class size is limited.
Prerequisite(s):
• WRIT 203; or
• permission of department.

WRIT 326 
Units: 1.5 
Hours: 1-2
Media Production for Writers
A practice-based course for writers and artists that explores digital audio, photography and video production.
Prerequisite(s): Minimum second-year standing.

WRIT 329 
Units: 1.5 
Hours: 3-0
International Film Writing
A lecture course surveying film writing in a representative group of films.
Prerequisite(s): Minimum second-year standing.

WRIT 330 
Units: 1.5 
Hours: 3-0
Media and Culture
A lecture course surveying theories and controversies in mass media and popular culture from a writer's perspective.
Note: May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units.
Prerequisite(s): Minimum second-year standing.

WRIT 331 
Units: 1.5 
Hours: 3-0
A Study of Narrative
A lecture course that studies the elements of narrative in fiction, drama, screenplay, poetry and creative nonfiction.
Note: Credit will be granted for only one of WRIT 331, WRIT 231.
Prerequisite(s): Minimum second-year standing.

WRIT 335 
Units: 1.5 
Hours: 3-0
Forms and Techniques in Short Creative Nonfiction
A lecture course surveying short forms of creative nonfiction.
Prerequisite(s): Minimum second-year standing.

WRIT 336 
Units: 1.5 
Hours: 3-0
Forms and Techniques in Long Creative Nonfiction
A lecture course surveying long forms of creative nonfiction.
Prerequisite(s): Minimum second-year standing.

WRIT 340 
Units: 1.5 
Hours: 3-0
Formerly: 240.
Elements of Style
A lecture course exploring the effective use of stylistic elements in literary writing of all genres.
Note: Credit will be granted for only one of WRIT 340, WRIT 240.
Prerequisite(s): Minimum second-year standing.

WRIT 350 
Units: 1.5 
Hours: 3-0
Formerly: 200.
The Theory and Practice of Literary Creation
A lecture course surveying the nature of the creative process.
Note: Credit will be granted for only one of WRIT 350, WRIT 200.
Prerequisite(s): Minimum second-year standing.

WRIT 353 
Units: 1.5 
Hours: 3-0
Formerly: 230.
Writing a Sense of Place
A lecture course surveying writers who have made the natural world and a sense of place strong elements in one or more works.
Note: Credit will be granted for only one of WRIT 353, WRIT 230.
Prerequisite(s): Minimum second-year standing.

WRIT 390 
Units: 3.0
Directed Studies in Writing
Granted under special circumstances only. Under the supervision of a full-time faculty member and with the approval of the Chair of the department for work which can not be completed as part of a regular course.
Note:
• Credit will be granted for only one of WRIT 390, CW 390.
• Students who have completed 4.5 units of workshop credit, third- or fourth-year standing, an A average in the area of specialization may request permission to register in the course.
Prerequisite(s): Permission of the department.

WRIT 391 
Units: 1.5
Directed Studies in Writing
Granted under special circumstances only. Under the supervision of a full-time faculty member and with the approval of the Chair of the department for work which can not be completed as part of a regular course.
Note:
• Credit will be granted for only one of WRIT 391, CW 391.
• May be taken more than once for credit in different topics to a maximum of 3 units.
• Students who have completed 4.5 units of workshop credit, third- or fourth-year standing, an A average in the area of specialization may request permission to register in the course.
Prerequisite(s): Permission of the department.

WRIT 394 
Units: 1.5 
Hours: 1-2
Special Genres Workshop
A workshop that will focus exclusively on a particular sub-genre, such as the prose poem, docudrama, dystopian fiction, lyric novel, or radio play.
Note: May be taken more than once for credit with permission of the department to a maximum of 3 units.
Prerequisite(s):
• 3 units of WRIT 303, WRIT 304, WRIT 305, WRIT 316, WRIT 318; and
• permission of the department.

WRIT 395 
Units: 1.5 
Hours: 0-3
Advanced Poetry Workshop
A workshop in which the students are instructed in the writing of poetry.
Notes:
• May be taken more than once for credit with permission of the department to a maximum of 3 units.
• Normally class size is limited.
Prerequisite(s):
• 3 units of WRIT 303; or
• permission of department.

