In-lab assignment T6

You are encouraged to discuss within your group, but each person must write their own submission. This assignment will be attached to your report and is due at the start of the next E class.

Table 6: IR data table for the range $1800 - 1000 \text{ cm}^{-1}$.

Acetylacetone as a thin film (posted on web site)	[Fe(acac) ₃] in Appendix 1	[Al(acac) ₃] in Appendix 2	tentative assignment
	Prepared and recorded by ----- -----	Prepared and recorded by ----- -----	

Typical descriptors are s=strong; m=medium; w=weak; sh=shoulder; br=broad, but you can define them in a legend.
