

UVic Chemistry's *Scientists in the Schools* Activities for the next few months

A summary of past events is also [available](#)

For more information about seeking a chemistry outreach activity for your classroom, click [here](#) to find out what might be possible. Bookings may be made by contacting Dave Berry berryyde@uvic.ca

Our participation in the SIS program is on pause, as we only offer a 'hands-on' activity. The SIS program has moved to the virtual environment so please check with Science World for more information.