WRIT 396 
Units: 1.5 
Hours: 0-3
Advanced Fiction Workshop
A workshop in which the students are instructed in the writing of fiction.
Note: May be taken more than once for credit with permission of the department to a maximum of 3 units.
Prerequisite(s):
• 3 units of WRIT 304; or
• permission of department.

WRIT 397 
Units: 1.5 
Hours: 0-3
Advanced Playwriting Workshop
A workshop in writing for the stage.
Notes:
• May be taken more than once for credit with permission of the department to a maximum of 3 units.
• Normally class size is limited.
Prerequisite(s):
• Either 3 units of WRIT 305, or 1.5 units of WRIT 305 and 1.5 units of WRIT 325; or
• permission of department.

WRIT 398 
Units: 1.5 
Hours: 1-2
Multi-Genre Workshop
A seminar and workshop across multiple and blended genres.
Prerequisite(s): Two of WRIT 303, WRIT 304, WRIT 305, WRIT 316, WRIT 318, WRIT 320, WRIT 325.

WRIT 399 
Units: 1.5 
Hours: 3-0
Writing for Children and Young Adults
This lecture course will familiarize students with writing for children and young adults.
Prerequisite(s): Minimum second-year standing.

WRIT 400 
Units: 1.5 
Hours: 1-2
Special Genres Workshop
A workshop that will focus exclusively on a particular sub-genre, such as the prose poem, docudrama, dystopian fiction, lyric novel, or radio play.
Note: May be taken more than once for credit with permission of the department to a maximum of 3 units.
Prerequisite(s):
• 3 units of WRIT 303, WRIT 304, WRIT 305, WRIT 316, WRIT 318; and
• permission of the department.

WRIT 401 
Units: 1.5 
Hours: 0-3
Advanced Poetry Workshop
A workshop in which the students are instructed in the writing of poetry.
Notes:
• May be taken more than once for credit with permission of the department to a maximum of 3 units.
• Normally class size is limited.
Prerequisite(s):
• 3 units of WRIT 303; or
• permission of department.

WRIT 402 
Units: 1.5 
Hours: 0-3
Advanced Fiction Workshop
A workshop in which the students are instructed in the writing of fiction.
Note: May be taken more than once for credit with permission of the department to a maximum of 3 units.
Prerequisite(s):
• 3 units of WRIT 304; or
• permission of department.

WRIT 403 
Units: 1.5 
Hours: 0-3
Advanced Playwriting Workshop
A workshop in writing for the stage.
Notes:
• May be taken more than once for credit with permission of the department to a maximum of 3 units.
• Normally class size is limited.
Prerequisite(s):
• Either 3 units of WRIT 305, or 1.5 units of WRIT 305 and 1.5 units of WRIT 325; or
• permission of department.

WRIT 404 
Units: 1.5 
Hours: 1-2
Multi-Genre Workshop
A seminar and workshop across multiple and blended genres.
Prerequisite(s): Two of WRIT 303, WRIT 304, WRIT 305, WRIT 316, WRIT 318, WRIT 320, WRIT 325.

WRIT 405 
Units: 1.5 
Hours: 3-0
Writing for Children and Young Adults
This lecture course will familiarize students with writing for children and young adults.
Prerequisite(s): Minimum second-year standing.

WRIT 406 
Units: 1.5 
Hours: 3-0
Writing Interactive Narrative
A lecture/seminar in writing for digital media, hyper-literature, video games, interactive installations and experiences.
Prerequisite(s):
• 3 units from WRIT 201, WRIT 202, WRIT 203, WRIT 204, WRIT 215, WRIT 218, WRIT 322, WRIT 326; or
• permission of the department.

WRIT 407 
Units: 1.5 
Hours: 3-0
Special Genres Lecture
An examination of craft in a particular genre, such as nature writing, travel narrative, the prose poem or children's literature.
Note: May be taken more than once for credit in different topics to a maximum of 3 units.
Prerequisite(s): Minimum second-year standing.

WRIT 408 
Units: 1.5 
Hours: 2-1
Recurrent Themes in Film
A lecture/seminar teaching the craft of writing about film.
Note: May be taken more than once for credit in different cinemas.
Prerequisite(s): Two of WRIT 303, WRIT 304, WRIT 305, WRIT 316, WRIT 318, WRIT 320, WRIT 325.

WRIT 409 
Units: 1.5 
Hours: 3-0
Writing Interactive Narrative
A lecture/seminar in writing for digital media, hyper-literature, video games, interactive installations and experiences.
Prerequisite(s):
• 3 units from WRIT 201, WRIT 202, WRIT 203, WRIT 204, WRIT 215, WRIT 218, WRIT 322, WRIT 326; or
• permission of the department.
WRIT 415 Units: 1.5 Hours: 3-0
Literary Adaptation
A lecture course in the theory and craft of adapting prose narratives for the screen or stage.
Notes:
• Credit will be granted for only one of WRIT 415, WRIT 412 (if taken in Sep-Dec 2015).
• May be taken more than once for credit in different topics with permission of the department to a maximum of 3 units.
Prerequisite(s): Minimum second-year standing.

WRIT 416 Units: 1.5 Hours: 0-3
Advanced Creative Nonfiction Workshop
A workshop in which the students are instructed in the writing of creative nonfiction.
Notes:
• May be taken more than once for credit with permission of the department to a maximum of 3 units.
• Normally class size is limited.
Prerequisite(s): 3 units of WRIT 316.

WRIT 418 Units: 1.5 Hours: 0-3
Advanced Screenwriting Workshop
A workshop in writing for the screen.
Notes:
• May be taken more than once for credit with permission of the department to a maximum of 3 units.
• Normally class size is limited.
Prerequisite(s):
• Either 3 units of WRIT 318, or 1.5 units of WRIT 318 and 1.5 units of WRIT 320; or
• permission of department.

WRIT 420 Units: 1.5 Hours: 0-3
Film Writing and Production Workshop
An advanced workshop in narrative film writing and the techniques of film production. Focuses on script analysis, screen-directing technique and film production.
Prerequisite(s): WRIT 320.

WRIT 440 Units: 1.5 Hours: 3-0
The Writing Business
A lecture course that prepares students for careers as writers.
Prerequisite(s): Minimum second-year standing.

WRIT 490 Units: 3.0
Directed Studies in Writing
Granted under special circumstances only. Under the supervision of a full-time faculty member and with the approval of the Chair of the department for work which can not be completed as part of a regular course.
Notes:
• Credit will be granted for only one of WRIT 490, CW 490.
• Students who have completed 7.5 units of workshop credit, third- or fourth-year standing, an A average in the area of specialization may request permission to register in the course.
Prerequisite(s): Permission of the department.

WRIT 491 Units: 1.5
Directed Studies in Writing
Granted under special circumstances only. Under the supervision of a full-time faculty member and with the approval of the Chair of the department for work which can not be completed as part of a regular course.
Notes:
• Credit will be granted for only one of WRIT 491, CW 491.
• May be taken more than once for credit in different topics to a maximum of 3 units.
• Students who have completed 7.5 units of workshop credit, third- or fourth-year standing, an A average in the area of specialization may request permission to register in the course.
Prerequisite(s): Permission of the department.
The University of Victoria

The University of Victoria acknowledges with respect the history, customs and culture of the Coast Salish and Straits Salish peoples on whose traditional lands the university resides.

Ceremonial Furnishings

The Chancellor's chair and ceremonial furnishings used at Convocation are the generous gift of the late Dr. Michael C. Williams. They constitute five magnificent works of art, created through a collaboration among twelve West Coast artists. Roberta Louis, weaver, and Susan Point, carver, both Coast Salish of the Musqueam Band, with artist Glen Tallio (Nuxalk), created the kneeling stool. Carvers Art Thompson (Nuu-chah-nulth), Calvin Hunt (Kwagiulth), Norman Tait (Nisga’a), John Livingston (adopted Kwagiulth), and Don Yeomans (Haida) collaborated with weavers Ann Smith (Tutchone-Tlingit) and Cheryl Samuel (adopted Tlingit) on the Chancellor’s chair itself. The Chief Speaker’s staff was designed and carved by Kwagiulth artist, Richard Hunt. The kneeling figure mace stand was sculpted by Tom Hunt (Kwagiulth). The raven lectern is also the work of John Livingston. The furnishings were completed in 1994. Their style and imagery draw on the myths and artistic traditions of the Northwest Coast Aboriginal nations, home communities to many University of Victoria students.
University of Victoria Learning Outcomes

Society requires that people with diverse backgrounds come together and work toward resolving complex environmental, ethical, scientific and social problems. In addition to substantive content knowledge in students’ specific fields of study, all students at the University of Victoria are encouraged to take advantage of opportunities they will be given to achieve the following learning outcomes.

**Intellectual, academic and practical skills in:**
- Inquiry, analysis, and problem solving
- Critical, innovative, and creative thinking
- Effective written, visual, and oral communication
- Numerical literacy
- Critical evaluation of qualitative and quantitative information
- Critical management of information, including in digital environments
- Collaboration and the ability to work in teams

**Personal and social responsibility capacities:**
- Informed civic engagement and understanding – from local to global
- Intercultural knowledge and sensitivity
- Ethical and professional reasoning and action
- Life-long learning

**These outcomes are achieved through:**
- Academic and co-curricular programs of the highest quality
- Integration of research and teaching across the curriculum
- Practice and support of relevant skills through progressively more challenging problems, assignments, projects, and standards for performance
- Opportunities for research, experiential, and work-integrated learning
- Active engagement with diverse communities, societal issues and meaningful intellectual challenges

Faculties, units and programs will interpret these outcomes in ways that are discipline-specific, using the university-wide learning outcomes as guide posts for developing program-specific and course-specific learning outcomes. Students in different programs will therefore achieve these outcomes in different ways according to the appropriate standards of their respective fields of study.

**Historical Outline**

The University of Victoria came into being on July 1, 1963, but it had enjoyed a prior tradition as Victoria College of sixty years distinguished teaching at the university level. This sixty years of history may be viewed conveniently in three distinct stages.

Between the years 1903 and 1915, Victoria College was affiliated with McGill University, offering first- and second-year McGill courses in Arts and Science. Administered locally by the Victoria School Board, the College was an adjunct to Victoria High School and shared its facilities. Both institutions were under the direction of a single Principal: E.B. Paul, 1903-1908; and S.J. Willis, 1908-1915. The opening in 1915 of the University of British Columbia, established by Act of Legislature in 1908, obliged the College to suspend operations in higher education in Victoria. In 1920, as a result of local demands, Victoria College began the second stage of its development, reborn in affiliation with the University of British Columbia. Though still administered by the Victoria School Board, the College was now completely separated from Victoria High School, moving in 1921 into the magnificent Dunsmuir mansion known as Craigdarroch. Here, under Principals E.B. Paul and P.H. Elliott, Victoria College built a reputation over the next two decades for thorough and scholarly instruction in first- and second-year Arts and Science.

The final stage, between the years 1945 and 1963, saw the transition from two year college to university, under Principals J.M. Ewing and W.H. Hickman. During this period, the College was governed by the Victoria College Council, representative of the parent University of British Columbia, the Greater Victoria School Board, and the provincial Department of Education. Physical changes were many. In 1946 the College was forced by postwar enrolment to move from Craigdarroch to the Lansdowne campus of the Provincial Normal School. The Normal School, itself an institution with a long and honourable history, joined Victoria College in 1956 as its Faculty of Education. Late in this transitional period (through the co-operation of the Department of National Defence and the Hudson’s Bay Company) the 284 (now 385) acre campus at Gordon Head was acquired. Academic expansion was rapid after 1956, until in 1961 the College, still in affiliation with UBC awarded its first bachelor’s degrees.

In granting autonomy to the University of Victoria, the University Act of 1963 vested administrative authority in a Chancellor elected by the Convocation of the University, a Board of Governors, and a President appointed by the Board; academic authority was given to a Senate which was representative both of the faculties and of the Convocation.

The historical traditions of the University are reflected in the Armes of the University, its academic regalia and its house flag. The BA hood is of solid red, a colour that recalls the early affiliation with McGill. The BSc hood, of gold, and the BEd hood, of blue, show the colours of the University of British Columbia. Blue and gold have been retained as the official colours of the University of Victoria. The motto at the top of the Armes of the University, in Hebrew characters, is “Let there be Light”; the motto at the bottom, in Latin, is “A Multitude of the Wise is the Health of the World.”

**Principal Officers and Governing Bodies**

The following were the university’s principal officers and members of its governing bodies as of November 1, 2017.

**Chancellor**
Shelagh Rogers, QC, BA

**President and Vice- Chancellor**
Jamie Cassels, QC, BA, LLB, LLM

**Vice-President Academic and Provost**
Valerie Kuehne, BScN, MEd, MA, PhD

**Vice-President Research**
David Castle, BA, BSc, MA, PhD

**Vice-President Finance and Operations**
Gayle Gorrill, BBA, CA, CBV

**Vice-President External Relations**
Carmen Charette, BSc, BBA

**University Secretary**
Julia Eastman, BA, MA, PhD

**Board of Governors**

**Ex Officio Members**
Chancellor Shelagh Rogers, QC, BA
President and Vice-Chancellor Jamie Cassels, QC, BA, LLB, LLM
Members Appointed by the Lieutenant Governor in Council
Ida Chong, CPA, FCGA
Daphne Corbett, BA
Cathy McIntyre, BA, MBA, C. Dir
Michael Mitchell, BA, JD, LLM
Beverly Van Ruyven, BA
David Zussman, BA, BSc, PhD

Members Elected by the Faculty Members
Elizabeth Borycki, RN, HBScN, MN, PhD
Peter Driessen, BSc, PhD, PEng

Members Elected by the Student Associations
David Eso
Kate Fairley

Members Elected by and from full-time Employees of the University who are not Faculty Members
Rizwan Bashir, BSc

Secretary
Julia Eastman, BA, MA, PhD, University Secretary

Senate
Ex Officio Members
Chancellor, Shelagh Rogers, OC, BA
President and Vice-Chancellor (Chair), Jamie Cassels, QC, BA, LLB, LLM
Vice-President Academic and Provost, Valerie Kuehne, BScN, MEd, MA, PhD
Vice-President Research, David Castle, BA, BSc, MA, PhD
Dean of Peter B. Gustavson School of Business, Saul Klein, BA, MBA, PhD
Dean of Education, Ralf St. Clair, Dipl, MSc, PhD
Dean of Engineering, Thomas Tiedje, BASc, MSc, PhD, PEng, FRSC
Dean of Continuing Studies, Jo-Anne Clarke, BA, MA, PhD
Dean of Fine Arts, Susan Lewis, BA, BMus, MMus, MFA, PhD
Dean of Graduate Studies, David Capson, BScEng, MEng, PhD, PEng
Dean of Humanities, Christopher Goto-Jones, BA, MA, MPhil, DPhil
Dean of Human and Social Development, Patricia Marck, RN, PhD
Dean of Law, Jeremy Webber, BA, LLB, LLM
Dean of Science, Robert Lipson, BSc, MSc, PhD
Dean of Social Sciences, Catherine Krull, BA, MA, PhD
University Librarian, Jonathan Bengston, BA, MPhil, MA

Members Elected by the Individual Faculties
Business
Rebecca Grant, BS, MBA, PhD
Brock Smith, BCom, MBA, PhD

Education
Sandra Hundza, BSc, PhD
Monica Prendergast, BFA, Bed, MA, PhD

Engineering
Peter Driessen, BSc, PhD, PEng
Henning Struchtrup, Dipl-Ing, Dr-Ing, PEng

Fine Arts
Carolyn Butler-Palmer, BA, Dipl. Art History, MS, MA, PhD
Patricia Kostek, BSc, MM

Graduate Studies
Sara Beare, BA, MA, PhD
Mauricio Garcia-Barrera, BA, MEd, PhD

Human and Social Development
Lynda Gagné, BA, MA
André Kushniruk, BA, BSc, MSc, PhD

Humanities
Jason Colby, BA, MA, PhD
Annalee Lepp, BA, MA, PhD

Law
Gillian Calder, BA, LLB, LLM
Mark Gillen, BComm, MBA, LLB, LLM

Science
Neil Burford, BSc, PhD, FCIC
Diana Varela, BSc, MA, PhD

Social Sciences
Janni Aragon, BA, MA, MA, PhD
Helen Kurki, BSc, MSc, PhD

Members Elected by the Faculty Members
Doug Baer, BES, MA, PhD
Deborah Begoray, BA, MA, PhD
Aaron Devor, BA, MA, PhD
Garry Gray, BA, MA, PhD
Helga Hallgrimsdottir, BA, MA, PhD
Tim Haskett, BA, MA, PhD
Robin Hicks, BSc, PhD
Mark Laidlaw, BSc, MSc, PhD
Joseph Salem, BM, MA, MA, MPhil, PhD
Rebecca Warburton, BA, MSc, PhD
Linda Welling, BA, MA, PhD
Victoria Wyatt, BA, MA, MPhil, PhD

Members Elected by the Student Societies
Dheeraj Alamchandani
Pierre-Paul Angelblazer
Brent Cantarutti, BA, MA
Noor Chasib
Mackenzie Cumberland
Kate Fairley
David Foster
Kate Fry
Carl Haynes
Alyssa Husband
Natalia Karpovskaia
Hannah Koning
Ngozi S. Nwoka, LLM
Diana Popova, MSc
Colin Saint-Vil
Deepi Yadawad

Members Elected by the Convocation
Rizwan Bashir, BSc
Chandra Beaveridge, BEng, PMP
Lauren Charlton, BA, DipED, Registrar
Peter Liddell, MA, PhD

Additional Members
Bruce Wright, BA, MA, MD, Head, Division of Medical Sciences
John Durno, BA, MLIS, Elected by the Professional Librarians
Alicia Ulysses, BA, MA, Continuing Sessional

Secretary of Senate
Julia Eastman, BA, MA, PhD, University Secretary

By Invitation with Speaking Rights
James Dunsdon, BEd, MBA, Associate Vice-President Student Affairs
Nancy Wright, BA, MA, MPhil, PhD, Associate Vice-President Academic Planning
Nicole Greengoe, MA, Registrar
Carrie Andersen, LLB, Associate University Secretary

FOUNDATION FOR THE UNIVERSITY OF VICTORIA

Members of the Board
Lisa Dempsey, CFA
Fiona Hunter, BA, LLB, LLM
Paul Siluch, BSc
Andrew Turner, BComm (Chair)
Duncan Webster, CFA Richard Weech, CA, CFA

Officers
President: Gayle Gorill, BBA, CA, CBV
Treasurer: Murray Griffith, BA, CMA
Secretary: Julia Eastman, BA, MA, PhD
Assistant Secretary: Kathy MacDonald, BBA

UNIVERSITY OF VICTORIA FOUNDATION

Members of the Board
Carolyn Thoms, CA, CFA
Gayle Gorill, BBA, CA, CBV (ex officio)
Lisa Dempsey, CFA (Vice-Chair)
Mary Garden, BA, MBA
Ann Glazier Rothwell, BComm, CFA
Fiona Hunter, BA, LLB, LLM (Chair)
Paul Siluch, BSc
Andrew Turner, BComm
President: Jamie Cassels, QC, BA, LLB, LLM (ex officio)

Faculty and Staff Emeritus and Honorary Degree Recipients

Chancellors Emeritus
Murray Farmer, BA
Ronald Lou-Poy, CM, QC, BCom, LLB, Hon LLD
Norma Mickelson, CM, OBC, BEd, MA, PhD

Presidents Emeritus
David H. Turpin, CM, BSc, PhD, FRSC
David Strong, BSc, MSc, PhD, FRSC
Howard E. Petch, BSc, MSc, PhD, DSc, LL, FRSC

Faculty, Senior Instructors and Librarians Emeritus and Emerita 2016–2017

Vikky Alexander, BFA (NSCAD)
Gregory Andrichuk, BA, MA PhD (Toronto)
Herman Bakvis, BA (Queen’s), MA, PhD (UBC)
Elizabeth Banister, BSN (Alta), MA, PhD (Victoria)
Sarah Blackstone, BA Honors (Wyoming), MA (Kansas State), PhD (Northwestern)
Leslie Brown, BSW (Regina), MPA, PhD (Victoria)
Thomas Fyles, BSc (Victoria), PhD (York), FCIC, PChem
J. Donald Galloway, LLB (Edinburgh), LLM (Harvard)

C. Peter Keller, BA (Dub), MA, PhD (WOnt)
Daniela Lorenzi, BA (Uvic), MA (Uvic)
Janice McCormack, BN (Man), MScN, PhD (Tor)
Wendie McHenry, BA (WOnt), MA (UBC)
Sandra Meigs, BFA (NSCAD), MA (Dal)
D. Michael Miller, BSc (Winn), MSc, PhD (Man), PEng
Santosh Misra, BSc, MSc (Delhi), PhD (McMaster)
Katy Nelson, BSc (Alberta), MLS (UBC)
Martha O’Brien, BA, LLB (Uvic), LLM (Université Libre de Bruxelles)
Aleck Ostry, BSc, MSc (UBC), MA (SFU), PhD (UBC)
Alan Pence, BA, MS (Portland St), PhD (Ore)
Alexandra Pohran-Dawkins, BM (Tor)
University Regalia

Chancellor
Gown: purple corded silk, trimmed with purple velvet and gold braid
Headdress: Tudor style in purple velvet with gold cord trim

President
Gown: royal blue corded silk, trimmed with blue velvet and gold braid
Headdress: Tudor style in blue velvet with gold cord trim

Chancellor Emeritus
Gown: purple corded silk, with gold velvet panels and trimmed with purple velvet strips edged with gold piping
Headdress: Tudor style in purple velvet with gold cord trim

President Emeritus
Gown: royal blue corded silk, with gold velvet panels and trimmed with blue velvet strips edged with red piping
Headdress: Tudor style in blue velvet with gold cord trim

Board of Governors
Chair
Gown: traditional (Canadian) bachelor’s style in black wool blend with front facings and sleeve linings in gold silk
Headdress: Black cloth mortarboard with black silk tassel or Tudor style in black velvet with gold cord

Member
Headdress and gown as above, but with front facings in black

Honorary Doctorate of Laws (Hon LLD)
Gown: Cambridge (Doctor of Music) pattern, scarlet wool broadcloth, trimmed with blue-purple silk taffeta
Headdress: Tudor style in black velvet with red cord trim

Honorary Doctorate
Gown: Cambridge (Doctor of Music) pattern, scarlet wool, front facings and sleeve lining of black silk taffeta
Hood: Aberdeen pattern, outside shell of scarlet wool broadcloth, lined with blue-purple silk taffeta

- HonDLitt: white
- HonDMus: pink
- HonDEd: blue
- HonDSc: gold
- HonDEng: orange
- HonDSN: apricot
- HonDAFA: green

Headdress: Tudor style in black velvet with red cord trim

Bachelor
Gown: traditional (Canadian) bachelor’s style, in black
Hood: Aberdeen pattern (BA, BSc, and BEd, without neckband and finished with two cord rosettes; all others with mitred neckpiece), outside shell of black velvet taffeta in a solid colour, lined with identical material. Faculty colours are as follows:
- BA: scarlet
- BFA: green
- BCom: burgundy
- BMus: pink
- BSc: gold
- BSN: apricot
- BEd: blue
- BSW: citron
- BCYC: turquoise
- BEng: orange
- BSEng: pale yellow
- JD/LLB: blue-purple

Headdress: standard black cloth mortarboard with black silk tassel

Master
Gown: traditional (Canadian) Master’s style in black.
Hood: similar in design and colour to the respective bachelor’s hoods, but with mitred neckpiece and a narrow band of black velvet one inch from edge of hood on the outside only. Others are:
- MAsc: orange
- MPA: russet
- MPH: pumpkin
- MBA: burgundy
- MGB: burgundy with a white band

Headdress: standard black cloth mortarboard with black silk tassel
**Doctor**

Gown: Cambridge style, black silk, front facings and sleeve linings of scarlet silk

Hood: Oxford Doctor’s Burgon shape, shell of scarlet silk, lined with blue silk, border of gold silk

Headdress: black velvet mortarboard with red tassel fastened on left side

**NOTE:** On ceremonial occasions, participants without degrees wear the standard black undergraduate cap and gown as described above for bachelors.
